THANKSGIVING TURKEY SHOOT TO BE HELD SUNDAY AT AIRPORT

The Thanksgiving Turkey shoot sponsored by the Memphis Fire Department, Alvin Massey, chairman of the special committee, stated.

The "X" wins the prize, Massey explained. The matches will be arranged so that persons of equal shooting ability will be competing with each other.

Members of the fire department and the rifle and pistol club have been working on the new range for the past three weeks and hope to have it in top shape for the Sunday event, he said.

will be a trap shoot for 50-yard target work and rim fire fairs and 100-yard competition for all high rifles, he added.

Roy Alvin Molloy, Hall County 4-H Club member, received further honors this week when he was awarded an all-expense-paid trip to the National 4-H Club Congress which will be held in Chicago Nov. 25-29, W. B. Hooser, county agent, announced.

"The greater and more lasting benefits are the personal satisfactions derived from real achievements such as making friends, practicing democratic procedures through organized 4-H Club work, and developing spiritual values from day-to-day living with 4-H

Roy Alvin Molloy Wins Chicago Trip

The award is based on achievement and covers all the years he has been in club work, Hooser said. Molloy has compiled a wonderful record of awards during the years he has been a club member.

More than 1300 boys and girls representing over two million 4-H Club members from the 48 states, Alaska, Hawaii and Puerto Rico will attend the Congress.

Prior to the game, Miss Fowler was escorted to an improvised throne in the center of Cub Field by James Huffmaster, senior Cub. She wore a blue net formal and stood before a silver star to be crowned by Huffmaster with a white helmet.

Members of the Lakeview Eagles team and the Cub team together with pep squads from both schools marched along the 45 yard lines to participate in the coronation. Preceding the queen were six primary heralds who carried silver wands topped with stars Miss Fowler received an

Two Senior Girls Tell of Visit To Girls' State

Of predominant interest for the Pathfinder's program, presented in the home of Mrs. Clinton Culp on Tuesday afternoon, Nov. 13, were lectures upon Girls' State given by Misses Beverly Crawford and Jean Foxhall. These two seniors were attendants at Girls' State, a mythical organization, which meets in Austin each summer and which is sponsored by the American Legion Auxiliary.

The girls were chosen from the junior class of the local high school upon the basis of good citizenship. The purpose of the state meet is to inculcate a respect for and a knowledge of governmental procedures and policies.

The girls reported that they experienced an unforgettable thrill in mingling with 365 representatives from all over the state as they visited scenic spots in Austin, sat in the legislative halls, and participated in managing the state government.

Before these reports Mrs. O. M. Gunstream had offered an invocation and Mrs. E. L. McQueen had read the minutes of the previous meeting. Mrs. F. W. McElreath discussed "The Plight of the Bigrant Child," which talk concluded the program entitled "Building Freedom with Youth."

Members present included Mesdames Jesse Mitchell, O. M. Gunstream, E. L. Kilgore, E. L. McQueen, A. O. Gidden, Ernest Lee, Anna Dickson, A. Giddn, W. F. McElreath, and the hostess, Mrs. Culp.

The next meeting will be held in the home of Mrs. Robert Splinger on Tuesday, Nov. 27.

To Increase West Travel Discussed Here

Efforts were given this week toward the designation of Texas Highway and several state highways as a one-number federal highway.

At Thursday several highway men met in the Memphis office of Commerce Secretary T. A. Singer of Dimmitt, discussed further plans for one-number designation. The group had been working on this outcome for several weeks and had contacted different groups along the proposed routes.

The group set in motion a move which will bring the facts of highway to citizens in Texas, Oklahoma and New Mexico. The group and Singer left Memphis Monday morning armed with maps, briefs and additional information. They will spend several days visiting with officials and cities of Oklahoma and Texas.

At this brings the old Ozark trail to life again," Singer pointed out. "For along this road people in the Texas Panhandle have their shortest route to Arkansas and the southeast."

The route, which comes through Memphis, is known as Texas Highway 256. In Oklahoma the number changes to 9, and on through Arkansas it continues on through Highway No. 10. Highway 256 joins Highway 86 a few miles east of Silvertown.

In addition to the other desirable features of the route of Old Ozark trail, there are no large cities along the way, Farnell pointed out. "The first thing we must have for this federal designation was for the highway," Farnell said, "is to create a desire for it citizens and towns along the route. If we can get that, the route will be simple—and it will finally aid every community along the route."

Mr. Milton Beasley Completes Beauty School in Amarillo

Mrs. Milton Beasley was graduated from San Jacinto School Beauty Culture in Amarillo on Thursday. Mrs. Beasley has been a student in the school for the past 6 months.

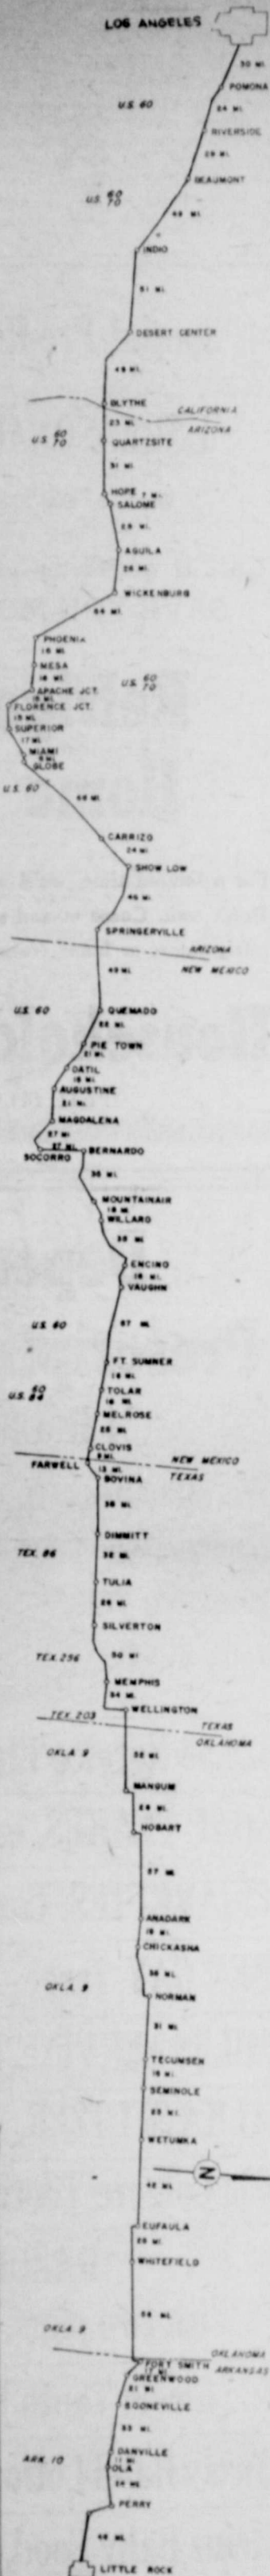

Early in December Mrs. Beasley will go to Austin where she will take examinations for her license. She is making plans to open a new beauty shop to be known as "The Vogue Beauty Shop" on the east side of the city around the first of the year.

Mrs. Beasley was formerly employed as home economics teacher at the Memphis High School, resigning last summer.

Miss Ira Hammond and Mrs. Mary Newman visited Mrs. Newman's son, Henry Boyd Newman, and family in Amarillo Saturday. Miss Estel McElrath and Mrs. J. King were in Amarillo Saturday on a shopping trip.

Mrs. Edith Butler, E. C. Butler and Mrs. Bonnie Butler, all of Hamlin, visited here over the weekend with Miss Vernelle Butler.

W. B. Teague Featured Speaker At Travis PTA

The Parent-Teacher Association of the William Travis Elementary School held its regular monthly meeting on Thursday afternoon, Nov. 8. Mrs. Gene Lindsey, president, presided over the business session.

Reports from the Halloween Carnival were given with Mrs. Maurice Nixon reporting that the gross receipts for the Travis unit were \$254.95.

According to a report from Mrs. Lowell Houston, six rooms have reached the goal of 100 per cent in the membership drive. These rooms will be awarded a cash prize. They are: Mrs. Newton's first grade room; Miss McElrath's first grade; Mrs. King's second grade; Miss Milam's second grade; Mrs. Stroehle's third grade; and Mrs. Gurley's fourth grade.

An announcement was made concerning the state P. T. A. Convention held in Amarillo, Nov. 14-16, and Mrs. Gene Lindsey was elected as delegate. The final item of business was the adoption of the 1956-57 budget as recommended by the executive committee.

Mrs. Weldon McCreary, program chairman, introduced the program entitled, "We, the People, Give Thanks for Our Schools." She brought the thought for the day, and Mrs. Elmont Branigan gave the meditation based on selected passages from the book of Proverbs.

Speaker for the afternoon was W. B. Teague, whose topic was "The Blessings of Free Public Education." He pointed out that we must know something of the history of Texas public schools to understand the blessing that we enjoy. With this in mind, he traced the progress of the state public schools from the Spanish regime, through the Mexican control and the Civil War Period to the present day. Each step of progress was presented in a manner that made clear to the parents the struggle and determination our forefathers put forth.

Developing his topic to the modern era and the blessings of free education today, Mr. Teague made three points. First, he said, "Our freedoms can only be protected by a well-educated population." Next, "Education is building a greater tomorrow for our youth." The last result of our education, according to Mr. Teague, is "We are better able to enjoy our own lives and to live with and serve our fellowman."

Following the program, room count was taken. Mrs. Newton's first grade won the award.

Executive Meeting
Preceding the Nov. 8 meeting of the P. T. A., the executive board met in the teachers lounge to work out a budget to bring as a recommendation at the regular meeting. Those attending were Mrs. Gene Lindsey, Miss Ethel Hillhouse, Mrs. Weldon McCreary, Mrs. Herbert Jones, Mrs. Lowell Houston, Mrs. Maurice Nixon, Mrs. R. D. Jones, Mrs. Edward Hill and Mrs. Brode Hoover.

Mrs. W. N. LeCroy and sons Franklin and Johnny visited at Tascosa Saturday with Mr. LeCroy who is a railroad worker.

Travis News

The pupils of the Travis third grade are engaged in making a turkey ranch for Thanksgiving. An art contest was held and Gary Dale Graham, Ernie Graham and Frances Cawfield were elected as supervisors. They supervised the making of the frieze for the ranch. The entire group helped with the coloring.

Salt boxes, oatmeal boxes etc. are being transformed into life-like turkeys.

Pilgrim hat spelling booklets are in use. Each student made a spelling book. The following pupils made 100 per cent in spelling last week: Marsha Bell, Elmonette Branigan, Wanda Coleman, Gary Gentry, Ernie Graham, Gary Dale Graham, Ginger Greene, Darline Guthrie, Regina Hoover, Carl Houston, Charlotte Jones, Alinda Johnson, Michael Lowe, David May, Susan McQueen, Rusty Moore, Jerry Moss, Larry Parks, Danny Peters, Laurel Pounds, Sandra Shackelford, Hayden Shokley, Anita Snowdon, Sheryl Wheeler. These pupils received a pilgrim seal to put in their book.

Susan McQueen is absent from school because of the mumps.

Gary Gentry's dog, Blackie, has been in regular attendance at school for the last year. The pupils are saddened because of his death due to a hit and run driver.

Linda Joyce Swaim brought her brother, Staff Sergeant John Swaim, to visit the fifth grade at Travis Elementary School on Wednesday morning. Sergeant Swaim, who had been stationed with the United States Air Force in Anchorage, Alaska, for four years, told the students many interesting things about this territory. His visit was very timely because they had recently studied about Alaska, and they enjoyed asking questions and listening to him.

TWO BLADES OF GRASS

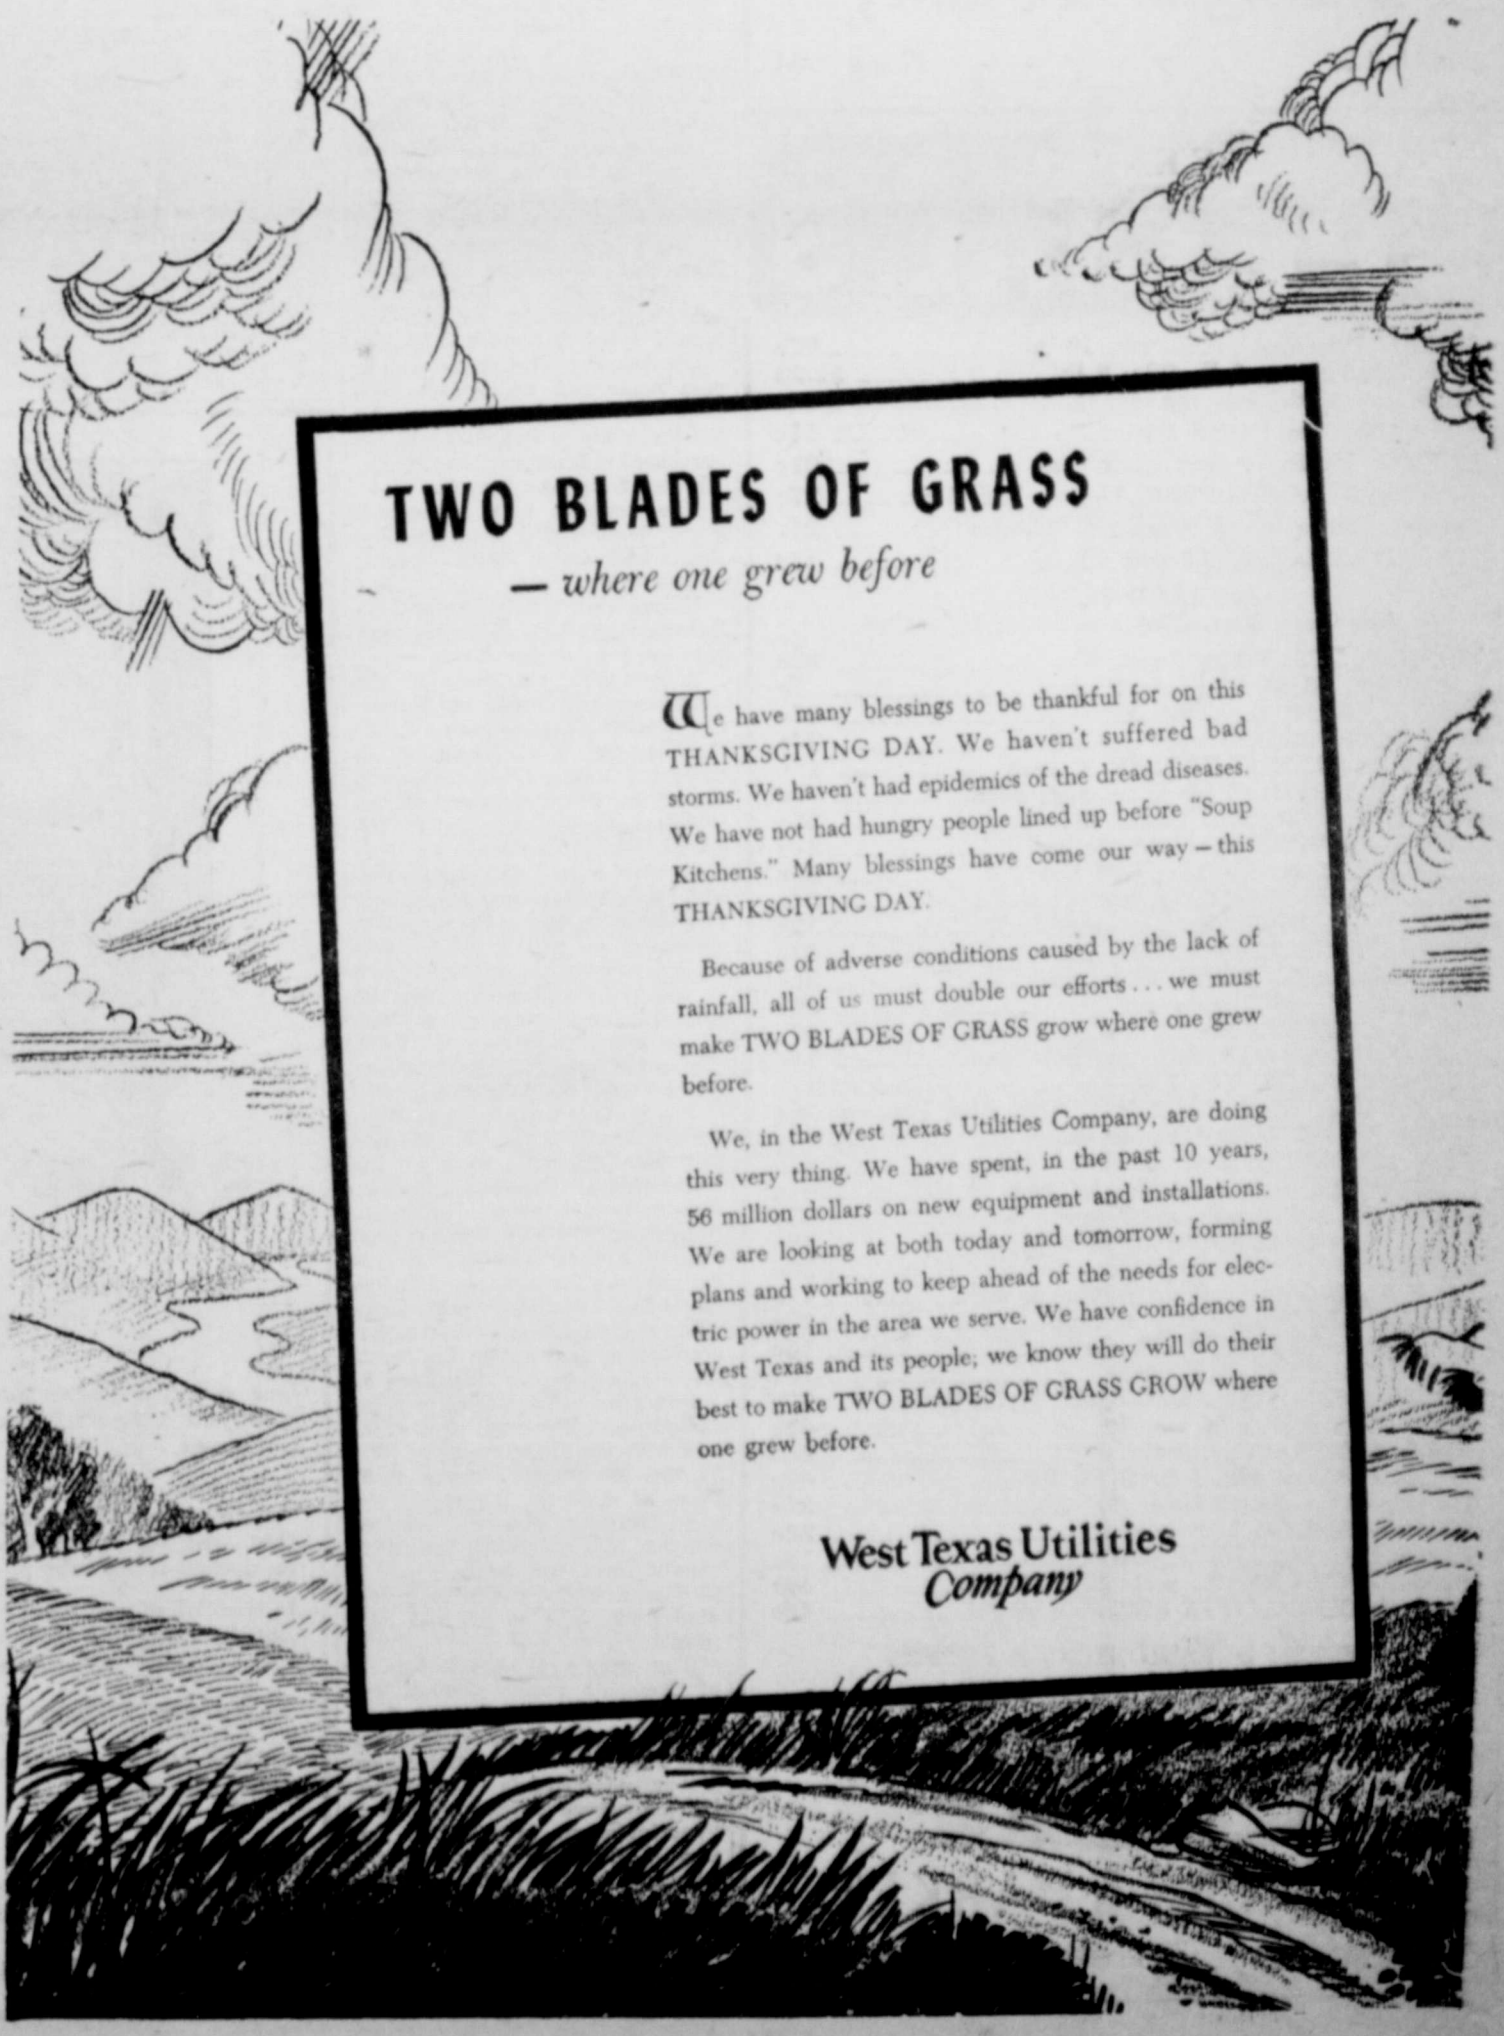

— where one grew before

We have many blessings to be thankful for on this THANKSGIVING DAY. We haven't suffered bad storms. We haven't had epidemics of the dread diseases. We have not had hungry people lined up before "Soup Kitchens." Many blessings have come our way — this THANKSGIVING DAY.

Because of adverse conditions caused by the lack of rainfall, all of us must double our efforts... we must make TWO BLADES OF GRASS grow where one grew before.

We, in the West Texas Utilities Company, are doing this very thing. We have spent, in the past 10 years, 56 million dollars on new equipment and installations. We are looking at both today and tomorrow, forming plans and working to keep ahead of the needs for electric power in the area we serve. We have confidence in West Texas and its people; we know they will do their best to make TWO BLADES OF GRASS GROW where one grew before.

Mrs. Roy Guthrie Attends Speech Conference Sat.

Mrs. Roy L. Guthrie attended the High School Activities Conference on Speech Events held Saturday at Texas Tech College in Lubbock.

During the morning hours, programs were held consisting of debates, Junior declamation, senior declamation, poetry reading, extemporaneous speaking, creative dramatics and rehearsal. Visitors were invited to listen in and serve as critics.

A luncheon was served in the Student Union Ballroom at 12:30 for those who wished to attend.

Immediately following the luncheon, Bruce Roach, chairman of the Interscholastic League, University of Texas, made a very

Class Favorites Selected Last Week

An election was held last week to select "Class Favorites" in grades 7 through 12.

Those elected are: 7th grade, Jimmy Fields and Sandra Star-gel; 8th grade, Carleen Harrison and Dick Morgan; 9th grade, Fredna Brown and Clifford Edwards; 10th grade, Coy West and Johnnie McWhorter; 11th grade, Dudley Gillespie and Guyula Cawfield; 12th grade, Linda Fields and Eddie Piland.

MRS. W. C. DAVIS

Miss Joyce Sheats and W. Carlton Davis Are Married Saturday in Lubbock Rites

Wedding vows for Miss Joyce Sheats of San Bernardino, Calif., and W. Carlton Davis of Memphis were performed on Saturday, November 17, at the First Assembly of God Church in Lubbock. Rev. Homer M. Sheats, pastor and cousin of the bride, read the double ring ceremony before relatives and a few intimate friends in the Lubbock area.

The bride is the only daughter of Mr. and Mrs. E. L. Sheats of San Bernardino, Calif. The groom is the son of Mrs. K. Davis of La Pryor.

Baskets of white gladioli with lighted tapers decorated the altar. Morris Sheats, cousin of the bride, played the traditional wedding music at the organ for the pre-nuptial music and during the solemn ceremony. Mrs. Shirley Smith, soloist, sang "Whither Thou Goest" before the ceremony and "The Lord's Prayer" while the couple were at the altar.

Given in marriage by her father, the bride was attired in a natural linen knit dress with beige and brown accessories. She carried a bridal bouquet of white gardenias encircled with yellow pom poms and white satin ribbon. The only jewelry worn by the bride was a porcelain pin she purchased in Limoges, France, during her European travels.

The couple's only attendants were double ring bearers, Joy Jean and Gary Evitt, cousins of the bride.

Ushers were two brothers, C. E. Holman and W. A. Holeman, who are cousins of the bride.

A reception was held in the church parlor immediately following the wedding. Mmes. C. E. Holeman, W. A. Holeman, L. S. Evitt and Homer Sheats, all cousins of the bride, presided at the bride's book and received the guests. The service table was covered with a lace cloth over yellow, the bride's chosen colors. The three tiered wedding cake, embossed in yellow roses, was topped with wedding bells. After the bride and groom cut the cake the guests were served frost-ed punch from a crystal bowl. The bride opened the gifts and showed them to the guests.

The bride is a graduate of West Texas State College, Canyon, and has done graduate work at the University of Colorado, Boulder, University of Southern California, Riverside. At the time of her marriage she was teaching in the San Bernardino Schools. She formerly taught in Goodnight, Memphis, and Childress. Prior to her teaching assignment in California she worked in the Pentagon in Washington in the Office of Navy Intelligence. During the war she was with the Department of War at the Municipal Airport in El Paso as Aircraft Dispatcher for the Ferrying Division. Before moving to California the bride's family lived for many years in Childress, where the bride graduated from high school and later taught.

The groom is superintendent of Memphis Public Schools and holds his Master's Degree from the University of Colorado, Boulder. He is a Shriner and Rotarian and is active in civic affairs. He has served as Sunday School Superintendent in Memphis and also in Childress where he was principal of the high school before coming to Memphis as superintendent.

Culture Club Meets in Home of Mrs. Ward Gurley

The Woman's Culture Club met Nov. 7 in the spacious country home of Mrs. Ward Gurley. Mrs. Brode Hoover, president, presided during a short business meeting.

Following the business meeting, Mrs. Hoover introduced the program chairman, Mrs. Frank Ellis. The theme for the day was taken from the 107 Psalm, "O give thanks unto the Lord: for He is good, for His mercy endureth forever."

Miss Sibyl Gurley gave some very interesting thoughts on "Thanksgiving that gives us the traditional turkey and pumpkin pie dates back to 1621, but Thanksgiving Day, as a 'National Religious Festival' dates from 1863.

The credit for bringing this about is given to Mrs. Sarah J. Hale. In 1827, while editor of the Ladies' Magazine in Boston, she began to urge the observance of a uniform day throughout the country for an expression of thanks for the blessings of the year.

She continued her agitation by writing an editorial entitled "Our National Thanksgiving." Mrs. Hale sent a copy of the editorial along with a letter to the President of the United States, and that year the last Thursday in November was proclaimed a National Holiday.

Following Miss Gurley's talk, each club member told of a Thanksgiving day that had had a special meaning for them. The club enjoyed a poem read by Mrs. R. E. Clark entitled "A Prayer of Thanksgiving."

During the social hour, pumpkin pie topped with whipped cream and nuts, and coffee was served to Mmes. Gus Odom, Clifford Farmer, A. W. Howard, R. E. Clark, L. A. Stilwell, Jeanette Irons, Theo. Swift, Robert Moss, Brode Hoover, Frank Ellis, Miss Sibyl Gurley, one guest, Jerry Moss, and the hostess, Mrs. Ward Gurley.

Mrs. Mary Lou Erwin and Mrs. J. S. Ballard arrived here Saturday from Hemet, Calif., where they had visited for the past six weeks with relatives. While Mrs. Erwin was in California her son, Bob Erwin, who is serving with the U. S. Navy spent several week ends with her. He recently sailed from Los Angeles aboard the L. F. Mason.

1913 Study Club, Enjoys Book Review At Regular Meet

In line with the program topic, "Literature in our Modern World," the members of the 1913 Study Club were treated to a very fine review by Mrs. R. S. Greene in the home of Mrs. E. M. Wilson the afternoon of Nov. 7. "Eleanor the Queen" by Norah Lofts was the book chosen for the review by Mrs. Greene and the account of the interesting life of this fabulous woman made entertaining listening.

Preceding the book review, matters of business were capably handled by the club president, Mrs. L. G. DeBerry. Mrs. Carl Yancey very graciously volunteered to serve as counselor for Religion of the World, and to bring a report to the members at each meeting.

One guest, Mrs. R. E. Roark of Fort Worth, and the following members enjoyed the tasty refreshments served by the hostess at the conclusion of the program: Mrs. Nelson Combest, Allen Dunbar, T. J. Dunbar, Leo Fields, Frank Foxhall, R. S. Greene, H. A. Finch, D. L. C. Kinard, Gayle Greene, Paul Montgomery, Mills Roberts, Joe Montgomery, T. L. Robinson, M. G. Around and About

by Helen Combs

As the Thanksgiving Day approaches—or should we say days—let us pause to count our many blessings. It is not hard here in America to be thankful with the freedoms that we enjoy . . . our way of life has not always been easy. It was through the hardships and endurance of our forefathers that our way of life was established. We, today, should guard these precious freedoms with vigilance and gratitude in our hearts.

With so many peoples of the world engaged in strife and turmoil, and with the oppression that is taking place in Hungary, we should be even more grateful and humble and thankful at this season for our many, many blessings.

Speaking of the Thanksgiving holiday reminds us that Christmas will soon be here. The chamber of commerce is planning an added treat for shoppers this season in the way of seven Merchants Gift Days. It looks like Memphis will be a good place to do your Christmas shopping this year.

Learned this week that Mrs. Boyd Rogers' new book, "The Giles Chronicle," is just off the press. We haven't read the book as yet, but understand that it is the story of the bustling community of Giles during pioneer days.

Mrs. J. W. Stokes, who received some broken bones in a car accident last Wednesday, is confined to a local hospital. Mrs. Tomie Potts was injured in the

same accident, and was hospitalized for several days. Mrs. Stokes had been up and about only a short time following major surgery several weeks ago when the accident occurred.

Salesmanship

American salesmanship is beginning to pay-off again. And this sale may mean money to the people of Hall County. It all came about when the government finally started trying to sell American surpluses on the world market, not dumping them, but by making individual sales. So far this effort has not attracted as much attention as it perhaps should but nevertheless it is meeting with increasing success.

Samples of milk and ice cream cones made from powdered milk, sweet rolls and cake made from American surplus flour have been handed out in Japan. In Rome, Italians swarmed to see a fabulous American "super market" and in South America, American salesmen have sold quantities of American wheat flour.

Also several other "sales" are being pushed. American soybean and poultry experts are in Europe and tobacco men are trying to interest Spain, Thailand and Korea in American tobacco. So far the program has moved \$2,300,000,000 worth of surpluses.

Agriculture is not the only part of the American business which is trying to capture their share of the foreign market. Trade fairs in Europe and Asia have been well attended by American machinery as well as food.

This program has just started, we hope. If it can be continued in the future many of us might see the day when surpluses will not plague the American scene. High prices have pushed the American products from much of the world market and it is time that we got our part of that market back. The day has passed when buyers will come to us wanting products and the time is here when we must go to them as the seller.

Soviets Lost World Youth

The horrors committed by the Soviets in Hungary have done more than suppress the revolt of a heroic people. They have opened the eyes of the world to the cruel and treacherous nature of Stalinism on the prowl.

Appalled as are all age groups everywhere, it is the youth of the world that reacted most violently.

As our own Ambassador to United Nations, Henry Cabot Lodge Jr., says, we are no longer concerned with mere propaganda. The last wordy pretenses of the Reds have been engulfed in their own black deed, the most infamous the modern world has seen.

In Hungary itself mere boys and youths were the first to hurl themselves against Soviet tanks and guns. These were the youngsters indoctrinated from their cradles in the ways of Marxism. Yet the scales were torn from their eyes in an instant. Their brothers in other lands are equally disillusioned.

In one country after another from distant Viet Nam to ancient Iceland, the wave of revulsion against the Communists continues to swell. Five thousand Austrian Communists tore up their party membership cards in disgust. Athletes of neutral Switzerland joined those of Spain and the Netherlands in pulling out of the Olympic Games in protest of the crime against Hungary.

The protest of college students spreads. Yesterday it was in Paris, Belgium, Tokyo and Madrid that they marched. Now students groups in London, Los Angeles and San Francisco grit their teeth.

In one of the youngest of free nations, Premier Habib Bourguiba of Tunisia assails the Russians for crushing freedom in the stricken land. In Reykjavik, members of the Icelandic Parliament, oldest of the world's parliaments, call for a new look at their demands for withdrawal of American defense forces in view of "recent terrifying international incidents" like the Soviet intervention in Hungary.

The world has yet to learn what the repercussions are within Russia itself. Yet the Kremlin must know that earth tremblers are no respectors of man-made boundaries—Dallas Morning News.

SUDDEN THOUGHT ON THANKSGIVING DAY

Press Paragraphs—
QUOTING OUR NEIGHBORS

Hog or Sheep?
Going the rounds deals with what may in reality be what is often wrong with the farm problem. Suspecting that a certain high ranking official in the department of agriculture didn't know enough about agriculture to solve the farmers problems, a farmer chanced to set up a discussion one day to find out how much he really did know. He got a fellow farmer to pretend he was arguing with him over a problem and as the farm official arrived on the scene he said, "We've been having an argument here. What's a heifer — is it a hog or a sheep?" To which the farm official leaned over and confidentially whispered so he wouldn't be overheard, "To tell the truth, I donno much about poultry."—Eddie Irwin, Morton Tribune

Tito and the Kremlin
It need not surprise anyone that Tito's Yugoslavia joined non-Communist nations in the U. N. demand that Soviet Russia pull her armies out of Hungary. Though Tito refused to go along with the proposal that the Hungarian tragedy be investigated by the U. N. — the thing might get to be a habit, and eventually get round to Tito's Yugoslavia too—there are sound reasons why Tito would like to see the Soviet Union's grip on the satellites loosened and destroyed.

For the Soviet Union has exploited the manpower and natural resources of the satellites to bolster and build up its own industrial might and to feed and clothe its people in the disastrous breakdown of its own agricultural program. Millions of Iron Curtain victims know that while they are going hungry, ill-clothed and ill-housed, a substantial part of their productive efforts and a great deal of their natural resources are going to Russia.

These forced contributions were made at gunpoint, supervised and managed by the Red Army and a host of Russian Bureaucrats. Tito, for all his devotion to Communism, is realistic enough to know that what Soviet Russia takes out of her satellites in the way of goods and services are performance unavailable to Tito's Yugoslavia. Tito's ideology is strongly streaked with pragmatism.

Besides, Tito can hardly look on with equanimity while year after year huge aggregations of Russian troops remain on his flanks, ready to pounce on him if the Kremlin decides, after all, that Stalin was right and Tito should be crushed.

A withdrawal of all Russian troops from satellite countries would certainly contribute to world stabilization. For as long as they are there, the road of invasion of Western Europe is open. Under the present conditions, all the Red Army would have to do is march. But if they had to march all the way from Russia, over the possible resistance of Poles, Hungarians, Yugoslavians, Czechs and East Germans, it would be something else again.—Ablene Reporter-News.

Pay Your Poll Tax
From this vantage point 1957 may look like a dead year for poll tax purposes but remember there is still a very important Texas Senate Race to be decided yet. Not only that, there is always something coming up that you may want to vote on.

So pay your poll tax before Jan. 31.
Elated Man!
That elated look you saw on Jimmie McFarland's face this week has a very good energizer behind it.

Last week, during the blow up in the Middle-East he received a very official looking letter from the United States Army. He reacted so shakily that Boisard had to open the letter for him. It was his Honorable Discharge from the United States Army. He has now been re-allocated to the draft boards, and can't be recalled.

We know how you feel, Jim, and are happy that you won't be "fading away." — Claude News

Women
Personally I am willing to leave the problem of women's apparel to the callous conscience of the designer, to astronomy, astrology and the Republicans. Admittedly it is no concern of mine, but I would like to bring the commonwealth's attention to this salient observation: If the average man worried with a tight girdle every morning he would become petulant, irritable, and perhaps hostile.—Mataador Tribune

Local Teachers Attend Class Reunion at WTSC

Miss Clara Pyeatt and Miss Neville Wrenn, local teachers, attended West Texas State College last Friday and Saturday. The purpose of their attending was the silver anniversary reunion of the Class of 1931, their graduating class. They were among the 43 original class members present out of a class of 108. There are 97 class members still living and all but 26 still live in the state of Texas.

Friday evening the Exes met at the home of Dr. R. P. Jarrett for an informal get-together to renew old acquaintances.

The schedule for Saturday was as follows: Saturday morning at 8:00 o'clock in the Randall Hall Ballroom, the Exes met for visitation, registration, and coffee. Also attending were the exes who attended West Texas from 1928 through 1933, and the members of the faculty who were on campus during that time. From 9:15 until 12:00 o'clock a Class Recognition Program was held and the homecoming parade.

At noon the Annual Homecoming Barbecue took place. The members of the '31 class were presented with mums of the college colors for favors. As an anniversary gift, each member received a chrome enameled plaque with the state of Texas in the center and the school emblem around the outside edge.

At 2:00 o'clock the members attended the football game between West Texas State and Texas Western.

After the football game, Miss Wrenn attended a meeting of the Alpha Chi, an Honor Society of Southern Colleges. Miss Wrenn has been a member of the Society since her junior year in college.

Saturday night, Miss Wrenn stayed in Amarillo with her former room mate. She was the guest at a dinner held in her friend's home and several other college friends were present.

While at the reunion Miss Pyeatt met Mrs. E. E. Clark, who was a friend of hers. They had not seen each other since the graduation.

Mike Hunt, president of the '31 class, ran the groups reunion.

Mr. and Mrs. Sidney Baker visited relatives in Amarillo Tuesday and Wednesday. Tuesday night they attended the opening performance of the Little Theater play, "The Four Poster." Their niece, Patricia Starr Hall, a senior at West Texas State College, starred in the play.

Mr. and Mrs. Ben Parks visited in Lubbock Sunday with Mr. and Mrs. Clyde Owens.

AUSTIN—Texas' 56 Legislature will have much of its work cut out for it by Jan. 8.

State agencies and public and semi-public groups by the score are busy drawing up desired changes in state laws.

Some want certain laws liberalized. Others want them tightened. Many departments of State Government seek new or increased appropriations.

Examples in the news: State Board of Education wants \$50,000 a year for the next two fiscal years for education and rehabilitation of mentally retarded.

Board for State hospitals and special schools wants the state cigarette tax providing \$5,000,000 a year for its building program continued for two more years.

Texas Prison Board wants some \$5,500,000 for new building and staff needs resulting from an 80 per cent jump in prison population.

Texas law enforcement officials want 29 law changes aimed at updating criminal detection and trial procedures. Typical items: set up a statewide file of fingerprints of convicted felons, allow drunk driving convictions upon scientific blood tests, provide public defenders without funds, etc.

Costly change—At an approximate cost of \$1.00 per vote, Texans have approved a plan to aid the permanently disabled.

It was the third time in history the Legislature had fumbled its calendar in setting a constitutional amendment election.

Under the amendment, qualified persons will receive \$58 a month, \$20 from the state, balance from federal funds.

NAACP SEEKS MOVE—Next encounter between the state and the NAACP will be in Tyler district court Dec. 2. NAACP will then seek to have the site of future hearings changed from Tyler to Dallas or Austin.

Last month in Tyler Dist. Judge Otis T. Dunagan granted a temporary injunction against operation of the NAACP in Texas

Defendants gave oral notice of appeal.

Since, the organization abandoned appeal efforts and asked for a full trial on merits. If it loses this, the injunction becomes permanent.

Atty. Gen. John Ben Shepperd said his staff already is at work preparing and that he "earnestly hopes" the trial can be completed in December. Shepperd will be succeeded by Will Wilson on Jan. 1.

Oil Boost Okayed—Texas' December oil allowable will be 3,442,592 barrels daily—an increase of 75,503 barrels a day.

A 156-day producing pattern was set by the Railroad Commission, compared with 15 days in November.

Several major companies had urged 17 to 18 producing days because of disruption of supply lines from the Middle East. But representatives of Texas Independent Producers and Royalty owners contended crisis needs could be met with surplus oil in above-ground storage.

State Wins Tideland—State Supreme Court added to Texas' public domain in a case setting the boundary between tidal and landholder's property.

"Highest tide of the year," not "average high tide," determines the dividing line between tideland and coast land, ruled the court.

I the test case Texas gained 4,986 acres of mud flats along Laguna Madre north of Port Isabel.

Eventual result, said Atty. Gen. John Ben Shepperd, will be the gaining of hundreds of thousands of acres and millions of dollars for the permanent school fund.

Tidelands, according to law, belong to the state. Income is earmarked for education.

Tax Issue Clarified—Corporation franchise taxes do not have to be figured on the rate in effect at the end of the year if the rate was lower during the year.

Third Court of Civil Appeals so ruled in a suit brought by Southland Cotton Oil Company to recover taxes paid under protest.

During most of Southland's first year the franchise tax was \$1.25 per \$1,000 taxable base. By the end of the year the rate was up to \$2.00.

State officials contended the company should compute the entire year's taxes at the \$2.00 rate. Southland paid the full amount but sued for recovery.

Grain Crops Skid—Texas 1956 grain crops will be substantially less than last year, but better than expected earlier.

A 28-million-bushel corn crop is forecast by the U. S. Department of Agriculture. This compares with 49 million bushels in 1955. Sorghum is expected to yield 98 million bushels, a drop of about one third. Rice is set at 46 million bags, a 15 per cent decline.

Even so, forecasts showed an optimistic upturn since the last estimates a month ago. Another bright spot: USDA expects citrus production to run more than 50 per cent above last season.

CARD OF THANKS We wish to express our heartfelt thanks to each and every one for the many kind deeds done for us during my recent illness. I am especially thankful for those of you who sent beautiful flowers, nice gifts and all the nice cards and letters. All of these acts helped so much. I also wish to thank the doctors and nurses who did so much to help me in my time of need.

Sherman, Mr. and Mrs. W. E. Clemons

Tomie M. Potts Heads Dealer Membership Drive

Tomie M. Potts, local Chevrolet-Oldsmobile dealer, will devote one day of his time during the week commencing Friday, Nov. 23, to head a membership campaign among factory authorized new car and truck dealers.

As area chairman for Hall and Donley Counties for the national Automobile Dealers Association and the Texas Automotive Dealers Association, Potts is an active leader in dealer association affairs.

The campaign, called "GAD," for "give a day," has as its goal the enrolling of every authorized new car and truck dealer as a member of the state and national associations.

Further Honorary Positions Filled At Memphis High

Students of Memphis High School this week named the "Most Handsome Boy" and the "Most Beautiful Girl" in the high school and picked the senior boy and girl "Most Likely to Succeed," from the class.

Bill Morgan, a senior, was chosen as the "Most Handsome Boy" and Shirley Reed, a junior, was selected as the "Most Beautiful Girl" in the high school. Seniors chosen for the honor of the "Most Likely to Succeed" were Paul Wilson and Nellie Moore.

Mr. and Mrs. Milton Beasley had as weekend visitors Mr. and Mrs. N. S. Foreman of Marlow, Okla., and Mr. and Mrs. Billie M. Foreman, also of Marlow. Mrs. N. S. Foreman, mother of Mrs. Beasley, remained here for a week's visit.

Lakeview School Elects Favorites

Students of Lakeview High School recently elected a slate of high school favorites. Students chosen for these honors will appear in the school annual.

Elected were Shirley Ariola and Martha Joy Reed who tie for the honor of most beautiful girl; Jerry Gowdy, most handsome boy; Glynda Lewis, most popular girl; Billy Don Shaw, most popular boy; Betty Barclay, best all-around girl; Lester Driver, best all-around boy; Elizabeth Casteel, best personality girl; Leonard Sanders, best personality boy.

Also elected by the various classes were Mr. Senior, Ronnie Bailey; Miss Senior, Doana Fowler; Mr. Junior, Ken Bevers; Miss Junior, Patsy Neighbors; Mr. Sophomore, Jimmy Bounds; Miss Sophomore, Nancy Davidson; Mr. Freshman,

Teddy Sparks and Miss Freshman, Nila Ray Holt.

Mr. and Mrs. Bob Crow, Jr., and sons, Sammy and Michael, of Denver City visited here over the weekend with Mr. and Mrs. Hershel Potts and family. Accompanying them to Memphis was Mrs. Bob Crow, Sr., mother of Mrs. Potts, who remained in Memphis for an indefinite visit with her daughter and family.

NARROW-MINDEDNESS

Gospel preachers are many times accused of being narrow-minded because they are most insistent upon a person forsaking all to follow Christ. Everything in life is narrow, and success is to be found only by passing through the narrow gate and down the straight way.

There is no room for broad-mindedness in the chemical laboratory. Water is composed of 2 parts hydrogen and 1 part oxygen. The slightest deviation from the formula is forbidden.

There is no room for broad-mindedness in music. There can be but 8 steps in an octave. The skilled director will not permit his first violin to play so much as a half step off the written note, chord, and key.

Broad-mindedness has no place in the mathematics classroom. Algebra, geometry, calculus or trigonometry cannot be taught with any variation from exact accuracy, even for old time's sake. The solution of a problem is either right or it is wrong—no tolerance there.

The athletic field is another classic example of adhering to the straight and narrow. The game is played according to the rules with no favors shown for charity's sake.

In the factory there is no room for broad-mindedness. Every part must fit into the finished product perfectly, or it will be rejected. Even between friends there cannot be any variation.

How then can we expect broad-mindedness to rule the realm of religion? Jesus declared, "Ye shall know the truth and the truth shall make you free." (Jno. 8:32) Truth does not fluctuate. It is static. Truth is God's Word, and it only must rule in religion. BROAD-MINDEDNESS IS SIMPLY A NICE TERM FOR REBELLION AGAINST GOD'S WORD.

Report From Washington

By Walter Rogers

Congressman, 18th District

...mistaken when they failed to confer at length with this country on these moves.

Much as Russia would like it, the Western alliance is not going to crumble even though England and France might engage in some petty practices. It would not be the first time for either of them. This country will not permit itself to be badgered into another useless war simply to save the face of someone who acted hastily. It is high time that both of these countries began conducting themselves as full grown nations and stopped acting like spoiled children. If they are going to accept all the benefits and good that this country has provided for them in the past and can provide for them in the future, it would seem to be in good order for them to give us the benefit of any knowledge they might gain as to the intentions of those countries that are allies to neither of us.

As the matter now stands there is a definite possibility of war which could be likely probability overnight unless the matter is handled with the greatest discretion. The Suez Canal is blocked, the Middle East oil deliveries to Europe are measurably curtailed, they could be substantially cut off by damage to pipeline facilities, Russia has committed one of the most heinous crimes against mankind by creating the unprecedented blood bath in Hungary, and all of these matters are now before the UN for some action. To say that the world situation is tense would be to indulge in a masterpiece of understatement. It is tense in the Middle East, it is tense in Europe and it is tense in the Far East; only because of these several areas is it tense in the United States. This tension must be relaxed without armed conflict. God forbid that the sons and daughters of American mothers will be called to foreign soil to again fight where so many have died before them in vain.

Antlerless Deer Harvest Information Given by Game and Fish Commission

Landowners in the Texas big game range have embraced the antlerless deer harvest to the extent that a record twelve thousand plus permits have been issued to ranchers in areas overpopulated with deer, according to E. A. Walker, director of Wildlife Restoration for the Game and Fish Commission.

He said the trend indicates that "many more counties will seek legislative authority at the coming session to become a part of this important game management practice."

The combined harvest of antlerless deer this fall may go as high as five thousand head, explained the director. This total contrasts with the overall quota of only nine hundred forty-six deer when the program was launched only four years ago.

These deer, he said, are made available to hunters in addition to the bucks-only routine as a means of reducing overpopulation, sparing the range and strengthening the herds.

More and more ranchers and landowners now realize that unless the surplus game is taken legitimately the spare numbers will die of starvation," said Walker.

"Even though the antlerless harvest may run as high as five thousand this fall, this is only a fraction of the over population

throughout the big game range. If there should be a severe winter, countless thousands of deer in the congested areas would perish. Under the existing laws the expanded harvest has to be limited to the places where the actual authority has been granted to reduce the herds to the carrying capacity of the land as determined by scientific findings."

The bulk of the antlerless deer headed for the harvest are in the Hill Country, specifically in Gillespie, Llano, Mason and Medina counties where the season will run from Dec. 1 through Dec. 15. One thousand head have been declared in Bosque county of the Possum Kingdom area; eight hundred head in Red River County of northeastern Texas, and approximately two hundred head in Culberson and Brewster in far west Texas. The special hunts in those areas will be within the regular harvest seasons. Persons

interested in the Brewster and Culberson County harvests should contact these ranchers: T. A. Beard, Box 569, Alpine, and W. L. Watters, RFD 1, Box 115, Fort Stockton for Culberson County, and John Catto, Jr., 510 Soledad, San Antonio, for Brewster County.

Those interested in the other antlerless hunts should contact their game wardens or write the Chambers of Commerce in the counties listed. The individual limit will be regulated by local restrictions, or in the case of the Hill counties, two antlerless deer per person, or one antlerless deer if the hunter already has gotten his buck.

Permits to hunters are being distributed through land owners. The regular \$2.15 hunting license will prevail. Cost of permits per

head generally will range upward from \$10.

Gentry, George Receive 4-H Gold Star Awards

Shari Gentry, Memphis 4-H girl, was awarded a Gold Star medal for doing the most outstanding 4-H Club work in Hall County in the girls division at the annual Achievement Day Banquet held in Vernon Saturday, W. B. Hooser, county agent, announced this week.

Ronnie George, of Turkey, was presented with a Gold Star award for the boys division. The awards were presented by W. I. Glass, state extension agent from College Station.

The banquet honored 22 boys and 22 girls from Extension District No. 3.

Miss Gentry's achievements include the following: She has been a 4-H Club member for four years; was secretary-treasurer in 1955 and vice-president in 1956; won Sears girls in 1953 and 1954; won \$30 in the heavy litter contest; won \$25 in heavy litter contest; won first place in State-Line Fair with junior Hereford heifer; won first place and reserve champion in Top-O-Texas show at Pampa and fifth in junior heifer class in Amarillo.

She also won \$35 this year in the area heavy litter contest and presented her registered cattle in Houston and Amarillo last year. She won three firsts, grand, and reserve champion Hereford heifer in the Stateline Fair in Shamrock last year and placed third with her senior heifer in the Houston show.

George has been in club work for seven years and has won all-expense trip to the annual 4-H Round-Up at College Station and another to the bi-district encampment at Buffalo Gap. He won a businessmen's Duroc gilt in 1954 and a Sears gilt in 1956. He has also won grand champion with his junior Hereford bull in the Greenbelt show and exhibited steers in the Turkey, Hall County, Amarillo and Houston shows.

Jerry Hooser also attended the

ideals," he said. Molloy will leave Memphis at 12:05 a. m. Friday and will arrive at Dallas that morning where he will meet other state winners who are going to attend the Congress.

He will attend a "get-acquainted" meeting at the Statler-Hilton Hotel at 10 a. m. and a luncheon at 11:30. The group will board the train that afternoon and travel as a group to Chicago. He will leave Chicago to return home Nov. 30.

Molloy recently received the Branigan 4-H Achievement Award for being the outstanding 4-H Club member in Hall County.

Molloy's record shows that he has won many other trips in the past. A few of these are as follows: an all-expense talent tour over Texas, New Mexico and Utah; two all-expense trips to the 4-H Round-Up at College Station; two all-expense trips to the 4-H Encampment at Buffalo Gap, and four all-expense trips to the District Encampment at Camp Kerkins.

He has exhibited the grand champion Hereford heifer at the Top-O-Texas Show, the grand champion gilt at the Sears show in Amarillo and numerous other grand champions. He also wins the showmanship award in almost every show he enters.

Molloy has been president of his club for four straight years. He was a member of the judging team that won first place in the 4-H Division of the Greenbelt Show, and later the team won first place in the show over both 4-H and FFA teams.

He also exhibited the grand champion boar in the Amarillo show for three straight years and picked up a \$200 scholarship by placing first in the state in a cotton production contest.

Accidents Take Six Lives During Month of October

Six persons were killed and 72 injured in accidents in the Amarillo District during October, according to a report released this week by the Texas Highway Patrol District No. 5, which is composed of the 26 Panhandle Counties.

Last year for the same period 8 persons were killed and 87 were injured. However, this year there was an estimated \$102,607 in property damage while last year property damage was only \$99,299.

The unit investigated 89 accidents on state and federal highways, 13 on farm to market roads, 12 on county roads and 10 in towns of less than 2500 population.

Speeding was the principal violation in causing the accidents with other violations coming in the following order: failure to grant right of way, driving while drinking, following too closely and improper turns.

So far this year 75 persons have been killed and 685 injured in accidents investigated with the total property damage estimated at \$755,193.

The 31 patrolmen in the 26 Panhandle counties arrested a total of 1005 persons for traffic violations during October. Of this number, 586 were charged with speeding and 32 with driving while intoxicated.

They traveled a total of 90,453 miles, or enough mileage to reach around the world almost four times. The patrolmen also worked a total of 7,493 hours.

added the Pontiac line. Staff feels that he understands some of the problems that the cotton farmers of this area face because he worked as overseer of a 1100 acre cotton plantation in Louisiana from 1929 until 1934.

Blewer Attends

(Continued from Page 1)

2, was accompanied by Mrs. Blewer. He was a member of the resolutions committee of the association, and was in session one day prior to the opening of the convention.

A decision by the county officials, which will have far-reaching effect upon county affairs if adopted, was the passage of a resolution calling upon the State Highway Department to buy all right-of-way needed in the state. Blewer explained that this included both primary and secondary road construction and improvement. The adoption of this resolution by unanimous vote by approximately 1,050 delegates to the convention means that the highway department is urged to set machinery in motion to take over right-of-way purchasing in all Texas counties.

Among the arguments for passage of the resolution, according to Blewer, was that only 79 counties in Texas will benefit from the Federal Aid Highway Act of 1956, under which the department had agreed to purchase right-of-way for the interstate highway system. Many judges and commissioners from drought-stricken counties of the state reported that lack of rain and lack of jobs were causing hardships in their areas, Blewer stated.

In Karnes County alone, 10,000 persons were issued surplus foods by officials during the month of August. A similar situation exists in several other counties in different parts of the state. The handling of federal surplus foods is one of the duties of county officials, Blewer said.

The association, by passage of resolutions, will call upon the legislature to pass certain laws to correct conditions which they pointed to in their convention.

Cyclone Drops Season Closer To Canadian

The Memphis Cyclone dropped their last game of the 1956 football season here Friday night as they went down before the rugged Canadian Wildcats by a score of 14 to 7.

Memphis scored about the middle of the first quarter after recovering a Canadian fumble on the Memphis 24-yard line. Eight plays and two first downs later Halfback Daryl Long raced 53 yards through tight guard to score. Halfback Billy Don Johnson ran the extra point.

Canadian's first score came early in the second quarter with Dell Krehbeil crashing through from the one-yard line and Garner Schienhals running the extra point.

Canadian received the kick-off after the half and 19 plays later Krehbeil scored again and Schienhals picked up the extra point. Memphis picked up 8 first downs and Canadian 16. Memphis ran for a total of 122 yards while Canadian chalked up 297.
