

# Report From Washington

By Walter Rogers  
Congressman, 18th District

**BEHIND THE SCENES:** Furrowed brows and whispered appraisals of doubt have not been unusual in official circles since the November 9th news conference at which Secretary of State Dulles was quoted as saying that the Eisenhower administration has never said it would be forever opposed to recognizing a Communist government China. Some of the news services immediately construed this statement to mean that consideration was being given by the administration to the recognition of the Communist regime in China, some stories indicating that the Communist regime may be recognized. Some, apparently assuming that Secretary Dulles meant that recognition of Red China was being considered, are prophesying a definite split in the administration over this particular issue. In other words, they anticipate that the real repercussions are yet to come. It seems that the construction placed on the language of the Secretary is the cause for the furrowed brows, rather than the words that were actually spoken.

In all fairness to Mr. Dulles, I think it should be pointed out that the Secretary certainly did not intend to convey the idea or thought that the administration was considering the recognition of the Communist regime in Red China. His remarks very clearly reflected that the present anti-Western and aggressive policies and attitude of that regime would preclude consideration of recognition of such regime as the government of China. Mr. Dulles fully appreciates the many facets of this problem and in speaking on the matter would, no doubt, have in his mind three major items. First, he fully understands and properly evaluates the bloc in the Congress that is completely pro-Nationalist China. Several of the outstanding leaders of this bloc are members of the House and Senate from the West Coast areas. Secondly, the Secretary knows full well that a Communist regime would have no inhibitions against loudly but falsely proclaiming pro-Western and anti-aggression policies in order to secure recognition by Western powers as well as admittance to the United Nations. He also knows

that, once such result was accomplished such result was accomplished, that same regime would not renege to return to their godless, dictatorial, anti-Western, aggressive and enslavement policies. Thirdly, the Secretary also knows that the House of Representatives has, by vote on a resolution, openly condemned and opposed the admittance of Red China to the UN.

We all know that one of the basic principles of Communism seems to be the theory that the end sought justifies the means employed. Certainly, the Secretary of State knows this and he is not getting soft toward Red China. I think the proper construction of his remarks would have been that the administration had never taken the position that the Nationalist government of China was the only government that would ever be recognized.

### CUTTING EXPENDITURES:

One of the local columnists has pointed out that one of the biggest departments of government has hired a private firm to make a survey of the department and to recommend changes that will bring about more efficient management and effect economies. I do not yet know the terms of the agreement between the department referred to and the private firm, but certainly intend to find out. These surveys are very costly to the taxpayers and, so far as I can determine, have produced very little in the way of results. One such survey cost the taxpayers approximately \$600,000.00, yet the over-all cost of the department involved has not been measurably decreased. It's good business if you can get it. I don't recall any of the reports containing a recommendation that the departments stop spending the taxpayers' money to hire these survey firms.

### THE NATION'S HEALTH:

I noticed the other day that many of the present day diseases and ailments are caused by synthetic foods and certain food processing methods. It kinda scared me and I went by the store on the way home and bought some frozen turnip greens (these are not near as good as the fresh) and a sack of

**FRENCH CHASE REDS . . .** French and Viet Nam troops launch offensive through communist Viet Minh hills of Phu Nho Quan, 55 miles southwest of Hanoi, destroying military installations and ammunition dumps.

### CARD OF THANKS

We wish to express our sincere thanks and appreciation from the depths of our hearts to our many friends for their help and sympathy during our time of sorrow. We are also grateful to those who contributed the many beautiful floral offerings and to those who brought food.

The J. F. Hawkins family

corn meal. I don't know of any ailments that I have except a bald head, but the way these turnip greens and cornbread tasted, I believe I cured everything except the bald head. The youngsters didn't seem to be too enthusiastic about the turnip greens, so Jean and I had to eat most of them. I'll let you in on a little secret. Frank Helvey, over at Amarillo, has a fellow working for him who grows turnip greens fresh. He delivers them out to Mrs. Helvey and her mother, who really know how to cook them. They also know how to make homemade pepper sauce to go on them. Frank knows how to eat them. I know, because I helped him one afternoon.

An ant has the largest brain, in proportion to its size, of any animal.

## Lakeview Junior Class To Sponsor Pie And Box Supper

The Junior Class of Lakeview school is sponsoring a pie and box supper on Friday, November 20, it was announced this week. The affair will begin at 7 p. m. and will be held in the grade school auditorium.

All girls are requested to bring pies or boxes and the boys are asked to bring their billfolds with enough money to purchase a pie or box.

Free coffee will be served. The public is cordially invited to attend.

## Daugherty Finishing Basic A. F. Training

Eddie G. Daugherty, 17-year-old son of Mr. and Mrs. E. R. Daugherty, Rt. 2, Memphis, is completing his basic indoctrination course at Lackland Air Force Base at San Antonio.

The course is preparing Daugherty for entrance into Air Force technical training and for assignment in specialized work.

Mr. and Mrs. Reginal Greenhaw and Mrs. George Greenhaw visited in Amarillo Sunday with relatives.

# Memphis Cyclone Wins District Championship Friday Night

## Overwhelms Panhandle, 31-12 Straight Conference Victory

Memphis Cyclones won the championship of District 10 here Friday night by ripping the Panhandle 31-12 while the Lefors Pirates were upsetting the McLean 27-7.

McLean defeats the Cyclones at McLean, next Sunday and leaves the Cyclones at McLean, next Sunday with five conference wins and one loss for Memphis will hold sole rights to the championship from the fact that the Cyclones outscored the Pirates 14-6, when they met here, earlier in the season.

In the first district championship the Cyclones has since 1934. In the bi-district contest, the Cyclone and Panhandle tied 13-13. Memphis residents recalled this week.

Friday night victory was a fitting climax to the season for Memphis High ex-students, who received recognition just before the contest got underway at the singing of the school Alma Mater. The game was in ideal weather, just cool enough to be pleasant and only a light breeze blowing.

GREEKS TOUR U. S. . . . King Paul and Queen Frederika of Greece, now on month tour of United States, were entertained by President Eisenhower at White House at start of trip.

pushed to the Panhandle one-yard line, from where Clyde Tamplin, fullback, cracked over in two tries. A pass to Jack Montgomery, right end, was good, and the score was 13-0.

On the first play in the second

jump pass on their five and returned to the 10.

With Dale Rosalius, Panther quarterback, and Bentley alternating, Panhandle carried to midfield, where Memphis recovered a partially blocked punt on the Panhandle 45.

When the Cyclone offensive could not get going, the Cyclones punted, Rosalius taking the ball and making a short return to his 21.

However, Panhandle was penalized 15 yards for roughing Frisbie and the ball was put on Panhandle's 34, in Memphis possession, giving them a first down.

Frisbie and Davis took turns carrying and the ball was on the visitor's one, as the half came to an end.

The Cyclones wasted no time as the second half began. Panhandle kicked off to Memphis and Dean Sustaire, left half, returned to his 30. Sustaire lugged to the 32 on a handoff. From that point Frisbie swept inside right end to go 68 yards for another Cyclone touchdown, pushing the count to 19-0. The conversion attempt was no good.

After taking the kickoff, Pan-

handle got to their 29, then was thrown back to their 22. On the next play, the Cyclones grabbed the ball on the Panther's one, when the pass from the Panhandle center was bad. Sustaire rammed over for the fourth Memphis tally, and the score was 25-0. The extra point try was unsuccessful.

Bentley received the kickoff and got back to his 28 before being downed. A 12-yard pass to Gary Don Cummings, right half, and a pass to Bentley put the ball on the Memphis 25. Another pass to Cummings was good for a first down on the Cyclone 9. Bentley made a yard and Rosalius swept around left end on a keeper to post the first Panther touchdown.

The Cyclones added their fifth touchdown a few plays later, after Carol Gardenhire, left end, was downed on his 30, after the kickoff.

Frisbie went around right end to his 41, Walker carried to the Panhandle 43, and Frisbie carried again, this time to the Panther 37. There, Walker swung around left end into the end zone, making the count 31-6.

Panhandle got rolling after being

downed on the kickoff on their 15. On a sustained drive, consisting mostly of passes, the Panthers made their second touchdown, to make the score 31-12.

After covering a fumble on the kickoff, Memphis pushed from their 30 to the Panhandle 21, before losing the ball on downs.

The Panthers made it to their 31, but on the following play, Gardenhire intercepted a jump pass on the Panhandle 41.

Soon afterwards, Panhandle regained the ball, when a Memphis punt was blocked.

Denny Davis, halfback, intercepted a pass on the next play and carried to the Panhandle 37. Davis took the ball to the Panhandle 23, on the final play of the game.

Mr. and Mrs. Jack Youree of Borger visited her parents, Mr. and Mrs. L. I. Davis, Saturday night and Sunday.

Mrs. Geo. Hammond and Mrs. Irvin Johnson visited in Portales, N. M., last week with Mrs. Hammond's son, James Hammond and family. While away Mrs. Johnson also attended a REA school of instruction in Clovis, N. M.

### Old-Age Insurance Aids When Earning Period Is Closed

Old-age and survivors' insurance was made a part of the social security law, to assist citizens of this country in building financial protection for days when earnings stop, according to John Sanderson, manager of the social security field office in Amarillo.

Information about the protection social security provides through operation of the old-age and survivors insurance program may be obtained by contacting the Amarillo office.

A representative from the Amarillo office, will be in the commissioners' courtroom in Memphis, starting at 10 a. m. Tuesday.

### PLASKA

**THE LAW**  
Texas

**TRAFFIC RULES EXPLAINED**

When regulating traffic, the police are not only trying to keep the streets safe, but they are also trying to make the streets more pleasant for many people. This is done by placing Texas traffic signs in the proper places. These signs are of many different shapes and sizes. Some are round, some are square, and some are rectangular. They are placed in the proper places to give the driver the proper information. This is the most important part of the traffic laws. The driver must understand the laws and follow them. This is the only way to keep the streets safe and pleasant for everyone.

**SMALL VISITORS SEE GOVERNOR DESIGNATE CHRISTMAS SEAL MONTH** — Donald Iglehart, 5 years old, and his sister, Becky, 11, look on as Governor Allan Shivers signs an official memorandum, designating Nov. 16-Dec. 25 as Christmas Seal Month. The youngsters, who live in Dallas, were waiting in the governor's office to shake his hand when the memorandum was placed on his desk.

When two automobiles are approaching from opposite directions at an intersection, the driver of the automobile on the right must give the right of way to the automobile on the left. This is the rule for all intersections. The driver of the automobile on the left must yield to the automobile on the right. This is the rule for all intersections. The driver of the automobile on the right must give the right of way to the automobile on the left. This is the rule for all intersections. The driver of the automobile on the left must yield to the automobile on the right. This is the rule for all intersections.

qualified by saying that you should not proceed, cross or turn onto the through street until you can do this without interfering with oncoming traffic. In other words, if an approaching car will arrive within the intersection before you are completely clear, wait just a little longer. These same rules apply to entering a highway from a side road containing a stop sign.

Many drivers violate the rules of right of way covering left-hand turns at intersections. When turning left, you should always be on the inside (or center) lane, displaying the proper hand signal. You must allow all cars coming from the opposite direction, already in the intersection, to pass through before completing your turn. Even when the intersection is cleared, do not proceed unless other oncoming traffic is far enough away to be able to see your signal and slow down to allow you to turn with safety to all concerned.

Stay in the inside lane until

your left-hand is entirely completed, and only then move gradually over to the right-hand lane if you wish. When turning right, stay in the right-hand lane at all times. Do not swing wide into the center lane, as to do so is unnecessary, unlawful and dangerous.

Many detailed rules and suggestions for safe driving are included in the official "Texas Driving Handbook" which is available to any person requesting same from the Texas Department of Public Safety, Drivers License Division, Austin, Texas.

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Mr. and Mrs. L. A. Dickey of Wellington visited here Friday night in the home of their daughter, Mrs. Herschel Combs and family.

**Organic Materials Help To Make Soil Drouth Resistant**

COLLEGE STATION — Although Texas farmers and ranchmen are not able to have 'made-to-order' weather, recent tests indicate certain practices which increase the moisture penetrating capacity of the soil greatly aids in making land more drouth resistant.

Tests conducted at the Spur Experiment Station show that moisture penetration was doubled where cotton burrs were spread over experimental plots the previous spring. Soil moisture also was increased on grass land treated with sorghum litter and barnyard manure.

Cotton burrs returned to the soil at a rate of 4, 8 and 10 tons to the acre increased moisture penetration to 28, 30 and 39 inches, respectively. Plots not so treated had a water penetration of only 16 inches. The burrs not only increase water storage and penetration, but contain nitrogen, phosphorus and potassium, essential soil elements.

The returning of this 'waste' product actually pays off in dollars and cents. Long time records at the station indicate the yield of lint cotton primarily depends on the depth of moisture at planting time. Cotton yields in 1954 on burr treated plots are expected to be about 175 pounds an acre compared to 50 pounds from untreated areas provided moisture conditions at planting time equal those existing when the tests were made.

In grassland tests on heavily grazed buffalo grass, where 10 tons of barnyard manure to the acre was applied in 1952, moisture reached 30 inches. Moisture penetrated to 18 inches where sorghum litter was spread, but only nine inches on grassland where no organic moisture was applied.

**More Land Owners Giving Protection To Wildlife Species**

AUSTIN—Howard Dodgen, executive secretary of the Game and Fish Commission reported a "growing tendency" among land owners to protect wildlife species hard hit by the drought.

"One of the natural benefits from the traditional land ownership-game management cooperation," Dodgen said, "is the authority retained by ranchers and others to control harvest of game from their areas."

"This frankly has many times approached the advantages that would accrue if Texas had sufficient public land holdings for the state to directly regulate the wildlife harvest."

"This fall there is an increasing trend toward limiting the take of species that are below normal for one reason or another. From the reports from our field men and from the land owners direct, the endeavor may reach maximum effect this fall."

"Indications are that one major objective of many ranchers and farmers will be protecting quail which have suffered from the drought and from that recurring slump which wildlife biologists term 'the cycle.'"

"Thus it is heartening to anticipate that the precious seed stock of the quail population will be preserved. Our biologists agree that the consideration for the quail at this time can easily set up a rapid recovery from the present quail depletion."

The executive secretary pointed out that the General Law on quail, as on deer and other species, is controlled exclusively by the Legislature. He added that, while the harvest under such laws cannot exceed the legal limitations, there is no restriction on curbing the harvest.

**Texas Farm Income Continues To Decline**

AUSTIN—Texas farm income continued to decline in September, falling 20 per cent below the same period last year, the University of Texas Bureau of Business Research reports.

Livestock and livestock products, recently leaders in the downward trend, were 18 per cent lower than a year ago. Slight gains for dairy products (2 per cent) and poultry and eggs (1/2 per cent) offset losses for meat animals (1 per cent) and wool (2 per cent).

In the first nine months of this year, total farm income in Texas was 18 per cent below the same 1952 period. January-September, 1953, income was \$1,133,527,000 or \$249,712,000 less than in 1952.

However, showing increases during the first nine months of 1953 were oats, up 47 per cent (from \$6,357,000 to \$9,343,000); and rice, up 44 per cent (from \$31,072,000 to \$44,803,000). Flaxseed rose 24 per cent, an increase of \$756,000.

Mr. and Mrs. H. A. Finch and Mrs. R. C. Walker visited in Childress Sunday afternoon with Mrs. G. E. Sager and other friends.

### Memphis FFA Chapters Runners-up In Greenbelt Contests Here Saturday

The senior and junior Future Farmers of America chapters in Memphis High School took second place honors in competition between chapters of the Greenbelt District here last Saturday. The Wellington chapters took top honors in both divisions.

Both of the local groups were awarded second place banners and individual members received red ribbons.

In the senior division, Wellington accumulated 901 points to 897½ points for Memphis, and in the junior section, Wellington posted a total of 895 points to 891 points for the local chapter, according to Hershel Potts, vocational agriculture teacher here.

The Wellington chapters will represent the Greenbelt District in regional contests at Plainview, Saturday, Dec. 5.

The Memphis senior and junior FFA Leadership teams both placed second and Memphis was awarded fifth place in the FFA quiz contest.

On the senior chapter conducting team were: Terry Monzingo, president; Warren Whitten, vice-president; Cleve Evans, reporter; Rodney Lewis, treasurer; Robert Hodges, secretary; and Jerry Smith, sentinel. Jerry McQueen, Keith McWhorter and Kenny Hartman were delegates and Thurman Widener was student advisor.

The junior chapter conducting team was made up as follows: Tommy Foster, president; Don McElreath, vice-president; Morris Campbell, reporter; Elvie Williams, treasurer; Carlton Clayton, secretary; and Billie Bob McLaughlin, sentinel. Delegates were Sherman Clemons, Truman Smith and Bennie Bishop. Kenneth Taylor was student advisor.

On the FFA quiz team, representing the Memphis chapter, were Bennie Bishop, Benny Davis and Mervyn Smith.

Contests in senior and junior farm skill demonstrations and radio broadcasting also were conducted.

Among judges were: T. L. Devlin, Canyon, and Herb Davis, Amarillo, senior chapter conducting; and John Dwyer, Groom, and Bill Stanford, Hereford, junior chapter conducting.

Walter Labay of Plainview, area supervisor of Vocational Agriculture, was in charge of the FFA Quiz contest.

Approximately 160 FFA boys participated in the competition. Greenbelt District schools represented were Childress, Carey, Estelline, Turkey, Memphis, Wellington, Sannorwood, Quail, Clarendon and Hedley.

Other placings in the senior FFA Leadership contest included: Turkey, fourth; Quail, fifth; and Estelline, seventh.

Estelline took fourth place in the junior leadership contest, Hedley was fifth, and Turkey was seventh.

Quail was first in junior farm skills demonstration, and Turkey was fifth.

In senior farm skills demonstration, Turkey was second, Estelline was third, and Quail was fourth.

Turkey ran off with first place honors in radio broadcasting. Estelline was second, Hedley was sixth, and Quail was eighth.

Third place winner in the FFA Quiz contest was Estelline. Quail was fourth, Hedley was sixth, and Turkey was seventh.

Potts is scheduled to judge in a district FFA meeting at Floydada Saturday.

Mrs. Florence Switzer returned Tuesday morning from a month's visit on the Plains. While gone, she visited in Brownfield with a nephew, Harold Dewlen, and family, and in Denver City with another nephew, Robert Dewlen, and family. She accompanied the Robert Dewlens on a trip to White Sands, N. M., and the mountains in that area. Robert Dewlen brought Mrs. Switzer home.

Mr. and Mrs. L. O. McCoy attended funeral services for Nova Hutton at 3 p. m. Sunday in Perryton. Mr. Hutton died early Thursday morning at his home in Clarendon. He is survived by his wife, two sons and a daughter.

Mrs. Hutton, the former Ruby Coy and lived at Estelline, Hulver and Lakeview for a number of years before her marriage.

### Press Box At Cyclone Stadium To Be Remodeled

The press box at Cyclone Stadium will be overhauled, remodeled and enlarged, Louis Saied, president of the Memphis Cyclone Boosters Club, said Wednesday. Work was scheduled to start this morning and be completed in time for the Memphis-Springlake bi-district encounter Thanksgiving Day.

The improvements are being made under the sponsorship of the Boosters Club and Bill D. Hart.

The press box is to have eight feet added to it, for a total length of about 20 feet, according to Saied. The plank, now being used as a seat, will be removed, and chairs will be provided for members of the press and public address system announcers and their spotters and for radio station teams.

Remodeling may include putting a new floor in the box, Saied explained.

### J. C. TURNER'S FATHER BURIED LAST THURSDAY

Funeral services for Fred B. Hart, father of J. C. Turner of Memphis, were conducted at 2 p. m. last Thursday in the First Methodist Church at Pampa, with Rev. Tom Johnston, pastor, officiating.

Masonic graveside rites were conducted in Fairview Cemetery at Pampa.

Mr. Hart, a retired roadmaster for the Santa Fe Railroad, died Tuesday of last week in the Albuquerque hospital for Santa Fe employees, following an illness of several months. He was 72 years old.

He had lived at Pampa since his retirement, Nov. 21, 1948. Before that, he made his home in Amarillo.

He worked for the Plains Division of the rail line for 39 years, starting to work as a section foreman in 1909, according to Santa Fe records.

A veteran of World War I, he served in Russia.

Mr. Hart was a member of the First Methodist Church at Pampa, and a member of the Scottish Rite of Dallas. He was a Mason and a member of the Commanders, and was a member of the American Legion in Amarillo.

Survivors, other than the son, include: his wife, Mrs. Jeffie Hart of Pampa; two daughters, Mrs. Travis Malone, Amarillo, and Mrs. Bob Orton, Houston; and three sisters, Mrs. Grace Jarrett, Springfield, Mo., Mrs. George Peterson, Columbia, Mo., and Mrs. Joe Herndon, Rogers, Ark.

Mrs. T. M. Harrison and Mr. and Mrs. Ross Gentry of Memphis attended the funeral.

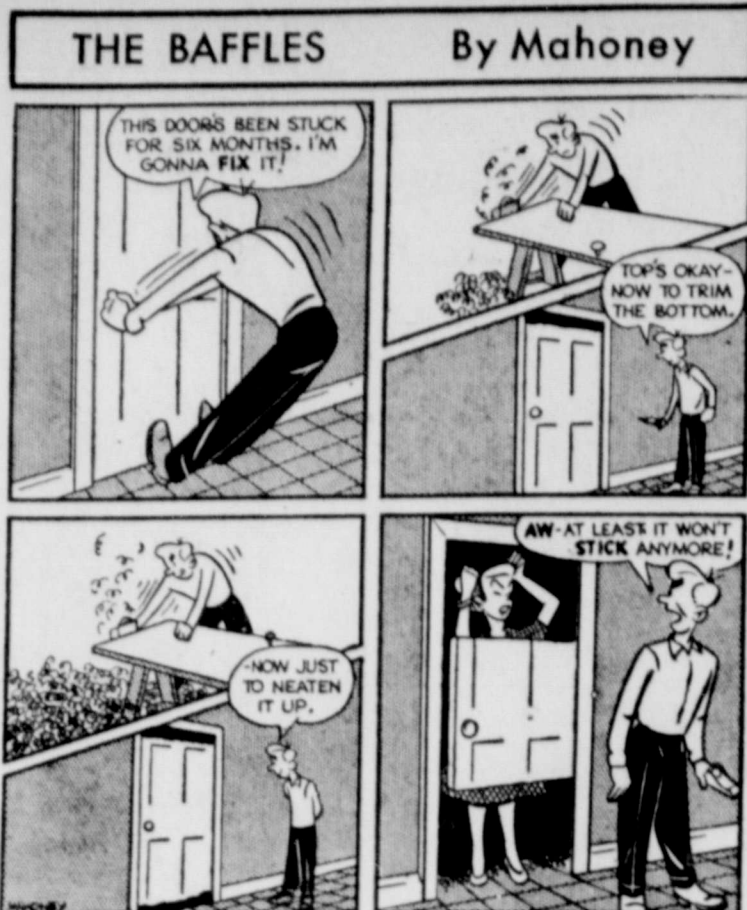

Mr. and Mrs. H. B. Marks, 817 South Sixth Street, are announcing the arrival of their first great-grandchild, Marka Lynn, born Tuesday noon in a local hospital to Mr. and Mrs. Mark Edwin Stuart. The baby weighed 6 pounds, 9 ounces. Mrs. Stuart is the former Dorothy Moore. Mr. and Mrs. David Moore of Memphis, are the maternal grandparents and Mrs. Vera Stuart of Childress, is the paternal grandmother.

Mr. and Mrs. F. T. Paschall of Dumas are the parents of a son, Fred Keith, born Sunday in Dumas Memorial Hospital. The infant weighed 6 pounds, 10½ ounces. Mr. Paschall is the son of Mr. and Mrs. M. W. Paschall of Memphis.

Inhabitants of New Zealand have the longest life expectancy.

WE HAVE PLENTY OF FAT HENS AND TURKEYS for Thanksgiving — Also we will dress your turkeys — Lawrence Hatchery

### Showers Dampen Memphis Section

Showers fell on the Memphis area Wednesday night to break sunny weather and spring-like temperatures which have bathed the section for about two weeks.

Moisture measured .09 of an inch here, according to Weatherman John McMicken. McMicken, who is Fort Worth and Denver railroad station agent, said Hedley and children had about the same amounts.

Three miles southeast of town, the total came to .15 of an inch.

The rain came with a dash during the night and lasted only a short time.

Temperatures during the past week have ranged from a low of 34 degrees to a high of 75 degrees, McMicken said. The 75 degrees was recorded Wednesday afternoon.

### Second Suspect In Auto-Truck Theft Held In Jail Here

D. C. Calloway, 45 years old, was being held in county jail here this week, on automobile-truck theft charges, in lieu of \$1,000 bond, according to Sheriff E. S. Morrison.

Calloway was returned here last Thursday by Morrison, after being arrested by Fort Worth police for a misdemeanor. Fort Worth authorities connected Calloway with thefts of a car and a truck in this county the first part of October, after checking a pickup order from the sheriff's office here.

The bond for Calloway was set Friday afternoon in the court of Justice of the Peace J. S. Grimes.

A second man, Jack Willard Crain, 39 Rockdale, Tex., who is being held in the Gray County jail at Pampa, in connection with the theft of a truck near Lefors early in October, has admitted participating in the Hall County thefts.

Crain was arrested shortly after stealing the truck near Lefors and implicated Calloway in the thefts in this county, Morrison said.

According to Crain's statement, he and Calloway stole the automobile from in front of the Estelline post office, Sunday, Oct. 4. The vehicle was owned by Billy B. Holland of Estelline.

The two men abandoned the car on a side road near Newlin, taking an automatic pistol from the glove compartment at the time.

The men walked to the General Patterson farm, 11 miles southwest of Memphis, and stole a truck, which they drove to Pampa and abandoned. Crain said in his statement. Crain had been picking bolls on the Patterson farm.

Later the same week, Crain stole the truck near Lefors.

The pistol, stolen from the Holland car, was recovered from Crain, following his arrest in Gray County. The weapon was returned to the sheriff's office here.

Theodore Roosevelt was the youngest President ever inaugurated.

### Funeral Rites For William T. Merrell Held At Estelline

Funeral services for William Thomas Merrell, 71 years old, of Hedley, were conducted at 2 p. m. Friday in the First Methodist Church at Estelline. Rev. E. H. Costen, minister, and Rev. Ross Davis, pastor of the Assembly of God Church at Childress, officiated. Burial was in the Tell, Childress County, cemetery, under direction of Murphy-Spicer Funeral Home of Memphis.

Mr. Merrell died last Wednesday night in a Childress hospital, after a serious illness of about a month.

He was born at Paducah, Tenn., April 1, 1882. He accompanied his parents when they came to Texas in 1894 and settled at Wolfe City.

On Dec. 24, 1905, he was married to Miss Minnie Latimer, in Hunt County.

The family came to Hall County in 1925 and farmed in the Tell community until moving to Estelline in 1932. Mr. Merrell was employed as a maintenance man with the Fort Worth & Denver railroad there until 1944, then worked for the company at Washburn and later at Hedley. He retired a few years ago and the family home had been at Hedley since.

Survivors include: his wife; four daughters, Mrs. Hurshel Wolf, Estelline, Mrs. Cecil Stigall, Lone Oak, Tex., Mrs. Owen Knight, Hooks, Tex., and Mrs. Nadine Lewis, Bakersfield, Cal.; three sons, Melvin Merrell, Ama-

rillo, Alvin Merrell, Ed Y. B. Merrell, Claude Crane, Omer and Grover Merrell, and Grover Merrell, Grove, Tex.; and 24 grandchildren and four great-grandchildren. Three children are in death.

Pallbearers were Claude Crane, Omer and Grover Merrell, Robert Carlton, W. and Hobart Moffitt.

### West Texas State Former Students Will Meet, Nov. 20

A meeting is scheduled Monday night, Nov. 20, for the purpose of organizing a Texas Club, composed of students of West Texas State College. The meeting is at 7:30 o'clock.

Milton Morris, secretary-students association, will be the principal speaker.

Former students, who are urged to attend the meeting.

Weekend visitors in the Mrs. H. H. Lindsey, were her mother, Mrs. J. row of Hollis, Okla., and Mrs. M. L. Benner, Carrol, of Lamar, Okla.

Mr. and Mrs. L. V. Amarillo spent last week Mr. and Mrs. P. O. The Horners are former of Memphis.

National Governor's Conference in Seattle, rated Shivers fourth among governors who are prospects for President of the United States, and fourth among the list of best governors. Ahead of Shivers were Governor Earl Warren of California, now Chief Justice; Governor Thomas E. Dewey of New York; and Governor Alfred Driscoll of New Jersey.

Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, says it is hard for him to understand public apathy to deaths and injuries on the highways.

In all wars in which this nation has participated since 1777 more than a million men were killed. Since the first traffic fatality in 1899, more than a million persons have died in traffic accidents, Garrison said in a speech here.

By putting into effect a relatively simple program of engineering, education, and enforcement, and with real public support of that program, the traffic death rate could be cut in half, Garrison declared.

This being the 50th anniversary of the commercial motor vehicle, Governor Shivers issued an official proclamation inviting Texans "to consider the great accomplishments and the bright future of the trucking industry and to salute the men and women who are associated with it, on the occasion of the Fiftieth Anniversary of motor freight transportation."

Texas, as the governor pointed out in his proclamation, has more commercial motor vehicles than any other state, with more than 600,000 such vehicles registered in Texas this year.

Fitting into the pattern of economic recovery for livestock producers is the U. S. Department of Agriculture school lunch program, which includes beef and gravy.

An Austin chili firm for example, shipped out seven carloads of this product to points in Texas and Louisiana in a single day. More than 6,000 cattle have been removed from overgrazed and undergrazed lands of the drought areas through fulfillment of government contracts by the Austin company.

Maybe Texas will know, come spring, whether or not the natural gas gathering tax passed by the last legislature is valid.

About \$14 million per year is being collected under this tax law, and the money is being held in suspense until such time as the court test is completed.

Tentatively, the U. S. Supreme Court has decided to hear the case early in January. That means the final ruling will be due early in the spring.

Texas school children may read the United Nations declaration of human rights in their textbooks, but no editorial comment on the document.

Eugene R. Smith of El Paso, member of the State Board of Education, complained that one textbook's comment on the declaration had a "pink slant."

W. W. Jackson of San Antonio, another board member, commented, "We're dealing here with something deeply fundamental. I certainly hope that the time never comes when we descend to the level of thought control."

### Hundreds Expected To Participate In TCU Homecoming

FORT WORTH—Hundreds of graduates and former students of TCU will return to the campus next weekend for the annual homecoming festivities.

The program will be highlighted by a giant bonfire and pep rally Friday night, a downtown parade on Saturday morning, the TCU-Rice institute football game in Amon Carter Stadium Saturday afternoon and the homecoming dance at Lake Worth Casino that night.

Almost all schools and divisions of the University are also planning special gatherings of old students.

Officers of the Ex-Student Association have been meeting weekly for some time to plan the event. They are Judge Jack Langdon, president; Paul Ridings, first vice-president; Warren Logan, second vice-president and Eugene Luger, treasurer. All are of Fort Worth.

Registration will start at 3 p. m. Friday in the administration building and several downtown hotels. The bonfire, for which students have been gathering fuel for some time, will start at 8 p. m. on the lower quadrangle of the campus.

Saturday, registration will continue from 9 a. m. until noon. The homecoming parade is set for 10 a. m. It will move from the assembly area near the T&P yards on East Vickery along the downtown streets. Many student organizations will enter floats and prizes will be awarded to the winners.

Leona Gillette, Fort Stockton junior, and Donna Kastle, Fort Worth sophomore, are co-chairmen of the student homecoming committee.

The annual ex-students coffee will be held in Waits Hall from 9 to 11 a. m. Saturday. At 11:30, the exes will banquet in Fellowship Hall of University Christian Church.

Ridings, who graduated in 1938 has been nominated to head the Ex-Student group for 1954. Other nominees are Miss Luker, first vice-president; Judge Harris Brewster, second vice-president; Doris Gregg, treasurer.

Nominated for three-year terms on the board were Marion Hicks and Ray Baucus of Fort Worth. Dr. Jack Riley has been nominated to replace Brewster, who has two years to serve, on the board. The football game will start at 2 p. m., Saturday. The homecoming dance is set for 8:30 p. m.

Hartwell Ramsey, newly appointed director of Ex-Student activities at TCU, will be here for homecoming. However, he will not assume his full duties until around Dec. 1.

**OES OFFICER**—At a recent session of the Grand Chapter of the Eastern Star held in Fort Worth, Mrs. Hattye Dem Thompson was appointed Deputy Grand Matron of District 2, Section 5. The appointment was made by Mrs. Mary Ella Schoverling of Houston, newly elected Worthy Grand Macon.

Robert E. Erwin left Wednesday night for San Diego, Calif., after spending a 10-day leave with his mother, Mrs. Mary Lou Erwin, and grandmother, Mrs. J. S. Ballard. Robert, who is serving with the Navy, is stationed at the California city.

Mrs. E. E. Roberts arrived home last week, following a visit of about a week with her daughter, Mrs. Homer Baker, in Denton. Mr. Roberts went after her.

Charles Goodyear was the first to manufacture rubber overshoes.

Artificial pearls were first made in 1680, by Jacquin of Paris.

### Special Livestock Loans Available At County FHA Office

More than \$11,689,000 in special livestock loans have been made to approximately 1,190 farmers and ranchers throughout the United States and nearly 600 other applications are being considered, J. J. Roan, Jr., Farmers Home Administration county supervisor for Hall County, reported this week.

The special livestock loan program authorized last July, helps established producers of cattle, sheep, and goats to maintain their herds, Roan said. The producers who can borrow are temporarily unable to get adequate credit from commercial banks, cooperative lending agencies, or other responsible sources to enable them to go ahead with normal livestock operations. They must have reasonable prospects of success with the help of a loan. Commercial feed lot operators are not included.

Applications for loans of this kind can be made at the county Farmers Home Administration office at Memphis. Committees authorized by Secretary of Agriculture Benson approve the loans. Applications for more than \$50,000 must have final approval by the Secretary of Agriculture in Washington. A borrower may use his loan funds for usual expenses of carrying on a livestock operation, including restocking his herd up to the number he held before he had to reduce his herd.

The 5 per cent loan may be amortized over a 3-year period and secured by the best lien possible on the borrower's property and his personal obligation to repay the borrowed money. Other creditors, although not asked to subordinate their claims, are expected to agree to stand by so the farmer can have a fair chance to

**GUNPOWDER & ALCOHOL DONT MIX**

SHOOTING IS FUN CAREFUL PREVENT FOREST & GRASS FIRES

With colder weather just around the corner, livestock will need even more attention and of prime importance is the supplementary feed. Oil meal products are the most economical and dependable source of supplemental protein.

Socrates was often referred to as the "henpecked philosopher."

Harley Street in London is well known for medical specialists.

may be lowered in time to catch flood waters, Stout said.

He pointed out that a major factor in improving Texas' water situation could be the storage and use of the 85 per cent of Texas rainfall which many engineers estimate runs into the Gulf of Mexico.

A single rain-measuring radar set can cover an area with a radius of from 30 to 100 miles, Stout declared.

The cost of installing such radar equipment is expected to delay for several years the establishment of a national network. However, scientists expressed the hope that other uses of such equipment would make such a network feasible.

In other conference reports, scientists told how radar and other electronic devices may be used to detect tornadoes, hurricanes and other major weather disturbances more efficiently. The conference combined the American Meteorological Society's national meeting with gatherings of four other organizations.

### Radar Expected To Furnish Better Data On Moisture

AUSTIN—Radar measurements of rainfall soon will give farmers and ranchers a better idea of how much rainfall they can depend on, scientists at a national conference at the University of Texas said. The electronic device, developed during World War II to detect enemy aircraft and ships, can be modified to measure rain with much greater accuracy than standard rain gauges, Glenn E. Stout of the Illinois State Water Survey told the conference.

The greater accuracy and speed of rain measurements by radar will help engineers build more efficient dams and will reveal flash floods quicker so reservoir levels

work out of his difficulties. Agreements are made to let the farmer apply a reasonable part of his livestock income to repaying the special livestock loan.

BE ALERT - AND LIVE

A Texas authority on traffic safety recently gave some ad-
vice which motorists and pedestrians alike would do well to
heed if they have a reasonably normal desire to keep on living.
The expert, Col. E. B. Tilley of Houston, president of the Tex-
as Safety Association, particularly had nighttime traffic condi-
tions in mind.

Tilley's advice to motorists can be summed up in the as-
sociation's Night Traffic Hazards program slogan:
"Slow down at Sundown!"

Speed and darkness are a deadly combination, Tilley de-
clared.

"By speed, I don't mean 50 or 60 miles an hour—or even
40," he explained. "I mean a speed that's too fast for driving
conditions. And dusk or darkness are conditions that call for
traveling at a much slower speed than you would travel on the
same road in daylight.

"Obviously, a car going at a low speed can stop in a short-
er distance than one going faster. This is a vital point in the
night-driving picture. In dusk or darkness a driver can't see as
far ahead as he can in daylight. In fact, on a very dark road he
can see only the length of his headlight beam.

"For safety's sake, then, he should travel at a speed that will
make it possible for him to stop within the distance covered by
this beam."

Tilley said alertness is a "must" at night. Pedestrians, cy-
clists and other motorists are harder to spot at night and drivers
will have a better chance to see them if they are on their toes,
Tilley declared.

Concerning pedestrians, Tilley said that from October to
March (the period of longest nights), one-third of the deaths
in this classification occurred between 5 and 8 p. m., hours that
usually are dusk or dark. He blamed a combination of darkness
and carelessness.

He said that many pedestrians lose their lives during dark-
ness because of their careless walking habits and urged them to
walk on sidewalks where possible. If there are no sidewalks, then
walk on the left shoulder of the road, facing traffic. As a further
precaution, wear light-colored clothing or carry a flashlight or
piece of white or reflectorized material.

Tilley said pedestrians should never cross a street or high-
way unless they have plenty of time to get to the other side
safely.

Good advice, as a certain radio commercial says,—advice
we're glad to pass along.

Actually, we wonder how much good such advice does.
Warnings, like these, or similar to them, have been dinned into
people's minds by way of press, radio and film for a long time
but traffic accidents and human casualties keep going up.

For one thing, there always will be some people who have no
business driving—or walking across a street or along a highway.
These are the people who, for some reason, seem to be unduly
susceptible to accidents.

Perhaps, some of them can't help it but there are others
who bring trouble on themselves and others, because of drink-
ing, recklessness, or just plain cussedness. Whatever the reason,
this class should be ruled off the streets and highways, as
far as possible.

Another factor in mounting traffic accidents, as we see it, is
the constant increase in the speed and power of automobiles.

Traffic experts name speed as the greatest cause of acci-
dents. At the same time, cars are getting faster and easier to
handle.

The Texas Department of Public Safety declared a few
years ago that the operation of automobiles had become so ef-
fortless that drivers are frequently too relaxed to respond quick-
ly if an emergency suddenly arises.

Generally speaking, we don't think too much of "the good
old days," but life on the streets and highways of this country
probably would be considerably safer if automobile speeds were
nearer what they used to be and if cars were more like earlier
models, and drivers had to "drive."

It likely would take time to become adjusted to such con-
ditions but wouldn't it be worth it, if it helped reduce slaughter
on the highway?

DEPTHS OF DESPAIR

QUOTING OUR NEIGHBORS

Press Paragraphs—

WIND GOING TO WASTE

This part of the Southwest has
grown up with quite a reputation
for tall tales, which of course, is
all right with us. The hot air of
good-natured story-spinners from
these parts is known 'round the
world.

The more obvious type of
wind—that produced by Mother
Nature—is also respected for its
ferocity in this part of the coun-
try. To date, man has made only
a start in his work to harness
some of the billions of horse-
power that come whistling over
The Plains day after day.

The spindle-legged windmills
that dot the High Plains by the
thousands revolutionized the
ranching industry in this pre-
dominantly dry territory. They
however, are only a beginning.

Before the era of the Rural
Electricification Administration, the
"windcharger" was a popular
farm home device for providing
a modest supply of that modern
servant, electricity.

What is holding back the de-
velopment of this tremendous
natural reservoir of power? Other
people have harnessed raging riv-
ers and put them to work for the
good of man. Cannot the same
thing be done with the astounding
amount of power present in the
winds that sweep across our
Plains?

—State Line Tribune (Farwell)

JURY VERDICTS

An altered trend in public jus-
tice in this area was indicated this
week when a jury in county court
returned a verdict of "Guilty" on
a Driving While intoxicated case.
The occasion marked the first
such verdict in more than five
years, and one of the few in the
history of Deaf Smith County.

Juries, in our opinion, are cer-
tainly obligated to return "Not
Guilty" verdicts in cases, where
they feel that the accused is in-
nocent. On the other hand, they

are equally bound to return "Guilt-
y" verdicts when they feel that
the accused is guilty. Sentiment
friendship and pity should play no
part in the decision.

The automobile has, in recent
years, become the most lethal of
all weapons. Many accidents and
deaths can be traced to the factor
of intoxicated drivers. These
things should likewise be consid-
ered as secondary. The jury does
not make the laws. It does not
make the arrests. It does not issue
the penalty.

The sole purpose of the jury is
to decide, without malice or sen-
timent, if the accused is innocent
or guilty. In this respect we have
seldom thought Deaf Smith Coun-
ty juries wanting.

—Hereford Brand

PRESIDENT OKAYS BENSON

We are grateful to President
Eisenhower for doing what none
of our Republican tinted Texa-
dailies would—admitting that the
present farm program has his ap-
proval.

The President's approval of
Secretary Benson's acts clears the
air and we rather admire his
standing by a hard pressed cabi-
net official although a recent De-
mocratic President was crucified
for that same sort of loyalty.

We have known always, that
key decisions even though announ-
ced by cabinet officers, must have
the President's approval. Either
the President makes the tough
ones or else he runs government
by cabinet, and knows little of
what is going on. We give Pres-
ident Eisenhower the courtesy of
the former.

So despite all efforts by Texa-
dailies to charge everyone from
the Lord to Benson with the pre-
sent farm situation, you now have
it officially that the President ap-
proves.

If farmers and cattlemen are
satisfied, they should credit the
President. If not, they should

honestly differ with him and his
Administration. Crucifying the
work horse is not the answer.
Voting in 1954 may be.

Christmas Seals
Are Being Mailed
To Texas Citizens

AUSTIN—More than a million
and a half Texans in the next few
days will find in their mail boxes
the pictures of a bright faced child
bearing greetings for the 1753
holiday season.

Clad in green stocking cap,
muffler, red mittens, an intent
little caroler salutes the yuletide
from the traditional Christmas
Seals sent out by the Texas Tub-
erculosis Association in its one an-
nual appeal for funds.

Recognizing the year round ef-
forts of the TB associations to
"help protect our citizens from
tuberculosis," Governor Allan
Shivers has designated November
16-December 29 as Christmas Seal
Month.

In his official memorandum the
governor took note of the threat
tuberculosis poses to every Texar
and urged all citizens to buy and
use Christmas Seals.

"There is no known immunity
to tuberculosis," Dr. R. G. Me-
Corkle, president of the state-
wide organization has noted in the
letter accompanying the seals.
But the San Antonio physician
called attention to the role of
Christmas Seals in developing the
x-ray method for discovering the
disease and in streptomycin which
has proved powerful against other
infections as well as tuberculosis.

The singing child on the 1953
Christmas Seal joins a notable
procession. Forty-seven designs
have gone on the bits of ground
paper affixed by Texans to their
holiday mail since the Christmas

TWO MORE DISTRICTS
CAST UNANIMOUS VOTES FOR
SCHOOL TAX—Two more Hall
County School districts voted
last Saturday for the constitu-
tional limit of one dollar for school
purposes. They were Eli, west of
Memphis, and Wolf Flat, south of
Turkey. Each cast 15 votes for
the tax with none against it.

This makes four districts that
have voted solidly for the tax
limit within the past month, and
a total of 15 districts of the 25
in the country that have adopted
the dollar tax.

NEW THEATRE WILL OPEN
ON MONDAY—The New Palace
Theatre will open Monday, in the
building formerly occupied by the
Princess Theatre. The building
has been entirely remodeled, mak-
ing one of the best arranged and
finest theatres in the country.

BRISCOE COUNTY MAN
KILLED BY LIGHTNING—
James B. Renfro, 30 years old,
who lived in Briscoe County, was
killed instantly when struck by
lightning late Monday afternoon
while riding a horse. The animal
was killed also.

Renfro was going from the
home of his brother, W. J. Renfro,
to the home of his father, Judge
Renfro, former county judge. His
brother-in-law, Carl Mays, wit-
nessed his death. Renfro had re-
cently announced as a candidate
for county attorney of Briscoe
County.

## Roberta Jo Nelson Becomes Bride Donald Payne Monday Evening

Roberta Jo Nelson, daughter of Mrs. Hall M. Nelson and the bride of Donald Payne, son of Mr. and Mrs. Payne, at 6 o'clock Monday evening in the parlor of the Methodist Church.

After a short wedding trip, Mr. and Mrs. Payne will be at home at 1616 Bradford.

Attending the wedding were Mrs. George Payne, mother of the groom, Jimmy Ray Gowdy, cousin of the groom and the bride's parents, Mr. and Mrs. Nelson.

## Work Night Is Featured Monday By Local Church

Monday night the Presbyterian Church was the scene of much activity. A work night was held with a sizeable portion of the congregation turning out to lend a hand. Rev. Burr Morris, pastor, presided.

The evening started off at 7 o'clock with a supper of sandwiches, coffee and home-made pies.

After the meal the feminine members set to work in the kitchen with the dishes; in the sanctuary and Sunday school rooms with polishing and cleaning.

Center of interest for the evening was around the miniature "Little Church" that is located in the basement. Men from the Men's Council painted it. Also, the walls in two Sunday School rooms received a coat of robin's egg blue paint. The ladies of the Guild have made new white curtains for these windows.

Among the women assisting with the clean-up were Meses Gertrude Sisk, Ora Denny, Boodie Grundy, Ila Roberts, Lucy Alexander, Pauline Wilson, Evelyn Helm, Ruth Harrison, Virginia Rogers, Jimmie Montgomery, Ann Ferrel, Gladys Power, Gladys Farmer, Wilma Leslie, Anna Finch and Frances Bruce.

Men assisting with the painting were Buster Helm, Carl Harrison, Herb Sisk, O. V. Alexander, Bill Cosby, Bill Leslie, Burr Morris, J. C. Ross, Clifford Farmer, Howard Finch, Frank Finch, Mack Wilson, Claude Ferrel and Brode Hoover.

A children's story and game hour was held for Leslie and Larry Helm, Regina and Jane Hoover, Glenda Bruce, Susan Sisk and Cindy Morris. Leaders were Awanda Morris and Elsie Hoover.

Chairmen for the evening were Gertrude Sisk, Virginia Rogers and Burr Morris.

**ENGAGEMENT REVEALED**—Mr. and Mrs. J. L. Martin of Memphis announce the engagement and approaching marriage of their daughter, Inez, to Pvt. Gene Paulson, son of Mr. and Mrs. C. M. Paulson of Clifton. The marriage will take place Nov. 28, in the First Methodist Church of Memphis. Miss Martin was graduated from Memphis High School the past summer. Private Paulson, now in the U. S. Army, stationed at Fort Sill, Okla., is a graduate of Clifton High School, Class of 1951.

## VFW Auxiliary Makes Plans For Annual Hobby Show

The Ladies Auxiliary to Durrett Brown Post No. 7109 of the Veterans of Foreign Wars met in regular session recently in the home of Mrs. Sam Putts.

A discussion of the forthcoming hobby show was held by members and three guests, Clifford Farmer and J. W. Coppedge, representing the Chamber of Commerce and Mrs. Gene Chamberlain, representing the Federated Clubs. The hobby show is an annual project of the VFW.

Plans were also made at this meeting for a "Pancake" breakfast to be held at the VFW Hall for members of the Auxiliary and Post.

Mrs. Lynn Jones gave a report on how the money was spent which is appropriated each year for needy school children. The Auxiliary donates \$25 each year for this project.

## William Travis PTA Meets In Regular Session

William Travis Parent-Teacher Association met in Travis Cafeteria November 12, in regular session.

Two important November events were emphasized on the program in a Thanksgiving devotional from Psalms by Mrs. W. E. Leslie and a panel discussion on "Education" in keeping with National Education Week, November 8-14.

W. C. Davis, as chairman, led the discussion, assisted by Mrs. Weldon McCreary and Rev. T. T. Posey on the subject, "Educating for What?"

The consensus was that the aim of education is to prepare the child to increase his contribution to society. In developing their theme the members pointed out that the homes, the schools, and the churches should contribute to this preparation.

In representing the home, Mrs. McCreary pointed out that the home is the most important factor in the growth of the child in that it provides the environment for physical growth and the stimulus for both intellectual and spiritual growth as well as giving the child his basic attitudes and ideals.

Mr. Davis explained that the schools provide intellectual training in the acquisition of knowledge and skills, in the cultivation of those attitudes, ideals and characteristics that contribute to good citizenship and in offering encouragement to all students to take advantage of the opportunities offered to them.

The church, Rev. Posey stated, is the most important influence in the building of Christian character and its influence should be felt in the home and school as well as in the church because our faith and trust in God and in our fellow man are underlying and primary influence in our lives as Christian citizens in a democratic society.

"Each institution in our community has its own particular sphere of influence and training which it alone can best fulfill, yet there must be genuine cooperation and understanding between all three to produce the environment for the best development of the child," Min. Posey concluded.

A brief business session followed the program and included the following announcements: that an adult study class on policies of the school would be held on Thursday, November 19, at Stephen F. Austin School; the December 10th meeting will feature the first three grades of Travis school in a Christmas program; and room attendance award was won by Mrs. King's room.

Mr. and Mrs. Holmes Posey and Mrs. Albert Gerlach spent last Sunday visiting in the home of Loyd Widener and family at Lockney.

## Estelline FFA Enjoys Wiener Roast Tuesday

Members of the Estelline Chapter of FFA and their friends enjoyed a wiener roast in Childress Park on Tuesday evening, Nov. 10. Later in the evening they attended the picture show.

Attending were Mr. and Mrs. Weldon Mansfield, sponsors; Robert Webb, Duane Kennedy, Julia Richburg, Dwain Crisman, Imogene Freeze, Eddie Braidfoot, Gaynelle Jones, Bobby Spruill, Jimmie Don Adams, Bettye Orcutt, Kenneth Crump, Hugh Wayne Lang, Carl Williams, Jeanne Self, Keith Rogers, Patsy Mabry, Benny Nelson, James Huffmaster, LaQuetta Wade, Ronnie Bruce, Anita Shields, Jimmie Dunn, Karen Eddins, Gerald Davis, Geraldine Rea, Jackey Davis, Wanda Spruill, Smokey Davis, Bobby Davis, Sara Beth Rhodes, Billy Franklin Wyatt, Alvis Bryant, Doris Chaudoin, Carl Cosper, Doyle Walker, Barbara Smith, Tommy Frausto and James Made-well.

W. W. Tumlinson Honored With Supper On 74th Birthday

Friends of W. W. Tumlinson honored him with a supper on Tuesday evening. The occasion was Mr. Tumlinson's 74th birthday anniversary.

Those enjoying this affair were Mr. and Mrs. J. M. Martin, Mr. and Mrs. S. J. Hodges, Mr. and Mrs. Sam Hardage, Mr. and Mrs. A. T. Scott, Mr. and Mrs. F. N. Armstrong, Walter Smith, Mrs. W. W. Tumlinson and the honoree, Mr. Tumlinson.

Mike Lamkin has returned to his home in Amarillo after spending two weeks here with his grandmother, Mrs. Zelma Lamkin. Mike, who has asthma, is now receiving treatment in Amarillo.

Mrs. Dot Webster and Mrs. H. Newman were Amarillo visitors Wednesday.

## Panel Discussion Is Presented At Austin PTA Meet

The Stephen F. Austin Parent-Teacher Association met Tuesday evening, November 10, in the school auditorium for a regular meeting.

A play, "The Thanksgiving Pilgrims" was given by the third grade under the direction of Mrs. H. B. Estes.

The meeting was opened with Mrs. Edwin Smith leading the group in the singing of "America."

Mrs. Henry Foster, membership chairman, reported 170 members. Each room was presented a pot plant for being one hundred per cent in membership. The kindergarten also received a check for being two hundred per cent in membership. Mrs. Foster discussed "Why Belong to the PTA?" She emphasized the study courses that are to be offered.

The devotional was given by Thurman Ellerd, using "Education" as his subject. He read Proverbs 1:2-4 and 3:13-14 and stressed the importance of parents and teachers in molding the lives of children. A poem, "Was a Sheep," was read in closing.

The program consisted of a panel discussion "Educating for What?" R. C. Lemons discussed the place of the home and community in educating for the democratic way of life; W. C. Davis gave the place of the school in educating for leadership, economic security and college preparation. Rev. Don Sanders discussed the place of the church in the educational development of the child.

The room award was won by Mrs. H. B. Estes' third grade. During the social hour refreshments were served in the cafeteria by the social and hospitality committee.

Mr. and Mrs. E. D. Pynor of Amarillo visited here Sunday with her mother, Mrs. W. L. Durham.

## GA's and Gifts Adrians

Auxiliary of the Baptist Church of Estelline held a special program at the church Monday evening, November 16.

Gifts were brought by other church members and placed on a beautifully decorated Christmas tree. The gifts were sent to a mission-ary society.

Christmas carols were sung by Jeanne Self, Mrs. Self introduced and explained the story of the Indians and the Christmas story from the Bible.

## Lakeview FHA Chapter Observes National Week

In observance of National FHA week, the Lakeview Chapter staged a variety of activities during the week, November 2-8 according to the club reporter Gayle Salmon.

Monday was set aside as western day and all girls wore western regalia. Tuesday was initiation day for new members and all new members had to appear in unique apparel. At 6 p. m., the members met on the school lawn for a wiener roast and later assembled on the tennis court for a performance by each member who was initiated.

Wednesday was clean-up day and the members cleaned up the homemaker building. Thursday the district supervisor, Mrs. Sorenson visited the club.

On Friday the chapter presented the school superintendent, Lorand Denton, with six red roses in remembrance of National FHA week.

## Pathfinders' Hear Program On Safety

"Remember the life you save may be your own," was the thought used to introduce the program on Safety when the Pathfinders' Council met on Tuesday afternoon in the home of Mrs. Hall Nelson.

Members answered roll call after which the president, Mrs. Nelson, conducted a short business session.

Highway Patrolman Clinton B. Culp gave a very interesting talk, discussing "Safety on the Highway."

During the social hour tasty refreshments were served to the guest speaker, Mr. Culp and the following members: Misses Clarence Baxter, Gene Chamberlain, C. B. Culp, Anna Dickson, A. Giddens, O. M. Gunstream, J. J. McDaniel, W. F. McElreath, Hall Nelson and Earl Pritchett.

## Estelline PTA Meets Monday

The Estelline Parent-Teacher Association met in regular session on Monday evening, November 9, in the high school auditorium.

A most inspirational program was presented. Harry Graham, minister of the Church of Christ, gave a short address. Following this, Mrs. E. F. Kennedy and the high school girl's chorus gave a program on American Folk Music.

Mrs. Kennedy read Whitman's poem, "I Hear America Singing," and the chorus sang two Texas songs, two western songs and two patriotic songs. The junior quartet sang two Negro spirituals and the girl's octette sang "America the Beautiful." Barbara Smith was accompanist. The girls wore navy skirts, white choir robes and scarlet bows at the neck. An American flag was the only stage decorations.

Mrs. Wes Hargasheimer, president, conducted the business session. The following officers were elected: Mrs. James Wright, vice-president; Mrs. J. A. Ballard, parliamentarian and Mrs. D. T. Edkins, historian.

Refreshments of punch and cookies were served to approximately one hundred persons.

## Mother's Club Of Newlin Meets With Mrs. Odom

The Mother's Club of Newlin met Thursday afternoon, November 12, in the home of Mrs. A. A. Odom with Mrs. Reid Roberts as co-hostess.

The afternoon was spent crocheting for the hostess. Mrs. D. C. Messick presided over the business meeting and at that time officers were elected for the coming year. They are as follows: Mrs. R. V. Sweat, president; Mrs. Fred Hemphill, vice president; Isabelle Walker, secretary and treasurer.

## Birthday Party Honors Lewis And Irene Foxhall

Lewis and Irene Foxhall were honorees at a joint birthday party on Tuesday when their mother, Mrs. Lewis Foxhall, entertained in their honor at the Country Club. Lewis was observing his third birthday while his sister was celebrating her second birthday anniversary.

Decorations for the party featured a red, white and blue color scheme. Favors were horns, Mexican hats and peppermint sticks. Two birthday cakes, identical in size and decorations, were served with ice cream and cokes.

The young guests enjoyed cartoon movies shown by the honoree's father, Lewis Foxhall.

Present were Sammy Bruce, Jane Hoover, Patty Highfill, Bill Grisham, Jimmy Morris, Margy Lou Morris, Carol Greene, Tommy Greene, Debbie Ferrel, Cindy Morris, Vee Yarbrough, and honorees, Lewis and Irene Foxhall.

Also present were Mrs. E. H. Sager and Mrs. Bill Sager of Childress, grandmother and aunt of the honorees, E. N. Foxhall, Mrs. John Deaver, Mrs. Brode Hoover, Mrs. Claude Ferrel, Mrs. Richard Highfill, Mrs. Rufus Grisham, Mrs. Gayle Greene, Mrs. Glenn Bruce, Mrs. James Morris, Mrs. Burr Morris and the hosts, Mr. and Mrs. Lewis Foxhall.

Misses Jessie Chancey and Ira Hammond and Mrs. H. H. Newman visited in Amarillo Saturday with Mrs. Newman's son, Henry B. Newman and family.

It was also decided that the club Christmas party would start promptly at 1 p. m. All members are urged to be present at that time.

Delicious refreshments were served to Misses Wyatt Davis, Nathan Hughes, Ott Misenheimer, D. W. Lawrence, Fred Hemphill, A. A. Odom, R. V. Sweat, M. E. Ellis, D. C. Messick, Reid Roberts, Tom Sweet, Bill Kesterson, Isabelle Walker, and one visitor, Mrs. Seth Palmeyer of Memphis. The next meeting will be the Christmas party which will be held in the home of Mrs. D. C. Messick, Sr.

### PLANS THANKSGIVING WEDDING

Mr. and Mrs. B. O. Shankle announce the engagement and approaching marriage of their daughter, Anne, to Carl Lee, Jr., son of Mr. and Mrs. Carl Lee of Lockney. The marriage will be solemnized at 4 p. m., Thanksgiving Day in the Baptist Mission Church here. Miss Shankle was a member of the 1953 Memphis High School graduating class. Mr. Lee graduated here in 1952.

## Bride-Elect Is Feted With Party In Murphy Home

Honoring Miss Anne Shankle, attractive bride-elect of Carl Lee, the home of Mr. and Mrs. E. M. Murphy was the scene for a Slumber Party on Saturday evening. Hostess was Miss Anita Murphy, who was home for the week end from Amarillo where she is a student at the Northwest Texas Hospital School of Nursing.

Enjoying this affair was the honoree, Miss Shankle, Miss Murphy's three house guests, Misses Cynthia Hull and Mickie McCoy, students at WTSC and Miss Jean Wright, who is attending nursing school in Amarillo, and Misses Donna Webb, Frankye Lynn Srygley and Jo Ann Hart, and the hostess, Miss Murphy.

Mrs. H.H. Newman had as guests Sunday her son and family, Mr. and Mrs. Henry B. Newman and family of Amarillo, Mr. and Mrs. Princes Ballenger of Altus, Okla., Jessie Chancey of St. Jo and Ira Hammond of Memphis.

Miss Jessie Chancey of St. Jo arrived here last week to spend the winter with Miss Ira Hammond. Miss Chancey recently returned from Hollywood, Calif., where she spent a month visiting with her brother.

## FIRST TWENTY-FOUR HOURS OF LIFE ARE FOUND TO BE MOST DANGEROUS

The first twenty-four hours of life are the most dangerous. Thirty per cent of all deaths in the first year, known to be the most hazardous, occur during this period.

Second only to premature birth as a cause of infant death is congenital deformity, that is an abnormal condition with which the baby is born. In the last ten years or so, surgical techniques to correct many of these deformities have been developed, and doctors have learned that the earlier operation is performed in most such instances, the better the results.

Some examples of these life-taking conditions are an absence of openings (atresia) normally found along the food tube, a narrowing (stenosis) of the tube at various points, or an abnormal opening (fistula) between the food tube and windpipe. Still another is "upside-down stomach," or medically speaking, "diaphragmatic hernia."

When the operation is not an extreme emergency, a waiting period is used to get the baby in good shape for surgery. He is given blood transfusions or injections of large amounts of fluids containing nutritional substances. X-ray studies are made to let the surgeon know the exact surgical problem that he faces, and he may call in consultants to view the special instruments different body structures such as the food tube or windpipe.

The anesthetist, the doctor who will put the baby to sleep for the operation, with the surgeon's advice decides upon the method of anesthesia which will be safest for the baby yet easiest for the surgeon. For infants and children smaller surgical instruments and

material for sewing up (sutures) are available. The surgeon, who is expert in a more confined area of the body structures, quickly and gently.

Another branch of surgery which remarkable life-saving has been made in is breast cancer. Until the present about 50 years ago women were becoming unconscious when they had a suspicious lump or sore. Many times the signs do not appear until the cancer has advanced to a point where it is rewarded either by death or by measures taken to prevent its serious effects.

If the doctor is doubtful whether cancer is present, he removes a piece of tissue from the lump in the breast to be studied under the microscope. He does not let the patient see the operating room before the operation. If positive for cancer, the breast and the lymph glands in the armpit are removed. If much skin is removed, he sometimes uses a skin graft to cover the operated upon.

## Bennie DuVall Is Charter Member Of Business Group

Miss Bennie Earle DuVall of Lakeview, was among 24 girls at West Texas State College who became charter members Monday when a girls' business club was granted a charter in Phi Gamma Mu, national business society. She is president of the group.

Miss DuVall, the daughter of Mr. and Mrs. H. J. DuVall of Lakeview, is a senior business administration major. She is treasurer of the Wesley Foundation, vice president of Alpha Chi, vice president of Mary E. Hudspeth honor society, and was named to represent West Texas State in "Who's Who Among Students in American Colleges and Universities."

Miss Delores T. Paulikas, of Chicago, second vice president of the national organization, formally installed the WTSC group, as the Tau chapter during special ceremonies.

Mr. and Mrs. Glynn Thompson returned here Tuesday night from a 10-day tour of Mexico City. While there, they attended the Shriners International, which attracted about 10,000 Shriners and their wives. The Thompsons left here Sunday of last week and made the round trip between Fort Worth and Mexico City by air. They report having had a wonderful time in the Mexican metropolis.

Mr. and Mrs. Gene Hughs, Mrs. J. E. Hughs, Mrs. Dulah Wiginton and Mr. and Mrs. L. M. Wiginton of Lesley, and Mr. and Mrs. A. E. Ranson of Giles, attended the funeral of Isaac L. Stephenson, at Darrouzett, Friday. Mr. Stephenson was the brother of Mrs. J. E. Hughs and Mrs. Dulah Wiginton and the uncle of Gene Hughs.

is particularly true when fertiliz-  
 ing and seeding operations are  
 combined or when they take place  
 a close time intervals.  
 (6) Lastly, a soil fertility "in-  
 surance policy" is provided. If  
 fertilization is put off until spring  
 you may be caught by rains which  
 make planting so late that you  
 haven't time to fertilize before-  
 hand.  
 Therefore, it may be a wise idea  
 to make your purchases in the  
 fall and put the fertilizer in the  
 soil. Then you won't have to  
 worry about storing it in build-  
 ings and can rest assured that  
 your soil fertility for 1954 is well  
 insured.

**Weatherby Attends  
 Meeting of Officers**

 law enforcement activities and the  
 importance of radio communica-  
 tions keynoted the annual con-  
 vention of the North Texas and  
 Southern Oklahoma Peace Offi-  
 cers Association at Childress las-  
 t week, according to Chief of Police  
 T. D. Weatherby, who attended.  
 H. C. Preslar, special agent for  
 the Fort Worth & Denver rail-  
 road at Childress, was elected  
 president.  
 A motion picture on automo-  
 bile theft also was on the pro-  
 gram.  
 Approximately 170 officers  
 from the Texas-Oklahoma region  
 attended the convention. Among  
 towns represented were Dimmitt,  
 Dalhart, Lubbock, Wichita Falls,  
 Dallas and Austin, Weatherby  
 said.

**LAFF OF THE WEEK**

"Listen, Harry James—it's 3:00 a. m. and I'm getting pretty tired of your little horn."

**- PERSONALS -**

Mr. and Mrs. W. C. Davis had their children home over the week end. Bill is employed in Dumas while Beryl Ann is attending school at West Texas State College, Canyon.

Mrs. Alice Crawford and Mary spent the weekend in Lubbock with their son and brother, Ray Crawford, who is attending Texas Tech College.

Mrs. R. S. Greene left Monday for Cleburne where she will spend a few days visiting with her daughter, Mrs. A. I. Walker and family.

Mr. and Mrs. R. S. Greene, Gayle Greene and Mrs. Gladys Power attended the Panhandle Market in Amarillo Sunday.

J. R. Easterling and Mr. and Mrs. Bill Whitley of Amarillo were guests of Mr. and Mrs. Wyley Whitley Sunday. Wyley and Bill are brothers.

Mrs. T. J. Dunbar, accompanied by her daughter and family, Mr. and Mrs. M. J. Hodge and son and Beverly, arrived here Saturday. Mrs. Dunbar had spent the past two weeks visiting in Ft. Worth with her daughter, in Dallas with Beverly who is attending Hoekaday School, and in Austin with a niece, and nephew, Mr. and Mrs. Truman O'Quinn. While in Austin Mrs. Dunbar attended the state convention of Texas Federation of Women's Clubs.

Mrs. C. L. Pierce of Amarillo visited here with friends over the weekend. Mrs. Pierce is a former Memphis resident.

Mr. and Mrs. Garner Lee, of Amarillo and formerly of Memphis visited here with friends over the weekend.

Weekend guests in the home of Miss Winnie Cassels were Mrs. M. E. Mills and Mrs. John Cox of Vernon.

**Well Rounded Diet Is Important To Children's Health**

AUSTIN—In speaking about the food requirements of a child enjoying maximum health, Dr. Geo. W. Cox, State Health Officer, emphasizes the importance of a well rounded diet and stated that a healthy and well nourished child enjoys life because he is physically fit.  
 Stressing the importance to health of an adequate and well balanced diet, Dr. Cox stated further that when a child is in good health, his appetite is good, elimination regular and sleep is sound and untroubled.  
 "A child's appearance can usually help parents to judge the state of his nutrition. A well nourished child has good skin

color and there is a moderate padding of fat over the bones and muscles of the arms, legs and body. Muscles are well developed and strong. Teeth are good and the gums firm and pink," Dr. Cox said.  
 That finicky appetite or a tired feeling after a little exertion indicates a possible malnutrition and the child should see the family physician. Poor appetite can also mean the beginning of an illness and possibly that the child does not require as much food as he is being urged to eat.  
 Required as a diet for the pre-school child and those of school age, Dr. Cox included milk, fruit, vegetables, eggs, meat, fish or cheese, cereal and bread and added that cod liver oil and other vitamin preparations are important in winter and early spring but should be prescribed by the family physician.

**Cpl. Corley Is Here On Leave**

Cpl. Donald Corley arrived here Sunday to spend a 10-day leave with his parents, Mr. and Mrs. Gene Corley, before reporting for overseas duty in the European Theatre.  
 Cpl. Corley has been in the U. S. Army for more than a year and has been stationed at Ft. Leonard Wood, Mo.  
 Mr. and Mrs. Bill Crowder had as weekend visitors their daughter and son-in-law, Mr. and Mrs. John Angove of Bowie.  
 Mr. and Mrs. Bob Scott visited in Dumas over the weekend with their daughter, Mrs. H. L. Williams and family.  
 L. G. Perkins visited his daughter at Sante Fe, N. M. the past week.

 ODELL ANTHONY, Mgr.

### Texas Farm Bureau Delegates Favor 90 Per Cent Parity On Basic Items

Delegates attending the recent Texas Farm Bureau convention at Mineral Wells were unanimously in favor of 90 per cent of parity on all basic commodities, according to Harold Hodges of Pliska. Hodges, who is president of the Hall County Farm Bureau, was one of five county residents at the convention.

Basic commodities referred to are cotton, wheat, corn, tobacco, rice and peanuts.

A number of resolutions, of interest to agricultural and business people in this area, were passed, Hodges said.

Flexible supports for non-basic commodities also were approved where they comply with the retired acreage plan, which the state organization favors. The flexible supports would vary from 75 to 90 per cent of parity.

Under the proposal to retire some of the land now in cultivation, the percentage of tillable acres responsible for surpluses would be taken out of production, although producers of basic commodities would retain the right to exercise control over the commodities, as they do under the present law.

Also endorsed was a compromise plan to amend the present cotton acreage law to increase next year's national cotton allotment from 17,910,448 acres to 21,500,000.

Hodges said a resolution was passed, asking that the cotton support price program be amended to recognize light spotted cotton. If this proposal were put into effect, it would mean \$10 to \$15 a bale more for farmers, Hodges declared. He explained that at present, light spotted cotton is supported at the same level as badly spotted cotton.

Convention delegates also requested that cottonseed be supported at 90 per cent of parity, rather than the present 75 per cent.

Approximately 1,500 persons attended the convention, 504 of them voting delegates, Hodges said.

Besides Hodges, others from Hall County, were Mrs. Hodges; Gene Koening of Pliska, county service agent; Elmer Lacy of Turkey, a county director, and Earl Richards of Memphis, secretary of the county organization.

Miss Fayteen Peoples of Quail, representing District 1, which includes Hall County, was chosen Texas Farm Bureau Queen over 11 other candidates.

L. E. Waterman invented the first successful fountain pen.

### Homecoming Of Estelline Exes Slated Dec. 29

A homecoming of all Estelline school ex-students has been set for Tuesday, Dec. 29. Activities will be held in the Estelline High School and it is hoped a large crowd will attend. To this end, all persons are requested to contact former teachers and pupils and inform them of plans for the homecoming.

J. W. Coppedge has been chosen temporary chairman of the ex-students association.

According to the tentative program, registration will get underway at the high school building at 10 a. m., with J. A. Ballard, principal of Estelline High School, in charge.

At 11 a. m., a general assembly will be held, with Rabb Holland as chairman, followed by a luncheon at 12 noon in the school cafeteria, with Coppedge as toastmaster. Mothers of present senior class members will serve the food.

Another general assembly is scheduled for 2 p. m., with Mrs. E. F. Kennedy as program chairman. A class reunion period will be held from 2 to 3 p. m.

At 4 p. m., a memorial service is scheduled, with Mrs. J. A. Ballard as chairman.

Those desiring to make reservations are asked to write Mrs. Elizabeth Kennedy, Estelline. The price is \$2 per plate.

### Basketball Plans Are Completed In Estelline Meeting

Officials from a number of schools in this area met at Estelline recently to lay plans for coming district basketball games.

It was decided to divide the district into east and west halves, with a conference play-off between winners of the sections, in a district tournament at Lakeview.

During the regular season, each school will play two games with the other members of its section.

Attending the Estelline meeting were superintendents, principals and coaches from the following schools: Kirkland, Carey, Lakeview, Estelline, Turkey, Matador, Silverton, Flomot and Quitaque.

Supt. V. Y. Graham of Estelline, is district chairman, and Chris Christianson, also of the Estelline schools, is secretary of the district.

Japan has the oldest royal family in the world.

SEE BUSINESS IN ACTION—Students of the Memphis schools visited district offices of the General Telephone Company of the Southwest here during Business Education Day last week and got an insight into various operations of the company. Here they are having a first-hand opportunity to see how switchboard operators put through telephone calls. Mrs. Mary Jameson, chief operator here for General Telephone, standing at left rear, explains switchboard routine to the young people. Miss Ira Hammond, who was in charge of the group of future leaders, looks over the heads of some of the youngsters in the right background.

### Memphis Ex-Students (Continued From Page One)

Mrs. Anita Shelton and Ted George, 1941; Hubert Jones, 1942; Dorothy Jones, Mrs. Douglas Lawrence, Mrs. Arlis McBee, Douglas Lawrence, Royce Frisbie and Arlis McBee, 1943; Louise Jones, and Mrs. Royce Frisbie, 1944; Ann Rich, 1947; Betty Paschall and Dell Rich, 1948; Patsy Jarrell, 1952; Billie Hartman, Betty Burnett, Charles Hartman, Bobby Burnett and Omer Johnsey, 1953.

Visitors were as follows: Mrs. Hubert Jones, Mrs. Wendell Harrison, Mr. and Mrs. J. E. Miller, Mrs. R. C. Lemons and Mrs. Carl Harrison.

### Tulsa Man - (Continued From Page One)

Bower had been employed by Sinclair for about a year and a half, and at the time of his death was working with a field crew which is stationed at Spur. He formerly lived in Chicago.

Survivors include his parents, Mr. and Mrs. R. B. Bower, and a brother, all of Chicago.

The body was taken to Eudy-Seale Funeral Home in Turkey.

Brigham Young had 56 children.

### New Office Hours At Phone Company

New office hours are in effect at the General Telephone Company here, H. E. Craig, district manager, announced Tuesday. The business office will be open from 8 a. m. to 5 p. m., Monday through Friday, and from 8 a. m. to 1 p. m., Saturday. The change will benefit many people who wish to pay their bills early in the day or during the noon hour, Craig said.

### Memphis To Meet - (Continued From Page One)

come will not change Memphis' championship status, even though the Canadian Wildcats would be tied with the local squad, with five district wins and one loss each.

This stems from an agreement between the teams in the district. Under the agreement, if the conference race ends in a tie, the championship goes to the team which was victorious when the squads met.

This rule automatically gives Memphis the district title since the local team defeated Canadian 14-6, when they played here earlier this season.

The Cyclones have a record of seven wins and two losses. This includes five straight district victories and two non-conference wins and two losses. One of the conference tilts was a 6-6 tie with Lefors but Memphis was awarded the decision on penetrations.

Springlake has nine victories and no defeats to their credit for the season. Kress forfeited another game to them.

Two officials from the Childress Greenbelt Officials Association and two from the Lubbock Officials Association will work the game, Davis said.

District 1-A Memphis' record is as follows: 15-6, over Tulsa; 25-7, over Canyon; 6-6 tie with Lefors; 14-6, over Canadian, 25-0, over White Deer; 27-0, over Clarendon; and 31-12, over Panhandle; and an 18-0 loss to Paducah and a 25-6 loss to Crowell. The Canadian, White Deer, Clarendon, Lefors and Panhandle games were district contests.

Springlake, champion of District 2-A, has the following victory record: 7-6, Hale Center 26-7, Idalou; 19-0, Friona; 12-7, Muleshoe; 33-0, Whiteface; 27-12, Happy; 19-13, Sudan; 19-7, Amherst; and 19-0, Dimmitt. In addition, Kress forfeited.

This is the first district championship for the Cyclone since 1934, according to Memphis residents.

### Comments - (Continued From Page One)

out of this turmoil a safe and sane campaign will result finally in uniting the people into one solid front that will once and for all do away with subversive activities in high places in our government. Russia will not tolerate such things and why should America. This is our country—made great because of the love of freedom.

Nice little shower last night, and predictions are for a cold spell to arrive this afternoon. It's about the time of the year for a freezing spell, and this one that is coming may be that spell.

The many friends of D. L. C. Kinard are glad that he has returned home following a major operation a few weeks ago. He was in town Wednesday, where

many greeted him with a "welcome home."

T. E. Noel, on his visit here last week from Denton, said he followed with interest the recent trip we made to the Northeastern part of the country, as he had made the same territory. Evidently, he is another reader of Comments.

The Cyclones wind up their schedule for the district Friday night in a tilt with McLean. However, the district championship was won last Friday night by the Cyclones. The bi-district game will be played here next Thursday afternoon, and a lot of pre-game interest is being manifest. This is the first time Memphis has won the district championship in nearly a score of years, and the team as well as the coaches are to be congratulated.
