Former County Judge

Funeral Services Held For M. O. Goodpasture

Final rites for M. O. Goodpasture, former Hall County judge, were conducted at the First Christian Church at 2:30 p. m. Sunday with Minister T. T. Posey of the Paramount Christian Church in Amarillo and G. C. Sharp, minister of the local church, in charge of the services.

Judge Goodpasture died at a local hospital Saturday morning after having been seriously ill for the past two weeks. He was 80 years, 4 months and 25 days old at the time of his death.

The former County Judge was born in a one-room log cabin about six miles from Hillham, Overton County, Tenn., on Feb. 11, 1877. He came to Texas on Jan. 2, 1901, in order to escape a section where malaria prevailed year after year. Mr. Goodpasture engaged in farming for one year in Montague County, making four bales of cotton and about 30 bushels of corn. This crop forced him to go back to teaching school, a profession he had followed for seven years before coming to Texas.

After teaching in several schools in Central Texas, Mr. Goodpasture accepted a position with the Quail School in 1904. He later taught at Ring and Buck Creek, before turning back to farming for a while.

In about 1918 Mr. Goodpasture became deputy county and district clerk. Three years later he was elected county and district clerk. He served in this capacity until 1923, at which time he became secretary of the Retail Merchants Association. Mr. Goodpasture had to give up this job in May, 1925, because of ill health.

He was elected County Judge in 1936 and served for five terms. After a lapse of two years he was re-elected to the office again and (Continued on Page Ten)

Tournament Set For Sunday at Country Club

A Membership Tournament will be held Sunday afternoon at the Memphis Country Club, Lee Brown, tournament committee chairman announced this week.

H. R. Crawford and Allen Dunbar will act as team captains for the event. Brown urged all members who wanted to participate in the event to be at the club between 12 and 1 p. m. Sunday.

The two captains will choose the members of their teams and handicaps will be given.

The team which loses will be host to the winners Sunday night at a luncheon at the club.

JAMBOREE BOUND—Pictured above are the three members of Hedley Troop 25 who left Saturday to attend the National Scout Jamboree. Left to right they are David Moreman, 14, son of Mr. and Mrs. Ray Moreman, Scoutmaster Boaz Stotts, and Don Cox, 15, son of Dr. and Mrs. D. H. Cox.

Three Hedley Scouts Attending Jamboree

Three members of Hedley Scout Troop 25, David Moreman, Don Cox, and Scoutmaster Boaz Stotts, left about 7 p. m. Saturday to attend the National Scout Jamboree.

The group left aboard a special train from Pampa which will take them to the camp at Valley Forge, Pennsylvania.

The boys made a tour of Washington, D. C., Monday by bus and then went to Valley Forge Tuesday. The Jamboree will be held from July 12 until 18.

During the time they are at the camp the boys will make a trip to Philadelphia, Pa., and tour Independence Hall and see other famous historic spots.

After the Jamboree is completed, the boys will tour New York City, Niagara Falls and Detroit. The group will return to Pampa on July 22.

While at the camp Stotts will be assistant scoutmaster to Jamboree Troop 27. Approximately 100 boys from the Panhandle area are attending the camp.

Ladies' Council To Hold Bake Sale Saturday, July 13

The Ladies' Council of the Assembly of God Church will sponsor a bake sale next Saturday, July 13, beginning at 10:00 a. m., according to an announcement this week by Rev. Carl Martindale, pastor of the church.

Eatables for purchase will be on display at Miller's Furniture Store on the east side of the square.

F. F. A. Members To Plan Trip At Saturday Meeting

A meeting of the Memphis Future Farmers of America will be held Saturday night at 7 p. m., Hershel Potts, vocational agriculture instructor, announced this week.

The meeting will be to plan the annual summer trip for the organization, and Potts urged all members to be present. The meeting will be held at the Vocational Agriculture Building.

Potts stated that the trip probably will take place about July 18.

Oscar Maddox, Ronny Edwards To Receive Lone Star Farmer Degree

Oscar Maddox and Ronny Edwards, members of the Memphis Future Farmers of America chapter, will be awarded the Lone Star Farmer Degree, the highest offered by the Texas F. F. A. association, Hershel Potts, vocational agriculture instructor, announced this week.

The presentation will be made at the annual banquet of the State F. F. A. Association to be held in Fort Worth July 17 through 19.

Oscar is the son of Mr. and Mrs. Oscar Maddox and Ronny is the son of Mr. and Mrs. Lewis Edwards.

To be eligible for this degree, a boy has to be an outstanding student, both scholastically, and from the standpoint of leadership, Potts said. In addition, they are required to maintain a diversified farming program over a period of three consecutive years, and to keep an up-to-date set of records on each individual project, he continued.

For the past three years, Oscar and Ronny have carried out a number of swine, poultry, beef cattle, cotton and grain sorghum projects. They have both served as officers of the local chapter and Oscar was vice-president of the Greenbelt District during the past year, the instructor stated.

Both of the boys have been members of several leadership and judging teams entered in competition.

Potts explained that not more than two per cent of the members of the Texas F. F. A. association are eligible to receive the degree during any one year.

"It is students like Oscar and Ronny that vocational agriculture instructors particularly enjoy working with," Potts stated. "We can see them develop and grow into farming by gradually expanding the scope of their farming enterprises."

Play Completed In Annual Memphis Tennis Tournament This Week

Play was completed in the annual Memphis summer tennis tournament this week with champions being determined in all four of the divisions, W. C. Davis, sponsor of the event, reported.

David Duncan took the championship of the men's singles play by defeating Barney Bevers in the final round by 6-0, 3-6, 4-6, 6-4, 6-0.

Roddy Bice and David Duncan took the doubles crown by defeating Dudley Gillespie and Don Townsend in the final match last Friday in that division.

Rita Durrett is the champion in the women's singles division and gained her title by defeating Trilby Townsend in the final match.

In girls' doubles competition Rita teamed with Christine Durrett and defeated Beverly Crawford and Katherine Wright in the final match.

All of the play took place at the courts located at the Memphis High School during the week of July 1.

Other entries in the men's singles play were Dudley Gillespie, Joe Bob Browning, Billy Cheek, Eddie Piland, Temple Deaver, Don Townsend, Bobby Townsend, Cleve Evans, Loran Denton and Roddy Bice.

Entering the men's doubles were Cleve Evans and Eddie Piland, Bobby Townsend and Billy Cheek, Barney Bevers and Loran Denton, Temple Deaver and Joe Bob Browning, Dudley Gillespie and Don Townsend, and Roddy Bice and David Duncan.

Girls' singles competition consisted of Kathy Phillips, Bettye Gidden, Martha Reed, Trilby Townsend, Christine Durrett and Rita Durrett.

Entering the girls' doubles play were Christine Durrett and Rita Durrett, Bettye Gidden and Trilby Townsend, Carol Ann Monzingo and Lois Monzingo, Beverly Crawford and Katherine Wright, and Martha Reed and Brenda Brister.

"Four men have already applied for the position," Judge Davis stated.

The Friday meeting of the court is a special session to give persons a chance to protest if they think the taxes assessed for this year are in error.

Other business taken up at the meeting Monday consisted of the regular approval of bills and reports from the different branches.

Fifteen Cars of Wheat, One Barley, Already Shipped

Hall County's wheat harvest was drawing to a close this week with a predicted total harvest of over 27 car loads. Buyers predicted that the area around Memphis would produce 17 car loads while that around Turkey would account for another 10 cars.

So far Memphis has shipped 15 cars of wheat and one of barley with the harvest almost complete here. At Turkey, where much of the wheat was later, harvest is now in full swing.

Hall County farmers will probably realize approximately \$87,412.50 gross income from the wheat crop by the time it is completed.

County Agent B. Hooser stated that the yields around Memphis were exceptionally high this year with some farmers reporting over 20 bushels per acre. This is the best crop since 1949.

Arville Setliff at Turkey reported that most of the wheat in that area was averaging about 10 bushels to the acre. He said that most of the wheat was of a fair quality but that some farmers were having difficulty with weeds which had grown up among the stalks.

Most of the wheat was bringing about \$1.85 per bushel.

The one carload of barley which has been shipped was the first ever sold from this county, according to reports. In addition to the barley, there was also a considerable amount of rye and oats planted in the county this year.

The county wheat allotment this year was 4,700 acres. Farmers placed half of this amount, 7,300 acres, into the Acreage Reserve part of the Soil Bank program. They received payments of \$85,700 for taking the land out of production. This amount, added to the amount received from the county wheat crop, would mean that the 14,700 acres of wheat land will gross farmers approximately \$173,112.

Services For Mary Hawthorne Held Here Sunday

Funeral services for Mary E. Hawthorne, 90, were conducted at 4:30 p. m. Sunday from the Spicer Funeral Chapel with Rev. Fern A. Miller, pastor of the First Baptist Church, officiating.

Mrs. Hawthorne died Friday at a rest home in Brownwood.

A long-time Hall County resident, Mrs. Hawthorne came here in 1925 and resided in the Lakeview community for many years. She moved to Brownwood about three years ago.

She was born Dec. 29, 1866, in Fort Smith, Ark., the former Mary E. Dunn. In 1880 she was married to Charles Henry Hawthorne, who preceded her in death in 1898.

Farmers Can Now Apply For Gas Tax Refund

Farmers were reminded this week by County Agent W. B. Hooser that they may now apply for a refund on the 3-cent federal gasoline tax used for farming.

The amount claimed must be based on the quantity of fuel used for farming purposes on individual farms and ranches during the period from July 1, 1956, to June 30, 1957.

Hooser stated that all claims must be submitted to the District Director, Internal Revenue Service, for the past year by Sept. 30, 1957. Only refund claim per farm operation will be permitted and each tax return is cautioned to make certain.

Alcohol Charges Filed Against Tom Thomas

County Sheriff W. P. Baten, Deputy Elmer Neel arrested John Thomas, Negro, Saturday night and charged him with possession of wine for the purpose of sale.

Thomas was apprehended with wine behind a cafe which he was operating in the Morning Addition.

Thomas appeared before County Judge Tracy Davis Monday afternoon and pleaded not guilty to charges, and is being held in lieu of \$1,000 bond.

Little League All-Stars To Meet Wellington Here Friday Night

Friday night at 7:30 a Little League All-Star team will meet a visiting team at the City Park, Wellington, coordinator, of the team said.

The All-Star team will be composed of three members from each of the five Little League teams.

Members of the following teams are: Ted Barnes, Kenneth Graham, and Bill Pounds; Braves—Graham, Randy Robertson and Don Sturdivant; Indians—Duo Guffinet, Dwight and Bobby Ray Jefferies; Jays—Dunbar, Ernest Neal and David Collins; Tigers—Hoot David May and Jerry Moss.

The league play this week was continued to hold the record with a 10-2 record for .833.

The Braves are in the place spot with a 9-4 record for .692 percent.

The place team is the Indians with a record for .500 percent. The Jays are next with a 7-9 record and the Tigers trail with a 5-10 record.

Corley, will complete his season at the league this week at the State College in Canton, Miss. He will return to Memphis to assume a position (Continued on Page Ten)

Services For James A. Frizzell Set for Friday

Funeral services for James A. Frizzell, 88, will be held at the Spicer Funeral Home Chapel at 2:30 p. m. Friday with Rev. J. S. Tipton, pastor of the First Baptist Church at Hedley, officiating.

Mr. Frizzell died at a Lubbock hospital Wednesday evening.

Burial will be in the family plot at Fairview Cemetery under the direction of Spicer Funeral Home.

The Frizzell family came to Hall County in 1888 and operated a farm near what is now the Pliska community. They also worked for several ranches in the area, and James finally moved to Wyoming to continue in ranching about 1910.

He had been living in Lubbock for the past seven years.

Survivors include one brother, Luke of Lubbock; and two sisters, Mrs. Lizzie Kirkpatrick of San Antonio and Mrs. Maggie West of Sacramento, Calif.

NEW PRESIDENTS—W. E. Leslie, left, and Dwight Kinard, right, took over duties last week as presidents of the Lions and Rotary Clubs, respectively. The outgoing Lions President was Elmont Branigan and the former Rotary President was Thomas Clayton. The new presidents will announce committee assignments in the near future.

Concrete Irrigation Pipe Meeting To Be Held At Texas Tech on July 16

An estimated 3,000 miles of concrete irrigation pipe is now in use on Texas farms. Because of the widespread interest and requests for information on the subject of concrete irrigation pipe, a meeting has been set for July 16. It will be held in the Aggie Auditorium on the Texas Tech campus at Lubbock with a 9 a. m. starting time.

R. V. Thurmond and D. W. Sherrill, irrigation specialists for the Texas Agricultural Extension Service, say the meeting is open to any person who is interested in concrete pipe for irrigation or in problems relating to the installation of such systems. Featured speaker on the one-day program will be A. F. Pillsbury, professor of irrigation, University of California. The extension specialists point out that between 25 and 30,000 miles of concrete irrigation pipe are used in California and that Prof. Pillsbury, because of his work in the state, is recognized as one of the nation's authorities on the subject.

Another feature which is sure to get a lot of attention will be the announcement of the American Society of Agricultural Engineers standards for design and installation of non-reinforced con-

crete irrigation pipe systems. Thurmond says this is the first effort to put uniform standards in effect all over the nation.

A new film, "Concrete Life Lines," which was released only a month ago by the Portland Cement Association will be shown just prior to the noon recess.

Other speakers will include Tom Cowan, area engineer, Soil Conservation Service; M. P. Hammond and Bruce Spencer, Gifford-Hill-Western; John Koester, Portland Cement Association; Charles Richter, real estate loan officer, Farmers Home Administration and Lester Young, State ASCE Office.

The meeting is being sponsored by the Extension Service.

Mr. and Mrs. Gene Paschall and Toney of Midland, Mr. and Mrs. Bill Scott and Palma of Amarillo, Mr. and Mrs. F. J. Paschall and family of Borger, Mr. and Mrs. M. W. Paschall, Jr., of Wellington, Betsy, Patay and Lynn Bryand of Slaton, and Mr. M. W. Paschall visited Mr. and Mrs. Boyce Bruce and Judy last week.

Stubble Mulching Will Conserve Water, Soil Within County

Two farmers in the Hall County Soil Conservation District have recently done some stubble mulching. M. C. Allen of Memphis and Paul Smith of the Elh community have completed this practice.

In stubble mulching, as much crop residue as possible is left on the surface of the soil. Stubble mulching will benefit farming operations in many ways, according to Soil Conservation technicians. It provides cover for the land when crops are not growing; it reduces surface runoff of water; it helps to conserve moisture; and reduces the impact of raindrops, permitting more water to penetrate deeper into the soil.

Sweep type equipment that does subsurface tillage is recommended by the district in order to do a good job of stubble mulching.

New Draft Rules Will Defer Men In Ready Reserve

Colonel Morris S. Schwartz, state Selective Service director, has announced receipt of draft regulations which will defer additional thousands of Armed Forces reservists.

Previously, thousands of members of units of the Ready Reserve of the reserve components of the Armed Forces were not eligible for draft deferment despite their reserve activity.

Authority received by the state director of Selective Service is copy of an executive order signed by the president. This authority already has been passed on to the local boards, Col. Schwartz said.

The state draft director warned registrants that it is their individual responsibility to see that their local boards are advised when they are members of units of the Ready Reserve of a reserve component.

Reporting such membership in a unit is also the responsibility of the commanding officers of the units in the case of draft registrants. The report is made on a special Department of Defense form, No. 44.

The individual reservist, if liable under the draft law, will receive an order to report for induction if his membership in the reserve unit is not reported.

"As far as the draft board is concerned," Col. Schwartz said, "a man is not a member of a Ready Reserve unit if he or his commanding officer don't notify the board in the officially prescribed way. The board cannot defer without information."

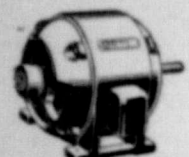

Minor changes in regulations involving aliens, dependency, appeals, examination and induction procedures, and critical skills program were also received.

CARD OF THANKS

Words completely fail to express our real feelings of appreciation and gratitude to the many friends, neighbors and relatives for their many acts of help and kindness to us during the illness and at the death of our beloved father and grandfather. We sincerely appreciate the loving care of the nurses and doctors and all of those who participated in the final services. It is our prayer that God will be as kind to you through the love of your fellow men in every hour of need.

Tornados Kill 36 Persons in Texas During First Five Months of Year

Unprecedented floods, tornadoes and severe weather during the first five months of 1957 have taken a property toll in Texas estimated at \$91,196,224. These are the figures submitted in a report to Governor Price Daniel by State Defense and Disaster Relief headquarters this week.

Preliminary estimates place the flood damage at \$69,700,000. A new survey of crop damage now being conducted may raise this estimate.

The Weather Bureau estimates damage by tornadoes, hailstorms, blizzards and other severe weather from February 16 through May 31 at \$16,745,833. This does not include floods and

Mrs. Lula Crawford Dies At Shamrock

Funeral services for Mrs. Lula Crawford, 76, of Shamrock were held June 30 from the First Baptist Church in Shamrock with Rev. Trice Epps of Altus, Okla., officiating assisted by Rev. J. E. Byars of Shamrock and Rev. L. Stonecipher of Wellington.

Mrs. Crawford was born in Woodburn, Ky., Oct. 3, 1880, and lived in Hedley for a number of years before moving to Shamrock in 1941. She was the wife of Rev. L. J. Crawford, pastor of the Missionary Baptist Church at Hollis, Okla., who survives her.

Also surviving are four daughters, Mrs. Vernie Wade of Hedley, Mrs. Don McQueen of Clovis, N. M., Mrs. Houston Hardy of Seminole and Mrs. George Dempsey of Amarillo; three sons, Rev. Noble Crawford of Brazil, South America, Jack Crawford of Goodnight and Warren Crawford of Vernon, 15 grandchildren and 6 great-grandchildren.

loss of livestock. State agencies' contribution to disaster operations is now placed at \$3,360,391.

In addition, the cost of Red Cross assistance in meeting eligible needs of individuals and families is now estimated at \$1,300,000.

A tornado, which struck near Harlingen Feb. 16, touched off a chain of weather violence unequalled in the history of Texas. This was followed by the worst spring

blizzard (March 19) ever to hit the Texas Panhandle. With thousands stranded, the death toll was held to a surprising seven. Then came the disastrous Dallas tornado on April 2 that claimed nine lives. This was followed by the devastating Lampasas flood on May 12 that destroyed 90 per cent of the business district, smashed 310 homes and killed five persons. Following close on the heels of this disaster, a roaring funnel descended out of black clouds just before midnight May 16 and destroyed part of Silverton, killing 19 people.

It was on May 24 that 22 tornadoes churned across a terrified Texas. Scores of other funnels were sighted but did not dip to the ground. Never before in the history of the Weather Bureau had there been such a day of violence, setting a new record which Texans will not point to with pride.

Hodnetts Are at Dinner

Mrs. W. F. Hodnett was at a family dinner on Sunday, July 7. The dinner was given by Mr. and Mrs. Ralph Noble and Elvin Hodnett who arrived July 4 from Bakersfield, Calif., for a surprise visit to their parents.

The dinner Sunday evening was given by Mrs. Edna Edens, Darla, Peggy, Clayton, and Weldon Edens, Mr. and Mrs. Robert and daughter, Veda, Mrs. Bobby Jack Hodnett, B. J. and Kenzie Hodnett of Amarillo, Mr. and Mrs. Edens of Brice, Mr. and Mrs. Noble and Elvin Hodnett of Bakersfield, Calif., Earl Hodnett of Dumas, Mr. and Mrs. Hodnett and Carylon, Mrs. Hodnett of Dumas was unwell as she was ill.

California visitors enjoyed a supper at the home of Mrs. Guy Edens on Sunday. They left the next day for where they planned to spend a few days with Mr. and Mrs. Hodnett before returning to their homes.

Mrs. C. J. Hampton, Mrs. Pearl Massey and Mrs. A. Gerlach returned Wednesday from a trip to Sulphur Springs, Dallas and Harris where they enjoyed visiting with relatives.

New Licenses For Sportsmen Go To Printers

New 1957 hunting and fishing licenses are now in the hands of the printers and will go out to deputies for sale before September 1, it has been announced by the chief clerk of the Texas Game and Fish Commission.

New fishing licenses will cost \$2.15 this year. Licenses will be required for both salt and fresh water fishing. Hunting licenses will be \$3.25. Although there are a few exemptions, licenses generally will be required of all who fish and hunt in Texas.

"The safe thing for anyone in doubt is to check with the local warden, or any one of the many deputies who'll be selling licenses," according to the chief clerk.

Mrs. C. J. Hampton, Mrs. Pearl Massey and Mrs. A. Gerlach returned Wednesday from a trip to Sulphur Springs, Dallas and Harris where they enjoyed visiting with relatives.

Merit System Now Setting Up Eligibility Lists

Applications are being received by the Merit System Council for the Texas State Department of Health for competitive examinations to establish lists from which public health vacancies can be filled.

Special recruitment is being made for these classifications which prefer or require a college degree: occupational health nursing consultant, lay meat inspector, junior sanitarian, sanitarian, senior sanitarian, junior engineer, veterinarian, dental hygienist, senior health information specialist, public health physician, and public health nurse. Some positions require extensive specific experience in public health agencies.

Application forms and information are available upon request from the Merit System Council, 814 Littlefield Building, Austin, Texas.

DEER CENSUS UNDERWAY ON PUBLIC AREAS

A summer census of deer on Wildlife management areas must be completed before it can be determined whether and when there will be another public hunt this fall, it has been announced by the Assistant Director of Wildlife Restoration of the Texas Game and Fish Commission.

Many requests for information are now being received by the Austin office about open dates, he said. The counts on the management areas will be made in late summer, but until they are completed and tabulated the department will not be in a position to give more information about the hunt.

Last year there were more than 8000 applicants for hunting on these areas. There were 898 permits issued, 766 hunters responded and 163 deer and 20 javelinas killed.

Most of the applications were for the Kerr area, where 3016 sent in applications. There were 388 permits issued, 308 hunters showed and they killed 149 deer.

On the Black Gap area west of the Pecos there were 2639 applications; 200 permits, with 155 hunters showing. They killed 61 deer and the 20 javelinas.

In the Engeling area in East Texas 2503 made applications. There were 401 permits issued, 303 showed and killed 53 deer.

"If the hunters will bear with us and watch the newspapers for the announcements we will tell them when to send in application," the Assistant Director said. "Drawings in plenty of time to give notice to successful applicants before November 16."

Safety Council Gives Hot Weather First Aid Hints

The "good old summertime" is here and with it comes higher temperatures and bright sunlight. The Texas Farm and Ranch Safety Council warns that too much sunlight and overexposure to high temperatures can cause trouble unless precautions are taken.

They point out that heat sickness will occur when the body's heat regulating system collapses during prolonged heat or overexposure to the sun. In sunstroke, body temperature rises, the skin becomes hot and dry, the face reddens and a shooting headache develops. Heat exhaustion is an entirely different thing. Its symptoms are below normal body temperature, cold clammy skin, pallor, dizziness and a dull headache.

The Council offers the following suggestions for preventing summertime troubles caused by heat. Avoid overexposure to direct sunlight and wear a hat while out-of-doors; avoid overexertion; wear light, porous and loose fitting clothing; increase the use of salt in food and use salt tablets or salt in drinking water; drink plenty of water during the day but avoid ice water and alcohol; eat nutritious food but don't overeat; drink fruit juices or eat fresh fruit for a plentiful supply of Vitamin C and get plenty of rest and bathe regularly.

The Council offers this simple rule if first aid treatment must be given to a person suffering from heat sickness. If the patient is cold, make him warm; if he is hot, make him cool.

Weed Growth on Range Land Cuts Grass Production

Weeds on a native pasture are harmful to good grasses but their damage can be greatly reduced if proper management practices are employed, says W. B. Hooser, county agent.

Weeds shade out grasses causing poor growth. They also use soil nutrients and moisture that should be used for the growth of grasses. Weeds use six to eight times more water than do good native grasses. However, weedy growth was helpful this year in holding up rainwater, causing more of it to penetrate the bare soil and thus reducing soil erosion, says Hooser. But this advantage by no means balances the disadvantages.

Weed control may be classified into two methods—mechanical and chemical. Mowing is the most important of the mechanical controls. The county agent advises setting the sickle blade about six to eight inches above the ground to avoid cutting off too much of the grass. The cows can perform the grass mowing task quite well, so only mow the weeds.

For annual broomweeds, set the blade just under the bushy top. Cutting the tops off of weeds usually kills them. Mowing may have to be done two or three times a year. The cost varies from \$1.00 to \$1.50 per acre.

Chemical controls react only on weeds that are young and vigorous, says Hooser. Spray chemicals when the wind is less than eight m. p. h. A low pressure of 15-30 pounds is usually the most desirable. Herbicides such as low volatile 2,4-D and 2,4,5-T esters are used most frequently. Chemical control costs about \$1.50 per acre and one spraying will probably last one season.

Caution should be used when applying any herbicide near broad-leaf plants that you do not want to kill.

"Civil Rights" Issue

The U. S. Senate began debate this week on the so-called "civil rights" bill which recently passed the house. This bill, sponsored by the Eisenhower administration, will no doubt be the most controversial measure since the great silver debate of 64 years ago, which lasted for two months.

There are several provisions in the bill which make it objectionable to any from the Southern states, or to any other far-thinking American. First of all, it sets up a commission or bureau. Anyone who has had any dealings with the federal government knows that there are many bureaus now. But most dangerous of all, it does not provide for any qualifications of the members of the bureau but vests the commission with wide quasi-judicial powers. The commission would have the authority to hire all the personnel it could get appropriations to pay and could also use the services of any person who volunteered to assist it. It also has the authority to pay the persons for travel and subsistence up to \$12 a day. It is easy to imagine what kind of organizations would offer their assistance to the commission, and voluntary snoopers would no doubt be putting their noses into every corner of the country.

The bill has also been very cleverly worded so that the right of trial by jury in criminal contempt proceedings is destroyed. If a judge were to issue an order telling someone to quit bothering the negro students at school, and then the person did violate this order, then the judge could place that person in prison for any length of time the judge desired. Judges now have the power to send persons to prison for contempt of court but they are limited by certain laws as to how long the person can be confined. With the "civil rights" bill there is no limit. This is probably the most dangerous provision in the bill. It is easy to see how one political group could send all their opposition to prison for violating someone's "civil rights." All they would need is a friendly judge. Would this be any different from the German Gestapo of WW II or the Russian MVD? The only difference would be that the conditions are better in U. S. prisons than in Russian slave labor camps.

Another provision of the act is unusual in that it denies the individual the right to say what proceedings he will follow in asserting his claimed rights, and leaves this decision, insofar as injunction proceedings are concerned, solely within the discretion of the attorney general of the United States. A lot of power to vest in one man.

Sen. John C. Stennis (Dem.) of Mississippi, has charged that the bill was designed primarily "to put bayonets in the backs" of Southerners; if necessary to force them to accept the Supreme Court's decision against school segregation. But the bill will no doubt be extended further than just the school question. Our Senators in Washington will no doubt need all the help that they can get in keeping this bill from becoming a law but, as one Southern Senator put it we will "fight it until we fall in our tracks" to protect the rights of our constituents. The civil rights question is just another area where the federal government, in the name of "The Great Crusade," is doing all it can to take all the rights away from state and local authorities. If a brake isn't put on sometime in the near future we will no doubt have to secure a permit from Washington before we can breathe.

Automatic Debt Reduction Plan Has Its Good Points

While Congress has done a creditable job, to date, on reduction of the budget, the whole story will not have been told until a year hence—after all the deficiency and supplemental appropriations have been made.

Meanwhile a permanent program of federal debt reduction has been proposed which deserves the most earnest consideration by Congress. It is a plan which would provide for systematic retirement of the public debt. It is at the same time a plan which would put a wholesome check upon federal spending.

Briefly, it would lower the present \$275,000,000,000 debt limit by 2 per cent of next year's net revenue, and by 3 per cent in 1959, 4 per cent in 1960, and 5 per cent in 1961 and in each succeeding year.

Had this plan been in operation in 1951, its sponsor, Sen. Leverett Saltonstall of Massachusetts points out, the federal debt now would be \$260,000,000,000 instead of approximately \$275,000,000,000.

The bill Saltonstall has introduced would permit suspensions of this orderly debt reduction during wartime. Congress also could suspend the automatic debt reduction by concurrent resolution if the President proclaimed an economic threat. It could suspend the operation of the bill to the extent of loss of revenue caused by tax reduction, for periods of two years.

This may or may not be the best possible method of reaching that highly desirable goal, reduction of the public debt. But it is one for which Congress should find time for ample consideration—Houston Chronicle.

Press Paragraphs — QUOTING OUR NEIGHBORS

Republican Grain
The announcement that the loan rate for grain sorghum had been dropped fifteen cents per hundred came as no surprise in this area, although we had hoped the cut wouldn't be so great. Except during election years it has become standard practice for the government to go under the previous years support, regardless of what it was.

Whatever plane a farmer or businessman operates in, he is basing his hopes on the future. This is particularly true of the present time. Almost everyone is making a living, but that isn't enough when there is investment involved. Most business and some farm machinery must be written off every ten years and replaced due to wear and tear and obsolescence. Unless the farm or concern can make enough each year above actual operating costs for a living and replacement of equipment and supplies on a pro-rata basis, then some day there will be a turning point. It is doubtful if many milo farmers in this area can pay all bills, completely cover a year's depreciation and have a good living wage left with grain sorghums supported at a gross of \$1.73.

If this is the case, then we are all looking to the future for better conditions. Sad as it may be, the only relief will come through politics—a highly variable factor to say the least. It will not come through a Republican administration either, which is something we would like to point out to our friends who voted for that party last year. Hoping for higher production in the future will only bring the price down lower if this goal is attained.

A friend remarked several months ago that it was fantastic how many fine farm homes and good looking farms abounded in this country. But how many of these brick homes were constructed during the past four or five years? It is a fine thing to have good efficient farms and homes to be proud of. This is as it should be—prosperity shouldn't be confined entirely to the cities. And one man who operates a large farm is apt to have as many worries and concerns as a man who operates a \$10 million corporation.

It all boils down to walking the present thin line into the future or someday getting a bit of breathing room. And it appears the difference will depend on how you vote more than what and how you plant and cultivate.

Small Town Market

There's a growing market around most rural towns. It is a vital market. The "big city stores" are going after that business because it is good business. "Small town merchant Joe" and his neighbors are going to have to get up and hump to keep their share of local business. Opening the door every morning and waiting for customers won't do the job. But sound merchandising, promotion, advertising and cooperative sales activity with other local merchants can help turn the tide—as many small town merchants know.

Farm Profits

Stop me if you've heard this one:
The old man finally gave up his South Texas farm and moved to

town. Seeking a way of making a livelihood, he began buying and selling eggs. He bought them for 40 cents a dozen and sold them for 25 cents.

One day a friend asked him: "Now just how do you make any money when you lose fifteen cents everytime you sell a dozen eggs?"

"Well, I may not be doing so good," the old man replied, "but it sure beats farming."

—Castro County News

Cellar Circuit

The biggest contribution to community life in this area since the New England town meeting is the tornado. Nothing can be done to bring people closer together than the tornado alert. Huddled in storm cellars like gophers, neighbors for 20 years can really get acquainted. You may be invited into a storm cellar quicker than you get invited into the parlor. The tornado alert is

the only thing that has successfully defied television. More people deserted television and turned out in a 9x12 cellar than attend PTA rallies or elections to elect a mere president of the United States. We understand some lasting friendships were made in the cellars, where the atmosphere was simply charged with good will and good neighborliness. We want to suggest to our new Methodist minister, Mr. White, that he create a storm cellar circuit. He could get more real attention from those folks "down under" than Billy Graham has been able to out-manuever in Madison Square Garden.

Ford Picnic at Montgomery Park: The second annual picnic to Ford owners, announced last week by W. L. Fore of the local Ford agency, was enjoyed by a considerable gathering of Ford owners of Hall County. The picnics met at 10:00 this morning at the new Ford garage, a parade was arranged after which the trip to the park was made. A number of decorated cars were in line, some quite novel and beautiful. The Ford agency has just moved into its new home, a commodious building fifty by one hundred and forty feet. The building is equipped with everything thought necessary for comfort and convenience. . . . Novel Uses For Electric Iron: Melting paraffin for sealing fruit jars and jelly glasses; soldering tinware; removing old wall paper; mounting photographs with mounting tissue; heating element for fireless cooker made at home; boiling eggs; for treatment of rheumatism; restoring costly oil paintings; for popping corn; sticking patches on an inner tube; thawing frozen water pipes in winter.

Boosts Junior State College: The Clarendon band, accompanied by a number of citizens of that city, arrived in Memphis about 11:00 Wednesday morning. After several short numbers had been played Atty. Chas Dean was introduced and in a short talk he told how Clarendon had lost the Clarendon State College but had not lost their desire to have a good school and a good town, and they have succeeded in getting a junior state college which will open this fall, and their purpose in making this trip was to let the people know about the school. . . . Highway Five Paving Work Progressing: Engineers have been busy this week getting everything in shape for the paving of the first two miles of the C. G. Highway from the Donley-Hall line to the city limits. Traffic was detoured by way of 16th street, then across at the Memphis poultry farm, and on north to the highway again at the crossing.

Roberts Nuptials Are Read in Church Service at Estelline Saturday

The First Methodist Church of Estelline was the scene of a wedding ceremony Saturday evening, June 29, for the daughter of Karen Eddins, daughter of Mr. and Mrs. Joe Eddins, to Mr. and Mrs. Joe Eddins, son of Mr. and Mrs. M. M. Roberts, all of Estelline.

The mother of the bride wore a beige taffeta chiffon afternoon dress with white corsage and accessories. Mrs. W. M. Roberts wore a pink linen sheath with white accessories and white corsage.

Immediately following the ceremony the reception was held in the church parlors. The bride's table was laid with a white linen cut-work cloth over blue. An arrangement of a bride and groom with a miniature church and wedding bells, blue larkspur, and white tapers in crystal candelabra was enhanced by the three-tiered wedding cake which was decorated with blue flowers. The napkins were imprinted "Karen and James." The iced punch was served from a crystal bowl by Betty Orcutt. Evelyn Hudlow served the wedding cake. Guests were registered in the bride's book by Willie Mae Ward.

For her going away attire the bride wore a navy sheath with white accessories and corsage. After a short wedding trip the couple is at home in Estelline where he is currently employed by the A. S. C. office.

Mrs. Roberts was a popular member of the 1957 graduating class of Estelline High School. Mr. Roberts graduated from Tarleton College in Stephenville and they plan to attend school at Texas Tech during next year.

Out-of-town guests were: Mr. and Mrs. W. O. Eddins of Sudan, Mr. and Mrs. Jack Monzingo of Odessa, Mrs. Bill Monzingo and Tanya of El Paso, Mr. and Mrs. B. E. Durratt and daughter of Lakeview, Mrs. Kyle Lovejoy and Kylene of Milnesand, Mr. and Mrs. Bill Biffle and family and Mr. and Mrs. Mike Mason of Amarillo, Mr. and Mrs. Johnny Suterfield of Sherman, Miss Inez Mason and Miss Vera Gilreath of Memphis, Mrs. Mary Jones, Belle-

vue, Mr. and Mrs. E. C. Jones and family, San Angelo, Mr. and Mrs. J. T. Jones and family, Bellevue, and Mr. and Mrs. Clyde Hale of Quanah.

Mr. and Mrs. Lewis Wells spent the weekend in the home of her mother, Mrs. J. W. Oliver. They returned to their home in Amarillo on Sunday. Also visiting in the Oliver home were Jean Durham of Wichita Falls and Mr. and Mrs. Harold Ohmert and Barbara of Amarillo.

Mrs. Eddins was his son's Groomsman was Joe Eddins, brother of the bride. Kennedy and Jimmie Don served as ushers.

E. L. Sloan, organist, played "Love Story" by Provoost as the wedding music. Mrs. Joe Eddins sang "Serenade" by G. J. G. and "I Love Thee" by the professional the organist. The "Bridal Chorus" by Wagner and "Ave Maria" by Schubert were also played.

TRAVELER—Ideal traveling companions are these gay washable cotton knit separates by designer Stephanie Koret. The skirt, with its unpressed pleats, flares out prettily. White ribbing trims the matching shirt.

The Memphis Rebekah Lodge installed new officers in an impressive service on Monday evening at the lodge hall.

Officers were installed by Verlin Webster, lodge deputy, assisted by Etta Jones, vice grand, Linnie Kennedy, chaplain, Ollie Tribble, guardian and Bertha Hill, musician.

Taking office were Sybil Gurley, noble grand, Dorothy Gurley, vice grand; Bertha Hill, musician; Julia Smith, chaplain; Alla Boswell, right support to vice grand; Letha Gerlach, left support to noble grand; Verlin Webster, right support to vice grand; Etta Jones, left support to vice grand; Ollie Tribble, inside guardian; Linnie Kennedy, outside guardian; Margaret Snowdon, flag bearer; Zauna Jordan Bible bearer; Jimmie Stanford, right support to past noble grand; Lucy Phillips, left support to P. N. G.; Clara Mae Nelson, right support to chaplain; Irene Frisbie, left support to chaplain.

Officers who were held over from last year included Estelle Barber, recording secretary; Edna Merrill, treasurer; Blanche Godfrey, financial secretary.

Linnie Kennedy, installing chaplain, offered the closing prayer.

Refreshments were served during the social hour by members of the refreshment committee.

Mr. and Mrs. Sam Jackson and Mr. and Mrs. Richard Hale visited Sunday afternoon with Mr. and Mrs. Gerald Horrell and son of Amarillo. Their sons, Steve and Tim, returned to Memphis to spend the week with their grandparents, the Jacksons.

Mr. and Mrs. Jerry Hays and Brown of Amarillo were weekend visitors in the Henry Hays home.

CALYPSO INFLUENCE—It's gone, mon, real gone. Gone where? Calypso, of course, along with the rest of the country! It's a two-piece cotton dress with a brief top and full skirt highlighted with tiny permanent accordin pleats. The West Indian influence comes to the fore with rows of multicolored rick-rack.

Friendship Class Enjoys Coffee In T. A. Hunt Home

Mrs. T. A. Hunt was hostess at a coffee for the Friendship Class of the First Methodist Church on Tuesday morning, July 9. The class enjoyed visiting and reading interesting current events, poems, familiar quotations, prophesies, and comical quotations.

Mrs. Hunt served a dainty refreshment plate with an orange half used as a cup for serving fruit salad topped with a sprig of mint, tea biscuits, crullers and coffee.

Class members attending the coffee were: Mrs. N. A. Hightower, teacher, Mrs. Arthur Gidden, Mrs. R. C. Lemons, Mrs. Bob Fowler, Mrs. John Fowler, Miss Dorothy Gowan, Mrs. James Van Pelt, Mrs. Maurice Nixon, Mrs. Gordon Gilliam, Miss Mary Foreman, Mrs. T. L. Article 7 of the

Atlantic Treaty

Agreements which

have been made

with other countries

to have jurisdiction

over American

citizens within

their boundaries.

It has not been a

crucial issue in

the past, for the

simple reason that

it has never before

been recommended

by the House of

Representatives

on Foreign Affairs.

It is the subject

of much oratory in

the Senate, and

throughout this

country, also, on

the Floor of Con-

gress, but nothing

effective has been

done until the

matter came before

the House of Rep-

resentatives for

official debate.

It is now pending

in the Committee

and probably will

be presented to

the House before

July 15th.

The Resolution, in

effect, directs the

President to take

action under the

provisions in the

North Atlantic

Treaty and other

treaties which

give foreign coun-

tries jurisdiction

over military

forces stationed

within their

boundaries. It

was under this

provision that

Japan was de-

clined to try the

Girard case. It

was the publicity

surrounding the

Girard case that

brought the status

of the GI in a

foreign country

to the attention

of the public. A

great deal of

attention has

been directed

to the GI's who

are in foreign

countries. This

question prompted

the Supreme Court

of the United

States to extend

its jurisdiction

to the GI's who

are in foreign

countries. It is

believed that

the GI's who

are in foreign

countries are

being treated

tutional guaranties?" American

citizens have always been let to

believe that the rights guaranteed

them under the Constitution of

this country were inviolable. If

this is true, there is no right or

authority in this country, includ-

ing the President of the United

States, to subject an American

citizen to trial before a foreign

tribunal without the consent of

the American citizen involved. To

say that such power does exist

is to say that the President of

the United States is greater than

the Constitution and that ours is,

after all, a government by man

and not a government by law. In

other words, if it is unconstitutional

to forbid an agreement between

this country and a foreign coun-

try, which violates constitutional

rights of an American citizen, as

the State Department alleges, it

must be admitted that the Con-

stitution of this nation is not

supreme, politically speaking. This

I am not prepared to do—now or

in the future.

I can understand how a man,

who wants to enlist in the armed

services, may be willing to waive

his constitutional rights and sub-

mit to the jurisdiction of a foreign

tribunal. But I cannot, by any

stretch of the imagination, un-

derstand the reasoning that could

result in an 18-year old boy being

drafted and sent to a foreign

country without his consent and,

in many cases, against his wishes,

and being turned over to the

foreign country to be tried before

a court in which the Constitution

of the United States is unknown

in substance or procedure.

If the Constitution of this coun-

try is to be repealed, let it be

repealed by a vote of the people—

not by internationalists, the

Department of Defense, the

Department of State or the

President of the United States.

FALLS CAUSE INJURIES

Falls kill 2,000 farm people

each year, and is the leading

source of all injuries. Falls

account for one-fourth of all

farm-resident injuries. And these

injuries are usually serious

enough to bring heavy expense

and costly loss of work time.

Falls occur especially in barns

and other buildings and barn-

yards, from hay racks, ladders,

roofs and trees.

TRAFFIC ACCIDENTS LEAD

Traffic accidents are the main

accidental killer of the nation,

according to statistics.

The following advice has been

offered to all persons who drive:

Be courteous, careful, and

always watchful. Share the

road, share the reasonable

rights of others.

Mrs. Henry Scott had as

visitors from Saturday till

Tuesday her sisters, Mrs.

Delbert Vaughn and Mrs.

Bill Hadley, Mrs. Hadley's

granddaughter, Kay Hadley

all of Ft. Worth.

Mr. and Mrs. Doyle Edens

High engine temperatures, prolonged driving,
summer heat, and self-generating heat within the
battery cell make it especially important to give
batteries regular inspection and service this time
of year. We make it a habit to test for starting
power with a Mobil Start-O-Scope; make certain
the water is up to level; and that terminals are
clean and free of corrosion. We also take a look
at the cables and make a careful inspection for
leaks and cracks, when you leave your car with:

The Rains and Social Security

Farmers May Have to Refund SS Payments

Probably few farmers have seen any connection between the recent rains and their social security payments.

Over 1200 farmers have filed claims for monthly social security payments in the Amarillo office this year.

Sanderson urges any farmer now under 72 and receiving social security payments to stop if he feels that his net profits will be over \$1200 in 1957.

Rev. Fern Miller To Serve On Selection Comm.

Rev. Fern Miller, pastor of the First Baptist Church at Memphis, has been named to a committee to select trustees for the Deatur Baptist College at Decatur, officials said Monday.

Members of the committee, appointed by the committee on committees of the Baptist General Convention of Texas, will name Baptist leaders to fill vacancies developing in the board of trustees this year.

Tax Refund

Each farm or ranch operator who applied for tax refunds in 1956 will be mailed Form 2240 for filing the 1957 claim.

Too, Hooser suggests that a copy of Publication 308, Farmers Gas Tax Refund, prepared by the Internal Revenue Service, be obtained from the county agent's office or from the nearest District Internal Revenue Service office.

The county agent advises agricultural producers who used an appreciable amount of gasoline last year in their farming or ranching operations to check into their eligibility for a refund.

ers, it is quite possible that a good crop in 1957 could cause an increase in the amount of a farmer's social security payments.

Mail Service Fees Increase This Month

Increased fees on several types of postal services went into effect this month, Postmaster Jim Vallance announced this week.

Increased fees affect the following services: money orders, insurance, registration, special delivery, certified mail, return receipt cards, business reply cards and business reply envelopes.

Registered mail fees are now 50 cents up to \$10 declared value; 75 cents from \$10 to \$100; \$1 from \$100 to \$200 value, etc.

Fees on insured mail will be 10 cents up to \$10; 20 cents from \$10 to \$50; 30 cents from \$50 to \$100; and 40 cents from \$100 to \$200.

The fee for certified mail is 20 cents plus postage. The 10-cent fee formerly applicable to inquiries for certified mail is eliminated.

Return receipts requested at time of mailing and showing to whom and when delivered will cost 10 cents, showing to whom, when and address delivered, 35 cents.

Special delivery fee on first class and airmail, including air parcel post, not more than 20 cents. 30 cents; all other classes, 45 cents.

Correction of mailing lists will be 5 cents for each name or street address.

Business reply mail was increased to 4 cents for business reply cards, and 3 cents per ounce, plus 2 cents per piece, for mail enclosed in business reply envelopes.

No announcement has been made of any change in postage rates.

Goodpasture

(Continued From Page One) served as judge until Jan. 12, 1953.

Mr. Goodpasture's greatest achievement while he was County Judge was to get the State of Texas to take up payment of part of the bonds the county had voted in order to build the first paved roads in this section of the state.

The county had built the roads before the depression hit and before the state had a road building program. During the depression, the county tax income dropped to such an extent that officials were in a very difficult position regarding the payments on the bonds.

Through the work of Judge Goodpasture and other interested persons a constitutional amendment was passed to assist counties like Hall in the payments of the road bonds.

Mr. Goodpasture was united in marriage to Miss Laura Ella Pedigo on June 3, 1900, at Clementeville, Tenn. She preceded him in death on Feb. 15, 1949. Two children also preceded Mr. Goodpasture in death.

He was a member of the First Christian Church, the Masonic Lodge and the Lions Club.

Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Survivors include three sons, Orville of Memphis, Cordell of Amarillo and Henry of Dallas; three grandchildren; two great-grandchildren; and one sister, Mrs. Willie E. Harshbarger of Pottsboro.

Pall bearers were Joe Pat Randall, Oscar Maddox, Gordon Maddox, Clyde Milan, Herbert Curry, Cecil Stargel, Gerald Knight and Dick Spoon.

Honorary pall bearers were Dr. J. A. Odom, M. E. McNally, Sr., T. B. Rogers, E. E. Roberts, W. J. Bragg, Tracy Davis, T. M. Potts, Irvin Johnsey, Glen Thompson, Joe Vandiver, Ed Foxhall, O. R. Saye, Jim McMurry, Byron Baldwin and Tom Crabtree.
