**MORE THAN 2,500**—Crowds at the City Park Sunday swelled to more than 2,500 for a free barbeque and Hall County 70th Anniversary Picnic. Pictured above is the serving lines which were able to serve the big crowd in 26 minutes using six lines. This is the largest crowd to ever assemble in the City Park.

## Over 2,500 Attend Annual Hall County Picnic Here

**BARBECUERS**—Yes, that's bread they're putting in with the meat. Working around meat being barbecued makes a man hungry, so barbecuers toast bread to eat during the long process. From left to right around the grill are: Johnny Hancock, Ed Hutchinson, Roy Currin, Thomas Clayton, Bill Vardeman, and Bill Land of Clarendon. Pete Land or Clarendon is shown in the background in the white hat and rolled up apron. Also shown is Shine Trussell.

From 2500 to 3000 persons were at the City Park in Memphis Sunday to help celebrate the 70th birthday of Hall County. Despite the heavy traffic problem, and a shortage of parking space, nothing was delayed in the feeding of the large crowd.

According to estimates, 2200 of the 2500 persons were served from six lines in 26 minutes. This averages almost 100 persons per minute, a remarkable record for serving large crowds.

J. M. Ferrel Jr. was elected to head the Picnic Association as president for the next year. Other officers elected were: Roy Coleman, vice president; O. V. Alexander, secretary; Oran Jones, treasurer; and Rev. Richard Avery, chaplain.

Officers for this year's picnic were: President Byron Baldwin, Vice President Roy Gresham, Secretary Mrs. N. A. Hightower, Treasurer John L. Burnett, and Rev. O. B. Herring, chaplain.

Highlighting the program at the picnic was musical numbers by the Memphis Cyclone Band, and then by members of the famous Gold Medal Band.

Members of the old band, showing remarkable technique, were able to pick up instruments and play several tunes to the crowd's enjoyment.

Gold Medal Band members T. J. Dunbar, Jr., Gus B. Stephenson of Tucumcari, N. M., Paul Dodson of Amarillo, Thomas Ewell Noel of Denton, Edd Smith of Amarillo, Allen Dunbar, Harry Delaney of Lubbock, Jet Fore of Los Angeles, and Jim Bass of Dallas.

Ewell Noel and Harry Delaney entertained the crowd by singing two separate versions of a parody on "Gold Medal Band Ain't What She Used To Be."

They also led the crowd in group singing of several songs, with Gladys Power accompanying on the piano. Dwight Kinard recognized the Gold Medal Band members.

Mayor H. J. Howell welcomed the guests to Memphis and the City Park, and J. Claude Wells welcomed those present for the Picnic Association. Jet Fore of Los Angeles, Calif., gave the response.

The invocation was given by Rev. O. B. Herring, chaplain. Tops Gilreath, county superintendent, recognized all Hall County officials and employees, both present and past. Tommie Potts gave a talk on life and food for thought. Walter Hightower conducted a short memorial service.

Wendell Harrison presented several awards. These included an award to George Bugbee of Redlands, Calif., who was the oldest man present. He is 94 and has been attending the annual picnic ever since it was organized. Mrs. J. B. Wrenn, 90, was awarded the prize for the oldest woman present. Then, Harrison awarded key chains to Jet Fore and J. Claude Wells.

Past President Baldwin said this week that several persons had contacted him concerning financial help on the picnic. Baldwin said that as far as they could tell, the picnic was paid for before it was held by personal contributions. He said that financially they were in good shape.

The excellent barbecue, beans, apricots, were prepared by cooking crews headed by Pete and Bill Land of Clarendon, and county commissioners and employees, and Memphis Volunteer Fire Department personnel.

One of the really outstanding cakes at the picnic was prepared by Mrs. Versa Brumley Dyer of Fort Worth. The cake was decorated like an open Bible, with a passage of scripture on one page and 70th Anniversary on the other.

Women attending the picnic furnished table after table of fresh baked pies, cakes and other sweets, to go along with the rest of the meal.

It was the opinion of many of those present that this was the best picnic the county has had since the 50th celebration.

## No Soil Bank Reserve Signup Here This Fall

There will be no signup this fall for additional land or contracts under the Soil Bank Conservation Reserve, Lynn L. McKown, office manager Hall County Agricultural Stabilization office said Sept. 20, in response to inquiries from farmers regarding the status of the program.

McKown also said that program contracts which expire in 1960 or later are no longer eligible to be extended for an additional period of years.

"Under the Soil Bank Act enacted in May of 1956," McKown explained, "The Secretary of Agriculture was authorized to enter in-

to Conservation Reserve contracts with producers during the five-year period 1956-1960.

"The signup under the 1960 program was held last fall, so that farmers would know in advance of the cropping season whether their land would be accepted into the Conservation Reserve. Since the authorization to enter into new contracts has not been extended beyond 1960, there will be no signup period this fall.

"Farmers should understand, however, that the existing contracts for 1960 and previous years will remain in effect and payments will continue to be made under them for the period of the contracts and in accordance with contract terms. The annual Department of Agriculture appropriation bills provide money with which to meet obligations already on the books."

There are 467 Conservation Reserve contracts in effect this year in Hall County, involving acreage of 55,401 acres, McKown said. Contract periods range from 3 to 10 years, and annual rental payments for 1960 amount to approximately \$657,000.

Nationally, there are more than 300,000 Conservation Reserve contracts in effect in 1960, covering

## American Field Service To Take Jr. Applications

The local chapter of the American Field Service is now ready to take applications for the "American Aboard" program, Mrs. D. H. Aronofsky, president of the chapter, stated this week.

Allen Dunbar has been appointed co-ordinator for the American's Aboard. In the near future, he will call a meeting of interested parents and students. At this time Susan Shaw of Amarillo, who spent the past summer in Germany under the American's Aboard program, will be guest speaker.

At the present time Heinz-Erich Ludemann of Allenhagen Bielefeld, Germany, is attending the local high school where he is a member of the senior class. He is being sponsored by the local chapter of the American Field Service.

Students from the junior class are eligible to make applications for the summer abroad, Mrs. Aronofsky said.

"If one of our students is selected, he will spend six or seven weeks during the summer of '61 living with a family abroad. The cost of sending a Memphis student is approximately \$575.00 plus travel from Memphis to point of embarkation. \$3.50 of this has been donated by the Atalantean Club. The student selected must have \$5.00 per week spending money from home," Mrs. Aronofsky explained.

"The responsibility of the student going abroad is to act as an individual ambassador in achieving a better way of life," the president pointed out.

The deadline for the receipt of applications will be Oct. 25.

## Sept. 30th Last Day For Paying P. O. Box Rent

Postmaster Jim Vallance reminded patrons of the local post office that deadline for payment of box rent is Friday, Sept. 30.

He explained that rent on a box must be paid in advance, according to the laws governing operation of post offices. Therefore, all patrons who pay box rent by the quarter must take care of this detail prior to Oct. 1, starting date for the last quarter of 1960.

If payment is not made by the due date, boxes will be closed.

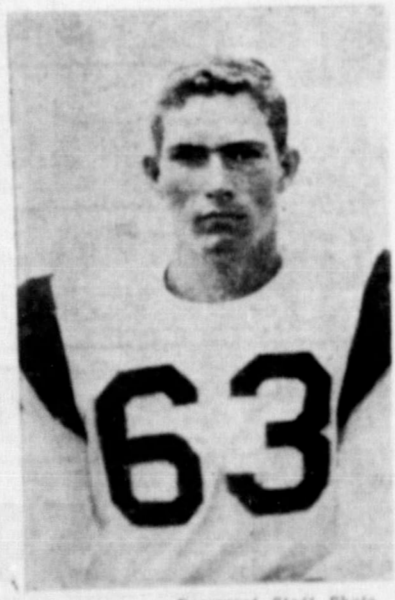

## Eddie Foxhall Is Assoc. Director Of Dealer Group

Eddie Foxhall, owner of Foxhall Motor Co. of Memphis, was named last week as an associate director of the Texas Automotive Dealers Association, the state-wide association of factory-franchised new car and truck dealers.

His appointment was announced by TADA President F. D. Mitchell of Waco. TADA, with headquarters in Austin, is an organization of more than 1000 Texas new car dealers.

"The purpose of our association is to establish a higher plane of commercial integrity for those engaged in the new car and truck business, and to work together to provide the maximum in service to the buying public. We are proud to have a man of Mr. Foxhall's calibre accept this position of responsibility and leadership with our association."

In this post, Foxhall will maintain close contact with all new car and truck dealers in this area.

**OUTSTANDING**—Pictured above are Eddie Jones, No. 30, and Dee Miller, No. 63. These Cyclone boys have been selected outstanding players in the Friday night game with Wellington. Jones, who saw only limited action on offense, played an excellent defensive game, blocking a Rocket punt and recovering it on their seven yard line, setting up the second Cyclone touchdown. He intercepted a Rocket pass late in the game, cutting off their final chance at scoring. Miller, who played the whole game at guard position on offense, and on the line on defense, contributed greatly to the defeat of the Rockets, in fine line play.

Dear Tax Payer:

The Memphis School Board has been elected to look after the administration of the schools, to see that they are run economically and as efficiently as possible. To this end, we are proud of the school system we have been able to maintain with the limited amount of money we have had to operate on.

With every tax payer paying his share of taxes (the result of the re-evaluation program), by cutting our budget for 1960-61 school year and extending some of our notes for another year, we are able to reduce the present tax rate of \$1.50 per one hundred dollar of assessed valuation to \$1.40. However, to be able to make this substantial reduction and to treat everybody alike, we will have to take legal steps, where necessary, to collect our delinquent taxes.

Yours truly,

# Cyclone Defeats Rockets, First Time In 25 Years

By BILL COMBS  
The Memphis Cyclone squad, coached by Don Lambert, Don and Bob Martin, have done what no other team has been able to do since 1935, defeat Wellington Friday night.

After the opening kickoff. A pass attempt for extra points was incomplete. The Rockets moved the ball out to their own 40 after the kickoff, then, on fourth down, punted to the local squad's 15. The Cyclone moved the ball out to the 36, then punted to Wellington's 31. Then Wellington set up their scoring threat when End Weldon Cleveland caught a pass moving the ball to the Cyclone 30. Tackle Rex Gresham of the Cyclone, broke up the threat by intercepting a Rocket pass on their own 45. HB Larry Craig brought fans to their feet with a 32 yard end sweep run just before the half ended. The Cyclone received the kickoff setting up the line of scrimmage on the 45. On the fourth down they were forced to punt so the Rockets took over on their own 20. They moved the ball to the Cyclone 48, then lost the ball on a fumble. The Cyclone picked up two first downs, moving the ball to the Rocket 30, where Adcock punted on fourth down to the 16. The Rocket couldn't make first down yardage so they punted out to their own 40. The Cyclone then started a threatening drive which carried them to the Rocket 11 yard line where the Rockets took over the ball when Memphis failed to make a first down. After the Rockets punted to the Cyclone 38, then a 15-yard penalty set the local squad back to the 23, and a lost fumble, giving the Rockets the ball, the field was reversed. Good runs by Bill Estes (70) and Jackie Daves (58) for the Rockets moved the ball to the Cyclone 4 yard line. However, with it third down and two needed for a first, and four needed for the score, the Cyclone defense came to life, holding them to a one yard gain on their third try, and only inches on the fourth. The chain was brought out, and it was ruled first down for Memphis on their own 1 yard line. Two quick exchanges of the ball gave the Cyclone the ball on 19 yard line. The Cyclone moved the ball out to their own 35, where Adcock, on the fourth down, punted to the Rockets 25, where a Wellington back dropped the ball and Memphis recovered. But Memphis' scoring hopes were short lived, because a Rocket recovered a fumble. With only a few minutes left in the game, Wellington took to the air, however, Eddie Jones picked off a Wellington pass, and returned it to the Rockets 32. In five downs, the Cyclone moved the ball to the Rocket 4 yard line where the final gun ended the game. The Memphis Backs totaled 208

LETTERS TO THE EDITOR

Dear Friends,

How happy it made me to see you both look so well last Sunday.

It was a great day for me seeing so many friends.

Memphis should be proud to have had such a successful affair. Would like to see the write-up in the paper.

Again it was so nice to see you and many other friends of former years.

Sincerely, Mrs. Vernon Williams Chillicothe, Texas

604 Birmingham St. Amarillo, Texas

Dear Byron,

I want to tell you I think you and others certainly took care of things in a wonderful way for the pioneers Sunday.

I saw so many older friends from other towns and states. The barbecue was very good and all the extras that went with it, even to the salads, cakes and pies. Memphis really honored her visitors.

I did so appreciate the school band, and when the "Gold Medal Band" began to play, I could hardly keep the tears back. Oh how proud we were of the gold medal band of yesterday.

Thanks to all, may God bless

you and others for their efforts. Mrs. Artie (Davidson) Nance

Dear Folks,

Well, the time has come to send the Memphis Democrat back to the deep south.

The paper comes every Monday morning. As I open the wrapper I wonder what has happened since the last one.

I like your editorials too. After an hour or two of reading, I am ready to face the day.

Mrs. Seth Palmeyer Brenau Academy Gainesville, Georgia

Dear Sir:

I have missed two copies of the home paper by not asking you to send it to my teaching address. My husband and I cannot do without the paper as it keeps us posted on the happenings of our home town. With eagerness, the entire contents are hastily scanned and then read, even the advertisements.

The passing of many friends and acquaintances really gives me a tinge of sadness. I send my regrets and sympathy to all those who have lost loved ones since my departure from Memphis, and especially the Giddens.

My school is in progress and I'm thoroughly enjoying my work. We love living here as my husband has better health, but old friends are remembered with gratitude.

Mrs. Geo. Payne E. P. N. Gas Co. Station No. 2 Salt Flat, Texas

Mrs. R. C. Householder of Amarillo visited this weekend in the home of her sister, Mrs. J. S. McMurry.

## Spicer Home Is Place Of Meeting For Pathfinders

The opening meeting of the Pathfinder's Council was held in the home of Mrs. Robert Spicer on Tuesday evening, Sept. 13.

After a social hour during which the social committee assisted the hostess in serving delicious sandwiches, cookies, nuts, and coffee, a short business meeting was held.

Mrs. McElreath, president, introduced the program chairman, Mrs. John Smith, who told the members to "Wake up, listen, and hear the alarm!" as our programs for the year will be based upon "Thoughts Around the Clock," a course of study planned to inform the club members of the vital issues of our jetage, and to promote our common interests.

Mrs. Ernest Lee, in giving the meditation, stressed the inevitability of time. She read Julien C. Hoyer's suggestion: Take time for these things each day . . . To work think, worship, read, and play . . . To help, dream, laugh, and pray and love . . . and place those last two deeds above . . . the other eight and you will find . . . it will bring you a tranquil mind . . . work hard at these and you'll be free . . . from worry and anxiety."

Mrs. Lee quoted Robert Burns' "Nae man can tether time or tide", and insisted that each person should make the most of his own time, the best use of which is in the cause of Christ.

In her initial remarks as president, Mrs. McElreath used the theme of "Time to Review and to Renew". She said that the marking of a new year is traditionally a time for new opportunities and new beginnings. She warned that the troubles and tensions do not simply melt away with the making of new resolutions, but that the beginning of a new year presents a pause for reflection. She suggested the resolution of: be present and on time, be dependable, be active, be constructive. She reminded the members of the not-

to of Mrs. Ben Boyd, past Texas Federation President, "Service is the rent we pay for the space we occupy."

The meeting for Sept. 27 will be in the home of Mrs. W. F. McElreath.

Members enjoying the first gathering of the year were: Mmes. W. F. McElreath, Anna Dickson, Hester Bownds, W. F. Ritchie, J. J. McDaniel, T. A. Guthrie, J. R. Mitchell, A. Gidden, John Smith, E. Lee, and the hostess, Mrs. Robert Spicer.

Mr. and Mrs. Gene Stewart and Kathy of Childress were weekend visitors in the Robert Stewart home.

Visiting in the home of their parents, Mr. and Mrs. Robert Stewart, over the weekend were their daughters, Bobbie Stewart of Amarillo and Betty Stewart of Odessa.

Mrs. J. L. Barnes gave the meditation, "More to live for as well as to live on".

The program is dedicated to community service done by lifting

horizons with dedicated hands," said Mrs. Morris.

In portrayal of various situations, dramatic monologues were given with Mrs. Joe Mothershed as leader. Mrs. Clyde Smith gave the "underprivileged child"; Mrs. Jack Boone, the "Adolescent child"; Mrs. O. R. Goodall, the "lonely senior citizen". The club then gave suggestions as to the remedying of problems concerning these groups in this community.

Delicious refreshments were served to the following members: Mmes. Bob Fowler, J. W. Stokes, C. D. Keith, O. R. Goodall, Mildred Stephens, A. Anisman, R. H. Wherry, Clyde Smith, J. S. McMurry, Jack Boone, C. C. Hodges, W. C. Dickey, J. L. Barnes, C. D. Morris, Joe Mothershed, Bill Combs, Miss Maud Milam and the hostess, Mrs. Ben Wilson, Jr.

### CARD OF THANKS

OF cards and gifts there were many.

OF friends there were more; IT cost a pretty penny TO walk through the door.

THE doctors and nurses were sweet, BUT this o'le n . . . . . PLEASE no repeat.

TO all my friends who were so nice; I'll remember like sugar and spice.

TO all of YOU—THANK YOU, THANK YOU.

### Hunters Should Respect Property of Others

With the opening of the dove season recently, the annual problem of trespassing by hunters is again before the public. The matter of being able to hunt upon someone else's farm or ranch is a serious one, and the hunter himself will determine what the future holds.

More and more persons are doing the right thing when they drive out for a day's hunt. The first thing they do is to hunt up the land owner and ask his permission. Their answer is gradually developing into an emphatic "no." This answer is given because too many hunters ignore the rights of property owners, never get permission, and by their discourteous actions deny to others the privilege of enjoying the sport. Those persons who are denied the right to hunt upon someone else's land should not blame the owner. The blame belongs on those who have been guilty of trespassing, to name only one.

Unless a concerted effort is put forth by sportsmen the day will come when they will not be able to find land upon which to hunt. Recognizing the need for better relations between the landowner and the sportsman, a wildlife specialist recently offered these tips:

- Ask permission to hunt on any land or water; and respect the property rights of the owner.
- Inform the landowner when and where you will be hunting, and do not invite friends to hunt with you unless you have specific permission.
- Offer to pay for the privilege of hunting; also to pay for any damage done to the property.
- Make sure all gates are closed behind you.
- Handle firearms in a safe manner at all times.
- Make certain that you do not fire toward people, buildings or livestock.
- Obey the laws on bag limits, shooting seasons and shooting hours.
- Be courteous and friendly at all times.
- Each hunter must recognize that the ranch or farm is a place of business for the owner. The owner will always appreciate the sportsman's respect and interest in treating his property properly. From this mutual respect and understanding will come the kind of conditions whereby the hunter will continue to enjoy his favorite sport.

### Medical Care Bill Now Law

The much-discussed medical care for the aged bill, passed during the recent session of Congress, was signed into law Monday by President Eisenhower.

Key to the effectiveness of the bill will depend upon the action taken by individual states. As written, the bill offers federal grants as an inducement for them to make the necessary improvements. The federal aid will be limited to helping states pay for medical care of needy persons who are over 65 years of age. It has been estimated that over 16,000,000 persons are in the over-65 age bracket. Only a relatively small portion of this number will receive benefits under the new bill. The grants will be available Oct. 1, which eliminates Texas due to the fact that the Legislature will not meet until early next year to pass needed legislation.

The controversial questions which have been in the news during the past eight months are unresolved. Will the government, at some future date, provide some program of medical care for the average elderly person? It will be answered in future sessions of the national Congress. Much pressure has already been exerted by the citizenship for broader benefits.

Another portion of the new law which many overlook is that which makes some liberalizing changes in the Social Security program. It adds about three-quarter million more persons to the benefit rolls, and liberalizes the \$1200 annual "earnings test" for retired workers who are now drawing full benefits.

Specifically, the new program will (a) Give additional money to states which provide medical care for relief recipients over 65. (b) Offer additional grants to states which extend free medical care to persons who are not so destitute that they qualify under state standards for relief checks to pay for food, housing or clothing, but still can't pay for medical treatment.

Governor Price Daniel recently put this matter high on his "must" list for action by the State Legislature. It will be one of the controversial questions which will be argued in Austin and in the state's press. Citizens of Memphis and Hall County must wait a while to see if they might be benefitted from the new medical care for the aged bill.

### Your Name Is In Census Records

As citizens reach the retirement age of 65 (some may retire at age 62), a problem often arises about showing proof of their age. From information received here recently, they may turn to the Census Bureau to obtain the necessary proof.

It was recently announced that approximately ten thousand citizens in Texas had turned to the U. S. Bureau of the Census last year for help in proving that they were born — and when. It is estimated that approximately 30 million U. S. citizens are without proof of age or birth. And the historical records maintained by the Bureau provide one source of the needed information.

In order to collect social security and other retirement benefits, proof of age or birth is essential. Also, it is needed to obtain a passport, and to qualify for jobs carrying certain age or citizenship requirements, and in obtaining certain forms of insurance.

Persons seeking such records of facts about themselves should write to the Personal Census Service Branch, Bureau of the Census, Pittsburg, Kansas. A fee is charged for this service but in most cases is below five dollars.

### Ain't Necessarily So

Comes now the Federal Trade Commission and tells us that what we see is not necessarily true — in the frantic world of TV advertising.

Thus, when sandpaper is being shaved right before your eyes, it really isn't sandpaper at all — but a piece of glass or plastic to which sand has been added, and which shaves very nicely. And the drops of moisture which have been described as "flavor gems" in the margarine pitch are actually nothing more than a sprinkled-on liquid.

The FTC also pointed a finger at the foil plug which shows a sad looking ham wrapped in a competing foil but it looked that

way before it was ever wrapped; and the toothpaste commercial using a cigarette-smoking machine doesn't prove what it claims, says the commission. The advertisers are deceiving the public, the FTC claims by using photographic trickery to make contrived scenes look real.

By deceiving the public, they are using unfair methods of competition and thus come under the jurisdiction of the Federal Trade Commission Act. Deception, it appears, is all right as long as it doesn't interfere with competition.

These revelations raised little furor in the TV public of the country for the simple reason that TV has built up a sense of skepticism in its customers that accepts deception as part of the

game. One firm pulls a sensational stunt to sell a product, and competing firms have to pull a bigger stunt, make wider claims, or somehow outdo the first firm.

TV is rapidly changing the old adage, "Believe nothing you hear and half you see" into a 100% status in both categories. — The Ball's Banner

Mrs. W. F. Whiteside and children of Pittsburg, Pa., arrived Wednesday for a visit with their mother and grandmother, Mrs. A. W. Howard. Mrs. Howard extends an invitation to Gloria's friends to come by and see her during the coming weekend. This is Gloria's first visit here in quite sometime and we're sure Mrs. Howard is looking forward to showing her two fine grandchildren.

Several club women will be attending out-of-town workshops this weekend. The District 10 E&PW Conference will be held in Childress Saturday and Sunday. Several members are planning to attend from here. Then on Monday the Santa Rosa Dist., TFWC, will hold a one-day workshop in Vernon. A group of federated club women are planning on attending this session including Virginia Browder, third vice president and Lottie Kinard, parliamentarian. Busy days are beginning for Club Women.

Speaking of the women, we want to especially compliment

those who set up displays in downtown windows for the Hall County Picnic. The pictures, clothing and many, many items of yesteryear were one of the highlights of the Picnic. The displays created much interest and comment as residents tried to identify friends filmed 20, 30 and 40 years ago.

In conclusion may we leave this thought with you from Ralph Waldo Emerson. "It makes no difference, in looking back five years, whether you have dieted or dressed; whether you have had gardens and baths, good cattle and horses, have been carried in a neat equipage or in a ridiculous truck; these things are forgotten so quickly, and leave no effect. But it counts much whether you had good companions in that time."

Guests in the home of Mrs. A. B. Jones, Mrs. Mildred Stephens, Mr. and Mrs. Lloyd Ward were their daughters and sisters respectively: Mr. and Mrs. Raymond Brumley of Austin, Mr. and Mrs. Billy Johnson of Sherman Oaks, Calif. Also Mrs. Billy Alvin Johnson and daughter, Terri Lynn of North Hollywood, Mrs. Ellen Blades Souder and Miss Sandra Sanders of Amarillo. They attended the Hall County Picnic on Sunday.

### Around and About

By HELEN COMBS

As near as can be estimated 3,000 persons attended the Hall County Picnic Sunday... with more than 500 out-of-town residents returning for the day. Needless to say, the crowd far exceeded the most optimistic, like myself, for we had estimate a mere 2,000.

But those in charge of the food were wise... and there was barbecue for everyone with a little left over. Members of the Memphis Volunteer Fire Department are to be complimented for the efficient manner in serving the food quickly, as well as the many other individuals who assisted. We can truly say the entire community co-operated in making this a Red Letter Day!

Friends who had not seen each other in years met again at the Picnic Sunday. It gave us a warm feeling as we watched the joy and pleasure in the faces of many who met. It reminded us anew that the greatest treasure we have to share is that of friendship, and love.

We are sure no one enjoyed the reunion with friends more than Jet Fore of Los Angeles, Calif. Mrs. Fore told us Monday he was so enthused greeting every one downtown Friday that he simply forgot to come home and eat lunch. This was Mr. and Mrs. Fore first visit to Memphis in 21 years. Mrs. Fore is a sister of Mrs. D. L. C. Kinard and Mrs. Lucile Wright.

Speaking of the picnic, we lost a black ear screw. Now we are curious. It seems a black ear screw was turned in to the Baird's announcer truck... and announcement was made but we had gone home. Later when the truck was to leave it was handed to some-

### Panthers, Bulldogs To Tangle Friday At Local Stadium

The Morningside Panthers are expecting a record-breaking crowd Friday night at Cyclone Stadium to witness the match between their squad and the Plainview Bulldogs.

The Morningside team will tangle with the Bulldogs beginning at 8 p. m. Friday.

The Panthers were victorious over the Wellington Panthers last Saturday night at Cyclone Stadium by a score of 19-14.

Although the Plainview team has somewhat more experience, the Panthers played them an exciting game on their last meeting at Cyclone stadium, last year, tying 6-6.

Both teams are anxious to tangle with each other to break the tie; so this should prove to be an exciting game.

The Plainview band and the Morningside drill squad will perform at half time.

"Because the Cyclone is not playing this week, having an open date, we are expecting everyone to come out and support the local squad," the coach of the Panthers said.

food, barbecuing and serving groups came in for appreciative thanks by visitors.

Among the many visitors here who were met by hosts of friends here and welcomed, we appreciated the association we had with the guests of honor, Mr. and Mrs. Jet Fore of Los Angeles, who really sparked interest in the picnic early in the year with letters which were published in this newspaper, and probably caused many out-of-and in-county people to attend the celebration who had not attended former ones held the past few years. We join the host of friends in thanking Jet and Dora for honoring Hall County by their visit, and hope they will return for the 3rd Sunday in September, 1961 for another picnic.

### James K. Walker Among 19 Lawyers Sworn In Tuesday

According to an announcement this week by Baylor University School of Law, all the May graduates of the school have passed the state bar examinations.

Among those graduates was James Kenneth Walker, former Memphis resident, and graduate of Memphis High School.

"This is the first time 100 per cent of our students have made the grade," states Mrs. Margaret Ansler, Baylor professor of law.

"In March we had a 95 per cent record, but this is our first time to achieve 100 per cent success."

A total of 19 Baylor lawyers took the state bar examination, and were sworn in in special ceremonies to be conducted in and by the Texas Supreme Court in Austin, Tuesday, Sept. 20.

### Cotton Festival At Hedley Buys First Cotton Bale

Hedley's first bale of 1960 cotton was ginned at the West Texas Gin there Saturday afternoon, Sept. 17, at 3:30 p. m.

This was one day earlier than last year, it was reported. The cotton was grown by J. M. (Doc) Kennedy on the H. V. Clarke place located six miles northeast of Hedley.

According to C. L. Johnson, this is the first bale of cotton to be harvested in Donley County this year. It is reported that farmers have a good crop, and are planning a big Cotton Festival in October.

The 2330-pound bale of lint cotton yielded a 630-pound bale. The bale was purchased by the Hedley Cotton Festival Committee for 40 cents per pound, and will be used to advertise the Ninth Annual Cotton Festival Oct. 14-15.

The cotton was ginned free and Kennedy received \$16.78 for the seed. The check for the cotton was \$252.00, giving a total for the bale of lint and seed of \$268.78.
