SOFTBALL CHAMPIONS—The Rattlers softball team above won the championship of the senior Peeewe League Friday night by taking the third contest in a series of three at City Park. Standing directly behind the boys are the ones who were in charge of the team. From left to right: Joe Jeffers, Larry Combest, Philip Howard, Ray Lee, Dwight Gailey, Allyn Harrison, Don Gailey, Jimmy Fields, Philip Duncan and Donnie Williams. Behind them are: Frank Smith, Jr., coach; Ace Gailey, manager; and Van Howard, assistant manager.

Faculty Meetings To Be Held Here Next Wednesday

Students in the Memphis schools will register on Thursday and Friday of next week and classes will get underway on the following Tuesday, according to Supt. W. C. Davis. Labor Day, Sept. 6, will be observed as a holiday, the superintendent said.

A general faculty meeting will be held at the high school at 10 o'clock next Wednesday morning for the purpose of working out plans in connection with the opening of school, Davis said this week. That afternoon at 2 o'clock, principals will meet with their faculties at their respective schools.

Buses will run their regular routes on Thursday and Friday mornings of next week and again at 2:30 o'clock each afternoon.

All books will be issued and students assigned to their rooms on Friday.

Classes are scheduled to start at 9 o'clock Tuesday morning, Sept. 7.

Additional A. C. P. Funds Arrive Here

An additional \$6,680 Agricultural Conservation Program allocation was received here Friday for distribution among cooperators in the work in Hall County, Lynn L. McKown, manager of the Agricultural Stabilization & Conservation office here, said Monday. The funds came from the state A. S. C. office at College Station.

The money will be used principally to pay the government's share for planting winter cover crops this fall, the A. S. C. office manager said.

Hall County now has received \$73,480 in A. C. P. funds and \$92,900 in wind erosion funds, for a total of \$166,380, McKown said. This county has earned a bigger part of money, allocated to it, than any county in the state, McKown added.

The A. S. C. official said approximately \$50,000 in 1954 A. C. P. payments to county producers is being held up because some farmers who have excess cotton acreage have still not plowed it up. Most of the \$50,000 will be used to pay the government's part for terracing work last spring.

NEGLIGENCE CHARGED IN DEATH OF CALIFORNIA WOMAN MONDAY

Photo by Memphis Studio

DEATH CAR—Mrs. George Thaten, formerly of Childress but more recently of Selma, Calif., apparently died instantly Monday afternoon in the automobile above when it was crushed in a thundering head-on collision with another car. Mrs. Thaten was driving. The accident occurred on the Red River Bridge, southeast of Memphis, during a rainstorm.

Mrs. Geo. Thaten Dies In Crash On Red River Bridge

A charge of negligent homicide was filed in county court here shortly before noon Tuesday against H. E. Scales of Amarillo, in connection with the traffic death Monday afternoon of Mrs. George Thaten, former Childress resident, now of Selma, Calif. The accident occurred on the Red River bridge on U. S. Highway 287, about 13 miles southeast of Memphis, during a rain.

Scales pleaded not guilty to the charge in the court of County Judge Tracy Davis and bond was set at \$2,000. The defendant was released from the county jail late Tuesday, after he made bond, according to Sheriff E. S. Morrison. Scales' trial was set for Tuesday, Aug. 31, and will be heard in county court.

The 35-year-old Amarillo man was driver of an automobile which was involved in a head-on collision Monday afternoon with an automobile which Mrs. Thaten was driving. The woman apparently died instantly in the smashed wreckage of the Thaten vehicle. She was 52.

Mrs. Thaten, who was riding with his wife, was hurt seriously but not critically, according to the physician who treated him at a local hospital. His injuries included a dislocated left hip, cuts about the face, and a possible skull fracture. He is 60.

Mrs. Pearlean Brown, 32, also of Amarillo, a passenger in the car driven by Scales, suffered cuts and lacerations on the left knee. (Continued on Page 12)

Drop Prospects In County Bright As Rains Resume

at most points in this county looking better with each day as showers and rains fall. Precipitation has been on several days the past week and prospects for good crop are bright at this time. No rain has been reported, except here and there, since about a week ago, where several farmers reported to have been hailed Monday afternoon.

approximately 3 inches was dumped on the community and water ran over U. S. Highway 287. Country roads around Newlin were said to have been washed considerably and water entered some homes, according to reports reaching here. Precipitation at other county points was set at from one-half to between two and three inches.

Rainfall in Memphis the past week totaled 1.90 inches by late Wednesday, according to Weatherman John McMickin. This brings the amount for August to 3.08 (Continued on Page 12)

County Men Attend Drouth Aid Meetings

Three Hall County representatives attended a meeting at Matador Thursday which was called for the purpose of obtaining drouth aid for farmers and ranchers of this area.

stockmen said at the Matador meeting. 2. That the program be handled by county Agricultural Stabilization and Conservation committees and the Commodity Credit Corporation without any direct deal. (Continued on Page 7)

County Agent W. B. Hooser said Wednesday, "Hall County has not had a crop since 1949, except in the Turkey area and the Bay community."

Attending from this county were: Tracy Davis, county judge; W. B. Hooser, county agricultural agent; and Harold Hodges, president of the Hall County Farm Bureau.

The group of approximately 40 representatives from nine counties agreed that the initial step should be to get the counties reinstated on the drouth feed program and then recommended the following changes:

Team To Open Here Sept. 9

Candidates for the Memphis B team were scheduled to begin practice this morning in preparation for the coming football season. Coach Poteet, who will coach the team, said Wednesday. Practice sessions will be held daily until the opening of the season on Sept. 7, after which work will be held each afternoon at the school. The B squad will play at Cyclone Stadium. The team's first contest of the season is scheduled for Thursday Sept. 9, when Hollis, Okla., comes here for a match. The remainder of the schedule follows: Sept. 16, Childress; Sept. 23, Hollis; there; Sept. 30, Clarendon; there; Oct. 7, Rock; here; Oct. 14, Childress; there; Oct. 21, Clarendon; there; Nov. 4, Shamrock, there. All home games will be played at Cyclone Stadium on Friday nights.

1. That protein feeds be made available at cut prices to stockmen in drouth stricken areas. (Under the present program, corn, grain, sorghums, oats and barley have been offered to stockmen at a price approximately 60 cents a bushel below market prices. Primary need is for cottonseed meal and cake, rather than grains,

Two champions were crowned in the city summer recreation softball program Friday night when the Rockets and the Rattlers bested their opponents in the fifth and final games of a tournament, which started at City Park, Aug. 3. The Rockets squeaked by the Ramblers, 13-12, and the Rattlers edged the Eagles, 13-10. The Rockets took their title

the hard way by scoring 10 runs their final time at bat. Tallying for the winners were Jerry Moss with three runs, Larry Helm and Toby Crooks with two runs, and Jimmy Harrison, Buster McQueen, Billy Thompson, Hoot Jones, John Lavender and Brad Posey with one run each.

Mike Pounds and Don Craig counted twice apiece for the Ramblers, and David May, John Lemons, Bill Pounds, Larry Crisler, Jimmy Sturdevant, Lanny Crisler, Michael Branigan and Jack Stargel, once.

Philip Duncan, of the Rattlers.

Clifford Farmer, manager of the Memphis Chamber of Commerce, awarded bronze softballs to the following boys: David May, John Lemons, Bill Pounds, Larry Crisler, Jimmy Sturdevant, Lanny Crisler, Michael Branigan, Jay Dunbar, Jack Stargel, Mike Pounds, Don Craig and John Ferrel, of the Ramblers; and Perry Wright, Kenneth Allison, Larry Craig, Teddy Barnes, Bunky Adcock, Robert Moss, Dan Goffinet, Ronald Ables, Donnie Watts, Jim-

More absentee ballots have been cast in the second primary than in the first. Contrary to usual election trends, voters have apparently been highly interested in the runoff because of the heated governor's race between the incumbent, Allan Shivers, and his opponent, Ralph Yarborough. Shivers led Yarborough in the first primary.

Absentee ballots in the first primary totaled 101 in the county. The only county race which remains to be settled is that for Commissioner in Precinct No. 3 between Clinton Richburg, who is seeking his second term, and Fred B. Berry, his opponent. Richburg received 150 votes and Berry, 115 votes in the first primary. The third man in the race, John Chaudoin, got 101 votes.

The second primary ballot is as follows:

Governor—Allan Shivers and Ralph Yarborough. Associate Justice of Supreme Court (Place 1)—Few Brewster and Alfred M. Scott. Judge of Court of Criminal Ap-

Polio Donations Lagging In County

Contributions to the emergency March of Dimes campaign now being held are lagging in Hall County. R. C. Lemons of Memphis, chairman of the county polio chapter, said Wednesday. Lemons urged citizens to donate to the cause, as funds are badly needed if the work is to be carried on effectively.

The county chairman explained that additional contributions became necessary because polio vaccine trials and purchase of gamma globulin supplies this year have exhausted financial reserves for patient aid.

A total of 20 million dollars is being sought nationally. This amount represents the sum by which the January March of Dimes Drive fell short of a goal of 75 million. In all, 26 1/2 million dollars have been invested in the polio prevention program this year.

Coin containers have been placed in Memphis business houses for the convenience of donors. Checks can be sent to Lemons or to Miss Roselyn Williams, secretary of the Hall County chapter.

Rockets and Rattlers Take Championships In City Games

Photo by Memphis Studio

COUNTY QUEEN—Miss Doris Chaudoin, daughter of Mr. and Mrs. John Chaudoin of Estelline is crowned Hall County Farm Bureau queen by Harold Hodges, president of the organization. Miss Chaudoin won the honor last week over four other county young ladies, in a contest held in City Park here. She will represent the farm organization in district competition at Amarillo, Sept. 18. Watching the coronation of Queen Doris is Sid "Red" Muse, assistant agricultural editor of KGNC at Amarillo, who was master of ceremonies.

Photo by Memphis Studio

TAKE JUNIOR CHAMPIONSHIP—The softball championship for younger boys in the Peeewe League was captured by the Rockets, who are shown above. They won the honor at City Park on Friday night by chalking up their third victory in five games. From left, the boys are: Jerry Moss, Billy Thompson, Toby Crooks, Johnny Lavender, Buster McQueen, Jimmy Harrison, Larry Helm, Barry Ferrel and Hoot Jones. Standing directly behind them is Coach Frank Smith.

- PERSONALS -

Mr. and Mrs. John Shadid of Vernon were Memphis visitors Monday.

Mr. and Mrs. Grover Kesterson visited in Amarillo last weekend with their daughters.

Mrs. R. C. Lemons and daughters visited in Dumas over the weekend with Dr. and Mrs. V. G. Martin.

Charles Messer, who is employed in Kermit, visited here over the weekend with his mother, Mrs. Jay Messer and Jausetta.

Pearl Hague visited in Mangum Sunday with Mr. and Mrs. L. G. Crittgen.

Mr. and Mrs. Joe Bell and son Frank of Sulphur Springs were weekend guests in the home of Mr. and Mrs. Wendell Harrison.

Fred Finch and son Frank of Dalhart visited here last week with his parents, Mr. and Mrs. Frank Finch and sister, Mrs. Carl Harrison and children. Mr. Finch has returned home but Frank remained for a longer visit.

Dr. and Mrs. Jack Baldwin and Kay Nell visited here Sunday afternoon with his parents, Mr. and Mrs. Byron Baldwin. They were en route to their home in Amarillo after spending the weekend in Dallas with his brother, Dr. James Baldwin and family.

Mr. and Mrs. Carl Kulp and children left Monday for their home in Lawrence, Kans., after visiting here for the past two weeks with relatives and friends.

Mr. and Mrs. Joe Molloy of San Diego, Calif., visited here over the weekend with Mrs. Gladys Power and Mrs. Ora Denny.

Miss Imogene King and Jim King have returned home after visiting in Duncan, Okla., with relatives.

Mrs. Foster Watkins and sons, Joe and Seth of Abilene are visiting here this week with her mother Mrs. Seth Pallmeyer.

Mr. and Mrs. Jim Bob Brewer and Janice Kay of Fort Worth were weekend visitors in the home of Mr. and Mrs. J. P. Godfrey.

CAMERA SHOOTS MILES . . . Developed by U. S. army signal corps at Ft. Monmouth, N. J., this long-range camera makes pictures 20 miles distant. It has special 100 inch F:12.5 infra-red telephoto lens.

Mr. and Mrs. H. H. Lindsey had as visitors Sunday Mr. and Mrs. Oscar Cavener of Eldorado, Okla., and Mrs. J. E. Morrow of Hollis, Okla.

Visiting here Sunday in the home of Mr. and Mrs. J. C. Ross were Mr. and Mrs. U. M. Moyer of Eldorado.

Mr. and Mrs. Raymond Adeock and daughter, June and son, Gary of Wichita Falls visited here Sunday with Mr. and Mrs. Clifton Burnett.

Mr. and Mrs. Gip McMurry visited in Dumas Sunday with his mother, Mrs. T. M. McMurry.

Mr. and Mrs. Claude Ferrel were Dallas visitors the first of the week.

Debie and Barry Ferrel are visiting in Pampa this week with their aunt and uncle, Mr. and Mrs. O. W. Appleby.

Mr. and Mrs. L. A. Dickey of Wellington visited here Sunday in the home of their daughter, Mrs. Herschel Combs and family.

Kathryn Wright and Carol Ann Monzingo have returned home after visiting in Monte Vista, Colo., for the past week in the O. B. Smith home.

Mr. and Mrs. Horace Leggitt are vacationing in Colorado this week.

Mrs. Lucille Wright visited in Canyon last week in the home of her sister, Mrs. D. M. Foster.

Mr. and Mrs. Marcus Messer and children of Earth and Mrs. Nora Painter of Sunray visited here Wednesday night in the home of Mr. and Mrs. Jade Gable.

Mrs. Bess Crump is visiting in Lubbock this week with her son, Wyley Crump and family. According to information received here Mr. Crump is suffering from a mild attack of polio. Relatives here said his condition is not considered serious.

Mrs. R. P. Coneway of Hereford is here this week visiting with Dr. and Mrs. Edwin Goodall.

Don Morrison of Amarillo visited here the first of the week with Mr. and Mrs. Adrian Combs, and other friends and relatives.

Visiting here Sunday with Mr. and Mrs. Billy Thompson and family were Mr. and Mrs. G. D. Stevens of Amarillo.

Ruth Richerson of Estelline was a Memphis visitor Monday.

Mr. and Mrs. Ralph Liner and daughters, Deborah and Connie of Odessa are visiting here this week with his parents, Mr. and Mrs. F. A. Finer.

Mr. and Mrs. Paul Brewer and Glenda and R. L. Brewer visited here Sunday evening in the Herschel Combs home.

Mr. and Mrs. Bennie Dennis and children are visiting here this week with their parents, Mr. and Mrs. L. O. Dennis and Mrs. Edd McCreary, and other relatives.

Mr. and Mrs. Alvin Prescott of Tulsa, Okla., were guests in the home of Mr. and Mrs. Marion Long here over the weekend. The two couples journeyed to Altus, Okla., Sunday afternoon to visit Mr. and Mrs. W. C. Roubush.

Mr. and Mrs. T. R. Chastain and son, Gayle, have returned to their home in Denton, after spending several days at the bedside of her mother, Mrs. H. B. Marks, who had major surgery, Aug. 9. Mrs. Marks was taken home from a local hospital, Aug. 18, and is improving rapidly. Mrs. H. A. Hodges is staying with her mother until she is able to be up.

Mrs. Edna Waites and grandchildren, Roddy and Lana Kay Waites and Jimmy Waites visited her sister, Mrs. O. C. Curtsinger in Hereford last week.

Mrs. Carl Jack Smith and Mrs. Carl Smith visited with their husband and son, Pvt. Carl Jack Smith, who is taking basic training at Fort Bliss, over the weekend.

Pvt. Doyle L. Collins Begins New Training

Pvt. Doyle L. Collins, son of Mr. and Mrs. Andy Collins, who live on Rt. 2, Memphis, has been assigned to the Anti-aircraft Artillery Replacement Training Center at Fort Bliss, for his second 8-week cycle of basic training.

Private Collins recently completed his first eight weeks of training in fundamental infantry subjects at another post and now has taken up the skills of light and medium anti-aircraft artillery weapons at low-flying and high altitude tar-

gets and familiarization with various electronic equipment used by the AAA-RTC.

After completing this phase, he will be eligible for assignment to a permanent anti-aircraft artillery unit.

Maize Origin Likely Western Hemisphere

AUSTIN — Archeological evidence strongly indicates maize, one of the world's most important food plants, originated in the

Western hemisphere, a University of Texas researcher reports. Scientists have recovered fossilized grains of wild maize drilled 200 feet below Matton, graduate student in anthropology, says. The fossils are estimated to be at least 60,000 years old.

Numerous primitive varieties of maize have been discovered in the hilly areas of northwestern India, but no archeological evidence has been found indicating an earlier origin than American. Miss Suhm writes in a report on the grain.

Gas savings! Repair savings! Longer life!

90 acres less "piston rub"

... than "the other" leading truck, in every 10,000 miles of truck travel

Ford F-100 Pickup, GVW 4,800 lbs.

New Ford Low-Friction V-8 develops up to 16% more power . . . has 21% shorter piston stroke and 21% slower piston speed!

In every truck engine, there's the rub, rub, rub of piston rings against cylinder walls as pistons stroke up and down. "Piston Rub" means friction . . . friction that wears out your engine and cuts its usable power.

Ford reduces "Piston Rub" by shortening piston stroke. In the 130-h.p. Power King V-8, for instance, the piston stroke is 21% shorter than that of the other leading make. And, in 10,000 miles of truck travel, the Ford V-8 has the

equivalent of 90 acres less "piston rub" per cylinder!

It stands to reason that Ford's reduction of "piston rub" and friction will mean gas savings, repair savings, and longer engine life.

Only Ford Trucks give you modern high-compression, LOW-FRCTION, overhead-valve, deep-block engines in any size truck you choose. For complete details, see your Ford Dealer now!

CAN YOU AFFORD HIGHER EDUCATION For Your CHILDREN?

It takes a goodly amount of foresight and planning to give your youngsters the higher education, so essential to success in modern life.

A systematic savings plan can help you achieve this goal. You can set up a savings account for your son or daughter; then earmark a certain portion of income to this end. Or, you can add regularly to your Checking Account.

Whatever your plans might be for higher education for your children, come in and discuss it with one of our officers. We will help you in working out details.

FIRST STATE BANK

Member F. D. I. C.

Memphis, Texas

Survey Is Made Of Thinking Farmers On Economic Security

COLLEGE STATION—How economically sound is the average farmer? What plans does he have for old age and how many definite plans for retirement? These and other questions were sought recently in a survey of the economic conditions of the state's farmers. Wharton county was selected because of its physical, economic and social conditions and because it was considered a representative county.

Major crops grown are cotton, corn, grain sorghums, alfalfa. Truck crops, live-poultry contribute substantially to farm income. Dairy is a growing enterprise.

Net worth of 257 farm operators interviewed ranged from less than \$500 to over \$50,000. Fifty-six per cent had a net worth of less than \$5,000. And 42 per cent fell in the \$5,000-\$10,000 class. Seventy per cent were worth less than \$10,000. In this group, one in ten had debts greater than

operators expressed general approval of Aid-Age and Survivors Insurance, 10 per cent disapproved the program and the rest took no position on the question.

Cash savings among regular hired workers were rare. Thirteen per cent had no assets while the main type property owned by the others was an automobile or truck.

Forty-seven per cent had a life or burial insurance policy, the survey indicated. Of the 10 per cent attempting to save, most averaged no more than \$5 or \$10 a month.

This and other information on the survey is given in bulletin 774, The Farmer Looks at His Economic Security, which is available from the Agricultural Information Office, College Station, Texas.

Everyone Urged To Get Full Value From Their Money

COLLEGE STATION—The bygone lad who pondered with a penny at the candy counter was a wise boy. He wanted to make sure that he was getting the most for his money.

Today his penny isn't much good, but his idea is!

Everyone can make sure that the goods, services, and satisfactions they receive for their money have real meaning and value. They can do this by setting up long-time and short-time goals for the family which will help dictate which purchases are worthwhile.

When the lad with the penny finally decided what to buy, he paid his money and that was the end. What if he had been able to charge it?

Families today have a choice between charging and paying cash. Which is best?

Cash is usually cheaper and there are no bills later, says Mrs. Eulia J. Newman, home management specialist for the Texas Ag-

ricultural Extension Service. Credit is convenient, allows installment buying, and establishes a credit rating which facilitates borrowing of money.

Before making a purchase, consider these points:

1. Is there real need for the goods?
2. Would increased efficiency offset the added expense of the item?
3. What would happen in case of sickness or accident?
4. Consider what you can expect your future earnings to be.
5. If buying on time, consider borrowing a lump sum at a lower rate of interest, and pay cash.
6. Could you possibly save the money first?

Man learned his first lessons in science from wood. His first machine was a lever made from a limb of a tree.

Fritz Crislers Move To Memphis

Mr. and Mrs. Fritz Crisler and son Courtney recently moved to Memphis from Frederick, Okla., where they have been making their home for the past several months.

Mr. Crisler has accepted a position with Lemons Furniture Company here. Prior to going to Frederick, Mr. Crisler was employed

with civil service on Guam and he and his family made their home there for about 3 years.

A cricket's song is produced by rubbing of one wing against another and only adult males "sing." Some entomologists believe the cricket sound is a mating call. Others regard it as a battle challenge, and still others say the cricket chirps just to express himself.

Fred M. Finch of Dalhart has been a visitor in the home of Mrs. Carl Harrison, his sister, for the past several days. He returned home Saturday night.

Horace Leggett, who has been receiving medical treatment for several days in a local hospital, is reported to be improving slightly. Mr. Leggett became suddenly ill while he and Mrs. Leggett were vacationing in Colorado.

Miss Deani Vaughn, Bride-Elect, Is Honoree At Lovely Tea-Shower Friday

Honoring Miss Deani Vaughn, bride-elect of Charles Morrison, a group of hostesses entertained with a lovely tea-shower in the home of Mrs. Seth Palmeyer on Friday evening.

Guests calling between the hours of 7 and 8:30 p. m., were greeted by the hostess and presented to the honoree and Mrs. E. S. Morrison the groom-to-be's mother. Mrs. Elmer Moore presided at the Bride's book to secure signatures of the guests.

The Palmeyer home was attractively arranged for the occasion with cut flowers, featuring the bride's chosen colors of pink and white.

In the dining room the table was laid with a cut work madeira cloth over blue and centered with an arrangement of white carnations and pink rosebuds. Pearl Hague presided at the crystal punch service.

A lovely array of gifts were on display in three rooms of the party suite.

Members of the house party, which included the hostess, were Mes. M. E. McNally, Sr., C. S. Compton, J. A. Odom, Elmer Moore, Jeff Aduddell, Gerald Knight, Paul Smith, C. B. Wallace, H. S. Randal, Harry Aspgren, E. E. Roberts, J. G. Gardner, J. H. Norman, Sr., Gordon Maddox, Seth Palmeyer and Cecil Stargel.

Sam Brown Is Honored With Birthday Dinner

Mrs. Sam Brown entertained with a surprise birthday dinner Sunday honoring her husband.

Present to help Mr. Brown enjoy his birthday celebration were his two daughters and their families.

Places were laid for Mr. and Mrs. Hill Wells and children, Don Keith, Medra Ann, Sammy and Blendio Kay of Clarendon, Mr. and Mrs. Buster Morrison and Gayle and Gary and Mr. and Mrs. Brown.

Surprise Birthday Dinner Honors B. F. Kelly

Honoring B. F. "Granddad" Kelly, who had been an employee of the Frozen Food Locker Plant for many years, Mr. and Mrs. Sam Brown, owners, entertained with a surprise birthday dinner Wednesday. The occasion was Mr. Kelly's 78th birthday anniversary.

Guests were employees of the plant and included the following: Mr. and Mrs. Ed Slough, Rachel Jones, Don Keith Wells, Gayle Morrison and Mr. and Mrs. Buster Morrison.

Employees Of Telephone Co. Enjoy Picnic

Employees of the General Telephone Company of Memphis enjoyed a picnic at the City Park on Thursday evening of last week. The group included employees of the division office, the local exchange office, and several guests.

Following the meal, the group enjoyed slide pictures shown by Charlie Morrison and J. C. Wells. Mr. Morrison showed a selection of pictures he made while touring Europe. He made the tour during the time he was stationed in Germany with the U. S. Army. Mr. Wells showed pictures he made of his tour of the New England states.

Miss Helen Madden left Wednesday for Geneseo, Ill., after spending the summer here with her parents, Mr. and Mrs. R. L. Madden. Miss Madden is a teacher in the Geneseo High School.

NUPTIAL PLANS REVEALED—Mrs. O. S. Callahan announces the engagement and approaching marriage of her daughter, Norma Lee Mitchell, to James Roddy Stargel, son of Mr. and Mrs. Glen Stargel of Memphis. The wedding will be solemnized at 7 o'clock Saturday, September 11, at the country home of the bride's parents southeast of Memphis.

Bi-Monthly Social At Country Club To Be Friday

The regular bi-monthly Canasta and Bridge party will be held at the Memphis Country Club on Friday afternoon.

The social will begin at 2:30 and is open to all club members. Members who enjoy playing either Canasta or bridge are invited to be present.

Mr. and Mrs. H. A. Hodges of Plaska, went to Dumas on last Wednesday to see his brother, W. H. Hodges, who is in serious condition. Mr. Hodges has been in the hospital for medical treatment several times since January. He had just returned home when his brother and wife visited him last week.

Club '54 Meets With Mrs. Ables

Club '54 met Wednesday afternoon in the home of Mrs. J. E. Ables.

Members responded to roll call with household hints after which the group enjoyed embroidering tea towels.

Members present were Mes. J. C. Ledford, Ben Johnson, Tressie Paris, Vernon Edwards, Lynn Jones, Aldon Edwards, Marion Long and C. T. Vickers.

Aldon Edwards' Hosts At Ice Cream Supper

Mr. and Mrs. Aldon Edwards and daughter Joan entertained with an ice cream supper at their home on Thursday evening. The affair was held on the lawn in the back yard.

Those enjoying the home-made ice cream were Mr. and Mrs. Woodrow Edwards and children, Betty and Ronald of Ft. Worth, Mr. and Mrs. J. B. Ledford and son Carl Lee of Dallas, Mr. and Mrs. Ben Johnson and son Coy Gayle, Mr. and Mrs. Marion Long, Mr. and Mrs. J. C. Ledford, Mr. and Mrs. Vernon Edwards and daughter, Carol Ann, and Mr. and Mrs. C. T. Vickers.

Mr. and Mrs. Woodrow Edwards and children Betty and Ronald of Fort Worth spent a few days here this week visiting his brother and sisters, Aldon Edwards and family, Mr. and Mrs. Ben Johnson and family and Mr. and Mrs. C. T. Vickers. They also visited other relatives and friends.

Mr. and Mrs. Otto Hagemier of Zillah, Wash., spent Thursday night and Friday with Mrs. Mattie Chitwood.

Mr. and Mrs. E. E. Roberts had as guests Sunday his father, J. J. Roberts and sister and her husband, Mr. and Mrs. J. B. Lawson, all of Goree. Jane Lawson, who had visited here in the Roberts home for the past week, returned to Goree with her parents.

Mr. and Mrs. Herb Blackmon and Steve, accompanied by Neil Latimer, who had visited here for several days with his cousin, Steve, went to Amarillo Saturday. The Blackmon's spent the weekend in the home of Neil's parents, Mr. and Mrs. L. R. Latimer.

Miss Olga Moore, Mrs. Andrews and Vida Wheeler, office supervisors of the North Division of General Telephone Company, spent several days week in the Memphis exchange taking peg count.

FOWLERS DRUG

Report From Washington

By Walter Rogers
Congressman, 18th District

...ing individual communists...
 question: "What is the most...
 method of dealing with...
 communist threat?"
 answer: "By outlawing the...
 individual communists."
 ...proar that you read about...
 the last days of this Con...
 concerning the outlawing of...
 Communist Party, actually...
 down to nothing more than...
 on words. The entire con...
 centered around an a...
 ment offered by Senator...
 of Minnesota, to the...
 originally introduced by Sen...
 Butler, of Maryland. Senat...
 der's bill was primarily di...
 at depriving communist in...
 unions of bargaining...
 before the National Labor...
 Board. Senator Hum...
 offered an amendment to...
 outlaws the Com...
 Party and imposing heavy...
 for individual membership in...
 party or any of its affiliates...
 it was going by the name...
 "Communist", or changed to some...
 name. This quickly passed...
 Senate, 84 yeas and no nays...
 The Communist Party had...
 outlawed and penalties had...
 declared against individuals...
 ing to such party or its af...
 This was something that...
 administration had studiously...
 ed on the theory that to out...
 the Communist Party would...
 that its members would go...
 ground and would be much

more difficult to catch or watch.
 The bill then came to the House
 where an attempt was made by
 amendment to outlaw the Com...
 munist Party but striking out any
 penalty against individuals for
 being members of that party. The
 overall result of this would have
 been very little more than a slap
 on the wrist. The Communist
 Party would have been denied the
 right to go into court and do a few
 other things about which they
 care very little. Communists are
 not interested in courts unless
 they control them, so denying
 them the right to go into one they
 did not control would have very
 little effect as punishment. How...
 ever, those of us who have long
 supported outlawing of the Com...
 munist Party had no chance to put
 some teeth in the penalty clauses
 because of the rules of parliam...
 entary procedure. Therefore, we
 passed the bill as it was, sent it
 back to the Senate, and immedi...
 ately started the machinery to have
 it properly amended in the Senate.
 This move was successful, and the
 Senate amended it, outlawing the
 individuals as members of the
 Communist Party and providing a
 penalty for being a member of
 that party. My only objection to
 the penalty in the Senate bill was
 that it was not strong enough. In
 any event, the bill came back to
 the House, and a move was made
 to have conferees appointed to
 iron out the differences. At this
 point Congressman Martin Dies
 arose and moved that the House

LAFF OF THE WEEK

"Don't be bashful — whistle at Mama like you whistled at me."

instruct its own conferees to accept the provisions put into the bill by the Senate, outlawing the Communist Party and the individuals as members thereof, and creating a penalty. In my opinion, this was the real test vote to determine whether or not you really wanted to outlaw the Communist Party and settle the issue once and for all. The vote on this was 208 for outlawing the members as such and creating a penalty to deal with them, as against 100 who voted against the Dies motion.

The anti-communist drive has been going on since the days of Attorney General A. Mitchell Palmer, who served in the 1920's. That the Communist Party is a criminal conspiracy dedicated to the destruction of the democratic form of government is so widely advertised by the Kremlin itself and so well known to anyone who has had the slightest opportunity to study it, no one denies. However, it has long been argued that to outlaw the Communist Party would be to partially destroy democracy. At first blush this argu-

ment might appear to have some merit, but even a surface study of communist intents and purposes reveal that here is a force bent on the enslavement of mankind, wholly void of any sense of fair play, and having not even the slightest regard for any laws, rules or regulations, a force to which a constitution is a contaminated piece of paper. I can think of nothing that can be more of an outlaw under a democratic form of government than the Communist Party and those who make it up. To say that these people as individuals should have the protection of our laws and to exercise the rights of citizens under the constitution of this nation is in my opinion tantamount to saying that beasts of the jungle should be allowed to roam at large among the citizens of this country until such beast decides to devour a man, woman or child, or perhaps all three. If he does eat someone, then he is to be fined or imprisoned for not more than five years, but none of his compatriots are to be molested until they have com-

mitted an overt act. The communists in this country who are taking their orders from Moscow are not as good as these so-called beasts of the jungle. Generally, the animal would kill only for the sake of satisfying his appetite. The communist is one who is fatally bent on mischief with a wanton and total disregard for the rights of others, and to whom the end results sought is sufficient to justify any means to which he may decide may be resorted.

One of the first orders of business for the 84th Congress should be to re-insert into the anti-communist bill the teeth that were extracted by a compromise be-

tween two or three individuals when the bill passed the Congress. This bill does not represent the overwhelming sentiment of the Congress or of the people and will not represent that sentiment until the communist as an individual is outlawed and the punishment provided for violation.

Mr. and Mrs. J. B. Ledford and son Carl Lee of Dallas spent a few days here visiting his parents. Mr. and Mrs. J. C. Ledford and sisters, Mrs. Aldon Edwards and family and Mrs. Mary Smith and daughter. They visited other relatives and friends.

Mr. and Mrs. A. F. Went of Dallas visited here Thursday night with her sister, Mrs. S. A. Ellis and family.

Mrs. Leo Fields, Mrs. Maggie Simons and Linda and Jimmy Fields were Amarillo visitors Monday.

For Your Information

WHERE PROCESSING AND STORAGE OF FRESH MEAT IS CONCERNED

We are asking the cooperation of the people of this area in a matter which is important to us—and to everyone. THAT IS THE CONDITION OF PACKAGED MEATS WHEN IT IS REMOVED FROM OUR PLANT AND TAKEN TO YOUR KITCHEN.

For you to have tender, fresh-tasting meat, it is necessary for you to plan and work with us . . . from the time the animal is killed until each package is frozen for storage. This means that the carcass must be cooled out for about seven days before it is cut up and the individual pieces wrapped for storage. Also, of vital importance, is the KIND OF PAPER USED IN WRAPPING YOUR MEAT.

We cannot assure you of tender, tasty meats if we do not have more control of each step in processing. Therefore, we ask that each person come in and talk to us before killing a beef animal. We'll explain all necessary steps to be taken. With your cooperation, you can enjoy fine meat, and it can be placed on your table at a minimum of cost.

Come in and discuss this with us. There are certain things we can do as experts in meat processing—and some we can't do!

ANNOUNCING

The Appointment of

John L. Burnett

As

Gin Manager

We are glad to announce that we have named John L. Burnett as the new manager of the Farmers Union Co-Op Gins. He replaces Art Miller, who has served in this capacity for over six years. Mr. Burnett will supervise the operation of the Memphis gin and the gin at Plaska, where Earl Richards is plant manager.

Our new manager is no stranger to the farmers and citizens of this area. He has several years of business experience behind him, and has been a farmer himself all his adult life. He understands the problems of gins from the cotton grower's standpoint, and will work with our customers in every way.

We are also glad to announce at this time that the farmer-owned gin plants have been put in tip-top shape, and are now ready to gin your cotton.

Plaska

WARNING!

TEXAS FARMERS-RANCHERS WARNED OF CIO LABOR PLANS

AUSTIN, Tex., Farmers and ranchers of Texas were warned this week that the CIO plans to organize the farm workers of Texas if its candidate wins the Governor's race.

This warning came from Governor Allan Shivers who charged that the backers of his opponents "want to turn the state government over to the same bunch that is trying to wreck Port Arthur."

"One of the first things they would do is put one of their red-hot organizers from Port Arthur in as labor commissioner. Then every time a farmer or rancher wanted to hire someone he would have to go through the CIO."

Governor Shivers said there was no doubt in his mind that the aim of the CIO after the job of organizing industry in Port Arthur and along the Gulf Coast is finished is to begin organizing farm labor in all parts of Texas.

"You can imagine what will happen

when the CIO starts dictating how many laborers are needed to plow ten acres of land, refusing to allow a man to work more than thirty-five hours a week during the harvesting season and telling how much a farmer can charge for his crop," he said.

The Shivers administration, the Governor said, has worked hard to help preserve and protect the rights of the working man.

"But as long as I am Governor, the professional labor bosses who have been sent to Texas from the East — specifically those in the CIO and its Political Action Committee — are not going to run our State Government," Shivers promised.

Shivers said the average working man in Texas appreciated good government and that they were not going to let CIO bosses and professional organizers from the East do their thinking — and voting — for them.

A VOTE FOR ALLAN SHIVERS IS A VOTE FOR TEXAS

TEXAS COMES FIRST WITH ALLAN SHIVERS

L. Burnett Gin Manager

L. Burnett of Memphis, has been appointed manager of the new Union Co-op Gins here in Pliska, according to an announcement this week. He succeeded Art Miller, who has served in that position for more than 6 years.

Burnett will supervise the gin in Pliska and the one at Plaska, where Earl Richards is plant manager.

Burnett has lived in Plaska and the one at Plaska, where Earl Richards is plant manager. He has been a farmer all of his adult life and in addition, has had several years of business experience.

Burnett and Mrs. Burnett live at 100 West Main Street here. They have three children, two of whom are in college.

Accountant, Auditor Firms Announced

U. S. Civil Service Commission announces examinations for accountant and auditor, \$4205 per annum, for employment in federal agencies in Texas, Louisiana and Arkansas.

Applications for any post office for application forms or information as to where they may be obtained or where to send them from the branch of the U. S. Civil Service, 333 St. Charles Avenue, New Orleans 12, Louisiana, or the Regional Director, Eighth U. S. Civil Service Region, Room 1114 Commerce Street, Dallas.

Brotherhood Meet Slated Here Tuesday

Quarterly meeting of the Panhandle Brotherhood Association will be held at the First Baptist Church here at 7:30 o'clock, Tuesday night, according to James Smith of Clarendon, chairman of the association.

The program will include an address and the election of officers, Smith said.

Present officers, other than Smith, are: Hubert Jones, vice-president; Clifford Jester, secretary-treasurer; and R. D. Jones, chorister. All three are residents of Memphis.

CARD OF THANKS

We wish to take this means of thanking Dr. Hunt and all of the nurses at Odom Hospital, who were so nice and attentive all during my stay in the hospital. We also want to thank all who were so sweet to remember me with so many nice cards and flowers and those who visited me in the hospital and since I came home.

Mrs. H. B. Marks and daughters, Mrs. H. A. Hodges of Plaska, Mrs. T. R. Chastain of Denton, and Mrs. Vera Stuart of Plainview.

Mrs. Neal Sweatt returned home Wednesday from a two-weeks visit at Russellville, Ky., with her parents, Mr. and Mrs. Bert Sweatt, and other relatives.

By 1960, it is estimated, the U. S. will have 16 million persons over 65 drawing ten billion dollars a year in retirement funds.

County Men - (Continued from Page One)

ings with feed dealers. (Farmers said this would cut expenses.)

3. Authorization of a more liberal policy by the Farmers Home Administration to permit loans to farmers for purchasing feed.

4. Revision of eligibility rules to permit any person owning a foundation herd to purchase cut-rate feeds from government surplus stocks.

County judges, commissioners, and farmers and ranchers comprised the group from the nine-county area. Counties, other than Hall, represented were Childress, Cottle, King, Kent, Motley, Dickens, Stonewall and Garza. Collingsworth County later endorsed the action of the group and was added to the list.

These counties were included in earlier emergency feed programs but aid of this nature has not been available in this area for several months.

After the Matador session came to a close, the group sent a telegram to Gov. Allan Shivers requesting a meeting with him on Monday to discuss new aid measures and the proposed changes in the current program. As a result of the telegram, Shivers agreed to meet with area representatives Monday morning.

Hooser and Hodges left here Sunday for Austin to represent this county at the session.

At the Monday morning meeting with Shivers, representatives from this area asked that the 10 counties be included in the federal drouth aid program.

The representatives also requested that protein feeds be included among relief feeds; that the prices on protein feeds be held at last year's level; that all drouth and aid feeds be channeled through the Surplus Commodity Corporation, rather than through local retail channels as at present; that Farmers Home Administration loans be extended to small ranchers; and that eligibility rules for drouth aid be broadened to include more persons.

Shivers later said that ranchers told him they need long term, low interest refinancing of present loans. The governor added that he believes this help will be obtained.

Shivers said the state will do everything it can to assist the 10 counties.

Motley County Judge Vance H. Glibreath of Matador, was spokesman for the group from this area. Hooser and Hodges returned home late Monday night.

ATTENDS FUNERAL OF RELATIVE IN MANSFORD

Mrs. N. A. Hightower and Mr. and Mrs. J. B. Adams returned from Mansford, Okla., Tuesday where they attended the funeral of their brother-in-law, J. C. Elledge who was killed in an oil well explosion Friday. Mrs. Elledge is the former Ozelle Boone of Lakeview.

Mr. and Mrs. Ivan Thornton and son of Fort Worth visited his mother, Mrs. L. M. Thornton, here the past weekend. They were on their way to Colorado to spend their vacation.

Rapp Officer In WT Angus Group

Jerrel Rapp of Estelline, recently was elected vice-president of the West Texas Angus Association.

Rapp is associated with his father, Charlie Rapp, in the raising of fine Angus cattle. Name under which the father and son operate is Rapp & Son.

The younger Rapp is immediate past president of the Lower Panhandle Angus Association, which

is composed of Angus breeders in this area.

Other officers of the West Texas association are: Bill Norman, Dougherty, president; and Stanley E. Anderson, Lubbock, secretary-treasurer.

Mr. and Mrs. O. V. Alexander returned home Wednesday after spending the summer at Almont, Colo.

Mr. and Mrs. James A. Anthony and daughter Janice of Albuquerque, N. M., are Memphis visitors this week.

Kindergarten Tots To Enroll Sept. 7

Enrollment for the kindergarten class here will be held Tuesday, Sept. 7, at the Stephen F. Austin Elementary School, beginning at 9 a. m. Mrs. Angus Huckaby will be the teacher.

The class is open to pre-school age children, between 4 and 6 years of age.

Tuition will be \$10 per month. Too fast—He skids, School zone—Poor kids!

Singing Is Scheduled At Wellington Sunday

The Fifth Sunday Singing Convention will be held in the Nazarene Church at Wellington on Sunday, according to R. L. Johnson of Wellington. Activities are scheduled to get underway at 2 p. m.

A large crowd is expected and a number of outstanding singers will be present.

Mothers worry when drivers hurry.

ANNOUNCEMENT

We are opening our office at 713 1/2 West Main Street in the building formerly occupied by Dr. Jack Rose

School Days Help Shape Future

Vacation days are over or soon will be and millions of young people will be turning their backs on summertime pleasures and work and resuming their school activities.

While some young people no doubt have come to realize the important role education will play in shaping their futures, there probably are others who have not, or who are only partially aware of how much what they learn now can help them in later life.

The sooner students discover the need for knowledge in living a fuller and more effective life, the better it will be for them. Where they have not yet reached this stage of understanding, parents, teachers and others would be doing them a great favor by encouraging them to take a greater interest in their studies and by helping them decide what types of education will benefit them most when they become adults.

We believe members of the younger generation who develop curious minds and an unquenchable desire to know about things around them while they are young, will be glad the rest of their lives. In our opinion, this quality comes nearer to being the Fountain of Youth than Ponce Le Leon searched for than any we know of. Our experience has been that people who continue to be actively interested in life, seem to retain a youthful spirit, no matter how old they may be.

Compared to earlier days, it's easy to get an education and to keep abreast of happenings today. Schools provide a much greater variety of subjects, teachers are more thoroughly trained, and books are furnished. And such channels of information as libraries, newspapers, and radio and television are available to everyone.

Back in earlier days, youngsters were lucky if they received a few months, or at the most, a few years of education. Books were virtually unknown in many families, as were newspapers and magazines. Consequently, education was relatively limited.

But some got educations in spite of seemingly insurmountable obstacles. A case in point is Abraham Lincoln. When he was a youth, Lincoln was so hungry for knowledge or "book larnin'", as some people called it, that he would walk for miles to borrow a book he had heard about.

He would read and study each book that came briefly into his possession until he probably knew it almost by heart. He had no slate, the story goes, so he used a wooden shovel to write and figure on. When he had covered the surface of the shovel, he would scrape it clean and start all over again. This persistent quest for knowledge eventually opened the door to the White House for this boy who was born in a log cabin.

There are some who say that the day of such opportunity is past but we do not believe this. Our present President, Dwight D. Eisenhower, was a member of a poor but honest and hard-working family. Several brothers also have made good, although less dramatically. And there are countless numbers of others who are writing, or have written, modern-day success stories.

Today, the most pressing need, it seems to us, is greater emphasis on service to humanity. There exist today some of the most powerful and prosperous nations in the world, yet never has there probably been more confusion, more uncertainty as to the future.

Without doubt, young people will face a real challenge when they leave school to begin their chosen careers. How well they meet this challenge will depend largely on the extent to which they prepare themselves mentally and physically today.

One Vote Does Count

So you sometimes stay away from the polls, excusing yourself with the oft-repeated declaration, "One vote won't make any difference."

If you have said this, you may have been wrong because there have been times in our history when one vote did make a difference.

As a matter of fact, some momentous questions or political races have been decided by one vote.

For instance, three Presidents—Thomas Jefferson, Rutherford B. Hayes and the second Adams—were elected by one vote.

When Hayes' election was contested, he won by one vote in special electoral commission balloting.

The man who cast the deciding vote had been elected to Congress from Indiana by one vote.

World War II's draft legislation passed the national House by one vote.

Carrying the importance of one vote still farther, five states—including Texas—gained statehood by this narrow margin.

So don't say your vote won't make any difference, and stay away from the polls Saturday. Instead, exercise your privilege as a citizen of Texas and the United States and cast your ballot in the second Democratic primary. Remember—there are a lot of people in the world who cannot vote as they please.

HAPPY VACATION DAYS

QUOTING OUR NEIGHBORS

Press Paragraphs— TAKES COURAGE

One of the reasons such a small part of the world enjoys self-government is because those who attempt to take an active part in this business of governing ourselves, take such a smearing from those who want to govern for us. It takes a courageous and unselfish person to subject himself to the abuse of rabble rousers just to work for the kind of government he believes in.

But one reason why America has self-government while most of the world does not is that we have enough men and women who are willing to make such sacrifices.

It is a shame that ordinary citizens cannot attend the conventions of their party and vote their convictions in those conventions without being abused for it. But tyrants do not tolerate interference. They fight back with violence when possible. When, as in America, that is not possible, they use vindictive language, economic pressure, and threats, to try to rid themselves of the free men who stand in their way. Denied the right to kill their opponents, they try character assassination and they have no scruples about using innuendo or outright falsehood to gain their illegitimate ends.

But free Americans are not so easily hoodwinked. They usually see through such tactics, separate the phony charges from the real ones, and quietly use their ballots to maintain honest and just government.

As long as Americans retain this insight, and value fair play above mud-slinging, self-government has a good chance for survival. But it will no doubt always be costly for honest men to openly attempt to participate in party affairs. The political hacks feel that the party machinery is their private affair. They don't like to have a bunch of ordinary citizens come in and dethrone them. And they know how to fight dirty. They make a living at it.

—Lamb County Leader (Littlefield)

INDO-CHINA LOSS

Yes, for once in our lifetime, we agree with the Russian Reds!

The official organ of the Reds call the Indo-China cease fire agreement "a great communist victory." We agree.

Yet, let it be remembered that poor old battle tired France kept up a war for right long years when the French people knew they could not win; and when the people back home refused to support the war through taxation; and refused to give the natives any semblance of freedom by a division of territory, which they knew they would eventually lose to the Reds.

We were told a few months ago that the loss of China would be disastrous; yet we lost this vast territory.

We were told that to allow the Reds a foothold in Indo-China would be an admission that the free world could not hold out against the Reds. But we lost out.

The armistice will allow the Reds the opportunity of massing their troops at another vital spot for the purpose of attacking free world troops.

In the meanwhile we continue spending billions of dollars—our tax money—on the hopeless job of holding the communist troops in control.

The Reds are fighting a winning battle—without losing a man or a dollar's worth of equipment from

of the cost of operation. We have bragged too long and too loud about the wonderful wealth and achievement of our nation. Russia is seeing to it that we are gradually spending ourselves broke! —Canyon News

Memories Turning Back Time From The Democrat Files

31 YEARS AGO
Feb. 15, 1923
LOCAL LEGION POST TO BUILD UNIQUE HALL—The Chas. R. Simmons Post of the American Legion has purchased lots at Sixth and Robinson, one block south of the square, on which a 50x100 foot hall will be erected.

25 YEARS AGO
Nov. 8, 1923
LEGION TO HAVE SERVICE HERE ON SUNDAY—Special services will be conducted at First Christian Church Sunday night by the Chas. R. Simmons Post of the American Legion will take the place of a celebration of Armistice Day comes on Monday this year.

TURKEY CITIZENS FAVOR PROPOSED RAILROAD PROJECT—Plans for a proposed railroad from Tucumcari, N. M., to Fort Worth received a favorable vote Tuesday, at a meeting of the Turkey Commercial Club, and bankers, farmers and businessmen of Turkey.

Col. C. H. Powell of Chicago, for the past year has been engaged in making surveys, gathering data and doing preliminary work to promote and build such a rail line, according to the Turkey citizens. STRICTLY PERSONAL—O. E. Simmons of Lodge was here Monday.

10% Special Summer Discount Only 10% Down-36 Months to Pay Buy Now... Before Winter!

Lone Star Gas Company

Ways Of Getting Greatest Benefits From Watering Given By Authority

WORTH—The roots of trees, flowers, shrubs and grasses go where they can get water.

It should be the basis of watering during these days of high temperatures and short days. Dr. Emert, associate professor of horticulture at TCU and nationally known expert on conservation, says that 75 per cent of the water used—and paid for—by people is being entirely wasted these days, Dr. Emert says.

"The higher the grass the more it shades the vital roots," she points out. "When cuttings are left on the lawn, they act as a mulch around roots and help save water."

Working with experts of the U. S. Soil Conservation Service, notably Arthur H. Courtade who teaches a course in practical grassland management at TCU, Dr. Emert listed the following suggestions:

1. Water deep (at least two hours) with a "soaker" or other device which puts the water directly on the ground once a week.
2. Divide the lawn into sections, treating one or more thoroughly on "permissible" watering days. Don't try to do them all the same day.
3. Older trees and shrubs (four years or more) can get by with one watering a month if it is properly done.
4. Always water in the coolest part of the day. Slow soakings at night are most effective.
5. Set lawn mower blades as high as possible; leave all cuttings where they fall.

Better watch for vitamin A deficiency among cattle at this time. This vitamin comes primarily from green feed. The drought has all but eliminated this source and young cattle need a daily supply since they do not have the ability, as do older animals, to store the vitamin A in their bodies for later use.

Women's Building Will Be Ready For 1954 Dallas Fair

A glamorous new half-million dollar building devoted to activities of interest to women is being completed for the 1954 State Fair of Texas, Oct. 9-24.

Completely air-conditioned, the new Women's Building will be the third largest exhibit hall at State Fair Park, covering 50,000 square feet of floor space.

Exhibits of textiles, cosmetics, luggage, personal accessories, lingerie, fine furs, jewelry and other articles of special interest to women will be arrayed in swank department store fashion emulating a window shopping tour of the smartest shopping centers of London, New York or Paris.

Commercial exhibits will be limited to a select group of 67 manufacturers chosen on the basis of good taste, educational value and the beauty of their exhibits.

More space than ever will be devoted to traditional exhibits of prize-winning handicrafts, needlework and other household arts. Premiums totaling \$7,035 will be awarded in arts, hand-painted china, applied and miscellaneous arts, designer-craftsmen, antique collecting, needlework and foods division of the Women's Department.

Free fashion shows featuring prize-winning designs of the Texas fashion industry will be presented daily during the fair.

A tearoom in the Women's Building will be focal point for many women's organizations which will take part in the 1954 exposition.

Some of the outstanding special events which will take place in the new Women's Building during the fair will include programs on Mexico Day, Garden Club Day, Negro Achievement Day, Public School Day, Porcelain Art Day, and Senior Citizens Day. A colorful Rose show will also be held in the building.

"Drying Small Grain," L-201, is the title of a new publication which should be of interest to farmers who have or plan on the farm storage. B-236, "Range Plants of Texas," should be of interest to livestock producers who are conducting range improvement work. Both publications are available from the offices of local county agents or Agricultural Information Office, College Station, Texas.

Honestly, now, what's the hurry?

Six Or More Die In 50 Different Wrecks Since 1939

A report on Texas motor vehicle traffic accidents since 1939 in which six or more persons were killed has been released by Col. Homer Garrison, Jr., director of the Texas Department of Public Safety.

The report discloses exactly fifty (50) such accidents, in which a total of 395 persons died. The State's worst traffic mishap according to the record, was the truck-train crash at Alamo in Hidalgo County on March 15, 1940, in which 29 farm workers were killed.

The second most deadly traffic disaster was the collision of the two Greyhound Buses on U. S. Highway 81 south of Waco on August 4, 1952. Twenty-eight were killed in that tragedy.

Receiving third top billing according to fatalities was the August 5, 1947, accident between two trucks in Ellis County north of Waxahachie on U. S. Highway 77, in which 19 persons were killed.

The State's most deadly traffic mishap involving only passenger cars was the February 7, 1953, two-car collision on U. S. Highway 80 near Weatherford in Parker County, which claimed 9 lives.

Garrison pointed out that there has been only one year since the DPS Statistical Division began compiling records in 1939 during which a multiple-fatality traffic accident has failed to claim at least six lives. That was in 1944. Thus far, in 1954, one such accident marks the record. That was the May 28th three-car mishap on U. S. Highway 90 in Gonzales County in which 6 persons were killed.

Feeds other than roughages are also needed by beef animals. Protein content of dry range plans must be supplemented and oil meal products are the cheapest source. Mineral supplements are needed at all times.

Better be late than disintegrate.

July Postal Receipts Show Mixed Trend

AUSTIN—July postal receipts for 122 Texas cities reached almost \$5.8 million, a 5 per cent drop from June's \$6 million total, but 6 per cent higher than July, 1953, receipts of \$5.4 million, the University of Texas Bureau of Business Research reports.

Eighteen cities showed gains in the month-to-month comparison. Largest increases were registered by Cuero, 32 per cent, and Edinburg, 30 per cent. Navasota receipts were up 25 per cent and Jacksonville reported a 20 per cent gain over June totals.

Small June-July increases were noted in two of Texas' five largest cities—San Antonio, 9 per cent, and Austin, 6 per cent. Dallas and Fort Worth were 5 per cent behind their June levels, and Houston was 3 per cent lower.

Largest drops reported among the 103 cities reporting June-July setbacks were Alpine and Sweetwater, 38 per cent each. Bastrop and Gonzales reported 35 per cent decreases, while Crystal City, Gladewater and McCamey showed declines of 34 per cent each.

Graham reported a change of less than one-half of one per cent.

IS FEAR DESTROYING OUR FREEDOM?

In Hall County, Communism is under control. We intend to keep it that way! We will help any part of our state to combat Communism, but we will not DROP DOWN TO A LOW POLITICAL LEVEL TO FAVOR ONE MAN. Especially, since one who has the responsibility and authority (by use of the militia, rangers, etc.) and the moral support of our county—and all other counties—to do anything that is necessary to suppress this Communist threat to any part of Texas.

If these mandates are not used, then we offer a man, RALPH YARBOROUGH, who has pledged that such as the Port Arthur mess WILL BE CLEANED UP.

Certainly we don't need people up here in our county to tell us who to vote for—who are traveling at their own expense, and who are not sponsored by any group (and yet we have been told that the days of miracles are past.)

The real thing in Texas is the type of thing that happened in Duval County and others. Boss rule is never healthy for any county, and there is always someone trying to be just that. Then, and only then, does free thinking and all kindred things go.

We who are supporting Judge Ralph Yarborough in the governor's race are not Pinkos. We resent the tactics of Allan Shivers' supporters who are using FEAR to destroy our freedom to think for ourselves.

We have a healthy respect for a bona fide Republican, and we are told that if we can't get a whole loaf of bread a half a loaf will do. But, in the present Governor's race, we do not have to accept a HALF LOAF. We, citizens of Hall County, yield to no one in our hatred of Communism and love for the State of Texas.

We believe the people of our county can cast their votes for

RALPH YARBOROUGH

at the polls next Saturday without having to apologize for the soundness of their vote.

(Pol. adv. paid for by Hall County supporters of Ralph Yarborough)

Hall County Women Say

I Am For ALLAN SHIVERS, Because

Allan Shivers has given us an administration strongly against communists and socialists. I consider him one of the best Democrats we have had for Governor. Only Allan Shivers will lead the fight against farm labor unionization. I am strictly and strongly for Allan Shivers.
Mrs. Charles W. Kinslow

We live in a nation which believes in and upholds the Four Freedoms which is our most precious heritage. Then are we to condemn the man who exercises his freedom regardless of his personal benefit? Allan Shivers is a man who stands on what he believes is RIGHT.
Mrs. Edwin Goodall

Allan Shivers has taken a firm stand against the infiltration of Communism, dominated unions in the state of Texas. Legislation he has sponsored and supported has accomplished much toward the betterment of education in our public schools and institutions of higher learning.
Mrs. Bob Magness

If we are genuinely sincere in our duty as a voter we should proceed to act as did the devout Christians of long ago, Acts 1:24—"And they prayed and said, Thou, Lord, which knowest the hearts of all man, shew whether of these two thou has chosen."
Gertrude Rasco

Governor Shivers will keep Texas free from Communism. For our children's sake we must think of this.
Mrs. M. D. Gunstream

Of the two men I believe Allan Shivers is the best qualified to be the Governor of Texas
Mrs. B. D. Frisbie

Governor Shivers has done a good job in the past, and I would like to see his administration continue for awhile.
Mrs. W. E. Leslie

Allan Shivers has been a good governor. He is nationally known for his good works in Texas for Texans. Allan Shivers wants to know where the money is coming from before it is spent! We know he is honest, upright and sound. As you cast your vote Saturday, the "Eyes of Texas" and the nation, will be upon you.
Mrs. Mills Roberts

Allan Shivers' stand on the Tidelands issue has meant a great deal to me. He has shown a sincere genuine interest in West Texas and West Texans in our drought relief and water conservation problems.
Mrs. Rufus Grisham

We feel Allan Shivers has made a splendid Governor. Due to unsettled times we would do well to put him back in office. We hope and pray he will be elected.
Mrs. Howard Finch

Allan Shivers is a Governor who is for Texas, for Democracy, for better schools and for honesty in our government. With these principles, his experience, and a careful watch for those who would spread communism and corruption in our land, we may have hope of progress and freedom in our State and in our Nation.
Mrs. Herbert L. Sisk

Allan Shivers fought to save the Tidelands, whose lease money will mean countless benefits to our public schools.
Mrs. John McCauley

Allan Shivers is for "Texas" first. He saved the Tidelands for us and we know he loves Texas or he would not have faced the opposition he did by supporting our President in a Democratic state in order to accomplish this.
Mrs. S. B. Pallmeyer

Allan Shivers is a fine Christian man. I feel that we are facing a crisis in regard to communism and we need a leader with integrity and honor. Christian people need to stand by him for "All that is necessary for the triumph of evil is that good men do nothing."
Mrs. Lloyd Phillips

I have always admired Allan Shivers for the type of man he is. I think he is the kind of man we should have as our Governor.
Mrs. R. A. Massey

Allan Shivers is a Christian gentleman. As a minister's wife, I am concerned that anti-Christian forces in our state not be allowed to smash our hallowed ideals.
Mrs. Burr Morris

Allan Shivers has shown he is an honest, Christian man. He is a Governor who sets a fine example for our children in good citizenship.
Mrs. R. C. Lemons

Allan Shivers is interested in our future farmers and for them he fights racketeers now making an all out effort to hamstring agriculture.
Mrs. Joe Montgomery

Allan Shivers is sincere and honest in his efforts to build a better Texas.
Mrs. Bill G. Kesterson

Allan Shivers has tirelessly fought for the interests of Texas and Texans.
Mrs. Bill Cosby

Allan Shivers is an honest and upright man.
Mrs. Thomas Clayton

Allan Shivers has the interests of Texas and Texans at heart. I do not like the type of campaign waged by his opponent.
Mrs. G. W. Kesterson

As long as Allan Shivers is governor we will continue segregation, and we will not have union bosses controlling farm labor. With Allan Shivers Texas comes first.
Mrs. Paul Montgomery

Allan Shivers advocates water conservation and segregation, both of which issues are vital to our economic and social security.
Virginia Rogers

Let's keep our government democratic by voting for a real American. Allan Shivers puts democracy above party principles. Let's exercise our great privilege and vote for the man who has our interest at heart.
Mrs. Edwin Hutcherson

Allan Shivers is opposed to communism and will do all he can to keep it out of our State.
Mrs. W. A. Simmons

Allan Shivers has proven he is qualified to look after the best interests of Texas, and he is against communism.
Mrs. D. A. Neeley

Allan Shivers can be depended upon to protect Texas against all the evil forces working against it.
Mrs. James Morris, Jr.

Allan Shivers is a real Texas Statesman of whom we are proud.
Mrs. J. H. Morris

Governor Shivers has taken a fair stand on segregation.
Mrs. T. M. Isham

Allan Shivers is a good Christian man who puts principle first.
Mrs. Robert Moss

Allan Shivers is the better of the two candidates. His record speaks for itself.
Mrs. Allen Grundy

Allan Shivers has demonstrated that he has the honor and character that is typical of the greatest state in the nation. His fight for the Tidelands and Texas school children has won my admiration and the admiration of the nation.
Mrs. Carl Harrison

I believe a vote for Allan Shivers will be a vote of confidence in the future of education in Texas.
Mrs. Henry Foster

Allan Shivers has proven he places the welfare of the Texas people first. He risked his political career when he fought northern politicians controlling the Democratic party to win the Tidelands back for our children's schools. He is so respected outside our state that he can continue on a national scale our fight to save the Democratic party for the conservative South.
Mrs. Louis Foxhall

Governor Shivers is a Christian man. He has done a lot for our schools, and for our state as a whole.
Mrs. Roy Patton

Allan Shivers has made a good Governor.
Mrs. George Greenhaw

Allan Shivers is a fine, upright conscientious man. I admire his spirit in standing up for what he thinks is right.
Mrs. Don Wright

Can you help elect Allan Shivers? Come by headquarters or call 700

LAFF OF THE WEEK

"That the same one you tried to give Freddie Toole's sister last week?"

Texas Senators Vote To Extend Rigid Supports

Both Texas Senators, Lyndon Johnson and Price Daniel, voted in favor of extending the present 90% of parity when the farm program was under consideration in Congress. Like 33 other members of the Democrat Party, Johnson and Daniel were pledged to the one-year extension of the present program and were active in its behalf.

The flexible system, advocated by Secretary of Agriculture Benson, of 82 1/2 to 90 per cent of parity was finally adopted after bitter fights in both the House and Senate.

Price Daniel's vote on the farm bill was incorrectly reported by some of the Texas newspapers as being in favor of the flexible system. Actually, Daniel voted only to raise the minimum of the flexible plan from 80 to 82 1/2 per cent so that the lowest support would be as high as possible if the flexible system was adopted. However, on the final choice between the flexible program and the present farm program, Daniel voted with the large majority of Democrats to continue the present 90 per cent of parity on basic crops.

Both Johnson and Daniel expressed the opinion during the debate that the farm economy was important to the welfare and security of the nation and that the farmers were hit hard enough by drought and decrease in prices without changing the farm program.

BRICE

Mr. and Mrs. Johnny Tucker and two children of Louville spent the weekend with his sister, Mr. and Mrs. Bill Salmon.

Mrs. J. P. Carille left Saturday for Portales, N. M., where she will teach in the public schools.

Mr. and Mrs. Starr Johnson and Mrs. J. C. Johnson and Judy visited Sunday in Dumas with the Buck Johnsons.

Mrs. Cyrel Aduddell of Andrews

spent the weekend with her parents, the John Hatleys. Mr. and Mrs. Perry Campbell and Dixie Osborn went to Amarillo Monday to meet Linda Campbell who is returning from Phoenix where she spent the summer with her mother.

Mr. and Mrs. George Craft are vacationing in Colorado.

Mr. and Mrs. Bob Fansworth and daughter of Amarillo visited Sunday with her sister, Mrs. Roy Allerd and husband.

Sheldon Anisman was in Wichita Falls over the weekend to attend the wedding of a college friend, Charles Sugarman and Miss Sandra Weiss.

Pvt. Jack T. Leeper Serving In England

Pvt. Jack T. Leeper, son of Mr. and Mrs. G. L. Leeper of Rt. 1, Hedley, is now serving at Upper Heyford, England, with the 4th Anti-aircraft Artillery Battalion.

Private Leeper is a gun crewman in the battalion, part of the 32nd AAA Brigade, which engages in joint training exercises with the U. S. and Royal Air Forces and the British Navy.

Leeper entered the Army in February and completed basic training at Fort Bliss.

Larsen Studio To Open Aug. 31

Lilly Larsen, who has Bachelor of Arts and Master of Arts degrees from West Texas State College and has nine years of study in the Juilliard School of Music and Columbia University in New York City, announces that she will open a studio Aug. 31 at Thirteenth and Brice streets, across from the High School campus. Miss Larsen will give instruction in voice, piano, organ and theory.

Miss Larsen's training also includes study with artist vocal teachers.

Because of her wealth of experience, she has become an accredited high school and college teacher.

For four years, she maintained a music studio on 84th and 87th Streets in New York City, and many of her artist pupils are on the concert stage or engaged as college teachers.

Among those with whom Miss Larsen has studied, are: Lazar Samoiloff (teacher of Nelson Eddy); Giuseppe Campanari; Maria Kurenko; Conrad Bos, (teacher of Margaret Truman); Peter Wilhousky; and Barnard Taylor.

She studied under such New York City artist concert pianists as Ernest Hutcheson, Leopold Godowsky, Percy Grainger, E. Robert Schmitz and Rosina Lhevinne.

Artist organists from who she has received instruction in New York City, include Richard T. Percy, David McKay Williams, Hugh Porter, Lillian Carpenter and Robert Baker.

Miss Larsen studied theory in Columbia University and Juilliard under the guidance of Howard Murphy, David Barnett, George Wedge and Frederick Hart.

Musicians and those who desire to begin musical training, would be wise to make arrangements for study under Lilly Larsen, when she opens her studio at Thirteenth and Brice Streets, Aug. 31.

Twenty-seven Coming Out For Cyclone Football Team

Twenty-seven boys are trying out for positions on the Memphis High School Cyclone football squad. Coach George Childress said Wednesday. Workouts started Monday morning and will continue on a two-a-day basis until school opens, Sept. 7, Childress said. The boys began scrimmaging Tuesday afternoon, according to the coach.

Eleven of the players are lettermen from last year's squad and three others are reserve lettermen. The remainder are from the 1953 B team or have never played school football before, the coach said.

"They should be a scrapping team but it's too early to tell just how good they'll be," Childress declared. "We're ranked fifth in the 'Pigskin Preview,' but I don't pay any attention to things like that."

The coach said he is having to develop a quarterback on last year's district and bi-district champions, graduated this spring.

Trying out for the spot are Cleve Evans, reserve quarterback on the 1953 squad, and Jimmy Davis, letterman halfback last year.

Other lettermen from last year, who are working out, are: Jack Boone, guard; Debs Cofer, center and tackle; James Freeman, guard; Carrol Gardenhire, end; Jimmy Jenkins, halfback and fullback; Jerry McQueen, tackle; Jack Montgomery, end; James Moss, end and guard; Leon Rogers, guard and halfback; and Dean Sustaire, halfback.

Terry Monzinger, reserve letter-

man, is playing in the fullback slot.

Coming up from the 1953 B squad are: Paul Wilson, tackle and center; Butch Adcock, halfback and fullback; David Davis, halfback; Dan Davis, halfback and quarterback; Dickey Craig, guard; Billy Cheek, tackle; Campbell Morris, halfback and end; Van Howard, halfback; Robert Hodges, fullback; Bobby Townsend, guard; Sherman Clemons, halfback; and Junior Gilchrist, tackle.

New to school football are Tommy Foster and Jerry Hill.

Nolan Poteet, assistant coach, is helping Childress.

The Cyclone will open the 1954 season in Cyclone Stadium, Friday night, Sept. 10, in a contest with the Tulia Hornets.

Childress said he does not know what kind of team Tulia has but that he understands that a good many of last year's lettermen are back.

Ten games are on the team's schedule. Seven of them are district contests, while the remainder, including the one with Tulia, are non-district.

District opponents are Clarendon, Panhandle, White Deer, Canadian, Gruver, McLean and Lefora. Non-conference foes, besides Tulia will be Canyon and Crowell.

my Galloway, Danny Gunstream and John Robert Miller, of the Eagles.

Myers said he would like to thank the boys, their parents, Memphis merchants and the team managers and coaches for all they have done in making the summer recreation program a success.

Frank Smith, Jr., headed the coaching staff this summer, Myers said. Those assisting him included Ace Gailley, Buster Helm, Ted Barnes, Oran Adcock and Mr. Howard.

Character of boys is built by playing games and being together as much as possible while they are growing to manhood, the recreation program director declared.

JOYCE WEBSTER

County Farmer Takes PCA Post

A young Hall County farm leader, Joyce Dot Webster, has been named assistant secretary-treasurer of the Memphis Production Credit Association, according to an announcement by James Van Pelt, P. C. A. secretary-treasurer.

Webster will assume his new duties Wednesday, Sept. 1. He replaces Harmon Elliott, who has resigned to accept a position as field representative in the Littlefield office of the Plainview P. C. A.

The new assistant secretary-treasurer has been associated with the Veterans Agriculture training program in Hall County since 1947. For the past three years, he has served as county coordinator of the program. Reared in the county, he farms and raises livestock east of town.

He is also active in the Hall County Farm Bureau and the Memphis Junior Chamber of Commerce, of which he currently is president.

Absentee Voting —

peals—Lloyd W. Davidson. Commissioner, Precinct No. 3—Fred B. Berry and Clinton Richburg.

The Judge of Criminal Appeals race was left with only one candidate when Alan Haley of Wichita Falls, runnerup to Davidson in the first primary, withdrew, stating that he did not have the money to continue his try for the office.

Although only 2,087 poll taxes were paid in Hall County for 1953, a total of 2,508 citizens voted in the first primary. This was one of the best showings in the history of the county. The several hundred votes above paid poll taxes represented over-age voters and young people who were casting ballots for the first time.

Full Staff Of Teachers Ready For Estelline School Opening Wednesday

A full staff of teachers will be on hand for the opening of the Estelline public schools on Wednesday, according to Supt. V. Y. Graham.

All seniors will meet J. A. Ballard, high school principal at 9 a. m. Tuesday, in order to register. Other students will register Wednesday.

Four new teachers have joined

the Estelline faculty. They are: Clark Titus of Childress, principal of the Estelline elementary school; Harold Weathered, coach; J. R. Adamson of Turkey, vocational agriculture; and Miss Magdalena Clements of Hastings, Okla.

Titus has a Bachelor of Arts degree from North Texas State College at Denton and is doing graduate work there. He has 15 years' teaching experience and has been area coordinator of the Veterans' Program for several years.

Weathered, who recently was discharged from the armed forces, has a Bachelor of Science degree from North Texas State and formerly coached at Happy.

Adamson holds a Bachelor of Science degree from Texas Tech. He has had three years' teaching experience and has recently been working with veterans' classes.

Miss Clements has Bachelor of Science and Master of Arts degrees from Oklahoma A & M at Stillwater, Okla., and has done additional graduate work at Colorado A & M. Possessing 16 years of teaching experience, she also has been a home demonstration agent for several years.

Other teachers on the faculty are: Ballard; Mrs. J. A. Ballard, commercial subjects and mathematics; Mrs. E. F. Kennedy, English; and Mrs. Clarence Wooten, Miss Carrie Buchanan, Mrs. Wesley Nivens, Mrs. L. A. Tucker and Mrs. A. D. Britt. Miss Bonnie Willis is elementary school supervisor, and Mrs. H. D. Tribble is librarian.

Supt. Graham asks all faculty members to meet at the high school at 8 p. m., Monday.

An improved lunch program has been planned and an 18-foot freezer was purchased this summer to permit storage of larger amounts of food. Mrs. J. C. Sprull is lunchroom supervisor and her assistants are Mrs. Angie Nelson and Mrs. Buck Sandifer. Serving of lunches will commence Wednesday.

Bus drivers are Rev. R. L. Self, Mrs. Perry Vines, Bob Butler, Fuller Burnett and Clark Titus.

Grady C. Gilliland is caretaker in the school system.

Football practice was scheduled to start Monday afternoon.

Kenneth Oren and daughters, Oleyse and Ann Beth of Gatesville arrived here Saturday to visit his parents, Mr. and Mrs. Chas. Oren. Mr. Oren returned home Sunday while Oleyse and Beth remained for a week's visit with their grandparents.

Negligence Charged

(Continued From Page One)

chin and lip, and had a tooth knocked out by the impact of the crash. She is Scales' sister.

The Thaten automobile was headed south and the Scales' car was going north on the bridge, at the time of the crash, officers said.

The Thaten vehicle, a Ford station wagon, had to be pulled away from the west railing of the bridge, before Thaten could be removed through the right door, personnel of Spicer Funeral Home said.

The left front section of the station wagon was so badly smashed that a winch truck had to be used to straighten the windshield post on that side before Mrs. Thaten's body could be freed, Deputy Sheriff Bill Baten said.

Mr. and Mrs. Thaten, who were en route from their home in California to Childress to visit two sons, Michie and Harry Thaten, were less than 20 miles from their destination when the tragedy occurred. The couple are former residents of Childress.

Scales and Mrs. Brown were returning to Amarillo from a visit in Wichita Falls with a sister, Mrs. Luvercie Bowens. They were riding in a 1952 Oldsmobile.

The accident occurred about 2:45 p. m. Monday and the bridge was blocked to traffic until approximately 4:30 p. m., according to Morrison. Vehicles stacked up

for something like two miles both directions from the accident scene, Morrison estimated.

The body of Mrs. Thaten brought to the Spicer Funeral Home in Memphis and taken to Newberry Funeral Home in Childress late in the afternoon.

Mr. Thaten was transferred Monday afternoon to a Childress hospital.

Mrs. Brown, whose condition was not serious, was discharged from a local hospital about Tuesday.

Thaten and his brother, late W. H. Thaten, built the County courthouse here late in the early 1920's.

ALLAN SHIVERS Please Tell Us Why?

IF it were wrong to have federal aid on the Canadian Dam project in May 1953
WHY did you demand that the federal government build Diablo Dam on the Rio Grande on June 30, 1954?

IF you loved the school children of Texas so much that you broke your oath to the Democratic Party
WHY did you give 24% of the leases to H. L. Hunt for \$6 an acre (the lowest price permitted by law) while others paid as high as \$600 an acre?

IF you are a friend of the teachers
WHY did Bob Proffer, President of the State Teachers Association, say in a letter to the teachers dated May 23, 1953—"The governor flatly refused to cooperate (in an effort to pass legislation to increase the teachers' pay)?"

IF conditions are so bad at Port Arthur
WHY do you not take the Texas Rangers into that city and clean it up?

IF the city of Port Arthur is under the heel of your opponent
WHY did you carry the town in the first primary but not the county in which it lies?

IF you are interested in our aged citizens
WHY did the ceiling on old age pensions which was voted into law in 1945 remain in effect through your three years as lieutenant governor and five years as governor?

IF you are really against communism
WHY did you vote for trade with Red China when both the Texas and the U. S. Senate had voted against it?

IF you are for Texas above all as you so frequently claim
WHY did you break the constitution of this great state by giving printing awards to yourself and family?

IF your \$425,000 gift for your expired land option were a legitimate "land deal"
WHY did you issue a water permit on this land one month after you became governor although for more than 20 years the State Board of Water Engineers had refused to do so because there was no more water available in the Rio Grande?
