Annual Homecoming For MHS Exes Here Friday

All Memphis High School Exes are urged to be in Memphis Friday, Nov. 8, for the annual homecoming activities, according to an announcement this week by Allen Dunbar, president of the Ex-Student Association.

The festivities will get underway with a free lunch for all exes in the high school cafeteria at 12:05 p. m., Superintendent W. C. Davis said Tuesday. Entertainment at the luncheon will be furnished by high school students.

Following the luncheon a business session will be held at which time officers will be elected for the coming year. Serving as officers at the present in addition to Dunbar are Hiram Crawford, vice president; Mrs. Hiram Crawford, secretary and treasurer and Mrs. Gene Lindsey, reporter.

From the business session, the Exes will go to the gymnasium where they will participate in a

Local B Squad, Junior High Team Lose Saturday

Both the B squad and junior high teams lost their games last Saturday night at Cyclone Stadium.

Lakeview A squad players dropped the B squad, 21-6 and Canadian junior high downed the local eighth graders, 19-6.

The junior high game, scheduled for this week, has been canceled because the Wellington team was hit by the flu.

The B squad game with Clarendon was also cancelled for the same reason. Coach John Jones said that some of the B squad boys would suit up for the A squad game Friday night.

SUCCUMBS—S. W. Fielding, 81, retired farmer, died Oct. 27 in a local hospital following an illness of two years. Mr. Fielding came to Collingsworth County in 1929 and had engaged in farming in the Quail community until three years ago when he and Mrs. Fielding moved to Memphis. He is survived by his wife, seven sons and five daughters.

Landowners Organize Flood Prevention District Saturday

W. V. Bain, Donley County Farmer, Sights First Firey Object in Area

The first sighting of the glowing objects in this area was reported this week by W. V. Bain who lives one and one-half miles north of Highway 287 about halfway between Hedley and Lelia Lake.

He sighted the object about dusk Tuesday evening.

"Just as I was walking out to the pick-up truck with my head down I noticed the ground light up. I looked up and about 30 feet off the ground and about a mile to the west was this unusual flickering light.

"I've never seen a light of that color before—it was brilliant blue and green, and brilliant. It flashed on and off six times and then disappeared to the northeast," he said.

He stated that he saw the object for about as long as he could hold his breath.

Bain's wife, Alma Jo, said she was busy in the kitchen and at the same time noticed bright flashes come through the kitchen window. His children, in another room, also noticed the bright light.

Bain said he was positive the spectacle was no light from the highway or an airplane. "There wasn't a sound to be heard. "It was just about enough to make a preacher of me," he concluded.

other room, also noticed the bright light.

Bain said he was positive the spectacle was no light from the highway or an airplane. "There wasn't a sound to be heard. "It was just about enough to make a preacher of me," he concluded.

Final Rites Held In Lakeview For Mrs. Ethel Reeves

Mrs. Ethel Celia Reeves, 71, passed away here Saturday, Nov. 2, early in the morning.

Funeral services were conducted from the First Baptist Church in Lakeview Sunday at 3:00 p. m. Officiating were Rev. W. M. Hall, pastor of that church, and Rev. L. J. Helm of the First Methodist Church of Lakeview.

Interment was in the Union Hill Cemetery at Lakeview under the direction of Spicer Funeral Home.

Mrs. Reeves was born Sept. 1, 1886, in Indian Territory, Okla. She and her parents, the late Dr. and Mrs. Robert Duren, moved to Hall County in 1908, and resided near Lakeview.

Miss Ethel Celia Duren was united in marriage to Ezekiel J. Reeves on Dec. 26, 1909, near Lakeview. She was preceded in death by Mr. Reeves and by one daughter, Josie Mitchell.

Survivors include one son, Sylvester Reeves, Denver, Colo.; one daughter, Mrs. Buvena Bland of Lakeview; three brothers, Joe M. Duren, Roaring Springs, George Marvin Duren, Memphis, and J. B. Duren, Lakeview; two sisters, Mrs. Winnie Williams, Maxwell, Calif.; and Mrs. Myrtle Ray, Morton; and three grandchildren.

Pall bearers were Joe Barnett, O. E. Bevers, Troy Payne, Jim Gowdy, Del Wells, and M. A. Wiley.

County, City Offices To Close Nov. 11

County and city offices will be closed Monday, Nov. 11, Veteran's Day, according to announcements made this week.

Local banks will also be closed for this occasion, but other businesses will remain open.

Temporary Plan, Directors Named At Lakeview Meet

Land owners of the Lakeview, Lesley and Brice area of Hall County set up a temporary Watershed Protection and Flood Prevention district organization Tuesday evening when they met in the school cafeteria at Lakeview.

Heading the temporary organization is Joe Montgomery, who will serve as chairman. Six directors who will serve with him are Merle Lemons, David Hudgins, Quilla Clark, K. D. Nabers, Jr., Herbert Payne and Luther Neighbors. The group named these men in order that six creeks or draws in the area would have representation on the board.

L. W. (Bud) Harvel of Vernon, area conservationist of the Soil Conservation Service, early in the meeting explained both federal and state laws which apply to the proposed district.

"Public Law 566 is a law to help the people help themselves," he stated. "You have started the program of organizing a district to

New 2-Year Road Plan To Include Oxbow Crossing

The Texas Highway Commission has taken the first step to inaugurate a new two-year Farm-to-Market Road Program for Texas, Marshall Formby, Chairman of the Texas Highway Commission stated this week.

Money for this program is derived from the fund established by Senate Bill 287, Fifty-first Legislature.

Palmer Massey, District Engineer of the Texas Highway Department at Childress has stated that the following farm-to-market road in this area is scheduled for work under this program:

From end of FM 2472 south to State Highway 86, a distance of approximately 6.5 miles. FM Road 2472 is known to most people as the Oxbow Crossing Road.

It was announced that work will begin on these projects just as soon as final planning is completed and right of way secured. Resident Engineer C. B. Hudson will be in charge of the work in this area.

Voters Approve Amendments Tues.

Hall County voters went to the polls 318 strong Tuesday and approved all of the constitutional amendments by a good margin.

On the first amendment, to improve the state employee's retirement program, voters cast 232 for and 78 against the proposal.

The second amendment, to increase pensions, carried by 291 for and 27 against. The third amendment, dealing with the setting up of a state water program, received 286 votes for and 46 against.

Over the state all of the amendments carried by solid majorities. The Texas Election Bureau reported Thursday that less than one-tenth of the votes were still out.

The count at that time showed the following:

State employee benefits: For 142,148; against 52,264.

Increased pensions: For 168,253; against 29,331.

Water plan: For 142,993; against 51,937.

Chairmen of the various communities are Brown Smith, grain sorghum; R. A. Eddleman, beef cattle; W. V. George, 4-H Club work; Bruce Gibson, feed crops, pasture, farm and home development; Harold Hodges, cotton; C. L. Sloan, alfalfa; Alvin Molloy, soil improvement, swine; Robert Moss, engineering; J. D. Cox, poultry; Charley Williams, dairying; Edd Hutcherson, representative from Commissioners Court.

RECEIVES SCHOLARSHIP—Terrence Kent Kirk of Lakeview, senior electrical engineering student at New Mexico A&M College, has been awarded a \$150 scholarship by the El Paso Electric Company. The award was made on the basis of interest in the electrical power major. He is shown above checking ratings on an induction voltage regular in the college lab. He is the son of Mrs. Fan Kirk.

Cyclone To Face Clarendon Broncos In Crucial Game Friday Night

The Memphis Cyclone will face the Clarendon Broncos Friday night in one of the final games of the season at 7 p. m.

Present, Memphis, Clarendon and Canadian are all in the conference race. If Memphis can defeat Clarendon this week and then Canadian next week, and if McLean should down them, then Memphis would be district champion.

Memphis and Lefors should tie the rest of their games, then would tie for the district title. Earlier in the season Clarendon defeated Lefors in a hard-fought game with the Broncos scoring the winning touchdown in closing minutes of play. Then week Lefors downed Memphis.

The game here Friday night will be the annual homecoming event with the Football Queen being crowned before the game and the Band Sweetheart during halftime.

In commenting upon the upcoming game, Coach John Jones said, "Clarendon has what we thought to be the best ball club in the district. However, their line is not exceptionally big, but they are good. They also have two good halfbacks and a 194-pound quarterback, who ran in the full-back slot last year. In addition to this, they have a good passing attack."

"However, our squad has been working hard and they still have an excellent spirit. We will be over there doing our best to win."

Over the entire season Clarendon has four wins and five losses. They defeated McLean, Shamrock,

Lefors and Panhandle. The squad lost to Canadian, Wellington, White Deer, Stinnett and Perryton.

Steve Watts will probably be out of the game Friday with a bruised shoulder, which he received in the Lefors game. Also still on the injured list are James Davis and Billy Johnson, with hurt knees; Don Deaver, with a cracked shoulder bone; and David Kilgore with the flu. Chubby Waddill received a bruised shoulder in the Lefors game, but will probably be able to play. George Hartsell, who was out last week with the flu, has returned to the squad.

Lefors Game

In the game last Friday at Lefors, the Pirates scored about midway in the first quarter to take the lead 6-0. Early in the

game here Friday night will be the annual homecoming event with the Football Queen being crowned before the game and the Band Sweetheart during halftime.

In commenting upon the upcoming game, Coach John Jones said, "Clarendon has what we thought to be the best ball club in the district. However, their line is not exceptionally big, but they are good. They also have two good halfbacks and a 194-pound quarterback, who ran in the full-back slot last year. In addition to this, they have a good passing attack."

Tour of County Demonstrations Shows Success of Pilot Farms

Fifty-four Hall farmers, businessmen, agricultural representatives and out-of-county visitors toured the county last Thursday inspecting the various experiment-demonstrations being carried out here under the pilot-farm program.

The program is under the supervision of County Agent W. B. Hooser, representatives of the various state experiment stations and Extension personnel.

The field day was the first guided tour of the experiment and demonstrations which have been underway in the county this year.

Extension Service and experiment station officials on hand for the event included J. D. Bilbro Jr. and E. L. Thaxton Jr. of Lubbock, John Quimby of Chillicothe, A. L. Wiese and M. E. Jensen of Amarillo, and J. G. Simmons of Vernon.

The tour started from the county court house Thursday morning and made the Cecil Stargel farm the first stop. There they viewed a grass demonstration which was planted May 22. Grasses included in the demonstration were six different strains of cane blue stem, five strains of little blue stem, four strains of planes bristle grass, 12 strains of side oats gramma, and two strains of switch grass.

The group then went to the Brown Smith farm where they

viewed an irrigation demonstration. The different pots on this farm were irrigated according to scientific tests which measured the amount of water in the soil at different levels. The tests were made from 6 to 52 inches below the ground level. Dr. M. E. Jensen, agricultural engineer from Amarillo, explained the testing procedure to the group. The land was fertilized with 15-30-0, furnished by Matheson Chemical Co., before planting. Also used in the experiment was a tension meter which measures the amount of water the plant was absorbing.

Third stop for the group was a hybrid grain sorghum demonstration on the Harold Hodges farm where 42 different varieties were planted. John Quimby of the Chillicothe Experiment Station explained the different varieties. According to Quimby and other agronomists, the strain most promising for this area seems to be a cross between 7078 and Kaffir, called Hybrid 610.

The next demonstration inspected by the tourers was a Johnson grass eradication experiment on the Alvin Molloy farm. Nine different plots had been marked off and treated with varying amounts of Delpox, naphth, diesel, C56 and HCA. Dr. A. L. Wiese of the Bushland Experiment Station in Amarillo explained the experi-

ment.

The group then visited a fertilizer demonstration on the Otho Gardenhire farm. There different amounts of fertilizer had been added to the eight plots of irrigated land. The fertilizer used included combinations from 0-0-0 to 60-60-60.

Following this the group inspected an irrigation grain sorghum demonstration on the Clyde

ment.

Estelline To Play At Lakeview Thursday, Nov. 14

The date of the Estelline-Lakeview football game has been changed from Friday night, Nov. 15, to Thursday night, Nov. 14. JoEd Cuppell, superintendent of the Estelline School announced Wednesday. The game will be played at Lakeview and is the last of the season. Game time is 7:30 p. m.

Friday night the Estelline Cubs will meet Silverton on the home field in the last home game of the season. Miss Betty Orcutt, who has been named Football Queen, will be crowned in ceremonies preceding the game.

New Pontiac Line To Go On Display Here Saturday at Staff Pontiac and Imp.

Sixteen all-new models in four series—headed by a "dream car" series of two family sports-type cars—are presented by Pontiac in 1958 and will go on display Saturday at Staff Pontiac and Implement showroom here, George Staff announced this week.

A new body, new chassis, new "Tempest 395" V-8 engine, new optional equipment and a new Bonneville series of family size "dream cars" marks what the division calls the "boldest advance in 50 years."

"These bold new cars are both a tribute to GM's Golden Jubilee and our own 50th Anniversary," S. E. Knudsen, GM vice president and general manager of Pontiac Motor Division, said in announcing the new cars.

"Fifty years ago America's pioneer motorists welcomed the new Oakland, predecessor car to Pontiac. But outside of having wheels, engine and a body of sorts, the 1908 Oakland bore no resemblance to the sleek 1958 Pontiacs. These cars are lower, longer, wider and combine high performance and comfort with high style and luxurious interiors," Knudsen said.

In addition to the top-of-the-line Bonneville convertible and sport coupe, Pontiac offers other new innovations for '58. Among them are a convertible in the lowest priced Chieftain line, air ride suspension as an option on all models, along with improved fuel injection, introduced by Pontiac last year.

The new "Tempest 395" V-8 engine is bigger than ever, with displacement increased from 347 to 370 cubic inches, and designed to deliver power where most needed—in the traffic range.

Pontiac engineers list 88 new features in the 1958 models and 135 separate safety features.

Striking "New Direction" styling accentuates the car's longer, lower, wider look. The low, horizontal grille is topped by dual twin head lamps and rises above the heavy bumper, which incorporates massive parking and signal lamps. Delta wing ornaments ride atop each front fender with twin wind-splitters continuing along the fender.

The missile-type moldings sweep back to conceal flares in the rear fender and frame distinctive series markings. The Bonneville has, in addition, four simulated front fender louvers.

From the rear the 1958 Pontiacs will be immediately recognizable by dual twin tail lamps above oval, chromed, back-up lamp ports, and the simply styled trunk lid bears chrome handles on each side of the superbly fashioned name plate.

In addition to the five-passenger Bonneville convertible and the sport coupe, Pontiac has for 1958, the Star Chief series consisting of two and four-door Catalinas, a four-door sedan with slim center pillar, and a custom Safari Station wagon. The Super Chief line includes two and four-door Catalinas and a slim pillar, four-door sedan. The Chieftain series is led by the convertible, new in this line, two and four-door Catalinas, two and four-door slim pillar sedans, and a two-seat and a three-seat four-door station wagon.

On 122 inch and 124 inch wheel-basis, the new Pontiacs are as much as 4.5 inches lower in height, are 2.2 inches wider and as much as 8.7 inches longer overall. Passenger leg room has been increased

by 4.5 inches, ample head room is retained, and luggage space is enlarged.

A new sculptured instrument panel has key instruments grouped before the driver for quick, safe reading through the deeply recessed, two spoke steering wheel. A non-glare instrument panel protects against glare.

Leading an exceptional parade of optional equipment for the new cars is air ride suspension, new for passenger cars in the middle price range, which gives an ever-level ride regardless of load or road conditions. Pontiac's fuel injection, introduced last year, has been improved and tailored for the new, bigger engine. Super Hydra-Matic transmission, power brakes, power steering, power-operated windows, four-way power seat with a new "memo-matic" control device, which returns it to a pre-selected setting, are other extras, as is a new "safeguard" speedometer, which buzzes when a set speed is exceeded; a new safety-track differential, which eliminates rear wheel slip; a new split front seat back lock to prevent seat tilt on sudden stops; a new door lock warning lamp, and a new combination car and portable transistor radio.

Soil Conservation News

By ROYCE FRISBIE
Technician

Recent rains in the Hall County Soil Conservation District have put the best underground season we have had in the past several years. Now is the time to think about any dirt work that is to be done early next spring.

Any farmer or rancher who wishes to do any tanking or terracing should contact their local Soil Conservation Service office in the near future.

If the farmers will make their needs known early they can prevent the early "rush" just after the first of the year. If preliminary surveying is necessary, this can be done now even if there is a growing crop on the land.

In the past several years we have not had enough moisture in the early spring to do the best job of dirt moving. Chances are very good that this will be the spring to do the dirt work that the farmers have put off because of not having enough moisture.

To prevent the early rush, farmers are urged to contact the local SCS office at their earliest convenience.

Iola Robertson accompanied by her parents, Mr. and Mrs. M. G. Robertson, recently spent the week end at Texas A&M visiting Paul Wilson.

NEW PONTIAC—The 1958 Pontiac line of cars will go on display here Saturday at Staff Pontiac and Implement. The line will include 16 new models in four series. A new engine, "Tempest 395" has a displacement increase from 347 to 370 cubic inches.

Debs Cofer Is Nominee For WSST College Favorite

Debs Cofer, son of Mr. and Mrs. W. M. Cofer of Memphis, is one of 34 men students nominated for Gaillardian escort (all-college favorite) at Southwest Texas State Teachers College, according to an announcement released this week.

Twelve favorites, six Gaillardians and six escorts, will be presented during the annual SWTSTC

Homecoming dance Saturday, Nov. 9. Sophomore, junior and senior students at the college will select the 12 favorites by secret ballot this week and the identity of the six winning couples will be kept secret until the Homecoming presentation. A total of 34 couples were nominated for the honor by various campus organizations.

Cofer, a junior chemistry major, and Shirley Johnson, San Saba Junior, are nominees of the Southwest Texas Alpha Delta Chi. Cofer also serves as junior senator; member of a house council and president of Alpha Psi Lambda at

Southwest Texas. The Gaillardian election is one of many preparations being made for the annual Southwest Texas Homecoming Nov. 9. The actual Homecoming activities, centered around the theme "Tomorrow," begin with a bonfire and pep rally Friday night, Nov. 8, followed by open house for ex-students Saturday morning, the Southwest Texas-Sam Houston State football game Saturday afternoon and the Homecoming dance Saturday night.

Texans paid \$2,153,882,000 in federal taxes in 1954.

Card of Thanks
I wish to express my sincere thanks to Dr. Odom and the nurses for the loving deeds they did for me during the time I was ill in the hospital. May God bless each one.

A NEW KIND OF CAR IS BORN!

At Your Pontiac Dealer's Nov. 9

BOLDEST ADVANCE

IN 50 YEARS!

THE GOLDEN JUBILEE CAR!

It's a revolution on wheels—boldly planned from the very beginning as a Golden Anniversary showpiece for Pontiac and General Motors.

This one you really must see—here is a car unlike any you have ever known! This Golden Jubilee Pontiac is actually an all-new breed of cars—in four brilliant series and 16 sleek models covering virtually every price bracket.

In all of them you'll find engineering advances so daringly different yet so basically sound that they will trigger the next big change in automobile design. You'll find a few of these ideas illustrated here, but even they can't begin to tell the full story.

Why not be among the first to discover the newest. When you meet this bold new Pontiac, you're in for a driving thrill that is impossible to duplicate in cars of conventional design. So make it a point to see your Pontiac dealer soon and prove to yourself that no car in history ever left yesterday so far behind!

Ever-Level Air Ride*

The most perfect suspension system ever designed—and Pontiac's revolutionary Aero-Frame is specifically designed for it! Air cushions on all four wheels literally float you over the bumps... keep the car perfectly level regardless of load or road!

Aero-Frame STABILITY

Here is the biggest basic construction change since the early days of motoring. Pontiac's revolutionary new frame design is lighter, stronger, more stable than the conventional box type used on other cars.

Quadra-Poise ROADABILITY

Only the wheels know where the bumps are! Pontiac's new suspension geometry ends disc, sway and bounce to bring you the smoothest ride, easiest handling you've ever known!

Circles-of-Steel SAFETY

Pontiac's completely new body construction surrounds you with girder steel protection—above, below, fore and aft. Now you can drive with wonderful new peace of mind!

Tempest 395 PERFORMANCE

Try Pontiac's new jeweled-action responsive. Scores of exclusive engineering innovations make Pontiac's hefty power plant a miracle of smoothness... and you can choose from four horsepower ratings including Tri-Power Carburetion* and Fuel Injection*.

YOU can get this big, colorful TV TRAY (\$2.00 VALUE)

for only 69c when you buy King or Family Size Coca-Cola in Cartons

Your friends and family will be delighted when you serve them TV snacks, picnic lunches, or cook-out treats on this colorful big (18 1/2" x 13 1/2") TV tray! Sturdy, decorative, useful: you'll want several!

When you bring home the Coke today, Don't forget your TV trays!

Memphis Airman, George Whisenhunt Participates in SAC Bombing Exercise

George W. Whisenhunt is one of the 1,700 specialists assisting in the annual Strategic Command's Bombing, Navigation and Reconnaissance Competition.

The competition is the Fairchild Trophy which went to the best overall wing. Other awards went to wings and individual crews scoring highest in bombing and navigation phases.

Civil Service Comm. Announces Exams

The United States Civil Service Commission has announced examinations for stenographers, typists, and dictating machine transcribers at starting salaries ranging from \$2690 to \$3415 per year and for clerks at starting salaries ranging from \$2690 to \$4080 per year for employment in the various federal agencies in this area.

Applications for clerk must be received on or before November 20, 1957. Federal employees are entitled to liberal fringe benefits such as paid vacations, sick leave with pay, low cost group life insurance and an excellent retirement plan.

Anyone interested in these positions is invited to file application. Complete information regarding the examination and application forms may be obtained from the local civil service representative at the post office, or from the Regional Director, Eighth U. S. Civil Service Region, room 103, 1114 Commerce Street, Dallas 2, Texas.

Some 400 to 500 fairs, exhibitions and festivals are held annually in Texas.

Ducks, Geese Move In Ahead Of Cold Weather

Cold weather of the past week has put a big push not only behind ducks but hunters, according to the director of Wildlife Restoration of the Game and Fish Commission.

The 1957 season on ducks and geese promises to be one of the best in years, according to reports of both biologists and wardens who have been making spot checks. There are more places for ducks this year than ever before, with every pot hole in Texas filled in the spring and refilled by the early fall rains.

The flight from the north has been good. Crop conditions and fresh water along the Texas coast all add up to good prospects.

Hunters also had another warning. The limit on ducks is 5 a day or 10 in possession after the first day. The limit is six geese, with no more than 6 in possession.

If you hunt outside your own county, you need a state license. If you hunt ducks or geese you MUST have a Federal Stamp, costing \$2.

All shotguns must be plugged to hold no more than three shells. The use of a motor or sale boat for hunting is prohibited except in going to and from blinds or picking up cripples.

LIQUID OR TABLETS GIVES "SUPER" RELIEF FROM ALL THOSE MISERIES OF "HARD-TO-STOP" COLDS

For Better Traction...

Test a '58 Studebaker with Twin Traction for sure-footed power in mud, sand, ice or snow.

Mr. and Mrs. J. W. Harper Observes 66th Wedding Anniversary Sunday

Mr. and Mrs. J. W. (Jeff) Harper, who came to Newlin in 1905, observed their 66th wedding anniversary Sunday, Oct. 27, when their children entertained in their honor.

At noon the family went to the Gilpin School house where a bountiful meal was served. Later in the afternoon open house was held for relatives and friends.

The dining table was laid with a white linen cloth and centered with an arrangement of white mums. A decorated wedding cake topped with a miniature bride and groom was served with punch. Mrs. Othela B. Chambers poured and one of the granddaughters served the cake.

As the program Anita Chambers and Bobby Beale, grandchildren, sang "My Darling I Have Loved You, oh, so Many Years" accompanied at the piano by Mrs. Lois Chambers.

Mr. and Mrs. Harper were married in 1891 at Glen Allen, Ala. They came to Wood County and later moved to Mineola where they resided a short while. They moved to Newlin Aug. 22, 1905, traveling in a covered wagon. The trip took 16 days and they camped out the entire time.

Upon arrival at Newlin, they settled in the Gilpin community where they were instrumental in the growth and development of the community. They helped to establish the first school in that community, donating land on which the school building was located.

Children and their families present Sunday to enjoy the happy occasion with Mr. and Mrs. Harper were:

Mrs. C. B. Alexander of Sudan, Mr. and Mrs. Thad Fowler of Galt, Calif., Mr. and Mrs. Felton Harper of Mulshoe, Mr. and Mrs. Lewis Harper of Sudan, Mr. and Mrs. Ivan Gresham of Munday, Mrs. Stella Phillips of Clarendon, Mrs. Mozelle Skinner of Amarillo, Mr. and Mrs. Odell Ralls of Tullia and Mrs. Vernone Phillips of Mulshoe.

Grandchildren and great grandchildren present were: Mr. and Mrs. A. L. Struill of Sudan, Mr. and Mrs. Othel B. Chambers of Tullia, Mr. and Mrs. Bill Cook and Dianne and Billy of Spade, Mr. and Mrs. Roy Lee Harper of Earth, Mr. and Mrs. Alton Abram and daughter, Mr. and Mrs. Roy Abram and baby, Tommie Abram, all of Estelline, Mrs. Janella Hopkin and son, Mrs. Bera Breedlove

of Amarillo, Mr. and Mrs. Dale Weaver of Amherst, Mr. and Mrs. W. W. Dodson of Clarendon, Mr. and Mrs. Clifton Phillips of Clarendon, Mrs. Edith Williams and Nancy, Mr. and Mrs. Duane Beale and Bobby of Sudan, Loin, Anita, Adelia Chambers of Sudan, Donna Smith, and Larry Rawls of Tullia and Eloise, Euvanna and Linda Kay Gresham of Munday.

Nicholas of Memphis, Mr. and Mrs. George Gresham and Elwanda of Clarendon, Mr. and Mrs. Jack Nelson and Stanley and Gene and Mrs. Ruth Cobb of Newlin, Mr. and Mrs. J. L. Marcum of Sayre, Okla., T. E. Davis of Newlin, Mr. and Mrs. A. G. Nelson and Mrs. Annie Hamilton of Newlin, Mr. and Mrs. Gravis Davis of Memphis, Mr. and Mrs. George Pope of Flomot, Mr. and Mrs. Leo Koeninger, Mr. and Mrs. Gus Odom of Memphis, Mrs. Dee Walker, Mrs. J. C. Walker, Mr. and Mrs. Joe Allen Ballard of Estelline, Ella Downing, sister of Mrs. Harper, George Glover, brother of Mrs. Harper of California, Press Fowler of Memphis and W. R. Glover of Sudan.

Bluebonnet Club Enjoys Luncheon In Smith Home

One of the most enjoyable occasions of the season for members of the Bluebonnet Club was a luncheon in the beautiful ranch home of Mrs. Ira Smith on Friday, Nov. 1.

Each member carried a covered dish and the bountiful meal was served at 1 o'clock on quartet tables.

After the meal a short business session was held, and then the group enjoyed pleasant conversation. Members departed for home at 4 o'clock expressing to the hostess their appreciation for her hospitality.

Members present were: Mmes. Eula Boren, Winnie Johnson, Gusie Jones, Mary Bowns, Husie Lindsey, Grace Foxhall, Idell Burnett, and Grace Monzingo. Guests included Mmes. Omogene Parr, and Gladys Montgomery.

Mrs. Vera Maden returned home Sunday after an absence of several weeks. She had cataracts removed from her eyes in Oklahoma City in September and later visited with a nephew and niece in San Antonio and Waco. Mrs. Madden's operation was a success and she is doing nicely.

Mrs. T. E. Lenoir spent last week in Amarillo.

Austin P-TA To Meet Tuesday

The Stephen F. Austin Parent-Teacher Association will hold its November meeting in the school auditorium on Nov. 12 at 7:30 p. m., Mrs. Jack Rose, reporter, announced Wednesday.

The program will feature entertainment by the third grade students, led by Mrs. Herbert Estes, and an educational film. All members are urged to attend.

Betty Lemons Named McMurry Soph. Favorite

Miss Betty Lemons, daughter of Mr. and Mrs. R. C. Lemons, was selected as favorite of the sophomore class at McMurry College, and was recognized during Homecoming activities the past weekend. Mr. and Mrs. Lemons went to Abilene for the Homecoming activities.

This is Betty's second year at McMurry. She is a graduate of Memphis High School. Last year she was selected as "Girl of the Month" of her dormitory.

Miss Lemons was popular while in high school, serving as an officer in every school organization to which she belonged. She was listed in Who's Who in '54, '55 and '56; named the student most likely to succeed, and served as editor of the annual in 1956.

PARNELL

By LILIAN M. HUTCHESON

Mrs. W. H. Neely returned home Saturday from Amarillo where she has been visiting her granddaughter, Mrs. H. G. Wheeler and family for the past week.

Mr. and Mrs. Bill Orcutt made a business trip to Memphis last Friday.

Mr. and Mrs. Bill Barnett of Childress spent the weekend with her parents, Mr. and Mrs. Paul Phillips and family.

Mr. and Mrs. Paul A. Meacham and Randy Paul of Turkey spent the weekend with her mother, Mrs. Leroy Hutcheson and Mr. Hutcheson.

Mrs. Parge Winn and Lotus visited Saturday in Amarillo with their daughter and sister, Mrs. H. G. Wheeler and family.

Mr. and Mrs. Leroy Hutcheson visited Sunday afternoon in Quitaque with his parents, Mr. and Mrs. O. E. Hutcheson.

Mr. and Mrs. I. D. Mullin, Jr., and Ronald spent Sunday in Childress with Mr. and Mrs. W. E. Helm and Carl.

Mrs. T. L. Rouse and A. Baldwin returned Wednesday after visiting relatives three weeks in Dallas, Tyler, and Kilgore.

Mrs. M. L. Smith Is Honoree At Dinner And Open House on 80th Birthday Sun.

Honoring Mrs. M. L. Smith on her 80th birthday, relatives entertained with a dinner and open house Sunday.

Mr. and Mrs. Brown Smith were hosts at a turkey dinner at noon Sunday. Seated at the table of honor were Mrs. Smith, her only living brother, Frank Brown, and Mrs. Brown of Bluegrove; Mrs. Ella Terry of Childress; and Mr. and Mrs. Guy Smith of Tullia.

Others present were Mr. and Mrs. Paul Smith and Jerry and Sandy, Marvin Smith, Mr. and Mrs. Jake Merrell and children, Warren, Jerry David and Jo Beth, and Mr. and Mrs. Grady Patt and grandchildren, Paula and Mark Parr.

In the afternoon Mr. and Mrs. Paul Smith held open house for relatives and friends. The afternoon was spent visiting and recalling pioneer days.

Guests were served birthday cake and punch from a table decorated with white chrysanthemums. Seasonal flowers decorated the entertaining rooms.

Guests included Mrs. Bryan Adams, Mrs. Henry McCann, Mrs. J. E. Hughs, Mrs. W. H. Youngblood, Mr. and Mrs. Russell Payne, Mr. and Mrs. Baker Jones, Mr. and Mrs. H. L. Davenport, Mrs. S. B. Hillhouse, Mrs. Cleve Evans, Mrs. Ernest Stoke, Mrs. Joe Durham, Mrs. W. H. Durham, Mr. and Mrs. R. S. Wansley and Terry, Mrs. Hattie Hightower, Mr. and Mrs. Del Wells, Mr. and Mrs.

Henderson Smith, Mr. and Mrs. Ott Bevers, Mr. and Mrs. Cecil Stargel, Mr. and Mrs. Lee Brown and Randy, Mr. and Mrs. James S. Terry and Samuel, Dorothy and Mike, Mr. and Mrs. Guy W. Smith and Jim and David, Beth Parr, Mr. and Mrs. Cleve Parr and Mrs. Ed Hillhouse.

Friends and relatives sending gifts were Mrs. Ella Lane, Mrs. E. A. Thomas, Mr. and Mrs. James Rieburg, Mr. and Mrs. J. B. Neeley, Mr. and Mrs. J. B. Burnett, Mr. and Mrs. Clifton Burnett, Mrs. Dulah Wiginton, Mrs. Elmer Palmer, Miss Willie Black, Miss Beulah Black and Miss Lura Black, Truman Smith, Mrs. G. B. Magrude and Mrs. F. N. Langbehn.

Card of Thanks

We wish to express our sincere thanks to our friends for their kind words of sympathy and loving deeds in the illness and death of our husband, father, and grandfather.

We wish also to thank Dr. Clark and the staff of nurses in Goodall Hospital for their kindness; and to those who contributed beautiful floral offerings and food.

We pray that in your hour of sorrow you will have the comforting presence and loving deeds of your friends as we have had.

Mrs. S. W. Fielding and family

It takes only one for complete property protection

Our "1-Policy Home Protection Package" protects you against many kinds of hazards including fire... theft... liability... windstorm... falling objects... hail... glass breakage... vehicle and aircraft damage... vandalism... explosion. Just one policy... with one premium. Convenient. Economical. Call us for details.

Ford Car Line Goes On Display at Foxhall Motor Company

The 1958 Ford car line features styling changes, new automatic transmission, new optional air suspension and new optional air suspension on display here today. J. O. Wright, Foxhall Motor Company vice president and Ford division general manager, announced.

The cost of \$185,000,000 the company has developed a new car which incorporates some of the most extensive changes ever made in the car," J. O. Wright, Foxhall Motor Company vice president and Ford division general manager, announced.

Wright, a auto companies executive, said basic changes in their cars every three years, he pointed out.

transmissions in 1958.

Air domes, made of specially strengthened rubber reinforced with steel sleeves, substitute for springs at each wheel. Air pressure inside the domes, which is supplied by a compressor and air storage tank, varies according to the weight of passengers and luggage to keep the car at a constant height and optimum springing for a "boulevard ride." Switches on the car's doors operate valves to quickly readjust height and balance when passengers enter or alight. Other valves make slower adjustments for luggage, etc.

Ford also continues its policy of improving safety packaging for driver and passengers, which it pioneered in its 1956 models. The deep center steering wheel, shatter-proof rear view mirror and safety door locks, standard in all models, and the optional seat belts and padded instrument panel and sun visors all have been improved for 1958.

Exterior trim and interior fabrics and color treatments will be new for 1958 as will distinctive two-tone combinations of new colors. Optional equipment includes a full line of power assists, two models of transistorized radios, two models of air conditioning units, and two types of heaters.

Mrs. R. A. Massey and Roy Alvin attended the Baylor Homecoming at Waco this weekend, and saw the Baylor - TCU football game. They also visited relatives in Tyler, Fort Worth, and Arlington.

Mrs. Earl Griffith of Dalhart and Elias Lutz of Hayward Calif., spent the weekend with Dr. and Mrs. Jack Rose.

Mr. and Mrs. Freddie Smith of Hitchcock, Okla., are here visiting Mr. and Mrs. Elmont Branigan.

NEW FORD—Sweeping styling changes are apparent in the 1958 Ford line which went on display here today at Foxhall Motor Co. and other Ford showrooms all over the nation. Changes other than styling include new engines, new automatic transmission, and new optional air suspension.

Will Writes from Austin

By WILL EHRLE
State Representative
88th District

Water Bills Pass

Both house of the Legislature passed a statewide water planning bill during the last minutes before adjourning on last weekend. The bills differed quite radically in details, but in general would probably have about the same effect.

A joint Senate-House conference committee will now have to be appointed to adjust the differences in the two bills and report back to the respective houses.

House Bill Favors Underground Water

The House water bill was particularly favorable to underground water development. As passed it would appropriate above \$100,000.00 for study and research of underground water. This, I think, will be of particular value to our area. Development of our underground water resources would, of course, be of great benefit to the farmers of our area of more irrigation could be developed.

The Senate Bill did not have this particular provision, but I hope that the conference committee will leave this underground water study provision in the bill.

Lobby Bill Discussed
The proposed Lobby Registration Act is being hotly debated and discussed. It appears likely that this bill will also have to go to a joint conference committee. It is very difficult to write a Lobby Bill which will be effective and stringent, and yet at the same time not prohibit the home folks

from petitioning their legislators. All people, of course, love a constitutional right to petition their governmental representatives. I don't want the people of the district to have this right impaired. Some few people (under the guise of being for a Lobby Bill) would like to make all the home folks register under the Act also.

I hope that we may finally get a Lobby Bill which will provide stiff penalties for the wrongdoers—but not restrict the ordinary citizens from working for or against legislation.

When this special session is over, I'll try to write a summary of the new laws passed.

Mr. and Mrs. Herschel Ledford and children of Wichita Falls, visited over the weekend with Mr. and Mrs. J. C. Ledford and Mary Smith.

Mr. and Mrs. Howard Weimer of Bakersfield, Calif., spent Thursday with her aunt, Mrs. H. F. Adcock.

Mrs. R. T. Tiner and Ann of Abilene, formerly of Memphis, were here Thursday through Saturday visiting friends and relatives.

We Have Storage for Milo

When Grain Is Dry and Ready for Storage.

Omer Hill Elevator

Proved and approved around the world and now it's here for you... the 58 FORD

One look tells you... there's nothing newer in the world!

You'll ride in a new world of style in the 58 Ford

- New deep-sculptured styling
- New Interceptor V-8 power
- New Cruise-O-Matic Drive
- New Ford-Aire Suspension
- New Magic-Circle Steering

The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

Here's a car so new, so beautiful it made eyes pop from Paris to Pakistan... a car so rugged it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the world's most beautiful new bargain!

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. Smoother power! From less gas! One secret is Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for all normal driving, lets you move smoothly, automatically—with just a touch of your toe—from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air pillows literally soak up the bumps! And Ford's new air suspension relieves the car every time someone steps inside or luggage is loaded. An extra cost option, you get all this at traditionally low Ford prices!

You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Come in and try it!

Come in today... Action Test America's only world-proved car!

Methodist Guild Members Hear Study on Japan

Mrs. Mary Owens asked Mrs. Clarence Morris to lead the opening prayer at a regular meeting of the Wesleyan Service Guild of the First Methodist Church on Monday evening in the church annex.

Mrs. Hester Bowden gave the meditation using as her theme "No Greater Love" from John 15:13; describing a child's love and how God shows his love by stretching his hands to the cross.

Mrs. W. V. Coursey introduced the last session of study of "Cross and Crisis in Japan" by telling of a Jesuit monk, Francis Xavier, and how the Christian work had to be done underground. In 1914 iron images of the Madonna and Jesus were stepped on by the people to show that the Christian way of life was defied by the non-Christians, the speaker stated.

"The Christians were truly persecuted up to 1853," she added. "This being the time Commodore Perry made the treaty with Japan. Since then the Christian movement has gone forward."

"Other Churches and Faiths" was the topic chosen by Mrs. Owens. She told of the work of the missionaries of this era. The Hereditary Christians struggle of more than 2000 years, never giving up, even with all the persecution, to become a Christian nation, she pointed out.

Mrs. Coursey told of the son of a wealthy Buddhist family, when he decided to become a Christian and moved to Tokyo; how he was disowned or disinherited by his family; how he pulled a rickasha, served in the war for three years; afterward going to North Manchuria to preach the gospel of Jesus Christ. She said he died in Nagasaki from effects of the atom bomb.

"Our Involvement in These Crises" was given by Mrs. C. D. Morris, who explained implications, and grave responsibilities

of the West. "Our responsibility is to help re-shape Japan to Christianity," Mrs. Morris said. "The Japanese people constantly tell us how much they need us."

Mrs. Morris called attention to the worship setting "Beyond the Cross with Our Risen Lord," the closing sentences of the book, "Cross and Crisis in Japan." She used a cross, picture of Jesus, and a calla lily.

Mrs. John Fowler gave a report from the district meeting at Childress.

The meeting was closed with the Guild prayer.

Those attending were Mrs. H. B. Bennett, Mrs. Clarence Morris, Mrs. Clyde Morris, Mrs. Walter Jameson, Miss Margaret Davenport, Mrs. Bowden, Mrs. Rupert Wynn, Mrs. Fowler, Mrs. Coursey, Mrs. Owens, Mrs. Gordon Gilliam, and Mrs. Mildred Stephens.

Mrs. Gilliam and Mrs. Owens were hostesses.

Vota Vita Class Sets Holiday Party Makes Yearbooks

The Vota Vita Sunday School Class of the First Baptist Church met in the home of Mrs. Blackie Glosson Nov. 5 at 7:00 p. m.

Mrs. Billie Parker assisted Mrs. Glosson in the hostess duties.

Mrs. Cecil Phillips presided over the business meeting in the absence of the president, Mrs. Helen Cole. Plans were made for a Christmas party, to be held in the home of Mrs. Jack Rose on Dec. 3. Discussion on obtaining new members was also held, and prospects listed.

The remainder of the program was spent in making the class yearbooks.

Lovely refreshments of apple crunch pie and coffee were served to the following members: Mmes. Ray Phillips, Cecil Phillips, Nell Rita Godfrey, Doyle Fowler, Jack Rose, Bill Kilpatrick, and the hostesses, Mmes. Glosson and Parker.

noon in Jones Stadium, and a Homecoming dance that night in Lubbock Municipal Coliseum.

Delphian Club Hears Information On New Medicines

The Delphian Club met in the home of Mrs. J. L. Barnes on Nov. 5 at 4 p. m.

The president, Mrs. Ben Wilson, Jr., was leader of the program on "The Gift of Health."

A poem, "The Doctor's Story," was read by Mrs. B. E. Thomson. Dr. Robert Clark spoke on the subject, "New Strides in Medicine," explaining the use of many new medicines. At the end of his talk, club members asked Dr. Clark questions, especially concerning Asian flu. He said that as yet very few cases of the Asian flu had been reported in this area.

Mrs. Wilson read Psalms 10-3:2 for the meditation.

Pumpkin pie topped with whipped cream and coffee was served to Mmes. Clyde Smith, Kenneth Dale, Carl Wood, Henry Hays, W. C. Dickey, Charles Coley, J. W. Stokes, Ben Wilson, Jr., Clarence Morris, Jack Boone, J. S. McMurry, Robert Clark, J. K. Porter, R. H. Wherry, Lynn McKown, B. J. Thomson, and the hostess, Mrs. Barnes.

Homecoming At Texas Tech Set For Friday, Saturday

Texas Tech will hold its annual Homecoming Nov. 8-9, with dedication of a new pep rally center scheduled as a highlight.

The center, just southwest of the new gymnasium, will feature symbols of all Southwest Conference institutions in a recessed circle.

Dedication of the circle will come at a pep rally and coronation of the Homecoming Queen Friday night, Nov. 8. Other Homecoming features will include a downtown parade of floats Saturday morning, Nov. 9, the Tech-Tulsa football game that after-

Landowners

(Continued from Page 1)

handle flood waters. Now you must keep it going.

"Your next step is the setting up of a temporary organization. This organization should circulate a petition among land owners in the proposed district. After signatures are obtained, this petition will go to the State Board of Water Engineers."

The speaker pointed out that the group would need to organize the district under state laws. It will be called a Water Control and Improvement District. After the State Board of Water Engineers acts, a permanent organization will be set up, Harvel added. The qualified voters will have the final say in the permanent organization when an election will be called at some future date, the conservationist explained.

The farmers and ranchers were told that the Soil Conservation Service will plan and design any structures needed in the district after formal steps are taken and certain data has been gathered.

"Your district will, under law, have control," Harvel said. "The USDA will pay all cost where the work is strictly for flood control. Engineers will design dams and channels of sufficient size to handle flood waters, and map other conservation practices."

It was pointed out that funds are needed immediately to get the program going. Local funds must be raised to meet incidental expenses as well as those which arise in the future.

Approximately 29,900 acres of "bottom land" is included in the recent flood-damage report which was made by a survey crew. The crew worked in the area in July, and gathered data, which is now on file in the offices of the Soil Conservation Service.

After the meeting adjourned, chairman Montgomery called a meeting of the seven-man board. Members discussed different ways of raising funds immediately, and the circulation of the petition. Also discussed was the boundaries of the proposed district.

It was announced after the

meeting that farmers and land owners in the area would be contacted by community leaders in the near future, and that information would be passed on.

Bowden Services Held in Electra

Funeral services for Mrs. Hattie Bowden, 84, were held at 3:00 p. m. Thursday, Oct. 31, in the First Baptist Church at Electra with interment in the Burkburnett Cemetery.

Mrs. Bowden was well known in Memphis, having visited here a number of times with her sister, Mrs. Allie Tribble.

Survivors include two sisters, Mrs. Elmer Snyder of Bakersfield, Calif., and Mrs. Allie Tribble of Memphis; two brothers, Charles Parker of Munday, and Jim Parker of Bakersfield, Calif.; several grandchildren and great-grandchildren.

Pall bearers were grandsons and nephews of the deceased: Orville and Bowden McDaniel; Wilson Holmes, Deaton Green, Homer Tribble, Dr. Luther Parker, and Eugene Lassiter.

Supt. Mary Foreman Attends TSTA Meet

Miss Mary Foreman, county school superintendent, attended a meeting of the executive board of District IX of the Texas State Teachers Association Tuesday in Amarillo.

The group made tentative plans for the spring conference to be held in March.

Miss Foreman is secretary of TSTA District IX.

Jehovah's Witnesses To Hold Convention In Amarillo Soon

The Jehovah's Witnesses will hold a Texas-Oklahoma autumn circuit convention in the Amarillo Community Center, Nov. 15-17, according to Ray D. Erhard of their public relations department.

"The Amarillo convention and its program will model semi-annual circuit assemblies held earth-wide. Its purpose is to furnish information and instruction designed to bolster the morale of all good people against the modern, materialistic, communistic challenge to Christian works and Christian thinking. We are against godlessness, in Russia and elsewhere," Erhard said.

All convention sessions are open to the public without charge.

Flu Continues Among MHS Students

Attendance at the local high school is still crippled because of the epidemic of flu, according to figures released this week.

According to a survey, seven per cent of the pre-freshman and sophomore classes were absent. Eight per cent of the freshman class was absent while in the junior and senior classes two per cent were absent.

Austin and Travis Elementary Schools also reported some absences because of flu. However, their attendance had increased this week over last week.

Mr. and Mrs. John Shadid were in Oklahoma City attending market this week. They are owners of the Fair Store.

Friendship Class Meets for Study Of Twelve Disciples

The Friendship Class of the First Methodist Church met at the home of Mrs. R. C. L. November 5 at 9:00 a. m. coffee.

Mrs. J. W. Coppedge and Mrs. Lemons in the hostess duties.

The program was taken "History of the Twelve Disciples" by Ensworth Reiser. Mrs. Tarver acted as leader. Early in the present discussion the topic of one disciple.

Mrs. Lemons gave an interesting article on "Have You Accepted Heart?" by Gelet Br.

Those attending were: J. J. McDaniel, T. A. Hunt, J. W. Foxhall, Arthur Giddens, J. W. Coppedge, John P. Mac Tarver, and the hostess.

Studies of Christ School Campus

Woman's Society of Christ met in the home of W. Coppedge on Nov. 4, D. A. Neely assisting.

Mrs. Oliver gave the meditation and Mrs. Baten offered the closing prayer for the program.

During the social hour a recording was given of Mrs. Landrum's address at Childress, so those who had not attended could hear it.

Refreshments were served by the hostesses to 20 members and one guest.

Lloyd Bullocks Opens Friends To Open House Sun.

Mr. and Mrs. Lloyd Bulloch will hold open house on Saturday, November 17, at their home in Vigo Park in observance of their silver wedding anniversary.

They have extended an invitation to all their friends and relatives to call at the family home between the house of 2:30 and 5 p. m.

Both Mr. and Mrs. Bulloch were reared in Hall County and have many friends here.

Mrs. John McCauley and children, and Mrs. Kenneth Barbee were in Altus, Okla., Saturday on business.

Ophelia Club and Husbands Enjoy Masquerade Party

The home of Mr. and Mrs. J. N. Helm, Jr., in the Newlin community was the scene for a masquerade party on Saturday evening to entertain members of the Ophelia Club and their husbands.

Assisting Mrs. Helm with hostess duties were Mrs. Jack Kinard, Mrs. Joe Kent Eddins, Mrs. Ted Hudlow and Mrs. Frank Hedrick.

The entertaining rooms were attractively decorated for the occasion in keeping with the party theme. The guests arrived attired in various kinds of disguise. At the end of the evening prizes were awarded to the man and woman who had best portrayed their character for the entire evening. Coy Gresham, who was dressed as an Arab, won the prize for the men, and Mrs. Jo Bob Nivens, dressed as a scarecrow, won the prize for women.

Floating bingo and bridge was enjoyed during the party hours.

Enjoying this affair were Mr. and Mrs. Jim Hutchins, Mrs. John McCollum, Mr. and Mrs. Leon Helm, Mr. and Mrs. Roy Gresham, Mr. and Mrs. Billy Bob Holland, Mr. and Mrs. Jo Bob Nivens, Mr. and Mrs. Jack Kinard, and Mr. and Mrs. Helm.

Mr. and Mrs. Lester Campbell and children of Amarillo spent the weekend with her parents, Mr. and Mrs. E. P. Thompson.

Mr. and Mrs. Felix Jarrell and Patsy were in Altus, Okla., Sunday visiting Mr. and Mrs. Harry Eddleman and Mrs. W. C. Jarrell.

Miss Betty Stewart, who is teaching in the Snyder schools, visited here over the weekend with her parents, Mr. and Mrs. Robert Stewart.

Philathea Class Meets for Study In Goffinett Home

The Philathea Sunday School Class of the First Baptist Church met Tuesday night, November 5, in the home of Mrs. W. F. Goffinett.

The meeting was opened with the group singing "My Jesus I Love Thee". Minutes of the last meeting were read and approved and the treasurer's report was brought by Estelle DeBerry.

Sarah Kilgore gave an inspiring devotional on Thanksgiving, followed with a saxophone solo, "The Holy City", by Mrs. Jimmy Morrison, accompanied by Judy Miller.

Tasty refreshments were served to the following members and guests: Mmes. Byron Baldwin, Estelle DeBerry, Sarah Kilgore, Abbie Massey, Martha Lou Moss, Marilea Miller, Jereldine Hill, Jimmy Morrison, Miss Judy Miller, and the hostess, Mrs. Goffinett.

Book Exhibit Goes on Display Here Next Week

Six hundred new and recent children's books by America's foremost authors and illustrators, save for an occasional contribution from other lands, will go on display Monday, Nov. 11, at Travis Elementary School in Memphis, according to Miss Mary Foreman, county superintendent.

The books fall into 32 subject categories and cover all grades from kindergarten through high school. The exhibit will be open daily from 2:30 to 5 p. m. until Nov. 15. Parents and other interested persons are invited to view the exhibit.

A complete graded and annotated catalogue of the exhibit is available for free distribution to teachers, librarians and other school personnel.

The 32 subjects covered by the exhibit include adventure, aeronautics, animals, the arts, biography, careers, classics, conservation, exploration, fairy tales and folklore, fiction (with 17 sub-divisions), foreign lands, games and parties, geography, history, hobbies and activities, Indians, information, intercultural relations, inventions, language, nature, picture books, pioneer life, religion, science, ships, social studies, sports, story books, transportation and verse.

Books on Exhibit, a cooperative enterprise of the country's leading publishers, sent the exhibit to Memphis. The purpose of the exhibit is to make available to school and libraries a complete representative collection of junior library books in organized exhibit form and thus make it possible for busy teachers and librarians, with a minimum expenditure of time and effort, to do an informed and intelligent job of book selection.

On the other hand, parents and public will find the exhibit well worth their time and attention, the superintendent said. No books will be sold since Books on Exhibit, as a promotional operation, neither solicits nor accepts orders, she added.

The exhibit will also be open at 6 p. m. Monday to give the teachers and others attending the Hall County TSTS meeting an opportunity to examine the books.

Hall Educators Attend Panhandle School Meeting

Three Hall County educators were in Amarillo last Saturday to attend the first meeting of the year of the Panhandle School Leaders Association.

Those attending were JoEd Cupell of Estelline, Miss Bonnie Willis and Miss Mary Foreman of Memphis.

The association is comprised of six groups, superintendents, elementary principals, high school principals, supervisors, school business managers and school board members. A record attendance was achieved with over 300 schools represented.

Topics discussed during the

meeting included expected trends in college enrollment and college requirements, and ways to keep Texas schools from losing teachers because of decreased average daily attendance during the flu epidemic.

The next meeting will be held in Pampa on Jan. 25, 1958.

Sailors who came over with Columbus brought playing cards with them to while away the long hours aboard the ship. A heavy wind blew the cards overboard, but upon landing on America's shores the ingenious seafarers immediately proceeded to make new decks out of stiffened leaves and tree barks.

In the University of Texas library are some 1,106,818 books.

At least ten countries use the eagle as the symbol of supremacy.

Editorial

Democracy or Dictatorship

Throughout the years many historians have compared the United States system of government with that of the Roman Empire along about the second century before Christ. Most historians feel that our greatest danger is also the one which confronted the Romans and eventually led to their down fall—the vesting of more and more power in the hands of one man.

When our country was founded there was a distinct division of power between the three branches, the legislative, the judicial, and the executive. Throughout the years this division has been melting away and leaving in its place the all-powerful executive head. Many things have contributed to this trend but probably the most important has been the various wars which have let us from one crisis into another.

Originally the citizens of this country, and the leaders of the various states and other political subdivisions, held that certain basic fundamental principals were more important than men and that these principals should guide them in making their decisions. Not all the people believed in the same decisions. Not all of the people believed in the same principals, but nevertheless each held by his beliefs and our nation grew strong and prospered with the various groups acting as a check on each other.

The westward movement was a manifestation of these various beliefs for only those who were strong in spirit could endure the pioneer hardships. Somewhere during the period between the end of the frontiers and the beginning of the mass-produced citizen, there appeared the idea that the man is more important than what he represents. This manifestation reared its head sooner in the heavily-industrialized east than it did in the recently-settled west.

The end result of the movement was for people to select their leaders on the basis of popularity rather than on his basic beliefs and qualifications. Several factors have contributed strength to the movement but is still dangerous, no matter what caused it to become popular.

The first of these might be called the tensions of war and economic disaster. Some followers of the "popular man" theory have always been active but they really gained strength during the depression days of the 30's. At that time many people were willing for anything to happen as long as it would provide food for them and their families. They wanted someone to be given authority to make things better and the only logical person to have this power was the president. When things were improved they were so grateful that they left these vast powers in the hands of the presidency.

The second factor contributing to the rise of one-man-rule might be defined as the averageness of the working man. He wants an average income, an average home, and an average amount of security. In order to achieve this, he is willing to trade a certain amount of freedom.

Another factor, and probably the greatest, is the mass appeal methods now used to reach citizens. Radio and television now gives the politician a chance to reach each man and deal with his emotions by speech rather than have a man look at the past record. Roosevelt was a master at this method and probably the strongest of the "personality presidents" so far.

The danger in the system lies in the fact that once a man has been given a power, that power stays with his office. Over a period of 170 years it can be easily seen that the general trend has been toward more and more centralized power in the hands of the executive branch. This fact, coupled with the trend toward popularity voting, is indeed fast setting the stage for a situation like that which existed in Rome shortly before their fall. The first Caesars were presented with the dictatorship by the people, who found out only too late that they had sacrificed their freedom.

Many Americans are aware of this trend but it can hardly be stopped if the apathy of the general voting public is overcome. What will be gained if we defeat Russia in the cold war but end up with our own dictator as a result. Rome did not lose her position because of her gallant legions getting defeated; she crumbled from within. Only by a return to honest ideals and basic Christian morals can this nation stay strong and prosperous.

Sputnik, Muttink and Saucers

The Sputnik is up, the "Muttink" is up and now people in west Texas and New Mexico are seeing flying saucers which stop car engines and dim lights. Not so many years ago there were people who thought the Buck Rogers comic strips were too fantastic to even bother reading, and today this era seems only around the corner. How long will it be before man is sent shooting out into space?—Some scientists say that the Russians might try it this week to celebrate their 40th Anniversary of the 1917 revolution.

Many members of Congress have begun to ask for an investigation of the rocket program as to why we are behind and didn't put up our own Sputnik first. However, from reports coming out now it might appear that an investigation of the saucer might be more profitable. If the Russians have a device which can stop car motors and cut off lights, then it would be of much greater value than a dog 1000 miles out in space. On the other hand, if the saucer is a secret weapon of ours then some type of official announcement should be forthcoming to help the moral of the general public. And, if the saucer is neither ours or the Russians, then it's time we try to find out who it belongs to and if they are friendly to us. If they want to be friends then we should meet them more than halfway.

Texas Briefs

Unusual Happings Around the State

Charge Stuck Anyway
HOUSTON—Traffic judge Wallas P. Kelly asked George Willis whether he had a driver's license, after Willis was charged with driving without one.

"Yes sir," Willis said "Right here."
Taking the worn paper, Judge Kelley read, "This is to certify that the person herein named has passed all tests for nervousness and has been licensed to operate, annoy, criticize and otherwise disturb the operator of the car. Back seat drivers must carry this license on person or otherwise must keep quite while vehicle is in motion."

Willis, who can't read, said he got his license in a barbershop. Judge Kelly fined him \$65.

The Russians "Plot"
Borris M. Morros, a Hollywood producer, who for twelve years posed as a Russian spy, has recently disclosed his story and revealed his services to the United States. They appear to be quite extensive.

Morros, a naturalized citizen, began operating as an apparent Russian spy in 1945. Because he is Russian-born, he spoke the language fluently and soon was taken into the confidence of high Soviet officials and other American spies.

The most disturbing thing about Mr. Morros' revelations is the warning he gives to all Americans who seem to be unaware of the seriousness of the Soviet scheme for world domination. Among other things, he says:

"I want to emphasize that the Russian plot is far more strongly organized in this country and throughout the world than is generally understood by our people." Morros went on to explain that the real Russian aim, as he learned it from top espionage men in Moscow all over Europe and the United States, is a scheme for Pan-Slavism on a scale more ambitious than even Hitler's dreams of world domination.

Morros says the present regime in Moscow is planning for the day when there will be a Slav-dominated world, and that the Russians are realists, with many agents working for them in all countries. He said that many of their agents in the United States were important people, perhaps financially independent, and often held in high esteem.

This assessment of the Russians is one made by many Germans and was held even by Hitler. In other words, Hitler was a menace which had to be eliminated if Germany was to dominate the world. In short, Russia and Germany were bent in the same goals — to a certain extent — in Hitler's day and it appears that Russia is still pursuing the same policy.

The serious and disturbing thing about such an assessment is that it may mean that conflict with Russia is inevitable. Unless the goal of those pursuing Pan Slavism is changed or unless recent or future shake-ups in the Russian

hierarchy lessen the ruthlessness and determination of Russia's leaders, some nation or group of nations will eventually have to check Soviet ambition and the Communist desire to rule the world.

Morros, who spent all his wealth, estimated at more than a million dollars, carrying out his role as counter-spy, sees that as the situation we face. It is a sobering

picture. Morros has rendered his country a great service in presenting it —Shamrock Texan

Columbus introduced pineapple to Europe in 1493, when he returned to Spain from the West Indies. This fruit was mentioned in a book written in 1530 by a tutor at Ferdinand and Isabella's court.

Last county organized in Texas was Loving in 1931.

Of the 150 major U. S. Air Force bases, 27 are located in Texas.

Memories Turning Back Time

From The Democrat Files

40 YEARS AGO
November 8, 1917
Burglars Are Promptly Caught: Burglars who broke into stores at Carey and Estelline Tuesday night were caught at Amarillo yesterday about noon. Three young men traveling in an auto were captured and the stolen goods found in the car. It is not known what was secured at Carey but goods worth \$200.00 or more were secured from Cree Bros. Dry Goods store at Estelline. . . . Delay Means Disappointment: Christmas will be here before we hardly realize it, and you should begin to plan your Christmas packages early. Your friends can buy anything you can give them except your photograph. W. D. Orr . . . "Charley, Dear," said young Mrs. Tokins, "would you enlist if your country called you?" "I don't know what to say. If I answer 'No,' you'll say I don't love my country, and if I answer 'Yes,' you'll say I don't like to stay at home."

30 YEARS AGO
November 10, 1917
Shot Through Hat by Unknown Marksman: Calvin Cook, who works on the Browder ranch near Giles, had a close call Tuesday afternoon. A bullet penetrated his hat, barely missing his head. The bullet was evidently from a rifle in the hands of someone unknown, and was probably purely accidental. Cook was sitting on the front porch of the bunk house. He felt the impact of the bullet when it struck his hat, and heard the report of the rifle, but could not see anyone. . . . The perfect square meal, containing the proper balance of vitamins, according to British dietitians, includes cold chicken and egg sauce, new potatoes, salad, corn, flour mold, fruit salad with cream, whole wheat bread, butter, and lemonade.

20 YEARS AGO
November 12, 1937
State Designated Memphis-Silverton Road: The road from phis to Silverton has been paved as a state highway. Mulberry bridge is taken over for maintenance. . . . Mrs. Boren went to Fort Worth day to spend until Friday with daughter, Jackie Boren, who is attending T. C. U. She was accompanied by Mrs. T. T. Harris, Mrs. Jack Boone and son Ben, returned Monday from a visit with her parents, Mr. and B. F. Martin, at Temple and her sister, Mrs. W. S. Lewis Houston. They returned to visit with Mr. Boone's parents, Mrs. Annie Boone, Mr. Boone in Trent Saturday night visit there.

10 YEARS AGO
November 13, 1947
Four Men Arrested Over end by City Policemen: men were arrested over the end by city policemen charged with being drunk fourth with driving while Arraigned before City Judge ert Duncan, those charged being drunk were fined each. . . . Mrs. Bernie Dawson Rodney of Paducah visited Memphis last Thursday with parents, Mr. and Mrs. J. G. ner. . . . Mrs. T. L. Rouse Vernon visitor Saturday. and Mrs. Curtis Godfrey of phis announce the arrival on November 5. He has been end Patrick C. . . . Mrs. Egnrie Is Guest Speaker: Mr. Guthrie was guest speaker Rotary luncheon Tuesday spoke on the subject of "L Mountains."

Gov. Hardin R. Runnels, vice from 1857 to 1859, is the Texas governor who never died.

Some units of Texas National Guard can trace their roots back to the defenders of Alamo.

Report From Washington

By Walter Rogers
Congressman, 18th District

Daylight Robbery

any of you will remember the rising stories of gangsterism around certain sections of the roaring twenties. Rogers and I were driven through to Washington and came through that of the Chicago suburbs had once been the hangout of Capone and other prominent names. We did not realize we were until we saw signs referring to Cicero, Calumet, Illinois, and notorious names that were papers so much during that age. The highway was two-lane and loaded with trucks and buses. Traffic creeping along over rough ground and everything seemed caught in a bottleneck. We tried to reach a four-lane road which we knew was in vicinity somewhere, but of the natives apparently had heard. Finally we came to a stop at a four-way intersection where traffic was very heavy. We proceeded to cross onto a better strip carrying several lanes. We were proceeding about the same speed, except that some trucks and passenger vehicles were passing us on both sides, when we were hailed to the side of the road by a uniformed policeman. We were told that we had exceeded the speed limit, according to an electrical device which the police were using and which was located in a car parked behind a sign. There was another policeman on duty also stopping cars. I asked the officer about the speed limit, and he advised me that it was 35mph. The only sign so indicating was a small sign by the side of the road that was not visible to anyone in the center lanes of traffic. The policeman did not explain how he was able to pick out our car in all the traffic with his electrical device or why the electrical device had apparently failed to pick out the cars and trucks that had been passing us. I do not know how fast we were going, because traffic was so heavy that both of us were watching the highway. I do know that we were not going any faster than any of the cars and trucks around us when we were stopped. The only thing the policeman would tell us was that we must post a \$10 cash bond since we

were from out of state. I asked him when we could have a trial, in accordance with basic American principles, so that justice might prevail. He advised me that it would be several days before a judge would be available to hear any traffic cases in that area. I then asked him if he thought what he was doing was right or if he thought the practice that was being pursued would help to solve any traffic problems. He was most apologetic but said he had no choice in the matter since he had been ordered by higher ups to do what he was doing.

Since Mrs. Rogers was driving, I thought seriously of suggesting that he take her into custody and hold her for trial; however, I discarded this thought before making the mistake of mentioning it. It was very obvious that we had been trapped and that the amount of the ransom was \$10. Of course, we could stay for a week or two and have an opportunity to be heard by some judge who was, in all probability, answerable to the same higher ups as the police officer. So, I dug around and produced \$10 and delivered it to this minion of the law. I handed it to him and watched closely as it joined the ransom money of others in a wallet that was almost as fat as the man, himself.

This whole transaction consumed approximately five minutes, during which two other cars were stopped by the other policeman, both of which had out-of-state licenses. As we were leaving our friend with the fat wallet was stopping another car with an out-of-state license, which led me to the conclusion that the electrical eye he was talking about was his own eye which was sending forth beams that made contact only with out-of-state license plates.

Judging from my own observations, I would say that this "daylight robbery proceeding" of this township should be most lucrative for the city coffers. During my short stay at the side of the road, the city took in some \$30. That

AIRBORNE... Nancie Rideout of Orlando, Fla., recently set new world's water ski jumping record of 76 feet.

would mean \$360 each hour, or \$2,880 for an eight-hour day, or \$86,400 per month, or \$1,036,800 per year. Al Capone and his bunch were pikers. These present-day boys have it much better. They don't have to work at night and don't have to hunt for victims. All they do is stand in one place and the customers come to them.

I do point out that the friendly agent of the city, who served as the middleman in exacting this toll from us, was kind enough to tell us how to get to the legitimate toll road so that we would not get into any other traps.

Gifts for High Officials
A few years ago it was considered highly immoral and, in many instances, criminal for high government officials to accept gifts; however, the picture seems to have changed somewhat during the past few years. It seems the new policy which has now been adopted is in keeping with the policy followed by a judge who was trying a hotly contested civil suit. At the beginning of the last day of the trial, the judge called the court to order

and announced that on the previous morning he had been approached in private by the plaintiff and had been handed 15 thousand dollars. He announced further that during the afternoon of that same day he had been approached by the defendant in the chambers and handed the sum of 10 thousand dollars. He advised those assembled in the court room that he had returned 5 thousand dollars to the plaintiff and that the case would be decided on the law and the facts.

West Texas Hunters Kill 674 Antelope

West Texas antelope hunters took 674 of the fleet little animals in two three-day hunts in West Texas, according to figures just released by the chief clerk of the Game and Fish Commission.

There were 725 hunters participating in the hunts, which produced a kill of 94.3 per cent. Nearly two hundred permits were not used.

Mrs. Emma Ayers visited here Sunday night with Mr. and Mrs. Bob Ayers.

NEWLIN

Highway Department To Spend \$70,600 On FM Roads in County During 1958

The Texas Highway Department will spend \$70,600.00 for improvements on farm-to-market roads in Hall County during 1958, Palmer Massey, District Engineer at Childress, has announced. This is in addition to the regular construction and maintenance program. The State Highway Commission at its October meeting, approved this appropriation of \$70,600.00 to improve already existing farm-to-market roads in this county. A total of \$20 million was allotted to 183 Texas counties for farm road

improvement in 1958. This \$20 million will be spent for shoulder widening, seal coat jobs, additional surfacing, and for widening of structures and roads. Funds allotted to Hall County will be spent for widening, reconditioning and resurfacing F. M. 657 from State Hwy. 256 to Plaska. "We should have this project moving by spring," District Engineer Massey said. "We believe the money spent on this project in Hall County will go a long way toward bringing this road up to date."

Girl's Basketball Teams Schedules Practice Games

In a practice game, the Memphis Girl's basketball team defeated the Hedley team 33-18 last Monday night. The Hedley team was crippled because several of their players were ill with flu. Practice games will be played this week with Lakeview and Hedley.

CARD OF THANKS
Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, food, and other kindnesses, we are deeply grateful, and for the kindness of all the staff of Odom Hospital.
Mr. and Mrs. Sylvester Reeves and Relatives
Edwin Gilliam entered a local hospital Friday with flu.

BEAUTY AND GRAPES . . . Dee Hardy, 23, San Francisco dramatic arts student, is 1957-8 national vintage queen of U. S. wine growers.

Austin News

The students of Austin Elementary contributed a total of \$11.00 to the American Junior Red Cross. Each class was 100 per cent. The Junior Red Cross magazine will be sent to each class for one year.
The students of Austin collected \$24.38 Thursday night, which will be sent to the United Nations International Children's Fund. Mrs. Estes' third grade class collected the largest sum-\$6.35.
Other classes collected the following:
Fifth grade, Miss Walker—\$5.37.
Fourth grade, Miss Bruce—\$4.00.
First grade, Mrs. Morris—\$3.25.
Second grade, Mrs. Stilwell—\$3.09.
Kindergarten, Mrs. Crawford—\$1.24.
Sixth grade, Miss Pyeatt—62 cents.
Seventh grade, Mrs. Davis—72 cents.
The second grade attendance has almost returned to normal. The class welcomed Donna Sims and Dario Navanette to the second grade. Happy birthday greetings were extended to Judy Bruce and Janie Watson.
Mrs. W. C. Davis and her seventh grade pupils will have the responsibility of making the 1957-58 Austin Memory Book. Neva Sue Koeninger, Katie Phillips and Garen Gibson have been acting as business managers the past week

and they sold 100 subscriptions. The Memory Book sells for \$1.00, and all pupils still have time to place their order if they want one. These books will be completed by February or March for delivery. The Travis School teachers and pupils will also be included in the book.
The school announced that attendance at Austin is back to normal this week. A total of 225 pupils are enrolled.

Fourth Grade, Austin
This year there are 20 girls and 14 boys in the fourth grade at Austin School.
On Halloween night the fourth grade collected \$4.00 for the International Children's fund.

The officers for the Fourth Grade Club this semester are: president, Diane Gailey; vice-president, Lynn Gibson; secretary, Linda Kay Alewine.
In geography last week the fourth grade studied about Hoover Dam. They used their encyclopedias to find out more about this dam.

Sixth Grade, Austin
Sixth graders made Halloween scenes in fall colors of black, red, yellow and orange.

In geography students are studying the countries and peoples of Africa. They have made cut-out poster maps of industry, agriculture, countries, people, and physical features. Other subjects included in the study are African life, diamond mine compound, and crushing mills, African village, Victoria Falls, and African animals.

Sixth grade pupils who were absent this week were: La Quita Baten, Linda Moore, Jean Davis, Exie Hughes and Billie Joe Hall.

J. W. Coppedge Attends Dallas REA Meeting

J. W. Coppedge, manager of the Hall Co. Electric Co-Operative, left Wednesday for Dallas where he will attend a two-day meeting of the state REA group. The meeting convened on Thursday and will continue through Friday.

C. S. Bevers of Rogers, N. Mex., was here this week to visit his brothers, O. E. (Ott) Bevers of Lakeview, and A. S. Bevers of Deep Lake.

PFC. JAMES DICKEY

James D. Dickey Is Promoted In Marine Corps

James D. Dickey, son of Mr. and Mrs. Lee D. Dickey, was recently promoted to Private First Class in the U. S. Marine Corps. Dickey is presently serving with communication security group in Camp Pendleton, California.
He entered the Marine Corps in March, 1957 and completed his boot training at San Diego, Calif. He entered his present training in September.

Billy Combs Named Cadet PIO Officer

Billy Combs, Texas Tech senior journalism student, has been appointed as cadet brigade public information officer for the Army ROTC there.
Combs, a cadet captain, is a staff member on the Treador, student newspaper. He is the son of Mr. and Mrs. H. A. Combs of Memphis.

Mrs. Maudie Billingsley visited in Vernon Sunday.

Mrs. R. E. Clark visited her son and daughter-in-law, Mr. and Mrs. John Clark in Dallas last week.

Turkey Shoot Set at Paducah For Sunday

Local shooters were invited this week to attend a Turkey Shoot in Paducah, Nov. 10.
The event will begin Sunday at 12:30 p. m. and will be held on the C. A. Brooks farm east of Paducah. The farm is one and one-half miles east of the city, one mile south off U. S. Highway 70 to Crowell.
Signs will be placed at all intersections, directing persons to the site, the announcement said.

The event is being sponsored by the Paducah Jaycees.
Contest will include trapping, big bore rifle, 22 rifle, lucky shot. Each participant will be required to furnish his own gun and ammunition. The arrangement of the shooting trap events will take place same time.
The Paducah Jaycees extend an invitation to all shooters to attend.
Jai-alai is the swiftest game in the world of sports.
From an attendance standpoint the State Fair of Texas is the largest in the U. S.

OLDSMOBILE—Oldsmobile for 1958 will offer a completely restyled body when it display here Friday at Potts Chevrolet Company. Dominant in the 1958 line is the twin blades that sweep down the rear fender crown. Choice of three Rocket engine improved economy is offered in the 1958 Oldsmobile as well as a smoother trans and New-Matic Ride, a new concept of air suspension.

Oldsmobile To Introduce New Line Friday at Potts Chevrolet Co.

styling changes that the appearance from the Oldsmobile which goes on display Friday, Tomie Potts of Chevrolet Company announced. The General Motors introducing a true air suspension, newly efficient Rocket engines improved Jetaway Hydro-boost. Oldsmobile's new "mobile look" is evident in the entirely restyled, new rear quarter with new front end with re-grille and four-beam one-piece rear window glass area and new side panels accentuating length, flowing lines silhouette of the new 1958 Oldsmobile has been tastefully redefined with distinctive and exciting. In fact, practically everything you can see is new," said F. Wolfram, Oldsmobile manager and vice president of General Motors. "We are introducing a fitting new car in a fitting way after six decades of product leadership, and is a car to start Oldsmobile's 60 years of progress." Oldsmobile for 1958 offers Rocket engines in a series of cars. The economical Dynamic "88" series is powered by an engine with the "two-way" dual carburetor rated at 265 horsepower, according to Wolfram. It represents the greatest fuel improvement in Oldsmobile. The Super "88" series both have the engine with quadri-jet

carburetor and developing 305 horsepower. Available as an optional extra on all series is the J-2 Rocket engine with three dual carburetors and generating 312 horsepower. Compression ratio is 10 to 1 and displacement is 371 cubic inches in all three engines. The "98" series has four body styles in 1958 — two hardtops, Holiday sedan and Holiday coupe, a four-door sedan and a convertible. There are five body types in the Super "88" series—Holiday sedan, Holiday coupe, four-door sedan, convertible coupe and Fiesta station wagon. The budget-priced Dynamic "88" Series offers a wide range of seven body selections—Holiday sedan, Holiday coupe, two-door sedan, four-door sedan, Fiesta, Fiesta sedan and convertible. In all there are 16 body styles.

Oldsmobile's new 1958 styling starts at four-beam headlamps in the front and extends to the new and larger taillights. Two headlamps are recessed and placed side-by-side in each front fender. Oldsmobile's New-Matic Ride is optional at extra cost on all series. This true air suspension system cushions the car on four chambers of compressed air, one at each wheel, to create an ultra-smooth ride, with less driver and passenger fatigue, according to Wolfram. It eliminates completely any conventional leaf, coil or torsion-bar spring units with metal-to-metal contacts.

An outstanding feature about the Oldsmobile-designed New-matic Ride is the variable rate air spring system which cushions the shock of bumpy road conditions without excessive movement. Bottoming and pounding through are

practically eliminated.

Oldsmobile's unique air-ride design is a "closed" system. When new air is required, moisture, oil-vapor and dust are eliminated by a special air filter and oil filter which enable the valves to function properly under all operating and weather conditions.

The New-Matic system also incorporates a unique leveling feature achieved with special height control valves that instantaneously and automatically adjust the pressure in the air springs to compensate for any change in the load or road. When the car is heavily loaded, the height control valves send additional air into the springs "pumping them up" to keep the car from sagging. When the car is lightly loaded, the height valves release air from the air springs, keeping the car level and prevent-

ing the front or rear from "riding high".

In adopting the four-beam headlamp system, Oldsmobile is making functional use of all four precision-aimed lamps for down-the-road lighting. The outboard lamp on each side provides the low or passing beam. Both the outboard and inboard lamps on each side combine to provide the high or driving beam. The four-beam lamps provide 50 per cent more light on high beam compared to previous conventional headlamps and 25 per cent more light on low beam compared to those formerly used. On high beam greater over all visibility is attained. On low beam, greater visibility and to the right side of the road is achieved. The intensity and light pattern are increased but at the same time there is a reduced glare in the eyes of oncoming drivers.

A new "safety-vee" steering wheel is recessed to the steering column and has new rectangular horn buttons located in the spokes, replacing the horn ring. The new instrument cluster is readily visible through this wheel. The strut-mounted instrument panel has a new latticed steel vanity shelf between the windshield and the panel to safeguard objects placed on the panel top. A safety-padded panel is standard on the "98" and Super "88" series and optional at extra cost on the other "88" series.

Spooks Collect \$71 for U. N. Childrens Fund

A total of \$71.00 was collected Halloween night by students of the Travis and Austin Elementary Schools, it was announced this week. The project was in co-operation with the nationwide drive to raise funds for the United Nations International Children's Fund.

The drive here was sponsored by the 1913 Study Club in co-operation with the schools. Mrs. Frank Foxhall was chairman of the project.

Students from the Stephen F. Austin School collected \$24.20 while those from the Wm. Travis school collected \$46.80. The money will be sent directly to the United Committee of UNICEF, United Nations, N. Y.

In making the announcement, Mrs. Foxhall stated the club wished to express its appreciation to the school faculty and to the students for the fine cooperation.

Memphis Receives .91 of an Inch Delaying Harvest

Memphis received a total of .91 of an inch of moisture during the past week, delaying cotton and grain harvesting.

Area farmers report that considerable damage has resulted from the rainfall during the past two weeks to both the cotton and grain.

Monday morning John J. Mickin, official weather observer, measured .55 of an inch, Tuesday morning .24, Wednesday morning .28 and Thursday morning .04.

The low temperature this morning was 40 degrees. Other temperatures recorded for the past week were as follows: Wednesday 50-41, Tuesday 45-42, Monday 46-40, Sunday 44-41, Saturday 62-52, and Friday 80-42.

Tour of County

(Continued from Page 1)

Fowler farm. Here the Hybrid 610 and 590 promised to be the highest producers with an estimated yield of 5500 to 6000 pounds per acre. Forty-six different varieties were included in the demonstration.

Following lunch in Turkey, the group visited the W. W. George farm where a demonstration on the control of mesquite is being conducted. Used in the experiment was 2, 4, 5-T and diesel oil. A 99 per cent top kill was achieved with a half and half mixture of the chemical and oil.

Next on the schedule was another brush control demonstration on the W. W. George land. Here nine different chemicals were applied to sand sage and shinnery. Many of the chemicals used in this experiment are new and are not on the market yet, Hooser explained.

The group then visited another mesquite control demonstration on Mrs. John Fuston's land. Here an 80 per cent top kill was achieved by the use of 66 per cent diesel oil and 34 per cent 2,4,5-T. In both of the mesquite demonstrations, the crown oiling method of application was used.

The last stop on the tour was the Bruce Gibson farm where a dryland, hybrid grain sorghum demonstration was viewed. Here Hybrid 610 also appeared to be the most promising.

The transportation for the trip

County TSTA Unit To Hold Meeting Monday at Travis

The first meeting of the Hall County TSTA Unit for this year will be held at the Travis Elementary Cafeteria in Memphis, Monday evening, Nov. 11, at 7 p. m.

Attending will be approximately 80 school personnel of the county. Lorán Denton, superintendent of the Lakeview School, is president of the association and W. C. Davis, superintendent of the Memphis School, is program chairman.

L. P. Sturgeon, public relations director for the Texas State Teachers' Association, will be the evening speaker.

"We feel indeed fortunate to have Mr. Sturgeon with us at this time. There is no person in the state of Texas who knows more about school business than Mr. Sturgeon," officials of the organization stated.

was furnished by the Memphis Chamber of Commerce and Hall County Board of Development. Hooser extended his appreciation to the organization, commissioners court, demonstrators, and agricultural agencies who made the year's work possible.

Glen Spear and Ted Trew, Extension agronomists who visited the demonstrations on Oct. 29, stated they were some of the best and most outstanding they had seen in the state.

Hooser urged all county farmers and others interested in agriculture to visit the demonstrations at the various farms. Signs have been erected giving information pertaining to the various plots.

County citizens on the tour included Olmon W. Sweat, Allen Dunbar, Robert Sexauer, Wayne Hutcherson, J. J. Boon Jr., A. J. Casey, Claude Moore, F. A. Finch, Berry Morris, James Richburg, Jim Beeson, Clifford Farmer, Eddie Foxhall, Tom Spry, Brown Smith, J. L. Richburg, Bill Baten, Paul Smith, Joyce Webster, R. A. Bayne, Charles Williams, Holland McMurry, J. C. Rogers, T. E. Spear, Charles E. Coley, J. E. Masterson and J. W. Coppedge.

Twelve Brisco County farmers and their county agent made the tour as well as persons from Wellington, Childress, Lubbock, Vernon and Amarillo.

Texas had 11 different capitals before settling on Austin in 1840.

Mrs. Jack Boone and Mrs. R. H. Wherry visited in Amarillo over the weekend with Mrs. Otho Fitzjarrald.

(Continued from Page 1)

The Bakely Dam which holds Lake Ouchita was erected at a cost of 31 million dollars. It is 1200 feet long and 231 feet high. Ouchita National Forest is the largest in the south and 8th in the nation, has 1500 miles of roads leading to 11 camps and recreation areas. It is separated from a like range of mountains, the Ozarks, by the Arkansas River. The autumn colors were just beginning to get lovely as we passed through the mountains on our way to Eureka Springs in northwest Arkansas in the very heart of the Ozarks.

The Arkansas River valley was an entirely different change of scenery. Level and rich looking farms, with crops of cotton, corn, maize and soybeans—large fields of the latter. Travelling west up the river to Ozark—a bustling little city—then north to Eureka Springs, noted for its odd features, some of them being played up in Ripley's "Believe It or Not." Having visited this city twice before, we felt enough at home to drive our own car down the hill along the winding, twisting and turning main street.

Chamber of Commerce data: Eureka Springs boasts of being "Little Switzerland of America" and "The City of Springs." Here is why the city lays claim to the titles: Over 63 springs within city limits and 1200 in a seven-mile radius. The old Indian Healing Spring on the main drag was the cause of the town's being named Eureka Springs, evidently because some bookworm had read somewhere that some one had shouted, "Eureka, I have found it."

Permanent population 2,000; scattered over 20 different hills divided by 19 canyons and ravines; 238 avenues, streets and old Indian trails of historical significance; 54 miles of rock-retaining walls, paralleling streets and contours. A million trees within airline mile of postoffice; 115 species of trees, 254 species of

wild flowers within same area. Street formations show S 16 times, U 50 times, V 51 times. Only six streets carry same name from left to right side of intersection.

Elevation 1,140 feet at railroad station, 1,400 at city's highest point, 1,500 at west edge of city. Normal average rainfall 48 to 54 inches. Visitors each year run from 165,000 to 175,000. More next week.

Cyclone To -

(Continued from Page 1)

second quarter the Cyclone took over on the Lefors 36-yard line, and then seven plays later drove over from a few yards out. Daryl Long carried on the scoring play to even the game up, 6-6. David Davis, Butch Adeock and Ted Wheeler assisted in the drive.

Late in the third quarter Lefors picked up their second score on a 29-yard pass to go ahead 12-6. Lefors picked up their third tally late in the last quarter as they drove from their 45-yard line to the goal in 11 plays. Lefors missed the extra point attempt, making the score 18-6.

Memphis received the kick deep in their own end of the field, and five plays later David Binkley drove over from the 12-yard line. Adeock assisted the drive with a 35-yard run, and Davis with two of about 10 yards each. Dudley Gillespie added the extra point with a kick to make the score 18-13.

Immediately after this, the gun sounded ending the game.

Rev. and Mrs. Fern Miller and Mrs. Frank Ellis attended the Baptist Convention in Fort Worth this week.

Estelline Lions To Sponsor Sale For Blind Shops

Estelline Lions Club members announced this week that they are sponsoring a Texas Blind Shops Caravan Saturday, Nov. 9, to be located on the square at Estelline.

Many useful household items will be on sale, and all homes will be canvassed.

Proceeds will be used in paying for football bleachers purchased this year by the club, said L. C. Richburg and E. R. Orcutt, Lions in charge of the sale.

The household items are all manufactured by blind workmen in Blind Shops or Lighthouses, which are non-profit organizations.

Homecoming -

(Continued from Page 1)

joy a football game at the local stadium. The Cyclones will meet the Clarendon Broncos in what is slated to be one of the most thrilling games of the season.

An added attraction will be the crowning of the football queen and band sweetheart. The football queen will be crowned in ceremonies preceding the game and the band sweetheart will be recognized during the half-time activities.

Members of the senior class will be hosts at the annual homecoming dance immediately following the game. The dance will be held in the Travis Cafeteria.

Gold mums tied with black ribbon to carry out the school colors

are being sold this week. Members of the senior class homecoming activities. The club is trying to buy a new member of Mrs. Glenn Bruce, president.

Six Memphis residents Childrens Tuesday night at the Chamber of Commerce where John C. White, commissioner of agriculture, the principal speaker. Tending were Will Leach, McBee, J. R. Mitchell, Pelt and Mr. and Mrs. T. Ges.
