The electric co-op serves Hall County and parts of Collingsworth, Donley, Childress, Briscoe, Motley, Cottle and Floyd counties. Also on the evening's activities was a business session, a program of entertainment, and the awarding of a number of prizes.

## Crops Look Good in Much of County, Extension Agent Says

Crops in Hall County look good except around Turkey in the Baylor community, Extension Agent W. B. Hooser said today, following inspection of the area. Hooser said old-time and feed on dry land farming badly but that older crops were holding up relatively well.

Crops got an earlier start, cotton and feed has burned badly, the county agent reported. Crops, north of Red River, to a great extent are in pretty fair shape, and also look good around Estelline, Hulver, Parnell and west of the latter community. Out in the Antelope Flat section, in the west part

according to Hooser. Damage to cotton by careless of the county, they also are good, worms has not been serious when farmers in whose fields they have appeared, have poisoned, he said, adding that beneficial insects, such as lady bug beetles, lacewing flies, and several types of spiders, (Continued on Page 12)

## Opening Activities In Local Schools Announced Monday

A schedule of activities in connection with the opening of the Memphis schools was announced Monday by Supt. W. C. Davis. Classes will start Tuesday, Sept. 7. Enrollment of students is slated for Thursday and Friday, Sept. 2-3. Buses will run their regular routes both mornings and at 2:30 o'clock each afternoon, according to Davis. On Friday, Sept. 3, all books are to be issued and pupils assigned to their rooms. Monday, Sept. 6, which is Labor Day, will be observed as a holiday, with regular classes for the new school year commencing the following morning at 9 o'clock.

## \$50,000 In A. C. P. Payments Slated

Approximately \$50,000 worth of 1954 Agricultural Conservation Program payments are expected to be received by Hall County producers sometime in the near future, Lynn L. McKown, manager of the Agricultural Stabilization and Conservation office here, said Tuesday. The payments will be chiefly for work done on terraces last spring, the A. S. C. office manager said.

The A. C. P. money is being paid several months earlier than usual as it normally would not be distributed until next spring. The funds were authorized last Wednesday, McKown explained. Payments to individual producers are being processed here before being sent to the state A. S. C. office at College Station for final auditing. McKown said applications will be held here until farmers who have excess cotton acreage have plowed this up.

## Miss Doris Chaudoin Chosen County Farm Bureau Queen

Miss Doris Chaudoin, daughter of Mr. and Mrs. John Chaudoin of Estelline, was chosen queen in a contest sponsored by the Hall County Farm Bureau at City Park on Monday night, according to Robert Moss, a vice-president of the organization. After judging ended in a tie, all of the girls were called back and Miss Chaudoin eventually was declared the winner of the contest. Miss Chaudoin was awarded \$25 by Harold Hodges, president of the county Farm Bureau. Miss Lois Ann Cofer of Memphis, the runner-up received second prize money of \$15 from Hodges. Other contestants were Miss Betty Nell Neighbors and Miss Shirley Nabers, both of Lakeview.

and Miss Billye Hartsell of Plaskala. Miss Chaudoin will compete against other county Farm Bureau queens in a district contest at Amarillo, Sept. 18, which is to be televised. Saturday night, she is scheduled to sing on a program on KGNC-TV at Amarillo, which starts at 7 o'clock. All of Miss Chaudoin's expenses to the district competition in September will be paid. Judges in the contest here Monday evening were Robert Kiker, Mrs. Hollingsworth and Mrs. Murrell Conn, all of Childress. Score judges were Mrs. Gladys Johnson, Mrs. Louie Merrell and (Continued on Page 12)

## Sewell Fined On Bootlegging Count

Sam Sewell of Memphis, paid a \$100 fine and court costs here Saturday afternoon after he pleaded guilty to a charge of illegal possession of liquor for the purpose of sale in a dry area, according to Deputy Sheriff Bill Baten. Sewell was arraigned in the court of County Judge Tracy Davis. Sewell had been arrested earlier in the afternoon after a quantity of intoxicants was found at his home here. The liquor consisted of more than a case of beer, three half-gallons of whiskey, and several gallons of "chuck," Baten said. Sheriff E. S. Morrison, Baten and Constable Jack Peabody conducted the raid.

## Record Crowd Turns Out For Annual Co-op Meeting

Approximately 685 members and 2,000 visitors attended the annual meeting of the Hall County Electric Co-op in City Park Wednesday evening of last week. This was the largest percentage of consumers ever to attend an annual meeting in the opinion of J. W. Coppedge, co-op manager. The electric co-operative service area includes all of Hall County and parts of Collingsworth, Donley, Briscoe, Floyd, Motley, Cottle and Childress counties, Coppedge said. The system has 1,450 consumers, according to Coppedge. About 150 iced watermelons were served to the crowd and approximately 131 of those attending went swimming in the municipal pool at special rates, through arrangements with the City of Memphis.

son and Mrs. S. S. Cooper, TV lamps; R. D. Revel, Oran Adcock, Mrs. Ernest Foster and E. M. Glass, electric beanpots; James W. Albert, combination electric clock and radio; Raymond H. Martin, Everhot electric oven roaster; George Pierce, Claude Fowler and F. G. Watt, electric soldering irons; L. I. Davis, electric fan; May Weatherly, Nesco electric roaster; and Mrs. Cecil Purcell, automatic electric deep fryer. Also among the evening's activities was an entertainment program. It consisted of the following: music by Zip Durrett, Earl Richards, Mack Graham, Elmer Teel, Roy Rea, Wes Nivens, Frank McWhorter and Jack Pritchard; novelty number by Cloyce Ray Orr and Paul Hancock; and magical tricks by Tom Tilson. Special guests included State Senator Andy Rogers of Childress, and State Representative Elbert Reeves of Matador. Other special guests were R. A. Yarbrough, manager of the Gate City Electric Co-op at Childress, and Orval Couch, manager of the Greenbelt Electric Co-op at Wellington.

## B Team Candidates Asked To Report

An election to select A. S. C. community committeemen and alternate community committeemen in Hall County for 1955 will be concluded Wednesday, according to information released here Monday. Names of persons placed on the ballots by the community election boards, also were announced. Those elected chairman and vice-chairman of each community committee will automatically become the delegate and alternate delegate, respectively, from the community to the county convention, to be held here, Monday, Aug. 30. Ballots have been mailed to all eligible voters whose names are on the mailing list of the Hall County A. S. C. office in Memphis. Those, returned by mail, must be post-marked not later than Wednesday. Ballots also may be turned in at the A. S. C. office here up until 5 o'clock Wednesday afternoon.

## Hedley Wins Regular Season Championship

Hedley baseball players got sweet revenge Sunday for two early season defeats by Pampa when they rapped the Gray County team, 15-5, in a contest on the diamond of the Donley County nine. Pampa used three pitchers in an attempt to stem the Hedley onslaught while Dewey DeBord went the route for the victors. Homeruns were made by Larson of Pampa, and Sims and Stone of Hedley. The game finished regular Cap Rock season play for Hedley and left them in first place, with 12 wins and three losses. League playoffs will get underway, Sunday, Aug. 28 when Hedley meets the fourth place team in the league at Hedley.

a governor  
for ALL texans . . .

Hard-working Ralph Yarborough has a clean, honest, progressive record as a public official. His ambition is to be the kind of chief Executive about which any Texan can say with satisfaction, "He's MY Governor." He does not regard Texans as groups — blocs — cliques or parts of a political machine, but as independent voters of the greatest state in the nation. Ralph Yarborough is a true Texan, a typical Texan who grew up and educated in the Lone Star State. He knows the people and he knows what makes them great. He knows they are seeking a free and independent Governor unfettered by any political commitments on the local, state or national level. He believes in the individual — and the individual's ability to achieve under our free enterprise system. The Democratic candidate for Governor invites the support of all Texans who believe with him in the time-honored traditions of free, honest, democratic government and in the future of Texas.

**WHAT THE GOVERNOR'S RACE MEANS TO HALL COUNTY**

Gov. Shivers has said that to be loyal to himself he had to support the Republicans. What he had in mind among other things, was the tidelands. He was frantic to find out how Eisenhower stood on the tidelands, but he forgot to find out how he stood on the FARMLANDS.

As you know, the Republicans are leading a fight to CUT FARM PRICES. And you know what that will do to the price of cotton, maize and wheat. It's one thing to be loyal to yourself and your own interests—but another thing to be loyal to the farmers of your state. Working for the tidelands was fine, but losing the farmlands will wipe out all possible benefits of the tidelands. Farmers—and business men, too—just do better under a Democratic Administration. Let's tell the nation that Texas is still Democratic, and

### Insects Destroy Large Amount Of Cotton Last Year

COLLEGE STATION—Cotton last year destroyed more than \$261 million worth of lint and seed in Texas. They are estimated to have cost the state about \$261 million worth of lint and seed in Texas. They are estimated to have cost the state about \$261 million worth of lint and seed in Texas.

Fuller suggests that farmers continue to keep a close check on the cotton insect population by making frequent field inspections. Should infestations develop to the damaging point, control measures become a must. The intervals between applications and the thoroughness of the job done, he emphasizes become very important factors in stopping insect outbreaks. Any recommended insecticide, he adds, will give good control if properly applied.

Finally, he suggests, farmers may secure information on insect identification insecticides and their use from any Texas county agricultural agent.

### Farmers' Income First Half Of Above 1953

—Texas "farmers' cash income" for the first six months of 1954, according to a report by the University of Texas Business Research said, was \$703.5 million, or 9 per cent above the \$645.4 million total for the same period last year.

The Bureau reported a sharp decline in prices received by Texas farmers during June. Prices dropped to a level 6 per cent below May and 3 per cent below June, 1953. Crop prices were down 4 per cent for the month, with vegetables showing the largest decline, down 25 per cent from May. Other significant price decreases included food grains, down 12 per cent; feed grains, down 8 per cent; and potatoes and sweet potatoes, down 3 per cent.

Mrs. James Spencer and son, Jerry James, left Saturday night for their home in Houston, after visiting here since the previous Monday evening with her parents, Mr. and Mrs. J. L. Richburg of Lakeview, and other relatives.

Roy Blevins of Paris, Tex., and Clayton Blevins and his son and daughter-in-law, Mr. and Mrs. Billy Blevins, all of Pattonville, Tex., attended funeral services here Saturday for Lawrence Blevins. Roy and Clayton Blevins were brothers of Lawrence, Blevins.

commodities showing considerable increases in the year-to-year comparison included peanuts, 42 per cent (the largest per cent gain reported), and grain products were below 1953 totals for the first six months but only one registered a decrease of more than 20 per cent—cottonseed, down 39 per cent. Fruit and vegetable income fell 20 per cent below last year, while milk and milk products were 17 per cent lower.

### WORDS AND THOUGHTS

### Citizens Should Check SS Records

Citizens should check their social security accounts once a year, or at least every three or four years to make sure they are receiving credit for all earnings to which they are entitled, according to John R. Sanderson, district manager of the Amarillo SSA office.

Sanderson says that failure to check on social security accounts may prove costly to principals or their families, as payments received in the future will be based on records of covered earnings, credited to the accounts.

A representative from the Amarillo office will be in the commissioners' courtroom in Memphis, commencing at 10 a. m. Tuesday.

Devil take the shoehorn driver—Trying to squeeze into eternity.

### Plentiful Foods For September Listed

COLLEGE STATION—Beef is featured on September's plentiful food list. It gets top ranking because supplies are heavy and prices are about the lowest so far this season.

Beef, however, will not be the only major food on next month's list for at least 15 others are listed by the USDA's Agricultural Marketing Service in the southwest.

Homemakers will find plenty of medium and small eggs; milk and other dairy products; turkeys; hens, broilers and fryers; honey and rice; peanuts and peanut butter; fresh and processed lemons and limes; salad oils and vegetable shortenings when shopping in September.

If the old adage, "Variety is the spice of life" be true, then grocery shoppers next month by taking advantage of the "best buys" should

be able to give the family a pleasing and nutritious variety of good eating.

### Army Continuing Enlistment Drive

The Army is continuing to authorize enlistment and re-enlistment in a wide choice of initial assignments in order to fill its ranks with qualified and career-minded personnel, according to SFC Aubrey O. Bailey of the U. S. Army Recruiting Station at Childress.

Sgt. Bailey listed the following choice of assignments as being available, on a quota basis, to qualified applicants for enlistment in the Regular Army: Adjutant General's Corps, Armor, Army Medical Service, Artillery, Chemical Corps, Corps of Engineers, Finance Corps, Infantry, Military Police Corps, Ordnance Corps, Quartermaster Corps, Signal Corps, Transportation Corps, Regular

Army Unassigned, and Airborne Unassigned.

The recruiting station in Childress is located at Avenue B NW and is open daily, except Sunday, to furnish expert assistance and advice to men and women who are interested in a military career.

### CARD OF THANKS

We wish to express our deepest appreciation for the many kindnesses and expressions of sympathy extended to us in the loss of our loved one. We especially thank Dr. Edwin Goodall and the nurses, also those persons who prepared food.

### Parents Advised In Preparation Of Beginning Students

Children entering school for the first time this fall who have not had physical checkups and necessary vaccinations and shots should have these matters looked after by their parents before the coming January, according to Supt. W. C. Davis.

Many children completed this schedule last spring during a school roundup here, the superintendent said.

Parents of children whose birth certificates have not been recorded in the office of Miss Mary Foreman, county superintendent, must do this before the opening of school, Davis declared.

Importance of safety habits during school hours and at lunch and recess times should be impressed upon young children in order to protect them from harm, the superintendent said.

It would be wise to label or mark all school materials and personal possessions of young students, in case the articles become misplaced.

### J. W. Bragg Named As Superintendent

J. W. Bragg, son of Mr. and Mrs. W. J. Bragg of Memphis, will become county school superintendent in Potter County, Sept. 1. Bragg, who was elected to the post in the first Democratic primary in July, was appointed to the position a few days ago, after Supt. Chas. W. Whittington disclosed his desire to retire before the 1954-55 school year begins. Whittington's wish was contained in a letter to the Potter County Commissioners Court.

In the letter of resignation, Whittington recommended that Bragg be appointed to fill out his term, which terminates Dec. 31. Whittington did not run for reelection.

Bragg attended Memphis High School and holds B. S. and Master of Education degrees from West Texas State College. He has lived at Amarillo about 4 years. He taught in the River Road School there, and then was an instructor supervisor at Amarillo Air Force Base. Following that, he was employed at the Atomic Energy Commission plant, northeast of Amarillo. Since the first of the year, he has been engaged in private business in Amarillo.

During World War II, Bragg served in the European Theater in communications with the Field Artillery. At present, he is at Fort

### Wife Of Former Memphian Dies

Mrs. Ruby Jane Fields, wife of Owen Fields who lived here a number of years, died Aug. 10, at the family home at Vista, Cal., according to word received here. Mrs. Fields, 50 years old, had been in ill health for several years. She was a registered nurse and formerly was on the staff of the old Escondido and Palomar hospital.

Mrs. Fields had lived in Vista for eight years.

### Holman Attending Telephone School

W. P. Holman, who is division construction supervisor and building and supply supervisor for General Telephone Company of the Southwest in Memphis, is attending a company school in basic station installation and maintenance this week in San Angelo. He will be presented a Certificate of Award after completing the 40-hour course.

### Pleads Not Guilty On Liquor Charge

Billy Shawhart of Memphis pleaded not guilty here Monday morning to a charge of illegal possession of liquor for the purpose of sale in a dry area and bond was set at \$1,000, according to Deputy Sheriff Bill Baten. Shawhart appeared in the court of County Judge Tracy Davis. He made bond Monday afternoon.

The case will be heard in county court, Tuesday, Aug. 31, Baten said.

Shawhart was arrested Saturday night after 4 half-pints of gin and 2 half-pints of whiskey were found at his home here, the deputy sheriff said.

Officers participating in the investigation, other than Baten, were: Sheriff E. S. Morrison, Constable Jack Peabody, Chief of Police Guy Wright, and City Policemen Ben Spear and Dutch Vallance.

### Father, Son Catch 'Big-uns' On Coast

A father-son team from Memphis recently caught some "big ones" that "didn't get away" at Port Aransas. The father and son are Frank Foxhall and Frank Browder Foxhall. They and Mrs. Foxhall spent 11 days at the Gulf Coast fishing resort, returning home Aug. 10.

The fishermen combined their efforts to drag in two lemon sharks. The father hooked the big fish and then handed the rod to his son.

On the morning of Aug. 10, the largest of the sharks was hooked and it was an hour and 40 minutes before he was landed. Even then, he had to be shot six times. The shark was 8 feet, 8 inches long, and weighed approximately 540 pounds, supposedly the largest fish of this type ever caught at Port Aransas. Lemon sharks are in the same class as white and tiger sharks, and all are man-eaters, Frank Browder said.

A man from the South Pier, on which the shark was caught, shot the fish with a Frontier model .45 pistol, and his son shot it with a 30-30 rifle before a gaff could be stuck into its mouth in order to land it. During the long struggle, the reel was torn to pieces.

On Aug. 3, the father and son snared a smaller lemon shark, also on the South Pier. This specimen was 6 feet, 9 inches long and weighed about 328 pounds. The shark was dragged in after a 40-minute fight.

### ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.

### Gulf Fishing Good But Likely To Be Better Next Year

ROCKPORT—Current favorable fishing reports along the Texas Gulf coast prompted Cecil W. Reid, director of marine Fisheries to observe that "this is only the beginning."

Reid said next year should be even better than this year when record catches have been made at several places.

The director said the excellent luck of salt water anglers results from a gradual comeback by the fish after the disastrous freeze of 1951 when countless tons of sports fish were killed.

Some of the fish died outright from the cold, which reached record minimums, but most of them perished when stunned by the chill and left helpless to die from sedimentation fouling their breathing processes.

The director has observed earlier this season that the 1954 fishing would approach normalcy for the first time in several years.

This now has been confirmed

by observers such as Andy Anderson, outdoor writer of the Houston PRESS, who wrote recently: "I have been fishing this coast for a lot of years and I don't know when I've seen as many fish caught over July 4 as I did this year."

Roy Swann, outdoor editor of the Corpus Christi CALLER-TIMES tried Laguna Madre and headed up his report "AREA FISHING MIGHTY GOOD." The Houston Chronicle reported by headline: "FREEPORT JAYCEE FISHING FIESTA IS BEST IN HISTORY" and Lorraine Basford, fishing editor of the PALACIOS BEACON wrote: "The casualty list of reds, trout, drum, panfish and even a few tarpon is so long that it is impossible to name all the catches."

The director of marine fisheries said vegetation conditions along the coast continue to improve, providing better food and habitat, thus presaging a gradual betterment beyond the present favorable fishing conditions.

Mrs. Mattie Chitwood visited in Lubbock last week with her brother, W. O. McAteer. While there, she also attended the Assembly of God camp meeting.

Travel Broadens Man's Outlook

A great many changes have occurred the past several decades in the habits of residents of the United States, as older persons are well aware. It probably would be surprising and even eye-opening to today's youngsters if for a brief period, time could be turned back and they could compare their way of living with the way their parents lived when they were growing up.

The look backward likely would cause the young people to wonder how in the world their parents were able to stand a life so devoid of conveniences and seemingly so dull. As a matter of fact, some of the parents themselves, may in retrospect be hard put to comprehend how they endured it.

For changes have been many and on the grand scale since the turn of the century. Back a few decades ago, there were plenty of families whose daily lives did not include such comforts as running water, good lighting, bath facilities, even decent houses. Ice, for keeping foodstuffs and for providing cooling drinks in warm weather, was a luxury which few could afford. And such things as air conditioning, convenient clean cooking and heating facilities, radio, television, and mechanical refrigeration were unknown. Newspapers, magazines and books were a rarity in the homes of many families. Of course, there still are families who lack part, and in some instances perhaps all, of these but their number is decreasing with each passing year.

Another change—and one which likely compounded the over-all rate of change—was the advent of the automobile and the resulting road construction program. This combination made it possible for the general public to see how their more fortunate neighbors were living and whetted their desires for some of the same.

Before cars and improved roads arrived, places which were more than 20 or 30 miles distant were considered foreign territory that most folks seldom saw. In those days, a trip to the county seat or the nearest "town" was something to think about but rarely realized. Even when such a trip became necessary to pay taxes or to lay in a stock of merchandise for the family or for some other reason, the head of the house (and sometimes his wife) frequently was the only one making the rough, tiresome trip. In many families, about the only time everyone traveled into town was when a circus or some other outstanding attraction came through the country.

Vacations, as we know them today, were only for the rich, with most families finding their pleasures among themselves and their neighbors. Actually, not even the rich could have the kind of vacations that millions of American families take for granted today because recreational facilities were relatively non-existent.

Automobiles and good roads changed this. More and more families began to expand their horizons. At first, trips were limited to the surrounding counties, then to states, until finally, the entire nation became accessible. Faraway places, like New York City, Chicago, Florida and California became something more than just names. Many persons for the first time in their lives saw an ocean, and the mountains, rivers and lakes which lay between the Atlantic and Pacific. Eventually, travel by automobile was extended north to Canada and Alaska, and south to Mexico. Some hardy souls have even pushed their way into Central America.

With the coming of age of aviation, the entire world has become easily and quickly accessible, and "quickie" vacations in Europe, South America, Hawaii and other distant parts of the globe are increasingly popular.

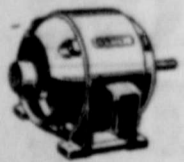

We would say all of this is a very good thing since it gives people not only the opportunity to meet their fellow countrymen but also residents of other nations.

As time goes on, we hope there will be an increasing amount of visiting among peoples of this world, for it could prove to be a fine thing for all of us.

Out of such wholesale visiting could very well come better understanding among the peoples of this earth and a willingness to work out problem and differences as good neighbors do—patiently and with a sincere desire to be fair.

The communist nations currently present the greatest obstacle to such a hope. However, if we and other nations continue our efforts to show that we want to be friends, at the same time making it clear that we will tolerate no infringement of our rights or territories, perhaps this obstacle will disappear in time.

Let us hope so, for if this comes to pass, the future of all of us will grow immeasurably brighter.

QUOTING OUR NEIGHBORS

Press Paragraphs— TAX REDUCTIONS

Speaking of tax cuts, as we were the other day, maybe we should have been pointing in another direction too. The U. S. Congress has just passed another tax reduction bill which, while much smaller percentage wise than Littlefield's still sets an all time record. Added to the other federal tax cuts this year, it is the largest tax cut that any government in history has ever made—7 1/2 billion dollars.

A large part of this cut took effect during the last half of the last fiscal year. Yet the federal deficit was 6 billion dollars less than was forecast by the previous administration, and the debt limit did not have to be raised.

This remarkable feat is another demonstration of the staying power of the American democracy. The Greek philosophers who lived in the first recorded large scale democracy insisted that democracy could last only until the people discovered they could vote themselves largesse from the public treasury, then they would bankrupt it.

Every democratic government since then has seemed to prove the truth of that gloomy philosophy and it seems likely that eventually it will weaken our own self-government so that it can be taken over by the forces of tyranny, but at least in 1954 it is showing signs of letting common sense triumph over greed and trying to hold government spending within sane limits.

ONE KILLED, ONE INJURED IN ACCIDENT—Capt. Edward M. Smith of Houston, was killed Saturday morning three miles southeast of Memphis when his car overturned. Lt. Jack Mallory, the other occupant of the car, was knocked unconscious for a few minutes but was only slightly injured.

Captain Smith, accompanied by Lieutenant Mallory, was en route from Denver, Colo., to his home in Houston. The men left Denver Wednesday afternoon and spent Friday night in Memphis. They had driven only about three miles when the accident occurred.

Lieutenant Mallory said Captain Smith made a sudden turn to the left to avoid a bad place in the road and swerved the car into another hole, which turned the vehicle completely over and left it facing the north.

ESTELLINE WINS IN COUNTY BASKETBALL TOURNAMENT—Estelline defeated Turkey, 19-13, Tuesday afternoon in the finals of the county basketball tournament, to take the championship and win the right to represent the county in the district tournament which will be held Friday and Saturday at Kirkland.

In the preliminaries Monday afternoon, Estelline won from Lakeview, 36-10, and Turkey defeated Memphis, 26-13.

This is the second consecutive year that Estelline has won the county event.

**IF YOU WERE GOVERNOR OF TEXAS WHAT WOULD YOU HAVE DONE?**

—Statement by Adlai Stevenson, (Aug. 19, 1952) upholding Truman's veto of the tidelands bill, handed to Governor Shivers at Springfield, Ill.

- IF . . .** You considered the future and welfare of TEXAS the most important part of your public career, and
- IF . . .** You knew that the future of TEXAS was vested in the education and training of TEXAS youth, and
- IF . . .** You knew that the loss of Texas tidelands would mean depriving TEXAS school children of \$32,000,000 annually in educational funds, and
- IF . . .** The democratic convention in session at Amarillo in September, 1952, INSTRUCTED you to do all within your power to RETAIN THE TIDELANDS FOR TEXAS and protect this income for TEXAS SCHOOL CHILDREN, and

**FINALLY . . . IF . . .** WITH THIS IN MIND, YOU SAT FACE TO FACE AND ASKED HIM IF HE WOULD SUPPORT TEXAS IN ITS RIGHTFUL FIGHT TO RETAIN THE TIDELANDS FOR TEXAS — FOR THE SCHOOL CHILDREN — AND THE ANSWER WAS **NO** — VERIFIED BY LETTER!

Then, I ask you . . . wouldn't you put TEXAS AND TEXAS SCHOOL CHILDREN FIRST? Wouldn't you have remained a true Texas Democrat along

with millions of others who prefer the Texas way of life? I had Texas in my heart! So . . . that's exactly what I did!!!

#### Pigeons For Breakfast

As I was leaving the house for work this morning I heard quite a commotion and looked around to see Jean and the children waving me to come back. I went back in and was advised that we had an uninvited guest for breakfast. I went out to the breakfast table and there sat a live pigeon in the center of the table. Jean told me that they were very peacefully eating when the feathered personage descending and landed smack in the center of the table. No one seemed to know where he came from or how. Time was too short for me to cross examine any of the children, but I hope to have the mystery solved by the time you get this letter. It sometimes takes quite a bit of discussion with the children to get all the facts assembled and properly documented and coordinated, but we usually come up with a pretty clear picture as an end result. None of them have yet pleaded the Fifth Amendment on me.

After a short but fast chase, the pigeon gave up, and I gave it to the children.

Speaking of the Fifth Amendment, it occurred to me the other day that if as much attention was paid to the Fifth Amendment as paid to the Fifth Commandment, we would certainly have less juvenile delinquency, much less adult crime and conspiracy and a better world in which to live.

The New Water Resources Subcommittee of the House Interior Committee commenced its work. We have had two meetings to date. One of these was with the representatives of the departments of the executive branch, representatives of the Hoover Commission, and the Army Engineers. Everyone seems to understand that we have water problems, but very little seems to have been done about it. Few people realize that the creation and the use of mechanical devices by man has brought about demands for water far in excess of the widest anticipation of those who were running this country at the turn of the century. For instance, industry uses more water than agriculture. Estimates are that in 1975 industry will probably be using two-thirds of all the sweet water available in this country. The East is beginning to realize this as it

sees many of the industries moving to the South. Water can certainly be counted as one of the determining factors in many of these moves. We in the Panhandle of Texas have long realized the need for water for industrial uses. If we could provide an ample water supply in our section, the industrial potentialities would be limitless.

Dr. A. L. Miller, Chairman of the Committee on Interior and Insular Affairs, gave a statement recently at one of our meetings, pointing out the fact that the refining of one barrel of oil requires 770 gallons of water; 70,000 gallons of water is required for one ton of sulphate pulp; 110,000 gallons of water is required to produce one ton of rolled steel; that 300 billion gallons of water passes New Orleans in the Mississippi River every day; 319 million acre feet of stream runoff occurs annually in the United States. Somewhere between 15 and 20 per cent, or 78 million acre feet of this water is developed and put to use. This means that we are wasting approximately 85 per cent of our greatest natural resource.

#### Benefits For American Prisoners Of War In Korea

The bill providing additional compensation benefits to more than 8500 American prisoners of war in Korea, including several hundred military and civilian personnel not yet released by their communist captors, as well as certain survivors of deceased military and civilian prisoners, will probably be law by the time you read this letter. This is legislation that was passed in accord with the recommendations of President Eisenhower under Re-organization Plan No. 1. The plan established the Foreign Claims Settlement Commission, which will have charge of the benefits and compensation to be paid under H. R. 9390. Those not presently detained or interned by the enemy will have one year from the date of enactment of this law within which to file their claim for benefits. If you know of anyone who could qualify under this law and who may not know about it, please tell them so that they will not run the risk of losing their claims. These claims should be filed as quickly as possible because a large backlog will soon accumulate, and the earlier ones to be filed will of course be the earlier ones to be paid.

### THE BAFFLES

### Exchange Of Ideas And Men Is Urged

AUSTIN—A University of Texas professor recommends "a regular and ever-increasing exchange of ideas and men" to improve cultural relations among nations.

Exchanges of persons on many social levels are desirable, Dr. Lewis U. Hanke, distinguished professor of history and director of the University's Institute of Latin American Studies, writes in *Compendre*, a European Society of Culture publication issued in Venice.

"Wisdom flows at all levels of society, not just among intellectuals," Dr. Hanke declares in an article entitled "Cultural Relations Between the Old World and the New: A Texan Viewpoint."

He calls for patience and "a fresh spirit of good will" in the effort to bring international understanding.

Ray L. Waddill of Houston visited last week with his brothers, J. B. and W. B. Waddill, and sister, Mrs. Clarence Moore.

late, and the earlier ones to be filed will of course be the earlier ones to be paid.

### Agency's Aid To Flood Disaster Victims Outlined

AUSTIN—It took just 3 1/2 hours for the state disaster relief organization, operating through its control center in the bomb-proof basement of the new Department of Public Safety building in Austin, to assemble a complete 60-bed hospital set-up and arrange for airlifting it to Piedras Negras, Mexico, the border town so tragically stricken during the late-June flood disaster on the Rio Grande.

Word of the need was received at the control center about 7 p. m., June 30. By 10:30 p. m. the last item had been located and slated for airlifting via U. S. Air Force planes.

It began with a telephone call from Eagle Pass, Texas, to the desk of the health department representative at the control center. The caller reported a wave of heat stroke and diarrhea, created by exertion of salvage work in the death-like calm and extreme humidity which followed in the wake of a 22-inch rain.

Needed immediately were beds, mattresses, linens, solutions of salts and nutrients to replace salt and body fluids lost to perspiration, vomiting, and diarrhea. Sulfathiazole, needed as a treatment drug; typhoid vaccine for a vaccination program; and tubes, needles and various accessories were also requested.

Dr. T. E. Dodd, the State Department of Health representative on the control center staff, immediately contacted the State Health Department Biologists Division, where a shipment of undecided on types to be sent.

Being the only physician present, Dr. Dodd estimated amounts of intravenous fluids needed and vial typhoid shots was readied.

He recommended that in addition to the sulfathiazole, injectable slow-absorbable penicillin and a generous supply of newer antibiotics be included. The penicillin was to be used for children and adult vomiting cases.

His recommendations were relayed across the table to Marvin R. Warren, Federal Civil Defense Administration representative, who got them from a civil defense warehouse in Lake Charles, La.

In the interest of economy, and because of the important weight differences, canvas cots were substituted for hospital beds and mattresses. C. E. Anderson, United States Public Health Service representative, procured them with a telephone call to the Federal Surplus Commodity Corporation.

The Red Cross state relations representative, Ralph Husted, arranged for airlifting the supplies to Eagle Pass since there is no field at Piedras Negras. At Eagle Pass the materials were unloaded, reloaded into helicopters, and flown to Piedras Negras.

### Research Workers Needed In Education

AUSTIN—The "science" of education needs more research workers, according to Dr. Herschel T. Manuel, educational psychology professor and director of the University of Texas Testing and Guidance Bureau.

"Science is knowledge; art is practice," he explained at a College of Education convocation. "In the one we are trying to understand, and in the other we are trying to do something."

He said additional research is needed on school and college activities and on "the complicated structure of institutionalized education."

This year there'll be available a portable water-cooled air conditioner that can be used in either home or car. When used in an auto, it plugs into the dashboard lighter.

### Locals and Personals

Mr. and Mrs. Neil Orand and children, Herbert and Susan, of New York City are visiting here with his parents, Mr. and Mrs. H. J. Orand. It has been seven years since Mr. and Mrs. Orand had seen their son and the first time to meet their daughter-in-law and their new grandchildren.

Don Keith Wells of Clarendon is here to help his grandfather, Sam H. Brown, at the locker plant. He will remain here until the Clarendon schools open.

## —DEMOCRATS—

NOW IS YOUR BEST CHANCE TO RID TEXAS OF THE SHIVER'S MACHINE

The run-off campaign for governor is now on. This is a call to arms. It is also an urgent call for you to vote.

**RALPH YARBOROUGH**  
Carried Hall County in the first primary. We call upon the voters to give him a large majority in the run-off primary.

THIS IS THE PEOPLE'S FIGHT

Those who toil on farms and ranches, in shops and factories, in oil fields and foundries in stores, in school rooms. Those old people on pensions who have been shamed and treated by Shivers' appointees. Those in debt with homes to pay for and budgets meet and children in school will help us turn the rascals out and clean up the mess. Austin and return our state government to the people. They are no longer content to let the crumbs which fall from the rich man's table. They want a fair return for their labor and services. They are tired of seeing the rich grow richer under Shivers' special privileges to them while they grow poorer with the Governor's heel of oppression upon their necks. The people are on the march to victory. Let every man and woman vote solid without fail — tell all your friends and neighbors — help the aged to the polls Saturday, August 28th. Vote absentee at County Clerk's office at the Courthouse if you will be away.

The big daily newspapers and Shivers have been trying to scare the people by yelling "C. I. O." "P. A. C." and stirring up race hatred.

At Washington the REPUBLICANS have just passed a tax reduction law which benefits the Moneyed boys who get income from dividends. The Democrats wanted a law which would give every one some relief.

The Democrats had good substantial FARM PRICE SUPPORTS at very little cost. The Republicans are trying every conceivable means to reduce support prices. Their 75% flexible program is passed, farmers will go bankrupt.

### Pewee And Junior League Teams All Square In City Tournament Play

All four teams taking part in the city summer recreation softball tournament had won two games and lost two when the fourth round of play was completed at City Park Tuesday evening, according to Ted Myers, director. The Ramblers and the Rockets were tied in the Pewee League and the Eagles and the Rattlers were all square in the Junior League.

In the first contest Tuesday evening, the Rockets tied the tournament by making it two in a row when they defeated the Ramblers, 22-15.

Leading the Rockets power were Mike Simmons with five runs, followed by Jimmy Harrison with four, Billy Thompson, Hoot Jones, Robert Noah and Jerry Moss with two runs apiece, and Gary Simmons, Toby Crooks and John Lavender with one.

On the Ramblers side, scorers were David May and John Lemons with three each, trailed by John Ferrel, Billy Pounds with two, and Jimmy Sturdevant, Michael Branigan, Brad Posey, Jimmy Dunbar, Don Craig and Jack Stargel with a run apiece.

In the thriller which followed, the Eagles edged the Rattlers, 21-20, in a contest which saw the score change to the opposite team's favor in every inning.

Robert Moss scored four times for the Eagles, Perry Wright, Kenneth Allison and Larry Craig, three times each, Dan Goffinet, Teddy Barnes and Bonnie Watts, twice a piece, and Ducky Adcock and Ronald Ables, once each.

For the Rattlers, Allyn Harrison, Ray Lee Hill, Jimmy Fields, Dwight Gailey and Phil Howard tallied three times, Joe Jeffers, twice, and Don Gailey, Donnie Spicer and Darrell Simmons, once each.

Last Friday evening, the Ramblers won their second game of the tournament, 18-11, and the Eagles defeated the Rattlers, 11-5.

On Tuesday evening of last week, the Rockets unleashed a fighting attack to win a closely fought contest from the Ramblers, 17-14.

Leading the Rockets offense were Buster McQueen with four runs, Ricky Hanna made three runs, Mike Simmons, Hoot Jones, Larry Helm and Robert Noah, two runs a piece, and Jerry Moss and Barry Ferrel, one each.

John Ferrel accounted for three

Rambler scores, Billy Pounds, Larry Crisler, John Lemons, Michael Branigan and Lanny Crisler, two each, and David May, one.

Winning battery was Jimmy Harrison and Mike Simmons.

In the game which followed, the Rattlers defeated the Eagles, 14-12.

Allyn Harrison, Joe Jeffers, Ray Lee Hill, Jimmy Fields and Phil Howard collected two runs a piece for the Rattlers, while Don Gailey, Dwight Gailey, Daryl Simmons and Donnie Spicer each tallied once.

Making two runs each for the Eagles were Perry Wright, Kenneth Allison, Teddy Barnes, Robert Moss and Ronald Ables. Larry Craig crossed the plate once.

Allyn Harrison and Don Gailey comprised the Rattler battery. Friday night, the fifth and deciding games of the tournament will be played at City Park. Members of the winning Pewee and Junior League teams will be awarded silver softballs by the Memphis Chamber of Commerce, according to Myers. The two losing squads will be awarded bronze softballs by Memphis merchants.

Plans are to make the awards Friday evening. Plans are also being made by parents of the Peepees to have a party for the boys and their parents at the softball grounds Tuesday night.

### Crops Look -

(Continued From Page One) have helped keep harmful insects under control.

Hooser said he found bollworms in limited numbers in cotton, belonging to a farmer in the Parnell community. The farmer is taking necessary measures to cope with the pests.

The county agent advised producers to check their crops frequently in order to take counter-measures against harmful insects, if they grew to menacing proportions.

Where careless weed plots adjoin cotton, farmers should spray the weeds and the cotton fringing them, using a toxaphene mixture of three pounds to the acre, Hooser said.

Only harmful insects are being found only in negligible numbers at this time, according to Hooser.

No rain has fallen in this area in the past week and as a consequence, temperatures have been hot, usually rising to around the 100-degree mark during the day. So far this month, precipitation here totals 1.18 inches, Weatherman John McMickin says. For the year, the total is 11.26 inches.

Lightning played around the skies, west and north of Memphis, Wednesday night and finally moved close enough for thunder to be heard. However, no one in this section apparently received more than a sprinkle, although temperatures did seem to cool off for a time during the night as a mild cool front blew in. Skies were partly cloudy this morning and the Amarillo weather station was predicting some widely scattered showers over the region.

Mercury extremes the past week, as recorded by McMickin, were as follows: last Thursday 71-104 degrees; Friday 70-103; Saturday 70-104; Sunday 76-100; Monday 70-102; Tuesday 70-100; Wednesday 71-100. The temperature dipped to only 72 degrees this morning.

**Community A.S.C.** - (Continued From Page One) Aug. 26. Five persons will be chosen from each community.

The one receiving the highest vote on each community ballot will be elected chairman, the second highest will be named vice-chairman, and the third highest will be the regular member. The fourth highest person will be declared the first alternate, and the fifth-ranking person will be second alternate.

The six delegates to the county convention will meet at 2 o'clock Monday afternoon, Aug. 30, in the county courtroom to elect the county committee for Hall County.

**67 Absentee Ballots Are Received Here**

A total of 67 absentee ballots had been received by this morning in the office of Mrs. Ruby Collins, county clerk, and several applications for ballots were on file, according to information from Mrs. Collins' office. Absentee voting will continue through Tuesday.

Only persons who expect to be away on election day or who are unable to get to the polls because of physical disability can cast absentee ballots.

Persons who are out of the county and will be on election day, or who are physically unable to travel to their voting boxes, may vote by mail.

**Miss Doris Chaudoin** - (Continued From Page One) Miss Mary Foreman.

Miss Janice Smith provided piano accompaniment during selection of the queen.

Sid "Red" Muse, assistant agricultural editor for KGNC at Amarillo, was master of ceremonies.

Before the queen contest was held, Mrs. Conn played several piano numbers and Cloyce Ray Orr of Memphis, presented two pantomimes.

Between 250 and 300 persons attended the gathering.

### Football Practice At Memphis High Scheduled To Begin Monday Morning

A call has been issued by Coach George Childress for all candidates for places on the Memphis High School football team to report Monday at 7 o'clock at the dressing room at the high school.

Childress said that all boys who want a chance to get one of the 30 game suits should be on hand Monday morning. The coach said his call includes not only all boys he has invited out, but all others.

A workout will be held Monday morning and another late that afternoon. Childress said two practice sessions will be held daily, one in the morning and one in the late afternoon, Monday through Saturday, until school opens. After classes begin Sept. 7, a practice period will be held each afternoon after school.

The Cyclone eleven will see action for the first time this season against the Tulia Hornets, in a contest to be played here Friday night, Sept. 10.

The remainder of the schedule is as follows: Sept. 17, open; Sept. 24, Canyon, there; Oct. 1, Crowley, there; Oct. 8, Lefors, there; Oct. 15, Canadian, there; Oct. 22, White Deer, here; Oct. 29, Clarendon, here; Nov. 5, Gruver, here; Nov. 12, Panhandle, there; Nov. 19, McLean, here. The Gruver football squad will be appearing in District 1-A for the first time.

The Tulia, Canyon and Crowley games will be non-conference tilts, while the remainder will be district contests.

**County Men Sent To Induction Station**

Three Hall County men were in a group of 14 residents of this area who have been sent to the induction station at Amarillo by the selective service board at Childress.

Going from this county were Marion E. Posey of Memphis, Glen E. Saunders of Lakeview, and Garland G. Gardenhire of Estelline.

The others were: Doyle W. Ingram, Joe L. Moore, Elmer D. Heitt, Orville W. Copeland, Calvin Heitt and Donald Sessions, all of Wellington; Elven W. Watkins, Jr., and David L. Evans, both of Childress; Howard E. Satterfield, Dodson; Fred C. Williams, Carey; and Kenneth R. Stewart of Paducah.

**Sam J. Hamilton** - (Continued From Page 1) law firm of Hamilton and Deaver is attorney for the City of Memphis.

Active in affairs of the First Baptist Church here, he is a member of the board of deacons and has been chairman of the group. He also teaches an intermediate boys' class at the Baptist Mission in northeast Memphis.

He is a member of the Memphis Rotary Club.

### Rites For Gilmore Baby Conducted In Dallas Saturday

Final rites were said Saturday in Dallas for Wesley Glenn Gilmore, 18-day old son of Mr. and Mrs. Howard Bailey Gilmore of Dallas.

The service was held at 2 p. m. Saturday in Urban Park Methodist Church with the Rev. John B. Cooke officiating, assisted by Rev. Ed Hayes. Interment was in Laurel Land.

Pallbearers, who are uncles of the baby, were Bob and Ollie Gindratt of Houston, Jerry Gilmore of Dallas, and Gene Lindsey of Memphis.

The infant, born July 26, passed away at Baylor Hospital Friday morning.

Wesley Glenn is survived by his parents; a sister, Brenda Gail; grandparents, Mr. and Mrs. C. A. Gindratt of Leona, and Mr. and Mrs. H. B. Gilmore of Dallas; and one great-grandmother, Mrs. H. Gilmore of Turkey.

Mrs. and Mrs. Carl Gilmore of Turkey and Mr. and Mrs. Gene Lindsey and daughters of Memphis attended the funeral.

**Jeff G. Rays'** En Route To States

Mr. and Mrs. Howard Finch have received word that Lt. Col. and Mrs. Jeff G. Ray and two daughters are en route to the United States from Salzburg, Austria. Mrs. Ray, the former Frances Finch, is the daughter of Mr. and Mrs. Finch.

The Rays have been overseas for two and a half years. After returning to the States, Col. Ray will be stationed at Fort Sill, Okla., where he will be commander of a field artillery battalion.

### Shivers Supporters To Open 'Quarters'

"Shivers for Governor" quarters for Hall County were opened in Memphis Saturday according to an announcement by supporters today.

The building formerly used by White's Auto Store, located on the south side of the square, will be used. The headquarters will be manned by volunteers, both men and women, who will cooperate with local citizens in furthering the candidacy of Gov. Allan Shivers.

A call to the headquarters either personally or by telephone will be answered promptly. Phone number is 700.

Campaign literature will be available to all persons who wish to take an active part in candidate's race for governor. Donations to the campaign, if received, it was pointed out.

### Lakeview Players Asked To Report

Candidates for positions on the 1954 Lakeview High School football team are asked to report at 7 o'clock, Monday morning, Aug. 23, at the school clubhouse. Making the announcement was E. J. McKnight, coach.

McKnight said he expected to have eight lettermen back this fall. He said 12 seniors graduated last spring, which meant that this year's squad will have to be rebuilt.

First game of the season is scheduled for Friday night, Sept. 17, when Lakeview meets Claude at Claude.

Eight games in all have been arranged, six of them against opponents in District 2-B, of which Lakeview is a member. The district tilts will be with Estelline, Turkey, Quitaque, Silverton, Matador and Wheeler. Rounding out the schedule will be a game with the Chillicothe "B" squad, according to McKnight.
