CYCLONES FACE DUMAS FRIDAY

Week of revamping and players in positions, the Cyclones opens their first of the 1951 grid season tonight at 8 p. m. against

by Tulla 33-7 last night. Cyclones won their first game 13 to 7.

John Hansard and Bob switched some of the players in practice this week to re-enforce their line and utilize the players injured last year. The line is made up of David Corley, Duane Milner, and Duane Milner. The backfield is made up of Carl Lee, who played fullback last week, and Kenneth Cheek.

The boys played well in the game. The boys played well in the game. The boys played well in the game. The boys played well in the game. The boys played well in the game.

Local Opinions Vary On Cotton Contest

As usual citizens of this county have widely differing opinions of the amount of cotton to be ginned from this county during the coming season.

According to guesses already recorded in The Democrat's Cotton Guessing Contest the opinions differ as much as 27,000 bales.

Highest guess so far this year is a few bales more than 65,000 and lowest guess yet recorded is something more than 27,000 bales.

So far the furthest guess in distance from Memphis was entered by a salesman from Fort Worth who stopped over here. Usually guesses are sent from as far as California.

Anyone is welcome to enter the contest. First prize is a three-year subscription to The Democrat, second prize a two-year subscription and third prize a one-year subscription.

Guesses may be made in person at The Democrat office or by mail. No guesses will be taken by telephone. The contest will be open until 5 p. m. Saturday, September 22.

Traffic Controls Passed By City, To Be Enforced

Official action was taken by City Council members last week and an ordinance was passed to prohibit parking around the post-office to only 15 minutes throughout the day.

Also Council members passed an ordinance against running stop signs and street lights which will enable police to arrest violators, who are subject to fines from \$5 to \$100.

Police commissioners also announced that citizens parking in illegal places must not park on the yellow lines, but between them.

Police Chief T. D. Weatherly has been instructed to give tickets to violators on all these offenses. Commissioner O. V. Alexander stated.

The council also reminded merchants in town that it is illegal for them to park their merchandise on the sidewalks thus preventing pedestrian traffic. Also merchants should not park their merchandise on corners where it blinds or hinders vision of vehicle drivers. Chief Weatherly stated.

Weatherly said speed limit near schools was 15 miles per hour.

300 Attend Estelline Angus Meet

More than 300 persons attended the Lower Panhandle Angus Association Field Day Tuesday at the C. A. Rapp farm near Estelline.

About 50 head of fine, top-notch Aberdeen Angus cattle were on display by local breeders for the visiting guests and breeders from Oklahoma, New Mexico, Colorado and Texas.

Milt Miller, American Aberdeen Angus Association fieldman from Brady, Tex., gave the main address. George Taylor, soil conservationist of Childress, spoke to the cattlemen and guests on pastures.

An Angus barbecue was served the 349 registered guests at noon. H. J. Howell, Memphis cattlemen, acted as master of ceremonies.

Breeders who had cattle on display included host C. A. Rapp and son, David Hudgins of Lakeview, E. S. Hale, Wellington, Caprock Angus Farm of Memphis, C. J. Hudgins of Quanah, E. A. Smith of Memphis, Hulien Clifton and Winfred Russell of Estelline, M. L. Milcoxon of Childress and J. D. House, Turkey.

County Livestock Show To Be Held At Compress Co.

The Hall County Livestock Show combined with the 4-H Club Junior County Swine Show will get underway Saturday morning at the Memphis Compress Company building with a record number of entries and visitors expected.

This event, sponsored annually by the Memphis Chamber of Commerce and Hall County Board of Development, has been planned well in advance and the steering committee of breeders elected to formulate plans report everything in readiness for the big show Saturday.

The show has been divided into beef and dairy cattle divisions with 25 classes for beef animals and about 23 for dairy animals.

Judging of the swine show will commence about 8:30 Saturday morning and the cattle judging will get underway around 9 o'clock, officials reported.

Awards will be given through the first five places in all classes. In the beef cattle division there will be Hereford and Aberdeen-Angus classes while in the dairy animal classes there will be Jersey, Holstein and Guernseys. Also there may be other breeds on display.

Judges lined up for the show are John Gilliam of Clarendon and Glenn Ross of Goodlet. Ross will judge the beef cattle while Gilliam will check the dairy cattle and the hogs.

Rosettes and ribbons will be awarded to all owners of winning animals. The show is open to the public and show officials have extended a welcome to the public to see the animals on display anytime during the day Saturday.

Firemen Convention Held Here Tuesday

Earl Phillips of Hereford was elected president at the 35th Semi-Annual Fireman and Fire Marshal Association convention held here Tuesday.

Phillips succeeds J. E. Winborne of Pampa. John P. Wilkerson of Canadian was elected first vice president and R. D. Mayfield of Dimmitt was named second vice president. V. E. Hafner of Childress was re-elected secretary.

More than 120 firemen from Panhandle and Plains cities attended the one-day convention held here yesterday.

The convention began after registration at 10 a. m. when Mayor Carl Harrison welcomed all guests to the city. Highway Patrolman N. D. Callaway lectured on safety, and D. L. C. Kinard spoke after the luncheon. Tuesday afternoon the delegates held a round table discussion of fire prevention and plans were made for observation of Fire Prevention Week.

Dalhart was chosen as site of the convention next year.

More Than 2 Inches Rain Falls Here During Past Week

A cold front moved in from the north Wednesday and sent temperatures to a low of 55 here Wednesday night. The high Wednesday was 78.

Rains this past week in the Memphis area totaled 2.13 inches, according to J. J. McMickin, weather recorder.

Biggest rain fell Tuesday afternoon as 1.34 inches were recorded before 5 p. m. Last Friday night .22 of an inch fell and .57 of an inch fell Saturday night.

Students Enrolled Memphis Schools

Enrollment in the Memphis schools as of Tuesday number 10,000 students for the 1951-52 year, Supt. W. C. Davis said.

Number will probably be a few above 800 more than the schedules are for, he said.

The students are probably twice in the first of registration.

The students are off to school this year and with the new schools we are having a great year," Davis said.

and remodeling of the schools is complete except for final touches. The students have facilities for studying and their education.

Students and their parents cooperated fine with the new registration program, he said.

to establish this registration program this year in order to have the student-teacher ratio as the new school year is to be built this year, a completely new line will be worked out by the school board next year. The school division this year will be what we call a "new registration," Davis said.

added that the school board is planning a contest to name both the new school building and the old Junior High school which is now being used as a temporary school. More on this subject, Davis said, will be in the next issue of the Memphis Democrat. At West Dard, teach-

New Mack Fire Truck Delivered To Memphis

The new Mack fire truck, complete with equipment which was ordered by the City of Memphis last March, was delivered Friday after Chief Thomas Clayton and Dan E. Lake, Mack Southwest Manager, drove the truck here from Oklahoma City.

The new truck was built especially for the city of Memphis and to their specifications. It has a pump capable of producing 750 gallons per minute and has a 600 gallon booster tank.

The truck is white and is powered by a six cylinder 225-horsepower engine. The three-man

cab is enclosed, has two spotlights, an oscillating red light mounted on top of the cab, a heater, adjustable drivers seat dual ignition and four-wheel hydrovac brakes, four-speed transmission plus a fifth gear which is an overdrive.

Cost of the truck and equipment was \$15,300. The additional \$300 is for the extra sized booster tank and was personally paid for by M. C. Allen.

Dan Lake was in Memphis several days this week testing out the truck before finally turning it over to the city. On the initial

test, the pump produced 975 gallons at 150 pounds pump pressure. The truck is equipped with two one inch hose reels equipped with Hardie fog nozzle and the truck can also carry about 1250 feet of additional 2 1/2 inch hose.

The truck was built at the Mack Corporation's Long Island City Plant and driven by bonded drivers to Oklahoma City where Lake and Chief Clayton picked it up.

Total weight of the truck with a five man crew is about 22,000 pounds and is one of the most modern type fire engines in the Panhandle.

What! No Nursery At Hall County Jail

Hall County sheriff's officers Monday afternoon were faced with a new problem.

One that was about four months old, in a pink dress wrapped in a blue blanket.

Shortly before 2 p. m. they picked up a woman and charged her with forgery. She passed two worthless checks in Memphis, and after investigation, officers found that she had passed three in Clarendon.

The woman had her baby in her arms when she was arrested. After questioning by Sheriff E. S. Morrison and Deputies Jack Peabody and Bill Baten, the woman, Mrs. Vada Richards, admitted the checks were forged and admitted passing all five.

She told officers that she and her husband, Robert Richards, are now living in Groom, Tex., and that they needed \$150 to buy a dump for a truck that her hus-

band had. She said her husband had \$50 but needed the other \$100 so sent her out with checks signed by him, while he went to work.

She had \$90 when arrested by officers here.

Sheriff's officers filed forgery charges against her and have a warrant for her husband. But their big problem: what to do with the baby.

The Hall County jail is not equipped to accommodate a mother and her baby, said Sheriff Morrison.

Officers left Memphis Monday afternoon for Groom to pick up the husband and they took the woman with them. The woman stated that her husband's parents, who live in New Raymer, Colo., would come and get the baby. But what to do with her until then was the sheriff's big problem.

State Fair To Have Highest In Entertainment

With less than a month before the 1951 State Fair of Texas, Oct. 6-21, opens for its 66th great show, thousands of people throughout the Southwest are already getting excited about the great annual fall festival of merry making.
That excitement is demonstrated in the orders pouring into Dallas for the fair's great entertainment features—"Guys and Dolls" and "Ice Cycles of 1952"—and for the three bigtime football games during the fair.
"Guys and Dolls" tickets are selling faster than the ducks to last year's "South Pacific" did in 1950, and "South Pacific" made theater attendance history.
Entries for the Quarter Horse Show will close Sept. 24 and other livestock entries were to be closed Monday, Sept. 10. Thousands of entries are pouring in for the great 26-breed livestock exposition, headlined by the Pan-American National Hereford Show, Oct. 6-11.
Hundreds of entries from ten states, Missouri, Kentucky, Kansas, Tennessee, California, Wisconsin, Iowa, New York and Minnesota as well as Texas, have been received for the Women's Show. Deadline is Sept. 29.
Exhibits are going up fast in the fair's huge exhibition buildings and rapid progress is being made on the new \$125,000 livestock judging pavilion.
The trees, shrubs and flowers that make State Fair Park one of the most beautifully landscaped spots in the Southwest have survived the worst drought in Texas history wonderfully. Fair visitors will find the park an oasis of natural beauty bedecked with gay trappings of a manmade fairyland.
Hundreds of gallons of colorful paint are being splashed across the face of the fair to give the park a sunny smile to greet its visitors next month.
The State Fair expects its biggest attendance in history for the

Business Women Plan Club Week September 23-29

In National Business Women's Week, Sept. 23-29, 1951, the National Federation of Business and Professional Women's Clubs is launching a fitting program in the recruitment of women with business, professional, and specialized skills needed in the armed services of this country. In so doing it pays tribute to the magnificent record women have made in those services, and bespeaks the aid of the clubs in learning of the requirements in the various branches and in helping to locate qualified young women and encourage them to enlist in the regular branches and in the reserves.
A Clearing House on Job Information, established in each club in cooperation with recruiting officers, employers and employment services will provide the members with accurate information which they may disseminate in their contacts with women locally, in business and community life.
Various Services Represented
"Women In Uniform Day" is being celebrated on Monday, September 24, in many cities. Business Women's Week is the community week acquainted with women served in the Army, Navy, Corps and Marines; in the Corps and the Medical Corps in the services honor women recently locally in these branches.

Mr. Farmer: Any Way You Look at It Your Gins Are Able To Do MORE For You This Year

By MORE we mean that by the purchase of around \$17,000 worth of new modern machinery in the Memphis gin plant, and the construction of 20 additional housing units for transient workers, we are in position to give the farmers BETTER SERVICE. During the summer months we have installed five new 90-saw Murray Gin Stands, which replaced the 80-saw stands formerly used. At the same time, we installed new Super Mitchell Feeders in the Memphis plant. All in all, we believe that when the rush comes, we'll be able to gin approximately 20 bales per day MORE cotton for our patrons during each 24-hour period.

In addition to being able to gin more cotton in less time . . . we are now able to give a better TURNOUT and STAPLE. This is especially important this year with the market on lint cotton what it is. Both the plants in Memphis and Plaska are starting this season in perfect shape, and are manned by good crews.

See Us If You Need Field Hands

With the addition of the 20 housing units to those already on hand, we're better able to work with our patrons in obtaining field hands. See us if you need help. We'll do all we can to make it possible for you to harvest this year's crop.

Ask your neighbors who have already ginned with us this season about the type of ginning we are doing. These two farmer owned gins are operated for the BENEFIT OF THE COTTON FARMERS OF THIS AREA. All this adds up to the fact that the Farmers Union gins are good places to take your cotton this year.

Last Chance To Buy Tickets For Concerts

Membership in the Hall County Concert Association will be available this week only to residents of the city who failed to get their membership cards during the drive last spring, Mrs. L. G. DeBerry president, stated Wednesday.

"Tickets cannot be bought at the time the concerts are presented," Mrs. DeBerry explained. "We feel that several persons did not have an opportunity to buy membership cards at the time the drive was conducted, therefore we are again offering memberships."

Memberships are \$4.80 for adults and \$2.40 for students. Membership in the association entitles individuals to see not only the concerts that are presented in Memphis but also the ones brought to the neighboring towns, Wellington and Clarendon.

Tickets will be secured by contacting Mrs. DeBerry, Mrs. T. M. Harrison or Myrtle Howard at Fowlers Drug.

Peggy Phillips Is Party Honoree On Ninth Birthday

Miss Peggy Phillips was honored by her mother with a picnic in Childress Park on September 8. Her ninth birthday was on September 2. After playing in the park, and bestowing the gifts upon the honoree, the group enjoyed a picnic supper consisting of hot dogs, potato chips, and cold pops. Favors were school erasers.

Attending were: Gerry Kennedy, Mike and Dan Davidson, Jo Carroll Cooper, Skipper Wilkinson, Emalee Ann Tucker, Gerald Tyner, Roy Don Stevens, Sandra and Rusty Wood, Carolyn May, Jimmy Dun, Wanda White and Don Stewart, and Mesdames C. E. Wilkinson, W. B. Davidson, Jack Stewart of Dodson, and Betty Gregory and Etta Anderson of Childress.

Philately
That the collecting and study of stamps and related postal material should be given the high-sounding name of "philately" sets it apart as quite an aristocratic hobby. Indeed, the number of philatelists in the world today is surprising, if not alarming. It has even been suggested that the postal service cater to collecting by issuing new stamps uncommonly

often. Be that as it may, it does seem that each change of the moon brings forth a new stamp, not to mention the demand for another penny to purchase same. It used to be until very recent that the purple stamp was, for certain, a three cent. A green was a one, and a red was a two. The price of the stamp was told by the hue.

But now that we've stamps to commemorate the heroes of county and city and state . . . Explorers, inventors, and great of each party . . . Our stamps have gone suddenly varied and arty.

It's true that they've fancy and handsome engraving. It's true that they set the philatelists raving. But I still like the old ones, although they were duller. When you knew what you had by a glance at the color!

(Richard Armour)

There is the usual tiresome data about the issuance of the first Federal postage stamps in 1874, and how stamped envelopes were first used in 1853, and the birth of the two-cent stamp in October 1883. I refuse to bore you with these trivial details but you may be concerned to learn that the ru-

mor is being circulated that very soon now a four-cent stamp will replace the present three-center. The hobby of philately is popular the world over but only a comparative few collections are catalogued as really valuable. Kings, Queens, Presidents, tradesmen, and children have found much pleasure and even profit in stamp collecting and trading. In fact, an amazing story comes from British Guiana about a schoolboy who had in his collection the rarest stamp in the world, an octagonal British Guiana stamp, showing a crude outline of a three-masted barque, printed on magenta (rose-red) paper. The boy of the story sold his stamp to a local collector for six shillings little suspecting that he was parting with a stamp whose value was to rise to tens of thousands of dollars, that a king would vie with millionaires for its possession, and that its mere existence would cause a feverish treasure hunt in the small South American colony.

The Scott Publications of New York, one of the world's great arbiters of stamp values, lists it in their current catalogue at \$50,000, with this footnote: "Only one copy is known to exist". Its present owner paid \$45,000 for it, recently refused \$60,000 for it and has gone on record as saying that \$100,000 would not buy it today!

The truth is that there had been another magenta one-cent stamp identical with the first. The second one was owned by a sailor who took his stamp to Arthur Hind, a wealthy collector of Utica, N. Y. Mr. Hind owner of the first magenta bought the stamp from the sailor for a huge price then struck a match and burned it with the comment, "There is only one British Guiana 1865 one-cent magenta."

It seems to me it might be less taxing on one's nerves and bank account to collect pocket match book covers rather than rare stamps. What do you think?

An old English law stated that the truth of a statement made it none the less libelous. In fact

New Laws Effect Motor Fuel Tax, Local Consignees

An amendment referring to refund of motor fuel tax was passed during the last session of the state legislature and the law which became effective September 1 directly effects Consignees as refund dealers.

The amendment states that it is unlawful for any refund dealer or employee to prepare or notarize any claim for refund of tax paid on motor fuel purchased from the dealer.

Nor can the agent or dealer have in his possession invoices of exemption more than seven days from the date of delivery.

Local agents have made arrangements to leave such invoices of exemption as are necessary at the time of delivery.

Our Livestock Industry Has An Important Place In This County's Economical Picture

The production of cotton has always been the Number One Crop as far as this area is concerned. But the production of livestock—dairy cattle, beef cattle, and hogs—has a very important place in our plans. It takes both livestock and grain crops to supplement the wealth we get from cotton.

We're glad to note the expanding livestock industry in Hall County. This is a healthy sign, and will do a large part in increasing the agricultural income of the people living here. The fact that more emphasis is being placed upon breeding stock is further evidence that the quality of cattle and hogs which will be raised in this area will compare favorably with those found anywhere.

We stand ready at all times to encourage every worthwhile project of the farmers and livestock men, and are glad this year to again help with the Annual Livestock Show. We are happy to be able to furnish a building in which to display the fine animals, and urge a large attendance at this year's show. Those persons who visit the show next Saturday will not only see some of the finest animals ever displayed, but by their presence will show support for the county livestock industry.

MRS. JAMES A. MONTGOMERY

Montgomery Marriage Rites Solemnized In Lubbock Church

The bride is a daughter of Mrs. E. F. Turnbow of Lubbock and the bridegroom is the son of Mr. and Mrs. J. P. Montgomery of Lakeview.

Baskets of white gladioli tied with blue satin and white candles decorated the church.

J. B. Bratcher, organist, played the wedding marches and accompanied Miss Nora Ann Turnbow sister of the bride, as she sang "Because" and "Wedding Prayer".

The bride, who was given in marriage by her oldest brother Horace L. Turnbow, wore an ice blue satin wedding gown made with fitted bodice, collar of Chantilly lace and long fitted sleeves, ending in petals points of lace. Her fingertip length veil of illusion was attached to a lace headpiece with pearl trim and she carried a bouquet of white orchids and sprays of stephanotis.

Miss Florence Turnbow, sister of the bride, was maid of honor and Miss Katherine Stryker of Post and Mrs. Tommy Hillis of Midland were bridesmaids. They wore identical gowns in soft shades of lube taffeta, fashioned with tight bodices, full skirts, matching gauntlets and caps. They carried Colonial cascades of carnations in shades of pink.

J. O. Adams of Lakeview served as best man, Tommy Hillis of Midland and Donald Hill of Lubbock were ushers.

A reception was held at the church immediately following the ceremony. Assisting in hospitalities were Mrs. Alton Turnbow, Mrs. Horace L. Turnbow, Mrs. Andrew Turnbow and Mrs. A. B. Allen.

Both the bride and groom are graduates, majoring in applied arts and holding membership in sociology, Choral and Home Economics clubs. He majored in business administration and was a member of Delta Sigma Phi. He is serving in the United States army and is stationed at Camp Gordon, Ga., as a signal corps instructor. The couple will be at home in Augusta.

Mr. and Mrs. A. B. Hickey visited in Turkey last week with Mr. and Mrs. J. M. Hale. Mrs. Hale is a sister of Mr. Hickey.

Mr. and Mrs. Bert Miller and grandson Steve, visited in Borger Tuesday with Mrs. Miller's sister, Mrs. R. V. Wilson.

Miss Della Cooper Becomes Bride Of Kenneth Leonard In Lubbock

In a candlelight ceremony performed Saturday night in First Christian Church in Lubbock, the marriage of Miss Della Beth Cooper to Kenneth LeRoy Leonard was solemnized before an altar banked with tropical foliage and line arrangements of white gladioli. White tapers formed the background. Dr. Travis White read the double ring service at eight o'clock.

The bride is the daughter of Dr. and Mrs. Lewis B. Cooper of Lubbock and the niece of Mrs. Glynn Thompson of Memphis. The bridegroom is the son of Mr. and Mrs. Archie L. Leonard, also of Lubbock.

Miss Nancy Davis offered an organ prelude to the ceremony and played "Indian Love Call" as vows were exchanged. She accompanied Miss Gloria Snell, who sang "Through the Years" and "Wedding Prayer".

The bride, given in marriage by her father, wore a gown of traditional white with a fitted bodice of embroidered imported organza, fastened with small collar and string tie and cap sleeves. The front opening was closed with tink self-covered buttons. She wore a skirt of organza, with large ruffles near the floor and a scalloped overskirt of embroidered imported organza. Her fingertip length veil of imported illusion fell from a Juliet cap of organza fastened with lily of the valley. She carried a bouquet of white Fuji chrysanthemums tied with sparkle satin ribbon.

Mrs. C. M. Hood of Midland was matron of honor. Bridesmaids were Misses Marilyn Denman, Jean McRee, Theloa Leonard, sis-

ter of the bridegroom, and Betty McAllister.

Paula Harding and Barbara Goyette were flower girls. Richard Leonard served as his brothers best man. Ushers were Connie Mack Hood of Midland, Don Thompson, Jack McCabe and Robert Miller.

A reception immediately followed the ceremony in Fellowship hall at the church. The bride's table was covered with a white net skirted cloth over white satin and centered with a single ring wedding cake. Tall white tapers in silver candelabra decorated with greenery and tiny white chrysanthemums and a punch bowl were, at either end of the table. Mrs. Glynn Thompson of Memphis served the cake.

Both are graduates of Lubbock high school. They are to continue their studies at Tech this fall, where Mrs. Leonard is a junior student and a member of Kappa Sigma Social Club. Mr. Leonard is a senior student and a member of ROTC.

Visitors in the Jess Messer home this past weekend were Randolph Messer, Cpl. Robert Rippey and Cpl. Dusty Rhoads, all of Sheppard Air Force Base, Wichita Falls.

Mrs. B. Thomas visited in Memphis Monday with her cousin, Mrs. Rube Sisk. Mrs. Thomas was en route to her home in Fort Worth from Colorado where she had been vacationing.

this community last Friday afternoon and evening.

Extensive damage also was done to other buildings and homes in the community and hail damaged cotton crops severely.

School Supt. Loren Denton reported more than 100 window panes were broken out of the high school building. Extremely high winds ripped and slashed buildings and roofs. Considerable damage was reported at the Davenport Lumber Yard.

Hail stones were not so large reports said but high winds and heavy rains with them trampled cotton in about a two mile wide strip from the river all the way into the breaks and hills.

School was not in session at the time of the storm and no injuries were reported.

Lunches To Cost 30c This Year In Cafeterias

School lunches at all cafeterias this year will cost 30 cents per meal, Supt. W. C. Davis announced this week.

"Increased costs in food prices, labor and materials have made this hike necessary," Davis said. The federal subsidy for school lunch programs this year was reduced from 9 cents per student to 7 cents per student.

Davis also reminded students and parents that doors to the school open in the morning at 8:50 p. m. He stated that teachers sometimes are not there until shortly before then and if they are, they are busy preparing assignments and students should not report to the school too early.

"We would appreciate parents and students cooperating with us in this matter," he continued.

Office hours for the grade school at the old Junior High building are from 9 to 12 in the mornings. In the afternoons, the principal will be in class and unable to see or talk to parents. West Ward office hours are from 1 to 4 p. m. and the administrators are not available in the morning.

High school office hours are throughout the day, Davis said.

Rotary Governor Stresses Service At Local Meeting

Governor P. F. Bridgewater of Midland, who is the 183rd District head of Rotary International, spent Monday and Tuesday in Memphis visiting with local Rotary members.

Bridgewater was speaker at the club's luncheon Tuesday. He met with all committee chairmen Monday evening to discuss problems of the local club.

In his speech Tuesday, Bridgewater told local club members that through the common ground of fellowship and self-service many of the international problems of the world could be solved.

Other guests of the Memphis club Tuesday were Mrs. Bridgewater, Mrs. Clyde Milam and Mrs. Byron Baldwin.

By 1735 there were five newspapers in Boston, a town of less than 20,000 population.

Comments—

(Continued from page 1)

have hit rainy and foggy weather.

I had intended to tell about Yellowstone this week, but will defer that and give a play by play account of other interesting places. In this chapter, places visited will get first mention.

Leaving Yellowstone Park, we stayed all night at Livingston Mont., boarded a Northern Pacific train, rode in, on, under and slantwise all day among the Rockies. Over the Continental Divide and down toward the Western Coast reaching Spokane, Wash. where we spent the night. On the trip we had to follow rivers to the top, then to get to another river valley, tunnels were used—some one and two miles long. Or one side of a mountain we could look down into the river from a few feet to hundreds of feet, see the engine of our train coming back toward us on the "hill" opposite. These events were frequent all day long.

Huge dams along the way made blue and deep lakes far below us. Snow capped mountains were above and even with us. Mighty forests everywhere and fertile and irrigated valleys made a kaleidoscopic continuous picture that will remain in memory's lane for years to come.

From Spokane we went to southwest-ward to South Central Washington. All along this route wheat (on plains and rounded hillsides to their top) was mostly harvested, with some crops still being harvested. Reaching Yakima, we decided to stop and take in this famous valley where fruits, vegetables and various crops are produced in abundance. We stayed four days, and met up with some former Memphians who showed us around and made us fall in love with the Yakima Valley. These people, the O. E. Herzemeier family, left Memphis some 13 years ago. More about these friends later.

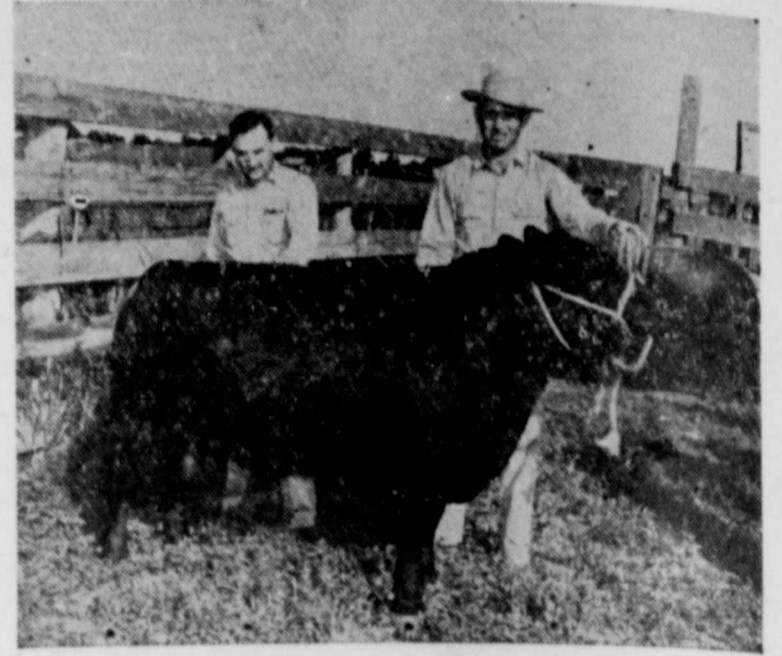

From Yakima we went to Seattle, on the Puget Sound. Spent

in the ocean. Now we are right on the Pacific Ocean for us home in about a where we will enjoy resting seeing all our friends.

Make The Most Of Autumn

Certainly you will want to make the most of everything that the wonderful autumn season brings—the zesty air, the brilliant colors, the rich ripe harvest of fruits and vegetables. Winter's frosty fingers will whisk away these pleasures soon enough. It's only natural to want to spend the remaining pleasant days out-of-doors, so timesaving recipes and menus are the order of the day, especially when they include some of autumn's bountiful harvest. For instance, grapes—succulent jewels of the season—make a perfect dessert served in this Lime Bavarian Mold. Made with fruit-flavored gelatin, it's quick, easy and chock full of a fruit that everybody loves. No tedious preparation here, yet the appearance is so unusual that it's hard to believe that you can make it so simply. Try it and see for yourself!

Grape Lime Bavarian Mold
1 package lime-flavored gelatin
1 cup hot water
1 cup cold water
1/2 cup halved white seedless grapes
1/2 cup cream, whipped
Dissolve gelatin in hot water. Add cold water. Chill 1 1/2 cups gelatin until slightly thickened. Add grapes and turn into 1-quart mold. Chill until firm. Chill remaining gelatin until slightly thickened. Place in bowl of ice and water and whip with rotary egg beater until fluffy and thick like whipped cream. Fold in cream. Pipe lightly on firm gelatin in mold. Chill until firm. Unmold and garnish with additional grapes. Makes 6 to 8 servings.

City Federation Meets In Regular Session Saturday

The City Federation of Women's Clubs met in regular session Saturday afternoon, September 1, in the home of the president, Mrs. W. H. Monzingo.

During the business session plans were discussed for the coming year's work and the group decided that the yard contest scheduled for September would not be held. This decision was made due to the fact that citizens were unable to care for the yards because of the water shortage. Prizes will be awarded according to points received in the first judging. Mrs. Lynn McKown was named chairman and Mrs. Clarence Morris co-chairman of a committee appointed to investigate the possibilities of a youth week in cooperation with government classes in the school. Members present were Mrs. Bray Cook, Mrs. T. J. Dunbar and Mrs. E. M. Wilson, 1913 Study Club; Mrs. Gene Chamberlain, Mrs. W. H. Monzingo and Mrs. Earl Pritchett, Pathfinders' Council; Mrs. Clarence Stroehle, Mrs. Clarence Morris and Mrs. Lynn McKown, Delphian; Mrs. Edwin A. Smith Jr., and Mrs. T. M. Isham, Atlantean Club; Mrs. T. O. Pounds and Mrs. H. C. Pounds, Legion Auxiliary; Mrs. Carl Kulp, VFW Auxiliary.

Wesley SS Class Enjoys Luncheon At Church Thurs.

The Daughters of the Wesley Sunday School Class of the First Baptist Church enjoyed a luncheon in the basement of the church Thursday, September 6. This was the first of four socials planned for the year.

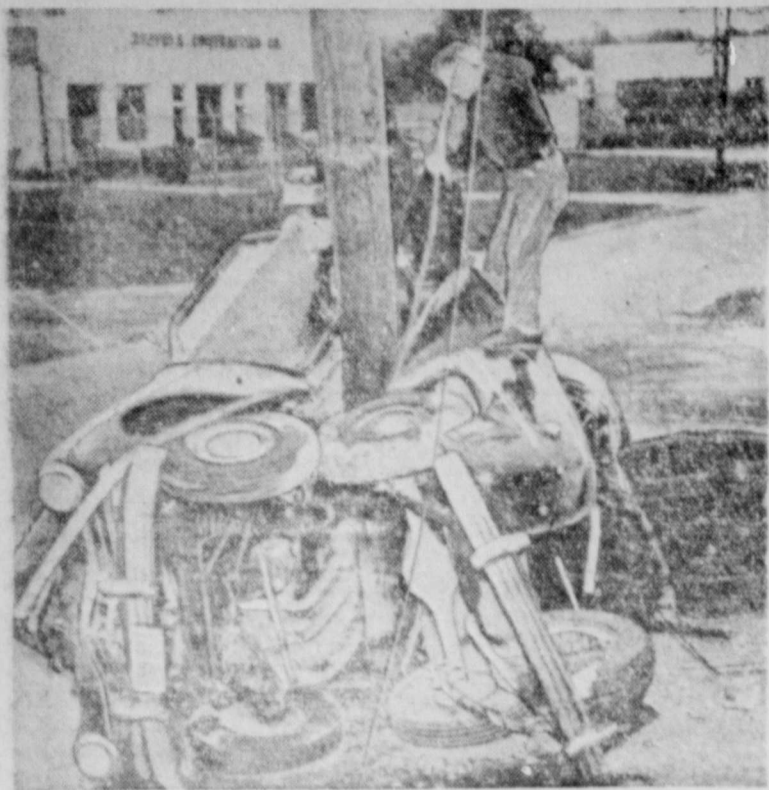

Mrs. Robert Cummings, president, presided. Included on the program were the following numbers: Song "What A Friend We Have in Jesus," Devotional, "In the Beginning," Mrs. Rice; "The Requirements of Worship," Mrs. Chas. Webster; poem, "Do You Just Belong," Mrs. Gerlach. Mrs. Gunstream gave the quarterly report. Members present were Mmes. C. R. Webster, Brice Webster, O. M. Gunstream, Myrtis Phelan, T. J. Hampton, W. F. McElreath, E. E. Rice, Sid Baker, G. M. Duran, A. Gerlach, Mary Lou Erwin, D. W. McCollum, Bess Crump, R. C. Cummings, Florena McElreath and Frank Wright. Guests present were Rev. and Mrs. Davidson and Mrs. R. V. Messer.

Minister and Mrs. B. M. Litton have returned home following a three weeks trip. While gone Minister Litton conducted a revival in Maryland. His parents, Mr. and Mrs. Litton of Tennessee, are visiting here this week in the Litton home. Mrs. Conrad Hatchett of Quana and Mrs. Henard of Wellington visited her two days this week with their sister, Mrs. Frank Wright.

Blue Bonnet Club Opens Year With Fall Brunch

The Blue Bonnet Needle Club met in the home of Mrs. Claud Johnson for a lovely fall brunch Thursday morning.

Places were laid for the group at one long table and one identical small table. The tables were covered with cutwork linen and centered with crystal bowls of cut flowers. Assisted by Mrs. Chas. Meacham and Mrs. Lloyd Phillips, members of the social committee, the hostess served the following menu: fruit juices, frosted grapes french toast, canadian bacon, baked eggs, fruits, jelly, preserves and hot biscuits. The group enjoyed visiting and a short business session was conducted. Those present were Mmes. Minnie Lou Potts, Gussie Jones, Eula Boren, Fern Boone, Hucie Lindsey, Essie Cullin, Mabel Meacham, Margaret Phillips and Winnie Johnson.

ENDS DO MEET . . . Despite fact that car front and rear ends kissed around telephone pole at Norfolk, Va., driver and one passenger were only slightly injured. Accident cause was unknown.

"IF YOU COULD GIVE HIM ONE GREAT GIFT..."

... one gift to face the future with, to make his life richer and happier—what would it be?

For parents who know what it takes to grow up and survive in times like these, there's only one answer—a first-rate education.

Never before in our history have we needed straight-thinking, well-balanced Americans so much as we need them now—and for the years ahead. Yet never before have our schools been so hard-pressed to provide the education that builds just such Americans.

CHRYSLER INTRODUCES SARATOGA MODELS

DISPLAY—The new 1951 Chrysler line is on display at Kermit Monzingo Showroom among the new Chryslers for this year is the Saratoga model powered by the 180-horsepower FirePower V-8 engine, which previously has been available only in the longer-based New Yorker, Imperial and Crown Imperial models. With a wheelbase of 125½ inches, the Saratoga will be available in the six-passenger sedan pictured above, eight-passenger sedan, limousine, club coupe and the Town and Country wagon.

Saratoga Chrysler On Display Kermit Monzingo Showroom

In addition to the Chrysler Saratoga model—is on display at the Memphis showroom at Kermit Monzingo this week. Powered by the revolutionary 180-horsepower FirePower V-8 engine, which has a sensation in the motor industry this year. To date this is the most powerful passenger engine in production to be available only in the longer New Yorker, Imperial Crown Imperial models. Saratoga has a wheelbase of 125½ inches. The Saratoga models have the new overflow shock absorbers. They feature the Chrysler Drive which permits driving without gear. Chrysler Fluid-Torque is had at extra cost. At extra cost on Saratoga is Chrysler's exclu-

sive Hydraguide power steering, which permits fingertip control of the car at all times, providing more convenient, safer driving. Saratogas will have a standard equipment Chrysler's power brakes which utilize intake manifold vacuum to multiply the braking power of the hydraulic braking system. For fast stops at high speeds they require only one-third the pedal pressure needed to stop a car not equipped with the power braking unit. The Saratogas will be built in five body styles—six and eight passenger sedans, limousines, club coupes and Town and Country wagons. Interiors of Saratoga models are styled in keeping with the high-fashion, luxurious exteriors. Standard upholstery in the sedans Club coupes, and limousines comes in gray, tan or green chain broad cloth fabrics to harmonize with the body color selections available.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

VET PROBLEMS AND ANSWERS

Q. I want to name my two children as beneficiaries of my National Service Life Insurance policy, but I'd like to arrange things so that one of them will receive 60 percent of the insurance and the other 40 percent. Is it possible to do this?

A. Yes. You may specify exactly how you want your insurance money paid out, in addition to specifying who is to get the money. Any VA office will help you with the details.

Q. I'm a soldier, badly hurt in line of duty, and expect to be discharged from service soon. While I'm in the service, I'm covered by the free \$10,000 indemnity insurance, but that coverage will stop 120 days after my discharge. What type of GI insurance may I get afterwards? I realize I'll have to pay for this coverage.

A. After your discharge, you will have two choices: (1) the five-year level premium term policy, issued without a physical examination, but for which you must apply to VA within 120 days of your separation from service, or (2) any plan of the special NSLI that is issued only to disabled veterans. You may apply to VA for this within one year from the date VA finds you are suffering from disabilities for which compensation would be payable. In either case, any VA contact representative can supply you with further details.

Before 1800 there were 21 newspapers attempted west of the mountains and eight of these were in Kentucky.

A printing press was set up in Williamsburg, Virginia, in 1682, but immediately suppressed by the royal governor, Sir William Berkeley.

The first continuously published American newspaper was the Boston News-Letter, founded by John Campbell on April 24, 1704, and continued for 72 years.

The first newspaper west of the Alleghenies was the Pittsburg Gazette, founded by John Acull and Joseph Hall in 1786.

KEY TO HAPPINESS

With health, everything is a source of pleasure; without it, nothing else, whatever it may be, is enjoyable. It follows that the key to happiness is to sacrifice health for any kind of happiness, whatever it may be. "Pain, advancement, learning, for fame, pleasure, then, for fleeting sensual pleasures," advised Schopenhauer.

Hope you all go out to see the Hall County Livestock Show Saturday at the Memphis Compress buildings. It will surprise you the number and the quality of livestock some of the local cattlemen around here have. They have some topnotch animals promised for the show and you may have a chance to see future winners of other fairs if you see them Saturday. Some of the animals later will be entered in the Tri-State Fair, the Texas-Oklahoma Fair and others this fall.

I guess summer is on the way out. Until the rain came though you couldn't tell it. However, one of the boys in the back who gets the ice for the water cooler every day stopped this week. When asked about some cool water, he said well September was here and summer was supposed to be over, in the fall you don't need ice water well that's one way of finding out I guess.

Heard of a little incident last week that sounds just like a bunch of kids. Several teen-agers wound up in the hospital here after a carload of kids who had loaded up with watermelons from a farmer's field near Estelline was rammed by another carload of kids driving into the field for the same purpose. It seems neither of the cars was driving with lights and in the dark, they ran together. No one was hurt too seriously, but it sure was amusing the different versions of the story they all told.

Best way to get a move on

Ask any GMC owner about hauling performance.

For when it comes to packing home a pay load—he's got a lot of solid experience.

He knows what the right kind of horsepower can do for trucking profits. Whether he powers his load with a gasoline pickup model—or requires one of the sensational new GM-Diesel "Million-Milers"—he's right in the driver's seat for performance unexcelled by any other carrier in its class.

But he's not just "riding an engine." He'll tell you the way his GMC shoulders the load, year after year, is proof of perfect teamwork of axle, chassis and frame—truck-engineered to outlast anything on the roads today.

Want to profit by the same long-time benefits of GMC's truck-building experience? Let us recommend the right combination of hauling performance to fit your particular needs.

A Time To Be Heard

Every thoughtful American favors a defense program that will keep the U. S. free. The big defense job alone means high taxes. However, let's leave that to one side. Let's just look at the non-defense picture.

The Federal non-defense expenditures of our government in 1930 were \$2.7 billions. Last year they were \$27.8 billions. Ten times as much! Was government ten times as useful to the people? And every dollar of taxes comes, one way or another, from the earnings of the people.

The Administration has encouraged the illusion that heavier taxation will reduce the inflation. That's the natural idea for the power-hungry politicians around Mr. Truman to adopt. They get to spend the tax money. They spend all they get and more. If taxes do not take it, people can spend it themselves, or save it.

Can you explain why it causes inflation for you to spend a dollar you earn, but does not cause inflation if the government spends it?

Suppose you buy a pound of hamburger. Sure, that's demand against the meat supply. Could be inflationary.

Suppose you get a government job, and from your tax-paid salary buy a pound of hamburger. Is that less inflationary?

If taxes were high enough so that the government took in as much as it now spends, more inflation would result. Why? Because every one would try to raise his wages or prices to get enough extra money to pay his taxes, and to keep his take-home pay the same or better. More taxes are not the right answer to inflation.

The right answer is fairer taxes and less spending, among other things.

No Administration voice is raised for less spending. We heard Secretary of the Treasury Snyder the other day insist that the people must be encouraged to be thrifty and buy bonds. He said not a word about the encouraging the government to be thrifty.

The Hoover Report two years ago showed how \$5.4 billions could be saved, just by improved government house-keeping. What happened. About \$2 billions' worth out of 300 definite suggestions were adopted by the last Congress. This Congress has adopted just one, and the other \$3.5 billions still goes down the waste spout. Senator Byrd and other authorities say that \$8 billions to \$10 billions can be cut out.

Plainly, the government does not have to cost \$27 billions for non-military services. But it will go on costing that much and more as long as spending gets more votes than saving. Those who never protest are always counted in favor of spending.

How well does the Administration know what it is doing? Last February President Truman said that government would need \$16 billions in new taxes to pay its way this year. In April Secretary Snyder thought \$10 billions would do. Now the house has passed a politically designed bill for \$7.2 billions—a bill that will encourage inflation, reduce the incentive to work, and that is thoroughly unscientific. It is now before the Senate.

The appropriations are still to come. Will the people get out their pens and pencils and tell Congress to stop throwing their money away?

Elections are only 14 months away! Now is a good time to be heard.
—The Farm Journal

NEVER-ENDING BATTLE

Press Paragraphs— QUOTING OUR NEIGHBORS

YOUR FUTURE

The Associated Press recently carried a very interesting little story, based on information provided by Commerce Clearing House, an organization that is concerned with tax and business law.

According to the story, "If you are a 29-year-old average male, you can look forward to paying a minimum of \$34,700 in taxes by the time you are 65." This average 29-year-old earns \$4300 a year, and has a mortgage home and two children. Of that \$34,700 tax bill of real property taxes, social security, gasoline, state income, various excise and "luxury" taxes and so down the long list.

The \$34,700 figure, remember, is a minimum. No one can forecast the future with accuracy. If government goes on with the prodigal waste that has characterized it for a generation, the ultimate tax bill for the 29-year-old average man and everyone else will be far higher. On top of that, more government-induced inflation will sharply reduce the purchasing power of what little money we have left after the tax collector gets through.

It is commonly argued that wars and the threat of more wars make these tremendous taxes inevitable. That's an easy alibi for the professional bureaucrats, but it won't hold water, the most

thorough studies indicate that Federal spending for just the single current fiscal year could be cut as much as \$10,000,000,000 without affecting the defense program in any way. Government is now the greatest squanderer of our money and resources and labor—and you pay for it whether you're 29, 59, or 99.
—Industrial Review

"As recently as June 11, Dave Beck, executive vice-president of the AFL's International Brotherhood of Teamsters, warned in a nation-wide broadcast on 'Government Medicine—Danger Ahead!': 'Labor unions are in the forefront

of voluntary health insurance development. There are now more than 72 million people insured under one or another of the pre-paid medical plans. It is compulsion and interference with our individual freedom and initiative which lead to state control—dictatorship, Fascism, Communism. We want none of these things in America."
Beverly Hills, Calif., Citizen

"An individual—knows to avoid fire—after having been burned. But the American government, after dabbling time and again into economic controls and regulation of industry—apparently is coming back for more. And the next generation will be called upon for the same."
—Athens, Texas, Daily Review

Jug Line Catches Big Blue Cat For B. H. Hayes

B. F. Hayes, local Memphis cafe owner, places a lot of belief in the old jug line method of fishing after landing a whopper catfish weighing 15½ pounds recently from Brookhollow Country Club Lake.

Hayes caught the blue catfish Labor Day morning while fishing with a jug line using brim and goggle eye for bait.

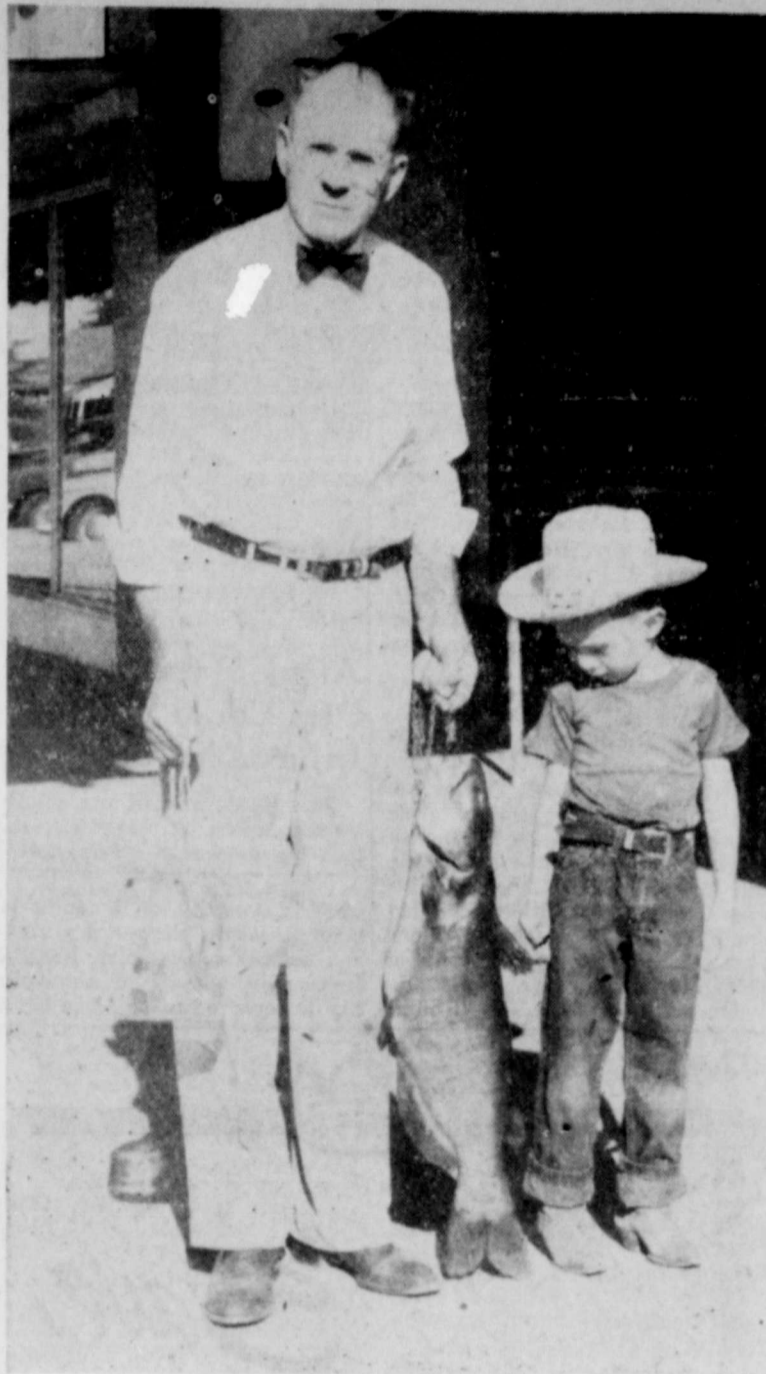

This week he caught another catfish weighing about 14 pounds in the same manner.

New Ferguson Tractor Now On nDisplay

The new Ferguson "30" farm tractor, latest development in the farm machinery field, went on display in Memphis last Saturday at the Ferguson Showroom of Hickey Motor Company.

Gerald Hickey returned last week from a dealers meeting in Dallas where the new Ferguson tractor was displayed to dealers. The Ferguson "30" incorporates a host of new developments and features a new valve-in-head engine which develops 20 percent

greater horsepower than the previous model.

After watching the tractor in operation Hickey called the new model a "significant development

in power farming, combining the durability and power of a large tractor with the economy and adaptability of the smaller type."

Through the transfer of weight from the implement to the rear axle of the tractor, it supplies the necessary traction to enable a lighter machine to do the work which previously required heavy fuel consuming tractors. The Ferguson system also introduced hydraulically operated implements, enabling the farmer to control implements from the seat of the tractor, an innovation that has materially reduced the time and labor involved in farming.

Particular stress on the torque characteristics of the Ferguson "30" were made by Hickey. Torque or "lugging" ability as produced by the "30" enables it to increase its power to offset increased soil resistance which slows down the speed of the engine.

Other numerous improvements in the final drive, air-fuel system

Baptist Group To Meet Thurs.

The regular monthly meeting of Panhandle Baptist Association Brotherhood will meet at First Baptist Church Thursday evening.

The program begins at 7:30 p. m. P. C. Messer of Clarendon is the program chairman.

Officers for the new year will be elected at this meeting. Representatives from the thirteen Baptist Churches in Panhandle Association are expected. Visitors are also welcome at these meetings.

and lubrication system insure longer life and increased efficiency despite the greater engine power, Hickey pointed out.

The Ferguson line includes 63 system implements as well as the tractor.

Westinghouse Dealers For The Memphis Area

Recently we purchased the Westinghouse dealership in Memphis from W. H. Monzingo, and are now selling and servicing this famous line of appliances. In the transaction, we bought the entire stock of appliances owned by Mr. Monzingo, including Refrigerators, Home Freezers, Radios, Stoves, Sewing Machines, Vacuum Sweepers, Toasters, Mixers, Irons, etc.

For the present, we are continuing to operate our business at 614 Main Street, in the same building occupied by W. H. Monzingo Motors. We will be located here until adequate quarters are obtained in some building here in Memphis.

We will also handle a full line of Air Conditioners, featuring the Magic-Aire line. We are also dealers for O'Keefe-Merritt Gas Ranges.

Another important phase of our business is the servicing of all kinds of electrical appliances. Remember, this is an Authorized Service Station for most lines of appliances. We guarantee this type of work.

See us for anything you might need in the home appliance line. We're proud of the reputation earned by the name "Westinghouse" in this area, and will do everything we can satisfy our customers in every deal.

Recruiting News Announced By Childress Sergeant

M-Sgt. John Gaskill, local army and air force recruiting sergeant at Childress has announced that selective service registrants who have been given their preinduction physical examination and who have not received their induction notification may enlist in the army for two or three years or the air force for four years.
Sgt. Gaskill also added there is no waiting list for enlistments in either branch of the service.
Sgt. Gaskill will be on leave between September 15 and September 30 and anyone desiring to enlist or needing information should contact the main recruiting station 312 E. 5th street, Amarillo.

In 1765 about five percent of the families in the American colonies received a newspaper weekly, and these were passed from hand to hand and read by many persons.

Let's Go Cyclones

Tulia Clips Cyclones 33-7 In First Game

An outmatched Cyclone eleven lost the first game of the 1951 football season to Tulia last Friday evening to the tune of 33-7. The non-conference tilt was played on the Hornet field against one of the strongest teams in this section of the Panhandle.

Coach John Hansard's boys showed plenty of spirit through all four quarters of the game, although driving rain and a high wind kept them in the hole during the last quarter. Outstanding in the line were Vinson and Jenkins, big tackles, who, for the first half stopped just about everything that came their way. Also playing heads-up ball all the way were seniors Max Kennedy and Charles Messer.

Thriller for Cyclone fans was the pass interception by Julius Stevens in last minutes of the second quarter. Stevens snatched the toss out of the air on the 50-yard marker, put on a burst of speed around the left side of the field, and crossed the gold line standing up.

The game opened with Tulia kicking off. Harvey Kennedy took the ball on his 14 yard line and returned it to the Cyclone 30. After three tries through the line and a 5-yard penalty for offside, Lee punted to midfield. In 10 plays, all going through the line, the Hornets carried over for their first touchdown, gathering 3 first downs in the drive. The try for extra point was good.

After receiving kick-off, Lee quick-kicked on the first play placing the ball on Hornet 25 yard line. After three attempts through Cyclone line, Luke punted to the Memphis 42. On third play, the Cyclone fumbled and Tulia recovered on Memphis 43. For four times, the Hornet back hit the Cyclone line and failed to make first down, giving ball to Memphis on their 42. The quarter ended after on play. Score: 7-0.

Second Quarter
After two more attempts through line, Lee punted. Kennedy smeared receiver on Hornet 15. Two attempts through tackle netted Hutson only two yards, and on third try, Corley recovered a fumble on Hornet 25. After slight gain on ground in two attempts, Lee's pass was intercepted by Poage, placing ball on the 36 yard line.

The Hornets took over on their 20, where a fumble placed the ball in the hands of the Cyclone. In this drive, Tulia racked up five first downs. Cyclones failed to gain necessary 10 due to back-field in motion penalty, and Lee punted.

The Hornets took over on their 32. After picking up a first down, Luke tossed a pass, which was intercepted by Stevens. He circled left end on a 50-yard jaunt for the Cyclone's first tally. Ronnie Maek Smith kicked the extra point.

On the kickoff, the ball was returned by the Hornets to midfield as the half ended. Score: 7-7.

Third Quarter
On Messer's kick-off starting the third quarter, Luke returned to his 31. After three tries for very little gain, Luke punted, placing ball on Memphis 46. On third attempt, Lee fumbled, and Messer recovered on the 49. Two plays later, another fumble, and gave ball to Tulia on their 46. On their first play, the Hornets fumbled with Memphis recovering on their 44 yard line.

After four tries, ball went over on downs. Three attempts through tackle failed to gain, and Luke punted to Cyclone 10. Lee punted to his 45 after two tries into the line. On the first play, Hutson ripped through right tackle for a touchdown run of 55 yards. Try for extra point was good.

On kick-off, Cyclone put the ball in play on their 31. Miller picked up two yards through tackle as quarter ended. Score: 14-7.

Fourth Quarter
After two more attempts, Lee punted to Tulia 47. In six at-

Attempts, Nelson, Hutson and Duke set up another touchdown by driving to Cyclone 12, where Newby circled right end for score. Luke added another point with his kick.

The Cyclones took the ball on their 20 after the kick-off, and after three attempts, Lee punted to his 30 yard line. In six more plays, Tulia carried over for another touchdown, and failed to get extra point.

On kick-off, the Cyclones put ball in play on their 15. A pass interception by Luke gave ball to Hornet's on Cyclone 10. In four tries, the team from Tulia annexed another 6 points. Their attempt for extra was blocked.

On the kickoff, Corley received the ball on his 5-yard line, and returned to the 35. After two attempts, the game ended. Score 33-7.
