Services Conducted In Amarillo for J. M. Richardson

Johnnie McQueen Richardson,
45, brother of Mrs. Frank Goff-
nett of Memphis, died Sunday at
the home of his mother in Amar-
illo after a lengthy illness.

Funeral services were conduct-
ed at 11:00 a. m. Monday morn-
ing from Blackburn-Shaw Memo-
rial Chapel in Amarillo with Rev.
W. S. Sibley officiating, assisted
by Rev. Sam Smith.

Mr. McQueen was brought to
Memphis for burial. Graveside
services were held here at 3:30
p. m., with Rev. Lanham Camp-
bell, pastor of the Travis Baptist
Church, officiating.

Pallbearers were Barney Shif-
ley, Douglas Malone, J. T. Ratliff,
Weldon Malone, Hoyt Turner and
Oris Heron.

Mr. Richardson was a member
of the Baptist Church.
Survivors include his wife,

Yarborough, Forbis Lead Balloting Here Saturday

Interest in the second Demo-
cratic Primary Saturday in Hall
County was high although voting
was slightly below that in the
first primary in July. The inter-
est unquestionably stemmed from
the gubernatorial campaign waged
by Senator Price Daniel and
Judge Ralph Yarborough.

Approximately 1800 ballots
were cast Saturday, as compared
with the slightly more than 2,000
which were cast a month ago.

The only race of district con-
cern was the contest between
Allen Harp and John T. Forbis
for district attorney. In this coun-
ty Harp received 797 votes and

LANHAM F. CAMPBELL

Revival Starts Sunday at Travis Baptist Church

A Harvest Time Revival will get
underway Sunday at the Travis
Baptist Church here in Memphis.
Lanham F. Campbell, local pastor,
announced this week.

The revival will be held from
Sept. 2 through Sept. 9 with Rev.
Campbell doing the preaching. T.
Weldon Gair will be in charge
of the song services.

Services will be at 10 a. m. and
8 p. m., Rev. Campbell said. A
hearty welcome is extended to
everyone to attend any or all of
these services, he said. The Travis
Baptist Church is located at 13th
and Grundy Streets.

Working Scheduled At Lakeview Sept. 6

The semi-annual joint meeting
of the Oddfellows and the Union
Hill Cemetery Association will be
held Thursday, Sept. 6 at Lake-
view, according to an announce-
ment made this week.

This will be an all-day meeting
and working, sponsors of the event
said.

"Bring your lunch and spend
the day," they stated. "Every
person in the Lakeview commu-
nity is invited to join us in this
worthwhile project."

DEADLINE FOR ENTERING FARM BUREAU QUEEN CONTEST SET AT NOON WEDNESDAY, SEPT. 5

Judging at City Park September 6

Deadline for entering the Hall County Farm Bureau
Queen Contest is noon Wednesday, Sept. 5, Mrs. Virginia
Rogers, co-ordinator for the event, announced this week.

Mrs. Rogers extended an invi-
tation to all girls to enter the
contest. Entrants must be the
daughter or sister of Farm Bu-
reau member actively engaged in
agriculture, and they must be be-
tween the ages of 16 and 22.

A box supper will be held in
conjunction with this year's con-
test. Everyone is urged to bring
a picnic lunch and eat at the
Memphis City Park before the
event. The judging is scheduled
to get underway at 7:30 p. m.,
Thursday, Sept. 6, at the park
amphitheater.

Winner of the Hall County con-
test will go to Amarillo, Saturday,
Sept. 8, to compete in the district
queen contest. This contest will
be held over station KGNC start-
ing at 4:30 p. m.

Prizes, donated by Memphis
merchants, will be presented to the
girls entering the contest here.
Queen candidates will be judged
on personality, poise and appear-
ance, Mrs. Rogers said.

All girls who have entered the
contest should meet with Mrs.
Rogers Wednesday, Sept. 5, at
4 p. m. in the Farm Bureau of-
fice in Memphis.

The following girls had entered
the contest, according to a count
Wednesday: Miss Bettye Gayle
Orcutt, daughter of Mr. and Mrs.
Elam Orcutt, of Estelline; Miss
Julie Rieburg, daughter of Mr.
and Mrs. Clinton Rieburg, of Es-
telline; Miss Janet Long, daugh-
ter of Mr. and Mrs. Grady Long,
of Parnell.

Any girl wishing to enter the
contest is urged to contact the
Farm Bureau office in Memphis,
or any of the officers or direc-
tors of the club.

Semi-Finals Are Reached in City Golf Tournament

Semi-finals have been reached
in the championship flight of
the City Golf Tournament now in
progress at the Memphis Country
Club.

With the exception of a match
to be played this afternoon be-
tween Malcolm Martin and Rich-
ard Hale, the semi-finals will be
played between Jim Walker and
Robert Goodall. Mackie Allen is
to play the winner of the Hale
and Martin match.

Forty-six local golfers entered
the tournament, which consists
of 5 flights. The championship
(Continued on page Twelve)

Kick-Off Rally Tonight at 8 O'clock

A watermelon feast will fol-
low the annual Kick-Off Rally
scheduled to begin at 8 o'clock
tonight at the City Park, H.
E. Craig said today.

The annual event is spons-
ored by the Cyclone Booster
Club. Craig, president of the
organization, will give a short
talk on the aims of the club
and D. C. Andrews, head coach,
will discuss the prospects for
this fall's football games.

The watermelons will follow
immediately after the talks. The
football team will be on hand
and all members of the club
and anyone else interested in
sports are urged to attend.

Policy Development Meeting of Farm Bureau Scheduled for Friday, 9 a. m.

A bi-district policy develop-
ment meeting of the Farm Bureau
will be held Friday, Sept. 31 in the
American Legion Hall, Robert
Moss, president of the organiza-
tion said this week.

Representatives from nine coun-
ties in this area are scheduled
to be on hand when the meeting
opens at 9 a. m. The principal
speakers will be Jean Leache,
Farm Bureau employee from Aus-
tin; Stanley Garnett, district pres-
ident from Spearman; and Joe Ed
Suliman, district employee from

Canyon.
This meeting will be to formu-
late policies which will be pre-
sented at the state convention,
Moss said.

All Farm Bureau members are
urged to attend this meeting.
Moss continued. We also extend an
invitation to anyone else who
would like to attend, he said.

The policy development meet-
ing for this entire district will
be held at the Herring Hotel in
Amarillo on Sept. 14, Moss con-
cluded.

4-H Clubs Hold Achievement Day

Approximately 27 Hall County
4-H Club members held their
Achievement Day celebration
Wednesday as guests of the Mem-
phis Lions Club, and received
awards for outstanding work dur-
ing the past year.

Awards were presented to boys
and girls from national, state, and
county levels by W. B. Hooser,
county agricultural agent.

A wrist watch, valued at \$60
was presented to Tony Molloy of
Lakeview. He was named winner
of the Branigan Award, which is
given each year by Branigan Jew-
elry to the outstanding club boy
or girl of Hall County.

Other club members who were
honored at the program were Roy
Alvin Molloy, Jimmy Don Molloy,
William Ferrel, Jan House, Ron-
nie George, Shari Gentry, Daryl
Long, Gary Cox, Therman Widen-

er, Michael Lee Cox, Donald
Wayne Widener, Bobby Stevens,
Maurice Hood, Gary Gentry, Ron-
ny Edwards, Mike Davidson, Dan-
iel Davidson, Johnny Fuston, Phil
Howard, Jerry Chandler, Johnny
Lavender, Clifford Edwards,
Doyle Ray McMurry, Terry Smith,
Jerry Smith, Paula Gentry, Rob-
ert Mack Moss, Billy D. Bowman,
Billy Don Lane, Clayton Lisen-
by, Paul A. Thompson, Jr., Don
House, Paul Roy Lisenby, Pat
Lynn McGinty and Mike Widener.

D. H. Aronofsky, New Dentist Opens Office Saturday

Memphis' need for a dentist will
be fulfilled Saturday when David
H. Aronofsky, D. D. S., starts
practicing here in the office for-
merly occupied by Dr. Leon Tay-
lor in the First State Bank build-
ing.

Dr. Aronofsky was born and
raised in Dallas. He is a graduate
of Southern Methodist University
and Baylor University College of
Dentistry. Dr. Aronofsky, his wife,
Grace, and sons, David Judd, 8,
and Donald Alan, 6, made Crow-
ell their home before moving here.

During World War II he served
in the South and Southwest Pa-
cific with the U. S. Navy for
two years. He was recalled to ac-
tive duty during the Korean War
for three years and served in
Japan and Korea with the First
and Third Marine Divisions.

Dr. Aronofsky is a member of
the Veterans of Foreign Wars,
Rotary International, Masonic Or-
der, Scottish Rite Bodies, several
academic fraternities and Texas
State and American Dental As-
sociation.

Insurance Commission Issues Fire Report

The Fire Insurance Commis-
sion of Texas has made recom-
mendations to the City of Memphis
on how fire insurance rates in
the city can be lowered, accord-
ing to a letter received here this
week by O. L. Helm, mayor.

Recently, an engineer of the
Insurance Commission visited
Memphis and made a thorough
inspection of the city. It was from
this inspection that the recom-
mendations were made.

The report said that considera-
tion should be given to construc-
tion of a ground storage reser-
voir in the city of at least 500,000
gallons capacity, with duplicate
pumps of at least 500 gallons per
minute capacity at 150 foot head
taking suction and discharging into
the distribution system, with the
reservoir being filled with the
supply line from the elevated
reservoirs. The set-up would be
more reliable in the event of a
serious fire and could be kept in
reserve for that purpose or for
use during high consumption pe-
riods, the report said.

The commission said that addi-
tional well supply should be de-
veloped if possible as the dug
wells are not too reliable and
should gradually be replaced. The
present supply is just adequate
to meet requirements for water
supply, and if the city should in-
crease in population or the supply
drop off a charge could be in-
stituted at the time of the next
inspection.

The numerous four-inch mains
now serving the fire hydrants
should be replaced by six-inch
mains, and the long six-inch dead-
end and loop mains should be
cross connected where possible so
that no dead-end six-inch mains
exceed 1800 feet or six-inch loops
exceed 3500 feet, the report con-
tinued.

Fire hydrants should be dis-
tributed throughout the residen-

tial area so that all dwellings are
within 500 feet of a hydrant, the
report said. All new hydrants
must be of the three-way type
with five-inch valve openings and
with six-inch connections. All hy-
drants of the two-way type should
be gradually replaced with three-
way type when funds are avail-
able, particularly in the mercan-
tile area.

The report said that fire hy-
drants were in need of paint and
oil to avoid a possible two-cent
charge. Immediate attention
should be given to this mainte-
nance.

The proposal to replace the en-
gine in the 1948 Ford pumper
should be taken care of as soon as
possible with an engine of at least
300 cubic inch displacement. Tests
indicated that this truck is under-
powered as it could make rated
capacity only with the help of
hydrant pressure, the report con-
cluded.

Mayor Helm said the recom-
mendations made by the commis-
sion would be considered and dis-
cussed at the next meeting of
the council.

Giants, Eagles Capture Championships Tuesday

The Giants walked off with
Peewee League championship by
a lopsided score of 24 to 3 over
the Yankees, while the Eagles
took the last two series games of
the Little League play 5 to 4 and
7 to 4 from the Chiefs.

The Chiefs took the first games
of the Little League series by
a one score margin, Tuesday night
a week ago. Last Friday night the
two teams met and fought out a
5 to 4 game with the one run fall-
ing to the Eagles.

In this game, Bunky Adcock
proved to be an outstanding play-
er by pitching a winning ball game
and collecting two runs for the
Eagles. The other two-run hit-
ers were Larry Craig, and Robert Moss
picked up one run for the Eagles.

Scoring for the Chiefs were
Donnie Spicer, Barry Phillips, Don
Gailey and Donnie Watts with one
run each. The losing pitcher was
Dwight Gailey.

Tuesday night at the City Park
field, these two evenly matched
teams met for the last game of
the series with the games played
even up with scores.

The Eagles proved to be too
much for the Chiefs, Bunky Ad-
cock and Perry Wright leading
the winning team's batters with
two runs each. Benny Spear,
Larry Craig and Gordon Newton,
each collected one run. Adcock
was the winning pitcher.

Those scoring for the Chiefs
were Donnie Spicer, Don Gailey,
Henry Foster and Jerry Jeffries.
Jimmy Fields was the losing pitch-
er.

Silver '56 Champion Baseballs
were presented to the Eagles and
the Giants teams and Bronze '56
baseballs were presented to the
Yankees and the Chiefs.

During the summer the teams
have played 114 baseball games,

Youth Director Ted Meyers said
this week. Games have been
matched with Parnell, Childress
and Wellington, with plans for
next year to schedule Childress,
Quannah and Wellington with Mem-
phis in a League.

Plans are being made for more
improvements in all of the teams
this year. Citizens uniformed
three teams this year. "By next
year, we hope to uniform all
teams playing this year," Meyers
said. "We had more lights added
to our field. It is the boys' deep-
est thanks and appreciation that
they received so much help from
the citizens of Memphis."

"With this kind of help, base-
ball will grow for it is one of
the greatest games a boy can
play during his growing years,"
Meyers said. "And I want to
personally thank everyone help-
ing us in the summer activities
at the City Park," he concluded.

Report From Washington

By Walter Rogers
Congressman, 18th District

The Secretary of Agriculture is now advertising that he is moving into the second phase of his soil bank program. Many are wondering what happened to the first phase. It reminds you of the story of the fellow who reported that he was now working on getting together his second million dollars. It seems he gave up on the first.

The second phase of the soil bank program, referred to by Mr. Benson, is that portion of the program providing for the laying out of land on a long term contract basis. The return from this land is relatively small, and there are requirements that it be planted to grass or trees. Few farmers will be able to lay out very much land on a long term basis, unless they have an outside income. Strange as it may seem to some of the present day bureaucrats, very few farmers have an outside income. They must depend upon their land for a living. As the matter presently stands, they are barely able to eke out food and clothing in many instances on the acreage they now have available. If they cease to farm a portion of this, it simply means that their income will be proportionately reduced.

It is argued, by the present bureaucrats, that the trouble lies in "surpluses", and that the only

way to reduce the surpluses is for the farmers to stop growing some of the products. A more fantastic argument could hardly be imagined. In the first place, the surpluses have no effect whatever on the price that must be paid by the farmer for the processed or manufactured products. It is true that the surpluses have been used as a sorry excuse for filching the farmer. He has been led to believe that this terrible economic "satan", to wit, surpluses must be done away with; that as soon as this is done, he, the farmer, can live in a land of milk and honey, and butter his bread on both sides. In other words, these heavy thinkers have figured out that, if they do away with the surpluses and reduce production, there will be a scarcity of food and the price of farm products will increase. This may be true, but the stupidity of this approach lies in the fact that it will not solve the problem, but serve only to increase it. The present difficulty of the farmer has been caused by a measurable reduction in his income. On his present income he cannot buy the manufactured and processed articles that he and his family need to live and carry on farm operations. Therefore, the farmer must have an increase in his present income without an

Doris Arnold, H. L. Parker to Marry Sept. 1

Mr. and Mrs. J. W. Arnold of Lesley announce the engagement and approaching marriage of their daughter, Doris, to Henry L. Parker of Apache, Okla.

The bride-to-be is a graduate of Lakeview High School while her bridegroom-elect is a graduate of Chillicothe Indian Agriculture School in Oklahoma.

The wedding date has been set for September 1.

After a honeymoon trip to New Mexico, the couple will establish residence in Amarillo.

increase in the cost of those things that he must purchase to stay in business.

Under the Benson Plan, there are two glaring defects that seem to have been overlooked by the brainy boys.

In the first place, if a farmer has 100 acres of land under production, puts 25 acres in the soil bank, and is paid such amount of money as would equal the profit he would make off these 25 acres if he had planted them, his income will not be increased one cent. Therefore, he is in no better position, from an income standpoint, before or after the soil bank. The only benefit he receives from the soil bank is that it amounts to a sort of crop insurance on the land placed in the soil bank. He is assured of being paid on that acreage, even though he has a subsequent crop failure during the year.

In the second place, the increasing of the cost of farm products, by the creation of a scarcity in those particular commodities will not serve to benefit the farmer, but will tend to harm him. Under such a plan, the increase in price going to the farmers will tend to be reflected in the price tied to the end manufactured or processed product, and instead of solving the farm problem, there will be an additional problem of inflation.

The income of the American farmer has been allowed to get out of balance in our economic structure. This imbalance is transmitted to and sorely affects small businesses all over the nation—especially in the rural areas depending upon agriculture for subsistence.

Many of the economic ills of this country, in several segments of the economy, could be quickly solved by facing up to and doing something about the present farm tragedy.

THANKS

To those who have assisted me during the campaign for District Attorney, I am eternally grateful. My sincere thanks are extended to everyone who voted for me.

Forbis published the first primary figures in the following boxes to discredit me. Here are the second primary figures:

N. W. Childress (Forbis Home Box)	Kirkland (Childress County) where Harp was born and reared but hasn't lived in nearly 30 years.
HARP 354	HARP 67
Forbis 356	FORBIS 66

Thanks again.

Allen Harp

Illustrated GMC Model 450 is available with a 180 h.p. V8 engine or 160 h.p. six. It has over-size axles—7,000 lbs. front and 18,000 lbs. rear. It's rated for 25,000 GVW-50,000 GCW work.

They cut your costs -to extra-profit size!

It's no accident you're seeing so many more Blue Chip GMC's these days—breezing through all manner of tough, in-a-hurry jobs.

Truck users are buying them for just one reason: *These trucks make them more money.*

They haul bigger loads. They make more mileage a day. They miser fuel. And they can go up to *twice* as far between overhauls.

Credit belongs to a GMC's unsurpassed power-train combination: New short-stroke engines of ultra-

efficiency. Extra-capacity axles. Brawny transmissions that include moneysaving Hydra-Matic.*

One of these combinations is made to order for *your* job—no matter what your kind of truck work. And our truck specialists are trained to give you the truck that's right for you.

But no matter which model you choose, you can count on getting Blue Chip performance. That's backed by the expert service work always available at this headquarters. Come in and talk it over!

*Standard on some models; optional at extra cost on others

REAMES PONTIAC

Memphis, Texas

707 Noel St.

INDIAN DANCES — One of the dances scheduled for the evening performance of the Palo Duro Indian Ceremonial to be held in Canyon on Sept. 1, 2 and 3 is the colorful, weird Ceremonial Apache Fire Dance, also called the Mountain Spirit or Horn Dance. The very sacred dance is performed only after hours of religious preparation by the Indians.

Full Scale Indian Celebration To Be Held in Canyon on Sept. 1, 2 and 3

The largest all-Indian ceremonial between Anadarko, Okla., and Gallup, N. M., and the only full-scale Indian celebration in Texas will be unveiled Sept. 1, 2 and 3 in Buffalo Stadium in Canyon.

With a cast of 80 Kiowa, Comanche, Apache, Caddo, Geronimo Apache and Wichita Indians from Oklahoma, the Palo Duro Indian Ceremonial will feature performances twice daily during the Labor Day weekend. The afternoon performances, which begin at 2 p. m., will consist of authentic Indian dances and games, and each afternoon performance will be different from the others.

The evening performance each day, beginning at 8 p. m., will be a historical pageant entitled "The Peace Pipe of the Prairie." The script for the pageant calls for a recollection of Indian history from pre-Spanish times to the present.

Included in the pageant program will be a dozen Indian social and ceremonial dances, a representation of historic Indian village life and several forms of Indian entertainment as they were used in the days before the White Man drove the Indian from the plains. The Palo Duro Indian Ceremonial is sponsored by the Canyon Chamber of Commerce. The Ceremonial started with an invitation to the Indian tribes who once lived in Palo Duro Canyon to return for a visit. The Indians suggested the ceremonial, which will become an annual celebration.

It is hoped that after the first year's Ceremonial, it will be moved from Buffalo Stadium to the Palo Duro Canyon itself.

The Palo Duro Indian Ceremonial will get underway with a parade in downtown Canyon at 10 a. m. Sept. 1, which will depict the Indian mode of travel from historic times to the present. Invitations have been given to riding clubs in Dalhart, Borger, Pampa, Hereford, Amarillo, Dimmitt and Plainview to participate in the parade.

Tickets for the Palo Duro Indian Ceremonial will be available at the gate of Buffalo Stadium. Prices are \$1.50 for adults and 75 cents for children under 12.

Mr. and Mrs. Bill Adeock and son of Amarillo visited here Sunday and Monday with Mr. and Mrs. Oran Adeock and attended the funeral of Johnny Richardson on Monday afternoon.

Wash Away Blackheads!

Helena Rubinstein's new Medicated Beauty Treatment

3⁹⁵

HELENA RUBINSTEIN, whose studies in medicine led her to specialize in correcting disturbed skins, now shows you how to conquer oily, plugged skin problems. Your skin will become clearer before your very eyes after one 15-minute treatment! In two weeks' time black-

heads, coarse pores, clogging oiliness will give way to the smoother, mat, even-textured complexion that's your dream.

Here are the 3 simple medically tested steps:

1. 'Sterile'-Cleanse with Deep Cleanser.
2. Help heal and clear with Medicated Beauty Mask.
3. Tighten pores with "Water Lily" Skin Lotion.

Start tonight to prove for yourself what clinical tests have proven—HELENA RUBINSTEIN'S MEDICATED BEAUTY TREATMENT can give you clear, lovely skin. And HELENA RUBINSTEIN guarantees thrilling results when you use these products as directed—with complete satisfaction or your money back. 4 weeks' supply only 3.95 plus tax.

SEASON OPENING SET FOR SATURDAY, SEPTEMBER 1

in the north zone of the state, the opening of the season for the hunting of waterfowl is set for Saturday, Sept. 1, according to an announcement this morning by the Texas Game and Fish Commission.

Executive secretary of the commission, J. H. H. Mann, emphasized that hunters should keep a few routine rules in mind.

Hunting is permitted from twelve o'clock noon until sunset. Daily and possession limits are ten ducks; Dan-gerous game is high; Per-sonal property should be obtained from all times; Game laws must be followed; No open season on waterfowl.

proclamation issued last year covering migratory game birds is as follows:

AND COOTS: Nov. 2, to Jan. 15, 1957, both days inclusive; shooting hours shall be one-half hour before sunrise to sunset. No open season on mallard tree ducks.

Nov. 2 to December 15, both days inclusive; shooting hours shall be from one hour before sunrise to sunset.

AND GALLINULES: Nov. 2 to Nov. 15, both days inclusive; shooting hours shall be one-half hour before sunrise to sunset.

SHOOTING DOVES: in the eastern and western part of the state, Sept. 1 to Oct. 17, both days inclusive; shooting hours shall be from one hour before sunrise to sunset.

parts of the state Oct. 12 to 15, both days inclusive; shooting hours shall be from one hour before sunrise to sunset.

WINGED DOVE: No open season.

DUCK: Open season December 15 to Jan. 15, both days inclusive; shooting hours shall be from one hour before sunrise to sunset.

SON SNIPER OR JACK: Dec. 16 to Jan. 15 inclusive; shooting hours from one hour before sunrise to sunset.

AND POSSESSION LIM-its: for the first day of the open season a person shall be permitted to take only one day's limit of waterfowl on such opening.

Daily bag limit on ducks in the aggregate of all kinds including in such limit not more than one wood duck and not more than one hooded merganser.

Any person may possess more than ten ducks in the aggregate of all kinds, including in such limit not more than one wood duck and not more than one hooded merganser.

THE daily bag limit on geese and brant is five; pro-vided such limit shall not con-sist of more than two Canada geese or two white geese or one of each. Po-ssession limit is one day's kill.

AND GALLINULES: Nov. 2 to Nov. 15, both days inclusive; shooting hours shall be from one hour before sunrise to sunset.

AND COOTS: Ten, and any person may possess not more than ten.

AND COOTS: Twenty five, and any person may possess not more than twenty five.

OR TURTLE: Ten, and any person may possess not more than ten.

DUCK: Daily bag limit is eight; possession limit is eight.

SON SNIPER OR JACK: Daily bag limit and possession limit is eight.

methods and devices by which migratory game birds may be taken: Migratory game birds, during open seasons are spe-cially protected, and in this proclamation, may be taken during such respective seasons with a bow and arrow, with a shotgun not larger than gauge, fired from the shoulder, or by means of any self-loading or hand operat-ing shotgun capable of firing more than three shells, magazine of which has not been fired off or plugged with a metal or wooden filler.

removal without disassembling so as to reduce the weight of said gun to not more than three pounds at one time in magazine and chamber com-bination. They may be taken during open season from land or wa-ter, with the aid of a dog from a boat or floatin craft, ex-cept that they may not be taken in a sink box, power boat, sail-boat or device or any kind of power boat, or sail-boat, or anything shall per-mit taking of migratory game from, or by means, aid or use of an automobile or aircraft.

or any kind or to permit the tak-ing of waterfowl by means, aid or use of cattle, horses or mules. Nothing in these regulations shall be construed to prevent a person from taking waterfowl from an outboard motor boat, when the motor is detached from the boat and it is placed inside of the boat or when such motor boat is placed inside of or secured to any shoot-ing blind.

Waterfowl (except for propaga-tion, scientific, or banding pur-poses under permit issued by the Game and Fish Commission) and mourning doves are not permitted to be taken by means, aid, or use, directly or indirectly, of corn, wheat, oats, or other grain prod-uct thereof, salt, or any kind of feed whatever, placed deposited, distributed, scattered, or other-

wise put out, whereby such water-fowl or doves are lured, attract-ed, or enticed to, on or over the area where hunters are attempt-ing to take them, but is it not in-tended to forbid the taking of such birds as are attracted by growing or standing crops of grain or by harvested grain field so long as such crops are not man-ipated or such fields have not been harvested by man or his agencies so as to cause such grain to be placed, deposited, scattered, or otherwise put out, as aforesaid; and in the taking of waterfowl, the use, directly or indirectly, of live duck or goose decoys is not permitted, regardless of the dis-tance intervening between such live decoys and the position of the taker; nor shall anything in these regulations be deemed to permit the use of aircraft of any kind or of a power boat, sailboat, or other floating craft or device of any kind, for the purpose of concentrating, driving, rallying or

stirring up waterfowl and coot. Any person who takes, kills, or attempts to take or kill or possess any migratory game bird except in accordance with permission granted in this proclamation shall be prosecuted under Chapter 61, 3rd Called Session of the 43rd Legislature, as amended by HB 451 (Chapter 252), 48th Legis-lature. Penalty, not less than twenty-five dollars nor more than one hundred dollars and forfeit-ure of his right to hunt with a gun in this State for a period of one year from the date of his conviction.

Mr. and Mrs. H. H. Mann, and daughter Francis and Mrs. Ethel Mann, all of Clarendon, and Mrs. Lena Springer of Amarillo visited in the R. A. Bayne home over the weekend.

Mr. and Mrs. Jack Lake of Fort Worth spent the weekend here with Mr. and Mrs. T. M. Cox.

Telephone Employees And Guests Enjoy Picnic at Park

Approximately 100 employees of the General Telephone Com-pany and several guests gathered at the City Park on Monday eve-ning for a picnic supper.

Wieners were roasted over the new picnic unit and served along with the typical picnic foods. De-licious cake and ice cream were served as the dessert.

Mr. and Mrs. M. E. Ellis and Mr. and Mrs. Ralph Scott and son Jerry have returned from a vis-it in California with relatives. While there they visited E. Ellis and family in Concar, Mr. and Mrs. Glenn Ellis and son Alvin in Lindsay, Mr. and Mrs. Roy Roundtree in Delano, Jack Fow-ler in Terrell Bells and Thad Fowler in Lassangel and a host of nieces nephews and friends.

Local and Personal

Mr. and Mrs. Fritz Crisler and Courtney of Amarillo spent the weekend here with Mrs. Ora Den-ny and Mrs. Gladys Fowler. While here Mr. Crisler went on to Frede-rick, Okla., to see his grandpar-ents, Mr. and Mrs. Vick Crisler.

Mr. and Mrs. Mark Williams and children of Durango, Colo., are visiting here this week with Mr. and Mrs. V. C. Durrett. Mr. Williams, who is a brother of Mrs. Durrett, is employed as a geologist with the Sun Oil Company.

Mr. and Mrs. Harry Eddleman of Altus, Okla., visited here Sun-day with Mr. and Mrs. Felix Jarrell.

Mr. and Mrs. Glynn Thompson returned home Thursday follow-ing a 10-day vacation in Colorado and Ruidoso, N. M.

CARD OF THANKS
This is to express my thanks and appreciation to all the Mem-phris folks that visited me while in the Odom Hospital. To the members of the Victory Sunday School Class of the Methodist Church, to Rev. Binkley, the pas-tor, and the many others it made my stay much more enjoyable. I shall remember each one of you with much happiness.
Mrs. John Goldston

"The First Thirty Years", a History of Texas Tech, Goes on Sale This Week

LUBBOCK — The story of a vision goes on sale this week when "The First Thirty Years," a history of Texas Tech, issues from the presses.

The vision is that of early pioneers of the South Plains area who dreamed of the day that such a college would come to serve the West Texas people. Urged as early as 1870, the establishment of the college became possible with the granting of the charter by the 38th legislature in 1923.

Written by Mrs. Ruth Horn Andrews, daughter of Tech's first president, Dr. Paul W. Horn, the book deals primarily with the period from the Fall of 1925, when classes were begun, to the commencement of 1955.

The history tells, in an informal and interesting story, of how the college grew during the three decades. Mrs. Andrews, New York author and widow of Joseph F. Andrews, an engineer with American Telephone and Telegraph, has known all the principal persons connected with Tech and its growth.

And the growth has been outstanding. As Mrs. Andrews tells it, the Tech campus when she first saw it in 1923 was simply "2,000 acres of tumbleweeds." Today the campus boasts 50 permanent buildings, wide expanses for farms and agricultural experiments, and more than 18 million dollars worth of investment.

The first session, back in 1925, saw 914 students swarm onto the campus where six buildings had been erected to start things off.

At first Tech offered only two years of college work. Today it offers a complete five-school undergraduate program, as well as graduate work leading to the masters degree in 30 fields and to the doctorate in 6.

Initial copies of the first edition, which is limited to 2,000 books, are being autographed for the purchasers.

The publication of the book, which was in preparation for a year and a half, was made possible by the action of Tech's Board of Directors, who encouraged the writing of the early history while those people who made history were still alive to help in preserving the record.

The publication follows closely behind the celebration in June of the thirtieth anniversary of Tech, which in its few years — for it is young, as colleges go —

has grown to be one of the biggest state educational institutions.

First sales of the book will be handled by the Texas Tech Bookstore, under the supervision of manager W. C. Cole.

Special Committee Set Up To Study Texas Drought

AUSTIN — The University of Texas Board of Regents has a new special committee to recommend the use of University facilities toward possible relief from drought conditions in Texas.

Members, appointed by Chairman Tom Sealy, are J. R. Sorrell of Corpus Christi, chairman, Claude W. Voyles of Austin and Leroy Jeffers of Houston. The committee will report at the board's Sept. 21-22 meeting.

Sealy asked the committee to survey all facilities of the University that might be used in any way toward the alleviation of the devastating drought which is gripping much of the state.

"We will be pleased to make available to the people of Texas, whom the University serves, our equipment, research specialists and all other facilities, if there is the slightest probability that some improvement may be affected in a worsening condition," Sealy said.

"I am asking the committee to study all possibilities, including rain-making techniques, for the University's participation in a program — jointly with the Texas Water Resources Commission and other agencies of the state, if that is indicated — which may be of benefit to the state," Sealy explained.

Flooding Gets More Oil

Waterflooding, a method of bringing up more oil by pumping water into the producing formation, today accounts for five per cent of the nation's crude oil production. By 1980, the figure will jump to an estimated 25 per cent, by early in the next century, an estimated 60 per cent of our production will come from flood projects. Conservation practices such as water flooding assure America of oil for the future.

Mrs. Lonnie Brown of Alvord spent part of her vacation this week with her parents, Mr. and Mrs. W. B. Funk. Mrs. Brown is a nurse at Dr. Darwin's Hospital at Decatur, and will be remembered by friends here as the former Miss Ruthie B. Funk.

Mrs. D. L. C. Kinard returned home Saturday night from Colorado where she has spent the past several weeks vacationing. Also returning home on Saturday were Mr. and Mrs. O. V. Alexander who had also been enjoying the cool Colorado climate for the past few weeks.

Write a Letter To Your Heirs

Every person should, of course, make a will, so that his wishes for those he cares for may be carried out after his death. Our courts will then see to it that his wishes are put into effect.

But as a rule your will is too important to clutter with detailed facts and advice to your survivors. It is not the place to tell where you keep your important papers, although your survivors should know. They might need these papers, in probate proceedings or to carry on your business. Some of these papers may bear on your survivors' actions.

So put these vital facts in a letter to your survivors:

Where is your will? In a safety deposit box? At your office? Or tucked away some place for safe keeping? You might have hidden it so that nobody can find it. It might be destroyed by accident. Your will is no good unless it can be found.

Who is your executor — the person or institution you want to carry out your will? To whom do you look for sound business advice?

Where do you bank? With whom do you deal at the bank? Some persons have a savings account in one bank and checking accounts in others. Where are your safety deposit boxes? Do you keep important papers in other places? List these places.

Where do you keep all your insurance policies — life, health, car, accident, others? They cover your family as well as yourself. Your family may wish to continue them.

Where are your personal account books? Letters about your business affairs? Your cancelled checks and receipts? These facts will protect your estate from false claims.

Do you own real estate? Where are the deeds and abstracts or title insurance policies? Do your records show a capital gains basis for your real estate and what you invested in any piece of real property? Tell your heirs what you think you should do about your real property and other property.

Do your records show which property is separate and which is joint? The division of your property may rest on these records. Besides, good records may save tax dollars.

Besides current bills, do you have any debts? If so, list them and your creditors. Where are the copies of your income tax returns? Your car title?

Note these subjects: Old age and survivors' insurance, pensions, profit-sharing plans, group insurance, club memberships, royalties, estates and trusts, and joint ventures. Put down your social security number.

These are just a few things to cover in the letter you leave. You will think of others. Give your heirs every bit of pertinent information about your properties and business activities.

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

B. O. Shankle and J. O. Dixon were in Amarillo Sunday to attend a sales meeting.

Personals

Visiting in the T. J. Brock home Sunday were Mr. and Mrs. Muri Lemons and Jimmie of Brice, Mr. and Mrs. Dan Lemons and boys of Skelly Town, Mr. and Mrs. Bennie Brock and Joe of Amarillo, Miss Oree Brock, Mrs. Jim Oliver, Mrs. Claris Elles, Mrs. C. M. Murphy, all of Memphis and Mrs. Nora Reagan of Friona. The group was present to help Mrs. Brock celebrate her birthday anniversary which was Sunday.

Miss Helen Madden, who has spent the summer here with her parents, Mr. and Mrs. R. L. Madden, left Monday for Geneseo, Ill., where she is an instructor in the Geneseo High School. Miss Madden teaches foreign languages and English.

Mr. and Mrs. C. O. Thompson and sons Chauncy and Sloan have returned to their home in Breckenridge after visiting here since Thursday with relatives and friends. The Thompsons are former residents of Memphis.

Mrs. L. O. Dennis and W. C. visited in Hollis, Okla., Sunday with Mrs. Dennis' mother, Mrs. W. L. Foster, who is ill.

Visiting here over the weekend in the home of Mrs. Bill Kester were Mrs. R. L. Tribble and son of Fort Worth.

Byron Baldwin was in Dallas from Monday until Thursday of last week attending market. His daughter-in-law and grandsons, Mrs. James Baldwin and Jimmy and Bobby accompanied him to Memphis on Thursday, visiting here until Monday. Dr. Baldwin was in New York City attending the International meeting of the Hemophilia Assn. Doctors from 17 countries were present at the three-day meeting. Dr. Baldwin is president of the Southwest Hemophilian Assn.

Mrs. D. L. C. Kinard returned last week from Colorado where she has spent the past several weeks vacationing.

Mrs. B. O. Shankle visited Lockney Sunday and Monday with her daughter, Mrs. Carl...

Visiting from Sunday Wednesday in the home of Mrs. John Stadler were J. T. Nalfeh and Sherry Woodward, Okla., and Mrs. Cohlma and Barbara and Patrice of Enid, Okla.

Mr. and Mrs. C. A. B. and daughters, Kay and son Don of Plainview were end guests in the home of Mrs. Claud Johnson, Tex. insons are former residents of Memphis.

Well Picnic Honors The Family

Members of the Estelline Baptist church honored the Rev. Marshall Leech and family with a well picnic at the Memphis Monday evening, August 27.

Leech has resigned as pastor of the Estelline church and his family moved to Abilene. The Leech family visited Estelline in March, 1955, from Amarillo where he is pastor of the Industrial City Church.

A bounteous meal, the picnic was played in the park and the Rev. Leech and family were visited. Mrs. Albert presented farewell gifts to the church to the Leech family.

Leech accepted and expressed appreciation for all kind-ness extended to him while he was in Estelline.

Shelton Awarded Master's Degree at WTSC

Shelton, son of Mr. and Mrs. L. Shelton, was awarded his master's degree in education at West Texas State College on Friday evening at Canyon.

Shelton, his wife and two children left Memphis Sunday morning where they will establish residence. Mr. Shelton plans to work in the David Burnett firm in Dallas.

SEPTEMBER BRIDE — Mr. and Mrs. Tom Wilson of Quail announce the engagement and approaching marriage of their daughter, Elizabeth Ruth, to John McKinnis Bransford, Jr., of Lonoke, Ark., son of Mr. and Mrs. John M. Bransford. The wedding will be an event of Saturday, September 22. The marriage service will be read at 4 p. m. in the First Christian Church in Memphis.

Mr. and Mrs. H. B. Gilmore of Dallas visited here over the weekend with their daughter, Mrs. Gene Lindsey, and family.

Dr. and Mrs. Harold B. Hightower and children of San Angelo visited here over the weekend with his mother, Mrs. N. A. Hightower.

Around and About

by Helen Combs

Just last week we were talking with a friend and made the remark that now our children were marrying and having families of their own that we needed to enlarge our kitchen . . . and we hoped we'd have a good crop so we could do just that before long . . . the friend replied, "Oh, do you have a farm?" We answered that we didn't own land, but since we did operate a business in a strictly agriculture town that we depended directly on our crops. Money in Hall County is sort of passed around and when some of us prosper, then we all prosper.

For years now, like the rest of you, we've been meeting up with that word "parity" . . . but if asked to give a concrete definition of the word we probably couldn't . . . but yesterday our son Adrian pointed out some facts to us that we could understand.

We all know that "parity" has been reduced from 90 to 82½ per cent this year on cotton. Just how does that affect us here in Hall County? Well, it means we will get 25.54 cents per pound through the government loan this year instead of the 27.99 cents per pound we received last year — a loss of \$12.05 per bale. Now multiply that \$12.05 by the number of bales produced last year, 41,292, and you have a total loss to this county of \$497,568.60. How many coats, dresses, new cars, new tractors, TV sets, furniture, etc., would this amount buy?

As we've said before we always enjoy our "Jaunt" around town Monday morning in search of news . . . not that we like to walk but because we like to visit with our friends, who are always so nice, and sometimes we make new acquaintances.

This week we met some visitors in town who were delighted that they were going to see their name in print. They were the attractive and vivacious nieces of Mrs. John Shadid — nine-year-old Barbara Cohlma and her two twin sisters, Denise and Patrice of Enid, Okla., and their eight-year-old cousin Sherry Naifeh of Woodward. Barbara was so delighted that we were going to put her name in the paper she wanted to know if we couldn't put her boyfriend's name in too! We explained if she'd bring him up for a visit we'd certainly do just that. But she said sorrowfully that she was afraid he wouldn't be able to come as he was working this summer for his grandfather.

Byron Baldwin was telling us about his son, Dr. James Baldwin of Dallas, attending an International Meeting of the Hemophilia Association in New York City last week. Doctors from 17 countries were present for the three-day conference. Dr. Baldwin is president of Southwestern Hemophilia Assn. While he was gone Mrs. Baldwin and their two sons, Jimmy and Bobby, were Memphis visitors.

Then, Mrs. Clifford Farmer was telling us how much her daughter, Mrs. Clayton Brower and Family of Willard, Mo., enjoyed our fine City Swimming Pool during their recent week's visit in our city. "The whole family loves to swim," Mrs. Farmer said, "and they complimented the City pool very highly, stating it had the clearest water they had ever seen."

Mrs. H. B. Estes, who underwent surgery in Wichita Falls several days ago, returned home Sunday and is reported to be doing very nicely. I'm sure all of Mrs. Estes' friends here join me in wishing for her an early recovery. When we came to Memphis,

Mrs. Estes was serving as principal of the elementary school and we've always had a warm place in our heart for her because she was so nice to our youngest son Billy in helping him get adjusted in a new school.

Then, we're happy to tell you that Tommie Potts, who underwent surgery in Dallas last week is also recovering very nicely. Tommie is another favorite around town . . . this is shown in one way by his having been selected to serve as director of the Chamber of Commerce longer than any other individual in the City.

Happy to be back in Memphis this week are Mr. and Mrs. Joe B. Browning and children Marsha and Ronald who arrived this week after 18 months in Germany, where Joe Bob was serving with the U. S. Army. One of the nice things which occurred during their stay was a tour of the European Countries. Both Mr. and Mrs. Browning agreed that they preferred Holland to any of the other countries they visited. Mrs. Browning is the daughter of Mr. and Mrs. Bill Leslie.

Don't forget to make plans to attend the Hall County picnic which will be held at the City Park on Sunday, September 16. Write your out-of-town relatives and friends to be here on that day.

Gary Grimes, son of Mr. and Mrs. Chester Grimes of Amarillo, returned home Tuesday after spending 10 days here with his grandparents, Mr. and Mrs. J. S. Grimes. During the visit, Mr. and Mrs. Grimes, Gary and Tanya Fletcher visited in Dallas with Mr. and Mrs. Cecil Grimes and Jan and Mike, and also in Bogata with Mrs. Grimes' sister, Mr. and Mrs. F. B. Johnson.

Sodolitan Class Meets in Home of Mrs. Dick Jones

The Sodolitan Class of the First Baptist Church met Thursday evening in the home of Mrs. Dick Jones with Mrs. G. R. Hannah and Mrs. Bud Godfrey sharing hostess duties.

Mrs. Leta Ellis offered the opening prayer and Mrs. Ernest Clark brought an inspiring devotional using as her theme "Trees."

After a short business meeting with Mrs. Henry Scott, president, in charge, the meeting was turned to Mrs. Bud Godfrey, vice president. She presented Mrs. Carl Wood who gave a beautiful chalk talk on "Home."

After the class song and prayer, delicious refreshments were served to Mes. Ernest Clark, Carl Wood, Allie Caviness, Bill Merrell, T. J. Bridges, Henry Scott, Omer Hill, Frank Ellis, L. G. Rasco, J. W. Smith, H. Byrd, G. R. Hannah, L. F. Wilson, Bud Godfrey and Dick Jones.

John Walker Is Honoree at Picnic On Birthday Wed.

Mrs. John Walker entertained with a birthday and swimming party on Wednesday evening, August 22, honoring her husband on his 28th birthday anniversary.

After the group enjoyed swimming, a typical picnic meal was served with birthday cake and ice cream for dessert.

Guests included Mr. and Mrs. John Childress and Truitt, Mr. and Mrs. H. C. Wilcox, Mr. and Mrs. Pat Johnson and Kay, Mr. and Mrs. Bill Hajek and Theresa, Mr. and Mrs. Boyce Bruce and Judy, Mr. and Mrs. Haskell Howell and Mr. and Mrs. Walker and Brenda Kay.

Joe B. Brownings Arrive Home From Germany Monday

Mr. and Mrs. Joe Bob Browning and children Marsha and Ronald arrived this week from Germany where they have been for the past 18 months.

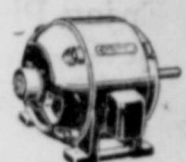

While in Germany, Mr. Browning was attached to the 98th General Hospital, U. S. Army.

Mr. and Mrs. Browning said they had a very nice place to live while in Germany and thoroughly enjoyed a tour of the European countries. Of all the countries they visited Holland was the most modern and also the cleanest, they added.

They plan to establish residence in Memphis and will be associated with Mrs. Browning's parents, Mr. and Mrs. Bill Leslie, in the Florist shop.

Mr. and Mrs. Adrian Combs and Mrs. Herschel Combs were in Canyon Friday night to attend the wedding of Miss Faye Yvonne Lowrey and James Foster Parker at the First Methodist Church. Miss Lowrey is a cousin of Mrs. Adrian Combs.

Mr. and Mrs. Curtis Harrell and family of Lubbock were visitors here over the weekend.

Women's Council Meets For Study

"Missionary Work in Africa" was the topic for study when members of the Woman's Council of the First Christian Church met in the church lounge at 3 p. m. Monday afternoon.

Lucile Randal, president, conducted the business session while Mrs. Inez Aspgren served as program leader for the day.

Introducing the study, the group sang "Sweet Hour of Prayer" after which the Lord's Prayer was repeated in unison. Mrs. A. G. Kesterson gave the devotional, taking her text on prayer from the 18th chapter of Luke. "Chinese Work in South Africa" was discussed by Mrs. Belle Odom and Mrs. Joan Sharp gave a paper on "Christian Literature for Southern Africa."

The hostess, Mrs. Dorothy Stargel and daughter Sandra, served refreshments during the social hour to the following members: Mmes. Lucile Randal, Lena Milam, A. G. Kesterson, Elizabeth Aduddel, Inez Aspgren, Della Pallmeyer, Cathrene Milam, Joan Sharp, Belle Odom.

The next meeting is slated for September 24, at 3 p. m. in the home of Mrs. Della Pallmeyer.

Pleasant Valley Club Members and Guests Enjoy Picnic

The Pleasant Valley Club members and their families enjoyed a picnic supper at the Memphis Park on Friday evening, August 24.

Attending were Mr. and Mrs. Jim Gowdy, Mr. and Mrs. Rex Rea, Mr. and Mrs. E. W. Pate, Mr. and Mrs. John Molloy, Mr. and Mrs. Glenn Verdon, Mr. and Mrs. Bill Muri, Mr. and Mrs. Horace Reed, Mr. and Mrs. Carl Kulp and Buckey and Gay of Tulsa, Okla., Toney Pate of Lakeview and Allison Gowdy of Lakeview.

Mrs. C. E. Garner of Houston arrived here Monday for a visit with Mrs. W. C. Dickey. Mrs. Garner is an aunt of Mrs. Dickey.

Miss Lena McLearn returned home Thursday after a few days visit in McLean with Mr. and Mrs. Byrd Guill. Lillian Guill returned to Memphis with Miss McLearn, visiting here before going on to her home in Houston.

Cotton

Our Native Product

We Americans are proud of the things we do well. One of these things is growing cotton, and processing this cotton into finished goods of high quality. While the story of cotton goes back into the mists of time so ancient that there were no historians to record its earliest culture and manufacture, nevertheless, we consider cotton a "native product" because Americans have developed cotton beyond all the nations of the world.

The growing and processing of cotton are a major factor in America's economic life, providing a living for 15,000,000 men, women, and children.

One of America's leading fabric designers caught the true spirit of our feeling for cotton when she said: "I like to think my finest abilities are being used in fashioning this—my native product. By the same token, I ask the dress designers to give their best in the creation of cotton styles. I say the same thing to the salesgirls I address in stores in an attempt to make them realize not only how fine their native product is, but also how important it is in the economy of their own country."

Cotton farmer, ginner, warehouseman, cashier, merchant, shipper, spinner, salesgirl are strands inextricably woven into a great enterprise—an enterprise dependent on you, the consumer, through your steady purchases of cotton products.

Austin, Texas

County Farmers Choose Rye As Cover Crop

Italian or common rye will grow well on most of the soils of this area, especially on the sandier soils, says Wm. C. Swindle, technician of the Soil Conservation Service.

This or some other cool season crop that will serve as a pasture, hay or cover crop is again being planned by many farmers of the Hall County Soil Conservation District.

According to local Soil Conservation Service technicians, rye makes a good pasture, is very resistant to wind erosion and will also add organic matter to the soil.

Rye may be planted anytime after August until the middle of October. A regular grain drill can be used, covering the seed from 1 to 3 inches. About one and one-half bushels of seed are used when drilling rye alone. Use twelve pounds of vetch with thirty pounds of rye when mixed. Rye may be overseeded into a growing crop without seedbed preparation. However, if seeded on open land, the seedbed should be prepared

similar to other small grain seed bed preparation, Swindle said.

When rye is to be used for hay, it should be cut when the seed is in the soft dough stage in order to obtain most beneficial results. Seed harvest is the same as for other small grains with probable yields of from 500 to 700 pounds of seed per acre, Swindle said.

However, the most beneficial result obtained from this conservation practice would probably be the cover protection of the soil against wind erosion during the blowing season, Swindle concluded.

McMaster Family Holds Reunion In Plainview

Members of the McMaster family met in Plainview Sunday, Aug. 26, for a family reunion. This was the first time the family has held a reunion and hosts were Mr. and Mrs. E. M. Moreman who entertained at their home, 315 Baltimore, Plainview.

The day was spent visiting and taking pictures.

Attending this family affair were Mr. and Mrs. Louie Brick, and Jane, Janette and Dannie Mack and Mrs. Henrietta McMaster of Bellvue, Mr. and Mrs. W. A. Stennett and Glen, Neal, Walter Gene and Kathy Sue of Dumas, Rev. and Mrs. C. P. McMaster of Lubbock, Mr. and Mrs. Charlie Spencer and Max of Paducah, Mr. and Mrs. J. L. Bevers, Mr. and Mrs. W. J. McMaster, Mr. and Mrs. Roy Spruill and Sandra and Linda, Mr. and Mrs. W. E. Lawrence, Patricia and Jerry of Lakeview, Mr. and Mrs. J. W. Clark and Rueben and Joyce of Plainview and hosts, Mr. and Mrs. Moreman and Marion.

Locals and Personals

Mrs. Foster Watkins and son Seth arrived here Tuesday for a short visit with her mother, Mrs. Seth Pallmeyer.

Ernie Jones and grandson Terry of Pampa visited here Sunday with relatives. Mr. Jones is a brother of Orle and Otis Jones and Mrs. W. H. Moreman.

Mrs. Otis Jones went to Kossee Wednesday to attend a family reunion.

Mr. and Mrs. A. R. Vallance and son David spent last week vacationing in Little Rock, Hot Springs and Pine Bluff, Ark. They also visited Mrs. Vallance's uncle in Memphis, Tenn. Donald Ray Mitchell of Mountain Burd, Ark., returned to Memphis with them for a visit.

Mrs. Pearl Vallance has returned home after visiting for the past two weeks in Spade with her son, O. B. Vallance and family and in Odessa with Mr. and Mrs. Robert Bevers.

W. S. Francis and family spent last week visiting relatives at Danville and Rison and Little Rock, Ark.

Mr. and Mrs. Paul Bullock and sons, William and Alvin, attended the Emert family reunion at Stephenville last weekend.

Mrs. Tom Draper and children of Amarillo visited here the week with her father, Chas. Drake.

The Savannah, 1819, was the first steamship to cross the Atlantic.

Geographic center of North America is Pierce County, North Dakota.

Root knot disease can be controlled in garden soils by fumigation. Local county agents can supply information on how to do the job.

The Memphis Democrat

Phone 15

The U. S. Department of Agriculture reports that Kansas tests made in 1952 indicate that moisture infiltration into the soil, an important factor in crop and pasture production in limited rainfall areas of the Great Plains, evidently is unaffected by deep tillage and adversely affected by burning over native grasses.

Eighty-five per cent of the vehicles involved in traffic accidents were passenger cars.

Three out of four traffic accidents happen in clear weather on dry roads.

It is two for one for the communities enrolled in the community improvement program in the eastern third of Texas. Community leaders are urged by E. M. T. extension pasture specialists to roll their communities in the pasture improvement program. Pastures are a part of a community improvement program. Local extension agents for the program.

Mr. and Mrs. Carl Gilmore, daughter Marilyn of State, died here Tuesday in the Lindsey home.

On Acreage Production Slightly

COLLEGE STATION — Cotton acreage has dropped in the 1955-56 season by only 3 per cent, according to John McHaney, extension economist, reports the acreage dropped 42 per cent from the same period but production is up 1 per cent.

McHaney says cotton has not been planted on the better land and that growers are also using better varieties, cultural methods, follower stricter insect control programs, using more fertilizer and irrigation to increase production. Too, he believes, as more of the known production technology is applied, yields will continue to rise.

From the consumption standpoint, McHaney says cotton has not shared in the increase of fiber use. In 1920, cotton's per capita consumption was 26.5 pounds and in 1954, 25.4 pounds. Per Capita Consumption of synthetic fibers in 1920 was only .1 pound while in 1954 it was 9.1 pounds. The per capita consumption of wool, silk and flax was 3.5 pounds in 1920 and 2.4 pounds in 1954.

McHaney expects consumption of cotton to increase with the rising population but points out that cotton faces a crisis in its research program to meet its competition with other fibers. He says strong competition from the foreign cotton producers can be expected, and if present trade policies remain in effect, exports may equal or slightly exceed the average for the past four years. Because of incentives and opportunities to apply technology, production is expected to continue to exceed demand.

Overseas Sale of U. S. Farm Goods Upped in 1956

COLLEGE STATION — Surplus agricultural commodities valued at about \$1 1/2 billion have been sold to foreign countries in exchange for their own currency since September 1954. Of this, sale of \$759 million worth was arranged for the first six months of 1956, says Extension Economist John G. McHaney.

He reports that the USDA's Foreign Agricultural Service has had primary responsibility for sales of surplus commodities. The program of foreign surplus sales was provided for by Congress under Title 1 of Public Law 480. To date 59 agreements with 27 countries have been arranged with 27 of the agreements coming during the first six months of 1956.

Commodities sold for foreign currencies include wheat and wheat flour, feed grains, rice, cotton, tobacco, dairy products, poultry, fats and oils, dry edible beans, fruits and vegetables, meat products, cotton linters and seeds. In terms of dollar value, wheat flour leads the list of commodities exchanged (\$26 million), with cotton second (\$358 million).

The foreign money received is being used to buy strategic materials, for developing agricultural markets abroad, payment of U. S. debts, and loans to friendly countries for trade and economic development.

Public Law 480 provides other ways of disposing of surplus farm commodities. These include shipments for famine relief and other assistance abroad, donations through non-profit voluntary agencies and inter-governmental organizations and barter contracts.

Under all these programs, about \$3 billion worth of agricultural commodities have been disposed of since the beginning of operations under Public Law 480 in 1954 for foreign and domestic relief.

Jackie Ben Boone Completes Six Week Marine Training

Jackie Ben Boone, son of Mr. and Mrs. Jack L. Boone of Memphis, recently completed six weeks training in the Platoon Leaders Class at the Marine Corps School, Quantico, Va.

By completing two such training periods while in college, he will become eligible for appointment as a second lieutenant in the Marine Corps after receiving his degree.

Oat Diseases Keep Researchers Constantly at Work

COLLEGE STATION — Will science stay ahead in its race with oat diseases?

The U. S. Department of Agriculture scientists say that nobody knows, but so far an investment of \$3 million in research has given more than \$1 billion in added returns to oat growers. That means a return of \$1,000 for each \$3 expended. And in 1955, the nation's farmers produced a record 1,576 million bushels at a yield of 38.5 bushels per acre.

Research aims at developing varieties of oats that resist stem rust, smut, crown rust, and other diseases. But the yield must be high and the straw stiff to permit efficient harvesting.

USDA scientists say that, today, science is out in front in this race with disease, but nature never takes a holiday. Agricultural Research Service plant breeders say that development of disease-resistant varieties was and still is the major problem in oats.

As an important grain feed crop, oats are second only to corn, so losses are severe when rust, smut, and minor diseases such as Septoria take over. But these diseases are less likely to strike again soon. At least 90 per cent of the country's total oats acreage is planted to high-yielding, high-testweight, stiff-strawed, and smut resistant derivatives. Much of the remaining 10 per cent has these characteristics in addition to rust and disease resistance.

About 80 per cent of our oat crop is produced in the 12 North Central States, half of this total in Iowa, Minnesota, Illinois and Wisconsin. Iowa leads with some 5 million acres of oats per year. But oats production in the 13 Southern States has doubled during the past 10 years and now amounts to almost 10 million acres.

Currently it costs the oil industry an average of \$1.08 to find each new barrel of oil in the ground.

The body loses from two to two and one-half quarts of water each day.

LAFF OF THE WEEK

"We guarantee more mileage per tankful than anything else on the road."

Johnson County Home Demonstration Council Sponsors Unique Course

COLLEGE STATION — "Ask and you shall receive." That is exactly what home demonstration club women in Johnson County did last fall, they asked for help to make themselves and their families better drivers and help came in the form of a refresher course in adult driver education sponsored by the County Home Demonstration Council.

Mrs. Roberta Forgy, home demonstration agent in Johnson County, went to the local office of the Texas Highway Patrol for assistance. District Safety Officer Gene Brewer and local patrolman A. Swygert attended a county-wide meeting in November and were impressed with the desire on the part of those in attendance for information on safety and driver education.

Too, the meeting spurred interest in the county and hastened the planning for the first such course to be offered in the state for rural women. Safety officer Gene Brewer was to be the teacher with Mrs. Forgy and Swygert as assistants.

The course was to be an experiment but the results have shown its value. The eight-hour course was offered in four meetings, each Tuesday night in March. Near epidemics of flu, measles and mumps in the county caused some families to drop plans for attending and others to drop out.

Dr. J. W. Guinn Dies; Was Father of Mrs. Cearley Reed

Dr. J. W. Guinn of Abilene, father of Mrs. Cearley Reed Kinard, also of that city, died Sunday night. Funeral services were conducted in Abilene Tuesday afternoon at 2 p. m. from the Heavenly Rest Episcopal Church. Mrs. D. L. C. Kinard and Mrs. Ace Gailey went to Abilene Monday to attend the service. Mr. and Mrs. Dwight Kinard and son were also in Abilene, returning home on Monday.

463-160 J. E. ROPER We Deliver

How Much Does It Cost You

when your neighbors go out of town to buy?

We may think . . . when one of our neighbors buys a shirt, or a car, or a hot water bottle in the city . . . that it's nothing to us . . . unless we happen to be trying to make a living in the shirt, or car, or hot water bottle business here in this community.

But . . . as a matter of fact . . . every time a dollar leaks out of local circulation, it hurts everybody who lives around here.

Because . . . financial anemia is a very contagious disease. Trade volume . . . the lifeblood of every community . . . when drained off to invigorate some other place . . . leaves us weaker, our schools and churches poorer, job opportunities fewer, our own businesses less profitable, our property worth less, our

living standards lower, and important help and services less convenient to us.

On the other hand . . . Prosperity is also contagious.

Every single dollar that stays here at home turns over again and again as long as it's here . . . to account for two, three, or more times it's value in increased local trade volume . . . to keep every single one of us in better economic health.

**It Pays to Buy
where you Live**

These Memphis firms are the only business establishments in the world who are sincerely interested in YOUR future and in the future of this community in which YOU live . . .

Mr. and Mrs. Clayton Brower and sons have returned to their home in Willard, Mo., after visiting here for the past week with her parents, Mr. and Mrs. Clifford Farmer.

Stitch and Chatter Club Meets Tues.

The Stitch and Chatter Club met Tuesday afternoon, August 14, in the home of Mrs. Lura Eddleman.

The meeting was called to order at 2:30 p. m. by the president and the group joined in repeating the Lord's Prayer in unison. Minutes of the last meeting were then read and approved.

Following the business session, the group joined in doing needle work.

Cake and lemonade was served to Mmes. Evie Morrison, Jessie

Orcutt, Edna Winkler, Eva Williams, Alice Eddins, Byrdie Holland, Eula Adams and Lura Eddleman.

The club will meet August 28 in the home of Mrs. J. S. Cooper.

Mr. and Mrs. Ira McQueen returned Sunday from Plainview where they had visited for the past three days with Mrs. McQueen's father, M. C. Martin, who was quite ill. Mr. Martin was improved Sunday.

Mr. and Mrs. Gayle Greene visited in Tulsa from Thursday until Sunday with Mr. and Mrs. Al Burks.

LOCALS

Mrs. Tommy Hulse and children returned to their home in Tulsa Monday after visiting here for the past week with their parents and grandparents, Mr. and Mrs. Roy Guthrie. Mrs. Guthrie took them to Tulsa.

Miss Cora Lee of Odessa is visiting here this week with Mr.

and Mrs. Joe King and Mrs. Ernest Lee.

Weekend visitors in the home of Mr. and Mrs. J. S. King were Mr. and Mrs. I. D. Bryson of Odessa.

Mrs. Roy Guthrie and Mrs. Lee were in Pampa Monday to attend funeral for a cousin, J. L. Nance.

Mr. and Mrs. M. E. Eddleman and Mrs. Ralph Stearns have returned home after a visit in California.

How to be a Better Cook
...and save money fool

BY Mary Blake

Home Service Director Carnation Company

PEACH WHIP SHORTCAKE (6 servings)

For shortcake biscuits, use 2 cups biscuit mix, 4 tablespoons sugar, 2 tablespoons shortening, and ¾ cup undiluted Carnation Evaporated Milk. Mix and bake biscuits according to package directions.

FOR PEACH WHIP TOPPING:

- 1 cup undiluted Carnation Evaporated Milk
- 2 tablespoons lemon juice
- 2 tablespoons sugar
- 3 cups sliced fresh peaches*

Chill Carnation in refrigerator tray until soft ice crystals form around edges of tray (about 20 minutes). Whip until stiff (about 1 minute). Add lemon juice and continue whipping until very stiff (about 2 minutes longer). Fold in sugar and peaches.

Spread Peach Whip Topping between and on top of split shortcakes. Garnish with whole peach slices.

*Drain well if using canned or frozen peaches.

REA Borrowers Ahead \$100 Million In Repayments

Electric systems financed by the U. S. Department of Agriculture's Rural Electrification Administration are nearly \$100 million ahead of schedule in loan repayment, and those in arrears are at an all-time low, the Department reported today.

In the telephone program both the dollar delinquency total and the amount of payments ahead of schedule have increased, with a minor downward change in the number of borrowers in arrears.

As of the June 30 end of the fiscal year 772 of REA's 996 active electric borrowers had increased their advance payments by \$11 million to a total of \$95.9 million. Ten were delinquent more than 30 days, in an aggregate of \$332,364.

During the year the electric system repaid about \$80 million of principal against loan advances which at the start of the year amounted to \$2,583 million, and in addition paid \$36.8 million in interest.

At the close of the year 374 telephone system borrowers had received advances of loan funds aggregating \$153.8 million, and 28 of these were more than 30 days overdue in payments aggregating \$553,623. A year ago 29 borrowers were delinquent a total of \$512,266. Currently 19 telephone borrowers are \$186,294 ahead of schedule in their payments; a year ago seven were \$13,767 ahead.

During the year repayments of principal by telephone borrowers approximated \$1.2 million, and interest payments were \$929,000.

The Titanic, when sunk on April 14, 1912, was on her maiden voyage from England to America.

Mrs. W. T. Rouse Dies in Dallas

Mrs. W. T. Rouse of Denton died Tuesday night in a Dallas hospital where she had been a patient since suffering a stroke three weeks ago. Mrs. Rouse was the mother-in-law of Mrs. T. L. Rouse of Memphis.

Her husband, the late Dr. W. T. Rouse, was pastor of the First Baptist Church in Memphis 30 years ago. Before his death he taught Bible in the two colleges in Denton.

Funeral services for Mrs. Rouse were held at the Grace Temple Baptist church in Denton at 3 o'clock Wednesday afternoon with burial in Roselawn Cemetery in Dallas.

She is survived by four children, Dr. M. O. Rouse of Dallas, Elline Rouse of Denton, Dr. Margaret Rouse of Fort Worth, W. T. Rouse, Jr., of Los Angeles, Calif., and 3 grandchildren.

Cyclone Scrimmages Wellington Saturday

Memphis football fans will have their first chance to see the 1936 Cyclone team in action Saturday night at 7 o'clock when the team scrimmages Wellington here at the football stadium, D. C. Andrews, head coach announced this week.

Thirty-five boys reported Monday morning as workouts began for this year's season. Practice sessions are being held twice each day at the football field, Andrews said.

4-H Club -

(Continued From Page One)

Sears animals in the show here include Johnny Lavender, Phil Howard, Donald Wayne Widener, Tony Molloy, Paula Gentry, Michael Cox, Ronnie George and Robert Mack Moss.

Entries in the businessmen's division will be by Johnny Fuston, Jerry and Terry Smith, Paul Thompson and Ronnie Edwards.

The Sears show will be shown by Don Molloy.

Summer Vacation -

(Continued From Page One)

school at Canyon until recently. Lakeview will hold a general faculty meeting Friday at 10 o'clock. Buses will run on schedule at Lakeview Monday morning to carry students to school, Denton said.

A faculty meeting will also be held in Memphis Friday, Supt. W. C. Davis said today.

said. We work out from about 6:30 until 8:30 each morning and from 5 until 7 in the afternoon, he said. We would be happy to have anyone who wants to come out and watch the team prepare for the first game next week, he continued.

We are devoting most of our time to working on fundamentals such as blocking and tackling, he said. When asked about this year's prospects, Andrews said, "This year's team will be light but they have a lot more hustle and fire than we had last year."

One great loss to the team has been Butch Adecock, who cracked an arm that he had broken earlier this summer, Andrews said. Adecock was first string fullback last fall. David Davis received a broken nose but returned to workouts almost immediately. James Davis is sidelined with a broken blood vessel in his leg, but is expected to be back in the game soon, and Jackie Vines is having trouble with a rib injury he received last year, Andrews concluded.

CARD OF THANKS

We wish to express our heartfelt thanks to our friends and neighbors for their kindness to us in our sad hour.

We are indeed grateful for the floral displays and the food that was served. May God's blessing be upon you, is our prayer.
