Harvest Temporarily Halts Fog Harvesting In Area

This week temporarily halted harvesting in this section. The first measurable moisture in the latter part of August and the week's precipitation together had been generally dry. As a result, crops are not yet ready to be harvested. At the same time, the fair has permitted farmers to harvest considerable quantities of staple and of grains. The bundles are to be seen on farms throughout the county.

Lions Here Honor School Leaders At Dinner Last Week

Approximately 100 persons attended the annual banquet last Thursday night at which members of the Memphis Lions Club honored faculty members and trustees of the local schools and their wives or husbands. The dinner was held in the Masonic Building, with Bill Leslie as master of ceremonies.

Leslie introduced school board members and their wives and Supt. W. C. Davis. The superintendent then presented W. C. McCreary, L. L. Thomas and B. J. Thomson, principals of the junior and senior high schools and the William B. Travis and Stephen F. Austin elementary schools, respectively. The principals then introduced faculty members and their wives or husbands.

Rev. Fern A. Miller, pastor of the First Baptist Church, offered the invocation. J. W. Coppedge, Lions president, made an address, entitled "Salute to the Teachers."

Leading the group in a song session was Buster Helm. Also on the program was a solo by Paul Hancock, who was accompanied by Mrs. L. G. Rasco, and a saxophone number by Billie Jean Stroehle, whose accompanist was Mary Frank Garrett.

Gentry Re-Elected As Soil Supervisor

Ross Gentry of Memphis was re-elected to a five-year term as a supervisor in the Hall County Soil Conservation District, at a meeting in the county courtroom here Tuesday afternoon. The meeting was attended by land owners in the district.

Other members of the five-man board of supervisors are: C. L. Brooks of Childress, chairman; Johnny Glover of Childress; L. M. Bartlett of Loco; and George Ray Colvin of Turkey. S. D. Posey of Memphis, was chairman of the meeting.

No Controls Seen On Sorghum Sowing

Since there are no plans for controlling the planting of grain sorghum in Hall County in 1955, farmers may now plan their 1955 crops with the assurance that there will be no penalty for planting oats, barley, rye and grain sorghums for harvest on

at least most of them, out within a few weeks.

Opinions seem to be that showers this week fell in such a way that they will cause little or no damage to crops and will be of benefit to wheat and pastures. One county ginner said today that cotton will turn out just as good as it did before the precipitation, once the sun has a chance to dry out the fleece.

Showers and drizzle which commenced here Tuesday afternoon and have continued intermittently since then, had reached a total of .87 of an inch by this morning. Weatherman John McMickin said. Reports indicated that from three-quarters of an inch to an inch had been received throughout this section. Fog and drizzle were present this morning but had cleared by mid-morning. However, (Continued On Page 12)

Rites Held For Kin Of Mrs. Hamilton

Funeral services for R. K. Lagow, brother-in-law of Mrs. Sam J. Hamilton of Memphis, were conducted Monday morning in Dallas.

Mr. Lagow, died Friday morning in his office in Dallas, after suffering a heart attack.

Other survivors include his wife and a daughter, who is a student in the University of Mexico at Albuquerque. Mr. and Mrs. Hamilton attended the funeral. They were expected to return home Wednesday.

Man Nabbed Here In Altus Shooting

Vance Bates, Quana Negro, was arrested Monday afternoon in a Morningside, Okla., where the suspect was alleged to have shot another Negro man Saturday night.

The victim, who was shot twice in the chest, was reported in critical condition by hospital personnel at Altus.

The Quana man was arrested by Sheriff E. S. Morrison and Deputy Bill Batson, after the officers received a tip he had been seen in the cafe.

Bates was charged with assault with intent to murder in connection with the shooting, Morrison said.

Altus officers came after Bates late Monday.

FLOZELLE JONES

Sweetwater Miss Will Be Guest Of Rotarians Tuesday

Special guest of the Memphis Rotary Club on Tuesday night will be Miss Flozelle Jones of Sweetwater, according to Gayle Greene, president of the local organization. The dinner will commence at 7:30 o'clock.

Miss Jones, a Foundation Fellowship student of the 183rd district of Rotary International, has just returned from a year's study at the University of Manchester in post-graduate work in British history and government. In addition, she traveled on the European continent. She was sponsored for the scholarship by the Sweetwater Rotary Club.

She attended school in Sweetwater, later graduating from the University of Texas with a Bachelor of Arts degree, with honors in English. After graduation, Miss Jones taught school in Midland for one year before going to the

Chest X-Ray Drive Slated Here Soon

A chest x-ray campaign will be conducted here Saturday and Sunday, Oct. 23 and 25, Clifford Farmer, manager of the Chamber of Commerce, announced Wednesday. The machine will be located at the Lone Star Gas Company on the west side of the square.

Operating the apparatus will be personnel of the Texas State Department of Health, which furnishes the equipment.

X-rays will be made from 8:30 a. m. until 5 p. m. each day, Farmer said.

Civic clubs and women's clubs will assist in the project. Committees will be announced later.

As many as possible are urged to avail themselves of the benefit of the x-ray service during the two days it is in operation here, Farmer said.

B&PW Club Here Sets Observance Of National Week

Members of the Memphis Business & Professional Women's Club plan to observe the coming National Business & Professional Women's Week in various ways, Mrs. Bill Leslie, president of the local unit, said Wednesday. Observance of the week will start

(Continued On Page 12)

Annual Staff Is Elected Here

Debs Cofer was chosen editor of the 1954-55 school annual last week, by students and teachers of the junior and senior high schools in Memphis.

Others elected to the staff were: Betty Lemons, assistant editor; Leon Rogers, sports editor; Paul Rowlett, arts editor; Bobby Nell Long, society editor; Bobby Lemons, treasurer; and Glenna Widener, secretary.

Hershel Potts, vocational agriculture teacher, is sponsor of the annual staff.

All of the above attended an annual clinic in Amarillo, Saturday, sponsored by Newsfoto Publishing Company of San Angelo. Purpose of the meeting was to aid annual staffs in putting out better yearbooks. Several schools in the Panhandle were represented at the Amarillo meeting.

COMMISSIONERS COURT APPROVES ELECTION TO REALLOCATE TAXES

PROCLAMATION

WHEREAS, The National Federation of Business and Professional Women's Clubs has declared National Business Women's Week to be observed during the week of October 10 to October 16, 1954, and

WHEREAS, the purpose of this week is to pay tribute to the accomplishments of women everywhere in business and professions; and

WHEREAS, the observance of this week will give the Memphis Business and Professional Women's Club an opportunity to arouse public interest in Federation objectives and to relate to the community the local objectives,

THEREFORE, I, O. L. Helm, Mayor of the City of Memphis, by the authority vested in me, do hereby declare OCTOBER 10 to OCTOBER 16, 1954 BUSINESS WOMEN'S WEEK.

(Signed) O. L. HELM, Mayor
City of Memphis

Schedule Event In Connection With Balloting On Nov. 2

A special election in which Hall County citizens will vote on a proposal to make some changes in the present county tax structure will be held in connection with the general election, Tuesday, Nov. 2, County Judge Tracy Davis said Tuesday.

Under the proposal, the courthouse sinking fund would be reallocated to the general fund. A portion of the jury fund also would be reallocated to the same fund, the county judge said.

If county voters favor the change, it would mean that the 10 cents per \$100 property valuation now allotted to the sinking fund would go into the general fund, beginning with the 1955-56 budget. In addition, two of the six cents currently assigned to the jury fund would be placed in the general fund. The 12 cents from the two funds would be added to the 38 cents already tabbed for the general fund, to make a total of 50 cents per \$100 property valuation which would go into the fund. The present tax rate is 95 cents for each \$100 valuation, which County Attorney William Teague said is the statutory limit in Texas.

"The reallocation of funds will raise no one's taxes," Judge Davis explained.

"But if funds are not reallocated," he continued, "we may have to raise property valuations, beginning with the 1955-56 budget, in order to obtain sufficient money for the general fund."

Judge Davis said that the courthouse sinking fund would cease to exist, commencing with the 1955-56 budget, since the last outstanding bonds on the courthouse were paid off this year.

He said he and the county commissioners feel that the proposed transfer of funds will provide the general fund with enough money to operate county affairs without going in debt. He said that at present money has to be borrowed each year.

Recent repair and renovation of the interior and exterior of the courthouse is not completely paid off, he explained. He pointed out (Continued On Page 12)

About Six Miles Of County Roads Slated To Be Completed This Year

Construction of approximately six miles of county roads is scheduled to be completed by the end of this year, according to County Judge Tracy Davis. Some of this, in fact, already is finished.

Composing this construction program are two miles running northeast from Memphis to the Collingsworth County line by way of the cemetery, two miles on the road connecting Estelline and Tell, and two miles on the route from Turkey to Bridle Bit. Right-of-way for these already has been obtained.

Four miles of the Harrell Chapel road, extending immediately east of the W. B. McQueen home southeast of Memphis, was built and blacktopped last year, the judge said.

In a recent meeting with Palmer Massey of Childress, district highway engineer, Edwin Hutcherson, of Precinct 1, proposed construction of a mile and a half stretch

(Continued On Page 12)

District Governor Addresses Local Rotarians During Luncheon Monday

Rotary Clubs in 89 countries and geographical regions of the world have combined their efforts to promote international understanding, good will and peace, Jerry Debenport of Odessa, governor of Rotary International district 183, told local Rotarians at a luncheon in the Masonic Building here Monday.

In addition to activities of the 8300 Rotary Clubs to promote these objectives in their own communities, Rotary International has spent more than one and a half million dollars in recent years through its program of student fellowships, Debenport explained. The fellowships enable outstanding college graduates to study for one year in countries other than their own, as ambassadors of good will.

Since 1947, when the program was established, 606 fellowships have been awarded to students in 57 countries. One of these students, Miss Flozelle Jones of Sweetwater, has just returned from a year's study at the University of Manchester in England, plus extensive travels on the continent of Europe. Miss Jones was a student in 1953-54 from this, the 183rd district of Rotary International. Another scholarship will be awarded by the district to

a graduate student of requisite requirements.

"With fellowship and service to others as its keynote, Rotary provides a common ground for 300,000 business and professional executives throughout the world, regardless of differing nationalities or political or religious beliefs," the Rotary governor declared.

Prior to the luncheon, Debenport conferred with local Rotary officers and committee chairman.

Scouts To March In Hedley Parade

By Scouts of Troop 35 of Memphis will participate in the Hedley Cotton Carnival parade at Hedley Saturday afternoon, according to Scoutmaster Ted Myers. Plans to appear in the event were made after an invitation was received from Cotton Carnival representatives. Marching is scheduled to commence at 1 p. m.

All Scouts of Troop 35 should be ready to leave the Scout Hall at 10 a. m., Saturday, Myers said, who added there will be a full day of activities for the boys.

Myers explained that several cars will be needed to transport the Scouts to Hedley. Anyone who can furnish a car is asked to be at the Scout Hall at 10 a. m. Saturday.

Cheek Impresses Mangum Residents By Lifting Stones Like Cream Puffs

Kenneth Cheek, 19-year-old Memphis youth, has been attracting quite an audience in Mangum, Okla., with his weight lifting prowess, according to The Mangum Star.

Kenneth, who is employed on the remodeling of the First National Bank at Mangum, was surprised recently when a "side-walk superintendent" commented on his strength. The youth was not particularly impressed.

Maybe he wasn't but passers-by have been stopped short by his ability to hoist 75 to 125 pound stones as if they were cream puffs.

Cheek has a system in which he shoves the oversized rocks with a knee to give them boosts. He raises the stones from a small scaffold to a larger one when he is not busy operating a cement mixer.

Others may demand an electric crane when big rocks are to be lifted but that's not for Cheek.

A letterman lineman for the Memphis Cyclones who completed his eligibility last year, Cheek may be looking forward to the time when his power will be tearing opposing college lines apart.

The long-delayed rains finally showed up Tuesday night and will of course help a lot of things, and naturally cotton gathering was brought to a standstill. Without any damaging wind or hail accompanying the rain, gathering cotton was slowed but no damage to the crop resulted, as was the case a year ago. Farmers who have cotton had rather it had not rained until they had the bulk of the crop gathered. Pastures and late feed will be helped, and wheat planting can now be done.

For years Yankeeland people have been trying to force anti-segregation upon the South. This was finally accomplished by a ruling of the Supreme Court. The result has boomeranged on the Northern people. It is amusing to note that way up in New Jersey, Baltimore and Washington, D. C., white children are striking against having to attend school with the colored children, while the people of the South, both white and colored, are going peacefully along without strife or misunderstanding.

Southern people learned long ago how to get along with and understand each other. The Federal government is continually trying to take over the reins of state government, get control of the South's resources, and many ways usurp the few liberties we (Continued On Page 12)

COMING HOME — Cpl. Rolland H. Perkins

Cpl. Rolland H. Perkins is returning home next week from England, where he served with the Air Force. After spending a 30-day leave with his wife, Doris, of Lakeview, he will report to Clovis Air Force Base at Clovis, N. M., where he will be stationed. Mrs. Perkins, the former Doris Reed, will accompany him.

O. V. Alexander's Brother Succumbs

R. Smith Alexander, brother of O. V. Alexander of Memphis, died Monday morning in a hospital at Dallas, where he lived.

Mr. and Mrs. Alexander went to Dallas to attend funeral rites, which were held Tuesday morning in a funeral chapel. Burial was in Laurel Land Memorial Park.

Survivors, other than Mr. Alexander, include his wife, his mother, two sisters and another brother.

Hedley Cotton Festival To Start Friday

Everything is in readiness for the annual Hedley Cotton Festival which will be held on Friday and Saturday. Decorations are out all over the county, and lots of booths of all kinds, and the are roped off and lined with. Approximately 20,000 persons are expected to visit during the celebration.

Festival will start with a breakfast at the Hedley Hotel, Friday morning and the entertainment is slated for Saturday.

F. C. Bogle Shows, Inc., one of the largest carnivals to be seen in this section will be located on the grounds. Included in show proper rides and concessions.

Amarillo Air Force Base will send an 80-man caravan to Hedley. Among features will be drum and bugle corps and drill team. These will be on the streets of Hedley on Friday, in the grand parade Saturday afternoon and following the parade. The parade will be one of the outstanding free acts of the festival.

Caravan of Hedley boosters here briefly Monday to advertise the Festival. The caravan will continue on to Childress, then swing back north to Wellington, Shamrock, and Claude before returning.

Nichols Slated For Estelline Talk

H. Nichols, a conference speaker of the Northwest Textile Conference of the Methodist Church, has been secured as the speaker for the kick-off dinner Monday night at the Estelline Methodist Church. Mr. Nichols is editor of the Vernon Record.

Three weeks of education for the Farrow Plan, the team are ready to begin the solicitation. Bob Davidson and Pete Wood met Monday and selected workers for teams.

Britt was the one-minute speaker for the worship service morning. Vernon Grabeke in the young adult subject for the day was "Responsibility to Your

Report From Washington

By Walter Rogers
Congressman, 18th District

Critical Materials
On several occasions I have referred to the practices in this country of advertising our insufficiencies as well as over-advertising our sufficiencies. It has been my opinion that much of the information concerning the welfare and safety of this nation should not be divulged. The American people are all primarily concerned with the facts, but they all realize that when this information is broadcast it falls on the waiting ears of our potential enemies. Recently a report was issued on a study of the accessibility of critical materials to the United States in time of war. The report pointed out that testimony would indicate that the vital securities of this nation has been in serious jeopardy, because we have been dependent for many of our essential raw materials on sources in far off lands. That many of those lands were under the control of governments that were under the guns of potential enemies, or were in a class of timid neutrals.

The report was issued concerning 77 raw materials declared by the Secretary of Defense as essential and indispensable in waging modern warfare, which raw materials had heretofore been acquired by imports from abroad. It was the general context of the report that the Western Hemisphere can become completely sufficient in the production of necessary critical materials in time of war, and that this nation could materially increase its own economic production of strategic and critical materials by strengthening its laws regulating foreign trade. It was pointed out that expert testimony made it crystal clear that there were more known commercial reserves of critical materials in the United States than ever before in the history of this nation. That the conclusion heretofore reached that the known reserves of petroleum, tungsten, manganese, zinc, lead and other minerals would be virtually depleted within twelve years was a fallacy and a mistake.

I sincerely hope that information contained in this report is exactly correct; however, I doubt the advisability of giving information of this sort to those enemies of this country who are so anxious to get information of this kind. I believe that the stock-piling of critical materials to be wholly sufficient to meet our needs whatever they might be. I would also prefer that information concerning them be so confined that the best interest

of this country would be served.
Leasing Public Lands In Alaska
I have been receiving a number of communications concerning public lands in Alaska. For the information of everyone who might be interested, there are grazing leases being issued in Alaska now. The information as to which lands are available can not be obtained in Washington. These lands are under the jurisdiction of the Area Administrator at Anchorage. The information about the land and also the forms for making the applications can be obtained from:
Mr. Lowell M. Puckett
Area Administrator
Bureau of Land Management
Department of Interior
P. O. Box 480,
Anchorage, Alaska.

Crowd Expected At Pampa Singing

More than 4,000 visitors are expected to attend the 26th annual convention of the Texas-Oklahoma District Singers Association when Pampa plays host to the organization Saturday and Sunday.
Many of the Southwest's top singing groups, both professional and amateur, will appear in the Pampa Junior High School auditorium, during the two-day event. Among these will be: The King's Memorial Sextet and the Odd Fellows' Quartet, both of Childress; and the Conn family, of Tell. Many leaders and directors will also be present.
Singing sessions will open at 2 p. m., Saturday and again at 7:30 p. m. The Sunday session will begin at 10 a. m. and conclude at 4 p. m. No admission will be charged. A business session will be held at 9 a. m. Sunday.
M. H. Conn of Childress, is president of the association and Mrs. Hoyt Crain, also of Childress, is secretary-treasurer.

August Patrol Report Released

A total of 11,802 arrests were made by Texas Highway Patrolmen during August, according to a release last week.
Arrests were made for the following offenses: driver license violations; driving while intoxicated; speeding; improper passing; and vehicle on wrong side not in passing.
Patrolmen gave 23,582 warnings to motorists for hazardous violations. The offenses were those of speeding, improper passing, vehicle on wrong side not in passing, stop sign violations, and defective lights.
Officers in the 16 patrol districts traveled 1,031,166 miles.
On patrol duty were 436 officers, composing 320 units.

CARD OF THANKS
We wish to express our sincere thanks and appreciation for the love and kindness shown us during the death of our loved one. May God's richest blessings be with each of you.
Mrs. D. E. Travis and family.
Visiting in the home of John Lindsey and family of Lesley Sunday were Mr. and Mrs. A. W. Moseley of Liberty community, Ronnie Adams of Lesley and Pete Pool and family of Borger.

NOT EARTHLY... Kim Smith, 21, was selected "Miss Out of This World" in Las Vegas (Nev.) contest to pick rival for Miss Universe and Miss America.

A magnificent Premiere Showing launches **Annual Old Stove Round-Up Sale**
'55 automatic plus gas ranges

THE 1954 OLD STOVE ROUND-UP SALE is on! It's the only Nationwide Sale of a major home appliance. This year's Round-Up Sale is the most exciting ever because all leading dealers are premiering the '55 Automatic Plus Gas Ranges. This very minute at the Premiere Showing a '55 Automatic Plus Gas Range is ready to make your cooking automatic... cleaner... cooler... faster and more economical. Its smart, smooth-flowing lines and scintillating chrome will give your kitchen a sparkling new look.

It's time to modernize... time to save. Take advantage of the special values and terms. Attend the Premiere Showing of '55 Automatic Plus Gas Ranges at 1954 Old Stove Round-Up Sale today.

It's Automatic Plus Lift the smooth center work top and you've a built-in griddle. Lift the griddle... you've a 12-inch extra high-speed burner. This vanishing griddle top is three times as useful - it's Automatic Plus.

It's Automatic Plus smaller inside... bigger inside. New 30-inch wide model gives you more baking capacity than standard 30-inch model. Of course you have a separate smokeless broiler located on the fully automatic, clock-controlled oven.

It's Automatic Plus Gas cooking top, oven and broiler build into your kitchen wherever you wish. Only gas cooking you can't cook without.

MODERN LIVING is making the kitchen the center of family life. This calls for a '55 Automatic Plus Gas Range in decorator's colors to keynote or complement your color scheme. Choose pastel green, pastel yellow, brilliant red or antique copper to make your modern gas kitchen pretty as a picture.

NEW TOP BURNER TIMER times coffee, eggs, and vegetables from one to 60 minutes, then turns burner off automatically. Top Burner Timer is more useful than the automatic gas oven clock control because four out of five dishes are cooked on top burners. No over-cooking or scorching. Set it and forget it!

modern gas cooking is Automatic Plus

- cool
- fast
- clean
- safe
- flexible
- dependable
- economical
- for 1/2 cost of any other automatic

In '54, more people than ever before are cooking with gas

Memphis Women Anniversary In Quanah

Local Memphis club women celebrated the 50th anniversary of the 1904 Study Club of the last Friday. The affair was held at the West Texas Utilities building at Lake Pauline.

Guests were Mrs. H. H. Hodge, president of the Shamrock, president of the District, TFWC, and E. Dudley of Abilene, president.

From here were Mrs. L. H. Hodge, Mrs. R. S. Greene, Mrs. Mac Tarver and Mrs. Frank H. Hodge of the 1913 Study Club; Mrs. S. McMurry, Mrs. C. C. Hodge and Mrs. Henry Hays of the Abilene Club.

Presbyterians To Hold Fellowship Wednesday

The first of the season's Fellowship at the First Presbyterian Church will be held on Wednesday evening, October 13, at 7:30 p. m., it was announced today.

Dinners were very popular at the church last fall and winter and are discontinued during the summer months. All members and their families are invited to attend the Wednesday, members stated.

The church's willingness to take others separates the men from the boys.

Between 40 and 50 per cent of the farmers produce less than \$1,000 worth of food each year.

The United States ranks fourth in population with 160 million people.

Mrs. Gayle Greene Entertains With Tea Honoring Wife Of Rotary Dist. Governor

One of the prettiest parties of the past week was the autumn tea given Monday afternoon by Mrs. Gayle Greene complimenting Mrs. Jerry Debenport of Odessa, wife of the district governor of 183rd district of Rotary International.

Guests were greeted by Mrs. Greene and presented to a receiving line composed of the honoree, Mrs. Ben Parks and Mrs. Thomas Clayton, whose husbands are officers of the Memphis club.

The spacious Greene home was attractively arranged for the occasion carrying out an autumn theme, featuring multi-colored butterflies and bronze and yellow chrysanthemums.

In the dining room the table was laid with a brown organdy cloth over yellow and centered with a lovely arrangement of bronze and yellow mums accented with multi-colored butterflies. The butterflies were placed at vantage points throughout the entertaining rooms, resting on the candleholders, draperies, walls and tables. The profusion of butterflies signified the Rotary Anns whose place in the Rotary Club is to add grace and charm to the social activities.

Mrs. Ben Parks presided at the

silver coffee service. Served with the coffee were dainty sandwiches in the form of autumn leaves in yellow and brown, tiny mints fashioned to resemble chrysanthemums and butterfly cookies. Soft music was played throughout the party hours.

Guests were Rotary Anns and included Mmes. Bluford Walker, L. W. Stanford, Robert Spicer, J. A. Odom, R. S. Greene, John Deaver, Mack Wilson, Thomas Clayton, R. C. Lemons, Allen Dunbar, Ben Parks, Mills Roberts, W. A. Leigon, John Fowler, Tommie Potts, Bob Magness, Ed Foxhall, W. B. Hooser, Claude Wells and Mrs. Lester Skaggs of Kerrville, the honoree, Mrs. Debenport and hostess, Mrs. Greene.

P-TA Units Meet To Make Articles For Country Store

Members of the Stephen F. Austin and William B. Travis Parent-Teacher Association held a joint all-day work session Tuesday, September 28, to make articles for the Country Store which will be one of the features of the annual Halloween Carnival held each year by the organizations.

The meeting was held in the basement of the Baptist Church. A covered dish luncheon was served at the noon hour. During the day the following articles were made: pillow cases, cup towels, pot holders, luncheon cloths and stuffed animals. All will be sold during the Carnival.

WHAT'S THE ANSWER? - FIRE PREVENTION

Q. Although I try to keep my broiling pan scrupulously clean, quite often grease from a chop or steak bursts into flames. Once I threw water on the flaming meat—the grease splattered and fire spread. What do you recommend for putting out kitchen grease fires?

A. The National Board of Fire Underwriters recommends baking soda as a fire extinguishing agent. Baking soda, which is another name for sodium bicarbonate is especially effective in squelching kitchen grease fires. When heated by a fire, soda creates carbon dioxide which is heavier than air and settles around a fire cutting off the supply of oxygen necessary for combustion. And baking soda is an "edible" fire extinguisher—will not harm food.

'Pakastani And India' Studied At Guild Meeting

Members of The Mizpah Guild of the First Presbyterian Church met in the home of Mrs. Joe Montgomery Monday evening, October 4, for one of the most interesting programs of their series, "Witnessing For Christ."

The business portion of the meeting was ably superintended by the president, Mrs. O. L. Helm. Among other things, it was decided that the Guild members would hold a monthly bake-sale and, in December, would have the added attraction of a bazaar for money making purposes. Also, each was asked to have white shoe polish, cool-ade, tooth paste, or tooth brushes as their contribution to this month's Amarillo Children's Home box at the home of Mrs. Carl Harrison on Tuesday or Wednesday for packing to send to that destination.

The devotional was given by Mrs. Forrest Power who directed her listeners as to "How to Create Your Own Happiness." The basis for the talk was taken from an article by Norman Vincent Peale on "The Power of Positive Thinking."

Mrs. Burr Morris and Mrs. Courtney Denny conducted the program which had for its subject the countries of India and Pakastani.

Since this part of the world is of vital interest today because of its strategic position and as a frontier for freedom of the democratic peoples, the subject was attentively received by the listeners. Audience participation was implemented by way of an informative quiz concerning the countries, Christ and, among their people, industries, possibilities and problems. A lively discussion ensued and all too soon, was ended with a prayer and the Mizpah benediction.

Tasty refreshments were served during the social interlude that followed to sixteen members. Mrs. Paul Montgomery assisted as co-hostess.

Mrs. Geo. Thomas and Mrs. Ira Wood of Littlefield visited here Sunday and Monday with Mr. and Mrs. R. L. Madden and Mr. and Mrs. L. B. Madden. Mrs. Thomas is a sister of the Mr. Maddens.

Mr. and Mrs. C. R. Watson of Whitesboro visited here Saturday and Saturday night with Mr. and Mrs. T. D. Weatherby. Mr. Watson and Mr. Weatherby were boyhood friends and had not seen each other in a number of years.

Sodalitan Class Meets Thursday In Godfrey Home

The Sodalitan Class met Thursday evening, September 23, in the home of Mrs. Bud Godfrey with Mrs. Dick Jones, Mrs. Edd McMurry and Mrs. Ottilie Jones as co-hostesses.

The meeting opened with prayer by Mrs. W. C. Anderson. The group sang the class song, "Blest Be the Tie That Binds." Mrs. Henry Hays gave the devotional on "Faith."

The teacher, Mrs. J. W. Fitzjarrald, gave a short inspiring talk. Mrs. Henry Foster gave a talk on "Service."

Mrs. Theo. Swift, vice president, conducted an interesting Bible quiz and puzzle game.

Those attending were Mmes. L. G. Rasco, Henry Foster, Leonard Wilson, J. W. Fitzjarrald, Henry Hays, Ottilie Jones, A. J. Fowler, J. R. Saunders, L. O. Dennis, Edd McMurry, H. Byrd, H. H. Lindsey, Theo. Swift, W. C. Anderson, Roy Patton, Dick Jones, Mary Bownds, Henry Scott, Mrs. Bud Godfrey and her mother, Mrs. Pollard.

Ophelia Junior Club Meets With Doris Chaudoin

The Ophelia Junior Club met recently in the home of Miss Doris Chaudoin for a regular meeting.

Mrs. Jack Kinard, president, conducted the business meeting at which time the group voted to sell subscriptions to magazines in order to raise money for the club.

Mrs. Pattie Pardue introduced Mrs. Paul Collins who gave the program entitled "Dreams."

The hostess served tuna salad, olives, crackers, home made candy and iced tea to members and guests.

During the social hour the group presented Mrs. Pardue with gifts of lingerie. Members present were Mmes. Ted Bruce, Paul Collins, William Collins, Roy Dick, Gerald Fowler, Dude Helm, Hank Helm, Jim Hutchins, Charles Kelly, Bill Abram, Jack Kinard, Pardue and Chaudoin and two new members, Mrs. J. R. Adamson and Mrs. Rabb Holland and two guests, Mrs. Edwin Wyatt and Mrs. Walt Walthrop.

Presbyterian Youth And Guests Enjoy Wiener Roast

Members of the Westminster Fellowship group of the First Presbyterian Church and several guests enjoyed a wiener roast at the City Park on Sunday evening.

The devotional was given by Kay Leslie, after which the group roasted wieners and marshmallows. Later out-door games were enjoyed.

Members present were Perry Wright, Lacey Montgomery, Priscilla Wright, Jerry Montgomery, Leslie Helm, Carleen Harrison, Carolyn Montgomery, Celia Leslie, Linda Leslie, Frances Wright, Sharon Harrison, Kay Leslie, Allyn Harrison and Don Deaver.

Guests present were Linda Gail Sturdevant, Ouida Massey, Betty Gidden, Sandra Stargel, Linda Kaye Saye, Don Moore, Bobby Lemons, Swayne McCauley and sponsors, Mrs. Carl Harrison and Mrs. Mills Roberts.

CORRECTION

Odell Anthony, manager of the Memphis Farmers Co-Op Gin, this week called attention to incorrect listing of officers and directors of the gin in a recent advertisement appearing in The Democrat. He listed the officers as follows: M. R. Long, president; M. A. Beasley, vice president; and O. C. Stilwell, secretary. Directors, in addition to the officers, include Roscoe Ellerd, Lamar West, Tom Collins, L. E. Jenkins, Coy Beckham and R. N. Melton.

WMU Officers Of Estelline Church Installed Wed.

Officers of the W. M. U. of the Estelline Baptist Church were installed in an impressive service on Wednesday evening, September 29, at the prayer meeting service.

Mrs. E. F. Kennedy conducted the installation service, using as a theme "Portraits of Women."

After reading Proverbs 31:10-30, Mrs. Kennedy gave a brief discussion of Women of the Bible. As she installed each officer she gave her a picture of a Christian Woman from the Bible and each officer pinned the picture on an easel which was centered with the black silhouette of a woman's head.

Officers installed were Mrs. R. B. Phillips, president, representing Deborah; Mrs. R. L. Self, Young People's Director, representing Hannah; Mrs. C. H. Williams, first vice president, representing Miriam; Mrs. Jackson, program and literature chairman, representing Queen Esther.

Also Mrs. Bill Abram, recording secretary, representing Priscilla; Mrs. R. R. Eddleman, treasurer, representing Zarepath; Mrs. E. E. Richerson, community missions' chairman, representing Ruth; Mrs. Albert Bailey, mission study chairman, representing Mary of Bethany; and Mrs. Erbin Gilbert, stewardship chairman, representing Mary Magdalene. Sunbeam leader is Mrs. George McKinn; G. A. counselors are Mrs. Albert Bailey and Mrs. William Collier and R. A. Counselors are William Collier and R. B. Phillips.

Following the presentation of officers, all members of the W. M. U. were asked to stand and Reverend R. L. Self lead in a prayer of dedication.

Dinner Compliments Mrs. J. S. Ballard On 81st Birthday

Mrs. J. S. Ballard was complimented with a dinner at her home Saturday in observance of her 81st Birthday. Hostess for the affair was her daughter, Mrs. Mary Lou Irwin.

The afternoon was spent visiting and taking pictures. The youngest guest present was Mrs. J. T. Nelson who is 68 years of age and the oldest was Mrs. S. O. Greene who is 88.

Enjoying this affair were Mmes. S. O. Greene, J. T. Nelson, J. F. Gibson, W. F. McCormick, S. A. Neill, J. B. Wrenn, W. M. Hillyer, T. W. Howard, T. U. Williams, Wade Patrick, W. R. Taylor, J. W. Burks, T. K. Wilson, the honoree, Mrs. Ballard and hostess Mrs. Irwin.

Wesleyan Guild Meets For Study

The Wesleyan Service Guild of the First Methodist Church met Monday night in the Ladies Parlor.

Mrs. A. O. Gidden, president, conducted the business session, and then she presented Mrs. Mary Owens, who gave the introduction to the Mission Study Book, "Under Three Flags," by Bishop Neil.

The following program was then presented: hymn, "Are Ye Able;" meditation, Acts 1: 34-43, Mrs. Gordon Gilliam; "The Three Flags and Their Interpretation," Mrs. A. O. Gidden; Outline, political background and map talk, Mrs. W. P. Baten; History, Geography and progress in Self-government, Mrs. Barney Burnett; Major religions

and their influence, Mrs. R. Bennett; news reports, Mrs. Peter Bownds and Mrs. Ruby Con-

ton. Enjoying the social hour were the following members: Mrs. Jim Sharp, George Greenham, O. Gidden, Gordon Gilliam, ney Burnett, W. A. Smith, Fowler, H. B. Bennett, Compton, Hester Bownds, W. Baten, Lee Brown, R. F. Spivey, W. V. Coursey and Miss Ina B-

mond. (Read the Classified Ads)

Bureau Of Business Research Says Farm Income Up 5 Per Cent

—Despite the adverse effect of the drought upon the picture as a whole, the Texas Bureau of Business Research reports that farmers' cash income from August of this year through August of 1953 increased 5 per cent over the eight months of 1953. In the damage wrought by the drought in the form of dry weather, low crop harvests, and low crop prices, this year's farm income, if not for the increase in income from farm commodities, is at least encouraging.

The latest estimate for this year is 3,375,000 bales, nearly one million below the 4,350,000 ginned in 1953. The USDA reported that 4.7 per cent of the average planted in cotton has been or will be abandoned due to lack of rain and to burned-up crops.

One ray of hope for drought-plagued farmers came in a report from the USDA which stated that 1955 would see the country's farmers enjoying higher incomes and better feed supplies as a result of crop restrictions being eased. Over 40 million acres of crop land will be affected, and the newly decontaminated land can be used to grow any crop except corn, wheat, cotton, peanuts, major types of tobacco, potatoes, and commercial vegetables.

Railcar shipments of Texas livestock increased 72 per cent during August from a month earlier. The gain is indicative of the continued policy of stockmen to cull their herds as much as possible in order to conserve their feed and water supplies. The overall increase (42 per cent) in livestock shipments for the first eight months of this year, compared with the same period in 1953, serves as a barometer not only for the decline in prices of meat and meat products but also the increased effects the drought is having on stockmen. The heaviest marketing during the January-August period was in cattle and calves, each showing a sharp increase of 55 per cent over the comparable period in 1953. Hogs, however, registered a 92 per cent decrease in shipments.

"Ways to Control the Weevil and Diseases of Sweetpotatoes" is the title of a new bulletin released by the Texas Agricultural Extension Service. It is available from the offices of local county agents or the Agricultural Information Office, College Station. Ask for L-202.

Cattle Specialist Hired To Assist Area Ranchmen

AMARILLO—A beef cattle specialist to assist Texas Panhandle area ranchmen with herd improvement has been employed by the Texas Agricultural Extension Service, Director G. G. Gibson has announced.

He's L. A. Maddox, Jr., who for the past five years has conducted progeny tests and other management phases of beef cattle at PanTech Farm in cooperation with ranchmen in the area.

Mr. Maddox will work primarily on herd improvement based on actual beef production through breeding. The work will also include selection of bulls and heifers for herd replacement.

He will be an associate county agent with headquarters in the agricultural extension district headquarters in the Potter county courthouse. Mr. and Mrs. Maddox and their three children will continue to reside in Panhandle.

Pvt. Carl Smith Here On Furlough

Pvt. Carl Smith, who recently completed eight weeks basic trainings at Fort Bliss, El Paso, arrived home Sunday on a 10-day furlough. While here he will visit with his wife and baby and also with his

parents, Mr. and Mrs. Carl Smith. From here Pvt. Smith will go to Fort Leonard Wood, Mo., for further training with the U. S. Army Engineer corps.

Federal Bureau Has Started 1954 Agricultural Poll

COLLEGE STATION—When a stranger walks up to your farm this month, act kindly, sir, he may be a census taker.

The Bureau of Census this month begins its 1954 Census of Agriculture and each Texas farmer will answer about 100 questions regarding their land, crops, livestock, farming methods, expenses, labor and equipment.

Robert W. Burgess, bureau director, reports it will require 30,000 enumerators to check the more than 5,000,000 farms and ranches in the United States. And it will all be done during October and November.

After the enumeration is complete, the Bureau will total the figures and release them. It keeps individual farms and farmer's secrets by releasing only totals for a county or larger areas.

The census taking commenced October 4 in the High Plains counties and in the citrus belt of extreme south Texas. Enumerators will begin asking questions on the Edwards Plateau October 18 and on the Rio Grande Plains October 25. The canvass of east, central and far west Texas farms will start November 3.

"The 1954 census will collect information from every farmer in

the United States, make it available as totals to the public—and keep secrets of individual farms and farmers at the same time," Burgess says.

Since 1920, an agricultural census has been taken every five years.

Locals and Personals

Mrs. Geo. Greenhaw visited in Amarillo over the weekend with her son and daughter-in-law, Mr. and Mrs. Reginal Greenhaw.

Mr. and Mrs. Glenn Cope and his mother, Mrs. B. F. Cope, all of Mineral Wells, were here the first of the week on business. The Copes lived in Hall County for a number of years.

Mr. and Mrs. P. E. Gardenhire of Newlin had as guests over the weekend Mr. and Mrs. Jack Bigger-

staff of Compton, Calif., Mr. and Mrs. Vardiman Smith, Sr., of Pampa, Mr. and Mrs. Vard Smith, Jr., and son Randy of Borger, Mr. and Mrs. Edwin Gilliam of Memphis, Mr. Biggerstaff and Mrs. Vardiman Smith are brother and sister of Mrs. Gardenhire.

John Lindsey and family of Lesley had as Monday night and Tuesday guests T/Sgt. Wesley M. Wright and family of Biggs Air Force Base, El Paso.

Mrs. Robert Cummings has returned home after visiting in Lubbock last week with her son and his wife, Mr. and Mrs. Robert F. Cummings.

How far ahead of Edison are you?

Just 75 years ago, Thomas A. Edison created the first practical electric light bulb.

It was a feeble thing and a luxury at first. Who would have guessed then how many ways you'd be using electricity today—to save time and effort, to make living more pleasant.

You're putting more new electrical "servants" to work year after year. That means you're going to need still more electricity.

The West Texas Utilities Company and the other business-managed electric light and power companies are building for that additional electric power you'll want tomorrow and in the years to come.

No matter how far ahead of Edison you are—today or tomorrow—you'll have all the low-priced electric service you want. Here in West Texas your electric service company will continue to provide plenty for home, farm, business and industry.

YOUR ELECTRIC RATES HAVE STAYED LOW

In fact, in homes served by WTU, the average cost of a kilowatt-hour of service is 22% LESS than it was ten years ago!

West Texas Utilities Company

In its first year, millions of motorists have proved the benefits of

Conoco Super Gasoline with TCP

Now let these five "full-year-users" tell you what they have discovered about The Greatest Gasoline Development in 31 Years

Little more than a year ago, we introduced Conoco Super Gasoline with TCP. At that time, we promised owners of new cars and old that TCP would:

- Boost engine power as much as 15%.
- Give you extra gas mileage.
- Be just like an engine tune-up.
- Increase spark-plug life up to 150%.
- Let you enjoy all the extra performance of Conoco Super's higher-octane rating.

Now, one year later, here's what TCP customers are telling us about Conoco Super Gasoline with TCP, the greatest gasoline development in 31 years:

1 "I use this 1951 Plymouth, and my wife, our 1949 DeSoto. Since using Conoco Super with TCP, they run almost like new. The engines sound better. We're sold on Conoco Super with TCP."

Mr. Shirl R. Thomas, Grocer
280 South 10th West, Salt Lake City, Utah

2 "Spark plugs used to go at 5,000 miles, but with Conoco Super I haven't changed plugs in 10,000 miles. I'm getting new car power from my 1951 Buick. Conoco Super with TCP is OK!"

Mr. Ulmer J. Newman, Insurance Salesman
2502 West Jefferson Blvd., Dallas, Texas

3 "What I like about Conoco Super with TCP has been the ease of starting. I use it in my trucks because it's important to be on time. In my '52 Cadillac, I get better mileage."

Mr. Robert M. Rowland, Builder
1185 Emporia Street, Aurora, Colorado

4 "For one year, we've used Conoco Super Gasoline with TCP in 12 trucks and 5 cars, besides this 1953 Oldsmobile. It boosts engine power and gets more miles out of each gallon."

Mr. T. P. McAdams, Jr.
Vice-President, McAdams Oil Equipment Enterprises
308 East 8th Street, Bristow, Oklahoma

5 "Driving with my children in the car, it's important to have our 1953 Packard run smoothly. Since using Conoco Super with TCP, there's no engine chatter at all. We're most impressed!"

Mrs. James T. Cox, Housewife
4808 Holly Street, Bellaire, Texas

CONOCO After one full year, there's still no substitute for **Conoco Super Gasoline with TCP**

CONOCO JUST LIKE AN ENGINE TUNE-UP **CONOCO Super Gasoline with TCP**

Pathfinders' Club Meets In Home Of Mrs. C. Williams

The Pathfinders' Council met Tuesday at 3 p. m. in the country home of Mrs. Charlie Williams, Sr., for a regular meeting.

Mrs. Hall Nelson, president, conducted a short business session during which the club budget for the year was discussed. Mrs. A. Gidden was appointed secretary pro tem to serve until the return of the Secretary Mrs. Baxter.

Mrs. Billy Thompson, Mrs. Herbert Curry and Mrs. Bill Leslie, members of the B&PW Club, brought an enlightening and clever playlet concerning the voting on the eleven amendments and particularly the one concerning women jurors in Texas. Mrs. Thompson was the narrator, giving her meditations and thoughts on women being classified along with criminals and idiots in being denied jury service. Mrs. Leslie represented "The Idiot," Mrs. Curry "The Criminal" and Mrs. Nelson "The Woman."

The group sang "My Country 'Tis of Thee" with Mrs. Pritchett at the piano. Mrs. W. F. McElreath talked on "I'm An American," highlighting the duties and responsibilities of citizenship, emphasizing the heritage we have in ours to preserve and pass on.

Mrs. J. J. McDaniel gave an interesting discussion on "Civil Defense." She stated that as the home is prepared to meet disaster so is the nation prepared.

Mrs. Earl Pritchett led in prayer. Refreshments were served to Mrs. Clinton Culp, Earl Pritchett, W. F. McElreath, A. O. Gidden, Hall Nelson, J. J. McDaniel, Gene Chamberlain, O. M. Gunstream and hostess, Mrs. Williams.

The next meeting is slated for October 12 in the home of Mrs. J. J. McDaniel.

The Stephen F. Austin PTA will meet Tuesday, October 12, at 7:30 p. m. at the Austin School. The unit will observe the regular family night. Each family is asked to bring a basket lunch. Drinks will be furnished by the PTA.

A skit will be given by B&PW Club members. The fourth grade will give a short program. The topic for the evening will be "We, the People, in Order to Form a more Perfect Union Between the Home and the School." Speakers will be Joyce Webster representing the parent and Mrs. C. D. Morris representing the teacher.

Rev. Fred Ridener will bring a short devotional.

All members and any one interested in the Austin PTA are urged to attend.

The executive committee will meet at 7 p. m.

A nursery will be open for the children. Mrs. John W. Smith, publicity chairman stated.

Travis PTA To Meet Thursday

The Wm. B. Travis Parent Teacher Association will meet Thursday afternoon, October 14 at 3 o'clock at the Travis School.

All members are urged to be present.

Mr. and Mrs. Gene Lindsey and children and Mr. and Mrs. Hubert Jones and children left Thursday for Dallas where they will visit with Mrs. Lindsey's parents, Mr. and Mrs. H. B. Gilmore. While there they will attend the Texas-Oklahoma football game.

Mrs. Ruby Wheeler of Wichita, Kans., is visiting here this week with Mr. and Mrs. Angus Huckaby.

Safety has no quitting time.

Austin PTA To Hold Family Night Tuesday

Downing To Speak Here October 14

Citizens of Memphis and surrounding area were invited this week to hear Delbert Downing, well-known public speaker, when he appears here Thursday evening, Oct. 14, under sponsorship of the 1913 Study Club.

The program will start at 8 o'clock, and will be held in the Methodist Church.

Downing is manager of the Midland Chamber of Commerce. He was guest speaker at the annual Memphis Chamber of Commerce banquet last year where he demonstrated his unusual abilities.

Members of the sponsoring organizations stated that Mr. Downing's subject was not known, but that it would be on some current topic.

"We are fortunate to have obtained a speaker of Mr. Downing's reputation," members of the program committee said. "He is recognized over a wide area of the nation, and much of his time is devoted to speeches such as the one he will give here."

Fire Prevention Studied By Pupils In Local Schools

Students of the seventh, eighth and ninth grades here are making Fire Prevention posters this week to be entered in a contest, sponsored by the Memphis Fire Department. Prizes will be awarded to the best three posters in each grade.

When the posters are judged Friday morning, the main points considered will be originality,

neatness and the message presented.

In recognition of National Fire Prevention Week, junior and high school students engaged in a special fire drill, rating high on recognizing the fire signal and evacuating the building.

Check sheets also have been passed out to all students in the first nine grades, to be used in checking on fire hazards in homes.

Lawns of Bermuda and San Augustine grass will enter the winter in a more vigorous condition if fertilized now. A complete fertilizer with a 2-1-1 or 1-1-1 ratio is recommended and a thorough soaking is suggested as a follow-up to the fertilizer application.

Clean your septic tank sludge fills it to about one deep.

Funeral Services For Helm Infant Friday At Estelline

Graveside rites will be held for Barbara Ann Helm, infant daughter of Mr. and Mrs. J. W. Helm of Estelline, at the Estelline cemetery tomorrow afternoon. The infant was born Oct. 5, and died Wednesday night.

Services will be under the direction of Spicer Funeral Home.

Besides her parents, she is survived by two brothers, Jerry Don and Norman Edward; and three sisters, Mary Ann, Kay Lynn and Margie Jo. Also surviving is her grandmother, Mrs. Nannie Crump, Estelline, and paternal grandparents, Mr. and Mrs. J. J. Helm, also of Estelline.

Estelline Seniors Visit WTS Campus

Members of the Estelline High School senior class visited West Texas State College at Canyon Saturday, as guests of the college. They were accompanied by their sponsor, Mrs. J. A. Ballard.

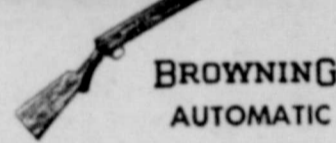

While at West Texas State, the group toured the campus, ate in the college cafeteria and spent some time in the student union center. During the afternoon, they were guests of a Canyon theater, compliments of the father of Clarence Wooten, who drove the bus in which the group traveled to the college.

Saturday night, the Estelline visitors had complimentary tickets to the football game between West Texas State and Midwestern University of Wichita Falls.

Seniors, making the trip, were Barbara Smith, Doyle Walker, Shirley Ward, Monty Richerson, Smokey Davis, Tristan Hoffman, Tommye Travis, Robert Webb, Pete Williams, Billy Mack Burnett and Eddie Braidfoot.

When the home food freezer needs defrosting, don't put the job off. A clean box operates more economically and has a longer useful life.

Couple Shaken Up In Wreck Sunday

Mr. and Mrs. Raymond Andrew Howard, who live south of Memphis, were shaken up but otherwise unhurt Sunday night when their car was struck from the rear by a pickup truck. Sheriff E. S. Morrison said Tuesday.

Pedro Caleron was the driver of the truck.

The accident occurred on State Highway 256, just west of Memphis. Both vehicles were headed east.

Caleron paid for damages to the Howard automobile, the sheriff said.

Man Arrested For Transporting Beer

Juan Reyes of Lakeview, pleaded guilty here over the week end to a charge of transporting beer into a dry area and paid a fine of \$100 and costs, according to Sheriff E. S. Morrison. The case was heard in the court of County Judge Tracy Davis.

Reyes was arrested Saturday on State Highway 256, about a mile east of Memphis, after two cases of beer were found in his automobile.

Mr. and Mrs. Walter Hoy of Beaumont visited here last week with Mr. and Mrs. R. L. Madden. They were en route home after a visit in Pueblo, Colo., with his brother, Rev. Jeffrey Hoy, and family.

NOTICE

Ordinance No. 288, dated December 4th, 1928, prohibits the obstruction of streets within the City of Memphis and provides a penalty up to \$100 for violations.

Complaints have been received by the City Council concerning violations of this ordinance, especially in the vicinity of the county Jail on weekends.

The Chief of Police has been instructed to enforce said Ordinance No. 288. The co-operation of all persons concerned will be greatly appreciated by the Council.

Let's Stick To The Facts

In the September issue of The Progressive Farmer, attention is called to misrepresentation of facts as they pertain to the farmers and the farm program. The charge is made that many magazines, radio commentators and newspapers are guilty of passing on wrong, incorrect or misleading information to the general public.

This kind of misrepresentation is overlooked in the farm communities of the nation. But, what about the mass of consumers who listen to radios and read magazines and newspapers, and who have few facts about the farm picture from the overall standpoint.

The Progressive Farmer quotes from a recent issue of Life magazine: "The system (rigid 90 per cent parity supports) guarantees the six basic crops—corn, cotton, wheat, rice, peanuts, and tobacco—a fixed price no matter how much is needed or how much is produced."

The point is made that there is a deliberate and clear implication in the above statement. The implied fact is that a farmer can grow ALL the cotton or wheat he desires—and get a 90 per cent of parity price for UNLIMITED production. Nothing is said about PRODUCTION control.

The farm magazine quotes the following from a columnist writing in a Dallas newspaper: "Agricultural price supports have made the producers of supported products better off than any other working group in the United States."

Statements like the above are driving a wedge between the farmer and the mass of working people. The facts of the matter are absolutely opposite those which the writer placed in his column. We need only to study some of the statistics compiled by the U. S. Department of Agriculture (and the writer, too) to find that the average net income per farm worker for 1951 (an average year) was only \$1,718. The average industrial worker that same year received \$3,416. We read further and find that in 1952 (when farm prices were at even parity) the operator and family on an average cotton farm in Texas received the enormous hourly average of 75 cents for his labor and management.

What is needed is more facts presented to the people of this nation—not the private opinions (biased or otherwise) of shapers of public opinion. When the facts are laid on the line, an understanding citizenship will rise up and go along with the farmer. He will get help from many places in solving his economic problems, and will, some day, take his rightful place in the scheme of things.

We have watched the national farm organizations in their efforts to fight the farmers' battles. We have seen them divided on the farm program, and working at cross-purposes. By this same division, they are nearly helpless in carrying the truth to the mass of consumers of food and fiber. They should settle their differences of opinion, and work wholeheartedly toward the more important goal, which is a moderate, sane and fair farm program—acceptable to farmer and consumer alike.

Press Paragraphs—
QUOTING OUR NEIGHBORS

Idleness Is Trouble's
Breeding Ground

Turning through the pages of a weekly exchange newspaper which comes to the Reporter, we read a piece of news about an individual who, perhaps, is better qualified than anybody else in Texas to speak on the subject of "work."

O. B. Ellis is general manager of the Texas State Prison System. He sees all around him individuals who are suffering prison sentences because of their failure to learn how to work.

Ellis says: "People who work seldom get into trouble. The trouble is few people know how to work."

"I see boys coming into prison who haven't enough education to make a living with their heads and who don't know how to make a living with their hands."

Mr. Ellis stood up and walked over to the office window. His shoulders were stooped and his eyes sad as he continued:

"Many of the inmates here wouldn't have gotten into trouble if they had known how to work and use their leisure time as they do now."

"So few people know what to do with leisure hours. I can remember when we worked long, hard hours, and when we got home all we wanted to do was eat and go to bed. Today, the average workingman works 40 hours a week, sleeps 56 hours and has 72 hours to leisure. Too many of these people are frustrated. They don't know what to do with themselves, and idleness causes trouble."

Many a man who has been employed on a 40-hour week basis has received a paycheck for more money than his labor will earn for his employer. He suddenly finds himself without a job, and without money.

Failure to land another hurts because he has had his pockets full of money to spend on weekends while employed. Rather than work at some job for less pay or one not to his liking, he turns to burglary or robbery. Soon he falls into the clutches of the law, and off to the penitentiary he goes to serve a sentence.

He is one of those individuals of whom the general manager of the Texas Prison System speaks. —Stanton Reporter

Where The Patient Is A Statistic
Anyone who thinks that socialized or government-bossed medicine is good for the patient should read a study of physicians behind the Iron Curtain made by the Frae Europe Committee, Inc.

The doctor there is a "new Soviet man" first and a physician last, a report on the study published in the Journal of the American Medical Association observes. His patients must be considered as economic factors, valuable only to the extent that their health advances world-wide Soviet power policies. Plant physicians predetermine the number of persons entitled to be sick, and in self-defense they must hold the number to the barest minimum.

Medical students are chosen by class origin and political reliability. The government decides what kind of physicians are needed and where they shall practice. A district physician may be responsible for as many as 10,000 people, and, in addition, he must carry a heavy burden of clerical work and bureaucratic red tape. The medical center in Budapest serves 250,000. Medical aid to the individual is made available in proportion to

his contributions to the aims of the ruling hierarchy and only incidentally according to actual needs in purely medical terms. In short, the state alone decides whose health will be nurtured and protected.

That is what happens when government becomes the boss. The general manager of AMA summed it up well when he said: "The physician under this system inevitably must compromise his scientific integrity and his concern for the patient as an individual. The patient becomes a statistic. The result can be nothing but con-

CONTRACT TO BE LET FOR NEW SCHOOL MONDAY—Contract for the new high school building will be let by the board of education on Monday. Work will be started as soon afterwards as it is possible to make necessary arrangements.

Plans, as accepted by the school board, will give Memphis one of the most modern, well-equipped high school buildings in this section of the state. Heating and ventilation will be modern in every respect.

Commodious study halls, laboratories, rooms for domestic science and other subjects have been provided for in the plans. The auditorium will seat about 1,000 persons.

HALL COUNTY I. O. O. F. ELECTS OFFICERS TUESDAY—Officers were elected at the semi-annual meeting of the Hall County I. O. O. F., during the afternoon session of a one-day gathering here Tuesday.

Those named included: Fred Boone, Plaska, president; and Mrs. W. P. Watts, Memphis, secretary.

Estelline was chosen as the next place of meeting in September.

Among those on the program were: W. A. McIntosh, outgoing president; Rev. Eugene B. Kuntz; Rev. Enoch Eiland; Rev. W. G. Calhoun; Mrs. H. A. McCann; and Mrs. Fred Boone.

STILL IS CAPTURED RAID ON SUNDAY—Members of the sheriff's department made raid on what was said to be a well equipped still last Sunday afternoon but had some trouble in getting all the alleged operators. A man was captured but his alleged colleague escaped.

The still was found near Oxbow bridge, on the west of the Memphis-Turkey road. The location was in a selected canyon near the river. The country around the still was rugged and it took officers some time to locate it.

Nine gallons of whiskey were taken in the raid, along with 100 gallons of mash. There were twelve 55-gallon barrels and number of large kegs waiting to be filled.

Strength and durability are built into farm fences. The factors make fences more and cheaper in the long-run.

Game And Fish Commission Announces First Public Big Game Hunt

TEXAS' first free big game hunt has been announced by the Game and Fish Commission, meeting in Austin. The hunt will involve only 100 deer which will be taken, a hunter, by permit on the (County) Wildlife Management Area, said Howard Dodgen, commission executive secretary. It is significant that the new wildlife demonstration program already is yielding a first harvest of big game.

The Commission renewed its one-year old experimental antlerless deer harvest program which now covers Gillespie, Mason and Llano Counties. The dates were set for December 4 through 12 inclusive, with the stipulation deer season for the particular areas permitting antlerless deer shooting will be suspended for the special twelve-day period. This was done at the request of both ranchers and hunters.

The Commission voted to increase the cost of coastal shell from seven cents to ten cents per cubic yard with the exception of fine shell which will be increased to eight cents per cubic yard. The Commission also voted to as requested by groups and individuals. It will be distributed at cost.

A survey was approved on marsh land along the coast suitable for possible purchase for a duck and goose refuge and on brush land in the Falcon Dam area suitable for permanent nesting for white-winged doves.

The Commission changed harvest regulations for the Panhandle to increase the quail limit from six per day and twelve in possession to ten per day and twenty in possession. Wildlife Biologist A. S. Jackson of Canadian said improved habitat conditions had buoyed the quail population enough to justify the increase. The daily shooting period for wild turkey in that area was shortened to sunset instead of half an hour after sunset. The Panhandle pheasant season was closed for this fall.

Fire Urged To Attract More Attention

SOME Texas family homes in a fire every 72 hours around the clock. By the 1954, about 8,000 Texans are watched their homes go up in smoke.

A fire prediction was made by Norris W. Parker, manager of the Texas Insurance Association, in anticipation of National Fire Week, October 3-9. It is estimated that the fire insurance trade association has combated the last twenty years.

Texans reverse the trend of more attention to fire prevention, homes will continue to be destroyed at the rate of 20 per day for the first three days of the year. During the first three days of this year, a church was destroyed every three days, a school every two days, and a hospital every two days.

Engineer Advises Best Method Of Building Fences

COLLEGE STATION—Strength and durability are the magic words when it comes to fence building.

W. S. Allen, extension agricultural engineer, says strong, lasting fences depend upon posts which will last 20 years or more, a heavy quality wire, properly located and constructed braces and wire wrapped at each brace unit, stretched tightly and attached with fast holding staples.

Durable woods like cedar and post-oak will last 15 years or more. Non-durable wood treated with creosote, penta-chlorophenol or osmosis salts will last 18 to 20 years. Brace post units, the engineer says, should be five to six inches in diameter at the top, line posts two and one-half to four inches.

A heavy zinc coating will protect the wire against rust. Select your wire according to farm needs, he continues. Three or four inches of barbed wire are enough for cattle. A combination of woven and barbed wire is needed for hogs, sheep and goats. Heavier grade wire lasts longer. For a gen-

Freezers Need Cleaning Regularly Homemakers Told

COLLEGE STATION—When your home food freezer needs defrosting, don't put the big job off. A clean box actually leads to more economical operation and longer life of the unit.

It's difficult to set up a regular schedule so defrost when the sides of the box become frosted with one-half inch of ice or more, says Roy W. Snyder, extension meat specialist.

Snyder explains that ice acts as a blanket over the refrigerating coils. The heavier the coating, the longer the machinery must run to produce a zero degree temperature, the best temperature for keeping frozen meats, vegetables, or fruits.

Plan to defrost when the food supply is low. During the hot weather, defrost in the early morning, the specialist says. Take care not to let the food stuffs begin to thaw. This will lower their quality.

Two corrugated boxes placed one in the other with the outer box packed with newspapers for insulation will keep foods several hours. A wool blanket spread over the boxes gives even more ideal holding conditions.

With the contents of the freezer removed, disconnect the electricity and open the door or lid. On warm days the ice will melt quickly, but an electric fan blowing into the box will speed up the process. Use only water from the faucet for cleaning a defrosted freezer, never warm or hot water.

When the frost is melted, clean, dry the box, start the motor, allow

eral purpose fence, Allen recommends a 32-inch woven wire with two strands of barbed wire, giving an over-all height of 48 inches.

Brace the fence at appropriate places to hold the wire at the desired tightness for the lifetime of the structure. The major fault in many fences is that the braces are provided only for stretching with no provisions for holding, except for staples. Staples can't do this job alone.

On level terrain, brace units may be put as far as 40 rods while on hilly land braces should go where the ground level changes, at the top or bottom of a hill. The horizontal brace with the diagonal number nine wire brace makes the strongest unit, Allen adds.

the freezer to cool about an hour, replace the food and the job is done, Snyder says.

Applying Fertilizer Now Makes Lawns More Vigorous

COLLEGE STATION—Lawns of Bermuda and St. Augustine grass will enter the winter in a more vigorous condition if fertilized now. This added vigor will keep

lawns green longer into the fall and winter and will lead to faster, earlier growth next spring.

Apply a complete fertilizer with a 2-1-1 or 1-1-1 ratio at the rate to supply two pounds of actual nitrogen for each 1,000 square feet of lawn area, says E. M. Trew, extension pasture specialist. This is the quantity of nitrogen in 20 pounds of 10-5-5 or 10-10-10, or in 25 pounds of 8-8-8.

To assure even distribution, the specialist recommends dividing the fertilizer into two equal lots. Broadcast one and then spread the remaining portion in a second ap-

plication, but at right angles to the first.

"Grass can't use fertilizer without water," Trew adds. In most areas yards will need a "good soaking" after the plant food has been added. Soak the soil to a depth of six inches or more. This allows the fertilizer to go into solution and become available for plant use.

To bring out need for timely application, he says plant food should be added one month prior to the first expected hard freeze. When the summer grasses are pushed into lush growth by late treat-

ment, some may be lost because of freezing temperatures.

Ryegrass, sometimes overseeded on Bermuda for winter lawn, is not recommended for established lawns of other grasses. Its value in Bermuda is doubtful, says Trew, since it often hinders a Bermuda turf. The Ryegrass usually is growing in the spring when Bermuda should start and gives competition for the necessary elements for growth—light, moisture and plant food.

Cruising along at 75 is a fast way to live but a hard way to die.

THREE QUALIFICATIONS OF A GOOD BANKER — JUDGEMENT EXPERIENCE IMPARTIALITY

It is natural for you to look for these things when you choose your banker. But, it is also important that you look for more . . .

Along with these excellent qualifications, you should take into consideration the PERSONAL INTEREST you want your banker to have in you and your affairs.

On this basis, the First State Bank in Memphis has built its reputation. Through the years this institution and its officers have helped many families to financial independence and prosperity. Emphasis has been placed upon Personal Service to each individual as a means of working toward the common goal of progress.

Church Activities

METHODIST CHURCH

Rev. Jim H. Sharp, Pastor
The attendance at both the morning and evening services, last Sunday, was good. It is hoped that those who were not in the services last Sunday, will make a special effort to be here next Sunday. Let those who need a way to attend the services, call the office or the parsonage.

The subject for Sunday morning is, "Is There a Hell, Who Is Going There, and Who Cares?" Sunday evening the subject will be, "Pilate's Mistake."
Everyone is welcome to all the services.

PRESBYTERIAN CHURCH

A. Burr Morris, Pastor
The Presbyterian Sunday School meets at the regular time: 9:45 on next Sunday, October 10. In our Sunday School we have classes for all ages, young to old.

The Morning Service is at 11:00. Rev. Burr Morris, minister, will preach from the text "What Do You Mean 'A Little Time'" (John 16:18), a sermon titled "God's Word and Meaning." The evening service starts at 6:00 and more informal than the morning service. The sermon title is "The Unhappiness of God" from the text I Chronicles 10:13. After the evening, and at 7:30 the Westminster Fellowship meets. This organization has two groups for study and fellowship, young people are always invited.

CHURCH OF CHRIST

Jere Via, Minister
Services begin at 9:45 a. m., with a period of worship in songs and in prayers, followed by classes for Bible study. The regular hour of worship begins at 10:45 a. m., with the congregation being led in the singing of "psalms, hymns and spiritual songs," (Col. 3:16).

The sermon topic for Sunday morning will be "Jesus, The Light of the World" (John 1:1-14; 8:12-31,32). Jesus declared himself to be the light of the world in Jerusalem during one of the important feasts of the Jews. The significance of light and its importance is revealed in both the Old and New

Testaments. Three kinds of blindness will be discussed and the manner in which "some eyes" are still blind. The healing of the blind man in John 9:1-11 will be studied.

The evening services are at 7:00 p. m. The sermon for this hour will be "The Compliments of Christ." Although Jesus was a man of few words, and his personal ministry short, he had sufficient time for giving "honour to whom honour" was due, (Rom. 13:7). There were three women and four men that were praised by our Lord during His personal ministry. The circumstances of each one will be studied and the significance they may have on us.

Ladies Bible class meets Tuesday afternoon at 3:00 p. m. with the lesson for next week beginning with Acts 12:7. Wednesday evening Bible study begins at 7:30 p. m.

We welcome you to be with us in these services.

CHURCH OF THE NAZARENE

Don Sanders, Pastor
Sunday School will begin at 10:00 a. m. There is a class for every age group.

At 10:00 a. m., the morning worship service will begin with a guest speaker from District 9 of the United Texas Drys. The organization in Texas fighting liquor with all of its wreck and ruin and trying to save the lives of those taken by drunk drivers each year.

At 7:15 p. m., Youth groups will meet with Brenda Duncan in charge of the program.

Evangelistic service will be at 8:00 p. m.

Mr. and Mrs. L. F. Skaggs of Kerrville were guests in the home of Mr. and Mrs. R. S. Greene this week. They returned home Wednesday.

Mrs. E. H. Stanford returned home Tuesday from Abilene where she visited for the past week with her daughters, Mrs. Raymond Tomlinson and family and Mrs. Helen McMurry and son Stanley.

Mr. and Mrs. L. R. Reames visited Friday and Saturday in Oklahoma City, Okla. Mrs. Arthur Howard accompanied them for a visit with her sister, Mrs. L. G. Doshier.

If a driver wrecks you once, shame on him—if you let him wreck you twice—Shame on you.

LAFF OF THE WEEK

"My goodness Charlie, haven't you shot up this last year!"

District Patrol Report Improves

In August, 8 persons were killed in rural accidents in the Amarillo district, according to J. W. Blackwell, captain in the Texas Highway Patrol. In addition, 44 persons were injured. Estimated property damage was \$80,058.

Principal violations listed were speeding, driving while drinking, careless or reckless driving, following too closely and driving on the wrong side of the road not in passing.

Figures for August of last year show 10 persons were killed, 64 were injured, and property damage was \$73,200.

Through the first eight months of this year, 54 persons have died in traffic accidents, 442 have been injured, and property damage has totaled \$551,283.

G. A. Coursey of Wichita Falls is visiting here with his son, Bill Coursey and wife.

Social Security Law Ups Earnings

Beginning in January, a new law makes it possible for all beneficiaries on social security rolls to earn up to \$1,200 a year without losing benefits for any months. The earnings test for both employed and the self-employed recipients of old age and survivors insurance benefits is the same.

The new earnings limit applies to all jobs. After 1954, every beneficiary exceeding his \$1,200 a year

will be expected to report the nearest social security office. Anyone who fails to do so may be penalized by closing of the new law, benefit payments will be suspended any day seven during which the beneficiary is employed or self-employed outside the United States work not under social security.

A representative from the arillo social security office will in the commissioners court at Memphis on Tuesday, Oct. 10 at 10 a. m.

Speed up your mind and down your car.

Crowell Takes Non-Conference Game From Cyclone By Score Of 14 To 7

Memphis Cyclone lost a non-conference contest 14-7 last Friday night when the Crowell Wildcats hit pay dirt twice in the last quarter.

In the second quarter, James Gordon, Cyclone guard, intercepted a pass thrown by Quarterback Graves of the Wildcat squad, and raced 40 yards for evening's first touchdown.

Back Jimmy Davis plunged for the extra point.

For six minutes playing time in the final quarter, Crowell led the score when Graves upped to Halfback Gerry Knox, traced 68 yards for a touchdown. Fullback Ray Gibson kicked the extra point.

The Wildcats led their second time with less than a minute left in the ball game. A lateral pass came by a lateral pass to Halfback Jimmy Thaxton, who ran right end for 22 yards and scored. Gibson kicked the extra

260 yards on the ground to 110 for the Cyclone. They tried 20 passes, completing 7 for total yardage gained through the air of 128. The local eleven passed nine times completing two for 33 yards.

Heads-Up play resulted in two fumble recoveries by the Cyclone during the battle, although they lost one fumble to their opponents. Each of the teams had one pass interception to its credit.

The Crowell eleven were assessed penalties totaling 75 yards. Memphis lost 35 yards through infractions of the rules.

The game started with Memphis kicking off. Crowell made a first down on the ground carrying into Cyclone territory before losing the ball on a fumble, recovered by Memphis. Memphis tried three times and were forced to punt. Jenkins punt placed the ball on Crowell's 20 yard line. They picked up a first down, then the Cyclone line held, forcing a punt. Again the big Crowell line prevented a first down, and Jenkins kicked out of bounds, putting ball on

the Crowell 15. The Wildcats gathered in two more first downs as the quarter ended.

Memphis took over on their 34 early in the second quarter. A pass to Carrol Gardenhire and Dean Sustaires plunge gave the Cyclone 24 yards and a first down. They failed to gain here and a punt placed the ball on Crowell's 12 yard line in six plays, racking up three more first downs. A penalty set them back on their 39, and James Freeman snatched Quarterback Graves' pass out of the hands of a receiver and raced over for the touchdown.

After the kickoff, the Cyclone line held, and Crowell punted. The Cyclone gathered 9 yards in three tries, and Jenkins punted to the Crowell 30. A first down, then a fumble recovery by Memphis, then a pass interception by Graves left the ball in possession of Crowell on their 35 yard line as the half ended.

During the third quarter, the Cyclone attack begin to click, and Coach Childress' charges racked up five first downs, although they were unable to score.

The Wildcats dominated the fourth quarter by scoring twice and kicking the extra points.

Visitors in the home of Mrs. Gladys Power and Mrs. Ora Denny Sunday were Miss Lloyd Power of Childress, Mr. and Mrs. Don Leary of Estelline and Mr. and Mrs. Carl Denny of Childress.

Antique Autos Are Featured At Texas State Fair

Rare old cars, which can evoke the glory of olden days in a way that nothing else can, will be the stars of an unusual show at the 1954 State Fair of Texas, Oct. 9-24.

The oldtime steam and gasoline buggies will be displayed in the fair's sixth Antique Automobile Show, one of the fair's most popular features. The collection of carefully restored veterans will be moved to a more spacious site in the Science Building this year so that the crowds can be accommodated better.

Antique auto fans search out the ancient beauties from old barns, garages, or wherever they might have been abandoned in the long-ago. Then they lovingly restore them to like-new condition which sometimes involves almost complete rebuilding.

A rare 1906 Model Pope Toledo Touring Car which was exhibited last year in its neglected state has been completely restored and will be on display at the fair this year.

Another unusual old car in the show, a 1903 curved-dash Olds, has been described as one of the rarest and best restored in the nation.

The North Texas Horseless Carriage Club is sponsoring the show. Trophies will be awarded for the best restored car, for the car with the best mechanical operation, those from the longest distance away, and the most popular. There will also be a driving contest. Antique autos are expected from all parts of Texas and from Oklahoma, many rolling on their own power.

Winners last year were owned by antique auto fans from Dallas, Abilene, Wichita Falls, Fort Worth, Kerrville, Cisco, Houston, and Waxahachie. Among the winning entries were Oldsmobiles, Fords, Buicks, Cadillacs, Brushes, Hupmobiles, Overlands, Maxwells, Mitchells and Paiges.

CARD OF THANKS
We wish to express our thanks and appreciation to our many friends and neighbors for their kindness to us during the illness and at the time of the death of our loved one, and to those who sent the beautiful floral offerings, and for the food that was served.

We want to express our appreciation to Dr. Edwin Goodall and the staff at the Goodall Hospital. It is our wish that when this

same sadness comes to your home you will have God's richest blessings and the same kindness at the hands of your friends and neighbors.
