Judges Pick New Names For Schools

Names for the two elementary schools in Memphis were chosen from more than 200 entries submitted in the School Naming Contest sponsored by PTAs of both schools and school officials.

The elementary school located in the south part of town which did house the junior high students is to be known as Stephen F. Austin Elementary School.

The new school under construction at present will be known as the William Travis Elementary School.

Two winners tied for prizes in naming both schools. All were school children. Linda Leslie, 714 Bradford and Marjorie Morrison, 903 South 9th, will receive checks for \$2.50 each for submitting the winning name of Stephen F. Austin Elementary School. Winner of the new school, William Travis Elementary School were Janie Bernal and Sam Bernal. They also will receive checks for \$2.50. The principals of the schools will receive the checks and award them to the winning students.

Judges of the contest included two mothers of pre-school children, two teachers and one school board member.

Decision of the judges were final and the names chosen will be used, Supt. W. C. Davis added.

Schools Dismiss For Cotton Picking

Announcement was made this week that county schools of Estelline, Turkey and Lakeview will dismiss Friday for two weeks for cotton picking season.

Coach Children named the probable starters as Jerry McQueen and Connie Edwards at ends, Algie Archer and Henry Vallance at tackles, Hayes Hammonds and either Raymond Wilson or Bobby Erwin at guards, Harley Von Simmons at center and Cleve Edwards at quarterback, Jackie Justice at left half, Jimmy Jenkins at fullback and either Lee Wadill or Dean Sustair at right half.

Several other of the boys will see plenty of action tonight, Childress added.

Rites Conducted For Joe McKee In Turkey Church

Funeral services for Joe Samuel McKee, 69, a long-time Hall County resident of Lodge and Turkey, who died Wednesday night were held Thursday afternoon at the Methodist Church in Turkey.

The Rev. Paul Eppler, pastor, conducted the service and burial was at Dreamland cemetery near Turkey under direction of Eudy Seale Funeral Home.

McKee was born in Mississippi but came to Texas and in 1908 married in Campbell, Tex. He and his wife moved to Hall County more than 25 years ago and lived near the community of Lodge before moving to Turkey.

MEMPHIS B&PW HOST TO STATE GROUPS OCT. 27

Representatives from 11 towns will be in Memphis October 27 and 28 as the local Business and Professional Club is host to the District 10 Conference of the Texas B & PW clubs, President Hattie Dem Thompson announced this week.

Approximately 125 B & PW club members from towns throughout the district are expected to attend. Towns in district 10 include Bowie, Childress, Crowell, Electra, Graham, Neocoma, Olney, Quanah, Vernon, Wellington and Wichita Falls.

Highlighting social activities of the meeting will be a banquet Saturday evening, a reception Saturday afternoon at the Methodist church and a luncheon Sunday noon.

Mrs. Minnie P. Cooper, president of Texas B&PW clubs, will be honor guest and speaker at the banquet on Saturday evening.

Mrs. Helen Givens, district director, will be in charge of the conference assisted by Mary Foreman who is serving as general chairman from the local club. Hattie Dem Thompson, president of the local club, will be official hostess.

Mrs. Charley Ward, regional director, will give the regional report at the opening session on Saturday. Other highlights of the program will be the outline of the recruiting of women into the armed forces by Roby E. Leighton, LCDR, W USNR.

Allyen Ater, president-elect of Texas B&PW clubs, will be in charge of the workshop to be held Sunday.

Three Women Win Top Honors In Yard Contest

Mrs. J. A. Odom Jr., Mrs. Wyley Whitley and Mrs. J. Claude Wells shared top honors as winners in the yard beautification contest were announced.

Each of the ladies won first in one of three classifications. Acting for the City Federation and the Memphis Chamber of Commerce, the garden committee, headed by Mrs. T. J. Dunbar, delivered prizes and ribbons last Friday to the winners.

The beautification contest was sponsored by the City Federation of Women's Clubs, and prizes were furnished by the Chamber of Commerce.

Winners were: New Yards—Mrs. J. A. Odom Jr., first; Dr. C. B. Dryden, second.

Old yards—Mrs. Wyley Whitley, first; Mrs. Baker Jones, second, and Mrs. N. M. Lindsey, third.

Most attractive outdoor living area—Mrs. J. Claude Wells, first; Mrs. J. E. Roper, second.

4-H CLUBS RE-ORGANIZE; ELECT NEW OFFICERS FOR 1951 TERM

Shivers Salutes Oil Industry

Official recognition came to the Texas oil industry today in the form of a proclamation issued by Governor Allan Shivers designating Oct. 14-20 "Oil Progress Week" in the Lone Star state. In this picture, Shivers signs the proclamation as Roy M. Stephens, Texas chairman of the Oil Industry Information Committee, looks on.

465 Students In Six Clubs Formed From Hall County

Final re-organization of the 4-H Clubs in Hall County involving more than 465 children were completed this week, according to County Agent W. B. Hooser.

The young people are enrolled in 4-H Clubs in Memphis, Lakeview, Turkey and Estelline. Already this year they have walked away with honors at the Tri-State Fair in Amarillo and at present some have entries in the Texas State Fair in Dallas.

Numerous other awards and honors have been named for members of local 4-H Clubs.

During re-organization, elections were held and new officers selected to take over for this school year.

Officers of the Lakeview high school include President Jake Hancock, Vice President Don Robinson, Sec.-Treas. Raymond Hall, Reporter Clayton Wells, Adult Leader-Teacher Loren Denton and Farm Sponsors J. B. Byars and O. M. Hancock. The club will meet every third Monday of the month at 11:20 a. m.

Officers of the Lakeview grade school include President Jimmy Don Malloy, Vice President Tony Malloy, Sec.-Treas. Rite Dorreit, Reporter Martha Joe Reed, Teacher W. L. Nailor and Farm Sponsors Alvin Malloy and W. E. Floyd. The club will meet on the third Monday at 10:30 a. m.

The Estelline officers include Pres. Barthol Ray Jones, Vice Pres. John Allen LeCompte, Sec.-Treas. Gayle Morrison, Reporter Don Ferrel and Adult Leaders C. O. Gregory and Huey Cook Jr. Farm sponsors are J. D. Cox and W. B. Davidson. Members will (Continued on page 8)

To Hold Children's Clinic Here Tuesday

A crippled children's clinic will be held here Tuesday at the annex of the Baptist Church from 9 to 5 for a nine-county area under the sponsorship of the Hall County Society for Crippled Children.

And assisted by the Business and Professional Women's Club, A' Morrah Shrine Club, Lions Club and the Red Cross.

The Hall County crippled children's clinic is under the Crippled Children's Division of the State Department of Health.

Any child 14 years of age or under with any type of physical handicap will be examined and if necessary, forms will be filled out to arrange for treatment.

The nine-county area to be included are: Armstrong, Donley, Hall, Briscoe, Motley, Collingsworth, Cottle and Hardeman.

Turkey Woman Dies Thursday Of Heart Attack

Funeral services for Mrs. H. K. Owens, 76, who died last Thursday at her home in Turkey after a heart attack, were held last weekend at the Hope Baptist Church.

Services were directed by Seale & Eudy Funeral Home and Pastor Glen Smith lead the singing. L. Stonecipher read the scripture, T. R. Shannon delivered the message and J. O. Richardson gave the prayer.

A member of the Hope Baptist Church, Mrs. Owens settled in Hall County in 1914 with her husband and family, and had lived here since.

She is survived by her husband, four sons: Homer of Skawhegan, Me., Ruben of Portales, N. M., Levi of Lubbock and Alpha of Denver City; three daughters, Mrs. Mary Bytell, Leona, Wyo., Mrs. Glene Edwards, Turkey and Mrs. Leona Taylor of Parnell; 27 grand children and 14 great grand children.

Cyclones To Invade Clarendon Fri. Night

After dropping a 7-0 ball game to Shamrock in the rain last Friday night, tomorrow night the Cyclones invade Clarendon for their sixth game of the season.

So far this year the Cyclones have lost four games and won only one in non-conference play. They have yet to face the Bronchos and the Canyon Eagles before conference play begins here November 2 against Wellington.

Harvey Kennedy received a bruised arm during practice this week and will probably miss the Clarendon game, Hansard said.

Coach John Hansard has reported most of his Cyclones in fair shape after their tussle with the Irishmen and are reported ready to go against Clarendon.

Starting line-up for the Cyclone will be about the same with many of the other boys getting into the game after the kick-off.

Messer and Miller will be at ends, Vinson and Jenkins at tackles, Monzingo and Allen at guards, Stevens at center, Max Kennedy at quarterback, Clyde Tampion at fullback and halfbacks will be either Ronnie Smith, Duke Frisbie or Carl Lee.

Hansard said he was well pleased with the Shamrock game and thought the boys were improving in each game. With two games left before conference play starts, the Cyclones expect to be more than a cellar contender as they were rated at the first of the season, he said.

So far this season, Clarendon has won three and dropped one.

Circular Letter--

address you this letter, because you are interested in agricultural development of our country. Realizing that on a farmer alone depends its future, that it remains with those who are to convince themselves, as well as enquiring people from other countries, that we have a considerable amount of producing other small grain, and that with the same industry we can have plenty of crops.

Therefore let us make this year a test, that we ourselves may know the success that awaits us, and the future of our country will then be solved. To that end a number of the people of Hall County have associated themselves together for the purpose and with the desire that every farmer in this county and adjoining sections (Continued on Page 8)

CLAUDE'S COMMENTS

By J. C. W.

The account of the trip we made to the Northwest should have been completed before this, and the readers would not be burdened with any more such if it were not for the fact that some of them insist the trip be completed. So here is the last.

Portland, Oregon, was our first stop after leaving Seattle. Here the great Columbia River, largest river flowing from U. S. into the Pacific Ocean, is a sight alone worth taking the trip. This great river furnishes power, water for irrigation, and a home for the great schools of salmon when they come back to fresh water after their sojourn somewhere in the salty ocean for three and a half years. On the river above Portland is one of the great dams of the country. Booneville is hundreds of feet high and stores a lot of water.

From Portland the route was through the Cascade Mountains on the Shasta Route of the Southern Pacific. Plenty more mountains, (Continued on Page 8)

RAY HUTCHERSON
NEW FFA HEAD

Rayford Hutcherson, the 17-year-old son of Mrs. Ida Hutcherson of 1014 Noel Street, was recently elected district FFA president.

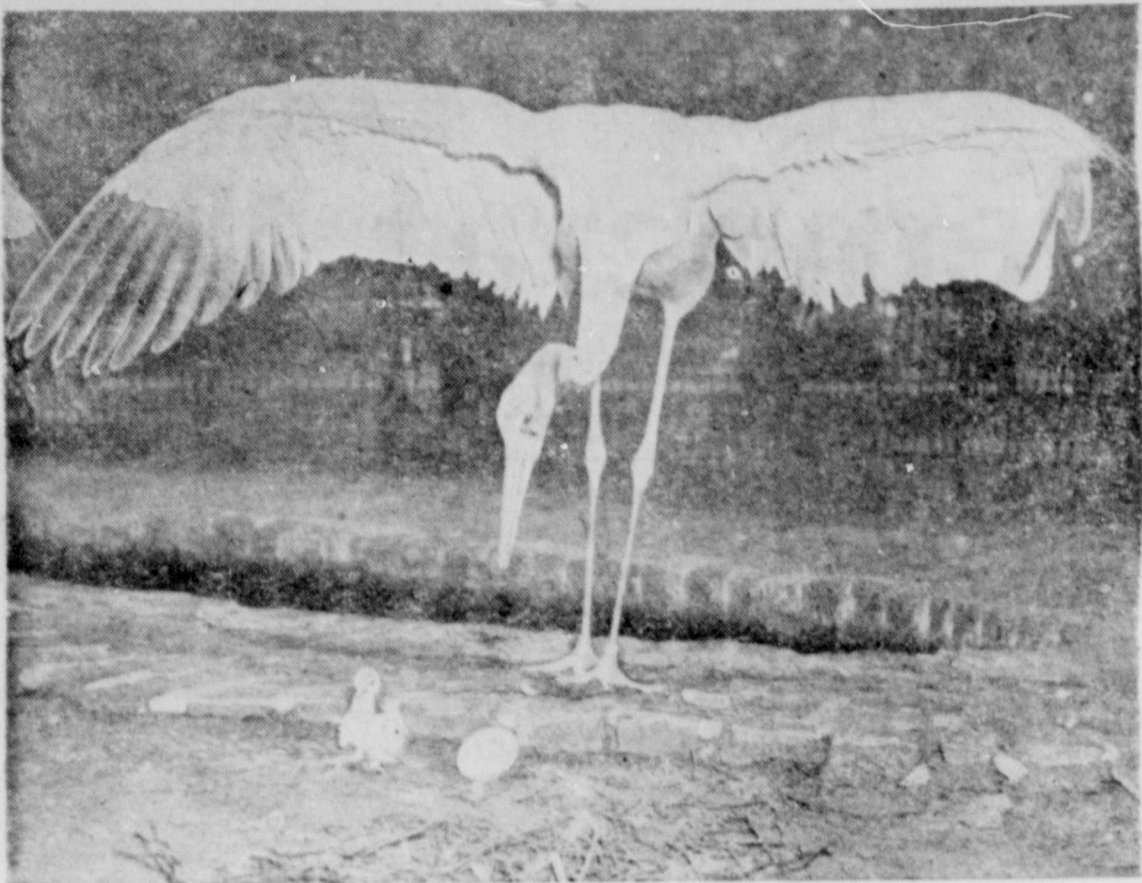

Rayford stated in his interview that Agriculture was his favorite subject under the supervision of Weldon McCreary.

He likes basketball, tennis, baseball, and table-tennis and participates in each of these activities.

When Rayford isn't farming you can find him in the kitchen eating chicken or in the movie watching Jane Powell and John Wayne.

Rayford is vice-president of the Memphis Chapter of FFA and a past reporter. He is also a projector operator.

He has not yet selected his college; but if he attends, agriculture, will be his major, he said.

MOM CRANE ADMIRES WHAT THE STORK BROUGHT . . . Mama Crane looks down on the chick just hatched from one of two eggs upon which she and Papa Crane have been sitting alternately for 30 days. The Crane family, natives of India, resides at Philadelphia zoo.

"THE BLINDFOLD TEST REALLY AMAZED ME"

-bumpy roads felt smooth as highways!"

Says MRS. MARGUERITE GUNN—
 "The Dodge Oriflow Ride is really never smooth. I took the Blindfold Test, and only after the blindfold was removed could I believe I'd been over such a rough, bumpy road."

Specifications and equipment subject to change without notice.

... let the Dodge Blindfold Test prove the new Dodge Oriflow Ride takes the bump bumps. Blindfolded, you travel a stretch of bumpy going. Yet with the new Dodge Oriflow you float along without pitch or bounce. You believe the bumps are there until your blindfold is removed!

... just one of the many extra-value features that makes you safe. There's "Watchtower" visibility. Interiors that give you full head, leg and shoulder room—so you can ride in comfort. Fluid Drive smooths all your starts and stops. Yes, you could pay hundreds of dollars more and not get all Dodge gives you. Come in today.

Mrs. Wilkinson Reviews Book For Estelline Club

"Eagle in the Sky" by Van Wyck Mason was reviewed by Mrs. C. E. Wilkinson for members of the 1932 Culture Club of Estelline on the evening of October 2. The meeting was held in the home of Mrs. R. V. Wood.

The kaleidoscopic view of Colonial Days showed in many trials through which the colonists went to make this land of freedom.

Delicious cake and coffee were served to the following members: Mmes. A. H. Bailey, J. A. Ballard, Hulien Clifton, Frank Cooper, W. B. Davidson, C. O. Gregory, Ben Jackson, Leon Phillips, J. B. Rapp, C. E. Wilkinson and these guests, Mrs. Huey Cook, Mrs. S. S. Cooper, Mrs. Alice Addins and Mrs. Ted Bruce.

Wesley Class Meets in Home of Mrs. R. Cummings

The Daughters of Wesley Sunday School Class met for the regular monthly session Thursday afternoon, Oct. 4, in the home of Mrs. Robert Cummings. Mesdames D. A. Neeley and Myrtis Phelan were co-hostesses.

The home was beautifully decorated with fall flowers of dallas and golden glow.

After a short business session by the president, Mrs. Cummings, Mrs. N. A. Hightower presented the following program: Mrs. Ollie Lee gave a story, telling of the origin of Halloween. The members answered to roll call with a "Who's Who", describing some member of the class and asking others to identify the member. Much merriment resulted and present had an opportunity to see themselves as others see them. After a song, Bless Be The Tie That Binds, Mrs. Hightower dismissed the meeting with prayer.

Lovely refreshments were served to the following members: Mesdames Bob Roberts, Brice Webster, Sidney Baker, J. L. Barnes, Bess Crump, G. M. Duren, Mary Lou Erwin, Louise Goffinet, N. A. Hightower, Dan McCollum, C. R. Webster, O. M. Gunstream, Frank Wright, the hostesses, Mesdames Cummings, Neeley and Phelan, and one guest, Mrs. Ollie Lee.

You get only the best service when you bring your car to Kermit Monzingo, your Chrysler-Plymouth dealer.

Society News

Any Old Cleaners For Sale?

Not just the cleaner you use every day, but vacuum cleaners made before 1912? Even before 1908 would be better. The engineering division of the Hoover company is trying to augment its unusual collection of "ancient" vacuum cleaners which go back to about 1870. They include some of the weirdest contraptions outside of Rube Goldberg. Three of those recently purchased are shown above. If you have one for sale write to R. L. Wearstler of the company at North Carolina.

Salisbury Club Members Enjoy Two Monthly Meets

Mrs. G. W. Lockhart, assisted by Mrs. Neal Sweatt, entertained members of the Salisbury Club Tuesday afternoon, October 2.

Club members brought needle work from home and enjoyed a social hour. Also a short business session was conducted by the president Mrs. Barnes at which members voted to cloth a boy at Boy's Ranch.

The hostess served sandwiches and punch to the following members: Mmes. Felix Jerrell, C. F. Stout, Cecil Lockhart, T. K. Wilton, E. L. McQueen Jr., John Nichols, Ira McQueen, Larry McQueen, E. L. McQueen, Sr., Jess

Mitchell, Ted Barnes, L. I. Davis, D. W. Lawrence and one guest, Mrs. Veteto.

The November meeting will be held in the home of Mrs. Larry McQueen with Mrs. Lorene Lockhart as co-hostess.

SEPTEMBER MEET

The September meeting of the Salisbury Club was held in the home of Mrs. E. Hutcherson with Mrs. Ted Barnes as cohostess.

A tasty refreshment plate was served during the social hour to the following: Mmes. G. W. Lockhart, D. W. Lawrence, Ira McQueen, Lary McQueen, John Nichols, C. F. Stout, L. I. Davis, Jess Mitchell, Felix Jerrell, Doc Messick, Ida Hutcherson, two guests, Mrs. Frank Smith and Mrs. Ella Wyatt.

Methodist WSCS Attends Program At Morningside

On Monday, September 8, the church women of the Morningside addition presented a program at their church for the Woman's Society of Christian Service of the First Methodist Church.

A program on the Christian community, missions and the Bible was presented in an interesting way. Songs and a prayer by Ara Burise concluded the program. Roxie Johnson was the leader and handicraft teacher.

This work was sponsored by the Methodist WSCS and an attractive display of stenciled cup towels, stockings, decorated plates, dyed scarfs, decalé glasses and embroidery was shown. The Morningside women had done the handicraft.

Mrs. N. A. Hightower gave an inspiring prayer.

The WSCS members present were Mmes. C. R. Webster, Anna Dickson, Mae Tarver, Frank Wright, J. M. Baker, Lee Brown, Myrtis Phelan, D. B. Kennedy, Bess Crump, Louis Goffinet, A. C. Hoffman, W. H. Monzingo, N. A. Hightower and Frank Foxhall. An offering was given to the Morningside church.

Guam Visitors Are Dinner Honorees

Honoring Mr. and Mrs. Fritz Crisler and son Courtney who are visiting here from Guam, Mrs. Ora Denny and Mrs. B. F. Denny entertained with a dinner Sunday.

The Crislers are enjoying a six week vacation here with her mother, Mrs. Ora Denny, and other relatives. Mr. Crisler is a civil service employee and has been working on Guam for the past three years and they plan to return there at the end of their vacation.

Places were laid for Mr. and Mrs. J. C. Roberts and son Denny of Abilene, Mrs. Hubert Long of Denton, Mr. and Mrs. Leek Moreman of Kingsville, Mrs. Don Leary of Estelline, Gladys Power Honorees, Mr. and Mrs. Crisler and Courtney and hostesses, Mrs. Ora Denny and Mrs. B. F. Denny.

Calling in the afternoon were Mr. and Mrs. D. R. Weston of Phillips, Mr. and Mrs. Carl Denny of Childress, Mrs. D. M. Jarrell and Mrs. Ed Atkins of Swearingen.

In every county in Texas there is a volunteer chapter of the March of Dimes organization which helps with patient-care of polio victims.

Fire Prevention Week?

Faced with a tricky and potentially dangerous grease fire this housewife is confused and helpless because the equipment she carries is the wrong kind. If she'd learned the lesson of Fire Prevention Week she'd know one kind of extinguisher from another, would not tackle a cooking fire with water or soda acid. With a handy Kidde carbon dioxide portable she could snuff out the blaze quickly and safely, without even spoiling the food.

Safety Health Club Organized By Fifth Grade

The two fifth grade sections in health, under the direction of Mrs. Forrest Hall and Billy Tate have met and organized a "Safety Health Club", with Quida Massey as president, Monty Monzingo vice president, Glenda Noah secretary, and reporter Teddie Jean Trulove.

The sections were broken up into the following committees and their chairmen, Activities: Ouida Massey, chairman, Glenda Noah secretary, Wanda Moore, Linda Widner, Teddy Wheeler, Glenn Callahan.

Safety Patrol: Billy Freeman, chairman, Vance Grisham, secretary, Billy Davis, John Pasley, James Archer.

Car and Bicycle: Neal Foxhall, chairman, David Kilgore, secretary, Mary Pruitt, Don Jones.

Playground Safety: Teddie Trulove chairman, Myrna Trussell secretary, Juanita Yarbrough, Evelyn Haire.

First Aid: Carol Callaway, chairman, Linda Collins, secretary, Lois Ann Clark, Joyce Hull, Sharon McCoy, Tommy Brewer, Louise Rogers.

Insects, Reptiles and Animals: Billy Whitten, chairman, Wayne Hartsell, secretary, Monty Monzingo, Del Davis, David Austin, Johnny Clay.

UDC Chapter Meets Tuesday In Moreman Home

The Winnie Davis Chapter of the United Daughters of the Confederacy, met in the home of Mrs. Herlie Moreman, Hodley at 3:30 in the afternoon of October 9th.

After a brief business session conducted by the President R. E. Clark, the program of the afternoon was opened with a prayer to the flags and U. D. C. "Worlds Greatest Men and Women Builders", was discussed by C. W. Brooms. Mrs. Moreman read a paper on "Sisterhood".

Following adjournment of the meeting a delicious luncheon was served to Mesdames: L. G. Lebeck, J. Hampton, C. W. Brooms, Odum, Frank Wright, G. Thompson, Emma Baker, H. Norman, R. E. Clark, Goodall and Mrs. Moreman.

Your old White Swan coupons are good for these new 60-gauge nylons.

White Swan AND BE SURE!

DeSoto-Plymouth Agency Moves To New Location

Announcement was made this week that Marcum Bros. Motor Company will move into a new location at 411 Neel Street, formerly occupied by Rice Motor Company.

Marcum Brothers will install a service station featuring Phillips 66 products in the front of the building and house their DeSoto-Plymouth agency and repair garage in other parts of the building.

E. E. Rice has made no announcement concerning his motor company.

Sgt. Jimmie Price And Mother Visit Friends Here

Mrs. Dave Price of Clayton, N. M. and son Sgt. Jimmie Price visited here over the weekend with friends. They were guests in the home of Mr. and Mrs. Joe Nelson and Mr. and Mrs. Sam Hamilton and other friends.

Sgt. Price recently returned from Japan and Korea where he spent the past 14 months and is enjoying a 30-day leave. Price was attached to the First Marine Air Wing. He is a graduate of the local high school.

SEARCH FOR PETROLEUM RANGES FAR AND WIDE

Lands leased for oil and gas exploration and development in the United States total about 322,800 square miles. This is approximately equivalent to the combined areas of the New England States, New York, New Jersey, Pennsylvania, Delaware, Virginia, Maryland, West Virginia and most of Indiana, and represents 10.6 per cent of the total land and inland water areas of the country.

equipment can be made in a time of crisis.

The Committee urges every rural Texan, young or old, to make a complete survey of all farm buildings for fire hazards and see that necessary steps are taken to remove these hazards. A well kept farmstead with everything in place and a place for everything will help keep fires away from your farm or ranch and will set an example for others to follow.

RESCUED . . . Jacqueline Wilson, Arlington, Va., stood on her head on contraption on which she should have seated herself. Firemen had to use bolt cutters to free her.

DRY-LAND "TANKER"

The French have come up with a huge 56-ton tank truck which can transport 44,000 gallons of oil at one time and which requires a six-man crew to operate. The personnel includes a chief driver, front and rear drivers, a mechanic, and two helpers who ride on outriggers at the rear to watch side clearances. The big truck was designed to cut transportation cost between Bordeaux and Le Havre.

Vena's New Dress Shop Has Formal Opening Saturday

Vena's dress shop held their grand opening last Saturday according to owner Mrs. Karl Kulp.

The shop will handle several well-known lines of women's wear plus accessories and lingerie, Mrs. Kulp stated. At present she is featuring dresses and suits by Prima Donna, sportswear in Donna Fogs, dresses by Clock Wise Fashions of Dallas, Sherry Kent dresses and Sorority Board dresses.

In blouses Vena's will handle Gay's Originals and Fussy Joe styles.

The shop is located on the North side of the square, 505 1/2 West Main. Hours from 8:30 until 5:50 and until 9 on Saturday evenings.

In addition to Mrs. Kulp, Mrs. Perry Hale will be a sales clerk.

Burl McClellan Completes School At Great Lakes

Burl McClellan, who completed Journalist School at Great Lakes Navy Base last week, visited here Tuesday night and Wednesday en route to Commerce for a 10-day visit with his parents.

McClellan who served as news editor for the Democrat prior to volunteering for service with the Navy 8 months ago, is en route to Treasure Island, Calif., for assignment on an aircraft carrier in the Pacific. He will be attached to the Flag Staff.

Girl Scouts Meet In Godfrey Home

Girl Scout Troop, Group 2, met at 4 o'clock Wednesday afternoon for the regular meeting in the home of the leader, Mrs. E. W. Godfrey, Jr.

New officers were elected for the following three months and included: president, Patricia Padgett; Barbara Shackelford, secretary-treasurer; Addie Lou Wells, historian.

Plans were made during the meeting to hold a rummage sale Saturday. Proceeds from the sale will be used for camp next summer.

Plans were also made for a Halloween party.

Those present were Betsy Godfrey, Jerita Hartman, Beverly McDaniel, Barbara Shackelford, Patricia Padgett, Patsy Godfrey, Beverly Bowerman, Beverly Middleton, Addie Lou Wells and Mrs. Godfrey.

Grand Jury Indicts Man on Rape Charge

Hall County Grand Jury returned one indictment last Thursday after a one-day session hearing evidence on two forgery charges and two rape cases.

Ezra Lee Bamberg, 30, was indicted on a charge of assault with attempt to rape.

No date for the trial has been set.

Cpl. James D. Childress, who has been here visiting his parents, Mr. and Mrs. H. E. Childress, for the past ten days, has returned to his base in Wyoming. Childress completed his schooling in teletype repair and will be permanently stationed there as an instructor.

EVERYONE LOVES JOLLY TIME POPCORN

DON'T let disease reduce your wheat yields

A study in contrasts shows wheat grower. The picture has been taken of covered smut, larger heads, from the same stand, that the "runt" could not have fallen if it had not fallen smut.

infested and healthy wheat in adjoining fields, under the same conditions of soil and sunshine. The healthy heads, however, were from seed that was treated with a fungicide before it was sown. The grower had his wheat treated with a fungicide that killed the

smut spores and prevented them from infecting the growing wheat plants. The "runt" head did not have the benefit of treatment.

Fortunately, not all wheat is blighted by smut. Losses from this fungus disease are high enough, however, to more than justify fungicidal dusting of all seed wheat. Its small cost of one to five cents per acre is very cheap insurance against crop disappointments that can take many dollars out of the wheat grower's pocket.

Talk with your County Agent. He can direct you to a nearby seed cleaning and treating machine.

Fire Prevention Week October 7-13

Over a million lives and more than \$100 million dollars in losses will be the toll fires in the nation this year. The Texas Farm and Ranch Committee, headed by J. Walter Hammond of Farm Bureau Federation, C. Martin, Texas Agricultural Extension Service, urges plans not only to observe Fire Prevention Week October 7-13, but to practice prevention every day.

or even hand sprayers can be successfully. There is a great need for more fire fighting equipment in most rural areas but that on hand should always be serviced and ready for immediate use.

Keep several barrels of water at strategic spots about the farmstead or better, if water under pressure is available, locate dry hydrants near the danger spots and see that sufficient hose is on hand to reach all buildings. The committee recommends that families hold fire drills occasionally. By doing this on a family and neighborhood basis, each individual will become familiar with his assignment and fuller use of available

CREATING CARS OF THE FUTURE

Maxine Regan, Chrysler Corporation designer, actually works on new designs for future cars at Chrysler Corporation's "New Worlds In Engineering" show which opens October 6 and runs through October 21 in the Automobile Building of the State Fair at Dallas. This exhibit is one of the seventy exhibits on display in this show which has drawn more than 250,000 people in New York, Boston and Pittsburgh during the past summer.

REPORT FROM WASHINGTON

By Walter Rogers
Congressman, 18th District

ADJOURNMENT OF CONGRESS: The Congress continues to grind towards adjournment. It is still conjectural as to when the necessary legislation will be ready for final decision. This could be within the next few days, or it could continue for several weeks. The major obstacle has been the appropriations bills—the failure of the House and the Senate to agree.

The bills have been in conference committees and they have been working long and exhaustive hours, under pressure from both the Senate and the House. The reason for dissatisfaction upon the part of many House members has been the continued insistence by a number of Members of Congress for a one-package bill.

Such a procedure is frowned upon by a number of the members with whom I agree, for the reason that it defeats the opportunity to vote separately on matters for which money is being spent. That is, the particular appropriations bill may include several matters that are excellent and one or two that are distasteful.

Under such a situation the member of Congress is left in the dilemma of having to vote against the entire bill or to swallow the distasteful part of it in order to vote for the good portions. It is my personal opinion that much time could have been saved and most of the matters disposed of by allowing separate votes on the several items.

It is entirely possible that when the bills come out of conference if the one-package theory is attempted, the Congress might recommit the bills with instructions for certain changes. This could cause delay that would prevent adjournment this year.

INVESTIGATIONS: The several investigations are proceeding on schedule. I have received some mail that is highly critical of the many investigations that Congress has had this year. Frankly, I am happy that the Congress has gone into these matters by its investigatory powers, so that the entire truth could be published.

No democratic government could last long if truth is suppressed. It is deplorable that some people would use the Congressional powers of investigation for po-

litical and personal gain and undertake to create confusion and ill will by suspicion and innuendo. The committees which are doing investigation work are trying to do a good job and are trying to dig out, in the final analysis, the truth, the whole truth and nothing but the truth. Such a result should be guiding light of any investigating body and the findings of that body should be made known to the entire citizenry, let the chips fall where they may.

INCREASE IN THE AIR FORCE: The proposed increase in the Air Force to approximately 140 groups will of course be of great interest to many of you. I have known for some time that such a program was looked upon with favor by some of the high officials in the Defense Department. This of course is going to cost a lot of money, and this must come from the present income of the Government and not from additional taxes.

FOREIGN AID: The foreign aid issue is still a primary issue here and will probably be settled just before Congress adjourns. Several billion dollars is a lot of money and I have not yet been able to convince myself that we can afford it in addition to the other burdens that we are now bearing.

RELIEF FOR ASTHMA SUFFERERS

Quick relief usually comes from the first dose of this new formula which acts to relieve congestion. People who formerly suffered with frightening choking, coughing, wheezing asthma attacks speak of welcome relief after using ASMACOL. ASMACOL costs \$2.50, but considering the relief you will experience, the \$2.50 it costs amounts to only a few pennies per dose. ASMACOL (caution, use only as directed) is sold with a money back guarantee if not delighted with results. Sold only by

FOWLERS DRUG

RELIEF FOR ASTHMA SUFFERERS

Quick relief usually comes from the first dose of this new formula which acts to relieve congestion. People who formerly suffered with frightening choking, coughing, wheezing asthma attacks speak of welcome relief after using ASMACOL. ASMACOL costs \$2.50, but considering the relief you will experience, the \$2.50 it costs amounts to only a few pennies per dose. ASMACOL (caution, use only as directed) is sold with a money back guarantee if not delighted with results. Sold only by

Here's Helena Rubinstein's new long-lasting nail polish to match Stay-Long lipstick!

AMAZING NEW NAIL POLISH HAS BUILT-IN BASE COAT

Helena Rubinstein's Stay-Long lipstick is the first really creamy indelible lipstick used by millions of women. It actually protects lips against dryness, lasts all day after blotting, and won't smear on anything!

What makes it so creamy and moist—and still indelible? Indelibase—an ingredient which combines super-lasting qualities with lubricating emollients.

Now Helena Rubinstein introduces nail polish with the same amazing Indelibase. It lasts much longer than ordinary polish, protects the nails themselves, and requires no undercoat (the base coat is built right in!)

There are 14 magnificent colors—12 matched to Stay-Long lipstick, plus 2 neutral tones.

You'll find Helena Rubinstein's remarkable new nail polish and famous Stay-Long lipstick here today.

CREATING CARS OF THE FUTURE

Maxine Regan, Chrysler Corporation designer, actually works on new designs for future cars at Chrysler Corporation's "New Worlds In Engineering" show which opens October 6 and runs through October 21 in the Automobile Building of the State Fair of Texas at Dallas. This exhibit is one of the seventy exhibits on display in this show which has drawn more than 250,000 people in New York, Boston and Pittsburgh during the past summer.

REPORT FROM WASHINGTON

By Walter Rogers
Congressman, 18th District

ADJOURNMENT OF CONGRESS: The Congress continues to grind towards adjournment. It is still conjectural as to when the necessary legislation will be ready for final decision. This could be within the next few days, or it could continue for several weeks. The major obstacle has been the appropriations bills—the failure of the House and the Senate to agree.

The bills have been in conference committees and they have been working long and exhaustive hours, under pressure from both the Senate and the House. The reason for dissatisfaction upon the part of many House members has been the continued insistence by a number of Members of Congress for a one-package bill.

Such a procedure is frowned upon by a number of the members with whom I agree, for the reason that it defeats the opportunity to vote separately on matters for which money is being spent. That is, the particular appropriations bill may include several matters that are excellent and one or two that are distasteful.

Under such a situation the member of Congress is left in the dilemma of having to vote against the entire bill or to swallow the distasteful part of it in order to vote for the good portions. It is my personal opinion that much time could have been saved and most of the matters disposed of by allowing separate votes on the several items.

It is entirely possible that when the bills come out of conference if the one-package theory is attempted, the Congress might recommit the bills with instructions for certain changes. This could cause delay that would prevent adjournment this year.

INVESTIGATIONS: The several investigations are proceeding on schedule. I have received some mail that is highly critical of the many investigations that Congress has had this year. Frankly, I am happy that the Congress has gone into these matters by its investigatory powers, so that the entire truth could be published.

No democratic government could last long if truth is suppressed. It is deplorable that some people would use the Congressional powers of investigation for po-

litical and personal gain and undertake to create confusion and ill will by suspicion and innuendo. The committees which are doing investigation work are trying to do a good job and are trying to dig out, in the final analysis, the truth, the whole truth and nothing but the truth. Such a result should be guiding light of any investigating body and the findings of that body should be made known to the entire citizenry, let the chips fall where they may.

INCREASE IN THE AIR FORCE: The proposed increase in the Air Force to approximately 140 groups will of course be of great interest to many of you. I have known for some time that such a program was looked upon with favor by some of the high officials in the Defense Department. This of course is going to cost a lot of money, and this must come from the present income of the Government and not from additional taxes.

FOREIGN AID: The foreign aid issue is still a primary issue here and will probably be settled just before Congress adjourns. Seven billion dollars is a lot of money and I have not yet been able to convince myself that we can afford it in addition to the other burdens that we are now bearing.

RELIEF FOR ASTHMA SUFFERERS

Quick relief usually comes from the first dose of this new formula which acts to relieve congestion. People who formerly suffered with frightening choking, coughing, wheezing asthma attacks speak of welcome relief after using ASMACOL. ASMACOL costs \$2.50, but considering the relief you will experience, the \$2.50 it costs amounts to only a few pennies per dose. ASMACOL (caution, use only as directed) is sold with a money back guarantee if not delighted with results. Sold only by

ing. If you have any suggestions please let me hear from you.

CONGRESSMAN PAT SUTTON OF TENNESSEE: My good friend Congressman Pat Sutton of Tennessee was the victim of an attempted armed robbery the other night. Pat is possessed of

plenty of courage and muscle. He clipped the would-be robber on the chin with a right, and kayoed him. Before he could get the police, the scoundrel had come to and departed. This little incident took place not too far from the Capitol building.

Locals and Personals

Home Ec Club Holds Formal Installation

The Home Economics Club held a formal installation for their new officers last Monday at 8 o'clock.

An impressive speech was made by the outgoing president, Betty Burnett, as she presented the gavel to Nancy Brewer for '51-'52. As each new officer took her place she stated her duties in the Homemaking Club.

Nancy Brewer expressed her appreciation for being elected to the presidency. Then the new members of the club, guided by Betty Kennon and Janice Anthony, came to the front of the room where Nancy, assisted by Yvonne Sturdevant, fastened the red and white pins on them. When seated Johnny McDaniel and Peggy Evans passed small white candles on red paper. After the candles were lighted, the club song was sung and the meeting was adjourned.

Refreshments of pink lemonade and cup cakes were served to the visitors, new and old members and the Home Ec. chapter mother, Mrs. Idell Burnett. "The Home Ec. girls would like to welcome Idell into their club", stated the club president.

The new officers and members are: President, Nancy Brewer; Vice President, Barbara Edmondson; Secretary, Shirley Miller; Treasurer, Barbara Edmondson; Reporter, Yvonne Sturdevant; Parliamentarian, Marilyn Burnett; Song Leader, Beverly Snell; Historian, Billie Hartman; Pianist, Kathryn Wright; chapter mother, Idell Burnett.

Other members are Rita Benton

New Sweetheart Named By Local FFA Chapter

The Memphis FFA chapter held its monthly meeting last Tuesday at 7:30 p. m. in the high school building.

The following committees were appointed:

Initiation, chairman, Charles Hartman, Don Lee, and Harvey Kennedy.

Finance, Frank Norman, John Foster and John Guthrie.

Banquet, Jimmy Morrison, Larry Gillespie and Troy Taylor.

One of the most important events of the meeting was the election of Betty Burnett, who was nominated and elected by majority vote for FFA Sweetheart. Betty, who lives on a farm near Plasko, knows and understands FFA work. She will have the opportunity of entering the district FFA Beauty contest. Betty will also be an honored guest at the District banquet which will be held in Memphis.

Those present for the meeting were: Larry Gillespie, Harvey Kennedy, Vance Adams, Troy Taylor, Don Lee, John Guthrie, Bobby Mitchell, Don Stewart, Rayford Hutcherson, John Foster, Charles Hartman, Duane Miller, Jimmy Morrison, Frank Norman, Troy Phillips, Don Beasley, Dempsey Archer and the advisor Weldon McCreary.

Student Council Attends Childress District Meet

The District 3-AA Student Council met in Childress last Tuesday morning with representatives from Memphis, Childress, Paducah and Wellington high schools.

The Council assembled in the Childress High School at 10 o'clock. They adopted a preamble for the constitution of the sports-ship code and discussed the different customers in their respective schools. Ideas were exchanged pertaining to certain activities in each school's curriculum. The group adjourned at 12 o'clock when they had lunch in the high school cafeteria.

Students of Childress High School escorted the visiting representatives around their school during the free period.

The council resumed the meeting at 12:30. Committees were appointed to write the articles of the constitution and present them before the Council for discussion. Each committee's article was accepted and the next meeting was scheduled for the first Tuesday in February at Childress High School. The Council adjourned and the students returned to their respective communities.

Representatives from Memphis were Betty Burnett, Margaret Massey, Max Kennedy, Jacky Gilbert and Superintendent W. C. Davis.

Students Begin Monthly Practice On Fire Drills

Three clangs rang through the high school building Wednesday to begin the series of fire drills which are required during the nine months of school days.

The boys and girls filed orderly out of the building and onto the campus where they awaited the signal to file back into the building.

The school is required to have at least two drills a month in order to train the boys and girls how to leave the building orderly in case of an emergency.

ATTENDANCE

The average daily attendance for the first month of the school year was 320 which made a 98 per cent attendance, reported George Childress, high school principal.

The number of teachers employed is based upon the average daily attendance.

Press Headquarters, out beyond the Fair Grounds was the parking place where all the school buses that brought the 80,000 some odd school children were parked. Now I never before saw acres of orange school buses parked row on row for just about as far as the eye could see, but that was true as we looked out over the Pavilion yard. After seeing all those buses, I'm sure the 125,000 estimated wasn't far from correct.

After registration at noon, we attended the presentation of the musical fable of Broadway, "Guys and Dolls."

If you are like me you never have seen very many Broadway plays, Musical or otherwise. But sitting there Saturday afternoon watching stars that we had seen on the screen act before us, it made you realize that we were seeing the same thing people in New York see on Broadway.

As to our seats, well they couldn't have been better. On

OME GOOD NEWS ABOUT CANCER

Approximately one in four of the 158,000 lost each year in the United States from cancer could be saved if the knowledge already available could be made available to all--using that the knowledge is acted upon promptly. Here are the danger signals:

- 1. Lump or thickening, especially of the breast. 2. Irregular bleeding or discharge from any of the openings. 3. Sore that does not heal. 4. Persistent indigestion. 5. Sudden changes in the form or growth of a mole or wart. 6. Hoarseness persisting for two or three weeks. 7. Regional pain.

In the early stages cancer can be successfully arrested. Appearance of suspicious symptoms see your doctor for prompt, expert prescription service, call on us.

Durham's PRESCRIPTION PHARMACY MEMPHIS TEXAS

The fourth row from the front near the center. The musical play it's self was almost undecipherable. The stars, Allan Jones, Pamela Britton, Jeanne Bal and Julie Oshins were superlative in their parts. Maxie Rosen-

-WE BUY- Automobiles - Pickups Trucks - Farm Tractors and Machinery Junk Iron - Metals Old Batteries - Tires Tubes anything of value Memphis Garage & Salvage Co.

bloom, Sid Melton, Jack Prince and Paul Reed also added touches of brilliancy to the show. The story deals with the trials of a pretty Salvation Army Sergeant on Broadway and a big time gambler of the great White-Way. The songs and dances are exquisite and add to the enjoyment of the story. Among the outstanding songs featured in the musical play were "A Bushel and a Peck", "If I were A Bell", "I've Never Been In Love Before", "My Time of Day" and "Sit Down, You're Rockin' the Boat." plus many others. In all there were 22 songs featured in the play. In all it ran three hours counting the intermission, but throughout the entire show you scarcely noticed the passing of time. After "Guys and Dolls" we had about three hours until the Mis-

souri-SMU football game so we decided to see the Midway and the exhibits. The Midway was so crowded you could hardly navigate so we left it for the exhibits. They were so numerous it would take hours to describe but one outstanding farm exhibit we remembered was a big map of the state of Texas, so big that it covered a 75-foot space. It was on a slant and the entire platform rotated. On the map on the platform all the various, or at least a great many, of the products produced in this state were exhibited. A big white fluffy stalk of cotton was about where Memphis is located on the map. Other buildings on the 187-acre State Fair grounds housed the automobile show, where more models of automobiles were shown than I even knew were made. The latest inventions and accessories for the utmost comfort in luxurious automotive travel were on display. In the foods building, the land of plenty was minute in comparison with all the good looking things they had on display. In the science building engineering exhibits from Texas University and other Texas schools were shown plus exhibits displayed by branches of the Army, Navy, Marines and Air Force. The navy even had a Corsair Fighter plane on display outside the building and people were permitted to examine it closely. There were many more things we saw that there isn't room to relate. Officials of the Publicity Department of the State Fair were very nice to us and we did enjoy our stay.

That a Wonderful Story the Price Tag Tells!

Accessories and trim illustrated are subject to change without notice.

Would like you to come in and hear a wonderful story. Of all, it's the story of a car--a car whose name is respected and admired everywhere in America. We are sure the word "Pontiac" means something distinct and different from any other name in the car world. The word Pontiac means a solid citizen--a thoroughly reliable car--a beautiful car--a

car with a reputation for delivering years and years and years of driving pleasure. But there's another important part of this story you should hear: It's the wonderful story of Pontiac's price! For this great car, desirable as it is, is one of the lowest priced automobiles in America--just one step above the very lowest. Come in, get our deal--a wonderful story all the way around!

plate visiting the State Fair, there is nothing we recommend you do more than another, for you will enjoy any and all of it that you can manage to see. It almost like the Fair's slogan this year, "It's a Son-of-a-gun in '51." That's 30. Students Taught Major Sciences Biology, Chemistry, and General Science are being taught in high school under the instruction of Neville Wrenn along with Elementary Science for the 8th grade and Science and Health for 7th grade. There are two sections of the 7th grade with Miss Wrenn and Mrs. DeBerry as teachers. The major part of the work is done in the laboratory except the 7th and 8th grades. Most of their work is reading and class demonstration. "All students seem very interested in Science and they appreciate the fine equipment with which they have to work," reported Miss Wrenn. There is one severe shortage as there are only

four microscope to be used by 30 students enrolled in Biology. The Science department has an average of one picture every ten days for each of the sections. Usually the picture is viewed two or three times in order to assimilate the facts given. Let us help you keep your car in A-1 condition -- One-Stop Service; wash and lubrication a specialty. Wm. CAMERON & Co. HOME OF COMPLETE BUILDING SERVICE

PERSONALS

Brode Hoover is in Celeste working this week.

Pfc. Randolph Messer, stationed at Shepherd Field, Wichita Falls, spent the week end with his parents, Mr. and Mrs. Jesse Messer.

Mrs. Henry Miller and daughter Kathie of Dallas visited here Sunday night and Monday with her sisters, Mrs. Earl Miller and Mrs. Bert Miller.

Mr. and Mrs. Altus May and son, Richard, and Mrs. Ervin Brewer of Clovis, N. M. visited in the home of their parents, Mr. and Mrs. Bert Miller Sunday night.

Miss Adell Harrell of Andrews visited here over the weekend with her parents, Mr. and Mrs. T. E. Harrell.

Miss Norma Barnes who is a junior at North West Texas hospital was home over the weekend visiting her parents, Mr. and Mrs. Ted Barnes. She is in last of her surgical course.

Rev. and Mrs. Ernest Allred and son, Eugene of Napa, Calif. visited last week in the homes of Mr. and Mrs. Ernest Neel, Mr. and Mrs. Elmer Neel and sons and Mr. and Mrs. Paul Fielding and son. Rev. and Mrs. Allred formerly lived in Memphis fifteen years ago and are old friends of the Neels.

Mr. and Mrs. C. R. Sargent visited in Amarillo Sunday afternoon.

Mr. and Mrs. A. Womack visited in Amarillo Sunday with his mother, Mrs. Womack.

Dr. and Mrs. James Baldwin and sons, Bibby and Jimmy of Quanah visited in the home of his parents, Mr. and Mrs. Byron Baldwin Sunday.

Mrs. Lee Thornton and Mrs. A. Baldwin are visiting in Fort Worth and Dallas this week. Mrs. Thornton is visiting her daughter Mrs. Tim Pausel in Fort Worth and Mrs. Baldwin is visiting her son and family, Dr. and Mrs. Alvin Baldwin.

Mr. and Mrs. Gip McMurry and Myrtle Howard visited in Amarillo Sunday afternoon.

Mrs. C. B. Dryden and children are in Stevensville this week visiting her parents, Mr. and Mrs. Cox.

TINTING DOLL HAIR NEWEST PLAY THRILL

Photo by Efanber Dolls

Here's a wonderful new thrill for junior hair stylists. The Tintair doll with a specially treated Dyned wig makes it possible for the first time to change the personality of a doll by coloring the hair over and over again. A unique formula using harmless food coloring in carrot top and chestnut shades is featured in the hair coloring kit accompanying each doll; two brush applicators, a plastic dish and plastic curlers also are included. This miracle doll's hair can be shampooed, brushed and set as well as tinted, providing an all time high in play value.

Mr. and Mrs. Tommy Hulsey of Hereford visited here over the week end with her parents, Mr. and Mrs. Roy Guthrie.

Mr. and Mrs. A. Anisman went to Amarillo Tuesday afternoon where they will attend the Atonement Day services Wednesday there.

Dr. and Mrs. Ben R. Fisch and children are spending this week in Dallas with their parents, Mr. and Mrs. Fisch.

Mr. and Mrs. V. L. Yarbrough of Plainview and Mr. and Mrs. Alvin Yarbrough and children of Lockney visited with their son and brother, Coy Yarbrough and family Sunday. V. L. Yarbrough also visited with his brother, L. G. Yarbrough.

Mr. and Mrs. J. G. Gardner and J. G., Jr., visited in Paducah Sunday with their daughter and sister, Mrs. Bernie Davis and family.

Mr. and Mrs. Jim Bob Brewer and daughter, Janice Kay and S. W. Brewer of Fort Worth spent the weekend with Mrs. Bes Crump.

Mr. and Mrs. Jay Shepherd and

Second Baseball Game Won By West Warders

A second win is wrapped up for the West Ward Sixth Grade Baseball team as they lead a 11-6 victory over the Junior High sixth.

This is the second game the two teams have played. West Ward won both, the first 11-6, and the second 11-6. Both teams are looking forward when they will meet again.

Members of the teams are: West Ward; C. L. Wynn, Wendell Saxon, Keith Afeck, Bobby Morris, Chubby Wadell, Eldrut Thom-

Mr. and Mrs. Howard Leake of Shamrock visited here Sunday with her brother and family, Mr. and Mrs. Ode Gibson and her mother, Mrs. J. K. Gibson.

Mr. and Mrs. Larry Thompson of Oklahoma City visited their parents, Mr. and Mrs. W. A. Thompson and Mr. and Mrs. Crowder over the weekend.

Dr. and Mrs. J. A. Odom visited their daughter and family, Mr. and Mrs. Nay Hale Sunday in Amarillo Sunday night they were dinner guest of Dr. and Mrs. Dine.

Mrs. Brode Hoover and children are visiting this week with her parents, Mr. and Mrs. John Dieball in Binger, Okla.

Mr. and Mrs. Winfred Messer and children of Amarillo visited here over the weekend with his parents, Mr. and Mrs. Jesse Messer.

Mr. and Mrs. Regnal Greenhaw of Amarillo spent the weekend with their parents, Mr. and Mrs. Geo. Greenhaw.

Harley Cudd of Corpus Christi and M. P. Turner of Wichita Falls were here a few days this week visiting with friends and relatives.

Mr. and Mrs. Hobert Moffitt of Hedley visited with her parents Mr. and Mrs. C. W. Crawford Sunday.

More Than Ever Before

TRUCK AND CAR PRODUCTION IS NOW OFF APPROXIMATELY 40% FROM THE YEAR OF 1950. SUBSTITUTIONS ARE BEING MADE FOR CRITICAL MATERIALS, AND NOW MORE THAN EVER BEFORE, IT BECOMES IMPORTANT THAT WE PRACTICE PREVENTATIVE MAINTENANCE TO INSURE HAVING A CAR TO DRIVE!

Preparation of the cooling system for winter driving is an important item for maintenance that is very often neglected by the average car owner. Oil is changed and chasis lubrication is performed regularly, tires are inspected, brakes adjusted, and battery watched carefully. Many other parts of the car receive regular preventative maintenance, but on the whole, the cooling system is neglected until noticeable overheating develops.

The cooling system is as critical as lubrication and fuel because of the intense heat which must be dispelled and in order to dispel this heat, the

system must be clean. Overheating does not develop all at once. Extreme heat or boiling is the result of deposits which have been built up over a period of time, and during that time the efficiency of the cooling system has been gradually decreasing.

An analysis of the clogging deposits shows that 90% is made up of rust, the remaining oil and scale deposits. To break and prevent the build up of this clogging material, the radiator should be flushed yearly and an anti-oxidant added to help prevent rusting. Anti-freeze should be drained before the rust inhibitors are exhausted, or else the rusting process is hastened.

At Potts Chevrolet Co. you will find a properly trained staff of mechanics ready to help keep your car in top performance. Here you will find PRESSURE-PURGE equipment to keep your cooling system in perfect order. Drive in today. Remember NOW—MORE THAN EVER BEFORE.

in Soaked Cyclones Held 7-0 To Shamrock

two attempts, one of which resulted in a recovered fumble, Memphis needed five yards for a first down. Lee's punt was blocked, and his teammates recovered on the 33. A punt placed the ball in the Irish hands on Memphis 39. After picking up two first downs, the Shamrock team lost the ball on the Memphis 24 on downs after a charging Cyclone line set them back.

A fumble on the second play, recovered by Shamrock placed the ball on the Memphis 31. Again the Cyclone line held, and took over on downs on their 28. After two tries through the line, Lee punted to the Shamrock 48 as the first quarter ended.

A five-yard penalty and one for 15 gave the Irish another first-down early in the second quarter. They drove through the line for two more first downs, then the Cyclone line held to take the ball over on their 2 yard line. They drove out, picking up a first down, and had a second first nullified by an off-sides penalty. On Lee's punt, the Irish took over on the Memphis 33. After three plunges into the Cyclone line, Shamrock still needed 12 yards for a first down. A punt rolled dead on the Cyclone 1 yard line. After two plays, Lee punted out, and the half ended.

During the half time period,

the rain began falling again, laying approximately one and a half inches of water on the field.

The third quarter saw both teams failing to make a first down, with the game staying in the Shamrock end of the gridiron until the closing minutes when Lee's punt was blocked, placing the ball on the Memphis 44.

An Irish punt, early in the fourth, placed the Cyclone eleven on their 20 yard line. Lee and Tamplin, around right end and through center, gave their team another first down. After two tries and a gain of three, Lee's punt was blocked, placing ball on Memphis 81. From this position Shamrock drove over for their touchdown, then plunged through center for the extra point.

Lee received the kickoff, and Cyclone another first down, followed by his 42. A pass gave the low by a center plunge by Max Kennedy for 6 more yards as the game ended.

Seven Lakeview footballer got into the scoring and second stringers saw much action for the winners. Ronnie Gowdy tallied twice on runs of six and 85 yards to lead the Eagle offense. Gerald Payne scored on jaunts of 35 and 18 yards, G. D. Hall scampered eight and 20 yards to paydirt and Charles Denton and J. W. Lindley went across on runs beginning inside the five yard stripe. Payne passed Gaylon Wiley for two extra points.

The entire Lakeview forward wall was outstanding as Tulia managed most of their nine first downs in the air. Lakeview drove to first downs 12 times. Ewing was the outstanding player for

Mr. and Mrs. Horace DuVall made a business trip to Duke, Okla., Thursday of last week.

Democrat Want Ads P-A-Y!

take care of our COTTON CROP

Fiber of Defense

There are more than 11 thousand uses for cotton in the military requirements of this nation.

Our soldiers, sailors, marines, and airmen depend on our cotton farmers, and our whole cotton industry as a great arsenal of essential supplies. It has been authoritatively acknowledged over and over again that our military strength would be destroyed if we were stripped of cotton!

Warehouse service makes it possible to maintain a cotton reserve to meet the nation's demands in time of peace or war. Cotton is one of the vital materials that must be "stock piled" and protected to fill the nation's needs as they arise.

The negotiable warehouse receipt, issued on each bale of cotton, is accepted and used throughout the world as the undisputed title of ownership of the bale identified by the receipt. Warehousing service is indispensable in safe storage and in distribution of cotton to its world wide markets.

What's the fastest-growing line of trucks in America?

LOOK around you—in cities, on farms, at terminals and loading docks—wherever goods are moved on wheels.

More and more, the pay load's packed on a GMC.

You see those letters on medium and heavy Diesels, the most economical workers in their field. For GMC means first in Diesel power.

You see gasoline-powered GMC's front-running the highways of America—pace-setting delivery of the necessities of peace and war.

You see nimble bantamweights of the family—the highest-powered 1/2- to 2-tonners made—outpulling, outhauling every other truck in their class.

Ever wonder why GMC is gaining a greater percentage of the industry than any other truck-maker? Ask the truck drivers themselves.

See the confident way they talk of the power plants, the broad-shouldered chassis—the way a GMC handles.

Ask about the tons they've hauled, the miles they've logged—the nip-and-tuck schedules they've licked time and again.

Ask these cost-wary haulers why they've made GMC the fastest-growing fleet in the land.

They'll tell you it's because GMC is the finest motor truck made.

If you'll come in, we'll show you why we think they're right.

HOWARD A. FINCH

702 Noel Street Phone 264-M

You'll do better on a used truck with your GMC dealer.

Editorial

A Threat To Your Freedom

For the past few days newspapers and radio news commentators have built their editorials and comments around President Truman's hotly-disputed security order which is a step to censorship by his administration.

The President has disavowed any effort at censorship and has no desire to curb freedom of the press. What he evidently doesn't realize is that he not only is curbing freedom of the press but the freedom of every farmer, truckdriver, housewife and citizen in the United States.

The order issued calls for all government agencies to appoint one in their midst to act as censor of all information released to newspaper reporters.

Now this person doesn't have to know anything about news. In fact, they may even appoint the janitor if they wish, yet this person who knows nothing about news, will classify all information into four classifications: top secret, secret, confidential and restricted if it contains anything vital to the security of this country. If it is not in one of these groups, then it may be released to reporters of this country.

Now if that isn't taking away part of your liberty and freedom, nothing short of absolute dictatorship would be either. If such a manner is adopted then you, the American public, will know only what they want you to know about your government. The government which your tax money supports and keeps operating is trying to do this to you!

Under such a program scandals like the American Lithofold, the RFC Mink Coat deal, bribery and the countless other misfunctions would never come to light and the offenders would go un-punished.

How long would such a system of government operate before its own rottenness carried this country into total chaos?

President Truman tried to justify this order to newsmen last Thursday when he told them "the newspapers and slick magazines had published 95 per cent of the nation's secret information."

This is no reason for such an order as he has issued. Why, because any energetic or resourceful reporter that can get a news story, even about vital information, from government officials, has done no more than a spy or foreign agent could do. Therefore publication of government news by our national magazines and newspapers is probably far to late to be of any value to foreign countries.

With that in mind, how can the order he has issued protect our country anymore?

During World War II every newspaper and magazine in the country cooperated with the intelligence department of our government on a voluntary censorship plan which worked all through the war with wonderful results.

If the President thinks our security is in danger, why doesn't he resort to such a plan again, instead of trying to dictate to the American public what it shall know about it's own government.

It has been suggested that there are two reasons behind this recent order. One, that the President in good faith, believes

DIFFICULT FEEDING PROBLEM

too much vital information is leaking out and is trying to institute an over-all plan to stop it.

The other reason has been advocated that members in the Democratic party are frightened by the recent number of scandals involving Democrats and have persuaded the President to issue this order to cover up such mis-functions and issues which might be detrimental to Democrats in the election coming up next year.

We can only hope our government hasn't become so sordid and in such chaos that the cover-up idea is true.

In any event, the fight to keep our freedom lies with each of us individually. The newspapers of this country can't do it all. Of course we can stay in business in the event the censorship idea stays in effect. We can always fill our papers with government releases—but is that what you, the American public, want?

That's why it is your fight too!

Press Paragraphs—QUOTING OUR NEIGHBORS

The Right To Know
It looks very much as though Harry Truman has pulled another boner.

This time it has to do with censorship. Mr. Truman insists it is not censorship, and he is probably sincere in saying so. As one editorial writer put it, "President Truman sincerely believes that he does not believe in censorship."

What the President has done is this: He issued an order requiring each civilian agency of the federal

government to appoint an official to classify all information having to do in any way with national security. This individual—a censor if we ever heard of one—is to stamp this information with

the ratings Top Secret, Secret, Confidential or Restricted. Any worker in the agency who violates these ratings will be subject to heavy penalties.

His order, Mr. Truman says, is intended simply to provide a uniform system of classifying information that might bear on the security of the nation. It is not intended to suppress legitimate news or to cover up mistakes of government departments.

This is all very well. But it is censorship nevertheless. It places in the hands of untrained civilians complete power to classify and suppress information; to determine what is news and what is not; and to exercise discretion from which there is no appeal in determining what information give aid and comfort to the enemy.

The effect will be an atmosphere of censorship in which the civilian censors will be inclined to play it safe by suppressing all

Here's why Fordomatic puts them all in the past!

For the past year, automotive writers, engineers and owners have been raving about a new kind of automatic driving... and here's why you get it only in Ford Cars:

All the power you need when you need it!

Some automatics have this

The automatic drive some cars offer you is a torque converter which multiplies torque without the use of gears. Its advantage is a smooth flow of power. Its disadvantage is a smaller range of torque multiplication which requires more power from the engine and an un-economical axle ratio which increases costs.

Some automatics have this

Other cars offer an automatic drive that uses automatic gears (as illustrated in simplified form at right) instead of a torque converter. The advantage here is more "go," more control and greater economy. The disadvantage is that this system is not as smooth, nor as jerk-free as a torque converter.

It gives you instant "GO"!
It practically drives itself!

But Fordomatic has both.

Yes, Fordomatic has a torque converter plus automatic gears. It brings you only the advantages of both drives.

Unlike cars with only a torque converter (which start and cruise all in one drive gear), Fordomatic starts fast and smooth in Intermediate Gear then shifts itself into Drive Gear.

"I've driven 50,000 Miles, so I know!
'50,000 Miles No Wear'
with New **Conoco Super Motor Oil!**"

says John Orshood
Crop Duster
Ordway, Colorado

"For a man who makes his living in a plane, I sure put a lot of miles on my automobile," says John Orshood, crop duster. "Contacting customers and looking over fields keeps me on the road. So when I heard about 50,000 Miles—No Wear, I changed over to new Conoco Super Motor Oil."

Change Now—For Summertime Performance All Winter!
Protect your engine from winter's rasping wear. Change to new Conoco Super Motor Oil, with OIL-PLATING. Get quick starts, fast pickup, better performance all winter.

Proof of 50,000 Miles—No Wear! After a punishing 50,000 mile road test, with proper drivers and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Factory finishing marks were still visible on piston rings! Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!
