## Whirlwinds Nip Cubs 41-7

The Memphis Junior High school Whirlwinds swept the bi-district championship here last Saturday night as they defeated the McLean Cubs 41-7 in cold temperatures at Cyclone Stadium. The Whirlwinds displayed the power and drive that led them to championship of this district as they scored their first touchdown early in the first quarter after both teams exchanged fumbles. After the kickoff Memphis fumbled and McLean recovered but on the second play McLean fumbled and Memphis recovered, then on the second running play, Jimmy Jenkins carried by a host of Whirlwind blockers ran 56 yards for the first Whirlwind TD. McLean then drove deep into Whirlwind territory but couldn't score. Both teams battled back and forth and the first quarter ended 7-0 in favor of Memphis. In the second quarter Jenkins again got loose and ran 67 yards for the second Whirlwind TD and just before the half ended, Dean Sustair added another touchdown to put the Whirlwinds ahead 21-0. As the second half opened McLean began to grind away toward the Whirlwind goal and finally their big fullback, Nickleson pushed over their first and only touchdown. The Whirlwinds then started rolling again and Jenkins ended the Whirlwind drive as he went the last 6 yards to score and put Memphis ahead 27-7. ## Scouts To Hold Big Cake Sale Here Saturday

Saturday, Boy Scouts of Troop 35 will sponsor a Cake Sale here in Memphis. Scout mothers are baking the cakes and the Scouts plan to set up a stand on the Square Saturday to sell these homemade cakes. The Scouts also said that anyone wanting to donate or help by baking a cake please contact any of the Scouts and they will be glad to have it. The money from these cakes will be used to purchase Scouting equipment which the troop needs, Scoutmaster Ted Myers said. "We always have had wonderful cooperation from our Scout mothers and other ladies who help us out and we certainly appreciate their help," Myers added.

## Lakeview Plays Spearman Today At Pampa Stadium

Two-B district champions, the Lakeview Eagles, are scheduled to meet the Spearman football eleven, district champions, in a bi-district playoff this afternoon, Thursday, at the Pampa High School stadium. Game time is 2:30 p. m. and admission is 50c for students and \$1 for adults. Winner of this Spearman-Lakeview game will go to the regional contest next week. Spearman won their district last week by defeating Gruver 45-0. Lakeview downed Silverton 19-6 last Friday for district honors.

### SCOUTS TO HOLD OLD TOY, SCRAP IRON DRIVES

Boy Scouts of Troop 35 under the direction of Scoutmaster Ted Myers will hold their scrap iron drive Thursday, Thanksgiving day starting at 9 a. m. They have been contacting citizens of Memphis and the county this week and will begin their pickups Thursday morning. The drive has been postponed several weeks due to bad weather. Myers said, "If anyone has any scrap iron, we hope they will let us pick it up Thursday because we all know how vital this scrap is to our national defense program."

Also Thursday at the same time the Scouts are making the scrap iron pickup, they will begin to gather all the old toys that people will give them.

The Scouts will begin repairing these toys and get them ready for old Santa to deliver to deserving children here in Memphis and Hall county.

Last year the Scouts ran out of time before Christmas and did not have enough time to repair all their toys, so they are starting early this year.

"The Scouts like to repair these toys and we hope the public will cooperate this year as they always have and give us all their old and broken toys so that we can repair them and help make a happier Christmas for someone," Myers added.

Mrs. D. L. C. Kinard, prominent Memphis Club woman and civic leader, was named secretary of the Texas Federation of Women's Clubs at the annual convention last week in Denton.

Other state officers elected included Mrs. Van Hook Stubbs of Wortham, president; Mrs. L. E. Dudley of Abilene, vice president; Mrs. Howard Gardener of Beaumont, treasurer and Mrs. Ben Boyd of Denton, Mrs. A. J. House of Yoakum and Mrs. W. E. Cantrell of Lometa, regional vice presidents.

Approximately 600 club women throughout the state attended the 4-day convention which was held at Texas State College for Women.

Speaking of the convention Mrs. Kinard said, that many outstanding educators of the State and Nation were featured on the program. One of the outstanding speakers was Dr. Kenneth McFarland who writes for Reader's Digest and serves as public relations director for General Motors.

Mrs. Kinard is well-known to club women throughout the state and especially in Seventh District where she has served in various offices for a number of years. In 1948 and 1949 she served as president of Seventh District. She has also been a member of the State board for several years and this year was chairman of the International Relations committee.

Mrs. Kinard is a member of the Baptist Church. She is president of the Harmony Club and a past president of the 1913 Study Club. She has also been active in Parent Teacher Association work and is a past president of the Texas Ninth District. Attending the convention from Memphis were Mrs. Kinard, Mrs. W. C. Dickey, Mrs. C. C. Hodges, Mrs. R. S. Greene and Mrs. Chas. Webster.

## New, Used Car Dealers Meet Here Tuesday

A meeting of both new and used car dealers of Childress, Hall, Collingsworth and Donley counties was held Tuesday night, in the American Legion Hall in Memphis to hear an explanation of the new ceiling price regulation (CPR 83) covering the sales of new cars.

F. R. Egrel, automobile price specialist with the Lubbock District Office of Price Stabilization, presided at the meeting and discussed the regulation covering the wholesale and retail sales of automobiles, and other regulations as they apply to the sellers of new automobiles. Specifically included Ceiling Price Regulations 67 and 34 which cover sales of automobile parts and services handled by automobile dealers, according to Hoyle Bowles, chief of the In-

## Most Businesses To Close Thursday

Most business firms in Memphis will be closed Thanksgiving Day according to information from the Chamber of Commerce.

Some grocery stores will remain open tomorrow morning but other downtown businesses plan to close. Also closed will be the banks, post office, The Democrat, all government offices, county and city offices and utility offices.

## SANTA CLAUS DAY PLANNED HERE MONDAY DEC. 17

The Memphis Chamber of Commerce Decoration committee and the Retailers committee met last week and completed plans for decorating downtown Memphis for Christmas.

Mac Wilson, decoration committee chairman, said that the committee decided that the lights should go up the first of December.

Wilson stated that the decorations are stored and in good shape. When West Texas Utilities workmen took down the lights last year, they tagged each streamer of lights with a number and marked a city map as to the location of each streamer.

This year when they redecorate the business district each streamer of lights will go back up in the same place they were last year.

West Texas Utilities Company will put up the lights free of charge, but the city must pay a bill for the power used.

Members of the Chamber of Commerce at a meeting last week announced that Monday, December 17, as the date of the Memphis annual Santa Claus Day.

This is the day that Santa Claus comes to Memphis and gives out fruit and candy to all the children of this area.

Decorations will be put up on North 10th street as you approach the city and all the way to the courthouse square. The large 12-foot star atop the courthouse will be turned on and spruce trimming will be used, Chamber of Commerce Manager Clifford Farmer stated.

Decorations this year are the work of both citizens and Chamber of Commerce members and officers. A group of men last year collected money with which to buy the decorations and the local Chamber of Commerce office received many letters of congratulations on the decorations after the yule-tide season last year.

The Chamber of Commerce Santa Claus suit is also available this year for various organizations to use with their Christmas parties, Farmer added.

## City-Wide Services Of Thanksgiving Scheduled Tonight

City wide Thanksgiving church services will be held this year at the First Presbyterian church Wednesday evening at 7:30 p. m. Minister Bedford Smith will deliver the Thanksgiving message and all churches of the city are cooperating in the Wednesday evening service.

## Bible Society Lists Daily Readings

This year as in the past the American Bible Society has prepared a list of selections of the Bible to be read between Thanksgiving and Christmas.

Sunday, December 9 has been set aside as Universal Bible Sunday. This is a time when many people are again brought to the realization of a wonderful gift that God has given in His Word.

Many of the Churches in Memphis will be observing this season to turn toward God's word. These daily Bible are listed on the back page.

# Bobcats Down Cyclone In Last Game, 39-0

The Memphis high school Cyclones closed their 1951 season this week after dropping their last scheduled game to Childress last Friday night, 39-0.

The Childress victory gave them undisputed right to meet Quannah, District 4-AA representative, Thanksgiving afternoon in a bi-district playoff at Bobcat field.

A crowd of about 100 braved the 36-degree temperature as Childress dropped the Cyclones for their eighth loss of the season. This also was Childress' third straight win of the district crown. Against the strong Childress

line, the Cyclones managed only two first downs, and those came on two long runs by Harvey Kennedy. Memphis drove only as far as the Bobcat 26-yard line in scoring attempts.

Scoring by quarters showed Childress ahead 12-0 after the first period, halftime score read Childress 26-0, and Childress added a touchdown in each of the last two quarters.

The Cyclone offense could never seem to click as they completed only one out of 15 pass attempts, averaged only 10.5 yards per punt, had four passes intercepted, gained 101 yards rushing and made two first downs.

District standings in this area wound up with Childress on top with three victories, Wellington in second place with two victories and one defeat, Paducah third with one victory and two losses and Memphis in the cellar.

## Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold, dampness or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. While often otherwise caused, it's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

## Our Peculiar Responsibility

A modern, up-to-date pharmacy plays a vital part in the affairs of every community. Our first duty is combatting the ills of our citizens. Because of this fact, we hold the following to be important:

We believe a pharmacist should never fill a prescription which he would be unwilling to use or have used in his home. Neither do we subscribe—that is the physician's function exclusively. The ethical pharmacist would be the last person on earth to rely on "bargain-counter diagnosis," and knows that even minor ills, without competent medical attention, may become major ills. Neither do we prescribe for ourselves when we are really ill. The truism that the man who is his own physician "has a fool for a doctor," can well apply here. If you are sick enough to need medicine, you are sick enough to need the knowledge, skill and experience required to prescribe medicine. Therefore, see your doctor.

We hold the above to be important as far as our profession is concerned, and pledge ourselves to recognize at all times our peculiar responsibility to this community.

Well, the football boys out Lakeview way are due congratulations this week after their victory over the Silverton Owls last Friday night which clinched the District 2-B title for the Eagles. The Eagles scored quick and held command of the game at all times though the Owls put up a hard struggle to overcome the Eagles lead.

Congratulations to Coach McNight and his Eagles.

As for our own football season here in Memphis—the Junior High Whirlwinds did great. Already a lot has been said about the Cyclone season . . . and we have been accused of voicing publicity that a neighbor town played questionable football which—we will not even dignify by answering.

The Cyclones could have had a better season, true, but they didn't, so why not let it die now that the season has ended.

Because as we said once before in this column when you start to criticize—you set yourself up as an authority. And if we were an authority on football, we would be

somewhere coaching instead of working for a newspaper.

Notice how all the magazines now have a Christmas touch added to them? Either with advertisements concerning what to give for Christmas or ideas and suggestions to make your Christmas bigger and better. Kind of puts a warm feeling in your heart I think. Especially when I think of Christmas and remember the editorial I wrote this week about the Korean War. Christmas won't be that good for everyone in the world this year, —nor today—Thanksgiving. What a lot we have to be truly thankful for.

The story was going around Las Vegas a couple of weeks ago after the atomic bomb tests: A couple of Indians were out sending smoke signals when the bomb went off and one Indian remark-

ed to the other, "Wish I'd said that!"

More football: The Junior High Whirlwinds proved that they are district champions as well as bi-district champions Saturday night as they rambled over McLean 41-7. However, they did lose one record they had held all season, that of being scored on. McLean is the first team this year to score on the Whirlwinds. They have played eight games this season and had seven points scored against them while racking up 338 points. That is an average of more than 42 points per game. For a bunch of Junior High football boys, that's pretty good in anybody's district! Congratulations, boys and Coach George Childress.

How many automobiles do you think were inside the Cyclone Stadium Saturday night as the Whirlwinds and McLean were playing? True the crowd in the stands was rather small, but from the press box we gave a quick count of the automobiles parked around the gridiron and we counted 91 cars—figuring two or three people to the car, there was a pretty good crowd out to that game after all.

A week from tomorrow night—the Little Theatre play, "See How They Run" and if you want to spend an evening laughing then plan to see this comedy. It is going to be good and some of the "characters" acted by local "characters" will most certainly give you opportunity to laugh not, once but many, many times during the evening.

Well, we're a day early this week—in time to wish you all many blessings and greetings for today, Thanksgiving. May you truly be thankful for all that is yours and for all that our boys in Korea are fighting for, for us!

### Marcum Brothers Place New DeSoto On Display Here

The 1952 DeSoto, a finely designed and engineered new car, went on display in the showroom at Marcum Bros. Motor Co. in Memphis last week. Beauty, economy, comfort and safety are the predominant features of the new car, J. L. Marcum, Jr., stated in describing the new model.

A sparkling array of new two-tone color combinations give this latest DeSoto model a fresh beauty and the newest of modern fabrics—nylons as well as fine woolens—lend a touch of high fashion to the car's interior. There are thirteen body colors to choose from plus five two-tone combinations.

The famous DeSoto qualities of driving ease; smooth riding; steady, certain braking; operating economy; and engine power are present in the 1952 model in full measure.

No car in America has larger brakes than those on the DeSoto. Its Oriflow shock absorbers, a

Chrysler Corporation engineering development, are a major factor in maintaining De Soto's reputation for the smoothest of rides.

The wide windshield, with its narrow corner posts, and the great glass area of the side and rear windows provide full visibility all around the car. Chair-high seats permit driver and passengers to sit up naturally and see out of the car easily.

Safety features on the De Soto include Safety-Rim wheels, which help the driver bring the car to a controlled stop in case of a blow-out; a strong-gripping parking brake, separate from the service brakes; large easy-to-read edge lighted driving instruments and convenient easy-to-use driving controls; electrically operated windshield wipers that sweep a large portion of the windshield and work at a uniform speed under all driving conditions; new combined stop and back up lights mounted high on each rear fender; big, sturdy frame and bumpers; and excellent driver visibility assisted by a down-sloping hood. New Solex window glass, which reduces interior temperatures, will be available on some of the 1952 De Sotos.

The car is powered by the famous De Soto Powermaster high-compression six-cylinder engine, which operates economically on standard fuels. The ignition system is waterproofed throughout for fast starts in any weather. With its Tip-Toe hydraulic shift and Gyrol fluid drive, standard on Custom models, the De Soto is "the car that lets you drive without shifting."

The famous De Soto qualities of driving ease; smooth riding; steady, certain braking; operating economy; and engine power are present in the 1952 model in full measure.

### Former Newlin Woman Dies After New Mexico Wreck

Information was received recently of the death of Mrs. M. C. Nelson of Albuquerque, formerly of Newlin, after an auto accident in Albuquerque.

Mrs. Nelson is the sister-in-law of Mr. and Mrs. J. T. Nelson of Memphis.

By a strange coincidence, Mrs. Nelson was taken from the scene of the accident to the hospital in an ambulance driven by her son Bob. But not until they reached the hospital and a blanket was pulled down from her face did he know that the injured woman was his mother.

Nelson is an ambulance driver for Exter Mortuary in Albuquerque.

The Nelsons moved to Albuquerque a few months ago from Gallup.

**CARD OF THANKS**

We wish to express our thanks and appreciation to all our kind friends and neighbors who helped out during the illness and passing of our loved one.

We are also grateful to Dr. O. R. Goodall and his hospital staff for their kindness and service.

### Social Security Official Here Next Tuesday

A representative from the Amarillo social security office will be in Memphis at the Commissioners Court Room next Tuesday morning at 11:15 a. m.

Officials pointed out that if you are one of the self-employed people now covered under the Federal Old-age and survivors insurance, you need a social security account number card.

Self-employed people who were brought under the Social Security Act by last year's changes in the law will report their net income from self-employment at the same time they make Federal income tax returns early next year. At that time, they will enter their social security numbers on the tax form, together with other information.

Although the numbers will not actually be needed until early next year, self-employed businessmen should apply for them in the near future. This will help avoid any delay when the numbers are needed.

If you have ever had a social security number, that same number, should be used," officials said. "If you have lost your card, we can get a copy of it for you bearing that same number."

Both new and duplicate cards can be obtained through the Amarillo social security office. The address is Room 324 in the new Post Office Bldg. Sanderson asks all self-employed people to get in touch with this office if they have any questions about their coverage under social security.

Roy McClure was in Clovis the first of the week on business.

Pfc. Billy McClure, son of Mr. and Mrs. L. W. McClure of Clarendon, is here on a 10 day delay enroute. He will then report to Camp Stoneman, Calif. for overseas assignment.

Jim Stanley of Amarillo is visiting his mother, Mrs. Mattie Stanley.

Mr. and Mrs. Charles Ed McCreary and Mrs. Ed McCreary were in Amarillo, Monday.

THE STRANGE WAR

The Korean war is one of the strangest and most terrible
conflicts ever fought. Geographically, it is a small war—in terms
of human and material costs it is a big one.

Veterans of some of the most difficult and bloody campaigns
of World War II say that Korea is even worse—in terrain, in
climate, and in the character of the enemy.

It is a war we cannot win under present conditions, and it is
also a war which seems to be half-forgotten at home.

Even if a truce is finally reached, it will be an uneasy one,
and unless there is a reversal of policy our troops will remain
on guard in that racked land, watching and waiting to see if
the enemy has more grim surprises in store for us.

Theoretically, they say it is a war of the United Nations
against an aggressor. Actually, it is a war in which one country,
the United States, is doing almost all of the fighting, providing
almost all of the money and weapons, and taking the vast
majority of losses.

Our casualties approach the 100,000 figure, and of them
well over 15,000 are known to be dead. The death rate among
those now listed as missing is expected by all to be exceedingly
high, especially in view of the atrocity figures released last
week.

Our allies have fought bravely and taken their casualties too,
but, as the U. S. News & World Report accurately said, the
"U. S., with 150,000,000 people, is being called upon to assume
losses of its ground-force youths that are far higher than losses
of U. N. allies with 240,000,000 people. The proportion of
U. S. casualties to those of its U. N. allies is now about 13 to 1,
and is rising gradually week by week."

It is common knowledge that our major ally, Great Britain,
has small stomach for the Korean War, and only came along
because, in the current state of world affairs, there was nothing
else she could do. Britain feels that it would be economically
impossible for her to break off all relations with China, regard-
less of who runs the Chinese government. She also feels that an
extension of the war in the Far East would mean the loss of
Hong Kon and other key crown colonies and possessions.

She can marshal strong arguments in support of her position.
But whether those arguments are valid or not in the strong white
light of history, this situation adds still more somber strangeness
to the Korean conflict.

It is inconceivable that this war should be allowed to go on
indefinitely. The drain on our manpower is too great.

On the bright side are reports from the front that the issues
taken by the Chinese, in men and equipment, have been in-
credibly high—so high that it is doubtful if they are in a
position to mount new major offensives.

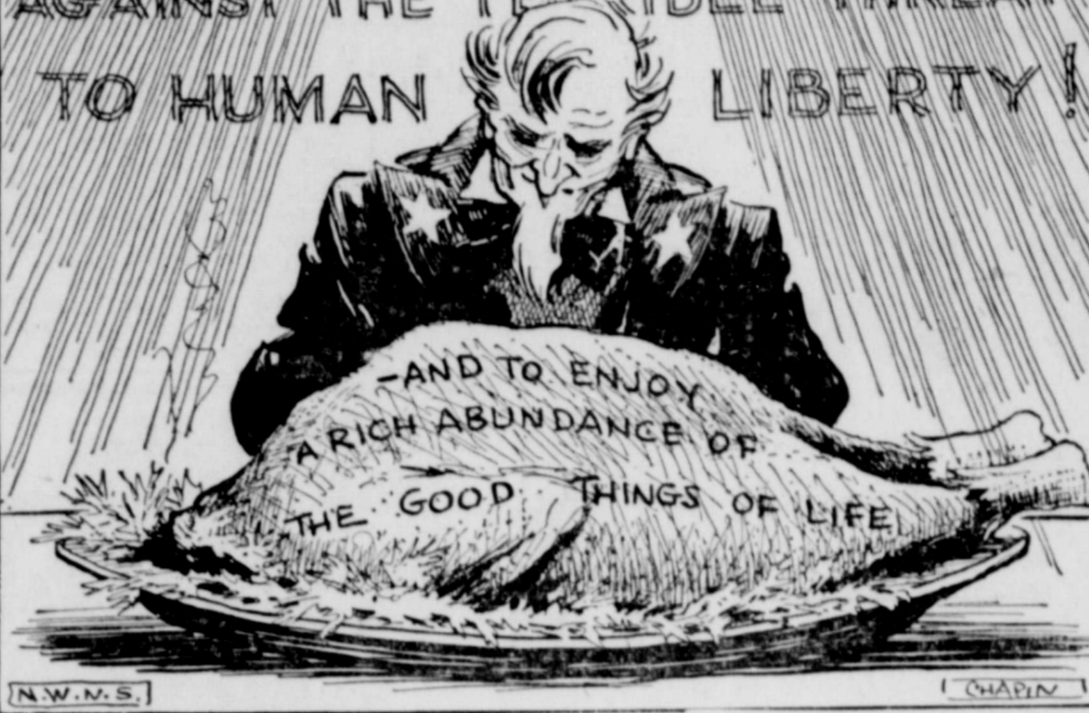

And the feeling grows—and has been buttressed by the
most recent atomic tests in Nevada—that tremendous new
lethal weapons, suitable for tactical use by ground troops, may
be on the way.

Hope is strong that the Chinese may be losing their stomach
for fighting, and that Russia may conclude that this particular
Red cause is lost.

In the meantime the Korean war is unlike any this nation
has fought.

FOR THIS WE GIVE THANKS

TO BE LIVING IN THE
GREATEST NATION IN HISTORY,
AND TO BE LEADING THE FIGHT
AGAINST THE TERRIBLE THREAT
TO HUMAN LIBERTY!

"How many people do you hear
saying, 'To heck with it, we're
living better than we ever did be-
fore?' And how many of the peo-
ple who make that remark could
pay off their share of the per
capita national debt we have ac-
cumulated to make our current
standard of living possible? Sure-
ly these same people are smart
enough to know that we can't
continue borrowing forever. But
do they have the determination
and the fortitude or patriotism to
sacrifice something upon the altar
of democracy? Too many, we
fear, having the wisdom, lack de-
termination."
—Roseburg,
Ore., News-Review.

Bureau of Labor Statistics fig-

ures show the cost of living has
increased 84 per cent since 1940,
while Treasury figures show taxes
have jumped the times in this
same period.

This may have given rise to the

of the situation as being: "A tax-

\$10,000 FOR A JOB
It costs a lot of money to create
a job for an industrial worker.

Even in 1939, when a dollar
was worth a dollar, an average of
about \$6,000 was invested in in-
dustry for each worker employed.
Today the figure is in the neigh-
borhood of \$10,000. This is the
money that was spent for the
"tools" which make jobs and high
wages and production possible.

Invested money is known as
capital. It is savings of people who
put it into industrial stocks and
bonds in the hope of earning a
little return over the years. It is
the money which makes America
rich and strong—and which is at
the root of our unprecedented
living standards.

Keep that in mind next time
you read a left-wing denunciation
of "Wall Street" and the stock
exchange. According to the com-
munist line—which is prated over
and over with monotonous regu-
larity both here and abroad—the
capitalist is the enemy and opp-
ressor of the worker. The fact is
—as any American can see for
himself every day of his life—
that the capitalist creates employ-
ment and maintains employment.
Who are the capitalists. The
answer is that they are a cross
section of America. About 15-,
000,000 people, for instance, are

owners of industrial stocks. They
include manual workers, execu-
tives, farmers, professional men,
housewives, the operators of little
businesses. They represent every
 creed and calling and color—and
every income level. They are, in
short, people who have faith in
America and confidence in the
American economy. And the num-
ber of these capitalists is grow-
ing daily.

Senior Class Sponsors School Amateur Night

The senior class presented its annual Amateur Program which was originated three years ago by their same group of people. Jacky Gilbert was chairman of the program and Charles Messer was Master of Ceremonies.

Those in the first division receiving first, second and third places respectively were Sharon Kay Hooser reading Mother's New Hat; Leslie Helm, piano solo; and Mary Contreras, Spanish Dance.

In the second division Linda Sturdevant, Johnnie Kay McWhorter, Barbara Allen, and Elaine Clayton singing "The Pussy Cat Song"; Bobbie Stewart singing "Loveliest Night of the Year"; and "Carolina in the Morning"; and Brenda Duncan, piano solo.

Others participating on the program were speech and piano number, Drubette Cook; yodeling "Chime Bells Are Ringing"; Alice Faye Hardin; Spanish Dance.

Schools Show Off During Open House

Last Thursday the schools of Memphis held open house from 6 to 8:30 p. m. Approximately 800 people visited all the schools. Members of the student council and several students from different classes were guides and escorted the visitors through the classes. Each guide took his group of visitors for 15 minutes in each class, in that way visiting 9 classes during the open house.

Modern techniques of teaching were demonstrated in each class. In the commercial department the typing students were typing to music. In the English department the class met in the Visual Education Room and used the Opaque projector to show themes and drawings on the screen.

There was a display of different handcraft articles from the handcraft class. The homemaking department had a display of clothes made in class.

Four Seniors End Football Band Work

The MHS Cyclone Band completed its marching season Friday night at the Memphis-Childress game. Four of the seniors completed their last football performance with the Band with the half time ceremony.

Two of the students have been enrolled in the Cyclone Band for five years, and two others for four years. Those who have been in the Band for five years are Jacky Gilbert and Margaret Massey. Jacky is drum major of the Band. He has received two Superior medals at Regional Interscholastic League Competition. He is the first chair cornetist for the Concert Band. Margaret has been chief drummer of the band the last two years. She has made an outstanding impression and is one of the best drummers who has been in this organization.

The two students who have been in the band for four years are Clinton Jones and D'Arman Peabody. Clinton has made an excellent showing in the Cyclone Band. He now plays an alto saxophone and in recent years has played a clarinet in this organization. He is learning to play a cornet along with a few other instruments. D'Arman is a cornet player for the band and has shown great improvement during his four years with the MHS Band.

Spanish Club Members Honored At Dinner

The Spanish Club had a Spanish dinner last Tuesday night in the high school cafeteria in honor of their Queen, Sue Miller.

The first part of the program was a parade of the couples dressed in Spanish costumes. Marilea Pruett and Harold Aspgren were chosen as the best dressed.

The dinner consisted of tacas, frioles, enchiladas, tortillas, and spiced coco. Mrs. Guthrie, the guest speaker, gave a talk on the Aztec Indians.

Following the dinner was the coronation of the queen, Sue Miller. Elizabeth Grundy played the entrance march. Sue was escorted to the throne by Paul Hancock. Crown bearer Marilea Pruett presented Paul with the crown and he crowned Sue 1951-52 queen of the Spanish Club.

Then came the breaking of the pinata. It was a sack covered with crepe paper and filled with candy and chewing gum. It was suspended by a string from the ceiling.

Those present were, Sponsor Miss Wells; Guests Mr. and Mrs. Guthrie and Mrs. Irons; Students, Sue Miller, Elizabeth Grundy, Paul Hancock, Billy Combs, Buzzy Patrick, Peggy Evans, Wayne Tinner, Marilea Pruett, Cloyce Ray Orr, James Moss, Robert Breedlove, Harold Aspgren, Norma Jean Townsend, Opal Green, Jo Nell Brisco, Maydell Jefferies, Ronald Caulfield, Kenneth Hudnell, Gene Davidson and Charlene Murdock.

MORNING WATCH

The students who appeared on the "Morning Watch" program this week were: Ronnie Mac Smith, Sophomore; Barbara Myers Junior; Barbara Edmonson, 9th; Jerry McQueen, 8th.

For the Evening Vesper for the Open House, Harvey Kennedy gave a Bible selection and Carol Ann Monzingo and Katherine Wright gave a vocal duet "I Came To The Garden."

Rev. Morris Speaks At Assembly Program

Rev. Burr Morris, Minister of the First Presbyterian Church, brought the message for the assembly last Wednesday. His message was based upon leadership. Perry Keyser head of the music department, introduced the music accompanists who consisted of cornets, Billy Roden, Wayne Tinner, and Robert Breedlove; flutes Johnnie McDaniel and Anita Murphy. As these students played Beverly Snell led the assembly in the "School Song." Following, Beverly and Donna Webb sang "Trees" accompanied by Betty Jean Stewart.

Following the message, Beverly led the assembly in "Onward Christian Soldiers" and Rev. Morris gave the benediction.

Band Performs During Halftime At Last Game

The MHS Cyclone Band presented an outstanding half-time ceremony at the Memphis-Childress football game Friday night.

The band drum majored by Jacky Gilbert, marched onto the field from the East goal with the drum roll-off and "College Medley". Parading to the West goal, they counter-marched with the drum roll-off and "Our Director".

The did a column right and counter-marched, did a decreased front and halted. Forming a bango, the band played "Oh Susannah." The band then forward marched, increased front and counter-marched, moving to the opposite side of the field where a house was formed and "Home On The Range" was played.

The moved into regular formation, forward marched, and did an airplane counter-march, forming an airplane and playing "Army Air Corps". The band did a column left and marched to the West goal where they single filed off the field.

This performance concluded the very colorful and exciting half-time performances for the Cyclone Band this year. The organization agrees that this has been the best year the band has had during marching season.

Drama Students Attend Play In Amarillo

Members of the Senior Class and Cue and Curtain Club of MHS attended a play in Amarillo last Wednesday.

The play, "Mother Is A Freshman", was presented by the Amarillo College Players. Many of the students remarked at the beautiful set stage crews had erected for the production.

Those who attended were: Beverly Snell, Frankie Srygley, Betty Leslie, Jacky Gilbert, Margaret Massey, D'Arman Peabody

# Estelline Captain Transfers to Maine

Transfer of Captain John Taylor, Adjutant, Utah General Staff, to Organized Reserve Instruction Duty at Portland, Me., was announced recently by Col. F. C. Holbrook, District Officer.

Taylor is the son of Mrs. Waddill of Estelline. He and his wife, Mrs. Taylor, are to visit relatives in Maine.

Taylor has been at the General Depot since September 1948 and served as a stock officer for the Quarter Supply Section until August 1949 when he became top sergeant of the depot.

Taylor is a veteran of 15 years regular army service. His career began in the winter of 1937 in the Quartermaster Detachment at Fort Crockett, Galveston, Tex.

During the winter month of 1935-1936 when Mussolini Fascist Legion were invading helpless Ethiopia, Taylor and his friend, Ogle Martin (now a Major in the US Army, Transportation Corp) was approached by a Chicago group who were reputed to be forming an Air Squadron for the Aid of Ethiopia. After waiting several months for further instructions the two decided to go to Ethiopia on their own.

As a result the two West Texas farm boys packed and bid farewell to Memphis, Tex., and a farm life and headed for the port of Galveston, Tex. There they learned from the Customs Office that you didn't just book passage on a ship to a country at war and set sail. After a couple of weeks of futile attempt to set sail for their destination, they fell easy prey to a "single-eyed recruiting sergeant" and in early March 1936 Capt. Taylor and his friend joined the U. S. Army and their careers separated.

Capt. Taylor joined the Quartermaster Corps and Martin (now Major) decided to cast his lot with the Anti-Aircraft Artillery.

With good fortune Capt. Taylor reached the coveted position of First Sergeant of the QM Detachment in the summer of 1940.

In September 1942, Capt. Taylor was commissioned a 2d Lt. in the QMC and assigned to the New Orleans Port of Embarkation. He served as QM property officer for the NOPE, Jackson Barracks Staging Area until the summer of 1945 when he was assigned to the Far East Forces in the Philippine Islands. There he was assigned as the Petroleum Supply for Army Service Command "Olympia" which was to supply logistic support to Sixth Army for the forthcoming invasion of the Japanese Home Islands.

**CAPTURED . . . Morley King, one of 10 most-wanted fugitives, was captured in Philadelphia by the F.B.I. King killed his wife in California.**

At the end of hostilities, Capt. Taylor was put in charge of the advance group of headquarters clerks and the ACOMO Band for the move to occupy the Japanese Mainland. Upon arrival at the Japanese Port of Debarkation his group was loaded on to a train for Kobe, Japan. The Japanese railroad officials not being too familiar with US Army insignia decided that anyone important enough to be accompanied by a band was some kind of high official and as a result their train was given a clear track into Kobe where it was learned that they had arrived ahead of the combat troop and all the city officials were out to welcome them.

Upon the return of the Sixth Army to the continental United States he was transferred to the Kobe QM Depot and assigned the task of establishing Stock Control and Property Accountability for U. S. Army occupation troops in Southern Japan. For his performance on this job he was awarded the Army Commendation Ribbon and a promotion to grade of Capt. in August 1946. Upon completion of his Far East Tour in the summer of 1948 he was returned stateside and assigned to Utah General Depot.

## You'll love Electric Cooking!

It's so fast, cool, and economical... and no fumes or soot to mar your kitchen!"

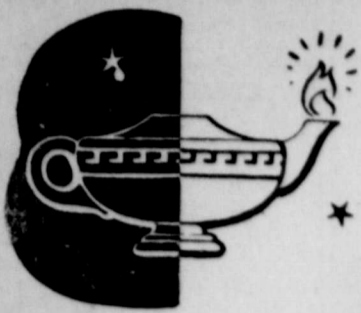

What could be cleaner than cooking with heat from an electric wire? Constant, even, accurately controlled heat... no combustion, no matches, fumes or soot to soil pans, kitchen walls and curtains... that's electric cooking! New quick-speed heating units, which send heat directly into cooking vessels, and ovens scientifically insulated on six sides keep kitchens cool. Economical, too, electric cooking helps stretch kitchen budgets. But that's just part of the story. ### Magic Words

Just as the thief of Bagdad sailed through the air on his magic carpet so we are enabled by cultural education to soar above the illiterate masses on our magic carpet of words or mingle with the rabble for lack of same. Our personalities are projected, our intelligence rated, and our memory perpetuated by our store and use of words, in speech and writing.

By virtue of meaning and vocal inflection, words are said to be harsh, belligerent, comforting and kind. Someone has aptly said, "Kind words are the bright flowers of earthly existence; use them, and especially around the fireside circle. They are jewels beyond price and powerful to heal the wounded heart and make the weighed-down spirit glad." The hypnotist "mesmerizes" his subjects, the mother croons a lullaby, and the Colonel commands his men with words.

By the same token, the event that occasions the use of a word or sequence of words, their appropriateness makes them memorable as evidenced when John Paul Jones fired the lagging spirits of his fighting men with the battle cry, "We've just begun to fight!" Quite true, "The art of saying appropriate words in a kindly way is one that never goes out of fashion, never ceases to please, and is within the reach of the humblest."

It goes without saying that "last words", particularly last words of great minds are treasured in the hearts of posterity. Indeed, "Last words are precious words; how we cling to them, and let them gently stir through the memory and persist through the years. Men build them great poems and songs." And probably the most memorable last words were those of Christ on the Cross as He spoke to God, to His mother, and to the thief beside Him.

Few of us, however, will ever attain sufficient greatness to have our last words recorded for posterity and therefore must be content with a vocabulary equal to our needs in the professional or work-a-day world. It is well to remember that one's vocabulary is an index to one's thinking; words are tools of thought, symbols of thought patterns. Bearing this in mind, try adding one new word each day to your vocabulary and thereby enlarge your thinking capacity and power of expression. The results will amaze you.

Among the 50,000 new words coined in America and included in a recent publication called, "Dictionary of Americanisms", are new meanings for old words, slang expressions, and some words actually fabricated in this country.

e. g. coed, immigrant, hydrant, electrocute. However, many slang words used by Americans did not as is commonly supposed, originate in this country, but in England where they were used more than 200 years ago. Among them are "bamboozle" booze, kid, lousy mood and racket.

By application or connotation, words can be picturesque pattern or plain prattle. Because of the mental images or sounds they conjure up, words and phrases are said to be "picturesque". As a fair example, "March wind, brisk as a boom"; "Many a train of thought is just a string of empties"; "In an agony of suppressed information."

### RED CROSS BRINGS EARLY THANKSGIVING TO FAMILIES HIT BY FOUR-STATE FLOODS

After last July's floods, 52,275 families in Kansas, Missouri, Oklahoma and Illinois were thankful to be alive, but many had lost everything they had worked for. In Wyandotte County, with Kansas City, Kansas, loss was greatest, with 4,725 homes destroyed or damaged. Red Cross, on a basis of individual need, made awards totaling \$5,416,550 for assistance in rebuilding and repairing 2,945 homes in that county alone. In the upper photo, a Red Cross worker examines wreckage of a house, typical of damage in the Argentine and Armourdale districts of Kansas City, to estimate its replacement cost. In the four states, 32,057 homes were destroyed or damaged.

Thanksgiving came early for Mrs. Hazel Moberly, below, left, whose house was the first Red Cross-built new house completed in Kansas City, one of 2,945 being repaired or built new in Wyandotte County by the Red Cross. On October 6, she received the key to the house, rebuilt on the old foundation in Kansas City's Argentine district. Red Cross also provided \$470 worth of essential furniture. After verification of family needs, Red Cross awards—outright gifts, not loans—totaling \$8,645,898.11 have been granted to help in building and repairing 4,800 homes in the four-state flood area. For the more than 25,000 families who applied for Red Cross help, Thanksgiving, 1951, came the day a family received notice that a Red Cross award had been granted to help them some back. of the country birth to colloquialisms, speech and expressions peculiar to that "neck of the woods". Call it colloquialism, jargon, local patois, or just plain slang, the reason for some of the common expressions is worth nothing. It was Washington Irving who gave us the phrase, "the almighty dollar" and Noah Webster, the great lexicographer, made just one word, "demoralize" in all his compilation of the dictionary.

The expressions, "pig in a poke", "Go west young man", "Don't take any wooden nickles",

"Blue Monday", "Apple pie order", "Busier than a one-armed paper hanger with the hives" all have interesting origins which I shall disclose at some future date. In the meantime, mind your language and try your hand at tossing a yeasty word into the conversational dough.

dustrial Materials and Manufactured Goods Section of the District OPS office.

The new regulation covering the sales of passenger cars became effective October 15 and requires every dealer to post in "a conspicuous place on his premises a notice not less than 18 inches by 24 inches in size, stating the make, body style, line or series and model of each new automobile offered for sale, and an itemized ceiling price." This requirement must be met by December 10.

The ceiling price must be itemized to show the basic price for each particular body style in each line or series; the charge for transportation; the charge for federal excise tax; the charge for state or local taxes; the charge for handling and delivery; and the total ceiling price.

Every dealer in the four counties, as well as other counties, was invited to attend the meeting in order to learn how to bring his operations into compliance with the new regulations.

dill scampered 49 yards for a TD but it was nullified by a penalty and afterwards Sustaire ran 39 yards for the fifth Whirlwind TD.

The last Whirlwind touchdown came after Jenkins intercepted a Cub pass and returned to the Cub 19 yard line. A few plays later he scored and the final score stood Whirlwinds 41, McLean 7.

This was the last game for the Whirlwinds this season, giving them a season record of eight victories and no defeats. They have averaged more than 42 points per game, scoring 338 points and allowed only 7 points to be scored against them. This is the third year they have won district honors.
