YARDAGE—Pictured above is Halfback Eddie Jones carrying the ball for good Friday night against McLean. Jones averaged six yards per carry and totaled 298 yards for the Cyclone. Other team members are Quarterback Bunky Adcock, No. 34, and Larry Craig, No. 40. The Cyclone ground out 298 yards rushing, and racked up 22 first downs against the McLean Tigers.

Clarendon To Host Memphis Homecoming Night Friday

Memphis Cyclone will travel to Clarendon Friday night to play a long list of district conference rivals with the Bronchos. Time is 7:30 p. m.

The Cyclone, which broke into the high scoring bracket for the first time this season last week, will be facing a fairly tough defensive team.

The local squad is suffering very few injuries, with Robert Gardner listed. Gardner was injured in the McLean game, but Coach Don Lambert said that he will be in the lineup Friday.

Coach Lambert recalled the injury problem the Cyclone faced last year when they met Clarendon. The Cyclone will be seeking revenge over last year's defeat at the hands of the Bronchos.

It was announced recently by school officials that Friday night, Nov. 14, will be Homecoming for MHS exes. The Homecoming will be climaxed by the Cyclone-Pirates of Lefors football game.

In other football games, the junior high will travel to Canadian Thursday night, and the two teams for the grade schools will not have a game this week. They will play their final game next week.

Comparative scores, the Cyclone has a slight advantage over the Bronchos, however, the Clarendon is capable of running high tally with their fine offense, as was seen when they beat Wellington earlier in season.

Canadian scored late in game, with 32 seconds left on scoreboard, to defeat the Cyclone last week 14-6. The Bronchos run from a T-formation, and rely on the good passing arm of their quarterback, Dwight McAnear, No. 34. Against Canadian he threw the ball 15 times with 9 completions.

Mrs. T. W. Howard, Pioneer Resident, Buried Monday

Funeral services for Mrs. T. W. Howard, 83, long-time Memphis resident, were held at 2:30 p. m. Monday from the First Methodist Church with Rev. O. B. Herring, pastor, officiating, assisted by Rev. Fern Miller, pastor of the First Baptist Church.

Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mrs. Howard passed away Sunday in a local hospital. She had been in failing health for the past several months.

The former Martha Wilton, Mrs. Howard was born Dec. 12, 1876, in Illinois. She was married to Temple Worth Howard Oct. 24, 1900.

The family moved to Hall County in 1921 and had lived here continuously since that time. Mr. Howard and one son preceded her in death.

She was a member of the First Methodist Church.

Survivors include three daughters, Mrs. Mabel Lavender of Memphis, Mrs. O. S. Misenhimer of Newlin and Mrs. Barney Floyd of Lazbuddie; three sons, V. D. and Roy Howard of Memphis and Worth Howard of Plaska; also 10 grandchildren and 16 great-grandchildren; one sister, Mrs. Mary Cole of Saginaw; one brother, J. S. Wilton of Fort Worth.

Pall bearers were Ralph Howard, Van Howard, O. A. Stout, William Lavender, Leonard Smith and Virgil Miller.

Honorary pall bearers were Dr. J. A. Odum, Dr. O. R. Goodall, Walter Whaley, Dick Whaley, J. H. Smith, John Smith, Henry Foster and Byron Baldwin.

Cotton Harvest Figures Show County Has Ginned 2,377

BAND SWEETHEART—Pictured above are the MHS Cyclone Band Vice President Carroll Hanna and their 1960-61 Sweetheart, Carleen Harrison. Carleen was crowned last Friday night during the band's half-time show by Hanna. She was given a crown, sweetheart necklace, and a bouquet of American Beauty roses.

According to a telephone survey Thursday morning, Hall County gins have ginned 2,377 bales of cotton so far this year. However, reports indicate that the harvest of the 1960 crop is getting into full swing, after a two-week delay due to wet weather.

Harvesting in the Turkey area is ahead of the harvesting of the crop in the northern portion of Hall County, the survey indicated.

According to the Oct. 29, 1959, issue of The Democrat, at this county had ginned 17,187 bales of cotton on that date.

Also, according to records of J. J. McMickin, on Oct. 26, 1957, temperatures dropped to 27 degrees here in Memphis, then to 26 degrees on Oct. 27, followed by about five days of cold weather, which lowered grade and number of bales harvested from that crop.

The U. S. Government Cotton Classing Office in Memphis classed 1,100 samples Wednesday, and will class approximately 1,500 today, A. E. Anthony, officer in charge, said.

"We have received about 1,000 samples to class tomorrow," he added.

Anthony said that the office has not received too many samples this year and has two classifiers working. In comparative figures with this time last year, Anthony said that on Oct. 30, 1959, his office had classed 53,187 samples with 8,000 hold overs. By that date this year, he estimated that the Memphis office will class 15,000 samples.

According to him, most samples are being received from the southern counties of the 12-county district.

Last week's results of classing in per cent are: white, 1 good middling, 14 strict middling, 1 middling plus, 26 middling, 7 strict low middling, 2 low middling plus, 1 low middling, light spotted, 26 strict middling, 21 middling, 1 strict low middling.

Staple length of this cotton was: 1 per cent 29-32, 15 per cent 15-16, 36 per cent 31-32, 28 per cent 1 inch, 16 per cent 1 1-32, 3 per cent 1 1-16, and one per cent 1 1-8 and longer.

Girl Scout Fund Raising Drive Begins Tuesday, Nov. 1, Ends Saturday, Nov. 5

The Annual Quivera Girl Scout Fund Raising Drive will begin Tuesday, Nov. 1, with a kick-off coffee to be held at the Cyclone Drive Inn at 9:30 a. m., according to J. W. Coppedge, chairman of the drive. Closing date will be Saturday, Nov. 5.

Approximately 90 women will attend the coffee and will assist with the drive. Some 400 persons will be contacted during the drive.

Plans for the drive were completed at a meeting Tuesday morning at the Cyclone Drive Inn of those who will head the effort. Thirteen team captains have been selected and will have four co-workers each. They are as follows: Mrs. Bill George Kesterson, Mrs. Bob Ayers, Mrs. Billy Thompson, Mrs. Elmont Branigan, Mrs. Brode Hoover, Mrs. Les Sims, Mrs. Jack Rose, Mrs. Y. Z. Taylor, Mrs. Gayle Greene, Mrs. Bill Baten, Mrs. W. R. Scott, Mrs. John Henry Ford, and Mrs. B. B. Gibson.

Long-Time Hall County Resident Dies Oct. 23

Funeral services for Mrs. J. W. Hatley, Sr., 71, Hall County resident for 53 years, were conducted at 4 p. m. Monday, Oct. 24, from the Lakeview Church of Christ. Minister H. L. Gipson of the Amarillo Church of Christ officiated, assisted by Cecil Hadaway, minister of the local Church of Christ.

Mrs. Hatley passed away at noon on Oct. 23, in a local hospital.

Interment was in Citizens Cemetery of Clarendon under the arrangements of Spicer Funeral Home.

Miss Artie B. Bain was born Aug. 5, 1889, in Archer County. She was united in marriage to J. W. Hatley, Sr., on Feb. 3, 1907, at Northfield. Mr. Hatley is a farmer in the Lesley community. She was a member of the Lakeview Church of Christ.

Pall bearers were: Geo. Evans, John Haynes, Joe Brock, Jimmy Aduddell, Bennie Brock and Emmett Byars.

Survivors include her husband, J. W. Hatley, Sr., of Lesley; one son, J. W. Hatley, Jr., of Lesley; five daughters, Mrs. Madelia Stogner of Amarillo, Mrs. Katrina Maples of Andrews, Mrs. Frances Brock of Amarillo, Mrs. Laverne Evans of Amarillo, Mrs. Jo Anna Haynes of Amarillo; 12 grandchildren; eight great-grandchildren; three brothers, Duard Bain of Wichita Falls; O. L. Bain of Amarillo, H. D. Bain of Los Altos, Calif.; two sisters, Mrs. Ella Dobey of Waterford, Conn., and Mrs. Alice Wages of Wichita Falls.

Estelline PTA To Sponsor Carnival Monday

A Halloween Carnival will be featured on Monday evening, Oct. 31, at the Estelline gymnasium, and is being sponsored by the Parent-Teacher Association of that school, according to information released this week by Mrs. Suzy Rapp.

Preceding the carnival, homemade chili and red beans, a variety of sandwiches, coffee, punch pie and cake will be served in the cafeteria beginning at 5 p. m.

The gymnasium will be open at 6:30 p. m. A variety of Halloween booths will be set up in the gym for the entertainment of those who attend. Games of bingo will be featured along with other games.

Parents are invited to bring the family out for a meal and later let the children enjoy the carnival, members of the PTA said.

Review School Hold Carnival Oct. 28, Oct. 31

Lakeview school gymnasium will be open two nights, Friday, Oct. 28, and Monday, Oct. 31, for Halloween activities, it was announced this week. The open festivities are being held by the junior and senescholars of Lakeview.

There will be fun galore for young and old, members of the class said. There will be all kinds of entertainment to be had at a Halloween carnival including bingo, cake walk, speako, etc.

A variety of concession stands will be open selling sandwiches, pies, soft drinks, candy. Those who attended are invited to come and eat at the gym. Carnival opens at 6:30 p. m. on both nights.

In connection with the carnival, prizes will be awarded. Money Joe Bevers is sponsoring senior class while Paul Jones is junior class sponsor. The public is cordially invited to attend both nights.

5 Students Named in MHS Honor Roll

Five students were listed on the Memphis High School honor roll for the first six-week period, according to Clinton Voyles, principal.

Students on the list were the following: senior class—Linda Cook, Larry Craig, Robert Gardner, James Curry, Carl Harrison, Shirley Young, Lindsay Saye, Ronald Joe Thompson, and Jeanne Vallance.

Junior class: Robert Alewine, Thomas Teron Heckham, Barham, Donald William Gailey, and Barbara Mauch, Son-

W. A. Simmons, Memphis Barber, Dies Here Friday

Funeral services for W. A. "Andy" Simmons, 74, Memphis barber, were held at 2 p. m. Sunday from the Travis Baptist Church with Rev. L. E. Barrett, pastor, officiating.

Burial was in Fairview cemetery under the direction of Spicer Funeral Home.

Mr. Simmons passed away October 21. He had lived in Memphis for the past 35 years and for many years was employed as a barber with Greenhaw Barber Shop. He continued to work for the shop after it was operated by Gene Corley.

William Andrew Simmons was born March 15, 1886, in Wise County. He was married to Miss Crisey Jane Gates Nov. 4, 1906, near Rosebud, Ark. The couple moved to Memphis in 1925.

Mr. Simmons was a member of the Travis Baptist Church.

Pall bearers were Gene Corley, John Myers, J. O. Dixon, Pratt Foard, W. P. Baten and Byron Baldwin.

He is survived by his wife, Mrs. W. A. Simmons of Memphis; one half-sister, Mrs. Ada Corner of Brady; half-brother, Edgar Jackson of Brady, eight nieces and six nephews.

Cyclone Band Receives I, II Rating Tuesday

The Memphis Cyclone Band in interscholastic league regional marching competition at Bivens Stadium in Amarillo was awarded a first division in inspection and a second division rating in marching.

Also held in conjunction with the band's judging, twirlers of the region performed before judges.

The MHS twirling quartet placed first division. It is composed of Sondra Stargel, Linda Saye, Deeda Hickey and Leslie Helm.

Linda Saye also placed first division in twirling solo. Deeda Hickey, Sondra Stargel and Leslie Helm placed second division, twirling solo, and Sue Pounds placed third division on solo twirling.

Judges at the regional judging included Anderson of Henryetta, Okla., Killian of Texas Tech, and McIntire of Odessa.

Panhandle, Sunray and Canadian were the three Class A school bands which received first division ratings on marching performance.

Memphis Students To Collect Funds For UNICEF Mon.

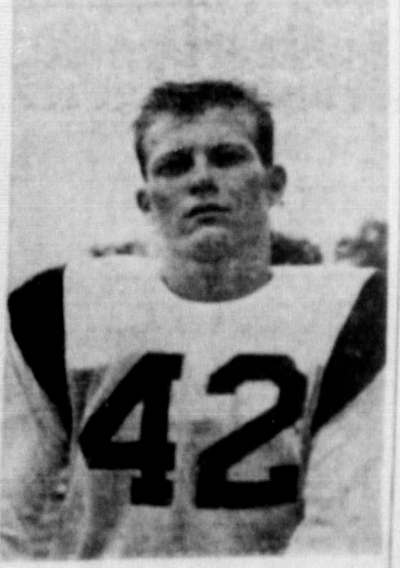

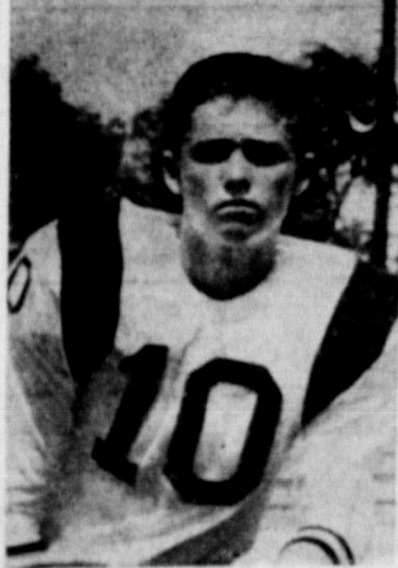

Memphis boys and girls are getting ready to follow the example set 10 years ago by a few Sunday School pupils who donated their Halloween "treats" of coins to the United Nations Children's Fund, according to Mrs. Mac Tarver, who is serving as chairman for the project which is being sponsored by the 1913 Study Club.

This is the third year the club has sponsored the project in Memphis. Last year the students collected \$118.00 for UNICEF. Last fall, despite bad weather in most of the nation, Trick or Treat for UNICEF pennies, nickels and dimes totaled \$1,500,000.

Calling at the homes on Halloween night will be students from the Travis and Austin Elementary Schools, who will collect coins for UNICEF in milk cartons wrapped in the familiar orange and black UNICEF labels.

Much interest is being manifested in the UNICEF program this year by the students, Mrs. Tarver said. The classes have been

OUTSTANDING—In Friday night's game with McLean, End Perry Wright, No. 10, and Fullback Robert Gardner, No. 42, have been selected for their outstanding play. All of the members of the Cyclone backfield had good yards per carry averages; however, Gardner was able to maintain a 5-yard per carry average on line plunges. He made two of the Cyclone's scores. Wright, who moved into the offensive end position from the Cyclone backfield did an outstanding job of blocking and executing the plays. He caught an extra point pass in the fourth quarter. Honorable mention linemen this week would include Guard Don Gailey and Defensive Center Guard Sam Goodnight.

ASC Receives \$100,000 More In Disaster Funds

The Hall ASC County Committee requested and received an increase of \$100,000 in funds to repair damage to land caused by the disastrous flood of June, 1960. With \$100,740 received previously, a total of \$200,740 is available for assistance under this emergency program, Lynn McKown, ASC office manager, said.

To enable all farmers to receive their pro rata share of the funds available, the county com-

mittee is limiting assistance to \$1,250.00 per farm for all practices on which assistance is offered with not over \$280.00 per hundred acres of cropland for terrace repairs. The individual limitation per person is \$2,500 for all farms, McKown explained.

All emergency funds will be allocated on percentage of cost basis. Under this program, the ASC can never pay more than 70 per cent of the actual cost on terraces

and 50 per cent of the actual cost for other practices, he added.

The \$1,250.00 per farm limitation applies only to the Emergency ACP. The limit under the regular program for establishing new practices will be \$1,000.00 per person for 1961 as in previous years. There is \$76,000 available under the regular 1961 ACP program which is now being run concurrently with the 1960 program.

Ann Welch Is Honoree On Fifth Birthday

Ann Welch celebrated her fifth birthday Saturday, Oct. 15, in the home of Mrs. Jack Kinard. Inclement weather caused the change from the home of her parents.

After playing several games, refreshments of cake and punch were served. Favors were little rolling pins for the girls and sheriff badges for the boys. They sang "Happy Birthday" and opened the presents.

Those attending were: Connie Eddins, Mike, Barry and Brenda Kinard, John and Steve Dahl, Frankie and James Welch, and Mmes. Joe Kent Eddins, Ralph Dahl, Jack Kinard and Claude Welch.

B&PW Club Hears Discuss on 'Legal Equality'

A panel discussion on "Legal Equality" was given before members of the Business and Professional Women's Club meeting in regular session at the noon luncheon Thursday in the Masonic dining hall.

Serving as program leader was Roselyn Williams, chairman of the legislation committee. Other members of the panel were Tops Gilreath, Edna Lee Cook and Helen Combs. Members participated by asking questions of the panel members.

In the discussion it was brought out that there are 45 laws which discriminate against women in Texas including criminal laws, divorce laws, labor laws, contract

laws, property laws, and many miscellaneous statutes.

The program leader pointed out that during the last session of the legislature a "Legal Rights" amendment to the Texas Constitution was introduced in both the House and Senate. However, no action was taken on the bill.

Mr. and Mrs. Paul Brewer of Wellington visited here on Sunday night with Mr. and Mrs. Herschel Combs and Mr. and Mrs. Roy McClure. Mrs. Brewer is a sister of Mrs. Combs while Mr. Brewer is a brother of Mrs. McClure.

Bobby Taylor of Fort Worth visited here on Saturday with his parents, Mr. and Mrs. Cleve Taylor and with his parents-in-law, Mr. and Mrs. Jeff Aduddell. Taylor is now working as salesman with an insurance firm and was in this area on business.

Mary Martha Class Meets In Lindsey Home

Mrs. H. H. Lindsey was hostess to the Mary Martha Sunday School Class of the First Baptist Church Tuesday evening, Oct. 11, with Mrs. Edd McMurry and Mrs. T. J. Bridges as co-hostesses.

Mrs. Lindsey's home was very beautifully decorated with autumn flowers.

The meeting was opened with prayer by Mrs. J. W. Fitzjarrald, after which Mrs. Lloyd Phillips brought an inspiring devotional.

Mrs. Henry Scott, president, presided over the business meeting, at which time each officer gave his yearly report.

Mrs. R. E. Clark, vice president, had charge of the social hour. Mrs. L. G. Rasco installed the new officers for the new year with a very impressive ceremony.

The class adjourned with the singing of the class song, "What a Friend We Have in Jesus," and prayer by Mrs. W. M. Cofer.

A lovely plate consisting of pumpkin pie topped with whipped cream and hot punch was served to the following members and guests: Mmes. J. W. Fitzjarrald, Lloyd Phillips, L. G. Rasco, R. E. Clark, A. J. Fowler, Leonard Wilson, Henry Scott, J. W. Smith, T. J. Bridges, Edd McMurry, W. M. Cofer, and the hostess, Mrs. H. H. Lindsey.

Austin PTA Meets In Regular Session Tuesday

The Stephen F. Austin Parent-Teacher Association met in regular session Tuesday, Oct. 11, in the school auditorium.

Introducing the program, a meditation was given by two members of each class. Special music was presented by the choral group accompanied by Mrs. Barbara Gilstrap.

A most informative panel discussion was presented on the topic "Worries of Young Folks and Parents." Appearing on the panel were Mrs. Roy Guthrie, Mrs. Gene Hughes, Mrs. Homer Tribble, Mrs. H. J. Howell and Mrs. W. C. Anderson.

L. E. Thompson of Clarendon was a Sunday visitor in the Byron Baldwin home.

Plans For Girl Scout Activities Announced Here

Leaders and representatives of the Memphis chapter of the Quivira Girl Scout Council met at the Cyclone Drive Inn Oct. 20 with Mrs. Brode Hoover, neighborhood chairman, presiding.

Mrs. Hoover announced the following dates of workshops to be held in this area: patrol workshop for leaders and Girl Scouts in Clarendon, Nov. 5; workshop in program planning at the First Methodist Church in Memphis, Nov. 16, under the direction of Mrs. Hoover and Mrs. Gilkey; and a group leadership course, Jan. 9 through 13.

Juliette Lowe Day will be observed by local Girl Scouts with the showing of a film on the founder's life and the reason why the Girl Scouts of America donate to the Juliette Lowe fund.

The Girl Scout calendar sale was launched and each leader received sufficient calendars for their troop. With the sale of each calendar, 21 cents is retained by the troop and 14 cents is turned

Memphis Girls Pledge WTSC Social Sorority

Linda Collins and Lera Hutcherson, both of Memphis, have been pledged to a social sorority on the campus of West Texas State College. Both girls have been pledged to Zeta Tau Alpha.

Lera is the daughter of Mr. and Mrs. Edwin Hutcherson of Memphis and is a sophomore business major.

Both coeds were graduated from Memphis High School in 1959.

in for the cost of printing and handling.

Mrs. Hoover expressed an urgent need for two leaders for two of the troops. Anyone interested in helping with this program is asked to contact Mrs. Hoover.

Those attending the meeting were Mmes. Bob Ayers, Bill Geo. Kesterson, W. R. Scott, Y. Z. Taylor, Doyle Fowler, Les Sims, Elmont Branigan and Brode Hoover.

1913 Study Club Members, Guests Enjoy Film

Members of the 1913 Study Club and guests enjoyed a most colorful display of interior decorations via slides on Wednesday afternoon. The meeting was held in the home of Mrs. R. C. Lemons.

Entitled "New Rooms for Old," the slides were presented through the courtesy of Consumer Relations Dept. of Celanese Corporation of America. Serving as narrator for the program was Mrs. Richard Avery.

Mrs. Avery was introduced by Mrs. Paul Montgomery.

Preceding the program, a short business session was conducted by Mrs. W. W. Davis, president.

The door prize, a gift of the Celanese Corp., was won by Mrs. Frank Monzingo. The prize was a lovely dress length of material.

Tasty refreshments were served during the social hour to the following guests and members: Mmes. Ben Wilson, Jr., Sherron Lee, John Deaver, C. W. Kinslow, L. B. Madden, Frank Monzingo, J. E. Roper, Melvin Jennings, J. W. Stokes, and Boddie Grundy, guests; Mmes. Richard Avery, L. G. DeBerry, Virginia Browder, Herschel Combs, Bray Cook, W.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health.

Texans are prone to think of their state as one of wide open spaces, while the truth is, cities claim the overwhelming proportion of the State's population.

It is fallacious for Texans to think that air pollution is a problem only in Pittsburgh and Los Angeles or that Texas cities can't have their own air pollution problems.

The fact is that even small towns with a cotton gin as the sole industry often have their own peculiar air pollution problems.

Air pollution abatement engineers from the State Health Department's Division of Occupational Health have thick files on instances of local air pollution problems in small and large cities alike.

Several Texas cities comprising large urban complexes have experienced somewhat severe air pollution conditions, especially during temperature inversions which prohibit the natural dissipation of pollutants.

However, active cooperative programs undertaken by municipal,

industrial, and civic groups can much to alleviate the air pollution problem in most cities.

Industries can install smoke reducing apparatuses and devices which significantly reduce odor, soot, and dust.

Municipalities can utilize the once popular open incineration which make it mandatory for industries to install air pollution control devices before operation can begin.

Civic groups can spread the word that everyone can do his part to control air pollution. Many motorists claim automobiles as the number one contributor to air pollution in some areas.

This cause can be greatly aided by having automobiles properly tuned so that they are operating at peak efficiency. Home heating of leaves is another big contributor to air pollution, especially in the fall; and trash burning not only contributes air pollution but is insanitary as well.

Representative, 18th Congressional District Report From Washington

By WALTER ROGERS

The Federal Communications Commission has been doing more than Warren's normalcy began to enter the homes in the 1920's—it is a delightfully new and highly enchanting medium of communication destined within a few years to revolutionize the nation's entertainment and education. With the aid of a simple set and a pair of earphones, any listener could hear a broadcast, in cases, by business or educational institutions within range. The Commission's independent community came later. First broadcasting was done by radio, and since radio was only a fraction of what it is today, more and more stations went into operation. Soon even more broadcasters were trying to employ the same techniques, with the result that the airwaves became a chaotic mixture. It was recognized that the law was inadequate when it came to controlling the bedlam that arose as stations began to use all over the frequencies using their power at will.

the Commission then devoted much of its time to straightening out those who were left. Soon after Franklin Roosevelt assumed office in 1933, it was decided to combine the regulation of all communications in a single body. This would include not only radio, but telephone, telegraph, and — later — television as well. Some aspects of communications regulation had been administered by the Interstate Commerce Commission, which replaced the Radio Commission in 1934, accepted responsibility for applying the law to all forms of electrical communication.

The FCC does approximately the same things with telephone and telegraph companies (but not with radio and television) that the Federal Trade Commission does with business in general. It requires the maintenance of certain activities in the public interest and thus prevents, say, a telephone company from arbitrarily suspending a community's service. Telephone and telegraph companies cannot alter their interstate rates without the Commission's approval, nor may the companies, as public utilities, deny reasonable service to anyone.

Most of us are more closely involved with the FCC's regulation of commercial radio and television. Here the Commission's work falls into two major categories. First, it supervises the highly technical engineering and traffic problems such as construction of equipment, assignment of call letters and frequencies, hours of service, and amount of power a station may use in its signal. Since radio and television stations are not classed as common carriers there is no regulation of time changes, sal-

aries, or profits. Second, the FCC tries to insure that radio and television stations, in the broadest sense, are regulated for the public good. It does not censor programs, nor does it require that any certain types of programs be aired. Nevertheless, there is a fine line of distinction here in that broadcasters must secure renewal of their licenses every three years. The FCC can refuse this renewal if it believes the station has not lived up to its broadcasting responsibilities. It also applies standards of fairness under the law such as the famous equal time ruling on political broadcasts.

The future of FCC regulations may well present an even greater challenge than has the past. Americans are coming to expect more and more of broadcasters in the type and scope of their programs. Furthermore, the need for more radio and television stations on standard dials is becoming increasingly acute and will eventually demand concerted attention. We can therefore expect that the FCC's research and regulatory functions will become a matter of even greater importance than they were when the Commission began its activities more than 25 years ago.

LETTERS TO THE EDITOR

Memphis Democrat,
Memphis, Texas

Dear Sirs:

We finally arrived home in good shape after our visit to the Hall County picnic, and we were highly pleased with the reception from old and new friends, we are especially grateful to Mr. and Mrs. E. E. Foster and Mr. and Mrs. D. V. Sasser for having us in their homes and treating us so nice. We were

SEEING STRIPES . . . Lucie Wheeler isn't going to change her stripes because they add to the dazzling shore line at Sarasota, Fla.

able to visit many old friends who were not able to come to the picnic and to visit many of the historical spots in Hall County. After living here at Exter for 37 years and accustomed to seeing mountain peaks that are 14,000 feet high it makes twin Buttes look like two small bumps on the surface of the earth just east of Eli. It also looks like that within the next 50 years Deep Lake will have been filled up and a thing of the past.

We saw many old friends at the picnic and on the other ten days we spent in Memphis. It was a wonderful experience but I felt like Ewell Noel did when I read the Democrat the next week. I saw the names of other old pioneers that I did not know were present that day. I did look out over the crowd and saw a man whom I recognized as Luke Frizzell whom I had not seen for more than 60 years, but

he still wore that stubby mustache and broad brimmed black hat just as he did when he was a very young man. I was also pleased to visit Scott Montgomery whom I have known almost all of my life.

The City of Memphis has shifted from the north side of the square to the south side since I lived there but I was amazed at the very fine appearance of the Court House which was built 37 years ago and still looks modern and almost as new as it did when built, and the Farm-to-Market roads in Hall County bring all farms and businesses very close together and make a very fine community in which to live, the weather was fine all the time we spent in Texas and when we arrived at Hanford California we were in a sand storm and that is just 40 miles from our home. We came to Texas on the Santa Fe train known as the San Francisco Chief and if you ever want to get somewhere in a hurry just climb aboard that train and you will be there in short order.

I think the lumber donated by Mr. and Mrs. Paulsel was a very fine gift and I know you are all grateful, and we honor them as big hearted Texans and you cannot say more than that. We are hoping that there will be a time when we can see and visit with you again. Thanking you for your good deeds to your former citizens, we are

Sincerely yours,
Mr. and Mrs. Fred Boon

IN TEXAS YOU PAY 90¢ TAX ON TEN GALLONS OF GASOLINE!

HOW DID YOU VOTE?

No matter how you voted, these facts on gasoline taxes are important to you:

National Increase 1950-1959	Gasoline Prices	Gasoline Tax
5.5%	21%	51%

GASOLINE TAXES UP 51% IN TEN YEARS

- Everywhere in Texas, car owners pay 90¢ tax on every 10 gallons of gasoline they buy!
- Gasoline taxes across the nation amount to a 50% sales tax—and that's five times as high as the tax rate on luxuries like diamonds and mink coats!
- Since World War II, there have been three increases in the Federal gasoline tax alone. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 5 cents a gallon!
- In the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period!
- Each year the average motor vehicle owner in this state pays \$78 for gasoline taxes alone. That's just a few dollars less than the average week's pay for most people!

HIGHWAYS AND GASOLINE TAXES

Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that all special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.

The Gasoline You Buy Is Taxed Too HIGH!

Presented in public interest by the Gasoline Tax Education Committee, 575 Lexington Avenue, New York 22, N. Y.

ESTELLINE NEWS

The Estelline P.T.A. and the first and second grade teachers, Mrs. A. D. Britt and Mrs. L. A. Tucker, wish to thank the following merchants for their donations for our school carnival. Most of the contributions will be used in the fishing pond, although some were given to the seniors to be used in their Bingo. Thanks for the cooperation from Memphis: Baldwin's, Durham's, Greenes', Tarver-Stanford, Winnie's Hat Shop, Popular, Penney, Memphis Tire and Supply Co., Saied, Fowler Drug, Branigan, Fair, Smith's Auto Store, Thompson Hardware Store, and Mosley's Cafe.

Barney Russell, rural mail carrier, has been sick this past week. Mr. and Mrs. Elam Orcutt were visitors in the home of their daughter, Mrs. Don Ferrel, and Mr. Ferrel, of Canyon over the weekend. While there, they were able to attend the "pink and blue" shower given Bettye by the employees of the First National Bank of Canyon.

James and Frankie Welch were house guests of Mr. and Mrs. Jack Kinard for three days last week. Due to the inclement weather, the school bus was not able to get to the ranch home of the Welch's.

Mr. and Mrs. C. A. Rapp were Clarendon visitors Sunday. While there they visited her sister, Mrs. Tom Bain, who is in a rest home. They were joined by another sister, Mrs. Ed Brisendine, of Amarillo, and husband.

Mom Jarvis was on the sick list last week.

The junior high football team closed their season last Thursday with a 22-0 victory over Quitaque there.

Mrs. Ernest Purl and David visited in the home of her cousin and family, Mr. and Mrs. J. B. Rapp, Monday.

The Texaco Filling Station has changed hands. Mr. Beeson, brother of the owner, is now leasing it. At present they are living in the trailer house directly behind the station. They have a daughter, Linda Lucille, in the fifth grade.

The PTA will serve homemade chili and red beans, a variety of sandwiches, coffee, punch, pie and cake at the Halloween Carnival in Estelline next Monday evening, Oct. 31. It will begin at 5 p. m. The gymnasium will be open at 6:30 o'clock for the school booths. Everyone is invited to come out and help celebrate.

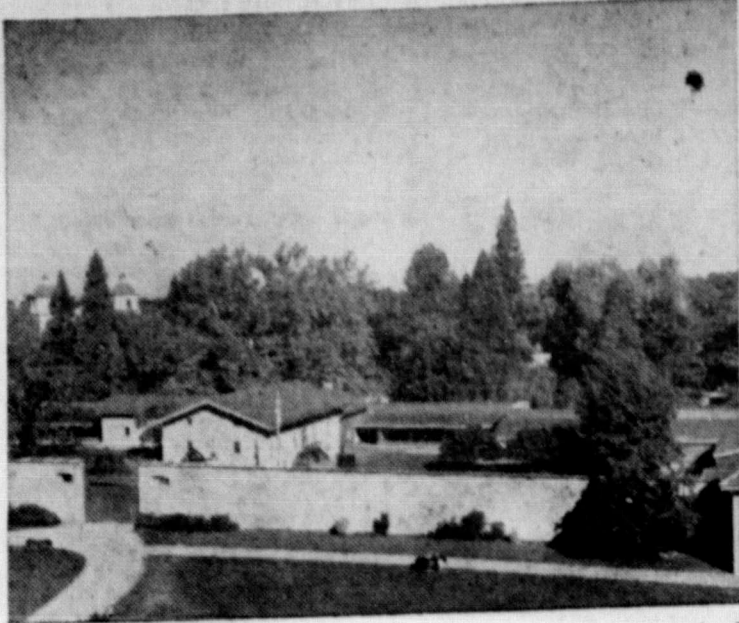

Albert Bailey is reported ill in a Memphis hospital.

Mr. and Mrs. Tommy Hunt and baby girl were visitors in the home of her parents, Mr. and Mrs. Paul Buchanan and Janie.

Mrs. D. T. Eddins is visiting relatives in Lubbock.

Mr. and Mrs. J. A. Ballard, Jo Beth Barnes, and Elaine Seay were in Lubbock Saturday, Oct. 15, to attend the West Texas High School Press Association meeting. Elaine is editor of the school paper, The Growl, which comes out weekly. Jo Beth is editor of the school annual, The Bearcub. They

Funeral Services for Mrs. Lindsey Held In Lubbock

Ernest Lindsey, sister of Ed Hutcherson, died Tuesday night at the Methodist Hospital in Lubbock. Funeral services were held at 2 p. m. today in Lubbock. Lindsey had been ill for some time and had returned to Lubbock a few days prior to her death from Houston where she had been receiving treatment. She was the former wife of Mrs. Lindsey, who died in 1954. She was survived by two daughters, and a son, Mrs. Mary Jameson, of Lubbock.

Graveside Service Held Tuesday For Mrs. Summerville

Graveside services for Mrs. M. O. Summerville of Spearman, former Lakeview resident, were held at 4 p. m. Tuesday at the Lakeview Cemetery. Mrs. Summerville died Sunday morning in the Spearman Hospital after a short illness. She entered the hospital on Saturday afternoon. Mrs. Summerville had made her home with her daughter, Mamie Schieldknight, in Spearman since the death of her husband 20 years ago. Burial was in Lakeview Cemetery beside her husband. Lakeview friends served supper to the family in the home of Mr. and Mrs. J. B. Duren following the service.

Hall County Soil Conservation District News

Now that the growing season for range grasses is about over in the Hall County Soil Conservation District, it is time to practice proper range use until the growing season next year, says Charley B. Cape of the Soil Conservation Service.

A range grass stores food in its roots after it has made the season's main growth. It uses this stored food to live on while going through the winter season and to make new growth next spring. It also uses this stored food to make new growth if livestock graze it too closely.

Research shows that many range grasses will not reach their maximum vigor and growth when more than half of their leaf surface is removed. The plant keeps drawing on the food that has been stored in its roots. This robs the storehouse until the supply is exhausted and the plant dies of starvation.

For every pound of growth above ground most grasses produce a pound or more of roots. Some of the best grasses send their roots down 10 to 15 feet. Some lawn grasses penetrate as deep as three to four feet.

A grass cover that is weak does not make efficient use of the soil moisture and nutrients. As a result it is not able to protect the soil from wind and water erosion. A good thumb rule to follow is not to take more than 50 per cent of the current season's growth of grass by weight.

The most common grass in the Hall County SCD is blue gramma and sideoats gramma. Blue gramma should not be grazed any closer than two to three inches, and sideoats gramma should not be grazed any closer than four to five inches. This will insure good growth of the plant next year.

For more information of range grasses, contact the local Soil Conservation Service office.

Mr. and Mrs. Tom Bob Harrison of Richardson visited Friday night in the home of his parents, Mr. and Mrs. Tommy Harrison. They were on their way to Las Vegas, Nev., where they attended the National Electrical Contractors Convention.

Gladys Power visited in Dallas over the weekend in the company of Rhoda and Julia Wiedman of Clarendon. They attended the musical comedy "Flower Drum Song."

Loan Sharks: Long Lane May Have A Turn

Away back in 1919, the Texas Commission of Appeals, in handing down an opinion involving loan sharks, denounced their operations as being "conducted in utter disregard of private rights and public good." Pointing out how widespread the activities were, the judges declared that, in one city, more than 1,000 workers in a single industry were victimized.

In 1927, a joint committee of the two houses of the Texas Legislature was appointed to study the problem. The committee's report found that unnecessary suffering, resulting from extortionate rates, does exist in our State in the business of making small loans to needy borrowers.

That there was no change in these deplorable conditions was evidenced 10 years later when a writer, Booth Mooney, in a series of articles in the Texas Weekly, branded the loan shark business as "a gigantic racket that affects the entire State." Their "evasion of taxes adds to the burden of taxes that must be borne by legitimate business," he said.

Time rolled by and thousands of Texas families continued to be preyed upon. The San Antonio Bar Association estimated, several years ago, that one-tenth of the salary income in San Antonio was wasted, for all practical purposes, by its payment as excessive charges to extortionate lenders. Recently, the president of the Houston Better Business Bureau estimated that \$15,000,000 a year was being collected in such overcharges in that city.

Yes, the record shows that the evil of the loan shark has long been recognized and there has been the realization that something should be done.

At last, Texas has an opportunity to end this condition.

A thorough study of the problem was made by the Texas Legislative Council, consisting of 21 members of the legislature and headed by the Lieutenant Governor. The Council unanimously recommended an amendment to the State Constitution; and both the House and the Senate, by overwhelming votes, have submitted the amendment to the people.

When the voters go to the polls in the general election on Nov. 8, they will find Amendment No. 4 on the ballot. By voting for this amendment, the citizens of Texas will make it possible for this State to do away with the loan sharks and all the economic loss and human misery which their activities produce.

The Price of "Taxoline"

Which product is the most essential — mink coats or gasoline?

No one will have any difficulty answering that question. Mink coats are pretty things, and those who want and can afford them are certainly entitled to buy them. But they're a pure luxury — while gasoline is an absolute necessity in this nation on wheels.

But the tax laws don't see it that way. The excise tax on mink coats — and also other outright luxuries, including diamonds — is 10 per cent. The average excise tax on gasoline, federal and state combined, is almost 50 per cent of its retail price at the service station, and 85 per cent of its wholesale price at the refinery gate.

We motorists are now paying close to \$5 billion a year in gasoline taxes. The theory is, or at least used to be, that the tax pays for roads. The recent increase in the federal tax was imposed on the grounds that it was needed to pull the multi-billion dollar superhighway fund out of the red. But is certainly unreasonable that the motorist alone should carry such highway costs — particularly in view of the fact that the current program is a national defense measure.

Moreover, excessive gas taxes are proving to be self-defeating. Cost of operation is a primary reason for the dramatic increase in the sale of small foreign and American "compact" cars which stress fuel economy. And motorists with the larger cars reduce their driving when the cost gets high enough.

So, as the price of "taxoline" soars, a point of diminishing return is reached and use declines. So proportionately do the government's tax revenues.

What Other Editors Say

Texas Can't Afford To Lose

When we seek men for high offices, chances are the best talent can be found in some other office. It is conceivable that a choice candidate for President might be found in the Senate, on the Supreme Court, or in the office of Governor. It wouldn't be fair to ask a man in such position to give up his secure position to gamble on another office, which he might not win. To do so would limit those available for the higher office. And certainly we should establish no limitations which would force us to pass over the best man for a high position.

Secondly, in the case of Lyndon Johnson, should the Democrats not win in November, it would be Texas' loss and not Lyndon Johnson's if we lost the state's seniority in the U. S. Senate.

It is little, petty, and narrow even to mention such an issue in the present campaign, that is if you're interested in Texas influence in Congress.

Lyndon Johnson and his wife are millionaires. He isn't looking for a job to sustain his family. He never misses an opportunity to return to his ranch at Johnson

City, even if for only a few hours.

We have the feeling that he would enjoy retirement from public office, returning to his ranch, and getting out from under the back-breaking load he carries in Washington. He accepted the Vice Presidential nomination not to bolster his own prestige, not to win new recognition and honor, but to serve his country and his party. And this is not a hollow assertion.

It may be 100 years, if ever, before Texas will again have top leadership in both the Senate and House.

In view of our position as Texans, it seems inconceivable that we should quibble over Johnson's running for both offices at the same time — unless we are Republicans so partisan that we would rather have no Texas leadership if it must be Democratic leadership.

Hard Work Pays Off

The postwar economic recovery of West Germany is not a new story. The new thing today is that country's emergence as the second biggest, economically, in the

free world. In an age when American and some others seem captivated by a mood of ease, comfort, convenience and fun, the lesson of West Germany is clear. There is still no substitute for hard work.

Use of Paper

What is the criterion for a high standard of living? Fine automobiles? Home swimming pools? Yachts? No. The answer is, "Paper." The higher a nation's standard of living, the more paper it consumes. The average American family uses a ton a year. Per capita annual use of paper in the United States is 417 pounds as compared with 150 pounds in Denmark, one pound in Red China and virtually none in Central Africa.

Cyclone Roars By Tigers 7-20 In Conference Tilt

Memphis Cyclone Friday won their first District 2-A game, 7-20 from the McLean before a good crowd of local fans.

bounds on the McLean 25. Halfback Jones made 15 yards on one carry to the McLean 10. Then Craig picked up 3, Gardner added 5 more, and Craig carried over to score from the 2-yard line. Miller again added one more point to make the score 23-12.

On the kickoff, Goodnight put the ball into a McLean lineman, and Jones recovered the ball on the mid-field line.

Hb Lacy Montgomery carried on two plays for 9 yards, and then Craig picked up 21 yards moving the ball to the McLean 20. Montgomery picked up six more yards and Craig added 13 more on a fine carry and the Cyclone was on the Tiger 1-yard line.

Then FB Gardner carried over to score. Miller's place kick was no good and the score was 20-12. The half ended three plays later.

Memphis received the kickoff line, Patten lost seven yards on one carry, and Willingham lost 8 more on an attempted pass play. McLean, on their 2, called a quick kick, and the ball carried out of and on 12 plays moved the ball from their 31 to McLean's 6, where they lost the ball on a fumble. Jones, Craig, Montgomery and Gardner alternated during the drive for good yardage.

McLean was held and punted out to their 19. However, the Cyclone couldn't get rolling, and lost the ball on downs to McLean. McLean was held and forced to punt. Memphis took over on the McLean 48.

The third quarter ended with the Cyclone moving for their final score. Montgomery, Craig and Jones carried on the drive that carried to the McLean one-yard line, then Quarterback Adcock carried over on a sneak to score. Adcock hit End Perry Wright for the two points to make the score 37-12.

After McLean received the

after a kickoff from the 20-yard runback by Ed Jones, the Cyclone moved 35 yards to score. Jones carried 27 yards to the Tigers' one yard line, and then carried over next play. Guard Dee Miller kicked the extra point to the score 9-0.

In the closing minutes of the game, McLean recovered a punt on the Cyclone 35, and moved for one first down to the 18. Three plays later McLean was unable to make a first down on the fourth down.

Quarterback Kenny Willingham carried the ball to the Cyclone 40. They moved to score in eight plays. Quarterback Bunky Adcock hit End Wayne Leslie who carried the ball to the McLean 24. Adcock completed a pass to Larry Craig on the 3 to make the board read 3-0. Then Miller added one more by place kicking the ball into the uprights.

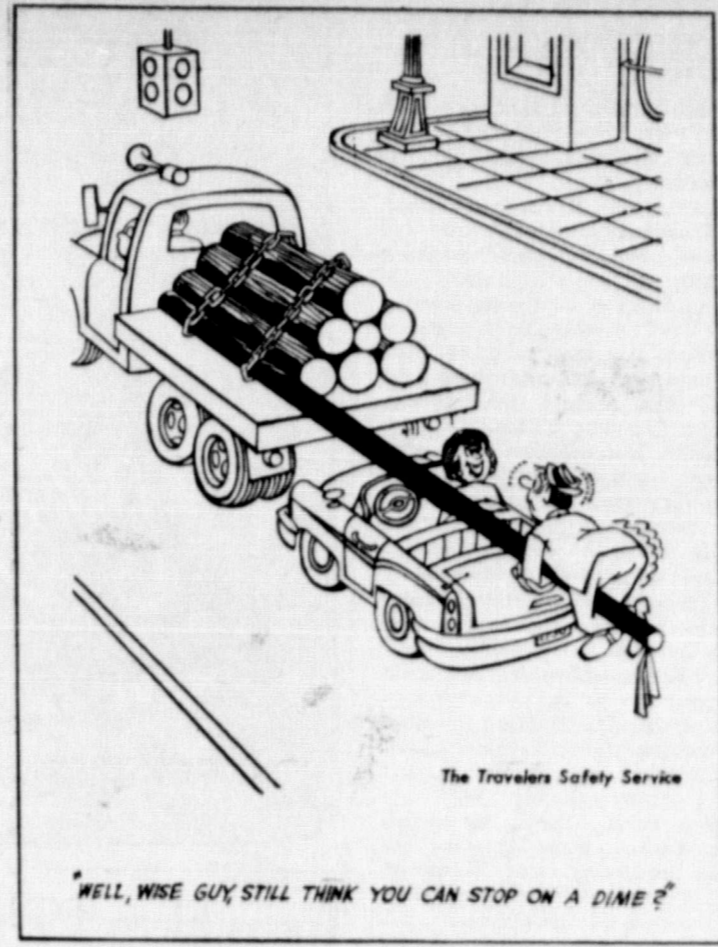

McLean was quick to retaliate. Fullback George Patten ran down the left sideline to the try for extra point was

no good. The score 16-12.

It didn't take the Cyclone long to rack another TD after they received the kickoff on their 46. Craig and Gardner on two carries netted 14 yards, and Gardner picked up 14 more on two more carries. Then with the ball resting on the McLean 20, a fumble was recovered by McLean, and it was looking like a rough night for the local team.

kickoff on their own 26, they went to the air to pick up one first down to their own 36. Then on running plays they picked up another to their 47. After three plays which netted 4 yards, a jump pass was complete which moved the ball to the Cyclone 30. They then threw three long passes which were incomplete, and on the fourth down pass play, Willingham connected with End Joel Meacham in the end zone to score the McLean last counter. The pass for two points was good, making the score 37-20.

which took over on the Memphis 47. Jones picked up 13 yards on a carry to the McLean 40, and a pass to Craig moved the ball to the McLean 29.

On four tries, after a 5-yard penalty, the Cyclone moved the ball to the McLean 20, and lost it on downs.

McLean expended four downs trying to make a first, and lost the ball on their 28. With 17 seconds left in the game, Memphis was unable to score.

Memphis backs picked up 298 yards rushing. Jones made 100 on 17 carries, Gardner 59 on 12

Cotton Is Still Leading Cash Crop Of Texas Farmers

Texas continues to be the leading cotton producing state in the union, according to information furnished last week by the Texas Business News, publication of the Bureau of Research, University of Texas. The report stated that the estimated 1960 production for Texas is 4,350,000 bales, or about 29.9 per cent of the total estimated production of 14,553,000 bales for the United States.

Cotton continues to be the leading cash crop in Texas with producers receiving \$699 million for

their 1959 crop of 4,416,000 bales (500 pound gross weight). This figure is 3 per cent more than the 1958 crop figure and the largest since the all-time high of 6,040,000 bales grown in 1949, according to the Texas Crop and Livestock Reporting Service. However, the \$699 million received in 1959 for lint and seed totaled 7 per cent less than the \$749 million realized from the 1958 crop.

While cotton prices continued weak for the 1960 crop, there was an encouraging note sounded by the Foreign Agricultural Service when it announced that exports of all types of U. S. cotton during the 1959-60 marketing season (which ended July 31, 1960) totaled nearly 7.2 million running bales. This figure amounts to more than two and one-half times the 1958-59 cotton exports.

At the start of this season on August 1, domestic stocks of cotton were 7,500,000 bales, or more than one-half of the 14,429,000 bales on August 1, 1956. The present crop, estimated at 14,553,000 bales, is expected to be a little smaller than domestic consumption combined with export sales in the present marketing year. Another moderate drop in the surplus on August 1, 1961 is anticipated.

Ouida Massey Sweetheart Of Delta Sigma Pi

Miss Ouida Massey, daughter of Mr. and Mrs. Alvin Massey of Dumas and formerly of Memphis, has been chosen the "Rose of Delta Sigma Pi" for 1960-61 at Baylor University. As their sweetheart, she represents Delta Sigma Pi, national business fraternity, in the Homecoming activities at Baylor University over the weekend.

She will also represent the fraternity at the May Day activities sponsored by the college and assist the club in all social functions throughout the year.

Her picture will be entered in the contest for the national "Rose of Delta Sig" this summer.

Miss Sybil Gurley Is Hostess To Culture Club

The Woman's Culture Club met in regular session Wednesday, Oct. 19, in the home of Miss Sybil Gurley.

Miss Alma Bruce, president, called the meeting to order, and presided over a short business meeting.

The program theme for the day was "Youth's Potential" and the quotation for the meeting was, "Youth comes but once in a lifetime." Mrs. Robert Moss led in "Prayer for Our Youth."

Misses Elaine Snowdon and Shirley Kennon brought a very interesting and informative program based on their tour, "The United Nations Pilgrimage for Youth," which was sponsored by Odd Fellows and Rebecca. Thirty-eight youths from this area made the tour.

Miss Kennon gave the highlights of the trip until they reached Washington, D. C. More detailed information was presented about the points of interest, such as the United States Senate, Washington Monument, Lincoln Memorial, Mount Vernon, Ford Theatre, Arlington Cemetery, and Tomb of the Unknown Soldier, especially the changing of the guards.

Miss Snowdon presented a highly informative as well as interesting talk about the United Nations, where they spent most of their time while in New York. After hearing her, each person had a much better understanding of the housing and workings of the United Nations. While in New York, the group made a boat trip up the Hudson River to West Point. On the trip home, the tour took them to Niagara Falls.

To conclude the program, Miss Snowdon showed the movies she made on the trip. She was assisted by Miss Kennon in making comments about the various pictures.

Lovely refreshments were served to guests, Misses Elaine Snowdon and Shirley Kennon, and Mrs. J. E. Polston of Shawnee, Okla., and club members, Mrs. Nat Bradley, R. E. Clark, Ward Gurley, Jeanette Irons, Robert Moss, L. A. Stillwell, Miss Alma Bruce, and hostess, Miss Sybil Gurley.

Mr. and Mrs. Odell Holley and son, Warren, of Amarillo, visited here Friday with Mrs. Holley's brother, Herschel Combs, and family, and with Mr. Holley's uncle and aunt, Mr. and Mrs. L. O. Dennis.

MINUTE MEDITATION — God Give Us Men

O God, give us men that a time like this demands. Give us men with great hearts and strong minds, with true faith and ready hands. Give us men who possess opinions and will power who will stand for right; men who love honor; men who will not lie. Give us men who are upright in public duty and most of all men who are not afraid to think for themselves. O Lord, give us men who boast not of their little deeds, nor mingle in selfish strife. But give us men who will execute justice and righteousness in the land, that our God given freedoms may never vanish from the earth. Through the Lord Jesus Christ. —Cecil E. Hadaway

Travis Elem. PTA Meets Oct. 11 In Cafetorium

The Travis Elementary School PTA met Thursday night, Oct. 11, in the school cafetorium.

For the program, Mrs. David Aronofsky, president, introduced the sixth grade, under the direction of Mrs. Ace Galley. The class sang two arrangements.

A First Aid Course is offered to the interested adults. Mrs. Gayle Greene urged everyone to participate. The class will be directed by Don Moore. The first meeting will be held Nov. 1 at 7 p. m. at the cafetorium.

Those delegates who were elected to attend the State PTA meeting in Austin were Meses. Bob Douthit, J. L. Bates and David Aronofsky.

Miss Elaine Snowdon and Miss Shirley Kennon gave a brief outline of their trip to the United Nations.

Miss Grayham played and sang several songs.

The next meeting will be held Nov. 8.

years a high chain link marked the back boundary of the Austin State Hospital grounds.

and forbidding, with its barbed wire at the top, it was a fence that suggested the fate of the people it confined. It was a depressing, prison-like fence that paralleled the one of Austin's busiest boulevards.

each spring, Austinites at a point of driving out to see the mass of climbing roses covering the fence. To this long stretch of roses is a sign of the change that has come to state hospitals during the 10 years as a result of volunteer services.

iversity engineering students and planted the rose bushes and thousands of people over the have landscaped the grounds around the dining halls and recreation rooms, built swimming pools, given parties, conducted wrapped gifts and in hundreds of other ways brought beauty and warmth to state hospitals and schools.

its fall report, the State Hospital Volunteer Services Council that volunteers gave 163,000 hours of time to state institutions during the past year. Figures only \$1 per hour and adding contributions of food, clothing, furniture, etc., volunteers

enriched life in state institutions by more than \$538,996 during the years. This does not count considerable sums collected for all-faith chapels at several schools and hospitals.

Last year, 36,000 citizens went into 18 different state hospitals and schools to do volunteer work. Impact of these volunteers is two-fold, says Miss Helen Colburn, coordinator of volunteer services for the State Hospital Board.

First, they help to create a pleasant environment which gives patients a better chance to respond to medical treatment.

Second, the volunteers learn the problems of the hospitals and schools and are an effective force in educating the community as to needs and goals.

"State money can't be spent for pictures or parties or swimming pools," said Miss Colburn. "It has to go for beds and food. But these other things are important. Patients respond to environment, and they respond to people. And they know the difference between people who are paid and people who come to help them out of sheer kindness."

Right now the volunteers are getting ready for their biggest undertaking of each year — Christmas. It means securing, wrapping and tagging about 26,000 gifts to keep up a three-year record of having a gift for each patient in the

state system. It means decorations, trees, parties and caroling. In some cases it means setting up shops where patients can get gifts to send to their families—often more ardently desired by the patient than a gift for himself.

RATE DECISION POSTPONED—State Board of Insurance voted 2 to 1 not to adopt a recommended 13.3 rate increase in certain types of auto insurance.

Board members R. W. Strain and Ned Price said they wanted to study the new safe driving plan more before approving any rate changes. They have been at odds with Board Chairman Peen J. Jackson who has recently advocated abolition of mandatory merit rating. To scrap merit rating, said Dr. Strain, would penalize the 70

per cent of drivers who earn a discount for good driving records.

Board also refused by a 2-1 vote to allow insurance companies to disregard penalties against drivers in accidents presumably not their fault. This must be decided by a court, said Strain and Price. Very few drivers seem to mind paying higher accident insurance rates because they are involved in accidents. But many do resent the assessment of a penalty based on traffic tickets issued. Especially tickets they feel were not warranted.

Still others contend that they are insuring their cars against accidents and not insuring themselves against traffic fines. Therefore if they are paying a premium for fines they should be reimbursed for those fines.

AVERAGE SPEED LAWFUL—Average speed of Texas passenger cars on rural roads is 55.9 miles per hour, reports the State Highway Department.

This is below the legal limit of 60 miles per hour on most stretches of highway.

Average speed of buses, however, is 60.7 miles per hour. Trucks average 51.2 miles per hour. Legal limit for trucks and buses is 55.

Statewide speed survey is taken by the Department each year with concealed radar devices. Department found that 19.3 per cent of passenger cars were exceeding 60, a 2.6 per cent decrease from last year.

STUDENTS GALORE—Texas is getting set for a bumper crop of college graduates in the sixties.

Commission on Higher Education reports the highest enrollment—90,035 students in the 18 fully supported state colleges and universities.

This is up 5,391 from last fall and a 60 per cent increase over 10 years ago. Biggest enrollments (in state schools) are at the University of Texas, Texas Tech, North Texas State, Arlington State and Texas A & M, in that order.

Biggest gains this year were UT and Arlington State.

ROAD LAG AVERTED—Release of additional federal funds will largely prevent an expected winter slowdown of highway work in Texas, State Highway Engineer D. C. Greer announced.

Only the November bid letting will be affected, said Greer.

This month the Highway Department tabulated low bids totaling \$19,030,137 for highway work. Next month the contracts are expected to total only about \$12,000,000, but by December the total should be increased again to about \$17,000,000 or \$18,000,000. This will mean fewer workers

Governor Urges All Democrats To Vote Nov. 8

Governor Price Daniel today urged all affiliated Democrats to turn out in full force on November 8 and give the Democratic ticket a tremendous victory in Texas.

Appealing for a big party vote on General Election Day, the Governor declared:

"More than 1,500,000 Texans have affiliated themselves with the Democratic Party for this poll tax year, under provisions of State Law. It is the responsibility of all affiliated Democrats to carry their great strength into the General Election in support of the Party nominees. November 8 is not only a presidential election but an election for all State and many district and county offices. In many instances the Republicans are running candidates against State and local nominees of the Democratic Party. That is way all Democrats should turn out an support their candidate November 8."

Daniel also called on independent voters — and those not affiliated under the new Party Affiliation Law — to join with the Democratic forces in supporting the Democratic ticket.

The Governor pointed out that Article 6.06 of the Texas Election Code simplifies voting the Party's ticket. This is done, according to the law, by "running a line with a pencil or pen through all other tickets on the official ballot."

Daniel reminded Democratic voters that absentee balloting is now under way and will continue through Friday, November 4. He urged those who will be unable to vote on election day to contact their county clerks for absentee ballot information.

Emphasizing the importance of a heavy vote on Election Day, Governor Daniel declared:

"Our privilege to vote is a sacred right not to be treated lightly. Voting is the fundamental responsibility of American citizenship, yet far too many shirk this vital obligation."

"In our last two general elections, Texas had a voting population of approximately 5,000,000 persons, but less than half of these people took the time to qualify to vote. And of those who did qualify, about a half-million still failed to

laid off for the winter by contractors doing state highway work.

SHORT SNORTS — Texas Railroad Commission announced that the eight-day oil production pattern will continue through November, making seven consecutive months of wells shut down 22-23 days a month. Daily allowable will be 2,667,598 barrels . . . Texas' cotton acreage allotment for 1961 will be 7,849,196 acres, the U. S. Department of Agriculture announced. This is a slight increase over this year's 7,377,151 acres.

exercise the right and responsibility that goes with their citizenship.

"This year's General Election, in Texas, is more significant than ever before. In addition to the opportunity we have for increasing the prestige of our State by electing a Texan, Lyndon Johnson, to the vice-presidency, the delegation strength of every voting precinct, under our political convention system, will be at stake.

"Revisions in the Texas Election Code now provide that the delegation strength in our pre-

cinct, county and State conventions for the next four years will be based on the vote for the Party's nominee for Governor in the November 8 General Election."

Amarillo Lawyer Speaks Here At Rotary Club

Judge A. J. Folley of Folley, Snodgrass & Calhoun, Amarillo law firm, was guest speaker at the Tuesday luncheon of the local Rotary Club.

Judge Folley, who is classified senior active in the Amarillo Rotary Club, spoke to the local members on the subject of "The State Bar of Texas." He is the immediate past president of the State Bar Association.

A guest of Program Chairman Sam Hamilton, Judge Folley has served as district attorney, district judge, associate justice, Court of Civil Appeals, judge, commission appeals, Sup. Court, associate justice, Supreme Court of Texas.

Judge Folley began his talk by giving a number of laws passed by the early colonies which affected the legal profession. He stated that throughout the years, the

Rain this week measured .22 of an inch Tuesday, J. J. McMickin, official weather observer, reported Thursday morning. Temperatures for the week included: Wednesday 47-74, Tuesday 62-78, Monday 49-81, Sunday 48-82, Saturday 45-81, Friday 34-77, Thursday 31-57.

legal profession has not been very popular.

He explained that the lawyers of the state formed an organization in 1921, and in 1939 the state government passed legislation creating the State Bar of Texas as an arm of the state government.

The State Bar is given the job of policing its members, and disbaring all those that are found guilty of misusing their trust.

In this way the legal profession has made great strides in establishing itself as a well thought of profession in the state. He explained that still the old saying, "a rotten apple will spoil the barrel" holds true.

Whenever a lawyer is found who has violated his trust, this reflects upon the whole profession, he said.

He concluded his talk with the basic philosophy that as long as a citizen has the right to a trial by jury, on all matters, then the basic freedoms of man will be preserved.

Judge Folley stated that in many countries the people do not have this right. He said that two things that he wished Mr. K could have seen in his trip to the United States was a religious church service and a court trial where a man was suing the federal or state government for damages to his property. These things are not done in communist countries, he said.

Mrs. G. Thompson Undergoes Eye Surgery Wednesday

Mrs. Glynn Thompson, who underwent eye surgery in St. Anthony's Hospital, Amarillo, Wednesday of last week, is doing nicely, according to her husband who has returned home.

Mrs. Thompson will probably leave the hospital Saturday, but will remain in Amarillo for approximately another week before she can return home.

"UNICEF's version of a centuries-old tradition offers striking counterparts to the original event. For the pre-historic Celts of Ireland and Scotland, and for the Gallic Druids, October 31 was the harvest festival—and today in this country that date marks an ample harvest of coins which will grow into health-giving medicines and body builders for as many as possible of the world's needy children who would lead a short, sick and hungry life if they receive no help," Mrs. Tarver explained.

"Halloween was a day when masks were worn to scare away evil spirits, or hung on trees to perpetuate the mythological divinities—and today American children wearing masks help combat the evils of mass disease and malnutrition among other children, and help foster the modern miracle of medical care and food research.

"A single penny given to the Children's Fund can mean enough vaccine to protect a youngster against TB; a nickel can represent the penicillin to cure a case of yaws; 20 cents represents the antibiotics to treat a child for trachoma; 50 cents can supply enough 44T to protect four children from malaria for a year; and \$1.00 can provide sufficient sulfone tablets to treat a young leprosy victim successfully for three years," Mrs. Tarver explained.

Mrs. L. C. Martin and Mrs. W. C. Dickey were in Dallas last week to attend the State Fair, see the musical, "Flower Drum Song" and the Ice Capades. En route home they went by Bonham to pick up Mrs. Charley Garner of Houston, aunt of Mrs. Dickey, who is visiting here this week.

Mr. and Mrs. B. Webster returned Sunday night from a 10-day visit in Houston. While there, they celebrated their golden wedding anniversary with a dinner in the home of their son and wife, Mr. and Mrs. Scott Webster. Two Men Await Trial Here In District Court

The unidentified Mexican male" who pulled and snapped a gun on Vallance Food Store employee John Todd is now in the Hall County jail.

Last week, Sheriff W. P. Baten, Jr., said that he had received the name of Leonel Lechuga from the Hidalgo County sheriff, who traced the license number of the vehicle which was registered in that county, and found out that the owner sold it to Lechuga. The license number was taken at the scene last Monday.

Lechuga was picked up by Deaf Smith County officials after a radio bulletin was put out stating that he was being sought by Hall County officers.

Assault to murder charges have been filed against Lechuga in District Court. Bond has been set by Justice of Peace J. S. Grimes at \$2,500. Lechuga will await the action of the grand jury.

Lechuga lists his home town as Pharr, Texas, in Hidalgo County.
