Crop Damage Reported In Parts of Hall County

Rain, hail and high winds throughout most of Hall County the past week slowed the cotton harvest considerably, but business is back to normal today after clear and cool weather is prevalent.

Much damage to crops has been reported in some sections of the county as result of hail Saturday night and Sunday, The Newlin, Antelope Flat, Brice and Mulberry communities were probably hardest hit. J. J. McDaniel reports that he suffered a 100-bale damage from hail and wind on his place west of Mulberry Sunday. G. W. Salmon of the Antelope Flat community, reported that high winds blew a new four-wheel trailer about two miles off his place down Battle Creek. Five Negroes escaped serious injury when wind of cyclone proportions threw a boxcar some 300 feet into the house where they were staying. Other reports from various parts of the county indicate crop and other property damage was fairly heavy.

W. E. "Nick" Nichols, who is with the State Employment Commission here, states that more cotton pullers are drifting into the area — at the rate of from one to three crews a day. He cites as one of the reasons the fact that prices are higher here than they are at many places. He says the present price has risen to \$2 - \$2.25 per hundred in some cases.

Reports of the official number of bales ginned thus far are not available. They will be published in the near future.

CLAUDE'S COMMENTS
By J. C. W.

The Autumn scene shifts. Instead of a front porch sitter all the time, I am spending a part of the time on the back porch or in the house because of wind shifts and temperature fluctuations. Noel street traffic shows no signs of letting up, but cotton hauling and trucks carrying pickers to and from the fields are gradually predominating.

Wife and I enjoyed a fine treat Monday. Strawberries from the South plains land owned by Judge and Mrs. A. S. Moss, picked fresh from the vines, were brought to us. These vines are the continuous-bearing kind, and it was the second time the Mosses furnished the appetizing berries.

Various people have brought us fruit during the past two or three months. The latest fruit brought was same fine luscious (Continued on Page 8)

Hall County livestock won the top prize of the County Herd contest in the jersey class at the recent Amarillo Tri-State Fair. They also won top get-of-sire honors.

PROBLEM SEEN AS DRAWBACK TO THE GROWTH OF MEMPHIS

With other projects promoted by the Memphis Chamber of Commerce completed or in the process of completion, the organization will focus all its attention on the acute housing shortage of the city.

A meeting has been called by W. B. Wilson, chairman of the Housing Committee of the C of C, for Monday night. At that time, building contractors and experts in the housing field will be invited to attend. Also, all businessmen of Memphis are urged by Mr. Wilson to be present for the session at the City Hall.

DR. WIGGINS TO BE ANNIVERSARY ROTARY SPEAKER

Dr. D. M. Wiggins, president of Texas Technological College of Lubbock, will be guest speaker Tuesday night at the Memphis Rotary Club, which will observe its 25th anniversary next week.

The local club was organized in October, 1924. Its first president, Dr. T. L. Lewis of Childers, will probably attend the meeting, which has also been designated as Ladies' Night, according to R. C. Lemons, president.

The club had about 22 members when it was activated, and all charter members have been sent a special invitation to the occasion Tuesday night.

The present officers include Byron Baldwin, vice-president; Bill Coursey, secretary; G. Durwood Howell, vocational service; John Fowler, community service; Clyde Milam, program chairman; and Allen G. Dunbar, chairman of the classification and membership committee. These men constitute the board of directors.

Season's First Frost Recorded

The season's first frost was noticed around the Brice community and in several lower parts of the county this week. Weatherman John McMickin states frost will form here at about 38 degrees. 42 degrees was the lowest temperature reading for the past week, and .97 rainfall was recorded. Wednesday, Oct. 12, 74 and 42. Tuesday, Oct. 11, 70 and 47. Monday, Oct. 10, 75 and 52. Sunday, Oct. 9, 84 and 69, .20 in. rainfall. Saturday, Oct. 8, 77 and 65, .70 in. rainfall. Friday, Oct. 7, 94 and 56. Thursday, Oct. 6, 92 and 56.

COTTON PURCHASE PROGRAM IS STALLED FOR LACK OF SPACE

Insufficient storage space may prevent the local ACA office from offering farmers of Hall County the authorized \$46.50 a ton for cottonseed, says ACA Secretary Lynn McKown.

The Cottonseed Emergency Purchase Program, which was announced last week by the Production and Marketing Administration, authorized ginners to purchase from eligible producers cottonseed at \$46.50 a ton, provided moisture content of the seed was sufficiently low to safely permit storage.

This price is considered comparable to the loan rate of \$49.50 when producers furnish storage themselves — under the CCC farm storage program. Current market price for seed is about \$40 a ton.

McKown points out that the farmer who can store his seed will be considerably better off, since the loan value is higher than the prevailing market price, and since most seed of this area is of sufficient high grade that it will command even higher prices later on. He expects to receive clarification of storage requirements within the next few days.

It is possible that permission will be received whereby seed can be stored on the ground if that ruling materializes, the Em-

ergency Purchase Program will be able to proceed without difficulty, McKown says.

McKown has recently returned from College Station where he was a representative of this district at a meeting to decide on the state program for 1950. Changes proposed at that meeting are being studied by the state committee and final action will be taken in the near future.

There's Tall Okra Grown in Memphis

It seems that Mr. and Mrs. May's okra plants have a lot of competition to the title as "probably the tallest okra this side of the Rio Grande," as was stated in The Democrat last week. In fact, visible proof has been displayed by one woman and another says her plants are considerably taller than 11 feet.

Mrs. Vick Shelton did us the favor of bringing to the newspaper office a stalk that measures 12 feet, and Mrs. Charlie McBee states she has grown a small patch—much of which is as high as 15 feet in height.

At any rate, they grow tall okra in Memphis!

Livestock Ribbons On Display in The Democrat's Window

A display board containing 56 ribbons—evidence of prizes won by Hall County livestock—has been constructed by County Agent W. B. Hooser and his assistant, Charley Hickman, and is located in a window of The Democrat office.

S. C. Harrison to Attend Washington Equipment Meeting

S. C. Harrison will leave tomorrow for a Golden Anniversary Convention of the National Farm Equipment Association to be held at the Mayflower Hotel Oct. 17 - 20 in Washington, D. C. He will be accompanied by Mrs. Harrison.

TOT PICTURES ON DISPLAY

Pictures of entries in the Tiny Tot Contest which started last Thursday and which will end next Thursday, are on display at the United Gas Co. window. Almost 20 contestants have entered the race. Winners will be named King and Queen, Prince and Princess, and Duke and Duchess, and they will be presented next Thursday night in conjunction with a "Tom Thumb Wedding."

TOT PICTURES ON DISPLAY

The contest is being sponsored by the V. F. W. Auxiliary, and admission to the festivities, which will be held in the High School Auditorium, will be 10c and 25c. The public is invited, according to Mrs. Robert Bevers, chairman of the Tiny Tot contest. Votes for the youngsters sell for a penny each.

J. S. Alexander, Long-Time Citizen Here, Dies Monday

One of Hall County's oldest citizens, James Samuel Alexander, died at a local hospital Monday and was buried at Fairview Cemetery yesterday, Oct. 12. He was 72 years old Sept. 18.

Dr. and Mrs. P. L. Vardy Observe Golden Wedding Anniversary Sunday

Dr. and Mrs. P. L. Vardy, who have lived in Hall County for a half century, observed their Golden Wedding anniversary with open house at their home in Estelline Sunday.

Calling at the Vardy home between the hours of 2:00 and 6:00 o'clock Sunday afternoon to honor their pioneer doctor and his wife were many men and women Dr. Vardy brought into the world.

Preceding the open house, members of the missionary society of the First Methodist Church served a wedding dinner for Dr. and Mrs. Vardy and 60 relatives.

Dr. and Mrs. Vardy were instrumental in making possible the First Methodist Church of Estelline. He has been a member of the Methodist Church for 63 years and is the only charter member listed on the rolls today. Both have been outstanding residents of the community.

Dr. Vardy was born January 8, 1871 in Weatherford, Tex. He received his medical degree from St. Louise College in 1897. He first made his calls on horseback, then graduated to a horse and buggy and followed with an automobile.

Mrs. Vardy, the daughter of the late Mr. and Mrs. L. S. Eddings, was born at Jewett in Leon County. She moved with her parents to Chico when she was a child. She graduated from school there and taught in the Chico school until her marriage to Dr. Vardy on October 11, 1899.

Five children were born to Dr. and Mrs. Vardy—Mary, Lee, J. D., Winston and Francis. Winston died when he was 4 years old.

Mary, Mrs. U. C. Gilmore, is a teacher at Turkey; Lee is superintendent of schools at Alton; J. D. lives in Turkey; Francis, Mrs. U. S. Currin, lives in San Bernardino, Calif.

There are four grandchildren,

Mary Elizabeth, Currin, Robert and Richard Lee Vardy and Margilmore.

Home Ec Club Elects Officers

The Home Economic Club of the Memphis High School met September 19 to elect club officers. Those elected were Patricia Alexander, president; Leona Robertson, vice president; Martha Howard, secretary; Irene Francis, treasurer; Betty McWhorter, reporter; Muriel Burton, historian; and Dorothy Deaver, parliamentarian.

The second club meeting was held on Thursday, October 6 at which time the following committees were named:

Social committee: Dorothy Deaver, Barbara Myers, Shirley Ann Hale and Wanda Thomason.

Christmas Card committee: Minnie Lee Jackson, Gereta Graham and Jo Anne Shankle.

Following the business session, the Homemaking I girls entertained the second year girls.

Freshman girls entering the club this year were Donna Webb, Gereta Graham, Beverly Snell, Lois Carpenter, Joyce Akard, Bonnie Benton, Tommie Roach, Betty Burnett, Betty Kennon, Peggy Smith, Jessie Faye Hammonds, Nadine Padgett, Beth Murdock, Cornelia Buffkin, Sylvia Waddell, Earlene Foster, Billie Hartman, Joan Hart, Frankye Srygley, Sue Wesson, Barbara Myers, Jo Ann Shankle, Anita Murphy and Claudine Burns.

Also present were a visitor, Lola Mae Sanders and sponsor, Miss Gloria Gosch.

Tentative plans have been made for a hayride and wiener roast with the FFA boys next Tuesday night.

1932 Culture Club Met Oct. 4 With Mrs. J. A. Ballard

The 1932 Culture Club met Tuesday, Oct. 4, in the home of Mrs. J. A. Ballard. After a short business meeting, an informative program on Mental Hygiene was given. The Dollars that Go Farthest are those You Spend for Farm Machinery

FIGURES FROM U. S. DEPARTMENT OF COMMERCE FOR 1948

This picture of farm prices shows that the dollars you invest in farm machinery today go farther than the dollars you spend for other things

For in spite of steel prices that climbed over 60% and factory wages that increased over 90%, the price of farm machinery was held down to about 44% over the 1939 level.

In the meantime, farm labor costs stepped up over 200% ... and the prices of such things as livestock feed multiplied, too. These are things that you had to buy every month ... even though you found the price tag going higher and higher.

The situation today is that the cost of crop-producing machinery is on a comparatively low level. This is shown by the line in the chart above.

It is easy to see that the prices of other things went to take quite a tumble to make them as good a buy as labor-saving, crop-saving farm machinery that you get at your dealer's floor today.

Don't be misled by a few dramatic cuts in other farm member, farm equipment has been and is today your best for your money. Be able to recognize the importance of equipment to care for and to harvest the crop that you upon for this year's profits.

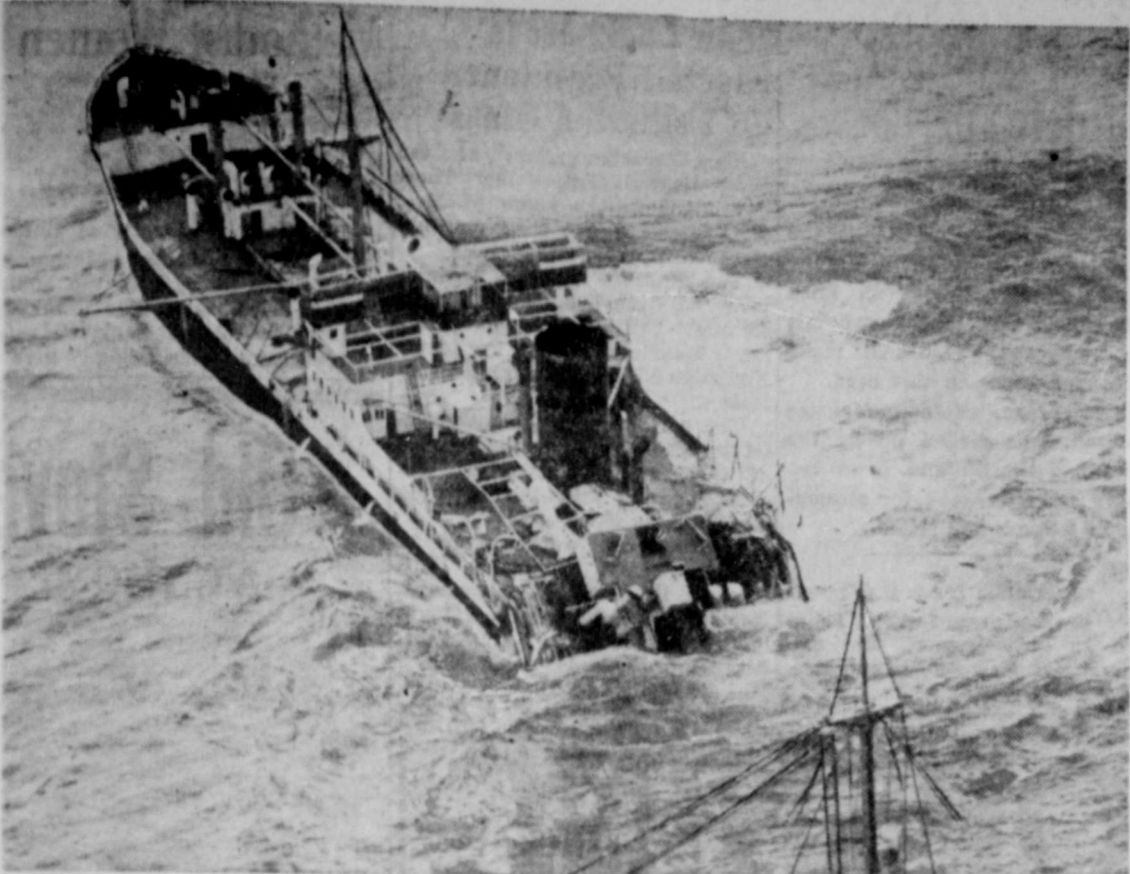

The firms below are sponsoring this advertisement that every farmer may know the difference in the level of prices in Farm Machinery and other farm expenses and income.

BRITISH SHIP AGROUND... The British motorship, "Pacific Enterprise," hard aground, is washed by waves. She is broken into two parts and partly submerged on a rocky beach about one-quarter of a mile off shore near Point Arena, Calif. The unlucky vessel grounded during a heavy fog on a trip from Seattle, Wash., to Los Angeles. Five passengers were removed from the ship by lifeboat from the Point Arena coast guard station. But the 54-man crew remained aboard. Because she grounded at high tide and soon began taking water in three holds, the vessel could not be refloated.

Social Security News

Q. Is a person automatically eligible for old-age insurance under the Social Security act when he becomes 65 years of age? A. No, he must also meet the requirement of having worked the minimum amount of time prescribed in the law, be no longer working in employment covered by the Social Security Act and have filed application. Q. How long must a person have worked to be eligible for these payments? A. The answer to this question depends on the workers age. If he is just now becoming 65 years of age, any time in the last 6 months of this year, he must have been paid a least \$50 in wages at least 25 different calendar quarters since January, 1937. Q. What if I am a worker, just now becoming 65 years of age, and I have only worked in 20 cal-

endar quarters, or 5 years? A. Before you can become entitled to Old-Age Insurance you must work in at least 5 more calendar quarters, earning at least \$50 in wages in each of those quarters. Q. But I know of people receiving these payments who worked not more than 2 years on work covered by Social Security Act. How could that be? A. The older a person is, the shorter qualifying time required. Thus for any person born July 1, 1940, the qualifying time is only 6 calendar quarters. For prompt attention to your own individual questions, write the Amarillo Social Security Administration field office. A furlong is one-eighth of a mile. Concert Association Members May Attend Wellington Shows

Members of the Hall County Concert Association were urged this week by Mrs. T. M. Harrison, president, to take advantage of the opportunity to attend the concerts in Wellington which are under the auspices of the Lucius Pryor Concert Service. Mrs. Harrison pointed out that the tickets for the Memphis concerts also entitles the holder to see the Wellington programs without any additional cost.

The first program scheduled at Wellington will be held at 3 o'clock Sunday afternoon, October 15, at the First Methodist Church.

Howard Pierce Davis, one of America's outstanding lecturers, will speak on three great new lecture subjects—topics of vital interest to all Americans, Mrs. Harrison added.

Major A. S. Harwell Returns After Six Months in Germany

Major and Mrs. A. S. Harwell Jr., and children, Sandra and Stephen, visited here last week with his parents, Mr. and Mrs. A. S. Harwell, Sr., and sister, Mrs. James F. Smith and family.

Major Harwell has just returned from a 6 months stay in Germany where he was inspector general of the 60th Troop Carrier Wing, stationed at Tassberg in the British zone.

This week, Mr. and Mrs. Harwell accompanied their son and family to Rockdale and Houston where they will visit other relatives.

Mrs. Art Chapman of Fort Worth visited here over the week end with her sister, Mrs. H. B. Estes.

Alfalfa Plant Possibilities To Be Studied

It is highly possible that an alfalfa dehydrating and milling plant will be located in Memphis, according to Clifford Farmer, manager of the Chamber of Commerce and Hall County Board of Development.

A letter was received this week by Farmer from an official of a large concern, to the effect that a visitor will be in Hall County soon to look over the possibilities of such an enterprise.

Alfalfa acreage has jumped in this county from about 1000 acres in 1942 to some 10,000-12,000 acres at present. According to Lynn McKown, local ACA secretary, there are approximately 32,640 acres of sub-irrigated land in the county—suitable for growing alfalfa.

Farmer pointed out that such an industry in Memphis would be a great asset to farmers who are being forced to more diversification by acreage allotments.

'Know Indorser' Is Advice of Sheriff Hill

"Know your indorser," is the advice given local merchants by County Sheriff Earl Hill. Each year about this time, he points out, numerous bad checks make their appearance in this area.

One person, Meldon Maurice Franklin, was picked up by the sheriff at Newlin and is in the county jail this week for attempting to forge a \$56 check.

Plans were made for a Girl Scout party in the near future. There were 19 girls present, and two leaders, Mrs. Gerry Putts and Mrs. Peggy Fowler.

Joan Lockhart is Elected President Of Estherian Class

The Estherian Class of the First Baptist Church met Tuesday night in the home of Mrs. J. O. Strother, for their monthly class meeting.

The officers for the coming year were elected. They are as follows: President, Joan Lockhart; Membership Vice President, Nonnalee Ellis; Secretary, Shirley Hale.

The officers were then installed by Mrs. Strother, the teacher of the class. The standard was discussed and following that the meeting was discussed.

Refreshments were served to Roddy Patton, Nonnalee Ellis, Barbara Bradley, Floy Hammons, Bobbie Ferrel, Shirley Hale, Joana Davis, Billie June Sturdevant, Rita Edwards, Jeannie Miller, Mrs. J. O. Strother.

TCU Prof Will Represent US In Belgium Meet

Selected from business educators throughout the nation, Fort Worth's Dr. Ellis M. Sowell, dean of TCU's School of Business, has been chosen to serve as the United States' educational representative at the ninth International Management Council, to be held during the summer of 1951 in Brussels, Belgium.

Dean Sowell was appointed a member of the National Management Council, with the special assignment of representing American education at the Brussels meeting.

The National Council, which operates as a branch of the international Comite International de l'Organization Scientifique, is made up of representatives from industry and education as well as specialists in the community relations and management counseling fields.

Prior to the Brussels meeting at which Dean Sowell will represent American management education, he will attend periodic meetings of the National Council, usually held in the New York City area.

In addition to its periodic congresses, the international group to which Dean Sowell will be a representative facilitates the exchange of management information among the 16 member nations and sponsors joint study programs on management problems. The member nations include Australia, the United States and most of Western Europe. Czechoslovakia is the only member from behind the Iron Curtain.

Girl Scouts Meet, Elect Officers

GOODNIGHT & JOHNSON

District 2A Football

Three teams—Lefors, Wellington and McLean—have won their opening district games, and are currently on top of the standings. But either Wellington or McLean will drop from the unbeaten ranks tomorrow night, after their game. Clarendon is virtually out of the picture, having lost its first two games, and Shamrock is expected to join them after its game with Lefors tomorrow evening.

Memphis' 1-1 record will not be changed as they travel to Cowtown for a tussel with Diamond Hill, and Clarendon postpones district play to meet Canyon.

After last week's games District 2-A teams boast 15 victories and a tie in 24 games with non-district opposition. The Perryton Rangers have been victimized by 2-A team four straight times.

Wellington 21, Clarendon 14

The Wellington Skyrockets opened district play with a 21-14 victory over Clarendon Friday night by virtue of a pass interception and 75-yard run by speedy Lindel Norman, who has been handicapped with a bad knee for the past several weeks.

The play came with a few minutes to play after Odell LaGrone had tied up the game for Clarendon 14-14 with a 53 yard sprint late in the fourth period.

Orville Copeland and Norman had put Wellington ahead 14-0 by halftime, but a touchdown at the outset of the fourth quarter by Rex Bradford and the other by LaGrone put the Broncos back in the ball game.

Bobby McCutcheon continued his amazing aerial artistry, as his passes were prime factors in two of the Wellington scores.

LEFORS 40, DUMAS 6

Halfback Joel Combs continued to burn 'em up, as he scored twice in both the first and third quarters, and added an extra point for 25 points while the Lefors Pirates romped over Dumas 40-6 Friday night.

The other two Pirate scores were made by Ray Dickerson, and the Demon tally came as the gun sounded ending the game. Combs caught a pass and raced

Put Your Flock In a Clean House

Chickens can't do well in a contaminated house. Before housing your flock, clean up and disinfect with Dr. Salisbury's Germex or Par-O-San. Germex is odorless and non-staining. WHEN ARE WE OLD?

★ "When life has been well spent, age is a loss of what we can well spare—muscular strength, organic instincts and gross bulk. "But wisdom, which was old in infancy, is young in fourscore years, and dropping off obstructions, leaves the mind purified and wise."—Emerson

To augment the richness of wisdom is modern medicine, a comforting ally of the aged. For the physician, together with the pharmacist, stands ready to alleviate the infirmities of age in the interest of happier, healthier, and longer lives.

BIKLETES PEDAL WAY OVER EUROPE

WHILE SO MANY grow old in the pursuit of sufficient capital to tour Europe, these young Americans solved the problem very simply. To all who dream of far away places, they say "Join the biklettes."

For the uninitiated a "biklette" is anyone young or old who owns a bicycle, a couple of duffle bags and a limited amount of dollars. That's all it takes, they say, to tour Europe. A "biklette" of course, has to have in addition, the soul of adventure, a love of nature and the stamina to do up

to forty miles up hill and down dale every day.

This is exactly what four American girls from Illinois, Wisconsin and Iowa did this season. And they are typical of scores of young people from every section of the country who have taken to cycling in the capitals of Europe during the holiday season.

The girls were Susan Altman, 26, of Dubuque, Ia., Nancy Puller, 23, of Evanston, Ill., Susan Baker, 26, of Evanston, and Marjorie Schooley, 22, of Rheinlander, Wis.

The biklettes toured Italy and neighboring countries. They started out with seven hundred

dollars apiece and they kept on pedal-pushing around Europe until they had exhausted their capital. To expedite matters, the girls did with a vigorous face and hand scrub until they happened by a convenient stream, which took care of their bath-a-day problem.

As another time-saver, they slept in their "work clothes," the comfortable pedal-pushers and polo shirt which they wore during their cycling jaunts. And when they wandered off the beaten path, courteous natives and policemen were glad to show them the way back to the main thoroughfares.

Dallas Fair Gets Underway Sat. With Huge Crowd

The most spectacular State Fair in Texas history began its 16-day run in Dallas Saturday and, despite cloudy skies and some rain, enjoyed its greatest opening week-end.

Opening day attendance totaled 209,556, including 2,000 press and radio representatives and an overflow of more than 75,000 in the Cotton Bowl for the annual Texas-Oklahoma football game.

On opening Sunday 132,781 people visited the Fair, sending the world's largest exposition merrily on its way to an anticipated all-time attendance record of better than 2,000,000.

Biggest drawing card at the air proved to be the "Man and Atom" show from Oak Ridge, Tenn. Spike Jones and his hilarious "Musical Depreciation Revue"; and the famed Joie Chitwood auto daredevil drivers, with Suicide Simon who blows himself up with dynamite daily, ran the atomic exhibit a close second.

The Midway, featuring Sally Rand and her all-girl revue; and the foreign exhibits from Belgium, Great Britain and the Philippines were the next most popular with thousands of festive fairgoers.

The Fair's second week-end, always its biggest, again promises to outdo anything seen before at the big exposition.

Rural Youth Day will bring together more than 75,000 farm boys and girls. Another Saturday feature will be the SMU-Rice football game in the bowl, a clash between two top Southwest Conference grid powers.

Groups to be honored Saturday include the Oak Ridge Institute of Nuclear Studies, State Employees, and Texas Native Sons and Daughters.

The dairy cattle and junior livestock shows begin Friday. Palomino horses will be judged Saturday and Sunday.

On Sunday, Oct. 16, the air will honor the Texas A & M College System, and the grounds will be crowded with thousands of Aggies. Texas Rural Letter Carriers will make awards to the most outstanding among their fellows; barber shop quartets will hold a singing convention, and volunteer firemen will compete in exciting pump races.

BEAUTY AND THE BEAST—Among the nearly 4,000 purebred animals in the greatest livestock show in State Fair of Texas history are many champion Herefords like this one. The pretty girl is Wanda Shotte of Dallas.

Soil Conservation Tour Being Planned By Burlington Lines

Arrangements are being completed rapidly for a 1949 soil conservation tour, the fourth such tour to be sponsored by Burlington Lines in cooperation with the Second National Bank of Houston, Texas A & M Extension Service, and the U. S. Soil Conservation Service. Meetings are to be held in elected towns in the West Texas territory served by Fort Worth and Denver City and The Wichita Valley Railways, November 14th to 18th, inclusive.

The first meeting of the soil conservation group will be in Shamrock on November 14th, to be followed by meetings in Childress on November 15th; Quanah, November 16th; Henrietta, November 17th; and Spur during the afternoon and Stamford during the evening of November 18th.

Large gatherings in which local bankers and business men, Soil Conservation Service representatives, county agricultural agents, Chamber of Commerce representatives, and others interested in conservation all will have a part are being planned at each of these towns where the special tour party will stop.

The tour group is to be comprised of executive, traffic, and operating officers of Burlington Lines, top men from the Bank's agricultural and public relations

departments, and district and area supervisors of the U. S. Soil Conservation Service and Texas A & M Extension Service, with a battery of news writers to tell the story of conservation work being done throughout the areas visited.

As the arrangements are completed and local programs are being worked out, the time and place of the meeting at each town will be announced, so that all interested may take advantage of the discussions and demonstrations on conservation and range management.

 peaches from the orchard of Mr. and Mrs. A. M. Wyatt in North Memphis. Many others have remembered us, and to all we say THANKS. It would be a dreary world indeed if it were not for kind and thoughtful friends.

The Amarillo News Tuesday ran pictures and a news story concerning the donation of a new \$2100 Allis-Chalmers tractor to Boys Ranch by Monzingo-Kinard Implement Co. of 2409 East Third, Amarillo. This new tractor takes the place of "Old Faithful" which was given to the ranch nine years ago by another Allis-Chalmers dealer, Tom Wingate. F. E. Monzingo and Dwight Kinard, Memphis men, compose the firm doing business in Amarillo, with Kinard managing the business.

Dr. J. A. Hill of Canyon, who writes a column for The Amarillo Times, pulled a new one on his readers, and I don't know why I didn't think of it first. He said, "I am sitting around here under the firm name of Joe Hill, Inc. (Incapacitated)." That's what I am—just and INC. Dr. Hill praised the work being done by John McCarty, Clyde Warrick and others in promoting Palo Duro Park. He wound up by saying, "In the meantime, we ought to be at work on a plan to get a paved highway to the park from Memphis or some other point to the east; also an improved road from Claude to Wayside, and possibly from Clarendon to Silverton. With watering places and picnic units well distributed along these thoroughfares tourists would come in flocks and our home folks would have recreational facilities of major value right on our doorstep."

A Memphis man recently began to feel dizzy and ill. He went to see a doctor, then went home and his wife was feeling the same way. They found they had exchanged spectacles. . . This same man went to Amarillo. When he was ready to come home he didn't find his car where he thought he had parked it. He reported to the police and they found the car right where he had parked it. When he got home his wife said, "Did you find the car?" She had heard about it over the radio.

What has become of the railroad train whistles that could be heard for miles, and the engineers who could pull the whistle cord and make musical sounds, and in the dead of night make the inhabitants shudder with loneliness? Now, all one hears in the way of a train whistle is a cross between an auto honk and sheep bleat.

Jack Frost was not so far away Wednesday morning. A few more cool snaps and frost is sure to pay us a visit. After all, fall of the year is my choice of seasons in the Panhandle. Don't know what season I would prefer if I lived in some other section of the U. S.

Veteran Enrollment Falls at University

Veterans make up less than half the total University of Texas enrollment this fall, Registrar H. Y. McCown reports.

The net total University registration at the close of the registration period was 15,371, a decrease of 1,463 since last September and nearly 2,000 less than the peak enrollment of 17,343 in September, 1947.

Since V-J Day, 16,144 World War II participants have registered. The peak came in the 1946-47 fall semester when 10,835 ex-GI's, two-thirds of the student body, were in school. This fall veterans number 6,701 or 43.6 per cent.

Of the 15,371 students registered this fall, 11,528 are men and 3,843 are women. Readmissions—students who have been in the University before—total 11,631; transfer from other schools number 2,331; and freshmen from secondary schools, 1,409.

The enrollment drop is attributed to the fact that most veterans go to school the year round and finish faster than the usual four years, and to the junior college movement's rapid growth which has taken in some first- and second-year students.

Effect of the Gilmer-Aikin Act can be seen in College of Education and Graduate School enrollment increases in contrast to the decreased trend in other

Memphis Defeats Irish 13-0 Friday Night at Shamrock

CROOKS, GARDENHIRE SCORE IN CYCLONE'S FIRST TRIUMPH OVER SHAMROCK IN OVER 15 YEARS

Even if the 1949 Cyclone football team doesn't win the district championship, it will go down in history as the "jinx-breakingest" team to wear the Gold and Black in many years. Friday night it defeated the Shamrock Irishmen 13-0 to end one of the longest victory droughts Memphis teams have been subjected to.

It was back in the early '30's when the last "score" victory was administered to an Irish eleven, by Memphis. However, the 1944 team won with 20-yard penetrations, and it had been about the same length of time since the last Cyclone victory over the Quannah Indians, until Coach York's team turned the trick 7-6 on opening night.

Touchdowns in the second and fourth quarters — both into a 20-mile headwind — provided the victory margin. Another score the first minute of the second quarter was called back. Then the Irish moved the ball out of danger zone — almost. After getting it to the 33, they fumbled and Memphis recovered. Five plays were all that were needed before Andy Gardenhire plunged across left tackle for three yards and the score. He added the extra point through the same position for what proved to be the winning drive.

Key maneuvers in the short move were Bobby Crooks' 11-yard

run on a reverse and a 15-yard aerial from Roddy Stargel to R. A. Wells that put the ball in scoring position on the three.

The Cyclone had the wind in the third period, and it was moving in the direction of another touchdown when Oliver McLeMore intercepted Stargel's pass on the 18. The Greenies moved down to Memphis' 34, in the fourth, before Crooks returned the compliment by intercepting a Shamrock pass on his 25 and returning it to the opposition's 48. It was at this point the final scoring drives was begun.

Crooks made three at right tackle, and Tommy Messer circled right end 25 yards to the 20, but an off-side penalty erased the move, and put the Cyclone back to mid-field. Gardenhire made three and Stargel completed a pass to Wells for a new life on the 33. Messer went around right end again for 16 yards to the 17, Crooks picked up four yards on two tries through the line, then took a high pitch-out from Stargel and circled Shamrock's right flank for the score. The kick from placement was no good.

The best play of the game was a triple reverse in the third quarter. Stargel handed to Gardenhire who gave it to Crooks, who handed to Messer. The latter made (Continued on Page 8)

Rifle Club Elects Officers Sunday

The Memphis Rifle and Pistol Club elected officers Sunday at a meeting of the members at the Rifle Range. Those elected were: president, Ed Hutcherson; vice-president, J. J. Brice; secretary, Alvin Massey; treasurer, Herschel Combs—re-elected; chief instructor, Ira McQueen; executive officer, Mack Wilson.

The executive committee will meet within the next few days to make plans for the coming year. Several of the members fired the Army .30 calibre course Sunday afternoon, however, high winds hampered their action.

For the past few days, activity of members has been devoted to sighting-in rifles for the approaching deer season, reports several of the members.

Lakeview Speech Class Organized

The Lakeview Speech Class has been organized, and the following persons were elected to fill the offices for the year: president, Joyce Durrett; vice president, Glenn Saunders; secretary-treasurer, Ineatha Marler; and sponsor, Henry Cunningham.

Last year our speech class won district with their one-act play. This year we hope to do even better.

Junior High, "B" Teams Split Two Games With Shamrock

WHIRLWIND IS 43-0 VICTOR

The Memphis Junior High School Whirlwinds kept their goal line uncrossed for the third straight time last Thursday night, and they continued to run wild as they trampled Shamrock Junior High 43-0.

GEORGE F. CHILDRESS — Has directed the Junior High School Whirlwinds to three straight landslide victories of 40-0, 41-0, and 43-0, over Turkey, Lefors and Shamrock respectively. Next game for his club will be against Wellington there, Oct. 20.

"B" TEAM LOSES 13-0 NIGHTCAP

The Memphis High School "B" team opened its season's play Thursday night in the second game of a double-header by losing to the Shamrock "B" team 13-0.

The "B" team, coached by Fred Wright, threatened to score several times, but were never able to accomplish the feat. Richard Keathley broke through tackle and went 30 yards for a first period score, and the other touchdown came in the fourth period when Jimmy Pennington circled end for seven yards. Don Carlton plunged across for the point after touchdown following the second marker.

Some 500 fans were at Cyclone Stadium for the twin bill—the first of its kind ever to be presented at the local field. Shamrock had played three previous games, and the experience of the visitors was one of the deciding factors of the game. The Memphis Bees did show a lot of hustle. Line play by Mackie Allen and Allen Pierce, and backs David Corley and Duane Miller turned in fine performances.

The team doesn't play this week, however several of the team members will attend the Memphis-Diamond Hill football game in Fort Worth tomorrow night.

Dr. Alvin Baldwin Jr., of Dallas visited here Wednesday night of last week with his parents, Mr. and Mrs. A. Baldwin. Dr. Baldwin was en route home after attending a medical meeting in Lubbock.

Cotton Farmers Available to Four Services

There is available to Texas cotton farmers four services from the U. S. Department of Agriculture that should help them sell their crop for the highest prices, says John L. McCollum, manager of the Production and Marketing Administration's office in Dallas.

Issued every week end is a cotton market review that shows the demand, mill activity, movement, parity price and price of Middlins 16-16 inch in the principal southwest markets.

During the ginning season two other services also go out weekly, farmers cotton price quotations and a cottonseed review. The quotation sheet shows what the various grades and staple lengths are bringing at key Texas markets and helps a farmer figure what

his cotton is worth, either for the open market or for the government loan. The cottonseed review shows high, average and low grades of seed by principal producing counties and the price farmers are being paid per ton.

Mailed every two weeks during the ginning season is a quality report which shows the percentages of cotton in each grade and staple lengths ginned in the various cotton districts of the state. It also shows whether cotton was reduced in grade because of rough preparation.

McCollum says they are yours for the asking and buyers, shippers, ginners and others who handle cotton are also eligible to receive them.

OUR PARTING SHOT, SUH! . . . The Civil War is officially ended. The last of the three 195-pound projectiles uncovered still alive by mine detector crews is detonated at Fort Sumter at Charleston, S. C. The Confederate shells were fired into the fort in Charleston bay 88 years ago to set off the war between the states. The blasts, which sent up a tower of sand and smoke on the sandy beach outside the fort, were billed as "the last shots of the Civil War." The photograph was taken from atop one of the parapets of the old fort. The members of the detonating crew and the spectators are in the foreground.

Sentinels of Health
Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feet tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use **Doan's Pills**. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

ling the ball on practically all of the plays, he is developing into a very effective passer. Credit him with a job well done.

Most of the team went to Childress two weeks ago and saw two college teams—Hardin and Austin—in action. Could be that they picked up a few pointers, so Coach York plans to treat the boys to more of the same Saturday. They will remain in Fort Worth after the Diamond Hill game to watch the Horned Frogs of T. C. U. and the Aggies of Texas A. & M. in a Southwest Conference match.

In writing the "Memories" column from an issue of The Demo-

crat in 1924, I came across the score of the Memphis-Wellington Sandstorm game of that year. It seems there wasn't much opposition offered by the Wellington boys, as Memphis walked off with a 96-0 victory.

Herb Sisk and Ollie Lee are the only two men who started the game who are still in Memphis. The game must not have caused undue excitement, as Mr. Sisk failed to recall the incident when we called him about it this week. Don't know what other junior high school teams in the district have, but it'll take a good outfit to beat the aggregation Coach George Childress has out at the local junior high school. Their goal-line hasn't even been endangered, and they have fairly breezed over three opponents. When those kids get into high school, no telling how far they'll go in state play-offs.

Diamond Hill, so I'll pick the Fort Worthians to come through with a 14-7 victory (and I hope I'm wrong).

Clarendon may find Canyon a bit rough to handle, so I pick the Eagles to come through 20-14.

In other games, I believe T. C. U. will slip by Texas A. & M., Rice to upset defending S. M. U., Texas to defeat the Hogs from Arkansas and Baylor to romp over Texas Tech.

Last week we were pretty lucky with our guesses. It isn't often that anyone writing these columns gets to pat himself on the back for picking winners, so when one does have a fair week, he has to go all out. Out of nine games, we picked eight winners. We picked Wellington to defeat Clarendon by a touchdown, which they did; and other games were fairly close to predictions, but not exactly on the money.

It'll be a little harder this week. Probably the closest game of the week will be between Wellington and McLean. I'll stick with the Skyrocks because of their exceptional passing attack. It should be about the same as last week's—20-14.

Lefors shouldn't have too much trouble with Shamrock, but it won't be a walkaway. Lefors 20, Shamrock 7.

The Cyclones are up against some mighty tough opposition. I don't think they will be ready for

Come Look at All Three with Dynaflo Drive

ONLY one make of car in all the land can give you the sweet 'n' easy luxury of Dynaflo Drive†—and that's Buick.

But look how much territory that takes in—how many different-sized budgets can now afford the only drive with neither a clutch pedal nor gears that shift.

You can have Dynaflo as optional equipment on the tidy, sparkling new Buick SPECIAL, with its traffic-handly size, stepped-up roominess, and bold new front-end treatment.

You can have it, again as optional equipment, on the neat and nimble SUPER, with its sleek lines, 110 of 120 horsepower Fireball power plant, and triple Ventiports.

And of course Dynaflo is standard equipment on that best buy among fine cars, the magnificent ROADMASTER. There it combines, with matchless ride, the stirring lift of 150 Fireball horsepower and truly regal size and bearing.

So look at the SPECIAL, the SUPER and ROADMASTER, three Buicks that match almost any price range you have in mind—and remember that all of them offer the added enjoyment of Dynaflo Drive.

†Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

On every one it is the same silky, sweet-handling delight. On every one it cuts driving effort to the minimum, takes tension out of traffic, brings you to the end of day-long drives with surprising freshness and relaxation.

Sooner or later we predict that you'll join the army of car owners who wouldn't think of passing up what Dynaflo has to offer.

Why be among the late-comers? Your Buick dealer will be tickled to show you how quickly and how easily you can have Dynaflo to enjoy—right now!

Miss Margaret Rice Becomes Bride Of Jimmy Walker In Eldorado Service

In a candlelight ceremony solemnized recently in Eldorado, Okla., Miss Margaret Rice became the bride of Jimmy Walker of Sweetwater. The bride is the daughter of Mr. and Mrs. W. C. Rice, former Memphis residents, and is a niece of E. G. and E. E. Rice of this city, while her groom is the son of Mr. and Mrs. E. L. Walker of Sweetwater.

The double ring ceremony was read by Rev. T. B. Hart before an altar flanked by baskets of white gladioli and ferns and lighted tapers in seven branched candelabra.

Proceeding the ceremony, Miss Freda Brewer played a program of traditional wedding music and also accompanied Miss Yvonne Jones who sang "Ah Sweet Mystery of Life" and "Because."

Given in marriage by her father, the bride wore an ankle length dress of white embroidered organdy. She carried a bouquet of red roses tied with white ribbon atop a white Bible. She observed the traditional bridal custom of wearing "something old, something new, something borrowed, and something blue."

The maid of honor, Miss Kathryn Smith, chose a gown of green net featuring a low cut neckline and a full skirt. She carried a bouquet of bronze mums.

The bridesmaids were Mrs. Gene Hudson of Yukon, sister of the bride, and Mrs. Wilbur Cole, sister of the groom.

Troy C. Walker, brother of the groom, served as best man.

Flower girls were Gloria Jean and Jolene Rice, sisters of the bride. They carried baskets of flowers and were attired in ankle-length organdy dresses of pink and yellow.

Billy Floyd Rice, brother of the bride, and Wilbur Cole, brother-in-law of the groom, were ushers.

Following the ceremony a reception was held in the home of Mr. and Mrs. T. A. Robinson. Over 100 guests registered.

After a brief honeymoon trip, Mr. and Mrs. Walker will return to Sweetwater where they will make their home at 20 E. Ave. B.

Mrs. Roy Guthrie Is Guest Speaker At B&PW Club

"The Hungry Dollar" was the subject discussed by Mrs. Roy Guthrie before members of the Business and Professional Women's Club meeting Thursday, October 6.

Mrs. Guthrie emphasized that, because of the small amount of commodity that the hungry dollar will buy, budgeting of the dollar is most important. The use of the dollar must be balanced in order that all phases of a well rounded life may be included, that all members of the family share equally. Because of the effect of the dollar on personal attitudes and development, Mrs. Guthrie stressed having an ideal for the dollar and the courage to do with that dollar one's best by thinking ahead.

Miss Roselyn Williams, president, conducted the business meeting. She announced the district meeting of the Business and Professional Women's clubs would be held in Vernon, October 15. Miss Una Loard, local member, will have a part on the program of the district meeting.

Since National Business Women's week with its theme of "Boost Your Town—It Boosts You" coincides with National Fire Prevention week, the club voted to offer prizes to students of the three local schools for the best posters and themes on fire prevention.

Members present were Marjorie Kesterson, Betty McBee, Joyce Hoff, Mary Frances Whaley, Ella Mae Kercheville, Zady Belle Walker, Opal Duke, Una Loard, Virginia Estes, Mary Frances Marcum, Mary Smith, Mabel Lavenander, Mary Foreman, Lucille Burnett, Hester Rownds, Mildred Spicer, Aulis Ayers, Dorothy Vandeventer, Inez Mason, Ethel Hillhouse, Mollie Carols, Mazine Phillips, Connie Saye, Lauri Mai Hightower, Myrtle Gibson, Fan Kirk and Roselyn Williams.

Franeuil Hall in Boston was erected with lottery money.

Mrs. Roberts Is Hostess to Members Of Atalantean Club

Mrs. Bob Roberts was hostess to members of the Atalantean Club at her home Wednesday afternoon, October 5. Mrs. H. J. Howell, president, was in charge of the business meeting.

Mrs. T. M. Isham introduced the afternoon's study, "Historical Leaders of the Mongolian and Malay Races." A symposium on "Men Who Have Influenced Thinking" was given by Mrs. Neeley, Mrs. Spicer and Mrs. Kinslow.

Members answered roll call with customs of the Mongolian and Malay Races.

During the social hour delicious refreshments were served to Mrs. W. C. Dickey, Mrs. H. B. Estes, Mrs. Henry Foster, Mrs. John Fowler, Mrs. H. J. Howell, Mrs. T. M. Isham, Mrs. Claud Johnson, Miss Imogene King, Mrs. C. W. Kinslow, Mrs. Ed Monzingo, Mrs. J. H. Morris, Mrs. J. A. Odom, Mrs. S. B. Out-of-Town Guests Honoree At Party In Hampton Home

Mrs. T. J. Hampton entertained Friday afternoon of last week honoring two out-of-town guests, Mrs. Roy Bridges and Mrs. J. R. Shirley who were visiting here from Paris.

The home was attractively decorated for the occasion with arrangements of fall flowers. Following games of forty-two, guests enjoyed a dessert plate consisting of ice cream topped with strawberries and angel food cake.

Enjoying this affair were Mesdames Floyd McElreath, Earl Pritchett, Frank Wright, Robert Cummings, G. M. Duren, Bess Crump, Brice Webster, Anna Dickson, Albert Gerlach, W. I. Glosson, Stella Garrett, Pearl Massey, Miss Mary Frank Garrett, the honor guests, Mrs. Bridges and Mrs. Shirley and the hostess, Mrs. Hampton.

SMART COLLEGIENNE

Corduroy is the cool's choice this fall for both sportswear and late frocks, the National Cotton Council reports. Here, a smart collegienne wears one of the glamorous new corduroys. Her flattering princess-style dress was designed by Minx Modes of St. Louis.

Mr. and Mrs. Eugene McElreath and daughter Jayne of Monte, Colo., are visiting in Memphis with Mrs. McElreath's parents, Mr. and Mrs. Henry McCanne. Mrs. McCanne, who had been visiting with them in Colorado for the past two months, accompanied them to Memphis. Mrs. McElreath and daughter will visit here for a month while Mr. McElreath is deer hunting.

Homemakers Class Meets in Home of Mrs. H. Stewart

The Homemakers Class of the First Baptist Church met Thursday evening, October 6, at 7:30 o'clock in the home of Mrs. Herschel Stewart with Mrs. L. J. Pruitt as co-hostess.

The devotional was given by Mrs. Evelyn Reese. Mrs. H. L. Gillispie, president, conducted the business meeting at which time yearly reports were given by the officers.

The social hour was under the direction of Mrs. W. Middleton.

Delicious refreshments were served to the following members: Mesdames Ruth Middleton, Marilee Miller, Jo Calloway, Lucille Gable, Pauline Henderson, Byron Baldwin, Lois Dell Goffinet, Lucille Godfrey, Evelyn Reese, Gladys Wyatt, Pauline Gillespie, Sarah Kilgore, Florence Fitzjarrald, Estell Stewart, Floe Corley, Geraldine Hill, Margie Pruitt, Evelyn Stilwell, and one visitor, Mrs. Gibson.

Needle Craft Club Meets in Home of Mrs. T. D. Weatherby

Mrs. T. D. Weatherby entertained members of the Needle Craft Club on Friday afternoon, October 7, at her home on North Eleventh.

Following a short business session conducted by the president, the hostess served a tasty dessert plate.

The next meeting is scheduled for October 18 in the home of Mrs. Hettie Newman with Mrs. Morgan Baker serving as hostess. Members are urged to be present.

Miss Virginia Estes, employee of the West Texas Utilities Company, visited in Shamrock over the week end with Mrs. H. P. Munday.

Wednesday Night Dinner Club Observes Seventh Anniversary

Observing the club's seventh anniversary, members of the Wednesday Night Dinner Club met in the home of Mr. and Mrs. T. D. Weatherby on North Eleventh Wednesday evening, October 5, for a dove supper.

For the delicious meal, guests were seated at foursome tables. The menu consisted of dove, cucumber congealed salad, cheese and spaghetti, sweet potatoes and marshmallows, green beans and cake topped with strawberries and whipped cream.

Following the dinner, the group enjoyed games of forty-two.

Present were Mr. and Mrs. Arthur Gidden, Mr. and Mrs. Herbert Sisk, Mr. and Mrs. J. J. McDaniel, Mr. and Mrs. Charlie Williams, Mrs. Anna Dickson, Mr. and Mrs. J. M. Ferrel and Mr. and Mrs. T. D. Weatherby.

MEMPHIS TAKES THIRD STRAIGHT GAME OF SEASON

The Memphis Cyclone won their third straight game of the season, when they easily defeated the Wellington Sandstorms by an overwhelming score of 96-0, on the local grid Friday afternoon. At no time during the entire game

was the Cyclone goal in danger, and only one first down was made by the Wellington outfit. Memphis failed on only one attempt to make a first down. The lineup for that game was John Hammond and Jimmy Stanford at the ends, Roy Dunn and Siegel Walker at tackles, Leon Fisher and Herb Sisk at guards, Ollie Lee at center, and Robert Henderson, J. B. Bryan, Bonnie Cohen and Herbert Dennis in the backfield.

NEWLIN GIN RAZED BY FIRE

The Newlin Gin, owned and operated by the Farmer's Gin Company, was destroyed by fire early Wednesday morning. The fire was first noticed about 6:30 a. m. when the morning shift of workers was going on the job. It is not known how the fire started, but appearances indicated that it was started in the boiler room. Although no breeze was blowing, the flames made fast headway. The amount of damage was estimated to be approximately \$30,000. Owners stated that very little insurance was kept on the gin. He stated that a sprinkler system was to be installed within the next few days.

Prevent Fire Every Week

Fire — certainly one of America's greatest enemies—is being brought to the attention of the people in the annual Fire Prevention Week, Oct. 9-15.

Memphis has been unusually fortunate in this respect. And it has a very efficient Fire Department which is ever on the alert in case a fire starts. But there are many things citizens of the town can do to aid in the fight against fire.

Most all of us have stacks of old newspapers and magazines which constitute a hazard. Old furniture and clothing are also susceptible to stray sparks. And even if a fire doesn't start there, it is particularly hard to bring under control if those piles of fast burning paper, cloth and wood are there to supply fuel.

Defective wiring is another common cause for fire. Conducts should be checked regularly, and caution should be taken not to overload electrical outlets.

Still another — and probably the most usual of them all — is the carelessly dropped cigaret. That one thing alone has cost the country billions of dollars in damage every year.

Now that cold weather is approaching, it is exceedingly important that those who use coal or wood stoves to check all chimneys and grates and to clean everything out before the first fire is needed. Persons who use gas should make doubly sure all connections are secure before lighting a match.

During the first months of 1949, our fire waste totaled nearly \$450,000,000 in the United States. Our fire record is the worst in the world, and it cannot adequately be measured in mere financial terms. It can be seen in the death and the maiming and disfigurement of thousands upon thousands of human beings annually, many of them children — in the destruction of great forests and other valuable natural resources — in lost jobs, in piles of ashes that once were homes, in ruined factories.

Texas has seen direct results of what fire and its aftermath can do. The Texas City disaster and the New London school explosion might have been prevented if more caution would have been taken.

A little thought, a little effort, could eliminate most of our hazards. If, as individuals, we make every week a fire prevention week, we will win the war against this great destroyer.

Press Paragraphs— QUOTING OUR NEIGHBORS

Outspoken Minds Provoke Thought

John G. Crommelin, naval air captain, defiantly setting his opinions against the established policy of the government represented by the Department of Defense, may be right in his views, but is decidedly wrong in his methods. Actually he is guilty of two serious fractures of naval discipline, one far more grave than the other. As to his publication of documents without authority, there can hardly be two ways of thinking. The fact that the paper might bolster his argument is beside the point. Neither public nor private business can afford to subordinate judgment whether confidential material shall be made public in any cause. The captain will not have a leg to stand on if a court-martial finds that he should be punished for his act.

The other Crommelin offense is one against regulation, and serious in the view of the service traditions and policies, but the public is quite likely to have a different thought about it. He has spoken his mind against fixed policy. The service is strict about that. But is it right?

We train men for careers in technical services. The theory is that their advice is sought, considered, rejected or adopted, and that no one in army or navy who objects to the final decision should speak up his mind about it. That, of course, was Billy Mitchell's fault, only ultimately Mitchell proved right and those who rejected his advice wrong, to our heavy cost in life and material. Nothing such men write for publication can go out with authorization. They may not even give advice to Congress without specific request for their opinions.

Is this the right course? Probably not. It saves bickering. It saves outside criticism, probably it averts delay, certainly it enables our technical services to present an unbroken front to the public. But there is still serious question if it is the right policy.

The case is not on all fours with the President's Cabinet. Here resignation unquestionably should precede public criticism of the chief's policy. But career men can not be expected to resign because they differ with the boss. And the fact remains that their difference of opinion may be of value to the nation.

Crommelin may be wrong but Billy Mitchell was right. —The Dallas Morning News.

CREOMULSION for Coughs, Chest Colds, Bronchitis

The toll which automobile traffic takes, hour by hour, is appalling to all safety-conscious people, but, says the National Safety Council, it is far less than the same number of horse-drawn vehicles would take. We think of the horse-and-buggy days as safe days. But the number of accidents, in relation to miles traveled, was far higher than with the automobile. The total number of accidents was small, but this was because there were not nearly so many vehicles and they didn't travel nearly so far.

Probably no American city ever had a fifth as many horse-drawn vehicles, in relation to population, as it now has automobiles. The horses did not travel many miles

in a day. Twenty to 30 miles a day, probably, was a maximum. Today, with a much larger number of vehicles, traveling many times the number of miles per vehicle, the ratio of safety is much higher than one would think. The National Safety Council says that in 1909, when horse-drawn traffic reached its maximum, there were 30 fatalities per million miles traveled. Today, with the horse virtually out of the traffic picture, there are seven fatalities per million miles.

We are traveling more and traveling faster and there are far too many accidents. One is entitled to whatever comfort he can find in the fact that if there were the same volume of horse traffic, the fatal accidents would be four times as numerous. It's a safer world than most of us realize.

One hundred years ago this August the U. S. Patent Office issued a patent which helped change the course of history in almost every land on earth. It was Walter Hunt's patent No. 6663 for the "Volition Repeater" and was the first appearance of what became the lever-action repeating rifle.

That few persons associate Hunt with the lever-action rifle is understandable. His idea became practical only after it was refined and suitable fixed ammunition was invented.

Today, looking back over the hundred-year pedigree of the rifle that's operated by a lever, this gun holds its own with the more recent bolt- and slide-action rifles. Its influence on history was immense, according to arms expert Bill Deperman. Those who claim the Model 73 lever-action was "the rifle that won the West" are quite right.

However, Hunt had bitten off more than he could chew. His conical bullets which he called "rocket balls" were reluctant to perform according to the directions that Mr. Hunt wrote on the label. And lacking a proper cartridge, no lever-action could have worked properly.
