Cross To in Wed.

Red Cross Drive in city will get underway when the Lions and clubs will meet jointly on Wednesday. Chairman Gray Carter announced Wednesday he is lining up his throughout the county and will have this by the week end. Carter's quota for 1950 is set at \$2,646. Carter pushes the contributions to at least \$500 quota. Funds are necessary to organization to confine work during the year," Carter said. "Evans' the splendid record Cross has maintained parts of service but many that it is our con- that enable the organi- function." Carter said the civic and service the county were cooper- drive and that early are very encouraging.

NEW CONTRACTS—The Memphis School Board has awarded new contracts to the superintendent, principals and coaches of the local schools. Included were: Superintendent W. C. Davis, left; West Ward Principal Esta McElrath, center, and Junior High Principal George F. Childress. (See additional pictures on Page 4)

Administrators, Coaches Awarded New Contracts

The superintendent, principals, and coaches of the Memphis schools have been awarded new contracts by the Memphis School Board. School Board President Carl Harrison announced that contracts for the coming year have been approved for Ray Newton, high school principal, George F. Childress, junior high principal, Miss Esta McElrath, West Ward principal, Charles York, head coach, and Fred Wright, basket- ball coach. Superintendent W. C. Davis was given a three year contract. Harrison said the administra- tors and coaches were commended by the board for the successful way they have handled their respective jobs during the past year. All of the group but Wright have been connected with the local schools for the past several

years. Wright joined the high school faculty as basketball coach in September. His team this year won second place in the district and a bid to the Regional I-A Tournament. Harrison said that contract for the teachers in the Memphis schools will be awarded at the board's next regular meeting. Other members of the school board are: Matthew Allen, R. C. Lemons, Jack Boone, Roy Coleman, George Cullin and J. A. Anthony.

College Student From Latvia Is Rotary Speaker

Life behind the Iron Curtain and under German rule is entirely different to life in Free America. That is the way Andris Lambert, Latvian, who is a student at Wayland College, Plainville, expressed the difference between a democracy and other forms of government in a speech at Rotary luncheon here Tuesday. In his 30-minute talk, Lambert touched only the high spots of his experience in Europe. While he has been in America a little more than a year, and when he came could not speak or understand English, he has mastered the language to the extent that his hearers have no trouble understanding him, and expresses himself in an impressive manner. Lambert's parents were native Latvians, but were forced into bondage by the Russians in 1914. He was born in the Ukraine (behind the Iron Curtain), and in 1926 he and his parents came back to Latvia where they lived in peace and freedom until 1940 when they were again taken over by the Russians. Having a population of two million people, 45,000 of them were arrested and forced into the mines and other places (Continued on page 8)

JAMES G. WATKINS
James G. Watkins
Is New Manager
Of Gas Co. Here

James G. Watkins of Wichita Falls has been named new local representative for the United Gas Corporation here. Watkins replaces Robert Breed- love who resigned recently to enter private business. "Mr. Watkins is well qualified to take over the duties of the representative at Memphis," Division Manager R. W. Lindsey (Continued on Page 8)

Hall County Heart Drive Is Extended

The National Heart Drive in Hall County will continue through February 25, Scoutmaster Ted Meyers said this week. Scout Troop 35 is sponsoring the drive in cooperation with the American Legion. Meyers said the drive was started late in order not to conflict with the March of Dimes campaign. The small red hearts in which contributions can be made have been distributed in grocery and drug stores by the Boy Scouts, Meyers pointed out. There will be no soliciting and all contributions will be made by depositing money in the small red hearts. "We hope the citizens of this area will drop their contributions in the hearts while in the drug and grocery stores," Meyers said. "The scientists in the National Heart Foundation have begun to find remarkable cures for rheumatic fever and heart disease but they depend entirely on do- nations to continue their work."

WEATHER

Clear skies returned to Hall County this week but the temperature remained about the same as the week past. The week's high, 78 degrees on Friday was four degrees above last week's high of 74. The week's low was 27 on Wednesday. Daily temperature readings, as released by Weather Reporter J. W. McMicken: Wed., Feb. 22, 27 and 28. Tues., Feb. 21, 38 and 70. Mon., Feb. 20, 28 and 72. Sun., Feb. 19, 28 and 65. Sat., Feb. 18, 38 and 50. Fri., Feb. 17, 30 and 78. Thurs., Feb. 16, 32 and 52.

Mrs. Zella Sims, Donley Pioneer, Buried Wednesday

Funeral services for Mrs. Zella Loveless Sims, pioneer resident of Donley County, were held at the family home in Clarendon Wednesday afternoon at 2:30. Mrs. Sims died in a Memphis hospital late Monday night. She had been confined to the hospital for the past several weeks. Rev. Herb Mingus of Burkburnett conducted the funeral services. Burial was in the Citizens Cemetery at Clarendon under the direction of the Murphy-Spicer Funeral Home. Pallbearers were: Carl Bennett, Charlie Bell, Jack Molesworth, W. B. Armstrong, Houston Bell, James D. Gouldy, H. M. Bredlove and Carrol Knorpp. Mrs. Sims was the widow of John Thomas Sims, pioneer farmer and rancher of Clarendon. She came to Clarendon as a bride in 1895. She was a charter member of the Methodist Church in that city and of the Pathfinder Club. She was also a member of the Order of Eastern Star and the Parent-Teacher Association in Clarendon. Mrs. Sims is survived by two daughters who reside in Memphis, Mrs. J. H. Morris and Mrs. L. B. Merrill, and a sister, Mrs. D. H. Davenport of Lakeview. Other survivors include two daughters, Mrs. C. M. Whitmore, Houston, and Mrs. Nettie Sims, Clarendon, and a son, John T. Sims, Pampa. Two brothers, five grandchildren and one great grandchild also survive.

Broiler Contest To Be Held Here For FFA Members

A Broiler Contest for Future Farmers of America in Hall County will begin within the next 10 days. The contest is being sponsored by the Memphis Chamber of Commerce and the Hall County Board of Development, in cooperation with the high school agriculture teachers in the county. FFA members from Memphis, Estelline, Turkey and Lakeview (Continued on page 8)

STATE HIGHWAY COMMISSION APPROVES RED RIVER BRIDGE

Construction of a bridge across Prairie Dog Fork of Red River—an estimated \$236,000 project—will begin in August. The State Highway Commission approved the project Monday. The new bridge will be built south of the Mulberry bridge and will be an extension of State

Highways 256 and 70. It is a major step in the project of obtaining a through paved highway from Memphis to Turkey and Memphis to Silvertown and to other points. Confirmation of this project climaxes two years of effort by the Memphis Chamber of Com-

merce, representing Hall County, and interested parties from Briscoe and Donley Counties. A delegation from Memphis, Turkey, Silvertown, Quitaque and Clarendon traveled to Austin to attend the Monday session of the Highway Commission. Headed by Hall County Judge M. O. Goodpasture, the group included Herschel Combs and Clifford Farmer, Chamber of Commerce, respectively, of Memphis, Roy Russell, Alga Turner, W. B. Mulling, Commissioner J. B. Bush of Turkey, Briscoe County Judge J. W. Lyons and Clarendon Chamber of Commerce Manager W. S. Whaley. Also B. K. Hamilton of Quitaque and Briscoe County Commissioners Alton Steele and Milton Dudley. "You may tell your folks we will get underway on building your bridge by August of this year," State Highway Engineer Dewitt Greer told the delegation at the conclusion of the hearing. He said the project would be completed by August of 1951. The project has been broken down into two cost divisions. Ex-

Juniors To Stage Three Act Comedy Tuesday Evening

"We Shook the Family Tree"—a three act comedy about a very unusual family will be presented by the Junior Class of Memphis High School at the high school auditorium Tuesday evening, Feb. 28. Curtain time is 8 p. m. The plot of "We Shook the Family Tree" revolves around a teen-age girl, Hildegard Dodson (Nancy Stanford), who is tired of being a wallflower in her social set and decides to do something about it. Perhaps she is prompted into action because her school prom—the social event in her life—is approaching. Or perhaps it is because it is Spring that Hildegard decides to give Nature a hand in "turning some young man's fancy." At any rate, Hildegard manages to create quite an uproar in her home and among her friends. Other character include Mr. and Mrs. Dodson (Roddy Stargel and Ann Spoon), a younger sister, Sally (Shirley Foster), Bob (Jack Spry), an older brother, and a younger brother, Jimmy (Allen Pierce). Also in the cast are Paige (Onita Ables), a girl who likes to play sport office, Ellie May (Eudine Gables) who is Bob's heart throb, (Continued on Page 8)

SCHOLARSHIP WINNER
John L. Byars
Named Winner
Of Scholarship

John L. Byars, 17, son of Mr. and Mrs. J. B. Byars of the Lakeview community in Hall county, has been awarded one of the seven Anderson-Clayton Cotton Scholarships for 1949. The scholarships are awarded to the outstanding 4-H cotton producers in the state each year and provide (Continued on Page 8)

Internal Revenue Expert Will Give Tax Advice Here

Having income tax problems? Well, if your troubles are technical ones—meaning difficulty with filling out your return—the Department of Internal Revenue is going to have a representative in Memphis March 2 and 3 to give you assistance. S. Baker Mallett, deputy collector, will be at the Hall County Court House from 8:30 a.m. to 5 p.m. on those dates. No, he doesn't want any money, he just wants to help you fill out your forms. Collector of Internal Revenue Ellis Campbell of Dallas made this announcement this week. "The preparation of individual income tax returns for the year 1949 usually presents some problems to the average citizen," Campbell pointed out. "Since assistance is desired, we are sending a deputy collector to Memphis to help citizens of that area with their income tax problems." Campbell stated that existing laws do not impose this duty upon employees of the Internal Revenue Service, but that they desire to assist wherever possible. "The deputy collector's advice and assistance is extended purely as a courtesy and without cost to any citizen," he said. No help was offered for that most serious of all income tax problems—finding the money to pay it, however.

A PROCLAMATION

WHEREAS, it is the conviction of the United Council of Church Women, in fellowship with all those who seek the divine guidance of our Creator, that the many problems confronting us today can be solved only with the help of Almighty God; and WHEREAS, in order for the church to fulfill its important role of exerting practical witness to the fact of God's purpose in human affairs, thereby advancing the international cause of peace on earth, it is necessary that we be ever mindful of the vast power of prayer in furthering His word and His work and in combating the forces of evil that surround us: NOW, THEREFORE, I, C. C. Hodges, Mayor of the City of Memphis, proclaim Friday, February 24, as WORLD DAY OF PRAYER in this city and ask our citizens to join wholeheartedly in this observance. WITNESS my hand and Seal of the City of Memphis, this 20th day of February, 1950. (Signed) C. C. HODGES, Mayor.

Chamber of Commerce Outlines Ten Point Work Plan For 1950

A ten point program of work for 1950 was adopted by the officers and directors of the Memphis Chamber of Commerce and the Hall County Board of Development at their meeting last week. First on the program, as outlined by the directors, is an enlarged and improved agriculture program. The three main points of this program are encouraging livestock as a supplement for cotton production, sponsoring the Hall County Dairy Show and assisting FFA and 4-H club work. The directors also gave some attention to area development and agreed to continue working for the Red River dam. In the realm of civic affairs, the Chamber of Commerce plans to encourage more housing through veteran and rental units, sponsor clean-up and paint-up campaigns and work for more paving on city streets. A plan for improving highways in the area and encouraging more tourist trade was also discussed. Briefly, this plan entails a reorganization of the Highway 287 Association, promotion of a new

highway to the state park at Palo Dudo Canyon from the Mulberry Bridge, continued interest in Highways 70 and 256 and extension of the "Goodwill Ambassador" cards system. This practice is designed to promote friendliness toward tourists from local persons who meet them while working. The Chamber of Commerce also cast its eye upon the industrial situation and agreed to encourage expansion of present payrolls and bring in new payrolls. Membership work for the coming year will hinge around obtaining 50 new members for the organization and getting more farmer members to assist in the planning. The seventh point of the work program concerns local merchants. The Chamber of Commerce directors voted to promote a courtesy campaign among sales people, encourage the monthly Dollar Days and sets uniform days for holidays. The directors set up three social groups to deal with public affairs. These are the city and county planning committee, the

health and sanitation committee and the state and national affairs committee. Public relations activities of the organization will center around the publicity committee, the co-ordinating committee and the speakers bureau and information service. The co-ordinating committee is a new group with the sole purpose of arranging Chamber of Commerce activities to avoid conflicts. This committee will be composed of representatives from all clubs and organizations in Memphis. The Chamber of Commerce outlined their recreation plans only briefly. They have devised this project into youth and adult programs and said further plans will be announced later. Officers and directors present at the meeting were Herschel Combs, president, Wendell Harrison, vice president, W. B. Wilson, secretary, Clifford Farmer, manager, and James F. Smith, H. J. Howell, Carl Harrison, R. C. Lemons, J. W. Coppedge, Roy Coleman, Ace Galley and Tomie Potts.

Lakeview Girls Play At Tulia

The Lakeview girls basketball team will play Kirkland at 5 p. m. today in one of the first round games of the District 20 Tournament being played at Tulia.

The tournament will run through Saturday night with a trip to the state tournament in Waco next month awaiting the winner.

Lakeview's feminine hoopsters won a right to the district session last week when they beat Turkey 42-24 and Estelline 27-19 to annex the Hall County title.

Coach E. J. McKnight's starting sextet includes: Lawana Henry, Jettie Sams, Norma Jean Nabors, Nancy Barkley, Louis Blewer and Rita Jean Harmon.

The Lakeview girls have won 21 games this season while losing four. Lawana Henry is the team's leading scorer with 248 points. Norma Jean Nabors is second with 234.

Jettie Sams has scored 145 points, Louis Blewer 29, Nancy Barkley 17 and Rita Harmon 14.

There are teams from 14 counties entered in the Tulia tournament. Other than Lakeview, these teams include: Hedley, Samnorwood, Vega, Bovina, McLean, Kirkland, Panhandle, Dimmitt, Canyon, Mobeetie, Claude, Silverton and Happy.

Honey bees are sold by the pound.

There are approximately 5,000 honey bees to the pound.

Male mosquitoes live on flowers while females live on animals.

The giant tortoise has been known to live as long as 300 years.

Gibson Ranks Third Among Tech Cagers

The hottest player in the Border conference at the moment is Jiggs Jackson, Texas Tech senior guard from Monument, N. M.

Jackson during the last two weeks has leaped from 26th among conference scorers to fourth with 87 points in five games against stiff Arizona opposition. His upsurge gave him a total of 254 points for the 21-game season and 160 in the conference, and average of 12-1 points per game against all foes and 13.3 in the Border loop.

Jackson passed three teammates on his way up, moving Gene Gibson, senior center, to eighth spot in the conference, and Forward Jack Alderson into ninth place, while Forward Charles Pinnell, out of action with illness the past four games, remained in 19th spot.

For the season, Alderson, Lubbock sophomore, had 240 points; Gibson, Lakeview, 218, and Pinnell, Andrews junior, 124. Verdell Turner, Lubbock sophomore, also surged upward to get 165 points for the season.

Texas Tech, back from an unsuccessful road trip through Arizona, will meet the New Mexico Aggies in Tech gym Tuesday night and the Texas Western Miners the following night. Tech lost to the Aggies on the road in December and upset the Miners in an overtime game in El Paso. Tech's Red Raiders have been improving each game. Pinnell

Gowdy Scores 54 Points For 4-B Top Spot

Lakeview's J. Gowdy led the scorers in the District 4-B Tournament by scoring a total of 54 points in four contests. He led his nearest rival for shooting honors, Lewis of Quitaque, by 15 points but had the advantage of playing in one more game.

Quitaque's Holcomb was in third place with 38 points for three tilts.

Gowdy collected most of his points the hard way—via the field goal route. He sank 24 two-pointers.

Estelline Boy New Pledge In Po Kappa Alpha

The Oklahoma A&M College chapter of Pi Kappa Alpha has announced the formal pledging of Nathan Berryman from Estelline.

Berryman is a sophomore in the school of engineering. Pi Kappa Alpha, national social fraternity, was installed on the Oklahoma A&M campus in 1939. The fraternity strives to maintain a well-rounded cultural and social organization with emphasis on scholarship, leadership, social activity, athletics and character.

Tech Enrollment Reaches 5,425 For Spring Term

Enrollment at Texas Technological college for the spring semester has reached 5,425 students, Registrar W. P. Clement reports.

Clement says the figure represents a slight decline from the fall semester when 5,644 students were enrolled at Tech. Miss Evelyn Clewell, assistant regis-

CARD OF THANKS

Words fail us when we try to express our thoughts and the love we have in our hearts for everyone who was so thoughtful and kind to us during the illness and death of our darling mother, grandmother and sister. We are thankful for every deed of kindness, every word of comfort spoken and the beautiful flowers. If there is ever a sorrow that darkens your way, may you always find just such loving friends to help and to comfort you. That the richest of God's Blessings may come to you all is our prayer.

Mrs. W. G. Graham and Billy Mrs. C. S. Needham and family Mr. and Mrs. L. A. Spruill and family Mr. and Mrs. J. L. Spruill and family Mr. and Mrs. B. F. Spruill and family Mrs. Georgia Culverhouse.

will return to action, but he may have trouble displacing Ted O'Neil, Wellington sophomore, who blossomed out when forced into the lineup during the Andrews' lad's illness.

trar, says the graduate division has shown a large increase, however. The division enrollment increase from 337 students during the fall term to 398 for the present semester.

Other enrollment figures for the division (with fall semester enrollment in parenthesis): arts and sciences, 1,939 (1,967); engineering, 1,304 (1,532); business administration, 749 (804), agriculture, 722 (727), and home economics, 314 (367).

Despite the enrollment drop, Tech remains the third-largest state-supported college or university in Texas.

West Texas State Plans Expanded Summer Semester

Registration for one of the most well-rounded summer school sessions in the history of West Texas State will be June 2 and 3 as announced this week by Dr. Walter H. Juniper, dean. Class instruction for the first 6 weeks term will begin Monday, June 5. Registration for the second 6 weeks term will be Monday July 17 with class work beginning on the 18th. Graduation exercises have been planned for the

night of August 23 in Buffalo Stadium.

The instructional faculty for the stream-lined summer session will consist of 59 expertly trained personnel with programs worked out to offer teachers, business people, and undergraduates the very latest in methods and operational means.

For either summer session, 1950, a person may earn 6 hours of credit. Tuition for either term will be \$20.00 for a resident and \$50.00 for non-residents of the state. Fees will be based upon the session's work and not upon the number of credit hours for which the summer student is enrolled.

Prospective students desiring room accommodations are urged to

write at their earliest convenience to either the Dean of Men or the Dean of Women.

Other than regular instructional courses offered with the latest of methods and equipment being used, the college has planned several other outstanding programs for summer students. Among the most unique is the Week-End Educational Tours to be conducted by Professor Ples Harper of the Modern Languages department. Tours to points in Colorado and New Mexico will be available for interested students.

George I of England was a German and could not speak English.

TESTS AT TECH PROVE VALUE OF ARTIFICIAL INSEMINATION

A farmer who thought artificial insemination program were "a lot of dern nonsense" has become one of Texas Tech's most faithful supporters, now that he has four fine-looking calves, all bred artificially.

Since December of 1947 the Tech artificial insemination program has been offered to cattlemen and dairy farmers within a 28-mile radius of Lubbock. In that time, some 1,500 calves have been delivered through the program and technicians W. T. Hayden and H. D. Schwarz now give as many as 60 services a week.

Through the program cattle owners have all the advantages of owning a registered bull which would ordinarily cost from \$1,000 to \$5,000. The Tech program uses gulls like Meierkord Sir Tribune Babe or Carnation La-

mar Creamery Governor, under a plan approved by the Purebred Dairy Cattle association.

"Babe" is the sire of 28 daughters which produced an average of 501 pounds of fat in 309 days on two-thirds milking schedule. "Governor" is the son of Governor of Carnation, and his ten nearest dams averaged 27,457 pounds of milk in one lactation period, almost a world's record.

With sires like these two around, it's not surprising that South Plains farmers quickly accept the artificial insemination program. From the offices located on the Tech campus the technicians make service calls three days each week for \$6 per call. Special calls on a particular sire cost \$25, but most farmers prefer the regular schedule which, incidentally, is guaranteed under

ANOTHER YEAR—High School Principal Ray Newton, Head Coach Charles York and Coach Fred Wright have received new contracts for the coming year. Newton assists York and Wright in the athletic department in addition to his duties as principal of the High School. (See story, Page 1)

Phones 463-160 J. E. ROPER WE DELIVER

Remember--

That we are working hard to get more new cars so that we may have colors and body styles for everyone. But, due to troubles beyond our control—coal strikes and steel shortages—we are not getting nearly enough cars.

We also believe in servicing what we sell. Being just a little better makes a whale of a lot of difference. "Be First In Service and You'll Stay First In Business" is a motto of our shop.

Studebaker's 30 percent increase in sales has placed Studebaker in the Big Four class of the automobile business.

The outstanding performance characteristics of the Studebaker—especially its fuel economy and endurance—and the high trade-in value are some of the reasons cited for its wide acceptance.

Scouts Plan Camping Trip For Weekend

ordinary conditions.

Hayden and Schwarz collect semen on Tuesdays, Thursdays and Saturdays for use on the regular Monday, Wednesday and Friday runs. It is kept at temperatures ranging from zero to less than 40 degrees, and must be used within three days after the collecting period.

Boy Scout Troop 35 is planning an overnight camping trip for this coming week end. Scoutmaster Ted Myers said this week.

The service is offered only to owners of Holstein, Jersey, Ayrshire, Guernsey and Brown Swiss cows. All studs are registered and if the dam is registered a certificate is furnished for the owner.

Agriculture Dean W. L. Stangel and Dr. J. J. Willingham, head of Tech's dairy manufactures department, agree that an increased use of the program stems from a South Plains milk shortage. An estimated \$750,000 annual importation of raw milk from the midwest since 1941 has induced many farmers to resume dairy production, they said.

Myers said the boys should assemble at the Library Park at 5:30 Friday with their bed rolls and camping equipment. He said the Troop will break camp and be back in Memphis by noon Saturday. Myers stressed that the boys be at the Library Park by 5:30 so a camp site could be located before dark.

Hayden and Schwarz have plenty of stories about herd owners who were skeptical when the service was first introduced. Some believed they might get a calf that would fit with a carnival side-show, but not a good milk producer.

Myers and 11 scouts from the Troop went on a hike Sunday afternoon at the Brookhollow Club. The purpose of the hike was to find the old Indian camping grounds in that region and to look for Indian relics.

"It's been proved that the conception rate with artificial insemination is slightly higher than the natural means," Hayden and Schwarz agreed.

In the 25 months the service has been offered the two technicians have travelled 22,500 miles making service runs. They are well known throughout the region now, and don't need to convince farmers any more.

"They're really sold on it," Hayden concluded.

Scout Buys Barber Shop

Raymond Sisco

(Continued from Page 1)

Mr. and Mrs. Claud Sisco of Tell, and five sisters: Mrs. Ethel Wilson, Miss Marzell Sisco, both of Tell, Mrs. Lorene Matlock, Mrs. Bessie Dozier and Mrs. Margie King, of Parnell.

Five brothers also survive: Withrow, Wallace, Jesse, Quinon and Stanley Sisco, all of Tell.

Other survivors include a grandmother, Mrs. Addie Foley.

Bamboo is a grass which grows to a height of 50 or 60 feet.

Scoutmaster Myers announced this week that he has purchased the Barber Shop and will assume management of it on March 1.

James Hoskins Faces Theft Charges Here

Deputy Sheriff W. B. Baten disclosed this week that a record check on James Hoskins, now in the county jail here awaiting trial, revealed the Negro has been arrested six times previously on burglary and felony charges.

Hoskins is charged with theft here, specifically, the theft of between 1400 and 2000 pounds of cotton. Hoskins has admitted the thefts, Baten said.

The first occurred on January 30 when a quantity of cotton was taken from the farm of Henderson Smith, near Newlin. Baten said Hoskins admitted taking 580 pounds of cotton from this farm although local officers believe it was a larger quantity.

The loss was reported by J. C. Fulton who had been authorized by Smith to pick up the cotton after the strippers had finished. Fulton found his job already completed.

R. T. Grisham, whose farm is about two miles south of here reported the next loss on February 8. He had left two piles of cotton in a field and noticed one of them gone on that date. About 900 pounds was taken from his farm.

Immediately after Grisham reported his loss, Baten began an investigation which quickly led to the arrest of Hoskins. Baten tracked the tire tracks of the car Hoskins was driving to a location about six miles southeast of here.

Baten said a Knobby tire on Hoskin's car made tracking fairly simple. He will be tried here, Baten said. The cotton belonging to Smith had already been sold but that which was taken from Grisham was recovered.

Mrs. and Mrs. Herbert Johnson of Big Spring visited her parents, Mr. and Mrs. I. A. Seiwel the next week end.

Roach Dies Of Fight Injuries

An Associated Press news flash early this afternoon reported that Lavern Roach, middleweight boxer from Plainview, died in a New York hospital today.

Roach suffered head injuries last night when he was knocked out in the 10th round of his fight with George Small, Brooklyn middleweight.

Roach formerly lived in Memphis and attended school here for several years. He was a nephew of Mr. and Mrs. Dewey Roach of Memphis.

PMA Allowances Cut To \$1,000 Per Individual

The amount that individual farmers can make by practicing authorized conservation methods has been reduced from \$2,500 to \$1,000 by the Production Marketing Administration here.

This decision was reached at a meeting of the local PMA Committee in the office of Secretary Lynn McKown Friday.

McKown said this cut was

necessary because of a shortage of funds.

He pointed out that this new ruling will have no effect on farmers who have already exceeded the \$1,000 limit. The limit will be applied to all future conservation work, he said.

Cotton farmers can deduct costs by planting and treated seed.

Samuel F. Whiteside is Honoree of a Lovely Tea and Shower Friday

The refreshment table, placed at the south end of the large room, was a center of special interest. The table was laid with a hand-made linen cloth adorned with drawn-work and appointed in crystal. A lovely arrangement of daffodils, woodwedge iris and accacia flanked by yellow tapers in crystal holders formed the centerpiece. Mrs. Herschel Combs, Mrs. Robert Sexauer, Mrs. Clyde Milam and Mrs. Wyley Whitley alternated at the crystal punch bowls, placed at opposite ends of the board.

A clever and original program, written and presented by Mrs. Joe DeBerry, added a delightful feature to the party. Written in poetry and music, the skit portrayed the life of the bride from birth until the day of the shower. Beginning in early childhood outstanding events of the bride's life were relived as a group of students brought out events of the past.

Edna Earl Gardenhire brought out the happy carefree days of childhood with the reading "Dress Up Ladies."

Recitals in piano and reading were portrayed by Jan Smith who played "The Bee" by Shubert and Audrey Beth Burnett who read "Boys."

Elizabeth Grundy gave a clever imitation of the bride selecting

ATTRACTIVE TEA SHOWER—Mrs. Samuel F. Whiteside, the former Miss Gloria Virginia Howard, was named honoree at a lovely tea shower given Friday afternoon at the American Legion Hall. Dainty refreshments were served from the attractively appointed tea table to approximately 150 guests who called during the party hours. Shown in the picture, left to right, are the honoree's aunts, Mrs. Estelle Essex of Los Angeles and Mrs. M. D. DeSantis of New York; her mother, Mrs. A. W. Howard; another aunt, Mrs. S. G. Doshier of Oklahoma City; the honoree; and the bride's sister, Mrs. Charles Imbortino of Coronado, Calif.

Miss Willie Pearl Gillespie Becomes Bride of Lloyd Branum in Hollis Rites

Miss Willie Pearl Gillespie of Memphis, daughter of Mr. and Mrs. C. L. D. Gillespie, became the bride of Lloyd Branum, son of Mrs. Lessie Branum of Memphis Saturday, Feb. 4 in Hollis, Okla.

Attending the couple were Mr. and Mrs. Richard Wood of Brice.

The bride, who is the niece of Mr. and Mrs. H. L. Gillespie of Memphis, is a graduate of the Lakeview High School with the class of '49.

The groom at the present time is stationed at Fort Sill, Okla., however, the couple plan to make their home in Memphis in the near future.

WILLIE PEARL BRANUM

A lovely refreshment course was served to Mmes. Rex Snell, Ottilie Jones, Claud Johnson, T. B. Rogers, Jack Boone, C. C. Meacham, Ollie Lee, Tommie Potts, O. R. Goodall, H. H. Lindsey, and one guest, Mrs. Roy Coleman.

Blue Bonnet Club Meets in Home of Mrs. George Cullin

The Blue Bonnet Needle Club met Friday afternoon, Feb. 17, in the home of Mrs. George Cullin.

Needle work and conversation entertained throughout the party hours. A new member, Mrs. Rex Snell, was welcomed into the club.

Posey served delicious refreshments consisting of sandwiches, potato chips, olives, nuts, and hot chocolate.

Whistler, the painter, used a butterfly as his signature.

her wardrobe prior to entering Town School. A musical reading, "To Marry or Not to Marry," was given by Margaret Ann Massey. She was accompanied at the piano by Patsy Sue Hays.

Concluding the program, the honoree gave two piano selections expressing in music her appreciation for the lovely array of gifts which were on display about the room.

Hostesses for the affair included Mmes. J. S. McMurry, Seth Palmeyer, Wyley Whitley, T. M. Harrison, Joe DeBerry, Herschel Combs, S. B. Foxhall, Chas. Oren, C. D. Morris, Drucilla Householder of Amarillo, Otho Fitzjarrald of Amarillo, R. H. Wherry, Lloyd Phillips, Frank Monzingo, Clifton Burnett, Robert Sexauer, Clyde Milam, W. C. Davis, Henry Scott, Emma Baskerville, Henry Foster, W. T. Hightower, Conley Ward, R. E. Clark and Misses Mary Dru McCollum and Martha Perkins.

Approximately 150 friends of the honoree called during the party hours.

CARD OF THANKS
To all the many kind and thoughtful friends who have been so helpful to us at the tragic loss of our dear wife, mother and grandmother, we express our most sincere and heartfelt thanks. Words are not adequate to state our full appreciation. Such spontaneous acts of generous spirit can only be manifestations of God's love. May he be as kind to you in your every hour of need.

Walter Bownds and family
Mr. and Mrs. W. A. Anthony
and family.

Fine Arts Used As Program Theme For 1913 Club

What is new in Music, Poetry, Art and Drama made up the program presented by Mmes. Mae Tarver, M. McNeely and Boyd Rogers at the 1913 Study Club meeting February 15 at the home of Mrs. Tarver.

Featured during the business session, presided over by the president, Mrs. Tarver, was a discussion of plans for the District Federation meeting to be held in our city the latter part of April. A report was made of the planning committee luncheon held recently in the home of Mrs. D. L. C. Kinard with the District President and Program Chairman for the Spring convention.

The meeting was brought to a close with a social hour during which refreshments were served to the following members: Mmes. Bray Cook, George Craft, L. G. DeBerry, Chas. Dryden, Allen Dunbar, A. L. Galley, D. L. C. Kinard, R. S. Greene, M. McNeely, Boyd Rogers, R. C. Walker, E. M. Wilson, Brown Smith, and Mae Tarver.

The next meeting will be March 1 in the home of Mrs. L. W. Stanford with Mrs. R. C. Lemons assisting.

Resuscitator Is Demonstrated To Delphian Club

The Delphian Club met Tuesday, February 21, in the home of Mrs. B. B. McMillan.

Because of the illness of Rev. Roy Shahan who was to have spoken to the group on "Happiness Through Religion," a substitute program was presented. J. W. Vardeman of the Memphis Fire Department demonstrated the use of the resuscitator which is now available for emergencies such as heart attacks, drowning, carbon monoxide poisoning, choking, or being overcome by smoke. A question period followed the demonstration. The members are very grateful to Mr. Vardeman for the timely program.

Mrs. Henry Hays, president, conducted the business meeting. The hostess served a lovely refreshment plate to Mesdames A. Anisman, Jack Boone, W. C. Davis, Calvin Draper, Gordon Gilliam, Henry Hays, Earl Hill, Bill Kesterson, Weldon McCreary, C. D. Morris, Clarence Stroehle, J. W. Stokes, R. H. Wherry, Lynn McKown, O. R. Goodall, and Misses Gloria Gosch, Maud Milam and Zady Belle Walker.

OES Chapter Meets in Regular Session Tuesday

Memphis Chapter, Number 351, Order of the Eastern Star, met Tuesday evening, February 7, in the Masonic Hall with the worthy matron, Mrs. Anna May Foster, presiding assisted by Irvin S. Johnson.

A lovely arrangement of blue and yellow flowers graced the East and soft lights illuminated the altar on which lay the white Bible.

Mrs. Vay Hammond and Mrs. Elsie Gidden led the officers in the opening march. The chapter was opened and a business meeting was held after which the worthy matron gave a lecture on patriotism.

Mrs. Gladys Martin of Esteline Chapter Number 235, was welcomed as a guest. Following the meeting a social

hour was held and Mrs. Katie

VALLANCE'S

Recipe of the Week
BY MARY LEE TAYLOR

Barbecued Ham Roll

Broadcast: February 25, 1950

- 1/4 cup finely cut onion
- 2 tablespoons hot shortening
- 1/2 cup Fat Milk
- 1/4 teaspoon salt
- 1/4 teaspoon pepper
- 2 cups cooked rice
- 1 large 1/4-inch thick slice smoked ham (1 lb.)
- 4 bacon slices
- 1/2 cup catsup
- 4 teaspoons vinegar
- 1/2 cup water
- 1 tablespoon Worcestershire sauce

Turn on oven; set at moderately slow (350° F.). Cook onion slowly in shortening in saucepan about 5 min. Add milk, salt, pepper and rice. Cook and stir over low heat about 3 min., or until milk is absorbed. With spoon, shape into roll lengthwise on ham slice. Roll up and secure with bacon slices; fasten ends of bacon with toothpicks. Put into baking pan, folded side down. Bake 45 min., then drain off fat. Pour into pan a mixture of rest of ingredients; bake 45 min. longer, spooning sauce over ham 2 or 3 times. Cut crosswise in 4 thick slices; serve with the sauce.

You Will Need:

Atalantean Club Committees Named For Coming Year

Mrs. Myrtis Phelan, assisted by Mrs. C. W. Kinslow entertained the Atalantean Club on Wednesday afternoon, Feb. 15, at her home in Memphis.

Arrangements of red carnations and maidenhair fern entwined with hearts and red glad-oli decorated the receiving room.

Mrs. T. M. Isham, presided for the business discussion in the absence of the president, Mrs. H. J. Howell.

Mrs. Isham named the following committees for the coming year: Program, Mrs. Erwin Smith, Mrs. H. J. Howell, Mrs. John Fowler, Mrs. C. W. Kinslow; Social, Mrs. S. B. Pallmeyer, Mrs. W. C. Dickey, Miss Imogene King, Mrs. Myrtis Phelan, Mrs. J. H. Morris and Mrs. Ed Monzingo; Courtesy, Mrs. J. W. Coppedge and Mrs. D. A. Neeley; federation, Mrs. J. A. Odum and Mrs. J. H. Norman; legislative, Mrs. Robert Sexauer and Mrs. N. A. Hightower; finance and budget, Mrs. Robert F. Spicer, Mrs. Bob Roberts and Mrs. H. B. Estes; Music, Mrs. Henry Foster and Mrs. Ed Monzingo, scrap book, Mrs. Claud Johnson, nomination, Mrs. H. J. Howell, Mrs. C. R. Webster and Miss Gertrude Rasco.

Roll Call was answered with "I Recently Read."

Miss Imogene King introduced the program "Contribution of Races to Culture" and presented Mrs. Ed Monzingo, who was leader for a panel discussion of art, music and literature. Mrs. Monzingo was ably assisted by Mmes. Edwin Smith and Robert Sexauer.

Mrs. Smith gave an interesting discussion of art and modern artists. Mrs. Sexauer presented

Mrs. Long Is Needle Craft Hostess Wed.

The Needle Craft Club met Wednesday afternoon at 3 p. m. in the home of Mrs. Marion Long.

A short business session was held, presided over by Mrs. Ed Crump, president. Following this, the group did needle work for the hostess.

A delicious salad course was served to the following members: Mrs. Henry Newman, Mrs. Fred Erwin, Mrs. Ed Crump, Mrs. Robert Cummings, Mrs. Nat Bradley, Mrs. J. M. Ferrel, Jr., Mrs. T. J. Hampton, Mrs. T. D. Weatherby and the hostess, Mrs. Long.

The next meeting of the club will be held on March 7 in the home of Mrs. B. B. McMillan.

Mr. and Mrs. Henry Boyd Newman of Amarillo are the parents of a boy, Henry Phillip, born in that city on February 13. Henry Phillip weighed eight pounds 11 ounces. He is the grandson of Mr. and Mrs. Henry Newman of Memphis.

Most poisonous of all snakes is the King Cobra.

her discussion of American Literature in story form telling of Theodore Dreiser, Sinclair Lewis and giving the psychology of Eugene O'Neill's drama, "Mourning Becomes Electra" and "The Hairy Ape."

Mrs. Monzingo concluded the program, telling of musicians, past and present, and playing a number of selections on the piano.

Refreshments were served to the following members: Mmes. Claud Johnson, T. M. Isham, S. B. Pallmeyer, Ed Monzingo, Edwin Smith, Robert Sexauer, N. A. Hightower, C. R. Webster and Miss Imogene King.

Society News

Planning resumption of normal living with this disaster stricken family of East Prairie, Mo., following mid-January floods is the task of the Red Cross worker. Scenes like this are duplicated in Arkansas and Illinois following floods that drove 30,000 from homes, damaged household furnishings and buildings. Financial aid and planning for future are Red Cross contributions to those without sufficient resources to get back to normal, made possible by annual generous gifts of American people to organization. Such aid was given in 330 disasters last year for total of \$6,574,741. About 70 per cent was spent for long-term rehabilitation. Remainder went for immediate emergency care.

Special Service Honors Esteline Senior Class

Members of the 1950 graduating Class of Esteline High School were honored by a special service on Sunday at the Esteline Methodist Church. The Young People's Class was in charge of the selected numbers.

The special service was planned to honor Gene Gardenhire, the only member of the young people's class, who will graduate from the high school this year. Gene is an outstanding student and athlete, and was voted most popular boy in high-school by the student body this year. He played on both the football and basketball teams, and participated in all school activities.

Special numbers on the program included "Whispering Hope" by the girls and a violin solo, "The Holy City" by Gene Gardenhire.

Rev. Albert Cooper delivered a message of interest to the graduating class.

BUFFET DINNER
Following the church service, Mrs. L. A. Tucker, teacher of the young people's class, entertained class members and graduates with a buffet dinner at her home. She was assisted by mothers of the class.

The guests were seated at four-some tables which were centered with cut flowers of red, white and blue flanked by red tapers. Places were marked by colorful hatchets and cherry blossoms motifs.

The menu consisted of baked chicken, dressing, gravy, green beans, fruit salad, pickled peaches, hot rolls, cheese, celery, butter, punch, coffee and brick ice cream with red hatchets and angel food cake decorated in hatchets and flags.

Those present were, Judy Bell, Ernestine Rea, Clifton Smith, James Misenhimer, Bob Helm, Dwain Patterson, Gene Jouett, Joye Lynn Davis, Gerald Fowler, Bobbie Davis, Jim Moore, Wanda

Bell, Anita Dunlap, Norma Faye Williams, Edward Cooper, Bobbie Lee Adams, Shirley Spduill, Charles Gardenhire, Gene Gardenhire, Mrs. F. E. Kennedy, Superintendent and Mrs. C. O. Gregory, Mr. and Mrs. G. H. Gardenhire, Reverend and Mrs. Albert Cooper, Mr. and Mrs. Andy Dunlap and Dean, Mr. and Mrs. Arlie Jones and Gay Nell, and Mrs. Cecil Adams, Pete Davis and Smokey and Mr. and Mrs. L. A. Tucker and Lanny.

Negro Confesses Check Forgeries Here Wednesday

Syvutus Wesson, 18-year old Negro from Arkansas, is now in the Hall County Jail charged with check forgery... Wesson was arrested Wednesday night by Deputy Sheriff W. P. Baten and Ellis Divorce, special deputy at Morningside.

Stewart Steak House Will Have Official Opening Here Mon.

The Waffle Shop is now under new management and will be called the Stewart Steak House following its formal opening Monday.

College Student

(Continued from Page 1) of labor. Families were separated, many men never saw their families again, many women never saw their children again, and for a year all prayed for deliverance.

against other countries. Lambert was in a concentration camp and was treated badly until his health was impaired. He witnessed many atrocities against the prisoners and civilians—reports heard by Americans about those crimes were understated, he said.

Finally, in 1944, Lambert and his father and mother escaped to Estonia, and then took a small sail boat for another country. Storms wrecked the sails of the boat and they were helpless on the water. "Imagine how we felt when a Swedish navy ship came along and picked us up. We remained in Sweden until the close of the war and later came to America under the Displaced Persons Act."

While a high school student in Latvia, Lambert was expelled because his father was a Baptist minister and therefore was against labor, the authorities claimed.

"I am glad to be in this country of Freedom and Democracy. I hope you people of America appreciate your freedom and will always strive to keep it so. Communism has no place here, but if not checked will make inroads upon your freedom. Communists are taught and are required to do everything to overthrow your government. I don't believe America can force peace with the Atomic bomb. Only through God and Christianity can peace ever be attained," the speaker said in closing.

Political Announcements

- For Representative 121st District: A. J. ROGERS
For District Attorney, 100th Judicial District: ALLEN HARP, W. M. TUCKER
For District Clerk: MRS. ISABEL CYPERT
For County Judge: M. O. GOODPASTURE
For County Attorney: C. LAND
For Sheriff: ELLIS D. BRIGGS, T. D. WEATHERBY, EARL HILL

James W. Watkins (Continued from page 1) said this week. "We hope the Company's customers will give him the same measure of support they so generously gave his predecessor, Mr. Breedlove." Prior to his new appointment, Watkins was a service man in the division office of the United Gas Corporation at Wichita Falls. He began his service with that company in 1941 in Wichita Falls where was attached to the maintenance crew. Following four years of service in the United States Navy during World War II, he rejoined the company as a service man at Vernon. Watkins said his wife and small daughter, Gail, will join him in Memphis as soon as a home can be located. They are members of the First Baptist Church.

of 1948 when he and J. Claude Wells, then chairman of the highway committee, held a conference with Highway Engineer Greer in Austin. "At that time plans were made for the tri-county effort to get the gap on this north-south highway filled," Farmer said. The project was turned down by the Highway Commission in November of that year but the Chamber of Commerce continued pushing the construction by inviting Greer and Highway Commission Chairman Fred Wemple to Hall County in February of 1949 to inspect the situation. Farmer and Judge Goodpasture, along with a group from Silverton and Clarendon, appeared before the Commission again in April of 1949 but could get a promise of construction "funds are available." Farmer pointed out the first major project, the 1950 Chamber of Commerce endor to be succeeded.

Broiler Contest

(Continued from 'age 1) will participate in the contest. The contestants will be furnished 50 hybrid chickens which are being ordered especially for this contest. The chickens will be cared for by the contestants until they are 10 weeks of age. At that time the show and contest will be held. The entries of the contestants will be graded on the following points: cost per pound of gain, 30 points; neatness and accuracy of records, 20 points; total pounds at 10 weeks, 30 points, and show placing, 20 points.

State Highway

(Continued from Page 1) penditures on the bridge are expected to total \$174,000 while the extension of the highways will cost some \$60,000. Highway 256 will be extended to the bridge in a southerly direction, by-passing the old Battle Creek bridge and will be paved to the point of the new bridge. The highway will be extended across the river several miles to a point where a "Y" junction can be made, branching toward Turkey and Silverton. Commenting on the project, Chamber of Commerce Manager Farmer said its successful conclusion marks two years of hard work on the part of the local organization. He said that he believes the real groundwork for Monday's confirmation was laid in August.

John L. Byars

(Continued from page 1) a \$200 college scholarship for each winner. Floyd Lynch, state 4-H club leader of Texas A. & M. College made the announcement. John is well known in 4-H circles in Texas. He is a member of the Lakeview 4-H Club, a senior in high school and has completed six years of 4-H work. He has been president of his local club three times; is a Gold Star boy; was the state winner in the Farm Safety Contest in 1947 and won a trip to National 4-H Club Congress, Chicago, and in 1949, received a gold watch for conducting the best 4-H program in Hall county. He has 64 ribbons to show for his efforts on exhibits at fat stock shows and fairs. He has conducted demonstrations with beef and dairy cattle, swine, poultry, field crops and gardens. In 1949, his cotton demonstration consisted of 20 acres and he planted the Northern Star variety. The land was listed and relisted before planting and after the crop was up the usual weed control and cultivation methods were followed. He dusted his crop twice with sulphur and DDT to control the cotton fleahoppers and used toxaphene to control grasshoppers. He harvested 5,000 pounds of lint cotton for an average of 250 pounds per acre. The \$1,070 which he netted from the demonstration will be used to help pay his way through Texas A. & M. College. He expects to enroll next fall and will study animal husbandry. His crop was grown on terraced and contoured land and was not irrigated. He believes that the good yield was due to planting good seed, the crop rotation system that is followed on their farm, soil and water conservation practices and methods used, insect control and planting treated seed. The scholarship which he has won is provided by the Anderson, Clayton Company of Houston. His demonstrations have been supervised by Hall county agricultural agent W. B. Hooser.

Junior Play

(Continued from page 1) Jill (Patricia Alexander), Freddie Shermer (Sheldon Anisman), a stylish young fellow who wears knickers, and Mr. and Mrs. Shermer (Troyce Rhudy and, Patsy Adcock). Donald Payne is stage manager. Patsy Combs, Roddy Stargel and Peanut Pierce are in charge of publicity. Directors and class sponsors are Miss Gloria Gosch and Coach Fred Wright. Members of the Junior Class are selling tickets to the play. Admission prices are 25 and 50 cents. Proceeds will go to financing the Junior-Senior Banquet.

Cemetery Working Planned at Newlin Friday Afternoon

Residents of Newlin and the surrounding area have been requested to meet at the Newlin Cemetery Friday afternoon and help with a cemetery working. Persons who plan to participate in this project are asked to bring such equipment as shovels and hoes. The afternoon will be spent beautifying the cemetery.

Lena McLearn is in Oklahoma City this week.

Snakes sleep with their eyes open because they have no eyelids.

Making Both Ends Meet

Furnishing good service at reasonable rates has always been the aim of this company. We have done this, while at the same time trying to keep operating expenses within the limits of income. However, the sharp increase in the cost of everything during recent years has hit us just as it has you. Now our operating costs have been increased again due to something beyond our control. Federal legislation has sent our wage scale soaring.

We believe in paying good wages. In fact, the major increases in our operating cost during and since the war years have been the result of a series of wage increases.

We will pay this new increase as the government decreed, but it does create a serious new problem for us. We want to continue giving you good service. We can do this only through new service rates reasonably adjusted to our changed operating conditions. However, you can still depend upon telephone service as the best bargain in the community.

ALASKA

Mrs. K. D. Nabers, Jr., returned home Saturday from the Little Mickie stayed with her grandmother, Mrs. W. Nabers, while they were ill. Robert Allen Hodges spent Monday night with Debbs Cooper Tuesday night with his in-laws, Mr. and Mrs. H. B. of Memphis.

Mrs. Grace Wise of Memphis was attending to business matters and visiting friends here Friday. Mmes. Bess Coppedge and S. D. Power were shopping in Memphis Tuesday. Rev. and Mrs. A. F. Loftin were in Berger and Spearman on Tuesday of last week. Stonewall Russell, who makes his home with his niece, Miss Maude Russell, had the misfortune to fall and break his hip Friday. He was taken to Fort Worth for medical attention. Mrs. Mrs. Leslie Bruce were Amarillo visitors Tuesday. S. S. Cooper returned Wednesday from an extended visit with relatives in Denver, Colo. T. L. Shipman is seriously ill at the home of his daughter, Mrs. Arch Bumpass. Mrs. Maude Chaudon left Sunday for Pampa where she will visit relatives. Mrs. Henry Richerson was taken to Memphis hospital Saturday. She is suffering from a severe attack of flu. Kay Morgan and Rosemary Dougherty are out of school this week with measles. Mr. and Mrs. F. E. Leary and Mr. and Mrs. Marvin Leary spent the week end at Waxahachie and Milford. Mr. and Mrs. B. B. Frisbie of Wellington, and Ruby and Duke Frisbie visited with their father in Fort Worth over the week end. Mr. Frisbie, who recently underwent surgery, is reported to be improving very nicely. Vermont was the first state to the original 13. . . be admitted to the Union after

AMARILLO FAT STOCK SHOW PLANS FOR LIVESTOCK JUDGING CONTEST

A Livestock Judging Contest for FFA and 4-H Club boys will be a new feature of the 1950 Amarillo Fat Stock Show. Last year a boy's Grass Judging Contest attracted much interest and it will be held again this year. The show will operate on its usual "free gate" system, the dates being March 6, 7, 8, 9, and 10.

The Amarillo Show is recognized as one of the outstanding livestock shows for 4-H and FFA, exhibitors of beef calves, fat swine, and lambs for boys from Texas, Oklahoma, Kansas, Colorado and New Mexico. The new livestock building will add to the facilities which have been very crowded, according to Art Bralley, Secretary.

The sale of Hereford breeding cattle for Wednesday, March 8 will be one of the highlights of the show. March 9 will be "Quarter Horse Day" and this will attract people from throughout the nation to the Quarter Horse Association meeting in Amarillo during the Show. Jack Roach, President, Amarillo Fat Stock Show, expects the 1950 event to be one of the best in the long and colorful history of the Amarillo Show.

Mr. and Mrs. Don Bailey of Silverton, Colo., are here visiting in the home of her parents, Mr. and Mrs. B. D. Frisbie and family.

Mrs. C. C. Hodges returned to Memphis Monday following a two-week visit to McKinney where she visited the families of her father, J. W. Clayton, and brother, J. I. Clayton.

In the painting of Washington Crossing the Delaware, a soldier is shown holding the American flag, though it had not been designed at that time.

Texas Cattlemen Enjoy First Stop In South America

F. A. Finch, of Memphis, currently in South America with the Texas Cattlemen's Tour, arranged by the Star-Telegram's Radio Station WBAP, Fort Worth, was received royally in Lima, Peru, the first stop, says Layne Beaty, WBAP Farm Editor in charge of the trip.

Beaty sent word to the station that in Lima Finch, along with the other men and their wives, attended a pachamanca, a Peruvian feast. Cooked in an open pit in the ground covered with banana leaves, the menu consisted of roast pig, goat, cuyes (guinea pig), potatoes, corn and huge quantities of local fruit. Many

Americans including the U. S. Ambassador to Peru, Robert Tittman, and Richard Wright, an Alice, Texas, native, now managing a million-acre ranch in Peru, were present at the party.

Money in Peru, Beaty said, is the "sol" with a rate of exchange of 15.30 to one American dollar. Agriculture the Texas group saw in Peru was confined to river valleys, according to Beaty, with farm land at a premium and predominated by a large landowner class.

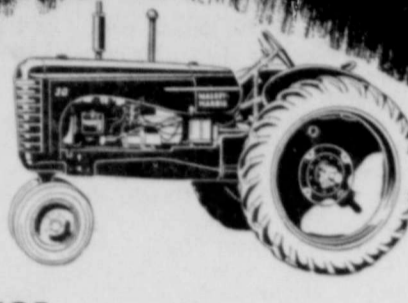

From Lima, the Texas cattlemen went to Santiago, Chile, and are now in Buenos Aires, Argentina. Other stops scheduled are in Brazil, Paraguay and Puerto Rico. The tour gets back to Fort Worth March 4.

Texas Crops New Records

Harvests of 1949 may be remembered by Texas farmers as the year when new records for almost all crops and yields were un-
 E. A. Miller, extension economist of Texas A. & M. College, says figures recently by the Office of Crop Statistics, USDA, show just how 1949 Texas' crops were.
 Total crop acreage in the state was a new record; 30,141,000 acres, compared with the 10-year average of 27,200,000 acres. The 1949 wheat crop was 5,900,000 bushels, compared with the 10-year average of 10,725,000 bushels, and this is the largest crop ever produced in the state. The second largest crop was cotton—5,628,000 bushels, harvested from 1,600,000 acres. The 1949 per

acre yield was 264 pounds and was the highest since 1894. Miller says last year's crop was more than double the average production for the past 10 years.
 The wheat crop of 102,848,000 bushels was second only to the record crop of 124 million bushels made in 1947. It was 74 per cent larger than the 1948 crop and almost double the 10-year average.
 He says the grain sorghum crop also approached the record crop of 1944, and was 58 per cent above the average for the last 10 years. The 1949 grain sorghum production totaled 92,676,000 bushels.
 The per acre corn yields were the highest since 1919. It was 6.5 bushels or 40 per cent above the average. The total acreage in corn was reduced, but the total yield was 13 1/2 million bushels above last year and was 58,208,000 bushels.
 Parts of the rice producing area last October suffered consid-

HONORARY DEGREE FOR BRADLEY . . . Head of the chiefs of staff, Gen. Bradley, receives honorary degree of doctor of engineering from President Houston of the Rensselaer Institute at Troy, N. Y.

Cotton Production Costs Cut Will Increase Profits

Cutting the costs of producing cotton in 1950 is one way that cotton farmers can increase their income from growing cotton and that is a mighty important consideration. Lower selling prices and continued high fixed production costs have started farmers searching for ways to cut costs and Fred C. Elliott, extension cotton work specialist of Texas A. & M. College, says planting delinted cottonseed is a money-saver.
 He says many gin communities have installed the necessary equipment and are performing this service on a community basis and he cites the work done in Childress county as a noteworthy example. Farmers in Childress county estimate their savings at more than \$2.28 per acre and here is how they figure it.
 One bushel of delinted seed will plant 3 1/2 acres while a bushel of fuzzy seed will plant up to two acres. The delinted seed can

be planted with a 5 hole corn plate rather than the regular cotton plate and this gives an even spacing of the seed and saves many hours of hand hoeing or chopping. On a 100 acres, Elliott says, 50 bushels or more of fuzzy seed are required for the planting operation against 27 bushels of delinted seed.
 At \$3.50 per bushel, the 27 bushels cost \$94.50. Delinting costs and seed treatment bring the total to \$106.16. The fuzzy seed will cost \$175. Then add a conservative \$10 for loss of time for stopping to refill the old type planter box and another \$150 for a necessary extra chopping and thinning and the total is \$335. Subtract and you have a differ-

ence of \$228.24 in favor of the delinted seed on the 100 acres. Elliott says that is what the farmers in Childress county figure they saved last year on 100 acres of cotton by planting mechanically delinted and treated cottonseed.

Shakespeare's last completed play was Henry VIII, written in 1611.

Slow Growth FOR STRENGTH

IN A WORLD gone slightly "hay-wire," this is no time to start casting down the sturdy oaks of *experience, wisdom, understanding, courage and constancy of purpose.*

Medical and Scientific men and women have spent many long years building strength into the structures safeguarding health.

Education and qualification of Physicians is closely checked; stringent examinations must be passed before a Doctor is allowed to serve the public.

Hospitals are supervised, and graded according to services they are equipped to render. Every new medical idea, every new drug, every new appliance is tested for public protection, by various groups within the American Medical Association.

VOLUNTARY Plans for pre-paying Medical and Hospital costs have the approval of Medical and Hospital Associations, after years of careful testing. These plans are NOW available to some 100,000,000 workers all over America. Ask your Doctor.

Tarver's Pharmacy
 Phone 24

erable crop losses from a tropical hurricane, but despite this loss the rice production totaled 22,618,000 bushels and ranks only second to the record crop of 1948.

He says despite the greatly reduced peanut acreage due to acreage allotments, the production was 14 per cent above 1948 and 29 per cent greater than the average for the last 10 years. The yield per acre was 615 pounds, the third highest on record, and the 10 year average is 454 pounds per acre. Total production was 343,785,000 pounds.

Oats produced an average of 27 bushels per acre and this was the best yield since 1931. Broom-corn production reached 9,300 tons, the highest since 1935 and the per acre yield was the best since 1926. The flax production totaled 1,974,000 bushels—a new record.

In conclusion, Miller says, considering the total production and the acre yields of all crops, 1949 was really an outstanding crop year in Texas. Favorable weather and good growing conditions, coupled with the use of new crop varieties, disease and insect control, better cultural practices and the use of fertilizers and legumes, were some of the factors that helped make these production figures a matter of record.

Lakeview Youth Now In Japan With Infantry

Private First Class George Wiggins of Lakeview is now serving as instrument corporal in the Heavy Mortar Company, 32nd Infantry Regiment, 7th Infantry Division at Camp Haugen, Japan. Wiggins, 19, is the son of Mr. and Mrs. G. W. Wiggins of Route 1, Lakeview. He enlisted in the army on May 1, 1948, at Lubbock and received his initial training at Fort Ord, California.

Prior to transferring to his present organization, he was in "D" Company, Eighth Cavalry Regiment, First Cavalry Division at Omiya, Honshu, Japan.

Now She Shops "Cash and Carry"

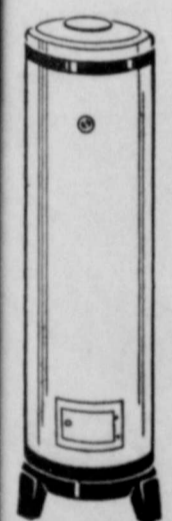

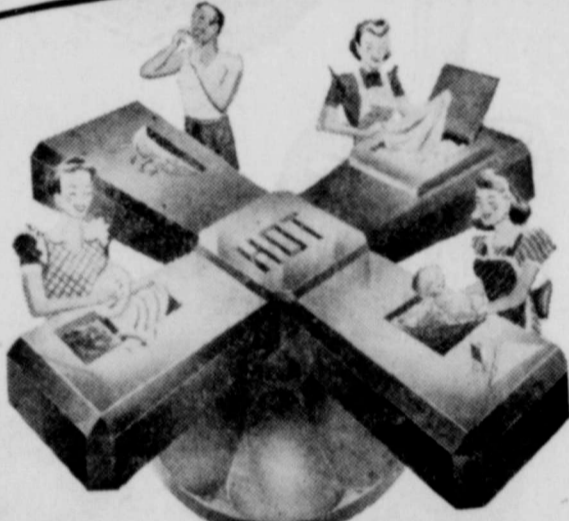

Without Painful Backache
 As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.
 If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

LUBRICARE
 keeps your Buick livelier longer

JUST realize one thing, good madam, good sir—as you pilot your Buick down the highway past the parade of lesser cars, you're the secret envy of most other drivers.

So you owe it to this admiring audience to keep that wonderful Buick of yours purring at its proudest—gliding over the roughest roads like a car on a cloud, with never a squeak—lively, long-striding, and staying that way longer!

And one of the easiest ways to do that is to wheel into our shop once a month—ask the man for our LUBRICARE—and here's what will happen:

- 1 One of our trained Buick mechanics will lubricate your car as the factory engineers specify—covering many points never touched elsewhere.
- 2 While he goes over your Buick, he gives you an extra service only a Buick man can render. He inspects the entire car with a trained Buick eye—making sure you get lubrication plus Buick care.
- 3 When you get your bill, you'll find a wonderful surprise—our LUBRICARE costs no more than a routine "grease job" but, man alive, what a difference it makes!

Buick care keeps Buicks best

REMEMBER—EVERY GUNN BROS. STAMP YOU FAIL TO COLLECT IS A DEFINATE LOSS TO YOU!

MERCHANTS LOSE 15 MILLION DOLLARS TO "HOT CHECK" ARTISTS

Special Session of the 51st Legislature is presently concerned with the request of the State Hospitals and Special Institutions for funds in excess of \$10 million for the second year of the current year.

Director of the Texas Department of Public Safety, pointed out today that the majority of this money could have been raised in 1949 if the funds filched from Texas merchants by means of forgery and "hot checks" during the year could have been diverted to that worthy cause. Emphasizing that these crimes are on the increase, Garrison stated that a loss of approximately \$15 million was sustained through fraudulent checks last year as compared to the usual annual average of \$10 million. These figures apply to Texas alone.

Garrison attributes this increase to the fact that many people became familiar with the procedure of doing business by check during the peak employment years of World War II and became aware of the ease with which checks may be cashed. Many of these persons, now unemployed, have sought to put this new-found knowledge to illicit use. Garrison further pointed out that lack of prosecution in many cases of this nature offers assurance to the forger that his chances of paying the penalty of imprisonment is light. Too many times the victim of a "hot check" swindle is satisfied merely to get his money back in event that the criminal is able to make restitution. Also,

the ability of the modern forger to make his "paper" look authentic by use of check protectors, typewriter, rubber stamp or printed checks makes the usually wary merchant a more ready victim.

Grocery stores, particularly the larger chain stores, said Garrison, are the most frequently victimized.

Garrison gives us these pointers for everyone to remember when dealing with checks:

1. Know your endorser.
2. Require positive identification. Don't accept Social Security or similar identification cards. These as well as Driver's License, Work Badges, etc., may be stolen or faked.
3. Get a reliable person known to you to identify the passer if at all possible.
4. Beware of the purchaser who seeks to make payment of a small account with a large check.
5. If in doubt, forego the profit on the sale for which the check is tendered. Better to lose the one sale than a greater amount equal to the profit on many legitimate deals.
6. If you use printed checks, keep them secure. Treat them as if they were cash even though they are blank. Many of today's burglars enter an establishment and take only blank checks. Their subsequent use has proven more profitable and less risky.

Finally: Remember that a check is only as good as the endorsement! And, remember, too, that an honest person tendering a valid check will not be offended at your inquisitiveness; but beware of the person who feigns anger when you ask for further identification or details.

Mr. and Mrs. L. A. Dickey of Wellington visited here Thursday night and Friday with Mr. and Mrs. Herschel Combs and Mr. and Mrs. L. W. McClure.

SPORTS AFIELD

By Ted Kesting

The difference in a fisherman's luck is often only the difference between a well-designed hook and a poor one. The importance of using good hooks, efficiently shaped, and of keeping them needle-sharp cannot be over emphasized.

Unfortunately, most anglers judge hooks as they do women—by pretty curves. But commercial fishermen, who cannot afford to indulge in such aesthetic notions, know better. They use mainly hooks with the nearest thing to a plain round bend that they can find, and with the back of the point parallel to the shank.

According to Jason Lucas, whose book on bass is Bible to many fishermen, this parallel point is undoubtedly the best for setlines; but for angling, where one must drive home the barb at just the right instant, he prefers a hook with a very slight out point. In penetrating tissue deeply, this is not so efficient as a parallel point—but it starts in faster instead of sliding from the fish's mouth without pricking him.

A hollow point will penetrate better than a spear point. In some hooks, an inward turn of the point or barb gives the illusion of a true hollow point, but it doesn't give as good results. Watch out for that.

When fishing, test your hooks frequently for sharpness by passing the ball of the thumb lightly down behind the barb—not across the top of it. If the point doesn't dig in easily, it is too dull.

For sharpening hooks at home use a small half-round file of "smooth" cut. When out fishing, carry one of the small whetstones made for the purpose.

For that first quick penetration always sharpen from the inside and sides of the point only. Never touch the back except to remove a "wire edge." However, some people like a very slight wired edge for the first quick start in. Keep the side of your stone or file almost parallel to the tip to make a long, thin point which will, naturally, penetrate much better than a stubbier point.

Social Security News

Q—Does the 50% increase in social security taxes automatically increase the benefits?

A—No. The increase in these taxes effective January 1, 1950, has no bearing on the present benefit payments.

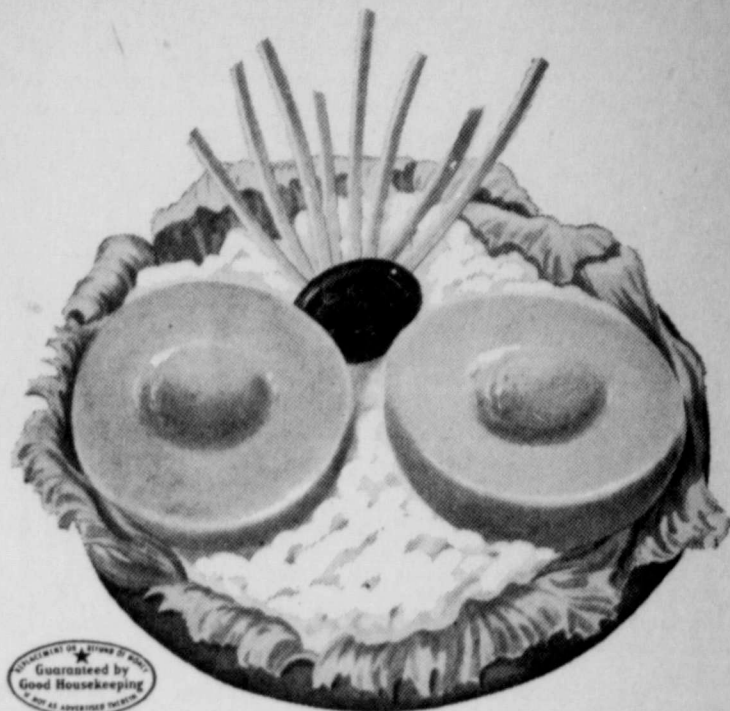

Q—Then why were the taxes increased?

A—The original social security law provided for taxes on wages to be raised every three years until a maximum of 3% each for the employer and employee was reached, but this was deferred by Congress each year until 1950. The present tax increase is designed to help build a reserve sufficient to take care of the ever-growing number of persons over age 65 and the survivors of deceased workers.

Q—Haven't I read in the papers recently about some possible increase in the social security payments?

A—Yes. A bill which passed the House of Representatives last year and is now pending before the Senate proposes many changes. If and when Congress completes action raising benefit rates according to the present wording of the bill, those now receiving monthly payments would receive increases automatically.

For further information you are invited to write the Social Security Administration, 324 New Post Office Building, Amarillo, or contact the representative when he is in Memphis, Tuesday, February 28, at 11:00 a.m., in the Commissioners Court Room in the Court House.

Editorial

A Wise Investment

The 1950 Red Cross fund drive gets underway in Hall County Wednesday.

Our County's quota has been set at \$2,646. This is certainly not a "staggering sum" when you consider the fact that there are approximately 13,000 persons in Hall County.

Broken down according to population, the Red Cross is asking each person in Hall County to contribute twenty cents to this campaign.

Twenty cents in your pocket will buy a package of cigarettes. It will buy from one to four drinks at the soda fountain. It will almost buy one gallon of gasoline.

Twenty cents—your twenty cents—in the Red Cross fund will buy a trained staff of medical and relief workers, should you need them. It will buy food and clothing for people in areas where disaster strikes—and that MAY include you. It will buy you a real feeling of security in knowing that should you or your loved ones need emergency assistance, the Red Cross is standing by—standing by because your twenty cents helps make possible for the organization to function.

You don't have to look far away to see just what value and faith people put in the Red Cross. Texas got two recent bitter doses of disaster at Texas City and McKinney. The respect the Red Cross won by aiding the people in these two cities is best illustrated by the fact that McKinney, the following year, went far over its Red Cross quota before the drive had even begun.

Considering all this Minister Gray Carter, Red Cross fund chairman, hopes Hall County will go over its 1950 quota by at least \$500. This would add about a nickel above the quota to each individual contribution. You will have to hunt a long time to find a proposition that offers as many benefits for such a small investment.

"See-iron," they called it... and women who lifted it on and off the stove agreed.

Clean and fill—from the wick—burn it up... a lot of work for the light the oil lamp gave!

In the parlor, blushing beauty and patient visitors "saw the world" with the stereoscope.

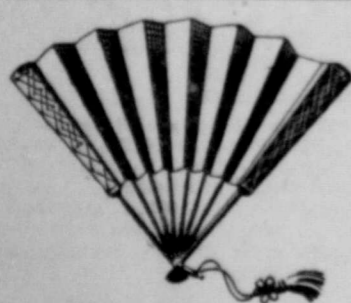

What one thing made these old-fashioned?

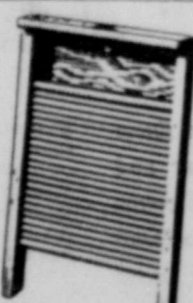

You're right if your answer is "cheap electricity." Part of the miracle of electric service today is its low cost.

You've helped make electricity inexpensive by using it for more and more jobs. So have the men and women who operate your business-managed electric company. They long ago foresaw the need for low-cost electric service.

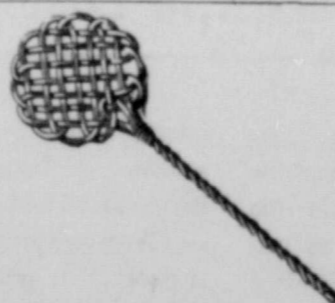

Their skills, and experience, and sound business methods have made it today's best buy. What else can you buy that costs so little—and does so much?

This lady's accessory (or weapon) cooled meats by suggestion than by moving air.

The "washboard blues" meant more than a song to women who beat over them!

Fear substitute for a baseball bat, but ball games waited while Junior beat rugs with this!

West Texas Utilities Company

MODERN CIVILIZATION?

Press Paragraphs— QUOTING OUR NEIGHBORS

IT AINT HAY!

The federal government plans to spend \$45 billion during 1950 more than ten times as much as it spent in 1932. On top of this \$45 billion for this year, the government debt is now approximately \$258 billion.

We see from the Texas Tax Journal an interesting comparison as to just how much \$45 billion is. While we cannot vouch for the figures, we assume they are correct. To give an idea of just how much money \$45 billion is, the following comparisons are made:

- 1. If everyone in the U. S. cashed in all of his life insurance policies, the total would amount to \$44 billions. This would not be enough money to run the federal government this year.
- 2. If every urban home owner in this country sold his home, the total would amount to \$37 billion. That's just enough to run the government for eight months.
- 3. If every farmer in this country sold his farm, farm equip-

ment and livestock, the total would amount to \$25 billion. The government could not run for months on that amount of money.

4. If every industry converted its net working capital into cash the total would amount to \$39 billion. That's hardly enough to run the government for 11 months.

5. Let's visualize it another way. If you had been born in the year A. D. 1, and from birth had been paid \$1 a minute and never spent a cent, and were now living, you now, 1949 years later, have accumulated only \$1 billion—not \$45 billion.

6. If total income payments of 11 kinds to individuals in 29 states for the full latest calendar year for which official figures are available were confiscated, these total income payments would not run the federal government for a single year.

7. On top of this huge federal spending, the census bureau now shows that for the fiscal year ending June 30, 1949, state led taxes, produces \$8,342,000,000. The total is \$551 million more in 1949 than in 1948—and they continued a 17-year trend of rising taxation in state levies. The same holds true of local government units. All along the line it is the same story.

While we have no quarrel with the larger items in the budget, such as foreign aid and the defense expenditures, we do think it is high time American people too a cut in federal "benefits" and get on a business-like basis.

The only trouble with a reduction of expenditures, as everyone well knows, is that each of us are unwilling to go under the

knife—although it's fine for the other fellow.

—Ochiltree County Herald

A GOVERNMENT LESSON

It doesn't make any difference whether you are a Democrat, Republican, or an Independent, the following article from the Bernice, La., News-Journal is good for all to read who wish to see our American system of representative government survive.

Capitalism: If you have two cows, you sell one and buy a bull.

Socialism: If you have two cows, you give one of them to your neighbor.

Communism: If you have two cows, you give them to the government and the government gives you milk.

Fascism: If you have two cows, you keep the cows and give the milk to the government.

New Deal: If you have two cows, you shoot one, milk the other, then pour the milk down the drain.

Fair Deal: If you have two cows, you let them starve so you can buy your milk in cans, thus making business better.

—Graham Record

A Simpler Way

"At the outset," Secretary of the Treasury Snyder told the House Ways and Means Committee yesterday, "I should make one point clear beyond the possibility of doubt, I do not look lightly on Federal deficits." Further along, he testified:

This Week in WASHINGTON

GOVERNMENT SPENDING and the slashing of government costs were the subjects of hearings before both senate and house committees during this past week, and witness after witness appeared before those committees criticizing the budget sent to the congress by President Truman.

In the midst of these hearings, by a two-vote margin, gave the President's foreign program a smashing setback by defeating an appropriation of \$60,000,000 for the south Korean government set up by the United States in opposition to the Soviet northern Korean government. The house likely will reverse itself on this particular item before the session is over.

But as all this criticism of the federal budget by opponents of the Truman administration went on, Frank Pace, Jr., a career government man and director of the bureau of the budget, made a speech down in Raleigh, North Carolina, before the southern Democratic conference held there recently.

Pace gave the people there something to think about in connection with the federal budget and the criticism which is aimed at the present rate of federal spending.

After pointing out that 71 cents out of every dollar in the present budget goes to pay for national defense, international affairs, veterans' benefits and interest on the national debt, Pace said:

"You cannot close down or curtail at will the responsibilities and commitments of the greatest nation in the world. The true measure, therefore, of any single budget is not solely whether or not it shows a surplus, although this is of major importance and a balanced budget is a prudent national goal toward which we should constantly strive. The budget is more than a statement of income and outgo in any one year. It is a statement, in financial terms, of national objectives and responsibilities. In preparing it, you face considerations and commitments and obligations which run far beyond a single year.

"Analysis of the budget expenditures makes it clear that our best hope of reducing the deficit and working toward a balanced budget at this time is the adoption of measures which will increase Federal reserves."

Still another point, clear beyond the possibility of a doubt, is this: The Federal budget could be balanced by reducing expenditures to the amount of the expected revenue, as is.

—Pt. Worth Press

Fish swim upstream because it is easier to obtain food than by swimming downstream.

If your car needs any kind of body work, bring it to Kermit Monzingo, your Chrysler-Plymouth dealer.

"For example: A year ago the President sent congress a request for a half million dollars in support of agriculture to assist in controlling the spread of spruce bark and spruce bark beetles... you judge the amount spent by comparing the cost of previous appropriations? If you did you find that to kill these bugs, which I am sure you have never heard of, has cost more than the entire federal budget during the years that George Washington was president.

"Or would you judge in light of our responsibilities serving our natural resources keeping our economy steady year of 1950? If you do find that this four and a half billion dollar which we spend will halt the 12 billion board feet valued at close to 100 million dollars. It will save in one year alone sawmill operations valued at \$20 million and employing 800 workers. This is the kind of activity which makes up the ment program to meet of our nation today—ago."

Chances are that the will plug in some of loopholes in the present has been learned that the of the 8th congress of lopping off some 100 employees of the bureau of revenue was a costly has cost the government \$600,000 in uncollected and in addition has left a backlog of some 200,000 of unried tax trades.

Observers here believe Brannan long range program is not dead. As of fact, reports coming throughout the nation lead many to believe majority of the nation would like to see the out. It is predicted in that the Brannan plan will have a head within the next

VET PROBLEMS AND ANSWERS

Q—Is a VA domiciliary home a place where ailing veterans may convalesce after illness?

A—No. A domiciliary home is designed to provide a home for those eligible veterans who have a chronic condition requiring minimal medical attention. For admission, veterans must have no adequate means of support or must make an affidavit of inability to defray the expense of such domiciliary care. Service requirements for admission to a domiciliary home are essentially the same as for hospital treatment.

Q—While going to school under the GI Bill, my hand was seriously burned in a chemistry class. Will VA pay my hospital expense in a local hospital?

A—No. Any disability incurred by a veteran while taking education or training under the GI Bill are considered nonservice-connected, but you may be able to establish eligibility for hospitalization in a VA hospital because of your war service.

Q—I was recently discharged from the U. S. Army because of a service-connected disability. If I should need hospitalization, how and where should I apply for it?

A—See your nearest VA contact representative or apply to a VA regional office or hospital. In case of emergency, you may call the nearest VA hospital collect. VA representatives will handle the necessary application and other forms.

Q—I am the unmarried daughter of a World War I veteran who died recently. Although I am 30 years old, I have been dependent on my father all my life because

of a spinal injury when I was eight years old. Am I eligible to receive a pension?

A—If the facts are as you state, you may be eligible to a pension. Application may be made as a dependent child of the deceased veteran, after which your case will be adjudicated by VA on the basis of evidence you submit.

Q—I am the unmarried daughter of a World War I veteran who died recently. Although I am 30 years old, I have been dependent on my father all my life because

of a spinal injury when I was eight years old. Am I eligible to receive a pension?

The United States flag had 15 stripes from May 1, until April 1, 1918.

50,000 Miles - No Wear!

1. Five Years' Driving in 70 Days! To test the wear-fighting ability of amazing new Conoco Super Motor Oil, six brand-new cars raced over blistering highways along the Mexican border . . . 14 hours a day for 10 weeks. After 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on crankshafts and cylinders! Astounding proof: factory polishing marks were still visible on piston rings!

2. New-Car Mileage! For the last 5,000 miles of this gruelling test—equal to 5 years of normal mileage—gasoline mileage was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon! Proved: Conoco Super Motor Oil—with crankcase drains at proper intervals and regular care—can keep your new car new! New Conoco Super Motor Oil conclusively showed itself to be the great new modern wear-fighter!

3. New-Car Power! Quicker Starts! Yes—Conoco Super Motor Oil's extra protection keeps that factory flash . . . that showroom smoothness . . . year after year! Conoco Super Motor Oil's exclusive ability to OIL-PLATE metal surfaces makes your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts . . . keeps your engine new and clean!

NEW CONOCO Super MOTOR OIL

Memphis Plays First Game Of Regional Cage Tournament

CYCLONE MEETS ABERNATHY AT CANYON FRIDAY AT 2:30

The Memphis Cyclone, defending state Class A basketball champions, will participate in the Regional 1-A Basketball Tournament at West Texas State College's Burton Gymnasium this week end. But the Champions won't be favored.

Memphis lost the District 2-A title to Shamrock last week end but won a berth in the regional play-offs by being the second team in the loop.

The Cyclone will tangle with Abernathy, champions of District 3-A, in the first game of the Canyon tournament. Game time is 2:30 p.m. Friday.

Other first round games in the single elimination tournament at Canyon Friday will see Canyon clash with Levelland at 4 p.m., Shamrock tangle with Floydada at 7 p.m. and Sudan take on Dumas in the nightcap at 8:30 p.m.

Winners of the first two games will vie for a berth in the finals at 1:30 p.m. Saturday and the other semi-final game will be played at 3 p.m. that day.

Saturday night's action will include an 8 p.m. clash to determine the third place team and the regional championship game at 9:30 p.m.

A berth in the state finals at Austin hinges on this final game.

Following the last game, trophies will be awarded to the champion, runner-up and third place squads.

The four Region 1 district champions are: Canyon (1-A), Shamrock (2-A), Abernathy (3-A) and Sudan (4-A).

Superintendent W. C. Davis, regional chairman, and Coach Charles York attended a meeting of the regional directors in the Herring Hotel, Amarillo, Monday night and the tournament site and bracket for play was decided upon. The group voted to hold the play-off in Canyon after bids had been received from several other locations, including Memphis, Shamrock, Amarillo and Sudan.

Davis said some of the representatives from the participating schools felt that Burton Gymnasium at West Texas State was the best site since it represents a neutral court. The tournament has been played there for several years.

Canyon High School does not play or work out at the college

GAME BRIEFS ON 4-B PLAY

Estelline and Quitaque opened the District 4-B Tournament here Friday afternoon with a thrilling 32-28 tilt that started Quitaque on its way to the title.

Estelline fought the favored five on equal terms for most of the game. After a slow first period, Quitaque moved ahead in the second, running up a 19-9 margin. They led 22-20 at the end of the third quarter.

Holcomb of the winning team was high point man for the game with 13.

Lakeview - Silvertown
Lakeview downed Silvertown 39-35 in the second game of the tournament.

The Eagles started out with a 11-6 lead in the first period but fell behind to the Silvertown five 20-18 in the second quarter. The Eagles surged back in the third stanza to gather 18 points and a 34-26 lead.

J. Gowdy paced the winners with 11 points. Hamilton collected 11 points for Silvertown.

Estelline - Silvertown
Taking an early lead they never relinquished, Estelline slipped by Silvertown 46-43 Friday night to retain a slim chance at the district crown.

It was a do-or-die tilt for both teams since they had lost their first games. Estelline held a 12-8 lead in the first period, stretched it to a 22-16 margin at the half and led 36-30 in the third period.

Smith was high point man for the winners and for the game as he hit the hoop for 16 tallies off eight field goals.

Lakeview - Quitaque
The first round winners met Friday night in a tight game that saw the lead change three times before Quitaque finally held on long enough to claim a 46-43 win.

Quitaque led 10-7 in the first quarter but Lakeview eased ahead 21-18 at the half. Quitaque regained the lead in the third stanza, 32-27.

Lewis' 19 points won him scoring honors for the winning five.

You get only the best of service when you bring your car to Kermit Monzingo, your Chrysler-Plymouth dealer.

Memphis, Amarillo Girls Schedule Volley Ball Tilt

The girls' volley ball teams at Memphis High School will play a number of games at the Memphis High School gymnasium during the next few weeks, according to Mrs. C. F. Srygley, physical education instructor.

No definite schedule has yet been arranged other than a game with Amarillo on March 22. The Memphis girls lost a game to Amarillo Monday night but Mrs. Srygley expects the team to show a great deal of improvement before their next meeting.

Bobby Ferrel captains the girls' first team and Leona Robertson is co-captain. Carnise Durham is captain of the "B" team and Ima Joyce Evans co-captains that group.

Members of the two teams are: Patricia Alexander, Betty Beasley, Lillian Dean Beard, La Verne Davis, Eloise Branum and Ima Joyce Evans.

Also Bobbie Ferrel, Martha Jean Howard, Emma Lou McMasters, Leona Robertson and Geneva Waller.

Also Patsy Jarrell, Wanda Thompson, Margie Lou Young and Carnise Durham.

Baron Munchausen was a German.

BRICE

Mr. and Mrs. L. H. Ponder had as guest last week his daughter-in-law, Mrs. H. L. Ponder of Dallas.

Jimmy Lemons has been brought home from a Memphis hospital and is reported to be much better.

Mrs. J. T. Pence who suffered a stroke two weeks ago is re-

ported to be some better.
