

### Report From Washington

By Walter Rogers  
Congressman, 18th District

**The President's Economic Report**  
The President's Economic Report was, as usual, optimistic. There is no reason why it should not be as realistic as it was optimistic. This civilization has the know-how to prevent a depression, or even a serious recession. The responsibility of applying this know-how lies with whatever administration might be in power. It is my opinion that the failure of any administration to act effectively to ward off an economic depression would immediately bring forth mandatory legislation from the Congress setting the proper wheels in motion. For those reasons, I do not believe that this country will have a depression. Government spending is still in the all-time high brackets even though we are not engaged in a hot war. Contrary to the arguments of some, there has been no transition from a wartime to a peace-time economy. A war-time economy means that there is a tremendous amount of government spending. A peace-time economy is one in which the government is spending a minimum amount. Our present economy is based upon vast expenditures being made by the government. The only difference between our present economy and our wartime economy is that there is no actual shooting war going on at the present time. The preparedness program continues and the cold war continues. As long as this is so, there will be heavy government spending.

Much has been said about the expansion of our economy. Unless our economy does expand, we will dry up. The reason is simple. Our population continues to expand, we will dry up. The reason is simple. Our population continues to expand at a rapid pace. Unless our economy expands with it, we would not be holding our own but slipping backward. Unless it expands with the population, there would be much unemployment and much hardship; the standard of living would be measurably reduced and great damage could be done to the entire country. If our population continues to increase as it has in the past, and there is no reason to think that it should not, the present national production of 360 billion dollars must be expanded within the next ten years to a point somewhere between 450 and 500 billion. That is, if we are to maintain the same standard of

living that we are now enjoying. Several proposals in the President's Economic Report were most interesting. One, to permit national banks to make amortized real estate mortgage loans with maturities up to twenty years and construction loans of perhaps nine months, would be to permit banks to do directly what they are now doing indirectly. The proposal to give the President discretionary authority to adjust interest rates of government backed mortgages will no doubt meet with strong opposition, because it would not be to the best interests of the economy of this country. The request was refused last year, and should be refused again this year. The truth is that interest rates are being fluctuated by discount practices on these mortgages. If Congress gives up the right to fix the interest rates themselves, the people can expect to pay more for borrowed money.

**Social Security Benefits For Widows**  
My good friend, Honorable Peter Rodino, Jr., of New Jersey, has introduced a bill that merits careful consideration and passage. Under the present law, a widow can get social security benefits only if she is 65 years of age or if she has a minor child in her care. Many women who have been widowed several years before they are 65. They have no way of making a living and no outside income. Provision must be made for these women, and I shall certainly assist Mr. Rodino in pushing his bill for passage.

### County Vital Unit Of Government, UT Authority Says

AUSTIN—A University of Texas authority on public affairs reports "a rapid reawakening to the fact that the county can no longer be neglected as an outmoded unit of government at the level in this country."  
Lynn F. Anderson, Institute of Public Affairs assistant director, writes on "Centralized Road Administration in Texas" in the latest issue of The County Officer, official publication of the National Association of County Officials.

"In a state such as Texas, which has in recent years become the center of a tremendous industrial expansion but which concurrently remains largely rural in its geographic make-up, it appears that counties will not only remain intact as one of the most important local governmental units but they will assume even greater responsibilities in the future," Anderson predicts.

Anderson warns, however, that "if the county is to achieve success in this developing situation, it must first set its own house in order and develop optimum efficiency as a local government operation."

"The county unit plan of road administration can be a part of this house cleaning, not only with respect to road accomplishments but as an example for all other activities of the county as well," he says.  
Anderson points out that Texas, with 254 counties, has the largest number of county governments of any state in the Union. The state has more than 160,000 miles of county roads, and several individual counties have within their own boundaries more than 1,000 miles of rural roads to maintain. On the average, counties spend a third or more of their total annual budgets on roads and bridges.

### More Data About Weather Effects On Cattle Needed

AUSTIN—Success of ranchmen in breeding livestock that thrive in warmer climates should spur scientists to learn more about weather effects on animals, a University of Texas zoologist said.

Scientists already have found atmospheric conditions to be the greatest single factor—other than heredity—in determining how an animal develops, Dr. W. Frank Blair declared.

Small, short-lived animals offer clues to how weather differences change animals, he said.  
Dr. Blair cited as an example the amazing drought resistance of kangaroo rats which have come to thrive in the arid Southwest while apparently drinking no water at all. The little animals evidently conserve and utilize water taken as part of their food.

"What could breeders do if they knew more about how that drought resistance developed?" Dr. Blair asked.  
University of Texas studies show a leopard frog from a warmer climate often produces an abnormal offspring when bred to exactly the same species from a colder climate. That would indicate atmospheric conditions have varied the frogs' physical constitutions in a relatively short time, Dr. Blair pointed out.

Such investigations offer an economical and rapid method of gathering fundamental information about breeding principles.

In 1933 unemployment in the U. S. was 15 million.

### Earning Record Can Be 'Frozen' If One Disabled

The 1954 amendments to the Social Security Act provide that a worker's earning record can be "frozen" if he becomes totally and permanently disabled. This does not mean that payments will be made to the disabled person before he is 65 years of age. It simply means that when he is 65, or in the case of his death, the period of his proven disability will not be counted against him in computing the amount of his own or his survivors' payments. In some cases it can mean an increase in payments already being received by retired workers and their families.

Any presently disabled person who can answer "YES" to each question below should do so and

mail this form to the Amar Social Security Office.

1. Are you now under a disability which is expected to last at least 6 months, which began before you became 65 years of age and which prevents you from doing any substantially gainful work?
2. Did you work in employment covered by the Social Security Act for at least 5 of the 10 years just before this disability occurred?
3. Did you do such work for at least 1 1/2 years out of the 3 years just before you became disabled?

Only about one-fourth of the America ever has been surveyed.

## Estelline Baptist Church Entertains Seniors And Faculty With Banquet

The Estelline Baptist Church entertained members of the Estelline Senior Class and the high school faculty and their husbands or wives with a banquet on Monday evening, January 16.

The banquet table was arranged in the church parlor and decorated with green and white. Green and white papers in symmetrical borders, disks with beads arranged in a circle, and other decorations were arranged before 10 and 11 o'clock. The refreshments were served at 7:30. The broadening microphone was in the west end of the hall. In front of this was a drop-down and piano to be given during the program, the theme of which was "Your Shining Hour."

The menu consisted of hot tomato soup, baked ham, creamed cauliflower, potato salad, baked beans, lima beans, and angel food cake, with red tea or coffee. Jeanne Bell played dinner music during the meal.

The invocation was given by V. Y. Graham, superintendent of schools. Billy Mack Barnett, senior president, introduced the speakers with clever rhymed couplets. The group sang "Lead Me Light."

The announcements were given by E. Adams and Mrs. E. E. Phillips. The radio program was sponsored by "Jaggs's Chigger Chatter." The Chigger Chatter Quartette consisted of Estelle Bell, Beula Arnold, Fannie McCondon, and Leola Hayes. Estelle Williams gave a testimonial for the sponsor's program. Contestants and their numbers were: Jeanne Bell reading "I" by Kipling; possessive by Evelyn Sadler; "If I Were a Girl" by Estelle Moore; and vocal trio singing "This Old House"; Gerie Williams, Pauline Buchanan, and Wanda Williams. Rev. E. L. Bell was speaker of the evening. He urged the seniors to remember the worth of the individual and to make wise use of their time.

Attending were: Mr. and Mrs. V. Y. Graham, Mr. and Mrs. J. A. Ballard, Mrs. Magdalene Clemens, Mrs. E. F. Lowrey, Paul Boyer, and Mr. and Mrs. J. E. Adams, and Gladys Adams, Wynell Bell, Edna Kay Butler, Edie Bradford, Billy Mack Barnett, Carl Cooper, Dwan Crisman, Beverly Davis, Edna Kinschberg, Gene Latham, Geraldine Ben, Barbara Smith, Doris Thomas, Tommie Travis, Doris Walker, Shirley Ward, Henry Williams, and Frankie Wyatt.

## Wm. B. Teague Is Guest Speaker At Delphian Club

Mr. William B. Teague, county attorney, gave a most interesting discussion on "Jury Service" to the Delphian members when they met in the home of Mrs. C. C. Hodges at their regular meeting on Tuesday, January 16, at 4:30 p. m.

The meeting was called to order by the president, Mrs. Weldon McCrory, after which members gave pledges of allegiance to the flag.

Mrs. Bernice Potts, assistant program chairman, introduced the program on "The Declaration of Independence," followed by a film by that name shown by the Division of Memphis High School Visual Aids Department.

Mr. Teague in his most inspiring talk told the ladies how they could be called for jury service, how to get off or on the jury, the differences found in county and district courts, as well as many other interesting things.

Mrs. Henry Hays led the group in "The Lord's Prayer." A short business meeting was held.

Refreshments were served to the following: Miss A. Atkinson, Sidney Baker, J. L. Burton, Jack Boone, W. C. Dickey, Robert Clark, Henry Hays, Lynn McKee, Weldon McCrory, J. E. McQuerry, J. K. Porter, Bernice Potts, Clyde Smith, Leon Thomas, J. W. Stokes, E. H. Wherry and the hostess, Mrs. C. C. Hodges.

ESTELLE COUPLE ELECTED CLASS FAVORITES

Mr. and Mrs. Gus Orsutt of Estelline were elected Junior Class Favorites at Caledon Junior College recently.

Attorney Paul Spillman of Washington was transacting court business in Memphis Wednesday.

## Mrs. J. J. McDaniel Is New President Of Pathfinders

Mrs. Lloyd Ward, assisted by Mrs. C. C. Cole, entertained members of the Pathfinders Central Tuesday, January 16, at 7 o'clock in a regular meeting.

The president, Mrs. Hal Nelson, conducted a short business session. Mrs. Mary Youngblood was welcomed into the club.

The following officers were elected for the club year 1955-1956: Mrs. J. J. McDaniel, president; Mrs. Hal Nelson, vice president; Mrs. Gene Chamberlain, recording secretary; Mrs. Clara Cole, corresponding secretary; Mrs. East Pritchett, treasurer; Mrs. Frank Ethel, parliamentarian; Mrs. Lloyd Ward, critic; Mrs. A. Golden, reporter; Mrs. Anna Jackson, librarian.

Mrs. McDaniel, program chairman, introduced the program for the day, "Indian Affairs," with the following quotation: "Grant that I may not criticize my neighbor until I have walked a mile in his moccasins." Mrs. Clara Williams gave the invocation.

Mrs. Ward gave an interesting account on "Texas Indians" at Livingston. She stated that the population of 1,000 originally reduced at one time to a few over a hundred, but today with Texas help there are 100 on the reservation. They have been helped physically and spiritually until at present they enjoy a modern school system, hospital, recreation hall, and higher education through scholarships made possible by the Texas Federation of Women's Clubs.

A delicious refreshment plate was served in Room 111 Nelson, V. F. McInerch, A. Gitter, J. J. McDaniel, Mary Youngblood, Anna Jackson, East Pritchett, Clara Williams, Sr., Gene Chamberlain, Frank Ethel, and the hostesses, Mrs. Lloyd Ward and Mrs. C. C. Cole.

The next meeting will be February 9 in the home of Mrs. Hal Nelson.

## Mrs. Albert Bailey Gives Book Review At Estelline Club

At the regular meeting of the 1922 Culture Club in Estelline on the evening of January 16, Mrs. Albert Bailey in a most interesting manner reviewed "Love Is Eternal" by Lewis Stone. Mrs. Bailey was introduced by Mrs. Walter Whaley.

Mrs. W. E. Davidson served as hostess. Mrs. J. E. Lapp, president, presided over the business meeting. Mrs. John Quaid and Mrs. Raleigh Adams were elected as new members.

The hostess served open-faced cheese sandwiches, apple, food-strawberry delight, coffee and tea. Guests present were: Miss E. F. Wood, Charles Leiby, J. D. Cox, V. Y. Graham, C. L. Stone, and E. L. Griffith of Dallas. Members present were: Miss A. H. Bailey, J. A. Ballard, H. E. Coleman, F. D. Cooper, W. E. Davidson, Joe Edkins, Edna Holland, E. T. Jackson, E. F. Kennedy, Don Leary, Leon Phillips, J. E. Rapp, W. H. Whaley and Magdalena Clemens.

## Ophelia Jr. Club Meets In Home Of Mrs. Ted Bruce

The Ophelia Jr. Club met recently with Mrs. Ted Bruce. Members responded to roll call with a theme for next year's program. Following the roll call, "Nominating" was chosen for the year's study.

Mrs. Jack Kinart, president, presided during the business session. Members voted to give

clothing to a needy family.

Mrs. William Collier presented the program entitled "Sex Education Is Not Enough."

Refreshments of fruit salad, cake, coffee or tea were served to Misses Joe Kent Edkins, Paul Collins, Gerald Fowler, Joe Bob Stevens, Jim Hutchins, Walt Wall-hall, Bill Abram, Kinart, Collier, Bruce and one guest, Mrs. Jim Whaley.

Mr. and Mrs. Willie Smith of Arthropia Flat spent the weekend in Pampa with their children, Mr. and Mrs. Ray Opella.

Mr. and Mrs. Ernie L. children, Charles and Ann, of Lubbock spent end with his parents, Mrs. E. E. Roberts.

Mrs. H. I. Rice returned home in Arlington the week after Mrs. Charles Green and other New days.

## Baptist WMS Bible Study At Church

The W. M. S. of the First Baptist Church met at the church Monday afternoon, January 17, at 1:30 o'clock for Bible study.

Mrs. Frank Ellis, president, called the meeting to order. "Break Thou The Bread of Life" was sung. Mrs. Leon Randolph led in prayer. Mrs. Sam Fostall taught the Bible study on the subject "God." Mrs. Theodora Swift gave the closing prayer.

Those present were: Misses Leon Randolph, Theodora Swift, W. K. Coffey, Frank Ellis, Jim McMurry, E. H. Wherry, Lee Thornton, Fern Miller, H. L. Gillogie, Jack Boone, Ma Hutchinson, Frank Smith, A. H. Wyatt, Dick Watson, Henry Foster, Marion Long, East Pritchett, Lynn Jones, Joe Westphalen, and Sam Fostall.

# Nearly 20,000 Farm Families Get FHA Aid

Nearly 20,000 Texas farmers and ranchers who were unable to obtain financial aid from banks and other private credit sources, received assistance from the Farmers Home Administration during the calendar year 1954.

More than 46 million dollars were loaned to these farm families, according to Walter T. McKay of Dallas, state FHA director. In the nation as a whole, FHA has loaned more than 282 million dollars this year to the nation's farmers and ranchers. R. B. McLeish, national administrator, has announced.

Texas farmers and ranchers have paid \$36,539,147 on loans from the Farmers Home Administration.

This is a remarkable achievement, McKay pointed out, in view of the drought which plagued most of the state this year. "It shows the resourcefulness and character of those families who have received financial assistance from FHA," McKay declared. One of the major programs set up by Secretary of Agriculture Ezra Taft Benson to provide relief to farmers and ranchers in drought disaster areas is the Emergency Loan Program.

McKay reported that 13,739 Texas farm families borrowed \$25,442,174 from the Farmers Home Administration during 1954 under this program and have repaid \$19,481,219 of it.

Also, a total of 1393 livestock producers have been advanced loans totaling \$15,742,629 since the beginning of the emergency livestock program in August, 1953. "In spite of the drought in most range areas, these same livestockmen have been able to repay more than \$5,000,000 of their loans," McKay emphasized.

Under procedure, worked out this week, ranchmen will be permitted to retain a percentage of their ewe lambs or heifer calves, to replace culled breeding animals, so that herds will be maintained at proper levels, thus safeguarding the security interest of the lien holder.

This was decided upon at a meeting which was attended by Senators Price Daniel and Lyndon Johnson, Congressman J. T. Rutherford, George Mahon, W. R. Poage and O. Clark Fisher, and members of McLeish's staff. The

move had the wholehearted support of Agriculture Secretary Benson.

In addition to the Emergency and Special Livestock loans, the Farmers Home Administration lends money in its regular programs to farmers operating family-type farms for operating expenses, equipment and livestock purchases; for the development of soil and water resources, and for farm purchases, farm enlargements from appropriated funds, giving special preference to veterans. Insured mortgage loans were made for building and improving houses, barns, etc., and land purchases are made to all eligible farmers from these insured mortgage funds.

The county supervisor in Hall County is J. J. Roan, Jr. Committeemen are Del E. Wells, Joe W. Eddins, and Lucion I. Davis. The FHA office is located at 515 Main Street in Memphis.

## Weather Picture Streaked Past Week

Everything from fair skies to fog and from calm to windy weather was experienced in this area during the past week. Temperatures started out cold but assumed a warming trend the latter part of the period. Moisture was negligible and blowing dust occurred two or three times.

Last Thursday morning was foggy but by late afternoon strong northerly winds were whipping up thick dust. Winds died down during the night.

Weather for the remainder of last week generally was clear but cold. This situation continued this week until Wednesday, except for warmer temperatures Monday and Tuesday. Skies were overcast much of the day Wednesday but were again clear this morning.

High and low temperatures the past week, according to Weatherman John McMickin, were as follows: last Thursday 20-40 degrees; Friday 20-43; Saturday 23-45; Sunday 22-47; Monday 18-53; Tuesday 23-63; and Wednesday 22-59.

W. L. Mitchell and family of Amarillo visited his parents, Mr. and Mrs. W. M. Mitchell, in the Antelope Flat community over the weekend.

THE 1955 MARCH OF DIMES nears a climax in Texas this week, and Maj. Gen. K. L. Berry, Texas state campaign chairman, is visited by one of the beneficiaries of the great humanitarian fight against polio. The lad is 4-year-old Bobby Grimes of Austin, who has recovered from a severe attack of polio, through the help of the March of Dimes, and now wears only a brace on his right leg. The drive will continue through Jan. 31.

## County Polls Total 820 On Wednesday

Poll taxes paid in Hall County through Wednesday totaled 820, according to Olin W. Cooper, county tax assessor-collector. This compares with 1,525 poll taxes that had been paid at the same time last year. This slack-off is the usual occurrence in so-called "off-election" years.

Citizens have until 5 p. m. Monday to secure their 1954 poll tax receipts at the county tax assessor-collector's office here. In addition, any requests for poll taxes which are mailed and post-marked before midnight Monday, will be accepted, Cooper said.

Even though it is an "off-election" year, several important voting events, including a city election in April, are scheduled. Therefore, citizens may regret it, if they do not protect their right to express their wishes by ballot, by paying poll taxes.

Mr. and Mrs. L. R. Reames and Patti visited in Chickasha, Okla., over the weekend.

## Gardenhire Finishes Work On Degree

Andy Gardenhire has completed work on his B. S. degree in Physical Education at West Texas College and will be a candidate for the degree at May graduation exercises. His minor was history. Mr. and Mrs. Gardenhire and daughters have moved to Tulsa, where he has accepted a position in the schools for the remainder of the present school year.

Mr. and Mrs. Phaeton Alexander visited the Gardenhires Friday and Saturday and assisted them in moving from Canyon to Tulsa.

## Mrs. L. G. DeBerry Named President Of 1913 Study Club

Election of officers was featured when the 1913 Study Club met in the home of Mrs. Joe Montgomery on Wednesday afternoon, January 19.

Elected to head the slate of officers as president during the 1955-56 club year was Mrs. L. G. DeBerry, who is now serving as vice-president. Mrs. DeBerry will succeed Mrs. Boyd Rogers.

Serving with Mrs. DeBerry to make up the official staff will be Mrs. T. J. Dunbar, vice president; Mrs. Bluford Walker, recording secretary; Mrs. Clyde Milam, corresponding secretary; Mrs. Rufus Grisham, treasurer; Mrs. E. M. Wilson, parliamentary and critic; Mrs. Herschel Combs, reporter; and Mrs. Joe Montgomery, press book custodian.

As the program, a most informative and timely discussion was given by Mrs. T. J. Dunbar on "Communism in the United States," and "Segregation vs. Non-Segregation." Mrs. Dunbar stated that the two topics are so closely related that it is impossible to discuss one without touching on the other. Relating basic facts, she pointed out that "we have not one, but thousands of communists in the United States, who are working toward the destruction of our government. In order to carry out this organized plan the American workers, who take their orders from Russia, use every means available to carry out their aims, instigating strikes and causing disunity and friction among our peoples."

Concluding the program, a one-act play, "Fayesta Is Unsegregated," was presented. The play was written and directed by Mrs. R. S. Greene. Taking part in the play were Peaches Harrison, who played the part of Mrs. Laura Ainsworth; Ethel Hillhouse as

Fayesta Scott, and Tomacell Greene as Amanda Johnson.

Tasty refreshments were served during the tea hour to the following members: Mmes. L. G. DeBerry, T. J. Dunbar, Leo Fields, H. A. Finch, Frank Foxhall, R. S. Greene, Rufus Grisham, Allen Grundy, O. L. Helm, S. C. Hindman, Clyde Milam, Paul Montgomery, Milla Roberts, M. G. Tarver, Bluford Walker, R. C. Walker, E. M. Wilson, Lewis Foxhall, Herschel Combs and hostess, Mrs. Montgomery.

### CARD OF THANKS

We want to take this means of thanking all our friends and neighbors for their help and thoughtfulness during the extended illness of our husband and father, Mont Raglin. Your acts of kindness and prayers are appreciated more than words can describe.

It is our hope that you may receive God's richest blessings for assisting us.

The family of Mont Raglin

## Latest Spelling Champions Listed

Names of some more of the week were announced yesterday by Miss Mary B. Hall County school superintendent.

On the list were the following: Billy Don Lagrade; Conroy Lacy, sixth grade, seventh; and Barbara Na, eighth.

Memphis—Barbara G. Stephen F. Austin School grade; and Shari Gentry, B. Travis School sixth grade.

Miss Foreman said she is going forward at the schools in the county county spelling bee, to here Feb. 18.

# Authority Stresses Doctor's Importance

JUSTIN—"In the last forty years great strides have been made in applied and preventive medicine. Never have mass concentrations for the prevention of disease and surgical treatment for illnesses been so highly developed as today. Unfortunately, however, the significance of this movement is not yet generally appreciated by the average individual. Though science, by the family physician, is ready to preserve individual health, personal indifference, self-diagnosis and self-treatment represent barriers to the fullness available in the doctor's office," states Dr. Henry A. ...

Unfortunately, the vast majority of people still consider their doctor merely as an emergency man. So long as they are well or not conscious of any physical ailment, they imagine a physician's services are not required. However, there are many who, even though ill, permit themselves to be prescribed some bottle of medicine for the condition. For this group the family doctor only becomes acute when the self-prescribed remedies fail to cope with the situation. It can be frankly stated that thousands upon thousands of men and women become acutely ill or lose their lives because of this misconception of the doctor's limitations or because of an unjustified self-reliance to meet sickness conditions themselves.

"The family physician cannot fulfill his whole duty to the public until his dual function is appreciated and the services for which he is so eminently qualified to perform are promptly applied. It must be understood that personal health is just that. It cannot be entirely delegated to public health doctors, sanitary engineers and research laboratory workers. And personal health means first, the prevention of disease or its early discovery; and second, the cure of an existing illness.

"Until the physician is considered as a conservator of personal health as well as an agent to combat disease, many of the discoveries and advanced knowledge in medical science will fail pathetically to render full and due service.

Roger D. Ferguson, son of Mr. and Mrs. H. W. Peters left here January 20 for Albuquerque, N. M., where he will be sworn in for active duty in the U. S. Navy. From Albuquerque he will go to San Diego, Calif., for basic training.

Mary Bownds visited over the weekend in Amarillo with her sister.

## LAFF OF THE WEEK

"You can quit sulking and come out now—mother's gone home!"

## ASC Announces Deadline For New Cotton Allotments

The State ASC Committee has set Feb. 25 as the final date on which owners and operators may file applications for 1955 New Farm Cotton Allotments with county ASC committees. This was announced Tuesday by Lynn L. McKown, manager of the Hall County Agricultural Stabilization & Conservation office here.

A "New" farm or New Grower Cotton Allotment is a cotton allotment for farms on which no cotton was planted in any of the years 1952, 1953 or 1954. As there are less than 20 farms in Hall County that meet these requirements, it is not expected that many applications will be filed, McKown said.

New Grower Allotments are only available to "New" cotton farmers—that is, a farmer who has no interest in any other farm on which a regular cotton allotment was established for 1955. This provision disqualifies some Hall County farmers who are otherwise eligible.

Since Feb. 25 is the final date for making applications, all eligible farmers who plan to plant cotton in 1955 for the first time since 1951 should contact the ASC office before then.

Mr. and Mrs. Carl Wood announce the arrival of a son, Carl Henry, Jr. He was born January 10 and weighed 8 pounds and 3 ounces.

Mr. and Mrs. N. A. Atchley of Estelline are the parents of a daughter born January 21. She has been named Susan Marie and weighed 7 pounds and 2 ounces.

Mr. and Mrs. G. W. Parker of Memphis announce the arrival of a son, Bobby Dale. He was born January 22 and weighed 8 pounds and 8 ounces.

Mr. and Mrs. Lon G. Moore of Rt. 2, Memphis, are the parents of a daughter, Betty Marlene. She was born January 23 and weighed 6 pounds and 8 ounces.

## Former Resident Dies At Hamilton

Funeral services were held last week at Hamilton, Tex., for Amos Wentworth Christopher, who came to Hall County in the early days to work for the Mill Iron Ranch. Burial was in Oakwood Cemetery.

Mr. Christopher, 85 years old, died Jan. 15, in Scott & White Hospital at Temple.

A native of New York state, he came to this section as a young man.

In 1903, he was married to Miss Ethel Duncan. The couple lived in the Parnell community and at Estelline for many years. They celebrated their Golden Wedding Anniversary two years ago, at which time six children were present.

After leaving this area, Mr. and Mrs. Christopher lived at Merton and Corpus Christi before moving to Hamilton in 1946.

Among survivors are: his wife and six children, Jesse Christopher of Hamilton, Mrs. Imogene Tietzschert and Iona Lee Christopher of El Paso, Richard Christopher of Van Horn, Mrs. Lila Dees of Allamore, Tex., and Mrs. Joy Randall of Fort Worth; seven grandchildren; and a niece, Mrs. C. Alvin White of Lubbock.

## County Exhibitors Make Fine Record At Pampa Show

Hall County exhibitors made fine showings this week at the Top O' Texas Fat Stock Show in Pampa.

Tomie Potts of Memphis exhibited the champion bull in the Hereford breeders show and won several other prizes, and county youngsters dominated the junior breeding show.

Potts' prize-winning bull, TP Dandy Larry D 18th, sired by Dandy Larry D 61st, sold to Frank M. Carter of Pampa for \$975. This was the second year in a row that Potts has shown at the Pampa show.

## Pros Defeat Area Independent Squad

The "Whiskered Wizards" of Corpus Christi defeated the Memphis Independents here Saturday night in an interesting, high-scoring basketball game, 68-65. The contest was played in the high school gymnasium and was sponsored by the senior class.

The Independents composed of coaches and college players from this area, were formed last year. The "Whiskered Wizards" are professionals.

Nolan Poteet, assistant coach here, was the high scorer for the All-Stars, with 25 points. Other point makers on the squad were: Don Kinard and Gene McKibben, 12 each; Arthel Gibson, 6; Raymond Hutcherson and James Stavenhagen, 4 each; and Bill Phillips, 2.

Carl Medley accumulated 25 points, to lead the pro team. Behind him were: Jack Morton, 26 points; Johnny Stroud, 17; Bill Cooper, 4; and J. R. Rakestraw, 2.

In the junior breeding show, Raymond Earl Hall of Lakeview, displayed the grand champion, which also took first place in the senior heifer calf class, according to County Agent W. B. Hooser. A junior heifer calf, exhibited by Shari Gentry of Memphis, won first in that section and later was judged the reserve champion.

Other winning exhibitors in the senior heifer class were: J. W. Lindley of Lakeview, second; and Paula Gentry of Memphis, third.

Additional winners in the junior heifer class were: Hall, second; Roy Alvin Molloy of Lakeview, third; and Tony Molloy of Lakeview, fourth.

Besides the grand champion bull, Potts-owned Herefords captured first place in the senior yearling bull class, second in senior bull calf class, second in the summer yearling female class, and third in the best pair of female sale calves section.

## Railroaders Guests At Rotary Luncheon

Three Fort Worth & Denver Railroad Company men were guests of the Rotary Club at that organization's luncheon Tuesday noon. The meeting was held in the Masonic Building.

The railroaders were: John McMickin, station agent here; W. M. Gray, general agent of the railroad's Amarillo district; and Jimmy Eubanks, traveling freight agent in the Amarillo district.

Eubanks discussed construction

"Relation of Soils, Rainfall and Grazing Management to Vegetation—Western Edwards Plateau" is the title of a new publication just released by the Texas Agricultural Experiment Station. It is available from the Agricultural Information Office, College Station. Ask for Bulletin 786.

Field counts to determine insect infestation should be the guide for determining whether control measures are needed on insect infested small grains.

of the Fort Worth & Denver through this region and its effect on development of the territory.

A film, showing train operations at terminal points and changes in passenger trains in recent years, also was included in the program.

Tomie Potts was the program director. Ben Parks, club vice-president, was in charge of the luncheon meeting.

Cutting Agricultural Costs

For several years, farmers and ranchers have been caught between high, or even rising, costs and declining prices. Frequently, there has been little or nothing they could do to relieve this strain on their pocketbooks. Oddly enough, while this has been happening on the agricultural front, living conditions of other segments of the nation's populace have continued to be good, or have even improved. Often, this has increased rural families' troubles, since prosperity of urban families resulted in still higher prices for the items agricultural people have needed.

But it may be that we are on the verge of seeing an improvement in this situation, brought on, at least in part, by various technological discoveries and refinements. A recent review of successes of government farm scientists in 1954 indicated such possibilities.

One line of research offered prospects for cheaper bread and milk. Research teams proved that high-quality milk can be produced with less than half the labor and investment used by many farmers. Key to the lower costs is adoption of good sanitation and milk-cooling methods and utilization of cheaper, more convenient housing for cows.

It also was found that cost of producing wheat, this nation's basic bread grain, can be reduced from an average of \$1.65 a bushel to \$1.28 a bushel by using new cultivating methods and more fertilizer. This 37 cents a bushel saving is nearly double the 19 cents per bushel reduction made in federal wheat support prices for 1955.

Other assistance, designed to improve agriculturists' positions, include drought-resistant and higher-producing plants, such as new varieties of wheat, peaches, soybeans, alfalfa, watermelon, tobacco and onions. Cotton and grain sorghums are not included in the list but those familiar with these products, know they are being improved, too.

In another direction, new methods of fighting insects were uncovered in 1954. These pests take an estimated four billion dollar toll in farm products every year. Any sizeable reduction in this figure would, in itself, mean more money in farmers' pockets.

All of us, no doubt, remember how effective DDT was in killing insects when it was first introduced a few years ago. But after a time, the insecticide apparently lost its potency, as far as a great many pests were concerned. Now, research workers have found new poisons, such as malathion and Diazinon, to which insects are not immune. These death-dealers can be mixed with sugar and spread in numerous places where insects may collect, like dairy barns and poultry houses, experts reported.

And stockmen have been provided with another assist in the form of new phosphorous insecticides that can be fed or injected into cattle. Experiments show this turns the cattle into walking poison traps for costly grub worms.

Thus it seems that science, which has done much to make things easier and more pleasant for so many of us, has made a start toward making farm and ranch life both more stable and more secure.

SOMETIMES DREAMS DO COME TRUE

Press Paragraphs—
QUOTING OUR NEIGHBORS

TOO MANY ACTIVITIES?
One of the most common complaints that a person hears today runs something like this: "For goodness sake! It's gotten to the point where our children are gone every night of the week to attend some function sponsored by the school."

With a little checking up, this might appear to be true. More and more activities are being crowded into the weekly calendar that seems to need 48-hour days and 14-night weeks to keep from having so many conflicts.

Yet, the question to be resolved is: Is this good or bad?

Today so many parents indifferently are turning over the upbringing of their children to Sunday school and public school teachers, it might be best that they do return to school after hours!

It would be nice if Mother and Father would join their children on nights when they have free time, and read together, or go some place together, to insure a common bond among family members. The age of the fireplace and the family sings are over forever, but that offers no excuse for the parents who refuse to even "fraternize" with their own offspring.

However, it is quite another thing when we discover that Mother has a meeting or party of her own to attend in the evening, and Dad is content to settle down in his easy chair with the papers while the boys and girls of the home roam the streets "looking for something to do."
Maybe if we aren't going to do anything with the time we could spend together at home of enjoying some activity, it's better that the kids are participating in some supervised recreation or work, rather than thrill-seeking.
—State Line Tribune (Farwell)

SMALLER ARMY
President Eisenhower's proposal to cut down on standing army personnel by increasing reserve strength, in our opinion, appears to be an excellent answer to one of the United States' most pressing problems.

Changing conditions and new methods of warfare are one sound reason for such a program. Many people will recall how France drained their national treasury, prior to World War II, in the training of men and maintenance of the famous Maginot Line. When the crisis came, however, Hitler's modern, new-fangled war machines moved through the defense line like so much paper.

New atomic weapons indicate a complete revolution in warfare methods, along with a heavy emphasis on air force tactics. For this reason, President Eisenhower

The paiche is a fish native to the mountain streams of Peru which resembles a musky in appearance and fishing qualities but is larger—some are said to weigh 400 pounds.

Creep feeding home grown grain supplemented with protein—cottonseed meal—has earned a firm place in the farming practices of a veteran Zavala county livestock raiser. W. R. Parsons figures the \$7.50 feed bill per head on 50 calves gave him an additional \$20 per calf at the market.

plan on a marching army trained through reserve forces would appear feasible. In addition, it affords American youth a chance to pursue occupation and happiness

along average channels.
The President's greatest experience and ability unquestionably points to the military field. Certainly, there is no one in the United States more capable or qualified to guide the nation concerning future defense against warring nations.
—Hereford Brand

FAIRGROUNDS IS IMPROVED
Race track at the fairgrounds
will be one of the fastest courses
in Texas when changes now
under way are completed, accord-
ing to Bill Kesterson, president of
the Hall County District Fair As-
sociation.

The course is being
changed into a circular track that
will permit a speed of 80
m.p.h. The course will
be an A. A. track, and
the most auto racers in
the state are expected to compete
in the district fair this fall.

What's new with Chevrolet...
everything!

Here are just a few of the features that make the 1955 Chevrolet an utterly new kind of car. It is a low-cost car, with low-cost gasoline economy and maintenance. But in everything else it rivals the finest—in styling, handling ease, riding comfort, acceleration, a full range of power assists and drive options. Call us—today—for the most eye-opening drive you'll ever take.

Advertisement for Chevrolet 1955 model with various features listed in a grid:
8 New 162-h.p. "Turbo-Fire V8" engine has ultra-short stroke, 8 to 1 compression ratio.
Sweep-Sight windshield gives safer wide-angle view.
Tubeless tires are standard on all models, offer more protection against blowouts.
6 New "Blue-Flame 123" engine has six-cylinder economy, better cooling and lubrication.
"Outrigger" rear springs are set wider apart to resist body-roll, permits lower frame.
Glide-Ride front suspension with spherical joints gives softer flexing over bumps.
Anti-Dive braking control checks tendency of front end to nose-down during fast stops, keeps car "heads up."
HOTCHKISS DRIVE
HOTCHKISS DRIVE lets rear springs absorb acceleration and braking thrusts and lowers the center of gravity.
New "Touch-Down" Overdrive\* transmission reduces engine speed 22 per cent.
12 VOLTS
12-volt electrical system gives easier winter starting, higher voltage for all speeds.
Swing-type brake and clutch pedals permit draft-free seating of passenger compartment.
Bodies are wider inside, with more room for hips, hats and shoulders, both front and rear.
ALL 4
All 4 fenders are visible to the driver for use as guides in parking, traffic driving.
35 COLORS and COMBINATIONS
35 colors and combinations. A rainbow-full of 14 solid colors and 21 two-tone combinations.

# Ducks Collecting On Lower Texas Coast

WYKIN—Significant population trends whereby ducks are concentrating in the lower coastal areas of Texas have been reported by C. Glazener, director of life restoration for the Game Fish Commission by Robert J. Singleton, chief of coastal water studies.

Observations based on the November waterfowl census showed that of the total coastal duck population of 1,960,000 in November, 1,677,900 were in the Valley region.

Singleton said drought conditions in the upper coastal marshes have become more acute since the winter count and that there apparently has been an acceleration of the trend.

There simply is a shortage of water and native feeds in wintering grounds from Salinas, on the eastern Texas coast, to Fort Lavaca, which is the dividing line, and on beyond," Singleton said.

Singleton explained that perhaps the most change in population conditions affected the pintails, more popularly known as sprigs. He said mallards rarely go below Port Lavaca in any substantial numbers.

The director of waterfowl studies pointed out that of the 320,000 pintails in the far-flung coastal areas, an estimated 238,000 were counted in the Valley zone.

Singleton called attention to the fact that redheads comprised 1,164,000 of the 1,960,000 coastal population for November. These fleet ducks always prefer the lower coastal area.

"Obviously, there has been a considerable movement of ducks that leap frogged habitat that has been so hard hit by dry weather and consequent lack of fresh water and native foods," said Singleton. "Many of these birds, especially pintails and teal, go on into Mexico and some continue on to the West Indies, Haiti and the Dominican Republic."

Singleton said he interpreted available population figures to indicate that the duck numbers are NOT down. "After all, they shouldn't be," he said. "We sent back north last spring an increased number of ducks and reports indicate that hatching conditions were favorable."

The director of waterfowl studies, with his assistants maintain constant observation of the duck and goose population. They spent many hours flying, ranging all the way from Sabine Lake to Brownsville, on the Lower Coast.

Recently, they spotted a single concentration along the lower coast that contained an estimated half a million redheads.

## Locals and Personals

Mr. and Mrs. Elbert Stephens and Betty of Dumas and W. H. Butler of Amarillo spent the weekend with Mr. and Mrs. Fred Butler.

Mr. and Mrs. C. A. Wright of Clarendon and Mrs. Stella Jones of Amarillo spent the weekend with Mr. and Mrs. Bill Hall and family.

## Memphis Children Will Star In Movies

Mel Barker is in Memphis making preparations to produce a motion picture called "The Memphis News Reel." The picture is being produced in cooperation with the Palace and Ritz Theatres, and will be made in color and sound.

Included in the picture will be the Memphis High School Band, the High School and Junior High students, and other things of interest in Memphis. There will be a number of boys and girls between 3 to 14 years of age used in the film, and some children have already been interviewed for parts. However, there are several parts still open, and boys and girls who have not had a chance to try out may do so by seeing Mr. Barker at the rehearsals which will be held in the Ball Room of the Memphis Hotel starting at 7 P. M. Thursday and Friday.

Shooting will begin Saturday and continue all next week. Filming of the picture will not interfere with school work.

When the picture is finished, it will have its first showing at the Palace Theatre.

# ta On Income xes Outlined

Note: Below is the series of articles from Revenue Service, designed to help taxpayers filing their income tax

## WHO MUST FILE

Every citizen or resident of the United States, whether an adult or a minor, who had \$600.00 or more of gross income must file an income tax return Form 1040 or 1040A.

## WHEN TO FILE

Income tax return should be filed between January 1 and April 15, 1955, and not later than April 15, 1955.

## HOW TO SIGN

You have not filed a legal return unless you sign it.

## WHERE TO GET FORMS AND HELP

As far as practical, the District Director mails forms directly to

taxpayers. If you need additional forms, you can get them from your District Director's office, and also at most banks and post offices. Many employers also keep forms for the convenience of employees. The address of your District Director of Internal Revenue is 2101 Pacific Avenue, Dallas, Texas.

Any balance of tax shown to be due in Item 13, Page 1, of your return on Form 1040 must be paid in full with your return. You may pay cash or by check or money order. Checks or money orders should be made payable to "District Director, Internal Revenue Service."

Holdings of heavy turkeys remain near record highs, making them a bargain. Only fruits scored as February plentiful are oranges and grapefruit, both fresh and processed.

Letting carrots, canned green beans and canned corn are more plentiful now than in several months, says U. S. D. A.

Other foods in large supply include rice, raisins, almonds, lard, vegetable fats and oils.

Elizabeth Grundy, Mackie Allen, Vance Adams, David Corley and Billy Darrel Roden, students at West Texas State College in Canyon, were home to visit their parents over the weekend.

taxpayers. If you need additional forms, you can get them from your District Director's office, and also at most banks and post offices. Many employers also keep forms for the convenience of employees. The address of your District Director of Internal Revenue is 2101 Pacific Avenue, Dallas, Texas. The address of the Children's office is Room 3, Library Bldg. After reading the instructions, you should be able to prepare your own return, unless you have complicated problems. If you do need help, you can get it at your District Director's office. A more detailed publication entitled, "Your Federal Income Tax" may be obtained for 25 cents from the Superintendent of Documents, Government Printing Office, Washington 25, D. C.

## Varied Choice In February Food List

COLLEGE STATION—Thrifty-wise homemakers will find a varied choice of plentiful foods at the grocer's in February.

Eggs head the column of abundant foods on the U. S. Department of Agriculture's February plentiful foods list.

Many seafoods, such as shrimp, frozen haddock fillets, frozen halibut and canned tuna, are on the list.

Holdings of heavy turkeys remain near record highs, making them a bargain.

Only fruits scored as February plentiful are oranges and grapefruit, both fresh and processed.

Letting carrots, canned green beans and canned corn are more plentiful now than in several months, says U. S. D. A.

Other foods in large supply include rice, raisins, almonds, lard, vegetable fats and oils.

## Pvt. Herby Shahan Takes X-Ray Course

Pvt. Herby Shahan left last Thursday for Fort Sam Houston at San Antonio, after spending a 12-day leave here with his wife, the former Betty Ann Goodall. Mrs. Shahan, the daughter of Dr. and Mrs. O. R. Goodall, plans to join her husband later.

At Fort Sam Houston, Private Shahan will take a 16-week course which will fit him to be an x-ray technician.

He completed basic training at Fort Bliss at El Paso, before coming here on leave.

Elizabeth Grundy, Mackie Allen, Vance Adams, David Corley and Billy Darrel Roden, students at West Texas State College in Canyon, were home to visit their parents over the weekend.

CLARENCE DYE

## FBI Seeks Man In Armed Robbery

The Federal Bureau of Investigation is looking for Clarence Dye, who is charged with unlawful flight to avoid prosecution for armed robbery. Dye, who uses the aliases "Jackey Dye", and "Jack" is on the FBI's list of Ten Most Wanted Fugitives. He has stated he will not be taken into custody alive and will attempt to kill any officer arresting him.

His description reads as follows: Age 44; height 5 feet, 10 inches; weight 140 pounds; build, medium; hair, brown; eyes, blue; complexion, fair; race, white; nationality, American; occupations, waiter, cook, bartender, ship fitter, welder, laborer; scars and marks, several small pit scars over face, scars over left eyebrow, blue scar over right eyebrow, small cut scar on right index finger, tattoo of initials, "C. D." on right forearm.

Dye is probably armed and should be considered extremely dangerous.

Any person who has information that may aid in locating Dye is requested to contact the nearest office of the FBI, the telephone of which appears on the first page of local telephone directories.

Mr. and Mrs. Bobby Jack McMurry and family of Amarillo spent the weekend with their parents, Mr. and Mrs. Gip McMurry and Mr. and Mrs. Clyde Morris.

## Locals and Personals

Mrs. Morgan Baker spent the weekend in Saint Jo. While there she attended the wedding of Sue Dennis to Don Price. Sue is the daughter of Mr. and Mrs. Weldon Dennis, cousins of Mrs. Baker.

Visiting in the home of Mrs. M. W. Paschall over the weekend were: Mr. and Mrs. Gene C. Paschall and Tony of Rankin, Mr. and Mrs. Cotton Paschall and Elna of Slaton, Mr. and Mrs. T. Bone Paschall and Freddie of Borger, Mr. and Mrs. M. W. Paschall, Jr., and family of Lutie, Mr. and Mrs. Sid Wallace of Dalhart, S/Sgt. Bill Scott of Amarillo and Mr. and Mrs. Boyce Bruce and family.

Mr. and Mrs. D. L. C. Kinard returned home Sunday after spending a few days in Lubbock.

Mr. and Mrs. Weldon Jester and Gale of Amarillo spent the

weekend with her parents, Mr. and Mrs. J. M. Ferrel, Jr.

Mr. and Mrs. N. L. Fowler spent the weekend visiting in Roswell, N. M.

Mr. and Mrs. Barney Barnett of Amarillo spent the weekend with Mrs. Carl Harrison and family.

Mrs. Wendell Harrison and Rosemary spent the weekend visiting her mother, Mrs. Ed Beck.

Mrs. Henry Foster and family visited in Abilene over the weekend with her mother.

Mr. and Mrs. Byron Baldwin attended market in Dallas this week.

Mr. and Mrs. Barney Rivers and Buddy Fred of Chillicothe visited relatives here Sunday.

Mrs. H. B. Bennett, Mrs. Mary Owens and Mrs. W. C. Dickey at

tended the "Hansel and Gretel" opera in Wellington Sunday.

Mr. and Mrs. Wiley Whitley visited relatives in Wellington Sunday.

Mrs. John Holcomb and Buck of Wheeler spent Sunday with Mr. and Mrs. J. B. Burnett.

## BEWARE! COUGHS FROM COMMON COLDS THAT HANG ON

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion. It goes into the bronchial system to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. ## DO YOU HAVE Roofing Problems? Then Use Zone Heavy-Duty Roof Coating!

Easy to apply on all 3 major types roofing: Composition, Metal or Concrete

### WHAT IS ZONE HEAVY-DUTY ROOF COATING?

That's easy... It's a life-saver for your roof! But more especially, ZONE HEAVY-DUTY ROOF COATING is a brand new roof in liquid form. It's easy to apply... doesn't call for skilled labor or roofing technicians. Using the old roof as a base, just brush it on with any stiff fibred brush (we send one FREE with every order of 1/2-barrel or more), and you'll have a new roof... a tough, rubber-like, one-unit, seamless, nailless, waterproof roof. No heating. No mixing... just APPLY.

### WILL ZONE HEAVY-DUTY ROOF COATING WORK ON ANY ROOF?

It will if your roof is made of one of the three major types roofing: COMPOSITION, METAL or CONCRETE. Those three broad categories include felt or paper, roll, tin or other metal, corrugated iron, cement, gravel or slag. That, of course, means practically every type of industrial or commercial roof. It is not recommended for wood or mineral slate shingles.

### A FEW FACTS ABOUT THE APPLICATION

The labor cost of application is extremely small. Almost anyone can apply 65 gallons a day, so it's easy to see that there couldn't be a more economical way to acquire new roof protection. Just flow it on and brush it out! It's as simple as 1-2-3!

### WHEN DOES ANY ROOF NEED COATING?

Of all roofs, 90% are in bad repair. The old adage, "out of sight, out of mind," is never more aptly applied than to the majority of roofs. The sweltering heat of summer, heavy rains, the sleet and snow of winter takes the life-giving oils out of your roof causing tiny cracks and breaks. Remember, your roof bears the brunt of the elements! During the drying-out process of the sun these cracks and breaks appear; subsequent rains creep in, widening the damage, eventually seeping completely through. This can be readily prevented by a coat of ZONE HEAVY-DUTY ROOF COATING... preserve and waterproof your roof now!

### WHAT ARE THE ELASTIC QUALITIES OF ZONE HEAVY-DUTY ROOF COATING?

The rubber-like aspect of a ZONE HEAVY-DUTY ROOF COATING job is evident proof of its elasticity. This quality causes it to expand and contract with similar actions of the roof foundation. This guarantees an unbroken roof surface which is vital to the life of your roof; waterproof and weatherproof in temperatures varying from sub-zero to torrid!

### COVERAGE:

Flat metal roofs	1 1/2 gals. to 100 sq. ft.	Corrugated iron roofs	2 gals. to 100 sq. ft.
Composition or paper roofs	2 gals. to 100 sq. ft.	Concrete roofs	3 1/2 gals. to 100 sq. ft.
	Gravel roofs		4 to 5 gals. to 100 sq. ft.

### Father Of Mrs. Jack Cain Dies At Kerrville Friday

Funeral services for J. T. Alley, father of Mrs. Jack Cain of Memphis, were conducted at 1:30 p. m. Saturday in the Smith Funeral Home Chapel at Kerrville.

Survivors, besides Mrs. Cain and Mrs. Alley, include: four other daughters, Mrs. John Galaway of Amarillo, Mrs. John Bridges of Cadis, Tex., Mrs. Lee Robinson of Huntington, Ark., and Mrs. Harold Fearon of Millers, Calif.; 13 grandchildren and several great-grandchildren; and two sons, J. D. Bradley of Kirkland, and Charley Bradley of Milnes County, Tex.

Mrs. Alley and four children preceded him in death.

Born Aug. 28, 1856 in Mason, Tenn., Mr. Alley came to Milnes County, Tex., when 23 years old. He made his home there until 1945, when he brought his family to Denley County, settling at Giles.

Mr. Alley was married to Miss Mary Kate Stovey of Rockdale, Tex., Nov. 5, 1878. The couple moved to a farm, where he engaged in farming and stock raising until moving to the Panhandle.

He was a member of the Methodist Church since he was 18 years old and served as a steward in the church for more than 50 years.

In addition to his church work, Mr. Alley was active in school affairs, serving as a school board trustee for 43 years.

At the time of his death, he was making his home with a daughter, Mrs. G. L. Rowsey, on their ranch near Kerrville.

### Dallas Insurance

Insurance has taken active interest in civic matters, and is co-chairman of the Chamber of Commerce membership committee, and on the board of trustees of Washington Pilgrimage, Inc., Washington, D. C.

He is much in demand as a speaker before civic and business organizations, delivering more than 300 addresses annually throughout the Southwest and Midwest.

Despite his busy civic and business life, he finds time to devote to church work, which includes being assistant teacher of a Bible class in the East Dallas Christian Church, and membership on the board.

Born in Piggott, Ark., Thompson was educated in the Jonesboro and Little Rock schools.

### Welch Infant Rites Held Here Monday

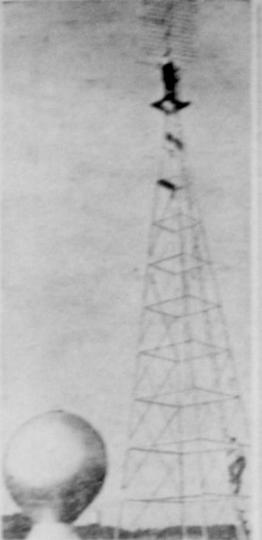

Graveside services for Bill Edward Welch, infant son of Mr. and Mrs. William Welch of Hedley, were conducted at 2:30 p. m. Monday in Fairview Cemetery.

Rev. Lanham F. Campbell, associate pastor of the First Baptist Church here, was in charge of the services.

Burial was under direction of Spicer Funeral Home.

The baby died late Sunday afternoon in a local hospital.

Survivors, other than the parents, include: the grandparents, Mr. and Mrs. Frank Batson of Memphis, and Mr. and Mrs. C. E. Welch of Hedley; and a number of aunts and uncles.

WORLD FAIR GHOSTS? Residents of Ft. Madison, Ia., may have thought they were seeing ghosts of New York World Fair trylons and perispheres when they saw the tower erected last TV antenna near watersphere sleep main plant.

### Publicity Program For Highway 287 Planned Sunday

A publicity program for Highway 287 in 1955 was planned Sunday at a special meeting of the board of directors of the National U. S. Highway 287 Association, according to Clifford Farmer, Texas director of the organization.

Checks have shown that traffic on the highway has increased considerably in recent years and the intensified publicity campaign is designed to expand this trend.

A total of 100,000 maps and folders related to the highway will be printed for distribution through service stations along the route, as well as through travel bureaus.

The maps will show all towns on the highway from Fort Arthur to the south gate of Yellowstone Park. Last year, only 30,000 maps were printed, Farmer said.

The national association already has erected several large signs at various points, urging motorists to stay on 287.

A major project of the association is extension of the highway through Montana into Canada. The Montana Highway Commission has approved a route through that state and Farmer said it is believed the extension will be made within the next year or two.

The convention of the National 287 Association will be held at Lamar, Colo., May 13-14.

### Hall And

(Continued From Page 1) as follows:

**Breeding Cattle**  
Sub-junior heifer calves: J. W. Lindley, first; Raymond Earl Hall, second.

Junior heifer calves: Roy Alvin Molloy, first; Hall, second; Shari Gentry, third; Tony Molloy, fourth; Billy Ferrel, fifth.

Senior heifer calves: Hall, first; Lindley, second; Gary Gentry, third; Don Ferrel, fourth.

Cows: Roy Alvin Molloy, first; Jerry Byars, second; Hall, third.

**Fat Steers**  
Junior steers, under 850 pounds, Hall, first; Jimmy Don Molloy, second; Daryl Long, third; Paula Gentry, fourth; Maurice Hood, fifth; Tony Molloy, sixth; Jerry Byars, seventh and eighth; Rebecca Holcomb, ninth; Jay Pierce, tenth; Ronnie George, eleventh; Donald Wayne Widenor, twelfth and thirteenth; and Pierce, fourteenth.

Senior steers, 850 pounds and over: Roy Alvin Molloy, first; Hall, second; Duane Kennedy, third and fourth; Rebecca Holcomb, fifth.

**Barrows**  
Champion, Ronny Edwards; reserve champion, Billy Ferrel; third, Don Ferrel; fourth, Johnny Lavender; fifth, Phil Howard.

**Lambs**  
Champion, Mike Davidson; reserve champion, David Davidson; third, David Davidson; fourth, Mike Davidson.

H. H. Reeves judged the cattle and Howard Weatherly judged barrows and lambs. Both men live at Shamrock.

Cooperating in making arrangements for the show were: members of the Chamber of Commerce livestock committee, headed by Tomie Potts; Clifford Farmer, manager of the civic organization; and W. B. Hooser, county agent. H. J. Howell was in charge of the drive to collect funds to finance the exposition.

Omer Hill was host at a dinner Friday night for exhibitors, their parents, and others.

### Pauline Hammons Is Senior Queen

Pauline Hammons has been selected by Memphis seniors as their Annual High School Queen. Miss Hammons has chosen Choyce Ray Orr to be her escort.

The Queen's Court will consist of the following princesses and escorts from other classes: Betty Jean Moore and Cleve Evans, eleventh; Linda Fields and Mike Montgomery, tenth; Frances Wright and David Davis, ninth; Virginia Chappell and Neal Foxhall, eighth; and Judy Lemons and Don Deaver, seventh.

Halt Bownds will be the crown bearer and Donna Jester will be the flower bearer.

Coronation ceremonies for the queen are scheduled for the William B. Travis auditorium, at 7 p. m., Feb. 1. Admission is 25 cents single and 35 cents per couple.

The public is invited to attend.

### Local Boys

(Continued From Page One) his credit and James Jolly and James Smith each had 6.

The McLean girls won from the local team, 49-37.

The Memphis teams will be in LeFors Friday night for matches with the boys and girls' squads. These are conference contests.

On Tuesday evening, the Clarendon boys and girls will play conference games here, and Friday evening, the McLean teams will come here for tilts, which will close the Memphis squads' conference schedule.

The district tournament will be held at White Deer, Feb. 10-12. The two top teams in the boys and girls divisions will play for district championships.

George Childress is coach of the girls team and Nolan Poter coach the boys.

### Several File

(Continued From Page 1) mayor or not, but if the voters of Memphis think so, I will do my best. So here goes.

Stanford is currently serving as alderman from Ward No. 1 and Rice is filling a similar position from Ward No. 4.

Candidates for positions on the city council must have lived in Memphis six months, prior to the election and have paid their county and city poll taxes, City Attorney Sam J. Hamilton said. They must file their candidacies with Kinard at least 30 days before the election.

### ASC Here Offers Premeasurement Service On Cotton

Hall County farmers may have their 1955 cotton acreage premeasured by placing a request for the service with the Hall County Agricultural Stabilization & Conservation office in Memphis, according to Lynn L. McKown, ASC office manager.

To have their 1955 cotton acreage premeasured before planting, farmers must file a written request with the ASC office before March 1. The charge for this service will be seven dollars per farm plus two dollars for each plot over one, payable at the time of filing the application.

It is not expected that many farmers will request premeasurement, McKown said, as Hall County is not adapted to this type of operation due to the fact that many farmers are required to replant a part or all of their cotton every year. Many times the original cotton acreage is not the desirable acreage to replant, in which case the cost of premeasuring is lost.

In the event premeasurement of 1955 cotton acreage is desired, it is well to discuss this matter with the ASC at your earliest convenience as Feb. 28 will be the last day for accepting applications for the premeasurement service.

### Students Compete

(Continued From Page 1) second, June Johnson and Ann Tiner tied for third place with another group which also included Miss Johnson, and in addition, Gail Watts and Kerry Moore.

Eleventh and twelfth grade classical numbers—Janice Smith, first; and Billie Jean Struble, second. Robert Breedlove and Harold Appren tied for third place.
