400 CLUB WOMEN EXPECTED; STATE PRESIDENT TO ATTEND

The 29th annual convention of the Seventh District, Texas Federation of Women's Clubs gets underway here tonight with two activities for the high-ranking club women of the district.

An executive board meeting is scheduled for 7 p. m., followed by a dinner for the board members in the Masonic Hall at 7:30 p. m. This dinner will be a courtesy of the Memphis Lions and Rotary Clubs. Board members registered from 2 to 4 p. m. today.

The convention proper will begin at 8 a. m. Friday when registration starts for the delegates present from the Seventh District. Over 400 club women are expected here for this convention—the highlight event of the year for the federated clubs in the district.

A luncheon Saturday honoring junior clubs will conclude the activities.

Mrs. James A. Allen of Childress, district president, will preside at all business sessions during the convention. The opening meeting is scheduled for 9:30 a. m. Friday in the auditorium of the First Baptist Church. All business sessions will be held at the Baptist Church.

All Memphis women are invited to attend the sessions at the Baptist Church.

The City Federation of Women's Clubs here is in charge of the convention planning. Mrs. D. L. C. Kinard is general convention chairman and she is being assisted by Mrs. C. C. Hodges, City Federation president.

Presidents of the five federated clubs here are serving as members of the convention planning committee. This group includes: Mmes. Henry Hays, H. J. Howell, Homer Tribble, Mac Tarver and Earl Hill.

Mrs. J. Howard Hodge of Midland, president of the Texas Federation of Women's Clubs, heads the list of distinguished club women who will be in Memphis for the convention.

Among the high-ranking district officers who will attend are Mrs. O. M. McGinty of Spur, first vice-president; and Mrs. A. E. Boyd, Plainview, second vice-president.

Speakers at the Friday session will be Mrs. Hodge, who will address the group on Our Great American Heritage at 10:30 a. m. and Miss Amelia Anthony, founder of Girlstown, USA, who will discuss that project at 2:15 p. m. Friday.

Saturday's top speaker will be Mrs. J. W. Walker and Mrs. Alta-vene Clark. Cyclone Band In Region 1 Meet Friday

The Memphis High School Cyclone Band will be among 57 such organizations competing for honors in the Region 1 Interscholastic League band competition at Canyon Friday.

Concert playing in West Texas State College buildings will occupy the daylight hours with marching contests slated under the lights at Buffalo Stadium Thursday and Friday nights.

The competition includes contests in both marching and concert and promises to be one of the best band shows ever held in the Panhandle, according to Cyclone Band Director Perry Keyser.

Bands from AA, A and B high schools, as well as a number of junior high bands, are entered in the competition.

M. J. Newman, West Texas State College music teacher and contest director, has proclaimed this to be the biggest band show anywhere in the Southwest.

The bands will seek the top-notch Division I rating in the marching contest. Each band will be allotted seven minutes on the field to execute the required formations and movements, Director Newman said. If the band has any time remaining, it may move into extra formations, he added.

The Cyclone Band will march Friday night with the session beginning at 7:30 p. m.

Other top-notch competitors on Friday include: Amarillo, Lubbock, Plainview, Borger, Pampa and McLean.

Wellington is the only other school from this district entered in the competition.

Boy Scouts Now Planning Trip To Camp Kiowah

All Boy Scouts of Troop 35 who plan to attend summer camp at Camp Kiowah this year should bring their \$3 registration fee to the meeting Monday night, May 1, Scoutmaster Ted Myers said this week.

"It is necessary to get our reservation in now for the week we want to attend camp—June 18-24," Myers said.

Total cost to attend the camp is \$12 per person, he stated. After the \$3 registration fee is paid, the boy pays the remaining \$9 when he starts to camp.

Myers said the troop is selling camp stamps now for 25 cents each and that the members can buy these regularly until they have filled a book and have saved enough to pay their fee.

Dr. Dryden will appear before local clubs and other organizations next week to obtain their full cooperation in the clean-up drive. He is scheduled to meet with the Memphis Ministerial Association Monday. This group has pledged its support to the drive through Leader Bedford Smith who met with the committees Wednesday night. Dr. Dryden will address the Lions Club on May 10 to ask their support.

Supt. W. C. Davis said the schools will join in the campaign. Cards have been distributed to students that show a number of projects which the students can do around their homes.

Supt. Davis said the students will check the cards as they complete the various projects and that credit for this work will be given in the schools.

Dr. Dryden is working on a plan to have the business firms close part of the day on Friday, May 5, in order that all business workers may join in this concerted clean-up activity. Supt. Davis said the schools may close part of the day May 5 so that Memphis students can join in the clean-up ranks.

Mayor C. C. Hodges has promised the full support of the city in this campaign. "The city trucks will be available from the opening date of

the drive to haul off the rubbish and trash collected," Mayor Hodges said.

Committee members who are assisting Dr. Dryden and Harrison in planning the campaign include:

An art exhibit—consisting of 150 reproductions of famous paintings—will be held at the Memphis High School May 8-12, according to Mrs. L. G. Deberry, general chairman.

Included in the exhibit will be paintings to interest every age group, she said. Henke—who painted us for very young children—has five paintings in the group. Amick's Indian paintings and Iverd's canvasses of little boys will also be appealing to the youngsters, Mrs. Deberry pointed out.

Degas, Van Gogh, Grauguin, Cezanne and Renoir, with subjects including landscapes, still-lives, portraits, historical, regional and religious work, will be of special interest to adults.

Mrs. Deberry said that a committee from each of the schools here will work to help make the exhibit a success. A night program is being planned in order (Continued on page 12)

CLAUDE'S COMMENTS

By J. C. W.

Due to one of our printers taking suddenly with appendicitis Wednesday of last week, my comments and quite a lot of news items had to be omitted because the number of pages of that issue were cut to 12 instead of 16.

heads have almost interviewed will contact me, an enumerator will be sent to do the job at once," she said.

Mrs. Sisk said that the giant project in this county has been carried out with a minimum of difficulty.

"I want to thank every resident of this county for their wonderful cooperation in this tremendous and difficult undertaking," she said.

"There has not been a single case of any person refusing to give the required information to our enumerators," she pointed out. The Census Bureau anticipates a certain amount of difficulty along this line in most places.

In addition, Mrs. Sisk pointed out that the Census Bureau is urgently requesting all farmers who have not been enumerated to fill out the agricultural questionnaires which were mailed to them and have them ready for the enumerators to pick up.

She added that the farmer is not required to answer all of the questions but only those which apply to his own farm.

In his letter, Burke pointed out:

"While July 1 was recommended as the effective date for the establishment of service, the date cannot be determined until your office has the furniture, equipment and motor vehicle authorization and has notified this Bureau that numbers have been placed on all residences and business places which will receive deliveries."

Postmaster Vallance said that, in view of this letter, it is urgent that all Memphians have house numbers installed as soon as possible.

Persons who have not received their numbers can call for them (Continued on page 12)

DOUBLE CHECKED FOR EXACTNESS—PURITY

Some cooks no longer follow recipes. The pharmacist can never reach that stage. He must compound each prescription accurately, then double-check to assure complete compliance with the doctor's orders.

"Look—no horns"

Complete satisfaction is just what you can expect when you dehorn calves with POL, the new Dr. Hess product.

POL is easy to use. You brush it on horn buttons and it dries quickly to form a tough, waterproof film. POL is much less irritating than old style caustic sticks and pastes.

There are no runny sores. Horns dry up and peel off. You never saw anything like it.

Better use POL and be satisfied.

ALTAVENE CLARK

Where Are We Headed?

Some people are bewildered about where we are headed. Some people quote the frightening pronouncements of trouble-makers. Some people point to sensational reports and opinions. Some people are alarmed by scare words. . . Is it any wonder that some people . . . good people . . . are bewildered? Most of us believe that this is the fairest country in the world today . . . a country where good citizens give their courage and talents to helping others . . . to working to build a better community . . . a better America . . . a better world. Most of us believe that ours is a nation of families . . . where every family deserves the right to dream of and work for a home—and, if need be, to defend that home against political abuses. Most of us believe this is a land where folks have an inherent right to prosper by their skill, their toil, their management. Most of us believe this is a country of men and women who are capable of standing on their own good judgment in selecting those to represent them in Washington . . . selecting Representatives who will place right above personal pride . . . duty before pleasure . . . the good of the majority ahead of special interests . . . service against empty political promises. Most of us believe this is a country where faith will not be denied . . . where people can continue to depend upon Divine guidance and help!

Altavene Clark FOR CONGRESS

These are the things in which ALTAVENE CLARK believes and for which she stands. ALTAVENE CLARK is a candidate of ALL the people—not the candidate of any special group or interest. When elected she can and will work CALMLY BUT FEARLESSLY for all these things. Now is the time when EXPERIENCE counts!

FARMER NAMED DIRECTOR OF WEST TEXAS C-C MANAGERS

Clifford Farmer was elected to the board of directors of the West Texas Chamber of Commerce Managers at their annual meeting in Big Spring on Saturday, April 15.

Farmer, manager of the C-C office here, attended the convention as a delegate from Memphis. The meeting convened Thursday afternoon. Headquarters were in the Settles Hotel in Big Spring.

Mrs. Farmer accompanied her husband to the convention and participated in the special program for the wives of the C-C managers present. The ladies were guests at several luncheons and a banquet.

Farmer was active in the convention program. He was panel leader at a Friday afternoon discussion on "How to Sell the Chamber of Commerce Through Press, Radio, Bulletins and Publications."

In addition, he was also on the convention program committee and chairman of the attendance committee.

Theme for the convention this year was "Selling the Chamber of Commerce to the Community."

H. Conger Jones, president of the Del Rio Chamber, delivered the keynote address on that subject Friday morning.

Mr. and Mrs. Farmer left Memphis early Wednesday in order to spend a day at the Panhandle-Plains Show before proceeding to Big Spring.

a candidate for Constable of this precinct.

"I believe in strict law enforcement. And, if the people elect me to this office, I will stand ready to aid any and all persons at any time. It will be my intention to deal fairly with every one, and cooperate fully with other law enforcement officers and the public in general.

"Your support will be appreciated.

Clarence Tom Vickers."

Near-By Towns Invited Into Softball Loop

The directors of the Chamber of Commerce are studying a summer recreation program for the youngsters and have invited four near-by towns to join the summer softball league.

The group has decided to continue the summer baseball program this year and plan to consult the school board concerning expanding the recreation program in the summer.

They will ask the school trustees if it will be possible to hire one of the Memphis coaches to work during the summer as supervisor for a large recreation set-up. Further details of the plan hinge on the outcome of this decision. Supt. W. C. Davis, C-C recreation committee chairman, is heading this planning group.

Ted Myers, local scoutmaster, will head the softball program for the youngsters again this year. The C-C directors voted to furnish the lighting facilities for this at the city park. They have done this for the past several years.

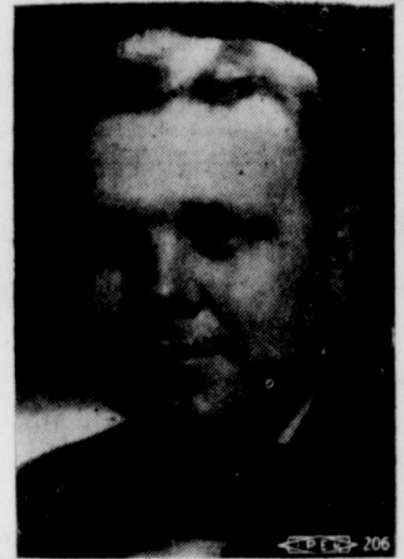

The directors hope to enlarge the softball program this year to include teams from Newlin, Lakeview, Estelline and Lesley. They would like a team from each of these communities to enter with four teams from Memphis to form an eight-team league.

If these towns are interested in this project, they should contact Chamber of Commerce Manager Clifford Farmer or Ted Myers as soon as possible, a spokesman for the directors said.

The Chamber of Commerce will present an award to the winning softball team this year, the directors decided.

Directors of the organization are: Herschel Combs, Wendell Harrison, Carl Harrison, Tommie Potts, Ace Gailey, J. W. Coppedge, Ben Wilson, Sr., R. C. Lemons, James F. Smith, Roy Coleman and Manager Clifford Farmer.

business, according to Manager Clifford Farmer.

The tour began with one of the plant superintendents showing the group how the broilers are fed a special fattening feed for several days and then sent on to an assembly line set-up where they are killed, scalded, picked, dressed and put into a cooler, ready for sale.

Most of the labor is performed with the latest type machines. The birds are carried along to each step in the process by an overhead conveyor and a minimum of manual labor is used.

The superintendent explained to the group how the broilers are prepared for local consumption and compared this with shipping them to distant markets.

Following this part of the tour, the plant manager discussed with the group the trend of raising more broilers near the market and emphasized the possibilities for more broiler-fryer production here at home, rather than having them shipped from such distant points as Arkansas, Ohio and New York.

The tour through the plant also took the group into the eggs and milk, butter and cheese processing plants. The boys saw how eggs are graded, frozen and readied for sale to hatcheries.

Final step in the tour was into a separate building where hides were being cured in preparation for shipment to tanneries.

Sidelights to the trip included a complimentary dinner by the Memphis Chamber of Commerce, a tour of the Texas Tech campus and the Region 1 track and field meet which was held that day.

"The tour through the plant was very educational and interesting and was thoroughly enjoyed by the boys," FFA instructors Phillip Wynn and Weldon McCreary said.

Lakeview FFA members who made the tour were: Jimmie Ray Gowdy, Ronny Gowdy, W. H. Wood, William Burton and Instructor Wynn.

Memphis students included: Rayford Hutcherson, Duane Miller, Oscar Ferguson and Charles Hartman, accompanied by Instructor McCreary.

B&PW Club Hears Program On Health And Safety Thurs.

An interesting program was presented by the Health and Safety Committee with Mable Lavender as chairman at the regular luncheon meeting of the Business and Professional Women's Club Thursday, April 20.

Marjorie Kesterson introduced Dr. Edwin Goodall, who spoke on Compulsory Health Insurance. This most timely subject was capably and interestingly discussed by Dr. Goodall, who gave both the good and had features in relation to each person. Several observations were given concerning the program as carried on in England.

Herman Moore of the Texas Department of Public Safety was introduced by Mrs. Kesterson. He spoke on Safety on the Highways. Violations and causes of accidents were the two points discussed. Of the major violations, he listed as the Number One, intoxication. Of the 19 deaths in this locality during the past year, intoxication played an important part in two-thirds of them. Other violations given were: speed; right of way; following too close; passing in "no passing zone," hand signals and stop signs. As the causes of accidents: Driver actions caused 85 per cent; highway defects such as railway crossings, sharp curves, steep curves, soft shoulders and wet icy conditions were some that he gave. Also listed as causes of accidents were: vehicle defects, bad brakes, defective lights, horns, hufflers and steering gears, and bad tires. He said, "It is the duty of every driver to be a safe and sound driver. Safe and sound practice as in every day living is to follow the golden rule."

The following delegates were elected to attend the convention in Austin, May 19, 20 and 21: Una Loard, Mary Foreman, Roselyn Williams. Alternates elected were: Fan Kirk, Aulis Ayers and Hester Bownds. Guests present were Dr. Edwin

Goodall, Mr. Herman Moore and Mr. N. D. Calloway of the Department of Public Safety, and Miss Billy Blackwell. One new member, Mrs. Billy Thompson was welcomed into the club.

Members present were: Mollie Carlos, Hester Bownds, Ella Mae Kercheville, Isabel Cypert, Mary Smith, Aulis Ayers, Mable Lavender, Marjorie Kesterson, Opal Duke, Inez Mason, Connie Saye, Lucille Burnett, Mazine Phillips, Una Loard, Roselyn Williams, Myrtle Gibson, Betty McBee, Fan Kirk and Mary F. Whaley.

Moore, Crooks Will Run In Sandie Relays

Dashman Bobby Crooks and weightman Pete Moore will carry the colors of Memphis High school into the first annual Sandie Relays at Amarillo Saturday night.

Crooks and Moore won bids to the Relays by qualifying for the state meet in the regional competition at Lubbock Saturday.

The Sandie Relays promises to be the classiest meet in this section of the state since only boys who are eligible for the state meet received bids to the Amarillo competition.

The Relays will begin at 8 p. m. All events will be finals. Class AA, A and B athletes will compete against each other. The Relays will feature 14 events.

Jack Logan of Turkey, Class B regional hurdles record holder, will be the only other Hall Countyman competing in Amarillo.

Crooks will run the 440-yard dash Saturday night, competing against such class dashmen as Amarillo's Galen Fowler and Phillips' Tommy Moore, the boy who outran Crooks at Lubbock Saturday.

Pete Moore will hurl the discus against Amarillo's Robert Whiddon and Andrew's Wayne Graham, the Class AA and A champions, respectively.

Logan, who established new records in both hurdles events at Lubbock Saturday, is expected to be a top contender in the very heated hurdles competition.

Amarillo and Odessa are picked as the two favorites for the Relay's team title.

(Continued from Page 1)

two weeks ago did a lot of good, but high and dry winds have evaporated a lot of that moisture. It is about time for planting crops, and good ground-soaking rains are very much in demand.

This week the Seventh District Federation of Women's Clubs is holding a convention in Memphis. I know that Memphis women will be ideal hosts for the meeting. In fact, we have local women who can handle any phase of such conventions. I wish to add my welcome to the many others that are extended to the visitors.

So many voters of the Congressional District are "up in the air" as to which candidate will do the Panhandle the most good, if elected in the May 6 special election. Perhaps the federation convention may be able to tell us after all the women get together and compare notes. At Amarillo two weeks ago, 400 members of the Panhandle Press Association could not come to any consensus of opinion as to the best man out for Congress. All agreed that the four leading candidates, at that time, were Blake Timmons, the labor union candidate; Altayene Clark, the only woman candidate; E. T. Burk, the old folks candidate, and Walter Rogers, the lawyer from Pampa. From the best information obtainable, the list still stands as above. If we elect any certain one, we may all wish we had elected another, after the one elected fails to deliver the goods as promised — and most of our representatives are found lacking when the acid test comes. Of course, whoever is elected to fill out the unexpired term of Gene Worley will have to face a field of candidates in the July and August primaries for the coming regular term. So politics, while it waxeth warm now, will really get hot in the primary.

Crowded out of The Democrat last week were several items that the publishers regret very much. One item that I am especially interested in was the election of my nephew, State Representative J. Blake Timmons.

In 1891 I became a resident of the Texas Panhandle when my parents moved to Washburn, Armstrong County, and although my work as a writer has called me to all parts of the Nation I have retained, and always expect to retain, my legal residence in the Panhandle Congressional District. I am, therefore, no outsider.

Some years ago at the end of his distinguished public career in Washington, which had lasted for a quarter of the life of the Republic, former Vice President John N. Garner said:

"The best training for a member of Congress is in his State legislature. He learns his District and his state there. He learns the legislative process and how to work with other men. I laid the foundation for my Congressional career in the legislature of Texas."

From this training school also came Senator Tom Connally and Speaker Sam Rayburn of Texas. Representative J. Blake Timmons, 33, has ably served this District four years in the Texas legislature, exactly the apprenticeship served there by John Nance Garner.

It has become a custom of the people of Northwest Texas to choose an able young man to represent them in Congress and to keep him there, thus reaping the benefit of his increasing experience and the friendship and respect he has gained from his Congressional colleagues.

In the last 53 years this Congressional District has had three Representatives in Congress, John H. Stephens, who served 20 years, Marvin Jones, who served 24 years, and Eugene Worley, who served 10 years. It has been my privilege to enjoy the friendship of all these able men. I believe that J. Blake Timmons would make a worthy successor to them.

He is young, industrious, able and sound. He has been an upright and forthright public servant. In these critical times, J. Blake Timmons will serve his country and his Panhandle District well.

the Panhandle Press Association — a nice honor to a deserving young man. Another item was that of J. M. Martin and family of East Robertson Street who were burned by lightning last Sunday week when it struck light wires in front of their home, and due to faulty wiring, the volts were carried into the home and all members of the family were burned about their faces and necks. All had to have medical treatment at a local hospital. After being ill a day or two, they recovered. Another item concerned an open house being held Sunday in the new home of R. D. Hall near Plaska. Our sincere apologies to all whose news items failed to be published.

Every time I drive over town, I find additional homes being built or remodeled. Every street has from one to half dozen new buildings, and some of them are real expensive and imposing. The tourist court on the highway leading north out of Memphis, being erected by Cecil McCullom, has 12 units practically completed, and other units are to be built. This new addition to Memphis is modern in every respect, and will help take care of more transient people. A last, Memphis has the building fever, even to painting and cleaning up jobs. Let's hope all residents join in making Memphis a clean and attractive town.

Memphis Women's Clubs Serve As Joint Convention Host

MRS. D. L. C. KINARD HEADS GROUP; CLUB PRESIDENTS ON COMMITTEES

Preparing for the Seventh District, Texas Federation of Women's Clubs convention which begins here today was no simple task. With some 400 delegates from throughout upper Texas attending, the details that went into the planning of the various activities were almost endless.

The success with which the women's clubs of Memphis accomplished this task certainly discredits that old man-made adage that "women are poor organizers."

The work of planning this convention has been divided among the members of the nine clubs here who are acting as co-hosts.

The City Federation of Women's Clubs was given general charge of the convention activities and that organization has supervised the work of the various individuals and clubs.

All of the nine host clubs are members of the City Federation. They include: The 1913 Study Club, The Delphian Club, The Pathfinders Council, The Woman's Culture Club and The Atalantean Club. These are clubs in Memphis that are affiliated with the state organization.

Also, the Business and Professional Women's Club, United Daughters of the Confederacy, the Harmony Club, and the Little Theatre.

Mrs. D. L. C. Kinard, long a prominent leader in the women's club activities of Memphis, is general chairman of the convention planning. She has been assisted by Mrs. C. C. Hodges, president of the City Federation.

The presidents of the nine member clubs have also taken a leading part in this work. They include: Mrs. Henry Hays, Delphian Club; Mrs. Mac Tarver, 1913 Study Club; Mrs. Homer Tribble, Woman's Culture Club; Mrs. H. J. Howell, Atalantean Club, and Mrs. Earl Hill, Pathfinders Council. These five federated club presidents are serving on the convention planning committee.

Also, Mrs. Glynn Thompson, United Daughters of the Confederacy, is serving on the convention planning committee.

The invocation will be given by W. F. McElreath and Misses Helen Boswell and Roselyn Williams. Approximately 450 clubwomen are expected to attend the tea. (Continued on Page 8, Sec. 2)

STATE PRESIDENT—Mrs. J. Howard Hodge of Midland, state president of Texas Federation of Women's Clubs, will address the Seventh District convention at 10:30 o'clock Friday morning on "Our Great American Heritage." Mrs. Hodge has been a district president and served on the state board for a number of years. She is the only woman on the board of regents at Howard Payne college.

HEADS COMMITTEE—Mrs. D. L. C. Kinard is general chairman for the Seventh District TFWC convention which begins here today. Mrs. Kinard is immediate past president of the Seventh District, an honorary member of the district executive board and is also a member of the state board. She will give the welcoming address at the opening of the convention Friday morning. Mrs. Kinard is a member of the 1913 Study Club here.

Tea To Highlight TFWC Convention Friday; 450 Guests Are Expected

A fan tea at 4:30 Friday afternoon in the Memphis Country Club will highlight the social activities which will be featured here during the three-day district convention, Texas Federation of Women's Clubs.

For this occasion, the Country Club is being artistically decorated with unique paper and floral fans and a profusion of greenery under the able direction of Mrs. Claud Johnson, chairman. The tea is a courtesy of the First National and First State Banks of Memphis.

W. F. McElreath and Misses Helen Boswell and Roselyn Williams. Approximately 450 clubwomen are expected to attend the tea.

Henry Foster Hosts to Members of the Claremont Club

Personalities of the
topic of the pro-
gram, Wednesday afternoon,
before members of the
Club. The meeting
in the home of Mrs.
Foster with Mrs. H. J.
Howell, president, presiding.

Mrs. T. M. Isham, program
chairman, introduced Miss Viola
Johnson, Mrs. H. B. Estes and
Mrs. Edwin A. Smith Jr., who
gave interesting talks.
Miss Johnson, in discussing Al-
bert Schweitzer, said that he is
probably the most talented per-
sonality of our age. In Africa he
saves old Negroes and in Europe
he saves old organs.
Dr. Ralph Johnson Bunche, an
American peacemaker, is the first
U. S. Negro ever to become a
leader in international affairs.
Mrs. Estes told the group. She
added that he is a living demon-
stration proving that democracy

FOUNDER OF GIRLSTOWN, USA, WILL DESCRIBE PROJECT AT CONVENTION

Members of the Seventh District
federated clubs will get some first
hand information on the highly-
publicized Girlstown, USA, here
Friday morning when Miss Amelia
Anthony, founder of the haven for
homeless girls, addresses the con-
vention.

AMELIA ANTHONY

This new experiment in helping
underprivileged girls was officially
opened by Miss Anthony in March.
It is headquartered in a low ram-
bling ranch-house at Whiteface,
near Lubbock.

Girlstown became the home of
12 girls on opening day. Miss
Anthony is continually searching
for girls who need a home until
64 fill up the 32 bedrooms at the
ranch.

"Girls who need help from in-
fancy to 15 years of age are ac-
cepted at Girlstown," Miss An-
thony said. "A home for 500 girls
is our plan for this project within
the next 10 years."

The public got its first official
look at Girlstown on April 2 when
a barbecue was served to some
5,000 guests. The project has re-
ceived high praise from leading
youth officials throughout the
state and nation.

Judge A. K. Doss of Abilene
gave Girlstown his endorsement:
"As judge of the corporation
court I've handled many a case
involving juveniles who needed
help. There were lots of places

where we could find a boy a home
but none for a girl. This is the
only home of its kind in the United
States and I think you have
here the makings of one of the
greatest projects of its kind in
the country."

Cal Farley, founder of Boys
Ranch at Old Tascosa, also had a
word of praise for the project:
"There's seldom any case where
we take a boy when there isn't a
sister involved. She needs help,
too, and there isn't any question
but what a place like this is need-
ed."

Miss Anthony said the purpose
behind Girlstown is to have a
place where all girls are given
what is rightfully theirs—a love,
a sense of being wanted and the
security of a home.

She will speak at the Friday
morning session of the convention
at 11:15 o'clock.

Girl Scouts To Hold Initiation

Plans are being made by the
local Girl Scout Troop No. 1 to
hold an Investiture Ceremony in the
near future. At this time several
new members will be initiated into
the troop.

Girls, who are to take part in
the services, are urged to attend
a 11 meeting in order that they
may practice.

The Troop meets each Tuesday
afternoon at 4:00 o'clock in the
City Hall.

Attending Tuesday's meeting
were Shirley McBee, Nan Crowder,

Whatever THE TIME —

Doctors ARE ON THE JOB!

DOCTORS certainly are not
contributors to a "philosophy of
idleness," nor have they figured
out a way to regiment illness. In
hospitals, homes, offices and labo-
ratories, Doctors are on the job
day and night, taking care of
patients — or seeking better
methods of making and keeping
them well.

Rare, indeed, is the Doctor
whose working time is confined
within certain hours.

What with free clinics, hospital
staff service, operation hours,
emergency calls—the average
Doctor's working day is long
and arduous. It is difficult to find
"vacation" time.

Even the physician with a
highly specialized practice is not
immune to broken hours of sleep
and rest, when emergencies arise.

Don't allow Federal "paper
work" and red tape to be added
to the load of your family Doctor.

Baptist Class Meets in Home of Miss Williams

The Sunshine Scatterers of the
First Baptist Church met in the
home of the teacher, Roselyn Wil-
liams, on Tuesday evening, April
11, at 6 o'clock.

Following the devotional, which
was given by the teacher, and a
social hour, the group went in a
body to the church where they at-
tended revival services.

Refreshments of sandwiches,
cookies, peanuts and punch were
served to the following members:
Nan Crowder, Evelyn Ritter, Jo
Nell Briscoe, Linda Mitchell, Opal
Ray Greene, Jo Ann Huggins,
Betty Kennon, Jarita Grimes and
hostess, Miss Williams.

It even PROTECTS YOUR POCKETBOOK!

RAP your fist against these stout
bars—feel the gauge of the
bumper stock they're made of—
and you know you've got stout
protection here.

But then figure:
Here are *nine* bumper guards (not
counting the two that hold the
parking lights) so that's one extra
item you needn't buy.

And each is *individually* replace-
able — if damage should occur
you have only a simple part or two
to replace, instead of a complete,
cast-metal grille.

Thus this stunning new design—
freshest front-end style note on the
highways—protects your pocket-
book as well as your car.

Avoids costly repair bills as it
avoids "locking horns" with the
car ahead. Cuts upkeep as it cuts
inches from the car's total length,
thus making parking and
garaging easier.

What you really have here is a
four-way forefront. A design that
sets the coming style note—avoids
many a tangle with the car ahead—
makes handling easier—and costs
less to repair.

And note that parking-light lenses,
made of plastic and set deep in re-
cessed sockets, are well out of
harm's way—even when pushing a
stalled car.

You'll find this bold front end
only on Buick—as you'll find
Fireball power, Dynaflo Drive,*
Buick's wonderful ride, and many
another headline value only on
these beauties.

Why not see your dealer now for
the whole story—including the
happy story on prices to fit practi-
cally any budget?

*Standard on ROADMASTER, optional at extra cost
on SUPER and SPECIAL models.

INVITATION — AND A CHALLENGE

"You never can tell till you try"—so we
want you to try the 1950 Buick. And
we especially want you to compare it
with others. Drive any other car—then
drive Buick and see what your money
should buy in ride, room, handling and
power.

Only Buick has Dynaflo— and with it goes:

HIGHER-COMPRESSION Fireball valve-in-
head power in three engines. (New F-263
engine in SUPER models.) * NEW-PATTERN
STYLING, with MULTI-GUARD forefront,
taper-through fenders, "double bubble"
taillights * WIDE-ANGLE VISIBILITY,
close-up road view both forward and back
* TRAFFIC-HANDY SIZE, less over-all
length for easier parking and garaging,
short turning radius * EXTRA-WIDE SEATS
cradled between the axles * SOFT BUICK

City Federation Co-ordinates Women's Club Activities

The Seventh District, Texas Women's Federated Club convention which begins here today might be considered an anniversary event to the Memphis City Federation of Women's Clubs. For it was slightly over 20 years ago—March 13, 1930, to be exact—that the City Federation was first organized here.

And, significantly, that organization came into being with a

declared purpose of obtaining the Seventh District convention for Memphis in 1931. They were successful in that purpose and the 20th annual district convention was held here.

Seven local organizations—five of them federated—joined to form that first City Federation. These were: the United Daughters of the Confederacy, Atalantean Club, 1913 Study Club, Woman's Cul-

ture Club, Delphian Club, Pathfinders Council and Mystic Weavers.

Representatives from these clubs met at the American Legion Hall on March 13, 1930, and formed the organization. They named it "The Women's Forum" and set as their purpose "To promote unity among local clubs and to combine efforts to obtain the district convention for 1931."

Officers in that first organization included: Mrs. S. A. Bryant, president; Mrs. W. C. Dickey, recording secretary; Mrs. Roy L. Guthrie, press reporter; Mrs. M. J. Draper, Mrs. Roy L. Guthrie and Miss Imogene King, constitution committee.

This organization, after functioning for several years, became inactive until September 13, 1947. At that time, representatives from local women's clubs met to re-organize the group.

They set as their objective to "promote cooperation among the women's clubs here and to cultivate social, civic and cultural programs in Memphis." Mrs. D. L. C. Kinard, an outstanding leader in women's activities, was one of the club women instrumental in this re-organization.

Named the City Federation of Women's Clubs, the group elected Mrs. T. J. Dunbar as president.

Other officers included: Mrs. C. R. Webster, vice-president; Mrs. Harry Womack, recording secretary; Mrs. J. H. Norman, corresponding secretary; Mrs. Earl Pritchett, treasurer, and Mrs. Herschel Combs, reporter.

For the past three years this organization has acted as a successful co-ordinator of women's club activities in Memphis.

Nine clubs make up the membership: 1913 Study Club, Delphian Club, Pathfinders Club, Woman's Culture Club, Atalantean Club, all affiliated with state organizations and members of the Seventh District federated clubs.

Also members are the Business and Professional Women's Club, United Daughters of the Confederacy, Harmony Club and the Little Theatre.

Mrs. C. C. Hodges heads the organization today. She is serv-

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS of the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman... upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them. They represent that an

extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good . . .

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously in the cab of road diesels. The proposal must be rejected."

The real reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding." The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good . . ."

PRESIDENTIAL FACT FINDING BOARD REPORT
Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation . . ."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

Welcome, Federated Club Members

The Democrat joins with the rest of Memphis in welcoming the members of the Seventh District, Texas Federation of Women's Clubs to our city for their 29th annual convention.

We are, of course, very honored that you club women chose Memphis as the site for this occasion. We believe you will find the friendliness and facilities that await you here will make you glad you chose our city.

We have always been proud of our Federated Clubs here. Their leadership in community affairs has always been an inspiration to the citizenry of Memphis. They have played a dominant role in this city's improvements along cultural, educational and civic lines.

Wherever you find a progressive city or town—one that is alert to every possibility for improvement and betterment—there you will find active Federated Clubs.

And, as the influence of women increases in all the affairs of this country, the activities and accomplishments of our Federated Clubs will also increase.

These club women are learning—through participation in their organizations—a lesson that much of the world today would do well to heed. They are learning that any worthy task can be accomplished by working together. That they place prime importance on this is illustrated by the fact that they have chosen "Together We Build" as their convention theme.

May you always continue in this fine spirit of cooperation, Federated Clubs, for if you do no task will be too difficult for you to accomplish.

Press Paragraphs— QUOTING OUR NEIGHBORS

How Fair is FEPC?

We have been wondering about the operation of the President's Fair Employment Act, if and when it is put into operation.

We note with interest that in many Southern States exclusive negro employees are being used in many plants as this type of labor has proved to be more economical. Southern whites and negroes do not mix well in many kinds of work, so the reports say.

Here is what we want to know: Under such circumstances would the whites be granted the same rights in demanding their share of the jobs in such negro-manned plants as the proposed law would make it possible for the blacks to come into any business establishment and demand their share of employment?

Would the President approve of such a law, or does he reserve

his position for the voting negroes of the East and North who now enjoy equal employment rights.—Canyon News.

Taxes Don't Wear Well

The American Weekly recently published a full-page picture of a girl dressed for a party. She was wearing some modest jewelry and a fur scarf. She was carrying a purse. She had used the customary make-up—powder, cleansing cream, lipstick, rouge and so on. She had washed her hair with a commercially-made shampoo. She had a pack of cigarettes and a holder and lighter. The point of the picture was that she was a living, breathing example of the burden of the wartime excise taxes which are still in effect, long after the last shot was fired.

These excise taxes, most of which come to 20 per cent on top of the regular retail price of the

commodities affected such as the apparel and accessories worn by the girl in the picture, are, of course, in addition to all the other direct and indirect taxes we pay. Other types of excise tax—created by the war emergency—apply to transportation, telephone calls, etc.

Ask any retail merchant what the effect of the taxes is. Ask any worker in an industry which produces one of the commodities or services taxed. Ask manufacturers. They all say the same thing—that the taxes reduce sales, that they force many people to buy inferior goods, and that they are a strong adverse influence on employment and purchasing power.

Significantly, Canada, which had taxes of this nature during the war, repealed hers. When the taxes were passed, it was said they would be repealed as soon as hostilities ended. That is a moral obligation and their continuance is a clear breach of faith on the part of the government.—Center Champion.

A Stand On Taxes

Speaking of party slogans, as Doctor Gallup did in his recent column on the questionable efficacy of the Republicans' "liberty vs socialism," candidates standing for Congress at the elections this fall could do no worse than to pitch their appeals to the voters on the issue of taxing and spending, with special emphasis on taxing.

The danger inherent in the trend toward socialism is recognized and understood by only a

LOST IN THE WOODS

small fraction of the voting populace. But everyone who makes a living, either in wages, salaries or by self-employment, understands and is more acutely aware of the impact of taxes.

Even large-scale spending, per se, is not unpopular. It only becomes so when the relation between increasing governmental spending and diminishing personal income becomes definite and unmistakable.

That time has arrived. Evidence of this may be seen in the recent elections where spending proposals were linked to increased taxes. The people are turning thumbs down on them. A notable instance occurred in Missouri the other day when a proposed increase in the State's gasoline tax was rejected by an overwhelming majority in spite of the fact that Missouri is badly in need of better roads and

the present tax is much lower than it is in most States.

Candidates for Congress, Democrats and Republicans alike, can't go wrong this year in declaring their intention to sit on the tax lid, if and when they are sent to Washington.—Houston Post.

Her husband, Michael, is a 59-year-old lawyer and judge who was a high ranking member in Latvian jurisprudence before his confinement. The couple was smuggled from the camp to this country by friends. They do not speak English very well yet, but are fluent in German, Russian and Latvian. They are studying hard to learn English, and Mr. Grundulis plans to resume his law work in some capacity as soon as he learns the language well enough.

The Latvian couple has been living at the home of Mr. and Mrs. James A. Allen in Childress since coming to this country.

Mrs. Grundulis will play two piano solos at the Friday luncheon, "I Remember the Day, Oh! This Was a Happiness," and "The Grand Piano Is Weeping in a Dark Hall."

Others featured on the luncheon program will be Mrs. William Wilson of Canyon who will sing a solo, accompanied by Mrs. Lee Foster, also of Canyon.
