enters from Hall and Donley  
will be on hand in Mem-  
phris tomorrow afternoon, Friday,  
to attend an area-wide  
cotton industry meeting.  
The event is open to the public  
and will be held at the Palace  
theatre starting at 2:30 p. m.  
W. Sears, southwestern re-  
presentative of the National Cot-  
ton Council, will be on hand at  
the meeting to explain some of the  
problems facing the cotton in-  
dustry and outline some sugges-  
tions for overcoming them.  
Cotton farmers, as well as

others interested in the cotton in-  
dustry, have been urged to attend  
the meeting.

tional Cotton Council show that  
since World War II foreign cot-  
ton production has gone up 12 mil-

## Two Local SCS Men Attending School at Vernon

Charlie Cape, work unit con-  
servationalist for the Soil Con-  
servation Service, and Bill Swindle,  
soil conservationalist, left Wednes-  
day to attend a three-day school  
in Vernon.

The course of instruction will  
concern agronomy and is sponsored  
by the SCS. It is designed to  
keep the members of field offices  
acquainted with the latest meth-  
ods of soil, plant and water con-  
servation.

Both men work with the Hall  
County Soil Conservation District  
and are assigned to the Memphis  
office.

## A. D. Walls Rites Conducted Here Friday Afternoon

Funeral services for A. D. Walls  
of Amarillo, former Memphis re-  
sident, were conducted at 3 p. m.  
Friday afternoon from the First  
Baptist Church with Rev. Taft  
Holloway of Amarillo officiating  
assisted by Rev. Fern A. Miller  
and Rev. W. M. Hall of Lakeview.

Interment was in Fairview Cem-  
etery under the direction of Spicer  
Funeral Home.

Mr. Walls died Wednesday in  
an Amarillo hospital where he had  
been a patient for the past four  
months.

A native Texan, Mr. Walls was  
born Jan. 27, 1881, in Fannin  
County. He was united in mar-  
riage to Miss Alma Bonham April  
12, 1902. Mrs. Walls died May 24,  
1917.

Mr. Walls was later married to  
Miss Lucille McCoy on March 27,  
1919, at Bonham. The couple moved  
to Hall County in 1924 where  
Mr. Walls was engaged in farm-  
ing until four years ago when they  
moved to Amarillo.

Survivors include his wife, Mrs.  
Lucille Walls of Amarillo; two

## Hall County Homecoming Picnic Draws Big Crowd Sunday Afternoon

## School Children To Receive Polio Vaccine

Mary Foreman, county superin-  
tendent, reported this morning,  
Thursday, that a program to vac-  
cinate the school children of the  
county against polio will get un-  
derway Friday.

The program was put into  
motion this week after Richard Col-  
lins, 10-year-old son of Mr. and  
Mrs. Clyde Collins of Lakeview,  
was reported to have polio by a  
Groom hospital.

Miss Foreman stated that the  
county has agreed to pay for the  
cost of materials needed in the  
vaccination program and Dr. J. A.  
Odom and Dr. T. A. Hunt have  
agreed to administer the vaccine  
free.

The vaccine will be procured  
through the State Health Depart-  
ment.

Miss Foreman stated that the  
program will not cost the parents  
anything.

"However, the parents have to  
give their permission before the  
children can be vaccinated," she  
stated.

All of the schools are sending  
out letters to the parents asking  
for permission to administer the  
shots.

Present plans call for the Lake-  
view School children to receive  
their shots Friday morning, she  
stated.

## ASC Money Available For Cover Cropping

Hall County farmers were urged  
this week to take advantage of  
the cost-share program for plac-  
ing cover crops on their land.

Lynn McKown, manager of the  
Agricultural Stabilization and  
Conservation office, said this week  
that there is an ASC cost-share  
program whereby farmers will re-  
ceive \$2 per acre for seeding 60  
pounds of rye per acre.

He urged county farmers to  
come by and investigate this pro-  
gram.

## Over 600 Exes, Residents Attend Park Reunion

Approximately 650 residents  
and former residents assembled  
at the Memphis City Park Sun-  
day for the Third Annual Hall  
County Homecoming Picnic.

People began gathering about  
10:30 and by noon basket lunches  
which had been set up for the oc-  
casion. The park was covered with  
persons enjoying the bountiful  
amount of food. All visitors were  
invited to join with the local re-  
sidents during the lunch.

A total of 472 persons regis-  
tered, but many more, mostly  
residents of the immediate area,  
failed to list their names.

Following lunch an old fashion-  
ed singing was held under the di-  
rection of Paul Hancock and with  
Miss Mary Foreman at the organ.

Ottie Jones, president of the  
organization this year, acted as  
master of ceremonies for the oc-  
casion and Wendell Harrison gave  
the welcome address. Following  
this J. Claude Wells gave a short  
talk on the history of the picnic  
movement and urged everyone to  
attend again next year.

Byron Baldwin, who assisted  
Jones with direction of the event,  
called upon several former re-  
sidents to be recognized and say a  
few words to the crowd. Some of  
those who were called upon were  
Archie Glasgow, Alvin White, Fred  
Clark, Jeff Watson, all of Lub-  
bock; Bob Ragsdale and S. D.  
Beard of Childress; Henry Vaughn  
of Wellington; W. R. Lloyd, Cro-  
well; Mrs. Albert McMurry, Du-  
mas; H. M. Benson, Hereford;

ing, the 3-month daughter  
of Mr. and Mrs. Julius Ste-  
vens of Claude.

## Cyclone To Play In Wellington Friday

The Memphis Cyclone will jour-  
ney to Wellington Friday night  
where they will meet the Sky-  
rockets at 8 p. m. in the third  
game of the season.

The local eleven will go into  
the game without the use of their  
first string halfback, Daryl Long,  
who is still suffering from a pulled  
leg muscle. Coach John Jones  
stated that Long is the only boy  
who will not be ready to play  
Friday night. Butch Adcock, full  
back, received a minor neck in-  
jury early this week but has re-  
covered.

Wellington has a strong team  
this year with six returning start-  
ers. Their line averages 187  
pounds, while their backfield av-  
erages 180 pounds. They defeated  
Hollis, Okla., last week by a  
score of 44-6 while Memphis was  
downed by Crowell 20-6. A com-  
plete account of the Crowell-  
Memphis game can be found on  
page nine of this issue.

Last year Crowell defeated the  
Cyclone 25-7.

Coach Jones stated that "Well-  
ington will be one of the strong-  
est teams that we will face this  
year. We think the team has im-  
proved a lot this week in practice,  
especially on defense, and will be  
plenty ready to give Wellington  
a good game Friday."

Probable starters for the game  
Friday night include Ted Wheeler

## Film of Game With Wellington To Be Shown Tuesday

The Memphis Cyclone Boost-  
er Club will sponsor a showing  
of the film of the Wellington  
football game next Tuesday  
night at the Cyclone Drive Inn.  
Frank Smith, Jr., president of  
the club, said this week.

The film will begin at 7 p. m.  
and free coffee and doughnut  
will be served to all present.  
Smith stated.

Last week 28 persons were  
on hand to see the film of the  
Crowell-Memphis game. Coach  
John Jones gave a running com-  
mentary of the game.

Smith invited everyone to be  
present for the showing Tues-  
day night.

## Deadline for Entering Is Sept. 28

# Cotton Guessing Contest Goes Into Final Week

Guesses continue to come in  
this week with the deadline for  
entering the 1957 Cotton Guess-  
ing Contest a little over a week  
away. The contest closes Satur-  
day, Sept. 28, at 5 p. m. So, don't  
delay—send in your estimate now.  
A total of 41 persons had en-  
tered the contest by 4 p. m. Tues-  
day. Last year many persons wait-  
ed until the last few days to guess

with over a hundred persons sub-  
mitting estimates during the final  
week.

The highest guess this year was  
submitted by Pete Williams of  
Amarillo, with an estimate of 55,-  
000 bales. The lowest figure so  
far came from Mrs. Ola Gowan,  
Rt. 1, with a prediction of 20,113  
bales.

The winners of the contest will

be decided on the basis of ginning  
figures for the county, tabulated  
by the Census Bureau of the U. S.  
Department of Commerce. This  
information probably will be re-  
leased the latter part of next  
March.

The person guessing closest to  
the official total of Hall County  
bales of cotton will receive a  
three-year subscription to The  
Democrat. The one placing second  
will be awarded a two-year sub-  
scription, and the third place win-  
ner will be given a one-year sub-  
scription.

Don't delay! Come by The Dem-  
ocrat office and list your esti-  
mate, or send it in by mail. Be  
sure to include your mailing ad-  
dress if the guess is sent to the  
office. No guesses can be accepted  
by telephone.

Remember, the contest closes  
Saturday, Sept. 28, 1957.

The following guesses on the  
number of bales of cotton from  
Hall County farms for this year's

## Cemetery Working To Be Held At Newlin Thursday

The Newlin community will  
hold a cemetery working Thurs-  
day, Sept. 26, according to an an-  
nouncement this week.

Plans call for the cemetery to  
be mowed just before the citizens  
begin their work that morning.  
Everyone is invited to attend and  
bring their own tools.

Organizers of the event stated  
that they hoped to complete the  
work during the morning.

## Services For B. Williams Monday

Funeral services for William B.  
Williams were held Monday after-  
noon at 3:30 p. m. from the Spicer  
funeral chapel with Rev. Lanham  
Hammill, pastor of the Travis  
Baptist Church, officiating.

Mr. Williams was in Fairview Cem-  
etery under the direction of Spicer  
Funeral Home.

Mr. Williams was born March  
28, 1885, in Gainesville, Texas. A  
cook for a construction  
company he had lived in Memphis for  
over seven years.

Survivors include his wife, Mrs.  
Williams, one daughter, Mrs.  
Eugenie of Gainesville, a  
daughter, Billy Jean Williams  
and three grandchildren.

## BPW Club To Present Play Monday, Tuesday

"The Good Ole Days," a home  
made comedy show, will be  
presented at the high school  
auditorium on Monday and  
Tuesday evenings, Sept. 23 and  
24. The show is being sponsored  
by the Memphis Business and  
Professional Women's Club.

The show time is 8 p. m. and the  
auditorium is cordially invited to at-  
tend. Admission will be 50 cents  
for adults and 25 cents for stu-  
dents.

Members are now on sale and can  
be secured from any member of  
the club. Mrs. Bill Leslie, public  
relations manager, stated.

The variety show in four  
acts was written by  
Boyd Rogers who is also  
the show's director.

The show will open on a  
comedy act portraying the Country  
Days, with Gladys Power  
and teacher and Allen Dunbar  
as "Crowley."

Other acts will include a bur-  
lesque by such characters  
as Oakley, played by Hon-  
ore; the Bearded Lady,  
played by J. E. Nix; "Hulala,"  
played by Georgia Kay Saied,  
and other well-known char-

acters. Minstrel Men appear in  
"It's a Good Day" is the  
show's chorus by the entire com-  
pany. There will be "Mose  
and his nonsensical chatter," by

### School Bus Safety Urged By State Agencies

Three state agencies joined this week in urging the continuation of a state-wide program to acquaint the public with the Texas law requiring all vehicles to stop when approaching a school bus loading or unloading children.

The Texas Education Agency, the Texas Highway Department, and the Texas Department of Public Safety are making a joint request that school superintendents, newspapers, radio stations, and television stations participate in efforts to acquaint drivers with school bus law.

"Superintendents and news editors performed an outstanding public service in this safety campaign last year," said J. W. Edgar, Commissioner of Education. "Yet 7 lives were lost during the school year in collisions involving school buses. There is a continuing need for a program of safety education."

There were two more fatalities during 1956-57 than were reported to the Department of Public Safety in 1955-56. The total number of accidents reported declined, however, from 379 to 335. (During the past year the Highway Department erected signs on all major roads warning motorists of the safety measure.) The law says in effect, that upon meeting or overtaking a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver of any vehicle shall stop immediately before passing. After coming to a stop the driver of the vehicle can proceed with due caution at a speed which is prudent and does not exceed ten miles per hour. The law does not apply within city limits.

Vehicles are not required to stop on highways with separate roadways when the bus is on a different roadway from that of a passing vehicle. Vehicles are not required to stop if the school bus is stopped in a loading zone which is a part of or adjacent to a controlled-access highway and where pedestrians are not permitted to cross the roadway.

All public school buses are painted yellow and have "SCHOOL BUS" painted in large letters on the front and rear of each bus. They are equipped with flasher lights usually mounted high on the front and rear of the bus. These flashing lights are used only when the bus is in the process of stopping or is stopped to receive or discharge children.

Mr. and Mrs. Ralph Howard and Dennis and Mrs. Estelle Guthrie of Lubbock visited over the weekend with Mr. and Mrs. John Dennis and Mr. and Mrs. Buster Howard.

### Annual Prison Rodeo Set For Oct. 6, 13, 20, 27 at Huntsville

HUNTSVILLE — Sept. 16 Rodeo Director Albert Moore, (ECHO)—Inmate performers and fans alike have pledged themselves to go "all out" to make the 26th Texas Prison Rodeo the best in its colorful history.

Held in the million-dollar prison stadium in Huntsville each Sunday in October, the thrilling event last year attracted upwards of 200,000 people from every section of the nation.

Since 1931, more than two million people have witnessed the prison rodeo, which during the past six years has brought the "WILD-

EST SHOW ON EARTH" new honors and has broken previous attendance records. Since many former inmate riders have been released from prison, rodeo fans will see a number of new faces in the lineup of the host of daredevil performers who risk their necks in an attempt to tame unbroken bulls and broncs during the fast-moving two-hour show.

The main reason for the annual Texas Prison Rodeo is to raise funds for the prison's educational and recreational program for the benefit of some 10,000 inmates housed in 13 units of the Texas Department of Corrections.

These and other necessary phases of the prison's rehabilitation program have never been provided by the Texas Legislature.

One of the specialty acts this year not heretofore shown will be the cutting horse event. Also the world-famous Glenn Randall and his trained palominos, who is recognized as one of the world's greatest animal trainers. Other spectacular feats to be seen are trick-riding performances by the Lamb sisters, Ted and Betty, as

well as that of Miss Virginia Robinson, who is equally talented and noted from Coast to Coast for her rodeo trick-riding feats of daring. The Angelina County Quadrille will perform with their beauty and precision reminiscent of the Old West. Also included in the lineup of free-world celebrities are Joan and Corky Randall, with their presentation of dancing horses, which is believed to be one of the most entertaining acts in its field.

Reserved seat tickets for any of the four Sundays may be obtained by writing Prison Rodeo Ticket Office, Huntsville, Texas. The price for individual tickets are \$2.40 each. "Shady side" reserve seats sell at \$3.75 and \$4.40. The prison grapevine reports that the 26th Annual Prison Rodeo will be "the best yet." And that means it will be so.

Mrs. Myrtle Crabbs has returned from Hugo, Okla., after spending five weeks there with Mrs. M. A. Fly and family.

Mrs. Bill Johnson was in Amarillo Monday to attend the Tri-State Fair.

Mr. and Mrs. Claude Ferrel and family were in Amarillo Sunday. Mrs. Alice Crawford and Mary visited in Lubbock over the weekend with Mr. and Mrs. Ray Crawford and Bryan Hugh.

Mr. and Mrs. J. P. Fowlar went to Canyon Sunday and enrolled their daughter, Diana, in West Texas State College.

Ann Spoon, now teaching in Amarillo, was here over the weekend visiting her parents, Mr. and Mrs. Dick Spoon.

Before You Sell a Bale of Cotton, Come in and Get Our Bid . . . Because

We Are Paying **HIGHEST PRICES** For This Year's Crop

Again this year, we are buying cotton at this gin. We want you to get our OFFER for your crop. It is our intention to keep the market up as far as we are able. See us for TOP MARKET PRICES.

If you do not want to sell to us, we'll do all we can to help you carry out the tails of putting your cotton in the government loan.

Behind the year's biggest sales success

**The year's biggest engineering success**

The '57 Ford was redesigned from the ground up . . . with a completely redesigned frame—new suspensions, front and rear—and a new built-for-keeps body. And at the heart of this new "Inner Ford," you can have the Thunderbird's own V-8 engine!

Long, lean and lovely! Not only does the '57 Ford act like a fine car . . . it looks the part, too—with over 17 feet of big-car beauty in all Fairlane models.

With a low, low price that's an old Ford custom! It's a new kind of Ford . . . for the old kind of money. Model for model, Ford's actually the lowest priced car of the low-price three.\* Any wonder the '57 Ford outsells 'em all?

#### Foreign Policy Capabilities of The United States

Foreign policy of this country has become a Number 1 item in recent years there was a need for this country to get much about foreign matters. Of course, there has been a need in the past for all countries to be concerned with foreign problems and the solutions thereof. It has been a primary matter of European countries for hundreds of years. Needless to say, those countries have been most skillful artisans in that political area. The United States being one of the youngest countries in the world, as well as the most progressive, and having progressed faster than any other country in world history, occupying an enviable position in international affairs were concerned. We not only had the raw materials to make things, we also had the know-how to develop them. This was good, but as civilization progresses, new developments and new developments reduce the size of the world. Air transportation has moved forward beyond the most dreams of most people. Development of the intercontinental missile has everyone frightened. These and many other developments increase the great need for international understanding for peoples of different nations to be able to live together and get along together in the world. All of this means that the United States, as the leader in world affairs, must assume its responsibility to its own citizens in being adequately capable in world affairs.

can Administrations who were not equipped by education or temperament to serve the best interests of this country. This practice is well known to foreign countries, and you may be assured they have taken advantage of these circumstances when dealing with this government.

Some people feel that our diplomatic service is not of the caliber it should be due to the fact that it is extremely difficult for young people to get into that service. There has been no concerted effort on the part of our government to train personnel for this service. It is most difficult to obtain information from any source, including the State Department, as to how one may enter such service. People in government have complained to me that these foreign service posts are filled many times by the relatives and personal friends of those in the service. Complaints have reached me that many, who are supposed to be representing this country in foreign countries have been in those countries and in other foreign countries so long that they inadvertently represent the interests of the country in which they are stationed, rather than the interests of this country. In any event, we do know there is a great deal of room for improvement and that something should be done about it.

It was with this thought in mind that ten members of the House of Representatives, including myself, from states all over the nation, introduced a Joint Resolution to study the problem and to report to the Congress on ways and means of expanding and modernizing the Foreign Service of the United States. We shall continue

our efforts until some good results are accomplished. What is needed is a massive transfusion of "main street of the smaller towns of the United States" into the arteries of our Foreign Service. Through this medium better and more complete understanding between the peoples can be accomplished.

### Fall Fertilization Will Help Lawns Grow Late, Start Earlier in Spring

A beautiful, well-kept lawn adds to the material value of a home and is a basic requirement for an attractive yard. A properly established and well-managed turf also provides a cool, restful cover and prevents soil blowing and washing.

Fertilization is the main practice to emphasize in the fall for lawns, says E. M. Trew, Texas A & M extension agronomist.

Lawn grasses will go into the winter in vigorous condition if they are well nourished. The grasses will remain green longer in the fall and will grow off earlier next spring.

The fertilizer should be applied about a month before the first expected frost, advises Trew. When summer grasses are pushed into lush growth by late fertilization,

some grass may be damaged by a hard freeze. Also, applying the fertilizer too late prevents the grass from getting the most out of it before going dormant.

Apply a complete fertilizer with 2-1-1 or 1-1-1 ratio at a rate to supply two pounds of actual nitrogen per 1,000 square feet of lawn, recommended the specialist. This amount of nitrogen would be found in 20 pounds of 10-5-5 or 10-10-10, or in 25 pounds of 8-8-8.

After the fertilizer has been spread, Trew advises watering it down. Soak the soil at least six inches deep. Plenty of moisture is

necessary for the plants can't use the fertilizer until it is dissolved. If the soil is already wet, just wash the fertilizer off the grass and on to the soil.

## If You Grow Cotton, You Are Invited To Share In The Benefits That Come From Ginning Here!

Every cotton grower, whether he is a patron of this farmer-owned gin or not, is invited to take advantage of the services offered by the MEMPHIS FARMERS COOPERATIVE GIN in Memphis. You can share in the benefits that have been offered producers of this area for a long time, one of which is the rebate checks which are passed out at the end of each season.

We are glad to announce that we have installed a NEW MOSS LINT CLEANER in our gin plant, which will help in turning out a BETTER SAMPLE this season. Remember that the plant has been designed to meet the needs of local cotton growers. We have the kind of equipment necessary to give you a GOOD SAMPLE and a GOOD TURNOUT.

### We'll Help You Get Those Field Hands

We are working with our farmer friends in helping them to get boll pullers to gather this year's crop. Just let us know if you need help. We're fortunate to have obtained several families of pullers, and will get more crews as the weeks go by. Come in and let us know your individual situation regarding hands.

Cotton buyers are coming by our office regularly, and will be making you an offer on this year's crop, if you want to sell immediately.

### REMEMBER . . . .

The more you gin here—the more your dividend check will be!

Senator Yarborough Reports

FARMERS HAVE ACCESS TO RELIEF FROM DROUTH, FLOOD DAMAGES

(Editor's Note: In his "Washington Report" dated Sept. 14, Sen. Ralph Yarborough gives the following information pertaining to an appropriation to help landowners.)

Dear Fellow Texans:

This is one of my happiest moments since I became a United States Senator. I am happy to inform the farmers of our great state—farmers who have been alternately cuffed and belted by a seven-year drouth and 70 days of flooding rains and five years of...

While in Washington I was able to secure an appropriation of \$20 million to help rehabilitate the land that was blown away in the drouth or washed away in the flood.

There has been some delay in the local county agents finding out the details about this great program. This matter is now being cleared up, and it is my happy duty to tell you farmers who have had your land damaged by soil erosion or by floods to contact your local county agents about this program.

This \$20 million appropriation for rebuilding the soil lasts only until June 30, 1958. So apply now for your land damage grant. If your application is not received soon your proper share of this appropriation will be lost.

I urge you to see your county agent now and discuss your eligibility for this grant.

As I pointed out in the Congress, the seven-year drouth and

the 70 days of flooding rains caused the United States Department of Agriculture to classify 244 of Texas' 254 counties as disaster counties. More than five million acres of land have been classed as permanently damaged, due to the wind blowing the top soil away or the floods washing it away.

I am grateful to the members of the Senate and House for their wonderful cooperation in voting such a substantial portion of the funds asked.

In the next session of Congress in January I plan to seek more such funds for disaster victims.

I want you to know that I will be working day and night to help the distressed farmer, the small businessman, the working man, the teachers and all the people of Texas.

With all of us pulling together, we will win a great victory for Texas.

B&PW CLUB WEEK—O. L. Helm, mayor, is shown above signing an official proclamation of National Business Women's Week as two local club members, Miss Roselyn Williams and Mrs. Billie June Odom, look on. The week's observance will begin Sept. 22 and continue through Sept. 28. Miss Williams is treasurer of the state organization while Ms. Odom is serving the local club as publicity director.

LETTERS TO THE EDITOR

Editor, Memphis Democrat

Dear Sir:

Those of us from Lubbock who attended your annual reunion there Sunday, in addition to rekindling acquaintances with many former friends, were pleased to reciprocate the favor of the attendance of many from your county to the annual Hall County reunion held here in Lubbock on the third Sunday in August.

After an absence of 17 years, I was pleased to note the many nice new homes that have been built in Memphis, and others that have been modernized; also, the well-kept lawns, and in short, the general air of cleanliness, order and prosperity that marks the town. Being conversant with many county seat towns in the Panhandle and South Plains, I was pleased to note that Memphis had not only held her own, but ranked well among the first few better towns in West Texas.

Sincerely,  
F. V. Clark

Week of Prayer Observed by Estelline WMU

Members of the Women's Missionary Union of the Estelline Baptist Church met at the church each day from Sept. 9-13 in observance of the Mary Hill Davis Week of Prayer for State Missions.

Mrs. Ben Jackson outlined each day's program on the theme "In Our Vineyard." Mrs. Albert Bailey brought the devotional each day. Mrs. Bessie Coppedge lead in the singing of "I Want to Be a Worker," each day. Mrs. O. B. Hoover and Mrs. Arthur Eddleman were pianists.

Mrs. R. B. Phillips arranged a display formed with a large Texas map and gold ribbons leading to charts of topics "Latin American Scholarships," "City Mission and Rural Extension," "Southwestern Seminary Scholarships," and "Latin-American Church Loan Fund."

The G. A. girls presented their program for State Missions for the W. M. U. on Monday afternoon.

The offering was placed in envelopes bearing clusters of grapes and these, with pictures illustrating topics, were placed on the large map of Texas.

An average attendance of fourteen ladies was reported.

Sept. 30 Deadline For Filing Gas Tax Refund Form

Farmers and ranchers were reminded this week by County Agent W. B. Hooser that Sept. 30 is the deadline for submitting applications for a refund on the Federal tax on gasoline used for farming purposes since July 1, 1956.

Farm operators who have not filed a claim may obtain Form 2240, the reporting form, from the county agent's office or from any Internal Revenue office.

Hooser pointed out that claims will be checked for accuracy and claimants, therefore, should be certain that figures are correct. Sufficient records should also be kept to verify the claim, he added. Claims should be submitted to the same Internal Revenue office to which income tax returns are sent.

The legislation which makes possible the refund was passed by Congress in the spring of 1956.

Fuston, George Take Honors In Swine Show Here

Johnny Fuston of Turkey showed the grand champion Sears gilt at the annual 4-H Sears and Businessmen's Swine Show here Saturday and Ronnie George of Turkey was exhibitor of the champion gilt in the Businessmen's group.

In addition to the champion, seven other gilts were shown in the Sears contest. They placed as follows: Pat Lynn McGenty of Turkey, second; Phil Henry of Alaska, third; Gary Goward of Memphis, fourth; Don Molloy of Lakeview, fifth; Mike Widener of Memphis, sixth; and Paul Thompson of Lakeview, seventh.

In the Businessmen's class the swine placed as follows: Donald W. Widener of Memphis, second; Johnny Lavender of Memphis, third; and Roy Edward Turner of Turkey, fourth.

Tony Molloy of Lakeview exhibited the Sears boar at the show. Prizes in hog lot equipment was awarded as follows, in both divisions: first, \$8; second, \$7; third, \$6; fourth, \$5; fifth, \$4. However, there was no fifth place prize in the businessmen's division.

The animals and prize money for the Sears division was donated by that company and that in the Businessmen's event was donated by the Memphis Chamber of Commerce and Hall County Board of Development, O. R. "Doc" Saye, and Durham's Pharmacy.

The champion in the Sears division and the Sears boar will be taken to Amarillo Sept. 20 where they will be entered in the Sears area show Saturday, Sept. 21.

Tax Man SAM SEZ

Not many of us want to give away money to anybody. The Federal gift tax regulations allow a husband and wife in a community property state to give \$3,000 each tax free during any one year. If you happen to have more money than you can use and you have a son who has a wife and five children, Mama and Papa together can give the son and family as much as \$42,000 per year without owing any gift tax. Maybe the would-be givers should see a good tax practitioner on this!

### Pioneer Hall County Couple Observe Golden Wedding Anniversary Tuesday

Mr. and Mrs. F. A. Finch, well-known pioneer ranch couple, observed their 50th wedding anniversary with members of their family on Tuesday at their home, 1016 Robertson.

Visiting with them were their son and his wife, Mr. and Mrs. Fred Finch of Dalhart and their only daughter, Mrs. Ruth Harrison and her family of Memphis.

A gift to the couple was a beautifully decorated anniversary cake brought by Mr. and Mrs. Finch from Dalhart.

Mr. Finch was born at Burlingame, Kans. He came to Hall County with his father when he was 13 years of age following the death of his mother.

Mrs. Finch, too, was born and reared at Burlingame, Kans., and she came to Hall County as a bride 50 years ago.

During all the years they have lived here, Mr. Finch has been engaged in ranching. From 1919 to 1931, the family did not reside in Hall County but Mr. Finch continued to maintain his ranching interests here.

Both Mr. and Mrs. Finch have been active in church, community and civic affairs. They are members of the Presbyterian Church of long standing, Mr. Finch having served as an elder of the church for many years.

### Where Would Cotton Be on a "Free Market?"

From many camps these days comes the cry for a free market for agriculture. These self-styled economists have many arguments for the removal of all restrictions and supports on the agriculture scene. They proudly point to the "American Way of Life," the history of this country and the history of business in this country for their arguments that there should be a complete free market for cotton and grain growers.

Their arguments sound fine and have fooled some people, especially those from the cities; but basically they cannot stand the light of close examination. The first reason is that every manufactured product in this country is being protected in one form or another. Take the camera industry for example. One brand of expensive Japanese camera sells for about \$180 on the retail market in Japan. This same camera is priced at \$230 in the United States. Everyone knows the reason for the high import tax on the camera. The American camera manufacturers cannot compete with the cheap cost of Japanese labor. In order for the American manufacturer to produce the camera as cheap, he would have to pay his workers the same amount the Japanese do, or about \$40 a month.

No one objects to the fact that the American worker is entitled to a good salary in order to maintain his standard of living. We have accepted this rule of import duties on goods manufactured outside the United States in order to protect our industries at home. Any article that is thrown on the world market must compete in price and quality with other products made all over the world. If an Indian laborer, receiving \$1.50 per day, can produce as good a product as an American laborer, drawing \$16 a day, then the product from India will sell on the open market because it will cost less. From the very beginning of our country we have used these tariffs to protect our industries and workers.

In the agriculture picture, the answer is still the same. We are not selling on the world market because our products have cost us too much to produce. These are two paths left open if the country is to get a large block of the world agricultural market. We can support the farm prices at home and then let the government take the loss on that part of the agricultural products which are sold on the world market. The other avenue is to reduce the standard of living of the American farmer to that of the Egyptian cotton farmer. If it is right to support the wage of the industrial worker with tariffs and other protections, then why isn't it right to support the agricultural industry worker?

Much has been said in the daily press about the amount spent for farm supports but there has been very little mention of what the actual cost has been to citizens in terms of the many tariffs on manufactured goods. We are not opposed to these tariffs because we believe that they are one reason that this country has been able to raise its standard of living to a point where it is the highest in the world. We only believe that what is right for John Q. Steel Worker should also be right for John Q. Farmer.

This problem will no doubt be brought up when Congress again begins work in January. It has been with us ever since the '30s and, so far, there has not been a solution. Unrest among farmers has been evident to Representatives and Senators during the past years and most of them are beginning to hear more rumblings from the grass roots each passing month. Not only is the problem affecting farmers but also every small businessman in the agricultural areas. The prices the farmer has been receiving has been dropping lower and lower while the cost of new equipment and other manufactured articles has constantly risen.

### Stop For That School Bus

With school in session again all over the state, it might be well to review the law concerning traffic around school busses. The law says in effect, that upon meeting or overtaking a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver of any vehicle shall stop immediately before passing. After coming to a stop the driver of the vehicle can proceed with due caution at a speed which is prudent and does not exceed ten miles per hour.

This law was passed for only one reason, to protect school children as they boarded and left busses. During last year there were seven lives lost during the school year in collisions involving school busses. There were a total of 335 accidents involving these vehicles.

So, observe the law when you meet or catch that stopped school bus. Children sometimes forget that a car approaching at 60 miles an hour is hard to beat.

### Press Paragraphs—

#### QUOTING OUR NEIGHBORS

**Ike Vetoes Pay Raise**  
President Eisenhower has vetoed the postal workers pay bill with the sage comment "it would contribute to inflation."

Other measures fought for and achieved by the president, which evidently do not contribute to inflation include such items as: The biggest spending budget in all peace-time history, the biggest foreign "give-away" in history, raised the interest rates to their highest level in history, the biggest federal payroll in history, keeping a hands-off policy on domestic economy which has touched off numerous "cost of living" raises for workers in all basic industries, and depressed agriculture income while farm equipment skyrocketed.

It's something like old Elmer Evans says, "Any man who has spent his whole life getting up in the morning and going to bed at night by a bugle, who is told what to wear and how to wear it, whose meals are planned for him, who is told where he can go at any given hour of the day and night, and when and where he can go to the bathroom, hasn't got any damn business being president."

#### Teachers on Strike

In Pawtucket, R. I., 400 school teachers have been on strike. They have idled 17 public schools, with 10,000 students receiving additional vacation time—for which they are grateful.

Should a public school teacher strike?

Think about it a minute, then ask yourself this one: Should a GI strike? Should a United States Senator join a senatorial union and picket the White House or the National Capitol? Should President Eisenhower strike? These are not absurd comparisons. All are paid by the taxpayer. All are servants, not masters, of the public.

If a teacher holds forth at a Methodist or Catholic private school, then that teacher can strike if conscience so dictates. But a public servant on the public purse carrying on public business should not strike against public authority. The result is anarchy.

Now, let's pose this one directly to the Pawtucket teachers, some of whom must own their homes and have children: Suppose Pawtucket's garbage collectors strike and the staff piles high in the teachers' back yards and the putrid mess starts a polio epidemic that hits their children? Suppose Pawtucket's police strike and the teachers' homes are burglarized with nobody on patrol to stop it?

And how are Pawtucket's teachers going to teach duty and obedience to authority when they are ignoring them?

#### Death on the Roads

It is hard to write an editorial about death on the highways. We hear so much about this subject and we write so much about it, it almost seems as if the battle against automobile accidents and the killing and maiming of Americans is a hopeless fight.

In the recent Labor Day weekend, several hundred people were killed — despite the fact that the National Safety Council warned that three or four hundred peo-

ple would be killed over the holiday. This warning was given widespread publicity, commentators on the radio and on television and newspapers and public officials asked motorists to drive safely on their holiday weekend. Yet, in spite of all this effort and the redoubled efforts of the highway departments in all the states, the lives of over 400 people were snuffed out. That was only part of the cost. Several thousands were injured—some of them losing arms, legs, eyesight, and so on.

The usual thing—in writing an editorial—is to offer a solution to a problem. But, frankly, we will admit we know of no solution to this terrible problem. One can preach about safe driving, safe highways, sober driving, strict enforcement of license qualifications and so on, and the killing goes on nevertheless.

We are a big rich country, but we in the United States can't afford to lose the lives of 35,000 of our citizens a year. That is what we are losing, and that means we are losing more of our citizens through automobile accidents — in one or two years, than we lost in the entire Korean War.

The only advice we can offer the reader, if he would save his life and live to a ripe old age, is to stay off the highways as much as possible. That is the best system. If you do have to travel, try to pick a week-day, when vision is good and driving conditions are not hazardous. But the only sure way is to stay off the highways.

# Cyclone Drops First Home Game to Crowell, 6-20

The Memphis Cyclone went before the Crowell Wildcats here Friday night in the first game of the season for the team.

The local squad held the visitors to an even 6-6 score through the first two periods of play but the Cyclone came back after the third quarter to run over two more touchdowns and two extra points.

Crowell scored first early in the second quarter when Halfback Ed Gidney went four yards to the right tackle for the touchdown. End Harvey Smith attempted to kick the extra point but missed.

Memphis took the kickoff and drove down to the Crowell 40-yard line. From this point Davd Davis, quarterback, threw a pass to End Bobby Scott who went 10 yards for a touchdown. The point attempt by Don Townsley was no good.

Crowell scored in the third quarter when Quarterback Ivan Johnson passed to End David Carver for 8 yards and the tally. He kicked the extra point. They went back a few minutes later and he 64 yards through the Memphis line and Fullback R. Thompson went over from the 2-yard line for the touchdown. Smith kicked the extra point.

First Quarter  
Crowell kicked to Memphis to start the game with David Davis punting the ball to the Memphis 40-yard line. On the first play, he carried through left tackle three yards. Billy Johnson, back, then carried for little distance. Memphis fumbled on the 19 but was able to recover with a loss of two yards. They punted to the Crowell 43-yard

Crowell picked up a first down on three plays to the Memphis 45-yard line. Two plays later the Cyclone fumbled and Memphis recovered on their own 31.

Ed Adcock, fullback, carried 14 yards through center to set up a first down for the Cyclone. Billy Johnson then carried 7 through right guard, and Adcock picked up another 3 for the first down. One play later Memphis fumbled and Crowell recovered on their own 45.

The Wildcats picked up another down two plays later, and were held by the Cyclone on the Memphis 36 yard line.

Johnson drove 4 yards through center and Memphis received a 15-yard penalty for holding, placing the ball on the Memphis 20. Adcock took the ball for 8 yards through center, and then on the next play another 8 yards through right guard. Ted Wheeler, halfback, ran for 5 yards through left guard, but the Cyclone was still held on a first down. They punted to the Crowell 41-yard line.

Crowell tried to pass which went incomplete on the first play. On the second, they picked up 11 yards around left end for another first down. They again hit left end for 9 yards, and then a third down for 11, chalking up another first down.

With the ball on the Memphis 29 yard line, the Wildcats circled left end for the fourth time in a row and picked up another 8 yards. They added 4 more and a first down by driving through center, as the first quarter ended with Crowell in possession of the ball on the Memphis 17-yard line.

Second Quarter  
The Wildcats ran for 3 yards around right end, and then passed to the Memphis 7 and a first down. They added 3 on the first play, then 4 over right tackle for the score. The extra point attempt failed.

Crowell kicked to Cyclone Dudley Gillespie who returned the ball to Memphis' 48-yard line. Adcock carried for 4 yards over left guard. Johnson was trapped for a 3-yard loss, and then Adcock carried for a first down to the Crowell 40.

Davis rammed through right guard for 4 and Wheller made 3 over left guard. Adcock added 2 more through the center, with Davis following for a yard and a first down.

Memphis continued to roll with Adcock picking up 3 yards, Johnson 2, and Adcock 6 more. A penalty against the Cyclone set them back to their 30-yard line. Davis passed to Scott for the touchdown.

Memphis kicked and Crowell returned to their 39. They were unable to move the ball, and punted to the Memphis 32-yard line.

The Cyclone was unable to gain ground, and the ball went over to Crowell on the Memphis 41 yard line. Crowell drove down to the 19 but was held there. Memphis took over on downs with only seconds remaining before the half.

Adcock picked up 5 yards through left guard and then another 27 through the same hole before time ran out.

Third Quarter  
After the half, Memphis kicked to Crowell who began a drive which, 9 plays later, carried the ball over the goal line. The extra point attempt was good, making the score 6-13 in favor of Crowell.

Memphis received the kick, and Adcock carried for 4 through right tackle. Johnson then ran for 2 more. Wheeler added 2 around right end, but was unable to make a first down.

Memphis punted to the Crowell 36-yard line. The Wildcats picked up a first after two attempts and then, on the next play, Fullback Ray Thompson broke loose for a 46-yard run to the Memphis 6. Three plays later Crowell scored through right tackle to make the board read 6-20.

Memphis received the kickoff on the 5-yard line but was unable to pick up a first down, and punted to the 19. Crowell fumbled and Memphis recovered on the first play. Adcock picked up 1 through right tackle and then another yard

through left tackle.

Fourth Quarter  
The fourth quarter began with Memphis on their own 21-yard line. They were unable to move and punted, where Crowell took over on their 40. The Wildcats made 5 in three attempts, then punted to the Memphis 22.

The Cyclone tried two passes, both incomplete, and then Adcock picked up 3 yards through right guard. The ball was fumbled on the punt attempt and Crowell took over on the Memphis 29-yard line. They passed to the 17 on the next play, but were held there by the Cyclone line.

Memphis took over on their 12-yard line, and Davis carried for 1 yard through right guard on the first play. Johnson added 2 and Adcock failed to gain. The Cyclone then punted, and Crowell took over on their 42.

Crowell picked up 3 first downs on 9 plays before the gun sounded ending the game.

## Cyrena Abigail Stowe, Stanley McMurry Marry in Church Service in Abilene

Cyrena Abigail Stowe and Stanley McMurry solemnized double wedding vows recently in the First Christian Church of Abilene. Dr. Edwin L. Skiles, pastor of the First Baptist Church, officiated at the formal ceremony.

Parents of the couple are Mr. and Mrs. George Edward Stowe and Mrs. Helen McMurry, all of Abilene. The bridegroom is a grandson of Mrs. E. H. Stanford of Memphis.

An all white altar was set with pedestal arrangements of white mums, spiral candelabra holding burning white tapers and a row of formal trees extending from the candelabra.

Cousins of the bride, Jim and John Stowe, lighted the candles.

Organ wedding selections were played by Sandra Hockersmith. Soloist was Mrs. Horace Mahan who sang "Calm as the Night" and "The Pledge."

Given in marriage by her father, the bride wore a formal white silk taffetta dress enhanced with an empire yoke of chantilly lace that formed a portrait neckline. A bow and fold of taffetta underscored the empire detail. The skirt swept from side fullness into a short train. Her illusion veil, fingertip length, fell from a cap with side points made of lace pearl-centered flowers. She carried a white orchid nestled in Stephanotis.

Laura McCormick was maid of honor; Ann Winslow of Fort Worth, bridesmaid; and Loralei Stowe, sister of the bride, junior bridesmaid. Peacock blue iridescent taffetta was chosen for the bride's attendants. Each dress was styled with portrait V neckline, below the elbow sleeves and full gathered skirts that ended ballerina length. White taffetta bows fashioned the headresses and completing the costumes were short white gloves and peacock blue silk slippers. They carried white colonial of split carnations.

Best man was Donald Lushy. Ushers were Larry Asbury, Bob Burnett of Waco, Francis Gandy of Corpus Christi and Ronny McDearman.

The bride's mother wore a pink lace sheath over organza styled with bateau neckline and pleated organza cummerbund. She wore a mauve cymbidium orchid. Mother of the bridegroom chose a beige lace over chiffon styled with empire waistline and chiffon cummerbund. Her corsage was a brown orchid.

Grandparents of the bride, Mr. and Mrs. J. E. Stowe, hosted the reception at the Woman's Club. Clusters of lily of the valley dotted the white net cloth on the bride's table. An arrangement of baby mums and white asters filled silver wine cooler for the centerpiece. As a going-away costume, the bride wore a royal blue cotton sheath with jacket styled with empire waistline, wide collar and

three-quarter length sleeves. Accessories were black velvet beret, black suede shoes, black bag and white gloves. Her corsage was the white orchid from her bridal bouquet.

After a wedding trip to Dallas, the couple will live at 1813 South Seventh in Waco. Both are graduates of the Abilene High School and will be Juniors at Baylor University.

She attended North Texas State College where she was a member of Chi Omega social sorority, Alpha Lambda Delta honorary society, Junior Mary Arden English Club, sophomore honor guard, A Capella Choir and Grand Chorus.

At Baylor, the bridegroom is a member of Tryon Oesterie social club.

The bridegroom's mother hosted the rehearsal dinner Thursday evening at the Abilene Country Club.

## Truth Seekers Class Meets With Mrs. J. W. Oliver

The Truth Seekers Sunday School Class met in the home of Mrs. J. W. Oliver Thursday, Sept. 12, with Miss Rena Waller as co-hostess.

Mrs. L. G. Yarbrough, president, presided during the meeting which was opened with the class song, "What A Friend We Have In Jesus."

Mrs. Anna Dickson offered prayer after which Mrs. J. J. Evans, secretary, read the minutes of the previous meeting.

Mrs. C. Gerlach brought the devotional and Mrs. Guy Kercheville gave a reading followed by prayer.

Mrs. J. J. Evans read a poem by Norman Vincent Peale. Mrs. J. J. Oliver conducted the Bible lesson and the study was closed with the group repeating the Lord's Prayer in unison.

During the business session, the members voted to send \$10 to the Mission Home at San Antonio.

Refreshments were served to the following members: Mmes. Ola Gowan, Pearl Massey, Jesse Baker, Henry McCanne, J. B. Wrenn, Anna H. Dickson, Adcock, A. B. Jones, Guy Kercheville, Wm. Gerlach, L. G. Yarbrough, C. Gerlach, J. J. Evans, Miss Rena Waller, Mrs. J. W. Oliver, hostess, and one visitor, Mrs. E. E. Foster.

## Fidelis Class Elects Officers At Thurs. Meet

The Fidelis Sunday School Class of the First Baptist Church held its monthly meeting Thursday evening in the home of Mrs. Troy Phillips who served as hostess.

Officers for the coming year were elected at the beginning of the business meeting. Those who were chosen were: president, Mrs. Marion E. Posey; vice president, Mrs. Don Collins; secretary and treasurer, Mrs. Troy Phillips; reporter, Mrs. Jim Hansard; and group captains, Mrs. Carl Johnson, Mrs. Dale Ballard, Mrs. Billy D. Roden and Mrs. Richard Hale.

Plans for the new yearbook have been started and a committee was selected to make all necessary arrangements. The devotional for the evening was given by Mrs. Richard Hale whose topic was, "Thoughts."

Delicious refreshments were served to Mmes. Carl Johnson, Billy D. Roden, Marion E. Posey, Dale Ballard, Richard Hale, R. D. Jones and Troy Phillips. The next meeting will be on Oct. 10 in the home of Mrs. Carl Johnson.

## Travis P. T. A. Meets For Opening Session Thurs.

The Wm. B. Travis P. T. A. opened the year with the first meeting on Thursday, Sept. 12, in the school cafeteria.

Mrs. Weldon McCreary, president, was in charge of the meeting. Mrs. Robert Moss read the P. T. A. prayer. A sing-song followed, led by Miss Esta McElrath, accompanied by Mrs. Gerald Knight.

Mrs. McCreary introduced the staff of teachers for the year: Mrs. Charles Cape, Miss Ethel Hillhouse, Miss Clara Pyeatt, Mrs. Clifford Farmer, Mrs. Kenneth Miller, Mrs. Ward Gurley, Mrs. Clarence Stroehle, Mrs. Bessie Newton, Miss Esta McElrath and Mrs. S. J. King.

Mrs. Lowell Houston, membership chairman, reported the seventh grade will receive an award for bringing in the first 100 per cent membership, through the efforts of the room mothers, Mrs. Lloyd Ward and Mrs. W. B. McQueen, Jr. Each room gaining 100 per cent membership hereafter will be given a record of their own choosing. Out of an enrollment of 236 students, 128 parents and teachers have paid dues for the coming year.

"New Ventures in Partnership" will be the theme of the nine meetings of the year. Mrs. Brode Hoover, program chairman, introduced W. C. Davis, superintendent of schools. Mr. Davis started the members and guests on their new "ventures" with an inspirational, "Operation Family Fun!"

A social hour followed the program with refreshments of punch and cookies served by Mmes. Ben Moss, Homer Burleson, Carl Wood and W. B. Scott.

Mr. and Mrs. Burl Smith returned Monday from a vacation spent in the Smoky Mountain National Park, and Gatlinburg, Tenn. They were accompanied by Mr. and Mrs. W. G. Smith of Elk City, Okla.

## Christian Circle Meet For Study In McNally Home

The J. O. Y. Circle of the First Christian Church met Tuesday afternoon, Sept. 10, at 3 o'clock in the home of Mrs. M. E. McNally, Jr.

The Bible study for the afternoon was the 7th Chapter of Romans with Peggy Williams as leader. All members present took part in the discussion.

During the business session, the chairman, Bernice McCoy, appointed the following committee chairmen: party, Lena Mae McNally; cards, Faye Maddox;

church yard, Dorothy Stargel; showers, May Maddox; finance, Vee Knight, membership, Betty Browning; visiting, Inez Aspgren.

Betty Browning was welcomed into the circle as a new member. Delicious cake and coffee was served to the following members: Louise Fowler, Dorothy Stargel, Vee Knight, Bernice McCoy, Joan Sharp, Doris Hickey, Inez Aspgren, Faye Maddox, Peggy Williams, Betty Browning and hostess.

Children present were Gerry Knight, Cindy Williams and Alan and Janet McNally.

If you had flea-power you could jump over a 90 story building.

### Fire Inspectors Now At Work In Memphis

Fire inspectors from the Texas Fire Insurance Commission have begun a survey of Memphis. This survey, which is conducted once every 10-15 years, will guarantee the residents of Memphis that all church, school, and business buildings are rated properly for insurance purposes. The inspectors will not inspect private or residential property.

The inspectors report that the Texas Fire Insurance Commission publishes a book of "Maximum Specific Fire Insurance Rates" for each town or city based on these inspections. This book lists the address, occupant, type of occupancy and maximum specific fire insurance rate of church, school and business buildings in and adjoining that town or city. Because of the important nature of this work, everyone's cooperation will be greatly appreciated.

The inspectors have their office in the Fire Station and may be contacted at phone number 55.

The inspectors are: Robert L. Kurio, Austin; Ronald Nagel, Yoakum; Don Crumley, Lubbock; John Crabtree, Dallas; and Lester Lankford, Houston.

Contrary to popular opinion, heart disease is not an exclusive liability of the aged. Of the 810,000 deaths of heart and blood vessel disease in 1955, about 223,000 were under the so-called "retirement" age of 65.

During a day spent in reading muscles move the eye something like 100,000 times. Eye muscles are about 100 times as strong as they need be and are among the most exercised muscles in the body.

### Rev. L. Campbell Named Moderator Of Baptist Assn.

The Panhandle Baptist Association, at its annual meeting with the First Baptist Church in Memphis last week, re-elected Rev. Lanham F. Campbell as their moderator for the coming year. Rev. Campbell is pastor of the Travis Baptist Church.

Other officers who were elected were R. D. Jones as clerk-treasurer, and Rev. Harry Morris as vice-moderator. Jones is serving as music and education director of the First Baptist Church. Rev. Morris is pastor of the Lesley Baptist Church.

The next annual meeting will be held with the Lelia Lake Baptist Church Sept. 16-17, 1958.

Mr. and Mrs. Jim Martindale of Childress visited Thursday with Mr. and Mrs. John Dennis.

Mr. and Mrs. Ed Ricker of Kansas City, Mo., visited in the S. S. Montgomery home this week.

### Only 15 Days Left To Enter Wheat Acreage Reserve

County wheat farmers only 15 more days to place in the 1958 wheat Acreage Reserve program, Lynn McKelvey, manager of the Agricultural Stabilization and Conservation office, stated this week.

McKelvey stated that approximately 20 farmers had contracts through this week.

He reminded farmers that wheat history for the year now automatic and that it is of this fact all farmers wheat allotments should be signed on an acreage agreement.

The deadline for placing in the wheat Acreage Reserve program is Oct. 4.
