MEMPHIS, HALL COUNTY, TEXAS, THURSDAY AFTERNOON, APRIL 7, 1955 TEN CENTS NUMBER 45

9 Vote In School Election; Howard, Smith, Lemons Picked

One hundred and thirty-nine voters participated in Saturday's election of school board members for the Memphis Independent School District. Only 12 votes separated the top and bottom candidates.

Worth Howard and Ed Smith were re-elected to their second term, and R. C. Lemons, Earl Dunbar, and Hubert Jones were elected to the two-year term.

The first of the two elections held this week that almost record number of voters participated in.

The first election contained six names receiving the most votes were elected to the board. The names and the number of votes received by each are as follows: Worth Howard, 275; Mrs. Ed Smith, 274; R. C. Lemons, 268; Earl Dunbar, 268; Earl Jones, 267; and Hubert Jones, 267.

The second election of school board members Monday night, the names and the number of votes received by each are as follows: Worth Howard, 275; Ed Smith, 274; R. C. Lemons, 268; Earl Dunbar, 268; Earl Jones, 267; and Hubert Jones, 267.

Mrs. H. B. Marks Tells Secret For Cotton Prediction

Mrs. H. B. Marks of Memphis and second place winner of the Democrat's Cotton Guessing Contest, revealed her secret plan Friday for figuring out the amount of cotton that would be ginned last year.

She took the age of her daughter, who is 40; the age of her grandson, who is nine; and her own age of 68—and came to the conclusion that Hall County would gin 40,968 bales. The total was 40,909 bales, and she was just 157 bales over the total.

One of her friends called and asked her Thursday night if she had seen The Democrat. She told the caller that she had read about the street paving and saw that Frank Cox had won the cotton guessing contest.

"Well, if you will look a little further, you will see that Mrs. H. B. Marks won second place in the contest," the friend said.

Mrs. Marks said that it was a nice birthday present, since she had just celebrated her birthday last Wednesday.

Funeral Services Conducted For Seth W. Stewart

Funeral services were conducted Monday afternoon at three o'clock in the First Baptist Church of Memphis for Seth W. Stewart, 79, of 621 N. 14th st., Memphis.

Services were conducted by Rev. Lanham Campbell, pastor of the Baptist Mission in Memphis, and Rev. Jim H. Sharp, pastor of the Memphis Methodist church.

Mr. Stewart died Saturday night in a Childress hospital, after being sick for some time.

He was born March 21, 1876 in Honey Grove, Texas. He married Miss Sally Kate Lewis Jan. 5, 1898, in Ladonia. They moved to Hall County in 1925, and Mr. Stewart farmed in the Friendship community.

Mr. and Mrs. Stewart celebrated their golden wedding anniversary this year.

Survivors are: his wife; one daughter, Mrs. Lamar West, Memphis; two sons, Charlie Stewart, Memphis; Butler Stewart, Memphis. (Continued from page 6)

MISS DOROTHY DEEVER

Dorothy Deaver Now TWA Hostess

Miss Dorothy Deaver, daughter of Mr. and Mrs. T. H. Deaver of 721 S. 6th st., is now flying as a hostess on Trans-World Airlines Super Constellations.

A recent graduate of the airline's one month training school for hostesses, Miss Deaver is now assigned to fly out of Chicago.

The 1950 graduate of Memphis High School, is a February 1955 graduate of the University of Texas, with a degree in home economics.

While in the university, Miss Deaver was a twirler with the Longhorn band and the Texas Stars, the university twirling group, for another year.

She was also active in YWCA work and served as president of the organization in Austin during her senior year at college.

During two summer vacations she worked in College Camp on Lake Geneva in Wisconsin. And one summer she did well fare work at St. Barnabas House in New York City.

Helm, Gunstream, Lindsey Win In Heavy City Voting Here Tuesday

Mayor Pro Tem O. L. "Buster" Helm was elected to his first full term as mayor of Memphis and O. M. Gunstream and C. E. Lindsey were elected aldermen in the city election held Tuesday.

This election, with 518 ballots cast, was one of the biggest turn out of voters in several years, according to election officials.

Helm had 303 votes and his opponent, E. P. Thompson, had 215. The newly elected mayor was appointed last summer to fill out the unexpired term of Carl Harrison who died in office July 10. In the aldermen elections, only Ward Two and Three had more than one candidate. L. W. Stanford in Ward One and E. C. Rice in Ward Four were unopposed.

In Ward Two, O. M. Gunstream, with 64 votes, defeated Jim Beeson, who had 40. O. M. Cosby Jr. did not seek re-election as alderman from that ward.

Over in Ward Three, C. E. "Gene" Lindsey defeated incumbent Lloyd Ward for the alderman post. Lindsey had 146 votes and Ward had 90.

The returns from each ward in the race for mayor were: Ward One, Helm 89, Thompson 46; Ward Two, Helm 55, Thompson 55; Ward Three, Helm 139, Thompson 100; Ward Four, Helm 20, Thompson 14.

The city council met Tuesday night to canvass the votes. They found everything in order, and approved the election.

Easter Seals Put Throughout County During The Week

The Hall County Society for Crippled Children mailed Easter Seals this week to every carrier in the county, N. W. Durham, county chairman announced.

"If every person who received the seals will make a \$1 donation, we will have ample funds for the coming year," Durham said.

Seventy per cent of the funds collected remain in Hall County and are used here for locally handicapped children.

Not only is the money used for treatment of crippled children, but the society also buys glasses for children whose parents are unable to provide them.

"We have already purchased eight pair this year," Durham said.

The donation may be mailed to the society, or left in Durham's pharmacy, the Democrat office, with L. C. Martin at the First State Bank, or Haskell Howell at J. C. Penney's.

In Lakeview and Memphis on Saturday the Scout troop of each (Continued on Page 12)

Rain Gives Relief From Week Of Sand

A light rain and some sleet which measured .18 of an inch moisture, fell early Wednesday morning to give Memphis its first dust-free air after a week of severe sandstorms.

This rainfall brought the year's total to a sub-standard 1.69 of an inch.

J. J. McMickin, local weatherman, said the rainfall was local, since Childress and Clarendon reported only a slight sprinkle.

Although sand was in the air almost all the time during the past week, last Thursday and Sunday were the worst two days. At times during these days, visibility was cut to about two city blocks.

Temperatures for the past seven days as recorded by McMickin, have ranged from a high of 81 on Sunday to a low of 39 which was recorded today, Tuesday and Sunday.

The high and low temperatures for the past week are: Friday, 65-41, Saturday 67-41, Sunday 81-39, Monday 71-44, Tuesday 72-39, Wednesday 69-44, and today, 61-39.

518 Ballots Cast In The Four Wards

The city council met Tuesday night to canvass the votes. They found everything in order, and approved the election.

IRRIGATION LOAN APPLICATIONS INCREASING RAPIDLY, ROAN SAYS

The number of applications for Farmers Home Administration irrigation loans has been on the increase during the past few months, J. J. Roan, Jr., county FHA supervisor, reported this week.

These loans for irrigation wells are being made under the soil and water conservation loan program.

Interest in farm irrigation is growing rapidly in Hall County, for being able to get water when and where it is needed often makes the difference between profit and loss farming, and that can be as true in Hall County as in other areas throughout the country, Roan said.

Farmers contemplating the installation of irrigation systems of any type are advised to get advance expert technical assistance before going ahead with their plans.

Roan said an applicant for an irrigation loan can obtain technical assistance from the Soil Conservation Service, Extension Service. (Continued on Page 12)

Final Rites Held In Parnell Tues. For Pioneer Woman

Mrs. Sarah Margaret McGlocklin, 80, of Parnell, died Sunday morning at four o'clock in a Childress hospital. She had been living with her daughter, Mrs. Carl Hill of Parnell.

Funeral services were conducted at 2:30 Tuesday afternoon in the Parnell Community Church by Rev. Marvin B. Leech, pastor of the Estelline Baptist Church. She was a member of the Baptist Church.

Miss Sarah M. Posey was born Jan. 27, 1875. She married W. I. McGlocklin August 25, 1889, at Cleburne, Texas. They moved to Hall County in 1911. Mr. McGlocklin died in 1935.

Survivors include one daughter, Mrs. Carl Hill of Parnell; four sons, L. V. McGlocklin of Phoenix, Ariz.; L. R. McGlocklin of Yuma, Ariz.; and V. L. McGlocklin of Carbondale, Ill.; one brother, E. J. Posey of Dallas; 15 grandchildren and 20 great grandchildren.

Pall bearers were Parge Winn, Crump Ferrel, Jack Boney, Ray Weatherly, Jimmy Weatherly, and W. C. Johnson.

Flower bearers were Mrs. Elroy Hutcheson, Mrs. Jimmy Weatherly, Mrs. Parge Winn, Mrs. Crump Ferrel, Mrs. J. W. Cope, Mrs. W. C. Johnson, Mrs. Ray Weatherly, and Mrs. Turk McQuiston.

Interment was in Fairview cemetery with Spicer Funeral Home in charge of arrangements.

Committeemen Set 100 Block Goal

With approximately 70 blocks up in the paving program, the street paving committeemen decided in a planning and coordinating meeting at the Cyclone Drive-Inn last Friday night to try for 100.

"We may not get another chance at this low-cost paving again in the foreseeable future, and we want to get every possible block paved," Rufus Grisham, president of the Chamber of Commerce, told the group.

The meeting was for the purpose of reporting on the progress of the paving drive by each street chairman and try to solve the different problems that each committeeman had encountered in contacting the property owners.

Mayor Pro Tem O. L. Helm told the group that they could assure each property owner that there would be no increase in city taxes to pay for the city's part of the project.

"We still have enough money in the paving fund, that was voted last year, to pay our part," Helm said.

Helm also killed a rumor that had cropped up about the paving project.

"It is being said that the paving will cost the property owner 27 cents this year and another 27 cents next year and the following years to keep the streets repaired. That is wrong, the city has the money to take care of these streets," he said.

The contractor told the city council that, possibly, in about two years the new streets would need a seal coat applied. The mayor stated that the other asphalt streets built last year would probably need this about the same time, and the city expected to be (Continued on Page Six)

Trustees Elected In Lakeview, Estelline

Lakeview and Estelline both elected three men to their school boards in elections held last Saturday.

At Estelline, in a light vote, the three incumbents, Raleigh Adams, J. W. Crisman and O. H. Hoover, were re-elected.

The three men opposing the re-elected were Roy Gresham, Hulien Rogers and Robert Knight.

In Lakeview the ballot starts with six candidates and ended with ten. The four were added by write-ins.

Incumbents R. D. Hall and J. B. Byars were re-elected and Jack Moreman was the new man named to the board.

Others on the ballot were C. B. Craighead, V. C. Durrett, J. P. Fowler, Merle Lemons, M. R. Sweet, K. D. Nabers and D. C. Hall.

"Many People Are Misinformed About Work;" Bureau Declares

"Many people are uninformed or misinformed about what the Hall County Farm Bureau has done, and is trying to accomplish," Robert Moss, county bureau vice-president said this week.

Moss made the statement after the membership committee had met and reported on the results of their two-week drive to recruit new members in the local organization.

The local bureau directors, who have been spearheading the drive, found in talking to many prospective members that these people are unaware of what the organization is fighting for and has accomplished in the current problems facing the agriculture industry.

"We feel that due to this lack of understanding on the part of these people, we are being deprived of help and cooperation that would vitally strengthen our organization," Moss said.

In an effort to overcome this lack of information, the directors prepared and issued the following statement on the policies, accomplishments, and goals of the organization.

This statement is quoted as follows: "The Farm Bureau successfully fought and defeated every effort by state legislature to take away the tax refund on gasoline for off highway use. There is a new bill in Austin which would change the refund from four cents to three cents per gallon. This bill is currently being fought by both state and county bureaus.

"We are opposed to any increase in ad valorem tax on the state level, therefore, we are opposed to the current bill of three cents per \$100 valuation which provides for a constitutional amendment creating a water development board and establishing a water development fund to be financed by ad valorem tax.

"The proposed fund is to be used for the Trinity River and industrial purposes and is of no benefit whatsoever to the farmer or agriculture in this part of the state.

"The bureau helped defeat a bill which would have crippled farm cooperatives in Texas.

"In 1953 helped defeat proposal which would have allowed future legislatures to increase local school district taxes.

"Killed a measure in committee in 1943 which would have crippled REA in Texas.

Supported legislation in 1953 to continue school lunch program in Texas.

"Helped reduce interest rates on federal farm loans to three and one-half per cent, saving more than \$40 million annually for farmers by securing passage to the Wheeler Amendment to the Farm Credit Act in 1935.

"Hall County Farm Bureau has vigorously and steadfastly stood (Continued on Page 12)

MHS Students Win At Scholastic Meet

Memphis High School students won two first places and a first division rating at the Interscholastic League Meet in Canyon last Saturday.

The students also took a second, one third, two fourth places, three second division rating, and three third division rating in the meet.

Jacky Ben Boone won first place in number sense. This was a contest of the student's abilities to understand numbers and work math.

Dan Durham won first in typing and Mary Frank Garrett took second in the same contest.

In declamation John Deaver won third place and Bobbie Lemons and Edna May both won fourth places.

The first and second place winners will compete in the regional Interscholastic League meet in Lubbock on April 23.

In the music division of the meet, the students were not competing against each other, but were graded on their level of performance.

Solo performers and ensembles were entered from the Cyclone band by Miss Kathy Phillips, band director.

The only first division taken by the local contestants was won by Patsy Turner for her clarinet solo.

Sharon Harrison with a tenor (Continued on Page Six)

Lions Club Names Lois Ann Cofer Queen Contestant

The Memphis Lions Club has selected Miss Lois Ann Cofer, 17, a Memphis High School junior and daughter of Mr. and Mrs. W. M. Cofer, as their candidate for the fifth annual Queen's Contest at the Lions Club District 2T-1 Convention in Lubbock April 24-26.

Lions Club President J. W. Coppedge said Wednesday, when he announced the selection of Miss Cofer, that she would be (Continued on Page 12)

Cross Drive Reaches Half Mark \$1129.37 In

Red Cross Drive for Hall County has passed the half-way in its drive to collect this year. Chairman L. L. Lutz reported Wednesday \$1129.37 have been collected.

Down in the county, Lakeview is not reported on the success of the drive there as yet.

It is said that plans were made with the Women's Civic League to conduct a cross drive of the town.

The amount collected for the drive will probably be about another 15 percent.

Piano Auditions Begin Saturday

Teachers and 98 students will participate in the National Piano Auditions which will be held in Memphis Saturday and Sunday.

The auditions will be held at the Memphis Hotel until Thursday.

Director this year for the piano auditions is Walter R. G. Cofer, professor of piano at Memphis College, Winter Park, Tenn. He is to arrive in Memphis Friday night.

Walter Charnbury is indeed fortunate for their judge a distinguished musician who has had a successful career as Mr. Cofer's assistant, Miss Gertrude Rasco.

Walter Charnbury's long and musical career, he has the Peabody Conservatory Diploma, studied graduation with Isidor Philipp in piano and orchestration with the Canadian conductor of the Symphony.

He has been head of the piano department at Friends School, University, and taught in other schools before becoming a professor of piano at Rollins College in 1939.

He has been on concert tours in Canada and made appearances at the principal cities of the United States.

He has been adjudicator for different music organizations and has been a member of the Memphis Music Festival and the Memphis Music Association.

Each participant gets a signed certificate, a fraternity pin, and comment on his playing from the adjudicator.

Those who can qualify receive school diplomas. Beyond this stage are the collegiate and artist diplomas which are great goals to work and aspire to, Miss Rasco said.

WALTER CHARNBURY

The teachers are: Mrs. Allen, Mrs. Frank Anderson, Mrs. Hagler and Mrs. Harper, all of Wellington. Memphis instructors are Mrs. L. G. Rasco, Mrs. T. L. Rouse, Mrs. Conley Ward and Miss Gertrude Rasco.

Reserve Officer May Apply Now For May Meeting

Austin—Armed Forces Reserve officers may now apply to attend the National Resources Conference to be held in Austin May 15-27 Colonel Trueman E. O'Quinn, Conference Administrator, announced today.

The conference is a condensation of the 10-months course attended by officers of the Armed Forces at the Industrial College of the Armed Forces. In this advanced study course the related military and economic problems including manpower and material resources for national security are presented. The Austin conference will be conducted four hours daily Monday through Friday during the two-week period. No advance preparation is required of the conferees.

Officers of the Armed Forces must meet the following qualifications to be eligible for selection for active duty during the conference period:

1. Mature field grade officers who have not reached their fiftieth birthday.
2. Have outstanding service records and be individuals whose probable future assignments will be at the policy making level.
3. Not have previously attended the National Resources Conference or the Field Economic Mobilization Course.

Officers not meeting the established prerequisites may elect to attend the conference in a non-pay status but will receive retirement point credit for each day of attendance.

Interested reservists of the Armed Forces should contact the Reserve advisor, 112 NE 2nd Ave. Amarillo, for detailed information and application forms.

Sodium Bisulfite Helps Grass Silage

COLLEGE STATION—Sodium bisulfite, a chemical commonly used to retard spoilage in foods, is being added to grass silage to improve its quality. The chemical checks the bacterial fermentation of silage and results in a bright looking, sweet smelling product.

Texas dairymen who have tried the chemical report favorable results, says R. E. Burleson, extension dairy husbandman. Its uses is becoming widespread in states where dairymen depend heavily upon silage for feed.

Success with sodium bisulfite is determined by even distribution throughout the forage and use of the proper amount, eight pounds to a ton of silage. Most farmers add the material from a hopper attached to a field harvester or blower on an upright silo, Burleson says.

Cost of treating will vary from \$1 to \$1.25 per ton. Sodium bisulfite does not replace the use of molasses or ground grain, which make silage more palatable and nutritious. The chemical should not be used in combination with either molasses or grain, he adds.

Mr. and Mrs. L. G. Raso and Fritz Crisler went to Abilene over the weekend to see Mr. Raso's father, who is critically ill.

THE TEXAS BLUEBONNET PHOTO FIESTA, sixteenth annual program will be held at Marlin, Texas where hundreds of photofans and visitors of the Southwest take part in the two days of field trips into scenic wonderland areas to glorify Texas's official wild flower—the Bluebonnet! Photographers gather to record the splendor and beauty of the bluebonnets and models like Kaye Donaldson shown above add grace and charm to the scenes when the flowers are in full bloom. This year's fiesta will be held on April 16-17th.

Local Legionnaires Attend Convention

Hubert Dennis, Hershel Pound and J. J. Roan attended the 18th District Legion Convention in Hereford over the week-end.

The State Legion Commander and State President of the State Auxiliary spoke on retaining the veterans' hospital for Amarillo.

The Legion is to have an aerial round-up in Hereford, on April 16. All memberships between now and then will be flown from here to Amarillo, then from Amarillo to Austin.

Zone four of the Legion is having a meeting in Turkey April 14.

Hubert Dennis, a member of the local post, urged all members of the Legion and auxiliary to attend this meeting.

Dennis, also said that any veteran, new or old, who would like to join or renew membership in the organization, should see him, Hershel Pound, or J. J. Roan. The membership drive closes April 16.

Pvt. Coy G. Smith Lands In Germany

9th Div., Germany (AHTNC) —Pvt. Coy G. Smith, 21, son of Mr. and Mrs. C. Frank Smith, 718 N. Fifth, Memphis, recently arrived in Germany and is now a member of the 9th Infantry Division.

As part of the U. S. Seventh Army, the 9th Division conducts rigorous training exercises, including realistic maneuvers and field problems, in southern Germany. Private Smith entered the

Army last July and completed basic training at Fort Bliss, Texas. He is a 1952 graduate of Memphis High School.

Mr. and Mrs. Ben Mason of Amarillo spent Sunday with J. P. Mason and Miss Inez Mason.

Brush Control Pays Big Cattle Returns

Hebronville — More evidence that brush control pays: The Benavides brothers, Jim Hogg county ranchers, recently sold 43 calves for \$92.93 a head. The calves had been raised on pasture where a brush control project was begun six years ago.

Fifteen calves on a neighboring ranch were shipped to market about the same time. These calves, raised in brushy pasture, sold for \$72.80 per head.

In addition to increased profits, the Benavides brothers did not buy supplemental feeds during the

winter, reported Travis A. King, county agent. The neighbor's calves were creep fed for 40 days and the cows required 15 to 20 pounds of hay each day.

Calves from both pastures were the same age and breed, and the pastures contained about the same type vegetation, says King.

Miss Betty Stewart Is Initiated Into Beta Mu Kappa

Miss Betty Stewart of Memphis was one of the ten new members initiated into Beta Mu Kappa, national music organization at

Hardin Simmons University at Abilene.

Miss Stewart is a sophomore music education major and a voice student of Miss Nena Williams.

According to George Hine, Jr., public information director at the

Mrs. Don Wright Lubbock over the week-end her husband, Don Wright

Stockholders Meeting in Childress

Members of the Membership Credit Association met for their annual meeting in Childress, Texas, Friday, April 1. The meeting was attended by about 100 members and their guests. The nine-county area association serves as a clearinghouse for credit information and re-elected directors at this meeting. J. C. Emmert of Childress and W. C. McCall of Cottle County, whose term had expired, were re-elected directors at this meeting. J. C. Emmert reported on the financial position of the organization, advised that the association loaned three million dollars to ranchers during the year just completed. The meeting adjourned at noon with a barbecue for the members and

Rain Needed For Mesquite Control

COLLEGE STATION—More rain is needed in the Texas mesquite country this spring for aerial applications of herbicides to give good kills to mesquite. Moisture is believed adequate in post oak and blackjack areas for a high percentage kill.

Without proper soil moisture the use of aerial sprays may be disappointing, says A. H. Walker, extension range specialist, adding that large kills also rest heavily upon timeliness of application. Spray mesquite when the plants are in full-leaf, usually 50 to 80 days after leaves appear in the spring, he explains.

Rangeman Walker recommends use of either a low volatile ester of 2,4,5-T or silvex, at rates of one-half to two-thirds of a pound

in one gallon of diesel oil and three gallons of water to an acre. For control of post oak and blackjack, sprays of one and one-half to two pounds of 2,4,5-T or silvex in three gallons of water and one gallon diesel oil are recommended. Additional treatment one to two years later may be necessary to kill back sprouts.

Aerial herbicidal sprays usually are the cheapest form of mesquite and oak control. But once the brush is gone the job isn't done.

Walker says if the permanent benefits of brush control are to be realized, deferred grazing and proper stocking of livestock is essential.

More information on the chemical control of hardwoods is contained in bulletins L-127 revised "Chemical Control of Mesquite" and C-330 "More Grass From Controlling Hardwoods." These publications are available from the offices of county agricultural agents.

The fly-by-night driver is the scourge of safety.

Miss Jan Allen, Bride-Elect, Honoree At Shower In Kinslow Home Thursday

Complimenting Miss Jan Allen of Quail, bride-elect of Daniel Edmond Whelan, Jr., of Marshall, a group of Memphis friends entertained with a bridal shower on Thursday evening in the home of Mrs. C. W. Kinslow, 803 South Sixth.

The spacious Kinslow home was attractively decorated for the occasion. Guests were greeted by Mrs. J. W. Stokes and Mrs. Kinslow who presented them to the honoree, her mother, Mrs. Earl Allen; the bride-elect's sister, Mrs. Don Tarver of Amarillo and her aunt, Mrs. Tom Wilson of Quail.

The tea table was laid with a white linen cut work cloth and appointed in silver. Centering the table was a silver bowl filled with white stock and gladioli. Silver candelabra, placed at either side of the centerpiece, held white tapers.

Mrs. Clyde Milam, Mrs. Mac Tarver, Mrs. Melissa Anderson and Mrs. J. H. Morris alternated at the silver punch service.

A lovely array of gifts were on display in one room of the party suite.

Approximately 50 guests registered in the bride's book presided over by Mrs. Pauline Knight.

Hostesses for the courtesy, other than Mrs. Kinslow, were Mmes. Mac Tarver, T. M. Isham, J. H. Morris, J. A. Odom, W. T. Hightower, Chas. Oren, Myrtle Wood, Pauline Knight, Dick Watson, J. W. Stokes, Clyde Milam, Melissa Anderson, Mary Bownds, Dur-

Pathfinders' To Present Mrs. Cooper in Review Tues.

The Pathfinders' Council will present Mrs. M. E. Cooper of Dumas at a book review tea on Tuesday afternoon, April 12, at 3 o'clock in the Victory Class room at the Methodist Church. Mrs. Cooper will review "Enduring Hills."

Mrs. Gene Chamberlain, reporter for the club, said that Mrs. Cooper is well known as a reviewer and that the club is pleased to have her come to Memphis.

The affair is open to the public and the club extends a cordial invitation to all women of this area to attend the review.

American Legion Auxiliary Meets In Regular Session

The American Legion Auxiliary met on Tuesday, March 15, in the Legion Auxiliary room with Mrs. Pearl Massey and Mrs. T. D. Weatherby as hostesses.

Mrs. Jean McQueen, president, presided during the business session. Plans were made for the annual poppie sale.

Delicious refreshments were served to the group by Mrs. Massey and Mrs. Weatherby.

The next meeting is slated for April 19 in the Legion Hall.

Willie and Lura Black returned home Sunday from Grand Prairie where Willie had been a patient in the hospital there for the past seven weeks.

TFWC Convention Meets In Snyder April 14, 15, 16

Mrs. H. P. Mundy of Shamrock, president of Seventh District of Texas Federation of Women's Clubs, has issued the official call urging all district members to attend the 34th Annual convention to be held April 14, 15, 16, in Snyder.

Theme of the 1955 convention is Light The Way with many outstanding speakers scheduled to address the assembly. Among those expected are Dr. J. Chess Lovern, pastor of First Methodist Church, Lubbock, who will speak at the American Home Dinner for board members, presidents, delegates and visitors on the evening of April 14. This is the first year for the board dinner to be open to all those attending the convention.

On April 15, Dr. Cecil Yarbrough of Snyder, gives the Safety First Breakfast address and during the mid-morning sessions Mrs. L. E. Dudley, state president, will speak to those in attendance.

Young Johnny Reese of Amarillo will represent the young people of Texas when he delivers "Youth Speaks Out" during the afternoon meeting. Johnny is governor of Texas Youth and Government Association. Also an afternoon speaker is Dr. Evelyn Carrington of Dallas, psychologist of Shady Brook Schools and former professor of psychology at TSCU. Dr. Carrington will speak on Youth, Community and Family Living.

The Fine Arts Program will be held on the evening of April 15 and the Texas Heritage and Honor Breakfast will be held April 16.

Mrs. F. G. Sears of Snyder is general chairman of convention arrangements. Serving with her are Mrs. Renel Rosson and Mr. P. W. Cloud. The Snyder high school auditorium will be convention headquarters.

Mr. and Mrs. Ed Slough and Jimmy and Lillie Harper spent the weekend in Littlefield in the home of Mr. and Mrs. Austin Grant.

CARD OF THANKS

I wish to express my sincere thanks and appreciation to Dr. Goodall and Dr. Clark and the entire nurse staff who faithfully and willingly administered to my every need while confined there. Also to the friends who cheered me with beautiful flowers, cards and visits which helped me so wonderfully.

To all I want to say thanks and may the Lord bless each and everyone of you.

Ida Hutcherson

Mr. and Mrs. John De Dink visited in Lubbock weekend with Mr. and Mrs. Howard and Dennis and Estelle Guthrie. Mrs. De Dink and Dennis returned to them to visit this week.

Mr. and Mrs. Carl De da Jane and Carol of visited friends and relatives.

Long Staple Cotton Needed On Market

Continuous changes in cotton's competition, improvements in processing and finishing cotton fabrics, increasing labor costs, and changes in consumer demand have changed the mill requirements for cotton.

Each year mills produce a higher percentage of yarn numbers above 20s and a smaller percentage of coarse yarns below 20s.

1-3/32" are gradually becoming shorter in supply.

As these changes take place, the relative prices of the different staple lengths also change. Differences between 13/16" and 1-1/16" have increased 264 points since 1951. As the stocks of short staple cotton in the Farm Loan tend to build up, these differences will continue to widen.

A study of the weather data and varieties of cotton grown in the State of Texas indicates that many areas are growing cottons that are shorter than needed by our industry; whereas, they could grow longer staples. The farmers in those areas should carefully study experiment station data and market values to determine if they can not grow cottons that are bringing higher premiums and which will probably bring even greater premiums in the coming year relative to the staple lengths they are now growing.

All fertile lands from the Rio Grande Valley north to Oklahoma that have an elevation less than 2,000 feet have a sufficiently long growing season to produce 1-1/16" or longer staple. In areas with thin soil, particularly in the drought-stricken areas, it may not be possible, however, to grow varieties that will produce staple lengths greater than 1".

The disappearance of cottons of 1-1/32" to 1-3/32" staple lengths

is greater than the production. Therefore, present supplies will be exhausted within two years or less unless a greater percentage of these staple lengths are produced. All farmers are urged to examine the market differences and, where possible, change their cotton varieties or methods of culture in order to meet the shortages that will otherwise make our cotton industry less competitive with foreign growths and other fibers.

Mr. and Mrs. Dale Dromberger and children of Hutchinson, Kans., visited here over the weekend with Mr. and Mrs. Mac Tarver and with other friends and relatives.

Guy A. Wright In Jet Training

Naval aviation cadet Guy A. Wright, son of Mr. and Mrs. Guy Wright of Memphis, has finished auxiliary flight training to Cory Field, Pensacola, Fla.

Wright is now stationed at Chase Field, Beeville, Texas, for 21 weeks of jet training. Upon completion of this training he will receive his "Wings of Gold" and be commissioned an Ensign in the Navy.

The future Naval flier went into service in March, 1954.

Puerto Rico means rich port.

Get the Rabbit "Habit" — Reach for Bummy Bread

In spotting a young man's fancy turns to

BUMMY BREAD

Housekeeping Comes To Towns

Environmental sanitation is the public health term that applies to a private home or to towns.

Among other things, it includes safe drinking water, proper sewage disposal, service of wholesome food, safe milk, rat and insect control, and general cleanliness of premises.

However, for environmental sanitation to be effective, it is essential that not only health officials but the citizens in their respective operating establishments cooperate with the public health officials," declared Dr. A. Holte, State Health Officer.

For example, the housefly is a public health hazard. It has been determined that 120 eggs are laid by a single female at one time and that a generation is produced every ten days at summer temperatures. Thus, the possibility of a single fly running into millions during the warm months is not far from reality. While the housefly is not a bite, it is dangerous because it breeds and feeds upon garbage and food.

Rats are the source of many diseases of man including typhus fever, infectious mononucleosis, and trichinosis, to mention a few. The more important diseases can be made comparatively harmless by removing rat harborage by accumulating, and disposing of accumulations, and closing avenues of access to rat harborage and traps should be placed when a real problem exists.

Proper disposal of containers of stagnant water such as tin cans and other receptacles will do much to eliminate rat harborage for householders.

Householders need to devote more attention to mosquito control than he is today. Mosquitoes should be properly controlled.

General, good and thorough housekeeping, inside and out, is essential and civic duty of every citizen. It not only adds to the pleasure of living and the appearance of one's home, but it is also a public health hazard, but in the appearance of one's home.

An accident is just around the corner.

Local Man Arrested On Liquor Charge Here Saturday Night

A Memphis citizen was picked up Saturday night in Memphis by Sheriff W. P. Baten and Deputy Elmer Neel and charged with the possession of liquor. He was arraigned Monday in County Court before Judge Tracy Davis. He pleaded not guilty to the charge and Judge Davis set his bond at \$1,000. The man made bond and was released Monday. Baten and Neel confiscated 16 and one half pints of liquor from the man when they arrested him. According to court records, this was the man's first offense.

Lakeview Lions - (Continued from page 1)

tion in Lubbock, April 24-26. Lakeview Lions Club President Loran Denton released the names of the candidates and their classification this week. Eight girls were nominated from the senior class. They are: Doris Arnold, Illa Faye Hubbard, Faye Thompson, Betty Neighbors,

Gaye Salmon, Sonya Verden, Billy Ruth Hartsell and Sarah Williamson.

Six were nominated from the junior class: Jimmie Hunter, Marietta Byars, Sherry Denton, Jo Ann Melton, Ann Ariola, Evelyn Revel.

Only three, Shirley Ariola, Lianna Fowler, Elizabeth Harris were nominated from the sophomore class. The freshmen have the largest number of candidates. The ten nominated are: Brenda Brister, Rita Durrett, Patsy Neighbors, Dixie Osborn, Cleta Bailey, Maurice Revel, Martha Reed, Nelda Jones, Theda Smith, and Elvira Sahagun.

Denton said the judges for the contest have not been picked as yet, but it will be either Lions from other clubs, or some other out-of-town men.

Mrs. Henry Scott returned home Friday night after visiting for several days in Fort Worth with her parents, Mr. and Mrs. John Robbins, who are both seriously ill. En route home she spent Thursday night in Wichita Falls with her daughter, Mr. and Mrs. C. E. Tension and Robert.

Graveside Services Held For Dunn Baby

Graveside services were held at 10 o'clock Monday morning in the Lakeview cemetery for the infant daughter of Mr. and Mrs. J. W. Dunn of Borger.

Vickie Lynne Dunn was born April 3. Services were conducted by Rev. T. E. Dollar.

Besides her parents, the baby is survived by a brother, Johnny W. Dunn, Jr., of Borger; grandparents, John H. Herring of Black Spring, Ark., and Mr. and Mrs. E. J. Galloway of Memphis.

Service arrangements were under the direction of Spicer Funeral Home.

MHS Students - (Continued From Page One)

saxophone solo and John Lemmon with a clarinet solo both were graded in the second division.

The clarinet quartet composed of Patsy Turner, Fritz Aspgren, Tanya Fletcher, and John Lemmon also placed in the second division.

Placing in the third division was the saxophone quartet, Glenda Jean Noah, Barbara Allen, Sharon Harrison and Monta June Saye.

In the same division was the flute trio composed of Betty Lemons, Jean Foxhall and Mattie Lou Copeland.

Carol Callaway was placed in the third division for a French horn solo.

Vota Vita Class Holds Regular Meeting Tuesday

The regular monthly meeting of the Vota Vita Sunday School Class of the First Baptist Church was held Tuesday evening, April 5, in the home of Mrs. Peggy Fowler.

The meeting was opened with a prayer given by Mrs. June Glosson. Each night this week the church is observing cottage prayer services. In three homes in different sections of town, prayer services are held. Observance of this and the coming revival, April 10 to April 24, made up the devotional given by Mrs. Pauline Kilpatrick.

After a short business session, refreshments were served to the following: Phyllis Dale, Betty Rose, June Glosson, Joyce Bloom, Pauline Kilpatrick, Sue Hutchinson, Oree Smith and the hostess, Peggy Fowler.

Mrs. Katie Cummings and Mr. and Mrs. Jack Brewer of Wellington, Mr. and Mrs. Benton Shields and family of Willow, Okla., Mr. and Mrs. John Nash and family of Hedley, Mr. and Mrs. Hill Wells and family of Clarendon and Gayle Morrison of Estelline visited Sunday in the home of Mr. and Mrs. Sam Brown.

Committeemen - (Continued From Page 1)

able to get the entire work done at a reasonable cost by some contractor.

This work will be taken care of from the money in the paving fund, the mayor said.

Helm gave credit to Lloyd Ward for conceiving the paving idea and discussing the project with the contractor. It was Ward who presented the idea to the city council for action.

Clifford Farmer, Chamber of Commerce manager, said that the success of the project is the outcome of much hard work by the street committeemen.

Farmer has been directing the entire campaign, and charting the progress made by each worker.

Some of the property owners have been inquiring about having driveways and parking areas paved. The contractors will do this work, but each property owner will have to work out their own deal with the builder.

The contractor has informed the city that this work will cost more than the street paving, since much of the finishing will have to be done by hand. It is impossible for him to get his paving equipment into most of the small driveways.

Mrs. E. T. Prater and Mrs. J. H. Barbee, Jr., and Melissa were Amarillo shoppers Wednesday.

Memphis Lions Club To "Light" The City

Members of the Memphis Lions Club become light bulb salesmen tomorrow, when that organization starts a fund-raising campaign, which will include every part of the city.

In announcing the campaign, J. W. Coppedge, club president, explained that members will be responsible for selling 10 bags of light bulbs. Each bag will contain \$2.00 worth of bulbs, and will be offered to residents and business people in the city.

Profits from the sale of the bulbs will go to the club treasury, and will be spent on any worthwhile project the civic organization will undertake.

In charge of the campaign is Gene Lindsey, who is chairman of the finance committee. Other committee members include O. L. Helm, L. C. Martin, Bill Cosby, Dick Fowler and Jim Vallance.

CARD OF THANKS

We wish to thank each and everyone for their kind deeds, for the food that was served, for the beautiful floral offerings and every act of kindness shown during the illness and death of our dear mother and granny.

May God's richest blessings be with you when these sad hours come to you.

Granny McGlocklin's Family

Scouts Sponsoring - (Continued from page 1)

will go toward paying for the summer activities. Already most of the troop is going to the Scout Circus at Pampa, May 14, and more than 20 boys have made reservations for Camp Kiowah, June 5 to 11, Myers said.

Another event in the planning stage is the annual Spring Party. This party will be held for the scouts in the near future.

Funeral Services - (Continued From Page 1)

phs; 13 grandchildren and great grandchildren.

One daughter and one grandchild died.

Pall bearers were: Gerberlain, Dot Webster, Wright, Hal Gooding, Boone, and Barney Barnes.

Burial was in Fairview cemetery with Spicer Funeral Home in charge of arrangements.

No Job For George!!

Every few months some town like Memphis comes up with a civic betterment program with a big splash and a lot of noise the program is started. Then after a few days the new wears off, the eager beginners get tired of the extra work, and "George", that ever faithful, non-producing worker, gets the job.

Last week Memphis came up with one of the biggest civic improvement programs undertaken in a town of this size—that of paving practically all the gravel streets in town. The job, a gigantic one, of contacting all property owners and getting their names on the dotted line of petitions and checks for the paving was undertaken by approximately 30 men who are members of the Chamber of Commerce, and others who live on the unpaved streets.

This project has been underway for two weeks, now, and "George" just can't find employment. The beginners have not let up in their efforts. They have been working Sunday's, nights and at every off minute they have, in an effort to get the local owners to sign up for the paving and to contact all out of Memphis property owners. They have met and overcome many problems in these past two weeks of funds gathering.

The contractor, who is going to do the job, said he would have to have 20 blocks signed up for the paving by April 1. These men presented him with more than 50 on the deadline date. They have not stopped there. On the night of the deadline the workers met to discuss the problems they had encountered during the project. When the meeting was over they had reached the conclusion that there was no reason to stop with 50 or 60 blocks when there was a possibility of getting 100. With that figure as a goal, they went back to work.

With this kind of determination, a person that doesn't care to live on a paved street, will have to move out of Memphis. For these men have shown a determination to put this project over that is so seldom seen in a small town that it is amazing.

When the job is done and Memphis is boosting of its paved streets and riding in smooth comfort, don't give the credit to "George". He just couldn't get a position, for the jobs were all filled by hard working citizens who wanted more paved streets in this town.

Lotta' Wind

One state senator talked for 23 hours in Austin and set a new record for filibustering. The ink was not dry on the record books before another senator set a new record of some 24 hours. Then mother nature came along and blew half the state away in a two day dust storm, just to prove that she is still the "champeen" wind maker.

Unemployment

One man in a dry county has decided that selling liquor is a very unprofitable business. In fact, he ran an ad in a news paper stating that he was no longer selling liquor and was looking for employment. Just another case of the government interfering with private business and causing unemployment.

LEONA BENDER, popular radio star of KTSA says, "Every woman knows light Karo is best for cooking... and on the table..."

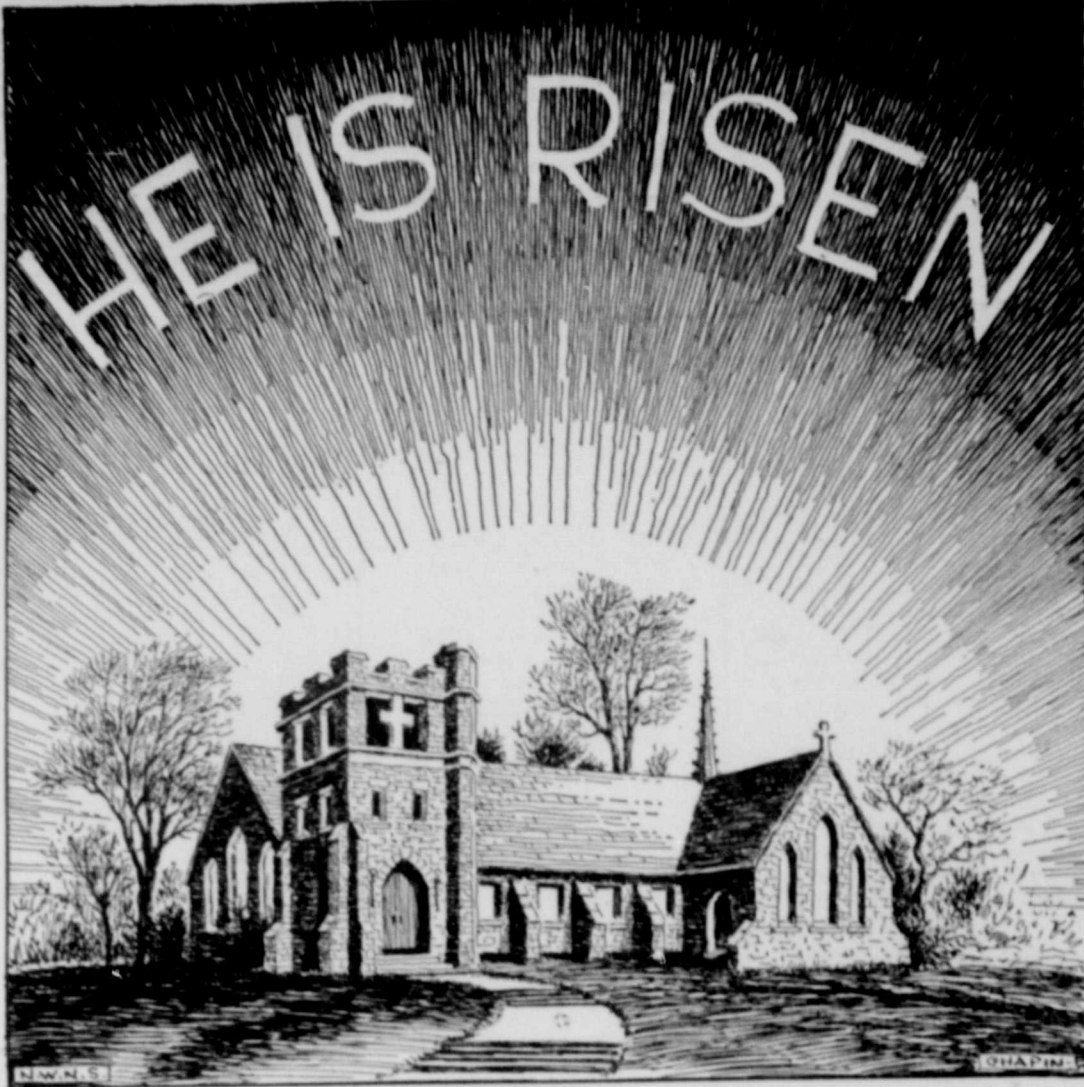

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

AGE-OLD EASTER MESSAGE

Press Paragraphs—
QUOTING OUR NEIGHBORS

FOREIGN TRADE NEEDED

A good many people seem to think that the United States is economically self-sufficient—that everything we need in war or peace can be found within our own borders.

This would be a happy situation if it existed. But it doesn't—as Secretary of Commerce Weeks recently pointed out.

He said, "Of the 38 important minerals and metals vital to American production, the United States is self-sufficient in only nine. We cannot enjoy peace or wage war without adequate imports of the other 29, a large portion of which must come from overseas. We must be prepared to bring in essential raw materials by ship."

That isn't all. Foreign trade is a two-way street, and it's a busy thorough fare in both directions. Great numbers of farmers and industrial workers depend, directly or indirectly, in whole or in part, on our exports for their jobs, markets and livelihood. Those foreign sales are vital to armies of people who may have never seen an ocean, and who live in the great mid-continent industrial and agricultural regions. And most of that traffic moves by ship, just as does the traffic in imports.

Obviously, it would be potentially disastrous to depend on foreign merchant marines to provide the service—they could be lost to us at once in case of war. That's why we must keep a big and up-to-date American merchant marine plying the high seas.

One Party is Better

Am often very proud of the way outstanding leaders of the Democratic Party in the South defy the demands of political expediency and refuse to put the party's welfare ahead of the nation's welfare.

The Democratic Party was organized by men who valued freedom more than their own lives and fortunes. It was organized as a vehicle for preserving that freedom, and for enabling men to be truly self-governing. It was never intended to become a tool for concentrating power in the hands of its leaders.

As such it attracted those who loved freedom and feared powerful governments. And it has served our nation well for nearly as long as we have been a nation.

But the popularity of such a party has always attracted demagogues who wished to use its good name and reputation to further their own selfish ends. Such men eventually captured the party in the north and now dominate its national leaders.

But in the South we have—for the most part—elected our best men to high public office, and they have preserved the Democratic Party in the South as an organization bent on keeping us a free people. Here the people are the party and it is not necessary for the party to offer bribes to blocks in order to gain votes.

It would appear that the whole nation would be better off if the two party system disappeared and the real elections were in the primaries, where every man must stand or fall on his own and has no party labels and party loyalties to carry him.

In a multiple party system the party's primary responsibility is to the welfare of the party. The

welfare of the people comes second.—Lamb County Leader.

Dream Road

It was pleasant, while it lasted, that dream of a four-lane highway through Floyd county. We would not attempt to hide our disappointment that the people of the county couldn't "see" it. But the voice of the people, based on the law which governs such mat-

ters, has been expressed at the polls. So far as we are concerned it is a closed incident, unless and until the contending personalities can compose their differences. The light that some heat began to be manifest in the closing days of the campaign is indicative enough for us. When good men get together good is bound to come of it. The opposite is that if the good men can't get together no good can be accomplished.—Floyd County Hesperian.

Lacrosse is the national game of Canada.

48 VOTES CAST IN CITY ELECTION — Despite the fact that there are probably 850 qualified voters in Memphis, little attention was paid to the city election held Tuesday of this week, as is demonstrated by the fact that a total of only 48 votes were polled. Of this number 11 were cast in Ward 1; 11 in Ward 2; 19 in Ward 3; and 7 in Ward 4. C. C. Meacham was elected alderman for ward 1; D. A. Neeley, for Ward 2; J. A. Whaley, for Ward 3; and N. E. Burk for Ward 4. None of the places were contested.

BRIDGE ON RED RIVER NEARS COMPLETION — Engineers and workmen who have been constructing the new reinforced concrete bridge over Red River since the first day of June of last year, are looking forward to the completion of the structure about June 1. Superintendent Joe W. Grace is pushing his men constantly, and with the help of favorable weather, the work is expected to be finished in time for it to be opened for travel on June 1. It is understood that there will be quite a celebration held at the bridge at its opening.

DUAL TRACK EVENTS AWARDED CHILDRESS IN MEET WEDNESDAY — A dual track meet was held in Childress Wednesday afternoon between Memphis High School and Childress High School with the result that Childress won with a total of 55 points, to 41 points for Memphis. Walter Massey won individual honors, being high point man with a total of 21 points to his credit, having won three first places and two second places.

BUSINESS WOMEN OF CITY WILL PRESENT SPRING STYLE SHOW — The Business and Professional Women's Club of Memphis is sponsoring a Spring Style Show, which will be held Monday and Tuesday evening, April 14,

and 15, at the Palace Theatre. Miss Grady's Hammond is president of the club and Miss Harrell is chairman of the Show committee. This event will be taken part in by mercantile establishments in the city.

STRICTLY PERSONAL — Mrs. J. S. Grimes business trip to Childress Monday. Mrs. S. C. Denton cared her son Loran with a day party Saturday evening number of boys and girls present. G. J. Henders and Thompson are in Mineral where they were honored five course dinner last Saturday at the Baker Hotel by their mother, Mrs. Joe Brown. Mr. Thompson are expected to be about another week.

15 Years Ago
750 DELEGATES WILL MEET HERE NEXT WEEK — P. T. A. CONFERENCE — Approximately 750 men and women will convene in Memphis Wednesday and Thursday the 17th annual conference of the Eighth District of Congress Parents and Teachers group.

Local P. T. A. members hosts and hostesses to and homes for delegates furnished.

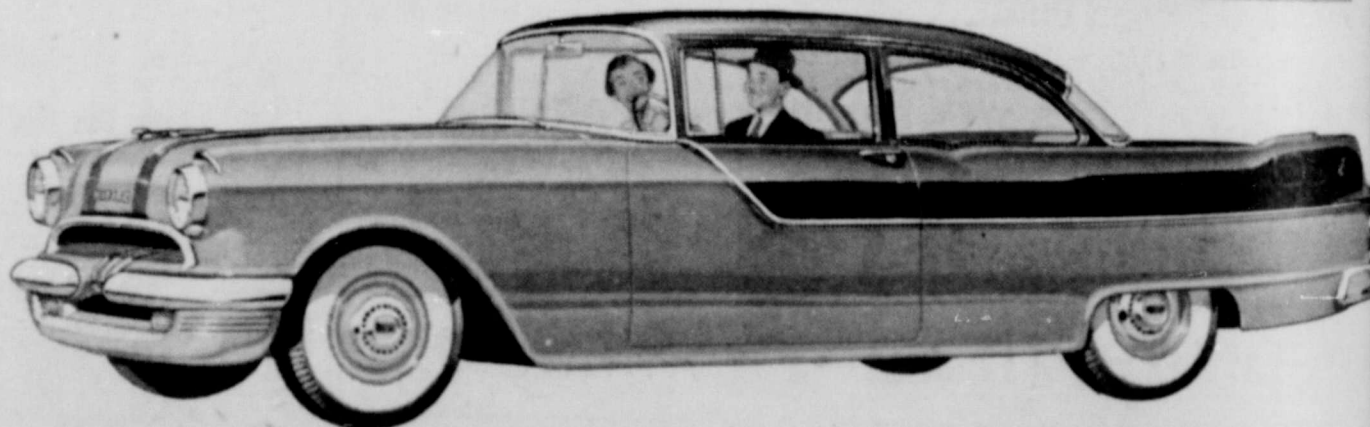

FOUR TRACKMEN IN RICT MEET — Four trackmen represent Memphis in the meet to be held in Childress Saturday. Those taking part are J. W. Harris, Sam Prather, high jumper; Jones, pole vaulting and throwing; and L. F. Jones and 220 yard dash.

TURKEY CITIZENS THREE NEW SCHOOLS — Turkey citizens slate clean and elected members to the 1938 School District Board of Education in the balloting last Saturday.

Here's why
MORE PEOPLE
ARE BUYING
PONTIACS
than ever before!

- 1. You can buy a big, 200-H.P. Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes!
2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

Biggest car at its price (122" and 124" wheelbases) - Most powerful car at its price - Only car at any price with distinctive Vogue Two-Tone Styling and the riding and driving ease of the Shock-proof Chassis.

You don't have to look far to find the reason for the tremendous surge to Pontiac. No further than the fact that only Pontiac produces cars that compete with the costliest in size, smartness and power, yet carry a price tag that is well under many in the lowest-price field.

That's what brings people in to see and drive a Pontiac—a value story they simply can't afford to overlook. And once they do—once they get a close-up of America's most distinctive styling... once they sample the superlative roominess and comfort of

Pontiac's luxury interiors... once they try the pulse-racing thrills of exclusive Strato-Streak V-8 performance—they lose interest in every car but this.

Come in and get the rest of the story. See, drive and price this high-powered future-fashioned beauty. You'll find that if you can afford any new car you can easily afford a Pontiac.

Report From Washington

By Walter Rogers

Congressman, 18th District

WAR?

The President's condemnation of those who engage in war talk met with general approval in Washington. Many had become alarmed at some of the statements that were being made about this country getting into a war with Red China within a matter of days or weeks. In the first place, if there had been any intention of this country getting into war with Red China in the immediate future, the worst possible thing that could be done would be to advertise it to the enemy. In the second place, an immediate war between this country and Red China would be the most tasteful morsel that Russia could desire.

It seems that there are certain forces in this country who are bent on trying to force an international incident that could trigger the present cold war into a hot war in the Far East. Quemoy and Matsu could make perfect triggers for this purpose. It is very easy to scream in a loud

voice about this country going to war if Red China attempts to take Quemoy and Matsu. Frankly, I detest this kind of talk because it is nothing but war talk. The truth is that Quemoy and Matsu are now in the hands of the Nationalist Chinese who are allies of ours. If the Red Chinese attack these islands, certainly we have the right to defend them and stand up against aggression with all of the resources at our disposal. However, if the President chose not to expend any of our resources in the defense of these two islands, it would hardly behoove anyone to condemn and criticize him. There are many, many items to be carefully considered concerning the action of this country with regard to these two islands. I think that the loud-mouths should stop trying to put the President and Mr. Dulles on the spot concerning them. In my opinion, either or both of these islands could well prove to be a military liability. Certainly

PIE CHAMP . . . Blue-eyed blonde Marjorie Campbell, 17, farm girl from Red Hook, N. Y., was named winner among 49 contestants from U. S. and Hawaii in 23rd annual National Cherry Pie Baking contest in Chicago.

either or both of them are not worth the blood of one American boy.

Regardless of the clamor of the war mongers, and the perennial critics of whoever might be in charge of our foreign affairs, I do not believe that this country is going to be drawn into any sizeable conflict over Quemoy or Matsu. If we ever go to war with Red China, and God forbid that circumstances ever require it, it will be for reasons of much greater weight than two islands off the Asiatic coast.

The Grain Sorghum Problem

Changing from the international to the domestic scene, Washington has been honored with the presence of some honest to goodness grassrooters from the Southwest. I speak of the delegation who came to Washington on behalf of the grain sorghum growers. We had a nice visit with Dr. Gabriel Hauge, economic advisor of the President. The problem was laid out to Dr. Hauge for conveyance to the President in

the straightforward and easily understood language of our great section of the country. The following morning this group entertained about fifteen senators and congressmen at a breakfast in the Congressional Hotel. At this meeting the problem was again laid out in the plain, simple and understandable English to which we are accustomed. There wasn't a man present who didn't thoroughly understand and appreciate what these people are up against. That afternoon we went to the office of Secretary Benson, and the whole gang, the folks from home, the U. S. Senators, the Congressmen and the agricultural aides, all gathered in the Secretary's private office and sat down for an hour's heart to heart talk on the subject. The Secretary was visibly impressed, which incidentally is unusual. He remained in the meeting for its full length, which is also unusual. His able assistants were gathering figures together before we got out of the building. We sincerely hope that something comes of this meeting and that the problem is corrected. The Secretary promised us that he would thoroughly review it and re-evaluate it with the hope of being able to make some adjustments. The official committee that came to Washington were as follows:

Texas is 620 miles wide.

Mr. and Mrs. M. D. Dromberger and children, Lisa and Jimmy, of Hutchinson, Kansas, visited relatives and friends over the weekend. Mrs. Dromberger is the former Jane Tarver, and they were house guests of her uncle, M. G. Tarver. Returning home by way of Amarillo, the family visited her brother, Don Tarver and family.

Keep all nuts tight except the one at the wheel.

Not how intelligent he is but how intelligent he drives.

Mr. and Mrs. Glen Carter and their daughter and family and Mrs. Charlie Thorn in Dallas Sunday.

L. L. Foreman and Miss Foreman spent Sunday with Mrs. G. D. Hillis in Canton.

YOU CAN PLAN HIS FUTURE

today!

From crib to college seems like a long stretch . . . but the years will fly by before you know it. Soon he'll be ready for high school—college—a career. See your dreams for his future come true . . . start saving today!

We offer two types of planned saving: a Savings Account for your youngster, or a personal Checking Account. To either, add a specified amount at regular intervals. The account will grow with your child.

This is but one of the services available to you and your family at this bank. Talk over YOUR plans with one of our officers soon.

FIRST STATE BANK

Edwards AF School

Edwards Air Force Base (Calif.) Sergeant Raymond C. Edwards, son of Mr. and Mrs. R. C. Edwards, 419 South 5th St., Dallas, has successfully completed the Strategic Air Command non-commissioned officer school held at this northern base.

Sergeant Edwards, a member of the 1st Air Terminal Squadron of the Military Air Transport Service group based here, is one of the 18 MATSmen to graduate from the school. A group of non-commissioned officers from Travis composed the class.

In the course of study the NCOs from 5 a. m. to 4 p. m. each day during the course were drill and marching; security and Air Force regulations; leadership; effectiveness; on-the-job-training; military justice. Upon completion the sergeant received congratulations of the commanding officer, Colonel Harlan Bascom, commander of the organization.

Sergeant Edwards is assistant non-commissioned officer in charge of the passenger service section. His service is responsible for processing and handling more than 20,000 Army and Air Force personnel, their dependents and government employees to and from overseas MATS aircraft.

The organization of the air transport squadron, the 1501st Transport Group is currently operating C-97 Strato-freighters and C-124 Globe-masters on flights between this California base and the

SEWING QUEEN . . . Darleen Guidry of Port Arthur, Texas, sports bathing suit festooned with colorful spools of thread after winning title of national sewing queen.

IT'S THE LAW in Texas
A public service feature of the State Bar of Texas.

"Fore," yelled Glen as he sized up the fairway in front of him. "Better wait," cautioned another member of his foursome. "Those people aren't out of range yet."

"Well, they're too slow," growled Glen. "I'll just crack one over their heads—that'll speed 'em up a little."

There was a resounding crack as Glen drove, and the golf ball shot out low and hard along the right side of the fairway. As the players watched, admiring the one shot, the ball began to curve to the left, hooking toward the two men and two women in the

fairway. "Fore," yelled Glen frantically, and one of the women moved desperately to one side, cucking her head. The ball struck her on the arm.

Warning Necessary
In all of his conduct which might result in harm to another player, or to a caddy, the golfer must exercise reasonable and ordinary care, according to the circumstances. It is well known that driven balls do not always travel in the straight course intended, but the player must reasonably foresee the likelihood of injury to others from his driven ball, and use the care necessary to prevent such injury.

One duty of a golfer is to give timely warning of an intended drive if the other player is not aware of such intention, but in some cases a mere warning is not enough. The golfer is not necessarily an insurer of the safety of others with reference to the balls he drives, nor is he guilty of negli-

gence merely because the ball deflects from its intended course, but he must have in mind the possibilities of dangers to others.

Ordinary Care Needed
In the case above, Glen was at fault. The players were obviously in a danger zone, and the mere shouted warning was not sufficient to protect them, especially since their backs were to Glen, and they were proceeding ahead of him, in a place where, under the rules of the game, they had a right to be.

On the golf course, remember, use just ordinary reasonable care to see that other players are protected. Be sure they know when you are going to drive, if they are in a danger zone, and don't do liberally drive into the people ahead of you.

Higher profits await farmers who send their crops deep for water with a soil program of fertilization and crop rotation.

Texas Tech's Choir Plans Spring Tour

Abbeok—Texas Tech's 63-voice choir will climax its annual spring tour with a performance before Texas state legislators in Austin, Dr. Gene Hemmle, director, announced today.

The choir was invited by a resolution of the State Legislature

to sing in the House of Representatives at 11 a. m. Monday, April 18, Dr. Hemmle said.

The engagement before the state legislature will be the second on the four-day 1955 tour. The choir will open its tour with an evening performance at Austin's University Baptist Church. A performance at McCollum High School in Austin has been

scheduled for 2 p. m., April 18, with the choir moving to Kerrville for a concert that evening.

Two high school assembly performances, at Kerrville and Junction, are listed for April 19th. Dr. Hemmle said that the itinerary was still incomplete and that several other communities would be added to the concert schedule within the next few days.

No other low-priced car even comes close to matching these important Chevrolet advantages . . .

If you're planning to buy a new car, the one you just can't afford to miss seeing is Chevrolet—for 19 straight years America's best-selling car. The Motorama Chevrolet offers you so much more than the other low-priced cars that it's hardly fair to compare them. And even the high-priced cars don't have all the advantages that today's Chevrolet offers you.

The beauty's built in—not bolted on! And that makes a big difference—not only in how your car looks today, but in how it will look tomorrow, too. Chevrolet's good looks spring from fine, clean, uncluttered design. The beauty is inherent in the basic contours of metal and glass. There's no excessive bolted-on ornamentation to go out of style overnight.

The Body's by Fisher! No other low-priced car has a Body by Fisher—but many of the high-priced cars do. That fact alone tells you there must be something extra special about the style, quality and construction of Body by Fisher. And there is! You can see it, feel it and even hear it when you slam the door.

Today's most modern engines! That goes for Chevrolet's new V8 and two new sixes as well. For example, all Chevrolet engines bring you a modern 12-volt electrical system—double the voltage of other low-priced cars. This means quicker cold weather starting and a greater electrical reserve. Then Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry, and develops the highest power per pound of any V8 in the low-price field. It takes valve-in-head leadership like Chevrolet's to bring you truly modern engines like these!

A drive to suit your driving! You can take your choice of three different drives—and every one's as modern as this minute. There's silky, peppery Powerglide, new Overdrive (both extra-cost options), and a new Synchro-Mesh transmission that's as smooth as they come.

All the power helpers you want! Windows, seat, steering, brakes—all are available with built-in "muscles" to make driving as effortless as you wish.

And you can even have air conditioning if you like. These things are extra-cost options, of course, but they more than repay you with extra pleasure.

Fun is "standard equipment"! You find that out the first time you take the wheel of a new Chevrolet. Here, you discover, is a car that takes the curves like it's on rails, that steers like it's reading your mind. It seems simply to ignore bumps—and when you stop suddenly, there's no excessive lurching or diving, either. There has never been such a difference in low-priced cars as there is today—or so many good reasons why you should drive a new Chevrolet. Come in and take the key.

Over Ten Million Chevrolet owners—Two Million more than any other car!

Workers Of Revival To Hold Meeting

Wednesday, April 13, at 7:30 a. m., the Cyclone Drive-In Cafe will be the meeting place for all of the Pastors, Evangelists, and Singers who are engaged in the Baptist Simultaneous Revival Campaign in the Panhandle Baptist Association.

At this meeting, following the breakfast, reports and plans shall be exchanged in regard to the progress of the Revivals.

Among those who are to attend this breakfast are Rev. Fern A. Miller, Rev. Lanham F. Campbell, Mr. Bill Langston, Memphis; Dr. August Henry, Oklahoma City; Rev. B. H. Kendricks, Raymondville; Rev. Jesse Leonard, Turkey; Rev. Marvin Leech, Estelline; Rev. F. N. Allen, Lakeview; Rev. Bob Bonnar, Brice; Rev. Tom Harmonson, Rev. J. E. Byers, Rev. Ernest Phillips, Mrs. Weldon Goar, Clarendon; Rev. J. S. Tipton, Hedley; and H. G. Havins, Ft. Worth.

Many People Are - (Continued From Page 1)

for 90 per cent parity, rigid support prices on basic commodities and has voted as such in the state convention.

"In 1953 Texas State Farm Bureau supported 36 bills in the state legislature, of which 30 were passed and became law. The bureau opposed five bills and every one was defeated.

"Hall County Farm Bureau sent a resolution to the state convention which it adopted, requesting USDA set up on CCC government loan price schedule a price on light spot cotton, commensurate with market value in relation to other grades. This is being favorably considered by USDA officials, according to correspondence from Washington agriculture officials.

"Due consideration is being given in Washington to a proposal originating in the Hall County bureau asking that counties classified as drought disaster and wind erosion counties be allowed

to plant cotton with two rows in and two rows out.

"Hall County asked the other 53 counties classified as such to use their support in helping to get this done for us and they have joined us in trying to get this done.

"Numerous trips have been made to district and state farm meetings by Farm Bureau members representing the Hall County Farm Bureau and the interest of Hall County farmers and ranchers in an effort to solve our many agricultural problems.

"The complaint has been commonly made by farmers that the Farm Bureau is not a farmers' organization because it takes in members from other professions.

"In this connection it should be pointed out that only the members who derive more than 50 per cent of their income from farming have any voting power.

"The farmers who are members of the organization and who have been involved in some of its activities are deeply appreciative of the business and professional men of the county who have joined and given freely of their time, services and money, to promote projects proposed by the farmers without the privilege of voting.

"In view of these facts, we, the directors, maintain that the Farm Bureau is definitely a farm organization dedicated to promoting the prosperity and general welfare of agriculture."

The membership drive is still on, and any one wishing to join can get an application form from any Farm Bureau member, Moss said.

Ten Day Revival Begins At Mission

The Baptist Mission will begin its revival services at its new location on 13th and Grundy, Easter Sunday, April 10.

Rev. Baynard H. Kondricks, Jr., pastor of the Wood Avenue Baptist Church in Raymondville, Texas, is the Evangelist. O. M. Timplen will be in charge of the singing each night.

These services are to be conducted daily at 10:00 a. m. and 8:00 p. m. from April 10 through April 20.

The Pastor, Rev. Lanham F. Campbell, shall direct the Evangelistic campaign.

Lions Club - (Continued from page 1)

competing against dozens of other attractive high school girls from throughout the Panhandle and West Texas.

For the first time in the contest's history, the colorful event will be televised. Deputy District Governor Pete Reynolds announced. The tentative time for the program is 2:30 to 3:30 Sunday afternoon, April 24, in the studios of television station KQUB-TV, Lubbock.

During the hour-long show each contestant will be interviewed while the judging committee selects the Queen on the basis of beauty, poise and personality.

According to information received by the local club president, the queen will be crowned at the annual Governor's Banquet and Ball Monday night, April 25. The winner will receive a complete wardrobe, a sterling silver loving cup and other awards.

On March 10 Miss Cofer was selected over 14 other local high school girls as queen of the Memphis Junior Chamber of Commerce. She is the first queen of that organization.

Easter Seals - (Continued From Page 1)

town will have booths set up to sell Easter Lillies. The money will go into the county fund.

Durham said he wanted to thank W. C. Davis, Superintendent of Memphis Schools, and Mrs. Leon Thomas' commercial class for getting all the letters addressed, and also the employees of the First State bank for stamping the letters.

"By crippled we mean not only those who are unable to walk, but those with many other kinds of handicapping conditions. The Society stands ready to provide care and treatment services of all kinds," Durham stated.

"As the 1955 Easter Seal appeal has reached so many homes this month, we hope it has also served as a means of finding those crippled children who are not receiving adequate care. It is the Society's goal to reach every child who needs assistance," the local chairman stated.

Irrigation Loan - (Continued From Page 1)

ice, other agencies, or, at his own expense if any, from private individuals or firms.

The Farmers Home Administration will help the applicant in determining that the engineering is feasible, that the cost estimates and plans appear to be complete and reasonable, and that the improvements are in line with approved practices.

If the loan is made, the Farmers Home Administration makes sure the funds are used for authorized purposes and that the construction meets approved standards. The agency will also help develop and carry out sound farm and home plans when major land-use adjustments are involved.

Applicants must comply with any state laws or regulations governing the use and appropriation of water. They must also be sure that the water supply will be adequate, and that their use of water will not likely be contested by other users or owners.

Soil and water conservation loans may be made by the Farmers Home Administration from insured or appropriated funds for many purposes other than irrigation, Roan pointed out. Provided the practices are in accord with Extension Service and Soil Conservation Service recommendations, soil and water conservation loan funds may be used to pay the cash cost of making improvements directly related to soil conservation, water development, conservation and use; forestation; drainage of farm land, and related measures.

Practices or installations include building or repairing terraces, waterways, dikes, ponds and tanks, ditches and canals for irrigation and drainage, erosion control, sodding, lime and fertilizer for establishing or improving permanent pastures, land leveling, brush removal, tree planting, wells, pumps, sprinkler systems, and other irrigation equipment.

The Farmers Home Administration can insure or make soil and water conservation loans to individual farm owners or operators who cannot obtain the necessary credit on reasonable terms and conditions from private or cooperative sources. Under the same

conditions, the borrower may be a nonprofit organization or association primarily engaged in extending to its members services directly related to soil conservation, water development, conservation or use or drainage of farm land.

Mr. and Mrs. Sam Brown made a business trip to Amarillo last Thursday.

Mrs. Raymond Fitzhugh, daughter of Fort Worth, visited relatives here Wednesday afternoon. She is the wife of Mrs. Mary Bess Cole.

Mrs. C. W. Kinslow and Lloyd Martin left Wednesday afternoon. Mrs. Kinslow will visit her daughter at Baytown. Mrs. Martin will visit her in Huntsville.
