Memphis Cyclone meets Shamrock at 2:30 tomorrow afternoon in an afternoon game at Clarendon. The last district game was for both clubs.

Clarendon will be pitted against Memphis. The team it has met all through the Bronchos have won a number of games. They have two fast players better than average and a hard-driving fullback behind a line that is in the district. Odell, 180-pound fullback and second center, are the stars in the Clarendon

Polio Fatal To Judy Vickers; Another Ill

Little Judy Darlene Vickers, four-year-old daughter of Mr. and Mrs. D. L. Vickers of Memphis, died late Wednesday afternoon, Nov. 9 in the West Texas Polio Center at Plainview. She was stricken with bulbar polio early this week, and had been rushed by ambulance to the hospital several days ago.

Polio struck twice in the same home, and Jerry Don, brother of the little girl, is in the Plainview hospital. He is reported to be suffering rigidity of the neck and spine—less serious, in most cases, than the respiratory type disease.

Judy Darlene was placed in an iron lung immediately upon arrival at the Plainview hospital. She was reported to be in a grave condition at the time, however later reports were to the effect that her condition was slightly improved.

A shortage of iron lungs at the Polio Center made it necessary for physicians to place two children in one instrument, it was reported. Urgent calls were made for more of the needed instruments, and one had been dispatched from Fort Worth by plane (Continued on Page 8)

Estelline Man is Named to Post on URRFICD Board

C. L. Sloan of Estelline was appointed to fill the unexpired term of the late J. A. Whaley of Memphis on the board of directors of the Upper Red River Flood and Irrigation Control District.

The appointment was announced last week by Gov. Allan Shivers and the term will expire July 3, 1953. Gov. Shivers also re-appointed O. W. Stroup and E. W. Scheidt of Quitaque on the board.

CYCLONE WINS 19-19 TIE GAME

Memphis was officially ruled the winner of the game of Oct. 28 with McLean in which the two teams tied 19-19 Memphis led in penetrations 5-4, and it was a ruling made by faculty officials of District 2-A in 1941 which decided the debated issue.

This was brought out in a District 2-A meeting last night at Shamrock.

According to Superintendent W. C. Davis this morning, no specific reference was made to any tie games this season, but the official minutes of the 19-41 meeting—which set the rule regarding the penetrations—were read and confirmed.

The ruling states that tie games to be decided (1) by penetrations, (2) first downs, and if both of those are tied, then (3) yards gained.

The annual district basketball tournament will be a single round-robin, and it will be played off on two weekends at Shamrock. Eight games will be played Feb. 17-18, and seven will be played the following weekend to determine the champion.

The faculty representatives also voted last night to drop baseball from the district.

Clarendon has also survived the season without defeat, although it was tied 7-7 by the Childress Junior High team.

Mrs. W. M. Padgett Buried Wednesday

Mrs. W. M. Padgett, a Hall County resident for 42 of her 81 years, died Tuesday, Nov. 8 at her home in Memphis. She was buried yesterday in the Fairview Cemetery, following services at the First Baptist Church of this city. Rev. C. W. Linsbee of Hedley officiated at the rites which were under the direction of Marcum Funeral Home.

Mrs. Padgett was born to Mr. and Mrs. Terry Fitzsimmons Jan. 22, 1868 in Georgia. She was married in 1886 and moved to Hall County in 1907, and has been a member of the Primitive Baptist Church since she was 17 years of age.

She is survived by two sons, Clifford and Marvin Padgett, both of Memphis; four daughters, Mrs. Bessie Archer and Mrs. Lillie White, both of Memphis, Mrs. Hugh Murphy of Jacksboro and Mrs. Fred Riley of Stephenville; two step-sons, A. M. Padgett of Leveland and Marshall Padgett of Amarillo; a sister, Mrs. C. C. Roach of Memphis; and a brother, (Continued on Page 8)

JUDGE GOODPASTURE EXTENDS CONGRATULATIONS

In regard to the election held this week in which the proposal to re-allocate county taxes was passed, County Judge M. O. Goodpasture expresses the appreciation of himself and the Commissioners Court to the voters of the county. He says: "Hearty congratulations are hereby extended to the people of Hall County voting on re-allocation of county taxes last Tuesday. "The re-allocation privilege authorized has a life of six years before it need be voted on again, if ever it becomes necessary. "The savings in cash during this coming six years will not be less than a hundred thousand dollars. This money will stay in your own pockets for you to use buying shoes, clothing, groceries and the like. We think it is worth having. "May we repeat our congratulations." Hall County Judge and Commissioners.

Most Stores Will Be Open Tomorrow

Although tomorrow is Armistice Day, and a legal national holiday, only a small number of business houses of Memphis have indicated they will be closed for any or all of the day. The First State and the First National banks will close, the Memphis Schools will be turned out, and the Memphis Cyclone will play an afternoon game at Clarendon. However, a survey shows that only cleaning establishments, automobile dealers, and several other businesses will not remain open.

JOHN RUSSELL IS CHAIRMAN OF USO DRIVE

John Russell of Estelline has accepted the appointment as chairman for Hall County in the Texas USO Reactivation Campaign, instead of O. V. Alexander as it was reported last week in The Democrat.

Mr. Alexander had been contacted by a representative from the USO headquarters, but due to business matters, was unable to accept. Mr. Russell agreed later last week to serve as chairman of this county.

"Hall County now has 115 young men and women serving in the Armed Forces, and through the medium of the USO we here at home have an excellent opportunity of seeing to their welfare and maintaining strong ties with them wherever they are," Mr. Russell says.

"We will look after our own whether they are serving in this country or on foreign soil," he said, "and the USO provides us with the opportunity we need, for it will continue as it did during the war to provide our young men and young women in the Armed Forces with a home away from home."

The County Chairman added that Hall county is being asked to contribute its share toward the \$500,000 campaign in Texas for the reactivation of the USO as requested by the President and the Secretary of Defense. The quota is \$840. The half million dollar figure is Texas' quota of the USO's national campaign for \$10,100,000.

Texas now has 98,000 of its citizens in uniform who will be benefitted by the on-the-spot services of the USO which will continue to fill its traditional role of supporting centers, lounges and area workers at all the principal army navy and air force establishments both at home and overseas. It will also continue to finance (Continued on Page 8)

INCOMPLETE RETURNS INDICATE HALL COUNTY VOTERS SAY 'NO' TO ALL 10 PROPOSED AMENDMENTS

Voters of Hall County approved the proposal to re-allocate county taxes by a vote of almost six to one in Tuesday's general election. Incomplete returns show the total to be 350 to 60 in favor of the proposal.

Late last night three boxes—Baylor, Plaska and Bridle Bit—were unaccounted for, but the number of votes in these communities could not offset the advantage built up in the other 10 voting precincts.

PMA ELECTION DATA MAILED

Voting instructions have been mailed to the farmers of the county in regard to the P. M. A. committeemen and delegates election to be held Nov. 18. Votes can either be mailed in before Nov. 17 or registered at the following designated places on election day: In Lesley, the gin office; in Lakeview, at the rear of the bank; in Plaska, Jones Grocery; in Memphis, the P. M. A. office; in Estelline, the gin office; and in Turkey, the City Hall.

Polls will be open from 8 a. m. until 5 p. m. on the 18th.

Boy Scout Drive Will Begin With Breakfast Nov. 15

A breakfast at 7 o'clock Tuesday morning, Nov. 15, at Pound's Cafe will inaugurate the Memphis Boy Scout finance drive, announced Robert F. Spicer, general chairman of the drive.

Team captains, which were announced today, include Elmont Branigan, Bob Ayres, Gene Lindsey, Frank Van Pelt and Winifred Wise. They will direct the general solicitation for funds to be used (Continued on Page 8)

Final Rites Held For Will Stargel At Lakeview

Funeral services were held last Friday, Nov. 4, for Will Stargel, resident of Hall County for almost half of his 66 years. Rites were conducted in the First Baptist Church with Rev. Roy Shahan, pastor, and Rev. Bedford Smith, pastor of the First Christian Church, officiating. The body was interred in Lakeview Cemetery.

Mr. Stargel was born April 3, 1883 in Delongie, Ga., and died (Continued on page 8)

WHIRLWIND PLAYS FOR TITLE HERE TONIGHT

The Memphis Junior High School Whirlwind will place its perfect undefeated, untied and unscored-upon record on the line at 7:30 o'clock tonight against the Clarendon Junior High team at Cyclone Stadium for the Junior High District championship.

Clarendon has also survived the season without defeat, although it was tied 7-7 by the Childress Junior High team.

There had been some misunderstanding about the age of the boys which would be used in tonight's game, but according to Coach George F. Childress, the situation has been cleared up. Clarendon and Lefors are allowed to use ninth graders in some of their junior high games, and Memphis has been using boys in the eighth grade and below.

Consequently, it has been agreed that the Whirlwind will be allowed to use the same number of ninth graders in the game as does Clarendon. Coach Childress has not indicated what boys will be used.

The Whirlwind currently has one of the top records of any grid aggregation in the county. It has rolled over five opponents and has scored 254 points in beating Turkey, Lefors, Shamrock, (Continued on Page 8)

Funeral Held for J. P. Longshore

Final rites were held for John P. Longshore, 80, last Saturday, Nov. 5 at the First Methodist Church here. He died Nov. 5 in a local hospital.

Mr. Longshore had lived in the Hedley community of Hall County since 1912 when he came here from Wise County. He was engaged in farming until his retirement a few years ago.

Burial services were in the Fairview Cemetery, Rev. Rollo Davidson of Memphis, Rev. O. C. Evans of Lakeview and Rev. Frank Storey of Hedley were officiating ministers. Marcum Funeral Home directed the services.

Surviving relatives included four daughters, Mrs. W. W. Richards and Mrs. Henry Moore, both of Hedley, Mrs. Bertie Harrison and Mrs. G. W. Lockhart, both of Amarillo; four sons, Tommie and Richard of Los Angeles, J. W. of Lakeview and Roy of Phoenix, Ariz.; two sisters, Mrs. Mary Earl and Mrs. Mattie Davidson, both of Beckville; and two brothers, M. J. and Turner Longshore, both of Carthage. 24 grand children (Continued on Page 8)

John A. Rowell Buried Thursday

Funeral services were held last Thursday, Nov. 3, for John A. Rowell, 67, from the Newlin Baptist Church with Rev. W. S. Crawford, pastor, and Rev. Luther Crawford, Shamrock, officiating.

Burial was in Newlin Cemetery, and pall bearers were Benny Jackson, Lewis Loter, Otis Cobb, Hack Brunley, Leonard Braidfoot and Otman Sims.

Arrangements were under direction of Murphy-Spicer Funeral Directors.

Heart Attack Proves Fatal For J. W. Dunn

A heart attack was fatal for John W. Dunn yesterday. He died in an ambulance enroute to a local hospital after suffering an attack shortly before noon.

Funeral services have been set for 3 o'clock tomorrow afternoon, Nov. 11, at the First Methodist Church. He will be buried at the Fairview Cemetery, and the rites will be officiated by Rev. Rollo Davidson, pastor of the local church. Marcum Funeral Home will direct the services.

Mr. Dunn lived on his farm, about seven miles east of Memphis for 42 years. He was 77 years old at the time of his death, and was born at Calvert. He married Miss Ollie Compton of Abbott in 1905 and they moved to Hall County two years later.

Besides the widow, he is survived by one son, Mack Dunn of Memphis; a brother, Walter C. Dunn of Galveston; and a granddaughter, Phyllis Maxine Dunn of Memphis.

INSIDE SPORTS Searchlight

Partisans of District 2-A can start eyeing the tussle up in 1-A, for it is the winner of that circuit our representatives, the Lefors Pirates, will have to deal with when the state play-off begins. Until the Canyon Eagles wrecked the Hereford Whitefaces' hopes, the latter stood a fair chance of being the champs. However, with several important games left to be played, it looks like the Dalhart Wolves will be the winner. They have defeated Phillips and tied Hereford—and seem to have pretty easy sailing from here on. Canyon and Dumas—both defeated by the Cyclone, have been showing lots of stuff and appear capable of knocking off the front runners most any time. Witness: Canyon 12, Hereford 6 and Phillips 12, Dumas 6.

About the only thing certain is the fact that whichever team does win, it will be a rather potent opponent for the Pirates. However, after watching the 2-A champs in action two times, we are convinced it will take a polished outfit to bump them off. Joel Combs is still the best player in the district in our book. If he isn't stopped, Lefors stands a fine chance of going places in the state.

Tomorrow afternoon's game at Clarendon should prove to be one of the better games in the district this week in spite of the fact that neither team has a chance at the title. It could, paradoxically, decide how the cellar position will be occupied.

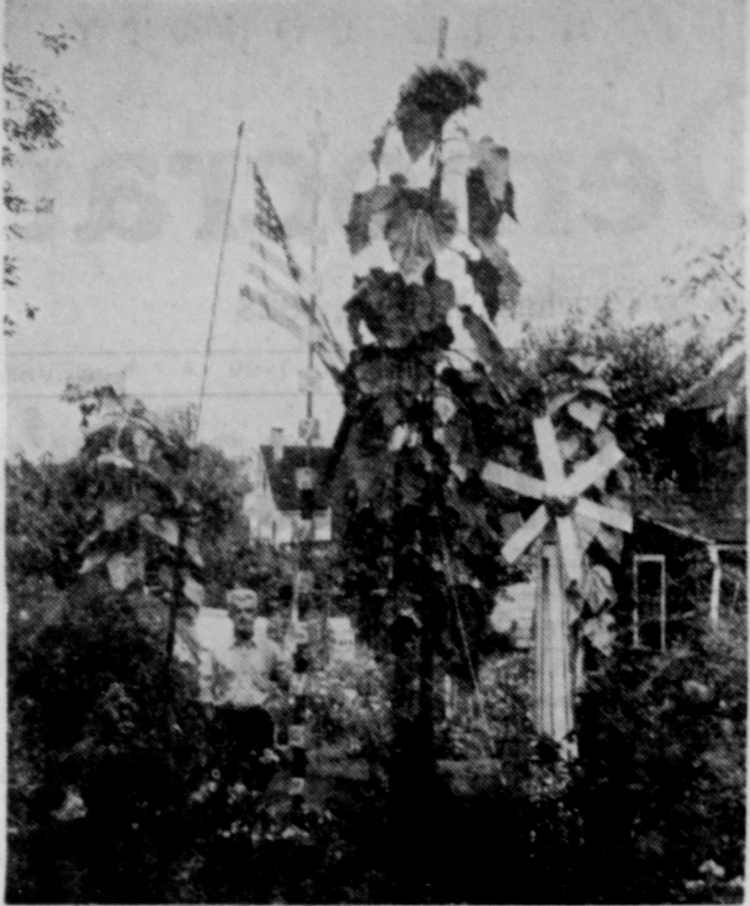

As usual, a number of great games are in store for grid fans for the week end. Here in 2-A, one of the best should, naturally, be the Memphis-Clarendon tussle Friday afternoon at Clarendon. Both teams rested last week for this Armistice Day battle, and past records show they will be fairly evenly matched. We're expecting a Cyclone triumph—20-14.

Lefors may not be at its best, what with the league crown safely tucked away, and it's not altogether out of the realm of possibility for the McLean Tigers to spring an upset—but we like the Pirates by two touchdowns.

The other district game will see Shamrock and Wellington squared away in a grudge battle at Shamrock. The Greenies surprised a lot of persons last week, but we don't believe they can cope with McCutcheon and Co.—Wellington 19, Shamrock 7.

In the Southwest Conference: The Texas Aggies turned in the upset of the year in tying SMU 27-27 last week, but they will have tough sledding this week

SUNFLOWER KING GOES 17 FEET

A 17-foot giant sunflower is the prize winning result of a competitive home garden project launched last Spring by employees in the Canton Division of The Timken Roller Bearing Company. Thirty-two families entered the contest and were given identical packets of seeds with instructions to plant the seeds and sit tight.

This Fall when the claims were all in the committee named Clarence Hammen as official winner with a sunflower that reached skyward to the height of 17 feet, had a base diameter of three inches and flowers of 12-inch diameter. In the same garden were dwarfs of 12 and 13 feet.

The champion had this to say about the project. "This was a new experience for the family. Next year, my wife and four sons will join me in producing some really big ones. Utility poles, sky hooks and pulleys will enable us to make Jack and his beanstalk a real fairy tale."

against the power-laden Rice Owls, and they will surprise us if they are whipped by less than three touchdowns. Our guess—Rice 28, A&M 7.

Wyoming, Baylor's opponent, scored exactly 103 points more than the Bears did last week. Of course, the opposition probably made up for more than that difference. Anyway, they will have their hands full—and may not win by more than a touchdown over their high scoring opponents.

The Texas Christians will apparently need more than the rest they got last week end to give the Longhorns much of a scrap. The Steers should show too much class for Dutch Meyer's men, and win by about 20-7.

One basket game to date stands 30 right, eight wrong and games have tied—for a .76 mark.

Texas Also Has Big Corn Yields

Texans don't have to leave the state to see corn that is producing more than 100 bushels per acre for such yields are becoming quite common in East Texas. From Wood County comes a report sent in by County Agent E. A. Spacek that's really full of corn.

He says last year some of the farmers in the county decided to do something about the low per acre yields they were producing—the county average for many years has been around 10 bushels per acre and there wasn't much money in this. They visited the Lindale Experiment Station and had a talk with superintendent P. R. Johnson. He told them some of the things he'd found out about growing corn in East Texas and

gave the group a lot of good advice. They went home and tried it out—results, several produced from 40 to 60 bushels per acre, but Horace Bridges from Quitman really showed the way. He came up, according to Spacek, with a 1,500 per cent increase on one of his fields.

He jumped his per acre yield from 10 to 142 bushels and here is how he says he did it. On the last day of March, he planted the field to Texas 20 and spaced it 12 to 14 inches in three foot rows. He applied 450 pounds of 5-10-5 fertilizer per acre at the time of planting, later side dressed it with 200 pounds of ammonium nitrate per acre. The corn got three shallow cultivations and it never

suffered for moisture during the growing season, reports Spacek. Spacek thinks it's a pretty safe bet that before too long that 10 bushel average for Wood county is going to get a real face lifting, because farmers have learned what it takes to get profitable corn yields in the county.

Rice Attends K-F Dealers Meeting

E. E. Rice, co-owner of Rice-Broome Motor Co., left Monday morning to attend a state-wide Kaiser-Frazer dealers meeting in Houston.

The dealers have been called together to get first-hand information about a new automobile

which the company will introduce to the public within the next few months. They will also receive definite information regarding a \$200,000 nationwide contest to name the new low-priced car.

One-Act Play Is Presented at Little Theatre

"The Ghost in a Green Gown," a one-act play directed by Mrs. T. J. Way, was presented before members of the Memphis Little Theatre when the club met Thursday afternoon, November 3, in the high school dramatic room.

An intriguing story of three freshmen college girls who visited an old haunted house in order to impress the upper classmen and ran into more trouble than they asked for was revealed as the plot unfolded.

Complications arose when the girls found not only the ghost in a green gown but also a crook. The story ended happily for the young girls when they discovered that the crook was really a movie star and the ghost was not really a ghost but the movie star's secretary.

Taking part in the play were Joyce Childress, Ann Ferrel and Mary Ruth Dryden, the three freshmen; Helen Combs, the movie star; Roselyn Williams, the secretary and Laverne Dodson, the colored maid.

Mrs. Emma Deaver, vice president, conducted the business session in the absence of the president, Helen Boswell.

Ann Ferrel and Joyce Childress hostesses for the afternoon served refreshments to the following lam. Owens JJ vva2 csevebla members; Lucy Way, Roselyn Williams, Nell Treadwell, Virginia Rogers, Katherine Milam, Owen Lindsey, Lottie Kinard, Joyce Hoff, Ethel Hillhouse, Laura Mai Hightower, Tomaceil Greene, Mary Ruth Dryden, Laverne Dodson, Emma Deaver, Verna DeBerry, Helen Combs, Jewel Stanford and one guest, Mrs. Roy Gutherie.

WSCS Meets in Regular Session

The W. S. C. S. met Monday, Nov. 7, at the Methodist church for its regular meeting.

Mrs. W. C. Dickey, the president conducted the business session. The Society voted to send dress materials to women of Europe and Asia in observance of World Community Day.

Mrs. N. A. Hightower gave an inspiring devotional from the book of Job.

The subject of the program was "The hand of the Crescent and the Five-Pointed Star." Mrs. Neely the leader, Mrs. Will Monzingo, Mrs. C. R. Webster, and Mrs. J. O. Gibson gave interesting talks on it.

"Star of the Morning" was sung by Mrs. Clyde Reed and Mrs. W. F. Ritchie, accompanied by Mrs. D. B. Kennedy.

The following members were present: Mesdames T. J. Way, D. A. Nealey, Bill Monzingo, C. R. Webster, Hoffman, Mary Lou Irwin, J. S. Ballard, J. J. McDaniel, N. A. Hightower, Myrtis Phelan, Louie Goffinett, Anna Dickson, C. E. Hankins, W. D. Young, W. F. Ritchie, D. B. Kennedy, W. C. Dickey, W. F. McElreath, Mac Tarver, Clyde Reed, Frank Foxhall and J. O. Seven Candidates Receive Degrees At OES Meeting

At a call meeting of the Memphis Chapter, Order of the Eastern Star, Friday evening, Nov. 4, at the Masonic Hall, seven candidates received the degrees of the order.

The Hall was attractively decorated with colorful fall flowers.

The opening march was given by the officers led by Mrs. Vay Hammond and Mrs. Elsie Gidden. The chapter was opened with the worthy matron, Mrs. Anna May Foster, presiding. Mr. Irvin S. Johnsey presided and was assisted

by the conductress, Mrs. Vay Hammond, during the initiation. The following candidates received the degrees of the order: Lena Pearl Gunstream, Sallie Mae Coffey, James Davis, Vena Kulp, Carl Kulp, William Hobert Scott, and Mary Lelia Scott.

One visitor, Mrs. Davis, worthy matron of the Esteline chapter was welcomed.

The retiring march was given after which a social hour was enjoyed by all present. Coffee and sandwiches were served by Mrs. Katie Posey, Mrs. Maudel McCauley, Mrs. Julia Smith and Mrs. Vera Gunstream.

Mrs. Cummings is Hostess to Needle Craft Club Tuesday

Mrs. Robert Cummings was hostess to the Needle Craft Club on Tuesday evening, November 1, at her home in Memphis.

Members enjoyed doing various types of needle work throughout the afternoon. During the business hour, the resignation of Mrs. Roberts Cummings was accepted with

regret. Mrs. Cummings submitted her resignation due to illness in the family.

A tasty refreshment plate featuring the Hallow'en motif was served to the following members: Mesdames Minnie Ferrel, Addie Hampton, Irene Bradley, Hettie Newman, Floy Weatherby and hostess.

The next meeting is scheduled for November 15 in the home of Mrs. Bess Crump.

N. M. Lindsey Home is Scene of 23rd Anniversary Party of Sodolitan Class

The home of Mrs. N. M. Lindsey was the scene for the 23rd birthday anniversary party of the Sodolitan Class on Thursday evening, October 27. Assisting Mrs. Lindsey with hostess duties were Mesdames Theodore Swift, Dick Jones, Claude Stevens and Chas. Peters.

The home was beautifully decorated throughout with gold and orchid chrysanthemums, the class colors. The meeting opened with the group singing the class song, "Blest be the Tie that Binds." Mrs. Hayes led in prayer and Mrs. D. L. C. Kinard brought the devotional using "Love" as the theme of her topic.

Mrs. Henry Scott, president, presided over the business meeting. After the business Mrs. Scott called on Mrs. J. W. Fitzjarrald for prayer.

Mrs. Emma Baskerville, program chairman, introduced the

Mrs. H. Byrd had charge of the birthday basket which held gifts for a number of members who celebrated birthdays in the month of October.

Mrs. Estes, secretary read a beautiful birthday card and love offering from Mrs. A. W. Howard, a charter member of the class.

The dining table was laid with a lovely lace cloth. Centering the table was a large birthday cake topped with 23 candles and surrounded by tiny gold and orchid flowers tied with yellow ribbon which was used as favors.

The class gathered around the table with Mrs. Kinard leading the class in singing Happy Birthday. Mrs. Leon Randolph, the first president, and Mrs. Henry Scott, the president now, cut the cake and served hot punch to the following members and guests: Mesdames J. R. Program on Art Is Presented at Culture Club

Mrs. R. L. Madden was hostess Wednesday Nov. 2, at 3:30 o'clock to the Culture Club. The president, Mrs. Homer Tribble presided during the business session. After roll call, the opening prayer was given by Mrs. Grundy.

Art was the subject for study for the afternoon, and a highly interesting program was rendered in a setting of exceptional beauty as the entertaining rooms were decorated with various arrangements of autumn leaves, berries and flowers emphasizing Art in Nature.

Miss Esta McElrath fully discussed Art in Nature using poetry and pictures as illustrations. Mrs. Robert Moss gave an interesting account of Indian Art and a varied display of Indian Art consisting of Indian Pottery, headwork, silver, weaving pictures, etc.

Mrs. Gene Chamberlain talked on American Art, using the very popular Ceramics as a topic. A beautiful display of Ceramics gathered from the local Ceramic and Dredon Painting Artists, Mrs. Claud Johnson, Miss Mae McElrath and Mrs. H. J. Howell was admired and enjoyed. From the raw product to the finished piece proved interesting.

A delicious refreshment plate was served to Miss Alma Bruce, Mesdames Gene Chamberlain, D. A. Grundy, Ward Gudley, T. J. Way, Robert Moss, Homer Tribble and Miss Esta McElrath. Two guests, Mrs. Robert Breedlove and Miss Mae McElrath.

The club adjourned to meet Nov. 19th at 3:30 p. m. with Mrs. D. A. Grundy.

Recipe of the Week
BY MARY LEE TAYLOR

Coconut Pumpkin Chiffon Pie

Broadcast: November 12, 1949

1 1/2 cups Baker's Coconut	1/2 teaspoon ginger
1 1/2 tablespoons undrained gelatin	1/2 teaspoon cloves
6 tablespoons cold water	2 eggs, separated
1/2 cup brown sugar, lightly packed	2 cups Fat Milk
1/2 teaspoon cinnamon	1 cup cooked or canned pumpkin
	3 tablespoons dark molasses

Spread coconut thinly on baking sheet. Place in moderately slow oven (350° F.) and toast about 10 min., or until light brown. Stir now and then to toast evenly. Soften gelatin in cold water. Mix brown sugar, cinnamon, nutmeg, ginger, cloves and salt. Stir in mixture of slightly beaten egg yolks, milk, pumpkin and molasses. Place over boiling water; cook and stir 5 min., or until slightly thickened. Stir in softened gelatin until dissolved. Remove from heat; cover; chill until slightly thicker than unbeaten egg whites. Fold in stiffly beaten egg whites and 1/4 cup toasted coconut. Put into a cold 9-in. baked pastry shell. Sprinkle with remaining toasted coconut. Chill until firm.

NS POLICIES ARE MEETING OPPOSITION FROM WITHIN

(The Industrial News Review)

get more out of the economic system than we put in. . . Monetary and fiscal tricks have no power of magic but are a slippery road to misery." In the course of his address, Dr. Nourse also criticized the three-day week in the coal mines ordered by John L. Lewis, the effort of the steel workers to reduce the working day, and the pricing policies of some industries.

This would not be particularly newsworthy if Dr. Nourse were a conservative business economist. But he has always been regarded as a man of liberal views, and he has favored many New Deal and Fair Deal theories. The point seems to be that he, in company with many others, has become convinced that Mr. Truman's policies, and the enormous cost they would involve, endanger our financial security as a nation. It is obvious to anyone that if the government must operate on a deficit basis in good times, when the national income is very high

USO HOSTESS GETS ORCHID

NEW ORLEANS, La. — A handsome young American sailor with an Irish name and a Scottish birthplace pins a USO orchid on nationally-known Cover Girl Nancy Lilienstein, an honorary hostess at the local USO. He is Yeoman Third Class James Patrick Hallinan, 22, of Brooklyn, N. Y., born in Glasgow, and a member of Uncle Sam's armed forces since 1944.

and tax revenues deflect this condition, the situation would become critical if business slackened and the economic machine slowed down.

This problem is underlined by the current labor situation, Secretary of Commerce Sawyer is the authority for the statement that if the steel strike continues until December, 5,000,000 men will be out of work. The grim effect of that on the economy is easily imagined. Men who are not working cannot buy. Merchants, landlords and others cannot collect their accounts, so they too cannot buy. The cycle thus started spreads until every enterprise and every section of the country is affected. Wages and earnings drop—and so do the government's revenues. And even when a great strike ends, it takes a long, long time to make up the lost ground.

In any event, Mr. Truman undoubtedly faces stormy days ahead. He has shown no disposition to give ground on any policy. But the opposition to his economic policy is growing.

Jack Holcomb, son of Mrs. Margaret Holcomb, was home for the week end. He works for the Shamrock Oil and Gas Co. in Sundry.

CINEMA ENIGMA . . . Always a puzzle to movie-goers is Greta Garbo and her apparent distaste for publicity. Here she emerges from a pier elevator after her arrival in New York aboard the de France. Her companion is unidentified.

The Texas A&M Extension Service party will be comprised of P. G. Haines, soil and water conservation specialist; M. K. Thornton, extension agricultural chemist; and A. H. Walker, extension range specialist, all of Colege Station, Texas; and County agent B. T. Haws of Gainsville with his Cook County range management demonstration team consisting of Douglas Robison and Billy Whitt.

The programs are to include talks by Dawson, Thornton, and Walker, the latter to be assisted by the Cook County soil conservation entitled, "On the Other Side of the Fence."

Thornton will discuss soil building generally; such items as physical conditions of soils, soil organisms, soil nutrients and the part they play in crop production. He also will talk on the value of legumes, and commercial and barnyard fertilizers in soil building work. Walker's discussion will consist generally of the condition of range lands and the major problems confronting ranchmen, range management, the importance of knowing range vegetation, the need for balancing livestock with available forage, brush control, rotation and deferred grazing, and water and salt distribution.

The Homecoming football game between the A.C.C. Wildcats and the Austin College Kangaroos will begin at 2:00 p.m. Saturday at Fair Park Stadium. The annual Homecoming rally and bonfire will be staged Friday evening with ex-lettersmen as special guests. Open house for all visiting ex-students will be held at McKinzie following the Friday night rally.

To Be Honored at
Italy November 27

The Lions Club of Italy, Tex., is sponsoring an E. C. Cargill Day Sunday, Nov. 27, honoring the Rev. E. C. Cargill, pastor of the Italy Presbyterian Church, and former pastor of the Presbyterian Church here.
Tentative plans, according to Russell W. Bryant of Italy, calls for a union worship service at all churches in that area at 11 a. m. at the Italy High School Gymnasium, followed by a covered dish luncheon.
A testimonial program will be arranged for the afternoon to pay tribute to Rev. Cargill, who has devoted a lifetime of service to his fellow man. Efforts are being made to get one of his old friends to preach the ceremony.

Lefors' Victory, McLean's Defeat Pirates Second 2-A Title

UPSET
ERS 14-7

Lefors Pirates have successfully defended their District 2-A title and unless unforeseen circumstances made will represent in state play-off.

Each of the six teams still have another game to play, the Pirates stand a half ahead of their rivals. Before last week's game, McLean Tigers still had a chance of derailing the Pirates' title.

The Shamrock Irish team is expected to take the Pirates out of the playoffs. The Pirates out-scored the Shamrock Irish 14-7.

Standings will have to be adjusted after the three games to be played tomorrow night. The Pirates will end the regular season with a win over the Memphis Cyclone who are the Childress Bobcats before turning in the 1949 season.

Wellington 18 touchdowns—three of them by Lefors Pirates night at Wellington. Jimmy Love's men hung on to win the game.

Dangerous behind-the-line passing, linemen carried the ball, and passes from the hosts could not be intercepted.

McCutcheon was held in check by the Pirates, defensive play offset any gains in his offensive tactics.

LAKEVIEW WHIPS QUITAQUE 14-0; CAN WIN TITLE BY BEATING TURKS

(Special to The Democrat)

The Lakeview Eagles are still very much in the running for District 2-B championship honors after last week's 14-0 defeat over the Quitaque Panthers Thursday night at Lakeview.

Breaking away from a 0-0 deadlock at half-time, the Eagles, sparked by all-district candidate Kenneth Sams, scored touchdowns in each of the last two quarters.

Miss Reta Dean Harmon was named Sweetheart of the Lakeview High School football team in pre-game ceremonies Thursday night. Captain Kenneth Sams crowned the honoree as the Pep Squad sang "Let Me Call You Sweetheart," and Co-Captain presented her with a bouquet of red roses.

The Sweetheart is a freshman and the grand-daughter of Mr. and Mrs. Carter Dunn. Her escorts were Misses Wilma Hall and Norma Nabers.

Sams made repeated gains both around the ends and through the line in accounting for the pair of markers, and he was aided considerably by the line plunges of Fullback Beanie Adams. Sonny Byars and Jimmy Gowdy in line defensive showings.

The Eagles and the Turkey Turks battle it out tomorrow night at Turkey. The Turks lost their first district game last week when they fell before Kress 24-20. The Eagles could lay claim to the championship with a win over Turkey tomorrow night, as they defeated Kress earlier in the season.

If the Eagles drop the game to the Turks, the district representative may not be decided until after all games are played.

Winner of District 2-B plays the 1-B champ in bi-district play. White Deer is the current leader in that circuit.

Lakeview has allowed only 39 points—27 of them in one game to the Silverton Owls—all season, and had amassed a total of 135 themselves in seven games.

Lakeview Speech Club to Sponsor Talent Contest

The Lakeview Speech Club will sponsor a talent show contest at 7:15 o'clock Tuesday night, Nov. 22 at the Lakeview High School Auditorium.

Any person is eligible to compete, and proceeds will be used to buy play props, material for debates, declamation, and extemporaneous speeches which will be used in Interscholastic League Speech activity.

Entries should be sent to Henry Cunningham, sponsor, or to Miss Joyce Durrett, president of the club, or Miss Ineatha Marler, secretary of the club.

The audience will judge the contest by ballot, each ticket carrying the number of votes it costs in cents. Tickets will be 20 cents for school children, 30 cents for adults and 10 cents for contestants.

Virginia Howard Member SMU's New 200-voice Choral

Virginia Howard, daughter of Mr. and Mrs. A. W. Howard, 123 S. 13th St., Memphis, is a member of Southern Methodist University's choral group which will begin a new season this month.

The union embraces all choral groups on the campus. Membership is drawn from the entire enrollment of the University. Orville J. Borchers, dean of the School of Music, is director.

Dr. Borchers said that Handel's "Messiah" will be performed in December with the SMU Symphony Orchestra. He also announced plans for the inauguration of a university music festival the latter part of March in cooperation with the Dallas Symphony Orchestra. It is expected that the festival will begin a new tradition at SMU.

Leroy Green Only Freshman on Cage Squad at Wayland

Wayland cagers, after winning a large majority of their basketball games in the past three seasons as a junior college, prepare for a Senior College circuit this year. First game in Texas competition as a Senior College will be with Texas Tech. Leroy Green all-state guard from Memphis, is the only freshman on the squad.

Since resuming basketball after the war, the Pioneers boast of winning 58 and dropping 29. This top-heavy victory schedule accounts for the Texas Junior Conference Championship that the Pioneers were awarded in 1948. The '47-48 season ended with a 26-7 record. Climaxing a 1948-49 season of 23 wins against 9 losses, the Waylandites took the University of Guadalajara in Guadalajara, Mexico, for two more victories. Homer Snowden of Dallas made the jaunt possible and furnished his private plane for the trip.

Built around five returning lettermen, the varsity squad currently has nine men traveling with it. Three transfers and one freshman make up the other four team members. A tenth man will probably be added from the freshman team.

Returning lettermen include George Goodson, Leon (Runt) Burch, Bill Knighton, Ed Billings, and Paul Young. Three transfers are Don Dally from Sayre Junior College, Sayre, Oklahoma; Jake McFarren, last year's co-captain of the Frank Phillips Jr. College team at Berger; and Billy McClellan from the T. C. U. freshman team of '47-48.

The Pioneers are scheduled to play teams in five states this year, including such teams as Texas Western College at El Paso, Texas Tech, and an Ada, Oklahoma, Junior College team this month. Twenty-six future games have already been chalked up, and Coach Harley Redin hopes for four more dates to make an even 30 games.

Native of Hall County Buried in Calif., Oct. 24

Henry Eugene Powell, 55, brother of Mrs. J. J. McMickin of this city, died in Bakersfield, Calif., Oct. 20 following a heart attack.

Funeral services were held at the Greenlawn Chapel in Bakersfield Oct. 24. Inside services were held by the B. P. O. E. and American Legion Post No. 26. Interment was in Oak Hill Section, Greenlawn Memorial Park.

Mr. Powell was born in Memphis in 1894, and was the son of the late Mr. and Mrs. A. G. Powell. He lived here until 1929 and was employed as barber. He continued in the business in California after returning from service in World War I.

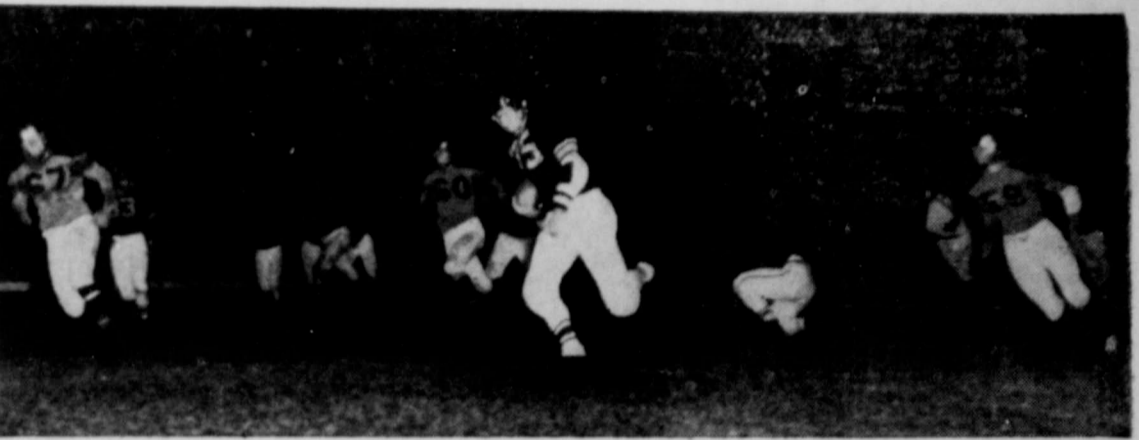

He is survived by the widow, Mrs. Florence G. Powell; one daughter, Colleen Powell; two sisters, Mrs. J. J. McMickin of Memphis and Lena Martin of Long Beach; and three brothers Byron Powell of Redding, Clarence Powell of Lubbock and Herbert Powell of Midland.

Mrs. McMickin attended the services.

"B" Team Defeats Shamrock 7-6

Texas, TCU Fish Teams to Play Benefit Game

The undefeated and untied Southwest Conference freshman team record will go on the block tomorrow afternoon as the T. C. U. Polliwogs meet the Texas Shortorns in a Community Chest benefit clash at Taylor.

The Wogs, who have built up the amazing average of 5.4 yards gain per offensive play in winning their first three games, will be hard put to it to preserve their perfect record. The Shortorns have already indicated a slight superiority based on comparative scores in victories over their two mutual foes to date, the Baylor Cubs and the Rice Owlets.

The Purple freshmen will be more than 25 per cent below full strength as they open against the Texas first year men. In defeating the Owlets last Thursday night, the Wogs were badly bruised and lost three members of their starting line-up for this week's game.

First team ends Bobby Blair and Wayne Martin and first team tackle Jack Temple will all be missing from T. C. U. freshman line-up Friday at Taylor. Blair suffered a shoulder injury. Temple hurt his knee, and Martin had three front teeth knocked out.

The Texas freshmen poured it on Roach's team 33 to 9 last year when the first-year squads of the two schools met for the first time.

Pacing Roach's attack against the Shortorns will be Malcom Fowler, all-state Class A back from Van, who has a total offensive credit for 51 per cent of the Wog's yardage in their first three games, 471 of 925 yards. Fowler has also been responsible for six of the nine Wog touchdowns to date, scoring four of them himself and passing for two others.

The Memphis "B" team scored its first victory of the season Thursday night by defeating the Shamrock "B" team 7-6 in a return engagement.

Right Half Jimmy Morrison cut between tackle and guard on the left side of the line and ran 12 yards in the final quarter for the Memphis touchdown. Morrison added the extra point at the same position.

Shamrock rallied for a touchdown late in the fourth quarter when a barrage of passes moved the hosts about three-fourths the length of the field. The pay-off play was a 15-yard aerial, but the attempted extra point pass was broken up by Morrison.

The Memphis club, which was directed by Head Coach Chuck York in the absence of Coach Fred Wright, showed marked improvement over the first meeting of the two clubs which Coach Bobby Hill's team won 13-0.

A strong ground game, directed by Quarterback Bobby Pat Young, (Continued On Page 8)

Steer Feeding Project Ends At Texas Tech

Texas Tech's three-year project in steer feeding research on irrigated pasture land has ended following the final feeding period, Dean W. L. Stangel has announced.

Launched in 1947, the experiment was designed to establish the value of alfalfa and alfalfa mixtures as safe pasturage for cattle. The steers have been grazed on alfalfa and combinations of alfalfa and brome or perennial rye grass.

The final phase began on May 2 with nine steers placed on the varied feeding schedules. The steers had an average weight of 673 pounds when feeding began, and weighed 891 pounds when the experiment ended. The average gain was 218 pounds.

"These steers carried sufficient finish to yield good carcasses, but we are not selling them," Stangel explained. "We have placed them in a dry lot fattening pen and will feed them a ration of milo chop, cottonseed meal, alfalfa hay and sorghum silage."

The steers were exhibited at the South Plains Junior Fat Stock show in Lubbock last March and will be placed on exhibition there again next March.

"We will have all feeding data available at the show next March—people can see what results our experiment has produced, and the steers also will have sufficient finish to yield choice carcasses when slaughtered," he said.

Mastitis in Dairy Herds Due Increase In Colder Weather

With colder weather coming on, mastitis cases may increase in dairy herds, the American Foundation for Animal Health today warned cattle owners.

"Mastitis frequently follows udder or teat injury," a Foundation bulletin says.

"Many animals which have spent much of the day on pasture are being confined to barns at this time of year as pastures taper off. This means that mastitis hazards are greater."

To safeguard cows, the Foundation advises these precautionary steps:

Check the barn for high sills, protruding nails, or any objects which may injure teats or udders. Have a veterinarian examine all animals for the disease. Infected cows should be put at the end of the milking line and milked last.

Practice rapid milking, making sure that teat cups are not left on any longer than necessary. Check vacuum gauges; too much vacuum is responsible for numerous teat injuries.

Disinfect the milking equipment and see that the cow's teats and udders, and milker's hands, are washed and dried, since these are the paths by which mastitis infection travels from diseased to healthy animals.

Keep a close lookout for signs of trouble. If called promptly, veterinarians can save many cases which otherwise might soon become untreatable.

VET PROBLEMS AND ANSWERS

Q—I have an unused certificate of eligibility which I obtained from VA about a year ago. May I use it to enter a school under the GI Bill this coming January, even though I understand VA is issuing new types of certificates?

A—Yes. But before you use your certificate, check with your VA regional office to make certain the school and course are those you are permitted to enroll in under the law.

Q—How much can I borrow on my converted National Service Life Insurance policy which has been in force under the permanent plan for a little over a year?

A—You may borrow up to 94 per cent of the cash value of your insurance and still keep it in

force. Loan application forms may be secured from your VA office.

Q—I am taking vocational training under Public Law 16 for disabled veterans and find it difficult to progress as rapidly as others taking the same course. What happens if I fail my course?

A—Generally, VA will take special steps to enter you in another course in which there is every likelihood you will complete successfully. The situation depends on the facts and the circumstances of your case.

Ice Cream Flavors To Get Going-Over In Tech Course

Tutti-frutti, peppermint and chocolate-chip ice cream will get a thorough going-over—from the taste angle—during the dairy manufacturers short course at Texas Technological college, Nov. 16-18.

More than 125 dairy owners and managers from Texas, New Mexico and Oklahoma are expected on the Tech campus for the three-day program. Ice cream will draw a lion's share of the attention, especially the flavor. That's where peppermint and the other taste-tempters come into the picture.

"During the short course we plan to explain how the proper amount of flavoring can give the public the most for its money," Dr. J. J. Willingham, head of Tech's dairy manufacturers department, explained.

It seems that vanilla is still the most popular flavor with America's ice cream-eaters, and that includes practically all of our population. Dr. Willingham maintains that hit-and-miss flavoring methods can damage the reputation of a producer who uses top-grade milk, cream and other ingredients.

Other ice cream topics on the program include "The Story of Vanilla," George Illes, Dallas; and "Problems of Processing in Ice Cream Plants," by N. W. Lamb, Houston.

Dr. G. M. Trout, Michigan State college faculty member and president of the American Dairy Science Association, will also appear on the program. All phases of the dairying industry in butter,

Announcement of Miss Betty Solomon to Her Future Husband Is Revealed at Tea

Memphis comes news of the announcement and approaching wedding of Miss Betty Solomon, former Memphis resident, to her future husband, Mr. E. W. Solomon, of Dallas, Texas. The announcement was made at a tea given at the home of Mrs. E. W. Solomon at 4:30 p. m. on Saturday afternoon. The tea was held at the home of Mrs. E. W. Solomon at 4:30 p. m. on Saturday afternoon. The tea was held at the home of Mrs. E. W. Solomon at 4:30 p. m. on Saturday afternoon.

Figurines in a white china bowl. Wide white satin ribbon spanned the floral arrangement revealing the date of the wedding, November 23, being held by tall cupids perched on white satin hearts bearing the names "Betty and Bill." Other floral decorations in the home carried out the color theme. Mrs. Richard Barnard presided at the silver tea service with Mrs. Wayne Edwards, Mrs. Paul Harvey and Mrs. Gordon Solomon, assisted in the dining room. Miss Doneita Davidson assisted guests in registering.

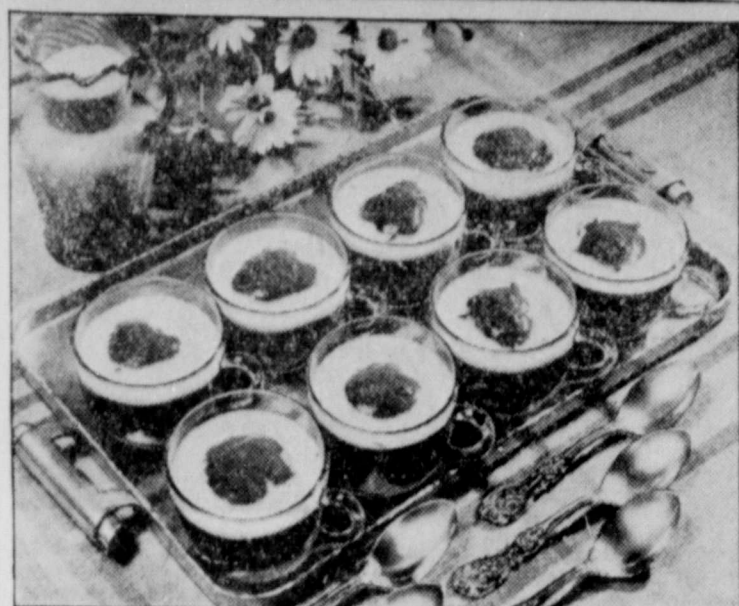

Guests were received by Mrs. Don Davidson, Mrs. W. J. Stanford, mother of the bride-groom elect, the honoree and her mother, Mrs. E. W. Solomon. Miss Solomon has announced her attendants who will be Miss Dorothy Hutcherson of Memphis, maid of honor; Miss Mary Frances Hale, Lubbock, bridesmaid and Miss Doneita Davidson, junior bridesmaid. The bride-elect is a graduate of Memphis High School and attended Texas Wesleyan College in Fort Worth. Mr. Stanford graduated from Hereford High School and Texas A&M College. He served five and half years in the Army during the war with several months in overseas duty. At present he is head of the agriculture department of Hereford High School.

French Dessert American Style

The famous French cooks have always been more proud of their creamy desserts than anything they prepare. Many of these delectable desserts are as simple to make as our American baked custards and owe their success to the liberal use of milk and cream and very slow cooking. It takes good ingredients, in the proper proportions, and careful cooking, to make any food to perfection. It is the skillful blending of milk and eggs and flavoring, and the slow cooking that makes this famous French chocolate pots de creme, one of the best tasting desserts you ever tasted. The French use very little sugar in their chocolate creme, but we have given a choice in the amount for those who like a sweeter dessert.

CHOCOLAT POTS DE CREME

2 1/2 squares unsweetened chocolate
3 cups milk
1/2 to 3/4 cup sugar
1/2 teaspoon salt
5 egg yolks
1/2 teaspoon vanilla
Melt chocolate in a little milk in top of double boiler, over hot water; add sugar and remaining milk; cook until chocolate is completely melted. Remove from heat; slowly stir into beaten egg yolks. Return to double boiler; cover and cook at simmering temperature for 20 to 30 minutes or until medium thick, stirring occasionally. Remove from heat, stir in vanilla. Pour into custard cups or serving dishes that have been rinsed in cold water. Chill. Serve cold with cream. Serves 6.

Menard Man's Interest Inspired By Son's 4-H Club Range Work

Range management means something to Mr. Irby McWilliams, Menard county ranchman, and his interest came as a result of his son's 4-H club work. The son, M. D., for several years has made an outstanding record with his 4-H livestock and lately he has developed into a top judge of grass. Together, according to Menard County Agent R. E. Nolan, they have put into practice what they learned.

"Until my son got me to thinking about the different grasses, I thought grass was grass," says McWilliams. "He convinced me that the rating of grasses into good, fair and poor classifications really means something. Together we looked over our range and concluded that there were not very many of the good grasses present. Then we asked ourselves the question: 'Why don't we have more of the good grasses on the range?'; and we figured I had been overstocking and some of the range needed a rest."

McWilliams recently gave County Agent Nolan the figures covering the results of the deferred grazing demonstration and it paid off. One 640-acre pasture was grazed continuously from June to October in 1947, and was then stocked with 30 head of cattle and 225 yearling sheep. The sheep were sold in June, 1948, and their average weight was 74 pounds per head.

This same pasture was rested from June 1948 to October 1948 and beginning in October the same number of cattle and yearling sheep were grazed as in the previous year. In June 1949, the sheep were sold and their average weight was 87 pounds per head.

Here are the pay-off figures. McWilliams reported to County Agent Nolan that he had actually produced 2,925 more pounds of mutton from this 640-acre pasture

by deferring it for a 5 month period during the growing season than he did when it was grazed continuously. He also noticed that the yearlings sheared about one more pound of wool per head in June 1949 than in 1948.

According to Nolan, Rancher McWilliams is thoroughly convinced that the total pounds of mutton and wool produced is more important than the number of head grazed on a given area. He is planning to build cross fences so that he can practice deferred grazing on more of his pastures.

Lab Building is Named in Honor Of J. O. Beasley

The memory of J. O. Beasley, Texas scientist who was killed in action in Italy in September, 1943, age 34, was perpetuated last week with the dedication of Beasley Laboratory on the Texas A. & M. College campus.

Dr. P. V. Cardon, head of the USDA Agricultural Research Administration, Washington, D. C., and Councillor Gibb Gilchrist of the Texas A. & M. College System took part in the ceremonies.

The Texas Agricultural Experiment Station has been officially designated as the headquarters for cotton genetics research for the entire Cotton Belt, and Beasley Laboratory will provide facilities for this project as well as for graduate instruction.

The laboratory houses a genetics and a cytology laboratory, a seed storage and general work room, and a potting room. The two green houses, with a total of 4,590 square feet of floor space, will make possible research on live cotton plants the year around. The principles and techniques developed at the Texas Station will

More than 1,500 spectators overflowed the church into the street as the two prominent sports figures were married to each other.

be made available to cotton breeders everywhere.

Beasley was a 1932 Texas A. & M. graduate; received his master degree from A. & M. in 1934 and his doctorate from Harvard in 1939. Inwork with the Texas Stations division of agronomy in 1932-36 and from 1939 until he was called to duty with the armed forces in March 1942, he became interested primarily in genetics and cytogenetics of cotton and specialized in interspecific hybridization. Many species of cotton produce only sterile hybrids when crossed; he pioneered in the technique of doubling the number of chromosomes in cotton and by this means, obtained fertile hybrids between many species.

These discoveries opened a new field in cotton breeding and some of the genetic stock he produced have become the foundation for new strains for the Cotton Belt.

Dr. T. R. Richmond is head of the regional cotton genetics research project, which is financed largely through USDA Research & Marketing Act funds. Associated with him in the work are Dr. Meta S. Brown and Dr. Margaret Y. Menzel, cytologists; and C. F. Lewis and C. W. Manning, associate professors of agronomy. Dr. Brown was Beasley's assistant and Lewis and Manning worked under his direction as graduate students. Dr. Richmond was a co-worker, as was D. T. Killough, another of the Station's cotton breeders.

The resident instruction program made possible by the facilities of Beasley Laboratory has already attracted graduate students as research assistants from Missouri, Georgia, Mississippi and Arizona as well as Texas.

The greenhouses contain wild and primitive species of cotton collected from all over the world

Performance, in turn, has two divisions—cutting horse and roping horse competition. This in an innovation which was begun last season.

Roping and cutting will be divided into two classes, junior (foals of 1946 or later) and senior (foals of 1945 or before), another innovation made a year ago.

There will be the usual halter classes for yearlings, two year olds, three year olds, four-year olds and older, for stallions and mares. There will also be a halter class for geldings. All geldings are required to show in the performance class.

Social Security Payments to 2257 Panhandle Persons

At the end of June, 2,257 persons in the Texas Panhandle area were receiving monthly payments amounting to \$37,665.00, according to a statement of J. R. Sanderson, Mr. Sanderson is manager of the Amarillo Social Security Office, which services the 26 counties comprising the Texas Panhandle.

Compared with a year ago, Mr. Sanderson states that current figures represent an increase of 20 per cent in the number of persons receiving payments, and an increase of 25 per cent in the amount of the payments. Retired

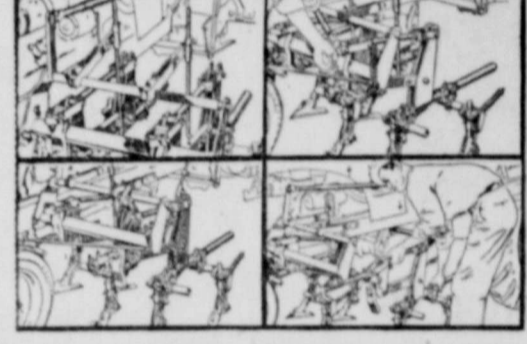

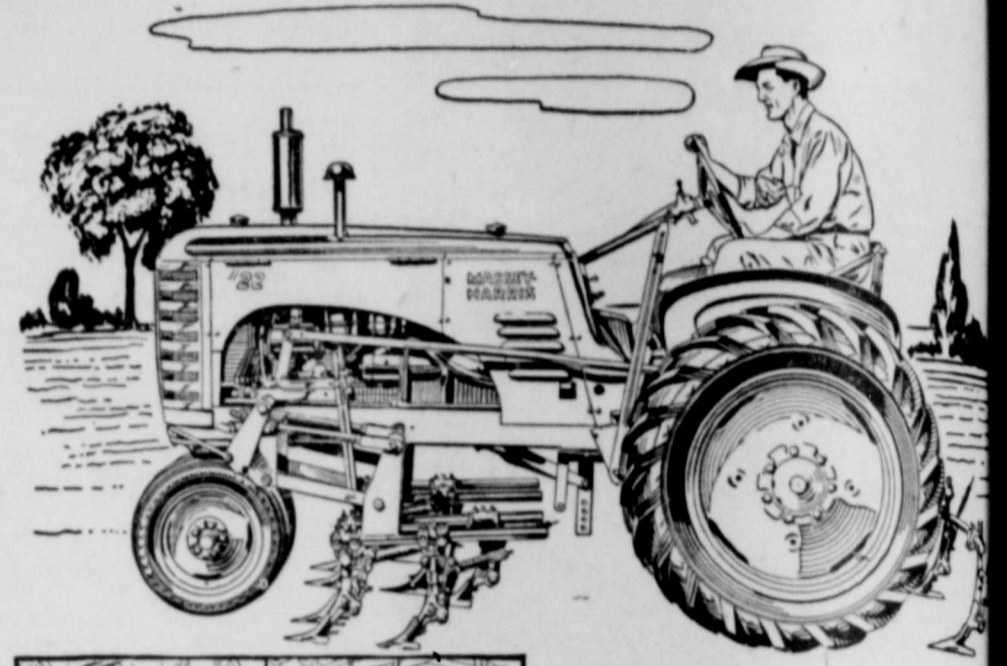

workers and their wives, numbering 1,069 persons, are receiving \$20,413.00 per month. The remaining 1188 persons are composed of widows, children and parents of deceased workers.

Changes to Be Made In Quarter Horse Show at Ft. Worth

There were more than 350 entries last year in the quarter horse show, setting a record for the Southwestern Exposition and Fair Stock Show and the Fort Worth exposition is looking forward to another outstanding show. General dates are Jan. 27 through Feb. 5.

The name, quarter horse, goes back to early days and comes from the speed that this horse displayed at a short distance, usually a quarter of a mile. A quarter horse's temperament adapts him to the handling of cattle and to rodeo contests and general pleasure use. Quarter horses will be in two classes—halter and performance.

The Dollars that Go Farthest are those You Spend for Farm Machinery

This picture of farm prices shows that the dollars you invest in farm machinery today go farther than the dollars you spend for other things.

For in spite of steel prices that climbed over 60% and factory wages that increased over 90%, the price of farm machinery was held down to about 44% over the 1939 level.

In the meantime, farm labor costs stepped up over 200% . . . and the prices of such things as livestock feed multiplied, too. These are things that you had to buy every month . . . even though you found the price tag going higher and higher.

The situation today is that the cost of crop-producing machinery is on a comparatively low level. This is shown by a dash line in the chart above.

It is easy to see that the prices of other things will take quite a tumble to make them as good a buy as labor-saving, crop-saving farm machinery that you can buy today.

Don't be misled by a few dramatic cuts in other lines. member, farm equipment has been and is today your best investment for your money. Be able to recognize the importance of equipment to care for and to harvest the crop that you depend upon for this year's profits.

The firms below are sponsoring this advertisement that every farmer may know the difference in the level of prices in Farm Machinery and other farm expenses and income.

ROAD BLOCK—America's highways are rapidly approaching the saturation point. With car-conscious Americans grabbing new models as fast as motor makers can turn them out, modern four-lane parkways are becoming as crowded as the old two-lane roads. By the year's end, says the Automobile Manufacturers Association, highways will be swarming with a record-breaking 43.5 million vehicles—35.4 million passenger cars, 7.9 million trucks, and more than 200,000 buses. Truck population alone has doubled in the past 15 years, climbing from a little over 3.5 million in 1935 to what will be just under eight million by the end of the year. This unprecedented road burden is causing increasing alarm among the nation's highway officials. California's state highway department places the responsibility for 5 per cent of highway maintenance and construction costs on the demands of trucks. Some estimates lay the blame for 95 per cent of all main highway damage on heavy trucks. These factors, plus steadily rising road maintenance costs, point to a highway support problem undreamed of a decade ago.

BITS O' BUSINESS—Government spending is still climbing. There'll be a \$5.5 billion deficit this fiscal year, says President Truman, citing two reasons: high peacetime expenditures, reduced revenues. Last year's deficit was \$1,800,000,000. . . Industry "Oscar": Standard Oil Company (N. J.) walked off with the gold Oscar of industry trophy awarded by Public Utilities, Group I, according to Local Manager W. V. Coursey.

Competing on a nationwide basis with 48 of the largest public utilities in the United States, Community Public Service Company's fleet of 208 pick-ups and trucks led the field, with only 12 accidents in 2,238,921 miles traveled, or .5 accidents per 100,000 miles.

Presentation of the first-place trophy, a handsome plaque, was made in a ceremony held at the Palmer House in Chicago on October 27, during the National Safety Congress. Field Superintendent C. C. Wager of Fort Worth accepted the trophy on behalf of the company.

Average accident rate for the entire group was 2.3 accidents per 100,000 miles as against C. P. S. Co.'s .5. Second place winner was Montana Power Company of Butte, Montana.

The fleet contest award is the second national first-place award won by the local utility concern in National Safety Council competitions. First place in Group B of combination companies, public utilities division, went to Community Public Service Company in 1945. It was based on lost-time accident frequency rate among employees.

A general safety education program has been carried on by Community Public Service Company among its employees for over 20 years. It is under the supervision of Safety Director W. J. Millican of Fort Worth.

Samples of more than \$300,000,000 worth of toys featured the display.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

Help Decorate City For Christmas

The City Council last week originated a campaign to decorate the City of Memphis for the Christmas holidays by earmarking \$50 for the purchase of lights and other beautification features, and at the same time calling upon other organizations and civic groups to boost the total to at least \$200. Several years ago, it was estimated that it would take approximately \$800 to completely decorate the city with lights. But the Council set as its goal \$200 to be used to "dress up" the square, and other side streets if more than that sum is reached.

This appropriation will be made by the Council providing at least \$150 more is made up by other groups and citizens of the City. Consequently, it is time for all clubs and citizens to start planning to contribute to the project.

Saint Nick comes to town only once a year. It seems that the least the city could do is purchase a few lights, ribbons and other decorations which would tend to lift the visitor's eyes off some of the more unsightly features of the place—and to show them that the holiday spirit has really taken hold of the citizens of Memphis.

Press Paragraphs—

QUOTING OUR NEIGHBORS

The GI Imprint
When GIs began to crowd the nation's college and university campuses after the war, with tuition and subsistence grants paid by the government, many educators feared the result would be a lowering of educational standards. Since then there have been reports, reassuring but so scattered as not to be conclusive, which in Now the New York Times asserts, on the basis of a nationwide survey, that the presence of 2,000,000

GIs in the halls of learning has had a beneficial rather than a detrimental influence on higher education.

By and large, the scholastic records of the GIs have been better than those of their nonveteran classmates. Almost without exception, they have shown diligence in their work and have brought to the classroom a maturity and seriousness of purpose hitherto lacking in the general run of college students.

This indicates that the American people have received a good return for the \$6 billion or \$7 billion so far spent on veterans' education, at least so far as those attending regular colleges and universities are concerned. With the wave beginning to subside, the question now arises: What will be the permanent effect, if any, of this GI invasion on college education?

Almost certainly it will mean permanent elimination of the former ban in most colleges on married students. Will it also mean a greater demand in the future for higher education, perhaps provided at public expense, for those who could benefit by college training but are financially unable to attend? Above all, will it mean a reversal of the trend of recent years toward the entrance of students into college at such an early age that they have not yet developed the "seriousness of motivation" and "classroom maturity" exhibited by the GIs? The answer to these and other questions raised by the GI invasion will be of concern to educators and the public alike.—The Fort Worth Star-Telegram.

First Step to Communism
From The West Point (Miss.) Daily Times Leader
In one of his recent speeches Winston Churchill had this to say about the acts of the Labor Gov-

ernment in Britain, and the men who head it: "They have squandered the reserves and resources which have been gathered in the past and have darkened and narrowed the future of every man, woman and child in this famous island. It is all the more amazing that they should have brought us down like this and given us such hard times during four years when they have not only been eating up our savings, but have enjoyed the enormous advantage of outside help on a scale never before known in the history of any country in time of peace."

The great wartime Premier observed that the United States and Canada have loaned and given England some 7,000,000,000, and added "Our socialist spendthrifts and muddlers have dissipated every overseas asset they could lay their hands on and, in addition have extracted from our people a higher rate of taxation than was required at the very height of the war."

It is true that Mr. Churchill spoke at a political meeting, in his capacity as the leader of the opposition. It is also true that Britain's most acute problems stem from forces and events which were beyond the power of any party to prevent or control. But these facts do not in any way undermine the validity of what he said. The fanatic drive toward socialism and regimentation at any cost, coupled with government seizure of such basic enterprises as the coal mines, the electrical industry, banking, and the rest, has sapped the energy and the will of the British people, no less than their resources.—The West Point (Miss.) Daily Times Leader.

Routine Physical Exams Should Be Given Follow-Up

The schools of Texas have been in session for several weeks. The routine screening tests by teachers and nurses, or the physical examinations of the children by physicians have been completed. They are complete as far as the nurse, teacher, or examiner is concerned, but the "follow-up" to correct any abnormal conditions disclosed is yet to be done. To make these screening tests and the follow-up examinations of greatest value, of the school age children should feel the responsibility and privilege of sharing in a sound and safe future for our country by helping to build good health for the children of today.

Through the check made each

This Week in WASHINGTON

ALTHOUGH PRESIDENT TRUMAN told the 80th congress it could have enacted his program in 15 days, observers here are attempting to add up the score of the 81st congress after it had been in session more than 275 days.

Certainly the President did not get his Fair Deal program through this first session of the 81st congress, but it is miraculous that he squeezed as much as he did from the reluctant congressmen.

On his civil rights program and repeal of the Taft-Hartley act and some other social welfare programs, the President faced a coalition of Republicans and southern Democrats which defeated him. But apparently by threats of keeping them in session, the President was able to get a fair average of the measures he advocated, and he is looking optimistically to the second session in January for the rest of his program.

Democratic leaders pointedly told the President that he was far too optimistic to expect his complete program in this first session of the 81st congress and that he will have a much better opportunity for a united Democratic majority in 1950, an election year.

Some of the program, such as extension of social security has been passed by only one house of congress and will be ready for action next January. The same is true of his aid to education measure which passed the senate and then went on the rocks of religious battle in a house committee.

On his foreign program, the President was successful, winning extension of the reciprocal trade act as it was originally passed. The controversial peril-point clause was excluded over the protest of the high tariff Republicans.

But congress took all there was on foreign aid, including the North Atlantic pact, continuation of the Marshall plan, military assistance and international wheat agreement.

The Republicans will come out of this congress with little in way of a political issue except spending. There is still deficit financing, but the Republican leadership has been pounding away at deficit spending for the past 20 years with little effect. As a matter of fact,

year in the schools the gross defects may be learned, and a more detailed examination may be made

SPORTS AFIELD

By Ted Kestring

A pronounced feeling of pessimism about the future of public hunting followed reports for the 1948 season which showed more game law violations than in any previous year. More arrests, more convictions; more killing beyond bag limits or out of season; more illegal sales of game; more incidents of damaged property and slain livestock; more protests from farmers; more of everything that was wrong about hunting.

This rise in law breaking and generally irresponsible behavior has set many people to asking "How much longer can public hunting continue at this rate?" Do these events foreshadow an approach to the English system under which the average citizen cannot buy a license, get a gun and go hunting?

Outdoor Writer Bill Wolf reports that there is a pronounced trend toward some form of private hunting here, and it is due to lawlessness and bad field sportsmanship as much as any other cause. More and more hunters are joining or forming private clubs which own or lease anywhere from a few to many thousands of acres. More and more landowners are signing off their grounds and allowing only their friends or paying guests to shoot over them.

Under today's conditions, public hunting is largely dependent upon the landowner's tolerance of hunters, and upon the hunters' license money. It's really a co-operative enterprise, but the farmers' tolerance is wearing thin due to discourtesies and vandalism, and the supply of game is wearing out due partly to illegal hunting

Lefors Victory—

(Continued from Page 1)
 Shamrock 14, McLean 7

The Irishmen of Shamrock not only scored their first and second touchdowns of the year, but they rose up to upset highly favored McLean 14-7.

Coach Scott McCall's eleven had been shut out in three previous 2-A meetings, although they had gained a 0-0 tie in one of them. The Greenies pieced marches of 50 and 75 yards together for two first-quarter scores. Fullback Don Lea and Quarterback Gilbert Stripling scored the touchdowns and Oliver McLeome made both extra points. Two Shamrock tallies were nullified.

The loss killed the hopes of the Tigers who had only a 19-19 tie with Memphis to rear a perfect district record. Had they defeated the Irish, the Tigers could have won the title with a victory over Lefors in their game tomorrow night. This week finds all teams in district play for the first time.

kept the Memphians in control of the game most of the evening. Their touchdown drive was good for 70 yards. The Black Shirted Bees have played only three games this season, and inexperience has been a prime factor in the results of the games thus far. The coaches are trying to match another game for the team before the season ends.

30,000 Selectees Will Be Offered Discharge Dec. 1

The Army plans to offer discharges to 30,000 men who entered the military service under provisions of the Selective Service Act, Texas Military District announced this week.

Upon completion of 12 months service, these men will be offered immediate discharge beginning December 1. It is anticipated that most of these men will take advantage of the offer.

Several thousand trained young soldiers will be phased back to civilian life during the next several months with an obligation to serve in one of the civilian components for three to five years, depending on the type of organization they join. This should prove a valuable asset to the Organized Reserve Corps.

The program will affect some 24,000 inductees and 6,000 21-month Army enlistees, who are expected to request separation. However, all 30,000 of the men affected will be offered these options:

1. Immediate separation from the Army, following the completion of 12 months of service, with the Reserve component obligations provided by the law.
 2. Completion of 21 months of service, with the same Reserve component obligation.
 3. Completion of a tour of 33 months of service, which would wipe out all obligations to enter a Reserve component after separation.
 4. Enlistment in the Regular Army for a period of three or more years, which would, of course, remove any Reserve component obligation.
- Also eligible for release after completion of 12 months of service are some 400 officers—ROTC graduates who were ordered to 21 months of service under Section seven of the Selective Service

Hardin-Simmons Plays WTSC at Canyon Saturday

Collegiate gridiron fans of the Panhandle will flock to Canyon Saturday afternoon where an expected capacity crowd is expected to witness the important Border Conference struggle between West Texas State's Buffaloes and the always powerful Hardin-Simmons Cowboys.

Gaining power as the season progresses and displaying a running and passing attack that can explode into touchdowns at any moment, the West Texan are expected to give the heralded Cowpokes more than a little bit trouble.

It has been 26 years since a Buffalo team has come out victorious over a Hardin-Simmons eleven. Panhandle fans are saying that a jinx cannot last forever and that this may be the year.

Hopes for a victory will rest

greatly on the passing of Gene Mayfield, Quitaque quarterback. Gene is presently leading the Border Conference in total offense having peeled off better than 800 yards this season.

Also expected to give great accounts of themselves are backs Bill Cross, Canadian, Charles Wright and Tom Airhart, Canyon; Jimmie Draper, Spur; Wayne Sullivan, Phillips and Frank Wise, Coleman.

Chief problem for the Buffs will be in stopping the running antics of Wilton 'Hook' Davis, celebrated Poke back and the passing wizardry of Glen Ford, quarterback.

Fans desiring tickets for the game can write or call Clark Jarnagin at the College Book Store.

POPPY SALE NETS \$154.97

The Poppy Sale, which was conducted by volunteer workers of the American Legion Auxiliary last Saturday, brought \$154.97, according to Mrs. T. D. Weatherby, chairman.

Wyley Whitley was the first person to buy a poppy, and Joe Durham, Legion commander from Lakeview, paid the highest price for one. The sale started at 8 a.m. and lasted until 5 that afternoon.

Volunteer workers from the Auxiliary included Mmes. Mac Tarver, Charles Drake, Pearl Massey and Doris Pounds. Paid workers included Misses Betty McWhorter, Martha Howard, Nan Crowder and Carmen Durham.

"We want to express our sincere thanks to the entire community for making this sale a success," says Mrs. Weatherby. "We are especially grateful to the Ross and Lemons Store and to Memphis Tire and Supply for allowing us to place our booths in front of their places of business."

Pay Hike Due For Disabled Veterans Soon

Veterans of World Wars I and II and of the Spanish American War will receive increased disability and dependency payments estimated at \$112 million annually under the provisions of a bill recently signed by President Truman, the Texas Military District has announced.

The Veterans Administration estimated that 2,024,000 veterans will be effected under the section liberalizing disability and death benefits. Men of World War I with disabilities presumed to be service-connected will get full compensation instead of the current 47 per cent.

Provisions of the bill applicable to veterans of all three wars increase the length of time for which payments may be made for arrested cases of tuberculosis and set up a new disability schedule based on \$150 monthly for total disability and \$15 for 10 per cent disability. The old rate was \$135 and 13.80.

In addition, the bill grants increased monthly allowances to widows with a child or children;
