## March Of Dimes Quota \$5,000 For Hall County

### Hall County's Stock Show To Be Held January 24

Hall County's annual 4-H Club Future Farmers of America stock show and auction sale will be held on January 24, at the Memphis Compress.

The show for Hall County's best breeding and fat calves held each year by the Memphis Chamber of Commerce and the Hall County Board of Development.

All livestock to be entered in the show must be at the Compress by 5 o'clock the afternoon of January 23. The judging will be held on Wednesday morning at 9 o'clock and the auction will be that afternoon.

Only the fat calves will be auctioned, none of the Hereford or Angus pure-bred breeding stock will be for sale. Part of the stock shown here will be sent to Houston for the stock show there from January 31 to February 11 in the Houston Coliseum.

The Chamber of Commerce will give the premiums for the calf show, for the ribbons and other prizes of this annual event.

The Chamber of Commerce committee for the show met Monday with W. B. Hooser, County Agent and Clifford Farmer, Chamber of Commerce Manager, to map out plans for the show.

Members of this stock show committee are: M. C. Allen, H. J. Wells, Tommie M. Potts, Bob Byers, O. R. Saye, Wendell Harmon, Heydon Hensley, N. W. Latham and J. J. McDaniel. This committee completed plans for everything in the show except the weather. According to various records the stock show

will be held on the coldest day of the year or that is the way it seems to run.

The six 4-H Clubs in this County are directed by County Agent W. B. Hooser and the Future Farmers work is directed by the vocational agriculture teachers of the Memphis, Lakeview, Estelline and Turkey public schools.

According to information received from the Houston stock show eleven steers have been entered in that show from Hall County. Th Hall County 4-H Clubs have nine and John L. Byars of Lakeview has entered two.

### Hall County Vets Prepare Letter To Eisenhower

The veterans of Hall County are securing signatures for a letter to be mailed to General Dwight D. Eisenhower telling him that the men who "went to Hell and back" with him during the last war are with him and do not think we should pull out of Europe.

The letter is not the work of any veterans organization, but just the feelings of a group of cowboys who know what war is like.

The letter is as follows: General Dwight D. Eisenhower, Supreme Commander, Atlantic Pact Forces, Pentagon, Washington, D. C. Sir:

The signers of this letter are veterans and cowboys of Texas who served under you during the last war.

We are writing to let you and the public know we are still ready to go to Hell and back for you. We have every confidence in your leadership.

We believe with you that our best hope for peace lies in our (Continued on page 12)

### Memphis Doctors Face Army Call

Dr. Harold Stevenson and Dr. T. A. Hunt are the first two doctors of Hall County to be called for military service during the present emergency.

Both doctors received part of their medical training at government expense and under the present law are subject to the draft.

Dr. Stevenson has already passed his physical and Dr. Hunt is taking his pre-induction physical today.

Both doctors are married and have young daughters. Dr. Stevenson came to Memphis in June of 1950 from Baylor Hospital in Dallas and Dr. Hunt came here from Kansas City General Hospital.

If and when the doctors are inducted into service, it will cut the number of doctors in Memphis to five. Memphis is now medical center for some 20,000 residents of Hall and surrounding Counties.

Memphis doctors serve most of the citizens of Clarendon since the only doctor there volunteered for service.

### J. A. Anthony Named Red Cross Fund Chairman This Week

James Arthur Anthony has been named 1951 Fund Chairman in charge of the membership campaign for Memphis, Heydon Hensley, Hall County American Red Cross Chairman announced this week.

The slogan for the 1951 campaign is "Mobilize for Defense." The campaign begins March 1 and terminates March 31.

"Due to increased needs both nationally and locally the quota for 1951 will be \$2,615.00, a raise over last year's quota for Hall County," Anthony said.

According to Anthony part of the funds remain in Hall County for local use; mainly through Home Service Chairman N. W. Durham.

### Second National Award Won By Hall 4-H Clubber

Hall County 4-H Club has accomplished the impossible, almost. They have two national honor winners for one year—1947.

County Agent W. B. Hooser, director of the Hall County 4-H work, was informed this week that John Luther Byars of Lakeview was eligible for the \$200 scholarship awarded to the national winner each year.

Byars won the state award for farm safety work in 1947 and his records were sent to the national board. The original winner did not use the scholarship he won and Byars, being the first alternate, is in line to use the money for college study.

He is a 1949 graduate of Lakeview schools and has been in 4-H Club work for 11 years. He has won over 100 ribbons with his hogs, poultry and dairy cattle. He is now feeding five beef calves will be shown in the Houston stock show.

Hall County's first national winner for 1947 was Gayle West. His award was won for Better Methods of Farm Electrification.

### Sewer Tax Due By January 20

L. G. Carlos, city tax collector, this week appealed to those who had failed to pay their sewer service charge, to do so within the next few days.

"There are still a few citizens who have not paid this charge," Mr. Carlos stated. "This negligence has been caused, probably, by some confusion in understanding the proposition. We know that some people have overlooked it because they were not in the habit of making this monthly payment along with their other monthly bills."

"I want to emphasize the need for this money. Money collected will be used only for the maintenance and improvement of the city's sewer system. This is not a tax, but is a charge for use of the system."

Deadline for payment of the sewer service charge is January 20, 1951, Mr. Carlos said. Payments for service are payable in advance, which means the January charge being paid now is for January service.

"We want the wholehearted cooperation of everyone, and we will do all we can to work with the citizens. And, we appreciate the way everyone is responding to this new service charge."

Monday night, Jan. 15, the association will hold their monthly meeting in the grade school auditorium at 7 o'clock. The program will consist of a talk by Mrs. Al Burks, County Librarian, and music by a Lakeview High School group and a group from Clarendon Jr. College.

Coffee and pie will be served as refreshments to the members present.

## Cyclone Tournery Opens

Coach Fred Wright's Memphis Cyclones will be sporting a seven won and seven lost record as they play host in the Memphis Invitational Basketball Tournament which opened in Cyclone Gym today at one o'clock.

The tournament runs this afternoon and tonight, Friday afternoon and night and all day Saturday, with the boys' and girls' championship games being played Saturday night.

Although the Cyclones, led by hook-shot artist Scotty Grundy, are favored to win their own tournament, the Cyclones will have rough sledding against such teams as Lakeview, Dumas, Wellington, Clarendon and Hedley. The Memphis girls have only started play-

## Military Services Take 16 Hall Men

In the last ten days the mobilization of manpower for war struck Hall County its heaviest blow since the second World War, as 16 men were drafted or volunteered for military service.

Six of the 16 who left were drafted into the Army, while four went to the Navy and six joined the mass hush to the Air Force. Three of the men drafted were from Memphis, one from Lakeview and two from Estelline.

A few men have been drafted earlier and they have been volunteering in ones and twos, but this is the largest number to leave in a week and one-half period since the dark days of 1942-43.

Six Memphis men left January 3, for the Air Force. They took their physicals and were sworn in at Amarillo, then were sent to Lackland Air Base in San Antonio for basic training. The six who left are: Randolph Messer, son of Mr. and Mrs. Jess Messer; Bill McClure, son of Mr. and Mrs. L. W. McClure; T. C. Blackmon, son of Mr. and Mrs. H. N. Blackmon; Edward Barton, son of Mr. and Mrs. H. M. Barton; R. A. Wells, son of Mr. and Mrs. Robert A. Wells.

The four boys who joined the Navy together left January 10, for San Diego, Calif. The four boys are: Daymon Welch, Billy Stewart, Elton Murdock and Corky Billingsly.

Six Hall Countians left January 4, from Amarillo for the Army. The six were: Billy W. Hayes, and (Continued on Page 12)

### Thomas Rogers Jr. Attends Engineer School In Virginia

Ret. Thomas B. Rogers, Jr., of 517 So. Sixth, Memphis, assigned to 46th Engineer Construction Battalion, is attending the Engineer School at Fort Belvoir, Va.

Rogers will attend the Air Compressor Operation Course which consists of training in the operation of air compressors and pneumatic tools for construction work. He will return to the 46th Engineers after completing the four-week course.

Miller lives at Brady Texas and will fly to Memphis in his plane sometime Friday.

### Lakeview Woman's Father Succumbs

Mr. James S. Reese, 5635 Worth street, Dallas, Texas, who is the father of Mrs. B. E. Davenport, died Saturday, Dec. 16, in a Dallas hospital.

Funeral services were held Monday at 11 a.m. in Weiland-Merritt Funeral Home with Dr. W. A. Criswell conducting the final rites. Burial was in Grove Hill Memorial Park.

Reese was well known in Memphis and Lakeview, having been employed by Popular Dry Goods here for a time.

He is survived by four daughters, Mrs. B. M. Weiss and Mrs. M. C. Hynds, both of Dallas, Mrs. Nathan Saper of Los Angeles, Calif., and Mrs. B. E. Davenport

## ONLY 40 CENTS PER INDIVIDUAL WILL MAKE HALL COUNTY QUOTA

Would you give forty cents to help stamp out the dreaded polio disease from this country? Sure, anyone would do that. Forty cents from each person in Hall County will put us over the top for our March of Dimes drive that opens officially Monday, Jan. 15 and closes the last day of this month. The County quota is \$5,000.

Hall County's polio fund has only \$27.38 left from last year's drive and there is three outstanding hospital bills to be paid yet.

Not only is Hall County funds low, but the state of Texas funds

from the 1950 drive are gone and the National Foundation had to send money to the state to help pay the great expenses incurred fighting the disease and caring for its victims.

In the past three years more than 100,000 Americans have been polio victims. This almost equals the total for all the other years since the foundation was started in 1938 by Franklin D. Roosevelt.

More than \$58,000,000 have been spent in the past three years and the Foundation is \$5,000,000 in debt. The foundation must expect at least 25,000 polio cases annually. For these reasons there must be \$50,000,000 raised nationally this year. Texas' share is \$2,000,000.

R. C. Lemons, Hall County Chairman for the 1951 drive, said, "Our situation is desperate and we earnestly ask you to contribute generously to this worthy cause. Your liberal support is needed if we are to continue to care for our Hall County Polio patients."

The chairman stated that anyone wishing to donate could mail a check or currency to R. C. Lemons, Chairman Hall County Chapter Infantile Paralysis.

The Boy Scouts, an age group of boys in which polio strikes the hardest, is jumping into the fight against the crippling two days ahead of the official campaign, by opening their wishing wells on the south and west sides of the square. The troop members will be around for donations from persons who may not go by the wishing wells.

The Scouts will have their booths open and take donations each Saturday during the drive. Polio doesn't check with a person's bank book before it strikes, and very few families can afford to pay the entire cost of caring for a polio patient. For this reason everyone should join the March of Dimes.

The cost of treatment may range from a few hundred dollars to \$15,000 before the patient is released from the hospital. March of Dimes money is available to provide treatment to whomever needs it, regardless of race, creed or color.

The high cost special equipment and special trained doctors and nurses needed to treat a polio patient takes 80 per cent of the March of Dimes funds, over 11 per cent goes to research and the remaining eight per cent goes to keep the March of Dimes organization functioning.

In 1950 over 1,000 nurses were recruited for polio duty by the Red Cross. Besides these recruited in 1950, more than 500 were still on assignment from previous years.

To be sure there is an ever increasing supply of trained physicians, nurses, physical therapist and researchers to fight infantile paralysis, the Foundation has used \$12,200.00 of March of Dimes money for scholarships and fellowships to educate the needed personnel in the past 13 years.

"The war against polio is long, hard and costly, but it is worth all the money we can intelligently put into it," said R. C. Lemons. "Let us all do our best to raise more money than ever before. The need has never been more urgent."

### Billy R. Dickey Promoted To Captain

Billy R. Dickey, son of Mr. and Mrs. W. D. Dickey of Lakeview, has been promoted to the rank of captain in the Air Force.

Dickey is stationed at Anchorage Air Force Base in Alaska. He went to Alaska on October 1.

He volunteered for the Air Force on August 2, 1949 and took his basic training at Lackland Field, San Antonio. Later he came to Shepherd Air Force Base at Wichita Falls for mechanic training. After completing his school he was sent to Alaska.

### Last Rites For John Ira Foster Held Here Sunday

Final rites for John Ira Foster, manager of the Memphis Pay-After-Gin, were held Sunday afternoon at 4 o'clock in the First Presbyterian Church of Memphis. Foster died in his home at 1316 West Main street, Saturday, Jan. 7.

He was born April 13, 1900, Center, Okla., the son of Mr. and Mrs. W. J. Foster. The family moved to Donley county and then to Hall County in 1913. Foster made his home in the two cities every since.

Foster married Miss Dorcas (Continued on page 12)

### Final Rites For Olin Reheis Sun.

Funeral services for Olin Ed. Reheis, 34, veteran of the World War attack, were held Sunday afternoon in the Memphis Baptist Church with the Rev. J. Shahan conducting the services.

Reheis died at his home in Oklahoma City, Tuesday, Jan. 2. He was born May 12, 1916 in Clinton, the son of Mr. and Mrs. Reheis.

They moved to Childress in 1930 where he attended school. He graduated from Memphis High School in 1934, and joined the Navy in 1936, being discharged in 1946. He held the rating of musician first class with the Navy.

He married Miss Renee in May 12, 1944 while stationed in Norman, Okla. He belonged to the Baptist church, the Veterans of Foreign Wars and the American Legion.

He is survived by his wife, Mrs. Reheis of Oklahoma City and his parents, Mr. and Mrs. Joe Reheis of Memphis.

Funeral bearers were: Cecil McDaniel, Creth White, Robert Moss, J. Thompson, Talmage O. Hensley and Hershall Pounds.

Murphy-Spicer Funeral Directors are in charge of funeral arrangements and burial was in Fairview cemetery.

Memphians Win Two Lose Two, Friday

Four basketball games were played in the Cyclone Gym, Friday night. The 7th and 8th grades, and high school girls' team met the Estelline girls of the same grades. The seventh grade Memphis girls won 8-2. The eighth grade girls lost to Estelline 17-6. The Cyclonettes were defeated by Estelline 43-7. Mickey Murdock was high point Cyclonette with a total of 6 points racked up. The Jr. High Whirlwinds beat the Estelline Cubs with a scarce margin of 31-29. The high point Whirlwind was Jack Montgomery. There will be a return match with these teams at Estelline on January 30, 1951.

## Three One Act Plays Are Being Presented By Senior Speech Students

Some members of the Speech Club are preparing some one-act plays to be presented during the following months and then in April, they will be taken to Lubbock to the Regional Speech Festival.

Ann Spoon, chairman of the play, "Thank You, Doctor," has cast Donald Payne as the Doctor; Allen Pierce as the patient; Patricia Alexander as the Nurse; Jacky Gilbert as Cori; and Ann Spoon as Mrs. Lester.

Patsy Adcock, chairman of "The Blue Teapot" has chosen Don Rasco as Jimmy; Charles Messer as Pa; Eudine Gable as Ma; and Patsy Adcock as Cynthia.

Oneita Ables, chairman of "The Valiant" has not finished casting her play.

Beryl Davis will be student director of "The Blue Teapot" and Minnie Lee Jackson will be student director of "Thank You, Doctor." Mrs. Roy L. Guthrie, speech club sponsor, will direct these plays.

## Rhudy Selected for All State Band

The Memphis High School "A" Band has been working on sight-reading and contest concert pieces. The members were issued a new march "Them Bases"; they have been working on "Lyceum" and "Beggars Student", which are both overtures.

Troyace Rhudy has been accepted for the All-State Band at Galveston according to information received by Mr. Keyser, band director. Troyace received a Superior rating on his sousaphone solo at the Regional Band Meet in Canyon. Troyace, an 18 year old Senior, began his musical career five years ago under the direction of Mr. Keyser.

## Supt. W. C. Davis Attend State Meet

Supt. W. C. Davis attended the Mid-Winter Administrators Conference in Austin from Thursday until Saturday. Supt. Davis stated that about 1,000 Supts. attended the meeting.

Some of the problems discussed were: transportation, curriculum development, special teachers' service, and special forms and auditor's reports. This meeting was sponsored by the Texas Educational Agency and was under the direction of Dr. J. W. Edgar, Commissioner of Education.

## SWEATERS ARRIVE FOR CHORAL CLUB

The members of the Senior Choral Club received their new sweaters for this year. There are two different kinds of sweaters, one is a black cordigan and the other is a white slip-over. The senior girls in the club received a gold "M" with stripes, indicating the number of years in Choral, and with a small lyre showing that it is a musical organization in which they lettered. Girls who were not seniors ordered a large gold music lyre with the letters MHS on it.

Senior girls are Nancy Stanford, Frances Newbrough, Shirley Hale, Ann Spoon, Minnie Jackson and Betty Goodall. Other girls who ordered sweaters were Betty Stewart, Jo Ann Hart and Anita Murphy.

## Pearls of Wisdom

Strung by J. H. R.

### Kismet

Even though you did eat black-eyed peas the first day of January to insure prosperity during the coming year, you may still entertain qualms as to what the future has in store for you; what may befall you before January first 1952 rools around... your destiny in 1951. Maybe one's destiny is preordained but there is no doubt that each individual has a hand in helping to shape his fate, for, "By the influence of Destiny and by showing personal Exertion do men attain heaven. The combined help of Destiny and Exertion become fruitful."

Nor is the word 'destiny' to be confused with or thought to be synonymous with the word 'predestination' as they have different meanings. Predestination does not refer to man's destiny, whether saved or lost, but to God's eternal purpose to adopt into His family all who receive His son, to grant them an inheritance (Eph. 1:5-11) and to transform them into His likeness (vv. 29-30). Nor should destiny and fatalism be thought of the same. Destiny is flexible, fatalism is fixed. Most Occidentals believe in destiny while Orientals lean toward the doctrine of fatalism, a preordained future. Omar Khayyam, the Persian poet, voiced the latter belief in the following lines: The moving finger writes and, having writ, moves on; nor all thy piety nor wit shall lure it back to cancel half a line, nor all thy tears wash out a word of it.

To the Orientals, "kismet" (derived from the Arabic quismah meaning lot or portion) indicates their fate or destiny. In Greek and Roman mythology, the Fates (Parcae) were three sisters, daughters of Night whom Jupiter permitted to decide the fortune and duration of life. They ranked as inferior dieties of the lower world and were pictured as wear-

ing long robes. Clotho (Destiny) held the distaff for spinning the thread of life; Lachesis (Life) with her spindles determined the length; and Atropos (Death) snipped the thread of life with her shears.

We, Occidentals, interpret man's destiny as his life plan to be accepted willingly and bettered if possible. Some contend, "Man cannot be a God; he must accept his lot, with all the humiliation it imposes... the ardors, the pangs, the butterfly joys and the cold sorrow; the small things with the great." On the other hand, Susanna Cocroft with many other thinkers, individuals believe that, "All the forces and powers and energies, necessary to accomplish a definite purpose in life, are within. The loftiest prophet of the Most High is no greater than you are capable of becoming." At least it is comforting to know:

There is a destiny that makes us brothers:  
None goes his way alone.  
All that we send into the lives of others  
Comes back into our own.  
(Markham)

During the first month of the new year, let's endeavor to lay a thoughtful plan for the future and see what we can do toward shaping our destinies remembering that, "Life is the soul's nursery... its training place for the destinies of eternity" according to William Makepeace Thackeray. Incidentally, if you entered life under the sign of Capricornus (Dec. 21-Jan. 19) you are inclined to be materialistic and calculating in your views toward life and its activities. You are seldom influenced by others and never permit impulse to override reason. You are easily offended and do not easily forgive. The garnet is your birth stone and the carnation your flower.

Mr. and Mrs. Brode Hoover attended the Cotton Bowl game in Dallas on New Year's day.

## Wild Horse Race At Stock Show In Fort Worth

The skill and daring which the Comanches and rustlers displayed when they made a raid and rode off on the settler's best horses will be re-enacted in a new event in the rodeo of the Southwestern Exposition and Fat Stock Show, Jan. 26 through Feb. 4.

This contest, announced by President-Manager W. R. Watt, will be a wild horse race.

It is much different from the event of the same designation which you may have seen at a few other rodeos where two men rope and hold a horse and throw a saddle on him for one to ride.

This is "sassy stuff" in comparison to the Cowtown version. Here's how it will go: There will be a bunch of wild Mexican and Choctaw ponies in the arena. Twenty cowboys will run in, drive the mustangs into a corner and then climb aboard by grabbing a main—(there will be no saddle, no bridle; it will be Indian style). This is not a team or pair event but it's strictly every individual for himself and while a cowboy is trying to get a horse in position to get on, another cowboy may take advantage of

the situation and climb on the horse himself.

After a contestant has succeeded in getting on an animal, he rides alongside of another horse and jumps over to his back. The cowboy who changes from one horse to another the most times and puts on the best all-around riding exhibition will be the winner. That will give you a "rough" idea—and we do mean rough! it will be an event filled with action every moment.

The ponies for the wild horse race are already at the Stock Show grounds.

## "Forty And Over" Age Group Warned To Watch Health

This is the time to plan for the New Year that is upon us, says Geo. W. Cox, State Health Officer.

This is the time for the person forty and over to take stock of the situation as far as he is concerned. The best way to prepare for a continuing happy life is to begin early. An important thing is the periodic check-up by your doctor. A health program discovered early is always easier to correct. Prevention is the watchword. The principal foes of health to comfort in the middle years are heart disease, cancer, high blood pressure, hardened arteries, diabetes and arthritis.

Heart disease is the leading

cause of death. A person with a damaged heart should learn his limitations and not exceed them. Many persons with heart disease lead useful and productive lives by following their physicians' instructions.

Cancer is the second leading cause of death. Many types of cancer can either be brought under control if found early and diagnosed. This is another important reason why the periodic medical check-up is a "must."

Diabetes is a condition in which the body cannot use sugar. Did you have the Free Diabetes Test during "Diabetes Detective Week" November 12-18? If not, go to your physician now and have this test.

Three more diseases common to the after forty group are concerned with the circulation of the blood. These are apoplexy, hardened arteries, and high blood pressure. You will want your physician to check your blood pressure.

A great deal can be done to arrest certain forms of arthritis. The person may be put on a special diet. The doctor may advise the removal of some hidden infections.

Information on prevention of these disabling diseases will be sent you on request. Let's plan to keep well during the New Year.

## Arrests Solve Several Crimes

The Hall County Sheriff's department reported last week that Federal law enforcement officers of Oklahoma City had arrested Adolph Phillips of Dallas and he admitted the burglary of the Lakeview Post Office on February 13, 1950.

Phillips was arrested in Oklahoma City. Guy O. Williams, Chief Inspector for the Post Office Department of Fort Worth sent the information to the Hall County Sheriff's office.

The burglary of the Oscar Maddox service station and several other business houses were solved when the fingerprints taken here matched with the prints of four boys arrested in Clarendon for burglaries there.

## Personal To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

## NEW FORD TRUCKS for '51

**FEATURE POWER PILOT ECONOMY**

FOR 1951, more than ever, economy-wise truck buyers are going to follow the trend to Ford!

New Ford Trucks for '51 give you step-ahead engineering advantages, such as America's only truck choice of V-8 or Six... a choice of over 180 models to fit your hauling job better... strength reserves that make Ford Trucks last longer.

You'll find these new features in engines, clutch, transmissions, axles, wheels, cabs, Pickup body—wherever there have been opportunities to make

Ford Trucks do a better job for you, for less money!

Ford's POWER PILOT is especially important to you... for it's a PROVEN money-saver, on every hauling job.

Driver comfort, too, gets plenty of attention in new Ford Trucks for '51. There is the new 5-STAR Cab and the optional 5-STAR EXTRA Cab featuring foam rubber seat padding, glass wool floor insulation, automatic dome light and many other comfort extras at only slight additional cost.

And only Ford gives you a power choice of V-8 or Six... four great engines! Over 180 models. Come in... Get ALL the facts. Select the new Ford Truck that's right for YOU!

The Ford Truck Power Pilot is a simpler, fully-proven way of getting the most power from the least gas.

It automatically meters and fires the right amount of gas, at precisely the right instant, to match constantly changing speed, load and power requirements.

Unlike conventional systems, the Power Pilot uses only one control instead of two, yet is designed to synchronize firing twice as accurately. You can use regular gas... you get no-knock performance. Only Ford in the low-price field gives you Power Pilot Economy!

### NEW FEATURES THROUGHOUT

New massive, modern front end and exterior styling makes Ford the '51 favorite for "good looks"!

New 5-STAR Cabs feature bigger rear window—with up to 50% more safety vision.

New "grain-light" Pickup body, new clutch disc, new transmissions, new wheels assure still longer life.

New autothermic pistons with chrome-plated top rings, new high-lift camshafts for top performance, longer engine life.

POWER PILOT ECONOMY... and many other, money-saving advancements!

All heavy duty F-5 and F-6 Fords for '51, like this Dump, give you easier, quieter shifting with new, 4-Speed Synchro-Silent transmission, optional at extra cost.

## IN MEMORIAM

On Dec. 16th, 1950, our all-wise and loving Heavenly Father called from the walks of life our dearly beloved Sister Betty Franks. She has answered the last roll call. How beautiful is the belief in man's immortality.

May the loved ones and our brothers and sisters of Rebekah Lodge No. 346 of Memphis, Texas, find comfort and consolation in the promise "I am the resurrection and the Life".

There is an open gate at the end of the road Through which each must go alone, And there is a light we cannot see, Our Father claims his own; Beyond the gate our loved one Finds happiness and rest, And there is comfort in thought That a loving God knows best.

BE IT RESOLVED FIRST, that the Rebekah Lodge No. 346 extend our sincere sympathy to the loved ones.

SECOND, that a copy of these resolutions be included in the minutes of the lodge and a copy sent to the Odd Fellows paper and also a copy be put in the local paper.

Fraternally submitted, Alla Boswell, Ella Johnson, Isabell Cybert.

## Memphians Freeze Claude Out 35-34

The Memphis Cyclones played keep-away from the Claude Mustangs for 45 seconds and won a wild rough game 35-34 in Cyclone Gym Monday night.

Thirty fouls were called against the two teams as they tangled and at times the game was completely out of the hands of the officials as the players battled for the ball.

Memphis' big pivotmen, Lee Bloxom and Scotty Grundy, gave the Cyclone a great height advantage over the shorter Mustangs, but the two tree toppers were swarmed by shorter players from Claude who gave them little chance to shoot.

Claude's Clinton Lambert took high scoring honors for the night with 12 points. Four points behind him came three Memphis players with eight points each. They were Scotty Grundy, Lee Bloxom and Max Kennedy.

The lead saw-sawed back and forth with neither team able to build up a lead. Claude held the slim lead a majority of the time, but it was by only one or two points.

The Cyclone's margin of victory came at the free throw line where they made nine of 15 free shots and Claude made only six of 19 free pitches.

The Cyclonettes took it on the nose again as they fell before the Claude six, 36-6. The Claude starters racked up a big lead in the first period and then turned

the game over to the second team, which the Cyclonettes were able to handle.

Yvonne Avery led the scoring with 13 points, followed by freshman teammate Lou Welch with

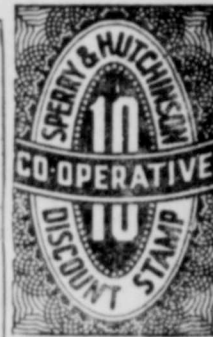

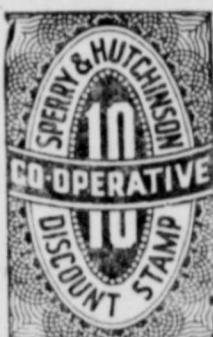

12. Three Memphis forwards divided the six points with three each. Mickey Murdock, Shirley Miller and Patsy Armstrong each scored two points for the losers.

## ARMORED NEST

If the fable about the elephant never forgetting is true, the Republicans need to change the symbol of their party. Their memories seem very short, if the statements of top Republicans, who favor isolationism, are measures of their memories.

It seems they have forgotten what happened the last time this country "built a little nest here in the West and let the rest of the world go by." The world went by until the enemies of freedom became strong, then they shot our little nest so full of holes we almost fell in their laps. Now less than ten years since our nest was blown full of holes, the Republicans are wanting us to build another nest, but this time they want a bullet proof one.

An armored nest might be all right, but after one sits on a plate of steel for a while it begins to get hard and one can't move for all the area surrounding you is enemy territory, then one lives only as long as his supplies hold out.

Americans wouldn't like sitting in the hard nest of defense and our great productive ability would soon force us out of our nest with surplus goods.

The cotton farmer had a graphic illustration of what stopping exports will do this fall, when we had one of our shortest cotton crops. Exports were stopped for economic or military reasons and the price of cotton fell several dollars per hundred pounds. Plugging the export drain would be disastrous in a crop year like 1949.

America can't live within itself, for its own productive ability would soon strangle the freedoms from the people.

LINDSBORG, KANS., NEWS-RECORD: "A Stockton woman has come out with the suggestion that national finances could be gotten out of the red if the government were made to 'pay one-third down, like the rest of us.'"

## WANTED - LEADERS

WANTED — a man or group of men with ability to lead a great peaceful nation of people, who with the right leadership will be the leading nation in the world.

This nation has great industrial power and its people will jump to the defense of freedom even though they will gripe, but the more they gripe, the harder they work or fight.

Twice this great nation has won two great wars and has been on the road to becoming the greatest nation in the world, only to be side-tracked by faulty leadership and it lost most of the advantages won on the battlefield.

Some of the disadvantages of this job are: Working for 150,000,000 bosses; Dealing with a group of "allies" that will sell anyone else's country and freedom for a few more days of uneasy peace; and the new men must take over management with the nation billions of dollars in the red.

Any man or men with this ability apply at once to the People, United States of America.

"Through blizzard after blizzard  
my car performed better!"

"I was one of those selected to test new Conoco Super Motor Oil in my own car before it was put on the market. Through blizzard after blizzard, I travelled in Northern Colorado and Wyoming.

"BUT THOSE WERE THE TWO BEST WINTERS I EVER HAD ON THE ROAD! New Conoco Super improved the operation of my car. And at the end of the test, with proper drains and regular care, gasoline mileage was virtually as good as at the beginning."

After a total of 386,422 miles, logged by Mr. Hubbard and other winter test drivers, Conoco engineers found no wear of any consequence! Analysis of crankcase drains showed that this great new oil actually stopped the dangerous accumulation of free water and acids, chief causes of winter wear. This test proved that new Conoco Super Motor Oil, with OIL-PLATING, fights off rust, corrosion and sludge. So, change to winter-grade Conoco Super Motor Oil.

## RIP VAN WINKLE'S RUDE AWAKENING

Press Paragraphs—  
QUOTING OUR NEIGHBORS

The Rich Can Go Broke  
There is an old saying that no man is so rich that he can't spend himself into bankruptcy, and unless some changes are made, America may find itself in that position.

The American policy of providing all the money and practically all of the manpower for every United Nations undertaking, whether it be political or military, should soon be stopped. The United Nations have sent only token forces to Korea to stand off the Communist army, and correspondent Dave Rasco who spoke here last week said that a conservative estimate would place America's share of the fighting men at 90 per cent of the United Nations total.

Now we are to send hundreds of thousands of American boys and countless millions of dollars to bolster the defenses of Western Europe. Certainly we should help in Europe and throughout the world in stemming the red tide of Communism, but we should not bear the whole load. France, for example, wants to equip ten di-

visions of men, with the United States footing the bill for nine divisions, France one.

We should take a hard-boiled attitude toward the European nations and tell them that we will assist in direct proportion to their own participation both as to manpower and armaments.

In the United Nations General Assembly recently, it was considered a bold stroke when the members voted 54 to 5 in favor of resolu-

tions against aggression. However, it was not much of a triumph, considering that the United States is furnishing most of the men and materials in the fight.

If we are to keep out of bankruptcy as well as free Communist domination, this country must take a more realistic view of things and stop playing Santa Claus to the world.

## JOURNALISM ROOM RE-DECORATED

Mr. Ford, the faithful janitor of Memphis High School, again did more than his share of work during the Christmas holidays by remodeling the walls a pale blue and the ceiling ivory. Also, he brought up a book shelf and an extra table.

The Journalism class and sponsor wish to take this means of expressing their sincere gratitude to Mr. Ford for this additional kindness.

## M. H. S. Cafeteria One of the Best

The Cafeteria of Memphis High School is one of the best. When first entering the cafeteria one notices a very friendly personality, Miss Ira Hammonds, who is in charge of the financing of the department.

The dimensions of the cafeteria is sixty by thirty feet, allowing enough room for the students. There are beautiful pot flowers and pictures for the enjoyment of the students while eating their meal.

Each table allows enough room for eight students. The dimensions of the tables are three by six feet.

The many modern conveniences for the cafeteria are electric mixer, potato peeler, dishwasher, steam table, three stoves, walk-in freezer, ice box and deep freezer. These conveniences help each meal to be prepared with much more speed.

The helpers of this department are Mrs. Townsend, Mrs. Kennedy, Mrs. Gardenhire, Charles Guthrie, John Guthrie, Don Ivy, Sylvia Weddel, Betty Sue Spencer, Lois Carpenter, Darline Lambert, Nell Messer, and Alice Kennemer.

## BAND SHACK REMODELED

Mr. Keyser, band director, and Mr. Ford, janitor, were busy over the holidays. They put floor-sealer on the main floor of the band-house, and covered the band-house stage with a new hardwood floor. Also, the equipment has been rearranged.

## Memphians Attend Wilburn Funeral In Fort Worth Mon.

Funeral services for Grover C. Wilburn, 65, were held in Fort Worth, Monday at the Ray Crowder Chapel.

Wilburn was well known in Memphis, having lived here for a short time several years ago. He married Miss Bertha Thompson of Memphis and they moved to Fort Worth where he was an accountant for 30 years. He had operated an accounting office in Dallas for the last few years and was living in Dallas at the time of his death. He was a member of the Moslah Temple Shrine.

Attending the funeral from Memphis were E. P. Thompson, Mrs. Byron Baldwin and Mrs. Hershall Montgomery. L. E. Thompson, from McComb, also attended the services.

Mrs. Bill Cooper returned to her home in La Jara, Colo., Christmas after spending three months here with her mother, Mrs. J. S. Alexander.

## Dime Campaign Gets Sanction

Governor Allan Shivers emphasized the impact of polio on the family, community, state and nation in officially designating the period from January 15 through January 31 for the 1951 Texas March of Dimes.

The Chief Executive cited the exhaustion of National Foundation for Infantile Paralysis funds by the record 100,000 cases the last three years. He stressed the state polio fund deficit in caring for almost 2,800 new cases in 1950 alone.

"For three consecutive years," said Governor Shivers' proclamation, "Texas children and adults have been heavily attacked by the virus of poliomyelitis."

"The record shows that 423 more polio patients were reported in Texas during 1950 than in 1949, with 2,778 cases in 1950."

"Every penny raised in Texas during the last three March of Dimes campaigns has been spent for patient care of Texas polio patients and supplemented with \$377,000 sent into Texas from other states by the National Foundation for Infantile Paralysis."

"Not only was the last year the second worst polio year in the nation's history, but the cost of providing treatment for these patients continues upward along with the tremendous costs of caring for patients of previous years. Funds of the National Foundation for Infantile Paralysis must be replenished in the 1951 March of Dimes."

"Therefore, as Governor of Texas, I hereby designate the period January 15 to 31 for the 1951 March of Dimes in Texas, and urge every citizen to contribute a she is able to the success of this worthy campaign."

Shivers after spending three months here with her mother, Mrs. J. S. Alexander.

## Gov. Shivers Has Simple Ceremony

A simple "swearing-in" ceremony in Austin Jan. 16 will start Gov. Allan Shivers on his first full term in the state's highest office.

The Governor will take the oath of office at noon that day on the front steps of the state capitol. It will be administered to both Shivers and Ben Ramsey, Lieutenant-governor elect, by J. E. Hickman, chief justice of the supreme court. Both Shivers and Ramsey will make brief inaugural addresses.

The only state function to be held in connection with the inauguration is a reception at 7 p.m. in the capitol rotunda, where the public will have a chance to meet Shivers, Ramsey and other state officials.

No inauguration invitations are being sent out, as a result of the Governor's request for a simple ceremony.

Because of the international situation, Governor Shivers asked the Citizens' Inaugural Committee

to abandon plans for the usual elaborate festivities normally scheduled for a Governor's inauguration.

Foster Rasco of Fort Worth and daughter, Wanda June Rasco of Wichita Falls, visited here during the holidays with their parents and grandparents, Mr. and Mrs. Joe Rasco, and other relatives.

Mr. and Mrs. W. E. Henry of Monitor, Wash., have been visiting here since the Christmas holidays with their children, Mrs. G. D. Lowe, and Tolly and Dee Henry.

## Candlelight Service Unites in Marriage Miss Ruth Jones and Pvt. Billy Jones

In a candlelight ceremony on Christmas Day, 1950, at 6:00 P. M., Miss Jane Ruth Jones and Pvt. Billy Ray Jones of Ft. Benning, Georgia, exchanged marriage vows before an improvised altar of white gladioli, pompon chrysanthemums, and salal. Tall candelabra holding white tapers flanked the altar as Rev. Roy Shahan, pastor of the First Baptist Church, read the double ring ceremony. The wedding took place in the home of Mr. and Mrs. Hubert A. Jones, brother of the bride, with close friends and relatives of the families attending. The bride is the daughter of Mr. and Mrs. Ottie F. Jones and the groom is the son of Mr. and Mrs. Richard C. Jones.

Preceding the ceremony, Miss Vernice Spencer, accompanied by Miss Patsy Sue Hays, sang "Al-ways and 'Because." The traditional Loenghrin wedding march was used and "Traumerel" was played softly during the ceremony. Following the ceremony, Miss Spencer sang "Star of the East."

Given in marriage by her father, the bride wore a copen blue velvet dress with blue velvet opera pumps and a head dress of pink veiling and pink carnations. She carried a small white Bible topped with pink rosebuds on white net with pink satin streamers.

For something old she wore earrings given her by her father, something new was a rhinestone necklace given her by her sister-in-law, Mrs. L. F. Jones, something borrowed was a white linen handkerchief belonging to her aunt, Mrs. Oren B. Jones, and something blue was her wedding dress.

Mrs. D. S. Johnson, Jr., sister of the bride, registered the guests as they entered. Miss Nancy Jones, sister of the groom, was the bride's only attendant, and Lonnie B. Jones of Borger served as his brother's best man. Mrs. Hubert A. Jones, sister-in-law of the bride, lighted the candles.

A reception was held in the home following the ceremony and the three tiered wedding cake, topped with a miniature silver wedding bell, was cut by the bride and groom. Mrs. L. F. Jones

served the cake and Mrs. Hubert A. Jones poured the tea. They were assisted by Miss Spencer and Miss Hays.

For going away, the bride chose a sky blue gabardine suit complemented with pink accessories and a corsage of pink rosebuds. After a short trip, they returned to Memphis where Mrs. Jones will make her home while Pvt. Jones is stationed in Georgia.

## Did You Know?

- That the last dollar of government capital in the Memphis Production Credit Association was paid off on December 31, 1948, and is now completely owned and operated by farmers and ranchers?
- That this association now pays Federal income and other taxes just like other privately owned businesses?
- That we do not and never have loaned government money?
- That we get our money from the Intermediate Credit Bank of Houston which in turn gets it from private investors in all parts of the country?
- That in the past two years we brought in excess of \$5,000,000 of this money into Texas communities to the benefit not only of farmers and ranchers but of people in all other lines of business?
- That we have five branch offices located at Wellington, Quanah, Paducah, Matador and Turkey and that each office makes crop, livestock and dairy loans?

## Rogers Here Today Before to Austin

Representative A. J. Rogers, who was in Memphis today talking to local citizens, is returning to Austin for the opening of the 52nd Legislature on January 9.

He issued a prepared statement to the voters of this district stating that now exist state government and what legislature faced when it met.

His statement is as follows: "You are ready to pay more taxes. According to the money experts (and wasting) experts in state government, you will pay more whether you or not."

The 52nd Legislature meets on January 9 of this year and will face a deficit in State of many millions of dollars. Just how great and appalling a deficit will be is subject of considerable debate. Our 'experts' offer varying figures from \$50,000,000 to \$100,000,000—and this is in addition to the record-breaking new taxes and spending of 1949 and 1950. Already the government is bigger than any business or combination of businesses—even in the Great State of Texas. The last regular session of the Legislature spent more than \$1,000,000,000 (one billion dollars) in the pockets of taxpayers. Present indications point to a great increase in spending and State taxing, beyond the present terrific level. Every person in Texas has a stake in this session of their legislature. Every Texas home—man, woman and child will be affected. Much more than apportionments and taxes will be considered. The more important thing will be re-districting which will give West Texas a greater voice in deciding its own future. It is a program to help Texas save

its precious water supplies and create new ones where possible. 3. Laws to reduce the terrible slaughter on our highways. 4. Further work on the perennial problems of our welfare, hospital and old-age pension programs.

"It is my sincere desire to represent your Legislative District in the manner in which you yourself desire. Therefore, I hope to hear from every citizen of the 121st District. Your opinions on any and all issues your Legislature must face will be most gratefully received.

"It is your Legislature. Please make your voice heard."

It would seem a little bit ridiculous to have the air in your automobile tires checked several times a day. In the natural gas business, though, pressures are reported hourly on thousands of miles of pipe lines. Our employees work around the clock to maintain the pressures required to assure dependable supplies of natural gas to some 400 communities and over 2,000 industries in the Gulf South. Many of those industries are producing the material which will help to safeguard our own and other free nations. We believe it is our No. 1 job to keep them supplied with fuel, to the end that a lasting peace may be won for the world.

# New Plymouth Combines Beauty And Riding Ease

The new spectacular 1931 Plymouth will go on display here in Memphis, Saturday, Jan. 13, in the showrooms of Hickey Motor Co., Kermit Monzingo and Mess Motor Co.

Designers have given the Plymouth a striking new silhouette, and refinements in the interior are innovations in the lowest price field. The styling improvements retain the traditional roominess of the cars.

Easier to drive and more comfortable, the new cars have greater beauty, more safety features and broader ranges of vision than ever before.

Engineers say the new "Safety" slow ride" takes the bounce and wallow out of bumps. A new application of hydraulic flow control in the shock absorbers provides a more gradual change of resistance during spring deflections and thus a softer ride when driving on average roads. It also exerts resistance on rough roads to a degree where driver and passengers are almost completely freed of the discomforts of being jolted around.

"The new Plymouth gives you roadability never before offered in any car," local dealers said. "There is no necessity for steering wheel fatigue to control the car on difficult roads. The driver is no longer required to focus full attention on the condition of the road. He may be more watchful of oncoming traffic, pedestrians, curves, crossroads and other potential hazards."

The lines of the new Plymouth have been beautified. An appearance of massiveness combined with smart streamlining is induced by a new grille, beautifully redesigned front fenders and hood, a wider windshield and a larger rear window. Narrower windshield pillars together with the wider windshield provide additional lateral vision. To utilize fully the greater vision through the new rear window, the rear view mirror is two inches wider. The chair-height front seat and the new design of hood and front fenders permit the driver to see the road nearer the car.

There are numerous mechanical improvements. Windshield wipers are electrically operated, and are of the single-speed, self-parking type.

A unique pressure-vent radiator cap, which has been added as standard equipment, permits the cooling system to be operated at atmospheric pressure during normal driving conditions. Under high-load, high temperature driving conditions, the new radiator cap provides a pressurized cooling system to allow high coolant temperature without boiling or loss of anti-freeze.

All Plymouth engines now have a built-in by-pass cooling system permitting water circulation and resulting in more uniform temperature throughout the engine during the warm-up period. The new system consists of a passage in the cylinder head and block providing direct access to the water pump, and a choke-type thermostat to regulate coolant flow to the radiator.

The generator output has been raised to 45 amperes, and increase of five amperes, providing greater electrical capacity for the operation of car accessories. The new hand brake "T" control handle is more accessible, and, as on former models, it operates independently of the foot brake as an added safety measure.

To go with the high quality of the upholstery, there is a handsome new instrument panel which features a more convenient grouping of controls, newly shaped instruments and improved coloring and lettering for easier checking while driving.

The wide, deep chair-height seats, the ease of entrance and exit, and all the other traditional Plymouth features for driver and passenger comfort have been retained.

There are nine body types in the new Plymouth line: the Concord series includes a two-door sedan and a three-passenger coupe as well as the two all-metal utility models, the Suburban and the Savoy; the Cambridge series has a four-door sedan and a club coupe; and the Cranbrook series includes a four-door sedan, a club coupe, and a convertible club coupe.

Among the "high-priced car" features which are retained are six-cylinder, 97-horsepower engine with a 7 to 1 compression ratio, the combination ignition and starter switch, automatic electric choke, super-suction tires, safeguard hydraulic brakes, and safety-rim wheels.

Mr. and Mrs. Lee Foster and Sally of Canyon visited here Monday in the home of Mrs. Bess Crump.

## Speaking of SPORTS

Approximately 200 fans sat watching in unbelief as pretty Yvonne Averyt, Miss Basketball of the Panhandle, played 10 minutes and scored 13 points against the Memphis Cyclonettes, running her score up to a total of 197 for the 14 game season.

The blonde haired beauty, a member of the Claude sextet, plays a driving style of basketball seen as a rule only in the boys' games. Although she didn't play long enough against Memphis to get warmed up she did display her terrific speed and scoring ability. Getting into the game for a few minutes in the fourth quarter, Yvonne scored six points in three minutes. She made 3 field goals out of four attempts.

Her speed makes her dangerous from any point on the court. Monday night against the Cyclonettes, she took a pass 10 feet from the center line, faked a would be guard out of her whites and drove under the basket for a lay up shot with the two dribbles allowed by girls' rules. She shoots with either hand and from any point around the basket.

Yvonne is a 17-year old senior who has scored 197 points this year and over 300 last season, but she is not the only Averyt scoring threat on the Claude six. Her sister, Jane Averyt, a sophomore, has rung up 124 points this season. Both girls seem to have a special dislike for McLean. Yvonne said it was because McLean beat them for the district championship last year, but what ever the reason both girls have scored 23 points each in games against McLean. Yvonne scored 23 in the final game of the tournament and Jane made her 23 against them in a game at Claude after the tournament. Yvonne's biggest scoring spree was against Wheeler when she racked up 27 points.

The senior case sensation made all-district last season and was placed on the all-tournament team at McLean this year.

Yvonne and Jane both began playing basketball in the sixth grade. Yvonne developed her style of play from watching the boys on the Claude squad play.

Every eye followed her while she was on the court and after the game, dressed in a gray suit, gray suede oxfords and maroon anklets, a typical school day attire, she had lost none of her eye appeal.

Yvonne Averyt is one of the girl athletes who makes girl's basketball worth watching.

Turning from a pleasing sight on the basketball court to one not so pleasing, we find a shot for the Childress Tournament.

To begin with the tournament had all the earmarks of becoming the biggest and best tournament in the lower Panhandle, but the officials of the tournament let the officials of the games kill it or deal it a blow that will take several years for it to recover from. Too many coaches and visiting fans became disgusted with the way the games were officiated. When a coach quits complaining about the bad calls he is getting and goes to laughing about the one-sided calling, then you need not waste three cents on postage to invite him again. A Wichita Falls boy won the sportsmanship award, but some kind of award should have gone to the Abilene team for the way they could laugh and congratulate the Childress team after their game.

### CARD OF THANKS

We wish to express our sincere thanks and appreciation from the depths of our hearts to our many friends for their kind words of sympathy and loving deed, in the death of our beloved son.

Trouble and trials sometime in life must come to us all, and when that time comes to you, we pray that each of you may be shown the same love and kindness by such dear friends.

Especially do we thank those who contributed to the many beautiful floral offerings. May God bless each of you.

Mr. and Mrs. Joe Reheis

strength and the strength of Europe. We hope and pray that you may succeed in strengthening the defenses of the Atlantic Pact nations.

There is some talk here that we should withdraw from Europe and the Atlantic Pact. To us this seems to be preparing to fight alone on our own doorstep, while under the Atlantic Pact we would be preparing to meet the enemy in Europe with the help of other freedom loving nations. To us, the choice is as simple as that. Having seen war, we know that war must be kept away from our shores at all costs.

We know you were amused by the Russian criticism of your Texas spirit. We were rather complimented to see that spirit attributed to the cowman. That

Texas spirit does live in us as in all Texans. And it will never die. It makes no difference now whether we vote Republican or Democratic. We are united in the face of a threat that could bring war to our very doors.

Sir, we were with you before, and we are still with you.

Respectfully yours,

CARD OF THANKS

We want to take this means to thank Dr. Hunt and all the nurses at Odom-Dryden Hospital who were so kind to Mr. Marks while he was in the hospital. We deeply appreciate the kindnesses, services and courtesies shown us.
