Over 3000 Votes Expected In Primary Election Saturday

VOTERS SHOW INCREASED INTEREST AS CANDIDATES CLOSE CAMPAIGNS

Over 3000 Hall Countians are expected to cast ballots Saturday in the Democratic Primary Election. This year's election promises to see a record vote cast due to the strength of competition on state, district and county levels.

The county has approximately 3045 qualified voters this year, according to figures from the Tax Assessor-Collector's office. This includes some 400 voters who are exempt from the poll tax list. Approximately 3005 ballots were cast in the first primary in 1948.

County Clerk Sybil Gurley reported Wednesday that 126 absentee ballots have been cast and mailed to voters who are now out of the county. Of this number, 91 were voted in the County Clerk's office and 35 were mailed out.

Candidates have intensified their campaigning during this final week before the election. With six candidates in the field, the sheriff's race is attracting the most attention on the county level. In this race, Sheriff Earl Hill is

seeking re-election against five opponents: E.S. (Peck) Morrison, T. D. Weatherby, Raymond Ballow, E. H. (Bud) Godfrey and Ellis D. Briggs.

Other opposition for county offices finds Miss Sybil Gurley running for re-election against Mrs. Agnes Bailey, and C. Land seeking re-election against Wm. J. Bragg. Memphis voters are also showing interest in the Precinct 1 Contest.

Reburial Rites Here Monday For William Johnsey

Reburial services for William O. Johnsey, killed in action in Germany in 1945, will be held at Fairview Cemetery Monday afternoon at 2 p. m.

The American Legion and VFW posts here will conduct the military services. Rev. Bedford Smith, pastor of the First Christian Church, will officiate. Arrangements are under the direction of Murphy-Spicer Funeral Directors.

Johnsey was born on Jan. 9, 1908, in Memphis. He was graduated from Memphis High School in 1926 and attended Texas A. & M. College. He later joined the

HALL COUNTY 4-H CLUBS OUTLINE PROGRAM FOR FARM SAFETY WEEK

July 23-29 is National Farm Safety Week. All Hall County 4-H Club members are making an urgent appeal this week to every farmer in the county to join this campaign.

County Agent W. B. Hooser that safety club meetings have been held by the five 4-H Clubs recently to discuss ways of creating a safety consciousness among the farmers of Hall County.

"We are backing this safety program to the utmost," he said. "The losses to farmers through injuries and property damages each year are unduly large."

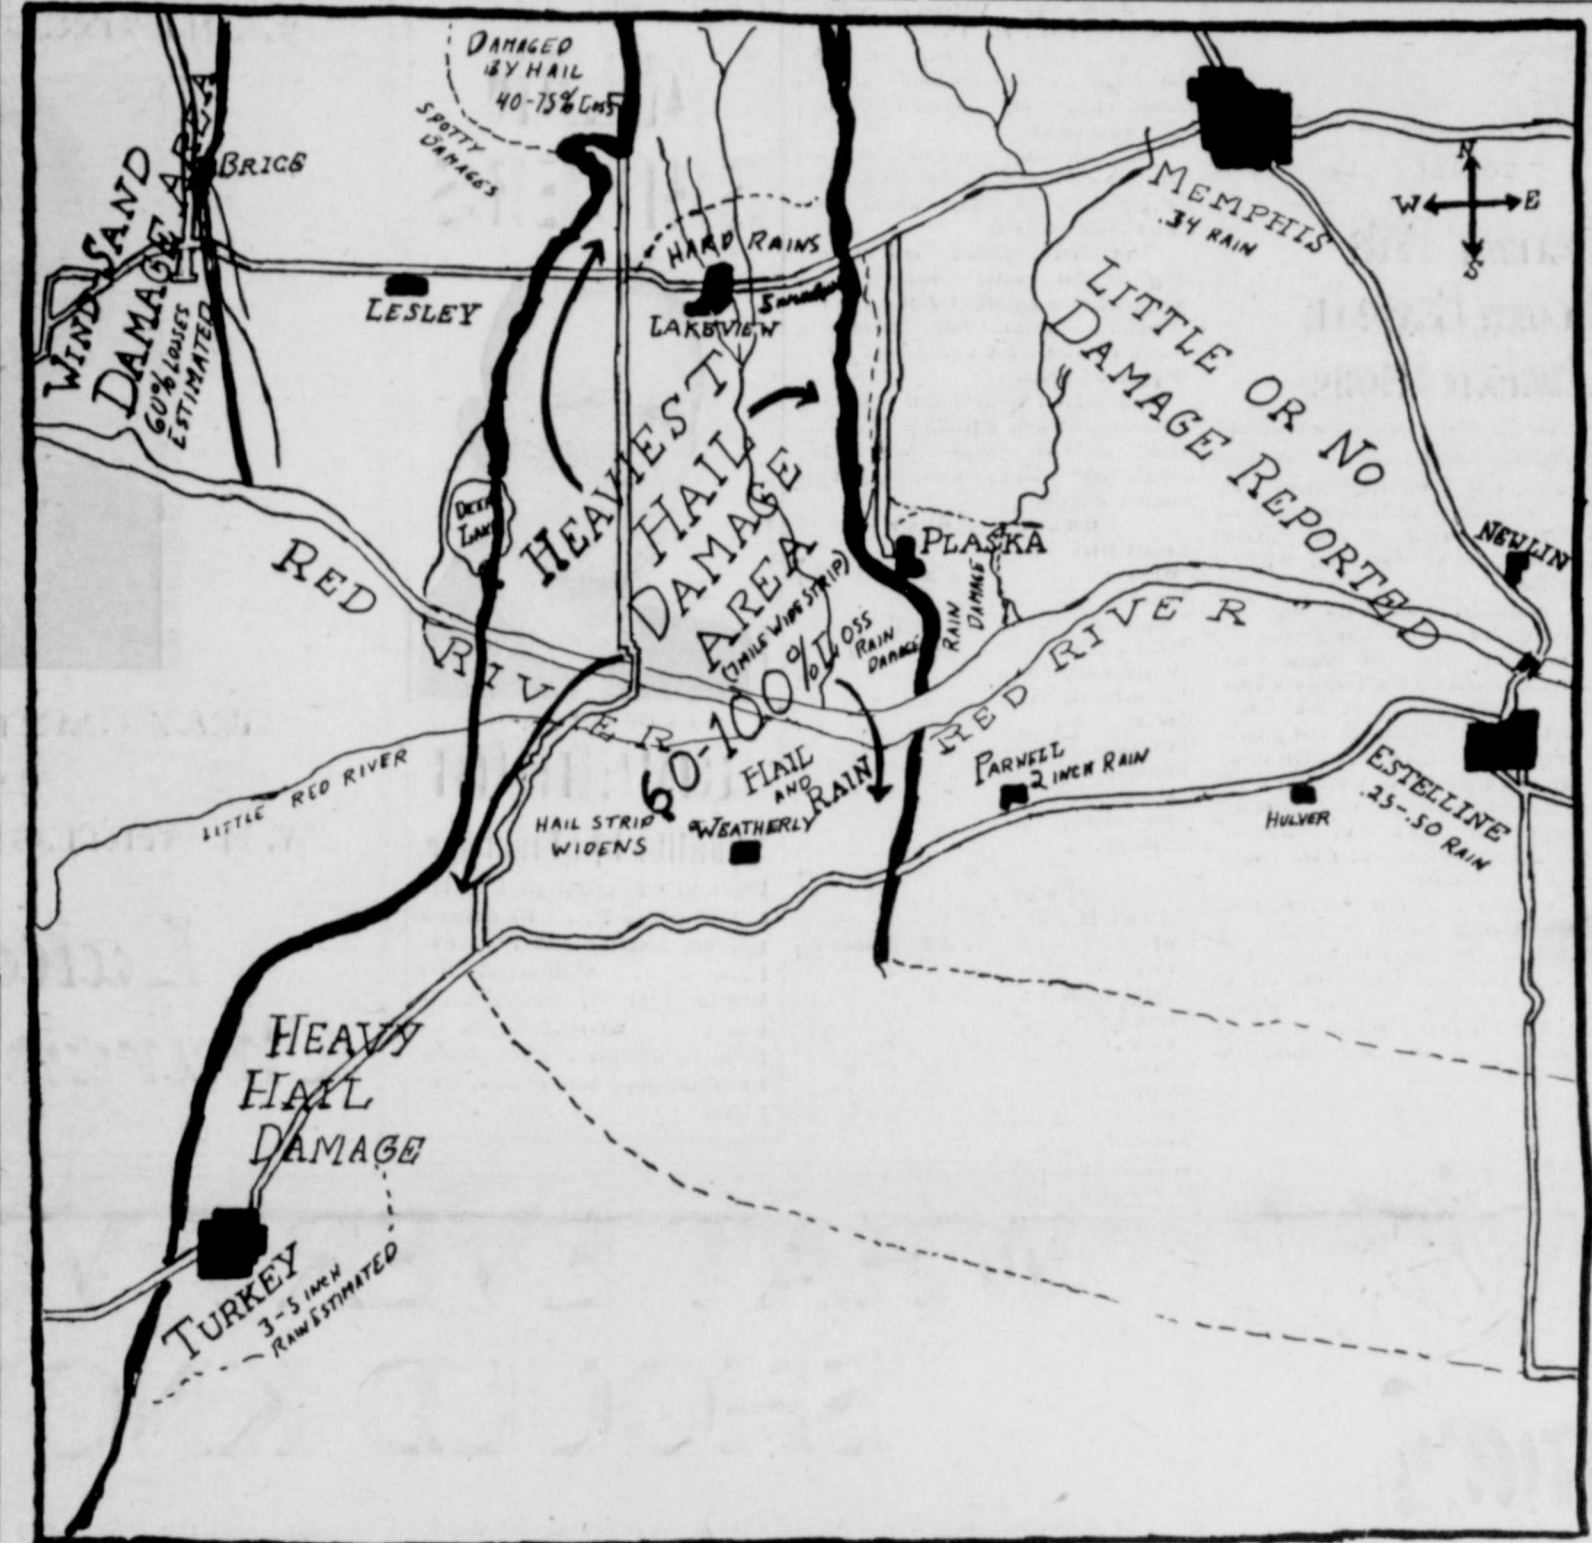

Hooser pointed to the fact that farming has become the third most dangerous occupation in the United States, according to National Safety Council figures.

"And probably the worst thing about this situation is that most of it could be avoided through proper training and a more careful attitude on the part of our farmers toward their work," he said.

The 4-H Clubs in Hall County have made up a list of precautions they are urging every farmer to take during this week. Beginning with the home, they include:

1. Collect old papers and magazines, rags and old clothing, and discarded furniture from attics, closets, and the basement and turn them in for salvage. Such materials often are the source of spontaneous ignition and provide perfect tinder for any spark or flame.
2. Help clean the heating plant from fire pot to chimney top. An efficient chimney sweep can be

HEAVY DAMAGE—Hall County suffered one of the worst crop disasters in a quarter of a century early Sunday night when hail, rain and wind swept the upper western part of the county. The hail storm hit near the center of the upper county line and cut out a seven-mile-wide strip for some 15 miles before turning east into Childress County. The map above shows estimates of the damaged areas from a survey made by County Agent W. B. Hooser. The heavy lines show the worst hail damage and the dotted lines indicate the approximate course of the storm as it proceeded east.

HAIL, RAIN STORM GUTS COUNTY DAMAGE OVER MILLION DOLLARS

The worst hail, rain and wind storm in almost a quarter of a century gutted the heart of Hall County early Sunday night, leaving crop and soil damage estimated at some one and one-half million dollars in its wake.

Hardest hit was a seven-mile-wide strip near the upper center of the county which caught the brunt of the hailstorm. Surveys by County Agent W. B. Hooser and PMA Secretary Lynn McKown show that this strip extended from the upper boundary of the county for approximately 15 miles south.

Democrat Plans Election Party Saturday Night

All Hall Countians are invited to attend the Democrat's Election Party which will be held in front of the newspaper building at 615 Main St. Saturday night.

Main Street will be roped off to assure plenty of room and to eliminate any danger from passing automobiles. Election returns boards will be on display in front of the building.

Returns from all Hall County boxes will be posted on these boards as soon as they have been counted and reported. In addition, a public address system will be used to give returns on all races as they are received here by radio and by telephone from the newspaper's contacts with daily papers in Amarillo and Wichita Falls.

The polls close at 7 p. m. and returns will be posted on the election boards as soon as they are counted and reported.

Friday night the Owls return to Estes Park to open a home stand. The Friday night game will put Memphis against Turkey in continuation of their inter-county rivalry. The Owls downed the Turks in their first meeting two weeks ago.

Saturday night Memphis is scheduled to meet the Wichita Falls Black Spudders, an outstanding semi-pro colored club, at Estes Park. This will probably be one of the top exhibition games of the season here.

Owls Will Meet Mangum In Road Game Tonight

With an anxious eye on second-place Dumas, the Memphis Owls travel to Mangum tonight for a league game with the fourth-place Oklahoma club.

The Owls are close on the heels of Dumas and could overtake them this week with the right breaks. However they will have their work cut out for them tonight since Mangum is working just as hard to take possession of third place in the league from the Owls.

Owl Manager Burr Pruett has named Ed Mathes as the probable starting hurler against Mangum.

The Black Spudders have dropped only one game to a white club during the current season, a 9-8 game won by an army team.

Pruett said he will use Leroy Kamphouse and Jack Brinkley on the mound for these two games, providing they are not forced in to relief roles tonight.

ANGUS SHIPMENT ARRIVES TODAY; DRAWING IS HELD THIS AFTERNOON

Hall County's new beef cattle program really got underway today when the shipment of Aberdeen-Angus cattle arrived here from the Don Head Farms in Ontario, Canada.

The cattle were delayed in Childress—preventing the morning drawing—but were scheduled to be distributed this afternoon.

The Angus shipment—10 heifers and a bull—and the six Jerseys arrived here in good condition.

Burt Bell, assistant Angus herdsman for the Don Head Farms, accompanied the shipment.

CLAUDE'S COMMENTS

By J. C. W.

Storm damage, war, election, hoarding, black market, price controls, Marshall Plan aid to foreign countries, Russia sacking her satellites onto non-communist countries, forcing America into doing the dirty work for UN, and a thousand and one other things keep the people of this section busy guessing. All have lost their sense of proportions and are at sea, wondering what will happen next.

Never in the history of Hall County has a greater catastrophe happened to her than that of Sunday when at least a million-dollar damage was suffered by farms and crops in the western part of the county from rain, hail, sand and wind. Many farms were wiped clean of crops, and terraces and contours badly wrecked. And this, of all years, when it looks like big crops are needed due to the war!

The U. S. Department of Agriculture should loosen acreage controls and give the farmers a chance at putting in some other crops, such as small grains.

The war in Korea holds the spotlight above that of elections. At last help has reached our meag-

Memphis Routes Dumas 8-3 Here Sunday

The Memphis Owls had two big innings here Thursday night, scoring four runs in the first and second, to blast Dumas 8-3 in a loop game played at Estes Park.

The six-hit hurling of Ed Mathes kept the visitors well in check.

Memphis started the first inning spurt when Pruett walked after the first two batters had been retired. Williamson then tripped, McKay singled, Velt-

man slammed out a double and Stonecipher collected a single.

It was a similar story in the second frame. Mathes opened the inning with a walk, Farmer sacrificed to send him around and Coppedge singled. Pruett reached first on a fielder's choice and Williamson slammed out his second three-bagger. McKay doubled and Veltman hit a single to account for all the Owl scoring in that

Farmer Fills Young Eagle In Chicken House

One of the most unusual bird episodes of the year in this area occurred last Thursday when Geo. W. Nunnally managed to corner a Golden Eagle in his chicken house and kill the bird with a 22-rifle.

Nunnally, who lives on the Dickey farm 10 miles south of Memphis, said the eagle was first noticed by his family when it swooped down on his hens which were feeding in the yard. They attracted his attention in a field where he was working and he rushed to the house. Meanwhile, the eagle had pursued a chicken inside and thus trapped and killed.

Nunnally said the incident took place about 10:30 o'clock that morning. The eagle measured seven and one-half feet from tip to tip of its wings. It was thought to be a Golden Eagle, commonly known as a "Mexican Black Eagle" in this area.

Owls Ease Past Mangum Friday

A three-run rally in the ninth inning paid off for the Memphis Owls Friday night as they came from behind to nip Mangum 6-5 in a tight exhibition game played on the Oklahoma club's field.

Trailing 3-4 in the ninth, the Owls began their scoring session when Coppedge singled. Dlugokeeki, pinch-hitting for Pruett, then got on via a Mangum error. Williamson followed with a double and Veltman's single drove in the final run.

Altus made a final bid for the lead in the bottom of the ninth when they scored one run off two singles.

Jack Brinkley worked the entire tilt on the hill for Memphis. He gave up 10 hits, walked two and struck out six.

The Owls opened their scoring in the initial frame when Coppedge singled, followed by Pruett's double and Williamson's two-base hit to account for a pair of runs.

They added their other tally in the second when Brinkley reached base via the gratis route and eventually came home on Coppedge's single.

WHAT EVERY VOTER SHOULD KNOW

As the campaign for Sheriff draws to a close, I would like to express my appreciation for the fine reception I have had at the hands of the voters and to thank each and every one of you for the consideration you have given me in my solicitation of your vote in the Democratic Primary to be held July 22.

I know that there are some who I have been unable to contact during these past four weeks, and I would like for them to consider this appeal as a personal solicitation of their vote and support in my candidacy for the high office of Sheriff of Hall County. I have endeavored to reach each of you personally and I will continue my campaign until the last vote is counted.

In making this campaign I have based my platform on the simple facts and truths involved in the circumstances. I have made no statements nor references during this campaign that I do not know to be the truth, and I am sure that the voters of this county concur in the platform that I have presented.

I have lived among you for nearly half a century—all of you know me, and many of you have known me for a great many years. What I have said and done is a matter of record, for I have not at any time attempted to hide in subterfuge nor deceit. I have had the privilege of enjoying a reputation of being a man of my word and I know there is no man nor woman in Hall County who can say that Raymond Ballew ever failed to keep his word nor pay his debts.

I believe that it is the right and privilege of every American citizen to serve his country in every way he can, and I believe that I can be of service to the people of this county as their Sheriff. It is a high office, with great responsibility and one that should be conducted with honesty, integrity and dignity. It is my solemn promise that, if elected, I will bring these factors to that office and give to this county a clean, fair and just administration.

I am fully cognizant of the fact that during this cam-

of Mrs. W. C. Dickey, North 14th street, was for an attractively appointed luncheon given Friday, past matrons of the chapter of the Order of the Star. The purpose of the luncheon was to form a past matrons club.

signate the star point colors, lighted tapers in blue, yellow, white, green and red were placed at the five star points and leading from the center arrangement were wide satin streamers which further accented the chosen colors.

Foursome tables, at which the guests were seated, were laid with white linen covers. Arrangements, featuring the five emblems of the organization, were used as centerpieces on the five tables. Place cards were miniature hand-painted gavel.

Serving on the decorating committee were Mrs. Gladys Johnsey, Mrs. Ruth Fowler and Mrs. Ida Anisman.

Members of the refreshment committee included Mrs. Clara Barnes, Mrs. Della Palmeyer and Mrs. Addie Wherry.

Following the luncheon an appropriate program was presented under the direction of Mrs. Hattye Dem Thompson, who served as chairman. Other members of the program committee were Mrs. Phillips and Mrs. Anna May Foster.

The invocation was given by Mrs. D. A. Grundy and Mrs. Gladys Johnsey gave the welcome address.

The history of the chapter, beginning at the time the chapter was organized on December 14, 1906, until the present day, was told by Mrs. Thompson.

She gave a brief history of each year's work, naming the worthy matron and giving highlights of the year. Mrs. D. A. Grundy was the chapter's first worthy matron serving in 1906.

She was present for Friday's luncheon and added the first flower to the bouquet which was later completed as each worthy matron came forward to add a flower for her term of office. Fern for the bouquet was added by the affiliated past matrons.

During the business session, Mrs. D. A. Grundy, who had served as the chapter's first worthy matron, was named to head the Past Matrons club. Mrs. Maude Fitzjarrald was elected vice president and Mrs. Della Palmeyer secretary.

Past matrons present were Meses. Vera Dickey, Margaret Phillips, D. A. Grundy, Ruth Fowler, Gladys Johnsey, Maude Fitzjarrald, Clara Barnes, Lena Wilson, Hattye Dem Thompson, Zettie Baker, Lattie Hightower, Ida Anisman, Lenora Greenhaw, Della Palmeyer and Addie Wherry.

One affiliated past matron, Mrs. Mary Youngblood, was also present and one visitor, Mrs. Nelson, past matron of the Miami Chapter, was a guest.

MEMBER OF CAST—Miss Helen Boswell will portray Mrs. Bradman, one of the principal characters in the Little Theatre production of "Blithe Spirit" which will be presented here August 1. This will be one of the organization's outstanding presentations. (See story, page 1).

In an interview Wednesday, Veteto said he had employed 16 people to assist in the Inn's operation.

"We will be open 24 hours a day," he said. "A separate dining room, consisting of two separate rooms which can be combined on special occasions, will be open from 11 a. m. until 2 p. m. and from 6 p. m. to 9 p. m. Each of

the rooms will seat 40 people and one room can be reserved for special occasions."

In addition to the dining rooms, the main lunch room has places for 56 people. This is the part of the building which will remain open day and night.

Veteto stated that he plans to give local people a wide variety of foods and that the Drive Inn will specialize in Mexican dishes.

In addition to inside service, the owner and the manager said that curb service will be available to those persons desiring to be served while remaining in their automobiles.

SHIVERS TRAVELS THROUGH STATE; ANSWERS OLD AGE AID QUESTIONS

has a Governor who gets in government to know what they stand for."

During the four months Governor Shivers made some 60 public appearances in Texas towns other than Austin. Most of his traveling—none of which was at State expense—was done by plane. This made it possible for him so to arrange his schedule that of the 104 day during the four-month period that he was in Texas, he spent at least part of 90 days at representing the people his office in Austin.

The figure of 14,465 miles does not include personal trips the Governor made to his homes in Mission or Woodville or travel inside Texas when he was on his way out of the State. The Governor made three out-of-state trips during the four months, one a vacation trip, one to attend a funeral and one to the National Governors' Conference in West Virginia.

Shivers, who succeeded to the Governorship a year ago, is a candidate in the July 22 Democratic primary for a term of his own as Governor. In his travels over the State he has made political speeches but instead has confined himself to discussions of various public problems and to giving the people reports on the State Government.

Forthright answers to four questions put to him in a letter from a West Texan this week placed Governor Shivers clearly on record for a "fair and equitable" old-age assistance system in Texas.

Replying to a communication from Archie Yates, 1318 North 15th St., Abilene, Shivers set forth in one-two-three fashion his views on old-age assistance. He wrote Yates as follows:

"Your first question is, 'Do you favor the removal of the ceiling on old-age pensions and payments to needy children and dependent blind?' My answer is yes.

"Your second question is, 'Will you or will you not do all you can to have a constitutional amendment submitted to the people to be voted on at the earliest possible time?' My answer is, I will.

"Your third question is, 'Will you or will you not, if ceiling is removed, support a law raising such payments?' My answer is: This is a matter entirely for the Legislature, but I will be happy to see the Legislature pass such laws as it feels fair and just in all the circumstances.

"Your fourth question is, 'Do you or do you not favor the State

taking a lien on whatever property the old folks may have? My answer is, I do not."

In his letter to Yates, Gov. Shivers pointed out that, as a member of the State Senate in 1935, he wrote and sponsored the first old-age pension law that Texas had. Shivers also was a co-author of the 1941 tax bill which to this day provides revenue for the old-age assistance program.

"As a public official," he said, "I have always endeavored to work for a fair and equitable old-age assistance program in Texas."

7-Months Old Baby Left With Waller Family

A former Memphis couple—Mr. and Mrs. Thomas Waller—of Pratt, Kan., had an addition to the family recently and it was almost by the unusual "basket-to-doorstep" method.

This family addition—a 7-months old, blonde, blue-eyed girl—was left with the Wallers by her parents who said they were hitchhiking through town. The mother said she was looking for someone to take care of the baby and might want Mrs. Waller to keep her six days and nights a week, if she found a job.

The parents apparently left town the next day and have not been heard from since.

Mrs. Waller is the daughter of Mr. and Mrs. W. W. Tumlinson

resided here and are well-known in this area.

The Waller's report that "Sally" as they call the youngster, is popular with their own five children who live at home as well as with the neighbors. Since the incident occurred, Sally has had lots of visitors and several offers of adoption, they said. Neighbors and of Memphis. The family formerly friends have also sent clothing and other items.

It is thought that the parents of the baby continued on their hitchhiking route in search of work.

Man Puzzles Police With Confession

Memphis police—as well as officers in Houston—are still shaking their heads with a puzzled disbelief this week following the unusual confession of a 27-year-old man to a forgery offense.

Chief of Police Jim Todd said the man, who gave his name as W. H. Jenkins of Dallas and Houston, was hitchhiking through Memphis en route to Houston Monday when he stopped here to confess the forgery to local officers.

"He said his conscience was bothering him so much that he wanted to stop here and confess to the forgery of two checks in Houston, Todd said. "He claimed that he was en route to Houston to turn himself over to officers there but thought he would feel better if he surrendered here and let us contact the Houston police.

However, when they were contacted, Houston officers said they knew nothing about the matter. Both city and county police there checked into it but could come up with no solution.

They told the local officers to turn the man loose and let him proceed to Houston voluntarily if he really wanted to confess. The Houston officers said they had no reason to order him held nor could they authorize his return to Houston.

Chief Todd said the man claimed he was going on to Houston since "he could find no peace" until he had paid for this crime. Houston officers probably won't find much peace either until they can find either find a crime for Jenkins "to pay for" or else talk him out of confessing.

Locals and Personals

Mr. and Mrs. Jack Simmons and son David and Mrs. Grace Carothers, all of Abilene, visited here Saturday night in the Wendell Harrison home. They were en route to Colorado on a vacation trip. Mrs. Simmons and Mrs. Carother are sisters of Mrs. Harrison.

er forces in Korea, after holding to some extent a 10-to-1 foe. The picture may change now. People have been mad and hurt because the bridge-head force of untried men was put into that country without any backing by greater and better-trained men. It was too much like that of Guadalcanal when some of our boys were allowed to suffer and starve before aid could reach them. Our leaders pulled a boner, but the public has been aroused and ready to do the limit in pushing back the Communist hordes, even though Stalin is observing the whole thing and egging his satellites on and chuckles because he thinks he now has the world by the tail with a downhill pull. Since we are in it, it is up to every citizen to do his utmost to keep our liberty—so precious to our forebears and to us.

Hoarding has already got into full swing. People are buying up a lot of stuff "before the hoarders start buying." How foolish! Prices should be frozen before they get out of control and black-marketing gets too great a start.

And that brings us down to the election to be held in every voting precinct in Texas Saturday. I would not presume to tell any of my 81 readers how to vote. Voting one's own sentiment and choice is the privilege our nation still gives us, even though Washington would regiment every phase of business and the American way of life. The only thing I would urge is that all voters should try to vote for those who would serve us best. That applies to local, State and National races.

An election party will be held as usual by The Democrat Saturday night. Arrangements have been made to get the returns earlier than heretofore. Under the new election law, returns must be made immediately after all votes have been counted. Be on hand and forget war and pestilence for a few hours that night.

Once in a while we get letters that give us pleasure and others that don't set so well. G. D. Hall sent a check for the paper to Homer Hall of Comanche, accompanied by a note, "I have five children and all read The Democrat except Homer, and am enclosing check for the paper to be sent to him."

A number of friends this week asked me why the bad storm did not get even a notice in the Amarillo News and Globe, as if they thought it was The Democrat's duty to furnish them with the information. First, every fellow working on The Democrat has his hands full looking after our own paper and news. Dan McMillan, The Democrat's news editor, has been acting as local correspondent for some of the near-by dailies. Recently, he was told by an Amarillo News representative that he would have to quit sending news to The Amarillo Times or The News couldn't use the items sent in by him. Which, in effect, gives him no choice about reporting to The News. We would like for The News to arrange for securing information about Hall County and Memphis happenings. Also, all our citizens would like to have the weather bureau give weather reports about Hall County.

The recent census did not place Memphis in the 5 thousand class, but that doesn't keep her from being the best town of her size in the Panhandle. A sign near Giles still reads "Population of Mem-

phis 5,000." It should be changed since people know better or can find out. All thought it would reach that figure, but Uncle Sam's census takers say not so.

All those who are taking their vacations in the mountains do not know how nice and pleasant most of our days and all of our nights are. They are surely missing something.

Bill Phleuger of West Main street allows as how a father who always ducked doing the chores when a child gets eloquent when he tries to rally his children to do their chores around the house. He's ready for all the ingenious alibis. . . The worst fault of the young men in Memphis is they don't pay much attention to the girls in the neighborhood until some outsider discovers their charms.

See you next week, I hope.

Mr. and Mrs. Bob Land had as guests from Thursday until

Sunday, Mr. and Mrs. T. J. Miller of Rogers, Mrs. Mabel sister of Mr. Land.

Ed Hutcherson and Bob Hutcherson spent last week in Cuba, N. M.

Mrs. Walter Jamison, Hutcherson and Lena Jamison visited in San Antonio last week.

TO THE CITIZENS OF Hall County

Due to the pressure of serving this county as Sheriff during the past few months, it has been impossible for me to discuss my candidacy with as many people as I would like to have done. I am sorry that I was unable to talk with you and go over the campaign with each and every voter. For this reason, I want to use this means of SOLICITING YOUR SUPPORT AT THE POLLS NEXT SATURDAY. And, if you return me to the office of Sheriff, I promise that I will recognize your confidence in me and do my dead level best to be your kind of Sheriff for another two years.

YOU KNOW MY RECORD, AND YOU KNOW THE PROBLEMS I FACE. I NEED YOUR VOTE, AND, IF ELECTED, I WILL NEED YOUR VALUED ADVICE.

ment. Don't use it if it is not operating properly. Replace frayed extension cords. Clean dust and cobwebs away from fuse boxes. When the house is in order, the club members urge similar treatment for the barn and other buildings. Make sure they are clean," they said. "Then look at fields and fence rows. Will dead plant growth fall into flame if a match is carelessly dropped or a farm machine backfires? Cut down dead weeds and rake up dried leaves. Burn them on days when there is no wind." Hooser said that every 4-H member will be the leader in the clean-up campaign at home collectively, they will be an important factor in ridding the community of similar hazards to life and property. The members have been asked to remind their parents of the importance of fire-resistant construction when remodeling or planning new buildings in connection with Safety Week.

The principal safeguards which should be included in remodeling and repair plans include: fire-resistant roofing, properly installed wiring and a good chimney, soundly constructed. The members are also pointing out that all defective electrical equipment should be repaired and rags, papers and boxes cleaned out of every building on the farm. The chimney should be cleaned to prevent sparks from billowing into the air, possibly setting a flammable wood shingle roof afire. This safety work is not new to Hall County 4-H Clubbers. They have won many state and national contests in the Safety Program. Jim Hutchins won first in the state and first in the national contests in 1943 and received a trip to Chicago and \$200 scholarship. In 1945 Hall County 4-H Clubbers won first in the state contest and received a plaque. Billy Hancock won individual honors in the state contest that year. Harold Rappy won this contest in 1946 and in 1947 John Luther Byars won in the state and received an expense-paid trip to Chicago. Bennie West won first in the state and national contests in 1948, receiving a trip to Chicago and a \$200 scholarship. In 1949 Archie Martin won first in the state and a trip to Chicago.

campaigning during the pre-election activity has been done by the four candidates seeking the Democratic nomination for the 18th Congressional District post. Winner in this race will meet Rep. Ben Guill in the November general election. Rep. Guill, a Republican, won the special election held in May to fill the vacancy created by Gene Worley's resignation. Mrs. Altavene Clark, Walter Rogers, LeRoy LaMaster and J. Blake Timmons are the four candidates in the Congressional race. Mrs. Clark and Timmons are from Amarillo, Rogers lives at Pampa and LaMaster is a resident of Perryton. A state race of interest to voters in this county is that of Lt. Governor. It is the most popular race with candidates—12 are running—but Preston E. Smith of Lubbock and G. C. Morris of Greenville seem to be the leading contenders for this second highest state office. Unusual aspects of the primary this year include a woman candidate, Mrs. Benita Louise Marek Lawrence, for Governor and a Negro candidate, Peyton Elliott Womack, for Lt. Governor. The polls in Hall County will open at 8 a. m. and close at 7 p. m. County voting boxes and their location, according to information from the 1948 election include: Memphis, Court House; Newlin 2, school; El 3, school; Lesley 4, not selected; Estelline 5, City Hill; Baylor 6, school; Parnell 7, school; Turkey 8, City Hall, Lakeview 9, school; Brice 10, not selected; Plaska 11, school; Hulver 12, in office; Memphis 13, court house; Ox Bow 14; not selected; Bridle Bit 16, not selected.

HARD HITTING OWLS OVERPOWER ALL-STARS 15-7 IN WILD TILT

Scoring eight runs in the first inning, the Memphis Owls really turned on the steam here Saturday night to defeat the Cap Rock League All-Stars 15-7 in an exhibition game at Estes Park.

Farmer opening the inning with a single, Dennis walked and Pruett collected a one-bagger. Williamson went out on a fly and McKay singled. A double by

Stonicepher, walk by Mathea, Farmer's double and an All-Star error rounded out the scoring activity.

The Owls scored a single run in the fourth when Pruett singled and was sent home on Williamson's double. The hard hitting outfielder really sewed up batting honors for the night.

In the sixth, he homered with

Farmer and Denis aboard to account of three more Owl runs. McKay's double, Stonicepher's single and a pair of errors by the visitors brought the Owl's scoring up to six runs that far.

Leroy Kamphouse handled the hurling chores for Memphis. He gave up 11 hits, walked five and struck out eight batters. The Owl collected 14 hits and six walks off All-Star moundsman Beanson.

Pittman Hurls Six Hitter As Owls Pumwiel Duks 5-2

Doc Pittman—making his return debut appearance in a circuit for the Owls—held Wellington to six hits Sunday afternoon as Memphis drubbed the Dukes 5-2 in a League game at Wellington.

The Owls scored three runs in the first frame. Coppedge reached base on a Duke error and Williamson walked to set the stage for two of the runs when McKay slammed out a double. Veltman then doubled to round out the scoring.

Veltman scored the other two Owl runs in the fourth and ninth. He reached first on errors in both innings. Mothes sent him home in the fourth with a single and Pittman's safe hit provided him his ticket to the plate in the ninth.

Wellington scored single runs in the third and fourth.

Pittman kept the Dukes' hits well scattered and held them hitless after the sixth. He struck out six and gave up no walks.

Dorman was the losing hurler. He gave up eight hits.

Local Firemen Attend School At Texas A&M

The Memphis Volunteer Fire Department sent two members—Jim Todd and Bill Vardeman—to the State Fireman's School at College Station July 8.

The school of instruction in the latest fire-fighting methods lasted from July 8 through July 14.

Vardeman studied the advance fireman's course and Todd took the basic course for fire marshalls.

Classes were held daily from 8 a. m. until 5 p. m.

The fire marshal study was concentrated on information leading to the investigation of fires and arsons, Todd said. The advanced study included some of the latest instruction and demonstration of equipment and fire-fighting techniques.

Both men reported a profitable week of study at the school.

New Cop For Morningside Is Appointed

A new police appointment for Morningside was announced Tuesday by Police Commissioner J. J. Bice and Chief of Police Jim Todd.

They said that Olden Jordan, 32, has been appointed as a city officer for Morningside, replacing Ellis Divorce who has resigned.

Divorce told the city officials that his work at the Cottonoil mill takes all his time and that he cannot handle both jobs.

Jordan is a student at a veterans school at Childress and he will continue his studies in addition to this new job.

ELECT Allan Shivers

To A Term of His Own BECAUSE...
Allan Shivers Is Making Texas A Good Governor!

"By Their Deeds Ye Shall Know Them"

- These Are Allan Shivers' Deeds as Senator, Lieut.-Gov. and Governor
- 1. OLD AGE ASSISTANCE**
In 1935 Allan Shivers was co-sponsor of the first old age assistance law. As a member of a special Senate committee, he later helped to draw up the tax bill which to this day provides money for the payment of old age assistance grants. He is clearly on record as FAVORING THE REMOVAL OF THE PRESENT CEILING OF \$35,000,000 A YEAR from state funds for old age assistance and other items of public welfare.
 - 2. FARM-TO-MARKET ROAD PROGRAM**
For 15 years Allan Shivers has been a legislative sponsor and strong advocate of MORE FARM-TO-MARKET ROADS and an improved State Highway System.
 - 3. WORLD WAR II VETERAN**
Allan Shivers volunteered for military service after the outbreak of World War II, serving with distinction in the European Theatre. He spent two years overseas and was awarded the Bronze Star and five battle stars. He was released from active duty late in the year 1945.
 - 4. PUBLIC SCHOOLS**
Allan Shivers, as State Senator, as Lieutenant Governor, and now as Governor, has consistently supported measures to give Texas boys and girls a public school system second to none.
 - 5. SOIL AND WATER CONSERVATION**
Allan Shivers has for years provided leadership for soil and water conservation movements. Last spring he launched a ten-year pasture improvement program, which has been hailed by farm and ranch experts as one of the greatest forward steps ever taken on behalf of Texas agriculture. Allan Shivers is a farmer himself. He knows the problems of the farmers and is interested in helping to solve them.
 - 6. STATE HOSPITALS**
Allan Shivers believed so strongly that the unfortunate people in the State hospitals, special schools and corrective institutions should have better care that he called a special session of the Legislature to solve these problems. He did this in the face of severe criticism of such a deed in an election year.
 - 7. ECONOMY**
Allan Shivers is a conservative in the spending of money—his own and the public's money. He established the Economy Commission and appointed as its members more than 500 prominent Texans, asking them to find out where savings can be made in the executive branch of the State Government.

BY THESE DEEDS LOCAL FRIENDS OF ALLAN SHIVERS KNOW HIM, AND ARE PAYING FOR THIS ADVERTISEMENT.

Former Memphis Woman Buried Here Wednesday

Funeral services for Mrs. Sarah Emma Messer, 72, were held at the First Methodist Church Wednesday afternoon at 2:30 o'clock. A former resident of Hall County, Mrs. Messer died at Littlefield Tuesday.

Rev. P. E. Yarbrough of Rotan conducted the last rites. Grandsons were pall bearers. Burial was in Fairview Cemetery under the direction of Murphy-Spicer Funeral Directors.

She was born on April 19, 1878, in Clark County, Ark., and married T. A. Messer in Dec., 1895, at Gordon, Ark. They moved to Hall County in 1905. Mr. Messer died on Nov. 4, 1941, and since that time Mrs. Messer had been making her home with her children.

Survivors include one daughter, Mrs. Eula Moore of Fort Worth, and four sons: C. H. Messer, Littlefield; G. A. Messer, Lubbock; N. W. Messer, Earth, and T. J. Messer, Farwell.

Other survivors include a brother, 22 grandchildren and six great grandchildren.

Three sons preceded her in death.

Hedley Revival Begins Sunday

The Assembly of God Church at Hedley will begin a two-week revival meeting Sunday, Rev. T. E. Gibson, pastor, announced this week.

He said the services will be held nightly at 8 o'clock. Rev. and Mrs. C. L. Diamond of the Texas District will conduct the revival.

The public has been cordially invited to attend the services.

Judge Stokes Visits Here On Wednesday

Judge W. N. Stokes was a visitor in Memphis Wednesday in the interest of his candidacy for reelection as Associate Justice of the Court of Civil Appeals of the Seventh Supreme Judicial District at Amarillo.

Judge Stokes was appointed by the Governor as a member of the court in 1937. He has since served continuously in that capacity and is now a candidate for the ensuing six-year term. Prior to his appointment as a member of the Court of Civil Appeals, Judge Stokes was District Judge of the 46th Judicial District, composed of Wilbarger, Hardeman and Foard counties.

Before becoming district judge, he practiced law at Vernon for a number of years.

The Seventh Supreme Judicial District is composed of forty-six Northwest Texas counties, an area about the size of the State of Ohio, and Judge Stokes said that to attempt personally to communicate with more than a limited number of the voters would be a hopeless task; but that it has been his purpose to see and talk with as many of them as possible.

He will visit practically every county in the large district and is now winding up his campaign in those composing and near his former judicial district.

Hail, Wind—

(Continued from Page 1) estimated that five inches fell there following the hailstorm.

The home of Mr. and Mrs. Paul McCanne, located in a low area near the highway, was flooded with several feet of water.

Memphis reported .34 of an inch of rain, Estelline received from .25 to .50 inches and Parnell was soaked with two inches of precipitation. Turkey reported from three to five inches of rain.

Residents of the Brice area said the wind and sand there was one of the worst in many years. The Clarendon weather bureau reported winds of from 40 to 50 miles per hour in that area.

A number of barns and small buildings, as well as electrical wires, were blown down in the western section of the county, but no great extent of damage from this source was reported.

County Agent Hooser said it is impossible to estimate the actual damage to the soil in area hardest hit by the hail and rain.

"This was some of the best land in the county and it will take several years to get it back in any kind of good shape," he pointed out.

He said that 85 per cent of the terraces in the area were ruined.

Hooser said that the farmers who suffered damages in this storm are busy planting feed this week. He pointed out that they can plant a variety, including 60-day milo, Plainsman combine milo or Martin combine milo, and have a good chance to make profit from these crops.

Insurance men in Memphis

Wednesday said that from 20 to 50 per cent of the damaged crops were covered by insurance but that they had no definite check on this at present.

Among the farmers hardest hit in the storm's central area, according to a survey made by Hooser, were: Rufus James, Paul McCanne, V. G. Byars, Paul Smith, Del Wells, Marvin Alexander, David Davenport, D. H. Davenport, Tom Luttrell, Roy Sweatt, Claude Scoggins, Howard Martin, Hoppie Robertson, Elmer Weddell, E. W. Pate, Elwyn Pate, Bruce Dameron, George Ellis, Ed Monzingo, Allen Monzingo, Alvin Malloy, Red Hall, Doyle Hall, Tom Lenoir, M. N. Orr, Arthur Gidden and Henry Foster.

Reports from Turkey indicate that Bruce Gibson—who lost 120 acres—U. S. Coker, Ellis Curry, Roy Cruse, Elmer Lacy and Roy Russell were among farmers suffering the heaviest damage.

The hail storm swung east after reaching the center of the county on into Childress County and did extensive damage in that area. All phases of the storm—rain, wind and hail—were reported in a period of two hours—from 5:30 to 7:30 p. m.

Residents of Turkey report that the hail that hit there was not a part of this storm but was from a separate cloud which moved in from the west.

The eastern section of the county reported little or no damage from this storm.

Revival Begins At Lakeview On Friday, July 28

Minister Gray Carter, formerly of Memphis and now of McKinney, will conduct a 10-day revival at Lakeview beginning Friday, July 28.

Carter, who is now minister of the St. Davis Church of Christ in McKinney, will bring gospel messages twice daily, Minister R. J. Hatter said.

Morning services will be held at 10:30 a. m. and evening services will begin at 8 o'clock.

W. H. Whitefield will be song leader for the 10-day meeting. All persons of this area are

invited to attend the services, Minister Hatter said.

Mrs. Dona Lane has been in Childress for the past 10 days with her brother, T. B. Brook, who is ill.

Miss Lorene Lewis, who recently graduated from Durham's Business College, Fort Worth, and accepted a position with Thomas M. Ryan and Company of Ft. Worth, spent the weekend visiting her parents, Mr. and Mrs. M. P. Lewis and family. Other guests in the Lewis home Sunday were Mr. and Mrs. M. M. Lewis of Memphis and Mr. and Mrs. C. R. Lewis and family of Lakeview.

A dead person may vote, legally if he mails an absentee ballot and then dies before election day.

REMEMBER WHEN

...you hung the butter in the well

Refrigeration has come a long way since those days of the well house and the cooling cellar. The ultimate today is the modern natural gas refrigerator, which protects perishables indefinitely, provides roomy storage space for frozen foods and plenty of ice cubes for frosty summer drinks. Dependable natural gas service helps you with all the big jobs in the home.

Back of your natural gas service stands a great and growing industry, a fine example of private investors and private management helping to build a better life for all of us. Nearly every resident of the Gulf South benefits in one way or another from the operations of the natural gas industry—through the millions of dollars it places in circulation through its payrolls or local purchases, its royalties to land owners or its dividends to investors.

The MODERN Gas Refrigerator stays silent . . . lasts longer. No moving parts in the freezing system. See it wherever fine gas appliances are sold!

SPORTS AFIELD

By Ted Kesting

Some fanciers of the Weimaraner insist that it is nothing less than a miracle dog, able to do everything done by other breeds only much better. On the other hand, critics of the Weimaraner say that even the best examples of the breed are no more than ordinary performers in the field.

If anyone is in a position to explain the general confusion concerning the true merits of the Weimaraner, Clarence Schukel of Waterloo, Iowa, is the man. He has imported, bred and hunted over the "gray ghosts." Here is what he writes about them:

"What has created all of this confusion is that the Weimaraner has been terrifically over-sold in this country. It always has been a great hunting dog. But it has had too many fanciful build-ups. Byers have expected impossible miracles, then been disappointed.

There is another serious situation. The Weimaraner's attractive nature and beautiful appearance have attracted many

people who have no intention at all of hunting the dog they simply want one for a pet. As a result, this fine hunting dog has been degenerating into a pet bench-show exhibit. Sportsmen must now make every effort to keep the Weimaraner where it belongs—hunting in the field.

"We Weimaraner fanciers have no quarrel with other breeds. Our dogs will simply do what the other breeds do when properly trained—but more of it. When you take a dog that will locate and point upland game birds and retrieve them, sit in a duck blind and retrieve migratory birds from water—then you have a combination that many dogs cannot equal.

"The Weimaraner is an all-around hunting dog—something that can't be said about other breeds. It will trail, point, retrieve, and has speed that equals the average English pointer."

So we see that the Weimaraner is neither a miracle nor a "fraud"—but a fine dog in the field when trained. And in the field is where they rightfully belong—not as part of a living room decor.

Mr. and Mrs. Joe Janeway of Nocona spent the week-end with the O. N. Saye family. Mr. Janeway is vice president of the Peoples National Bank at Nocona.

Feed Crop Production Is Favorable

Production of cash and feed crops in Texas cannot be accurately predicted at this time, but prospects are not highly optimistic. Dry weather in the spring handicapped operations and through May and early June the retarded crop planting sections, according to Bates, extension farm specialist of Texas College, damage from hailstorms has been heavy in some sections of the state and heavy rains in some sections caused delays and cost as well as other crops, it is pointed out that the acreage of major crops are maintained by allotments on

individual farms. The crops affected are wheat, rice, peanuts and cotton. For comparison, he gave the 1949 harvested acreage and the 1950 allotted acreages for the four crops. Wheat, 7,093,000 acres and 6,096,000 acres (only 2,743,000 acres are expected to be harvested in 1950); rice, 529,000 acres and 452,000 acres; peanuts, 572,000 acres and 499,800 acres and cotton, 10,296,000 acres and 8,057,000 acres.

The reduced acreages coupled with poor yield prospects at this time and with the prices of most crops somewhat lower than a year ago, indicate, said Bates, that Texas farmers can hardly expect the returns they enjoyed in 1949.

On the other hand, production costs are remaining high. This means, according to Bates, that farmers must trim expenditures wherever possible if present living standards are to be maintained. Plans should be made now to utilize crops efficiently and this includes wise marketing. When possible, grain and feed crops should be marketed through livestock because the price outlook for

Three Suspects In Newlin PO Robbery Have Been Named

Sheriff Earl Hill said this week that three suspects in the Newlin post office robbery last fall have been arrested and will probably be brought here to face grand jury action.

James A. Houghton, now in

jail in Eastland, gave officers the tip-off on the robbery, Sheriff Hill said. F. W. Howell and a youth named Walker were also implicated by his story. Both are from Dallas and are now on bond from the Eastland jail. Houghton, 24 years of age, is from Ranger.

LEGAL NOTICES

NOTICE TO DEBTORS AND CREDITORS THE STATE OF TEXAS, COUNTY OF HALL

To those indebted to, or holding claims against the Estate of Minnie Hughes, Deceased:

The undersigned having been duly appointed administrator of the State of Minnie Hughes, De-

livestock and livestock products is relatively favorable.

Generally, he stated, pastures and supplementary grazing crops look promising. Along with these, somewhat larger acreages of grain sorghum and corn have been planted and this extra grain and forage might be used for feeding out more livestock. This extra income will take up some of the "slack" but he adds, adjustments will need to be made to keep feed crops and livestock in balance over the long pull.

He concluded that good planting and close figuring may keep Texas farmers on the black side of the ledger this year but the

In this case FEELING IS BELIEVING

No, the eye does not tell everything—not in this instance.

True, it tells you ROADMASTER is smart. It tells you it's big. It shows, if you watch closely, that this brawny beauty rides level and unperturbed even when road-roughness has its wheels fairly dancing.

A glance may even indicate how much lolling comfort there is here—what wide-open freedom passengers and driver know in this gay traveler.

But how can the eye tell you how you feel touching off the great power that's under this broad bonnet?

How can it reveal the silken, swift-mounting surge of oil-cushioned take-off—smooth, silky, un-

broken, as Dynaflo Drive works its magic?

Even when you watch a ROADMASTER settle down to a long steep pull and crest the top going away, how can it tell you what thrill your spirits get from such ability?

And what can it say of the lift that's yours traveling in a beauty that catches all eyes, swivels passing heads, marks you by its very lines as traveling in as fine a car as any man can ask for?

No, these things you have to feel

for yourself, and we're delighted to help you do so.

Your Buick dealer wants you to know about ROADMASTER firsthand—wants you to drive it, try it, feel it out.

It doesn't cost a cent to arrange such a trial. It can do a lot toward opening your eyes to the day's highest standard of fine-car feel and fine-car action—not to mention "why pay more?" prices.

How about seeing your dealer right away?

Only BUICK has Dynaflo Drive* and with it goes!

A Term of His Own

Allan Shivers deserves a term of his own as Governor of Texas. The man who was elevated to Texas' highest public office upon the death of Beauford Jester last year has shown a real understanding of the problems of this state and he has demonstrated that he has the courage to fight for his beliefs. Here's a brief summary of Gov. Shivers' beliefs and actions on questions that are of vital interest to Hall County voters:

He is a pioneer advocate of the old age pension plan in this state. In 1935, when he was a member of the state Senate, he co-sponsored the first old age assistance law.

Since 1935 Gov. Shivers has sponsored and advocated more and better farm-to-market roads.

He has always worked for a better public school system in this state. He has been a leader in soil and water conservation movements and he has always demonstrated a conservative attitude concerning the spending of state funds.

Gov. Shivers understands the veteran—because he is one himself. He served in the European Theatre for two years and was decorated with the Bronze Star and five battle stars—a record that speaks for itself.

He demonstrated that he has the courage to stand behind his beliefs when he called a special session of the Legislature in order to improve state hospitals, special schools and corrective institutions. Advisors warned him that this action might well be "political suicide," but he went ahead.

We need more men like Gov. Shivers in public office today—and we certainly should vote to keep the ones we already have. Yes, Allan Shivers deserves a term of his own.

"Could anything be more stupid than capitalism subsidizing socialism to prevent communism?"—Clarence Larkin

Farm Safety

You may think the farm is the quietest and safest place in the world but figures from the National Safety Council won't bear you out.

Here are some of their estimates on farm accidents and injuries last year: 17,500 fatalities from accidents; 1,500,000 disabling injuries caused by accidents and 35,000 buildings destroyed by fire.

Farming moved up from the fourth to the third most dangerous way of making a living in 1948. The fatality rate was 55 deaths per 100,000 workers.

The time lost as the result of accidents to farm residents in any typical year amounts to the time needed to plant, cultivate and harvest nearly one-half the annual average crop in the United States.

The U. S. Department of Agriculture has designated July 23-29 as National Farm Safety week. On a local level, County Agent W. B. Hooser has led the county 4-H Clubs in special safety training. These youngsters are being informed of the latest farm safety techniques and they will carry this information to their homes and farm work.

It is important that all of us encourage farm safety, for regardless of our type business, farm accidents cost us money every year. Directly, these accidents are a drain on the cash resources of the farmer. Indirectly, the taxes and insurance rates paid by everyone go up in direct ratio to accident frequency.

So whether you are a farmer or a butcher or a soap salesman, support and encourage the work being done during National Farm Safety Week to decrease accidents. Let's help make rural America safer and thereby more prosperous and happy.

Press Paragraphs—

QUOTING OUR NEIGHBORS

PATRIOT'S PLEDGE

From time to time, I have written numerous articles concerning our government's trend. And I am not the only one who has been doing this. Among other persons is Hubert M. Harrison, who recently wrote this "Patriot's Pledge" for the East Texas Magazine (Magazine of the East Texas Chamber of Commerce, I understand). I believe you will like this "Patriot's Pledge."

"I believe that my personal liberty is in danger.

"I believe that the time has come for a personal re-dedication to unselfish citizenship.

"I believe that we as citizens are being bought and seduced by federal government funds and favors.

"I believe that politicians who promise the people doles for votes are false prophets and enemies of freedom.

"I believe that those who corrupt self-reliance with government gifts are our most dangerous friends.

"I believe that opportunity is more important than security.

"I believe that the 'Welfare state' will lead us into socialism and maybe Communism.

"I believe that the nation's first line of defense is a sound, solvent economy at home.

"I believe that federal government spending, if continued at the present rate, will bring political chaos through bankruptcy.

"I believe that you cannot accept government money without government dictation.

"I believe that accepting government aid is like talking drugs—pleasant at first, habit-forming later, and damning at last.

"I believe that the expression, 'It's going to be spent, so I might as well get mine,' is unpatriotic.

"I believe that the only way to stop government extravagance is for each one of us to give up his pet project for government aid.

"I believe that it is my personal

duty to oppose any man who tries to prostitute patriotism with government gifts.

"I believe that I owe it to myself to determine the effect of each new government proposal upon my personal freedom."

Now I believe Mr. Harrison really has something there. — McLean News.

SHIVERS SURPORT

We do not hesitate to recommend Allan Shivers for election to the office of governor. We think he has made Texas a good governor since he took over the office in July, 1949, at the death of Beauford Jester, and we think he will continue to make a good governor.

Texas elected Allan Shivers Lieutenant Governor in 1946. They re-elected him in 1948 with the largest majority ever given an opposed candidate in Texas. We believe he will win the governor's race by the same large majority.

He has certainly supported soil conservation, better roads, better schools and provided his worth as

Without Painful Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. FROM E. S. "PECK" MORRISON To The Voters Of HALL COUNTY

During the past several months I have endeavored to speak to each of you personally concerning my candidacy for Sheriff of Hall County. I realize that I have not talked to every voter personally, however, I have made a real effort to do so. If I have not had the opportunity to see you I am asking you at this time to consider my candidacy.

There is no need to go into detail on my platform and what I stand for. I have been a resident of this county for 40 years and I believe most of you know me, KNOW WHAT I STAND FOR AND KNOW HOW I WILL CONDUCT THIS OFFICE.

I appreciate the fine support and encouragement you have shown me in my first campaign for public office. If you cast your vote for me Saturday, July 22, I will accept it as your pledge of faith in me and will work constantly to carry out the duties of this office. In other words, my first concern will always be to see to it that you will never have cause to regret voting for me.

have pointed Morton out as a growing city, have stirred up some interest in a railroad. We believe that interest is well founded, although, it'll have to grow a great deal before Morton can realize this dream.

A railroad can always do a great deal for a growing city. The first gain, and possible the most important of all, is the gain in population. The attraction of a city with a railroad is tremendous over those in the same general area without railroad communication.

Secondly, railroads attract business and manufacturing to a city. It is not a bit fantastic to suppose that Morton would become the home of some smaller factories, a refinery, more gins and innumerable small businesses, if we had a railroad.

Improved mail and transportation service are certainly not the least of the benefits that could accrue by the location of a railroad here. Inflated freight rates on all commodities transported into Morton by truck would drop as soon as merchants could rely on rail freight.

Looking forward to the day when we can realize the routing of a railroad through Morton seems like a pipe dream to many but in reality that day is within close reach. That is, the day is within close reach if civic and business leaders get the action underway.

Agricultural crops, growing population, and oil field activity have dictated this need. It's up to us, the people of Morton, to heed the dictates of our city. The day of the railroad in Morton will be delayed in coming only as long as action on the part of the citizens is delayed.

He has been raising pecans for over fifty years, is a past president of the association.

One thing about pecan varieties. The ones that do well in East Texas and Louisiana also grow

VOTERS OF PRECINCT 1

Saturday, July 22, you will go to the polls a constable to enforce the law in this precinct the coming two years.

When you go to vote, I would like for consider my candidacy for this office. I am no to you voters in this precinct. I have worked county and for the city as road maintainer operated at odd times as a member of the law ment force.

As most of you know, I recently completed months service as chief of police here and I was at Hedley for eight years before moving to in 1941.

I believe this experience best qualifies me as Constable of Precinct 1. IF ELECTED, I WILL CARRY OUT MY DUTIES TO THE BEST OF MY ABILITY. WILL FAVOR NO GROUP OR PARTY AND WILL STRIVE TO SERVE ALL THE PEOPLE AT ALL TIMES. I believe my past record is enough to you voters of my ability and my honest intentions.

I have made a real effort to contact you during this campaign but my work has made it for me to see all of you. If I haven't talked personally, I want to ask you at this time to consider my candidacy. I want to serve you and am asking you
