Over \$725,000 To Be Paid County Farmers

"Within the next 60 days, the producers on the 827 Hall County farms who have participated in the Soil Bank and Feed Grain programs will receive over \$725,000 in government checks," Hall County ASCS Office Manager Lynn McKown announced this week.
The payments to be made to participating farmers are now being prepared in the ASCS office, he said. All payments will be made as soon as signatures of the payees can be obtained and the applications processed. The signing of applications began Monday, Oct. 9, and will continue until all payments are made, he explained. Drafts will be drawn by the local office to make the payments.
There will be \$627,388 paid to the producers on the 463 farms who have over 55,000 acres un-

Methodist Church To Observe Layman's Day Sun.

The local Methodist Church will observe Layman's Day next Sunday, according to Rev. O. B. Herring, pastor.
J. W. Longshore, Lay Leader of the congregation, will be in charge of program arrangements. Cyril Keith, J. T. Clayton and Tommie Potts will participate in the morning services. A men's choir will provide the music for the service.
Scheduled to attend a District Layman's Meeting in Childers Sunday afternoon are J. W. Longshore, R. C. Lemons, Ben Parks and Rev. Herring.

Cotton Harvest Figure Is 6,395

A telephone survey of county gins Wednesday at noon revealed there have been 6,395 bales of cotton processed so far this season.
The ginning of the crop came to a halt Monday when rains over the area made gathering impossible.
In the Esteline and Turkey areas where the rain was lighter, the ginning figures were higher than they were in the Plaska, Lakeview and Memphis areas.
Kermit Voelkel, officer in charge of the USDA Cotton Classing office in Memphis, announced this week the addition of another classer to the staff there. The classer is Fred W. Stolley of Mis-

OFFICIAL MEMORANDUM By PRICE DANIEL Governor of Texas AUSTIN, TEXAS

GREETINGS:
Cotton, which has played so vital a role in the development of Texas, remains one of the agricultural mainstays of its economy. Value of cotton produced in this State exceeds \$20 billion, and this crop's service to mankind is beyond measure.
Ten years ago, Hedley Cotton Festival was launched under joint sponsorship of the local Lions Club and Booster Club to celebrate and give thanks for the bountiful cotton crops produced in the area.

Residents of the entire Texas Panhandle are invited to Hedley for the two day Festival, climaxed by the coronation of the Queen of Cotton. Seven thousand persons have attended each of the nine previous Cotton Festivals in Hedley, a town of 500 population.
The Festival is the only one of its kind and is sanctioned by the National Cotton Council. Festival committees promote improvement of the soil and growing of better grades of cotton.

WHEREFORE, I, as Governor of Texas, do hereby designate October 13-14, 1961, date of the Tenth Annual Hedley Cotton Festival, as
COTTON FESTIVAL DAYS
in Texas, and urge all citizens to join in a tribute to the great cotton industry.
In official recognition whereof, I hereby affix my signature this 5th day of Oct., 1961
Price Daniel
Governor of Texas

Memphis-Hollis To Settle Tie

The Memphis Cyclone and the Hollis Tigers will try to settle the differences over a tie last season when they meet Friday night at Hollis. Game time is 8 p. m.
The Hollis team has not shown up too well this season but will come into the game with a weight advantage. The complexion of the game will be on performance.
Hollis' line averages 185 pounds per man, while the Cyclone line averages 180. The Cyclone back-

CONG. WALTER ROGERS

Cong. Rogers To Visit Area

Walter Rogers, congressman for the 18th District, was scheduled early this week to address groups in both Memphis and Hedley.
Plans call for him to speak before members of the Memphis Lions Club and guests at the annual Teachers Banquet in the Masonic Hall Wednesday Night.
Saturday at noon he is scheduled to speak at the Hedley Cotton Festival. The schedule originally called for Congressman Rogers to speak Friday at noon, but a last-minute change altered the speaking date to Saturday.
Toastmaster at the Lions Club banquet will be Dr. H. R. Stevenson, president. Songs will be led by Buster Helm, and the invocation will be given by Dr. Jack L. Rose.
Special guests will be introduced by Dr. Stevenson, and members of the faculty and school board will be introduced by Supt. W. C. Davis. Herschel Combs will introduce the evening's speaker.
The dinner menu includes baked ham, salad, candied yams, green beans, hot rolls, coffee and cream pie.

field has a 10-pound per man advantage over the Tiger squad.

Tex Selvaige, Hollis coach, has set up a multiple offense for his squad. They employ an Oklahoma split-T, a double-wing with a tail back, an Oklahoma box, and a TCU spread.

Larry Snider, the team's quarterback or tail back is a versatile player. He is a good broken field runner, a good blocker, and he can pass. Lloyd Hayes, their 165-pound right halfback, is also a good player. The Hollis line is considered to be inexperienced.

The Tigers' favorite pass receiver is End Ronnie Davidson, who does a good job in his position.

The Cyclone is going to Hollis Friday night seeking another win so they can face the McLean squad the next week with only one loss to their credit.

No serious injuries have been reported by Coach Don Lambert. He stated that Memphis fans will not get to see Hollis' big colored fullback this year as he was ineligible to play this season. However, Coach Lambert said, "Obie" has a little brother who is just about as big and he is playing on the team.

Three Escapees Are Caught In New York

Sheriff W. P. Baten Jr. and Deputy Sheriff Elmer Neal were relieved to hear of the apprehension of the three men who broke out of Hall County jail here Sunday by the New York State Police.
The men were arrested in Athol Springs, N. Y., by state police when they attempted to sell a rifle at a grocery store Sunday, Sheriff Baten said.
The sheriff explained that his biggest worry during the week of freedom of the men was that he might receive word that some law enforcement officer was injured trying to apprehend the men.
Sheriff Baten stated that one of the men made a statement that if he broke out he would not be taken alive. All three were capable of using a gun, he added.
When the three men, Robert Kenneth Frost, Arthur Butau and Jimmy Parks, were apprehended, they were still driving the 1961 red and white Chevrolet which they stole from Potts Chevrolet Co. here. Also in their possession were the following guns: one rifle, six automatic pistols, four revolvers, two Derringers and 560 rounds of ammunition.
The sheriff reported that the men will be tried in New York State for possession of hidden weapons, a felony offense in that state. He said that after the men have completed their jail sentence there, they will be extradited to Hall County where they will face burglary charges for the Potts Chevrolet Co. burglary. The grand jury indicted them Monday.
Following this, Baten said, one of the men is still facing a five to 40 sentence in Minnesota.
The men, after leaving Memphis, took a 3,800-mile trip, and are alleged to have committed burglaries in Savannah, Ga., and Titusville, Fla.
Homer Tucker of Potts Chevrolet Co. said that he is prepared to go to New York after the automobile which is being held in storage there.
The three men are being held in Buffalo, N. Y., jail awaiting trial.
Sheriff Baten said the FBI, which was brought into the case on the Dyer Act, taking stolen property across a state line, may file on the men for this violation of federal law.

Hedley is ready for the 10th, and from all indications, the best and largest, Cotton Festival scheduled for Friday and Saturday.

It was announced this week that the Central States Shows Midway and most of the exhibits and concessions will be in operation Thursday.

The festival opens at 10 a.m. Friday with H. M. (Flip) Breedlove as master of ceremonies. Invocation, announcements and introductions will be followed by a school on "Boll Weevil Control."

Other events Friday morning include a childrens parade, program by Clarendon College Chorus and climaxed by the first barbecue in the Lions Den.

On Friday, from 1 to 3 p.m. will be the old Settlers part on the program. Bob Ayers will be Master of Ceremonies, Mayor C. L. Johnson will give the Welcome address and Judge R. E. Drenna of Clarendon the response. This will be followed by Honest Jess (Continued On Page Twelve)

Hall Co. TSTA To Meet Monday At Esteline

The Hall County unit of the Texas State Teachers Association will hold its initial meeting of the school year at Esteline, Monday evening, Oct. 16, at 7 p. m., R. F. Coker, Jr., principal of Turkey High School and president of the unit, announced this week.

Mothers of Esteline Seniors will serve the dinner to teachers, administrators and their guests. Program covers will be made by Esteline school students.

Clinton Voyles, principal of Memphis High School and vice president of the local unit, will be in charge of the program for the evening.

Rev. James Futch, pastor of the Esteline Methodist Church, will give the invocation. Mrs. Ace Gailey, county music supervisor, will lead the group in a sing-song.
The principal address will be made by Woodrow F. Watts, director of personnel, First National Bank, Abilene.

Following the program, a brief business session will be held.

Nearly all the teachers in Turkey, Memphis, and Lakeview belong to the TSTA, and Esteline School has reported 100 per cent, Mr. Coker said. He stated that he believed the entire county would reach that goal by meeting time on Oct. 16.

Regular dinner meetings for the local unit are slated for Feb. 19 in Memphis, and March 19 in Turkey.

Rex Peoples, high school principal of Lakeview, is second vice president of the unit. Mrs. Roy Guthrie of Memphis is the immediate past president.

Stability In Government

In a world disturbed by sudden changes in government the American is becoming more aware of the stability built into the American system by the writers of the constitution.

The recent shift of power in Brazil where the legislative body suddenly rewrote the constitution to limit the power of an unpopular new president illustrates how important to a people is the continuity of a respected constitution.

We here in the United States seem to have found the way to give maximum protection to the average.

Even at a local level we are protected against the sudden whims of a mob spirit.

If our city council displeases us we can change them at the next election. But the mob cannot rise up over night and throw them out of office. If the county commissioners defy the people they will pay for it the next time the people vote. In the meantime stable government continues.

The same thing is true at the national level. By a system of checks and balances congress, the president and the supreme court can become objects of bitter attack. But stability is preserved until the people have a chance to go to vote once more.

Furthermore congress, the supreme court and the president are limited by that same constitution from changing our form of government until they have asked the permission of the people.

The city council, the commissioners court and the state legislature must act within the frame work of constitutional provisions. Regardless of their personal wishes or of public pressure they must stay within that legal framework.

Thus it is that the hot temper of a current issue can not overthrow a balance or check. No agency of government is free from unpopular decisions.

Even the Supreme court, such as in the Dred Scott decision or the intergration decision, can become sudden and bitter targets of attack. But it survives such attacks because of the stability built into the American system.

This precious constitutional stability gives all of us from local to national level a sound confidence in tomorrow.

This is Constitution Week and we should take time here in Wichita Falls to say a prayer of thanks for the great document.

What Other Editors Say

Conditioning for Expansion

A new point of view is necessary in local business and reality circles for Floydada to continue expansion as a business and residence community at the rate we residents would like to see it do.

Rental property, now generally seen as undesirable by major investors, must take on a new aspect.

There are desirable rental properties in the community but the desirable ones have long since been spoken for. Those others who come in and look about think of Floydada as having no "rental facilities." What they mean is they have the money to pay for the kind of home they want to live in but not to own. Two recent instances have proven this fact.

A pooling of resources to make the kind of houses people want at a price they are willing to pay might be the answer. That an answer is urgently needed cannot be gainsaid. That is why we say an about face is necessary among business interests already entrenched in the community and hoping to see more people, more traffic on their streets and in their marts.

Watch For School Buses

We have some advice for our readers that we have given from time to time at this time of year. We offer no apologies on this score, since we feel it bears repeating.

Now that schools have started all over the country and the Fall weather will soon be here, it would be well for drivers to remember that darker days and poor visibility often add up to tragedy involving school buses.

Under the law in practically every part of this country, drivers are required to stop when school buses are discharging or taking passengers. This means that drivers approaching or following a school bus are required to stop.

In hilly areas, in poor visibility, or on curves, cars traveling at today's high speeds are often hard-pressed to stop if they do not see a standing bus a good distance ahead. Although school buses are supposed to show blinking lights, or stop signals, in the form of a raised sign, or in some other fashion, these signals are sometimes flashed dangerously late by the driver, and oncoming cars are given very little time to stop.

Therefore we take this occasion to call the attention of all drivers to the fact that, as days get shorter and Fall weather increases its intensity, eyes should be kept peeled

and anxious to accommodate subscribers, however, letters such as the following sometimes leave them a bit irate:

"Dear sir: Last year you printed an article — at least, I think it was your paper — which interested me very much. I have forgotten exactly what it was about and have lost some notes I made on the subject. Will you send me another copy of your paper in which this article appeared?"

MR. AND MRS. HOLLIS BOREN

Mr. and Mrs. Hollis Boren Observe Golden Wedding Anniversary Sunday

In observance of their Golden Wedding Anniversary, Mr. and Mrs. Hollis Boren were honorees Sunday at an open house at their home, 321 South Seventh Street.

Children of Mr. and Mrs. Boren assisted in receiving the guests who called between the hours of 2 and 5 p. m.

Mrs. Calvin Todd, Recent Bride, Is Shower Honoree

The home of Mrs. Boyd Waddill was the recent scene for a coffee and shower honoring Mrs. Calvin Todd, recent bride. Mrs. Todd was before her marriage Miss Joyce Matthew of Perryton.

Hostesses for the courtesy, other than Mrs. Waddill, were Meses. Gene Hughs, Cecil Hadaway, H. L. Fronterhouse, Lila Rogers, Thurman Ellerd, Mackie Allen, W. M. Davis, Herman Vallance and Miss Lucille Williams.

In the dining room, the table was laid with a white linen cloth centered with an arrangement of pink and white roses.

On display was a lovely array of gifts presented to the honoree by friends. The hostesses' gift was an electric blanket.

Guests called between the hours of 9 and 11 a. m.

Friendly Sewing Club Votes To Donate To Project

Mrs. Larry Simpson was hostess to members of the Friendly Sewing Club on Tuesday, Sept. 26, at her home, 409 South Fifth Street.

Mrs. Estelle Barber presided over a short business session after which Mrs. Lucy Phillips brought the thought for the day. Mrs. Barber led the group in prayer.

During the business session, members voted to pay \$10.00 on the rest rooms at the City Park.

The afternoon was spent in doing needlework for the hostess.

A tasty refreshment plate was served to Meses. A. B. Jones, Ethel Moreman, Jim Webster, Estelle Barber, H. C. Hawkins, Lucy Phillips, Lula McMurry, L. G. Yarbrough, Mrs. Beckham and hostess, Mrs. Simpson.

Open House In Lakeview To Honor Mrs. W. C. Skinner On 80th Birthday

Honoring Mrs. W. C. Skinner on her 80th birthday, Mr. and Mrs. James Skinner will entertain with open house on Sunday afternoon, Oct. 15, at their home in Lakeview.

A special invitation is extended to friends of the honoree to call at the Skinner home between the hours of 2 and 5 p. m.

A long-time Lakeview resident, Mrs. Skinner resides at the family home place 5 miles west of Lakeview. She has lived alone since her husband's death in 1940. The family moved to Hall County in 1921.

Unusually active for a person of her age, Mrs. Skinner keeps busy with chores around her home. Among her hobbies are taking care of her chickens and making quilts.

Around and About

By HELEN COMBS

Halloween, the season of spooks and goblins, is just around the corner. And at least three events have already been calendared for later this month.

At Lakeview, the annual Halloween Carnival will be held a week early in order not to conflict with other school affairs. The two-day event is sponsored each year by the Junior and Senior classes, and will be held in the high school gymnasium beginning each evening at 6:30 p. m. There will be all the regular Halloween treats with fun in store for the whole family.

At Estelline, the Carnival will be held on Halloween night, Oct. 31. This is also an annual event for the school in which the whole community participates. There will be plenty of food, games and fun for everyone.

Something new in entertainment for Memphis is the Carnival Dinner being sponsored by the Memphis Business and Professional Women's Club. This will be held on Monday night, Oct. 23, in the Travis Cafeteria. Mark your calendar and plan now to attend one or all of these functions.

Mr. and Mrs. J. W. Vallance were in Lubbock one day last week to visit with their granddaughter, Jeane Vallance, who is a freshman at Lubbock Christian College. Jeane is doing very well for herself in try-outs in the music department. She has not only been chosen to sing with the College Choral Group, but last week was selected to sing with the Sextet. She is a talented musician, and also received recognition in high school for her dramatic work.

Those who helped with the 1961 Cancer Crusade, including the many volunteer workers from the Federated Clubs throughout the county, will be happy to know that Hall County received official recognition for outstanding achievement during the fund raising campaign. The recognition was given at the annual district meeting of the American Cancer Society held in Lockney last Wednesday. Hall was one of five counties in District Three-Five to receive official recognition, according to Ben Parks, chairman of the local chapter.

The local chapter also is participating in the Memorial Fund through which contributions are made to the American Cancer Society throughout the year. Mr. Parks said. Since the Crusade drive in April, \$80 has been contributed through this special fund. Memorial cards are sent to the next of kin advising them of contributions made in memory of a loved one. Information concerning the Memorial Fund may be secured from Mr. Parks at the First National Bank.

For those who enjoy bridge, something new for Memphis began this week. Duplicate Bridge was introduced on Monday afternoon and Tuesday night at the Country Club with Mrs. Sam Moore instructor. Soon a series of lessons will be conducted by Mrs. Moore.

For bowlers, especially those who want to perfect their game, a series of free lessons will be given at the local Bowl soon. The series includes five lessons, K. D. Nabers, manager said.

Thanks to Violet McQueen for the beautiful dahlias . . . they are gorgeous, especially the salmon-colored ones. She must have known about our failure as a dahlia grower. We have tried now for the second year in a row . . . and not one blossom to show for our efforts.

Rev. and Mrs. Kenneth Lowry and twin sons were by to meet us Saturday. They have recently taken over the pastorate at the Lesley Baptist Church. We were charmed with their twin sons who are now about a year old. Mrs. Lowry admitted the two kept her quite busy as infants—especially since her husband was still in school at that time.

Jerry Hays, son of Mr. and Mrs. Henry Hays, did well for himself at the district golf tournament for Southwest Public Service employees at the Roswell, N. M., meet recently. He came in a first-place winner. Jerry, who lives in Amarillo, is employed with the consumer accounting department of the company. Another former Memphian is also shooting good golf in Amarillo. He is Bill Hickey, son of Mr. and Mrs. Claude Hickey, who was one

of the winners in a recent Amarillo tournament.

The Business and Professional Women's Club will close its drive for household items for the victims of Hurricane Carla Saturday. Louise Howell, president, said this week. Local residents who would like to contribute items should leave them at West Texas Utilities Co. before noon Saturday.

Just three more days to make your estimate in the annual Cotton Guessing Contest. If you have not listed your estimate on the 1961 crop, please do so before the contest closes Saturday. Lynn McKown, manager of the Hall County ASCS office, said the county has 95,564 measured acres planted to cotton this year. Taking the .8 of a bale produced last year, the county would produce 76,451 bales. Now the question is this: Is the cotton as good, overall, as it was last year or will it produce less per acre?

Mrs. George M. Bugbee writes: Here comes my guess from Southern California as to how many bales of cotton will be ginned there this fall. My guess is 60,000. I lived in Hall County near Lakeview, leaving there to move to Clarendon in 1907. Then came to Redlands, Calif., in 1919, and have lived here since.

Ernestine Young Becomes Bride Of Morris Troxell In October 2 Ceremony

The First Christian Church in Memphis was the scene on Monday evening, Oct. 2, at 8 p. m. for the double-ring ceremony which united in marriage Miss Ernestine Young and Morris Grant Troxell, both of Amarillo. Minister Everett Stevens officiated.

The bride is the daughter of Mr. and Mrs. E. A. Young of Memphis while the groom is the son of Mr. and Mrs. S. G. Troxell of Amarillo. The wedding date coincided with the 38th anniversary of the bridegroom's parents.

Vows were exchanged before an arch of greenery flanked by baskets of white gladioli.

Mrs. Gerald Knight provided nuptial music.

Given in marriage by her father, the bride wore a street-length dress of aqua chiffon over taffeta with matching accessories. She carried a bouquet of pink feathered carnations highlighted with pink satin ribbon atop a white Bible. The tradition of "something old, something new, something borrowed, something blue" was carried out. The "something old" was the wedding band belonging to the grandmother of the bride.

Mrs. Gary Rowell of Amarillo, cousin of the bride, was maid of honor. She was attired in a dress of pink lace over taffeta with matching accessories, and carried a white mum.

Best man was Jimmy Adcock of Amarillo. Ushers were Eddie Brascher of Amarillo and Murry Morrison of Quitaque, uncle of the bride.

A reception following the ceremony was given by the bride's parents in the Fellowship Hall of the church.

Mrs. Troxell attended the Memphis schools and is presently employed by the Amarillo National Bank. Mr. Troxell is employed by McCarty-Hull and attended Amarillo schools and Amarillo College.

After a wedding trip to Dallas, the couple will be at home at 3103 Tyler St. in Amarillo.

Brother of Local Woman Chosen To Tour Europe

Jack Maddox of Paris, brother of Mrs. Hal Goodnight of Memphis, was recently chosen by Pan-American and Greyhound agencies to represent the United States as a typical American cowboy.

He operates four ranches near Paris for the Pichard and Ray Cattle Company, managing herds of Brahma, Hereford and Angus cattle.

Maddox will travel with 29 other Americans, "the kind of folk Europeans hear most about—a forest ranger, a Hollywood movie queen, an Indian brave and a baseball player."

This is not the first time the versatile rancher has been asked to promote America abroad.

He has visited here numerous times, and has many friends in this area.

Clarendon College Elects Officers

Hickey Motor Urges Residents To Enter Contest

An invitation to area residents to come in and enter a contest, which is being sponsored by the Chrysler Corporation, was issued this week by Gerald Hickey, owner of Hickey Motor Company.

"There is nothing to buy," he explained. "Those who wish to enter simply come by Hickey Motor Co. sometime during the month of October, and sign their names. Among the prizes awarded will be 150 new cars."

This is the second contest sponsored by Chrysler, he said.

Cancer Memorial Fund Contributions Are Listed

Approximately \$80.00 has been contributed to the American Cancer Memorial Fund since the crusade drive here in April, Ben Parks, chairman of the local chapter, said this week.

Money from the Memorial Fund is sent to state headquarters where it is used in a campaign to stamp out cancer, through educational channels and research, Mr. Parks explained.

Persons who desire to participate in the Memorial Fund may leave their checks with Chairman Parks at the First National Bank.

Mr. and Mrs. Henry Medart and three daughters of Quanah spent Sunday here visiting with Mrs. Medart's sister and husband, Mr. and Mrs. Roy Rea.

Texas Employment Comm. To Aid In Finding Laborers

The Texas Employment Commission announced this week that an agent will be stationed here in Memphis during the next few months to help laborers and farmers find jobs and hands.

H. R. Read will be stationed here as a representative of the Texas Employment Commission.

Read can be located at the Fowler Mobil Service Station on Highway 287 in Memphis.

The commission will help farmers find field hands, and migratory workers to find jobs this fall, it was announced.

Winter Control Of Boll Weevils Is Explained

Some time ago a request was made of the Hall County ASC Committee for permission to burn off Soil Bank land to control boll weevils, it was announced this week.

The ASC Committee, not having authority to grant this request, asked W. B. Hooser, county Extension Agent, to obtain the opinion of the entomologist for the Extension Service regarding this matter.

The following is the reply to Agent Hooser's inquiry from C. F. Garner, associate Extension entomologist, College Station, Texas:

"I have your letter of Sept. 15, in regard to the practice of burning vegetation on soil bank land to control the boll weevil. I have discussed this matter with others here in the Department of Entomology and we are all in agreement in regard to the practical aspect of this practice.

"Boll weevils disperse over a rather wide area when they are seeking quarters in which to hibernate. There is no doubt that some of the weevils would migrate to vegetative areas in the soil bank land. Burning vegetation matter on the soil bank land would kill weevils present in this area; however, there would be weevils present in areas that could not be destroyed. This percentage of boll weevils left would be sufficient to repopulate the cotton next year.

"We think it is questionable about burning vegetation because of the valuable plant residue on the land. Undoubtedly, in keeping with good farming practices, leaving the vegetative matter on the land would outweigh the practice of burning and trying to destroy the boll weevil. I think you are right in your statement that the weevils would hibernate in so many other places that it would be impossible to control all of them. I think this matter should be given careful consideration before any vegetation is burned to try and lower boll weevil population. As I stated earlier, some weevils would probably be present in soil bank land, but many others would have hibernating quarters elsewhere and could not be destroyed."

Mr. and Mrs. Gene Chamberlain of Lubbock spent the weekend here.

Curren Elected President Of Local Rifle Club

Roy Curren was elected president of the Memphis Rifle and Pistol Club at a membership meeting Sunday. S. B. Sellers was named vice president of the club.

Other officers elected or re-elected were Glenn L. Thompson, secretary, Lowell Houston, range officer, Tomie Tucker, chief instructor, and Herschel Combs, treasurer.

At a meeting Tuesday night, plans were made for a big shooting contest to be held at the range Sunday afternoon, Oct. 22. Competition will be held in trap shooting, small bore rifle shooting and pistol marksmanship.

The main topic discussed at the Tuesday meeting was the new program for junior shooters. The club is making plans for the beginning of a Juniors Shooters club made up of high school age students, either boys or girls, who are interested in learning to shoot small bore rifles and pistols.

Classes will be held under qualified instructors with Game Warden Walter Hicks as the principal instructor. The students are asked to furnish both the .22 rifles and ammunition for the classes.

Any high school student interested in enrolling in the classes should contact Tomie Tucker or the club's president, Roy Curren. There will be no charge for membership or for the classes, it was announced.

Sunday visitors in the home of Mr. and Mrs. Jack Crawford were Mr. and Mrs. Don Chancey of Amarillo and Mr. and Mrs. Bob Crow of Claude.

Mr. and Mrs. Elmont Branigan and family visited in Hollis, Okla., Sunday with Mr. and Mrs. H. T. Branigan.

Mrs. Florence Fitzjarrald and daughter Kathryn of Amarillo visited here over the weekend with Mrs. R. H. Wherry.

B&PW Club To Sponsor Circus Dinner Oct. 23

The Business and Professional Women's Club will sponsor a Circus Dinner on Monday evening, Oct. 23, Louise Howell, president, announced this week. The dinner will be held at 7 p. m. in the Travis Cafetorium.

Plans for the dinner were completed at the regular luncheon meeting held Thursday at noon in the Masonic dining hall.

Tickets will go on sale in the near future and will be \$2 each. An informal and entertaining program is being planned with Virginia Browder serving as toastmistress, the president said.

The Circus atmosphere will be complete with fortune telling booth, picture taking booth, cotton candy, etc. There will also be a variety of surprises in store for those who attend including a special recognition ceremony.

All members of the club will work together to make this one of the highlights of the club year, Mrs. Howell said. Heading the various committees as chairmen will be: entertainment, Roselyn Williams; decoration, Tops Gilreath; food, Wilma Martin, and publicity, Helen Combs.

A delicious home-cooked dinner will be served.

When and Where It All Began

The major conflict between the two primary ideologies concerned with the government of man, to-wit, democracy on the one hand against communism on the other, began during the lifetime of most of us. It has continued unabated, has reached some high points and some low points, but the chasm between these two ideologies has never been bridged, even temporarily.

The actual conflict began in the month of October, 1917, with the October Revolution. It was at that time the word "Bolshevik" first found common use. It was used with reference to the mobs that stormed the Petrograd Winter Palace which housed the alleged parliamentary government of Alexander Kerensky. Kerensky and Prince Lvov had taken over in March of 1917, the date on which the Czarist government had collapsed. Our embassy in Russia had confidently advised our government that the collapse of the Czarist regime and the rise to power of enlightened new leaders such as Prince Lvov and Alexander Kerensky would open the door to democratizing Russian institutions along the lines of our Constitutional form of government. Subsequent events proved that our embassy at that time was looking only at the surface and had little, if any, knowledge of what was going on beneath that surface. The explosion came only a few months later as history now records. Alexander Kerensky managed to flee the Petrograd Winter Palace in a caravan allegedly led by a car and chauffeur commanded from the American Embassy. It was at that time that Lenin and Trotsky took over, and the gulf between our philosophies of the government of man and the philosophies now being pursued in the Soviet Union joined the battle for the minds of men. It was at that time that Red Russia threatened to leave the war against the Kaiser's Germany—a time just as we had gotten into it. It was at that time that Lenin and Trotsky threatened to substitute for the war of nations, a war of classes to be pursued and activated both without and within the confines of other countries, including America. These were the elements that resulted in a total breakdown in the relations between Russia and America—two peoples who had been friendly

and cordial for more than a century, although situated on opposite sides of the globe.

It must also be remembered that this was the time when the United States, a relatively young nation, found itself as the newcomer in great-power politics. Many historians have argued that our country was unduly handicapped because of the manner in which we had been choosing our representatives to foreign countries. It is their contention that the choice was from the ranks of deserving contributors, political pensioners, an occasional hungry intellectual seeking a paid-for existence overseas, or a neer-do-well playboy able to finance his own activities as a representative of this country. I think that history will record that there were a number of instances which would confirm these allegations. Whether or not that practice and its limited continuation in subsequent years is the basic cause of the continuing mutual fears and suspicions between the government of this country and the USSR, is debatable. However, I would point out to those who are seeking a whipping boy for the strained relations that have persistently existed, that the makeup of the ambassadors would save made little difference. The cold bare fact is that the gulf between the two ideologies of governments involved cannot be bridged diplomatically or otherwise so long as the enslavement of the mind and body of man continues as one of the pillars of the communist philosophy, or so long as freedom and dignity of the individual remain a pillar supporting the form of government to which we subscribe. Perhaps a number of rough spots could have been avoided had our diplomatic policies been in the hands of seasoned, experienced and educated diplomats. Certainly, we should make every effort to know and understand what is going on in the rest of the world and to try to assign to the trouble spots men of great experience and knowledge in international matters. In order to do this, it will be necessary to cease the assignment to foreign posts of men qualified only by their friendship with the administration in power in this country. We should begin now to build a diplomatic corps that will be open to all citizens of this country willing and able to qualify themselves to serve in

County Receives Recognition For Cancer Donations

Hall County was one of five counties in District Three-South given special recognition at the District Annual Meeting of the American Cancer Society in Lockney October 4. The official recognition was for outstanding achievement during the 1961 Crusade for funds.

District Three-South is made up of 18 counties. Counties recognized, other than Hall County were Briscoe, Floyd, Hardeman and Motley Counties.

Through the co-operation of the Federated Women's Clubs of the county, \$1,190.60 was raised during the 1961 crusade, Ben Parks, chairman of the local chapter, said. Mrs. Herschel Combs served as county crusade chairman.

Memorial funds in the amount of \$103.00 were added to crusade funds making the total balance for the County of \$1,293.60, or 129 percent of the minimum share allotted the county, Mr. Parks explained.

Mrs. J. O. Bass, Jr., of Edmondson, M. K. Wilcoxson of Childress and Dr. Carl F. Page of Lubbock were elected to the state Board of Directors of the American Cancer

Society's Texas Division at the meeting. More than 60 delegates were in attendance.

Dr. William W. Sullivan, Orthopedic Surgeon at the University of Texas Medical Branch in Galveston, gave a report to the delegates on his advanced study in cancer being done under a fellowship grant of the Texas Division of the Society.

Another speaker, Elmo J. Osborne, Texas Division Director of Crusade and Public Relations, stressed the unique character of volunteer workers, more than eighty thousand in Texas, who carry out the program of the Society. He also reminded the group that cancer is unique also in the magnitude of the problem and the results possible through the number of lives saved.

Misses Cecilia Leslie, Sondra Stargel and Teresa Beckham were weekend guests in the home of Mrs. Alice Crawford and Mary in Lubbock. They attended the Texas Tech - A&M football game and the college dance afterwards as guests of local boys who are attending Tech. Mr. and Mrs. Cecil Stargel went to Lubbock on Sunday and the girls accompanied them home.

Mr. and Mrs. Chester Grimes and Gary of Amarillo visited here Sunday with their parents and grandparents, Mr. and Mrs. J. S. Grimes.

that capacity. Legislation is presently pending that would commence this operation, and I sincerely hope it passes.

Whatever may be done, we must recognize that this conflict that began in October, 1917, will continue until the USSR abandons its policies of enslavement or this country abandons the guarantee of freedom spelled out in the Constitution, the latter of which will never occur.

We Salute the Fine Men of our FIRE DEPARTMENT DURING

FIRE PREVENTION WEEK

The members of the Memphis Volunteer Fire Department hold regular jobs... or they are in business for themselves... BUT THEY ARE WORKING FOR YOU, TOO!

During this inflationary period, the value of your property goes up and up... the value of anything you own, in fact. Likewise, any loss you may suffer from fire is bigger and bigger in terms of what it will cost to replace.

They mean this to you: You may lose your back fence in a rubbish fire... BUT IT COULD HAVE SPREAD TO YOUR HOUSE. You may lose a few acres in a grass fire... BUT IT COULD HAVE BEEN YOUR ENTIRE PASTURE AND GRAIN FIELD.

We urge you, during this Fire Prevention Week, to join with us in saluting the Memphis Volunteer Fire Department. And, most of all, we urge you to PRACTICE FIRE PREVENTION MEASURES throughout the year.

Delphians Enjoy Program On Glass And Glass Display At Tuesday Meet

Fine Art was the program topic for the Delphian Club on Tuesday. The meeting was held in the home of Mrs. Sim W. Goodall.

Mrs. Clyde Smith presided at the business meeting and Mrs. Lynn McKown introduced the program.

Mrs. J. L. Barnes gave the meditation using "The Path of Life" as her topic. She told of countries long under a dictatorship type of government and present democratic forms of government.

Decorating with Glass was the title of Mrs. Mildred Stephens' subject. She began by saying, "The Age-Old History of Glass-making is one no one knows when or where men first made glass. Pliny, the elder, a Roman writer, suggested that Phoenician sailors landed on a sandy beach in Palestine and used natron blocks, natron being a crude form of soda, to make a temporary fireplace. In the ashes next morning they found lumps of glass formed by the beach sand and soda."

"The Phoenicians may have invented glass blowing, but the Egyptians brought it to a fine art. They also molded articles of great beauty, they laid gorgeous mosaics of glass color, Nile green, which has remained unrivaled. The Athenians decorated floors, ceilings and sidewalks with opaque glass. The Romans made the first windows; small panes of glass one-half inch thick, were used to make the luxurious Pompeian baths," said Mrs. Stephens.

"Then Venice provided the link between the ancient and modern glass-making arts. The Venicians knew glass making secrets from Roman times, and in the early Renaissance were producing molded and spun glass. In 1268 the Venetian workers were incorporated; and 23 years later they were segregated on the nearby island of Murano, partly because

their furnaces were fire hazards but mainly to keep the secrets of the trade. The death penalty was decreed for workers who left Murano."

"The first mention of stained glass windows is in the writings of the 4th and 5th Century Latin and Greek authors. Pictorial designs had been introduced; dyes added during the melting of the glass, were of a metallic nature and later enamel added another form of coloring by fusing it on with a very high heat. During the 17th, 18th and 19th centuries, windows were restricted to churches and castles and all were taxed that possessed more than six windows," she explained.

Mrs. Stephens said, "Everybody collects glass. Just notice how many bottles, bowls, vases you have around that had never appeared to you as a collection. The myriad shapes and colors of glass, the delicate beauty, the sparkling way it reflects light and its unlimited decorative qualities make it most interesting. Glass can be effectively displayed and is an asset to any room."

"Due to its fragile nature there is a greater demand for glass than there is supply; which is one of the reasons there are so many imitations and it is difficult for the novice collector to tell an antique from a copy. For instance Fostoria has reproduced a coin glass that is exquisite and may be found at Branigans; Pontil balls at Neva's, Gold metallic added to some lovely pieces at Mrs. Whitley's shop, some venetian glass at Tarver-Stanford Pharmacy and some of Mr. Blenko's glass at Thompson Hardware, were used for illustration of the modern glassmakers."

Roll call was answered by members of the club explaining the origin of the piece of glass she brought for an exhibit. Some of

Cyclone Defeats Turks Know Your Cyclone -

Memphis Cyclone chalked fourth win of the season Friday night downing Turkey 37-7, before approximately 2,000 fans in Cyclone stadium.

Cyclone trailed behind the Turks in the second quarter but were leading at half-time. In the third period, Cyclone sewed up the game with touchdowns to make the score 27-7 at the end of this period. Cyclone scored early in the fourth quarter to round out the tallies.

Local squad's 180-lb. full-back Eddie Jones had an exceptional night, racking up 187 yards for a 15.6 yard per average. Jones carried over 41 first Cyclone score, a 41-yard sweep on the first play of the second quarter. He scored later in the game on a 55-yard dive play. Jones carried extra points attempt to score on the passing end and was on the passing end of a 57-yard pass play to End Dwight Gailey to set up the Cyclone's first TD in the second half.

Cyclone's leading scorer, J. Pounds, also turned in a night's work, carrying for 111 yards and adding TD carries and a TD in the second quarter. The Cyclone first to draw blood on the game carry around right end by QB Bunky Adecock. Jones wasn't long in recovering after receiving the ball on their own 32. They carried on their first down to their own 43 after a draw attempt by a real bomb was dropped by Turkey's QB Don Guest back behind fine pass end and connected with a HB Jerry Weatherly. The Cyclone one-yard line. Weatherly carried for the score. Don Guest kicked the extra and the score was 7-6 in favor.

FB Jones was the leading gainer with a total of 187 yards on 12 carries for a 15.6 yard per carry average. Bill Peters carried 10 times for 52 yards (this includes Pounds' 55-yard return carry). HB Doug Perry carried 3 times for 11 yards. Freshmen backs Toby Crooks carried twice for 13 yards. Stargel carried twice for 8 yards.

First Half Play Jones received the opening carry from the toe of Richard Stone and returned the ball to the 31. Carries by Weatherly, Jones and Don Guest moved the Cyclone first down to the 43. Jones was held and Guest carried into a 32-yard kick at the 20. MPH south wind the Cyclone took over on their own 23. Carry by Peters picked up yards and FB Jones carried more to move the ball to the 27. HB Pounds on the next play moved the ball to the 16 yards. At this point the Cyclone drew a 15-yard penalty and were unable to overcome the set-back, so QB Adecock carried by Stone and Weatherly carried the ball for one first down

vantage. When Bill J. Pounds took the punt he could find plenty of running room around the left side of the field. Pounds picked up blockers to race his way 55 yards down the sideline to the Turkey 17 before being downed.

On the next play, Peters carried to the 11 yardline, and then carried on a pitchout around right end to score. Eddie Jones added two more points and the Cyclone concluded their scoring for the night at 37-7.

Turkey received the Cyclone kickoff and returned it to their own 30. A pass interference call was ruled against Memphis and Turkey took over the ball on the Cyclone 31. Three carries by Weatherly moved the ball for a first down to the Cyclone 20.

At this point, penalties of 15 yards against the Cyclone and 15 yards against Turkey were assessed during the series. However, on a third down attempt, Turkey fumbled and the Cyclone recovered to give Memphis the ball on the 18.

At this HB Toby Crooks carried for 5 yards and FB Jones carried for 12 more to bring the ball out to the 35. In the next series, carries by Jack Stargel, Wright, and Peters netted only 8 yards, so the Cyclone punted to the Turkey 37.

Carries by Turkey backs, George Hawkins and Guest moved for a first down to the Cyclone 49. Four plays were then expended moving the ball four yards and the Cyclone took over on downs on their own 45.

Peters carried for one yard and then Stargel broke free for 15 more to move the ball to the Turkey 39. A completed pass from Wright to End Richard Ellis was good for 23 yards to the Turkey 16, and another pass to Ellis was good for seven more. Then Crooks carried for 8 more, around left end but the game ended before another play could be run with the ball on the Turkey 1-foot line.

On the last play before the half, Perry Wright intercepted a Turkey pass.

In the closing minutes of the half, Turkey took over the ball on their own 30. Three plays later, QB Guest carried around right end for 27 yards to the Cyclone 40. After three incomplete passes, a 15-yard roughing the passer penalty gave Turkey a first and 10 on the Cyclone 25. On the next play, Guest was dropped for a loss of 19 yards.

On the last play before the half, Perry Wright intercepted a Turkey pass.

Second Half Play Memphis received the kickoff and Doug Peters returned the ball to the Cyclone 37. Quarterback Adecock dropped back to pass and was dropped for a 5 yard loss. HB Peters made 5 yards on a dive. Then, FB Jones blasted through the Turkey line and scampered 40 yards before being pulled by Don Guest on the Turkey 23. A fumble lost the ball to Turkey on their own 16. Turkey was held and punted out to the Cyclone 40.

At this point, Eddie Jones passed deep into Turkey territory to End Jacky Bridges for 37 yards and the Cyclone was on the Turkey 23. On the next play, HB Pounds broke loose and raced into the end zone for a 23-yard scoring carry. A pass from Adecock to Bridges was good for 2 points and the score was 21-7.

Turkey received the kickoff on their own 33. Three plays netted negative yardage, and Guest punted to the Cyclone 39 and Perry Wright returned the ball 10 yards to the 49.

Carries by Pounds and Wright moved the ball to the Turkey 37. Peters carried for 7 yards and then a pitchout to Eddie Jones netted 28 more to the Turkey 2 yardline. On the next play, Jones carried over to score. Adecock carried for the extra points and the score was 29-7.

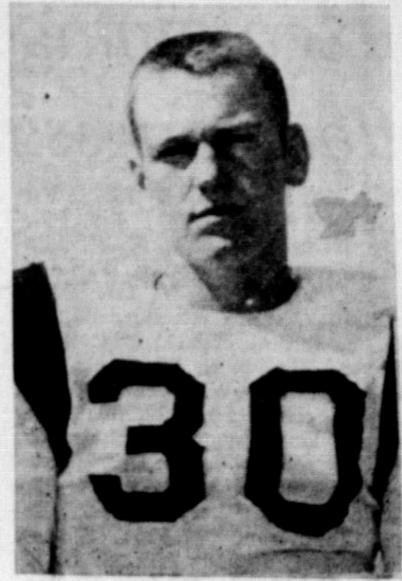

The third quarter ended three plays later with Turkey facing a punting situation on their own 27 yard line.

Turkey's punter, Guest, got his toe into one of the longest punts of the night, 65 yards, but this proved to be to Turkey's disad-

County Sports

By Bill Combs

Fans at the Memphis-Turkey football game Friday night were impressed with two Turk backs, Don Guest and Jerry Weatherly, as well as the over-all effort of the squad. The action on the field was rough, indicating a strong desire of both teams to come away with a win to their credit.

However, after a half-time score of 13-7, the complexion of the game changed in the third period when the Cyclone's offensive unit rolled for two TDs. The Memphis line, heavy and experienced, played a big role in the game trend. Credit is certainly due the linemen who were instrumental in opening holes to allow the backs to make a total of 383 yards on the ground.

Baseball fans saw a blazing finish to the World Series Monday, and many were not surprised at the results; however, a number of persons have expressed their disappointment. Personally, I have been a Yankee fan for a number of years; so the Yank victory was

fine, as far as I was concerned. The game Friday night between Memphis and Hollis should prove to be weight-against-weight. Hollis has a big line, averaging 185 pounds per man and a hard-running backfield, which averages about 160. The Hollis line is considered inexperienced. Hollis has not been impressive in games this season; however, last year's game ended in a tie. This will be the Cyclone's last chance to correct any errors, to do the final polishing before the all-important McLean-Memphis game next weekend.

The Lakeview Eagles dropped their first game of the season, 14-0 last Friday night to the favored Miami squad. The scrappy Eagles are making no excuses for the loss; however, it is a well-known fact that several members of the squad are and have been suffering from colds and similar, more serious illnesses. Coach Bob Taylor is also suffering from a cold or flu this week. The Eagles

will host Mobeetie Friday night at 7:30 p. m. The Lakeview team is favored on the strength of their victory over Mobeetie two weeks ago.

Estelline Coach Jimmie Don Adams stated this week that he may lose the services of the Bear Cub veteran lineman, Billy Bowman, due to a condition which developed in last week's game with Lockett. Bowman didn't play the second half due to his inability to get his breath. A medical examination revealed that he possibly has a heart condition which will take him out of action for the rest of this season. Coach Adams said that Jesse Corona received a knee injury in the game but this will not keep him out of the lineup. Estelline will host the tough Boys Ranch squad Friday night.

Two Days Remaining To Enter Annual Cotton Guessing Contest

Only two days are left to enter estimates in the 1961 Cotton Guessing Contest, sponsored yearly by The Memphis Democrat.

Persons desiring to enter estimates should come by The Democrat office, or, if more convenient, mail a card or letter before the deadline Saturday.

The winner will receive a three-year subscription to The Democrat with second and third place prizes consisting of a two-year and a one-year subscription.

The figures used to determine the winners will be those tabulated and issued by the U. S. Department of Commerce, Bureau of Census.

The highest guess in the contest so far is 95,813 bales, while the lowest is 42,250.

Ninety-six persons have listed guesses during the past week, and are as follows:

Aubrey Robertson, 63,335; Viola Robertson, 60,987; Keith Robertson, 65,125; Carl W. Robertson, 61,444 1/2; W. E. Williams, Mexia, 46,546; Mrs. W. E. Both Estelline, Lakeview To Play At Home Friday

The Lakeview Eagles will host Mobeetie Friday night and the Estelline Bear Cubs will host the Boys Ranch squad.

The Eagles are favorites in the game with Mobeetie on the record of their 40-0 defeat over that team two weeks ago.

The Bear Cubs lost a hard-fought, high scoring game to Lockett last week, 44-20. Freddie Futch scored two of the Bear Cubs TDs on runs of 50-55 yards each, and QB Wooten scored on a quarterback keeper for the other score.

The halftime score was Lockett 30, Estelline 0, but the Bear Cubs out-scored their hosts in the second half 20-14.

Coach Jimmy Adams of Estelline stated that he expected the Boys Ranch squad to be tough.

He said his team will probably be without the service of Billy Bowman for the rest of the season.

Lakeview Coach Bob Taylor is suffering with the flu this week.

District Court Takes Action Here Tuesday

In District Court action before Judge Luther Gribble Tuesday, Felipe Flores was given a two-year probation sentence on the charge of possession of marijuana, first offense.

Flores has been in the county jail for 11 months awaiting trial. Sheriff W. P. Baten, Jr., said, and has been a trustee at the jail for the past four months.

In other action by the Court, the case of Jack Scott who is charged with assault with intent to murder was granted a continuance until February due to the absence of a witness.

Proceedings were begun for the forfeiture of the bond money on Hollis Cordell Kennedy, who is out on bond and is charged with theft by bailee. A warrant was issued for his arrest.

Methodist Church At Lakeview To Have Layman Day

The Lakeview Methodist Church will observe Layman's Day, Sunday, Oct. 15, Rev. Clesby Patterson, announced this week.

At the morning worship hour, the laymen will have charge of the service which has been arranged by Coleman Duke, the church lay leader.

V. Y. Graham will be the speaker. Other laymen of the church will assist in the service and will include J. P. Montgomery, Jr., Russell Payne, James Richburg, Lee Blanks, J. B. Byars and Gus Orcutt.

On Sunday afternoon, a group of laymen from the church will attend a District Laymen's meeting in Childress, Rev. Patterson said.

Evening Service Joe T. Salem of Sudan, conference Lay Leader of the Northwest Texas Conference, will speak to the congregation at the Sunday evening service. The service will begin at 6 p. m.

Mr. Salem was born in Kafarakab, Lebanon, in 1904. He came to America in 1912, and to Texas in 1915, and is a naturalized American citizen. He will speak on his recent overseas tour.

A retired merchant, Mr. Salem is now devoting most of his time to church work and benevolent causes. He has been a steward and a member of the official board of the Sudan Methodist Church for 28 years.

He has taken an active part in community affairs in addition to his church work and is a past president of the Sudan Rotary Club, past president of the Sudan C. of C., as well as having worked for Boy Scouts, American Red Cross, Salvation Army, etc.

"I believe in the application of 'The Golden Rule' and of putting our love of God and people more into action," Mr. Salem said.

"This philosophy was substantiated all the more through my contacts with people on our overseas tour. In the Soviet Union and in other countries we found that people are human and will respond favorably to a treatment of love. I believe that 'Love in Action' is the only path to brotherhood and world peace and to the good life to which all men aspire. Christ and His way is the hope of the world," he stated.

Lt. Col. Wilcoxson Is Guest Speaker At Joint PTA Meet

"In case of nuclear fall-out you will not have time to prepare for an emergency," Lt. Col. M. K. Wilcoxson of Childress told citizens here Tuesday night. Speaking on "You and Disaster," Wilcoxson spoke at a joint meeting of the Travis and Austin Parent-Teacher Association in the high school auditorium.

Civil defense is concerned with three types of warfare, Wilcoxson explained. These are chemical warfare, bacteriological warfare, and radiological warfare.

It is up to individuals to carry out the civil defense program, the speaker said. The federal government has set up a Civilian Defense Mobilization department in Washington through which information may be secured. The program is carried on through the state branches of government; namely, the governor's office, the county judge's office, and the mayor's office, he explained.

"In event of nuclear war, we are not isolated in this area," he said. "A fall-out from a bomb covers 7,000 square miles or a radius of seven counties. Fall-out will catch us from a dozen different directions.

"Preparedness should be up to the individual and not left to a committee. I have never seen a statue erected to the memory of a committee."

Mrs. Ben Moss, president of the Travis PTA unit, welcomed the guests and introduced Cathy Dale, who in turn introduced the members of the cast of a one-act play, "Three and the Dragon," presented by students from the Travis seventh grade. Members of the cast included Bobby Carroll, Kathy Jones, Sandra Ivy, Jerry Knight, Donna Beckham, Tommy Bell, Mike McCraye, Vicki Jones, Zee Yarbrough, Joe

Williams, David Douthit and Arvel Weddel. Suzette Smithee and Eva Ann Glosson were in charge of the stage and Mike Leslie helped behind the stage.

Mrs. A. H. Hull, program chairman of the Travis unit, introduced the evening's speaker.

At the close of the program, Mrs. J. W. Coppedge, president of the Austin unit, expressed appreciation to Lt. Col. Wilcoxson for his discussion on civil defense, and presented him with a gift from the two units.
