from the Turkey Enterprise. The lady at the supermarket counter was unloading purchases. Out of the car came three packages of cigarettes, four cakes of hand lotion, a jar of suntan lotion, a pair of work gloves, a pair of work shoes, two small batteries, two magazines, a phonograph record, a bouquet of artificial flowers, six and one dish, a quart of dozen eggs, a TV dinner package of frozen chicken. The lady paid her bill, she commented: "Food is so expensive these days. No wonder the farmers are getting rich!"

citizens have for several years put on a cotton festival in that attracts visitors from the co-operation of the citizens, and has put on the map in a big way. Friday, being a fine day, a large crowd to enjoy activities. But Saturday was confined to inside locations, and a parade of bands and that usually highlights the festival. Friday, was Donley Old Settlers day at the hall and 184 registered as having in Donley County 30 more years ago. The date commemorates the settlement in Hedley County 30 years ago. We saw many whose acquaintance we had during the years 1910-1917.

House of Fort Worth, contributes a column concerning Texas each week to The Democrat and who is author of several books concerning Texas, was a visitor at this office weekend. His book, "How I Hollywood by Storm," closes the following showing his love for Texas: "Old Texas—where the air is brighter; the sky is blue; the air is purer; and that moon at night is bigger and more romantic; and speak to you, and smile at and shake your hand—And old-to-God mean it."

Baird's Bread furnished bread and free loud speaker and announcer for the Hall County Picnic a month ago. Joe Baird, local representative of the company, called our attention to their new bread product "Pul-A-Part" loaf that they began to market. Wednesday morning for breakfast we had and warmed Pul-A-Part cake as good as any coffee cake breakfast we ever ate. The way, Mrs. Baird Company become a consistent advertiser in The Democrat.

This is National Newspaper week. The one week in the year when newspapers tout their own to let the dear readers know their newspapers are still here and will continue to work for the Four Freedoms, and with the hope that America will never lose them to the adverse power or dictator. Important is your local newspaper? Suppose The Democrat to cease coming into the lives of people in the local area and it would not be until the whole community would be in an uproar and rumor would really command the scene. Newspapers, in endeavoring to present facts instead of rumor, and community affairs on the news, and nerves quieted to the fact that people can go about their every-day tasks and enjoy feeling secure that their homes are still in existence.

Every week is newspaper week in The Democrat workers. And by week the principal revenue comes from advertising. For a number of years many advertisers have neglected columns of local radio and TV to a great extent. The swing has started back to newspapers due to the fact that people listen to radio and TV for entertainment and have been fed up somewhat by commercials coming on right at the entertaining part of the program. Bank Deposits Show Year's Decrease Of Over \$300,000

The financial picture of Hall County was brought into sharp focus this week when county banks published their statements of financial conditions. Total figures for the county banks showed a decline in total deposits of \$338,187.95 since the same time last year. The total deposits figure for Oct., 1960, is \$6,718,765.90 as compared with the Oct., 1959, figure of \$7,056,953.85.

Soil Bank Payment Applications Are Ready For Signature At ASC Office

All applications for 1960 annual payments on Soil Bank Conservation Reserve have been prepared and are ready for signatures, Lynn McKown, manager of the Agricultural Stabilization and Conservation office, said Wednesday. Over \$250,000 has been paid under this program to date. The remaining \$375,000 will be paid as soon as signatures can be obtained on the application for payment. All persons who will share in soil bank payments who have not signed their application for payment should contact the Hall County ASC office at their earliest convenience to enable all payments to be completed, he said.

Perry Robison, Plant Farm Owner Dies Saturday

Perry Benjamin Robison, 77, owner and operator of the Robison Plant Farm, died shortly after suffering a heart attack about 4:30 p. m. Saturday in a local hospital. He had lived in Hall County since 1924. Funeral services were conducted at 2 p. m. Monday from the Spicer Funeral Chapel with Rev. O. B. Herring, pastor of the First Methodist Church, officiating. Burial was in Fairview Cemetery under the direction of Spicer Funeral Home. A native Texan, Mr. Robison was born March 10, 1883, in Milam County. He was married to Miss Ira Belle Williams August 6, 1905, in Milam. The couple moved to Hall County in 1924. Mrs. Robison preceded her husband in death on April 15, 1928. One son also preceded him in death. He is survived by one daughter, Mrs. Paul Morris, of Memphis. Pall bearers were Gene Lindsey, T. A. Guthrie, Robert Reed, Forrest Phelps, Elbert Haire and Frank Smith.

Cyclone Booster Club To Meet On Tues., Oct. 25

The next meeting of members of the Cyclone Booster Club will be held Tuesday evening, Oct. 25, instead of Monday evening. This announcement of change of date was made early today by Wendell Harrison, president of the booster organization. "This change in date was caused by a conflict with other arrangements for use of the banquet room at the Cyclone Drive Inn," Harrison stated. "Next Tuesday night we want to see a large turn-out of members. A moving picture film of the Memphis-McLean game will be shown."

Cyclone Opens District Play With McLean Fri.

The Memphis Cyclone will open district play here Friday night when they host the Tigers of McLean. The local team, which has a record of two wins, two losses and two ties, will be seeking their first district win from the Tigers and hope to deal the McLean eleven their second district loss. McLean scored late in the game last Friday night to make the score 24-20 in favor of the visiting Canadian team. The game Friday night will be a battle between a bunch of running backs, the Cyclone, and a passing squad, the Tigers. The Tigers use a split end, winged-T formation. Their line averages 160 pounds while the backfield averages 171. The Cyclone will have the advantage in the line, weight-wise, while the Tigers have a heavier backfield. The Tigers favor a passing attack with their No. 11, Wellington, doing the heaving honors, throwing to several good receivers. Wellington, Windom, No. 33, and Watson, No. 25, are their strong returning lettermen. Coach Don Lambert stated that the Cyclone squad is not hurting because of injuries this week, and will be fielding a full squad. Lacy Montgomery, because of a weak knee, may not see offensive action Friday night, he said, but he will probably play defense. The coaches feel like the local squad is ready for the game physically and mentally and report that they have been looking good in work-out sessions this week. The only comparative scores between the two teams, playing the same opponent, is with Wellington. The Cyclone defeated the Rockets here, 15-6 in the second game of the season, and later,

BEST PLAYERS—Pictured above are Senior HB Larry Craig, No. 40; and Senior End Wayne Lesley who have been selected back and lineman of the week for their play Friday night against Hollis. Craig, who plays left halfback for the Cyclone gained 103 yards Friday night on 18 carries, averaging slightly under six yards per carry. He made the games longest run of 55 yards, setting up the Cyclone score. Lesley, No. 72, who was wearing No. 80 Friday night, was selected for his fine line play on defense and his ability to carry out his assignment on offense.

Memphis Given As Coldest Place In Panhandle Area

Even though the temperature in Memphis Wednesday night went into the low 30's, it was almost the unanimous opinion of farmers that it may prove a help. The most damage to the fall crop came in the form of moisture falling Saturday, Sunday, Monday, Tuesday, and Wednesday. According to J. J. McMickin, official weather observer, 5 inches and 12 hundredths fell in Memphis during that period. He also reported that at 4:10 a. m. this morning the temperature was 32 degrees, and at 6:30 the mercury almost reached 31. According to a survey early this morning, Memphis was the coldest place in this area, it was reported on the radio. According to the Oct. 22, 1959, issue of The Democrat, at this time last year 11,642 bales of cotton had been ginned. The season was one-fourth completed. Rains this week stopped crews from gathering the already opened cotton, thus making the season even later. McMickin reported that it rained .12 of an inch Wednesday, 1.81 inches Tuesday, 2 inches Monday, .22 of an inch Sunday, and .97 of an inch Saturday. This added to last week's rainfall brings a total of 7.31 inches falling in nine days. Besides the damage the rain did to crops, it was reported that country roads and bridges in Precinct No. 2 are again in bad shape. It was estimated that at least 12 lateral road bridges are impassable in Precinct No. 2. Temperatures over the past week are as follows: Wednesday 62-42, Tuesday 68-56, Monday 78-53, Sunday 64-49, Saturday 71-50, Friday 75-54, and last Thursday 86-48.

Strange Names Are No Problem To SS Officials

Names such as Stop and Go seem strange to most people, but no name is unusual to the Social Security Administration, according to Hal Geldon, manager of the Amarillo Social Security Office.

"Social security records show many unusual names that are shared by more than one person," Geldon says. "In addition to names like Stop and Go, there are people named Hide, Seek, and even X. No matter how unusual your name may be there is someone else with the same name, but your social security account number is yours alone."

"Since the amount of all social security payments is based on the amount of earnings credited to an account, it is important that each person receive full credit for all wages paid to him. If an employer's report of wages does not show an account number or if the name or number are incorrectly shown, the worker may not receive credit for all of his earnings."

"A worker should verify his account every few years to be sure that he has received credit for all of his wages," Geldon added. "The Social Security Administration has a supply of post card forms to be used in requesting this information from the central accounting office."

Keep Cotton Dry, Loose, Clean Says Specialist

The final grade of lint in a bale of cotton is determined by the condition of the seed cotton when it reaches the gin. For this reason, cotton should be produced, harvested and handled so that it reaches the gin as dry, loose and clean as possible, says Fred Elliott, extension cotton work specialist.

Picking early in the morning or late in the afternoon when cotton is very moist should be avoided. Loss of color associated with delay in ginning of high-moisture seed cotton accounts for a large part of grade difference between cotton harvested during high-moisture periods and dry periods. To get the best possible prices for cotton, the farmer should harvest it dry and keep it dry, the specialist points out.

Small capacity transport vehicles have no place in the cotton field, Elliott continues. Large-capacity, four-wheel, wood-slatted or wire-slatted trailers are recommended.

Another quality producer, which is closely associated with small transports, is tramping the seed cotton in the trailer. Even the most elaborate and expensive ginning systems cannot remove all of the small "pin and pepper" trash that is ground into the cotton by tramping. Seed cotton should be harvested as clean as possible to permit the use of less gin machinery in obtaining a good grade. Pickers should be cautioned not to allow green leaves, excessive trash, dirt, colored rags, grass and other foreign objects to be mixed in seed cotton. "Remember," Elliott concludes, "You can help maintain quality in cotton by harvesting seed cotton when it is dry and by keeping it loose and clean."

Morgan Baker is receiving treatment in the Veteran's Hospital in Amarillo. Mrs. Baker said he will be there for some time and would enjoy cards from friends here.

Sunday visitors in the home of Mrs. W. S. Malone were Mrs. Dorene Crone and daughter of Borger; Mr. and Mrs. James True of Pampa and Mr. and Mrs. Kenneth Malone of Hereford.

How Well Do You Know Your America?

A city that is like no other city anywhere—that's Miami Beach, Florida. An entirely different community from neighboring Miami, Miami Beach is dedicated to the single purpose of entertaining visitors.

Miami Beach has no cemeteries, no streetcars, no industries, and no railroads. Even the shopping streets are lined with parkways and adorned with palms.

Ample hotel facilities, diversified recreation and warm, gentle breezes from the nearby Gulf Stream are but a few of the reasons for the popularity of one of the nation's most famous resorts.

Virginia Chappell Named to Exec. Council at TWC

Virginia Chappell, student of Texas Woman's University, was recently chosen a member of the executive council of the sophomore class. The council, composed of five girls, act with the officers as advisors and counselors in all projects. Members of the executive council are elected by the class by popular vote. Choice is based on class interest and spirit, leadership ability, and contribution to the university. The university requires any student who holds a campus office to have a good average and a good citizenship record.

Miss Chappell, who has been named to the Dean's List of Honor Students each of her four semesters in college, was honored earlier this year by being chosen a university sponsor. The sponsors were selected by the Campus Government Association to introduce freshmen and new students to the campus, traditions, and activities of Texas Woman's University. During the first week of school, the sponsors helped carry out planned activities to make new

students welcome. Virginia, daughter of Mrs. J. W. Chappell, is a second-semester sophomore majoring in sociology.

Mrs. Jerry Hooser, Recent Bride, Is Shower Honoree

Mrs. Jerry Hooser, a recent bride, was honored with a lovely bridal shower on Thursday evening, Oct. 6, at the home of Mrs. Ross Gentry, 905 N. 17th St.

Guests calling between the hours of 7:30 and 9 o'clock were greeted by the hostess, Mrs. Gentry and presented to the receiving line composed of the honoree, Mrs. Hooser, her mother, Mrs. Hugh Lambert, and the grandmother of the groom, Mrs. Claude Daugherty of Seymour.

Miss Sharon Hooser, sister of the bridegroom, registered the guests in the bride's book.

The serving table was covered in a floor length brown organza cloth over yellow and was centered with a lovely floral arrangement of yellow and bronze mums in a crystal bowl flanked by yellow candles. Dainty refreshments carrying out the bridal theme was served by Mrs. Jimmy Hartsell and Judy Evans.

Autumn leaves and seasonal flowers were used in other rooms of the party suite where a lovely

array of gifts were on display. Widener, Mrs. J. D. Evans, Mrs. J. R. Mitchell, Mrs. Glen Callahan, Mrs. Jimmie Hartsell, Mrs. Ed Hillhouse, Mrs. Dick Jones, Mrs. Dutch Wheeler, Mrs. Connie Hartsell and Mrs. Harry Aspgren.

A. Huckaby Pathfinders October 11

Their regular meeting held Oct. 11, in the home of Mrs. A. Huckaby, members of the Pathfinder Council studied and discussed the subject of motion picture production. The film, "Solomon and Sheba," was featured as the subject of discussion.

Program chairman, Mrs. Huckaby, opened the study by pointing out the importance of pictures in the world today. She took for granted of the most people, and the importance of understanding this influence. A speech was then given by Mrs. J. J. McDaniel, who discussed the production of a motion picture from the time someone has an idea through the actual production of the film, which is actually seen in the process which sometimes takes a long time. The third speaker was Mrs. Lee, who explained the various professions involved in the production of a film. She detailed the functions of the prop man, the special effects man, the "green" man, in addition to the obvious ones—the stars, director and cameraman.

Floyd McElreath, president of the business club, presented an interesting and informative report on her selection of the meditation, which was given by Mrs. Anna Dickson, from Psalm 24 and the Book of Ephesians. In her report, she said, "A great deal of the life consists in doing perfectly at least to the best of ability, everything which we attempt to do."

Erwin, a new member, was welcomed into the club. Refreshments of cheese snacks, cake and coffee were served by Mrs. John Smith, J. J. Mc-

MRS. RICHARD LEE HULQUIST

Jo Ann Vaughn, Richard Lee Hulquist Marry In Amarillo Rites Sept. 17

Jo Ann Vaughn of Amarillo and Richard Lee Hulquist of the Amarillo Air Force Base, son of Mr. and Mrs. Carl Hulquist of Super-

ior, Montana, were united in marriage Saturday, Sept. 17, at the House of Weddings in Amarillo. Jo Ann is the daughter of Mr. and Mrs. Robert Vaughn of Claude, and formerly of Memphis, and the granddaughter of Mrs. Berry Stephens of Memphis.

Daniel, Floyd McElreath, A. Gidden, Erwin, Ernest Lee, O. M. Gunstream, J. R. Mitchell, Anna Dickson and the hostess, Mrs. A. Huckaby.

Mrs. A. Gidden will be hostess for the meeting of Oct. 25.

The double ring ceremony was conducted by Rev. J. J. Allison,

pastor of the Claude Baptist Church.

Beautiful recorded background music was played during the service. Special floral arrangements were the decor.

Miss Jane Hunt of Claude, maid of honor, was attired in royal blue silk chiffon over taffeta with a boat neckline and three quarter length puff sleeves and full gathered skirt. She carried a bouquet of white mums.

Misses Nelda and Bobbie Sue Vaughn, sisters of the bride, and Miss Paula Verba of Tulia, attendants, wore identical dresses of sky blue corded taffeta, styled with large round collars and full gathered skirts trimmed with nylon lace and matching headpieces of nylon net and lace. All wore corsages of white carnations.

Mr. Darlon Burton of Canadian was best man.

Given in marriage by her father, the bride wore a formal wedding gown of white nylon lace and net over taffeta, styled with a round neckline and long tapered sleeves. The skirt extended into a chapel length train and featured a bussell of nylon lace in the back. Her ballerina length veil of nylon net was held by a headpiece of nylon tulle and rhinestones. She carried a bouquet of red carnations atop a white Bible.

The bride's mother wore a two-piece suit of navy blue linen with black accessories. Her corsage was of white carnations.

A reception followed the ceremony in the reception center of the House of Weddings.

For the wedding trip the bride wore a white brocaded taffeta suit with red accessories and a corsage of red carnations.

The bride is a graduate of the Claude High School and Draughton's Business College of Amarillo, and is presently employed at the Northwest Texas Hospital. The groom is a graduate of Superior High School of Superior, Montana, and is now stationed at the Amarillo Air Force Base. The couple are at home in Amarillo.

Weekend visitors in the home of Mr. and Mrs. Angus Huckaby were her brother's family, Mr. and Mrs. Earl Harvey and Rip of Albuquerque, New Mexico, and sister, Mrs. Alvin Longan of Oklahoma City, Okla. Mrs. Huckaby accompanied her sister as far as Hobart, Okla., on her return home Monday.

1913 Study Club To Sponsor UNICEF Drive Halloween

Students from Memphis elementary schools will join with children from all 50 states to collect funds for the United Nations International Children's Emergency Fund on Halloween night, Mrs. M. G. Tarver, chairman of the drive, said this week. The "Trick or Treat" for UNICEF has been sponsored in Memphis the past three years by the 1913 Study Club.

As the students make their annual Halloween trick or treat visits about town they will ask for contributions to the fund. Each student will carry a milk carton labeled with a UNICEF sticker. Local residents are requested to take note of the date and help with this worthwhile cause.

From the original venture of a small Sunday School class in 1950, the UNICEF Halloween has grown to well over two million boys and girls participating in 10,000 American communities. This is the world's greatest and most heartwarming effort by children to help children, Mrs. Tarver said.

The fun, the excitement, the colorful costumes traditionally associated with Halloween have remained unchanged, but something new has been added. Now the joy of giving enhances the pleasure of receiving, the spirit of helping brings a new significance to an evening of merriment, Mrs. Tarver explained.

About 55 million needy children and mothers are being added by UNICEF in 107 countries—but the world-wide child population of one billion, about 700 million live in underdeveloped areas where hunger and illness are still taken for granted.

UNICEF is the world's largest international organization devoted entirely to the health and welfare of children and mothers. In cooperation with WHO, FAO and other UN agencies, it helps governments undertake long-range public health programs. UNICEF provides the supplies needed to control and eradicate mass disease, improve nutrition and equip maternal and child health centers.

CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offer-

ings, food and other kindnesses, we are deeply grateful. We also wish our appreciation to Dr. Odom and the entire staff at Odom Clinic Hospital for their many kindnesses.

THE '61 PONTIAC IS HERE!

It's All Pontiac! on a new Wide-Track!

New track-to-body proportion! The track is the width between the wheels. Pontiac has the widest track of any car. And now that we've trimmed body width, more weight is balanced directly between the wheels. You ride with greater poise, maneuver with firmer control.

More room, more comfort inside! Headroom, legroom and foot-room have been increased. Seats are higher, yet there's more clearance under the steering wheel. Doors are wider, swing open farther with no jutting barriers to bump as you get in and out.

Powered by the new, fuel-saving Trophy V-8 Engine! New fuel induction system gives this new free-breathing engine more air, makes gas go further. Eleven versions to select from. Horsepowers range from 215 to 348. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas. It's the Wide-Track way to travel! Try It!

THE ONLY WIDE-TRACK CAR!

Mrs. Jossie Moore, Parnell Resident, Dies In Borger

Funeral services for Mrs. Jossie Moore, 92, resident of the Parnell community, are tentatively set for 2:30 p. m. Friday in the Baptist Church of Estelline.

Arrangements will be under the direction of Spicer Funeral Home with burial in the Hulver Cemetery.

Mrs. Moore, who had been visiting in Stinnett with her daughter, Mrs. Eunice Nivens for the past two weeks, died unexpectedly about noon Wednesday. She suffered a heart attack and was rushed to Borger for medical treatment, but was dead on arrival at the hospital.

She was born Jan. 31, 1867. Other than her daughter in Stinnett, she is survived by one son, J. H. Moore of Brownfield; one brother, Bud Seets of Cleburne, 15 grandchildren; 30 great-grandchildren, and 6 great-great-grandchildren.

IT'S THE LAW
★ in Texas ★
A public service feature of the State Bar of Texas

Stop for School Buses
Thousands of school children are now attending Texas schools, and many of them are being transported by school buses. Most people are careful when approaching a school bus which may be standing beside the road or school to pick up children or allow them to alight. However, some very bad accidents have occurred this year

for item in his possession. John Todd, Vallance employee, asked the Mexican youth about a tube of Prell shampoo, which he had in his possession as he was leaving the store, and the Mexican pulled a .38 cal. pistol and pulled the trigger twice.

Todd said that the pistol did not fire, just went "click, click," and then the Mexican ran out of the store.

Sheriff Baten said that there are several cases of shop lifting going on during this season, and local merchants are asked to be diligent in watching their merchandise.

GRIM SILHOUETTE . . . This fireman seems to be a silhouette of his profession as he stands at the scene of a three-alarm blaze in New York.

because a child or a motorist, or both, were careless at that very time.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed

"which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

What many persons do not realize is that the very same rule applies when meeting a stopped bus. While everyone is interested in protecting children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in

this case can lead to fines up to \$200.00 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not always apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only common sense to proceed on past it a safe distance before cutting back to

the right side of the highway. Also, any driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four-lane highway.

However, traffic laws state that even when passing on the right is allowed, it shall be done only under conditions permitting such

movement in safety. And, an event should such passing be accomplished by driving on the pavement or main-traveled portion of the roadway.

Familiar to all are the warning zones designated by lines placed on one side of the center stripe on the highway so well known are the restrictions against crossing the center line when approaching the center of or when traversing any section or railroad grade crossing.

A driver should never cross the center line of a highway clearly visible and free from coming traffic.

Or Will Act As

**GOVERNMENT PURCHASING
AGENT**

In Handling Your Cotton

As in past years we are buying cotton, and will pay you the **HIGHEST MARKET PRICE**. See us if you want to sell, and get our offer. It shall be our intention to keep the market up as high as we are able. Also, we are **APPROVED GOVERNMENT PURCHASING AGENTS**, and will handle the requirements if you desire to dispose of your crop by this route.

The Finest Gin Equipment To Give You a Good Turnout and Staple

During the summer months we have spent in excess of \$30,000.00 on new gin machinery which has been added to our plant to make it one of the finest. You are invited to come in and watch it in operation. From the Moss Lint Cleaner on to the press, everything is in first class shape. A competent crew helps in giving our customers the finest ginning. We will be open 24 hours every day as soon as the rush starts.

We Can Furnish You With Plenty Of Field Hands

Right now, we have 11 large crews of boll pullers, and believe we may be able to locate more. Let us know your needs, and we'll work with you. Our housing units are here to help our customers get out their crops.

You Can Return Those Valuable Cotton Burs To Your Land!

Our government-approved **DUAL FAN SYSTEM** of handling burs is enabling our customers to return cotton burs to the land. When you gin here you may catch your burs in special bins, and the cyclone blower also makes it possible to transfer them direct into your truck or trailer. If you want to return this valuable fertilizer to your soil, let us know your wish, and it can be arranged. If you need someone to haul your burs, we'll contact a trucker who will do this.

Estelline Wreck Fatal To Emmitt Woman

Ellen Simpson, 33, of Dimmock was killed Thursday night in a truck accident at the intersection of U. S. Highway 287 and Highway 86 in Estelline. Simpson car, a 1958 Ford, driven by Mr. Simpson, was being east on Highway 86 and was struck by a trailer truck, driven by John H. Kimbrow, of Amarillo, which was traveling north on Highway 287. The truck driver, Mr. Simpson and three other children were without injuries. Simpson is survived by her husband, M. L. Simpson of Dimmock, three daughters, Carolyn 11, Lisa Ann 3, and one son, L. age 7; four brothers, Posey of Hereford, Clyde of Big Spring and E. B. Jr. of Austin; two sisters, Laverne McMinn of Sumner, and Mrs. Mary Robert of Amarillo. Funeral services were from the Presbyterian Church at Hereford at 2:30 p. m. Sunday, with Herman Bales officiating. Burial was in Rest Lawn Cemetery here under the arrangements of Spicer Funeral Home. Miss Ann has been transferred to the Children's hospital to the Dallas hospital. The Simpsons are on their way to the Dallas

REV. AND MRS. LENNART G. BLOMQUIST

Rev. L. G. Blomquist, Methodist Missionary To Speak Here Tonight

The Rev. Lennart G. Blomquist, a Swedish-born missionary of the Methodist Church (U.S.A.) serving in British-controlled Southern Rhodesia, Africa, will be the guest-speaker at the Methodist Church in Memphis Thursday evening, Oct. 20. He will speak at a Missionary Zone Rally, beginning at 7:30 p. m. Attending will be members from the churches at Clarendon, Wellington, Childress, Hedley, Estelline, Lakeview, Memphis, and others, according to an announcement made here. All people of Memphis and Hall County have been invited to attend. Mr. Blomquist has supervision of the agricultural training of African youth at the "Woodlands Farm." The young people from the Teacher Training School, the Bible Institute, and the Methodist Secondary School, all at Old Um-tali, enroll in agricultural classes

under Mr. Blomquist. He is also an ordained minister, serving as pastor in Old Um-tali, and supervising churches in the district. At the Woodlands Farm attention is given to food production for the schools and hostels; there is a dairy and instruction in animal husbandry. Graduates—either as teachers or preachers—can care for their own gardens and farms scientifically, and carry on most building and household arts. Mr. Blomquist was born in Vesteras, Sweden, and makes his permanent home in Stockholm. He was graduated from the Swedish Industrial College in Gothenburg; has his B. D. degree from Union Theological Seminary, New York; and has taken specialized agricultural training at Texas Tech College, Lubbock. He was ordained to the Methodist ministry in Sweden by Bishop Arvidson

Mary Finchum Is Cotton Queen At Hedley Festival

Mary Finchum of Hedley was named Queen of the Hedley Cotton Festival last weekend and was crowned by the Lions District Governor, Ralph Thomas, in special ceremonies Saturday night. Royal Princesses named are Judy Saunders and Dolores Messer. The reigning queen of this year's festival, Mrs. Kathy McPherson Burns, yielded the throne to Miss Finchum at the ceremony. It was reported that 184 old settlers signed up Friday as having lived in Donley County for 30 years or more. Friday's schedule of events went off as planned, but on Saturday all outside activities had to be canceled due to the rain which fell all day. At the old settlers get-together, Mrs. Mattie Beach and Tom Bain were given the prizes for being the oldest lady and gent present. Tom Owens received the prize for having come the longest distance. He is from San Bernardino, Calif. Mrs. W. I. Rains was presented an award for being the surviving co-founder of Donley County Old Settlers Association. Retiring officers of the association include: Mrs. Mabel Bridges, president; Bill Clay, vice president; and Mrs. T. J. Cherry, secretary-treasurer. New officers elected include: Woodroe Farris, president; Tommy Bain, vice president; and Mrs. Dot Messer, secretary-treasurer. At Friday night's old fiddlers contest, Richard Stotts won first prize, Mack Graham won second, and Gam Morgan won third. Despite the fact that the parade was cancelled, a few of the bands appeared at the festival anyway. These included the Wellington High School Band, the Golden Spread Air Force Band, and the Khiva Temple Shrine Drum and Gable Corps. Several other groups also showed up Saturday at the festival. Question: Is it the high cost of living or the cost of high living that is keeping many families broke? A man was discovered dead and the jury, puzzled as to the cause of death, finally reported: "It was an act of God under very suspicious circumstances." According to the latest political report, apparently honesty is not the best foreign policy.

PROCLAMATION

I, H. J. Howell, Mayor of the City of Memphis, Texas, do hereby proclaim Oct. 24 through Oct. 28 United Nations Week.

This is a time we look for the good that may be coming out of an age of international action and plans.

This a time for strengthening the United Nations and other agencies for international understanding and world peace.

Lasco Wiginton Funeral Service Held At Lakeview

Lasco C. Wiginton, 69, pioneer Lakeview farmer, died early Friday morning in a local hospital where he had been a patient for the past six weeks. Funeral services were held at 3 p. m. Sunday from the First Methodist Church in Lakeview with Rev. Clesby Patterson, pastor, officiating, assisted by Rev. H. W. Hill, pastor of the Lakeview Baptist Church. Burial was in Lakeview Cemetery under the direction of Spicer Funeral Home. Mr. Wiginton was born Aug. 25, 1891, in Mississippi. He had lived in Hall County for the past 53 years. He was married to Miss Mildred Bailey Dec. 22, 1923, at Wellington. He was a member of the Lakeview Methodist Church. Survivors include his wife, Mrs. Mildred Wiginton of Lakeview; six sons, Jack of Sunnyside, Calif., Ray of Honolulu, Hawaii, Bob of Anaheim, Calif., Joe and Gail of Orlando, Fla., and Danny of Lake-

view; six daughters, Mrs. Sybil Ga'acin of Martinez, Calif., Mrs. Rebecca Tate of Santa Rosa, Calif., Mrs. Joe Calral of Martinez, Calif., Mrs. Betty Jorstman of San Antonio, Mrs. April Uttecht of Oakland, Calif., and Miss Peggy Wiginton of Lakeview; 16 grandchildren; and one brother, Hoy Wiginton of Santa Maria, Calif. Pall bearers were Troy Payne, Russell Payne, Joe Durham, Glen Verden, Jiggy Lowe and Jiggs Walls.

Some people get the idea they are worth a lot of money just because they have it. A Texas cowboy went to a hotel and registered for the first time in his life. Asked if he wanted a room with running water, he replied: "No! What do you think I am a trout?" Women are wise about facts and figures. A girl with a good figure soon learns the facts. It is easy to meet expenses nowadays. You run into them everywhere. Wonder which is worse, the OPA or the HCL?

Memphis Baptists To Attend 75th General Con.

Ten Memphis Baptists will be among the 7,500 persons from virtually every city in the state expected to attend the 75th anniversary meeting of the Baptist General Convention of Texas in Lubbock, Oct. 31-Nov. 2.

They are Mr. and Mrs. C. D. Pedersen, Rev. and Mrs. Fern A. Miller, Rev. and Mrs. L. E. Barrett, Mrs. Henderson Smith, Mrs. Omer Hill, Mrs. Robert Moss and Mrs. Mary Bownds.

Messengers from the state's 3,887 Baptist churches will meet to conduct the business of the one and a half million-member convention, hear inspirational messages by some of the nation's leading Baptists, and honor outstanding leaders in the state.

A major proposal to come before the convention will be a merger between the Mexican Baptist Convention and the Baptist General Convention of Texas. The denomination's 191-member executive board will recommend its approval to the messengers.

A record \$13,688,030 world missions cooperative program budget will be considered during the annual business session.

Other business will include the election of Convention officers and 225 trustees and directors for 25 Baptist institutions, adoption of resolutions, and reports of institutions and agencies.

Theme for the Convention, "Found Faithful," will be carried out with dramatic presentations opening each session.

Principal speakers will include Dr. Ramsey Pollard, president of the Southern Baptist Convention

Laff Of The Week

"I had a wonderful time, Alfred, and tell your father it was awfully nice of him to advance you the five-weeks allowance."

Veterans Line up for Farms

In the face of mounting anxiety on how to save the family farm, the Veterans Land Board in Austin has some 40,000 veterans lining up to buy Texas farm and ranch land.

This waiting list of 40,000 is now on file at the General Land Office, and requests currently are coming in at the rate of 250 a week. The whole program has been slowed down pending the outcome of a proposed constitutional amendment which will be

from Memphis, Tenn.; Dr. W. A. Criswell, pastor of the First Baptist Church of Dallas; and Dr. Leo Eddleman, president of New Orleans Baptist Theological Seminary.

voted on in the Nov. 8 general election.

The amendment would authorize the Legislature to lift the rate of interest it pays on State bonds sold to purchase land for resale to veterans from 3 per cent to 3 1/2 per cent. The Land Board at present has on hand \$62,500,000 worth of these bonds which have failed to attract buyers because of the 3 per cent interest rate. Sale of these bonds at a higher rate of interest would once more accelerate the land buying program.

It is a fact that few of the veterans buying land through the program actually intend to live on or to make a living from their small tracts. For one thing, the limitations are too stringent. The

maximum State loan is \$7,500, although this may be applied to purchase up to but not to exceed \$15,000. Except in extremely rare cases, this is far from enough to provide sufficient land or improvements to make a livelihood.

But the terms are attractive—the down payment required is only 5 per cent of the purchase price, and the veteran is given 40 years to pay the balance at an interest rate of 3 1/2 per cent. Through July this has resulted in the sale of 22,427 tracts through the Veterans Land Board, a total purchase price of \$132,390,612 and a State investment amounting to \$122,102,109. Of these 22,427 tracts, only 158 have been forfeited back to the State because of non-payment of loan installments. More than two million acres of land are involved.

Average price paid for the 22,427 tracts has been \$70.03 per acre. The veteran is not required to live on the land he buys, and it is figured that the vast majority are buying as an investment or with plans of eventual retirement with income from elsewhere.

Statistics show that not more than 15 to 20 per cent of veterans requesting application forms actually complete the applications. Approximately 100 application forms are mailed out each week by the Land Board, but the weekly rate of return is only 15 to 20. It may be that the idea of going back to the farm loses some of its appeal when it comes to putting up the cash, even when the amount is small.

Mrs. J. L. Barnes Is Hostess To Delphian Club

Members of the Delphian Club met Tuesday, Oct. 18, in the home of Mrs. J. L. Barnes.

The president, Mrs. Mildred Stephens, presided during the business session.

Mrs. Bill Combs introduced the program entitled "A Hand in

Things To Come—National and Civil Defense," with the quotation "May God stay the hand of the reckless—Human destiny hangs upon time." Miss Maud Milam presented "The Degeneration of Command-Clumsy Hands." She discussed the responsibility of and the strain upon the people who are connected with the missiles that are set up for the protection of the United States; and the danger that someone might become reckless and accidentally bring war upon the world.

Mrs. A. Anisman discussed

"American Defense, a Big Game Stronger Fist." She explained the defense system, listing the missiles and some of the tactics which would be employed in time of war. Refreshments were served by Mmes. Sim Goodall, O. R. Goodall, Clyde Smith, Joe Motherhead, Anisman, Jack Boone, Mildred Stephens, J. W. Stokes, H. Hays, C. C. Hodges, J. S. Murr, R. H. MR. FARMER:

Here's Our Policy In Connection With BUR HAULING

The following was adopted by the Gin Board:

Burrs will be hauled to individual customers, and scattered for \$3.00 per ton.

Allocation of burrs will be handled by gin on the basis of the order in which applications are received from customers.

Individual customers will be allocated burrs in proportion to the amount of cotton they gin as long as there is a waiting list of applicants.

We wish to take this opportunity to thank each and every one of you for all the patronage you have given this farmer-owned gin in the past, and solicit your patronage during this ginning season. As you know, the dividend we pay depends on the volume of business. So, HELP YOURSELF BY GINNING WITH US.

IF YOU ARE IN NEED OF FIELD HANDS, COME BY AND SEE US. WE WILL CONTINUE TO WORK WITH FARMERS OF THIS AREA IN OBTAINING HELP.

How Well Do You Know Your America?

The scene above shows one of America's most famous lakes and the only national park in the State of Oregon. A rustic lodge and its patio overlook beautiful Crater Lake, deep blue gem of the Cascades. Depth of the lake (3000 feet) helps to give it a deep blue coloring. Wizard Island, center, of fairly recent volcanic origin, and Liao Rock (prominence at right) are important geologic characteristics of the park. One of Oregon's most-photographed scenic attractions, Crater Lake is visited annually by more than 300,000 persons.

National Poetry Week Is Observed With Contest In Memphis Schools

In observance of National Poetry Week, a poetry contest was held in the Memphis Schools this week. Each student who desired to participate presented to his or her English teacher a poem of his or her own composition.

Students numbered the papers and names of the winners were not known until after the winning poems were selected.

Awards were given for first, second and third places. Winners were recognized by the principal of their school and were asked to read their contributions at the public address system. In addition to this recognition, the winners received nominal awards.

Winners in the seven divisions were as follows:

Austin Elementary School: Group I, second and third grades, first, Bobby Richards, third grade, "A Bus Ride"; second, Ray Maddox, third grade, "Autumn Woods"; third, Randy Phillips, second grade, "Flowers and Cars."

Group II, fourth and fifth grades: first, Sheila Ford, fourth grade, "The Seasons"; second, Susan Stevenson, fifth grade, "My Dog"; third, Teresa Carson, fifth grade, "Autumn Leaves."

Group III, sixth and seventh grades: first, Linda Lou Ford, seventh grade, "Ice Capades"; second, Rosemary Harrison, seventh grade, "The Heroes of Texas";

third, Kenneth McKown, sixth grade, "Where I Fish."

Travis Elementary School: Group I, second and third grades, first, Carolyn Sparks, "The Bird's Song"; second, Merle Kilpatrick, "Spring Colors"; third, Lynette Spicer, "The Kitty."

Group II, fourth and fifth grades: first, Donnie Aronofsky, "School"; second, Judy Moore, "Flowers"; third, Chuck Jennings, "Sailors."

Group III, sixth and seventh grades: first, Regina Hoover, "A Penny for Your Thoughts"; second, Gerry Knight, "Autumn"; third, David Douthit, "Rain."

High school winners were Ronnie Thomson, first; Barbara Elem, second; and Lowell McKown, third.

Mrs. H. R. Stevenson Named Secretary Of Local AFS Chapter

Mrs. H. R. Stevenson Monday was named secretary of the screening committee for the local American Abroad Program. According to Allen C. Dunbar, coordinator of the screening committee, Mrs. Stevenson replaces Mrs. Wendell Harrison, who had resigned.

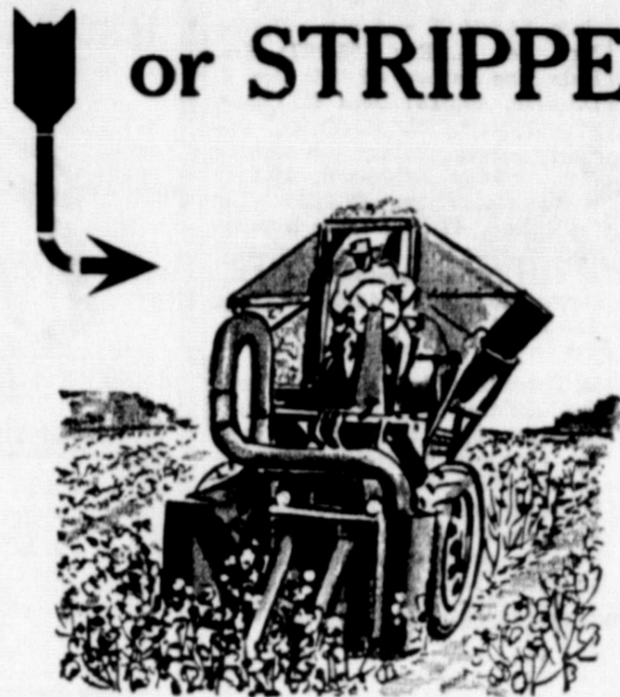

The screening committee will

start its work within a few days toward naming a local high school student to go abroad next summer, Dunbar added.

As a Texas plainsman, the only value we can see in mountain climbing is to get a better view of the great plains below.

Maybe the cost of living is too high; but apparently most people are sure trying to get their money's worth.

Whether You Harvest Your Cotton By HAND or STRIPPER

BRING IT TO EITHER OF THESE TWO FARMER-OWNED GINS For Best Turnout

As in past years, we are operating these two farmer-owned gins to give every cotton grower THE MOST MONEY FOR EVERY BALE OF COTTON HE GROWS. That's the reason that the Farmers Union Co-Op Gins are the finest money can buy. Both plants are in tip-top shape. The new gin at Plaska proved its efficiency last season. The gin in Memphis, as usual, is in first class shape throughout.

For better samples, we have installed two Moss Lint Cleaners in each of the gins. This Double-Cleaning is proving that they will put more money in the pockets of our customers.

You can return cotton burs to your land

This year more attention will be paid to returning burs to land, and we are cooperating with our customers to make this possible. Burs will be stacked near our gins, and our customers may haul them away as they find time to do this. The SPECIAL BUR FANS meets governmental regulations where burs are returned to land.

Do You Need Water On Your Farm?

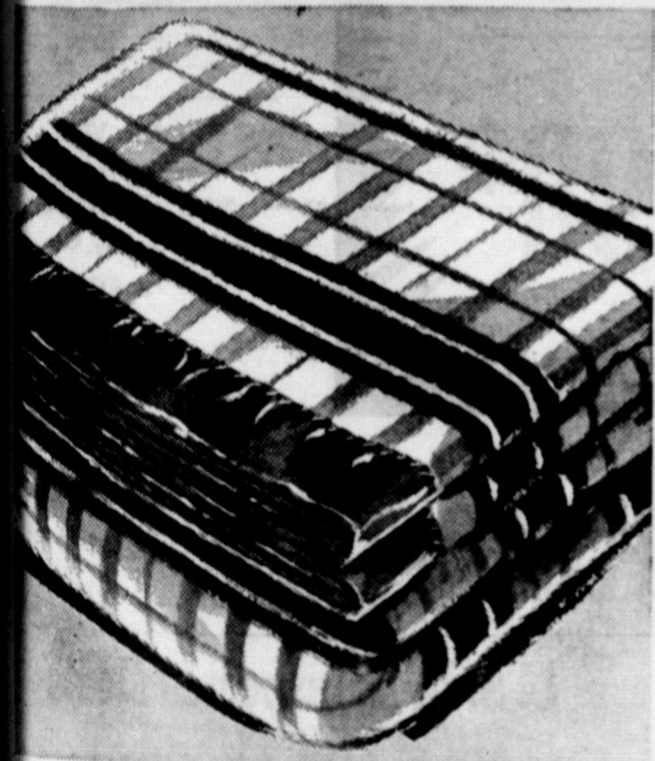

If you do, you'll be glad to know that this year we are operating TWO WATER TRUCKS for the convenience of our customers. They are on duty from 7 a. m. to 6 p. m. You may call either gin office, and a load of water will be delivered FREE OF CHARGE to you without delay.

If you need boll pullers, let us know. As in past years, we will cooperate With our customers and use our housing units for their benefit.

True, radio and TV, like newspapers, have to depend upon advertising revenue to keep going.

For thirty or more years, cigaret advertisers have not used Democrat space. In this issue and next, Camel Cigaretts are being advertised by Reynolds Tobacco Co. . . . Also in the past few issues of the paper, national advertisers have been taking considerable space to advertise new cars—more space than in several years . . . It leads us to the belief that national advertisers have come to a realization that newspapers are not flashed by the readers, but are read from front to back by the whole family who want to know what is happening, but also what is offered for sale. They can read all the paper, or if disturbed, can lay the paper down and return to their reading at once, or the next day at their convenience.

For several years, Texas newspapers, realizing the existence of the loan shark evil, have from time to time published articles or editorials concerning the harm inflicted on thousands of families by the activities of these extortionate lenders. People would become aroused and thought something should be done to eliminate the evil. At last, Texans have an opportunity to do something about the problem once and for all. By voting for Amendment No. 4, on the general election ballot Nov. 8, it will make it possible for the State to regulate the small-loan business in the public interest, just as 41 states are already doing.

Texas has been known as "the loan shark state." Records show that thousands of families found themselves involved with unscrupulous lenders whose charges range from 200 to 500 per cent, and even higher. There are countless instances where, because of the fantastic rates, borrowers find it almost impossible to free themselves of debt. The annual take of these high-rate operators

Mrs. Myra Cauthen Dies After Short Illness Monday

Funeral services for Mrs. Myra Melinda Cauthen, 74, were held at 10 a. m. today in the First Baptist Church of Clarendon with Rev. Fern Miller, pastor of the First Baptist Church of Memphis, officiating.

Mrs. Cauthen died at 3:15 p. m. Monday in a local hospital a few hours after suffering a stroke. Burial was in Citizens Cemetery in Clarendon.

A native Texan, Mrs. Cauthen was born March 22, 1886. She had made her home here with her sister, Mrs. Hulda Wilson, for the past 16 years. Prior to that she had resided in Clarendon for about 40 years. She served a four-

She was a member of the Baptist Church of Clarendon and the Clarendon Chapter of the Order of Eastern Star.

Surviving are five daughters, Mrs. Frances Buck of Clarendon, Mrs. Fern Durham and Mrs. Ruth Conway, both of Big Spring, Mrs. Hulda Jo Dann of Middletown, N. Y.; a son, Sam, of Houston; four sisters, Mrs. Hulda Wilson of Memphis, Mrs. George Bullman and Mrs. Lloyd Moreland, both of Clarendon, Mrs. Carl Peabody of Imperial; five brothers, Milton Cannon of Cleburne, Sam Cannon and Joe Cannon, both of Vernon, Richard of Clarendon and Jim of Channing; six grandchildren and one great-grandchild.

Mr. and Mrs. Oran Adcock and Bunky, Patsy Nabers and Phil Howard visited in San Simon, Ariz., with the Pete McCanne family and in El Paso with Butch Adcock and Jerry Gowdy over the weekend. Butch and Jerry are stationed with the U. S. Army at Ft. Bliss.

Hall County Farm Bureau To Meet Monday Night

The annual meeting of the Hall County Farm Bureau will be held Monday night, Oct. 24, at 7:30 p. m. in the Travis School Cafeterium.

Resolutions will be voted on which will be sent to the state convention in Dallas Nov. 9, 10, 11 and 12. Directors will also be elected for the coming year.

Refreshments will be served and a cordial invitation is extended for everyone to attend whether they are Farm Bureau member or not.

Snapshots—The Infantry School

A picture of the building shown above can be found in the scrapbook of thousands of ex-G.I.'s from Maine to California. It's The Infantry School at Fort Benning, Georgia. At Benning, said to be the most beautiful Army post in existence, some one million officers and men were trained during World War II alone. As many as 100,000 troops have been stationed there at one time. The post covers 10,000 acres and has been an integral part of Columbus, Ga., since 1814. The Fort was named in honor of Gen. H. L. Benning, a lawyer-soldier, who raised a regiment of men from this area when General Lee at Appamattox.

Commissioners Meet Monday

The Hall County Commissioners met Monday morning in the commissioners courtroom in the county courthouse for their regular monthly meeting.

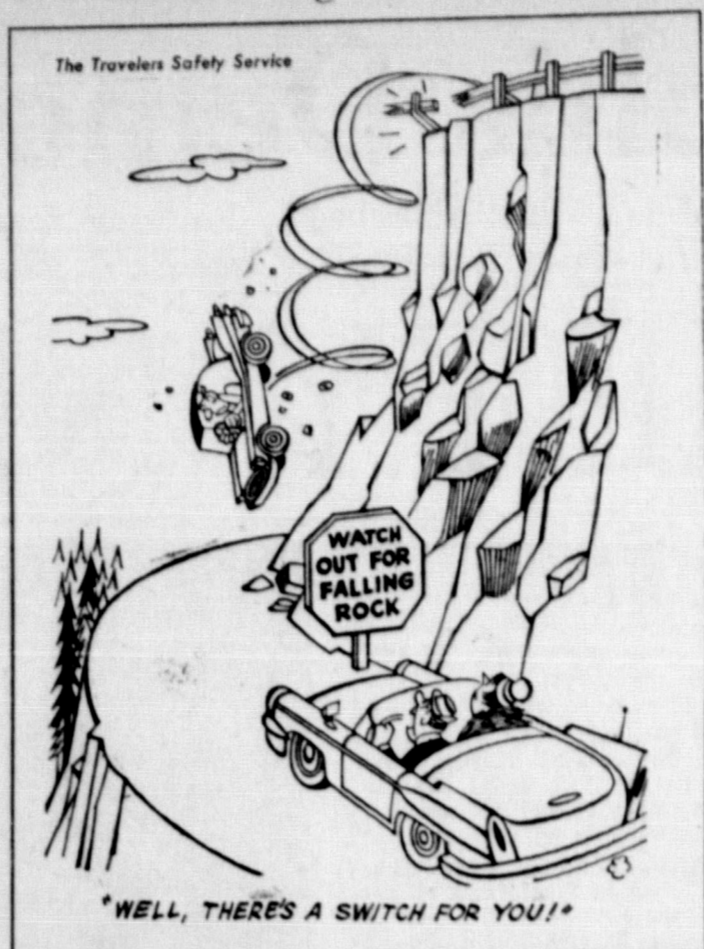

The commissioners approved the reinvesting of \$245,000 in U. S. Treasury bills. These County Hospital funds were invested in U. S. Treasury bills which mature this month.

The court also approved the equal division of lateral road money given the county by the state. The \$5,201.09 will be divided equally between the four precincts.

The commissioners approved a motion to allow county road equipment to do work on roads in cities and for individuals in the county for a nominal fee.

Olton Pate was named by the commissioners to replace Dwight Kinard on the list of officers to help hold the general election in Memphis Precinct No. 1. Bob Ayers is presiding judge for the Precinct 1 box, and J. M. McMur-

Cyclone, Tigers, Battle to 6-6 Tie Here Friday

By BILL COMBS
Memphis Cyclone and the Tigers battled to a 6-6 tie here Friday night at Cyclone Stadium in the season's last non-conference game for the local team.

The Cyclone scored late in the second quarter, after moving the ball 91 yards in 7 plays. Cyclone QB Bunky Adcock scored on a QB keeper play around right end from the six yard line. HB Larry Craig carried for the extra points but fell short.

The Tigers scored late in the third quarter after recovering a Cyclone fumble on the Memphis 7 yard line. The scoring play was a wide pitchout to HB Morris Boothe who carried over from the Cyclone seven.

The game proved to be a see-saw battle, with the Cyclone having an offensive edge over the Tigers, however, both teams had fumble troubles throughout the game.

Tackle Sam Goodnight kicked for the Cyclone and after the run-back, Hollis took over on their own 40. On a fourth down running attempt, Hollis fumbled and the local squad recovered.

The Cyclone took over on the Hollis 40 but a 15 yard penalty kept them from making a first down so Adcock punted. Hollis took the ball on their own 30 after the punt run-back, and two plays later, lost the ball on a fumble on the 48.

Using a ground offensive, the Cyclone moved to the Hollis 39 for a first down. At this point, another 15-yard penalty stopped the drive and Adcock punted to the Hollis 10. Hollis fumbled again and the local team had the ball on the Hollis 10. Then another 15-yard penalty on the first play set them back to the Hollis 25. The Cyclone moved 15 yards in four downs so Hollis took over on their own 10. The Tigers couldn't move the ball, so they punted out to their own 30. Then, on the first down, the Cyclone fumbled and Hollis recovered.

Hollis picked up two first downs as they moved the ball down the field to the Cyclone 44, but here

their drive stopped, and they punted to the Cyclone 9. This started the Cyclone scoring drive.

HB Larry Craig made 9 and Perry Wright four more for the first down to the 23. Then, Larry Craig broke loose with the aid of good blocks by Guard Don Gailey and FB Robert Gardner, and ran 55 yards around right end before he was tackled. A red flag was thrown at the point of the tackle, and Hollis was penalized, one-half the distance to the goal line, to their own 12.

Running from the 12, Wright picked up 5 yards, Craig added one more, and then Adcock went over to score. The clock showed 7 minutes and 17 seconds left in the second half.

Hollis took the kickoff and moved down to the Cyclone 33 where they lost the ball on downs. Memphis was held, and Adcock punted to the Hollis 45. Then Woody Parker, No. 11, QB, for the Tigers, picked up 23 yards on an end run, but Hollis was unable to continue the drive, and lost the ball. The half ended a few plays later.

Hollis kicked off to the Cyclone, and Perry Wright ran the ball back to the Cyclone 48. Then Craig and FB Eddie Jones moved the ball to the Hollis 19, but then, a 15-yard penalty stopped the Cyclone drive, and Hollis took over on their own 20. The ball changed hands when Hollis punted and the Cyclone lost the ball on a fumble on the Hollis 43.

At this point, Hollis began its first scoring threat. Boothe picked

The PTA of Estelline held their first formal meeting of the year, Tuesday, Oct. 4, at 8 p. m. Mrs. A. D. Britt opened with prayer. Mrs. Joe Eddins, president, conducted the short business session. Plans were completed for the Halloween Carnival to be held

up 10 and a first down, and a pass was complete to FB Obie Neal who moved the ball down to the Cyclone 12.

With the Tigers on the Cyclone 12, the local defensive team went to work and held for the four down, yielding only two yards.

But then, on the first down, the ball got loose from the Cyclone backs and Hollis recovered the fumble on the Cyclone 7.

Hollis scored two plays later, on the pitchout to Boothe. On the try for extra points, their 208 lb. FB, Obie Neal, failed to make the necessary yardage for the two points.

In the closing minutes of the game, the Cyclone took the ball from the Hollis punt on their own 28. Craig, Jones, and Adcock carried for a first to the Cyclone 41. Then Wright and Gardner added 16 yards for another first to the Hollis 43. Two more carries by Gardner and Craig made 16 more yards to the Hollis 27 and another first. Then, a fourth down pass play to E Garland Moore netted enough yardage for a first to the Hollis 14.

With only a minute and a few seconds left, the Cyclone moved the ball nine yards, two feet and a few inches, but fell short for the first down.

Coach Don Lambert said that Goodnight already had the Kicking tee in his hand and was going in for a place kick when the officials ruled it was Hollis ball with four seconds left in the game.

Both teams suffered injuries during the game, however, Coach Lambert stated that none of the Cyclone injuries were serious.

Cyclone backs gained 226 yards on the ground, with Craig making 103 yards on 18 carries; Jones 45 yards on 7; Gardner 39 on 11; Wright 13 on 7; Adcock 21 on 5 and Douglas Peters 5 on 4.

J. W. Coppedge To Attend REA Meet In Dallas

J. W. Coppedge, manager of the Hall County Electric Cooperative, left Wednesday for Dallas where he will attend the District 10 annual meeting of the National Electric Cooperative Association.

The meeting is being held in the Baker Hotel and over 600 representatives from the states of Arizona, New Mexico and Texas are in attendance.

NRECA is a non-political, non-partisan association with members made up of approximately 1000 rural electricians throughout the United States, serving over 16 million rural people in 46 states.

Committee meetings took place Wednesday, prior to the two-day general meeting.

Clyde T. Ellis, NRECA general manager, showed a movie Wednesday evening, related to the Senate Committee on Interior and Insular Affairs and Public Works that toured behind the Iron Curtain last fall, viewing Russian hydroelectric construction. Ellis was appointed a consultant and was a member of the committee on this 31-day trip.

The Thursday morning program included reports by the NRECA officers and directors, a report by NRECA President Walter Harrison, and REA Administrator David A. Hamill.

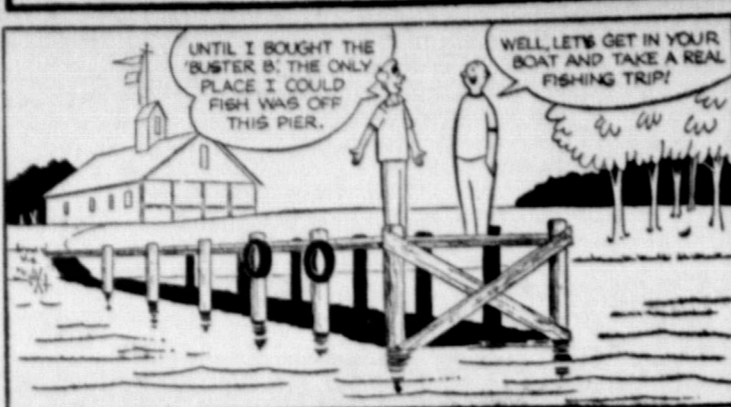

NRECA General Manager Clyde T. Ellis, former Congressman from Arkansas, reported to the members at the luncheon meeting at noon today.

Panel discussions and reports on legislation, retirement, safety and insurance, and the public relations and member education programs were scheduled for this afternoon.

Additional panel discussions on management and recruiting youth for rural electrification will be given on Friday morning along with another general business session.

Cotton blazer jackets with metallic buttons will be popular for men again this fall. Navy blue, wine, and gray are favorite colors.

LETTERS TO THE EDITOR

To Byron Baldwin:
Thank you very much for the picture of the few remaining members of the famous "Gold Medal Band." I was sorry that I was not available when this picture was struck.
Byron, it is our opinion that much credit goes to you for your minute detail planning of this celebration; however, convey our thanks and appreciation to each and everyone who shared a part in the undertaking. Raye and I enjoyed every minute of our stay. Hours were only minutes to us. We met old friends we had not seen for many years. As I have said before, and I still say, the

finest people in Texas live in Hall County.
Raye and I again thank you for inviting us to this celebration.

Dear Byron:
I can't tell you how sorry I am to have missed the old timers reunion at home and to see and visit with you and many others. It must have been a real pleasure and a warmly hospitable occasion.
Thanks, so very much, for the picture. You can imagine the trouble I had in identifying two or three of the fellows, for probably I haven't seen at least four of these men since 1926 or 1927, which was some time ago. Jet Fore has grown in appearance to look a lot like his father, Uncle Billy, whom I almost worshipped as a young boy. As you remember, we lived neighbors to them for many years and Uncle Billy was always wonderful to us "kids" in the neighborhood. Harry Delaney looks fine. I am still studying the

Draft Quota For Texas In Nov. Calls For 365

The state quota for Texas draft boards in November calls for 365 men, Colonel Morris S. Schwartz, state Selective Service director, said Tuesday.

The November call is the states share of a national quota of 7,000 men, all for the army.

Colonel Schwartz also announced pre-induction physical and mental examinations for approximately 2,000 men in November.

Local board quotas for the November call already have been completed and sent to the state's 137 local boards.

The November quota will be filled with men who are at least 22 years old on Nov. 1, 1960, with the exception of volunteers or delinquents, who may be younger.

Dear Byron:
I appreciated you sending the picture of the Band Boys attending the 70th Anniversary Picnic. It was a happy experience to be with them and a thrill to "Roll Off" on the drum again and to play several tunes with them. I was surprised that we could get through one number as most of us had not played in many years.

The Picnic was an outstanding success and showed that much planning had been done for months to make it so. As general Chairman you are due our sincere thanks for making this Homecoming visit so interesting and enjoyable for everyone who attended.

After reading the names in the Democrat of those registering, we found there were many friends we missed seeing which we regret very much. Hope we have another opportunity to see them.

My mother, Mrs. T. C. Delaney, and my wife, Ernestene, and I enjoyed every minute we were there and we each wish for you and yours every success in the future.
Sincerely,
Harry Delaney

Mrs. Arnel Ford, first cousin of Mrs. Polly Clemons of Memphis, was killed instantly in a car wreck at Stratford on Oct. 11. Interment was in the Lakeview Cemetery.

Wildcat Well To Be Drilled Near Tell In County

A 5,050-foot wildcat is slated to be drilled by Atlantic Refining Company, Midland, No. 1, W. E. Garrison, at a point 1,880 feet from south and 1,980 from east lines of section 105, block H, AB&M survey in Hall County.

This places the well in a location in the southeast part of Hall County, in the Baylor community.

Hall County Soil Conservation District News

For the protection of cultivated land against the hazards of wind and water erosion this coming winter and spring in the Hall County Soil Conservation District nothing can take the place of cover crop or dead or alive, says Charley B. Cape of the Soil Conservation Service.

One good way to prevent wind and water erosion is to cut grain sorghum leaving the stubble at a height of about 12 inches. This

stubble should be left standing until about April 1. Where large amounts of residues are produced, it is recommended to incorporate the residue into the soil surface at least three weeks before planting time next spring. When insufficient residues are produced during the growing season it is advisable to use emergency tillage operations such as listing or chiseling. This will aid in the control of wind erosion.

This is also a favorable year for the planting of cover crops such as rye or winter peas. The Hall County Conservation District has equipment that may be used to plant these cover crops. Equipment may be obtained from Wayne Hutcherson at Memphis or from the vocational agriculture teacher at Turkey.

Another practice that can be beneficial to land is the addition of cotton burrs. The burrs add organic matter to the soil, increase the water holding capacity, and

Highway Patrol Investigates Two Hall Accidents

The Highway Patrol investigated two rural accidents in Hall County during the month of September, according to Sergeant D. R. Dowdy, patrol supervisor of this area.

aids in the control of wind erosion. At least three tons of cotton burrs should be applied per acre, although heavier applications are recommended. Also it is advisable to fertilize cotton burrs with nitrogen fertilizer at the rate of 10 pounds per 1000 pounds of burrs. This fertilizer aids in the decay of the cotton burrs as well as adding nitrogen to the soil.

for no persons killed, none injured, and a property damage of \$70.

This brings the total for the year in this county to one person killed, three injured, and a property damage of \$22,599.

"Darkness hides danger," Sergeant Dowdy said.

That is the reason traffic accidents increase during October's shorter days and longer nights. At sundown, long shadows and fading light make it increasingly difficult for drivers to spot traffic hazards and stop in time. Make it a habit to turn on driving lights at the first hint of dusk and always use them properly, the sergeant advises.

With winter approaching, it is important that all owners of automobiles have their cars safety inspected at one of the approved inspection stations to determine that all parts are in top condition," the sergeant stated.

If You Plan To Use A Cotton Stripper You'll Want To Take Advantage of our two

Green Leaf and

Stick Machines

Because You Will Get A

Cleaner Sample

Here's good news for every cotton farmer who plans to strip his cotton, or who is gathering trashy cotton this season! Here at the Memphis Farmers Co-OP Gin you will find TWO GREEN LEAF AND STICK MACHINES, each of which is located behind our two bur machines, to give our customers a CLEANER SAMPLE of every bale. These machines remove leaves, twigs, sticks and other foreign matter from the cotton, BEFORE IT FLOWS INTO THE GIN STANDS. This means the saws do not handle the trash—just remove the lint from the seed.

Get the facts about the advantages of this. We believe this is the only gin plant in Hall County which operates this additional equipment.

A Modern \$150,000 Gin Plant To Serve You Better

This new gin was designed to give our customers the BEST GINNING it is possible to produce. Last season's record showed what new, modern equipment could do in producing a BETTER GRADE and LONGER STAPLE. Ask the farmers who are ginning with us.

Remember This Is A FARMER-OWNED GIN

By keeping YOUR gin busy during the following months, you will be helping it to have a more profitable operation this season. As you know, all profits from our operation are returned directly to our customers.

Again This Year We Will Help You Get Field Hands If You Need Them To Harvest Your Cotton. Let Us Know Your Desires.

Representative, 18th Congressional District Report From Washington

By WALTER ROGERS

Federal Trade Commission of the most gilded industries in American history is being passed by the Sherman Anti-Trust Act of 1890 and the Federal Trade Commission in 1915. This quarter felt the first impact of the assembly line, and with it the Malfactors of Great Britain, the sugar trust, the oil trust, the electric trust, even the ice trust. It was a rising clamor against "unfair competition," and even business began to favor some sort of exchange for a more definite definition of their rights.

A special bureau had been established within the Department of Justice to enforce the Sherman Act. The executive department of the courts were sufficient to handle the war against industrial privilege. A Supreme Court decision in 1911 added to this view. In the famous Standard Oil and American Tobacco cases, the court held that "unfair" combinations that restrain trade. Thus each case had to be examined individually to decide what was "unreasonable" and what was merely a competition.

Presidential campaign of that idealistic dogfight between Democrats, Progressives, Republicans, and Socialists in 1912 brought enactment of a commission to regulate interstate trade and to aid the Department of Justice in fighting trusts and "monopolies." The Interstate Commerce Commission, which had been in existence since 1876, was commanded to look for the idea of independent business. The stage was set, and Woodrow Wilson urged the establishment of a regulatory commission rather than the regulatory body which the courts favored. His view prevailed.

and formal operations of the Federal Trade Commission began the following year.

The men who had supported the Commission believed there was no better way to apply the rather vague concept of "unfair competitive trade practices," and they felt such an application was necessary to preserve an enterprise system which is truly free and competitive. Individual businesses should not, the argument goes, be allowed to either stifle their competition nor deceive their customers. These two closely related interests are essentially the same basis for Commission activity today.

The FTC polices the intricate operations of the nations corporations in an effort to guard against arrangements which might produce harmful price discriminations, deals to arbitrarily set prices within an industry, or schemes to restrain free trade within the economy. It cannot punish an offender, but "prevents" abuses through the use of cease-and-desist orders. In many cases, the Commission needs only to point out a supposedly illegal activity and the practice is suspended quietly without the need for formal proceedings.

More important to most Americans, perhaps, is the FTC practice of stopping the production of unfair or deceptive advertising in newspapers, radio, television, or other communications media. The Commission has one office, for example, which monitors selected television commercials on broadcasting stations all across the country. There are certain fairly distinct standards for what constitutes fair play in such commercials, but the FTC makes no effort to control such delusive qualities as taste.

The FTC still looks to the federal courts for legal support in some cases. In connection with this, judicial review of agency ruling has been a prime cause of debate with all the regulatory bodies. Those seeking a restricted review by the courts hold that there can be no judicial supervision of a task which is legislative and that a review of constitutional questions would effectively guard legal

Order Of Rainbow Holds Business Meeting Oct. 11

The Order of Rainbow for Girls held a business meeting Tuesday night, Oct. 11.

Visitors attending the meeting were Mr. and Mrs. Bill Brown of Pampa. Mrs. Brown is the grand visitor for this district for the Grand Assembly of Texas, Order of the Rainbow for Girls.

The meeting was held for the purpose of the girls receiving, from Mrs. Brown, instructions in the procedure for business for their organization.

Linda Campbell Is Elected WTSC Wing Counselor

Miss Linda Campbell has been elected wing counselor at Cousins Hall at West Texas State College. A representative is elected by the girls on each wing to aid the floor counselor in her duties.

Linda is the daughter of Mr. and Mrs. Perry Campbell of Lakeview. She was a 1960 graduate of Lakeview High School and is now attending West Texas State as a freshman. Linda was recently nominated for a freshman senator along with 26 other students on the campus.

SPORTS AFIELD

By Ted Kesting

Shooters of single-barrel guns are turning more and more to choke devices as a solution to their pattern problems, says Pete Brown, Gun Editor of Sports Afield Magazine. Not, he continues, that a choke device necessarily gives better patterns, but because it does make a one-barrel gun into a multipurpose fowling piece. The choke device also furnishes more possibilities for experiment when attempting to arrive at the best possible patterning performance. These devices are made with a wide range of adjustment, and the shooter can usually find a setting to meet any situation within reason.

Representing the latest innovation in choke devices are those which simulate double-barrel choke performance by automatically switching to a tighter choke for the second shot. The choke, when set for automatic change, always goes to the next tighter choke on the second shot and remains at that setting until released by a button on the underside of the device. There are seven possible fixed-choke positions.

The latest inventions of the choking art take over practically every advantage of the double-choke feature of the double-barrel gun. The double-barrel gun

with double triggers or with the single selective trigger does retain one small advantage. With these particular double guns one can reverse the choking sequence. The tight choke can be fired first and the more open choke on the second shot. This is assuming the shots are fired at incoming birds rather than birds going away. Since the automatic adjustments always shift to a tighter choke they are strictly for outgoing birds. And since most normal, healthy birds are outward bound after the first shot is fired, there is actually little need for reversing the choke change sequence.

It's a good guess that most of us who shoot a shotgun don't give the choke at much consideration as we might. We fully appreciate the fact that full choke is for long range and is the usual selection for ducks and geese. The fact is, in most instances a modified choke might prove to be better. Choosing the proper choke requires somewhat more thought than choosing a proper necktie.

AUSTIN.—Though the legislators are still home, shots already are whizzing in the battle over how to raise more state revenue in 1961.

When the lawmakers arrive in January, they will have a hard time finding a road to new money that hasn't been land-mined and strewn with barbed wire by some group that opposes that course.

Advance studies indicate the need for as much as \$100,000,000 a year in new taxes.

Business groups, who have been holding meetings over the state, have come out flatly for a retail sales tax. They contend that to meet its needs, present and future, Texas must have a broad-based, spread-thin tax that will grow with the economy.

Representatives of organized labor, strongly opposed to a sales tax, fired back. Labor has endorsed the idea of a broad-based,

"growth" tax, but insists it should be an income tax, on corporations and individuals.

Governor Daniel has voiced opposition to both sales and income taxes. Many legislators were elect-

ed on platforms opposing both. Only other likely courses would be to raise taxes that already exist, or vote taxes previously rejected. But these roads also are blocked by groups ready to defend to the last.

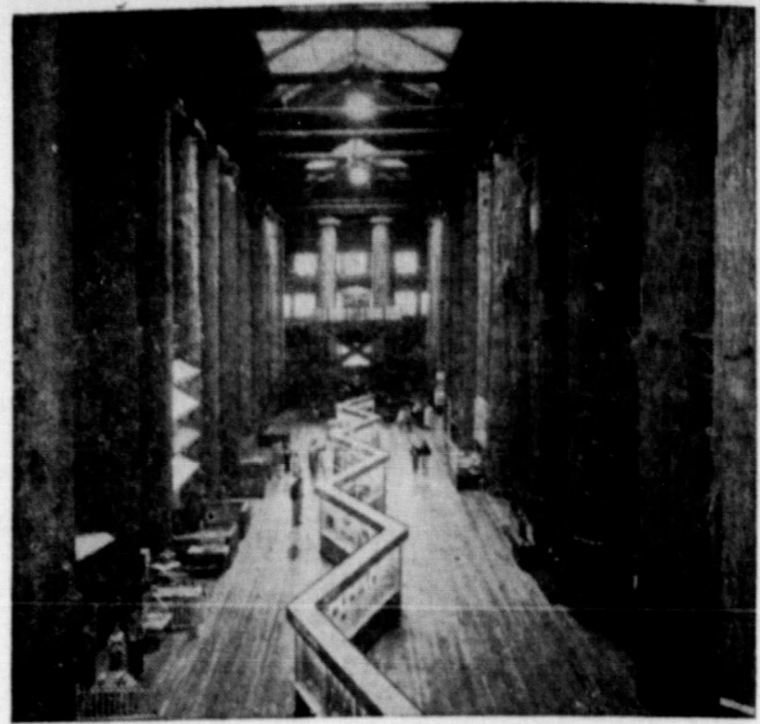

On such a battlefield, lawmakers might be tempted to retreat—except that this course is cut off too by supporters of better colleges, teacher raises, medical payments for the aged—all of which require more money.

U. of Houston Aid Approved
Commission on Higher Education recommended that the University of Houston be added to the state college system if it wouldn't cut into funds needed by the 19 already existing state colleges.

Final decision can be made only by the Legislature. A Commission study indicated the University of Houston would cost the state approximately \$4,000,000 a year more from the general revenue fund. It has a 22-acre campus and a plant valued at \$22,000,000. Enrollment for this year is 11,500, second only to the University of Texas with 19,000.

Commission emphasized that adding the Houston school should be conditioned on providing adequate financial support to existing state schools. Commission is tentatively recommending an appropriation of \$69,350,000 for higher education in 1962. University of Houston's needs would be in addition to this, meaning more money-raising problems for the Legislature.

How Well Do You Know Your America?

Shown above is the world's largest log cabin. The great structure is built of old growth firs, each containing enough lumber for an average home. In this "Gallery of Trees," 52 large firs march the length of the building, dwarfing visitors. At the far end is full-size forest lookout post. Visitors find it hard to believe the timbers are real. Built for the Lewis and Clark centennial exposition of 1905, the log cabin remains an attraction in Portland for Oregon centennial visitors.

than a tiny one, state tax-wise. Atty. Gen. Will Wilson ruled that the operator of a regular bowling alley should pay only the \$10 occupational tax, but that owners of coin-operated miniature bowling machines must buy a \$60 license for each machine.

Two machines joined together cannot get by on the same license, said Wilson in the same opinion, given at the request of the State Comptroller Robert S. Calvert.

Only service machines are tax exempt, said Wilson. **Tourist Booklet Due**
Texas Highway Department expects to have a new 32-page booklet designed to attract tourists to Texas ready for distribution by the end of this month.

It will be the first booklet of its type paid for with state funds. It will have 76 color pictures to show people why they should spend some time—and money—in Texas.

Texas' tourist industry, an important source of revenue to the economy and the state treasury, has been slipping in the past few years. Competition of other states is blamed for the drop from 10,300,000 visitors spending \$531,000,000 in 1957 to 9,600,000 spending only \$531,000,000 last year.

First printing of the new bro-

chure is 400,000. It will go to Highway Department schools and send 200,000 potential tourists who write in each year—plus trams with which to peddle the interests.

Tidelands Leasing Assumed
School Land Board will be offering oil and gas leases on Texas tidelands at its sale.

Atty. Gen. Will Wilson announced that the U. S. Supreme Court decision recognizing ownership of the tidelands (approximately three leagues (approximately three miles) had been made final.

This clears the way for the state to begin realizing revenue from them, said Wilson. **Shelter Possibilities Explored**
Core tests reveal that the underground state building is almost solid rock 80 feet down.

This indicates a favorable situation to construct an underground shelter for essential government services in wartime. Rep. Charles Sandahl of Dallas said he has proposed such an underground shelter used for parking space in a time. State Building Commission ordered the soil test to get an idea of whether such a project could be done and to arrive at a cost estimate.

Beautifully proportioned to the **CLASSIC FORD LOOK**

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per l'Alta Moda Italiana, to the 1961 Ford for functional expression of classic beauty.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

You are looking at the trend-setting car of our times, the '61 Ford... a car whose clean and classic profile is unmatched by any other in the world. Just one glance at the Big Circle taillights and sculptured rear deck, one look at the crisp, fresh front-end design and you'll know the '61 Ford is the classic style of the Nineteen Sixties.

Here is a Ford that is not only new in looks and ride and comfort, but new in its entire concept. The '61 Ford is actually built to take care of itself! It lubricates its chassis... cleans its own oil... adjusts its own brakes... protects its own body.

Indeed, here is a car that will save you valuable time and money by doing away with many stops for service.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF... THE FIRST 1961 CAR DEALER-WARRANTED FOR 12,000 MILES OR ONE FULL YEAR

Lubricates Itself. You'll normally go 30,000 miles without a chassis lubrication. Cleans Its Own Oil. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter. Guards Its Own Muffler. Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers. Adjusts Its Own Brakes. New Truck Size brakes adjust themselves automatically. Protects Its Own Body. All vital underbody parts are specially processed to resist rust and corrosion, even to preventing body panels beneath the doors.

Takes Care of Its Own Finish. New Diamond Lustre Finish never needs wax. Warranty. The '61 Ford is built to meet three principal goals: first quality, greatest durability, most reliable operation. Expressing these accomplishments, Ford dealers led the industry in awarding their warranty on '61 Ford to 12,000 miles or one full year, whichever comes first. See this warranty at your Ford Dealer's now.
