Request For Emergency Conservation Funds Turned Down By State PMA

Farmers and businessmen of Hall County this week continued their effort to gain emergency assistance for areas stricken by hail and rain storms. But the prospects have been dimmed by developments this week.

The latest action came when the group contacted Washington officials Wednesday for further clarification of emergency measures.

Earlier developments this week have not been good. A letter from Secretary of Agriculture Charles Brannan has indicated no funds are available on a national level and Wednesday morning the state Production and Marketing Administration committee turned down the Hall County request for emergency funds.

Secretary Brannan pointed out in his letter that no national funds had been appropriated for emergency assistance. Quoting from this letter:

"When Congress authorized the 1950 Agricultural Conservation Program, the Department was directed to distribute the funds available for conservation practices among the states on the basis of a prescribed formula. No reserve for emergencies was authorized and none was withheld. Therefore, no additional funds are available at the Washington level under the program."

"Likewise, when each state received its allocation, the funds for (Continued on Page 8)

Congressman Ben Guill reported that Hall County's chances to receive emergency assistance for the conservation practices are slim. Congressman Guill telephoned The Democrat from Washington this morning. He said he has contacted Department of Agriculture officials again but that they informed him the matter must be decided by the Texas PMA Committee. This committee has already turned down the request since similar assistance has been asked by 40 other counties and funds are not available.

Hall County Livestock Sweeps Childress Fair

Hall County dairy and beef cattle entries dominated the annual Greenbelt Fair at Childress Thursday, winning practically all top awards.

C. A. Rapp & Son and Harrison & Farmer took a total six first places—three each—and dominated the second place awards in the beef cattle division with their Aberdeen-Angus entries.

Harrison & Farmer won the female senior and grand champion awards with their entry, Erin.

Canada, the local breeders took highest honors in both male and female classes.

Ed Drake showed the senior and grand champion bull while C. A. Williams exhibited the junior champion. In the female class, Stacey Waites won the senior and grand champion awards with his entries while Drake exhibited the junior champion female.

Of the 18 classes in the dairy division, the Hall Countians captured all the top four places.

Those who exhibited dairy cattle were: E. Drake, Stacey Waites, John Luther Byars, J. B. Byars, C. A. Williams, George Williams and Tag Williams.

Lee Seymour of Turkey walked off with the Milking Short-horn Division. He took first prize in seven classes and his animals won the junior, senior and grand championships in both the female and bull classes.

In addition, Leon Martin exhibited the reserve champion boar in the swine division.

Prize money was paid through the first four places in the various divisions of the show. First (Continued on Page 8)

Todd Resigns; Black Named Police Chief

Lake L. Black, formerly of Wellington and Arvillo, has been appointed Chief of Police for Memphis, replacing Jim Todd who resigned this week.

Police Commissioner J. J. Bice made this announcement. Black has over eight years experience as a peace officer, Bice said, and is fully qualified to head the city force here.

He served as deputy sheriff in Collingsworth County prior to accepting the job here. He also spent over three years in the Amrillo Police Department.

Black will assume duties here Sunday. He is married and has two children: Lance, 5 years of age, and Rodrick, 4.

Chief Todd has resigned to accept a position with the US Rubber Co. at Borger. He had previously worked for this company.

He expressed his thanks to the residents of Memphis for the support and cooperation given him while serving as police chief and urged every citizen to show similar support to his successor.

Chief Todd has served the City of Memphis in this capacity since April 8.

HOOSER SAYS INSECT CONTROL NOW GREATEST IN HISTORY OF COUNTY

County Agent W. B. Hooser estimated Hall County's 1950 cotton crop at approximately 25,000 bales this week.

"Despite the bad weather and insect infestations there will be some good cotton in the county this year," he said.

"The Parnell-Estelline area should have good acreage yields."

He pointed out that this particular area has not been hampered by the excessive rains that hit most of the county.

Hooser said the Memphis-Ell area would also produce well this year and that the outlook is fairly good along the eastern section of the county from Memphis to Estelline.

"The rest of the county has been hit hard, first by hail and rain storms and later by the insects, however," he said.

He is enthused over the way farmers have been combatting the insects this year.

"There has been more poisoning carried out this year than in all the other years I have been here combined," he observed.

"And it has been unified effort on the part of the farmers."

Hooser estimated that some 200 sprayers and 100 dusters are being operated by Hall County farmers in their fight against insects. He also pointed out that five airplanes have been in use to spray from the air throughout the county.

He said the farmers now realize that insect damage can be avoided to a large extent by consistent unified spraying and dusting and predicted that this action will save the county thousands of dollars in the future.

Mrs. Worthington Notified Brother Missing In Korea

The brother of Mrs. G. D. Worthington of Lakeview has been reported "missing in action" in Korea since July 25, according to a message received from the Secretary of the Army last week.

He is Cpl. Odie T. Pike, son of Mr. and Mrs. R. L. Pike of Whitesboro and the first casualty reported from that city.

Cpl. Pike lived in Lakeview with the Worthington family for several months prior to entering the army in 1946.

He was attached to the 24th Division and was stationed at Yokohama, Japan, before his unit moved into battle in Korea.

Memphis youngsters began their trek back to college campuses throughout the state during the past week. Some 50 young men and women from here were reported as going to college this year, many for the first time.

The choices of schools varied but West Texas State, Texas Tech, Hardin-Simmons and Clarendon Junior College gained largest number of local students.

Students and schools they are attending include:

ARLINGTON STATE COLLEGE—Gilbert Srygley; TEXAS WESLYAN COLLEGE—Sammy Joe Rasco, Dorothy Hutcherson, Joyce McDaniel; HARDIN-SIMMONS UNIVERSITY—Charles Cullin, Billy Howard West, Bill

I like these weekly chats with you, just as do the neighboring women when they catch up with their morning chores, and want to hear or tell the latest news or gossip. The greatest difference is that I don't tell any news and don't know any gossip that could be printed without getting myself involved in a libel action.

I hope the optimistic trend of guessing at the number of bales of cotton to be ginned in the county from the 1950 crop will be the (Continued on page 4)

WIND WILL MEET CHILDRESS TONIGHT IN OPENING GAME

Whirlwind—classy football team—will meet Childress tonight at Cyclone stadium at 7:30 p.m.

The junior high club will play without the services of the returning starters on the left. Fullback Davis and end Carbine are the only returning from that position.

George F. Childress tapered activities with a Wednesday night game against their last rugged Friday afternoon.

rolled up an impressive record last year, capturing title and romping undefeated schedule. Childress doesn't predict a season for this year's team.

to tell just what we'll have until we meet an opponent," he said. "There are so many new players on the squad that we have a question mark as to how we'll do."

should bring a more experienced ball player to field," he con-

the picture doesn't look in the Whirlwind Coach Childrens might the line has been looking

CORRECTION

The bale of cotton brought in Sept. 16 by H. A. Maddox was bought by H. C. Fowler and not by the Memphis Compress Co., as reported in last week's paper.

Fowler reported he purchased the bale for the J. H. Morris Cotton Co. and paid 41 cents per pound. This was one of the first two bales ginned in Memphis.

Memphis Cyclone Opens Home Grid Season Against Plainview B Squad Friday Night

With two road victories safely behind them, the Memphis Cyclone comes home Friday night to make the first appearance of the season at Cyclone Stadium when they play host to Plainview's B squad.

Kick-off time is 8 p. m.

Tickets may be purchased at any of the four drug stores on the square or at the ticket office at the stadium.

Cyclone mentor Chuck York said today that his first string offensive units will be ready to go Friday night. The team has not been hampered by rains during workouts this week and have been through some heavy scrimmage sessions.

Very little is known about the strength of the visiting Plainview team. They downed Borger's B team last week and operate from the T formation. Their starting line averages 152 pounds with an average backfield weight of 136 pounds.

A near capacity crowd is expected to be on hand to welcome the Cyclone home.

CYCLONE STARTERS—Linemen (left to right): Charles Messer, Freddie Vinson, Allan Pierce, Pete Moore, Mox Kennedy, Lee Bloxom and Don Ray Rasco. Backs: Tommy Messer, Duane Miller, Carl Lee and Roddy Stargel.

The Cyclone is heavily favored in this tilt.

However, Coach York has cautioned his team against overconfidence.

"The Plainview roster shows that nine of the Plainview boys are juniors and the remainder are sophomores. Most of the boys on our team are in the same grades, indicating that the two teams may be of near-equal calibre," he pointed out.

He said that the first string players will definitely be starters in this tilt and that he has stressed the probability of a rough game in workouts this week.

Probable starting line-ups:

M. Messer	LE	Plainview
C. Messer	LE	Perserfield
J. Vinson	LT	Johnson
P. Pierce	LG	Cline
M. Moore	C	Robertson
K. Kennedy	RG	Benefield
B. Bloxom	RT	Taylor
R. Rasco	RE	Hewitt
R. Stargel	QB	McSwain
T. Messer	LH	Sutterfield
L. Lee	RH	Taylor
M. Miller	FB	Leutke

Panhandle Baptist Meet In Estelline

The Panhandle Baptist Association will hold its forty-sixth annual session in the First Baptist Church of Estelline, Thursday, September 28.

Four of the Memphis delegation will take part in the three sessions to be held.

The morning session opens at 10 o'clock with a song service led by J. O. Strother of Memphis.

Mrs. Roy Shahan and Mrs. Henry Hays, both of Memphis, have parts on the afternoon session. Mrs. Shahan has the Obituaries and Mrs. Hays will report on the W. M. U. In the evening session Mr. Strother will make a report on Church music and Roy Shahan will bring the missionary sermon.

The First Baptist Church of Memphis has named eleven messengers to the session. They are: (Continued on Page 8)

Lee, Messer Lead Cyclone Over Canyon 25-6 Friday Night

Forward Wall Checks Eagle Aerials Cyclone Attack Overpowers Hosts;

Aided by sharp forward wall blocking, halfbacks Tommy Messer and Carl Lee scamped almost at will Friday night to pace the Cyclone to a resounding 25-6 win over slightly favored Canyon.

Messer provided most of the scoring punch, turning in touchdown run performances of 42 and 38 yards and spearheading another drive to the double stripe.

But Lee displayed the night's more spectacular runs. The little 120-pound scatback raced 79 yards for the longest touchdown run of the game in the second period.

Quarterback Roddy Stargel broke the scoring ice in the first quarter when he plunged over from the one-yard line, climaxing a drive that began when Canyon's Harrell Slack fumbled on the 40-yard mark and Memphis recovered. Messer sped through right

successful, leaving the score at 12-0.

The third Cyclone score came minutes later when Canyon, unsuccessful in their offensive efforts, kicked to Stargel on the 11 and he brought the ball out to the 29. On the first play from scrimmage in this series, Lee made his sizzling 79-yard trek to the crossbars. He broke clear over left guard, squirmed away from Canyon's gaint end, Ray Burrus, and displayed his cleats to the Eagles' speedster, Slack, to make the run a thrill highlight to the game. Big Pete Moore moved back to right halfback and smashed his way over for the extra point and the Cyclone moved ahead 19-0.

There was no more scoring in the first half although the Memphis offensive rolled to the Canyon 31 before the first stanza ended. Canyon had previously recovered a Cyclone fumble on the 38 and moved to the 27 when they bobbled the ball and tackle Freddie Vinson got possession for Memphis. Stargel moved it up to the 29 and Lee took a pitchout from this point to scurry down to Canyon's 34. Lee reached the 29 on the last play of the half.

Canyon's lone tally came early in the third period. Recovering a Memphis fumble on the Cyclone 39, the Eagles moved to the two on nice runs by Slack and fullback John Miller and also had the aid of a 15-yard penalty against the Gold and White. Miller swung around right end from the two for the score. Pete Moore blocked the conversion try after a bad center had delayed the Eagles' holder.

Taking the kick-off, the Cyclone moved quickly to rack up their final score. Lee's 33-yard run paced a drive that was highlighted when Messer swept right end from the Canyon 38 to score. The conversion try was fumbled.

The Eagles had one more drive left in them, however. Recovering a fumble on the Cyclone 47, they moved on the ground to the 37 and from the herald-

ed Butler-to-Burrus passing combination finally paid off for a 26-yard gain to the 11. But they lost the ball on fumble on the next play and Memphis moved out of danger with reserve back Jimmy Morrison pacing the attack.

Penalties again hurt the Cyclone offensive this week but the local club completely dominated the game. Their offense was so superior that they were forced to kick only once and that punt was called back on a Canyon penalty.

Memphis didn't roll up an impressive first down margin—eight to six—but the long runs by Lee and Messer account for this. The Cyclone ground game netted 377 yards while Canyon picked up 113 on running plays and 47 through the air for a 160 yard total.

Both teams fumbled frequently. The Cyclone forward wall was probably the biggest factor in this game. Pete Moore, Lee Bloxom, Freddie Vinson, Wayne Jenkins and a host of others turned in aggressive offensive and defensive performances. The big line kept Garland Butler's passing well in check and bottled flashy Harrell Slack's running efforts.

Coach Chuck York used a liberal sprinkling of reserves in the last half.

Starting Line-up		
Messer	LE	Griffin
Vinson	LT	Russell
Pierce	LG	Money
Moore	C	Cornett
Kennedy	RG	Curry
Bloxom	RT	Busteed
Rasco	RE	Burrus
Miller	FB	Miller
Stargel	QB	Butler
Lee	RH	Slack
Messer	LH	McClendon

Mr. and Mrs. W. L. Neel had as guests Sunday, Mr. and Mrs. E. H. Neel, Mrs. Elmer Neel and children of Memphis, Mr. and Mrs. C. H. Wallace, Mrs. Jess Wallace of Littlefield, Mrs. Jack Chaney of Fielton and Mr. and Mrs. Paul

All bins used for the storage of farm grains should be thoroughly cleaned and fumigated to control insects before any grain is placed in them for storage. Stored grains should be checked at least once per month for insect infestations.

If your car needs any kind of body work, bring it to Kermit Monzingo, your Chrysler-Plymouth dealer.

TRANSPANTED TEXAN—Clifford Vandeventer, former Memphis High School grid star, is now playing for Colorado University. Vandeventer graduated from Memphis High in 1946 and was a standout performer for three seasons. He previously played for Trinidad Junior College. The tall Memphian is a defensive halfback at Colorado.

Speaking of Sports

Memphis grid fans will get to see a sneak preview of the 1953-54 Cyclone team tonight when junior high squares off against Childress here.

The Pee-Wees—as the junior high team here is popularly known—need no publicity build-up. Most fans remember their 1949 undefeated season and the splendid type of ball the youngsters played.

Coach George F. Childress has only two regulars back from that powerhouse—back Jimmy Davis and end Carroll Gardenhire. But he has been working the team long and hard, stressing fundamentals.

He sent the probable starting line-up through a long scrimmage session Monday afternoon. The boys really "play for keeps", even in practice. Under Coach Childress watchful eye, the first string ran through their series of T formation plays. The junior high grid tutor has resigned his plays to "go all the way" and he is emphasizing downfield blocking and sharp backfield maneuvering.

You will see some top calibre football tonight.

One of the highlights of the scrimmage session Monday was the defensive play of David Duncan and Keith (Butch) Adcock.

Now these two powerhouses aren't as big as they are fifth graders. They probably won't see action in Childress. But size is something they are short on.

They were tackling the big first string backfield and were "knocking" without a whistle. Two boys will be heard from when they put on some size.

Coach Childress is a member of the "Greatest" as far as his team's night are concerned. He detects a twinkle in his eye as he tells of the experience and size on the of the probable strong opposition. We doubt if suffer from shock should come through with a victory.

Well, the grid picture is confusing after the tilts. Several theories are as a result of Friday night's game.

1. Lefors is either a powerhouse pre-season grater claimed or a White Deer really has a ton? Are the Redskins than most observers believe.

guard to the six and fullback Duane Miller plunged to the three on the following play. Lee moved the ball to the one and then Stargel carried it over on a sneak. Stargel's kick was no good.

A clipping penalty had denied the Cyclone a score early in that initial period when Lee followed a wave of white-jerseyed blockers around right end all the way from Canyon's 46-yard line to touchdown territory.

The second Cyclone tally came after a penalty against the Eagles had given their visitors a new lease on life. The Canyon defense and a series of penalties had halted the Memphis drive on the 43. Lee punted to the Canyon 13 but the play was called back and the ball moved to the Canyon 42. Messer then hit over the left guard to go the route to the goal line. Charles Messer kicked the extra point but a penalty nullified the play and Tommy Messer's run around right end was suc-

PMA Aids Farmers In Seeding Rye

In an effort to aid farmers in protecting their sandy lands against wind erosion, the County Committee of the Production and Marketing Administration is offering assistance to farmers who wish to seed rye.

Lynn McKown, PMA secretary, said the administration pays two dollars per acre that is seeded with not less than 60 pounds per acre. McKown added that a stand and growth that would justify harvesting must be obtained and the crop must be left on the land or turned under. A volunteer crop will not qualify.

Mrs. W. M. Kilpatrick Jr. returned home Tuesday after visiting in Talpa with her mother, Mrs. L. C. Norris.

Legumes are fine soil building crops if they are properly inoculated and fertilized. Inoculated legumes may well be called nitrogen factories for they have the ability to take nitrogen from the air and store it in nodules on their roots.

Poultrymen can increase their fall and winter egg production and thus take advantage of the high prices paid for eggs at these seasons by using lights in the laying house.

ONE OUT OF THOUSANDS

Red pills, white pills, brown pills... chocolate covered, gelatin covered, sugar coated... pills and tablets by the thousands are in neat rows of bottles in the prescription room of your community pharmacy. But when illness strikes your home, you are interested in only one pill out of these thousands... the one that your physician prescribes for you.

No one can predict whether the next illness in your family may be tonsillitis, rheumatic fever, or a bad cold. Your pharmacist, however, must be prepared for it, whatever it is. That is why his prescription room includes thousands upon thousands of pharmaceuticals... from sodium bicarbonate to sulfathiazole, talc to tyrothricin, aspirin to antitoxins... and he knows the properties, uses, dosage, and incompatibilities of every one of them.

The pharmacy at the corner is the community's arsenal of defense against disease. Its comprehensive stock of prescription pharmaceuticals, biologicals, and other health needs is your assurance that when illness or accident strikes your family, the latest products of medical and pharmaceutical research are instantly available. Here, within a block or two of your home, are medicines for the prevention and treatment of every disease for which drugs and pharmaceuticals have been found effective.

Your pharmacist is responsible for the availability of the medicines you need... and he takes his obligation seriously. This is but one phase of his contribution to public health.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

ELDERLY FOLK

GET FAST, SUPERFICIAL MUSCLE PAIN-RELIEF WITH New DOUBLE-ACTION Surin

* ARTHRITIS • RHEUMATISM • NEURITIS
BURSITIS • SCIATICA • LUMBAGO
And Muscular Aches of Simple Colds Temporarily Relieved at Point of Pain!

No Internal Dosing With SURIN! Use It Locally!
Modern Research Drug, Methacholine Chloride Used

Scores of elderly folks on whom SURIN was used, for the local relief of rheumatic, arthritic, neuritic, bursitic, sciatic, and lumbago pains received speedy temporary ease at the point of pain from these long-standing symptoms.

Older muscles are usually more troubled with superficial rheumatic pain. SURIN helped scores to get temporary relief at the point of pain!

SURIN does double-duty—(1) its modern research drug is a most powerful ingredient known for dilating blood vessels, (2) when applied at the point of pain, it allows SURIN's selected pain-relieving agents to penetrate fast.

SURIN IS EASY TO USE
Just follow directions on the package. Smooth SURIN on lightly wherever you feel superficial pain... and amazingly fast, SURIN starts to work penetrating at the point of pain!

Let SURIN's double-action go to work for you, even though you have suffered from pains for years.

Try a 1-minute SURIN "rub-in." Experience genuine soothing warmth and relief in one to three or more hours.

THE SECRET OF SURIN
SURIN, based on a new application of principle, permits a high degree of absorption of the active drug through the skin. It acts fast to give temporary relief at the point of pain!

SURIN's ointment base is too! Smooth and creamy when washed off easily with warm water and will not stain washable fabrics. Get SURIN today! If you don't agree that it's the most powerful working ointment for relief at the point of pain you ever used, your money will be cheerfully returned by your druggist. Get pain relief! Get SURIN!

*SURIN is not intended as a cure or treatment for any of the above diseases. It is to be used only for fast, temporary relief at the point of pain!

Get Pain-Relief!—Get Surin!

Needle Craft Club Enjoys Luncheon Meeting Tuesday

Members of the Needle Craft Club enjoyed a luncheon meeting in the home of Mrs. Bess Crump on Tuesday.

Each member brought a covered dish and a lovely meal was served at the noon hour.

A short business session was conducted by the president.

Members enjoying this affair were Meses, Henry Newman, T. J. Hampton, J. M. Ferrel, Albert Gerlach, Bess Crump, Sidney Mayfield, Marion Long, Nat Bradley and T. D. Weatherby.

The next meeting is slated for October 3 in the home of Mrs. Albert Gerlach.

Leonard Ruyle and Carlene Hall visited from Friday until Monday with his parents, Mr. and Mrs. Wiley Ruyle of Canute, Oklahoma.

elections. It makes a person wonder. Many boys are leaving, including a nephew who left Seattle recently by transport plane, for the Far East. I would feel better about it if some of the squandered \$50 billion that was set aside in '46 had been used to buy implements of defense for our Army, Navy, Air Forces and, yes the "Marines" to use in Korea and elsewhere. The Administration called the struggle our forces are having over there a "police action." Listen, it's as nasty a war as anyone's war. Many communities of the Panhandle have received those letters from Washington. We are not radical—we are tired of the way things have been going. The press quotes you as saying that lack of harmony at the convention cause an increase in Ben Guill's vote over that of the May election. Harmony or no harmony, Ben Guill should he not be elected will poll such a large vote in November that will indicate much dissatisfaction in the 18th district.

Ford TRACTOR GIVES YOU THE POWER YOU NEED and saves you money, too. When you are on a Ford Tractor, what you like is its power and easy handling... how it gets the work done. When you are checking your bills, what you like is how little you pay for gas, oil and repairs. Yes, the Ford Tractor gives you the power you need... with economy, too. All around the farm... on big jobs and little jobs... a Ford Tractor and Dearborn Implements give you the right combination. Let's talk it over! Right for heavy jobs. Right for light jobs, too. Genuine parts and expert service on all Ford Tractors and Dearborn Farm Equipment. Dearborn FARM EQUIPMENT. New! BREAK SOIL AS DEEP AS 18" with the DEARBORN SUBSOILER! This new Dearborn Subsoiler for the Ford Tractor is fine for breaking hard soil, loosening ground for ditching, scarifying pastures, preparing dirt for loaders and scrapers. Hardened carbon steel beam can be turned end for end for double life. 3/4-inch beveled edge permits deeper work, lowers fuel consumption by reducing draft. Point, sharpened on both ends, is reversible. The Dearborn Subsoiler is raised, lowered, and depth is regulated by Ford Tractor Hydraulic Touch Control. A great tool—see it! See us for parts and service on all Ford Tractors and Dearborn Farm Equipment. FOXHALL-MIDDLETON TRACTOR CO. 714 Noel St. — Phone 615 Buy on PROOF! Eddie Foxhall W. Middleton ASK FOR A DEMONSTRATION

(Continued from page 1)

correct analysis. So many Hall County acres were left out this year, and another lot of acreage hauled out, I can't believe the final report will reach much above 20 thousand bales. That's not my guess, mind you. However, we people who have lived in the Panhandle a quarter century or more, have learned that fine prospects usually fall short, and sorry prospects the reverse.

Many farmers are wondering just where they are on this subject of child labor. Many have been employing Mexican and other transient labor every year. These people usually have families—some of the children under 16 years of age. Now, the Gilmer-Akin law of Texas and the Federal child labor law have put a quietus to such until some official notice from higher-ups is given. When The Democrat receives such notice, it will be passed on to the farmers.

What a wonderful fall! What a wonderful spring and summer too! The good old Panhandle weather this year has kept a lot of us at home instead of taking vacation trips to find better and more comfortable weather. Fall is my choice season of the year, even though we don't get the Autumn coloring that wooded sections so proudly boasts.

Have just read this: A quick, effective way of squelching a small fire is to toss on a handful of baking soda—the kind used for cooking and baking. It acts by first smothering the fire and second by actually extinguishing the flames with the carbon dioxide that the heat generates. Water should never be used to put out grease fires that account for nearly three and a half per cent of all fires. Water spreads the fire—but baking soda smothers it. Clever the housewife who keeps baking soda handy to the kitchen stove were so many fires start.

By the way, baking soda when added to salt, flour and milk, if mixed properly and cooked, will squelch the fires of discontent in the man of the house—especially if fed to him with butter and syrup. Many a housewife has learned this trick and holds the household on an even keel. The better the biscuit, the tighter the hold on the males.

Flying saucers are so much in the news that folks keep their eyes cocked heavenward at night

hoping to catch sight of one. Well, Monday night I was called and told about one circling round and round the airport. We Wells-es drove out there and found some others already on the scene. Finally, a straggle light was seen to the northeast. It moved around and looked like it might be some kind of airship circling. Then a beam of light extending from the ground to the circling light gave a clue as to what manner of thing it was. It was a search light at the Wellington air field. So, we'll all have to h/p wondering about flying saucers until our army or air force officials give out some information.

Coronado's Trail through Palo Verde Canyon is attracting many followers these days, Wayne Gard writes in the Dallas News. He says that genial and energetic John McCarty, who a few years ago saved old Tascosa from being forgotten, is converting another neglected spot into one of the state's most popular tourist mecca. Last year 85,394 people visited this scenic state park in the Panhandle. This year's attendance is expected to top 125,000. Each sunny Sunday brings 1,200 to 3,000, seldom fewer than 2,000.

The week's visitors usually represent 20 to 30 states.

Now, dear peepul, you can relax. As Tomie Potts remarked recently: "I read your column and take a drink of water, then I have nothing on my mind or stomach either and can go right off to sleep."

Locals and Personals

Mr. and Mrs. Ervin Georgeson of San Diego, Calif., were guests Monday night of Judge and Mrs. A. S. Moss.

Mrs. Myrtle Brown and Mrs. Myrtle Hammonds were in Amarillo last Friday to attend the Beautification Convention. The instructor was Mrs. Frances Rowe of New York City.

Mr. and Mrs. G. R. Sensabaugh and Dr. and Mrs. Alford Freeman and Miss Billie McNeely were in Memphis this week visiting Dr. M. McNeely who is ill.

Mrs. J. O. Haynes of Kilgore is visiting her parents, Mr. and Mrs. Baldwin and other relatives in Memphis.

By NUGENT E. (ZEKE) BROWN

"Methodist" in that new composite title. It all just proves that humanity is interested in its spiritual welfare during these troublous times. And Dr. Rustin's successor is a preacher from Texas, one Dr. Albert Shirkey of St. Paul's in Houston, former pastor of Travis Park Methodist in San Antonio. He made a big name for himself there.

The annual "President's Cup Regatta," boat races, were held on the Potomac in Washington last week end with thousands of persons lining the shores watching those little speed boats running 70 and 75 miles per hour up and around the channel. It is called the "biggest sports event of the year for the city." The event attracts boats from many states, including California, Florida, Michigan and states along the Atlantic Seaboard. It was "something new" for the writer and his wife to see. It was a cool autumn day and hundreds of folks had picnic lunches with them. Following two hours of that, we drove 25 miles south into the Virginia hills and saw one of the modern sample homes being exhibited hereabouts. We found out that new homes here are even higher than they are in Amarillo or Lubbock or any other Texas City.

Incidentally, Senator Lyndon Johnson is getting a lot of publicity here as chairman of the Senate's new war "prodders" committee. The POST had a 3-column picture of him last Sunday with a full page story on the committee. It looks as though the Johnson "City" (Texas) boy may be going places in national life. He is only 42 now, you know.

That's all now, folks. Be seeing you.

G.I. FASHION NOTE . . . There's a time for battle and time for merriment in Korea, and one G.I. appoints himself to break battle tension for men of the 25th division.

Pampa visitors Tuesday night.

Mrs. Eula Belle Hall and daughter, Linda and Mrs. Doyle Hall took Mr. and Mrs. W. L. Crawford of Memphis to Floydada to visit their daughter and family Mr. and Mrs. Bob Muncy.

Miss Shirley Dunn spent the week end with her grandmother, Mrs. Edith Galloway and family.

Miss Jean Durham and Miss Agnes Oliver are visiting in the home of Miss Oliver's parents, Mr. and Mrs. Jim Oliver. Mrs. Oliver is ill in a local hospital.

Miss Janice Clayton spent Saturday night and Sunday with Norma Sue Hall.

Mr. and Mrs. Lean Palmer and family of Shamrock spent Sunday evening with her brother and family, Mr. and Mrs. W. C. High.

Mr. and Mrs. L. A. Bray and Mrs. E. J. Galloway shopped in Amarillo last Wednesday.

Earl Richards and James Bray went to the football game at Canyon Friday night.

Mr. and Mrs. Clifton Burnett, and her father, M. J. Betts of Oklahoma visited Mr. and Mrs. Jack Wolf Saturday night.

The Plaska Needle Club met in the home of Mrs. Ernest Foster of Memphis Tuesday evening with twelve members present. Mrs. Martin of Amarillo and Mrs. Buz Wilson and daughter of Ashtola were visitors. The evening was spent embroidering and piecing quilt tops. The club will meet with Mrs. Bob Morrison next Tuesday.

Mr. and Mrs. A. Gidden went to Mobeetie Sunday to visit their daughter and family, Mr. and Mrs. Sam Thomas.

Mrs. W. L. Nabers visited Mrs. Jerry Foster of Memphis Tuesday.

Mr. and Mrs. John Murdock and children and Mr. and Mrs. Earl Bloxom of Memphis visited their daughter and family, Mr. and Mrs. Buz Wilson in Ashtola Sunday.

Mr. and Mrs. R. E. Renfro spent Wednesday and Thursday with their daughter and family, Mr. and Mrs. Hubert Hall.

Retha Kenard of Leslie spent the week end with Patsy Nell Nabers.

E. A. Daniels of Graham visited in the Elchue Pate home Saturday.

Mr. and Mrs. R. H. Renfro and sons of Dallas and Mrs. Duvall of Ringgold visited R. H. Renfro's sister and family, Mr. and Mrs. Hubert Hall.

Mrs. W. L. Nabers spent Thursday evening with Mrs. Bill High.

Frank Wheeler and son, Frankie of Turkey spent Wednesday with Mr. and Mrs. T. J. Brock.

Mr. and Mrs. Jack Wolf attended the football game at Clarendon Friday night.

Mrs. Mary Patten and Wanda of Amarillo visited in the Clark home this week.

Mrs. Pearl Vallance and son Alvin and her two sisters, Mrs. Ora White of Kirkland and Mary Boon of Paducah spent last week

Turkey Schools Open; 21 Teachers Compose Faculty

Approximately 100 high school students enrolled in the Turkey public school when it opened Monday, September 4.

The Turkey school faculty is composed of 21 teachers this year. The only new teacher on the faculty is Mrs. Harriet Wheeler from Parnell. Mrs. Wheeler will teach the sixth grade, replacing Mrs. Christine Williams who has been transferred to the Home Economics department. Mrs. Wheeler received her B. S. degree from West Texas State College at Canyon.

Mrs. Tom Way of Memphis is replacing Mrs. Al Erwin as librarian.

The faculty is as follows: Elementary teachers are Miss Letha Slawson and Miss Katherine Russell, first grade; Mrs. Oleta Crump and Mrs. Virginia Degan, second grade; Miss Amy Davis and Mrs. Aline Achor, third grade; Mrs. Alice Baten, fourth grade; Mrs. Ann Coker and Miss Carrie Buchannon, fifth grade.

Junior high teachers are Mrs. Harriet Wheeler, sixth grade; Mr. Olen Holland, seventh grade; Mrs. Cole Boswell, eighth grade.

Mr. Carl Gilmore is grade school principal and teaches arithmetic.

Mr. U. F. Coker, Jr., teaches visiting their sisters, Mrs. O. E. McHarque of Gatesville, Mrs. Bernie Harwell of Denton and visited Mrs. Vallance's son and family, Mr. and Mrs. Marvin Vallance of Burleson.

Biology and General Science, eighth grade math and is the junior sponsor.

Mr. Porter Willis is high school principal and teaches bookkeeping, plain geometry and algebra I.

Mr. C. S. Harris is superintendent of schools and teaches American history and general math.

Mrs. Carl Gilmore teaches typing I and II, speech, world history and is the sophomore sponsor.

Mr. G. R. Colving is the vocational agriculture instructor.

Mrs. C. Williams teaches home economics and sponsors the freshman class.

Memphis Cyclone Beat Canyon 25-6

With the Cyclone band and numerous fans to support them, the Memphis Cyclone football team pounded the Canyon Eagles 25-6 Friday night in the West Texas Stadium.

It was the Cyclone's night from start to finish with the Eagles threatening the Cyclones only once for a few short minutes while they made their score.

Tommy Messer, Roddy Stargel and Carl Lee did the Memphis scoring behind some blocking that left the Canyon eleven stunned. More than outstanding on the line were Pete Moore, Lee Bloxom, Freddy Vinson, Wayne Jenkins, Don Rasco and Peanut Pierce. Ronnie Smith and Max Kennedy were also doing exceptional blocking, and Charles Messer did the kicking for the black and white clad eleven. The Cyclone team sports new uniforms this season which are very snappy looking.

During the half time the Cyclone Band performed in a way that made every Cyclone booster proud of them. The band, also a snappy looking organization, definitely took the spotlight during the half as they made a "C" for Canyon and an "M" for the Memphis Cyclones. The football team received much support from the band which, along with the rest of the Memphis boosters, formed a real cheering section, with the Drum Majorette and twirlers ably leading the yell.

Let's all turn out for the first home game of the season to see the powerful, fighting Cyclone team tackle the Plainview Bulldogs Friday night at 8 o'clock.

Ag. II Class Goes To Childress Fair

In place of the regular class work, the Ag. II boys visited the Childress Fair where they observed agricultural exhibits, farm machinery, and cattle judging on September 14.

The following boys made the trip: Winford Beard, Joe Bob Browning, John Foster, Charles Hartman, Rayford Hutcherson, Bobby Mitchell, Troy Moore and Oscar Ferguson.

Duane Miller, Jimmy Morrison, and Bill Williams did not make the trip because of football work.

U. S. Maps Added To Social Studies

A series of social studies maps of the United States has been added to the equipment for use in M. H. S. Miss Hammond, who is in charge of this much-needed material, gave a short sketch of the uses of these maps. They are comprehensive maps that begin with our European background and take us through the wars—the French and Indian War, Revolutionary War, Civil War, Mexican War, World Wars I and II. These maps also indicate the industrial centers, the mineral resources, and the agricultural products.

This set includes 38 maps that are about 3' by 4' and can be raised or lowered. In using these maps, students should learn their history and even more geography.

Cyclones Meet Plainview "B" Here Friday

On September 22 the Memphis Cyclones will clash with the "B" squad Bulldogs of Plainview at the Cyclone Stadium. The Cyclones have made an excellent showing to this point in winning over Dumas with a score of 12-6 and Canyon 25-6. Both of these games have been played away from home but the Cyclones have received excellent support and will be expecting even larger crowd of Memphis people for their first game of this 1950-51 season.

Officers Elected

The Speech Club met last week for the election of officers and presentation of other business. Club activities will begin as soon as possible. The officers elected are: president, Scotty Grundy; vice president, Patsy Adcock; secretary-treasurer, Eudine Gable; reporter, Patricia Alexander; historian, Patsy Hays. The club decided to meet each second and fourth Thursday night. Committees are being selected to choose a name and a three-act play that will be presented in the near future. Four one-act plays will be given throughout the year.

SPHINX MOTH STUDIED

The Science Classes now have a sphinx moth under observation. These moths have beautifully harmonious color patterns, and many interesting habits. Lee Bloxom found this moth on the tennis court and brought it to class for study.

Read the Classified Ads!

Football Madness

The ball is snapped; the fullback smashes; two charging lines pull headlong clashes; the attacking team is pressed for time, but half the stands yell "Hold that line!"

The ball is snapper; the halfback fades. The pigskin zooms into a maze, Strapping giants are in the air; Two big hands find leather there. "CYCLONE NEWS" will bring the story Of fleeting fame and gridiron glory.

Librarians' Club Has 33 Members

The Librarian's Club of Memphis High consists of approximately 33 members. These members are the librarians for each period. In the past there have been only two librarians to a period. This year there are four. The reason for the increase in the number is the fact that Miss Ira Hammonds, who is in charge of the library, is striving to get our library recognized as a standard library. The duties of these four librarians are to keep the books in order, mend books, check out books, and do any typing that might need to be done for the library. All librarians have been trained to help the students get acquainted with the reference books.

Recordings Made

The Speech Class has already begun its self-improvement program. Last week, each student made an unrehearsed tape recording of his voice. Mrs. Guthrie said that this would enable each student to hear and criticize himself. The tape recorder was given to the school by the Senior Class of 1950. Members of the class are: Nancy Stanford, Betty Goodall, Patsy Hays, Minnie Jackson, Johnny Freelan, Nina Drake, Troyace Rhudy, Bennie West, Betty Kenyon, Gereta Graham, Beverly Snell Ann Spoon, Beryle Davis, and Patricia Alexander.

CAFETERIA WORKERS

In a report from Mrs. Violet Townsend, who is in charge of the cafeteria, she gave the following as her assistants: Mrs. Elsie Kennedy and Mrs. Mary Gardenhire. Students who help with the serving are Margaret Murdock, Alice Kennemer, Lois Carpenter, Nell Messer, Jean Wallace, Elouise Branum, Nelda Kennemer, Darline Lambert, Betty Sue Spencer, Don Ivy, and John Guthrie.

Cyclone Band Wins At Childress Fair

The Cyclone Band, on returning from Childress Fair, again kept up the record and brought home first prize, a beautiful trophy with "Greenbelt Fair—1950" engraved on it.

Although rainy weather kept the Band from practicing but once—it did an outstanding job of marching as well as playing.

Only 3 bands, Childress, Shamrock and Memphis, entered the parade, but the Cyclone band out blew them all!

Jr. High Pee-Wees Play Childress In First Game of Season Tonight

Tonight the Pee Wee team is playing the Childress Junior High team at the Cyclone stadium. In this game, the boys will be up against boys who are larger but the team is expected to make an excellent showing.

The probable starting line-up will be: Jack Montgomery, Carol Gardenhire, Jerry McQueen, Jimmy Jenkins, Harley Von Simmons, Hays Hammonds, Algie Archer, Jackie Ben Boone, Delton Ledbetter, Jimmy Davis and Calvin Miles.

Some of the boys who will see plenty of action are: Don Davis, Billy Vallance, James Freeman, Jackie Justice, Billy Cheek, Doyle Brannum and Maurice Swindell.

Coach Childress said he was only suiting out 25 boys for this game. There is some good material in this group and we expect to see them in action many times. These boys are being coached by Mr. Childress, Mr. Tate, and Mr. Burks.

Students Choose Own Grid Stars

The snooping reporter popped the question, "Who is your favorite football player in M. H. S. and why?" to several of the students. The following answers were received:

Billy Coats and Vance Adams like Tommy Messer because of his speed, good sportsmanship, fast shifting and he's always on the ball in their books.

Betty Burnett says Carl Lee is small but he can always take his share, and very fast, and always "there" at the right time.

Nancy Brewer likes Peanut Pierce because of his pep. He always plays real football, and is an excellent sport.

Jack Spry chose Freddy Vinson and Pete Moore. He said, "I like the way they play in the backfield, and I like to see Pete 'Get rough'."

Joan Huggins says Don Rasco has the Rasco technique, is an excellent size, and doesn't mind the dirty work.

September and October are among the best months for painting. Weather conditions are normally the best during this time... not too hot but usually clear and dry.

There were several boosters there—let's keep that up—what 'cha say? A band needs boosting the same as a football team if it is to do its best. The twirlers, Patsy Combs, Donna Webb, Johnny McDaniel, Yvonne Sturdevant and Gereta Graham gave an excellent performance, along with our mascot, Linda Gail Sturdevant.

Keep up the good work, Band, we're proud of you!

The Ag. I boys elected their officers this week. Troy Taylor was chosen president of the group, and Harvey Kennedy will serve as vice-president; Vance Adams is secretary, and the other officers are as follows: Treasurer, Billy Coats; Reporter, Do Lee; Parliamentarian, Edward Cady; Historian, Jimmy Gibson; Sentinel, Doyle Collins.

The Cyclone News

Bringing You News About Memphis High School

LOOKING AHEAD

Sept. 21, Jr. High vs Childress
Sept. 22, M. H. S. vs Plainview "B"
Sept. 28, Speech Club meets
Sept. 29 Lefors vs M. H. S.

Ag. Class Takes County Field Trip

For the past several days the third year Vocational Agriculture boys have been making an intensive study of the cotton insect problem. Identification, life cycle and control were the major points studied. A field trip to various parts of the community was made, where the boys observed the damage caused by the insect, the identification of the different insects, and the different methods of control.

The following boys are in the Ag. III class: Johnnie Freelin, Cletus Lewis, Troy Phillips, Kenneth Wesson, Dempsey Archer, Don Beasley, Bobby Dick Hutcherson, Wayne Jenkins, Coy Smith, Don Stewart, Jimmy Stewart, Raymond Whitten, Ralph Lockhart and Tommy Davis.

HOME EC. CLUB

The Home Economics Club met last Thursday at 4:00 o'clock to elect the five remaining officers. The president, Betty Burnett, presided over the meeting. The officers for the following year are: president, Betty Burnett; vice-president, Selvis Weddell; secretary, Lois Carpenter; treasurer, Jessie Faye Hammonds; reporter, Beth Murdock; historian, Muriel Bruton; parliamentarian, Margaret Massey; pianist, Patsy Ruth Jarrell; and song leader, Leona Robertson. The sponsor is Mrs. Ben Wilson.

DR. PEPPER BOX IN GYM

A new Dr. Pepper box has been placed in the entrance hall to the gym. It is one of the newer boxes that will take a dime and give back your change. This is an added convenience for the students.

English Teachers Hold Meeting

On Thursday, September 14 the Memphis English teachers met in the Senior Room at the high school. All teachers from the seventh grade through the twelfth grades were present. Mrs. Elizabeth Kennedy, the head of the English Department at Estelline, visited at the meeting. Mr. Alford Barron, our new supervisor, gave a talk on his philosophy of English.

This meeting was held to decide the grade level requirements, but it was agreed to wait until the English teachers of District IX meet to choose these. This District meeting will be held all day at Amarillo College on October 7.

Teachers attending Thursday were: Mrs. Roy Guthrie, Mrs. Clint Srygley, Miss Ethel Hillhouse, Miss Laura Mai Hightower, Mrs. Elizabeth Kennedy, and Mr. Alford Barron.

High School Office Has Improvements

With all the renovating going on around our school, we have somehow overlooked the improvements in one of the most important places—the office.

If you'll notice the floor, on your next trip, you'll see a new inlaid linoleum. This new floor covering helps to make the room attractive, while the air conditioner, which was installed this summer, makes it more comfortable on our fast-declipping hot, summer days.

These new additions to the office are greatly appreciated by Mr. Davis, Mr. Newton, and Miss Ruby Hoffman, who serves as secretary to the School Board and Mr. Davis.

And, students, even though the office looks so nice, let's not too many visit it!

WANTED: CANYON GRASSHOPPER

Grasshoppers — Grasshoppers! If you see someone running around like he's lost something dear to him, don't be alarmed. He's just hunting grasshoppers for Science Class. At first, the poor grasshoppers were met with squeals from the girls in the class, but soon they were tearing them apart like an expert. One of the prizes of the group of grasshoppers was a special one brought back from Dumas the night of the game there. Of course the Dumas grasshopper got special attention from the members of the Cyclone Football Squad.

AG. I BOYS ELECT OFFICERS

The Ag. I boys elected their officers this week. Troy Taylor was chosen president of the group, and Harvey Kennedy will serve as vice-president; Vance Adams is secretary, and the other officers are as follows: Treasurer, Billy Coats; Reporter, Do Lee; Parliamentarian, Edward Cady; Historian, Jimmy Gibson; Sentinel, Doyle Collins.

Sunday, October 1 Promotion Day For Christian Church

Sunday, October 1, will be promotion day for the First Christian Church Bible School, E. E. Roberts, Superintendent of Bible School, announced this week.

Roberts said that the teachers and associate teachers for the 1950-51 Bible School year have been chosen also.

The teachers are Mrs. Elmer Moore and Mrs. Billie Orett, Cradle Roll; Mrs. Oscar Maddox and Mrs. E. E. Roberts, Beginners; Mrs. Herbert Curry and Mrs. T. B. Rogers, Primary; Mrs. Cecil Stargel and Mrs. Gordon Maddox, Juniors; Adrian Odum and Mrs. Roy Coleman, Intermediate; Mrs. A. G. Kesterson and Mrs. Harry Aspren, Senior Young people; Bedford Smith and Mrs. C. S. Compton, Young Adult; Dr. J. A. Odum and Mrs. Bedford Smith, Adult No. 8; M. O. Goodpasture and Mrs. J. A. Odum, Adult No. 9.

The secretary for the coming year is Gordon Maddox.

Harrell Chapel Beats LaCasa 4-2

A double in the seventh inning was the only hit given up Ector Anthony as the Harrell Chapel soft ball club beat LaCasa, Oklahoma 4-2 Tuesday night.

Harrell Chapel opened their scoring in the second inning when Blum walked and was brought home by a long hit off the bat of pitcher Ector Anthony.

In the fourth Harrell Chapel scored again when Mack Richards opened the inning with a triple. Melvin Blum got his second hit of the night, a single, but it took another hit by Ector Anthony to score Richards from third.

Harrell Chapel got its third run in the fifth inning, Jester singled and Richards drove him in with a long hit.

Harrell Chapel got its last run in the sixth when Jester walked. Cotton Bounds got on by an error and Anthony hit a double and scored Jester from second.

La Casa waited until the fifth inning and then practically stole both of their runs. Barklet walked, then he stole second and third and came in to score when Anthony threw wild.

In the seventh LaCasa scored their last run when W. Rawlins got life on first by an error and stole second. R. Rawlin then ruined Anthony's no-hitter with a long double, scoring W. Rawlins. Anthony had the Oklahomans eating from his hand most of the

BIG SCALE WARMUP . . . with a tennis racquet four feet long, Andreina Drubear, national women's champ from Caracas, Venezuela, has little trouble hitting the ball at Forest Hills, N. Y.

CHANGES IN SCHEDULES CAUSE CONGESTION AT MHS

Changes in our schedules have definitely congested spots.

Games are not to come before 9 a. m. and are to start at 9:15 at which time the buses are to arrive.

Reasons for this are to give the buses a chance to make their rounds before the school opens. The teacher's work and the work of the students. So, let your child come to school at 9 a. m.

The improvement is in the lunch hour. The lunch hour is from 12:30 except students who are not tardy until 1:30. This is a quite rest period for students who eat in the school. The need this first rest before going into school.

Hi lunch hour is until 1 p. m.

School has 2 lunch hours from 11:30 til 12:15; the 12:15 til one.

It would be very happy to observe the cafeteria noon program. It is not surprise to see how students are and how are served. Most happy, congenial atmosphere this staggered when age groups are of every one was at the same time.

Another sign of our school.

Support Price Set On Grain Sorghum

This year's support price on farm stored grain sorghum will be \$1.80 per CWT, Hall County Production and Marketing Administration secretary Lynn McKown announced this week.

To be eligible for the full support, the grain must grade No. 2 or better and have a moisture content of not over 13 per cent.

The producer must pay the storage through 1951 on sorghum that is stored in commercial elevators. This cost is .08913 cents per cwt per day. For example, grain stored October 1, 1950, would cost 15 1/2 cents per cwt for storage. This amount would be deducted from the support price.

There is a service charge on all grain loans made by the county office. This charge is two cents per cwt on farm stored grain and one cent per cwt on elevator stored grain.

The PMA will also assist farmers in constructing farm storage for grains, with loans up to 85 per cent of the cost.

Mr. and Mrs. J. T. Nelson had as guests Sunday, Mr. and Mrs. Murl Wymer, W. E. Ewen of Long Beach, Calif.; Mr. and Mrs. W. L. Crabtree and son, Bill of Tulia; Mr. and Mrs. Jim Nelson of Spade; Miss Ida May Long, Mr. and Mrs. Bud Godfrey, Mrs. Pollard, Mrs. Sam Hamilton, Mr. and Mrs. Jerry Wright, Mr. and Mrs. Mary Nelson Mr. and Mrs. Dave Price all of Memphis; and Mr. and Mrs. J. D. Webster and children, Bob, Peg and Nancy of Amarillo.

Mr. and Mrs. H. H. Dent and Mr. and Mrs. Dwight Banks and daughter, Diane of Springlake visited Tuesday night with Mr. and Mrs. L. W. McClure.

CLARENDON (7) at QUANAH (20)—Quanah should have one of its better seasons this year. The Class AA school will have too much for rebuilding Clarendon.

Speaking of—

Continued from Page 2)

does Dumas have a more potent team than they have been given credit for.

3. Right here at home, Coach Chuck York will just have to face it—his 1950 Cyclone squad has become one of the picker's favorites in the Panhandle. The decisive drubbing they gave Canyon Friday night opened more than a few eyes.

Games this week will give the fans some fresh scores to compare teams in the district. Games of particular interest for comparison purposes are McLean vs. Canyon and Shamrock vs. Perryton.

Picking the winners will be rough again this week because last Friday's results make it obvious that the season is due many upsets. All in all, however, District 2-A should fare well in this third week of grid activity.

The way it looks from here:

PLAINVIEW B (6) at MEMPHIS (30)—We think the Cyclone could give Plainview's A squad a real tussle. They should have no trouble with heavy substitution by Memphis holding the score down.

PAMPA B (0) at LEFORS (40)—The Pirates should really "set sails" for the touchdown country. They are irked over last week's upset loss to White Deer. Things just don't look bright for Pampa club.

CANYON (14) at McLEAN (20)—Something tells us this tilt will be closer than most people expect. McLean's past record looks much better but that hot Canyon passing game is due to start clicking.

SHAMROCK (30) at PERRYTON (6)—The Irish can leave their lucky four leaf clover at home and still take this one in stride. They may have a let-down from the heights they reached in drubbing Dalhart last week but still should have no trouble.

WELLINGTON (7) at MAN-GUM (19)—The Oklahoma club is usually powerhouse. Not much known about them this year but they should handle the Rockets.

Hall County Women To Make UN Flags

Local women will get a chance to learn to make United Nations flags on Thursday, September 28, said Miss Fern Hodge, District Agent of Extension Service, on a recent visit to Hall County.

The group of women that are selected by County Agricultural Agent W. B. Hooser will meet in the County Courtroom with Miss Hodge and Mr. Hooser and learn the method for making the U. N. flags.

Plans will also be made at this meeting for a county wide flag making and observance of U. N. Flag Day October 24.

"Hall County will be joining all the counties in every state of the United States in making U. N. Flags and observing U. N. Flag Day on October 24," Miss Hodge said.

Miss Hodge contended that "making and flying this flag will show the world that we believe in the United Nations as an instrument of freedom."

The flag has a sky-blue background and in the center there will be a white map of the world encircled by a white wreath which symbolizes peace.

You get only the best of service when you bring your car to Kermit Monzingo, your Chrysler-Plymouth dealer.

WEATHER

No rainfall was recorded in Memphis this week and temperatures remained in the 80's and 90's. The week's high was Wednesday's 92 degrees while Saturday was the low.

Daily temperature readings:
Wed., Sept. 20, 66 and 92.
Thurs., Sept. 19, 67 and 87.
Mon., Sept. 18, 70 and 87.
Sun., Sept. 17, 68 and 82.
Sat., Sept. 16, 64 and 84.
Fri., Sept. 15, 65 and 88.

Cotton Penalized If Producer Is Without PMA Card

Farmers must have a 1950 Cotton Marketing Card before they can sell their 1950 crop, if one sells his cotton without this card he will be penalized 15 1-2 cents per pound. This information was released by the County Committee of the Production and Marketing Administration.

It is the duty of the cotton buyer to collect this penalty from the producer. If the buyer does not collect from the producer, the buyer will be penalized 15 1-2 cents per pound and fined \$500 for evading the marketing law.

The 1950 cotton acreage control operates under Public Law No. 471, passed by the 81st Congress. The County Committee has no authority to amend or give local interpretation to the law.

Any revisit to a farm for re-measurement or to check plowed up cotton must be paid by the farmer. The first trip is the only one paid by the government.

The \$2.00 per farm or \$1.00 per plot (which ever is greater) fee was set up by the county committee.

All farmers who have complied with all the regulations, either as a tenant, landlord or sharecropper may get a marketing card by calling for it at the Hall County office.

ber of the Church of Christ since she was eight years old.

At the time of her death in Wichita Falls Mrs. Copeland was 32 years old.

Flowerbearers were Mrs. Copeland's cousins, A. O. Gidden, Dr. J. M. Orr, Gordon Newsom, T. O. Miller, Lee Miller and Y. Oliver Miller.

Flowerbearers were Mrs. Neal Sweatt, Mrs. Fred Bourland, Mrs. Clyde Crawford, Mrs. Gene Hughes, Mrs. Thurman Ellerd and Mrs. Bray Cook.

Mrs. Copeland is survived by her husband, George Copeland, two daughters, Mattie Lou Copeland and Dorothy Jo Copeland and her parents, Mr. and Mrs. W. D. Orr, all of Memphis.

Request For

(Continued from page 1)

assistance in carrying out conservation practices were distributed to counties. These funds are not sufficient to provide assistance for but a small portion of the needed conservation practices in the average county.

Secretary Brannan pointed out that the department is "in full sympathy with your situation" and expressed the hope that all conservation practices can be restored. He said the matter would be brought to the attention of the Administrator of the Production and Marketing Administration for consideration by the state committee to determine whether an exception might be made in regard to long standing policies governing the rebuilding of measures on which assistance has already been given.

However, the action of the state committee Wednesday indicates they will not authorize the assistance.

In his letter, Secretary Brannan pointed out that some of the farmers in the storm-hit areas might obtain assistance from the Farmers Home Administration. He said Dillard B. Lasseter, administrator of the FHA will investigate the situation and make a report as soon as possible.

The farmers asked for this emergency aid on August 22 when a petition was sent to Secretary Brannan. Some 188 farmers and businessmen signed this petition pointing out that approximately \$25,000 damages were done to

place brought \$8, second \$5, third \$4, fourth \$1.

County Agent W. B. Hooser accompanied the cattlemen and their entries. They were sent directly from the Hall County Livestock Show to Childress.

"We were very proud of the showing made by our cattle at Childress," Hooser said. "I think these results show how well the livestock program is being improved in this county."

He praised all those who took entries for their interest in the livestock program and predicted even more impressive records for the future.

Whirlwinds

Wesleyan Sunday School Class Opens 28th Year With Luncheon Thursday

The Daughters of the Wesleyan Sunday School Class of the First Methodist Church opened its 28th year with a luncheon at the church on Thursday, September 14.

Mrs. W. F. McElreath, president, presided. Mrs. Rollo Davidson gave the devotional, using as her theme "Discouragement." She pointed out that this is the greatest hindrance to our Christian advancement.

Mrs. Sidney Baker, program chairman, gave a resume of the year's study which has as its theme "Faith."

Some of the topics which are included in the study course are: Faith in Love, Faith in the Bible, Faith in Christ, Faith in Prayer, Faith in the Holy Spirit, Faith in Immortality, and Faith in the Kingdom of God.

The president read the history of the class which was organized in 1923. She also introduced the new officers for the coming year.

In addition to Mrs. McElreath the official staff includes Mrs. Myrtis Phelan, vice president; Mrs. O. M. Gunstream, secretary; Mrs. G. M. Duren, treasurer; Mrs. Frank Wright, reporter and Mrs. W. B. Coursey, teacher.

Members present were Mmes. Henry Newman, J. T. Hampton, G. M. Duren, J. R. Mitchell, Bess Crump, W. A. Thompson, Myrtis Phelan, Sidney Baker, Louie Goffinet, W. F. McElreath, O. M. Gunstream, Albert Gerlach, Sidney Mayfield, W. V. Coursey, Mary Erwin, Dan McCollum, Chas. Webster and Brice Webster.

Two guests, Mrs. Rollo Davidson and Mrs. Viola Johnson, were also present.

Harmony Club Meets in Home of Mrs. Kinard Wed.

The Harmony Club held its first meeting of the 1950-51 season in the home of Mrs. D. L. C. Kinard on Wednesday afternoon, September 13. Mrs. Bedford Smith was assisting hostess.

Preceding the program, a parliamentary drill was given by Mrs. Kinard.

Introducing the program, the club collect was sung by the chorus directed by Mrs. T. K. Treadwell accompanied by Miss Laura Mai Hightower.

After the year books were distributed, a brief resume of the year's program was given by Mrs. Bedford Smith. Mrs. Henry Foster, new president, gave the President's Message.

Other numbers on the program included: piano solo, "Hunting Song," Mendelsohn, Patsy Sue Hays; trombone solo, "Thoughts of Love," Jeanne Way; accompanied by Tom Way; vocal solo, "Dedication," by Robert Frang and "The Coo Coo Clock," Grant-Schaeffer Mrs. Treadwell; reading, "I Am Music," Margaret Ann Massey; and piano trio, "Clare de Lune," Debussy, Iris Smith.

Delicious refreshments were served to the following members and guests: Mmes. L. G. DeBerry, Henry Foster, Gordon Gilliam, Garner Lee, Clyde Milam, Ed Monzingo, T. L. Rouse, Dick Shelton, Carl Smith, T. K. Treadwell, Conley Ward, Chas. Williams, L. B. Madden; Misses Mary Foreman, Laura Mai Hightower, Esta McElrath, Patsy Hays, Jeanne Way, Tom Way, Margaret Ann Massey and hostesses, Mrs. Smith and Mrs. Kinard.

VFW Auxiliary Meets Thursday

The V. F. W. Auxiliary met Thursday evening, September 14 at 8:00 o'clock in the VFW Hall. Members attending were Mmes. Ann Margaret Moss, Leila Scott, Edna Crowder, Aulis Ayers, Lena Peary Gunstream, Ruth Noah, Vena Kulp, Louise Ellis, Pauline Bevers, Peggy Fowler, Maudell McCauley, and Dorothy Vandeventer.

A loose fitting jacket aids in disguising the bulk of a large man and hides the slimmness of a man who is too thin.

New Officers Are Installed For Homemakers Class

The Homemakers Class of the First Baptist Church met recently in the home of Mrs. Byron Baldwin for its monthly meeting.

Installation of officers was featured with Mrs. H. J. Howell serving as installing officer.

Taking office at this time were Mrs. Ruth Smith, president; Mrs. Mrs. Lucile Godfrey, membership vice president; Mrs. Jo Callaway, fellowship vice president; Mrs. Elizabeth Henderson, stewardship vice president; Mrs. Frances Eddy Harrison, class minister; Mrs. Pauline Gillespie, secretary and treasurer.

Mrs. H. Smith offered the opening prayer and an inspiring devotional was given by Mrs. Fitzjarrald.

Mrs. Pauline Gillespie, president, presided during the business session. She was presented with a lovely gift as retiring president.

Tasty refreshments were served to 21 members and 5 visitors.

Stitch and Clatter Club To Visit Boys Ranch

Mrs. Bea Gardenhire was hostess to the Stitch and Clatter Club on Tuesday afternoon, September 12.

During the business hour a trip was planned to Boys Ranch and the date was set for September 26. The club also voted to buy a pair of glasses for a girl in the community.

Following the business session, members spent the remainder of the afternoon doing various types of needle work.

Cake and punch was served to Mmes. Clorine Morrison, Jewel Marcum, Eula Adams, L. B. Chaudions, Louise Kinard, Jessie Orcutt, Flossie Dick, Myrtle Darby, Lura Eddleman, Lillie Jones, Juanita Nelson, Ilva Richburg, Ada Jones, Mary Ellen Eddins, Edna Winkler and Ola Price.

The next meeting is slated for October 10 in the home of Mrs. Flossie Dick.

MISS NC RELAXES IN TAR HEEL PRODUCTS—Taking it easy before the Miss America contest at Atlantic City Sept. 4-10, Miss North Carolina relaxes in and on products of her favorite state. Miss Carolyn Edwards wears an afternoon frock of cotton gingham while she relaxes on a Karastan cotton shag rug.

Mrs. Mattie Stanley is visiting her children, R. L. and Jim Stanley also Mrs. Ben Smith in Amarillo.

Mrs. Velma Cannon, mother of Del Wells is visiting her daughter and family, Mr. and Mrs. F. E. Davis and Jack in Los Angeles, Calif.

Mr. and Mrs. J. H. Blanks, Mrs. Jean McQueen and Candy were Samnorwood visitors Sunday.

Gayle Gowdy, son of Mr. and Mrs. W. M. Gowdy, Jr., is in a local hospital for treatment of virus pneumonia.

Mr. and Mrs. George Blewer were guests Sunday of Mr. and Mrs. (Continued on page 5)

TOPICS UNDER DISCUSSION—This pensive gentleman is giving some after-school coaching to his classmates. Modern philosophy or some weight might be the subject under discussion, judging from an expression. The flirtatious little miss is taking it a grain of salt, however. She is more interested in man-about-town cotton suit. With it, he wears a dot cotton shirt that is masculine equivalent of her modern style cotton blouse.

Claudine Haynie Becomes Bride of Wilson Jr., in New Mexico Rites

Mrs. John Murdock announce the recent of their daughter, Claudine to Henry Wilson, Jr. and Mrs. W. H. Williams.

The ring ceremony was at the home of Mrs. N. M. on September 17. Mr. and Mrs. Fouts with Rev. John Fouts of the Baptist Church officiating.

Mrs. Murdock of Amarillo was the bride's attendant and Mrs. Elton Murdock of Amarillo was the groom's attendant.

The bride wore a brown satin dress with a corsage of white roses. She was accompanied by a corsage of white roses.

The bride was attended by Mrs. Claude Fouts, Mrs. Bonnie of Melrose, Mrs. Elton Murdock of Amarillo and Mrs. Nell Stout of Melrose.

The groom was attended by Mr. and Mrs. S. J. Ranch near the S. J. Ranch near the bridegroom is

Methodist WSCS Meets For Bible Study Monday

The W. S. C. S. of the Methodist Church met Monday afternoon at 3:00 o'clock in the church annex for the weekly Bible study.

"We See Him Together" was the study theme for the afternoon and the introductory remarks were given by Mrs. Floyd McElreath.

Mrs. Geo. Payne discussed "Why Make a Study of Worship" and Mrs. Chas. Webster talked on "What is Worship." "Lower Levels of Prayer", a supplementary subject, was discussed by Mrs. Newman.

The members closed the meeting with a benediction in unison.

Members present were Mmes. George Payne, Rollo Davidson, Hall Nelson, Florence Vickers, Bess Crump, J. J. McDaniel, C. R. Webster, Floyd McElreath, A. O. Wines, Bob Roberts, Henry Newman, W. I. Glosson, R. S. Greene, Bill Monzingo, A. C. Hoffman, Frank Foxhall, W. C. Dickey, Myrtis Phelan, Thurman Hunt, Ollie Lee, Calvin Draper, Rufus Cris-ham, D. B. Kennedy and W. F. Ritchie.

Wedding Ceremony Unites in Marriage Laverne Hand and Cecil Foster

The wedding ceremony was held at the home of Mr. and Mrs. F. C. C. of Silveston, became the bride of Cecil Foster of this city.

Mr. Foster, minister of the church, read the marriage vows at 10 o'clock at his home.

The bride wore a blue suit accented with white and a corsage of carnations. The bride's something old, something new, something borrowed and something blue was also present.

The groom is the son of Mr. and Mrs. William H. Foster of Eldorado, Okla., and completed a year's service in the U. S. Marine Corps.

Mrs. Foster are at Harrison Street.

Rev. Milton Reding Is Honored at Birthday Social

The Young People's Training Union of the Peden Memorial Baptist Church honored Rev. Milton Reding with a birthday social on Sunday afternoon, September 17. The affair was held in the home of Mr. and Mrs. Doyle Hall.

Members of the class presented Rev. Reding with an engraved Mexican silver bracelet.

Refreshments of ice cream and white layer and angel food cake were served to the following:

Janice Clayton, Shirley Dunn, Martha Jean Howard, Marjory Foster, Harold Saxon, Robert Hodges, Sue Hall, Jerry Galloway, Mr. and Mrs. A. C. Sams, Mr. and John Holcomb, Gaylynn Hall, Rodney Sams, Milton Reding and Mr. and Mrs. R. D. Hall.

LOWEST-PRICED FULL-SIZE PICKUP WITH OIL FILTER, OIL-BATH AIR CLEANER

A DOZEN REASONS WHY AMERICA'S NO. 1 TRUCK VALUE WILL DO MORE PER DOLLAR!

QUICK MOBILIZATION

Even skeptics cannot but be impressed by the speed with which supply lines to the Korean beachhead have been built up. From a standing start less than two months ago a sizeable army has been moved across six thousand miles of ocean and sent into combat. It is impossible for laymen to appreciate fully the magnitude of such a task. A single U. S. infantry division, for example, needs a staggering 17,000 tons of equipment—weapons, trucks, fuel and food—just to get it started in combat. From then on, if it is fighting a delaying action such as the war in Korea has been so far, it needs an extra 436 tons of equipment a day, including medicine and replacement parts to keep it going. When it goes on the offensive, its daily needs jump to 580 tons. Life magazine has made an illustrated feature of this great undertaking. It shows a map of the Pacific Ocean with a worldwide network of supply lines—planes and ships—converging on a tiny white dot on the shores of Korea. This dot is our beachhead. Life then described the movement over these supply lines over a forty-day period. The Military Air Transport Service, flying 236 planes, delivered 15,000 passengers and 3,000 tons of cargo. Each round trip took from 72 to 120 hours. Turn around times for the planes in Japan and the United States was twelve hours. Simultaneously, the Navy-run Military Sea Transportation Service, in three hundred ships—transports, tankers, and cargo vessels—delivered more than 50,000 men, and 500,000 tons of cargo. Round trip for one of these ships from the Pacific coast required 40 to 75 days. In the words of Life: "To accomplish all this within nine weeks, U. S. logistics experts have had to improvise a major miracle."

The fact that a miracle of transportation and supply is now being accomplished does not excuse the tragic miscalculations in top management of the American defense program. Rather, it is another magnificent demonstration of the vast reservoir of resourcefulness and stamina so characteristic of this country. Very likely the present effort will go down in history just as Life described it—a major miracle. Credit for achieving it must go to the people who have taken part in it; the pilots of the planes, the captains of the ships, workers and managements in the oil fields and factories and mines, the hard-bitten Marines, the Navy Air Force and the Army. The performance of these people has impressed the world and is doing more for the cause of freedom and Western Civilization than most of us realize. If anyone can, they will make the United Nations a workable organization.

"Those who like the form of government that we inherited from those who founded the United States of America might keep their eyes on the pressure groups."—Lewis-town (Penn.) Sentinel.

DIVERSIFIED FARMING

Down in the Southeast there is a new prosperity literally springing up from the grass roots—a new accent on diversified farming and animal agriculture. Many fields once white with cotton are now green with grass and dotted with beef cattle.

Even land that has been "cropped to death" and abandoned as worthless is staging a strong comeback under a soil-restoring program that includes legumes, special grasses and meat animals.

This is good news indeed because section of the South have become classic illustrations of tragic soil misuse and erosion. In early times the South suffered heavily as settlers and farmers tilled the land for maximum short-range production of valued but soil-exhausting crops and then moved on to new locations. In those days, when the country was young

QUESTION AND ANSWER

Press Paragraphs—

QUOTING OUR NEIGHBORS

Dim Future
 School doors throughout our area swing open today.

And for hundreds of youngsters entering them for the first time, 16 years of serious preparation for life begin.

Sixteen years, little first grader, is a long time.

Sixteen years in economics have meant the passing of America from the Great Depression to the biggest boom our country has known.

Sixteen years in politics have brought changes so startling they seldom before have been equaled without violent revolution.

Sixteen years in social welfare have substituted for individual re-

sponsibility a mass acceptance of the human burdens by society.

In other words, little first grader, the last sixteen years have brought changes so drastic that many say our nation has been ruined.

Others proclaim we are closer to Utopia than ever before.

This is no effort to answer that dispute but to warn you that the 16 years ahead will see changes equally revolutionary, if not more so.

And if you understand that the world at your graduation will be vastly different from that of today, perhaps you will not make the mistake of us oldsters and prepare for a way

and sparsely settled, land was one resource that appeared limitless and available to all. The pendulum has now gone full cycle. Land is precious.

The new development in the South is part of a vast restoration movement. And it is significant that people are discovering that meat production is not exclusively a Western and Midwestern enterprise. Regardless of geographical location a great deal of land is suitable only for livestock raising. An increasing number of farmers are finding that cattle raising fits ideally into sound soil conservation while at the same time producing a cash crop that they can count on year after year. Some four thousand packing houses keep "open house" for all the meat animals that livestock raisers have to sell. Producers can also count on the best possible prices in the light of existing conditions because meat processing is one of the most competitive businesses in existence.

of life that is dead before you have an opportunity to begin it.

We say here not what we wish to be, but what we believe will be. We express not our hopes, but what might best be termed our fears.

Here, then, little first grader, our version of the world of 1966 for which you today begin your preparation:

Study psychology and personality development if you will. But more important, learn to interpret mathematical tables.

For in 1966 you will not be an individual with personal ambitions and personal ideals but a statistic—a card in an index file—a number in the draft.

Study law, medicine, accounting or business administration if you will. But don't expect to hang out a shingle of your own.

For in 1966 most of the professional people in America will be working for the government—a vast network of unrelated jobs held together by red tape alone.

Strive hard, if you will, to master the sport of your choice. But do not expect to find the major outlet for your youthful energies on the football field.

For in 1966 military training will be a must in the field of American education. And the you h who can shoot a bazooka straight or drive a tank hard-ast will gain the renown we now accord the athletic hero.

Practice thrift if you wish. (Continued on page 7)

MEMPHIS BAND TAKES PRIZE
 —Again the Memphis Chamber of Commerce Band is winner, showing beyond a doubt that it is the leading band of West Texas and the Panhandle. In the contest last Sunday at the Amarillo Tri-State Fair in the five-year class A, and it was a hotly contested event, Memphis Band won first prize over Clovis. The band was under the direction of Paul James. **MANY PRIZE WINNERS AT FAIR**—While the rain played havoc with the Hall County District Fair the first two days, and handicapped it the third day, Old Sol came out and helped to swell the crowd Friday to large proportions, and by vote of the people attending the fair was extended through Saturday when another good crowd was present. The fair was a success although the gate receipts fell short of the expenses incurred.

Friday, Sept. 26, 1930
2,048 BALES COTTON GINNED
 —The ginning of cotton in Memphis has progressed very slowly during the first few weeks of the season. Reports from all the gins in Memphis show that the amount of cotton ginned up until Wednesday night was far below normal with only 2,048 bales ginned. **MATKIN SAYS COTTON STAPLE BETTER**—"Most of the cotton received by the Memphis Compress Co. thus far this season is of much better staple than that of last year," declared Col. C. T. Matkin, compress manager. "Of course, there was a considerable amount of half and half planted but not as much as in the past. Farmers are realizing the importance of pedigree seed and learning that it pays to plant this kind."

NEW STORE OPENED HERE—A general mercantile store is being opened this week in the building formerly occupied by the Amarillo Furniture Co. on Noel St., two doors from the Citizen's State Bank. This store is being opened by J. O. Martin of Abilene who has been in this business for many years.

LEGAL NOTICES

THE STATE OF TEXAS

To: R. D. Barnes and husband Luther Barnes; the heirs, unknown heirs and their heirs of R. D. Barnes and husband Luther Barnes; and the legal representatives of each and all of the above-named defendants greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 30th day of October, A. D. 1950, at or before 10 o'clock A. M., before the Honorable District Court of Hall County, at the Court House in Memphis, Texas.

Said plaintiff's petition was filed on the 12 day of September, 1950. The file number of said suit being No. 3329. The names of the parties in said suit are: Mrs. Verner Phillips, a feme sole as Plaintiff, and R. D. Barnes and husband Luther Barnes, the heirs, unknown heirs, and their heirs of R. D. Barnes and husband Luther Barnes; and the legal representatives of each and all of the above named defendants, as Defendants.

The nature of said suit being substantially as follows, to-wit: Said suit is an action in trespass to try title as defined by the Statutes of the State of Texas and prescribed by the Rules of Civil Procedure, alleging ownership in fee simple in plaintiff Mrs. Verner Phillips and seeking recovery by said plaintiff of the title and possession of the following described lands in Hall County, Texas, to-wit: All of the South half of the Southeast one-fourth of Block No. 2, Shad's Addition to the town of Memphis, Hall County, Texas. Alleging that plaintiff has title to said land and premises under the Ten Year Statute of Limitations; that the defendant actually own no interest in said land and any apparent interest they own should be removed as a cloud on plaintiff's title, for which plaintiff prays, for costs of suit and for general relief.

Issued this the 12 day of September, 1950.

Given under my hand and seal of said Court, at office in Memphis, Texas, this the 12 day of September, A. D. 1950.

ISABELL CYPERT, Clerk District Court, Hall County, Texas. 15-4c

VET PROBLEMS AND ANSWERS

Q—When I was discharged from the Navy, I was asked to sign a statement that my disability existed prior to my enlistment. Will this prevent me from receiving disability compensation?

A—No. Under the law, any such statement is considered null and void. In adjudicating your claim for compensation, VA will determine whether your disability was incurred in or aggravated by your military service on the basis of the evidence in the file.

Q—I am drawing disability compensation, and I believe that my disability has increased in severity. What steps do I take to get an increase in compensation?

A—You must submit new medical evidence. This may be an adequate statement from your doctor or a medical report of a recent period of hospitalization.

Q—VA has notified me that my compensation is to be reduced in 60 days. Is there any way I can prevent this reduction?

A—You may submit new evidence to show that the reduction is not warranted. The evidence must reach VA before the expiration of the 60-day period.

Q—I would like to appear personally before a VA Rating Board that is to rate my disability for compensation purposes. Will VA pay my expense?

No. You must bear all the expenses, including travel both ways.

Registration Week Completed At TCU; Enrollment Heavy

With an active week of registration and reception ended, students at Texas Christian University trekked back to classes Friday, September 15. Regular meetings of classes began at 8 a.m.

Complete registration figures have not been compiled, but indications were that enrollment might be near the over-all mark of 6,000 last year, Registrar S. W. Hutton stated. The influx of new students and transfers was especially heavy.

Although regular enrollment period ended on Thursday, provisions for late registration through Sept. 22 were provided. Delayed students could still sign for classes in the registrar's office, and those for the T. C. U. Evening College could enroll in office of the night school from 5:30 to 8:30 p.m. daily.

BETTER MEANS THE VOLUNTARY AMERICAN WAY

Historic Rocks

Former Pastor Erects "House of Memories"

Quite a lengthy and interesting feature article was carried September 10 in the Abilene Reporter-News concerning a former Memphis Methodist pastor, the Rev. E. L. Yeats, along with a picture of him laying rocks in his "Memory House" on Island he owns near Roby. He is pastor at Baird.

The Democrat is reprinting some of the article because Rev. Yeats has a lot of friends here who will be interested in the facts embodied in the story.

In 1927, while pastor at Roby, Yeats bought a 16-acre tract, which is an island completely circled by a creek near Roby. He cleared the tract of 2,500 China trees, selling the wood. He set out 115 pecan trees. Last year he sold \$1,600 worth of pecans. In 1928 he started his career as carpenter, plumber, electrician masonry expert, and cement man, and began construction of a double garage in the center of Yeats Island. In a few years this garage was to become a camp house, retreat for the preacher and family while serving area pastorates at Hamlin, Memphis and other places.

He added 66 more acres to the tract, and he built a barn to house his tractor and other farm machinery. Later he turned orchardist, and on this farm he has hundreds of fruit trees. Seventy-two peach trees produced 200 bushels of peaches last year.

This versatile preacher took up woodcraft as an added hobby, and the camp house is furnished with some of his projects. He became an apriarist a few years ago when he induced two swarms of bees to take up their abode on the

island. Then he was hit by the rock bug 15 years ago. He was returning from Detroit, Mich. with a new auto when he stopped to pick up his first rock from the bed of the Mississippi, and has new stopped collecting rocks since.

His rock collection is set in cement in the walls of his rock-venered camp house which he calls his "House of Memories". It is just that, memories of people, of occasions, of places, of great and tragic moments in local, area, state, national and world history. More than a thousand names of friends who have contributed to his astounding collection are inscribed in a large ledger. He has stones from historic spots in 42 states of the U. S. and 21 foreign lands.

During the war, service men sending rocks from the far reaches of the globe. His own son, A. W. Yeats, a Navy officer during the war, sent home nine rocks picked up at Pearl Harbor, Guadalcanal, the Samoas, New Zealand, New Caledonia, the Marshalls, and Panama Canal zone. His daughter sent rocks from Mexico while enrolled in the University of Mexico. Another daughter has picked up rocks for him too from various places.

He has rocks from various other sources that adds to the historic value of the collection. Included in the number is a rock from the first Methodist church building in Texas built at Sabine in 1839—stones from the Bonny Banks of Loch Lomond in Scotland, from Edinburg Castle, Rock of Gibraltar, ruins of St. Augustine, piece of marble from the famous Tai Mahal in India, from the lake edge in Alaska where Will Rogers fell to his death, a fragment from top of Pike's Peak and from Death Valley 300 feet below sea level, and countless others equally interesting.

Sergeant James R. Short is home on 30 day leave from Fairbanks, Alaska. He is visiting his parents, Mr. and Mrs. John R. Short of Memphis.

Sergeant Short is a graduate of Clarendon High School and has been in the Army three years.

Mr. and Mrs. Gordon Shankle and Mr. and Mrs. Claude Foster of Childress attended the football game between Childress and Amrillo Friday night. Mr. and Mrs. Shankle have moved from Memphis into their newly completed home in Childress.

Wayland College Enrollment, 453

Enrollment at Wayland College, Plainview, has reached 453, according to Dean H. Preston James.

With the usual late enrollments, this figure is expected to reach last fall's total of 490, he said.

There are 95 from Plainview this year, as opposed to last fall's 84, "an indication of growing local support," Dr. James stated.

At chapel Monday morning, various leaders in Plainview civic life were presented by Jim Roberts, secretary of the Plainview Chamber of Commerce.

President J. W. Bill Marshall said that academic and spiritual standards would be held high, that the college would continue to promote its program of missions and international goodwill. "We have not just talked about international goodwill here at Wayland," he said, "but we have done something about it, a fact which is widely recognized."

Harold G. Massey, new dean of students who came to Plainview from the University of Miami, outlined the Wayland personnel program which begins with the selection of students and continues until graduation.

The "I. Q." or intelligence quotient of this year's freshmen is 110.1, higher than last year's average of 106.

New students total 187 and old students 250, which the dean also

characterized as a good proportion. There are 197 freshmen, 126 sophomore, 72 juniors and 45 seniors.

President Marshall said that academic standards would be held "high and hard." He has told his faculty members to "give the students all the meat the best students can absorb."

Massey, dean of students, said that Wayland's personnel program is based on a firm belief in the supreme importance of the individual.

Leading in the singing was Shelby Collier, director of the Wayland College International Choir, which last year climaxed a highly successful season by sing-

Delicious refreshments of sandwiches, cake and spiced tea were served from a lace covered table that was decorated with garden flowers. Mrs. W. M. Whaley poured. The 1932 Culture Club entertained the members of the school faculty and their families with a picnic at the Rotary Bowl in the Childress Park, Saturday evening, Sept. 9. All members of the faculty together with their families, except Mrs. L. A. Tucker, were present. Out-of-town guests were Mr. and Mrs. Bonney Cannon of Borger, Mr. and Mrs. Gene Bailey and David of Amarillo, and Miss Mary Foreman of Memphis. Mrs. H. E. Clifton in her usual genial

manner made a short speech of welcome to the guests. The menu consisted of barbecued weiners, baked beans, potato salad, pickles, tomatoes, cookies, cokes and coffee. After the meal the children played football and the adults engaged in conversation. Cotton farmers are urged to check the cotton sacks of all pickers who come from the south Texas area for cotton bolls or seed cotton. Any material found in the sacks should be burned immediately because pink bollworm inspectors have found many worms and larvae in this material. The pink bollworm population in South Texas is high at this time.

New-1951 ZENITH "COBRA-MATIC" Combinations

WITH THE SIMPLEST ALL-SPEED RECORD-CHANGER EVER INVENTED! PLUS-SUPERB FM-AM RECEPTION!

Hard of Hearing?

Buzzing in Ears? Ringing in Head? Muffled Sounds? THEN THE CHANCES ARE THAT YOU HAVE CERUMEN

CERUMEN is the condition brought on by excessive excretion of wax in the ear canal. Cerumen can make you hard-of-hearing in two ways: by clogging the canal and keeping sound from ear drums; by coating the vibration-carrying canal linings. This deep-down wax, in addition to making you hard-of-hearing, can cause buzzing, ringing, head noises. PROVE YOU AREN'T GOING DEAF! Remove those hardened wax accumulations deep in your ear canal with OURINE. This compound of soothing oils gently loosens wax and by use of a simple syringe floats it out; also soothes and helps tissues normalize. Your money back if in 3 days you aren't convinced you are not going deaf. Get OURINE today.

DID YOU EVER SEE A TIGER THAT LOOKED LIKE A HORSE?

THE TEXAS ECONOMY COMMISSION

By JOHN REDDITT
State Chairman
Texas Economic Commission
(Editor's Note: This is the second in a series of articles on the Texas Economic Commission.)

You who are worried (or should become worried) about the ever-increasing demands for taxes to run your Texas State government, you have three choices before you:

- (1) Pay more taxes and grumble about it.
- (2) Pay lower taxes and undergo a reduction in public services. And grumble some more.
- (3) Examine your state government for inefficiencies and waste; then on the basis of your factual findings, improve service without increasing taxes, or lower taxes without cutting service.

The first and second choice appeal to no one. The third choice clearly is the one to make.

The Texas Economic Commission has undertaken to make the third choice. But our eyes are open to certain pitfalls that must be avoided if we are to succeed in bringing economy and efficiency into our government.

This requires some explaining. In 1929, the Legislature created the office of State Auditor and Efficiency Expert to look into the government. This new office, after nearly a year of study, reported that inefficiency, waste, and disorganization were growing as the government's expansion continued unrestrained.

Alarmed, the Legislature named a joint committee of both its houses to give thorough study to the problem. This committee employed an impartial, professional staff of experts in government management, Griffenhagen and Associates, which had been doing this sort of thing successfully for a generation.

The Griffenhagen firm made an extensive study and presented a detailed report calling for extensive reorganization of the government.

One hundred and thirty-one more or less independent state agencies would have been consolidated into two executive branches: one with six "departments" having

administrative functions," and the other 14 "departments rendering direct public service."

This was logical. It was efficient. It brought order and responsibility under economic control. And it fell flat in the Legislature.

We now know why it fell flat. We know why the past two decades have brought more disorganization, more inefficiency and waste into our state government. There was not enough popular demand for a change.

The people had neither opportunity to study the problem that faced them, nor opportunity to examine the proposed reforms. Lacking this information, they did not demand passage of the reforms. Lacking this demand, the reforms were not made.

Today we have, not 131 separate state agencies, but nearly 200. In 1930, the Texas state government spent \$103,100,000. In 1940, \$165,700,000. This year the state is spending \$500,000,000. That's half a billion dollars!

This amount is \$1,370,000 per day, including Sunday and holidays, seven days a week!

What's more, this vast sum is spent, not through logically and carefully controlled means. It is spent out of more than 230 separate, disconnected checking accounts. Many of these accounts are earmarked for special purposes and no other purposes. Thus if some accounts should have a surplus while other accounts are exhausted, more taxes must be raised to replenish the exhausted accounts. That's silly, I know. But that's how it is.

We know that a new structure of efficient and economical public service, provided through intelligent taxation, cannot be erected without the public's understanding of its need.

The people of Texas, through this series of newspaper articles, through public discussion and debate, through their local county branches of the Economic Commission, will be advised of and take part in every stage of the Economic Commission's work. If

- PERSONAL

Mr. and Mrs. C. T. Johnson of Plainview, formerly of Memphis, spent the week end with the Carl Harrisons.

Mr. and Mrs. G. W. Perser of Avinger are here visiting their daughters, Mrs. L. L. Beard and family and Mrs. G. W. Wiggins of Plaska.

Eagles Win Opener From Irish B 21-0

Lakeview's Eagles opened their 1950 football season with a smashing 21-0 win over Shamrock "B" squad at Lakeview Thursday night, September 14.

All the Eagle's scoring was done on ground plays. In the first quarter J. W. Lindley, halfback, opened the Eagles scoring by crashing over from the five yard line. G. D. Hall carried the ball over for the extra point.

The Eagles scored again in the second quarter when Hall went through the middle, from the five, for the second touchdown of the night. Lindley's kick for the extra point was wide and the Eagles led at the half 13-0.

In the third period the Shamrock defense tightened and stopped the Eagles' running attack, but the Eagles picked up two more points when they tackled an Irish back behind his goal for a safety.

The Eagle ground attack renewed in the fourth period and Eugene Lollis scored the final touchdown of the night from the six yard line. Hall failed to carry over for the extra point.

Coach E. J. McKnight's Eagles were clicking from their T formation and had the game going their way most of the night. They led in first downs 11-2. Lakeview fumbled twice and recovered their fumble once. Shamrock fumbled once and Lakeview recovered.

Clark, Paris Make North Texas State Freshman Eleven

Two Memphis athletes, Raymond Clark and Bobby Paris, have been drawing praises from North Texas State's freshman football coaches Fred McCain and Herb Ferrill.

These two boys are among the top linemen on the Eaglet squad. Clark is at the center slot and Paris is playing right beside him at guard. Both boys are 1949 graduates of Memphis high school.

Other West Texas boys drawing praise from the coaches were halfbacks J. H. Cagle of Childress, and Gene Bulman of Clarendon, quarterback James Jenkins of Clarendon, and tackle Gene White also of Clarendon.

The Eaglets open their 1950 season September 28, against Odesa Junior College in the West Texas City.

Mr. and Mrs. Jack Jones and family spent Sunday in Wellington in the home of her sister, Mr. and Mrs. J. W. Martin.

Sanitation Better For Livestock Than Wonder Drug Feed

"Wonder drugs in livestock feeds are no substitute for sanitation on the farm," animal health authorities remind swine and poultry raisers.

"Preliminary studies indicate that new antibiotic drugs may have definite value in swine and poultry rations. But to drop standard sanitary practices and depend on the drugs is to invite costly disease outbreaks on the farm," the American Foundation for Animal Health warns.

Explaining that research veterinarians and other scientists have barely scratched the surface in their studies of drugged feed, the Foundation advised that owners should hold fast to proven disease prevention measures.

The new drugs seem to be effective against only certain types of germs. They provide no protection at all against many other germs and viruses, the Foundation said.

"Still among the best practices to safeguard farm animals against disease, according to the latest findings of veterinarians, are such practices as removal of refuse piles, keeping barns and stables clean, destruction of insects, and maintenance of clean food and water supplies."

These precautions, along with prompt diagnosis of the trouble when an animal becomes sick, still pay off the biggest dividends on the farm, the Foundation added.

HOBBIES

Many people spend their leisure time in a fair indication of the kind of individuals they are. During academic days, athletics and extra-curricular activities consume one's spare time. However, especially of one's limited, life is more interesting if a "favorite" hobby is pursued to spare time. Such pursuits are better "hobbies."

Hobbies sometimes get out of hand in that, begun as a pastime, they become all-absorbing, even developing into a business. For instance, a bent for collecting antiques or a business, hunting arrow-heads can lay the foundation for the study of archaeology. By the same token, an interest in taxidermy, and the hobby of hunting and trapping animals can lead to anthropology. But, a hobby is a fine thing because it is an escape. It is a restless spirit, quiets an aching heart, and might preserve one's sanity during some crucial period. Furthermore, with a hobby one is insured against the loss of a hobby, get one of some kind.

Hobbies fall naturally into three categories: active, passive, and adventurous. Athletics and sports e.g., fishing, trapping, sailing and riding are the most active while the less active hobbies include wood working, tooling, ship modeling, photography, and the collecting of stamps, postcards, etc.

Another category is the "intellectual" or "gentle" category. These include hobbies such as puzzles, word games, and crossword puzzles. And, the items fancied by these hobbyists are innumerable. Pit-props, stamps, fans, and all kinds of rare objects, and elephants beginning of a long list of things people collect.

A group of hobbies is the "adventurous" category. These include hobbies such as exploring the unexplored, searching for treasures of the past, fossils, rare plants, arrow-heads, butterflies, to name a few. This more venturesome category is the "spelunkers" or "cave" hobby. If you have a penchant for spelunking, it is an idea if you join a National Speleology Club with a membership in a local club and institutions in your area. The society is to explore and to find and excavate. Its activities are to the study of geology, and geocaverns. A notable spelunker's bent for this is an idea if you have a hobby in mind.

The dictionary tells us that a "hobby" is in truth, "Not a glass-eyed horse at all but a 'favorite pursuit'".

It is an idea if you have a hobby in mind. (Kilroy)

Press Paragraphs

Continued from Page 2)
Learn the old mixims of Ben Franklin if you can find them in some long-abandoned text.

But don't worry about the future. Your government will take care of that. By 1966 it will have check writing machines that perform every function now considered a responsibility of the American family.

Study the art of happy marriage and the proper rearing of children if you run short of other courses to take. But don't expect to use your knowledge.

For in 1966 three women out of four will be working away from the home to provide the luxuries required to keep up with the Joneses. And children, though forbidden to work in industry, will be consigned to mass plant under factory conditions.

Learn to read if you will, little first grader. But don't be surprised if knowledge brings you grave disillusionments.

For by 1966 few persons will believe either what they hear or what they read of official pronouncements. The more one knows of the outside world, the deeper is likely to be his cynicism.

In other words, little first grader, prepare for the worst. Don't believe what you hear of the hard life in grandfather's day.

It is you for whom sympathy is needed. It is you who must live in a nation which has lost its course. It is you who will be expected to find happiness in materialism alone.

And if you sink to the spiritual level your political leaders set for you, little first grader, your life will be more miserable than any lived among the hardships of the Indian country a century or more ago.

If, however, you can survive the years as a God-centered individual you will have a unique opportunity for greatness.

For you will stand so far apart from and above the rest that your strength will be magnified beyond all just proportion.

You will find it lonesome if you climb upon a pedestal to get a-

PERILOUS PATROL . . . An extremely dangerous but necessary operation is underway in a village somewhere in South Korea. U.S. troops carefully scout a captured village, searching for Communist stragglers and snipers. This army patrol gets underway whenever U.S. troops take a village, in order to make the areas safe for our advancing troops.

way from the crowd. But we wish you luck in the effort.

For by 1966, little fellow, our nation will need men who cry for revision in the American way of life far more than she needs yes-men who hail her Godless bureaucratic materialism as the highest goal for which the human soul should seek.

Miss Joyce Hill of Whitewater, Kan. spent the week end here with Mrs. W. C. Dickey.

Mrs. Frank Wright accompanied by her mother, Mrs. S. C. White and sister, Mrs. John Henard who had been visiting here for the past two weeks left for Artisa, N. M. Friday evening.

Installment Buying Now Restricted By New Regulation

The Board of Governors of the Federal Reserve System, under the authority of the Defense Production Act of 1950, Regulation W, reinstated regulation of consumer installment credit. This regulation became effective Monday, September 18, 1950.

The regulation covers automobile installment credits of \$5,000 and other installment credits of \$2,500 and less.

Automobiles require a down payment of one-third and maximum maturities of 24 months.

Down payments of at least 15 per cent on appliances: refrigerators, food freezers, radio and television sets, washing machines, sewing machines, suction cleaners, air conditioners and de-humidifiers. These goods have an eighteen-month maturity date.

Furniture requires 10 per cent down and 18 month maximum maturity. Home repairs also require 10 per cent down but you are allowed 30 months maximum maturity.

R. R. Gilbert, president of the Federal Reserve Bank of Dallas, said that in establishing the initial terms the Board took into account the prevailing practice and terms in the trades affected. The terms have been materially relaxed in the last year and the requirements of the Regulation are substantially tighter than the ones now offered.

Just sharpen your pencil— and there you are!

ACROSS this broad land there are thousands of people who have been doing themselves a disfavor.

Seems they "just naturally assume" a Buick is beyond their reach—and so pass up the car they're really itching to own.

Now why "assume" anything as important to your happiness as a new car?

Why not see for yourself how delivered prices run—how close Buick matches your own budget—how frequently it is priced under some cars you may be considering?

Then—if there is a particular car in

mind—sharpen up your pencil a little.

Is it a six—or an eight, like Buick? If an eight, is it a valve-in-head eight? That adds a plus in efficiency, you know, even without the extra edge of Buick's Fireball power.

Will you ride on *four* soft coil springs, as in Buick—or on only two? Will the drive be through a sealed torque-tube that keeps the rear wheel assembly firmly aligned? It is in a Buick.

Do you get soft, low-pressure tires as part of the price—or as extras? Will you have bumper guards built as part of the bumper, or a one-piece cast metal grille that can be costly to repair or replace?

Does the price include air cleaner; oil filter; dual horns, windshield wipers and sun visors; an automatic dome light; self-locking luggage lid; a single key for all locks?

And is there an automatic drive*, or one in which gears still shift in normal driving?

Yes, sharpen your pencil—and there you will be, in a Buick.

Whether it's a SPECIAL, a SUPER or a lordly ROADMASTER, you'll be driving the big buy of its price class, and getting a rich bonus of driving comfort, driving thrill and "fashion-first" styling.

But you have to make the first move. You are the one who has to find out. How about starting now—with a call on your Buick dealer?

*Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

YOUR KEY TO GREATER VALUE

Only BUICK has Dynaflo—and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)

NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights.

WIDE-ANGLE VISIBILITY, close-up road view both forward and back.

TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging.

EXTRA-WIDE SEATS cradled between the axles.

SOFT BUICK RIDE, from all-coil springing; Safety-Ride rims, low-pressure tires, ride-steadying torque-tube.

WIDE ARRAY OF MODELS with Body by Fisher.

WHATEVER YOUR PRICE RANGE
