Yvonne Sturdevant Chosen Queen In Lions Contest Here

Winner of the Memphis Lions queen contest last Thursday was Yvonne Sturdevant, daughter of Mr. and Mrs. O. A. Ayers. Selected from a field of 17 candidates, she will represent the Memphis Lions Club in the Queen of the District convention at Amarillo, Texas, this Saturday. The event here opens today and continues through Saturday. The event here is held in the high school auditorium.

Miss Sturdevant, 17-year-old, is a senior in Memphis High School and is a twirler in the school band.

Mr. and Mrs. Bob Ayers will accompany Miss Sturdevant to Amarillo Friday afternoon. The queen will appear with queen candidates from over the district at a parade which is scheduled for Saturday at Amarillo High School at 10 a. m. and move up Polk to Third Avenue and then to the Herring Hotel, where the coronation will be held.

The girl who is crowned queen will receive a complete spring wardrobe, including hat, shoes, bag, and jewelry.

Preview of the queen contest will be televised over KGNC-TV.

On Friday afternoon between 5 and 6 o'clock, according to Ayers. Other contestants for queen last Thursday evening, Ayers said, were: Sue Miller, Eudene Lambert, Juaneila Goffinet, Betty Claude Hickey, Katherine Wright, Nancy Brewer, Lois Ann Cofer, Elizabeth Grundy, Shirley Miller, Pauline Hammons, Maydell Jeffries, Barbara Kulp, Janice Ann Anthony, Bobbie Jo Welch, Jo Ann Kennon, Anita Hartsell, Yvonne McDaniel, Carol Ann Monzingo, Peggy Evans, Jo Ann Huggins, Betty Hawthorne, Glenna Widener and Patsy Armstrong.

YVONNE STURDEVANT

Three Childress residents served as judges.

W. T. "Dub" Nelson, president of the Childress Lions Club, was master of ceremonies.

Members of the Lions Club sponsored the queen candidates.

Ayers, who is a member of the club, was chairman of the event, which was attended by more than 200 persons.

The chairman, speaking in behalf of the club, said he wished to thank the girls who participated in the queen competition, and the school personnel for their fine cooperation in making the event a success.

Constance Shirley Adjudicator For Auditions In May

Adjudicator for the first piano playing auditions ever to be held here by the National Guild of Piano Teachers will be Dr. Constance Shirley of Hollywood, Calif. The auditions are scheduled for May 7-8 and 10-11, according to Miss Gertrude Rasco, who was appointed chairman of the center, when announcement was made recently that Guild auditions were to be held here.

Dr. Shirley was classed among Pacific Coast child prodigies and has won nationwide renown as she grew older.

Pupils of Memphis and Wellington members of the National Guild of Piano Teachers will be auditioned by Dr. Shirley.

Wellington piano instructors are Mesdames Frank Anderson, Charles Allen, John C. Harper and Walter Hogien. Memphis Guild members are Mrs. Conley Ward, Mrs. T. L. Rouse, Mrs. L. G. Rasco and Miss Rasco.

The Memphis auditions are part of the 450 which are held in the United States and attract approximately 35,000 piano students.

The national program was originated in 1929 and is conducted annually.

Dr. Shirley majored in piano and composition and has won many contests and scholarships, both as pianist and composer.

Brother Of Mrs. Charlie McBee Remains Critical

Charles Wesley Hammonds, brother of Mrs. Charlie McBee, was showing some improvement but was still unconscious Monday, as the result of injuries, suffered in a head-on automobile accident at Corpus Christi, April 4.

Hammonds, 37 years old, remained in critical condition and will until he recovers consciousness, Mrs. McBee quoted physicians as saying.

The injured man had both legs badly broken, his left arm crushed, a number of ribs broken, and suffered concussion, according to Mrs. McBee. He was pinned in his automobile for about 45 minutes before he could be freed.

Hammonds, a realtor at Corpus Christi, is in Memorial Hospital in that city.

Miss Hazel Marie Bazemore, 25, who was riding with Hammonds, died shortly after the accident. She was assistant home demonstration agent at Robstown.

Henry Spruel, Corpus Christi, driver of the second car involved (Continued on Page 12)

Big Egg Found By Mrs. D. N. Beaver

An over-sized egg was found by Mrs. D. N. Beaver at her home in southwest Memphis, Tuesday afternoon. The egg measured 8 inches in circumference lengthwise and 5 1/2 inches the other way, Mrs. Beaver said. When broken, the egg was found to contain two yolks and whites. Mrs. Beaver said one of her White Giant hens probably laid the egg.

Angus Association To Hold Auction Here Saturday

Members of the Lower Panhandle Aberdeen-Angus Association will hold their second annual sale here Saturday. The sale will be held at the Hall County Livestock Auction barn on State Highway 256, just west of Memphis.

Approximately 10 bulls and 50 females are expected to be consigned during the auction by about 20 Aberdeen-Angus breeders from Texas and Oklahoma, according to Clifford Farmer, association secretary.

Conducting the sale will be Bill Hagel, well-known auctioneer of Springfield, Mo.

David Hudgins, president of the Lower Panhandle group, will be sales manager for the event.

PRICE SUPPORTS FOR HALL COUNTY ARE ANNOUNCED

Price supports for feed grains in Hall County in 1954 were announced this week by R. A. Edleman of Estelline, chairman of the Agricultural Stabilization and Conservation county committee.

Supports are as follows: Barley, \$1.10 per bushel, compared with \$1.19 last year.

Grain sorghums, \$2.21 per hundred weight for No. 2 or better, compared with \$2.38 last year. Moisture content must not be more than 13 per cent.

Oats, \$.80 per bushel, compared with \$.85 last year.

Support price on cotton seed, on 100 grade basis, will be \$54 per ton.

Difference in prices this year and last results from using a new parity formula.

If parity goes up, support prices will go up but if parity drops, support prices will not go below the above stated figures.

If farmers store grain on farms there will be no storage charges but if commercial storage is necessary, farmers will have to pay storage costs.

Bureau Chooses Officers And Directors Monday

BERLIN REDS RIOT—West Berlin police nab Communist heckler at Free Democratic party meeting which East Berlin Reds tried to disrupt. Forty commies were arrested.

Harold Hodges Re-Elected Head Of Organization

Officers and directors were elected at a meeting Monday night of the Hall County Farm Bureau. The session was held in the county courtroom in Memphis, with Harold Hodges of Plasko, president, in charge.

Hodges was re-elected president. Other officers named were: Elmer Lacy of Turkey, first vice-president; Robert Moss of Memphis, second vice-president; and Earl Richards, of Memphis, secretary-treasurer. Both Moss and Richards were re-elected.

Directors, elected to two-year terms, and their alternates, are: Turkey, Jess A. Johnson and E. L. Geisler; Lesley, Leon Fowler and David Hudgins; Brice, Clyde Fowler and Billy Salmon, and Cal Holland, whose alternate is to be appointed; Lakeview, R. S. Wansley and V. C. Durrett, Ott E. Bevers and J. W. Longshore; Plasko, Brown Smith and A. C. Sams; Harrell Chapel, Cecil Phillips and Louis Richards; Quail, Clee Parr and Paul Montgomery; Memphis, M. L. Long and J. J. McDaniel, Lewis L. Foxhall and Ed Hutcherson; Salisbury, J. R. Mitchell, Jr., and H. L. Solomon.

Holdover directors are Worth Howard, Roy Gresham, Joe Ed (Continued on page 12)

Officers Elected Tuesday By County Teachers Association

Officers who will head the Hall County unit of the Texas State Teachers Association were elected at a meeting of the county group in Turkey on Tuesday night. The session, which was the final one of this school year, was held in the First Methodist Church. Mrs. U. F. Coker of Turkey, president, was in charge.

New officers are: Mrs. J. A. Ballard of Estelline, president; Weldon McCreary of Memphis, first vice-president; and O. K. Edmondson of Turkey, second vice-president. Miss Mary Foreman of Memphis, was re-elected secretary-treasurer.

Dr. Beatrix Cobb, Houston psychologist, spoke on the role of the

teacher in promoting mental health from the standpoint of teaching a problem child.

In her talk, Dr. Cobb listed five rules, to be followed by a teacher in creating closer relations with such a child. These were:

1. Learn to know the child.
 2. Promote an emotional climate.
 3. Build a bridge between the teacher and the child, making certain the bridge didn't become a dam.
 4. Play a listening role with the heart, as understanding silence would accomplish more good than any kind of lecture.
 5. Make a re-definition of goals.
- (Continued on Page 12)

Cotton Measuring Data Announced

Information on certain aspects of cotton measuring under 1954 acreage allotments was released this week by Lynn L. McKown, manager of the Hall County Agricultural Stabilization and Conservation office here.

According to the announcement, farmers may alternate four rows of cotton with four rows fallowed or planted in something else and it will be considered to be planted 50 per cent in cotton, when acreage is measured.

Less than four rows planted to cotton, alternated with a like number of fallowed rows or planted in something else will be considered as planted entirely in cotton, McKown said.

The ASC office manager said cotton measuring in Hall County will start at an early date, not later than June 1. This is early for the county, he explained.

Hall County Officials Discuss Drouth Problems With Gov. Shivers Thursday

County Judge Tracy Davis was one of the group of officials from the Panhandle-Plains drouth-hit area who told Gov. Allan Shivers last Thursday morning.

Shivers promised the county officials he would bend every effort to include appointment of a drouth committee of state and local officials and presentation of the county's plight at a conference of Governors, called this month by President Eisenhower.

County Judge James McMorris, Panhandle-Plains spokesman for the delegation, told the governor that still needed in the area, though rain has fallen recently.

McMorris said that liberal aid to small businesses in the area is urgently needed, since rural firms extended credit to farmers, with the expectation that they would make crops but they failed to materialize.

McMorris said that liberal aid to small businesses in the area is urgently needed, since rural firms extended credit to farmers, with the expectation that they would make crops but they failed to materialize.

No One Injured In Accident At Hulver

No injuries resulted in a car-truck collision at Hulver, Saturday morning, highway patrolmen reported. The accident scene was on State Highway 86, west of Estelline.

Involved were Mrs. Geneva T. Bryant, 38 years old, of Estelline, and Tommy R. Hunter, 24, of Canyon.

Mrs. Bryant was driving a 1951 Ford pickup truck and Hunter was driving a 1953 Ford Victoria sedan. Both were headed east.

The accident occurred about 9:30 o'clock.

Office Relationships Eyed By Psychologist

Relationships of the business woman and her employer was discussed by Dr. Beatrix Cobb of Houston, principal speaker of the annual "bosses night" banquet of the Memphis Business & Professional Women's Club, Monday evening. The dinner which honored the business and professional men by whom B&PW members are employed, was held in the Masonic Hall.

Women go into the business world for many reasons, Dr. Cobb, who is resident psychologist at the M. D. Anderson Hospital in Houston said. These basic reasons are reflected in the women's needs and expectations in their business lives.

Some girls enter the business world to meet young people of both sexes. Others are working until their husbands complete college, or until they can buy homes, or can amass sufficient capital to raise families. Still another group goes into business life to seek careers.

Counterparts of these professional women are found in their "bosses", Dr. Cobb declared. There are employers who seek "decorations" for their offices, there are others who want women "machines" who can turn out large amounts of work, and there are still other employers who seek "Girl Fridays", who look after all phases of their "bosses' business and personal lives, including operating their businesses when they are away.

Dr. Cobb discussed possible frustrations which might result from the wrong matching of business women and employers.

Solution of any frustrations that may arise may be found in a betterment of the mental health of the persons concerned, Dr. Cobb said.

In defining mental health, the Houston psychologist quoted a

statement of Dr. Ozro Woods of Dallas, to the effect that: "Mental health is doing the best you can, with what you have, and getting a bang out of doing it."

Dr. Cobb was introduced by Miss Mary Foreman, who was program chairman.

Other parts of the program included: a duet, "Flower Song," from Madame Butterfly, sung by Mrs. Madam Highfill and Mrs. Lloyd Hamilton, accompanied by Mrs. Dick Fowler; and the invocation by Miss Una Loard.

Mrs. Mollie Carlos, president of the local B&PW organization, was in charge of the meeting.

The tables were arranged in the form of an umbrella and were decorated to carry out the spring motif.

Approximately 90 persons attended the banquet.

Weather Here Hot During Past Week

Weather in this section was hot most of the time the past week. Not until this morning did temperatures slide to a cooler level, as the result of the passage of a cold front, combined with an overcast.

On Monday and again on Wednesday, duststorms moved in but fortunately, they lasted only a few hours.

Forecasts this morning offered some hope for moisture. Predictions were for scattered showers today and tonight in the Panhandle.

Temperature ranges the past week, according to Weatherman Joe J. McMickin, were as follows: last Thursday 59-76 degrees; Friday 45-72; Saturday 41-90; Sunday 49-85; Monday 59-83; Tuesday 61-89; and Wednesday 60-75. This morning's low was 55 degrees.

Local People Purchase Additional Bank Stock

Six Hall County citizens have purchased a large block of stock in the First State Bank of Memphis. The purchasers were officers and directors of the bank. The stock was bought Saturday and transfer to the new owners was made in Austin.

Announcement of the transfer was released early this week by Sam J. Hamilton, chairman of the board of directors of the local bank.

Persons buying the stock, which was formerly owned by Ennis, Tex., interests, were F. A. Finch, Carl Harrison, G. M. Duren, Crump Ferrel, L. C. Martin and Hamilton.

"The bank is now owned and operated by local people," the board chairman explained. "With this transfer of stock, no one person has controlling interest."

No change in officers, directors or management of the bank resulted from the stock transfer, it was announced.

Officers of the bank, other than Hamilton, are: Carl Harrison, President; L. C. Martin; executive vice-president; F. A. Finch, vice-president; G. M. Duren, vice-president and cashier; and Bill Hayes and Starr Johnson, assistant cashiers.

Directors of the bank are: Hamilton, Harrison, Martin, Finch, Duren, and T. J. Dunbar, Allan Monzingo, Dr. O. R. Goodall, Crump Ferrel and Carl J. Smith.

Members of the Memphis Junior Chamber urge residents to phone 181 if they have any old ice boxes or refrigerators they wish to have removed.

In issuing this plea, Jaycees say, "Let's don't have our first child fatality, as a result of a youngster suffocating in an old, abandoned box or refrigerator."

JOYCE WEBSTER

Head Of Berger College To Speak At Jaycee Dinner

C. A. Cryer, president of Frank Phillips College at Berger, will be the main speaker at the installation banquet of the Memphis Junior Chamber of Commerce, tonight. The dinner will be held at the Cyclone Drive Inn, starting at 8 o'clock.

Mr. Cryer is a well-known dinner speaker in this region.

Officers, who will be installed, are: Joyce Webster, president; Homer Jones, first vice-president; Coy Don Taylor, second vice-president; Don Carmen, treasurer; and Mark Stuart, secretary.

To be installed as directors are: F. D. Saxon, one-year; and Charles E. Galloway and Melvin Blum, two-year. Royce Frisbie has one (Continued on Page 12)

Wife and I arrived in New Orleans Saturday evening and today we did our two cents worth toward opening the annual Spring Fiesta by attending opening ceremonies at the Delgado Museum of Art, City Park, which ceremony was an elaborate affair. An historical tableau "Lovers of Louisiana," followed introductory remarks and speeches by notables of this French City. Overflowing spectators, many in hooped skirts, thronged the walls and hung over the second floor railings.

To grace the entrance of the museum before the program began, 11 women dressed in 19th century dresses, complete with beflowered bonnets and dainty parasols, took turn welcoming guests and posing for photographers.

The tableaux was a parade of lovers in which carefully costumed young men and women represented the two principal characters in famous romances from 1714 to 1912. In sequence a man and a woman came down opposite wings of the giant auditorium staircase to stand together at the head of the last flight of steps before the audience as their story was read.

Here are a few of the characters and the names of those re-

Report From Washington

By Walter Rogers
Congressman, 18th District

Back In Washington
This Newsletter is being written just a few hours after I returned to the Capitol city from a most pleasant visit to the district. When I first got to the Panhandle, the dust was blowing and it was about as dry as it could get. However, when I left, a drizzling, soaking rain had quenched the thirst of the wheat and grass and had changed the gray color of the earth to a rich brown that blended perfectly with the different hues of green. Some folks claim that it even made the people smile. However, one fellow accounted for this as follows. He said that Panhandle folks always smile. The rain just washed the dust off so other folks could see it. A pretty good philosophy and easy to prove out West. Anyway, we are glad we got the rain, because if anyone needed it, we did. I don't claim that I brought it, but I'll tell you one thing; I'm certainly proud that we came along together. I don't want to stretch my luck, but if it gets

that dry again, I'm sure willing to take on the role of rainmaker. One of the first things I ran into when I got back to Washington was the fanfare and trumpet blowing of the investigations, past, present, and future. I thought this would probably die down some during my absence, but it seems to have gained momentum. They are now having trouble finding investigators to investigate the investigators who are now being investigated by those who were investigated by the investigating investigators. They are thinking of having a limited number of badges made up so that there will be no confusion as to who is the investigator and who is the investigated from day to day. As the investigation shifts from one side to the other, the badges will do likewise. This is an economy move to keep down the cost of badges.

I have been a member of the American Bar Association, as well as the Texas Bar Association, for a number of years, and I deeply respect the members of both Associations. However, I do not think that the Senate Investigating Committee should confine their search to the American Bar Association. There are many able members of that Association who could do an outstanding job, but that does not mean that there are not plenty of other good lawyers in the United States who are not leading figures in the American Bar Association, who could do a wonderful job of investigating

FOR LEADERSHIP . . . Jerry Wheeler, 15, of Houston, Texas, was chosen "Boy of the Year" from 350,000 members of U. S. Boys' Clubs.

this situation here in Washington. In fact, I have often said that a good West Texas county or district attorney, with a good West Texas grand jury, could probably get more facts in shorter time than has been the case in the past. I know a number of good justices of the peace lawyers that could really make this thing sizzle, if it's the truth they want and facts. A good justice of the peace and a couple of good county seat lawyers can get more facts and more truth in less time than many an investigating committee.

Speaking of investigations, I made a little private one of my own to find out how many of the organizations listed as subversive by the Attorney General and the Un-American Activities Committee, were enjoying second class mail permits. (The second class of mail is that class of mail that has never paid its own way. The taxpayers must make up the deficits out of tax money.) I found that two organizations having second class mail permits are on the Attorney General's Federal Employee Security Program list. One of these is the "Daily Worker." On the "Guide to Subversive Organizations and Publications" (House Document 137, 82nd Congress, 1st session), I find twenty-three, including the two that were on the Attorney General's list. It seems rather odd to me that while we are supposed to be fighting Communism, we are helping to pay the cost of spreading some of its propaganda. I introduced a bill to put a stop to this two years ago and hope to get it passed this session.

CARD OF THANKS

I want to take this means of thanking all those who were so kind to me during my recent illness. I deeply appreciated the cards, gifts and flowers sent to me by friends. I also appreciated the excellent care rendered by Dr. Goodall, Dr. Hunt and the Nurses.

Mr. John D. Reed.

Mr. and Mrs. J. D. Sims and children of Fort Worth were Memphis visitors over the weekend.

PROPER USE OF SOCIAL SECURITY CARD IS URGED

"The importance of properly using one's social security card can hardly be overstressed," J. R. Sanderson, manager of the Amarillo Social Security Administration office, said this week.

"The omission of even a single wage report could conceivably lead to the loss of thousands of dollars in old-age benefits or survivors insurance benefits to the family of a worker who died," he explained.

"Social security records, which are kept by name and number, not only are used to determine how much will be paid, but whether benefits can be paid at all. Consequently, part-time workers or those whose work is irregular may barely meet the minimum requirements even when all wages are properly recorded. Omission of one or two wage items could easily result in ineligibility," Sanderson said.

Every worker can guard against this happening by making sure that his social security number has been copied correctly into his employer's records. Lost cards can be replaced easily by the Amarillo office on request. Application forms to get either new or duplicate social security cards can be obtained from any social security office, any post office or State employment office. The social security office, will also provide a free post card form to be used in getting a statement of wages credited to the worker's social security account.

A representative from the Amarillo Social Security Administration office will be in the commissioners courtroom in the courthouse in Memphis, commencing at 10 a. m., Tuesday.

Penney Expanding Store Facilities

J. C. Penney Company, nationwide department store organization, will carry on its largest new-store expansion program in more than 20 years, stockholders were told at the annual meeting in New York Tuesday.

A. W. Hughes, president, said the company will open at least 30 new stores this year in communities where it has not previously operated stores.

In the planning stage is a total of 63 new stores including 46 which, Hughes said, will be suburban or shopping center stores to meet the increasing demand for shopping facilities outside target cities.

In addition, 53 existing stores will be relocated in new buildings and an extensive remodeling and improvement program will be continued.

Henry C. Anderson Arrives In Korea

Pvt. Henry C. Anderson of Memphis, recently arrived in Korea for duty with the 571st Engineer Dump Truck Company.

Private Henderson's new unit maintains 184 miles of supply roads in the Seoul-Yongdungpo area while hauling bulk materials for construction projects.

Henderson entered the Army in April of last year and completed basic training at Fort Hood, Tex.

Bob Turner of Wichita Falls was a Memphis visitor over the weekend.

Anglers Warned To Be Careful In Handling Of Boats

AUSTIN—Three recent cases of fishermen's multiple drownings prompted Howard D. Dodgen, the executive secretary of the Game and Fish Commission to again caution Texas anglers about water hazards, particularly in the uncharted man-made lakes.

In the three tragedies, all in artificial impoundments, a total of seven fishermen perished—two in Possum Kingdom, two on Lake Travis and three in Lake Tyler.

Rough water apparently caused all three multi-drownings and the Executive Secretary suggested fishermen unfamiliar with large bodies of water, particularly the comparatively new lakes, should exercise maximum precautions when the weather is rough.

"Most of our modern boats are as seaworthy as man can make them," he said, "but when the going is rough, the pilots must be careful even though they have the best boats and the latest type power equipment. At the present accident pace, this could become the worst fisherman fatality season on record."

Civilization Told To Show Concern In Wildlife Trend

TEXAS CITY—"Civilization may admit some mistakes and show belated concern for God's menaced creatures now that its own fate is challenged by the H-bomb," Jay Vessels, assistant director of publications for the Game and Fish Commission, told the Mainland Sportsmen's Club here recently.

"Wildlife has been under the shadow of a time-fuse ever since man began looting his natural resources," he said. "For example, water fowl has been losing its northern nesting grounds at the rate of one million acres a year. Multiply that by fifty years, and have a heart. Otherwise the ducks which know about massed firepower may yet outlive us."

Locals and Personals

Mrs. Charles Dryden and children spent the Easter holidays in Stephenville visiting with relatives.

Mrs. Tim Paulsel and son and Ivan Thornton of Fort Worth visited here over the Easter holidays with Mrs. Lee Thornton.

Mrs. John Shadid left Thursday morning for Shawnee, Okla., to attend the funeral of an aunt, Mrs. Naiefeh. From Shawnee, Mrs. Shadid will go to Woodward where she is visiting this week with her mother, Mrs. J. T. Naiefeh and other relatives.

Mrs. Mildred Monzingo, Tony and Mrs. Cora Monk Canyon visited here over weekend with relatives.

Mr. and Mrs. Hobart M. Hedley visited here Sunday with her parents, Mr. and Mrs. W. Crawford.

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the thrilling news to come along in years. A convenient way to get rid of extra trim as you want. This new product DIATRON curbs both hunger & appetite. No diet, no exercise. Absolutely less. When you take DIATRON, you still eat your meals, still eat the foods you like, you simply don't have the urge for portions and automatically your weight comes down, because, as your own will tell you, when you eat less, you lose. Excess weight endangers your kidneys. So no matter what you have before, get DIATRON and prove to yourself what it can do. DIATRON is sold GUARANTEED. You use or you get your first package you use or the package you nothing. Just return the bottle to the druggist and get your money back. Costs \$3.00 and is sold with this money back guarantee by: Fowlers Drug Store—Memphis. Mail orders filled.

Easter Fashion Parade Sponsored By 1913 Study Club Acclaimed Success

One of the most colorful and delightful bits of entertainment offered the public in some time was The Easter Fashion Parade sponsored by The 1913 Study Club and staged in the High School auditorium the evening of April the thirteenth.

Though sponsored originally by The 1913 Club, it was actually everybody's show considering the number of participants. More than one hundred women and children in their sports and Easter finery delighted their audience with modeling which was far from amateurish.

Mrs. A. Anisman was narrator and introduced the models, giving colorful descriptions of the many fashionable frocks displayed by the local merchants. Stores furnishing clothes for the show included Baldwins, The Fair, Greene Dry Goods, The Popular Dry Goods and J. C. Penney Co.

Mrs. T. J. Dunbar was chairman of the Fashion Show committee.

Variety of staging punctuated with specialty numbers by Mrs. Angus Huckaby's kindergarten group and Miss Clarisse Taylor's dancing classes as well as the freshman Square Dance set added interest and charm to the style presentations.

An Easter egg hunt and birthday party for the youngsters was effected by a hat shop skit and bridge foursome for the grownups. Miss Lynn Foxhall acted as honoree at the birthday party while Mrs. Rufus Greene played hat shop saleslady and Mrs. Brodie Hoover was hostess for the afternoon bridge group.

Keeping the show going backstage were Mrs. Joe DeBerry with make-up, Mrs. Tom Dunbar, Mrs. Claud Ferrel and Mrs. Burr Morris as "pushers"; Roy Alvin Massey assisting with staging, Robert Breedlove, Jr., directing the spot light, Billy Combs pulling the curtain, and Virginia Rogers as coordinator of operations.

Several clubs scheduled to meet that evening were kind enough

to change their meeting time in deference to the style show. R. C. Lemons hauled the stage properties free of charge. Bill Hart contributed paint for the stage panels and several fellows were kind in helping to move the piano to the auditorium and Miss Zady Belle Walker lettered the scene placards. Fowlers Drug furnished the Kiddies rubber swimming pool.

In fact, the willing cooperation from all sides was most gratifying and the 1913 Study Club is indeed appreciative of the concentrated efforts of all who had a hand in making The Easter Fashion Parade one of the most successful social events of the spring season in Memphis, members of the 1913 Study Club stated.

Mrs. E. T. Prater Honoree At Surprise Birthday Dinner

Mrs. E. T. Prater was complimented with a surprise birthday dinner at her home on Easter Sunday.

Enjoying this affair were Mr. and Mrs. J. U. Dennis, Mr. and Mrs. T. H. Williams, Mr. and Mrs. J. W. Bowden, Mr. and Mrs. W. C. Prater, Mrs. J. J. Rice and Roddy, Hamp Prater, Mr. and Mrs. Coy Davis, and Mr. and Mrs. J. H. Barbee, Jr., and daughter Melissa.

Cleve Taylor Family Meets For Family Reunion

The family of Mr. and Mrs. Cleve Taylor of Memphis, met at Palo Duro Park Sunday for the annual family gathering and Easter Egg Hunt.

Following a bountiful picnic lunch, an Easter egg hunt was featured.

Enjoying this outing were Mr. and Mrs. Cleve Taylor and Kenneth of Memphis, Mr. and Mrs. Ephens Gleason and David Jimmie Lou and Bary Lynn of near Memphis, Mr. and Mrs. Troy Taylor of Lubbock, Mr. and Mrs. W. L. Sevell, Mr. and Mrs. Dick Oakley and Tony, Monte, and Nelda, Mr. and Mrs. G. W. Sharp and Pauline and Priscilla, Mr. and Mrs. Bobby Taylor and Jerry Don, Mr. and Mrs. Jimmy Purser and Deborah Ann and Mr. and Mrs. Leroy Brown and Rebecca Lynn, all of Amarillo.

Zora Mae Sweatt Weds Ross Hise In Colorado City

Miss Zora Mae Sweatt of Denver City, daughter of Mr. and Mrs. Olson Sweatt of Colorado City, became the bride of Ross Edward Hise, son of Mrs. L. J. Hise of Alpine in a double ring ceremony performed at 4 p. m. Friday, April 16, in the First Baptist Church at Colorado City.

Rev. S. F. Selcaig, pastor of the church, read the marriage vows before an altar banked in yellow gladioli sprays, daffodils, lemon leaf foliage and fern.

Given in marriage by her father, the bride was attired in an original model white satin wedding gown with pleated tulle over net and taffeta, designed with portrait neckline. The fitted satin bodice had long sleeves ending in points over the hands. Her fingertip veil of silk illusion fell from a tiara of pearls accented with pearlized flowers and leaves, studded with rhinestones. Her flowers were yellow iris, daffodils and stephanotis with ivy shower.

Mrs. Lynn Hise of Van Horn, sister-in-law of the groom, was matron of honor. She wore a full length white organdy dress over bright yellow taffeta with matching headpiece of yellow carnations. She also carried a bouquet of yellow carnations.

Bridesmaids were Marion Mages of Houston and Peggy Gaston of Gainesville. They, too, wore white organdy dresses over a pastel shade of yellow taffeta. Their bridesmaids were of yellow carnations as were their bouquets.

Lynn Hise of Van Horn served as his brother's best man. Ushers were George Hise, of Falfurrias, brother of the groom and Omon Sweatt of Clarendon, uncle of the bride.

Mary Evelyn Smith of Falfurrias, niece of the groom, and Va Rue Sweatt of Wellington, niece of the bride, lighted the candles. Carol Keener of Mineral Wells, flower girl and Don Paul Sweatt of Wellington was ring bearer. Both are cousins of the bride.

Mrs. P. C. Smith was organist and Mrs. Woody Smith, pianist. Earle Hise, brother of the groom, was soloist.

A reception was held at the home of the bride's parents immediately following the ceremony. For a wedding trip to points in New Mexico, the bride chose for traveling a light tan linen suit with yellow hat and gloves and brown lizard shoes and bag.

Mr. and Mrs. Hise will make their home in Denver City where they are both teaching in the public schools. Mrs. Hise is an instructor of the second grade while he is director of music in both the elementary and high school.

Alaska is known as "Seward's Folly."

JUNGLE RHYTHM—Jungle drums and other native musical instruments printed on this cotton swim suit are responsible for its name, "Jungle Rhythm." The hand printed tapa cotton comes in combinations of blue or brown and yellow.

Fire Department And Guests Enjoy Social Monday

Members of the Memphis Fire Department, their families and several guests enjoyed a social at the City Hall on Monday evening.

A supper of fried chicken with all the trimmings was served by the ladies, with Mrs. Arlis McBee and Mrs. E. M. Murphy in charge.

A very enjoyable evening was spent with various games played by the group following the meal.

Those present were Mr. and Mrs. Thomas Clayton and family, Mr. and Mrs. J. J. McDaniel and Johnnie, Mr. and Mrs. Tom Vickers, Mr. and Mrs. N. D. Callaway and family, Mr. and Mrs. Ed Mathes and family, Mr. and Mrs. Clinton Culp and family, Mr. and Mrs. Louis Saied and family, Mr. and Mrs. Lloyd Ward and Jones, Mr. and Mrs. Alvin Massey and family, Mr. and Mrs. Kenneth Dale.

Mr. and Mrs. Bill Vardeman, Mr. and Mrs. Bill George Kester-son, Mr. and Mrs. O. A. Sturdevant and family, Mr. and Mrs. Guy Wright and daughter, Mr. and Mrs. E. M. Murphy, Mr. and Mrs. Arlis McBee, Mr. and Mrs. Doyle Sargent, Mr. and Mrs. Harry Aspgren, Mr. and Mrs. John Dennis and Elmer Neel and Miss Barbara Allen.

Members Of Club '51 Enjoy Easter Dinner In Home Of Mrs. Gene Lindsey

The home of Mrs. Gene Lindsey was the festive scene recently for an Easter dinner given for members of Club '51. Mrs. Joyce Dot Webster was co-hostess.

The Easter motif was used in decorations throughout the home. Laid with dainty Maderia linen luncheon sets, the foursome tables were centered with lovely pastel candles held by unique candelabra accenting the Easter motif. Instead of the regular place cards, places were marked with miniature Shasta daisy corsages.

Covering the dining table, to match the foursome tables, was a lovely Maderia table cloth. The table was centered with a chiming candelabra sitting in a nest of gaily colored Easter eggs.

The buffet dinner consisted of baked ham, fresh Irish potatoes, creamed asparagus tips, congealed salad, relish plate, rolls, coffee and angel chocolate cups.

Following the dinner the annual Easter parade of original, hand made Easter bonnets was staged. Mrs. Louis Saied was declared first place winner and was awarded a pair of white ear screws. Mrs. Gerald Hickey was second place winner and Mrs. Elmont Branigan was third place winner.

Mrs. Saied's hat was a straw collier type, covered with sequins, yellow jonquils, colored rhinestone pins, and a heavy orchid netting. Mrs. Hickey wore an imitation fruit bowl with large white rabbit ears covered with white velvet. Mrs. Branigan's hat was a

large picture hat made of a box with colored plastic and Easter eggs, topped with the Easter Bunny and his bride.

Enjoying this affair was Mmes. Elmont Branigan, T. O. Pounds, Gerald Hickey, Louis Saied, Her-man Yarbrough, Herschel Pounds, Coy Beckham, D. J. Johnson, C. J. Wynn, Carl Wood, Harold Van-diver, Hubert Jones, Homer Burleson and hostesses, Mrs. Lindsey and Mrs. Webster.

Ruth Class Of Mission Church Meets Friday

The Ruth Class of the Mission Baptist Church met in the home of Mrs. E. L. Spruill for the monthly class meeting on Friday, April 9.

Mrs. James Freeman gave the devotional and Mrs. J. C. Myers read the class history. Announcement was made that the next meeting would be in the home of Mrs. W. F. Brown.

Refreshments were served to Mmes. Claud Johnson, J. C. Myers, Bill Hardage, C. A. Melton, W. F. Brown, Loyd Archer, W. F. Nun-nelly, E. L. Spruill, James Free-man and one visitor, Mrs. Rachel Jones.

Mrs. Cressie Washam of Houston is visiting here this week with her sister, Myrtle Wood and father C. D. Ardery.

Gertrude Rasco To Present Pupils In Recital Sunday

Gertrude Rasco will present group of students in piano recital Sunday afternoon, April 25, at the First Presbyterian Church. The program will begin at 2 o'clock.

The following students will play: Fredna Brown, Paul Buchanan, Pat Hamilton, Lane Helm, Regina Hoover, Fama Lindsey, Ann McCreary, Cary McQueen, T'Nina Nelson, La Carol Saied, Shirley Richards, Georgia Saied, Suzanne Seagraves, Donny Spicer, Starr Tinsley, Joe Charles Turner and Jone Warrick.

The program is open to interested friends. Miss Rita Jo Hale, who is attending Northwest Texas School of Nursing and Miss Shirley Hale who is employed in Ft. Worth spent the Easter holidays here with their parents, Mr. and Mrs. Perry Hale.

Your Senator Reports

By LYNDON B. JOHNSON

SPECIAL WEEKS: The next three weeks are vital to the state. We need the best weather experts, with whom I am in daily contact, tell me this is the best chance to break the drought. They may be wrong. I will check their records and if they are starting a brief rain cycle, I will be writing a good part of this week's report. Some areas have had too much rain — some have had too little. We must have a clear and unambiguous warning. We can expect rain from nature if we ignore the beginning of April, 1-10 acres of Texas soil were eroded from moderate to severe erosion. Even more significant, 1,416,000 acres were about to blow because of insufficient cover. We will take a lot of rain to pay for the months and years to come. In some areas, 10 to 20 inches will be needed to re-soil.

drought. We especially need those dams upstream! I have introduced one bill for upstream development. A Senate Subcommittee is studying that measure right now.

What else do we need? Overall development of the water resources of our state. Last summer, the Rio Grande ran dry at Laredo almost on the same day the Presidential released funds for repairing flood damage at Orange. Somehow, we should be able to get together on this one.

There have been plenty of plans; plenty of surveys. But the plans and the surveys mean nothing unless we all unite and roll up our shirtsleeves and get to work.

We all want to leave something to our children. The most precious gift within our power is the soil. The hydrogen bomb can destroy life. It is high gruesome and dramatic. But soil erosion—though not dramatic—can make life impossible to maintain!

We can go to work now and save the future for prosperity. Or we can let things slide and pile up more trouble for the future. Somehow, I think Texans will take the first course!

WHAT HAPPENED TO THE TAX BILL? The House bill is now before the Senate Finance Committee and hearings are under way. A few witnesses from the Treasury and from private organizations have been heard. Look for weeks of hearings—perhaps through May. It is unlikely that the bill will reach the Senate floor before June.

SPRING CLEANING . . . S. S. Constitution, largest ship to visit Baltimore, enters drydock for repairs and cleaning. It's 638 feet long and has tonnage of 23,719.

FARM PRICES: Overall prices received by Texas farmers for all their products showed a drop of five per cent in February, compared with February of last year. There was a further decline in March, according to the Crop Reporting Board of the Department of Agriculture.

COST OF SUPPORTS: A friend writes me from Texas that "Farmers are getting a bad deal in publicity on the price support program." I agree. The facts bear out that contention.

Here are some of the facts: The cost of the price support program on basic crops from October 17, 1933 through June 30, 1953, (a total of 20 years) was just about one million dollars a year. Total cost of the program for ALL crops for the 20-year period was \$1,110,136,889. More than half of this was accounted for by losses on potatoes and eggs, which are no longer supported.

These figures show that the cost of the price support program on all commodities over twenty years has averaged approximately 50 million dollars a year.

OTHER SUBSIDIES: The library of Congress has made a tabulation of "Current Expenses for Aids and Special Services (Subsidies)" for 1954. The total shown is \$15,194,000,000.

Of this sum, agriculture will receive \$520,000,000. That will cover the cost of the price support

Legal Notices

It is hereby ordered that an election be held in the Community of Loco in Childress County, Texas, on the fourth Tuesday in April, A. D., 1954, same being the 27th day of said month for the purpose of the election of:

A supervisor for subdivision number two of the Hall County Soil Conservation District Number 109. Said subdivision consists of those parts of Hall and Childress counties which are bounded on the West by the Fort Worth & Denver Railroad Company tracks, and on the South by the Prairie Dog Fork of Red River.

Said election shall be held in the Schoolhouse at Loco, at 7:30 P. M., Tuesday, April 27. It shall be a convention type election.

F. R. GENTRY
Hall County Soil Conservation District Supervisor
46-2c

NOTICE OF SALE

The Gate City Electric Cooperative, Inc., will receive sealed bids on or before Monday, May 3rd, 1954, at 2:00 o'clock P. M. at its office at 1900 Avenue C, N. W., Childress, Texas, on the following described property:

- One 20' x 100' barracks building, new composition roof, double wood floors, with several sheetrock partitions, air conditioning ducts and two rest room facilities.
- One 20' x 100' warehouse building, one solid wood partition,

program, the school lunch program, the International Wheat Agreement, the Sugar Act, and all other aids to agriculture.

The tabulation shows that business will receive \$1,063,000,000. Labor will get \$222,000,000. Veterans will receive \$4,445,000,000.

International aids will total \$7,544,000,000. Other aids and special services will amount to \$1,533,000,000.

TIME FOR A LONG LOOK: As I told Texans in Lubbock last fall, it's time for us to take a long, cool look at all these subsidies. We could reach the ridiculous point where the whole economy would be subsidized—which would be the same as no subsidy at all. Meanwhile, however, I think it would be a mistake to single out just one group supported by the government, and ignore all of the others.

three garage size doors, no reserved. All bids subject to approval of the Administrator of Rural Electrification Administration.

LONE STAR Agriculture

Released by
The Texas Department of Agriculture

PASTURE DAMAGE
Ranchmen in West Texas are working under two serious handicaps this year: (1) The drought is approaching the extremely critical state, and (2) the public is not fully aware of the long-range effect of the dry spell on Texas pasturelands.

The gradual disintegration of grassland during prolonged drought does not have the dramatic impact of a sudden crop failure. Yet, the eventual result of this disaster to our grass could be, and probably is, more serious to our state's economy than the immediate effect on our crops.

Crops can make a comeback in one year of normal rainfall. But it will take many years to regain adequate natural cover on our pastureland.

Late last fall, the drought damage in Texas was estimated at roughly \$500 million. Probably \$150 million of this figure resulted from lower range evaluation due to poor cover.

Continuation of the drought this year could easily equal or top this loss and prevent a full range recovery until late in this decade.

If we receive the rains we normally expect during April and May, the picture in West Texas will be considerably brighter. But we shouldn't let temporary relief lull us into a false sense of security.

Records show that, down through the years, droughts occur with alarming regularity. It is up to us to prepare in advance for these natural disasters.

Despite the tremendous monetary losses suffered in the past three years, this present drought could be a blessing in disguise if we take advantage of the lesson it teaches. It pinpoints the crying need for comprehensive soil and water legislation in Texas.

The time has arrived when each region of the state should have area committees made up of men who have a complete understanding of the problem at hand. These local men could serve in an advisory capacity, promoting an effective soil and water program, both through the Legislature at Austin and in their own territories.

The soil and water problem affects the people of the state. And the people, themselves, must aid in working out a solution.

LESLEY

Mr. and Mrs. E. H. Saunders and Mr. and Mrs. Doug Cathy have gone to Possum Kingdom fishing.

Miss Verna White has been visiting Mr. and Mrs. Bernie Watson. Keith Bevers of El Paso has been visiting Mr. and Mrs. Burl Bevers.

Mrs. R. B. Smith visited Mrs. B. P. Watson Tuesday night.

Mr. and Mrs. Rachie Sanders and Mr. and Mrs. Doug Cathy went to Childress shopping Thursday.

Mrs. Rhodia Davis has been in a Memphis hospital but is home and is reported to be improving.

Mr. and Mrs. E. D. Watson had Mr. and Mrs. Seb Sanders and Oneita and Royce and Mr. and Mrs. Burl Bevers and Donna for a fish fry Tuesday night at their home.

Mr. and Mrs. Sam Sims and children and Mr. and Mrs. Ralph Proffitt of Amarillo visited Mr. and Mrs. R. O. Proffitt Sunday.

Mr. and Mrs. Floyd Houdashell of Amarillo visited her parents, Mr. and Mrs. Johnny Driver Sunday.

Mrs. Nell Dean of Plainview is visiting her parents, Mr. and Mrs. Wendell Mitchell. Mrs. Dean has just returned home from Germany.

Mr. and Mrs. Clyde Queary and daughter Pat of Dimmitt spent the Easter holidays with their daughter, Mrs. E. D. Watson and family.

Mr. and Mrs. Charles Coffman of Dimmitt visited Mr. and Mrs. E. D. Watson Sunday.

Mr. and Mrs. R. B. Smith and Connie are going to move to La Juanita, Colo.

Mr. and Mrs. Dalton Lindley spent Sunday with his parents, Mr. and Mrs. John Lindley.

Mr. and Mrs. B. P. Watson were dinner guests Sunday evening of Mr. and Mrs. O. G. Wheeler in Memphis.

Misses Sidney and Roxie Hulsey spent the Easter holidays here with their parents, Mr. and Mrs. Homer Hulsey.

Miss Patsy Query of Dimmitt spent Sunday night with Oneita Sanders.

Mr. and Mrs. Billie Ray Young and son of Blend, N. M., visited Sunday in Lakeview.

The Navy destroyer USS Bainbridge, with a crew of 122 men, rescued 482 persons from the burning French transport Vinh-Long in the Sea of Marmora on December 16, 1923.

Small grain pastures being used for grazing can be given a new lease on life with an application of nitrogen fertilizer. The fertilizer is especially needed if the plants are yellow to a light green in color.

Attempts to eradicate mesquite and oak with aerial herbicide treatments can prove fruitless unless proper soil moisture is available. Mesquites should not be sprayed until in full leaf, usually 50 to 80 days after first leaves appear.

LAFF OF THE WEEK

"Remember the good old days when you had to work for it by going through my pockets?"

Attendance Good At Third Annual Exes Dinner Here

Approximately 165 persons attended the third annual banquet of the Memphis High School Ex-Students Association here Saturday night. The dinner was held in the high school gymnasium, with Alvin Massey, association president, as master of ceremonies.

Helen Madden, who teaches in the school system at Geneseo, Ill., was the ex-student coming from the farthest distance to attend the banquet. Miss Madden also purchased the first ticket, after they went on sale.

Mrs. Bill Coursey of Memphis was a member of the earliest class represented, that of 1912.

The program included square dancing by a group of high school students, who are directed by Mr. and Mrs. Roy Guthrie and a Mexican hat dance, performed by two high school students of Mrs. Lucille Dennis.

Exes were reported to have enjoyed the get-together which was informal and impromptu, to the fullest extent.

Battlefield Scenes To Be Shown Here

Charles Whitacre, former Newlin banker now living at Lubbock, will be at the American Legion Hall here, Thursday night, April 20, to present a movie and slides of World War I and II battlefields of France, which Whitacre took last summer on a visit to that country. The program will last about an hour and a half, according to Herschel Pounds, post commander. Starting time is 7:30.

Whitacre, who resided in Hall County for many years, served in France during World War I, as a member of Co. H, 142nd Infantry Regiment of the 36th Division. A number of Hall County residents served in the same company with Whitacre.

While in France last summer, Whitacre revisited several battlefields on which he served, and shot numerous pictures.

Everyone is cordially invited to attend the program next Thursday evening, Pounds said.

Jaycee Directors List Committees Thursday Evening

Prevention Of Childhood Mishaps Adults' Business

AUSTIN—"It is the adult's job to prevent childhood accidents," declares Dr. Geo. W. Cox, State Health Officer.

As children do not always conform to the practices that would assure greatest safety, adults must be made to understand the accident problem of children and be as concerned about it as they are about childhood diseases.

A notable decrease in infant mortality has been brought about by physicians and public health work during the past quarter century. Despite the efforts of the medical profession to protect the country's future citizens, childhood mortality continues high because of accidents—accidents that for the most part are preventable.

The accident death rate among children is being reduced only about one-third as fast as the rate for death by disease. Preventable accidents are the leading causes of death in the age group one to fourteen. Only by the understanding and cooperation of adults can the toll of child accident deaths be reduced.

Besides causing deaths, accidents are responsible for thousands of school children being injured sufficiently to require the attention of a physician or cause absence from school. Injuries occurring in school buildings account for 26 per cent of such cases, on school grounds 29 per cent, going to and from school 5 per cent, at home 17 and other places 23 per cent.

"Children deserve the right to grow up and it is up to every adult to give them that chance," said Dr. Cox.

Paducah Woman Is Fined Monday On Liquor Count

Ruby Carroll of Paducah, was in county jail here Wednesday morning, charged with transporting intoxicating liquor for the purpose of sale in a dry area.

The woman was returned to jail, after she pleaded guilty to the charge and failed to pay a \$500 fine and court costs, assessed by County Judge Tracy Davis.

The Paducah woman was arrested about 1 p. m. Monday on North Front Street, by Chief of Police Guy Wright and turned over to county officers. Highway patrolmen were working with Wright on the case.

In the car, driven by the woman, officers found 20 cases of beer, 2 cases of wine, and 18 half-pints, 8 pints and 7 fifths of whiskey, according to Wright.

Evidence was heard in county court late Monday afternoon.

There is a difference between insect repellents and insecticides. Repellents are applied to the skin or clothing to keep insects off while insecticides are used to kill insect pests.

IS THE LAW in Texas

Estate Questions Answered

average man buying a house is engaging in the biggest transaction of his life, yet he knows little or no idea of the pitfalls involved in acquiring a title to real estate. Here are some questions that commonly arise in real estate transactions.

What is a Real Estate Title? A title is a claim of ownership or right to land. If you have your title against all others, it is a good title. If, in fact, the evidence of your ownership is contained in public records, it is in a good record title which is (marketable).

What is an Abstract? An abstract is an outline of the public records relating to the ownership of real estate. The position of an abstract is that of the ownership of the land which it relates. Abstracts are prepared by skilled persons from public records. Any person who purchases an abstract of any land.

What is a title examination? A title examination is a careful study of the abstract and other evidence. When it is completed the lawyer gives a written statement of his conclusions as to the title. The defects shown against such ownership and the requirements to make good record title is not a simple process. At every step the lawyer solves legal problems, even though a small abstract is involved; the title examination cannot be done by anyone except a lawyer.

What is a Title Insurance Policy? A title insurance policy is a contract between you (the insured) and an insurance company. You are named in the policy and are not insured. The contract states that the company insures you a "good and indefeasible" title to the real estate shown in the policy. Just as in other insurance, the compensation is limited to a certain amount, and except for coverage may be contained in the policy.

What are Earnest Money Contracts? Contrary to the general impression, the signing of an earnest money contract or contract of sale is the most critical part of a real estate sale. It should state all the terms of sale, what land and fixtures are being sold, what price is paid, the terms of payment, the possession is to be delivered, the quality of title to be conveyed, and all other matters agreed upon by the parties.

What are Earnest Money Contracts? Contrary to the general impression, the signing of an earnest money contract or contract of sale is the most critical part of a real estate sale. It should state all the terms of sale, what land and fixtures are being sold, what price is paid, the terms of payment, the possession is to be delivered, the quality of title to be conveyed, and all other matters agreed upon by the parties.

Legion Members To District Meet

Glynn Thompson, A. M. Sims, Frank Van Pelt and H. C. Pounds have been named as delegates from Simmons-Noel American Legion Post here to the annual spring convention of the 18th district, to be held at Borger, Saturday and Sunday. Pounds is commander of the local post.

In a meeting some time ago, Mrs. Glynn Thompson was endorsed by the local Auxilliary as a candidate for Auxilliary president of the 18th district.

Dr. Tom B. Clark of Buffalo, Okla., national chaplain of the American Legion, will be the principal speaker at the Borger gathering.

Mike McCully of Clarendon, is commander of the 18th district.

CARD OF THANKS

We wish to thank the doctors and nurses at Goodall Hospital for the attentions shown Mr. G. L. McCoy while he was a patient there and also would like to express our appreciation to those who stayed with him when he was in the hospital at Amarillo. We likewise, want to thank everyone for the kindnesses and the thoughtfulness shown us during our recent bereavement.

The family of G. L. McCoy

with reference to the sale.

An earnest money contract which does not provide for furnishing proper title evidence saddles the buyer with that expense. A contract describing property by street number only will leave unsettled the question of just how much land is to be conveyed. A contract with no condition expressing that it is dependent upon buyer securing a mortgage-loan traps a buyer who finds himself unable to borrow.

Closing the Deal. Closing a real estate sale is a technical operation. The careful drafting of papers to carry out the actual intent of the parties is part of the job. Meeting the requirements for a marketable title is another step. The proper signing and acknowledgements of papers is another. Delivery and recording of the papers are usually the last steps.

Often, a previously careful buyer has wasted his lawyer's advice by acting as his own lawyer in negotiating a contract of sale, in checking arrangements for delivery of good title and in closing the deal. It takes legal training to recognize the problems involved in each of these steps.

Local Trackmen In Sandie Relays

Duke Frisbie placed fourth in the 220-yard dash at the annual Sandie Relays at Amarillo, Saturday, according to Nolan Poteet, coach of the local track and field squad.

Frisbie also qualified in the 100-yard dash but came in fifth in the finals. Only four contestants were placed.

The mile-relay team, Kenneth Taylor, Jack Montgomery, Carrol Gardenhire and Clyde Tamplen, posted a time of 3:42 minutes but did not qualify for the finals.

Frisbie will compete in the 100 and 220 yard dashes, and Tamplen, in the 880 yard run, at the Interscholastic League regional meet in Lubbock this weekend. The mile-relay team also will take part in the track and field meet.

Jaycees Plan State Convention Trek

Several members of the Memphis Junior Chamber of Commerce are planning to attend the state convention at El Paso, April 29-30, and May 1, as representatives from the local organization.

CARD OF THANKS

To our friends who brought solace in our grief caused by the death of my brother, Claude B. Morton, my family and I wish to say a sincere "Thank You." You have helped us through the years in every possible way. We love and appreciate you.

I am grateful, too, for your encouragement and good wishes in my present illness. May all of us merit your loyalty!

Mrs. George Bass

Rain Helps Feelings

We had to wait a long time for rain but when it came, wasn't it wonderful? It wasn't nearly as much as we would like to have had but it couldn't have fallen in a better way for us to get the full benefit from it.

And, if our memories don't trick us, that probably leaves us better off than we were this time last year. As we remember, we had some good topsoil moisture a year ago, but we had little or no "bottom season."

And the way it looks to us now, we may be on the way to a good crop this fall, because we can usually look forward to considerable rain in May.

The rain last week helped peoples' feelings immensely. And it should have, after the months of dry weather we endured, topped off by several of the worst duststorms we have had since "the dirty thirties."

Seed sales picked up from almost nothing, on the strength of the precipitation, as farmers, for the first time this year, had moisture enough to plant on.

One indication of the effectiveness of the showers is the way wheat around here has "perked up." It had just barely been holding on—if that—recently.

We can't help but feel that things are going to be better for us in the weeks and months to come. We imagine we will have some more sandstorms or duststorms, because this wouldn't be the Panhandle otherwise, and we will have some windstorms and hail because we always do.

But when it is all over we won't be a bit surprised if this area winds up making a lot of cotton and feed. It just looks like things are shaping up for that kind of a year.

CHIPPING AT THE CORNERSTONE

QUOTING OUR NEIGHBORS

Press Paragraphs—

PRESIDENT SPEAKS MIND
President Eisenhower took a page from the record of FDR in speaking to the nation Monday night of last week.

The President is not the forceful speaker that Roosevelt was, but is a distinct improvement over Truman.

He warned against the "jitters" in particular to the prevailing scare against Red Russia.

It was time that some one warned the nation that all America had not swallowed Communist. McCarthy seems to think, and to preach, that a Red is hiding behind every bush, attempting to swallow all of the people of this nation.

While McCarthy has done a good job, his success has gone to his head. He believes that every American who does not agree with him is tinted with Red and is ready to surrender to the Red forces.

While the President by no means minimizes the dangers of Reds in the world, he discounts the presence in great numbers and

the influence of Red propaganda upon sane Americans.

There is a distinct clash of thought about Reds in this nation. We shall see which thought prevails.

—Canyon News

CHURCH WOMEN WRONG

The Texas Council of Church Women meeting in Houston March 11 are reported to have adopted unanimously a resolution opposing a death sentence to members of the Communist party.

The women hold that membership in the Communist or any other party should not brand the member as a traitor to his country and subject to the death penalty.

It is true that a few persons could be tricked into membership in such a party, but the average American jury would take that into consideration in dealing with the case.

The group at Houston must

have short memories. American boys fought in Korea for three years and thousands did not come home alive. The reason they did not come back is because of Communism and Socialism.

It is regretted that the pressure was so strong upon the Texas legislature that the members did not have the courage to go along with the original proposal by Gov. Allan Shivers to demand the death penalty.

The pressure was so strong that Gov. Shivers saw the death penalty clause would not pass the special session of this legislature. You will find that a lot of the pressure behind groups and individuals that opposed the death penalty had Communist backgrounds.

Organizations like the Texas Council of Church Women would deny that they are fronts for Communism. They are not fronts intentionally and are composed of patriotic, God-fearing women, but unconsciously they are helping to build Communism in America.

SEVERAL HALL COUNTY SCHOOLS OPENED MONDAY

Public schools in four Hall County districts opened last Monday morning. New buildings are under construction at Turkey and Lodge and old buildings, though crowded, are being used temporarily.

At Newlin, a new building is being constructed to replace the school building which was lost by fire. Churches are being used until the new structure is ready, probably about Nov. 1.

SALVATION ARMY STATE REPRESENTATIVE MEETS WITH MEMPHIS PEOPLE

Rev. Arthur Oliver, state representative of the Salvation Army, met with a group of Memphis citizens, at a luncheon Tuesday noon, to make arrangements for the annual campaign for funds for the organization.

The campaign began today and ends Saturday night, except for collections at the churches Sunday.

Chairmen for the various committees are: Judge W. A. McIntosh, businessmen; Mrs. E. L. Houghton, ladies; J. L. Walker, American Legion; and Miss Lela Mae Ownby, tag day.

STRICTLY PERSONAL

L. C. Payne of Estelline was here Friday.—Sim Hinton of Hulver was a visitor here Tuesday.—Pete Salter visited relatives at Wellington Sunday.—Mr. and Mrs. Horace Mullins of Buffalo Flat shopped here Wednesday.—Mr. and Mrs. B. T. Williams of Childress were here Monday on business matters.—Messames R. A. Eddleman, C. M. Greene, Albert Bailey and W. F. Holland of Estelline shopped and visited relatives here Monday.—Mr. and Mrs. Claude Ardmore came in Sunday from Ardmore, Okla., to make their home.—Miss Bill Garrett left Monday for Estelline.—John Etheridge of Lodge was here Monday on business.

July 26, 1929

FAMOUS PLANE WILL VISIT CITY

The "Woolaroo," the plane which made history when it won the Dole prize by beating other planes in a flight from Oakland, Calif., to Honolulu, will visit Memphis on its final flight before

going into a museum, according to word received here this week. The plane will arrive here at 6 o'clock Thursday morning, April 21, and remain here for 30 minutes. The plane also will visit Turkey and Lodge.

Col. Art Goebel, who flew the plane to Honolulu, will be at controls of the aircraft.

SCHOLASTIC SHOW MATERIAL INCREASE OVER FORTY YEARS—The number of scholastics in Hall County has increased appreciably since the last census was taken, according to The Swift, county superintendent. Total amounts to 4,941, or an increase of 416.

Figures by schools, are as follows: Memphis 1,249; Estelline 465; Lodge 423; Turkey 423; Lakeview 274; Lesley 232; Newlin 178; Weatherly 143; and 132.

STRICTLY PERSONAL—Mrs. Don Wright has returned to Lakeview where Mr. Wright is employed.—Marcus Roseman of Lockhart, is in Memphis negotiating the Rosewater store, his brother, Jess, is attending New York market.—Frances C. Er and Mary Nell spent the weekend in Medicine Park.—Mr. Mrs. John Deaver returned today from a vacation trip to California.—Lesley Foxhall, who has been attending Officers Training Camp, has returned home.—Ethel Lucile Ballew of Breckenridge, is visiting in Memphis.—Mrs. M. P. Turner are taking a vacation trip in the Colorado mountains.—Rev. A. D. Rogers of San Marcos, former minister of the First Christian Church here, is visiting his son, V. B. Rogers.

A NEW KIND OF POWER!

PHILLIPS 66

Flite-Fuel

FOR YOUR CAR

Phillips 66 brings you the benefits of a super-powered aviation gasoline component—Di-isopropyl (pronounced di-iso-pro-pull). A Phillips exclusive, proved in high performance combat aircraft!

Today, start enjoying the exciting step-up in performance you get from new Phillips 66 FLITE-FUEL containing Di-isopropyl.

Phillips originated Di-isopropyl and HF Alkylate—so valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now

military authorities have released these restrictions, and Phillips can give their customers the benefits. New Phillips 66 FLITE-FUEL provides increased power, smoother acceleration, higher anti-knock performance, greater fuel economy and freedom from stalling... plus Phillips 66 Controlled Volatility, and the clean burning qualities for which Phillips 66 Gasoline is famous.

Only Phillips 66 FLITE-FUEL contains Di-isopropyl. Get it at stations where you see the Phillips 66 Shield.

New strength and stamina! Lower upkeep costs!

New Chevrolet Trucks...

do more work per day... more work per dollar!

You save hours on the road. Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

You save time on deliveries. With new truck Hydra-Matic transmission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

You save extra trips. That's because of the extra load space you

get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

You save with lower upkeep, too. Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

You save on operating costs. New power saves you money every mile! The "Thrifmaster 235" engine, the "Loadmaster 235" and

the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

And your savings start the day you buy. In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

Come in and see all the wonderful new things you get in America's number one truck. We'll be glad to give you all the money-saving facts.

MOST TRUSTWORTHY TRUCKS ON ANY JOB!—Chevrolet Advance-Design Trucks

Spindlers' Council Entertains With Easter Tea In Gidden Home

One of the prettiest of the Easter season, the Spindlers' Council entertained "Grandmother's" tea on the afternoon of April 13, in the home of Mrs. A. O. Gidden.

Entertaining rooms were decorated with beautiful arrangements of spring flowers and East-Asian paintings.

Arriving guests were greeted by Mrs. A. O. Gidden and in the tea table which was a lovely hand-drawn cloth. The table was decorated with a colorful Easter and pretty cookies and the flowers from Mrs. Gidden's garden. Mrs. Hall played selections during the afternoon.

Guests and members enjoying this affair were Meses. Wines, Bradley, A. B. Jones, J. B. Wrenn, R. E. Lowe, I. Wilton, Jim McMurry, Tracy Davis, J. W. Burks, J. Gardenhire, Odie Hughes, Mary Youngblood, J. Gibson, L. Hightower, Jim Vallance, George Bass, Clarence Baxter, Hall Nelson, Gene Chamberlain, Charlie Williams, Earl Pritchett, A. O. Gidden, O. M. Gunstream, Hester Bownds, Barney Burnett, W. F. McElreath, Lloyd Ward, J. J. McDaniel and A. O. Gidden and Miss Betty Lemons.

SHORTS STORY — The shorts story of 1954 is interpreted by designer Stephanie Koret of California in a newer, lightweight, crease-resistant denim. The cotton shorts with contrasting piping at pockets are combined with a colorful striped V-neck knit blouse.

College Students Here For Holidays

College students left the first of the week for their respective colleges and universities throughout the state to again resume their studies after enjoying several days Easter vacation.

Among those visiting their parents the past weekend were Malcolm Martin and Don Paul Howell, who attend Allen Military Academy; Bobby Crooks and Vance Adams, SMU; Clinton Jones, Billy West and Bob Hanna, Hardin-Simmons; Joyce McDaniel and Bennie Parks, North Texas State College; Peggy Smith, Texas Wesleyan College; Jackie Gilbert, Sheldon Anisman, Texas University; Scotty Grundy, Frank Norman, Roddy Stargel, Lloyd West, Ray Crawford, Texas Tech; Billy Roden, Jo Ann Hart, Frankie Lynn Sryzley, Mackie Allen, Gayle Monzingo, Donna Webb, Davy Corley, Ann Spoon and Beryle Ann Davis, West Texas State College; Rita Jo Hale, North Texas School of Nursing; Billie Hartman, Draughtons Business College, Amarillo.

Mrs. Doc Messick Entertains Members Salisbury Club

Mrs. Doc Messick, assisted by Mrs. Jess Mitchell, entertained members of the Salisbury Needle Club on April 6.

During the afternoon the group made aprons and enjoyed pleasant conversation.

The next meeting is slated for May 4 in the home of Mrs. Kittie Gammage with Mrs. E. L. Kilgore and Mrs. Ida Hutcherson as co-hostesses.

Delicious refreshments were served to Meses. C. F. Stout, T. K. Wilton, Jess Mitchell, L. I. Davis, Ted Barnes, E. E. Rice, Ira McQueen, E. L. Kilgore, Ed Hutcherson, E. L. McQueen, Doc Messick, Ida Hutcherson, W. B. McQueen and one visitor, Mrs. Ruth Gardenhire.

Locals and Personals

Mrs. E. L. Jones of Lincoln, Ark., and Mr. and Mrs. Dorcas Rogers of Goree arrived here Sunday night to visit Mr. and Mrs. E. Roberts. Mr. and Mrs. Rogers have returned but Mrs. Jones remained for a month's visit. Mrs. Jones is an aunt of Mrs. Roberts.

Mrs. W. F. Ritchie returned home Monday evening from a visit in Dallas through Easter with her daughter and son-in-law, Mr. and Mrs. John Bowling.

Jack Knight, who is employed in Phillips, spent the holidays here with his mother, Mrs. Pauline Knight.

Mr. and Mrs. Dell Rich and children, Jimmy Dell and Judy of Olney, were guests last week of her parents, Mr. and Mrs. James Norman.

Mr. and Mrs. W. D. Dickey and James spent the Easter weekend in Amarillo with their son and brother, Bill Dickey, and wife.

Mr. and Mrs. W. C. Roudebush and daughter, Woodine, and Mr. and Mrs. Odell Garrison and daughters, Judy and Jan, and son, Tommie, of Altus, Okla., were guests over Easter in the home of Mr. and Mrs. Marion Long.

Roy Hudnell of Amarillo, Eugene "Butch" Slater of Fort Worth and Mrs. J. L. Smith, Geo. Freelan, Jr., Lee Roy Hodges and Boaz Stotts attended the Easter pageant Sunday in the Wichita Mountains near Lawton, Okla. The group visited Craterville Park en route home.

Mr. and Mrs. H. Byrd spent the Easter holidays with their daughter and son-in-law, Mr. and Mrs. John R. Hudman, and family, of Houston.

Following the tea, Mrs. Gidden read the following quotation, "How so lovely growing so many fine things do; Ivory and gold, and silks that are new, and there is old trees, old streets and old; Grandmothers as these, grow lovely, growing Mrs. A. Gidden graciously invited the guests.

Mrs. Pritchett gave the in-charge and then Mrs. Gidden, the club president, Nelson, who was honorarily escorted. Mrs. Bartlett sang "When I Grow Old," accompanied by Miss Betty Lemons.

TEL Class Meets In Cypert Home

The T. E. L. Sunday School Class of the First Baptist Church met Thursday, April 15 in the home of Mrs. Isabell Cypert.

Mrs. Omer Hill gave an interesting devotional. Monthly reports were given by Mrs. Alla Boswell and group captains. After the business session, the meeting was turned into prayer service.

Delicious refreshments were served to two visitors, Mrs. Billie O'Neal and Mrs. Joe Weathersby and six members, Mrs. Frank Ellis, Mrs. W. E. Hill, Mrs. T. T. Lord, Mrs. Alla Boswell, Mrs. Dick Watson and the hostess, Mrs. Cypert.

More than half a million Texans planted gardens last year and indications point to more in '54.

Methodist WSCS Meets For Study

The Woman's Society of Christian Service of the First Methodist Church met in regular session April 19 in the church parlor.

Mrs. Tracy Davis conducted the Bible study for a period of 30 minutes and then Mrs. A. B. Jones brought the scripture lesson.

Mrs. Henry Newman and Mrs. L. G. Yarbrough were in charge of the program. Mrs. Newman's topic dealt with the risen Christ, and she stressed whether or not "Christ has come into our individual lives." Mrs. Yarbrough gave "Who is the Guilty?" from the "Methodist Woman and World Outlook."

Mrs. Mac Tarver, president, concluded the program by bringing a report concerning the Treasury Chest, which is an offering over and above the pledges.

UDC Chapter Meets In Home Of Miss Sybil Gurley

Miss Sybil Gurley was hostess to members of the Winnie Davis Chapter of the United Daughters of the Confederacy on Tuesday afternoon, April 13. The meeting was held at 3 p. m.

Mrs. L. G. DeBerry, president, called the meeting to order and the Pledge to the Flags and the U. D. C. Ritual were given.

During the business session, a letter was read from Mrs. Keyes of Amarillo inviting the Chapter to attend a meeting on April 15 at the home of Mrs. C. M. Ford in Amarillo. Plans for attending the District meeting on May 14 in Lubbock were also discussed.

As the afternoon's program Mrs. Frank Wright discussed "Tribute Paid to a Northerner by a Southern Man," and Mrs. J. H. Norman reviewed the By-Laws of the chapter.

Delicious refreshments were served to six members and two guests.

CARD OF THANKS

Our heartfelt thanks go out to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, and other kindnesses, we are deeply grateful.

The family of N. E. Nae

CARD OF THANKS

May we take this method of thanking our neighbors and friends for their kind expressions of sympathy during our bereavement. These expressions have been deeply appreciated.

Mrs. Claude Merton
Mrs. Geo. Bass
and families.

Those visiting over the weekend in the John Campbell home at Lakeview were their children including Mr. and Mrs. Ed Shirley and children, Judy, Donna and Vickie Lynn, Mr. and Mrs. Charles Campbell of Amarillo, Mr. and Mrs. Jack Cromwell and daughter and Mrs. Campbell's brother and sister-in-law, Mr. and Mrs. H. D. Reed, all of Justin.

Mr. and Mrs. E. E. Roberts had as visitors over the Easter holidays their children, Mr. and Mrs. Evan Roberts and children of Lubbock and Mr. and Mrs. E. L. Derr and son of Fort Worth. They have all returned home with the exception of Mrs. Derr and son who remained for a week's visit.

Horticulturist Says Borer Is Most Troublesome Tree Pest In West Texas

The most troublesome insect pest of shade and fruit trees in West Texas is the tree borer. Several species attack different types of trees under somewhat different circumstances. They have succeeded in killing many orchards and an even greater number of fine shade trees.

The popular tree borer has rung the death knell of most of the fine, old Lombardy and Boliana poplar trees in this area. Many more are so riddled with the holes that their days are numbered.

The big, clumsy, black and white, inch-long adult lays its eggs around the bases of the tree. After hatching, the grub bores through the bark and begins to tunnel through the cambium and important inner bark. Later, it drills into the wood. Result is a girdling of the tree causing it to die. Often the grub operates just below the soil level. Digging for the borers with a knife often results in greater damage than the grub. Fumigants are partially successful if the damage is at ground level or below. Ethylene dichloride is the most practical fumigant. Four one-fourth pint of the 50 per cent solution in a band around the base of the tree one inch away from the trunk of a five and a six year old tree. Build a mound of soil one foot deep around the tree over the fumigant to confine the fumigant.

A more practical method for saving a shade tree from borers is to prevent the infestation by spraying. Mix three tablespoons of 25 per cent DDT emulsion in a gallon of water and spray over the trunk of the tree. Pull the soil away from the base and make certain the entire bark surface is well covered. Do not spray foliage. Spray monthly beginning the latter part of May.

The peach tree borer attacks the stone-fruit trees. This pest works in much the same manner as the shade tree borer, but its damage is easier to spot. Bark of the lower trunk usually turns black and a gummy material exudes. Control is the same as for the popular tree borer. Remember: Once the borer is in the spray will not reach him.

Another troublesome pest of fruit trees is the shot-hole borer, a tiny fellow that bores holes about the size of a buck shot in the bark of twigs and branches. This borer causes branches to die one at a time. If you find shot-hole borers, spray the branches just as you did for the peach tree borer; then religiously fertilize and irrigate the tree for good growth to ward off more borers.

A small wood borer works in the trunk and branches of weeping willow trees so effectively that an old weeping willow is a rarity in West Texas. Again use the recommended DDT spray on the branches and trunk. Adherence to this spray program will allow your weeping willow to live.

In all borer control three things are important: (1) Make your first application of preventive spray early in the season before the adult has an opportunity to enter the tree and begin to lay its eggs, (2) Spray at month intervals throughout the season, (3) Use DDT spray of the correct concentration and cover the bark thoroughly.

Traffic Accidents Called Leading Killer Of One To Fourteen Year-Old Children

"Child killer No. 1." In these words, Col. E. B. Tilley of Houston, president of the Texas Safety Association, labeled traffic accidents the greatest single cause of death among children 1 to 14 years old—a cause that claims hundreds more victims annually than cancer, it's closest competitor for this gruesome title.

Speaking on behalf of the current Child Pedestrian and Bicycle Safety program which the Texas

Safety Association is sponsoring in cooperation with the Department of Public Safety and the National Safety Council, Col. Tilley said, "Contrary to general opinion, neither cancer nor pneumonia, tuberculosis nor polio, take as high a toll of young lives as traffic accidents."

Quoting statistics for 1950 (the latest year for which figures on deaths from disease are available) he showed that traffic accidents were the leading cause of death among children from 1 to 14 years of age. "Traffic accidents claimed 3,655 victims," he said, "while cancer accounted for 3,156, pneumonia for 2,821, tuberculosis for 1,263, and polio for 862."

"The great tragedy in this whole picture is that most of this child slaughter on the highways is unnecessary," Col. Tilley said. "In the majority of cases, traffic accidents are due to somebody's carelessness. If we would just substitute careful walking, driving and bike riding for the careless variety so often practiced, the child traffic toll could be reduced sharply over night."

He urged parents and teachers to impress upon youngsters the importance of being alert in traffic, of crossing at cross walks and with traffic lights and of never playing in the street.

He made a special plea to motorists to watch out for children whenever they drive.

"Youngsters are carried away by play," Col. Tilley said. "Sometimes they forget entirely the real world around them. Motorists should be aware of this and always expect the unexpected from them."

He warned motorists to keep a sharp eye out for children when driving near school playgrounds, in residential districts, or wherever else children are likely to be found.

"Whenever you're near their haunts, drive slow," he advised. "Remember, children move fast."

Farmers Advised To Purchase Only Certified Seed

COLLEGE STATION—Certified seed may cost slightly more, but the added expense assures purity, higher germination and better yields at harvest. Seed of questionable purity and germination may not be cheap at any price, says L. C. Coffey, extension agronomist.

Coffey points out that good seed labeled "certified" is the best seed available of a particular variety. Seed in this category comes from fields that have been inspected during the growing season, properly handled upon harvest, cleaned, tested for purity and germination and properly stored. All this, he adds, is insurance for the farmer.

The blue tags attached to each certified seed sack carry information of interest to the buyer. Issued by the State Department of Agriculture, the blue tags are placed only on seed that have met these high standards.

Supplies of seed generally are adequate, but last minute shoppers may find local supplies depleted and thus forced to plant whatever seed is available.

Coffey says if planting seed has not been chemically treated for seed-borne and seedling diseases, farmers by doing so will gain additional insurance against poor stands and plant losses during early plant growth. County agricultural agents can supply information on seed treating and can make local variety recommendations.

for illegal hunting of ducks and quail; four for bagging geese after the season closed and two for shooting mourning doves which have been nesting for some time.

The director said thirty-nine persons were fined for assorted violations of the deer code, with twenty-eight cases for headlighting or night hunting.

The largest fine was \$200 for possessing a deer carcass with twenty-seven license tags removed for more flagrant violations. Cases totaled 241 and fines court costs came to \$6,094.50.

Weatherbys Return After Fishing Trip

Mr. and Mrs. T. D. Weatherby returned Saturday after a 10-day deep sea fishing trip to Port Aransas. They were accompanied on the trip by relatives from Waco and visited in that city en route home.

The Weatherbys reported good luck fishing and are planning to go to Amarillo Sunday where they will furnish the fish for a fish fry and family gathering.

The meeting will be held in the home of Mr. and Mrs. Raymond Harkins. Relatives planning to attend in addition to Mr. and Mrs. Weatherby include Mr. and Mrs. Howard Weatherby and family of Shamrock, Mrs. Lonnie Isaac and son Al of Amarillo and Mr. and Mrs. Weldon Snyder and son, also of Amarillo.

Visiting Boaz Stotts from Saturday through Monday was Roy Hudnell of Amarillo.

Boys And Girls All-District Basketball Teams Named At White Deer Meeting

Boys and girls all-district 1-A basketball teams were named last week during a dinner meeting of school officials at White Deer.

At the session, Gruver was added and the district was divided into two four-team sections.

The two boys and girls teams in each half will compete in championship play at White Deer, Feb. 11-13 of next year. Single elimination games will determine the champion in the boys and girls divisions. Two games are to be played each night during the tournament.

Memphis, Clarendon, Lefors and McLean will compose one half of the district, and Panhandle, White Deer, Canadian and Gruver, the other.

Duke Frisbie, forward on the Memphis squad, was placed on the all-district boys team. Last fall, he was named on the all-district football squad.

Nolan Poteet coached the local basketball team and George Childress, the football squad.

Also on the all-district boys basketball team are: Don Dennism, White Deer; Jim Fannin, McLean; Dale Roselius, Panhandle; Phillip Ekhardt, Lefors; Ray Ramirez, Canadian; Don Landers,

Clarendon; Ronald Mills, White Deer; Wayne Moore, McLean; and Gregory Sherwood, Panhandle.

Members of the all-district girls team are: Kay Williams, Panhandle; Anita Tillman, Lefors; Helen Bruner, McLean; Peggy Tate, Panhandle; Horlene Smith, Clarendon; Kathleen Riley, Canadian; Irene Detten, Panhandle; Marlene Moore, McLean; Sandy Wilkinson, Canadian; Rose Detten, Panhandle; Christine Hunt, McLean; and Annette Smith, McLean.

Supt. Archie Roberts of Lefors, succeeded James R. Cox as chairman of the district school officials group. He was elected to a one-year term.

Officers Elected

presenting them, printed here just to show the Spanish and French names that are common in New Orleans: 1714—Louis Juchereau de Saint Denis—Emilie Tujague; Dona Marie Emmanuella Sanche de Navarro—Evelyn Jordan Mumme; 1721—Captain Henri d'Aubant—Edgar Lacoste; Princess Charlotte, Audrey Mary Galouye, etc., etc.

Easter Day was colorful here with everyone trying to outdo each other in Easter finery. It was not, of course, colorful like the Mardi gras, but to West Texans it was a great show.

Louisiana is a showy state. From Shreveport to N. O., the country is almost level and in places swampy. Rice and sugar cane fields predominate. We saw green pastures, crowded with cattle, some crossed with Brahmas, all along the route and wished our cattlemen could have like pastures for their stock.

One thing we note the absence of and that is dust. The damp air makes breathing easier.

Daniel Seeks Tax Deduction For Pipe Laying On Farms

WASHINGTON, D. C.—In response to hundreds of letters and telegrams from Panhandle and West Texas farmers, Senator Price Daniel has asked the Senate Finance Committee to include a provision in the new Income Tax Revision bill to permit farmers a deduction for the installation of underground concrete pipe as a current farm operating expense.

"The wise use and conservation of irrigation water is of supreme importance in the drought areas of our country," Senator Daniel told the Committee. "Such a provision would assist materially in the conservation of this valuable resource."

Under present law, expenditures made by farmers to improve their land are required to be capitalized rather than deducted as a current expense. As passed by the House of Representatives, the new bill would allow the farmer to deduct the cost of soil and water conservation improvements as a current expense, up to a maximum of 25 per cent of the gross income derived from farming in any one year.

Senator Daniel's proposal would extend this provision to include the installation of underground irrigation pipe, which is now specifically excluded from the bill.

Bureau Elects

(Continued From Page 1)

dins, Crump Ferrel, D. C. Hall, Elmer Lacy and J. D. Cox. Arvin Orr was appointed to succeed W. C. Hignight as alternate to Howard.

Outgoing directors are Olton Pate, E. L. McQueen, Jr., J. J. Hunter, Robert Sexauer, Paul Smith and E. L. Geisler.

Membership chairmen are: Crump Ferrel, Estelline; G. O. Coker, Turkey; J. W. Longshore, Lakeview; and Robert Moss, Memphis.

Brown Smith was named chairman of the resolutions committee. Chairmen of the program and refreshment committees were to be appointed this week by Hodges.

Results of a drive for members, which has been going on, are expected to be disclosed in the near future. The county Farm Bureau will award a suit of clothes to the one, signing up the greatest number of members, and Crump Ferrel will donate a \$15 hat to the man who is second in the campaign.

Gene Koening of Plaska, service officer of the county organization, made a short talk on the various services which the Farm Bureau provides members.

It was decided that each Farm Bureau member should receive the official sign of the organization, bearing the member's name, to be put up at the member's farm.

The next meeting of the county organization is scheduled Monday night, May 24, at which time Cong. Walter Rogers is expected to be present to address the session.

Approximately 40 persons attended Monday evening's meeting.

Band To Compete At Canyon Friday

The Memphis High School Band will be in Canyon Friday to compete in the Interscholastic Region XI band contest. The musical organization is directed by Richard Highfill, director of music in the local high school.

The Memphis band will participate in concert, sightreading and marching contests.

In addition, twirlers will demonstrate their prowess at the band meet.

Monta June Saye will present a solo twirling act. A twirling ensemble, composed of Johanna Daniel, Katherine Wright, Yvonne Sturdevant, Betty Claude and Monta June Saye, also put on a baton demonstration.

Soloists and ensembles of the Memphis High took part in regional contests at Canyon, April 18. Approximately 165 persons were present.

Japan surrendered formally to the Allies on board the USS Missouri in Tokyo Bay, September 1, 1945.

Mr. and Mrs. A. J. Fowles' granddaughter, Donna Fowles Lesley, spent Saturday night Sunday in Lubbock with the twirlers' daughter, Mrs. W. B. and family.
