PLAY BENEFIT DANCE—Emmitt Allen and the Sunset Ramblers, well-known dance band of this area, will furnish the music at the March of Dimes Benefit Dance in the American Legion Hall in Memphis Friday evening, January 30.

Legion Schedules March Of Dimes Benefit Dance Friday

Plans were completed this week for a March of Dimes benefit dance at the American Legion Hall in Memphis, which is scheduled for Friday evening, Jan. 30. Members of the Simmons Noel Post of the American Legion have obtained the services of Emmett Allen and the Sunset Ramblers, who will furnish music for the dancers, Raymond Ballew, commander, announced.

The many friends of Mrs. P. Fitzgerald were pained to see her suffering a broken heart Friday. The aged God's wife was the sincere sympathy of all the community's friends.

Sen. Andy Rogers Co-Author of Two New Senate Bills

Sen. Andy Rogers of Childress last week co-authored two major bills which are receiving comment in this Senatorial district. One of the bills is of primary importance to farmers residing in the Senatorial district on the Plains. It deals with a Presidential primary in Texas. The second bill, concerning the High Plains Water Reservoir, is an ACT ratifying, confirming and validating the designation of Subdivision No. One of the High Plains Water Reservoir, South of Canadian River in Texas, dated March 26, 1951, and the creation and establishment of High Plains Underground Water Conservation District No. 1. Providing for the conservation, preservation, protection and safeguarding and the prevention of contamination of underground water without liability; prescribing the powers, functions and limitation of such district, including power to levy taxes and issue bonds, including a severing clause; and providing for the enforcement of this bill, in short, is meant to clarify and strengthen the status of underground water districts before the courts and legislature of Texas. Speaking of the action result-

FARMERS PLACE 10,000 BALES IN LOAN PROGRAM

Farmers of Hall County had placed nearly 10,000 bales of cotton from the 1952 crop under the government loan, according to records in the PMA office in Memphis. Through Friday, January 23, 9,795 bales had been placed in the government loan, Lynn L. McKnown, PMA officer, announced Wednesday. This cotton represented 3,475 loans with a total value of \$1,433,637.44, or approximately one-third of Hall County's 1952 cotton production.

All cotton notes and warehouse receipts now remain in the county PMA office in the county in which the cotton was produced, or in the bank where the loan was made, McKnown explained. Any one bale or all of a producer's cotton can be redeemed at any time by repayment of the original loan plus interest at three and one-half per cent per annum from the date of disbursement, and an insurance fee of two cents per bale per month, he added.

The equity transfer is available this year as in previous years, but can be obtained from the County PMA office. It is issued for seven days only and after that time will be rendered void.

"Producers wishing an equity transfer may obtain one for any bale of his cotton which is in the government loan by calling at the PMA office," the PMA officer stated.

Loans on the 1952 cotton crop will be made by local banks through April 20, and the maturity date of the notes will be, as in previous years, July 31, 1953.

James K. Porter Is Plant Foreman Of The Democrat

James K. Porter assumed his duties as plant foreman of the Memphis Democrat Friday. He came here from Wellington, where he had held a similar position for the past five years. Prior to that, he had been in charge of a printing plant at Spur. Mr. and Mrs. Porter and their two sons, George and Kenneth, live at 822 Brice St. Porter learned the printing trade in the plant of The Wellington Leader, starting with that paper in 1935. During World War II, he served in the Army Air Force, spending three years of the four years of service on duty in the British Isles and South Africa. He and Mrs. Porter are members of the Baptist Church, and were active in church and civic work at Wellington. Porter was

Sam J. Hamilton New Board Chairman of First State Bank

Sam J. Hamilton has been elected chairman of the board of directors of the First State Bank in Memphis. He was elevated to this position at the recent annual meeting of stockholders, according to Lloyd C. Martin, executive vice president.

At the same meeting, the stockholders re-elected the following officers to serve for the coming year: Leslie Lowry, president; L. C. Martin, executive vice president; Edwin A. Smith, Jr. vice president; F. A. Finch, vice president; T. Elmo Whaley, assistant vice president; G. M. Duren, cashier and Starr Johnson, assistant cashier.

Other bank personnel named by the board include Billy W. Hayes, teller; Ida Mae Hubbard, Patsy Goodnight and Ava Dell Phillips, bookkeepers; Flora Hall and Mrs. Margaret Waldron, secretaries.

The board of directors, in addition to Mr. Hamilton, are: Leslie Lowry, T. J. Dunbar, Carl Harrison, Crump Fernel, L. C. Martin, G. M. Duren, Carl Smith, Dr. O. R. Goodall, Allan Monzingo and F. A. Finch.

The new board chairman is a veteran Panhandle lawyer. He has been a resident of Memphis for the past 41 years, and has served as district attorney, county attorney, and at the present time is attorney for the City of Memphis.

Hamilton is chairman of the board of deacons of the First Baptist Church, and has served as a member of the Memphis school board. He is a long-time member of the Memphis Rotary Club, and has been active in civic affairs throughout the years.

Hamilton is also serving as photographic officer of the Civil Air Patrol squadron at Wellington.

Other members of the plant staff of The Democrat, who will work under Porter's supervision, are: James O. Miller, Dell Rich, Billy Allen Combs and Phillip Dale Patrick.

JANUARY
ONLY 2 MORE DAYS TO PAY YOUR POLL TAX

SAM J. HAMILTON

In addition to his practice as a lawyer, Hamilton is actively engaged in farming and livestock raising. In this, he is a partner of John Deaver, another Memphis attorney.

Basketball Games Slated For Tonight

The Cyclone's basketball game, scheduled for tomorrow night, has been moved up to tonight. Coach George Childress said early this morning.

The local teams will meet three teams from Paducah in the high school gymnasium. The first contest will be between "B" teams of boys, and will start promptly at 6 p. m., Childress said.

"These are regular district games, and the schedule has been changed at the request of the Paducah coach," Childress said.

In district play, the Cyclone has won all games with the exception of one, which they lost to Childress. The Paducah "A" team is in third place.

Memphis High School Wins 3AA Sportsmanship Award

Memphis High School has been awarded the coveted Sportsmanship trophy for District 3AA, Weldon McCreary, principal, said today. The award was made after the student councils of the four schools met and selected the local school because of its outstanding sportsmanship for the year.

Created to stimulate better sportsmanship, this is the third consecutive year the award has been made. McCreary explained. Wellington won the award the first year and last year's trophy went to Paducah.

Adopted three years ago the sportsmanship code reads as follows: "We, the students of District 3AA, hereby stand to uphold the following Sportsmanship Code set forth by the District Council, composed of representatives from Memphis, Childress, Paducah and Wellington High Schools. This code is to promote friendliness, respect, co-operation, cheerfulness, fairness, loyalty and sincerity toward the students of participating schools and the citizens of the communities."

"We will be courteous and gracious not only to the schools of our district, but also to any visiting us. This not only pertains to when they are our guests, but when we are accepting their hospitality as well. Our opponents will be treated with a sincere welcome and be congratulated whether they win or lose.

"Schools will co-operate with each other in making pre-game arrangements, in observing local rules and regulations, and will show a genuine willingness to co-operate.

"We will strive to maintain cheerful association before and after the game. We will strive to maintain a sense of balance by judgement and common sense. We will appreciate the game for its own sake and not for what winning will bring.

"We will be fair and considerate to all our opponents and visitors in each and every sport in which we participate. We will win without boasting and lose without excuses.

"Indeavoring to keep the school names free from reproach, we shall strive to maintain loyalty in every phase of school life—sport affairs, school affairs, and civic affairs in which students are involved. Loyalty should be practiced off the athletic field as well as on; full support of good sportsmanship on the part of each student should be rendered as a boost for loyalty.

"We will respect the school song of the visiting community and the hands will co-operate together. The pepsong will not give 'catty' yells at any time. We will not boo the referees or the school organization at any time.

"We will strive to prove our sincerity in proposing this code by incorporating the sub-titles respectively in demonstrations of our attitudes toward fellow students."

Children Invited To Attend Tiny Tot Story Hour Saturday

The Tiny Tot Story Hour will be held Saturday at 10 a. m. in the Church of Christ Building, according to information released Wednesday by Mrs. Lynn McKnown.

Mrs. Burr Morris is in charge of arrangements and Mrs. Elmer Hughes and Mrs. Richard Highfill will tell the stories. As an added interest, Palmer Wheeler, song leader at the Church of Christ, will conduct singing drills for the youngsters.

Sponsored by the City Federation of Women's Clubs, the story hour is open to all children of preschool ages, and they are urged to attend.

Coach Catfish Smith, whose East Texas State football team have won two championships in two years, will be the principal speaker at the annual Cyclone Booster Club banquet Monday, Feb. 2. The banquet will be held in the high school cafeteria, and will start at 7:30 p. m.

The banquet speaker is a graduate of East Texas State, and had coached at Carey, Berger and Mt. Vernon before returning to his alma mater in 1950. He was an all-conference forward on the basketball teams of 1933 and 1934 while attending E. T. At Carey his cage team went to the state semi-finals in 1936 and won the title in 1937.

Last year's his East Texas Lions were undefeated through 10 games, scoring 496 points for the highest mark in the nation.

Members of the 1952 Cyclone football team will be special guests of the boosters Monday evening, according to Dick Fowler, secretary. He stated that Coach Smith's speech will follow ESTC football games.

"We want to have all Booster Club members present for this meeting," Fowler stated. "Not on introduction of guests on the pro-

Coach Catfish Smith To Speak At Booster Club Banquet Feb. 2

COACH SMITH

gram. At the conclusion of his talk, the coach will show a moving picture film of one of the members—but all persons who are interested in the school athletic program are invited."

The secretary said that the annual business meeting of the club will be held following the foot-

ball film showing. New officers and directors for the coming year will be elected.

Among the accomplishments of the Cyclone Booster Club, Fowler listed the following: (1) erection of a new electric score board in Cyclone stadium, (2) help pay for the improved lighting system, (3) aid in transporting athletes to homes following practice sessions, and (4) aid in defraying costs of hospital bills for football players.

Rev. C. A. Powell To Preach Sunday At Baptist Church

Rev. C. A. Powell of Crowell will preach at the First Baptist Church Sunday at both the morning and evening services, Miss Louella Eades, church secretary, announced. The morning service begins at 10:45 a. m. and the evening service at 7:30 p. m.

Rev. Powell, who is a retired minister, was also speaker last Sunday. The local church is without a pastor at the present time. Rev. Shahan having recently moved to Post.

Gas Company Sets Record For Delivery Of Gas

Lone Star Gas Company delivered its first billion cubic feet of gas in a 24-hour period, as of 7 o'clock Saturday morning, Jan. 17, to more than 620,000 customers in 387 cities and towns in Texas and Oklahoma, according to reports from the firm's Dallas headquarters.

The record breaking consumption resulted from Friday's siege of cold weather combined with growth of the company's operating territory, the report stated. It followed on the heels of another record set this winter which witnessed a period of 54-straight days when temperatures averaged below 65 degrees and required constant heat.

The stretch of heating weather started in mid-November and continued through December and into January over most of the Lone Star system.

The total sent-out through Saturday morning was 1,060,400,000 (billion) cubic feet of gas. On Wednesday, the day before the cold wave struck, total consumption was about one-half of Friday's peak. The previous high for a 24-hour period was 936,700,000 (million) cubic feet recorded at 7 a. m. on January 30, 1951.

During early stages of the cold siege the company ordered minimum curtailment in gas consumption by a few large industrial plants. This was done to protect the gas supply for homes and was in line with regular contractual agreements.

The company's ability and de-

CARD OF THANKS

To your friends of Memphis and the members of First Baptist Church, we say "THANK YOU" for the many kind deeds, cards, letters and personal words through our ministry here and the many nice things given especially by the Church on Friday night.

In these changes, we leave old friends and make new ones. We will remember each of you and ask that you also remember us in your prayers.

Sincerely,
Pastor and Mrs. Roy Shahan

VETERANS NEWS

Q—I have a chance to get an Atomic Energy Commission fellowship at a university. Would I also be eligible for monthly education allowances under the Korean GI Bill?

A—No. The law prohibits VA from paying the allowances to veterans whose education is paid for completely by the U. S. Government. Your AEC fellowship would come under this category.

Q—I'm a World War II veteran and I've just finished training as an accountant under the old GI Bill. Now I'd like to take CPA coaching course, since I have some GI entitlement remaining. Could I do it?

A—No. VA's post-cut-off-date regulations allow you to take advanced training only when it's a normal progression from your basic course. Review or coaching courses—such as the CPA coaching course—do not represent an advancement to a higher level of knowledge, and therefore may not be taken after you've completed your basic course.

Q—I'm a widow of a World War I veteran and I'm figuring my annual income to see whether I qualify for a VA death pension. From time to time during the year, my relatives have given me gifts of money. Are they counted as income?

A—Yes. Gifts must be included in computing your income for pension purposes.

Q—I got a GI home loan when the top guaranty was 4,000. I understand it has been raised to \$7,500. Am I entitled to another Loan which would be guaranteed for the difference?

A—Yes. You would be entitled to another GI home loan which could be guaranteed for 3,500—the difference between the old and new top guaranties.

Coastline of the Gulf of Mexico is 3,641 miles.

livery capacity to meet these record requirements, officials said, is represented by a continuing construction and enlargement program which, since 1945 has called for more than \$100 million in new capital and hundreds of new employees.

Rogers Receives Important Senate Committee Posts

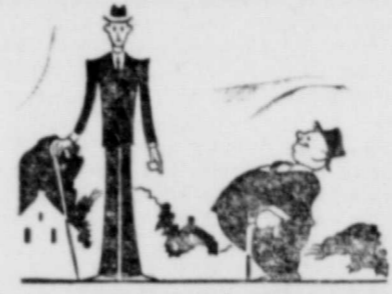

Senator Andy Rogers this week was named to head the Senate committee on Stock and Stock Raising, and received unexpectedly high appointments on two other major committees of the 53rd Legislature.

Rogers, who at 28 is the youngest senator ever elected from West Texas, received appointments rarely given to a newcomer in the Texas Senate.

Besides being named head of the Stock and Stock Raising Committee, Rogers was appointed vice-chairman of the Agriculture and Education committees; and is a member of committees on Water Rights, Irrigation and Drainage; Military and Veterans' Affairs; Internal Improvements; and Public Printing.

Speaking of the unexpected responsibilities given him, Senator Rogers said, "It is a pleasant surprise to know our district has received so much recognition through my appointment to these important committee posts."

In the all-important Agriculture and Education committees, the chairman posts were given to

What A Difference

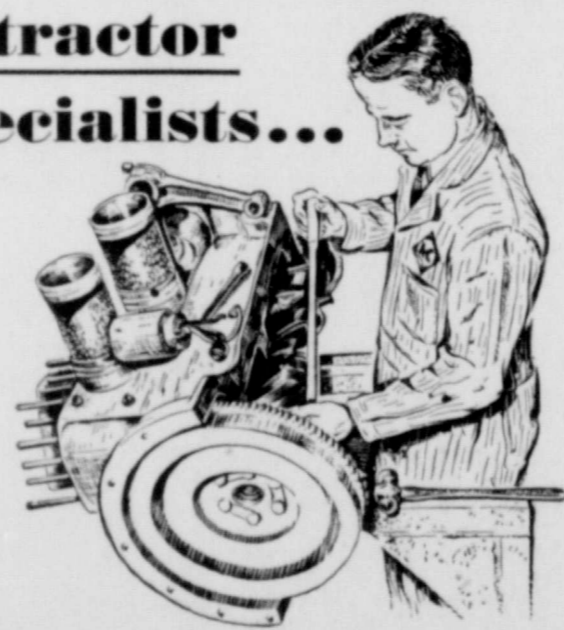

THERE'S a decided difference between Property Damage Insurance and Collision Insurance. The former covers your legal liability for any damage your car may do to the property of others. The latter covers the damage done to your own car.

Cofer Now Serving In Japan Waters

JAPAN—Serving here aboard the degaussing vessel USS ADG-11, is Mel R. Cofer, electrician's mate third class, USN, son of Mr.

and Mrs. Walter H. Cofer of Memphis.

Among the hardest working ships of the Navy, the ADG-11 prepares naval ships for operation in mine infested waters.

Degaussing refers to the protective gear around a ship that sets up a magnetic field opposing the field created by the ship's metal hull. This neutralizes the magnetic qualities the ship possesses, and enables to pass freely over mines otherwise attracted to the hull.

For the last twelve months, the ADG-11 has been operating at the naval ports of Yokosuka and Sasebo.

Penguins lay one or two eggs a year.

Durrett Is Complimented With Nuptial Shower in Paul Smith Home

Joyce Durrett, bride-elect January 23. The lovely country home of Mrs. Smith was decorated in the bride-to-be chosen colors of pink and green.

The dining table was laid with Irish linen cloth with delicate cut work maderia-type embroidery. The centerpiece was an attractive bowl of pink carnations snuggled against the green fern and flanked on each side with alrge satin streamers of pink and green upon which was printed the names: "Joyce and Jack."

Refreshments of cakes topped with pink rosebuds and pale green leaves, spiced tea, nuts and mints were served.

Piano selections were furnished by Miss Rita Doyce Durrett and Miss Martha Joy Reed. Those sharing hostess duties with Mrs. Smith for this occasion were Mmes. Paul Thompson, Olton Pate, James Skinner, Del Wells, Joe Durham, Joe N. Berry, Elmer Teel, Hubert Hall, Ed Hillhouse, H. D. Payne, Wesley Whitefield, R. S. Wansley, Jr., Phaeton Alexander, David Davenport, C. C. Crozier, Ted Montgomery and C. J. Reed.

About 100 guests called and sent gifts that were on display.

CARD OF THANKS

We wish to express our sincere thanks and appreciation from the depths of our hearts to our many friends for their kind words of sympathy and loving deeds in the death of our loved one. Especially do we thank those who contributed to the beautiful floral offerings and to the food that was served. May God bless each of you is our prayer.

Mr. and Mrs. L. A. Dickey of Wellington spent Sunday here with Mr. and Mrs. Herschel Combs.

Mr. and Mrs. Rudolph Miller and Rena Gayle of Wichita Falls spent the week end in Memphis visiting Mr. and Mrs. Bert Miller and Mr. and Mrs. L. W. McClure.

Memphis Woman Injured In Fall

Mrs. P. M. Fitzgerald, 89 years old, pioneer resident of Memphis, suffered a broken hip when she fell in the yard of her home at 501 South Sixth Street.

Mrs. Fitzgerald remained in the yard unnoticed for an hour period or more. A neighbor, Mrs. W.

W. Martin, discovered her around 8:00 p. m. and rendered aid.

She was taken to Northwest Texas Hospital in Amarillo Saturday and the fracture was set.

She was reported in good condition Tuesday by Rev. and Mrs. Burr Morris, who visited her that day.

Wonderful what Penney's brings you for a dollar! Pretty knit rayon gowns with frilly trims... in pastel colors. M, L, XL.

Report From Washington

By Walter Rogers
Congressman, 18th District

83rd CONGRESS IS BEING TO MOVE: You will find in an earlier letter I wrote about the stalemate in the Senate between the convening of the 83rd Congress on January 3rd and the inauguration of the new Congress on January 20th. The situation is now over and the Senate is completing its organizational problems. Most of the bills have met and organized the tremendous amount of work which will be necessary in the two years.

Committee to which I have been assigned, Interior and Insular Affairs, had its first meeting on January 22nd, and produced an order to promptly convene. This committee is a combination of six committees which were placed under one name and the Public

Lands Committee. Subsequently the name was changed to the Interior and Insular Affairs Committee to conform with the name of the same committee in the Senate. The six committees combined in this one committee are Irrigation and Reclamation, Insular Affairs, Mines and Mining, Territories, Public Lands, and Indian Affairs. The Committee deals with the internal resources of the United States and its territories and insular possessions. It is organized in five sub-committees, Public Lands, Territories and Insular Possessions, Irrigation and Reclamation, Mines and Mining, and Indian Affairs. It is the committee from which the Department of Interior obtains its legislative authority. The Department of Interior employs approximately 60,000 people and is responsible for expenditures in the neighborhood of 600 million dollars a year. It has under its jurisdiction the public lands of the United States, which consist of approximately 820 million acres. This does not include the vast reaches of Alaska and the other territories. In Alaska alone the Government owns about ninety per cent of the territory. The management of these public lands creates many and varied problems. The leasing of oil and minerals on public lands brings into the U. S. Treasury approximately 200 million dollars per year. There are 179 national parks and monuments visited annually by more than 40 million people. These include the Statue of Liberty, the Petrified Forest, a volcano in Hawaii, the Gettysburg Battlefield, and other points of interest. The public lands owned by the government consist of everything from bald mountain peaks to fertile valley land.

Much land was acquired by the Government in recent years as submarginal land. The price paid

MAYOR McGUP By John Jarvis

for this land was low because the land was just not worth anything. Some government departments began to employ methods to restore the fertility of this land so that its production would not be lost.

A vast amount of it has been restored and is now producing. At the time the government acquired these lands it also acquired most of the mineral estate thereunder. Since it has come into the Government's hands, a great deal of it has been proven as oil producing properties. In view of these discoveries there has been much agitation in the past few years for a return of these lands to the persons from whom they were originally purchased or to private ownership regardless of prior interests. This will be a difficult problem to be settled in this and perhaps the next Congress. Many people are concerned about the vast land holdings of the Federal Government and want to see something done to restore these lands to private ownership and put them back on the tax rolls. Of course there is much land owned by the Government that is wholly unfit for use by individuals and that would have little or no value for tax purposes, such as arid and semi-arid areas, mountainous terrain and swamp lands, among others. Much

research has been done on the arid and semi-arid areas, and these lands will no doubt turn up as big producers in the not too distant future. In this connection it is well to note that irrigation

projects can well be the salvation of this country insofar as agricultural production is concerned. Also the proper use of surface water could help solve this problem. A recent survey indicates that these are about 319 million acres and sold products in the amount of \$242,112,000. This looks like a pretty good report for the Panhandle and a forerunner of greater things to come.

THE 1950 CENSUS shows the population of the 18th Congressional District as 289,449. Of this number 146,636 are males and 142,813 are females. There are 86,545 households, 14,691 farms, and a labor force of 114,582. 79.1 per cent of the farms have electricity and 11,929 of them have tractors. The value of the land and buildings is fixed at \$753,945,000. The farms produced and sold products in the amount of \$242,112,000. This looks like a pretty good report for the Panhandle and a forerunner of greater things to come.

Beware Coughs From Common Colds That HANG ON

The Alert Poultryman

ANSWERS YOUR QUESTIONS
My neighbors all start chickens. Ren-O-Sal - why?
Because of the fine start they get with Dr. Salisbury's Ren-O-Sal! Yes, they grow faster, feather better, and mature earlier when they get Ren-O-Sal in the water right from the start! Those benefits in better birds, more eggs, and the spread of cecal typhoid, too. Better like your neighbors -- Ren-O-Sal!

ENGAGEMENT REVEALED—Mr. and Mrs. C. Dunn of Lakeview announce the engagement and approaching marriage of their granddaughter, Rita Harmon, to G. D. Hall, Jr., son of Mr. and Mrs. A. L. Hall, also of Lakeview. The Vows will be solemnized February 14 at 4 p.m. in the First Baptist Church in Lakeview.

Hedley Takes Top Honors In Area Judging Contest

Livestock judging teams from nine high schools in this area competed in a district judging contest here Friday. Hedley took top honors with a score of 2,300 points out of a possible 3,000. John Brumley of Hedley placed first in the individual bracket by totaling 785 points for a maximum of 1,000.

Herschel Potts, agriculture instructor at the Memphis High School, was in charge of the contest. He reported the first five high-ranking teams as Hedley, Sannorwood, Lakeview, Wellington and Memphis. These teams were presented awards by the Memphis Chamber of Commerce and Hall County Board of Development at a luncheon at Willford's Drive-Inn Friday. Newly elected Chamber of Commerce president Allen Dunbar made the presentations.

In the swine judging at the J. P. Ballew farm in Lelia Lake Jack Quisenberry of Hedley placed first; Doyle Walker of Estelline, second; Joe Knoll of Sannorwood, third; Bob Burnett of Memphis, fourth, and John Brumley of Hedley, fifth.

The judging of lambs at Hedley School was won by Franklin Clifford of Clarendon with James Masey of Sannorwood placing second; Buddy Colvin of Turkey, third; Jack Quisenberry of Hedley, fourth, and John Brumley of Hedley, fifth.

Robert Hodges of Memphis placed first in the Hereford Cattle judging held at Tomie M. Potts Ranch. Bob Baisden of Turkey placed second and a number of ties decided the last three places.

The Caprock Angus Farm was the scene for the last event, which was judging Angus cattle. John Thomas of Wellington placed first in this division and the last four places were decided among several ties.

The first five high-ranking individual student judges were John Brumley, Hedley, 785 points; Jack Moreman, Hedley, 745 points; and John Thomas, Wellington, 730

March Of Dimes Money Still Shy Of County Quota

Contributions to the March of Dimes campaign are lagging far behind any previous year. R. C. Lemons, chairman, stated early today.

The citizens of Estelline received the chairman's praise for their efforts last week in raising money. He said they had turned in \$163.92 as a result of the two basketball games which were sponsored to take care of their quota.

"We certainly appreciate the interest which this community has shown in our problem," Lemons said. "Each year the people of Estelline contribute generously to the March of Dimes campaign."

The drive will not be closed on January 31, Lemons said, explaining that donations were not coming in as quickly as in prior years. He again appealed for all persons to mail their checks to him, or to Roselyn Williams, at the First National Bank. If checks are mailed, the chairman said to make them payable to the Hall County March of Dimes.

"We appreciate the contributions which have already been made," he added. "Ted Myers and a group of boys have been working diligently, and they should be commended."

"We need the help of everyone. Any amount you give will be used to combat polio."

Competing schools were all members of the Greenbelt FFA District. This was the first FFA livestock judging contest ever held in West Texas.

Wise selection and efficient use of fuel offer farm tractor operators opportunities for important savings in this year of high production costs and record use of tractors in the fields.

Beyond their immediate personal gains, farmers using their fuels efficiently will contribute to the national conservation of motor fuels.

Terrell Combest, Former Resident, Dies in Olton

Terrell Combest, 84, died at his home in Olton January 24. He was the uncle of Mrs. L. G. Rasco of this city and a former Memphis resident, residing here from 1908 until 1911.

Funeral services were conducted at the Olton Church of Christ at 3 o'clock Monday afternoon with Minister S. F. Freeman officiating.

Mrs. Rasco and Mrs. Mary E. Combest went to Olton Sunday to attend the service.

Survivors include his wife, two daughters, Mrs. Ruth Walker of Galesville and Mrs. Elmo Bryant of Olton and one son, Glenn Collins Combest of Olton.

The next time you have an impulse to tell your husband to go jump in the lake, don't hesitate just because you're afraid it might shrink his suit. Be sure, however, that he's wearing clothing made out of a new fiber that is wrinkle proof, shrink proof, and perhaps the most amazing synthetic yet to come out of a research lab. Then his suit will come out of the water looking much better than he will.

Cpl Potts Gets Combat Infantry Badge In Korea

Cpl Tommy W. Potts has been awarded an infantryman combat badge in Korea for "excellent performance of duty under enemy fire," according to information received here this week. He is a member of the 40th Division.

Potts was reared in the Parnell community and attended school at Estelline. He entered the armed forces last March.

His parents are Mr. and Mrs. T. W. Potts of Parnell. His wife, Mrs. Billie Potts, is residing in Amarillo.

Fuel represents about 40 per cent of total tractor operating costs. Inspections of a great number of farm tractors have demonstrated that the average tractor operator wastes as much as 50 to 150 gallons of fuel every year from improper carburetor adjustments alone.

There are more than 1,800 islands in the Thousand Island group.

Leonardo de Vinci, the famous painter, did much of his stroking left handed.

MR. AND MRS. JAMES L. LOTT, JR.

Eudine Gable and James Lott Are Married In Impressive Ceremony

Eudine Gable and James Lott, Jr. exchanged marriage vows in an impressive ceremony conducted in the home at 1414 Main St. The bride is the daughter of Mrs. J. E. Gable of this city. The groom's parents are Mr. and Mrs. James L. Lott, Sr., of Abilene, Texas. The ceremony was officiated by Rev. John Crow of Abilene. The bride, directed by her father, stood in the exchange of vows with her groom. The ceremony was decorated with arrangements of white and yellow flowers and greenery. An archway of greenery and white flowers framed the setting. A program of wedding music was provided by pianist David C. Swanson and soloist Paul R. Swanson.

soldier-blue and white gloves completed the ensemble. She carried a white orchid atop a white Bible. The bride observed traditional customs by wearing for the "something old" a bracelet belonging to Mrs. Myrtle Sisk, by wearing her wedding ensemble for "something new;" the "something borrowed" was a pair of earrings belonging to Miss Dorma Clanton and blue garters, a gift of Mrs. C. R. Burks, was the "something blue." She carried a lucky penny, given to her by Mrs. Dick Spoon, in her shoe. Her matron of honor was Mrs. Johnny Folley of Amarillo, who wore a tan suit of tatusah cloth

trimmed in brown velvet. Her hat was of tan geisa straw and her other accessories were brown. She wore a shoulder corsage of yellow jonquils. Jerry Long of Amarillo Air Force Base served the groom's best man. The bride's mother chose for her daughter's wedding a dress of teal blue crepe romaine with rhinestone trim. Her shoulder corsage was of white tulips. At the close of the double-ring ceremony, Paul Swanson sang as a benediction "The Lord's Prayer." A reception was held immediately following the ceremony and approximately sixty-five friends and relatives attended. Miss Ann Spoon registered the guests. The table was laid with a white cut-work linen cloth over yellow. A lovely arrangement of yellow jonquils and white tapers rested on one end of the table. The yellow-decorated tiered wedding cake was the center of interest. A miniature bride and groom stood atop the cake. The small white napkins were inscribed in gold "James-Eudine."

currently employed by the Blue Cross Hospitalization branch office in Amarillo, where she has been making her home since September. M-Sgt. Lott is originally from Columbia, Miss. and graduated from Purvis High School there. He attended Pearl River Junior College at Poplarville, Miss. two years prior to entering the U. S. Air Force in 1951. Out-of-Town guests at the wedding and reception included Mr. and Mrs. C. R. Burks of Shamrock, Mr. and Mrs. Ralph Howard of Lubbock, Mr. and Mrs. Warren Thompson and family of Amarillo, Mrs. Jack Crow and Rev. and Mrs. John Crow of Abilene, Miss. Norma Jean Painter of Canyon, Mr. and Mrs. W. A. Pierce of Hedley, Mr. and Mrs. D. Some Changes Have Been Made

"The Big Change," a new book by the popular historian, Frederick Lewis Allen, points out some interesting changes in American life which should be noted on nonpartisan basis. The changes cut across all walks of U. S. life from personal incomes to the amount of clothing worn by children on a beach. Let's note some of the changes observed by the historian since 1900.

For incomes, Mr. Allen writes: "Andrew Carnegie's income was \$23,000,000 in 1900 WITH NO INCOME TAX. The average wage earner's salary then was \$8 to \$9 a week."

"In 1950, few personal incomes exceeded \$100,000 after taxes; the average weekly pay in manufacturing industries was \$59.33."

For children and teen agers: "In 1900 more than 25 per cent of all boys between 10 and 15 were working. Fewer than 10 per cent of high-school age were actually in high school."

"Virtually every American boy and girl attends grammar school today. Four out of five high-school age are in high school."

The change in food and length of life: "Only the very wealthy ate fresh fruits and vegetables between late autumn and late spring in the 1900s. The average lifespan then was 49 years..."

"Americans now eat fresh fruit and vegetables the year round, are healthier, heavier, and taller than a half century ago, and live about 20 years longer."

Production has not only made the U. S. rich, Mr. Allen comments, but it has made the nation a world power. How to use the strength of the nation for world peace is the country's biggest problem of the 1950's.—Kennet (Pa.) News.

AND THEY'RE STILL HANGING AROUND

These words of warning came from W. Carlos Morris, Jr. of Houston, president of the Texas Safety Association, Inc., which is sponsoring Governor Allan Shivers' hand signal campaign in behalf of traffic safety education. Governor Shivers on December 31 issued an official memorandum designating January as Hand Signal Month in Texas, urging all drivers to heed the theme: "Right turn—hand up. Left turn—hand out. Slow or stop—hand down. "Hand signals are the signs of life, says Morris. "They reflect the courteous and thoughtful driver on the alert to prevent accidents and death on our highways. The driver who gives hand signals is automatically reminded of other aspects of traffic safety—the consideration of pedestrians, the danger of weaving in traffic, the death-dealing results of speed, the folly of hogging the road, the importance of yielding the right-of-way. "Traffic safety education is a splendid element but we must have the cooperation of all motorists if needless slaughter is to be averted. More drivers must practice the preachment of traffic safety education. Hand signals lend that opportunity. Statistics show that many accidents could have been averted if hand signals had been applied by the offending driver. The Governor's campaign, which is being promoted by press and radio facilities throughout Texas, is directed by J. O. Musick, general manager of the Texas Safety Association, and Weldon Hart of the Governor's executive staff, both of Austin, and Bruce Cunningham of Dallas representing the Dallas Civitan Club and the Citizens Traffic Commission of Dallas. —The Paducah Post

struggles of men in many parts of the world today are for just such principles. We in America who regard these rights as part of our heritage should remember that preserving the documents does not preserve the ideals. Only a strong and alert, freedom loving people can do that. —Carthage, Ill. Republican

Would-Be Assassin Shoots Into Home of County Attorney—Four steel-clad bullets from a small calibre automatic were fired into the home occupied by County Attorney William J. Bragg shortly after midnight this morning. One bullet went through the front door and three more into the room occupied by Mr. Bragg, his wife and baby-boy and two girls, sisters of Mrs. Bragg. One of the shots struck a sewing machine and was picked up from the floor. Another struck within two feet of the head of one of the girls. The shots were fired in rapid succession from a fast moving automobile. The bullets came through the walls at about the right distance above the floor to strike any one upon a bed of ordinary height, indicating that the shooter intended to inflict injury rather than merely to frighten those in the house. The local officers have been more than usually busy during the past few days. A moonshine still has been captured; a considerable quantity of liquor seized from a Memphis residence, searched under warrant; and some 30 or 40 arrests made. Word of threats of personal violence has been carried to local officers and it is thought that this attack may have been an attempt to carry out these threats. These shots evidently came from either a drink-made maniac, too wild to know responsibility or they were a deliberate attempt upon the lives of an innocent woman and children, who not have given offense, who cowardly degenerate who murder those against whom could have not ill will, in an intimate the representative the law. Competition
gives you the best petroleum products
in the world at the
lowest prices

The U. S. oil business is one of the most highly competitive industries in this country and, for that matter, in the world. Every time you buy a gallon of gasoline or a quart of motor oil, there are at least 100 companies that would like you to buy from them.

Your purchase stimulates competition far beyond the service station driveway where you make it. It stirs scientists to find more oil for your use. It urges production men to produce oil more efficiently and economically and with less waste. It extends through low-cost transportation pipe lines to refineries that seek better ways to make more and better petroleum products to compete for your business.

Is this competition a good thing?
It certainly is. It's a good thing for you because you get the best petroleum products in the world at the lowest prices. It's a good thing for the country because it stimulates the continuous development and conservation of a vital natural resource. And it's a good thing for the oil business: competition keeps the industry strong, vigorous, progressive.

HUMBLE OIL & REFINING CO.
HUMBLE PIPE LINE CO.

Competition begins with the search for oil.
Improved drilling and producing methods increase supplies of oil at reasonable prices.
Pipe line companies seek to improve their service and to reduce the transportation cost of oil and finished products. Their success is a major factor in keeping prices of petroleum products low.
Competitive refineries never let a day pass without trying to find a better way to make more and better petroleum products for your use.
Your service station dealer competes in product quality and service with all the other dealers in your neighborhood.

NEWLIN

Jake Crisman is in California this week.

Garvis Davis of Memphis was in Newlin last Thursday.

Mrs. T. E. Davis is visiting her brother and family in Sherman.

M. E. Ellis had the misfortune to fall and break his hip last Thursday afternoon. He is in Amarillo in a hospital and his condition is reported good.

Those visiting in the home of Mr. and Mrs. D. W. Lawrence Sunday were Mr. and Mrs. I. McQueen and Jerry of Memphis, Mr. and Mrs. M. C. Martin, Mr. and Mrs. Ardie Jones and children all of Plainview, Polly Lawrence of Amarillo, Col. and Mrs. O. B. Lawrence of Fort Sill, Okla., Mapp and Mrs. O. J. Martin and girls of San Mateo, Calif.

Mr. and Mrs. Jack Earle and baby of Amarillo spent the week end in the home of her parents, Mr. and Mrs. Fred Hemphill. They visited friends in Childress Sunday afternoon.

Mr. and Mrs. D. C. Messick, Jr. of Fort Worth spent the week end in the home of his parents, Mr. and Mrs. D. C. Messick, Sr.

Gene Erwin of Wichita Falls is visiting in the home of his uncle and family, Mr. and Mrs. W. Barnett.

Don Monzingo To Get Degree From East Texas State

COMMERCE, Jan 16—Among the 108 candidates for degrees from East Texas State college this semester is one resident of Memphis.

He is Don Monzingo, who will complete work for a Bachelor of Science in government. He is the son of Mrs. Mildred Monzingo.

Degrees will be conferred by Dr. James G. Gee, president of the college, in informal ceremonies held in the college auditorium 10 a. m. January 27.

During these services 74 baccalaureate degrees will be awarded. Of these, ten are Bachelor of Business Administration, 56 are Bachelor of Science and eight are Bachelor of Arts.

Dorothy Deaver, daughter of Mr. and Mrs. Temple Deaver, and Sheldon Anisman, son of Mr. and Mrs. A. Anisman, are both in Memphis on mid-semester vacation from the University of Texas in Austin.

Music At Rotary By Jazzbells Of West Texas State

The Jazzbells, a girls' musical organization of West Texas State College, Canyon, provided the musical entertainment portion of the program at Rotary luncheon here Tuesday.

Their singing was highly enjoyed by the Rotarians, it was announced. Louis Saied was in charge of the program.

Jack Walker and oJe Bailey both with the public service department of the college, accompanied the six Jazzbells to Memphis, and Mr. Walker introduced the program and in a short talk told of what the college is doing for this part of the state.

Members of the Jazzbells were Natalie Sanders of Amarillo, Donna Erwin, Joan Conner and Florence Coffee of Canyon, Jean Stark of Nazareth and Shirley Lee of Shamrock.

Andrews Resigns As Bank Official

Mr. and Mrs. John Andrews and daughter, Barbara, this week announced that they were moving to San Antonio to make their home. Andrews, who has been serving as assistant vice president of the First State Bank in Memphis for the past two years, has resigned his position, and will accept employment in a bank in San Antonio.

He announced that his home on North 10th Street had been purchased by Arthur Gidden.

"We want to thank the people of Memphis for their many kindnesses while we have resided here," he said.

Andrews was a member of the Memphis Rotary Club, Chamber of Commerce and the Country Club. He had served on the Official board of the Methodist Church.

The move from Memphis was made in order that the family might reside near where they own property. He was connected with a San Antonio bank before moving to Memphis.

An elephant's pulse rate is 25-28.

Sodolitan Class Enjoys Annual January Luncheon In Home Of Mrs. H. H. Lindsey

Spring flowers in pastel shades provided a charming background for the lovely luncheon and program enjoyed Thursday by members of the Sodolitan Class of the First Baptist Church when they met in the home of Mrs. H. H. Lindsey for the annual January covered dish luncheon.

Sharing duties with Mrs. Lindsey were Meses. Claud Johnson and Joe Reheis.

The dining table was covered with a white maderia cloth with an attractive centerpiece of sweet peas. The quartet tables were covered with maderia cloths and centered with white spring flowers in bud vases.

Mrs. W. C. Anderson gave the devotional after the luncheon hour. Mrs. Henry Scott presided over the meeting and Mrs. J. W. Fitzjarrald led in prayer.

Mrs. Henderson Smith brought a very inspiring devotional using as her subject, "Living a Day at a Time." She stressed that we forget yesterday and live for today and hope for tomorrow.

Mrs. J. W. Smith gave a very interesting talk on Stewardship, showing the value of Stewardship in the church and class. Mrs. Henry Hays, teacher, and Mrs. J. W. Fitzjarrald both brought interesting talks urging each

Mrs. R. C. Walker Hostess To 1913 Study Club

member of the class to help build a better class for tomorrow. Mrs. Claud Johnson led in prayer. The meeting closed with all joining hands to sing the class song, "Blest be the Tie That Binds." Mrs. D. C. L. Kinard gave the closing prayer.

Those enjoying the luncheon were Meses. J. W. Smith, W. C. Anderson, D. C. L. Kinard, Frank Smith, Henry Scott, Henderson Smith, Henry Hays, J. W. Fitzjarrald, Grover Moss, Otis Jones, Leonard Wilson, T. J. Bridges, W. B. McQueen, Theodore Swift, A. J. Fowler, H. H. Lindsey, Claude Johnson, Emma Baskerville and J. M. Saunders.

Clyde Miller of Clovis, N. M. visited here Tuesday night with his parents, Mr. and Mrs. Bert Miller and other relatives.

Mrs. George Greenshaw has returned home from California where she visited friends and relatives.

Britain's parliament members are paid \$2,800 per year.

1932 Study Club Of Estelline Meets With Mrs. Eddins

Mrs. D. T. Eddins of Estelline entertained members of the 1932 Culture Club Tuesday afternoon, January 21.

During the business meeting the executive committee submitted the following officers for the coming year and the club voted unanimously to accept them: president, Mrs. R. V. Wood; first vice president, Mrs. J. B. Rapp; second vice president, Mrs. J. L. Mothershed; secretary, Mrs. Joe Eddins; treasurer, Mrs. W. B. Davidson, historian, Mrs. Albert Bailey, and reporter, Mrs. Thurman Hutchins.

A religious program was rendered by Mrs. Hulien Clifton who gave an interesting study of the Marys in the Bible and Mrs. J. B. Rapp who reviewed the book, "A Tear For Judas" by Le Gett Blythe.

Delicious refreshments were served to the following members: Agnes Bailey, Gladys Ballard, Mary Clifton, Jo Davidson, Alice Eddins, Lillian Jackson, June Leary, Thelma Phillips, Susie Rapp, Margaret Weldon, Anne Whaley, and DeAlyss Wood. Guests were Sue Holland and Lily Cooper.

Mr. and Mrs. A. B. Hickey visited last week in Turkey and Quitaque with relatives.

Advertise in the Democrat.

zies' visit there in 1776. Mrs. Lindsey concluded her talk with the story of Ann Pedigrew and her visit to her daughter in Cincinnati, Ohio. A trip she made alone which was an unheard of thing in those days when women were supposed to be helpless, timid and fragile.

Mrs. Ace Gailey read the Bill of Rights and quoted Don Smoot in her talk. Mr. Smoot states that the words which make up the American Bill of Rights are an indispensable contribution to the phenomenal growth and development of the greatest nation in history. Mrs. Gailey climaxed her talk with Jefferson's Eulogy of George Washington.

Mrs. E. M. Wilson told about the fall of the Alamo bringing many details not generally known.

The Walker home was attractively decorated with spring flowers. The hostess served refreshments to the following members: Meses. Byron Baldwin, T. J. Dunbar, H. A. Finch, Frank Foxhall, Ace Gailey, Rufus Gresham, T. M. Harrison, O. L. Helm, D. L. C. Kinard, Gene Lindsey, Clyde Milan, Boyd Rogers, Brown Smith, M. G. Traver, E. M. Wilson, R. S. Greene and the hostess.

Mrs. Bill Smith returned from a two week visit with her sister in Altus, Oklahoma.

Mrs. H. M. Guest has returned home after spending last week in Amarillo in the home of her grandson, Bobby Jack McMurry and family.

Juan Bermudez discovered the Bermuda Islands.

Thirty-Six Girl Scouts Attend Troop Meet Sat.

The Girl Scouts of Troop No. 1 met Saturday morning at 9:30 in the Girl Scout Room at the Junior High School building with their leader, Mrs. Lloyd Martin.

Palmer Wheeler and his son, Tommy, conducted the meeting which was composed of singing and learning new songs. The Scouts learned "The Scout Chant," "Girl Scouts Together," "Hail to the Scouts," and "Taps." They also sang many old favorites such as "America," "The Star-Spangled Banner" and "John Brown." Tommy Wheeler led the group in singing "America, the Beautiful."

Mr. Wheeler taught the girls a song entitled "Be Good," which was composed by him and his son. The Scouts are considering adopting this melody as their theme song.

Mrs. Martin served oatmeal cookies and punch to thirty-six girls. They were Virginia Chappel, Patricia Moore, Judy Evans, Louise Rogers, Linda Collins, Judy Lemons, Brenda Duncan, Patsy Kennon, Carolyn Kay Ferrel, Cynthia Combest, Linda Gayle Sturdevant, Ouida Masey, Carol Calloway, Lois Clark, Linda Godfrey, Barbara Allen, Wilma Martin, Elaine Clayton, Betty Jean Wilkinson, Judy Miller, Jan Mitchell, Sharon McCoy, Betty Giddens, Glenda Jean Noah, Linda Jene Hartman, Lera Kate Hutcherson, Joyce Bloxom, Guyula Cawfield, Dorothy Copeland, Mattie Lou Copeland, Ann Litton, Shirley Reed, Linda Rice, Heleu Shackelford, Fredna Brown and Kay Nell Hamker.

Up and Atom Club Features Scientific Program Thursday

On Thursday, January 23, the Up and Atom Club of Memphis High School held its regular meeting. Paul Rowlett and Lloyd West brought an interesting program on "colored fire and explosions" and a demonstration in which water at reduced pressure was boiled at room temperature. Miss Neville Wrenn, the club sponsor, demonstrated that different elements give different colors when heated.

Those present were Harold Aspreen, Roddy Bice, W. A. Bishop, Jimmy Davis, John Deaver, Duane Ford, Duke Frisbie, Carol Gardenhire, Elizabeth Grundy, Jerry Hill, Jimmy Hill, Ray Johnson, Jo Ann Kennon, Bobby Nell Long, Jack Montgomery, Dale Patrick, Paul Rowlett, Marvin Smith, Wayne Tiner and Lloyd West.

Eli Mother's Club Meets For Quilting

The Eli Mother's Club held its regular meeting last Tuesday in the home of Mrs. Henry Taylor. The day was spent in quilting a quilt for the hostess.

During the business session members voted to make a quilt for a neighbor whose home was destroyed by fire.

Members present were Meses. Opal Waites, Ona Smith, Johnnie Martin, Henry Taylor, W. C. Rexrode, J. N. Gilbreath, W. B. Gilreath, M. L. Smith and Cecil Starrel.

SPORTS AFIELD

By Ted Keating

One of the most grueling and at the same time one of the most exciting and unusual winter sports I know about is coyote running the way it's done in the Great Lakes area. It is hound sport in the full meaning of what hounds were fashioned to do. They not only have to run long, hard and sure, under difficult conditions, but they have to fight. When a coyote decides that he has run enough, he'll simply quit and turn to put up a whale of a fight. It is one of the most curious animal reactions I know of.

According to outdoor writer Byron Dalrymple, the coyote has one of the strangest histories this continent ever produced. A century ago it was almost unknown east of the prairies. As stockmen, sheepmen and farmers moved in both men and coyotes felt each other's pressures. So destructive were the coyotes that the greatest mass poisoning project ever seen got under way and was carried on for almost a quarter of a century.

Nobody knows how many coyotes were killed; but when it was all over there still were plenty of coyotes left. They had become tougher, far more crafty and determined. And they spread out. It was not long until they were up in Alaska where none had been known before and as far south as Costa Rica, a distance of over 7,000 miles. A few years ago coyotes began to be sighted all the way from Maine to Florida. Today in the East the so-called "brush wolf" is fairly common and hunted with hounds by those who have what it takes physically to follow this sport.

An interesting side light on how the coyote was able to survive and to extend his domain so greatly is revealed in many stories concerning his toughness. Expert trappers will tell you that almost never is a fox caught that has a missing foot. But coyotes have been taken with all four feet gone! Dalrymple saw one old coyote last winter that was known to have been around those parts for at least 10 years. Hunters and trappers by scores had tried for him. He was finally run down and killed by a greyhound. His teeth were worn almost to the jaw, every foot had toes missing, one leg had sometime been broken and countless other scars were on him.

In other words, where injuries eventually kill other predators the tough coyote can take it. He will eat practically anything, from grass and berries to rabbits, mice and carrion. And our "new" coyote is, on the whole, larger and much changed in habit. The average western coyote will weigh from 20 to possibly 35 pounds. Eastern and Great Lakes animals have been taken that weighed as much as 60 pounds. That is a right hefty chunk of animal.

The highest and lowest points in the United States (Mount Whitney, Calif., 14,495 feet, and Death Valley, Calif., 275 feet below sea level) are only 86 miles apart.

BOYCOTTER . . . Senator Herman Welker (R., Idaho), who advocates a nation-wide boycott on Christmas tree ornaments, looks with disdain upon a Christmas tree decorated with trinkets from Russia.

1952, as a guarantee of good faith on the part of the bidder, and that if said bidder is accepted as county depository, that it will enter into the bond required by law. Any banking corporation association or individual banker in Hall County, Texas, will be eligible to bid. The award will be to the highest bidder, the Commissioners' Court reserving the right to reject any and all bids. Witness my hand this the 16th day of January, A. D. 1953.

JOHN RUSSELL
County Judge, Hall
County, Texas.

Memphis P. C. A. To Hold Annual Meeting Feb. 4

The nineteenth annual meeting of the Memphis Production Credit Association will be held on Wednesday, February 4, according to James Van Pelt, secretary-treasurer. The meeting this year will be held at Childress, and the city auditorium of that city will be the site of the sessions.

"The main business of this meeting is to make a current report to the stockholders on the progress and condition of the association," Van Pelt explained. "Also, there is one place on the board of directors to be filled."

He added that the names of L. H. Halford, incumbent, of Hall County, and Grady Parr, of Cottle County, have been placed on the ballot by the nominating committee.

Highlighting the entertainment phase of the day's program will be numbers by The Internationals of Wayland College at Plainview.

A barbecue dinner will be served at noon, Van Pelt added. He estimated that 400 stockholders and guests from over the nine-county area will attend the annual meeting.

Comments

(Continued from Page One) ing in the east while the sun still appears above the horizon in the west," he said.

Two drunks were walking between the railroad rails north

of Memphis the other day, stepping from tie to tie. One said, "Begosh, this is surely the longest stairs I ever tried to climb." The other answered, "Faith and begorry, and it's got the lowest handrails I ever saw."

Medical science has about completed the development of polio vaccine. This announcement was made from New York this week. Tests are to be made this year on humans. Until these humans tests are run and proven, the vaccine will not be available generally. Scientists have gone as far as they can in the laboratory. They must first learn how long it takes the vaccine to give one antibodies, how long the protection lasts, whether booster shots might be needed after one vaccination.

The March of Dimes campaign is very important, and it seems to me that Hall Counties are not responding to the call for funds. Some of these funds are used in finding a preventative like the vaccine that now looks so promising. Other parts of the funds are used in taking care of polio victims. The need is urgent, the time is short, and if the campaign is to be a success a lot of us should get busy.

FOREIGN TRADE ESSENTIAL —"Foreign trade is one of the major pillars on which the agriculture of the Cotton States was founded and on which, notwithstanding the rise of a huge textile industry at home, it continues to stand."—A. W. Palmer, Office of Foreign Agricultural Relations.

Grand Jury To Convene Monday

Hall County's first grand jury session for 1953 will start at 10 a. m. Monday, February 2, according to Sheriff E. S. Morrison.

He listed 16 names for grand jury service. From this list, 12 will be selected.

Jurors chosen were J. R. Adamson, Turkey; Jim Arnold, Turkey; J. B. Byars, Lakeview; J. W. Cope, Parnell; J. W. Driver, Lakeview; Ace Gailey, Memphis; Carl Harrison, Memphis; Carl Hill, Parnell; O. B. Hoover, Newlin; Worth Howard, Rt. 1, Memphis; Merle Lemons, Memphis; Paul Meacham, Turkey; Olton Pate, Lakeview; C. T. Weatherly, Parnell, and Del E. Wells, Lakeview.

Mr. and Mrs. Roy Tilley, Mrs. Clois McGuire and daughter, Shirley, and Joannie Bliss, all of Amarillo spent Sunday visiting in the home of Mrs. McGuire's parents, Mr. and Mrs. Forrest L. Hall.
