About Memphis, Hall County

It seems to me that summer is just getting started, yet, Friday night in Childress there is going to be a football game, and each week in increasing numbers the notices of the county and area fairs for this fall are received.

I read somewhere that little girls are the nicest things that happen to people. They are born with a little bit of angel-shine about them though it wears thin sometimes, there is always enough left to lasso your heart.

Because he had misbehaved, the small boy was doing penance in the corner. After some time, he spoke, "I can't help it if I'm no perfect. I never heard of but one perfect boy, anyway."

The mother, anticipating an opportunity to point out a moral said, "Who was that?" The boy replied without hesitation, "Daddy, when he was little."

A nice surprise is in store for citizens of Memphis and this com-

munity this year when you visit the schools here in town which are in the midst of their remodeling program.

Supt. Davis took me on a tour and showed me what they are doing and planning to do. Now I can hardly wait to see the buildings when they are complete. I believe they will then be among the most modern and up to date school buildings of any community in the country.

Special mention is to be made of the school in Morningside addition. After alterations are complete, it too, will be among the best schools in this part of the country.

When we hear people voicing protests about the situation in Korea and about how they think things ought to be handled it always reminds us of the remark: "The most belligerent warriors after a war, are those who did not smell gunpowder in battle."

Then now-a-days we hear a lot of people talking against spending a much money, and we agree with them most of the way, after all, if we must have economy we can always save money on defense and let the communists take over the country.

Often wonder if many people read the editorials that are printed in our paper—did you know that

"LET THEM DRINK CITRUS JUICE," says Raymond Smith, czar of the Rio Grande Valley's dwindling water supply. Luscious Nancy Lou Shindler obliges, and invites her fellow Texans to "drink up." State-wide sales are expected to boom during sultry August.

an editorial is like a wedding ring behind a diamond solitaire—stuck away on the inside to be unnoticeable, and still have more meaning than the front page will ever possess.

Do you like to read notices in this paper of things your friends have done, the little news items about people in our town? Well that is what we like to print too, so the next time you have company or visitors or if something interesting or different happens at your home, call us and tell us about it so we can have a better paper and more about Memphis and Hall County.

Have heard considerable comment on last week's ad by Potts Chevrolet Company featuring their employees. The drawings are by Hut Hutson and in way of explanation, Hut doesn't draw pictures to look exactly like the persons but uses what he calls caricature or over emphasizing some particular point of personality. There are to be other firms presented in later issues of The Democrat.

Stopped and got a free doughnut and cup of coffee last Saturday at Messer's Cafe. It's remarkable the difference a new building makes.

of 250 to 500 enrollment in high school will compete on Tuesday; Class B, 150 to 250 enrollment, on Wednesday, and Class C, less than 150 enrollment will compete on Thursday.

Marching contests will begin each afternoon at 4:30 o'clock with bands marching from the high school building to the fair grounds where they will play two numbers for the concert playing contest. Two twirlers from each band may enter the twirling contest and will perform while their bands are playing their concert numbers. Out-of-town judges have been selected.

Trophies will be awarded first three place winners of concert and marching in each class. Medals will be given first, second and third in twirling. Gifts will be presented the three direction in each class with the most points. These are being presented by the T-O Fair and Max Kreutz House of Music in Wichita Falls where they will be on display during the summer months.

Community participation programs from area towns are to be planned for the same days on which their bands play.

Invitations were extended 27 Texas bands and 24 Oklahoma bands.

B.F. Goodrich POWER-CURVE TRACTOR TIRES

SAVE YOU TIME AND MONEY!

You work faster and save money too, when your tractor rolls on B.F. Goodrich Power-Curve tires. Powerful king-size cleats dig in and pull you through even the muddiest going. Your tractor uses less fuel because Power-Curve tires hold firm in any soil without slipping. Power-Curve cleats are higher and stronger to bite deeper and give you traction in reverse as well as forward.

Each cleat is braced by its special curve to stand up without scrubbing or wearing rapidly on hard surfaces. The extra wear you get from higher Power-Curve cleats means extra money in your pocket! See this field-leading tractor tire today.

State under the Constitution of Texas.

Of the total One Hundred Million Dollars (\$100,000,000) of bonds herein authorized, the sum of Twenty-five Million (\$25,000,000) has heretofore been issued and sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the second Tuesday in November, 1951, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

FOR THE AMENDMENT TO SECTION 49-B, CONSTITUTION OF TEXAS, FOR INCREASING VETERANS' LAND FUND FOR THE PURCHASE OF LANDS IN TEXAS TO BE SOLD TO TEXAS VETERANS OF WORLD WAR II, AND TO TEXAS VETERANS OF SERVICE IN THE ARMED FORCES OF THE UNITED STATES OF AMERICA SUBSEQUENT TO 1945.

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

AGAINST THE AMENDMENT TO SECTION 49-B, CONSTITUTION OF TEXAS, FOR INCREASING VETERANS' LAND FUND FOR THE PURCHASE OF LANDS IN TEXAS TO BE SOLD TO TEXAS VETERANS OF WORLD WAR II, AND TO TEXAS VETERANS OF SERVICE IN THE ARMED FORCES OF THE UNITED STATES OF AMERICA SUBSEQUENT TO 1945.

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

County Grid Stars Play in Greenbelt

A training clinic, open to all coaches whether or not connected with the game, will be conducted Friday, the day of the game. Instructors will be Elmer and Delmar Brown, former track greats at North Texas State, and now trainers for TCU and Baylor, respectively.

All boys invited to take part in the game have won at least all-district honors, and thirteen of the lads have captured all-state laurels.

Tickets for the contest are now on sale through the Childress Chamber of Commerce, at \$1.20 for general admission, \$1.80 for reserved seats, and \$2.40 for box seats.

Tech Grid Season Tickets on Sale Starting Aug. 15

LUBBOCK—Season tickets to Texas Tech 1951 home football games go on general sale August 15, according to Jimmie Wilson, business manager for athletics.

Priority holders—those purchasing season tickets last year—have until that date to renew their option. Checks received before August 15 from non-priority holders will be held until then and filled in the order received.

Season tickets cost \$11.70. Checks or money orders made payable to Texas Tech College should also include 15 cents for mailing charges, Wilson said.

Individual game tickets go on sale in mid-September.

Tech's home schedule: West Texas State, 8 p. m., Sept. 22; Texas Christian University, 8 p. m.; Oct. 13; University of Arizona (homecoming), 2:30 p. m., Oct. 27; and Hardin-Simmons University, 2 p. m., Dec. 1.

On February 4 the British meat ration was decreased to 9c per head. For many families this will mean only one meat meal a week.

POLIO PRECAUTIONS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

WHEN POLIO IS AROUND, the National Foundation for Infantile Paralysis recommends these simple precautions: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay too long in cold water or sit around in wet clothes. And always wash hands before eating. Watch for feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. Call your doctor and then, if help is needed contact the National Foundation Chapter in your area.

GM GENERAL MOTORS

Your key to greater hauling profits

A good sign to "go" by!

THIS shining emblem "GMC" is the sparkling sign of the fastest growing line of trucks in the land—with sales growth unmatched this year by any other manufacturer. The reasons for this are sound ones.

For in the chassis of a GMC you find "long-time, stay-with" stamina—truck-building that dares comparison with anything on the roads today.

Under the GMC hood you find real power—the kind of truck-built power it takes to keep goods moving year after year. Whether it's a nimble 1/2-ton or 2-tonner with horsepower unsurpassed in its class, or the fabulous two-

cycle Diesel which is outselling, outperforming every other make—a GMC puts more "go" to the load!

And in the cabs—drivers who work in comfort and safety. They have the look of men who know their truck will get the job done quicker and better.

You'll feel the same way when you try a GMC yourself. Come in—compare the facts, the features, the way they haul. Listen to the savings talk.

Blanks-Daniel Marriage Vows Are Read in Lakeview Church Aug. 11

Barbara Lee Blanks, daughter of Mr. and Mrs. H. L. Blanks of Lakeview, became the bride of Lloyd Anderson Daniel of Lubbock in a double-ring ceremony Saturday evening, August 11, at the First Methodist Church in Lakeview. Rev. Frank Storey, pastor, read the service at 7:30 o'clock.

An arch entwined with greenery, backed by huckleberry and flanked by baskets of white gladioli and white tube roses, featured the altar setting. Candelabra bearing white tapers completed the decorative appointments.

Mrs. Carl Smith, pianist, played

"Clair de Lune" by Debussy to introduce the ceremony and the traditional wedding marches for the processional and recessional. She also accompanied Mrs. Don Knox who sang "At Dawning" by Cadman and "O Promise Me" by DeKoven.

Given in marriage by her father, the bride was attired in a gown of white illusion over satin, designed with a fitted bodice yoke outlined with gathered illusion and satin rosebuds, sleeves of illusion and bouffant skirt terminating in a train. Her veil of imported illusion fell from an illusion cloche caught with seed pearls, and her only jewelry was a single strand of pearls. She carried a bouquet of white orchids, showered with stephanotis.

Mrs. Earl Reynolds attended her cousin as matron-of-honor. She wore a gown of violet net over taffeta, styled with a bodice of matching lace, scalloped neckline and bouffant skirt. Her stole, mits and Juliet cap were of violet net and she carried a shower bouquet of pink gladioli.

Holland and Miss Nell Cunningham wore identical gowns of Talisman pink net over taffeta, fashioned with strapless bodices and gathered skirts. Their stoles, mits and Juliet caps were of matching pink and they carried shower bouquets of gladioli.

Sara Catherine McQueen was flower girl and Jon Lloyd Leggett was ring bearer.

Gordon N. Daniel was his brother's best man. Groomsman were Vaughn Daniel, brother of the bridegroom, and Max Sachse, cousin of the bride. Terry and Tim Kirk, cousins of the bride, served as ushers.

Mrs. Blanks, mother of the bride, wore a dress of gray tissue taffets with black accessories and a corsage of Vanda orchids.

Following the ceremony, the bridal party was feted with a reception in the home of the bride's parents. Covered with a white lace cloth over satin, the serving table was centered with an arrangement of white chrysanthemums and woodwardia fern. Mrs. Fan Kirk, Mrs. Gordon Daniel, Mrs. Lance Leggett and Mrs. W. B. McQueen Jr. assisted in the house party.

For a wedding trip to Colorado and New Mexico, the bride traveled in a brown suit with reptile

accessories and an orchid corsage. The couple is to be at home September 1 at 2919 Twenty-first, Lubbock.

Mrs. Daniel was graduated from Lakeview High School and Texas Technological College. She forgoes

Romance Threatened

Q.—Dear Peggy: My son is in love with a charming girl. Their romance is in danger because her acne pimples are often unsightly that he is embarrassed to take her out on dates. In fact, my boy's face is sometimes badly broken out, too. Can't you recommend something that will help them both? — Mrs. A. J. C.

A.—By all means have your son get two sets of the new cosmetic treatment designed to help correct just such situations. Let him give one to the girl, and use one himself. The treatment consists of cleansing the afflicted skin thoroughly with a fine antiseptic lotion which contains no oil, then applying a greaseless antiseptic cream. VELOCIA is the skin care treatment which provides both lotion cleanser and cream. VELOCIA set box complete \$2 plus tax. Improvement is often seen in just a few days. At Fowler's Drug. (Adv.)

Take Part in Shaping Our Future

A week from tonight there is going to be a meeting in the District Courtroom which will be of vital interest to each and everyone of us here in Hall County.

Similar meetings are now being held throughout the country because the U. S. Department of Agriculture thinks the family farm is so vital to the economy, prosperity and military defense of this nation that it is reviewing all of its agencies' programs and activities to make sure that they are serving the farm family well—and to find out how they can serve it better.

A family farm committee, composed of department officials and representatives of farm and church organizations and the land-grant colleges has conducted a review of the policies and programs of each agency in the department with respect to their service to the family farms and farm families of the United States.

But this is only preliminary work. What the department wants and needs are the recommendations of farmers themselves and others interested in agriculture for improvement of our farm programs!

Four meetings are to be held in Hall County; here, Turkey, Lakeview and Estelline. The results of these meetings will be compiled and mailed to Washington.

From this and similar meetings throughout the country at which farmers have had opportunities to express their opinions about programs and policies which affect the farm family, further programs and plans of the Department of Agriculture will be made.

Many family farms, which represent an estimated 98 per cent of America's farms, are too small, too poorly equipped or too lacking in essential resources to supply the families who operate them an adequate income.

These family farm meetings are democracy in action. And if democracy is to be a continuing source of hope to rural people elsewhere in the world, democracy must then continue to advance in rural America. Progress in agriculture must be continued, and no person is in a better position to make recommendations for this progress than the man or family who operates a farm.

This program, sponsored by the Department of Agriculture, is one of the best things to come out of our capital in a long time. It is a program to which we should give full support. For a long time we have been meeting at the square around town telling each other what is wrong with the Department of Agriculture and how they are running the farm program. Now we have a chance to express some good ideas on how to make it better.

It is a challenge that we as citizens cannot afford to pass. We must all turn out and attend that meeting next Thursday night for the sake of our future as well as for our benefit.

This country is still a democracy, but to make any democracy work, the people themselves must work . . . and we, you and I, are the people in this community who must do that work.

Don't shirk your duty next Thursday evening. Attend that meeting and give your support. For, after all, this farming business is your livelihood!

Press Paragraphs—QUOTING OUR NEIGHBORS

Who will get your cotton in 1951—the soldier on the battlefield in Korea or the boll weevil in your cottonfield? That's something for cotton farmers to think about.

The government is calling for production of 16 million bales of cotton in 1951—fiber that is vitally needed by our armed forces and to supply civilian demand.

The Department of Agriculture reports a 19 per cent reduction from full yield of cotton in Texas in 1950 due to insect damage. Basing its figures on the USDA report, the National Cotton Council points out that this amounted to 948,712 bales of cotton. This is an average of 5.5 bales per Texas cotton farm.

A fight is shaping up for the 1951 season—the farmer seeking to produce more bales and the boll weevil and other cotton bandits conspiring to sabotage his effort.

On the farmer's side are modern insecticides and the insect control recommendations for his state. He has the strongest artillery if he will direct his fire efficiently. A victory over cotton pests will mean more money for

cotton producers. It will mean more cotton for their sons who are fighting for freedom.

—National Cotton Council

"It is obvious everywhere that when central government grows big in responsibility and in power over the people, it grows corrupt, and its administrators go mad. So, too, when personal incentive and responsibility are removed from a people, that people suffer a moral collapse."

Glenside, Pa., Easton Road Guide

"The United States Socialist leader, Norman Thomas, has defended capitalism in an interview with a British press association

reporter. He said, "There is no greater lie than that in June, 1950 American capitalism was in such a position that it wanted the Korean war. The war was undertaken because it backed the one positive thing that came out of the World War—the United Nations. I believe we have got to see it through."

—Montpelier, Vermont, Evening Argus.

"The British are finding no one is holding the bag for them in their socialized state; that increased wages are simply increased taxes which they have to pay themselves to step up their wages—Strikes in socialized states are strikes against themselves, which is why unions must disappear finally under full totalitarian rule."

—Brighton-Pittsford, N. Y., Post.

West Ward had the highest number of enrollees with 510. HEADLINES IN THE DEMO.

Friday, August 21, 1931 PAVING SUPERINTENDENT READY TO COMPLETE ROAD JOB—H. A. Morgan superintendent of the Pleasant Construction Company, arrived here Wednesday to begin preparation for paving the remaining part of the highway from Memphis to Mulberry Bridge. LOCAL SCHOOLS TO OPEN FOR FALL SESSION SEPT. 7—Supt. H. A. Jackson announced today that the fall session will begin Monday Sept. 7. Registration will be held Monday and class work will begin Tuesday morning. LUBBOCK MINISTER TO HOLD METHODIST REVIVAL—Rev. J. W. Watson will begin a meeting at the First Methodist church Friday with Rev. Alfred H. Freeman of Gruver leading the singing.

"A change in government should do England a lot of good. The Laborites have failed in their Utopian schemes: It would take the Conservatives a long time to unshar! some of the mess the Labor party has created. But to stop the march toward complete collectivization would be helpful, to reserve it would be still better."

NOTICE!

During the last session of the Legislature Texas Motor Fuel Tax laws were amended and sections referring to refund of motor fuel tax have been changed and will directly effect Consignees as Refund Dealers, effective as of Sept. 1, 1951.

Amendment

"IT SHALL BE UNLAWFUL FOR ANY REFUND DEALER OR ANY EMPLOYEE THEREOF TO PREPARE OR NOTARIZE ANY CLAIM FOR REFUND OF TAX PAID ON MOTOR FUEL PURCHASED FROM SAID REFUND DEALER, OR TO ACT IN ANY CAPACITY AS AGENT OR EMPLOYEE OF ANY CLAIMANT FOR REFUND OF THE TAX PAID ON MOTOR FUEL PURCHASED FROM SAID REFUND DEALER BY KEEPING HIS BOOKS, RECORDS, REFUND CLAIM FORM OR OTHER DOCUMENTS TO BE USED OR INTENDED FOR USE BY SAID CLAIMANT IN THE PREPARATION OF HIS TAX REFUND CLAIM."

The law states that the dealer or seller cannot have in his possession Invoices of Exemption more than seven days from date of delivery. Therefore, the buyer should make provision for suitable container to be placed near his gasoline storage tank, in order that seller may leave Invoice of Exemption at the time of each delivery.

All customers should go to Oil Company with whom they are dealing and either have Affidavit of Claims made out, or pick up all Invoices of Exemption, prior to September 1st, 1951.

THE MIDDLES By Bob Karp

hadn't gotten to... like getting married so a trip to Niagara Falls wouldn't be entirely out of season. All are trying to pluck "the last rose of summer."

August is sunburn and moonlight, August's a menace to men. When the casual canoe discovers 'l'amour August has done it again. August is moonlight and sunburn. When the bachelor sows as he reaps; His sunburn will finally unburn. But he's burned in the moonlight for keeps. (Ogden Nash)

It takes all kinds of people to make a world so we have "the eager angler" who one fine day in August awakens to the fact that the summer is fast slipping away and he hasn't yet dropped a hook in the water. It matters little that he must take the whole family, travel over miles of busy highway, stop at tourist courts that are already bulging with vacationists and be devoured by mosquitoes as big as bull-bats when he gets there, he goes forth in high glee to snare the big one that got away last summer. Whether one indorses the "canoe pole, bank-of-the-creek" method or spends hundreds of dollars on elaborate equipment and, like pictures you see in Field & Stream, goes wading upstream in hip boots manipulating an expensive casting rod, it all boils down to the same thing... getting back to nature and away from the tedium of the daily grind. While fish fried in the open is unequalled for a tasty dish, there must be something more than burnt fish grease to pull a fellow from an air-conditioned house and a comfortable bed to "roughing it" on some far-away lake shore. As a fisherman, I would be a total loss since about the best I can do is to get the gold fish out of the bowl while I change the water but, I'm sure, there is some fascination about the sport for hundreds of anglers who come forth like a plague of locusts each season to trick the wily, scaly one. If I could go to sea on a "whaler" or trail schools of porpoise for days where the risk is hazardous and excitement runs high, then maybe I'd be interested in fishing. Nevertheless, my hat's off to all anglers even to the young fellow with the limb and bent pin who can patiently sit on the bank all day waiting for an unsuspecting fish to grab his hook. It's a wonderful time for meditating even if the fish aren't biting. A feller isn't thinkin' mean... out fishin'; His thoughts are mostly good

and clean... out fishin'. He does not knock his fellowmen, Or harbor any grudges then. A feller's at his finest when... out fishin'.

Owls Finish First In Baseball League

The Memphis Owls took undisputed lead of the Red River Valley Amateur League this week as they defeated Wellington once and Childress twice. This put the Owls one and one-half games ahead of Wellington and two games ahead of Childress.

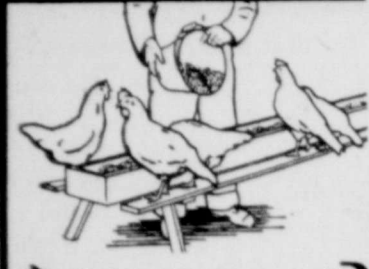

In the game with Childress last Thursday night Memphis won 8-2 and collected 8 runs from 11 hits while Childress picked up 2 runs on 3 hits. Ed Mathes struck out 15 of 33 Childress batters and walked only 2.

Memphis beat Wellington Sunday afternoon 14-4. Edmondson was the winning pitcher for Memphis giving up 10 hits while the Owls collected 15 hits from Morris, the Wellington pitcher.

Tuesday's game with Childress was closer than the other two but Memphis managed an 8-4 victory. Owls' scores were bunched with 2 runs in the 3d inning, 3 in the 5th and 3 in the 9th. Hutcherson started on the mound for Memphis and was relieved in the sixth by Mathes who retired every man who faced him, striking out 11 of the 12. This win gave Memphis championship of the second half of league play and a chance at the play-offs.

COMEDY: "General Nuisance"

Comments

(Continued from page 1)

"When the school bell rings on a regular school day, children of school age are expected to be in school," says Mr. P. D. Riley, supervisor of the Wage-hour and Public Contracts division of the Labor Department, Fort Worth. "When school is in session, all children belong in school and not in the fields—we are going to do our best to see that they are not illegally employed and so kept out of school," he declared. This notice came on the heels of the conference representatives of this area had with Mr. Tobin in Washington recently concerning the cottonpicking season here where in a lot of the work is done by Mexicans and their families. What will the Labor Department do about the Mexican children here for the fall season? What schools in this area are equipped with Spanish teachers who can teach such children? When the cotton picking is over these migrants go back to their homes and send the children to school where Spanish is taught, if they so desire, it seems to me, the Labor Department is "straining at a gnat and swallowing a camel" in the matter. Just some more of that attempt by some powers that be to further regiment the people like it is being done in Russia. Some day we will wake up to the dangers we are fast approaching and try to do something to stop it. Will it be too late?

The gnat engagement I told you about last week signified that it would rain by this Wednesday. It was not the fault of the gnats for a cool front started this way several days ago and got hung up in Moffat's six-mile tunnel west of Denver and did not get loose until Tuesday night—delaying the delivery of moisture a day or two, and should it rain by Friday, it will be just 15 minutes before it is too late. A lot of farmers think the crops have been damaged millions of dollars worth while others think a rain during August will still give us time to make 40 to 60 thousand bales of cotton. It is purely speculation for no one knows what will be the outcome. In the meantime we are doing what all West Texans have been doing for the past 50 years—looking for rain. A good rain would change the outlook a whole lot and shorten the countenances of the inhabitants. What looked to be the finest prospects for crops up until recently has turned out to be what the late W. P. Dial termed "a yallar summer." Some cool nights would help our feelings a lot.

Thursday—No rain. The gnats lied. It was just some more of that Red propaganda.

THE LEAST YOU CAN DO

☆ The early Greek physicians believed that it was not possible for a man to enjoy perfect health unless he carefully organized his life to accomplish this single objective. This meant the meticulous ordering of each day. Proper nutrition, exercise, and rest were perfectly balanced. Physical constitution, age, and even the seasons of the year were considered.

For a man of affairs, such a regimen is out of the question. When your work is done, you play and exercise when you can. But this little you can do. See your family physician at least once a year. Follow his advice. In case medication is required, we are prepared to serve you, promptly and economically.
