MEMPHIS, HALL COUNTY, TEXAS, THURSDAY AFTERNOON, NOVEMBER 1, 1956 ***

TEN CENTS

NUMBER 23

Plans Being Laid For C of C Merchants Gift Day Programs

Santa Scheduled To Arrive Dec. 6

Santa Claus informed the Chamber of Commerce this week that he would be in Memphis on Dec. 6 this year to talk to boys and girls, according to Clifford Farmer, manager.

The message from Santa explained that he would make his appearance at the court house square about 1 p. m. Pre-school children will have a chance to talk to him before the older children arrive, Farmer said.

Local Scouts Attend Camporee Saturday

Eighty-four Scouts and Explorers from 10 different troops and posts attended the fall camporee of the Comanche District of the Adobe Walls Council, Boy Scouts of America, held this past weekend six miles north of Samnorwood on Elm Creek, according to an announcement by H. E. Craig, chairman of camping and activities committee.

The Scouts engaged in six fields of competition. They were: first aid, Morse code, signaling, rope rescue (blindfolded), compass course, trailing by use of trail signs, and map making.

Approximately 270 Cub Scouts, parents, and leaders participated Saturday evening after arriving at 5 p. m. They enjoyed a wieners roast and the evening campfire. The highlight of the camporee was the performance of the Texas Indian Dancers of Borger. These young men, all Scouts and Explorers, put on an impressive show of authentic Indian dances. They are rated among the best in the nation in Indian dancing.

The entire camporee was a great success and both men and boys are awaiting the next camping experience eagerly, Craig said.

Memphis Officers Have Plenty Of Business

The sheriff's department had a busy weekend with a total of nine persons being picked up during the two-day period. Sheriff Bill Bateman announced.

Three of these were picked up for being intoxicated, five for gaming and one for having defective lights, he reported.

All appeared before Justice of Peace J. S. Grimes early this week and paid fines.

The sheriff's department also investigated a fight Saturday evening at the Latin-American dance platform, located on South 4th Street.

One man, Phillip B. Chavez, has been charged with assaulting Ray (Continued on Page 10, Sect. 1)

The holiday season program of the Memphis Chamber of Commerce and Hall County Board of Development will begin a new activity soon, according to an announcement this week by Wendell Harrison, chairman of the retailers committee.

Plans are now being made for a Merchants Gift Day program, scheduled for Dec. 5, 12, 17, 18, 19, 20, and 21, Harrison continued. On each of these dates, gifts donated by the various business firms will be given away.

The method in which these gifts will be distributed is still in the planning stage and will be announced at a later date, Harrison said.

Several teams of members of the Chamber of Commerce are now in the process of contacting merchants to enlist their participation in the Merchants Gift Day program.

Harrison pointed out that this program is not limited to members of the Memphis Chamber of Commerce and Hall County Board of Development, nor is it limited to retail merchants.

All individuals and business organizations are invited to have a part in this program, and anyone interested in additional information should contact Clifford Farmer at the Chamber of Commerce office, Harrison said.

Services Conducted For R. P. Martin, Pioneer Resident

One of Memphis' oldest citizens, R. P. (Bob) Martin, died Tuesday in a local hospital at the age of 94 years and 28 days. He had been very active until shortly before his death.

Funeral services were conducted at 2:30 o'clock Wednesday afternoon from the First Methodist Church with Rev. J. H. Sharp of Shamrock, former Memphis pastor, officiating, assisted by Rev. David Binkley, local pastor.

Burial was in Fairview Cemetery. Born Oct. 2, 1862, in Harden County, Tenn., Mr. Martin moved to Memphis from Wolf City in (Continued on Page 10, Sect. 1)

Local Boy, Cub Scouts To Participate In "Get-the-Vote-Out" Campaign Sat.

Memphis Cub Scouts, Boy Scouts, and Explorers will join members of the organization throughout the nation Saturday in urging citizens to go to the polls and vote in the Nov. 6 election, according to an announcement this week by Scoutmaster Ted Myers and Cubmaster W. A. Leigon.

Local Scouts will visit homes and leave on front doorbells a Liberty Bell hanger urging citizens to vote.

"We will be working between 9 and 12 o'clock Saturday morning," Myers said, "and hope to leave a Liberty Bell on every residential door knob."

Posters have already been distributed in the downtown area, he added.

The campaign is being conducted on a nonpartisan basis, without reference to any candidate or party, and is sponsored jointly by Freedoms Foundation, Inc., of Valley Forge, Myers said.

The message on the Liberty Bell hanger reads:

"Heed youth's call. Vote as you think, but vote Nov. 6, 1956. Use your freedom to vote."

Myers urged home owners to keep the bell as a reminder of Tuesday's election.

"Recognizing the importance of free elections, nearly four million members of the Boy Scouts of America are participating in a nonpartisan Get-Out-the-Vote campaign," Dr. Arthur A. Schuck, chief scout executive, said this week.

David Wright, son of Mr. and Mrs. Jerry Wright of Memphis, was critically injured in a motorcycle-truck accident in Torrance, Calif., Friday, Oct. 26.

The accident occurred when Wright, who was riding the motorcycle, ran into the rear of a truck within the city limits.

According to his father, who returned from California Monday night, David is doing as well as could be expected. His injuries include a broken jaw bone, fractured hip and one of his legs is broken in two places.

Mrs. Wright is still in California with her son.

Unusually Large Vote Predicted In Election Set For Tuesday, November 6

STUDENT SENATORS — Sharon Harrison and Terry Monzingo of Memphis were recently elected to the senate of the student government at West Texas State College for the 1956-57 school year. Melba Williams of Plainview and David Banta of Pampa are the other two senators for the freshman class of 600 students. The four were chosen from a slate of 19 candidates for the senate posts. Left to right they are Harrison, Monzingo, Williams and Banta.

Homecoming Set Friday For MHS

Friday, Nov. 2, has been designated as Homecoming Day for Memphis High School Exes, Supt. W. C. Davis announced this week.

All ex-students and their families are invited to come and take part in the activities that have been planned for them on that date.

The festivities will get underway with a free lunch for all Exes in the high school cafeteria at 12 noon. Senior members of the Student Council will be at the door to greet the visitors.

Entertainment at the luncheon will be furnished by the contestants who recently presented a Halloween party in the high school gymnasium.

A short business meeting of the Ex-Students Association will be held immediately following the lunch.

After the business session, the Exes will move to the gymnasium where they will join the student body in a pep rally.

The Homecoming football game, scheduled to start at 7:30 p. m. at Cyclone Stadium, will see the Memphis eleven pitted against Lefors in the second conference game. Memphis took the first conference contest from McLean last week by a score of 57 to 7.

W. E. Leslie In Detroit This Week For Florist Meeting

W. E. Leslie, owner of Leslie's Flowers, left Tuesday night for Detroit, Mich., where he will attend a group meeting of representatives of Florists. Florists will be in attendance from states throughout the nation and Canada.

Leslie is serving as District Representative of the Florist Telegraph Delivery Assn., Northwest Portion of Texas, and is a representative of this district for the two-day session.

Prize Winning Egg Measures Over 7"

The young always have to show off. At least that seems to be the case with the chickens that T. E. Gibson of 320 North 16th Street bought as pullets last spring.

He has one chicken that has consistently been laying large eggs. Wednesday Gibson brought an egg into The Democrat office which measured seven and one-half inches in circumference lengthwise and five and three-quarters inches around.

Gibson stated that recently his wife broke one of the large eggs and found three yolks inside.

Waterfowl Season Scheduled To Open Half Hour Before Sunrise Friday

Prospects for the waterfowl season opening in Texas at one-half hour before sunrise on Nov. 2, were described as "promising" by H. D. Dodgen, executive secretary for the Game and Fish Commission, this week.

He said the situation represented strange angles since the migrating duck and goose population seems to be "tremendous" but that the flocks may not be able to occupy many favorite wintering areas because of fresh water shortage.

"The most acutely dry area now," said the executive secretary "is the Upper Texas Gulf Coast where unfortunately there is a great concentration of hunters. If we can get some substantial rains right away, the incoming birds will stop at their old haunts, because feed there is re-

Both Major Parties Predict Victory

Unusual interest in the general election is shown this week by a total of 79 absentee ballots being registered with Mrs. Hal Goodnight, county clerk. This report was made Thursday and the total figure may be a lot higher before the deadline Friday. Last date for returning the ballots is noon Tuesday, Nov. 6, Mrs. Goodnight said.

The possibility of over 100 absentee ballots being cast is shown by the huge number of written

requests which the county clerk has received. These are being mailed back to Memphis each day.

Another sign pointing to a record vote is the current situation confronting the farm population of this county. Four years ago Stevenson led Eisenhower in this county by a vote of 1,744 to 1,253. Political "fortune tellers" see even a bigger victory for Stevenson in the county this year.

General Election Ballot

Next Tuesday voters will be confronted with a ballot, containing five columns. The first four columns appear in the following order: Democratic Party, Republican Party, Constitution Party, and Independent. The last column carries the simple wording "Write-In."

The first three parties list the nominees for president and vice-president of the United States. The names of Adlai E. Stevenson (Continued From Page 1, Sect. 1)

Local Democrats To Appear On TV Broadcast

Hall County Democratic party leaders this week were invited to appear on a television panel broadcast over KGNC-TV tonight (Thursday).

According to information received from party headquarters in Amarillo, the broadcast will be televised from 8 to 8:30 p. m. This will be one of several television panel discussions, which are featuring citizens from different counties over the Panhandle.

Scheduled to appear will be V. C. Durrett, precinct chairman at Lakeview, and Cole Boswell of Turkey. It was announced that G. R. Colvin, precinct chairman at Turkey, may be on the panel.

J. Claude Wells this morning predicted that the fund raising campaign, currently being conducted by members of the executive committee, will exceed Hall County's quota of \$425.

First precinct to turn in funds was Brice. That community's quota was \$10, and the chairman turned in a petition bearing 28 names, and \$37. Democrats of (Continued on Page 10, Sect. 1)

Former Memphian Dies in Dodd City

Mrs. Maggie E. Brotherton, sister of Mrs. Ida Bennett of Memphis, died at a hospital in Dodd City on Oct. 22.

Funeral services for Mrs. Brotherton were conducted on Wednesday in Dodd City with burial in the cemetery there.

A former Memphis resident, Mrs. Brotherton lived here from 1927 until 1932. During that time her husband was employed as a carpenter with T. Kittenger. He preceded her in death in 1936.

Mrs. Brotherton was born Sept. 27, 1885, in Fannin County.

Survivors include five daughters, Mrs. Wheeler Cobb of Durant, Okla., Mrs. Clyde Hawkins of Lubbock, Mrs. Alvis Sparks of Dallas, Mrs. David Allen of Santa Barbara, Calif., and Mrs. T. N. Jourdan of Irving; one son, 16 grandchildren, eight great grandchildren, one brother, W. E. Packard of Dalhart; three sisters, Mrs. Bennett of Memphis; Mrs. Lee Morgan of Vega and Mrs. Pearl Enboden of St. Louis.

Due to the interest being taken in the forthcoming general election, the weather, the middle of the cotton harvest, and the threat of war in the Middle East which could develop into an all-out participation of the entire world, readers have so much occupying their minds that it looks very much as if it is unnecessary for us to tell of a most enjoyable trip to the Big Smokies of Tennessee and North Carolina.

Anyway, whether anyone reads about the trip or not, we will at least have tried to do our duty as we see it. As stated many times before, the readers have the privilege of reading or not reading what we write under the heading of "Claude's Comments."

Leaving Memphis after midnight on Oct. 14, we traveled by train via Fort Worth, Memphis, Chattanooga and Knoxville, Tenn., then by bus 38 miles to Gatlinburg (which has no rail service), making good connections at all these places. Arrived at Gatlinburg at 9 a. m. Oct. 15, where we spent nearly two weeks reveling amidst beautiful scenery the entire time, viewing the Smokies decked out in beautiful autumn colors of some 130 kinds of trees.

Three years ago we visited the New England States during the autumn color season, and pronounced the coloring there as the outstanding one in America. After viewing the Smokies' coloring, we have come to the conclusion that the last is the most colorful in America.

Gatlinburg is at the gateway to the Great Smokies National Park. The town is populated by some 1285 permanent residents, but can accommodate at least 5,000 visitors, and at least that many visitors were sojourning there viewing the sights while we were there, to say nothing of the many (Continued on Page 10, Sect. 1)

Rest Home Survey Continues Here

Citizens of Memphis and the surrounding area are requested to contact the Chamber of Commerce and Hall County Board of Development if they would be interested in seeing a rest home established here, Clifford Farmer, manager, said this week.

A woman who is interested in establishing such a home was in Memphis recently and met with members of the Health and Welfare committee. At the meeting it was decided that a survey should be conducted to see if Memphis residents need a rest home before arriving at a decision.

Infant Is Critically Ill; Encephalitis

Christi Clark, 8-month-old daughter of Mr. and Mrs. John Clark, is still critically ill in Bay-Capital in Dallas. The baby is suffering from encephalitis, according to Dallas physicians.

The baby first became ill the last part of September, but it wasn't until about two weeks ago that the condition became critical.

R. E. Clark and Mrs. Clark are in Dallas as well as Mr. Hays, who was in Memphis several days, has returned.

Memphis to Meet Lefors In Homecoming Game

Memphis Cyclone football team will go into their second 1A-2 game with a perfect record in conference play after breezing over the McLean Tigers last week by a score of 57 to 7.

This week's tilt with Lefors has been designated as the Homecoming Game and a large crowd of visiting Memphis High School exes are expected to be on hand when the kick-off whistle is sounded at 7:30 p. m.

Lefors is expected to field a heavier team than Memphis and plenty of action should unfold before the fans Friday night.

In last week's game, Sherman Clemons, right halfback, led the scoring by running over for three touchdowns. He scampered three and 55 yards on runs and took a pass interception back 56 yards for the other tally.

David Davis and Butch Adcock, fullbacks, both carried the ball for two touchdowns each. Billy Don Johnson, right half-

back, scored one tally and Tackle Paul Wilson took a lateral and scampered 40 yards for another Memphis marker.

David Woods picked up McLean's lone touchdown by returning a second-quarter kickoff 80 yards to the goal line.

So far this season the Cyclone has won five games and dropped two. They have piled up a total of 123 points as compared with 78 for their opponents.

Schedule for the season is as follows:

	Mem.	Opp.
6 Sept. 7—Tulsa	0	0
7 Sept. 14—Crowell	25	0
7 Sept. 21—Estelline	0	0
6 Sept. 28—Panhandle	33	0
0 Oct. 5—Quanah	0	0
14 Oct. 12—Price College	13	0
0 Oct. 19—Open	0	0
57 Oct. 26—McLean	7	0
*Nov. 2—Lefors, here		
*Nov. 9—Clarendon, there		
*Nov. 16—Canadian, here		

(* Conference games).

PARNELL

Mr. and Mrs. Huckelby of Turkey were guests Sunday of Mr. and Mrs. J. R. Morehead.

Mr. and Mrs. L. D. Mullin visited in Turkey last Sunday with her mother, Mrs. Roberson.

Carl Hill, Frank Hedrick, Parge Winn and Ronald Lynn Mullin attended the Wheeler and Turkey football game Friday night in Wheeler.

Cheeseburger Loaf

(Makes 6 servings)

1/2 cup undiluted Carnation Evaporated Milk

1 egg

1/2 cup cracker crumbs

1 1/2 pounds ground beef

2 tablespoons chopped onion

1 1/2 teaspoons salt

1 tablespoon celery salt

2 cups grated American cheese

Blend all ingredients except cheese thoroughly mixed. Line loaf pan with waxed paper. Place 1 cup cheese in bottom of pan; spread evenly. Cover with loaf mixture. Repeat with remaining cheese and meat layers. Bake in moderate oven (350° F.) about 1 hour. Allow loaf to stand about 10 minutes before turning out on platter. Remove paper; slice for serving.

FREE—For your copy of Carnation's latest recipe booklet, send to Mary Blake, Carnation Co., Dept. 66-14, Los Angeles 19, California.

Expert From Washington

By Walter Rogers

Congressman, 18th District

Disaster Feed Program

The recent complaints that have been coming into my office concern the price increases in feed and roughage, since the government program has gone into effect. One man writes me that before the government program was started, he could buy hay at \$22 per ton. Since the program started, the price has increased to \$42 per ton. Cotton hulls that could be purchased at \$14 before the program now cost about \$24. Grain was increased from \$1.70 per cwt to \$1.90 per cwt just about the time the program went into effect. Those ranchers who were eligible to participate in the government program were issued certificates which had a value of \$7.50 per ton on hay and cotton seed hulls. It is obvious that the increases in price exceeded the amount of help coming from the government. This simply meant that eligible ranchers were not the recipients of the aid. The certificates on grain amounted to \$1 per cwt but have been increased to \$1.50 per cwt. Some of the ranchers anticipate that the price of grain will be increased accordingly.

It is well to point out that the Department of Agriculture undertook to carefully screen all applicants for this relief and issued certificates only to those who were found eligible under the Department of Agriculture's yardstick. Many who were not allowed to participate in this program by reason of such screening project, complain vigorously that the administration of the program has not only failed to help those who were allowed to participate, but has measurably increased the burden on those who were not allowed to participate. In other words, the non-participants were able to buy hay prior to the government program at a price much less than they are now having to pay. Since they are not allowed to participate in the government program, the entire amount of the increase must be paid out of their own pockets. It is their contention that everyone should be allowed to participate in this program if they are in a drought stricken area, or else there should be no program at all.

One of the recent letters I received on the subject also points out that at the time the government started on this program, cattle would bring about \$2 per hundred more than they will sell for now.

I can also point out that the tragedy that has befallen the cattlemen and has placed him on the verge of bankruptcy does not seem to have had any effect on the price of processed meats of the profits that seem to be made by the packing companies. Washington markets are today selling round steak for \$1.15 a pound, veal cutlets for \$1.39 a pound, with similar prices on other cuts.

Federal Civilian Employment Executive Agencies

According to Senator Byrd's Committee on Nonessential Federal Expenditures, claims that federal employees in Executive Agencies have been on the decrease are false. His report shows a marked increase in federal employees! It shows 14,250 more employees in July than in June; 1,897 more employees in August than in July. The July increase over June meant a payroll increase of \$13,233,000.

It also shows that 292,295 foreign nationals worked for United States military agencies during August. 5,233 more than were employed in July. These figures do not include foreign nationals working in other Executive Agencies.

Linda Bowman Wins Sixth Grade Spelling Bee

Linda Bowman, sixth grade student in the Wm. Travis Elementary School, won first place in the spelling bee recently. Second place went to Sandra Meacham, sixth grade student in the Turkey school.

The spelling bee is held each week over the Memphis Hour with all county schools participating in the event. Each school holds its own elimination and two students are sent to the county contest from each school.

In addition to Miss Bowman and Miss Meacham, sixth grade students entering the contest were Teddy Barnes of Travis school, Neva Sue Koeninger and Claudia Chumley of Stephen F. Austin School, Inez Richardson of Turkey and June Medford of Lakeview school.

Mrs. Jude Gable and Mrs. Phaeton Alexander carried Mrs. James Lott and children to Mineral Wells Sunday where they were met by their husband and father. The Lott family lives in College Station and Mrs. Lott and children have been here with her parents for the past few weeks.

Austin News

The first grade children are having fun observing the changes which are taking place outside. They are collecting seeds, insects, and rocks.

Other activities have been the result of our plans for Halloween. Getting ready for the carnival has been a worthwhile learning experience in living together and sharing responsibilities.

Second Grade

Gloria Moreno withdrew from school the past week and returned to her home in Edinburg, Tex. Phyllis Dunn and Charles Sperry were absent one day because of illness.

The second graders have enjoyed making Halloween decorations for their room.

In reading, they have read stories and poems of the season

and learned "Come, Little Leaves." A few have written some poems.

Recently, they were writing original sentences, using a spelling word for the week in each sentence. One of their words was "like." James Elkins' first sentence was, "I like Ike."

Fourth Grade

The fourth grade has begun simple science experiments this week. They have made folders, in order to keep a record of each experiment. In writing the experiments, they list the materials used, give the directions for doing the experiment, and give an explanation of what happened. They also make a drawing of the experiment.

In English they have studied letter writing, learning the different parts of the friendly letter, the form, punctuation, and capital letters. They have also learned how to address an envelope.

Fifth Grade

For Halloween decorations, pupils of the fifth grade made original masks on a cardboard base. Using scrap materials such as buttons, beads, spools, eggshells, tinfoil, yarn, and cloth, clever creations resulted.

Newest members of the 100 club in spelling are Betty Long and Jimmy Harrison. Sarah Beth Montgomery and Jimmy Harrison became Sharpshooters in Arithmetic.

Leslie Attends Synod of Texas

Bill Leslie was in Dallas last week to attend the Synod of Texas of the Presbyterian Church. The meeting was held at the St. Andrew's Presbyterian Church in Dallas.

The meeting opened on Tuesday and continued through Thursday.

Political Forum Held by Texas History Class

A political forum was held recently in the high school auditorium by Mrs. Hubert Dennis's senior Texas History Class. There were three Democratic speakers and three Republican speakers. After the opening speeches, the chairman, Tommy Foster, turned the meeting into an open forum and ideas were heard from the remainder of the class. The speakers presented the pros and cons for both parties and their candidates.

The forum was enjoyable as well as educational to all the class members.

The six main speakers were: Democrats, Dan Durham, Truman Smith and Tanya Fletcher; Republicans, Beverly Crawford, Eddie Pland, and Bill Morgan.

Mary Nell Couch Is Crowned Queen Of Estelline High School Saturday

On Saturday evening, Oct. 27, Miss Mary Nell Couch, daughter of Mr. and Mrs. Weldon Couch, was crowned Queen of Estelline High School in a formal program in the high school auditorium. Jimmie Dunn, son of Mr. and Mrs. Marvin Dunn, elected as Mr. E of 1956-57, was her escort.

The stage of the auditorium was beautifully decorated to carry out the star theme. Blue and silver colors were used. All of those participating in the program were dressed formally. Bennie Nelson, of the senior class, was master of ceremonies. Mrs. Raleigh Adams was pianist.

Miss Karen Eddins, of the senior class, read a poem "Memories" as the invocation. The girls of the junior and senior high schools sang "Stairway to the Stars" as the theme song.

The Primary Prince was Jerry Johnson and the Primary Princess was Jeanette Pepper. The flower girl was Jennie Bruce and the crown bearer was Gary Don White. The primary attendants were Christi and Randy Collins, Cynthia Gresham and Gary Walker, Sarah Holland and Melvin Long, and Linda Weatherly and Ross Freeze. Linda Weatherly paid tribute to the princess with a poem. Bennie Nelson crowned the princess and presented Jerry with the "E" scroll. The primary children sang "Twinkle, Twinkle, Little Star."

The junior high group was next

presented. The princess was Wanda Jouett and the Prince was Burl Bumpus. The flower girl was Brenda Hood and the crown bearer was Robert Wood. Attendees were: Sandra Hood and Noel Clifton, Donna Sue Eddins and Charles Roberts, Jo Carrol Cooper and Rolfe Wooten, and Mary Longbine and Jerry Stephens. Jo Carroll Cooper paid tribute to the princess with a poem. The junior high chorus sang "You're the Only Star in My Blue Heaven." Bennie Nelson crowned the princess and presented the "E" scroll to Burl Bumpus.

The queen, Mary Nell Couch, wore a white net formal gown with Brussels lace mitts from Belgium, and the school robe of kelly green velvet. The flower girl was Cherry Rapp and the crown bearer was Jimmy Diggs. The train bearers were Jay Holland and Jimmie McMinn. Attendees were: Carolyn Hood and Anthony Smith, Linda Hayes and Donald James, Imo Jean Freeze and Burton Latham, and Evelyn Hudlow and James Huffmaster. Imo Jean Freeze paid tribute to the queen with a poem.

Jimmie Dunn, "Mr. E," crowned the queen and Bennie Nelson presented the "E" scroll. The high school chorus sang "When You Wish upon a Star" and then they sang "Bless This House" for the benediction.

Mrs. Hightower's Brother Dies in New York Home

Mrs. N. A. Hightower has returned from a two weeks visit with her sons, Dr. and Mrs. N. A. Hightower and family of Austin and Dr. and Mrs. Harold B. Hightower and family of San Angelo.

While in San Angelo Mrs. Hightower received a message of the death of her oldest brother, J. Howard Boone, 70, of Stapleton, Staten Island, New York City. He had been in failing health for about two years.

Funeral services were held on Monday, Oct. 29, from the Shafer Funeral Home in Staten Island. Mrs. Hightower was unable to attend the services as she could not get plane reservations.

Mr. Boone had been sales manager for the Sachony Oil Co. of New York for 45 years and traveled in 23 states during these years. He had visited in Memphis many times with his sister, Mrs. Hightower, and at Lesley with another sister, Mrs. J. B. Adams.

Survivors, other than the two sisters here, include his wife, one son and two daughters.

Monta June Saye and Sharon Harrison visited in the homes of their parents over the weekend. They are students at West Texas State College in Canyon.

Mr. and Mrs. Hildon Lindsey of Canyon visited here Sunday with his parents, Mr. and Mrs. M. N. Lindsey and friends.

C of C Planning Pancake Supper For November 13

The Special Events Committee of the Memphis Chamber of Commerce and Hall County Board of Development is working on plans this week for a Pancake Supper, scheduled for Nov. 13, in the high school cafeteria. Dick Fowler, chairman of the committee, will have an announcement of full details next week.

The supper is designated as a fellowship dinner, and will climax the membership drive which has been underway for the past two weeks, Fowler said.

H. E. Craig is vice-chairman of the committee.

Memphis Pupils Appear On Quannah Federation Program

The Rubinstein Junior Music Club was represented in Quannah Saturday, Oct. 27, when the 7th District of the Federation of Music Clubs held the annual convention.

Appearing on the program were Brenda Duncan, Connie McMurry, Marcia Ay, DeRenda Fleming, Karl Wedel, Elaine Clayton and Sharon Daren, from Lily Larsen Music Studio.

Students visiting here over the weekend from North Texas State College in Denton were: Joy Beth Parks, Jerry Hill, John Chamberlain, and Duane Foard.

Mrs. Raymond Thomason and Mrs. Helen McMurry of Abilene visited here Monday night with their mother, Mrs. E. H. Stanford.

Katherine Hawthorne of Abilene and Mrs. John Ward of Aspermont spent the weekend here with their mother, Mrs. Estelle Barber.

Moves to California

Mrs. Hershel Chaney and daughters Rhonda and Donna left Memphis Friday to join her husband in Santa Anna, Calif.

Mr. and Mrs. Charlie McBee, parents of Mrs. Chaney, took her to Amarillo where they boarded a train for the trip. Mrs. O. L. Hammonds also accompanied the group on the trip to Amarillo.

NEWLIN CLUB TO MEET

The Newlin Mother's Club will meet Thursday, Nov. 8, in the home of Mrs. Wyman Davis, it was announced today. The afternoon will be spent quilting for the hostess.

Mrs. Andy DeWees and son Vernon Ross, of Lubbock are spending this week visiting with her mother, Mrs. Hester Bownds.

Duane Miller Picked For Council Post

Duane Miller, a 1955 graduate of Memphis High School, has been named Student Council representative from the District of Midwestern City in Wichita Falls, Texas. Miller, a senior, is the son of D. S. Miller of Pampa.

Travis News

The following pupils at Travis Elementary School have had a perfect attendance record for the first 6-weeks semester:

First grade: Jimmy Bland, Gaylon Clark, Jerry Don Dugger, Wilford Clyde Holman, Joe David McWhorter, Vicky Parks, Tony Pounds, Judy Burleson, Carolyn Louise Greene, Jane Hoover, Judy Moore, Shirley Moore, Patti Lynn Saied, Mike Blumox, Jimmy Freelen, Sammy Houston, Larry Ivy, Pat McCravery, Rocky Moore, Clarence Neel, Jeff Nixon, Judy Guthrie, Jo Miller, Rebecca Moore, Glynda Vandagriff, Harriett Watts, Renee Woods.

Second grade: Frances Jean Anthony, Danny Clark, Cathy Jean Dale, Joan Davis, Curtis Dyer, James Ray Edwards, Jerita Freeman, Sandra Ivy, Shirley Ann Jarrel, Elizabeth Dee Johnson, Kathy Cornelia Jones, Michael McCravery, Gary Lynn Rae, Phyllis Thomas, Ernie Lee Spruill, Jerry Lynn Swaim, Bobby Carroll, Jimmy Grice, Jerry Jeffries, Kay Miller, John Mixon, Joe Williams, Trudy Allison, Donna Beckham, Janet Coleman, Vicki Moore, Linda McClendon, Judy Melton, Laura Sue Moss, Suzette Smith, Zee Yarbrough.

Third grade: Frances Cawfield, Wanda Coleman, Ruby Freelen, Gary Gentry, Ginger Greene, Gary Dale Graham, Sandra Darline Guthrie, Don Hightower, Carl Houston, Gaylynn Jeffers, Charlotte Jones, Michael Lowe, David May, Russel Moore, Larry Parks, Danny Peters, Mike Pounds, Laurel Pounds, Anita Snowden, Sherel Wheeler.

Fourth grade: Richard Ellis,

John Ferrel, Edwin Lee Jones, Hubert Jones, Jr., Jeff Dale Moore, Tommy Joe Moore, Jimmie Stewart, Larry Wynn, Betty Bloxon, Sherry Clayton, Lala Sue Gidden, Janie Rue Hutcherson, Carolyn Linville, Vivian Maddox, Mary McCravery, Patricia Lynn Norton, Gayle Widener, Don Craig, Milton Baker, Mike Branigan, Robert Branum, Curtis Castro, Floyd Collins, Kenny McClendon, Melvin Moore, Jack Starigel, Jimmy W. Strygley, James Waites, Toby Crooks, Wanda Grice, Cathrine Ivy, Shirley Ivy, Brenda Moore, Jodena Pate, Mary Sue Scott, Lana K. Waites, Louise Shawhart, Suzanne Sexauer.

Fifth grade: Randy Brown, James Carroll, Clinton Culp, Mickey Daugherty, Ronnie George, Lonnie Melton, Ernest Neel, Bill Jay Pounds, Jimmie Widener, Linda Gilreath, Suetta Lemmon, Pamela Lindsey, Janice Pounds, Neita Gayle Reed, Brenda Stuart.

Sixth grade: Billy Joe Aaron, Teddy Jo Barnes, Arnold Cawfield, Thomas Dewey, Dan Goffinet, Keith Graham, J. N. Jeffers, George Miller, Eddie Moore, Larry Norton, John Richards, Jerry Scott, Dale Sexton, Charles Waller, Paula Gentry, Ann McCravery, Joan Proffitt, Linda Richards and Priscilla Smith.

The first grade children enjoyed a ride on the fire truck on Thursday of Fire Prevention Week. The firemen gave them hats and Fire Prevention booklets.

Texas Poetry Week has been observed by the Travis Elementary school children. Many of the children wrote original poems.

Sixty per cent of the third grade pupils ate at the cafeteria during the week Oct. 15-21.

One fifth grade boy remarked

that "Although geography is hard for me I find it very interesting." Mrs. Newton, first grade, and Mrs. Stroehle, third grade, report no absences or tardies for the week Oct. 15-21.

Interesting science specimens of various kinds of rocks and insects and a badger skin and a wolf skin have been brought to school by the second grade pupils in Miss Milam's room.

Paul J. Smith, first grade, had a tonsilectomy last week. He is back in school this week.

Jose Cavas, first grade, entered school Friday, Oct. 12.

Alberto Ortega withdrew from school Oct. 12.

The following teachers' rooms have reached 100 per cent in P. T. A. membership: Miss McElrath, Miss Milam, Mrs. King, Mrs. Stroehle, Mrs. Gurley.

Pupils in the third grade, Mrs. Stroehle, teacher, who have had perfect spelling lessons for the 6 weeks are: Frances Cawfield, Wanda Coleman, Darline Guthrie, Charlotte Jones, Susan McQueen.

Sixth grade pupils have had an extra busy week Oct. 8-12, finishing our Indian totem pole art project, writing and mailing letters in observance of National Letter Writing Week and working on fire prevention posters. We are also composing rhymes on fire prevention.

If you'd like to see our brand of totem poles, just take a peek at our bulletin boards. We think they are pretty good.

Curtis Ray Dyer, of the second grade, has moved to Pampa. Third grade absences last week include: Gaylynn Jeffers, Charlotte Jones, Jose Paz.

Edison invented the flash light in 1914.

Mr. and Mrs. T. J. Bridges spent the weekend in Houston visiting with their son, T. J. Bridges, Jr., and family and daughter, Mrs. O. M. Smith and family.

Mr. and Mrs. Bob Queener and children of Perryton visited over the weekend here with friends. The Queeners are former Memphis residents.

Mr. and Mrs. Leo Walker and sons, Stevie and Mike of Wichita Kan., visited here over the week end with her parents, Mr. and Mrs. W. M. Nunnally.

Miss Ann Spoon, who is a grade teacher in the public schools, visited the weekend with her Mr. and Mrs. Dick Spoon.

Let's Compare the Difference in the Two Presidential Candidates

MR. EISENHOWER

The Christian who has all the meetings opened with prayer.

Will not allow Alcoholic drinks served at any Reception he attends.

Tells the same story all the time and pleads for PEACE, PROGRESS & PROSPERITY.

Says that Texas is entitled to their Tidelands.

His running mate NIXON sent Alger Hiss the Communist to the penitentiary.

Won the Second World War and kept his promise and stopped the Truman Korean War.

Believes in PEACE through strength and preparedness and has offered to stop Atomic Bomb if Russia will do so too with Inspection.

Is for all the People all the time and really wants to help the Little Man. And is known as an Honest man. Has not called any one dirty names nor insulted anyone.

Wore the Khaki and was proud of it and most Americans are proud of him, too.

And doesn't want us to have to leave some more of our Khaki covered packages in the foreign Countries.

We believe that Mr. Eisenhower will make a better Commander in Chief than a NOVICE. We believe that he will come nearer to keeping us out of war and also come nearer to winning if we should be pushed into a war. We notice that Bulganin of Russia has written to Mr. Eisenhower asking him to follow the plan suggested by Mr. Stevenson as to the Atomic Bomb.

Whose Plan Do You Want?

Mr. Eisenhower's or Mr. Stevenson's, Bulganin's and Walter Reuther's?

It's up to the Good People to Decide on November 6th

And remember that outside of the drouth stricken States that we have even greater PROSPERITY with PEACE than we had during the WAR PROSPERITY of the Democratic Administration. Let think Ike is more of a Democrat than Stevenson. But he can't make it rain.

Joyce Jones, Local HE Teacher Attends Meeting

Miss Joyce Jones, Memphis homemaker, attended an Area I homemaker convention in Canyon, Oct. 20.

The meeting was held in the Canyon High School auditorium. Joe A. Gibson, superintendent, gave the welcome address. Talks were made by Gertrude Watson, Mrs. Meota Carter, Mrs. Julia Denleger, and Mrs. Lone Thompson.

The main speaker was Mrs. Vivian Adams, head of Home Economics Education, Texas Tech. at Lubbock. She spoke on "Developing the instructional phase of the program."

The purpose of the convention was to assist teachers in developing more effective homemaker educational programs.

Bob Ayers Attends Auctioneer Meeting

Bob Ayers returned Monday from Dallas, where he attended a meeting of 23 auctioneers from over the state of Texas, who were in session to organize an association.

During the meeting, a slate of officers were elected as well as directors, Ayers reported.

The group will concentrate their efforts for the next few weeks toward a membership drive over the state. Then, in February, all members will hold a convention in Fort Worth.

KNOW THE FACTS about the Veterans Land Program

One of the important amendments to be voted at the November 6 election is the one authorizing an additional \$100,000,000.00 for the expansion of the Veterans Land Program in Texas

Don't be misinformed on this amendment and its importance. Despite the fraud most of which has already been recovered, the Veterans Land program shows a profit and not a loss. Look at the figures below. To date the PROFIT FROM OPERATIONS is \$2,307,872.15.

Cotton John Moffett, well known to all of us for his honesty and fairness, has this to say about the amendment: With a profit on hand the Veterans Land Board can meet all of its obligations and show a profit. No Taxpayer will have to dig up a dime.

EISENHOWER

IS A BETTER DEMOCRAT THAN STEVENSON!

TEXAS DEMOCRATS FOR EISENHOWER

W. B. BOB SMITH CHAIRMAN

You are a free Texan . . . You can vote any way you like. Regardless of what you may have heard, it is perfectly legal to split your ticket if you want to, just as it is legal to vote the Democratic ticket straight, or the Republican ticket straight. The purpose of the ballot is to determine what the people want. And if you want to vote for Eisenhower and Nixon — then cast the rest of your ballot for the Democratic nominees — that is your privilege. Don't let anyone tell you otherwise! BY LAW YOUR VOTE MUST BE COUNTED.

(Pol. Adv.—Paid for by Texas Democrats for Eisenhower, Weldon Hart, Director

Vote FOR Amendment No. 5

Sponsored By the Simmons-Noel Post No. 175 Of the American Legion

ERRING HUNTERS FINED HEAVILY OVER STATE

For the benefit of itchy-fingered hunters eager for the major fall harvest season to get underway, the Director of Law Enforcement E. M. Sprott, for the Texas Game and Fish Commission, called attention to some compromising and costly experiences of some careless gunners.

Seventy-six persons were listed in the monthly arrest report as having hunted out of season, or too early or too late. Thirty-five of these, including some who took more than the law allows, lost their hunting rights for one year,

in addition to paying substantial fines.

The director called particular attention to another common error—that of hunting from an automobile. Forty-six persons were charged with that offense in the combined report from field men. Exceeding the bag limit on doves brought cash penalties against 24 persons.

The unlucky number was "three" for two clusters of offenders. Three men from Three Rivers paid a total of \$300 in fines plus court costs for shooting wild turkey out of season. Three men from Willis paid \$300 in fines plus court costs for "telephoning" fish. Eight persons in all were fined for using this illegal shocking device to take fish.

The largest fine average was for pollution. Ten cases brought

SUPERTANKER . . . Largest U. S. tanker "Esso Gettysburg" slides down ways at Newport, Va. Its 26,500 hp turbines give 37,500 ton ship 18.5 knot speed.

levies of \$800 plus court costs.

Looking ahead to the coming major harvests, the director said his best advice to the "sportsmen" is to keep shotgun plugged, shoot within the legal hours, watch the limits, beware shooting from cars and from public roads, always obtain landowners' permission to hunt and, above all, to contact the local game warden if in any doubt about any phase of the hunting periods.

Color Telephones Now Available For Area Residents

The availability for the first time of color telephones in this area was announced recently by H. E. Craig, district commercial manager for General Telephone Company of the Southwest.

Previously, the supply of telephones in color has been limited because of increased demand that exceeded production of the instruments. However, telephones in eight brilliantly designed colors are now in supply.

Craig explained that a special one-time charge is made for color telephones and that no recurring charges are made each month. Full details about the charges can be obtained from the local telephone business office.

The eight colors in which the telephones are now available are sand beige, garnet red, dawn grey, sunlight yellow, turquoise, classic ivory, colonial blue and jade green.

A league is about three miles.

Locals and Personals

Mr. and Mrs. B. O. Shankle visited in Lockney over the weekend with their daughter and son-in-law, Mr. and Mrs. Carl Lee, Jr., and daughter, Debra Ann.

Mr. and Mrs. Ralph Williams and Mr. and Mrs. John Shadid visited in Hobart, Okla., Sunday with relatives and friends.

Mr. and Mrs. Bob Fowler of Weatherford visited here over the weekend with his parents, Mr. and Mrs. John Fowler. Bob is a student at Southwestern School of Pharmacy.

Mr. and Mrs. C. L. Hoffman and family of Lubbock visited here over the weekend with his mother, Mrs. C. A. Hoffman and Ruby and Mr. and Mrs. Jim Beeson.

Mrs. Bess Crump is visiting in Amarillo this week with her daughter, Mrs. Jay Shepherd and family.

Ray Johnson, who is attending Southwestern School of Pharmacy, spent the weekend here with his parents, Mr. and Mrs. Heber Johnson.

Mrs. J. D. Browder left Tuesday for her home in Mineral Wells. She arrived in Memphis on

Sunday to transact business here.

Mr. and Mrs. J. L. Barnes, Jr., and son of Dallas visited from Saturday until Wednesday with his parents, Mr. and Mrs. J. L. Barnes.

Mrs. T. J. Hampton is visiting Sulphur Springs and Paris relatives. Mrs. Hampton plans to return home this weekend.

Code of Ethics of Pharmacy

The pharmacist shall seek to enlist and to merit the confidence of his patrons, which he shall hold inviolate. He shall consider the knowledge which he gains of the ailments of his patrons as entrusted to his honor. VOTE DEMOCRATIC

... The FARM, The HOME, The BUSINESS, The JOB You Save Might Be Your Own!

Here's How You
"GOVERN" the
Government ...

VOTE Nov. 6th

... for Every Democratic Candidate from
The Court House to the White House

By voting Democratic on November — from Adlai Stevenson for President, down the list to County nominees — we will be voting for the party of the people of Texas — the party that works for Hall County and our state.

Historically, this county has always been in the Democratic column. Most people realize that our basic economy is based upon the RETURNS FROM AGRICULTURE. And the farmers and businesses have always received better treatment at the hands of Democratic administrations.

The issues are being clouded here in our state again. The ideas of smart politicians and public relations experts are being propounded in the press and over the radio and television stations with one aim in mind: to try to sell Texans upon voting again for a military hero. But the fact remains: YOU CAN'T HAVE IKE WITHOUT HAVING A REPUBLICAN ADMINISTRATION — AND NIXON. The policies of the Republicans have always been aimed at favoring the business and political interests of the North and East. The small businessman, the farmer, and the salaried person have always been of secondary importance.

The Republicans have the money — and are using it — to put forth all kinds of statements. But the Democrats have the votes — if they will go to the polls next Tuesday and cast their ballots for the entire slate of nominees in the Democratic column.

Keep in mind that Texas' prestige in Congress is unsurpassed by any other state. On Nov. 6 we will elect a strong slate of Democratic Congressmen — along with state, district and county officers. So ...

VOTE NOV. 6 ... AND VOTE DEMOCRATIC!

Pep Rally Held Friday on Square

A pep rally was held on Friday, Oct. 25, on the west side of the courthouse here by the students of Memphis High School.

A procession marched to town, led by the band. A decorated truck carrying the football team followed, cheer leaders and the rest of the students completed the parade.

After reaching the west side of the square, the pep rally was begun. The band played several selections and the cheer leaders led in some enthusiastic yells. Football players then boarded the bus which was to take them to McLean, to the accompaniment of cheers from the crowd.

THE STATE OF TEXAS TO:

JOHN H. MARRS

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 10th day of December, A. D. 1956, at or before 10 o'clock A. M. before the Honorable District Court, of Hall County, at the Court House in Memphis, Texas.

Said plaintiff's petition was filed on the 26th day of October, 1956. The file number of said suit being No. 3747.

The names of the parties in said suit are Bertha Marie Marrs as Plaintiff, and John H. Marrs as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit for divorce. Plaintiff alleging lawful marriage of plaintiff and defendant; that on or about July 20th, 1944, defendant, without any provocation or cause vol-

SEVEN SOLID REASONS WHY TEXANS SHOULD SUPPORT EISENHOWER

1. He ended the useless war in Korea and has kept America out of war.
2. He has given this country an effective foreign policy, backed up by a powerful defense force at less cost. He does not believe in a policy of weakness.
3. He achieved the conversion from war to peace with the greatest prosperity the American people have ever known.
4. He has kept his promise to the people of Texas by restoring to us our tidelands.

5. He replaced crook-and-crony government by restoring morality, honesty, integrity and sanity, to our national government.
6. He stopped the trend toward socialism by turning to the initiative and ability of the American people rather than government regimentation.
7. He has cut government spending and waste, thus bringing about a cut in taxes.

MHS Band Rated Division I Tuesday

The Memphis High School Band received a Division I rating in the Interscholastic Marching competition held in Canyon Tuesday evening, according to an announcement by Miss Kathy Phillips, band director.

Bands from Carendon, Friona, McLean and Panhandle received a Division II rating in the event, while Lefors, Stinnett, Sunray and White Deer were rated Division III. Bands do not compete against each other but are judged on their

performance, Miss Phillips said.

Twirlers from the Memphis band competed Tuesday afternoon. In solo competition, Linda Fields received a Division I rating and Shirley Reed, Ouida Massey and Barbara Allen received Division II ratings. The twirling ensemble composed of all twirlers received a Division II rating.

The marching contest consisted of a precision drill routine drawn from the half-time football performances the band has presented this year, Miss Phillips said.

For many years the marching contest had been held in conjunction with the concert and sight reading contests in the spring, but last year the Interscholastic League decided to have the event in the fall.

Bands from 35 towns competed in the different classes. Judges for the contests were Jack Lee of the University of Arizona, Bill Rhoads of New Mexico University and Jim Jacobsen of Texas Christian University.

Counties Under Drought Relief Now Total 233

A total of 233 Texas counties are now included under the Emergency Feed Grain program and the Hay and Roughage program, after the recent addition of 15 more counties by Secretary of Agriculture Benson.

This announcement came from the office of Walter T. McKay, state director, Farmers Home Administration. The newly designated counties are: Angelina, Harris, Jasper, Montgomery, Nacogdoches, Newton, Panola, Polk, Sabine, San Augustine, San Jacinto, Shelby, Trinity, Tyler and Walker.

FHA committees in the counties in which the program is now in effect have been advised that they may take applications from farmers and ranchers through Dec. 3, 1956, to provide feed grains and roughage for basic livestock herds through Dec. 31, 1956.

Under the feed grain program the government payment was recently increased from \$1.00 to \$1.50 per hundred weight. Under the roughage program, eligible applicants are issued purchase certificates good for \$7.50 per ton on roughage actually purchased. Roughage includes hay, either baled or loose, cotton seed hulls, peanut hulls, corn cobs, glycerum bundles, ensilage, oat hulls, dehydrated alfalfa pellets, dehydrated alfalfa meal products and sun cured alfalfa meal.

Application for assistance under both of these programs may be filed at the local FHA office.

RECORD FLIGHT . . . LORRIE Ann Hallman, 3, of Arlington, Va., holds monarch butterfly her kitten caught. Band on butterfly's wing showed it flew from Toronto, Canada.

Representatives Plan Handbook Of ASC Practices

Representatives of Hall County agriculture met in the Agricultural Stabilization and Conservation office Friday and drew up plans for the 1957 Handbook, according to an announcement by Lynn McKown, office manager of ASC.

Present for the meeting were members of the county ASC committee and representatives of the Extension Service, Soil Conservation Service and Soil Conservation District.

The tentative outline for the handbook must now be worked out in full and approval must be secured from Miles A. Kelly, area conservationist, ASC.

Two new practices for the building of waterways to remove excess water from terraces will be included in the new handbook, McKown said. Also, payments will be available next year for re-breaking land which was deep broken prior to 1954, he continued.

GRASS JUDGING HELPFUL

Grass judging contests for 4-H and FFA members and in some instances for adults are credited by A. H. Walker, extension range specialist, with spreading useful range management information. They have resulted in a new found appreciation for range plants and range management practices have been changed in order to utilize the new knowledge.

Red cedar wood is used most commonly in making lead pencils.

Parrots have no wishbones.

Department of Agriculture Announces Acreage Allotments for 1957 Cotton

The U. S. Department of Agriculture this week announced the 1957 state acreage allotments for upland and extra long staple cotton.

The total allotments available for distribution in the states were

Comments —

(Continued from Page 1, Sect. 1)

Thousands who paid daily visits from nearby points during the colorful season. Several fine hotels and scores of good motels and tourist courts, plenty of good eating places and various places of amusements make Gatlinburg a real tourist center.

We were met in Gatlinburg by Mr. and Mrs. Frank E. Buckalew of Philadelphia, whom we had the pleasure of meeting and becoming friends with when we were at St. Johnsbury, Vt., three years before. We enjoyed being with them for three days and then they had to return home.

An attempt to describe the beauty of the Smokies is like trying to describe the greatness of the Creation, the soul of mankind, the mystery of life itself. It is claimed the mountains present the most varied and vivid autumn coloring to be found on the American continent. Early in September the forest coloring begins on the higher reaches. First comes the flame reds of sourwood and maple, then near the tops and slowly down the slopes flow the yellow bands of tulip poplar, then the beach and birch turns to gold against the evergreens, and last to turn are oaks, filling whole valleys with scarlet and bronze. October sees the color pageant at its height. Viewed from a mountain vantage point the country is a tapestry of red, brown and gold. Asters, goldenrod and other fall flowers dot the roads. A balmy stillness prevails, filling the valleys with golden haze, and lazily floating clouds kiss the mountain top appearing in thin air above a cloud bank. Most of the time the mountains are shrouded with a smoky haze, which finally gave the mountains the title of Smoky Mountains. At first they were called Iron Mountains but very little iron is there so the name Smokies came into universal use.

When the pictures we shot return from the processors, we hope they will in a way show the beauties of the trees and other plant life as they don the autumnal dresses fashioned and painted by the Great Master Painter, designed to show that even in their dying moments trees reflect the Glory of God.

More next week.

set by the USDA at 17,585,463 acres. The total allotment for Texas was set at 7,547,503 acres which includes 10,974 acres as Texas' share of the national reserve. The Agricultural Act of 1956 provides that a national acreage reserve of 100,000 acres be apportioned among states on the basis of estimated needs of each state for additional acreage to establish minimum farm allotments under the act.

The marketing quota for the 1957 crop of upland cotton was announced on August 31 as 11,014,493 bales of 500 pounds gross weight. The marketing quota for extra long staple cotton, just announced, is 76,565 bales, and the national acreage allotment was set at 89,357 acres for the 1957 crop.

Dec. 11 has been set as the date for the referendum on marketing quotas for the 1957 cotton crop. At least two-thirds of the cotton producers voting in this referendum must favor the marketing quotas if they are to be effective on the 1957 crop. Whether quotas are approved or disapproved, 1957 cotton acreage allotments will remain in effect as a condition of eligibility for price support.

The USDA announcement said that the state acreage allotments would be apportioned among counties and the county allotments among farms according to provisions of the law and regulations issued by the Secretary of Agriculture. Individual farm acreage allotments will be mailed to operators of cotton farms prior to the referendum.

son and Miss Kefauver are at the top of the list under the Democratic Party heading.

Dwight D. Eisenhower and Richard M. Nixon head the Republican list. T. Coleman Andrews and Thomas H. Werdell are candidates of the Constitution Party.

As in the past, the Democratic Party has a full slate of nominees for all elective offices. Heading the list are the two men running for president and vice-president; then Martin Dies for Congressman-at-Large, Price Daniel for Governor and the complete slate of state office nominees, district, county and precinct party names.

This slate includes Ben Ramsey, Will Wilson, Meade F. Griffin, Robert W. Calvert, James R. Norvell, W. A. Morrison, William J. Murray, Jr., Robert S. Calvert, Earl Rudder, Jesse James, John C. White, Alton B. Chapman, Walter Rogers, A. R. Bivins, Luther Gribble, John T. Forbis, Will Ehrle, Mildred Stephens, Wm. B. Teague, Mrs. W. C. Anderson, W. P. (Bill) Baten, Jr., Edwin Hutcherson and Pete Davis.

The only names appearing in the Republican column, besides those of president and vice-president, are William R. Bryant for Governor, Leo N. Duran for Attorney General, and Samuel F. Singleton for State Commissioner of Agriculture.

The Constitution Party lists, in addition to the presidential and vice-presidential candidates, Fred T. Spangler for Congressman-at-Large, John R. Anthony for Associate Justice, Supreme Court, Place 2, Joseph M. Rummel for Railroad Commissioner, E. G. Brown for Comptroller of Public Accounts and Bard A. Logan for State Treasurer.

No names are listed under the Independent and White-In headings.

Appearing on the bottom of the

ballot will be eight amendments. Voters will be asked to approve or disapprove of these by voting on either the "for" or "against" statement. A summary of these amendments can be found on page 10 of this issue of The Democrat.

At the top of the list will be found these men may vote for the candidate by placing a square beside the name. Your choice in each case is indicated by a check mark or by marking the name in that race.

Local Democrats

(Continued from Page 1)

Lakeview had already three times their quota. The petition in that case being circulated, and being passed in the 13th, Memphis, but Chairman Leigon had already funds far in excess of quota.

Chairman Wells stated person wishing to donate or her precinct chairman Saturday night.

COMMUNITIES ORGAN

During 1956 more Texas communities are something about existing by organizing to of their problems. Regional extension rural sociology that 187 communities were in the Neighborhood program and that group and action achieved results in communities on the verge of "dying."

Mr. and Mrs. Glynn Thompson Tell Of Enjoyable Vacation in Florida

(Editor's Note: Mr. and Mrs. Glynn Thompson, who returned last week from a vacation trip to Florida, give the following account of their trip. In speaking of the trip Tuesday, Mrs. Thompson said it was one of the nicest vacations they had experienced.)

Glynn and I left Memphis September 30 by car and drove to Longview, Texas, to visit our son Dayle and family; however Dayle was not at home, but was in Casper, Wyo., on a business trip for Lebus Oil and Machine Co. He has four girls, from three years to ten years of age, and the oldest girls are taking dancing. This is their third year, so they can put on quite a show, we grandparents think so, anyway.

We went from Longview by way of Vicksburg to Jackson, Miss. This is a very historical town and the capital of Mississippi. They are having their racial problems, too, in fact so much of the publicity about the Negro girl entering Mississippi College happened in this town; it made race a touchy subject for the people of Jackson.

Our next stop was Dolman, Ga., and this town was in the center of hurricane "Flossy" a few weeks ago. Twelve inches of rain fell there in about six hours; one could easily see the damages it had done to trees and buildings. Dolman is in the heart of the peanut country in Georgia and the harvest was in progress when we arrived. The peanuts are plowed and then stacked on a ladder-like stick, four or five feet high and about that same distance apart to dry, then they are easily gathered after being dried out. It was here that we bought a can of boiled peanuts. They boil the fresh peanuts in salt water, drain and place in cans

or jars—makes fairly good eating.

This point in our story brings us to Tallahassee, the capital city of Florida. It is worth one's time to drive around to see the beautiful homes, schools, churches and government buildings; they are all landscaped and well cared for. This is the hibiscus flower season. The flowers were all out in their pink, white, red, and yellow colors—very pretty. Also tobacco grows here for cigars. The growing season is about over for this year; most of the tobacco had been cut and placed in the drying sheds, very much like our cotton warehouses here. The tobacco is shipped to Tampa, Fla., where one sees the biggest cigar factory in the south. One brand they make is the Tampa Nugget, but that is another interesting story.

Eighty-five miles north of St. Petersburg is the town of Homosassa. It is located on the river by that same name and means, "river of many fishes." Fishing resorts are all along the river, to take care of visitors and fishermen. We stayed at the "Charlene Lodge" in a very modern apartment and fished from a private boat dock and fishing pier. The pier had a roof over it and was provided with very comfortable easy chairs—even a rocking chair. Captain Jean Shattuck, a retired navy captain, owns and operates the place. He also owns a sightseeing boat that carries 48 people aboard on Tampa bay. We were fishing late one evening from the boat dock on the river, when the captain said, "One could swim very nicely from the boat pier with safety." I asked: "Are there any alligators in the river?" He replied, "Yes. Look out there." He pointed out five that I thought were logs floating along. I quickly lost all desire to swim there. The captain said, however, that alligators would not harm one unless cornered, and were good to have in the river because they ate turtles and eels, and thus kept the river clean. The alligators do not eat game fish.

One Sunday we were guests of Captain Shattuck. We enjoyed just sailing around on Tampa bay and seeing the sights of old St. Petersburg by the water route. The million-dollar toll bridge (the tallest and longest in the world) that stretches from Tampa to St. Petersburg was viewed, along with

CROWNS SUCCESSOR . . . Sharon Kay Ritchie (left), 1956 Miss America, places diadem on head of 1957 Miss America, Ann McKnight, 19, of Manning, S. C. Ann won over 49 contestants at Atlantic City.

Snell Island, or millionaire's island, where the mayor has his home; other homes were of movie actors and actresses. We also saw a sail boat race, and water skiing was going on everywhere.

An afternoon was well spent in St. Petersburg at the Sunken Gardens, where one may see the beautiful rose-pink flamingos and other tropical birds and fish, as well as many rare flowers and trees. These gardens are not as large as the Cypress Gardens of Winter Haven, but are very pretty.

We journeyed on to Clearwater Beach, where we found a nice beach house on the gulf at a place called Gulf Ranch. We had a two bedroom dwelling with a living room, electric kitchen, and bath room, right on the gulf. We also had our own private beach. It was the ideal place to loaf, fish and rest, and just be lazy and enjoy the wonderful sunshine and lovely scenery. We would walk the beach early in the morning to see what the tide had brought in. We found such objects as shells, sea-grass, coral, sponge and sand-dollars. We also found some rare shells that were very beautiful. We went swimming in the gulf two or three times a day, followed by a beach box supper every night and a game of shuffleboard. We never had played the game before, but we soon learned, and enjoyed it very much. One night we were playing shuffleboard in competition with a couple from Toronto, Canada. In fun we bet the state of

Texas against the Dominion of Canada. Canada won.

We spent one day at the famous Cypress gardens at Winter Haven, Fla. They were beautiful, even at this time of year. All kinds of lovely vines were in bloom, as well as many different kinds of flowers. Orchids were everywhere, growing from trees as well as in beds. Present also were all types of trees, such as coffee, palm, coconut, banana, pineapple and cypress. Now and then one would see beautiful girls in colonial costumes, walking or posing for pictures. We ate

lunch on a beautiful, flower-bedecked terrace, and watched a 45-minute water-ski show by the world champion skiers. One may walk or take an electric boat ride through the gardens, and at the end of the day wish that the day were a little longer so you could stay and see just a little bit more.

One day fourteen people from the Gulf Ranch went deep sea fishing on the boat, "El Capitan." The boat was very modern—65 feet long and 24 feet wide—with a comfortable lounge, sun deck, snack bar, and a man to take

your fish off the hook and place it on a stringer. We caught such fish as red snapper, grouper, and king mackerel. It was a wonderful day and experience for land lubbers from west Texas. Glynn won the skippers cap that day for catching the most fish. We caught so many fish that we held a fish fry the next night on the ranch.

These were the highlights of our trip. I could go on talking about Florida, but I will say in conclusion that on our return trip we stopped at Panama City for our last swim of the season in the beautiful gulf, went through Mo-

bile, Ala., Natchez, Miss., to Texas. I hope we will have a longer stay in the State.

Mr. and Mrs. Thompson visited in Clarendon State relatives.

1957 Plymouth Goes On Display Here This Week

The 1957 Plymouth went on display this week at Hickey Motor Company and other dealer showrooms over the nation.

Gerald Hickey announced this week that the car will feature the completely new Torsion-Air ride, new frame and new 14-inch tires. The new design eliminates 65 per cent of "brake dip," Hickey said.

Lower, wider and more powerful, the new model represents a complete change in styling, body structure and chassis.

J. P. Mansfield, Plymouth president, said the new car is the result of a telescoping of Plymouth's forward planning.

"The car has the style and features of the car we had thought only a few years ago as possible for about 1960," Mansfield said. "We have moved faster than we had hoped. The public has shown an eagerness to accept dramatic change."

The 1957 Plymouth models are as much as five inches lower than corresponding 1956 models. The wheelbase has been lengthened from 115 inches for all models in 1956 to 118 inches for standard models and 122 inches for Suburban station wagons in the 1957 line.

The new car has the appearance of greater length which comes from functional styling. A broad hood, soaring tail fins and forward thrusting headlight brow all contribute to the impression of length.

In chassis design, Plymouth has accomplished its most significant change since the introduction of independent front wheel suspensions with coil springs in 1934. The feature is called Torsion-Air.

In the overall re-design of the front suspension, coil springs have disappeared. They are replaced by torsion bar springs which together with other equally basic improvements in both front and rear, produce a new kind of ride and new "handling."

The completely new front suspension and steering system creates a remarkable degree of stability under forces of acceleration, braking, and cornering. At the same time, according to Plymouth engineers, the vehicle is more softly sprung than ever before. For the first time on an American passenger car, ball joints are combined with torsion bar springs to create the unique combination of ride and handling characteristics. A new rear suspension incorporates relocated leaf springs, which contributes to the new better ride.

All of the 1957 Plymouths have more powerful engines than 1956 models. The standard V-8 for all models except the Plaza in the new Fury 301, the number signifying displacement. The Plaza V-8 retains a displacement of 277 cubic inches, but, like the Fury 301, has a new camshaft, new carburetors, and other innovations to achieve increased performance and economy.

The compression ratio of the Fury 301 is 8.5 to 1. The Plaza V-8 retains the compression ratio of 8 to 1. The compression ratio of the PowerFlow Six is increased from 7.6 to 1 in 1956 to 8 to 1 in 1957.

New 14-inch wheels and low pressure large section tires are included along with other innovations as:

New 11-inch brakes, of Chrysler Corporation's Total Contact design.

A new integral all-weather air conditioning system which combines heating, cooling, dehumidifying and ventilating in one underhood unit, available on all V-8 models.

Padded instrument and sun visor.

1957 PLYMOUTH—The new Plymouth Sport Coupe (hardtop) has a low silhouette, long wheelbase, more powerful Fury 301 engine and revolutionary new Torsion-Air ride—said to be the most important advancement in automotive design since the introduction of independent front suspensions. The new Plymouths are on display in Memphis at Hickey Motor Co. Car pictured above is the Belvedere with Sportone trim.

Supt. Foreman Urges Support Of Amend. No. 4

"Support is growing for Constitutional Amendment No. 4, the Teacher Retirement Amendment on the November 6 General Election ballot, as the public is given the facts," Mary Foreman, Superintendent of Hall County Schools, said today.

"This effort of Texas teachers to attract and hold good teachers is one of the most unselfish, public spirited movements ever seen in the interest of good education for Texas children," Miss Foreman declared.

Amendment No. 4 will improve the Teacher Retirement System created in 1937, a depression year. The system covers all employees of public schools and state

sors available as optional equipment:

New safety recessed center steering wheel.

New full-view windshields with 45 per cent greater glass area in sedans and Suburbans and 43 per cent greater in hardtops.

supported institutions of higher learning, she said.

Miss Foreman feels that increased benefits will encourage teachers now leaving the classrooms to remain in the teaching profession. Approximately 7,000 experienced teachers are lost each year. The program would also help attract some of the 3,800 new teachers needed each year to instruct the 100,000 new children who jam Texas classrooms annually.

The new program, as passed by the Texas Legislature last year—unanimously in the Senate and with only two dissenting votes in the House—would work like this:

A teacher would pay into the retirement fund each year six per cent of his salary (present rate five per cent), and would earn a retirement based upon the total of these deposits.

In addition, the amendment adds some benefits which are common in the retirement plans of private industry but have not been included in the teacher retirement system heretofore.

These are: (a) benefits for teachers who become unable to work because of disability; (b) death and survivor benefits for the family of a teacher who dies

while in school employment; and (c) a guaranteed minimum retirement payment for teachers now retired and for those who retire in the future. This minimum of \$100 per month would go only to those who had at least 20 years of service and who reached the age of 60.

The new program would cost teachers, through increased deposits into the fund, 4,500,000 annually. The state will match these funds.

No additional tax will be needed, Miss Foreman emphasized either at the local or state level. She explained it this way:

The local school district pays no part of the retirement deposit, so local taxes could not be affected. The increased industrialization and population of Texas are producing more tax money, enough additional each year under existing tax laws to pay several times the state's \$4,500,000 share of the retirement program. Thus, the causes of the present school situation will help pay for its solution.

"It is true, of course," Miss Foreman stated frankly, "that if the program were not adopted the Legislature would have an additional \$4,500,000 to spend for some other purpose. But it would

Larry L. Lewis Returns To U. S. Aboard USS Wasp

Larry L. Lewis, electrician's mate third class, USN, son of Mr. and Mrs. Clifton R. Lewis of Lakeview, returned to San Diego, Calif., Oct. 15, aboard the attack

aircraft carrier USS Wasp from a six-month cruise in the Western Pacific.

During the tour of duty the carrier visited Hawaii, Guam, Hong Kong and the Japanese ports of Yokosuka, Iwakuni and Sasebo.

The Wasp will transfer to the Atlantic early in 1957 sailing around South America to Boston which is scheduled to be her new home base.

More salt is present in the Atlantic than in the Pacific Ocean.

List of Amendments Appearing Nov. 6 Ballot Summarized

Note: The following summary of the amendments which voters will see on the ballot when they go to the polls.

AMENDMENT NO. 1
This Constitutional Amendment gives power to the Legislature to aid and compensation for persons who have paid fines or served prison sentences for violations of the laws of this state for which they were not previously convicted.

AMENDMENT NO. 2
This amendment authorizes the state to grant aid and compensation to persons who have paid fines or served prison sentences for violations of the laws of this state for which they were not previously convicted. It could apply to past as well as to future cases of imprisonment or payment of fines. The amount of compensation in each case would be determined by the Legislature.

AMENDMENT NO. 3
This amendment deals with the present provisions for the state's fund. It provides that the fund shall be built up by a surcharge on the present rate of 100.00 valuation. The allocation elections have been held in this county in 1949 and 1954. Both of these elections were by a 5 to 1 margin. This amendment is adopted to give the necessity of these elections.

AMENDMENT NO. 4
This amendment empowers the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum of the compensation paid each such employee by the State or school district or the sum of \$504.00 for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing the fund.

AMENDMENT NO. 5
This amendment empowers the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum of the compensation paid each such employee by the State or school district or the sum of \$504.00 for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing the fund.

AMENDMENT NO. 6
This amendment empowers the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum of the compensation paid each such employee by the State or school district or the sum of \$504.00 for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing the fund.

AMENDMENT NO. 7
This amendment empowers the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum of the compensation paid each such employee by the State or school district or the sum of \$504.00 for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing the fund.

AMENDMENT NO. 8
This amendment empowers the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum of the compensation paid each such employee by the State or school district or the sum of \$504.00 for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing the fund.

AIR CADET . . . Shanghai-born Janet Marshall, 19, of Geo. Washington U., rides in jet fighter after being sworn in as first girl ROTC air cadet.

with a maximum deposit of \$504 per person per year instead of the current \$180. The State would match these contributions.

No person would be eligible for retirement who has not been employed 10 years and who has not reached the age of 55 or completed 30 years of service. Those who leave such employment before they are eligible to retire would be entitled to a refund of monies paid into the fund, as at present with accrued interest.

The Legislature would have the power to invest monies coming into the fund in (1) bonds of the United States, Texas, and of cities, counties, districts, etc. of this State; (2) in securities permitted by law as investments for the Permanent University Fund or for the Permanent School Fund.

This amendment would provide more extensive benefits and higher payments than the present program. It would become effective upon adoption by the voters.

AMENDMENT NO. 5
This Amendment to Section 49-b of Article III of the Constitution of Texas to change the membership of the Veterans' Land Board; increasing the Veterans' Land Fund by \$100,000,000; said fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans of World War II and to Texas veterans of service in the Armed Forces of the United States of America subsequent to 1945. Such funds shall be expended in accordance with instructions and requirements that may be provided by law.

This amendment would, for one thing, remove the governor and attorney general from the Veterans' Land Board, replacing them with two citizens appointed by the governor for four-year terms and confirmed by the senate. The Land Office Commissioner would remain as the third member of the board and its chairman.

The VLB would be authorized to issue another \$100,000 in bonds or obligations for purchase of land and resale to veterans. This is double the present authorization of \$100,000,000.

AMENDMENT NO. 6
This amendment would provide two separate forms for the oaths of office for elective and appointive officials. Both now use the same oath, although it applies only to elective officials.

The official must swear or affirm that he will faithfully execute the duties of his office, and will to the best of his ability preserve, protect, and defend the Constitution and laws of the United States and Texas, and that he has not directly or indirectly paid, offered, or promised to pay, contributed any money, or valuable thing, or promised any public office or employment as a reward for influencing his election or appointment.

AMENDMENT NO. 7
This Constitutional Amendment requiring medical testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by a person alleged to be of unsound mind or his next of kin, and his attorney ad litem.

The major change in this amendment is the permission it would give the Legislature to enact laws to permit the waiving of a jury trial by, or for, a person charged with lunacy if no criminal offense is involved.

No person would be committed to a mental hospital except on competent medical or psychiatric testimony. The Legislature is authorized to enact specific laws for trial and commitment of the mentally ill.

AMENDMENT NO. 8
This amendment deals with denying bail to habitual criminals. It provides that any person accused of a felony offense less than a capital offense, may, after hearing and upon evidence substantially proving the guilt of the accused, be denied bail pending his trial if he is afforded a trial within 60 days of his incarceration, or if the accused applies for a postponement.

This is a new provision, and if adopted will make it much harder for a habitual criminal to obtain bail bond while awaiting trial.

Mr. and Mrs. Ralph Howard and son Dennis spent the weekend in Memphis with Mr. and Mrs. John Dennis and Dink. The Howards returned home Sunday while Dennis remained in Memphis to spend the week.

The Farmer: Political Storm Center

The above title heads a very interesting discourse which Agriculture Commissioner John C. White has issued from his office in Austin, and makes timely reading.

Commissioner White states that the farm issue is graduating to an all-time high, as the date of the presidential election draws near. He goes on to make a strong case for the farmer, and explores the parity question.

"The farm problem is a living campaign issue — more than a political football to be booted around and more than an interesting debate to be observed by the voting public. And the point in question is not whether something should be done, but rather exactly what should be done," White says. "No one will fail to recognize that farmers are living in a state of depression completely out of keeping with the overall picture."

It is recognized that only a few people really understand why the farmers' plight is so acute, or how seriously the problem is affecting other sections of the economy.

Such expressions as this are heard, even here in Hall County: "Why can't the farmers operate their own affairs like I do my business, and take their chances with the weather and market?" Then such remarks as, "What is this parity stuff we read about?"

John White gives one of the best explanations we have read in a long time when he says:

"In nearly all phases of economy there are checks and balances which will keep the costs of labor, living, production, and marketing in near-balance because of their strict interdependence.

"Unhappily with the farmer, his dependence on other areas of trade is not reciprocal except where his purchasing power is concerned. And this is very important.

"But the farmer's supply has grown to a point of almost constantly exceeding consumer demand. Yet, he must market his crop somehow or else be ruined. And when he gets to the market place, the farmer must be able to sell his goods at a rate which will be in line with his buying power.

"And that's exactly what parity prices are—dollars-and-cents prices that give to farm commodities the same purchasing power the commodities had in a selection base period when prices received and paid by farmers were considered in good balance.

"By this reasoning, the farmer's parity ratio now should range at least up to 100 per cent because everything he buys, plus his taxes and interest rates, are at an all-time high.

"But under present 'flexible' price supports, parity ratio has plummeted while farm costs have skyrocketed. The parity formula has been completely cockeyed."

In any other kind of business, this could not work for the simple reason that the increased costs would be passed on to the next in line and on down to the consumer. But the farmer can't "pass on" his additional costs. He sells at the market place.

The question will continue to be debated, even after the election. But the voter, one way or the other, will help in resolving this question when he goes to the polls on election day, Nov. 6.

Money Lender Profits at All-Time High

There is a saying in the rural areas of Texas that "when the stock market spirals higher and higher and farm prices plunge lower and lower, then you know there is a Republican in the White House."

That gauge of White House tenacity is holding true to form today. The Nation's farmers have consistently lost one billion dollars in income for each year of the Republican Administration, while brokerage houses, stock and bond holders and financial institutions have reaped unparalleled profits.

The economic advisors of President Eisenhower have followed the historic pattern of the Republican Party — shift the emphasis of wealth from the basic levels of agriculture and small business to the upper echelons of high finance. This has been accomplished primarily by destroying the stabilizing influences of the farm program and substituting the "hard money" policy of higher interest rates and drastic credit curbs.

This dangerous game of economic "topsy-turvy" uses federal tax money as a catalyst. A prime example is the U. S. Treasury which has nearly tripled its own interest payment rates to financial institutions from which it borrows money.

Thus, Secretary Humphries gives a modern twist to the role of Robin Hood — rob the poor and give to the rich.

The result is that money lender profits are now running at a record-high level of \$17.3 billion a year — which is 41 per cent greater than in 1952.

At the other end of the scale, farm income has dropped 20 per cent in the same period from \$15.1 billion to a near-record low of \$11.1 billion annually, and the trend is still downward.

Party Beliefs

We think that the Democratic party has always wanted to see that the little man, or low income group, gets along; knowing full well his well being will soon be reflected in a sounder business and industrial community. And it seems to us the Republicans have always thought that if you help big business the little fellow will tag along, he'll have a job available if he can't make it in his small business or in farming.

For instance, figures show that in recent years big business profits are up 45 per cent, while farmers' income is down by 26 per cent. Cost of everything the farmer has to have has increased while the price of everything he grows to sell has decreased, and if you don't think that's getting into a squeeze you better think again. Depressions are made of conditions like that.

We watched the Republican Hoover administration callously sit by during four terrible years of depression. Our encyclopedia says his administration was characterized by ever deepening gloom and depression. We sincerely believe his administration had the means to end that nightmare had the desire been there.—Muleshoe Journal

Political Polls

The daily newspapers have gotten Ike comfortably settled for a second term. They went about it rather scientifically, too. They took a poll at Lubbock high school where the Presleyites who would not know a congressional district from a federal budget, hailed the grin as winner on Nov. 6. This expert testimony was editorially blended with returns from five "typical counties by press association editors, and the factor was, Ike, for sure. Then, to clinch the deal, the wire services dug up a bird who calls himself the "American Nostradamus," and after conferring with the stars and harassing the horoscopes of Ike and Adlai produced the only possible result—Ike is in the stars for '56. This startling piece of political legerdemain graced page 1 of the area's self-styled "non-partisan" newspaper Tuesday morning. Now we can be, and probably are, just as biased as "big sister." We went out last night when fog shrouded the full moon and conducted our own scientific poll, and we want equal billing, on page 1. We examined the entrails of a one-eyed frog, and assayed a brew made of bat-spittle strained through the shroud of the ghost of an ax murderer, mixed with the crushed eyeballs of an encephalitic dragon. It's now official. They're paid political fakirs who couldn't predict with accuracy an October sunrise. Why don't we just call off the election, fellows?—Ralls Banner

Crosby County Politics

Good morning, Crosby farmers! Let's make things cheerful for our Republican farmers in the county by quoting from a March 10, 1955 utterance of President Ike's Assistant Secretary of Agriculture. Ready? "Adapt or die, resist and perish . . . Agriculture is now big business. Too many people are trying to stay in agriculture that would do better some place else." And don't forget, you can vote Republican again next month. Most people are agreed that

what is likeable about Ike is his sincerity and honesty. People are apt to overlook his punishing blunders because they respect him personally. That is why it was

quite a jolt to hear him on a television show Tuesday night, when he was apparently not honest or sincere. Among other things, he declared that under three and a half years of Republican administration the cost of living has advanced only three per cent. He has a Department of Agriculture

IT'S RANGE CHANGE

Suddenly you know how modern a range should be—
flame-fast gas ranges alone
offer 4 times less fuel cost!

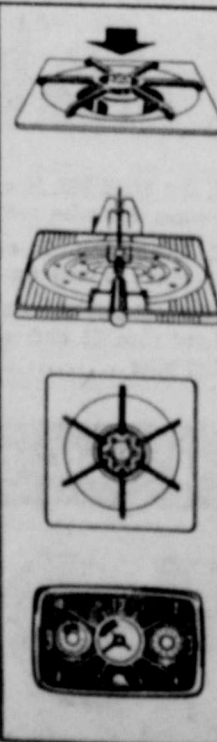

ONLY WITH EXCITING NEW
FEATURES LIKE THESE CAN
YOU REALLY COOK MODERN!

Cook-Saver Automatic Top Burner Control. New flame-fast gas Cook-Saver holds pre-set temperature. Foods won't burn! Makes all your pans automatic!

Built-In Rotisserie. Broil indoors with flame-kissed "barbecue" flavor. Turns out your favorite foods easily and deliciously.

Simmer Flame. On each burner, tiny points of flame make waterless, "vitamin-save" cookery a snap. Unlimited keep-warm and simmer settings.

Automatic Clock-Controlled Oven. Cooks whole meals while homemaker is away...turns oven on and off automatically. Even circulation of heat...use any rack position.

But of course! Smart Southwest Moderns know that cooking with gas is the most economical way to cook. It costs less than 1/4 as much to use as electric cooking. This means: If you can cook on an electric range for \$2.20 a month—you can do the same amount of cooking with gas for less than 55¢ a month. (Or a savings of \$19.80 a year!) What's more, an automatic gas range costs less to buy, less to install, and less to operate and maintain. No wonder smart women say truly modern cooking is cooking with flame-fast gas.

SAFEST COOKING EVER! American Gas Association seal assures reliability. Fire insurance statistics prove gas is safer! **SIZZLING TRADE-INS NOW** on your gas or electric range. Cook modern — change today to a new ultra-modern gas range.

Democratic Head Urges Large Vote On November 6th

Jim Lindsey, chairman of the Texas Democratic Executive Committee, last week issued an urgent appeal to all party officials to help get out a large vote next Tuesday.

"There are several important reasons for this," he stated. "The most important is that for the Democratic nominee for governor. If you are a person interested in good government, I am sure you know that the strength of the Texas Democratic Party two years from now will depend upon the vote for governor on general election day.

"Under the law, representation of each precinct at your 1958 county conventions is based upon each 25 votes cast for the Democratic nominee for Governor in such precinct at the last preceding general election.

"County representation at the State Convention is based upon each 300 votes cast for the Governor at the last preceding general election.

"In other words, for every 25 votes not cast for the Democratic nominee for Governor in a particular precinct, that precinct will lose one delegate to the County Convention. And for every 300 votes not cast for the nominee in a particular county, that county will lose a delegate to the State Convention," he added.

Saye Wins Trip To Resort Area Of New Mexico

O. R. (Doc) Saye returned last week after spending four days as a guest of the Magnolia Petroleum Company at Red River, New Mexico. Saye, local wholesale dealer for the company, won the trip in a recent gasoline contest, which was sponsored by the Amarillo district. He and six other dealers were special guests of company officials. They had been competing with 87 bulk plant operators.

In the party were 32 men, who stayed at Silver Spruce Lodge in Red River. The outing featured fishing at several lakes near Red River, according to Saye.

"We saw the thermometer plunge to a low of 10 degrees; the high was only 40," he stated. "One of the lakes was located at 11,000 feet elevation, and could be reached only by jeep. None of our party were proud of their catches. We all had 'trout fever' but the fish didn't cooperate."

Douglas Barber Promoted to Captain

According to information received here, Douglas Barber has recently been promoted to Captain in the U. S. Air Force.

At the present time, Capt. Barber is at Montgomery, Ala., taking a special training course which began in September and will continue through December.

Son of Mrs. Estelle Barber, Capt. Barber has been stationed at Sheppard Air Force Base, Wichita Falls, for the past 5 years.

The Glorious Church

People today are prone to belittle the church, and some religious leaders declare the church of the Lord to be non-essential to the salvation of man. This is contrary to the whole tenor and teaching of the New Testament, contrary to the teaching of the Lord Himself. He said: "The church is the body of Christ, without which we cannot have life." (Eph. 5:27) The church of Christ is glorious for several reasons. Here are a few:

Christ purchased his church with his blood (Acts 20:28). This is not true of ANY OTHER INSTITUTION in any age. The price paid for the church makes it glorious. Christ is its head (Eph. 5:23; Col. 1:18). The church is pictured as the body of Christ, with Christ as its head. It is composed of those who are called out of sin into the family of God.

Christ sanctified and cleansed it with the washing of water by the word (Eph. 24:27), and Christ is its foundation (I Cor. 3:11). During the personal ministry of the Lord he had promised to build the church (Matt. 16:18).

The church is glorious because it is spread throughout the world by the preaching of the gospel of the Kingdom (Lu. 8:11). Where it is preached faithfully and obeyed fully it produces Christians, and nothing else!

It is glorious because all the saved belong to it (Acts 2:47; I Cor. 12:18), and it is the pillar and ground of the truth (I Tim. 3:15). It has the responsibility to declare the wisdom of God throughout the world (Eph. 3:9-11). (No other organization has this authority by action of God.)

The church is glorious because it is the place where man can glorify God (Eph. 3:21). If you are not a member of the church of the Lord, we invite you to attend the services of the Church of Christ in Memphis where we strive to give glory unto God in the church through Jesus Christ. You are always welcome.

Church of Christ

Memphis Library Adds New Books

Former high school students would find a great contrast in the High School Library of today and the one of their school years, according to the Memphis librarian.

The High School Library of today has more books and space than any previous year. In past years the study hall and library were combined.

Now the library is made up of two separate rooms. One room, which was formerly a freshman English room, is now used as a conference room. Here the students work together and use reference books. The library books are in the other room and also a large table with the latest magazines and papers. Here students may check out books or read magazines. New magazines and papers are added each week. The library has several thousand books now and new ones are added each week.

A large number of books have been put in this week. They are: "Western Star" by Stephen Vin-

cent Benet. This is one of the great poems of America. It is the spirit and the beginnings of America. "Americans are always moving on" is the first line of this great new narrative poem; "John Brown's Body," by Stephen Vincent Benet — a poem by this cent Benet — was recognized as a classic almost immediately upon publication 25 years ago; "Introducing Charles Dickens," by May Lamberton Becker; "Skyward," by Commander Richard E. Byrd, U. S. Navy; "Coleridge, a Poet of Wind Enchantment" by Laura Rens; "Presenting Miss Jane Austen" by May Lamberton Becker; "Aaron Burr's Dream for the South" by Thomas B. Sweeney.

"A" Pupils Are Listed For First Six Week Period

The eighth grade led the seventh grade on the number of A's during the first six weeks period which closed Oct. 12, according to an announcement from the school. There were five seventh graders who made all A's and six eighth graders. Seventh graders were as follows: Joy Baten, Barbara Elen, Barbara Mauck, Sandra Stargel, and Perry Wright. Eighth graders: Jo Beth Barnes, Mary Crawford, Shari Gentry, Linda Rea, Ronnie Thompson, and Shirley Shawhart.

Those making all A's in high school are: seniors, Jean Foxhall, Paula McCauley, Tanya Fletcher; juniors, Guyula Cawfield, John Lemmon, Sandy Smith; sophomores, Virginia Chappell, Joyce Hull, Roger Crooks, Glenda Noah; freshmen, Paula Blevins, Judy Lemons, Dorothy Copeland.

Mr. and Mrs. S. A. M. Tula were Memphis visitors today.

Children visitors Monday: Mrs. Clifton Burnett, Mrs. Lenior, Mrs. M. C. Allen, Mrs. Therman Eiler.

Mr. and Mrs. Claud Ferrel and children visited in Pampa Sunday with Mr. and Mrs. O. W. Appleby.

Mr. and Mrs. Elmont Branigan had as visitors Sunday evening Mr. and Mrs. John Schwind of Pampa.

Byron Baldwin returned Friday from Dallas where he spent the first of the week attending market.

VOTE FOR TEACHER RETIREMENT AMENDMENT

No. 4 FOR the Constitutional Amendment empowering the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges, and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum (6%) of the compensation paid each such employee by the State or school district or the sum of Five Hundred Four Dollars (\$504.00) for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing money accruing to the retirement fund.

AGAINST the Constitutional Amendment empowering the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges, and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum (6%) of the compensation paid each such employee by the State or school district or the sum of Five Hundred Four Dollars (\$504.00) for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing money accruing to the retirement fund.

No. 5 S. J. R. 2, the Amendment to Section 49-b of Article III of the Constitution of Texas to change the membership of the Veterans' Land Board; increasing the Veterans' Land Fund by \$100,000,000; said fund to be used for the purpose of purchasing land to be sold to Texas Veterans.
