LIVE-IN THEATER BE BUILT HERE

Construction will start next week on a \$50,000.00 Drive-In Theater in Memphis and area, it was announced this morning. The new Drive-In Theater, owned by the Memphis Palace and Ritz Theaters, said the new theater would be built about one mile west of the Memphis city limits on the Lakeview highway. The theater would have the latest in modern equipment, including the best of modern sound and design. The new theater is ready to open about a year-round basis. The theater will be equipped with 100 speakers, concentrated on Page 10)

Last Rites Held Sunday, June 8, For R. H. Graves

Funeral services for Robert H. Graves, 69, were held at 2:30 p. m. Sunday, June 8, in the Church of God in Childress. Mr. Graves died Friday, June 6, in the home of his daughter, Miss Anna Mae Graves, in Memphis.

Services were conducted by the Rev. R. D. King of Memphis. Assisting was the Rev. C. H. Barnett of Childress. Burial was in the T-11 Cemetery. Murphy-Spicer Funeral Home had charge of arrangements.

Survivors Listed

Survivors include three sons Chesley Graves of Sunray, Lee Graves of Sunray, Colvin Graves of San Antonio; three daughters Miss Anna Mae Graves of Memphis, Mrs. Frank Moore of Sunray, Mrs. J. W. Birdsong of Sunray; one brother, Jim Graves of Peacock, Tex.; one sister, Mrs. Addie Lanier of Odessa; and 14 grandchildren.

Mr. Graves was a retired farmer and had lived in Memphis for about a year, moving here with his daughter from Childress County. His wife preceded him in death April 2, 1932.

Born in Tennessee

Born Sept. 21, 1882, in Pulaski County, Tenn., Mr. Graves was the son of Sanders Graves and (Continued on Page 10)

1952 Grain Sorghum Support Rates Set At \$2.33 Per CWT.

County PMA Officer Lynn L. McKown announced this week that the 1952 support rate on grain sorghum has been set at \$2.33 per hundredweight. This price will be for on-the-farm storage.

Support rate for last year was \$2.17, according to McKown. About 25,000 acres in Hall County have been planted to grain sorghum, he said.

McKown also stated that the mesquite spraying program was completed last Friday. A total of 8,028 acres was sprayed. The PMA officer said that the operation seems to have been successful, with top leaves killed.

Pvt. Billy Stewart Arrives in Korea

Pvt. Billy Stewart, son of Mr. and Mrs. William B. Stewart of Memphis, recently arrived in Korea and was assigned to the 5th Regimental Combat Team's 1st Battalion Headquarters Company.

His unit has supported every division in Korea since arriving in the combat zone in Aug. 1951.

Private Stewart, who arrived in Korea on May 15, entered the Army in April 1951 and received basic training at Fort Hood, Tex.

In civilian life he graduated from Memphis High School in 1948 and was employed by the Burleson Service Station.

ALVIN MASSEY, JR. TO STUDY BAYLOR IN PARIS THIS SUMMER

Roy Alvin Massey, Jr., son of Mr. and Mrs. R. A. Massey of Memphis, sailed Tuesday from New York for Europe. Massey, a junior at Baylor University, will study this summer at Baylor in Paris, an extension of the Waco school.

Baylor in Paris is under the direction of Reynold Arnould, and offers courses in art, art history, art criticism, French drama, and the French language.

The students will live for one week in the 13th century Abbey and International Culture Center of the Abbey of Royaumont, which was built by King Louis IX.

While on the continent the students will make excursion trips to Belgium, Switzerland, Italy and other countries. The group will go to England the last week in August for a sight-seeing tour. They will sail from Southampton and arrive in New York Sept. 4.

Cpl. Randolph Messer, son of Mr. and Mrs. Jesse Messer, is now stationed with the 65th Fighter Interceptor Squadron at Anchorage, Alaska. Cpl. Messer joined the Air Force Jan. 1, 1951. Since then he has served at Presque Isle, Me., Sheppard Field at Wichita Falls, and Chanute Field, Ill. He is an aerial engineer. The Alaskan command is one of America's first lines of defense against Russian attack.

LT. BRAGG AMONG OFFICERS CHOSEN AS INSTRUCTORS

Lt. J. W. (Bud) Bragg, teacher at Riverside School, Amarillo son of Mr. and Mrs. W. J. Bragg of Memphis, will be among the members of the school battalion officers who will conduct a training school for all basic reserves at Camp Hood from June 15 to June 29.

Capt. B. Holland of Estelline is the other officer of the battalion from Hall County. Other members of the command are mostly from Amarillo.

The school battalion, with headquarters in Amarillo, was organized in 1950 and now has one of the top ratings in Texas. It was selected for the training function at Camp Hood because of its high rating. At Camp Hood it will operate under the 90th Division.

Former Memphis Woman Is Injured In Car Accident

Mrs. Jean Draper Bruce, injured at 10:10 Saturday night when she missed a corner on Highway 287 about three miles south of Memphis, was removed from a local hospital Tuesday and taken to an Amarillo hospital. Her condition was termed "fair."

Mrs. Bruce, a former resident here, now lives in Amarillo. She suffered a fractured pelvis and lacerations and bruises. Highway Patrolmen Clinton Kulp and N. D. Callaway investigated the accident. They said Mrs. Bruce failed to make a curve and knocked a guard post about 40 feet when her car went off the road.

She was driving a new Cadillac which was not badly damaged, according to the patrolmen.

Memphis Musicians Play Each Saturday Over Station KOLJ

Three Memphis youths, the "Texas Dusters," are now appearing on the radio each Saturday morning from 6:45 to 7 o'clock on station KOLJ, Quanah. The boys presented their first radio show last Saturday.

They are Jackie Cain, guitarist and m. c.; James Diamond, lead guitarist and madolin player; and Troy Moore, lead vocalist and guitarist.

Two other young musicians, Roy Johnson and Elton Murdock, are slated to join the group for the Saturday morning show. Johnson plays the steel guitar and Murdock plays the accordion.

The Memphis musicians announced that they hope to get a sponsor within a few weeks. They said that they would be glad to play requests for people residing in this area.

Their address is Texas Dusters, Radio Station KOLJ, Quanah, Tex.

Baseball Meeting Friday Night

SCHOOL'S OUT FOR BIBLE STUDENTS—Pictured above are students, teachers and members of the adult class of the Church of Christ Vacation Bible School which closed Friday, June 6. The Bible School started Monday, May 26. Average daily attendance was 105½, and a peak of 125 was reached on two different days, according to B. M. Litton, Minister of the Church. A closing program which included presentation of certificates was held last Friday night at the Church. (Photo by Ott.)

Eight Indicted Here June 4 by Grand Jury

Seven indictments for felonies and one for a misdemeanor were returned last Wednesday, June 4, by the grand jury which met at the courthouse, according to Mrs. Isabel Cypert, district clerk. Trial has not been set for any of those indicted.

Jack Scott, Negro, was indicted on two counts of assault with intent to murder. The charges were filed after a shooting affray in Morningside Addition March 15. The indictments charge that he made the assaults on James Haner and Leroy Figs, both Negroes. Figs was sent to the hospital after the shooting.

Lane Spear, Lakeview, was indicted for driving while intoxicated, second offense. He was driving the automobile involved in the accident near Lakeview March 21 in which Joe Booth was injured. Booth was driving a tractor. The indictment states that Spear was convicted in County Court Sept. 6, 1949, on a charge of driving while intoxicated.

Youth Is Indicted
A minor, now in the Donley County jail in Clarendon, was indicted on two counts of housebreaking. Both the offenses occurred in Memphis, according to the indictments.

Marie Sasser was indicted for intent to defraud by passing a worthless check. She is now in New Mexico. The sheriff's office here said she was preparing to fight extradition.

Johnny Floyd Bartley was indicted for driving while intoxicated, second offense.

Rufus Butler of Turkey was indicted for theft under \$50.00, a misdemeanor under Texas law. His case is being transferred to County Court for trial.

In a civil case Tuesday morning in the district court, a 15-year-old Turkey girl was granted an annulment of her marriage to an Oklahoma man. The couple lived together only a few days. She was 12 and he was 24 at the time of the marriage. Under Texas law, a girl must be at least 14 before she can enter into a legal marriage, according to the district clerk. The case was heard by District Judge Luther Gribble.

Three Arrested On Liquor Charges

Three Hall County Negroes were arrested and assessed fines this week for possession and sale of liquor in a dry area. Another Negro from the Plaska community has been charged with sale of alcoholic beverages, but has not been arrested Wednesday.

Joe Scott, Memphis, paid a total of \$367.05 in fines on three charges, two for selling and one for possessing liquor. Sheriff E. S. "Pack" Morrison, Constable Jack Peabody and Deputy Sheriff Bill Baten found 15 half pints of whiskey and four fifths of wine in Scott's possession Monday. Scott was released from jail when he paid his fines Tuesday after (Continued on Page 10)

CHURCH OF THE NAZARENE PLANS WEEK'S REVIVAL

Rev. Donald L. Guy, new pastor of the Church of the Nazarene will conduct a week-long revival meeting beginning Sunday, June 15th.

Reverend Guy moved to Memphis last week from Buffalo Gap near Abilene. He is married and has a six-month-old son, Gene. He is employed at the Greene Dry Goods Store.

Services will be at 8 each evening, the new pastor announced Sunday School time is 10 a. m. and the Sunday worship service will be at 11 a. m. The revival will last through Sunday, June 22. Everyone is welcome to the meeting, Reverend Guy said.

ROTARIANS HEAR REPORT ON 1952 CONVENTION HELD IN MEXICO CITY

Clyde Milam, president-elect of the Memphis Rotary Club, gave an informative report on the 43rd Annual Rotary International Convention held two weeks ago in Mexico City to local Rotarians and guests at the luncheon meeting Tuesday.

Wife Unable to Attend
Milam and his wife attended the convention as Memphis representatives. Mrs. Milam had planned to help give the report, but was unable to attend. She has been ill and in the hospital since last week.

The president-elect gave an interesting account of all the convention activities and entertainment attractions which he and his wife attended. More than 8,000 Rotarians and members of their families from 60 countries of Europe, Asia, Africa, and North, South and Central America attended the convention, which was called to order May 25 by President Frank E. Spain of Birmingham, Ala.

83 Countries Represented
Keynote of the five-day gathering of business and professional executives, who represented more than 7,500 Rotary Clubs in 82 countries, was the internationality of the Rotary organization. Throughout the convention program, emphasis was given to the opportunities which Rotarians have, in all parts of the world, to work for the achievement of one of the principal goals of Rotary—the advancement of internationalism. Rogers Visits Here

A. J. "Andy" Rogers, candidate for State Senator from the newly-created 30th District, visited in Memphis yesterday.

Rogers has served two terms as State Representative. He lives on a farm near Childress.

PMA Releases Figures On 1951 ACP Program

Operators of 345 farms in Hall County, or 32 per cent of all farms in the county, received assistance from PMA in soil conservation work under the 1951 program, according to Lynn L. McKown, county PMA officer. There are 1,107 farms under the Agricultural Conservation Program in Hall County.

1951 Total \$200,000
Total conservation work for 1951 amounted to about \$200,000 McKown said. The PMA contributed \$118,528.16 of that amount. Assistance was limited almost entirely to major conservation practices with the farmer paying from 30 to 60 per cent of the total cost.

McKown said that the 1953 ACP is well past the planning stage, and that PMA committees will begin contacting farmers sometime after July 1. This marks the first year that participating farmers will be required to sign

a plan sheet before they will be eligible for assistance. The 1953 program will be outlined from information on the plan sheets. Farmers To Be Contacted
Farmers were able to fill out plan sheets for the 1952 assistance payments after the program had started. Eighteen committees from six communities will be responsible for contacting farmers. They will work under the supervision of the three PMA county committees, R. A. Edelman, Estelline, chairman; T. R. Puston, Jr., Turkey; and Joe Montgomery, Lakeview.

County and state recommendations for changes in the agricultural conservation programs have been submitted to Washington, and the House of Representatives has passed the Agricultural Appropriation Bill authorizing \$250,000,000 for 1953 ACP payments. The county PMA office releases (Continued on Page 10)

Several Million To Come Under Social Security Protection For First Time

Several million people will gain social security insurance protection for the first time during this current calendar quarter these are people who have worked approximately a year and a half on jobs covered by the law. It will include about five million self-employed businessmen and women.

Extended in 1951
Beginning January 1, 1951, the basic social security program, called Federal old-age and survivors insurance, was extended to almost ten million jobs not previously covered. In addition to the self-employed domestic workers, regularly employed farm workers, and many employees of non-profit organizations and State and local governments.

Many of these people will earn their insured status during this April-June period. Thus, they will have a social security insurance protection "in force" and benefits will be payable to their survivors in case of death.

Eligible at 65 and Over
Anybody who is now 65 or older needs only a year and a half

of work to be covered by social security to be eligible for monthly payments upon retirement. A person is considered "retired" if he earns \$50 a month or less on jobs covered by social security. Or, if self-employed, he is "retired" if he is no longer active in his business, or earns \$600 or less in net profits for the taxable year.

NYLON FROM OIL MOVES OIL PIPE

New uses for nylon pop up all through the oil industry. Now it is being used in a sling for handling lengths of pipe line. The fabric has chemically treated cotton cord for the warp, and nylon forms the woof. As a result of this special construction, the pipe sling is flexible, can bend around small diameters without cracking, and withstands great strains and jerks. Since much of today's nylon is made with petroleum derivatives, this is an example of how the oil industry utilizes its own product research in its continuous efforts to serve the American people.

A Tested Seed Label on a bag of seed unlike Certified and Registered Seed Tags—does not guarantee that the seed is of high quality. But the label, giving an analysis of the seed, does tell the buyer what he is getting for his money.

to set dirty sample aside and request that the seed be re-cleaned and another sample submitted. Watch out for some fly-by-night seed "bootleggers" in the state who are selling un-labeled seed.

TINY TOTS, BIG BUSINESS
In spite of the size of its job of supplying American consumers with 270 million gallons of oil products daily, the petroleum industry isn't too busy to take care of the country's tiniest citizens—babies. Sales of baby oil, which is made from a pure, highly-refined petroleum oil to which anti-septics have been added, came to an estimated \$7 million last year. Another \$6 million was spent on baby lotions, many of which may also be petroleum-derived.

Judge Yarborough To Be in Memphis Friday Afternoon

Judge Ralph Yarborough, candidate for Governor, will be in Memphis tomorrow. He will speak at 5:30 p. m. on the east side of the court house.

Judge Yarborough last Friday jumped into the middle of the contest that promises to be red hot. He opened his stump speech-making campaign at Athens with charges that his opponent, Gov. Allan Shivers, tolerated corruption within state government, attempted to take over county road-building powers, failed to restore the Narcotics Division of the State Department of Public Safety, allowed one gambling syndicate to operate "brazenly" in the state, and "engaged in downright sabotage of the Texas Tidelands case."

Candidate Yarborough will speak tomorrow in Clarendon, Pampa, Borger and Amarillo.

Seattle, Washington is named for the Indian chief Seattle.

Pure gold contains 24 carats.

CHRYSLER SARATOGA 6-PASSENGER SEDAN

DON'T LET YOUR WIFE DISCOVER THIS TOO LATE

Women by the thousands are discovering in the beautiful Chrysler Saratoga the easiest "big car" of all to handle . . . the most generously comfortable to ride in . . . and the most instantly responsive to their command.

That's why we say to you . . . and your wife . . . "Come in and see for yourselves what the Saratoga does for you." And do it now, before you decide on any car . . . not later, when you may regret not having all the things you can have in a Saratoga!

Yes, it is a big car with big car power . . . a breath-taking 180 H.P. performer (the most revolutionary V-8 engine in 25 years) that answers to the touch of your toe with delightful gusto. And it doesn't call for premium fuel, either!

Does your wife think there's too much car here to handle? . . . let her try its Power Steering that does 4/5 of all the steering work and gives five times greater control on the road and when parking!

Is she safety-minded? Chrysler Power Brakes give her quicker, safer stops . . . with up to two-thirds less foot pressure. She'll appreciate Chrysler Safety-Cushion dash panel. And in case of an accident, she'll have the assurance of Safety-Rim wheels that won't "throw" a tire.

How about comfort? Come, both of you, ride! . . . feel how those amazing Ortolano absorbers "liquidate" even the worst road. Chair-high seats plus big, big windows let the tiniest little lady see out properly. Door wide . . . and she can keep her hat on!

Here, in short, is the car beautifully designed for men and women. The liveliest, best handling America. The car you'll both be glad you bought. Why not stop in today?

NOTE: Power Steering standard on Crown DeLuxe. Available, extra, on any Chrysler.

CANDIDATE FOR COURT JUSTICE VISITS MEMPHIS

Jos S. Moss, Post attorney and candidate for Associate Justice of Court of Civil Appeals, seventh district, was in Memphis last Friday visiting courthouse officials, attorneys and other community leaders.
Moss was born and reared at

Lufkin, in East Texas. He has practiced law at Post for the past 20 years, except for a three-year hitch in the Air Force in World II. He served in the South Pacific. Moss is married and has one son, child.
The court of Civil Appeals holds sessions in Amarillo, and is composed of one "Chief Justice" and two "Associate Justices" elected by the people. The Court decides appeals in civil cases tried in the Courts of 46 Panhandle and South Plains counties.
Warm weather will bring with it new problems for the dairyman. Now is the time to put on a drive to clean up and start a complete fly control program. Bacteria counts will climb unless strict rules of sanitation are followed.

Texas Dairy Industry Produced Nearly Four Billion Pounds of Milk in 1951

COLLEGE STATION—Dairy-herd improvement is big business in Texas. The value of all milk produced in the state last year amounted to \$200,000,000. Total milk production during the year, says R. E. Burleson, dairy husbandman for the Texas Agricultural Extension Service, reached the 3 billion 800 million pound mark. That, adds the specialist, is a lot of milk but was only enough to supply 65 per cent of that needed by the state's ever-increasing population.

Per Cow Production
The greatest demand is for fluid milk but great quantities are also used by manufacturers of ice cream, butter, cheese, evaporated and condensed and powdered milk. Burleson says the state ranks fourth in the nation from the standpoint of the total number of dairy cows but 45th in the production per cow. In total pounds of milk produced the state ranks eleventh. Generally speaking the greatest production is east of a line drawn from Wichita Falls to San Antonio to Corpus Christi. The largest milk sheds from the standpoint of counties involved and production are the Houston and Dallas-Ft. Worth sheds.

Among the highest producing counties are Harris with 500 grade A producers; Parker, 400; Hopkins, 385; Bexar, 350; Johnson, 350; Tarrant, 350; Wise, 320 and Nacogdoches with 300 grade A producers. The total number of grade A producers in the state in 1951 was 9,000, and the ungraded producers numbered 10,000, says Burleson.

The number of cows on Dairy

Herd Improvement Association test last year totaled 13,000 head while 3,000 cows were on Official Test Membership in the artificial breeding associations continues to increase and last year 21,000 cows were artificially bred.

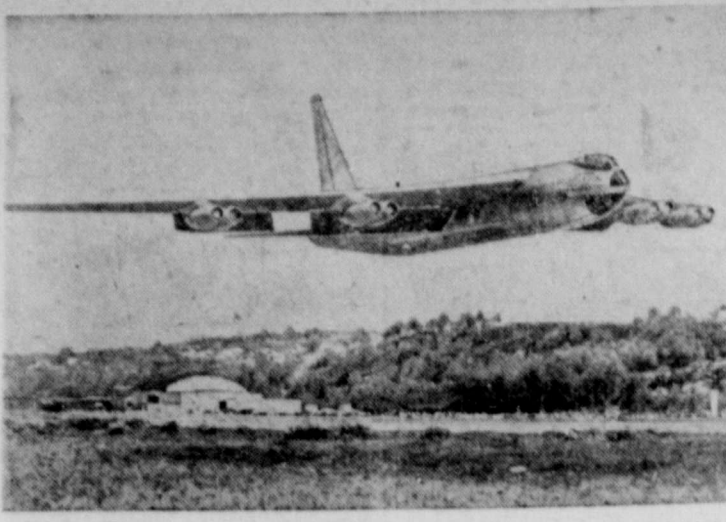

Feeding A Major Problem
According to Burleson, the major problems faced by Texas dairymen include an adequate feeding program; developing a breeding program; improving dairy herd management and marketing.

Under the feeding program Burleson lists such items as good dairy pastures, high quality hay, good silage and feeding balanced concentrates according to production after adequate forage and pasture program has been provided.

The breeding program should include, according to Burleson, the use of a good sire and when possible artificial breeding and growing at home the herd replacements. These replacements should be carefully selected from the standpoint of production and breed characteristics.

The improved herd management should include plans for herd testing and the keeping of accurate records on every animal in the herd. He encourages all dairymen to join a DHIA organization.

Under the marketing problems, he lists as number one, the maintenance of a year-round level of production. Then follow such problems as the production of quality milk; using the surplus milk and manufacturing milk to advance the over-all dairy industry and promoting greater use of milk

MAIDEN FLIGHT . . . Boeing YB-52 Stratofortress, new eight-jet heavy bomber, makes maiden flight from field near Seattle and remains in air two hours, 51 minutes.

Dr. R. Ernest Clark

and milk products in the human diet.

June Is Dairy Month

Burleson says that June has been designated as Dairy Month and he encourages all dairymen to take time out for an examination of their operations in order that they may do even a better job of producing a high quality food product.

Pathfinders' Holds Installation Luncheon As Final Meeting of Year

Members of the Pathfinders' Council held an installation luncheon as the final meeting of the club year Tuesday in the home of Mrs. Lee Brown, 18th and Dover. Mrs. Robert Breedlove and Mrs. J. J. McDaniel, members of the social committee, assisted Mrs. Brown with party arrangements.

Featuring the club flower, the entertaining rooms were decorated throughout with roses. Rose in crystal bowls were used to center the foursome tables where places were laid for 17 members.

Served buffet style, the menu included fried chicken, mashed potatoes, green beans, corn, variety of salads, hot rolls, strawberry short cake, and ice tea.

Mrs. W. D. Young offered the invocation. Mrs. Gene Chamberlain, retiring president, presided at the business session and also installed the new officers in an impressive manner using as the symbol the Rose. Mrs. Chamberlain was presented with a gift by club

Harrell Chapel Needle Club Meets Tuesday

The Harrell Chapel Needle Club met Tuesday afternoon in the community house with Mrs. Len Moore and Mrs. Roy Widener as hostesses.

The afternoon was spent quilting. Refreshments were served to the following: Mmes. John Robinson, Louis Richards, J. N. Helm, Jr., E. R. Daugherty, Clifford Jester, Ruth Cobb, Cecil Phillips, Orval Phillips and Miss Ava Dell Phillips.

The next meeting is scheduled for the second Tuesday in July with Mrs. Hank Helm and Mrs. Clifford Jester as hostesses.

Young, Memphis; Mrs. Eddie Forest and daughter, Debra Lynn Clarendon; Hugh Wayne Long, Estelline; Mrs. Louis Saied, Memphis; Georgia Saied, Memphis; Ed Wilson, Memphis; Lester Graham, Memphis; W. T. Hayter, Clarendon; Mrs. Emmett Arrington Parnell; A. A. Bryant, Tell; Mrs. W. D. Mabry, Memphis, Rt. 1; Mrs. C. L. Sloan, Estelline; Mrs. A. P. Bruton, Memphis, Rt. 1; Mrs. John Vallance, Memphis; Mrs. A. W. Mosely, Lakeview; Mrs. Ray Hawthorne, Wellington; Wanda Sibley, Clarendon, and Joan Sibley, Clarendon.

1950 Texas Census Hot Off the Press Last One Until

DALLAS.—A little more than a year ago the census was hot off the government press and on order at the Department of Commerce, 1114 Commerce Street.

It's the long awaited census totals for the number of inhabitants in Texas.

According to Commerce or Ernest Tatt, the representative of the official nose of the number of inhabitants in the state, its counties, and divisions (townships) in addition, separate figures presented for urban places of cities of 5,000 or more other areas of the state.

Oh yes, the Texas census is the "best seller" until 1960 when the next Census will be taken.

Mrs. Dick Watson and her, Mrs. Mattie Goodman, here from Calif. visiting here from Dumas, Wednesday they visited their neighbors Mrs. McCool and family days.

Colo. Travelers

Extension Classification Courses Scheduled To Begin at Tech June 16

BOOK—The 1952 two-week extension short course, sponsored by the Department of Engineering at Texas Tech, will begin Monday, June 16. L. E. Parsons, department head, announced that classing instruction will be under the direction of L. O. Buchanan and the States Department of Agriculture staff. The cotton school is located in the new USDA building at 2414 Ave. E. in Lubbock. The annual school is open to students in cotton, but is favored by cotton ginners in the South Plains, and Texas. Enrollment is handled through the Extension Division, and the course is offered both the beginning and advanced levels. Sampling of the types of cotton will make up the cotton ginners, but this will be placed on the staple cotton of the South area. All cotton is graded for color, the amount of lint, whether the cotton is long or short, the amount of seed, and the amount of trash. Preparation of cotton for spinning—the estimated amount of cotton fibers—will also be part of the course. A 40-count area is being contacted, and a class is expected to attend. For the two-week course \$12.50. All inquiries should be directed to L. E. Parsons of the Extension Department, Texas Tech.

YOUNG MISS WITH IDEAS

An up and coming movie starlet, Donna Corcoran, soon to appear in "Young Man with Ideas," wears this powder blue cotton broadcloth dress with white trim in the picture.

a month ago, was for only 384 men. The number of men receiving the pre-induction physical and mental examination in June will be 2,160. The July induction call for 1,251 men in July is the Texas share of a national quota of 33,000, the state director of Selective Service said. The induction call in July 1951 was only 376. The July call will be filled with men 20 years old and older. General Wakefield said that Texas has only about 300 examined and acceptable men 21 years old or older. The remainder of the quota will have to come from the 20-year-old group. **Delinquents May Be Called** The local boards will not be able to induct any man below the age of 20 with the exception of delinquents and volunteers. As of the end of April, Texas had inducted 38,658 men since the beginning of the conflict in Korea. More than 91,000 men were given pre-induction examinations during the same period. Demosthenes practiced oratory with pebbles in his mouth. Inhabitants of the Isle of Man are called Manxmen.

Draft Calls Resuming Now

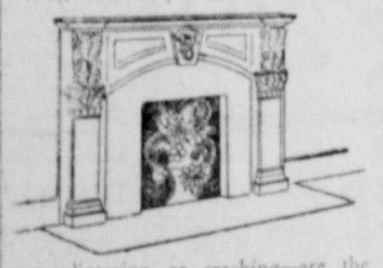

State Selective Service is scheduled to mail induction and induction draft calls to the homes of 1,251 men and the induction of 1,251 men in July. The state director of Selective Service, General Paul L. Wakefield, said that the state Selective Service will begin to rise in June and be heavier next year.

How Game Birds Have Helped Wildlife in Texas, Commission Says

The Assistant Director of Wildlife Restoration for Texas Game & Fish Commission said recent rains have aided wildlife in most areas of the state. The moisture came at a critical period of the spring nesting season for many game birds and mammals. The rains have stimulated the growth of food and cover for deer and other game animals, as well as needed water. The Assistant Director pointed out that the rains have not yet reached the drought in West Texas and the greatest benefits of the rains is the effect it will have on turkey nesting in the Hill Country of Texas which provides estimated ninety per cent of the state's turkey hunting. The Assistant Director said this year's hatch has missed a good hatch in previous years with the drought that the brood stock has had to hit. The rain to grow cover for the turkey simply do not have a disposition to nest," he said. "Then many of the birds died for lack of food and cover from field men to the extent described spring prospect is generally good" except in scattered areas which still suffer from drought.

FIX-IN-UPS TIPS
For Farm and Home**

To Close Fireplace—
MANY old homes have old-fashioned fireplaces which no longer are serviceable. They are a problem, being expensive to remove or put into working condition, and being drafty, dirty, and wasteful of room heat. There are several ways to close the opening to shut off the draft, but making the closure both functional and attractive is a bit of a trick. The ideal solution is a panel which tightly closes the opening and which may be pleasantly decorated to heighten the interest in an otherwise dull location. Many leading artists use Tempered Plywood instead of canvas. Its qualities as a painting medium—permanence, absence of grain, durability, non-splintering or cracking—are the same which make it widely used in home remodeling and new construction in residential, commercial, and industrial fields. A Plywood panel, then, used as a fireplace closure and painted or otherwise decorated combines function and beauty. Instead of a painting by some talented member of the family or friend, the panel may be covered with a blowup of a favorite snapshot. Decalcomanias are another alternative, or the smooth-surfaced material may be painted or enameled. Since the artistic motif is involved, it's wise to have the panel easily removable so that the scene may be changed from time to time. The simplest way to install the quarter-inch panel for its dual purpose is to fasten a framework of 1x2 lumber in the opening and then attach the hard board with roundheaded screws inserted through drilled holes at the corners and intermediate points.

REPORT FROM WASHINGTON

Congressman, 18th District
By Walter Rogers

KOREAN VETERANS: The House passed and sent to the Senate H. R. 7656, a bill to take care of our veterans in the Korean War. This legislation is long past due, and we are all pleased that it has passed the House and is on its way to passage in the Senate. The delay in this much needed legislation was caused by the many abuses to which the veterans and the American taxpayers were subjected under the original GI Bill of Rights. The process of uncovering and weeding out some of the features of the old GI bill that permitted unwarranted raids upon the public treasury consumed long and tedious hours in the Committee. We hope that all of these avenues of abuse have been closed, although we surely realize that success in this particular field is going to depend a lot upon the veterans and the schools.

The vote in the House was 361 yeas, one nay, and two answering present. The one nay vote was cast by General Devereux, a Member from Maryland. General Devereux is certainly not entitled to any criticism for his vote because it was not cast against the bill as such, but was a protest as to the manner in which the bill was brought up before the House.

General Devereux has perhaps as illustrious a career as most any veteran of the United States. You will remember him as the commander of the garrison on Wake Island. He is on the Veterans Affairs Committee and is an outstanding and able member who definitely has the interest of the veterans at heart. His protest was because the bill was brought up under what is known as a "suspension of the rules." When a bill is brought up in this manner, the debate is limited to twenty minutes to the side and the bill cannot be amended.

There are two amendments that I think should have gone on the bill, and General Devereux and I are in agreement on these two particular amendments. The bill contains a provision that would permit tax maintained institutions to charge veterans as much as \$31.00 per month without being subject to the penalties provided against exacting excess charges from veterans. In many states this could result in a non-veteran going to school free while a veteran would be required to pay \$31.00 per month out of the many that he receives with which to obtain an education. The money is paid directly to the veteran under

TRAPPED IN FOLDING BED . . . This was the embarrassing predicament in which Mrs. Stella Howard (left) and daughter Joan, Los Angeles, found themselves when they were trapped in their folding bed. It started when they heard a mouse in the closet and moved to investigate. The bed went berserk, and the headboard plopped down on their shoulders. Police came to the rescue.

this bill, rather than to the school as it was under the old GI bill. I certainly do not feel that a veteran should be charged \$31.00 a month in order to go to the same school that a non-veteran can attend for a much less amount. We hope to obtain a correction of this measure in the Senate. The controversial matter that arose concerning the bill was the so-called Springer Amendment. Mr. Springer is from Illinois and is a member of the Veterans Affairs Committee. He is an excellent man and an able member of Congress. The amendment that he proposed was to pay

the money to the schools rather than to the individual veteran, in somewhat the same fashion as provided in the old GI bill. Mr. Springer was most sincere in his efforts and had some very able and telling arguments in support thereof. I opposed this amendment for the reason that I basically believe that the veteran should be allowed to attend to his own business to make his own arrangements, and to go to the school of his own choice. The bill is not intended to help veterans and is not intended as a federal aid to education measure. Some of the provisions relating to GI housing also need clarification in order for the veterans to obtain the full benefits intended. Most of us feel that the corrections can be made in the Senate without delay and that these boys will begin to receive these benefits to which they are so richly entitled and which have been withheld from them too long.

poses of determining parity and price support for the 1952 cotton crop. The purpose of this bill is to protect cotton farmers against disastrous price declines if they produce a cotton crop of 16 million bales or more in 1952, as has been requested by the Secretary of Agriculture. This bill would do this by making low middling seven-eighths inch cotton the standard grade for purposes of parity and price support on the 1952 crop if any time during the calendar year 1952 the Department of Agriculture officially estimates the production of cotton in 1952 as 16 million bales or more. The cotton farmers have been re-

Hedley Edges Past St. Francis, 15-12

Hedley's Lions scored three runs in the ninth inning Sunday to squeeze past St. Francis, 15-12. The slugfest was played on the

St. Francis diamond, and the Caprock League game. Ed Mathis of Memphis was winning pitcher, striking out opposing batters. Al Kneal of Francis whiffed 11.

Locals and Persons

Min. Bedford Smith of the Christian Church, left, Tuesday morning with his family for a visit with relatives in other parts of Texas. Mrs. Smith and children will be at Knox City while Smith takes his father to Denton, Texas.

Charles E. Gurley, stationer, Amarillo Air Force Base, spent the weekend in the J. E. Gurley home, Airman Gurley's home in Fulton, Miss.

Pearls of Wisdom

Strung by J. H. R.

Strange Blossom Time

... who mused "O, what a day in June, if it were perfect days. Then the earth if it be in tune with the softly warm ear of whereof he spoke, the mere chance that the June, moon, and spoon it is no accident that words have, through custom, closely associated. It may be that we are indebted to the selecting June as the month when... she her lightly over the housekeeps with a god to whom she daily, her burnt offer-

ings. Many of the contemporary marriage customs grew out of old superstitions while others were adopted as the need arose. To say the least, our present day prenuptial fanfare differs considerably from the era when Mr. Cave-man, having the urge to take unto himself a wife, returned after a brief absence from his hillside abode dragging by the hair a screaming (if delighted) female. That was marriage-by-capture.

Then followed the marriage-by-purchase plan whereby the eager suitor gladly parted with a sizeable amount of his worldly goods in payment for his bride. The foresighted Anglo-Saxon even went so far as to make a down-payment on a comely lass who was perchance, too young for marriage. This fortuitous which gave him an option

"Do we know anyone who calls herself your mother—dear?"

Peace Comes

With a Consoling

Memory

... of the inspiration of a beautiful and reverent memorial service. The final tribute to a loved one is always a treasured memory to those who have served.

Murphy-Spicer Funeral Directors

on the young lady when she came of age was called a "wed" hence the word wedding.

The idea of a "best man" came into being in the days of medieval chivalry and marriage-by-capture when he accompanied the bridegroom to beat off or decoy the pursuers. The wedding ring is thought by some to have stemmed from the wrist fetter by which the escaping lover bound his captive bride to him. It is further believed that because the right hand has always signified power and authority the wedding band is

placed on the left hand to indicate "the little woman's" subjection. Romantics point out too that a blood vein runs directly to the heart from the third finger of said appendage.

As to the rice and old shoes, through the ages, in fact any grain has represented male fertility and so tossing it at newly-weds expresses the hope that they will, in due time, have something besides hedges running around the house.

Another good old custom at the conclusion of the ceremony used to be a scramble for the bride's garter which was considered a good luck charm. Then some sportsman who didn't have pretty legs hit upon the idea of tossing her bouquet instead. Weddings have never been the same since.

Suffice it to say, that the fellow who invented the institution of marriage should have his name in lights. I know it was a man; no woman would have thought of it and, if she had, she would have talked herself out of idea or changed her mind before it could be prevented.

The indisputable fact is... Man's walking can never be alone... Every experience is inescapably twined.

Around Woman, dependent to the bone; Bound for all time in body, soul and mind.

Man knows that his greatest trust omen Of what he is and will be, is Woman.

... Steele Mabon Kennedy This being the case, a bit of pertinent advise to the young man contemplating marriage runs thus: "In buying horses and in taking a wife, shut your eyes tight and commend yourself to God."

Princeton University was originally called the College of New Jersey.

LAKEVIEW

Mrs. Bill Gowdy and Mrs. Troy Payne were Amarillo visitors Sunday.

Mr. and Mrs. Lee Blank visited her sister, Mr. and Mrs. Lake Sachse, in Loco Sunday afternoon.

Mr. and Mrs. Lee Skinner and Larry, Mr. and Mrs. Leon Robertson, Karen and Debra, Mr. and Mrs. Woodrow Mullin and Johnnie and Mr. and Mrs. J. B. Byars spent Sunday at Lela Lake fishing.

Mr. and Mrs. Leo Brister and children have moved to Lakeview from Shamrock.

Mr. and Mrs. Ted Montgomery attended the wedding of Miss Adams in Borger Sunday.

Mrs. Weldon Gable, Terry and Eddie visited Mrs. James Skinner and her sister, Mrs. Carl Weather-ton, Monday afternoon.

Mr. and Mrs. Joe Durham, Mr. and Mrs. Paul Smith and Jerry, Mr. and Mrs. James Skinner, Mrs. Carl Weather-ton and Duteh Mel-ton attended the car races in Childress Monday night.

Mr. and Mrs. A. Z. Looker and

Mrs. Geneva Ford visited the Paul Thompsons Sunday.

Mrs. Paul Thompson and son Paul Jr. visited Johnny in Abilene last Wed. and Thur. Johnny is attending summer school there.

Homemakers who use grease paper to prevent breads and cakes from sticking in the baking pan should remove the paper immediately after the product is removed from the pan. Paper also scorches easily and should not be used when high temperatures are required for the baking job.

Revival Meeting In Progress at Estelline Church

The Rev. Roy Eason of Amarillo is guest evangelist at the Estelline Assembly of God Church revival meeting which started Sunday, according to the Rev. J. J. Helms, pastor.

Mrs. Eason is song leader for the services which will last for at least two weeks. Services begin at 8 each night, except Sundays when morning Sunday School is held at 10, and the regular Sunday night sermon at 11 a. m. Sunday night services start at 7:30.

Rev. Helms said that everyone is invited to attend the meeting.

Rotary Entertained By Hedley Students

Four young ladies, pupils of Hedley High School, entertained Rotarians of the Memphis Club Tuesday, June 3, with a musical program consisting of songs and piano solos.

Those in the group were Carolyn Reeves, Norene Gibson, Letha Moss and Thelma Moss. The program was in charge of Thomas Clayton, and met with hearty applause on the part of the listeners.

Local Girl Riders Getting Ready for Clarendon Rodeo

By MRS. VIRGINIA ROGERS

The dust is really flying in the Whaley edition these days where some fat ponies are being "put through their paces" in preparation for the girls' Sponsor Even at the Clarendon Rodeo July 3, 4, and 5. The practice field is the block just west of the James Arthur Anthony residence where the barrels are set up and the riders are making a serious business of riding The Hooley.

Such young ladies as Miss Janice Ann Anthony, Miss Carol Ann Monzingo, and Moss Margaret Ann Massey will be in the money at the Clarendon Rodeo if the old adage, "practice makes perfect" holds good. The prizes in this forthcoming event will be \$100 with the entrance fees added, day money each day, and a pair of boots for the best average time. No wonder these Memphis girls are riding to win.

Drive out some evening and watch them go. And, by all means plan to attend the Clarendon Rodeo and "root" for the riders from Memphis!

A "TOAST" TO JUNE DAIRY MONTH

20th Century-Fox Star Mitzi Gaynor raises a "toast" to June Dairy Month and the U. S. dairy industry as she drinks a glass of milk between "takes" in her Hollywood dressing room.

Dairy Month, June 1-30, a star in its own right on the American scene, is being staged for the 19th consecutive year. Its purpose is to further an even better understanding of the contribution dairy foods make to the nation's health and the stabilization of our economy.

About 10 million Americans gain livelihood from the production, processing and distribution of foods such as ice cream, milk, butter, cheese, evaporated milk and dry milk. The dairy industry contributes at least 10 billion dollars to national commerce.

Miss Gaynor will soon be seen in the motion picture comedy, "We're Not Married."

Sam P. Long Dies in Calif.

Sam P. Long, brother of Mrs. Ora Denny, Ida Mae Lang and Mrs. D. M. Jarrell of Memphis died Saturday morning at his home in Long Beach, Calif.

Funeral services were held Thursday in that city and burial was in Long Beach cemetery. Mrs. Ora Denny left here Tuesday morning to attend the funeral services.

Forecasts based on surveys and actual egg counts indicate that grasshoppers will not be a threat to crops and pastures in Texas this year. In only a few spots were enough eggs found to rate the areas as threatening.

BRICE

(Too Late For Last Week)

Mr. and Mrs. L. C. Weaver and family left Friday for Coryell County where they will attend a homecoming.

Mr. and Mrs. J. C. Johnson and Judy are visiting her parents, Mr. and Mrs. A. C. Hartzog in Fort Collins, Colo.

Fred Martin and Mr. and Mrs. Ted Huffman and children of Espanola, N. M. left Sunday morning after visiting their relatives the Starr Johnsons.

Those who enjoyed a picnic at Lake McClellan Sunday were: Mr. and Mrs. D. P. Osborn and Dixie, Mr. and Mrs. Jim Osborne of Memphis, Mr. and Mrs. Charles Osborn of Darrouzett, Mr. and Mrs. Earl Osborn and family, and Mr. and Mrs. Perry Campbell.

Mrs. Buck Johnson and Jenny and Buzzy visited Saturday at Pampa with her aunt, Mrs. Appleby.

Mr. and Mrs. Floyd Holcomb of Fritz were visitors here Saturday.

Fred Martin of Espanola, N. M. spent Friday night in the Zeck Salmon home.

Relatives who enjoyed a dinner in the J. W. Hatley home Sunday evening were: Mr. and Mrs. J. W. Hayes and son of Amarillo, J. W. Hatley, Jr., and family of Brice, and Emmet Byars and family.

June Salmon of Brice, Gladine and Bobbie Emmons, Clarendon and Shirley Sparks of Pampa left Sunday for a vacation trip to Las Vegas, Nev. and Los Angeles, Calif.
Linda Campbell is spending her vacation in Arizona with her mother.
Lenord, Katherine and Kenneth Sanders are visiting relatives in Houston.
John Hayden of Big Spring is visiting his uncle and aunt, and Mrs. G. W. Salmon.
"The Old Lady of New Harbor" is the Statue of Liberty.
There are two standard measures of sugar in one pound.

Professor Be Reporter Conventions

Russell Heitman, professor of Texas Tech's department of journalism, has been selected as a member of a nine-man staff to cover both national and political conventions for the Broadcasting Company.

SUPER-HIGHWAY . . . Chile is modernizing her part of the Pan-American highway, which includes 2,112 miles of the long road. The road in Chile follows the Pacific coast.

BRAIN'S 'VITAL CENTERS' CONTROL MECHANICAL FUNCTIONING OF BODY

The signal light for the purely mechanical functions of the body is located in the medulla oblongata, the stalk of the brain; as it turns into the spinal column high in the neck. Lots of wires feed into the signal light and lots of wires feed out of it, but the center of the light is there in the medulla.

These nerve centers in the medulla may be considered the ignition of the body and since your body keeps functioning all the time, this ignition is always "on."

CHURCHES

FIRST CHRISTIAN CHURCH Bedford Smith, Minister 9:45 a.m. Sunday—Bible school 10:45 a.m. Sunday—Morning worship, sermon: Jesus and Judas. 7:45 p.m. Sunday—Evening worship, sermon: Martyrs for Christ. 8:45 p.m. Sunday—Youth Rally. 4 p.m. Sunday—Preaching at Hedley Christian Church.

body. This "switch" is a literal transaction. The nerve centers from the right side of the brain are twisted around there in the medulla and become part of the left side of the spinal column, and opposite is true of the left-sided cranial nerves.

Cerebellum Controls Body Action The cerebellum, back behind the medulla, is thought to be more of a regulator of muscular action than anything else; when any group of muscles starts getting out of control, the cerebellum is thought to serve as a "brake" for that action.

When the cerebellum sends messages to the roots of the brain, the medulla, the messages are switched over the spinal column, which controls the actions of the

J. C. PENNEY GIVES WORLD-FAMOUS GUERNSEY HERD TO MISSOURI UNIV.

COLUMBIA, Mo.—J. C. Penney, chain store founder and native Missourian, has given the University of Missouri the world-famous Foremost Guernsey dairy herd and other assets with a total value estimated at three-fourths of a million dollars.

the property in New York may be sold and the proceeds used to buy and equip a farm near Columbia for maintenance of the herd. President Middlebush said the name "Foremost Guernsey" will be retained, as requested by Mr. Penney.

Locals and Personals

Mr. and Mrs. Ed Stanley and girls left for their home in Waco today after visiting here since Tuesday with Mrs. Mary Bownds. The Stanleys formerly lived in Memphis.

Parks Elected to Board of Local Chamber of Commerce

Ben Parks was elected to the board of directors of the Memphis Chamber of Commerce at a breakfast meeting of the board Friday morning at Willford's Drive-In. He fills the position left vacant by Hayden Hensley who resigned recently when he moved from here.

Clifford Farmer, manager of the organization, said that the directors discussed here this summer the board decided to pay for lighting the playing field at the City Park two nights a week if there is enough interest to justify the expense. The Chamber of Commerce installed the lighting fixtures at the park in 1948.

Funeral Services

Mr. and Mrs. J. C. Turner and family of Fort Worth visited here from Tuesday until Friday of last week with Mr. and Mrs. T. M. Harrison and other friends. The Turners are former Memphis residents.

Mr. and Mrs. Chester Grimes and son, Gary, visited over the weekend with Mr. and Mrs. J. S. Grimes.

Miss Ruby K. Thornton spent Monday and Tuesday in Wichita Falls.

Society News

Officers of Wesley Class Installed in Pretty Service

The Daughters of the Wesley Sunday School Class met in the home of Mrs. Louie Goffinetti Thursday, June 5, with Mrs. J. L. Barnes and Mrs. Tomie Potts as co-hostesses.

In an impressive ceremony Mrs. Sid Baker installed the incoming officers. Taking office were Mrs. Bees Crump, president; Mrs. J. L. Barnes, vice president; Mrs. D. A. Neeley, secretary; Mrs. G. M. Duren, treasurer; and Mrs. Frank Wright, reporter.

Reviewing the history of the organization, Mrs. Baker said the class was organized almost 30 years ago, in 1923, and during those years has had 8 teachers. The first teacher was Mrs. Seago. Other teachers who have given of their time and effort to the growth of the class include Mrs. Robertson, Mrs. J. L. Barnes, Mrs. C. R. Webster, Mrs. E. W. Solomon, Mrs. Sid Baker, Mrs. W. V. Coursey and Mrs. D. A. Neeley. Mrs. Sid Baker is the present teacher and she is assisted by Mrs. W. V. Coursey.

At the close of the installation service, the president read a list of the committees for the new year.

The hostesses served a tasty refreshment plate to the following members: Mrs. T. J. Hampton, Mrs. H. Newman, C. R. Webster, D. A. Neeley, Myrtle Phelan, S. Moss, Dan McCollum, G. M. Duren, O. M. Gunstream, Brice Webster and Frank Wright.

SUNLOVER

Five gay cotton bags that once contained feed-stuffs for the chickens now double as a becoming change-about costume for a sun-lover's lass. It's another pretty print from the feed store fashion salon. Worn with the skirt, this outfit could be worn as casual daytime gear almost anywhere, the National Cotton Council says.

Crump Home is Scene For Needle Craft Breakfast

The home of Mrs. Bees Crump, 608 south eighth, was the scene for a breakfast Tuesday morning given for members of the Needle Craft Club.

The home was attractively arranged for the occasion with cut flowers. Served buffet style, the breakfast menu included pineapple cocktail, bacon, scrambled eggs, pear and apricot preserves, toast and coffee.

Enjoying this affair were Mrs. Henry Newman, J. M. Ferrel, Jr., Henry Scott, Marion Long, T. J. Hampton, Robert Cummings, T. D. Weatherby and hostess, Mrs. Crump.

T. J. Bridges Attend Reunion in Abilene

Mr. and Mrs. T. J. Bridges went to Abilene June 1 to attend the annual reunion of the Bridge family. The reunion was held this year in Cobb Park with approximately 50 kinfolks in attendance. The affair, an annual event for the past 6 years, is held to honor H. S. Bridges of Rotan on his birthday anniversary. He celebrated his 80th birthday this year.

Wesleyan Guild Sees Slides on McDonald Center

The Wesleyan Service Guild met June 5, in the basement of the Church with Mrs. Hester Bownds as hostess. The group saw very interesting slides from the McDonald Methodist Center located at Houma, La. which is one of the Guild projects.

The McDonald Methodist Center has a home for underprivileged children who attend a public school. There is also a school in the Center for the Indian children of the surrounding country who are not as yet allowed to attend the public school.

After a short business session delicious refreshments were served to the following: Mrs. Clinton Culp, Mrs. David McVey and Linda, Mrs. Doyle Caffey, Mrs. W. P. Baten, Mrs. Mable Lavender, Mrs. John Fowler, Mrs. H. B. Bennett, Mrs. A. O. Gidden, Mrs. Birdie Sanderson, Mrs. Andy DeWees, Miss Myrtle Gibson and hostess Mrs. Bownds.

A. Giddens Are Hosts to Members of Dinner Club

Mr. and Mrs. A. Gidden were hosts to members of the Thursday Night Dinner Club at their home in Plaska Thursday evening.

Places were laid at four o'clock for the delicious dinner and following the meal games of forty-two were enjoyed.

Mr. and Mrs. Harold Hodges were welcomed into the club as new members.

Enjoying this affair were the new members, Mr. and Mrs. Hodges, three guests, Mr. and Mrs. O. M. Gunstream and daughter and the following members: Mr. and Mrs. J. M. Ferrel Jr., Mr. and Mrs. Doyle Hall, Mr. and Mrs. J. T. McDaniel and Mr. and Mrs. T. D. Weatherby and hosts, Mr. and Mrs. Gidden.

Barbara Bradley and Carroll Sammann Marry May 29 in Plainview Rites

In a double ring ceremony performed Thursday evening, May 29, in the chapel of the First Baptist Church in Plainview, Miss Barbara Bradley and Carroll Sammann of Lockney were united in marriage.

Miss Bradley is the daughter of Mr. and Mrs. N. E. Bradley and Mr. Sammann is the son of W. M. Sammann of Lockney.

Marshall Walker of Spearman officiated for the ceremony. Altar decorations included an arch of tropical greenery flanked on either side by white lighted tapers in seven branch candelabra and tropical green.

Harold Carson of Olton played pre-nuptial selections on the organ. Joe Fulcher sang "Because" and "I Love You Truly". The traditional wedding marches were used.

Miss Bradley chose a white ballerina length dress of imported swiss organdy styled with a draped off shoulder bodice caught with seed pearls and a very full skirt scalloped around the bottom. The dress was worn over white taffeta. Her fingertip veil of bridal illusion was held in place with a heart shaped crown of shirred illusion and seed pearls. Elbow length lace mitts completed the ensemble and she carried a colonial bouquet of lace and stephanotis centered with a white orchid.

Maid of honor was Miss Betty Robins of Hereford. She wore a ballerina length dress of navy organdy styled with an off shoulder bodice and a berth type drape. She carried a bouquet of large pink daisies tied with satin streamers.

Best man was Charles Crouch of Bethany, Okla., and John Winters of Wellington was usher.

Mrs. Bradley, mother of the bride, chose a two piece dress of powder blue linen with navy blue and white accessories for her daughter's wedding. She wore a corsage of white carnations.

Immediately following the ceremony a reception was held in the church parlor. The table was covered with lace cloth over pale green and centered with the three tiered cake topped with a miniature bride and groom. Mrs. Charles Durning, sister of the groom from Odessa, presided at the punch bowl and Miss Laura Brooks cut the cake. Assisting in serving were Miss Ella Bradshaw of Bovina and Miss Oneita Carr of Borger.

For the wedding trip the bride chose a rose beige Italian silk two piece dress with white accessories and an orchid corsage.

Mrs. Sammann is a graduate of Memphis High School and has been attending Wayland College the past two years. At Wayland she was a member of the Wayland Words Speech Choir. She is continuing her college work at Wayland where she is a Junior speech major.

The groom is a graduate of Lockney High School and at the present time is in the tailor business in Plainview. The couple will make their home at 405 Austin in Plainview.

Mrs. Morgan Baker Entertains Members of Needle Club

Mrs. Morgan Baker entertained members of the Needle Craft Club on Tuesday afternoon, June 3, at her home.

Mrs. Marion Long, president conducted a short business session and then the members did needle work for the hostess during the remainder of the party hours.

Delicious refreshments were served to the following members: Mrs. Henry Newman, Albert Gerlach, T. D. Weatherby, J. M. Ferrel Jr., Henry Scott, Marion Long, Bees Crump and hostess, Mrs. Baker.

The next meeting is slated for June 17 in the home of Mrs. Bees Crump. At this time an all-day meeting will be featured with a covered dish luncheon at the noon hour. The day will be devoted to quilting a quilt for the club.

CARD OF THANKS

We wish to express our thanks and appreciation to our friends and neighbors for their kindness during the illness and death of our dear mother.

We especially thank those who sent food and the beautiful floral offerings. May God bless you.

Mr. and Mrs. Carl Weather-ton
Mr. and Mrs. Alford Melton
Mr. and Mrs. Willard Melton and children
Mr. and Mrs. James Skinner
C. P. Melton

Lazy Day Refreshments

These lazy summer days by entertaining in an informal manner. Good food is such an important part of any entertaining and it is essential to keep up to date on all short cuts. So be sure to use mixes frequently and save yourself hours in a hot kitchen. The luscious cake pictured here is made with packaged food cake mix. Thickly swirled with fluffy frosting or whipped cream, a tempting dessert suitable for afternoon or evening refreshment. A glass of glasses of tangy lemonade is a perfect accompaniment.

Quick Devil's Food Cake

1 package Swans Down devil's food cake mix
1/4 cup milk
1/4 cup oil
1/4 cup water
1/4 cup sugar
1/4 cup shortening
1/4 cup cocoa
1/4 cup flour
1/4 cup baking powder
1/4 cup salt

Preheat oven to 350°F. Grease and flour 2 8-inch layer pans 1 1/2 inches deep, which may be lined with paper. Bake in moderate oven (375°F.) for 25-30 minutes or until done. When cool, spread Fluffy Frosting or whipped cream between layers and on top of cake.

LAKEVIEW

(Too Late For Last Week)

Mrs. Tommy Hillis left by plane Thursday night flying to Salt Lake City, Utah, to make her home there where her husband is employed.

Mr. and Mrs. Paul McCanne and Mary and Mr. and Mrs. James Skinner attended the car races in Childress Monday night.

Mr. and Mrs. Paul McCanne went to Lubbock Saturday after their daughter Mary who will spend the summer home from Tech.

Misses Pat and Peggy Davenport are home from Texas Tech to spend the summer.

Mr. and Mrs. B. L. Garrison and son, Clyde visited his sister, Mrs. W. C. Skinner, in Hermleigh Friday and Saturday of last week.

Mr. and Mrs. Lee Blanks, Mr. and Mrs. Dan Daniels, Mr. and Mrs. Mac McQueen, and Lance Leggett went fishing at Concha Dam in New Mexico this past week end.

Mrs. M. V. Evans Elk City, Okla., is visiting her daughters, Mrs. John Capp and Mrs. Mona Robertson and other relatives.

Mrs. John Blanks is visiting relatives in Littlefield.

Mr. and Mrs. Leo Brister and children of Shamrock visited her parents, Mr. and Mrs. O. L. Favors this past week end.

Mr. and Mrs. E. J. McKnight and children visited in Mexico with his sister, Mrs. W. D. Hodges, also in Houston with his sisters, Mr. and Mrs. Woodroe Marsh and Mr. and Mrs. J. W. Camp, Jr. Mr. and Mrs. Con Knox and

Don't Do This!

What not to do when you go on vacation is shown here by Model Dee Kranz: Don't post signs that reveal the house is empty. It's an invitation to burglars. A new "Check-list for Vacationers" warns that many vacationers leave such signs behind, in notices to the milkman, postman or newsway. Instead, tell the milkman in advance to stop deliveries, ask the post office to hold your mail, and have the newspaper sent to your vacation address.

Other Do's and Don'ts prominent on the check-list include:

DO lock doors and windows—but DON'T pull down window shades for that also signals an empty house and invites trouble.

DON'T forget flashlight, first aid kit, camera and film, bottle opener, can opener, cleansing tissue, sun glasses, aspirin, and sun lotion.

DO carry "Scotch" cellophane tape in the glove compartment for such "little" jobs as wrapping sandwiches, repairing road maps, mending torn pages in children's books, and removing lint and dust from clothing. (Wrap tape around your hand, sticky side out, and pat your clothing to pick up lint and dust.)

DO turn off water and the gas hot water heater to avoid leaks that may develop—and DO pull plugs out of electric outlets to avoid short-circuits that could cause fire.

DO seal perfume and lotion bottles and insect-repellent bottles with cellophane tape to prevent spilling inside your luggage, and seal packages and cartons with tape to keep dust out.

DO make reservations in advance unless planning your trip "gypsy style." Otherwise, start looking for lodging about 4 or 5 p.m.

DO keep a running picture-story of your vacation with postcards or snapshots. Link them together with tape, to keep them in the right order, easy to show.

Young Announces New Services; Now Has 'Practically New' Plant

Clarence Young, who moved here from Anson last month and bought the Ferrel Cleaners, has a practically new establishment at 619 Main St. Remodeling started two weeks ago on the brick building, owned by Claude Ferrel, and finishing touches were completed this week.

To keep pace with the renovations, Owner Young announced this week the inauguration of a free pick-up and delivery service and a new moth-proofing service. Pick-ups will start at 9:30 each morning, he said. For this moth-proofing service, Young said he is using a new solution that not only makes garments repel moths, but also restores color to the material. He has many years experience in the cleaning business and he says the new solution is "the best I ever saw, does a jam-up job of cleaning."

He announced also that the fall line of materials for tailor-made clothes will arrive next month. Improvements on the building included construction of a new glass and stained wood front, partitioning, roofing repair, and painting the interior. The net result is one of the nicest business plants in Memphis.

A brother to W. D. Young of Memphis, Clarence was born April 26, 1913, at Hamlin in Jones County. He finished high school at Hamlin. Young moved to Anson in 1939 to work in a dry goods store where he stayed until 1944 when he bought out a dry cleaning business in Anson. In 1946, he bought out another cleaning establishment there.

Young sold one business in 1947 and the other in 1948 when he bought a farm in Jones County. He worked as manager of the shoe department in a department store in Spur in 1951. Before he came to Memphis, he was again in the dry goods business in Anson. He bought the cleaners here in mid-May.

Young has a wife and a five year old son, Johnny. Mrs. Young is the former Miss Evrage of Abilene. The couple was married in 1940.

Since coming to Memphis Young has transferred his membership in the Lions Club to the local organization. He has also joined the Memphis Chamber of Commerce. Mr. and Mrs. Young are members of the Methodist Church.

Legal Notices

THE STATE OF TEXAS

TO: J. G. Jameson, R. E. Brice, Myrtle Snow and John Eastes and the Heirs and Legal Representatives of Each of Them, and all persons claiming any interest in the property hereinafter described GREETINGS: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 7th day of July, A.D. 1952, at or before 10 o'clock a.m., before the Honorable District Court of Hall County, at the Court House in Memphis, Texas.

Said Plaintiff's petition was filed on the 23 day of May, 1952. The file number of said suit being No. 3474. The names of the parties in the suit are: Margaret Davenport, a feme sole, as Plaintiff, and J. G. Jameson, R. E. Brice, Myrtle Snow and John Eastes, and the heirs and legal representatives of each of them, and all persons claiming any interest in the hereinafter described real property as defendants. The nature of said suit being substantially as follows, to-wit: Suit in statutory trespass to try title, plaintiff seeking to recover the title to and possession of all

of Lots Nos. 18 and 19, in block No. 28, of the Original Town of Memphis, Hall County, Texas; plaintiff alleging title to said real property under the 10 year statute of limitations of Texas; and plaintiff alleging that said defendants have and own no interest in said

land, but their apparent claim casts a cloud on the title of plaintiff. Plaintiff prays for the recovery of the title and possession of the above-described land and premises and for the removal of the cloud upon plaintiff's title, and for general relief.

Issued this 23rd day of May 1952. Given under my hand and seal of said court, at office in Memphis, Texas, this the 23rd day of May, 1952. Isabell Cypert Clerk District Court, Hall County Texas. 52-4c

Realize Your PLANS Through Savings Every couple makes plans for the future—plans which include many of the good things of life. And, back of this thought is some kind of plan to lay aside a portion of income which will be used at some future date. Opening of a checking account, or a Savings Account might be the first step in making your plans for the future come true. Such a long range program can be worked out with the officers at this bank. Come in at your convenience. We have the facilities to work with you, and can offer you every banking service. FIRST STATE BANK MEMBER OF FEDERAL DEPOSIT INSURANCE CORPORATION

What's the big idea of DYNAFLOW DRIVE? There are all sorts of "drives" and "shifts" on the market. Some still operate entirely by hand. Some depend on shifting gears, but do this automatically. Some feed the power through oil, but use a lock-out device at cruising speeds. But we still think that Dynaflo* is the best of all for this simple reason: The big idea of Dynaflo Drive is to make life easy for the driver. In traffic, you can start and stop, slow down, accelerate with complete and infinite smoothness—because no gears have to shift, ever, in Dynaflo Drive. So there's no lurch, buck or bobble. Dynaflo always feeds power with a steady, willing swoop—at 3 miles an hour or 30—or as high as it's legal to go. On hills, you get the same sure, steady, unfaltering power-feed for the same reason. No gears ever shift. On a long day's drive, you can ride with wonderful freedom from tension—your foot relaxed on the throttle—because you always drive through oil. And at any speed you get a smoother ride, in part because Dynaflo Drive provides such a smooth and gentle linkage between that mighty Fireball 8 Engine and the rest of the chassis. But this is not all. Our service records show that Dynaflo also makes life easier for your bank account. It saves wear and strain on the engine, banishes the cost of clutch repairs, saves strain on the transmission and even on the rear tires.

Editorial

Want To Help A Good Cause?

Memphis is a city of some 4,000 souls; it is the county seat of Hall County which some 11,000 people call home; and it has a trade area that extends to parts of three counties—Donley, Collinsworth and Childress.

Yet Memphis does not have a baseball team. It is just beginning to organize a softball program for the younger citizens, but no baseball team.

Hedley, with less than 600 population; and Turkey, with about a thousand people, both have teams. And both are entered in leagues. That Hedley has a team at all is due to the lethargy on the part of Memphis. After a fruitless attempt two months ago to organize a team here, Hedley got busy and "borrowed" five Memphis players—including the best pitcher in these parts.

That Memphis did not organize a team when the season first started is not the fault of the civic-minded men who met some nine weeks ago to see at least what could be done about it. Only a few men came to the meeting. After a two-or-three hour session, it became evident that enough interested could not be aroused in Memphis to sponsor a team. The rains hadn't fallen then; no one was sure of enough moisture to start a crop; and besides, the ball club owed a debt of \$768.98 left over from last year.

But, don't set Memphis short. We may have a team yet, and if the club becomes solvent, the ball park won't be torn down.

Last Friday night, another meeting was held to see if a team could be organized. Good rains in the past two months had brightened the economic picture considerably. But time was flying by; it was already too late to get into a league.

It was decided to organize an independent team, using local talent. A committee was appointed to raise money to finance the venture, with the understanding that half of the money raised would go to retire the debt. That was a necessary provision. The ball club now owns a baseball plant worth about \$6500.00; if at least \$768.98 is not obtained to pay the debt, then the bleachers and lights may have to be salvaged and sold for a fraction of their original cost. The school owns the land, and the club offered the school the fixtures if it would absorb the amount owed. This was not acted upon by the school board as it is also taxed to the limit of its resources.

The directors of the baseball club are determined to go beyond merely trying to gain solvency; they are determined to have a ball club for Memphis this year.

A good start has been made—one man announced before the meeting that he would give \$200.00. The men who are leaders in the organization effort are doing their part, too. In terms of hard money they are doing more than their part. They will realize no financial profit out of their contributions, only the satisfaction of doing their best to bring baseball to Memphis.

Everyone is not expected to donate fabulous sums. But every little bit counts. And when the team is on the field, the citizens can make the venture more successful by attending games and giving their support.

As most other teams are in some league and are playing on Sundays, the local independents will be forced to play their contests under lights. And lighting a playing field for several hours runs into big money, though not nearly so much as is spent by Memphians each Monday night at the races in Childress.

Baseball is good, clean sport. It takes young people off the streets and highways and gives them something to do. It's a good spectator sport, a game where each player is in the spotlight.

If you haven't done something for your community in some time, then help Memphis baseball. In case you haven't they are: E. P. Thompson, chairman; M. C. "Suzie" Allen; then look up one of the men assigned to solicit donations.

They are: E. P. Thompson, chairman; M. C. "Suzie" Allen and J. W. Coppedge.

And remember, there will be another baseball meeting at 8:30 p. m. Friday, June 13, in the City Hall. You don't have to bring your pocketbook, only a sincere desire to help your community.

MAN IN A HURRY

Press Paragraphs—
QUOTING OUR NEIGHBORS

SOME DIFFERENCE

Many newspapers recently carried an article by William L. Ryan of the Associated Press which dealt with conditions in Moscow. It was based on information gained from a man who had recently left the Soviet capital. According to him, the Kremlin makes a point of raising living standards a trifle each year. Even so they are far below the level in the United States and many other nations. A constant barrage of propaganda is employed to convince the Russian masses that "nobody else in the world ever had it so good."

Mr. Ryan dealt briefly with the situation in Russian retail stores. One leading department store, he wrote, "opens at about 11 a. m. At 9 p. m. there is already a que running far back from the entrance. The store is invariably crowded, as are the food stores. There are some attractive displays in the windows, but usually the purchaser fails to find these items on the shelves."

Contrast this with the average American store—whether it be large or small, a chain or an independent. Long waiting lines are unknown, except in the case of some terrific bargain sale. There

is plenty of goods for all who want to buy—and a very wide selection of styles, colors, qualities and so on. There are no phony window dressings—whatever is displayed there is on sale inside. If the customer doesn't like one store, he is free to go to a competitor's shop. He could not do that in Russia, where everything is a state monopoly.

Next time you shop, whether for such daily necessities as food or for a season's wardrobe, think of the vast differences between freedom and communism. I should make you mighty glad you live here—not in the "workers' paradise" the Kremlin bosses.

—The Munday Times

SO OFTEN WRONG—Folks are so often wrong. Thirty years ago, many thought we were done with cotton. But cotton didn't go. And freezing margarine from unjust taxes didn't ruin the butter market. Less butter is being made, but the milk is going to even more beneficial uses. "J. M. Eleazer, S. C. Extension Service, NO BETTER WAY—There is no better way to save bolls and produce the bales than through the use of insect control recom-

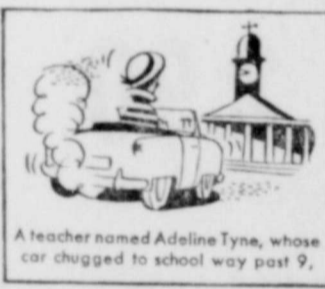

mendations of your own state."
"THE COTTON GIN & OIL MILL PRESS."

TEAMMATES—"Livestock production and cotton growing are cooperative—not competitive. Each increases the value of the other."—A. L. Ward, Educational Director, National Cottonseed Products Assn.

Tremendous Waste—"In India today, cottonseed goes straight from the gin to the farm for cattle fodder—a tremendous waste of resources since products like cottonseed oil and linters are lost."—N. D. Slur, Bombay, India.

AIDS MAN AND MACHINES—"Hand pickers are more easily attracted to defoliated fields. Machine harvesting may be done more efficiently. Defoliation aids in insect control. Losses from boll rot are decreased in defoliated fields."—from report of TEXAS

EXPERIMENT STATION. "The challenge of the West is probably the best thing that has happened to the Central and Eastern Cotton Belt. High cotton production will be achieved because of the necessity of competing with other high production areas."—Gerald L. Dearing, in Memphis "COMMERCIAL APPEAL".

A teacher named Adeline Tyne, whose car chugged to school way past 9.

Made all the kids cheer but the principal sneer.

"Once more and you're through Adeline!"

Then I got Conoco's NEW 1-2-3
"50,000 Miles No Wear" Service!

Now Adeline is doing fine... thanks to one of the greatest services ever offered the motoring public—a service that helps engines last longer, perform better, use less gasoline and oil!
It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!
In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's today!

HERE'S CONOCO'S "50,000 MILES—NO WEAR" SERVICE

- At proper intervals, Your Conoco Mileage Merchant will:
1 Drain out grit and sludge, preferably while the engine is hot!
2 Recondition all air and oil filters!
3 Fill the crankcase with great Conoco Super Motor Oil!

HELPS YOUR ENGINE LAST LONGER, PERFORM BETTER, USE LESS GASOLINE AND OIL!

more for your money
EVER buy a telephone? Ever receive a bill for telephone repair or maintenance, or the many feet of wiring that connect your telephone within the house? The answer, of course, is no. These are items of cost you never have to contend with.

Now, ask yourself the same questions about any of your other home appliances—refrigerator, kitchen range, radio, water heater. Original cost and month-to-month maintenance of such items amounts to a sizable investment.

But, you don't have to buy the telephone or its wiring—that's part of your telephone company's investment. And, monthly telephone bills take care of all operating expenses, as well as a return on investors. No matter how often you use local telephone service, you pay the same for it each month.

Considering all this, don't you agree that telephone service is the biggest value in your budget?

Quail High School Seniors Visit Scenic Colorado on Recent Tour

Seniors of Quail High School visited Colorado's famed Royal Gorge on their recent tour.

It was a highlight of a trip that included points of interest in and around Pikes Peak, Cave of the Winds, and Garden of the Gods in Colorado Springs and the State Prison in Canon City.

At the Royal Gorge, they crossed the world's highest bridge (1,000 feet about the roaring Arkansas River), rode the world's steepest incline railway (100 percent grade) and view some of Colorado's most magnificent scenery.

Sponsors on the tour were Mrs. Monte Mitchell, Mr. and Mrs. Johnnie Parker, and Mrs. Joe Miller. Students were Jesse Young, Garland Fielding, Jeannell Lacy, Betty Duckworth, Rosetta Barney, Ginger Miller, Jack Nesley, Billy Winkler, Douglas Little, Gene Pegram, Mr. and Mrs. Loyd Parker, Mike Mitchell, and Wayne Parker.

The chimpanzee is rated next to man in intelligence.

No Waiting List at Recruiting Office

The Amarillo Navy recruiting station announced today that it has no waiting list. The only de-

lay is the time required to process enlistment papers.

Draft eligible men may still voluntarily enlist in the Navy at any time prior to receiving their actual notice to report for induction, provided they can be enlisted in the month of June.

The tempo of agricultural activities is picking up speed and your Farm and Ranch Safety Committee urges that safety pre-

cautions be stepped up to keep pace with these activities. Save farm labor by being safe.

ATHLETES FOOT GERM HOW TO KILL IT. IN ONE HOUR.

Veto On Tidelands Does Not Settle Issue

by Congressman Walter Rogers

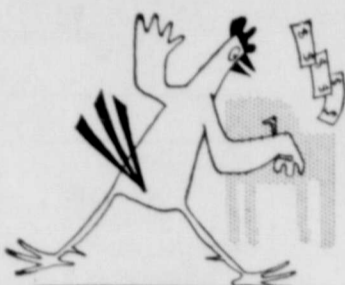

THE TIDELANDS VETO: The veto of the tidelands bill by the President came as no surprise. The veto message reached the Senate at two o'clock on May 29th. At the time I was sitting in the Senate Chamber along with Congressmen Poage, Ikard, Pickett, and Teague. We received some of the first copies of the message after it was delivered to the Senate. The reason that the message went back to the Senate rather than to the House Representatives is because the bill that was finally passed was a Senate bill, S. J. Res. 20.

The Senate will vote on the question of over-riding the veto sometime between June 5th and June 10th under present plans. Should the Senate over-ride the veto, the matter will then come to the House of Representatives, where there is no question about over-riding the veto. That is, if the Senate over-rides the veto, the tidelands question will finally be settled right. Should the Senate fail to over-ride the veto, the matter will not come back to the

House of Representatives, and the tidelands legislation will have suffered another setback. I say "another setback" for the reason that a failure on the part of the Senate to over-ride the veto does not mean that the issue is settled. This fight will never be relaxed until this matter is settled right and these lands returned to their rightful owners.

Much has been said about the present President of the United States being set in his ways and obstinate. Some say this is a basic Missouri trait. Be that as it may, I can tell the President of the United States and all other interested parties that they don't know the meaning of the phrase "set in their ways" or the word "obstinate" until they try to run over a bunch of Texans. That is exactly what they have done and they can get ready to take their medicine. If they think for one minute that we as Texans have ever entertained the idea of submitting to this rank and flagrant misuse of property rights and this legalized larceny on the part of the Federal Government, they are in for the saddest awakening of their questionable careers.

The President's veto message

clearly exhibits that the INFAMOUS GREED that prompted this attempted theft in the first instance is still the only grounds upon which they stand in their sordid attempt to justify an act that has no parallel in the criminal annals of this nation. The tidelands steal that began with the reversal of position by Harold Ickes will go down in the history of this country as the greatest crime that ever was perpetrated by a government upon its patriotic and law-abiding citizenry. Nothing can ever erase the black mark caused by the warped philosophy that prompted centralized government scoundrels to make this raid. It can, however, be dimmed by full restoration of the property stolen, the acknowledgement that a wrong has been committed, a confession by these Wrong-doers that they have violated the word of the Constitution and the written law of this great land, and a humble request by each of them that they allowed to re-dedicate their lives to the basic philosophy of truth, honesty and Americanism.

The House of Representatives stands ready, able, and willing to meet its responsibilities to the people of the coastal states who have been subjected to this unethical and ignominious treatment at the hands of the Federal Government. I only hope and pray that the Senate of the United States will permit the light of truth to shine upon its chambers and measure up to the glorious traditions of fairness and justice so necessary for the survival of our union.

In my newsletter of last week I told you of some incidents concerning the tidelands question that indicate the complete lack of knowledge of the true issues involved. The President's veto message reflects either a total lack of knowledge of the basic principles involved of a deliberate attempt to write around these basic principles and to justify an admitted wrong by question-begging tactics. That the entire tidelands steal was prompted and prosecuted by greed is revealed in the following paragraph contained in the veto message: "Until recent years little or no attention was paid to the question of who owned these lands under the open sea since they were for all practical purposes without value. But about twenty years ago oil began to be produced in substantial quantities from the submerged lands off the coast of California. Then, for the first time, the legal question of ownership became important and was given serious consideration."

Yes the Federal Government never had title to these lands, never claimed title to these lands and

in fact denied that the Federal Government had title to these lands, until long after potential oil development became apparent. The states were permitted to make leases on these lands that were not questioned by the Federal Government, and all of the written law fully supported the state ownership.

It was when the vast riches in these lands began to be realized, long after the first oil production, that the scheming and conniving minds of a small group of men, prompted by greed and spurred on by a lust for power, conceived the trickery and the chicanery that finally resulted in the Supreme Court of the United States pulling out of the hat an unheard of theory of real property law and sovereign power that cast a cloud upon the title to every piece of privately owned property in the United States and its possessions. "For the love of money is the root of all evil; which while some coveted after, they have erred from the faith, and pierced themselves through with sorrows."—1 Timothy, 6-10.

Estelline Deputy Arrests Trio On Drunkenness Charge

A man and woman from Wichita Falls and a Negro man hitchhiker pleaded guilty Sunday, June 1 before Justice of the Peace J. S. Grimes to charges of being drunk Saturday night.

The three were arrested Saturday night near Estelline by Deputy Arlie Nick of Estelline. They were found sitting in a parked car on the highway. A considerable quantity of wine was found in their possession.

The man paid a fine of \$50 plus costs, while the woman was fined \$10 and costs. The Negro

served a 10-day stretch and being to pay his fine of \$10.

U. S. Congressman named native Americans.
