Commissioners Vote To Go Ahead With Hospital At Thompson Site

Hall County Commissioners Court voted Monday to go ahead with the construction of the County Hospital on the site which was purchased some time ago by the county.

The vote came about after the commissioners heard a report from the temporary board of managers of the Hall County Hospital in which they recommended that the court "go ahead as is" on the plans for the County Hospital.

In a meeting last week, Tomie Potts, chairman, stated that the board had been approached with an offer to donate land for the site.

The board held a meeting before the Commissioners Court session Monday, and discussed the offer. The recommendation was an outgrowth of the discussion at this meeting.

In other hospital action taken by the court, commissioners voted to instruct the architect, Evan Roberts, to contact a company to conduct the soil tests necessary on the hospital site, known to most local people as the Thompson site. It is located in the north part of the Whaley Addition.

Mrs. Ruby Goodnight, county clerk, telephoned the architect this week to instruct him of the court's decision.

The commissioners also voted to rent the acreage acquired as the hospital site to Ben Moore to plant crops on with the terms being one-third and one-fourth. The county is not responsible for any damage to the crops caused by the construction of the hospital or work thereon, the order stated.

The commissioners also named the election judges and assistants who will serve in general and other county elections this year. They are as follows (person named first is the election judge):

Memphis No. 1—Bob Ayers, J. M. McMurry, Thomas Clayton and Ben Parks.

Memphis No. 13—G. M. Duren, Homer Tucker, O. V. Alexander, Mrs. Art Miller.

Newlin—Edmund Williams, J. L. Hamilton, O. B. Hoover. (Continued on Page Twelve)

Meeting Held To Start Jaycees

A Memphis Chapter of the Junior Chamber of Commerce held its first meeting Tuesday night at the Cyclone Drive Inn with members of the state organization on hand for the event.

Eddie Polnac of Pampa, opened the meeting and stated that the

Jaycees organization was to provide leadership training and to serve the town. The officials had been invited to Memphis by several local young men interested in organizing a Jaycees here.

The second speaker was Richard Cooke, first vice president at Pampa, who told the group that the Jaycees was not affiliated with the regular Chambers of Commerce but was a civic organization in nature. "Our organization is to benefit the community and to provide leadership training," he said. He also stated that the Jaycees gives young men a chance to do something for their town.

"We are the only organization in the world for civic service only. No one in the Jaycees says 'Can't'—but its always 'Can.' In this organization the members run the officers, the members cause and the officers coordinate and lead," he said.

Jaycees To Sponsor Basketball Game Thurs. With Clarendon

Memphis Jaycees temporary chairman, Al Chappell, announced this week that a Double-Header Basketball Game will be held Thursday night beginning at 7 p. m. in the Memphis School gymnasium as their fund-raising project.

The first game will match the Jaycees against Coach Bob Potts, some of his senior basketball boys, and some boys who have recently graduated.

The second game will be between the Clarendon Jaycees and Memphis Jaycees. When the Clarendon Jaycees were contacted, Chappell said, they would play on one condition that they bring one of the referees.

We agreed and they are going to bring Donley County Sheriff Truett Behrens to referee. After making the agreement we discovered that they have

used this system in the past and the sheriff seems to have a habit of using his pistol instead of the whistle," Chappell said.

"In order to protect our fine ball players, we have got an agreement from Hall County Sheriff W. P. Baten Jr. to serve as the other referee. I think this will take care of all the shady dealings they were about to do us here on our own court," he added.

There are also plans for an all-male "female" cheering section to urge the Memphis Jaycees team on.

"We think that seeing this

group will be well worth the price of admission alone," the chairman said.

Local Jaycees who will be on the basketball team include Presley Thomson, Bill Kesterson, Joe Bob Browning, Charlie Johnson, David Duncan, Roy Don Coleman, Jim Matthews and George Ferris.

The event will be held Thursday night, Feb. 22, beginning at 8 p. m. with the admission price 75 cents for adults and 50 cents for children.

Tickets will be on sale Saturday at the Old Fashion Freeze, Memphis Bowl and Coleman's Super Market.

Scouts Launch Drive For Camp Improvement

H. E. "Tony" Craig, district chairman for the Boy Scouts of America, announced this week that a fund raising drive was being launched for \$139,000 for a number of projects at Camp Kiowa, to expand the land owned by the camp and to construct a Council Service Center.

Working with Craig here are Ben Parks, Ace Gailey, Les Sims, Lloyd Martin and John Fowler.

The program, called a Boy Scout Development Campaign, is the first time since 1947 that the Adobe Walls Council has attempted to raise any funds toward capital improvements.

This council includes 15 counties of the Eastern Panhandle of Texas and the Panhandle of Oklahoma. There are currently 6,000 boys registered in the council and have some 2,100 adults working with them. For several years the Adobe

Walls Council has registered over 40 per cent of all available boys earning it the "first place" position in Region Nine, which includes Texas, Oklahoma and New Mexico.

A special long range planning committee was appointed in 1960 to study the needs of the council. This committee reported that the Scouting facilities will have to be expanded in order to take care of the additional boys in the years to come.

The Scouting program includes Cub Scouts, Boy Scouts and Explorer programs over this area. Some of the projects to be completed at Camp Kiowa, near Camp Adobe Walls, which will house the camp office, health center, trading post and storage facilities for program equipment. ROTARY SPEAKER

Miss Solvejg Bager of Copenhagen, Denmark, who is attending school here, was the guest speaker Tuesday at the regular Rotary luncheon. Miss Bager told of customs, traditions and historical things about her native country. The charming and informative discussion was delivered in excellent English. Mrs. D. H. Aronofsky introduced the speaker, whose stay here is sponsored by the local chapter of the American Field Service.

Jury Does Not Award Damages In Ariola Case

A jury last Thursday did not award James Marion Ariola any damages in his suit against the West Texas Utilities Co. and Lyman Davenport, according to records in the office of Dist. Clerk Mrs. Mildred Stephens.

The verdict came Thursday after the court, under the direction of District Judge Luther Gribble, had been hearing the case for about three days.

Ariola was seeking damages due to the death of his child from electricity in Lakeview last summer.

Threats To Nation's Future

The news of the past months has been filled with various pronouncements by all kinds of persons on the Communist threat to this nation. There has been the rise of several groups dedicated to the upholding of the American Way of Life and the defending of our nation from the Communist threat.

The threat from Communism is real and it probably will not subside during our lifetime. It will require that we continue to exert the initiative in dealing with this problem all over the world. Communism is here to stay and we must prepare ourselves to live with it for the rest of our days.

However, in dealing with the disease, we must not provide a cure which is worse than the illness itself. This is what could happen if people adopt too much of a nationalistic spirit in dealing with the problem. Hitler rose to power because he was supported by a lot of good people who got carried away by too nationalism. As most of you will remember, in about 1942 of 1943 there was an attempt by several high ranking Germans to kill Hitler because they saw that he was going to destroy Germany by not being realistic in his views of the happenings. These were the very people who had earlier supported him in his rise to power. They thought that he was out to do what was really good for Germany; and then later found out that he was only using this as an excuse to gain power for himself.

This method has been used many times in the past history of the world and will probably continue to be used as long as it will work. It is well to investigate every extreme nationalistic movement and look into the heart of things to be sure that the motives are for the good of the country and not for the elevation of some man. We must constantly be on guard in every direction, both right and left, if there is to continue to be a country where the middle-of-the-road, middle class people, have the right to decide their own future.

Muzzle Fits Loosely

The complaint that United States military leaders are being muzzled by censorship seems to be slipping into the realm of absurdity.

The great bulk of the testimony in Senate hearings thus far fails to disclose any vital deletions from the speeches of the military men. Close study of changes made indicates that they have had little effect on the net impact of particular military utterances.

Overwhelmingly, United States military men themselves have sustained the policy of speech review and editing.

The commandant of the United States Marine Corps, Gen. David M. Shoup, seems to summarize this general attitude when he says that without such practice "any officer might in completely good faith inadvertently make a public utterance which would hinder or damage some national goal or policy in the making."

That the purpose of such review is to assure that the underscoring by the testimony of Assistant Secretary of Defense underscored by the testimony of Assistant Secretary of Defense Arthur Sylvester.

Sensibly, we are a people who want no confusion in our minds or those of our friends or enemies as to where we stand in today's delicately balanced world.

The Senate committee testimony brings out, as might have been expected, evidence that some speech changes appear foolish, pointless, contradictory. But few testifying officers say they have been more than moderately annoyed at these instances.

Not a shred of evidence is adduced to suggest that there is some evil pro-Communist, anti-American design in the practice of military speech review.

In the absence of such evidence, there seems small point in dragging into the public glare anonymous Pentagon or other censors whose task is to edit military comment in accord with policy lines set by high officials.

This smacks of pettiness on the part of those senatorial critics who may be irritated at not finding anything really substantive to support their muzzling charges.

The truth is, of course that editing seldom hurts anybody's utterances. Neither the military nor anyone else should be considered sacrosanct in this regard. After all, the President puts his major addresses through the rewrite mill half a dozen times or more—and checks their content with key officials.

Other observations emerging from the hearings: Many of the speeches under scrutiny are not written by the military officers themselves, but by their ghost writers. So, whose "words of wisdom" are being deleted?

It could be that there is altogether too much public talk from the military—as perhaps from other United States officials. Gen. Arthur Trudeau delivered 50 speeches over a year's time, virtually none of them on his military speciality—research.

Those whose job it is to alter the utterances of others are not always wise. But that is no reason either to abolish their essential function—or to try to pillory them for their modest errors.

Women's Hats

Our three-year-old daughter may be making headway in an area where my well-planned adult efforts have been continually rebuffed.

That's my wife's selection of hats! Most of the time I think they are fine (as if it mattered to her) but there are those occasions when her new derbies look as if they had been run through a cement mixer and under a steam roller.

Sunday she slipped on a hand-sized little skull cap with a pheasant feather sticking out one side and down over her ear.

Daughter who likes to "help" her mother dress, came running to tell me, "Look at mama . . . Robin Hood!" I was afraid to laugh . . . afraid I would have to buy her another one!

Dogs Life

H. M. Baggarly, the free-thinking Tulsa Publisher, came out with an item which may solve a lot of problems for me. He says: "As humans, we might well spend a little time studying the dogs we know. They might teach us a lesson in personality development. We would not go amiss modeling our lives after the dogs we admire."

I showed this to my wife and she figured right off that I must have modeled after one of those English bull dogs like J. M. Posey used to have, and like the one now possessed by the Dennis Lomas clan. Personally, I always loved these dogs because they are so friendly, good natured and have such tremendous degrees of determination and tenacity. However, I think my wife might have been referring to their slouchy appearance, obesity and general laziness. Besides, it doesn't really make a lot of difference. Until someone finds a way to grow hair on bald heads, I don't have much choice. I either have to pattern after one of Jack Wright's Mexican hairless pooches, or forget the whole thing — which, the more you think about it, seems a pretty good idea.

Reading Habits

A teacher-friend of ours recently revealed a private survey he had conducted on his own over a period of several years. He questioned his students casually to determine the number of books, magazines and newspapers which were regularly read in their homes. The teacher learned that there was a direct relationship between the scholastic marks of the students and the number of

periodicals available in their homes. He was, however, unable to know whether this was due to better reading habits on the part of those students or whether the level of knowledge and conversation was made higher in those homes where periodicals were frequently read. It is true that environment has a great influence on the students, and the informa-

tion gained by the teacher would seem to indicate that both parents and their children should strive to cultivate good reading habits.

This is the Ford Fairlane's new Challenger "260" V-8.

There's no other V-8 like it. It's the latest in a series of Ford V-8 triumphs that started back in 1932 when Ford introduced the world's first popular-priced V-8. Today—30 years and 30 million V-8's later—the Challenger "260" adds new fuel to the hottest performance record in V-8 history. It gives you all the time-tested toughness of iron—with a lightness and compactness iron never had before. A muscular 164 hp, this new Challenger "260" V-8 is all snap, sparkle and smoothness. *It runs on regular, yet gives you better gas mileage than any standard-size 6-cylinder car.* Price it and you're in for a surprise—a Fairlane V-8 carries a smaller price tag than some compact Sixes. And, of course, a Fairlane gives you big-car room and fine-car quality you'll find in no other car anywhere near Fairlane's amazing low price. There's never been a buy like Fairlane because there's never been a car like Fairlane; that's why this all-new car from Ford is now out-selling every other "new-size" car!

For the first time in several weeks, Hall Counties and other residents of the Panhandle got a taste of freezing weather as the temperature dropped with the coming of a slight blizzard Tuesday afternoon. The thermometer dropped to a low of 9 degrees. Within a few hours, the temperature dropped from 42 Tuesday afternoon to 9 degrees by midnight. Drug stores of Memphis will cooperate with the movement to collect all used collapsible metal tubes (such as those in which toothpaste is sold), it was announced this week. The empty tubes may be taken to any of the drugstores in Memphis, and a place will be provided to leave them. Tin is a vital metal, and the tubes in which tooth paste, shaving cream and similar products are sold are almost pure tin.

More Hall Countians, not waiting to be "caught in the draft," signed up with the U. S. Army Forces during the past week. Mrs. Phillip A. Carpenter is Guest Speaker At Federation Tea Wednesday

The Atalantean Club sponsored a Guest Day Tea for all of the Federated Clubs of Memphis on Wednesday, Feb. 7, at 3 o'clock at the Memphis Country Club.

Greeted at the door by the president, Mrs. Eddie Foxhall, she introduced the guests to others in the receiving line, Mrs. Phillip A. Carpenter, Mrs. George McClarty, Mrs. D. H. Aronofsky, and Mrs. Claud Johnson.

The club house was beautifully and artistically decorated in the Valentine scheme.

Mrs. Foxhall extended a cordial welcome to all who were in attendance, followed by the invocation in the form of Mary Stewart's Club Collect skit. Participating in the impressive skit were: narrator, Mrs. Ralph Williams; Mrs. D. H. Aronofsky, Mrs. Robert Hanvey, Jr., Mrs. J. W. Coppedge, Mrs. Orville Goodpasture,

Mrs. W. R. Scott, Mrs. Herbert Curry, Mrs. Cecil McCollum, and Mrs. Robert Sexauer; concluded by the Club Collect Solo sung by Mrs. Sexauer, accompanied by Miss Gertrude Rasco.

The Atalantean Club members participated in the ABC's of Federation, composed by Mrs. L. C. Martin.

Mrs. Aronofsky introduced Mrs. George McClarty, the secretary of Santa Rosa District, from Burk Burnett; also Mrs. Phillip A. Carpenter, president of the Santa Rosa District from Burk Burnett, who gave the address for the afternoon, which was centered around youth and stressed patriotism. Mrs. Carpenter's theme for her term of office has been "Building a Better Heritage for Youth."

Mrs. Foxhall thanked Mrs. Carpenter for her well chosen words and invited all guests to be served at the beautiful tea table. Lovely refreshments of colored sandwiches in the shape of valentines, valentine cakes, spring hat mints, nuts and punch were served to Mrs. Phillip A. Carpenter, George McClarty, Theo. The Atalantean Club presented Mrs. Carpenter with a check for her project, "The Santa Rosa District Scholarship Fund."

Serving as hostesses were Mrs. Claud Johnson, Mrs. Cecil McCollum and Miss Gertrude Rasco.

"Public Affairs" Program Given At Delphian Club

The Delphian Club met in the home of Mrs. Joe L. Mothershed Feb. 6 with the first vice president, Mrs. Clyde Smith, conducting the business meeting. She called the meeting to order with members joining in a moment of silent prayer followed by the pledge of allegiance.

Mrs. Henry Hays and Mrs. Lynn McKown read the reports to be sent from the club for the "Teacher of the Year," Mrs. C. D. Morris, and "Outstanding Club Woman," Mrs. Mildred Stephens.

The club voted the Fine Arts program as the most outstanding program of the year, "Decorating with Glass," as presented by Mrs. Mildred Stephens.

The devotion was given by Mrs. Smith.

"Public Affairs" was the program chosen for this meeting with Mrs. J. L. Barnes giving a paper on "Where Research Dollars Go."

She said, "What's behind the feverish rush to find new ways, new products—is stepped research the key to economic growth? Expansion of U. S. business will be stepped up if research brings more jobs and bigger markets. Spending on research and development is expected to reach 14 billion dollars this year. That is more money than has been spent on research in all American history."

"Are these vast sums paying off? What in understandable terms is coming out on the other end? One answer is that in some fields important results are shaping up. Out of research has come the ability to put a man into space and bring him back to earth. Satellites soon will be dotting the sky."

ENGAGEMENT REVEALED — Mr. and Mrs. Louis Saied of Perryton, and formerly of Memphis, announce the engagement and approaching marriage of their daughter, Georgia Kay, to Doug Coon, son of Mr. and Mrs. V. R. Coon of Perryton. The wedding will be an event the latter part of April.

ATION OFFICERS — Mrs. Eddie Foxhall, president of the Atalantean Club, is shown above serving punch. Phillip A. Mrs. Misenhimer Is Hostess To Mothers Club

Mrs. Ott Misenhimer was hostess to members of the Newlin Mothers Club at their regular meeting at 2 p. m., Feb. 8.

The meeting was called to order by the president, Mrs. Louis Hamilton. Prayer was led by Mrs. Lucy Phillips. Members answered roll call with "Some Experience We Had."

The afternoon was spent visiting.

Refreshments of chicken salad sandwiches, potato chips, cake, coffee and Cokes were served to members: Mmes. Louis Hamilton, Otis Cobb, Ott Misenhimer and Elmer Gardinire; and guests, Mrs. Leo Koeninger and Mrs. Lucy Phillips.

The next meeting for the group will be held on March 8 at 2 p. m. in the home of Mrs. Wyman Davis.

Mr. and Mrs. John Shadid and Terri visited with relatives in Altus, Okla., on Sunday.

Miss Helen Shackelford Becomes Bride of Richard Luecke in Houston Rites

In a double-ring ceremony performed at 8:30 p. m. Friday, Jan. 26, in the McGreggor Park Baptist Church in Houston, Miss Helen Shackelford, daughter of Mr. and Mrs. R. H. Shackelford of Memphis, became the bride of Richard John Luecke, son of Mr. and Mrs. L. G. Luecke, of Donna.

Mrs. Nelda Barbour of Lubbock served as matron of honor and Jerry Luecke attended his brother as best man.

The bride, who is a graduate of the Memphis High School, is now employed with the Southwestern Bell Telephone Company in Houston.

The bridegroom is a graduate of Donna High School and is now employed by Gulf Oil, Inc.

The newlyweds are at home in Houston.

transmitting live color television over seas. Economic de-salting of sea water promises a new industry, new homesteads in desert areas."

Mrs. Barnes concluded her talk saying, "All this means a boost in business, a higher standard of living, more jobs, and one could go on and on and still not enumerate all research has done both in costs and knowledge."

"What the '60 Census Shows' was the topic assigned to Mrs. Lynn McKown.

"America has 28 million people, the greatest numeric gain in history and this includes Alaska and Hawaii. Along with this growth come vast changes. They show America on the move. The small town is dying. One American out of every nine is negro; women are outliving men, and females outnumber male population."

"America lives better than ever," Mrs. McKown continued. "Income of typical family has risen 69.3 per cent in last 10 years. People of today are better housed because housing supply has increased more rapidly than population. Home ownership has reached a new high despite a 65 per cent rise in price of the typical home. Wheels on automobiles, trucks and buses have done more to shape the pattern of the nation's growth from 1950 to 1960. Census figures show the population movement following the path of the auto."

"Education is changing. Average adult has 11 years of schooling today compared to 9.6 years in 1950. The demand for education grows each year; the colleges are becoming more crowded and illiteracy declining."

"The population change effects the number of representatives from the states; if there is population increase—a representative is added and if a decrease—one is removed or there is redistricting. Political power is moving with the population."

In conclusion, Mrs. McKown said, "So with all the changes in population which the census shows we can look forward to some interesting events in the coming elections."

"How To Write Your Congressman" was very ably discussed by Mrs. W. C. Dickey.

She said, "Your Senator or your Congressman can represent you, or us, if they know how we want to be represented; then only can they vote our way. So write or wire. The Western Union has just inaugurated a new service that you can wire the President of the United States, the Vice President and any Senator or Congressman for 75 cents and the messages not to exceed 15 words. The text, however, must be restricted to an expression of personal opinion on issues of general, national or regional interest."

"To write your representative you should know the name or title of the bill and if it has been given a number, refer to the number."

"A congressman looks at his mail the first thing each morning; first off to see from whom, and, secondly, to know if they are genuinely interested persons."

"Another phase—no congressman need depend on lobbyists. In fact, the congressman needs to be as free as possible from particular groups. He needs to make up his own mind and exercise independent judgement."

In conclusion Mrs. Dickey emphasized, "Unless we transmit to him our feelings relating to a bill before the House or the Senate, how can he know how we feel about it? Let's make our influence felt. This is a part of our duty as citizens."

Lovely refreshments were served to Mrs. Smith, Mrs. Barnes, Mrs. McKown, Mrs. Dickey, Mrs. Hays, Mrs. C. C. Hodges, Mrs. J. S. McMurry, Miss Maud Milam, Mrs. C. D. Morris, Mrs. W. E. Stinson, Mrs. J. W. Stokes, Mrs. R. H. Wherry and the hostess.

Lewis-Robertson Nuptial Vows Read In Pretty Church Service Saturday

In a double-ring ceremony performed at 4:30 p. m. Saturday, Feb. 3 in the Lakeview Methodist Church, Sherry Dale Lewis, daughter of Mr. and Mrs. C. R. Lewis of Lakeview, became the bride of Keith Robertson, son of Mr. and Mrs. Aubrey Robertson of Lakeview.

H. W. Hill, pastor of the Lakeview Baptist Church, read the marriage service before an arch of flowers flanked by baskets of white gladioli and lighted tapers.

Traditional wedding music was provided by Mrs. H. W. Spear. She also accompanied Mrs. Bobby Barbee, aunt of the groom, as she sang "Always" and "Whither Thou Goest."

Given in marriage by her father, the bride wore a street length dress of white brocade, fashioned with low neck and three-quarter length sleeves and accented with white accessories. She carried a white Bible topped with white carnations.

Immediately following the ceremony the bridal party formed a receiving line in the church foyer.

After a short wedding trip, Mr. and Mrs. Robertson are at home at 603 1/2 S. 6th Street, Memphis.

Mrs. Robertson is a member of the senior class of Lakeview and will continue her studies there. The bridegroom is a graduate of the 1959 class of Lakeview High School and is presently engaged in farming in the Lakeview community.

The traditional custom of something old, something new, borrowed and blue was carried out. She also wore a good luck coin in her shoe.

Miss Sharla Jon Biggs of Ropesville, cousin of the bride, was maid of honor. She was attired in a blue brocade dress accented with blue and white accessories. She carried white feathered carnations.

Carl Wayne Robertson of Lakeview, brother of the groom, was best man.

Miss Betty Lewis, cousin of the bride, registered the wedding guests.

Mr. and Mrs. Garvis Davis and Mr. and Mrs. E. L. McQueen returned Friday from Possum Kingdom where they enjoyed several days fishing.

Local PTA Units Observe Founder's Day Tuesday

Solvejg Bager, Memphis AFS student from Copenhagen, Denmark, was one of a panel of five students who appeared on the PTA Founder's Day program on Tuesday evening at the Travis auditorium.

An annual affair, the meeting was sponsored jointly by the Austin and Travis units of the Parent-Teacher Association.

Rev. Richard Avery, pastor of the First Presbyterian Church, offered the invocation after which "Benediction" was rendered under the direction of Bill Bradley, band instructor.

The musical selections were announced by Carol Voyles, president of the band, and included "Little League March" by John Spring; "To a Wild Rose" by Edward McDowell; and "Contrast C Minor" by Bach. The last number, "Three Little Pigs" by F. Foreman, featured the brass section of the band with Randy Driver and Dwight Lewine leading and Arlen Joe Williams narrating.

Mrs. Ben Moss, president of the Austin unit, gave the welcome message and introduced Mrs. H. Aronofsky, president of the local chapter of the American Field Service, who in turn introduced Mrs. E. D. McKay, of Am-tille, area AFS representative, and discussion given by five PTA students.

Appearing on the program were four students who are attending

other languages in college. Gissel gave a most interesting discussion on the school system in Germany. He said the German youth have 14 years of school before entering college. The average student graduates from high school with six and one-half years Latin, seven years French and eight years mathematics.

"Most students have 16 subjects each year of high school, but the subjects are alternated during the week and most of the studying is done at home. Parents are careful to see that the students get their studying done at home," he stated.

"Students must pass an entrance examination to enter high school. Seventy per cent of children in elementary grades take the examinations. Approximately 30 per cent of those enter high school and about 10 per cent of the high school students graduate," he concluded.

Solvejg Bager said no one in Denmark gets a driver license before age 18 and only the father or head of the household drives the automobile and that is done with great pride. The greatest traffic problem in Denmark is created by the large number of bicycles.

Martin Varden of Norway explained that he was unable to attend high school in the town where his parents lived, which was a town of about 3200 people. He and his brother shared an apartment in a larger town about

Mrs. Anderson Is Hostess Feb. 8 To Sodolitan Class

The Sodolitan Class of the First Baptist Church met in the home of Mrs. Melissa Anderson on Feb. 8 at 7 p. m.

Mrs. H. Byrd, president, opened the meeting with the business session. The minutes were read and group captains gave their reports.

The leader led the class in a prayer meeting for the revival soon to be held.

Tasty refreshments were served to the following: Mmes. H. Byrd, Bill Kilpatrick, E. C. Rice, Miss Ruby Thornton and the hostess, Mrs. Anderson.

50 miles from his home.

Concluding the program, Tommy Jackson gave some interesting remarks on Brazil where he spent two months last summer as an AFS American Abroad. Only one member of the household was able to speak English, he said.

Mrs. J. W. Coppedge, president of the Travis Unit, expressed "thank you" to the group, and the benediction was given by W. C. Davis, superintendent of the local schools.

Punch and decorated cookies were served from an attractive tea table carrying out the valentine theme during the social hour.

Registering were Mrs. Jack Rose, Mrs. Joe Williams, W. C. Davis, Esta McElrath, Mrs. W. C. Davis, Mrs. H. B. Estes, Mrs. Eddie Foxhall, Mrs. Ben Moss, Mrs. Lynn McKown, Lynn McKown,

Howdy, folks.

We had a wonderful day last Sunday in both worship services. Sunday morning we had 40 in Sunday School and about 60 in the worship services. Three came for baptism. Sunday night we had 31 in Training Union and about 45 in worship services. That night James and Ann Moss joined by letter. Those who were baptized in the fellowship of the church were Joe Garcia, his wife, Percede, and his two daughters, Leola and Patsy Sue. Along with this family, Porque and Josephina Flores were also baptized. Joe.

Alex B. Saied Enters Race for Representative

ALEX B. SAIED

Alex B. Saied, Childress merchant, this week authorized The Memphis Democrat to announce that he was a candidate for State Representative, 82nd District, subject to the action of the Democratic primary. His statement to the citizens of the district follows:

Josephina and Porque came Sunday night a week ago. The Lord has greatly blessed us and we feel very thankful for these fine Christians.

Monday night we went visiting. Tuesday at 3 p. m. the W. M. S. observed a missions study led by Mrs. Nettie Adams. Wednesday night at 7 p. m. we observed our Valentine "Sweetheart Banquet." We had ham, peas, potato salad, jello, hot rolls, cherry pie and iced tea.

Our theme was "Love Letters," and Bro. George Arthur was our main speaker. Loran Denton from Turkey was our master of ceremonies.

If you are out our way, drop by and visit with us. We'll be mighty glad to have you. Well, see you all next week.

God bless you.
Sincerely,
Kenneth Lowry

state has tax laws that favor out of state business over their own home owned independent businesses?

"That the tax money of our citizen's being spent primarily in our large cities at the expense of our farming small town merchants and citizens?"

"That no other State has the same kind of confusing and unfair laws as Texas?"

"That in our State the American tradition of fair play, equal rights and economic justice under the law is being taken from our average citizen, farmer and businessman to the benefit of large out-of-state owned business?"

"That despite our tremendous increase in spending and taxing Texas remains near the bottom in rank of providing an adequate public school system, aid to our needy aged, blind and mentally ill citizens, animal health program and many other effects."

"I find the above facts and others alarming and because of them I humbly submit to the people of the 82nd District my candidacy for State Representative in the Democratic primary of May 5th, 1962."

"I am not a lawyer — it is my belief that we have enough of these in Austin. It is also my belief that we deserve a State Representative in Austin who will represent the interests of the citizens of our area and not primarily those of Dallas, Odessa, Houston and big business monopoly and who will do all possible

to reverse the alarming spiral representing and taxing.

"As this campaign progresses I hope to contact everyone in our eight-county district and more fully present my platform."

"It is my pledge to you that I will conduct a hard but clean race, based upon the facts and not upon defamation of character or weaknesses of others."

"I further pledge that no special interests or groups shall sponsor me in this race. If elected I will wear the brand of no one but will do my very best to represent all the citizens of our district fairly and impartially."

"That you may know more about my qualifications, I submit the following personal facts:

"1. 44 years of age, of which 35 years has been spent in the Greenbelt area.

"2. Deacon, Presbyterian Church.

"3. Past President of Chamber of Commerce, Childress; Past President of Greenbelt Bowl Assoc. (2 years); Member of City Council of Childress (6 years); Chosen "Citizen of Year in Childress" in 1959; Rotarian.

"4. Fraternal organizations and work; Masons, 32nd Degree, Scottish Rite and Shriner; Past Exalted Ruler of Elks; Past Chef de Gare of 40 & 8.

"5. Veteran (overseas 41 months); Present Commander of American Legion; and Past Commander of Veterans of Foreign Wars (Childress).

"6. Occupational Experience:

Businessman (Department Store) and have been interested and engaged in farming and cattle raising.

"Your vote and influence half of my candidacy will be highly appreciated.

Respectfully Submitted,
Alex B. Saied

Miss Alice Kay Young, Bride-Elect, Complimented With Lovely Shower Sat.

Complimenting Miss Alice Kay Young, attractive bride-elect of Duane Elder, a group of hostesses entertained with a pre-nuptial shower on Saturday evening at the home of Mrs. James Bray, 1312 West Nat.

Guests who arrived between the hours of 7:30 and 9 o'clock were greeted by the hostess and presented to a receiving line composed of the honoree, her mother, Mrs. Fay Young, and the mother of the groom-to-be, Mrs. Thurman Elder.

The entertaining rooms were attractively decorated for the occasion to carry out the bride-elect's chosen colors of red and white.

In the dining room, the table was laid with a white net cloth over red. A large white ribbon and lace heart adorned with red flowers and flanked by tall white tapers decorated the table. Red punch was served with cake squares laid in white and decorated in red. Tony Davis of Memphis and Barbara Lowry and Lydia Hamel, both of Lubbock,

alternated at the punch service. The registration table was covered with a white net cloth and held a miniature bride and groom. Miss Betty Ann Young, sister of the bride-elect, registered the guests.

On display in two rooms of the party suite was a lovely array of gifts presented the honoree by friends.

Hostesses for the courtesy, other than Mrs. Bray, were Mrs. Clifton Burnett, Otton Pate, Ellis Jones, Garvey Davis, Herschel Combs, Sam Goodall, Joe Montgomery, Paul Montgomery, M. C. Allen, G. H. McMurtry, H. L. Fronterhouse, J. H. Barbee, Jr., Grover Roden, Ed McCreary, M. J. Goffinet, Frank Goffinet, E. D. Watson, Jr., E. D. Revell, Myrtle Howard.

Truth Seekers Class Meets For Study Monday

The Truth Seekers Class of the First Methodist Church met Monday at 8 p. m. in the home of Mrs. A. Womack with Mrs. Pearl Massey as co-hostess.

Mrs. A. E. Jones, president, presided during the business session. Mrs. W. I. Glosson offered the opening prayer after which the afternoon's devotionals were given by Mrs. L. G. Yarbrough, who used as the text the First Psalm.

Mrs. J. W. Oliver gave a reading and Mrs. W. I. Glosson brought the story of Women of the Bible. The class was dismissed with prayer.

MINUTE MEDITATION

How lovely it is to walk with God in the light of his word, and to

hear his welcome voice speaking peace of the inmost soul.

To know neither fear nor doubt, but comforted by that inner sureness, as we travel the path where Jesus trod.

How pleasant it is to talk with God, and what a joy to do his will, being moved by his love because he first loved us.

It is so simple and so easy to be with God; it is like opening a door and stepping into a beautiful garden. There in the quiet, the air a solemn stillness holds; God is all around us, above, beneath; behold, he is everywhere.

Now it does not matter where we are with God, we may either talk or listen, or just be still and know that he is there, for he is the one person that we do not have to impress.

Just to be there in his presence, to know that the world is his, that he holds the future in his hand, to be enchanted by his nearness, protected by his wisdom and power,

Memphis Downs McLean Fri.

Memphis Cyclone continued their conference play during the past week by downing McLean Friday night and then losing Clarendon in a game which went into three overtimes there Tuesday night.

McLean Game
Friday night the Cyclone downed McLean to a standstill here at the Memphis gymnasium with the Cyclone suffering their only conference loss of the season because the game finished.
The game got off to a fast start as far as McLean was concerned, and by the end of the first quarter they led 15 to 9. This proved to be half the total number of points the Cyclone was going to score all night.
In the second quarter the Cyclone defense tightened and by half time the score was 21 to 9. In the third quarter Memphis continued to put on the pressure and at the end of the period they led 31 to 27. This was the story of the last quarter as Memphis continued to win with the final score being 38 to 27.

TWO POINTS — Bunky Adcock, 22, goes up for a lay-up shot last Friday night in the game here with McLean. The scissor movement of his legs may be one of the secrets of his jumping ability. Other team members who can be seen include Jackey Bridges, 34, Dwight Gailey, 12 and Don Gailey, 44, seen at far right.

can be seen, McLean was downed 16 points in the last three quarters and only 4 points in the last quarter. Earlier this season in the first match between the two teams, McLean took a 47 victory from the Cyclone. "We made them play our kind of ball this time," Coach Bob Meritt said.

Dwight Gailey led the scoring with 13 points, followed by Perry Wright with 12. Bunky Adcock had 8 points. High scorer for McLean was Welch with 14 points.

"B" Squad
The Memphis "B" Squad, a consistently improving team all season, also turned in a good performance Friday night by defeating their counterpart from McLean 40 to 23. Memphis led at the half 32 to 14.

Clarendon Game
Tuesday night the Cyclone lost a thrilling 55 to 53 game to Clarendon in an event which went into three overtime periods.

Clarendon took the lead at the end of the first quarter, 12 to 8, and then at the half it was tied up 22 to 22. Clarendon edged ahead by the end of the third quarter, 37 to 36.

At the end of the regular game the score was 48 all, and then at the end of the first overtime was 49 to 49. Neither was able to score in the second overtime, but in the third overtime both scored to make the final tally 53 to 55, in Clarendon's favor.

Perry Wright was the leading scorer for the night with 11 points, followed closely by Dwight Gailey with 10. Ronald Ables and Bill Pounds each scored 9 points. During the night Memphis hit 13 out of 21 free throws.

The local "B" Squad had a full night at Clarendon winning 29 to 23. Memphis took the lead 9 to 9, in the first quarter and stayed out front for the rest of the game.
At the half they led 19 to 15, and at the end of the first overtime 27 to 21 at the end of the second quarter.

Waites and Wayne shared the scoring honors with 9 points each, followed by Bill Pounds with 9 points.
The "B" Squad has a district record of four wins and three losses so far this season.

C. W. Kinslow left last week for Bay City where she plans to spend about a month vacationing and visiting with friends.
Mrs. Felix Cochran of Oklahoma City arrived Friday to visit her sister, Miss Maud Milam, and her mother.

Results Given of Lakeview Teams In Tournament

The Lakeview girls defeated the Estelline girls, 61 to 32 in the first game of the district tournament last weekend. Winnie Nabers hit 32 points for Lakeview, and Karen Clements 24 points.

In the second game, the Lakeview girls downed Quitaque 71 to 34 with Karen Clements sinking 38 points and Winnie Nabers 29 points.

In the final game, Matador edged the Eaglettes out, 72 to 66, with Winnie Nabers and Karen Clements both sinking 26 points.

The Lakeview boys lost their first match, 44 to 39, to Flomot. Jerry Clements was high-pointer with 15 allies.

Panthers Win Second In Dist.

The Memphis Morningside Panthers took second place in their district last weekend, Coach George Berry announced this week.

In play at the district tournament they defeated Quannah and Wellington, and then lost out in the finals to Pampa.
Other members of the district are Paducah, Childress and Shamrock. During the past four years Memphis has won second three times and first one time in district play.

Women's League To Bowl Here Sunday Afternoon

The Women's Traveling Bowling League will bowl Sunday afternoon at the Memphis Bowl, according to an announcement made this week.

League play will begin at 2:30 o'clock and the public is invited to watch the matches.

Bowling will be three teams from Childress, two teams from Quannah and one team from Memphis. On the Memphis team are Joyce Crooks, Pat Coleman, Violet McQueen, Athalee Beckham and Edwina Duncan.

Memphis Record For Season Is 19 Wins, 9 Losses

So far this season Memphis has 19 wins and 9 losses in basketball.

McLean leads the district play with 7 wins and 1 loss and will be the conference champions, as they were in football. Memphis and Clarendon are now in second place with 4 wins and 3 losses.

Canadian has 2 wins and 5 losses while Lefors has 1 win and 6 losses.

Memphis plays the last conference game here Friday night when they meet Lefors. The Basketball Sweetheart, Paula Gentry, will be crowned at this game.

Estelline Junior High Beats Flomot

Tuesday night the Estelline Junior High teams journeyed to Flomot and won two games there.

The girls won 13 to 3 after leading 1-0 at the end of the first quarter, 5-0 at the half, and then 7-0 at the end of the third quarter.

Sherry Angell was high scorer with 6 points for Estelline, while Donna Rogers scored 2 points for Flomot.

The Estelline boys won 20 to 18 after being behind 3 to 0 at the end of the first quarter, and then 2 to 7 at the half. By the end of the third quarter they had tied up the score at 9 to 9, and then in the final period were able to edge ahead to the 20 to 18 victory.

Melvin Long led the scoring with 7 points, followed by Jesse Rodriguez with 5 and Jodie Rapp with 4.

Beginners Band Enjoys Valentine Party Saturday

The Beginners Band met Saturday night, Feb. 10, for its annual party. The Valentine theme was carried out in attractive table decorations.

The centerpiece was a clever heart arrangement with "Cyclone Band of '65" inscribed on it, made by Sonny Bager.

Mrs. C. T. Snowden was in charge of the party, assisted by Mrs. Boyce Bruce and Mrs. Brode Hoover. Mrs. Hoover conducted the games for the party.

Your TEXAS

Department Of Public Safety

(Editor's Note: Following is the eighth in a series of articles appearing in The Memphis Democrat detailing the evolution and organization of the Texas Department of Public Safety and the numerous vital services this agency provides for the people of Texas.)

The License and Weight Service—Protection of the Public Highways

The basic responsibility of the License and Weight Service is checking all commercial vehicle traffic to secure compliance with statutory provisions of laws regulating weight, registration and transportation of persons and property for hire.

Personnel of this service have joint responsibility with the Highway Patrol for enforcing traffic laws on commercial vehicle traffic and on all other vehicular traffic if the violation is dangerous in nature or if traffic conditions are such that the patrol need assistance.

The necessity of enforcement of regulations governing the operation of commercial vehicle equipment was clearly indicated while motor vehicle transportation was in its infancy.

In 1927, the legislature authorized the Highway Department to employ 18 License and weight inspectors who would be responsible for enforcement of size and weight limitations of commercial vehicles and traffic registration

requirements for all vehicles being operated over the highway system.

Today the License and Weight Service of the Texas Department of Public Safety has an authorized complement of 75 patrolmen, whose primary purpose is to contribute to the safety and convenience of the public and preserve the highways themselves from damage which might be caused by unregulated overweight vehicles and loads. In addition, fees and fines assessed against violators are applied toward the construction and maintenance of the highway system.

During the past two year period, License and Weight Patrolmen weighed and checked 406,000 commercial vehicles which resulted in the filing of 24,200 complaints charging violations of load limit restrictions, 7,700 complaints charging violations of registration requirements, 11,300 complaints charging violations of transportation regulations, and 13,000 complaints charging violations of other traffic safety regulations.

Penalties collected by the various counties for convictions in these complaints amounted to approximately \$1,895,000. Additional registration fees amounted to \$2,018,000.

In addition to these duties, license and weight patrolmen often are called upon to do double duty by assisting the Highway Patrol in other phases of enforcement work.

Billy Ballews Attend Funeral Service In Kerrville

Mr. and Mrs. Billy Ballew and son John Richard were in Kerrville last weekend to attend funeral services for Mr. Ballew's step-father, J. S. Gigandet.

Mr. Gigandet died on Thursday. Funeral services were held at 10 a.m. Saturday from the Notre Dame Cathedral with burial in Memorial Cemetery at Kerrville.

I Give You Texas

By Boyce House

When I was in Memphis, Tenn., attending high school, once a month the installment collector for the furniture company would come to our front door. He was a very serious man who wore a black suit, a black hat and a high collar. He made his rounds with a horse and buggy. The buggy was black and had a top which he always kept up — against the cold and wind in winter, the sun in summer and the rain which came at all seasons. This was along about 1914.

During vacation that year or maybe it was even later than 1914, I visited relatives in Clay County, Ark., and Uncle Frank drove a buggy. It was a sporty affair — no top, the wheels a bright yellow.

In 1919 when I went to Piggott to edit the Banner, Lon Voncill drove a horse to a cart, really a racing sulky, drawn by a mare which was the champion trotter of the county-fair circuit.

In November 1920, I stepped off the train in Laredo and there were at least a dozen horse-drawn vehicles, with shouting drivers.

Now about the only time you see a horse-drawn vehicle is in a parade. Hot Springs, Ark., has one or two carriages for the tourist trade; it is quite the thing to have your picture made in the Victoria, I believe it is. Nuevo Laredo, Mexico, back in the 1930's had two or three carriages — also for the tourists, and still may have.

These days, we still speak of horsepower — but it is produced by gasoline.

When I was a little fellow, I parted my hair in the middle. One day, my father's best friend remarked in my hearing, "Boyce parts his hair in the middle to balance his brain." I immediately started parting it on the side. And still do — what there is of it.

Will Rogers said that there is nothing as stupid as an educated man when you get him off the thing he is educated in.

Raymond Ballew, Jr. of Victoria. Surviving are his wife, Mrs. J. S. Gigandet of Kerrville, two children and 4 step-children.

Mrs. Gigandet accompanied Mr. and Mrs. Ballew home and will visit here about two weeks before going to New Mexico to visit other relatives.

District News

Hall County Soil Conservation

Farmers in the Hall County Soil Conservation District got a preview last Thursday of what to expect in the way of blowing this spring. The bare areas and stripped cotton fields walked around considerably. There isn't much question as what the fields will do for the rest of the blowing season, unless something is done.

As it is too late to apply cotton burs or to get a growing cover on the land to protect it from blowing, we must take other protective measures. Some type of surface roughening tillage must be used.

There are several methods of roughening the soil surface, such as chiseling or listing or any other operations that will put clods on the soil surface or ridge it up. These are only emergency or temporary measures and usually will not provide longtime protection. The fields will have to be watched closely, and when necessary other operations performed to retard wind erosion.

There is no overall method of surface roughening tillage that will work on all soils. The best method for a field will depend on the soil and the condition of the soil within the field. One type of implement may provide enough roughness in one field, but will not do the job on an adjoining field. Soil moisture and soil texture are the most important factors to consider in selecting the implement and operation that will control or retard wind erosion for the longest period of time.

Chiseling operations should be carried out at right angles to the prevailing winds. When a lister is used, it should be run on the contour. This will help conserve moisture as well as providing some protection from wind erosion.

On fields that now have adequate growing cover, sorghum stubble, or other crop residues, we must exercise the greatest of care in our management to maintain an effective cover throughout the blowing season. Residue and stubble should be left on the soil surface as long as possible. Preferably until around April 1.

Your Soil Conservation Service technicians are available to give you information on soils, conservation measures, and adapted protective measures against wind erosion.

Mrs. Moreman's Brother Dies In Amarillo

Funeral services for Luke Adkisson Hart, 63, Amarillo contractor and interior decorator, was held at 3 p.m. Thursday in Blackburn-Shaw Memorial Chapel in Amarillo with the Rev. Sam Smith, pastor of the Summit Baptist Church, officiating. He was assisted by Rev. Ford Ellis, pastor of the North Amarillo Charitrian Church.

Burial was in Llano Cemetery. Mr. Hart was the brother of Mrs. Herlie Moreman of Hedley. He was born July 17, 1896, in Temple and was the grandson of the late Capt. G. J. Adkisson, one of the early settlers of Memphis.

Surviving, other than his sister here, are his wife, Mrs. Jewell Hart of Amarillo, two daughters, Mrs. Leo Bankston of Pampa, and Mrs. Dick Shultz of Valdosta, Ga., one son, Billy D. Hart of Lamesa, Calif., and several grandchildren.

His mother, Mrs. T. A. Hart, also lived here for many years. Mr. Hart had resided in Amarillo for the past 25 years. He was a member of the Summit Baptist Church.

District MYF Sweetheart Banquet Is Held In Estelline Saturday Night

The Fellowship Hall at the Methodist Church in Estelline was the scene on Saturday evening for the District MYF Sweetheart Banquet. Approximately 150 persons were in attendance.

Decorations carried out the valentine theme. The head table, which was on the stage, was laid with a white cloth, centered with a red runner down the center of the table.

A red valentine encircled with small white valentines formed the centerpiece and was flanked by two white net centerpieces trimmed in red with red roses arranged in them. Napkins were also decorated with red valentines.

The "Sweethearts" table was a round table just in front of the head table. It was covered with a white cloth, red runners and centered with a crystal bowl filled with white roses and white greenery, and encircled with red net.

The other tables had the same red runners of white cloths with centerpieces of cupids holding red hearts in white styrofoam bases. Hanging from the ceiling throughout the hall were red cupids.

Lacy valentine programs contained the menu and program.

Beverly McCallum of Lelia Lake, vice president of the district, gave the welcoming address.

Principal speaker for the evening was Rev. John English, superintendent of Childress District.

Songs were directed by Kenneth Hildebrand while the invocation was given by Mary Jane Davis of Chillicothe, president of the district.

Also seated at the head table was Judy Lanham, publicity chairman of the district.

Sweethearts from the three districts were Donna Sue Eddins of Estelline, Jo Ann Mitchell of the First Methodist Church in Childress, and Glenda Pettie of Vernon. Seated at the tables were escorts of the sweethearts, Noel Long of Texas Tech, Thomas Ruthledge and Ehrie Davis. The sweethearts were introduced by

Report From Washington

By **WALTER ROGERS**
Representative, 18th
Congressional District

The Sugar Trust are appearing daily indicating that the sugar trust has not been thwarted three years in its attempt to obtain long-term extension of the Act. It was forced on each occasion to resort to tactics and "emergency" unfair procedural tactics to obtain short-term extension to further hide the truth from the American people. They do not want the Act or the sugar problem openly on the floor of Congress. They know that the American people and the American farmer have been hoodwinked by all the facts are made and are understood by the people of this country, their ends at an end.

million dollar business is handled through approximately 12 refineries and it is generally assumed that the ownership of these refineries is by a lesser number than 12. This will give you some idea of the small, compact group that has a throttle-hold on the sugar needs of this country. All of the sugar, with a very minute exception, must be channeled through these refineries because it is raw sugar and could not be imported into this country if it had already been refined. Hence, these refineries are guaranteed a refining process business of half a billion dollars worth of sugar each year. The next question is, where does the sugar come from? Not from American farmers, either in the continental U.S. or any of our possessions or other States. It comes from foreign countries under the provisions of the law. It is this law that the sugar trust does not want amended.

are a powerful group, control of several hundred million dollars annually, out of which they reap huge profits. By the power associated with these enormous sums, they have been able to retain a law that has the imporation from foreign sources of approximately 45 percent of the sugar demand in this country. This means that approximately 5,000,000 tons of sugar are imported into this country each year. At a value of five billion dollars, this would mean an annual transaction of approximately \$500 million. This half-billion

Up until about two years ago, Cuba furnished this country three million tons of sugar of a value of approximately \$300 million. When Cuba went Communist, we stopped purchasing sugar from Cuba, or thought we did. At that time it was the hope of the American farmer, who had long clamored for the right to grow more sugar beets, that he would be allowed to produce some of this sugar allotment that we had taken away from the Communist country. However, he failed to reckon with the half-billion dollar sugar trust. These fellows had not been asleep. They immediately went to work and procured the extension of the Sugar Act through the Congress without debate in the House of Representatives, and without hear-

HALF-PAST TEEN

ings before Committees, as is the proper procedure. This extension included a term which denied to the American farmer the right to produce as much as one pound of the sugar that had formerly been purchased from Cuba. It did not even give the President the right to authorize the American farmer to produce any of that sugar, because in each instance where this sugar was referred to in the Act, the authorization to purchase contained the term "from other foreign countries" or "from any foreign country." The use of the

word "foreign" successfully blocked the American farmer from participating in the market of the American consumer to any further extent than he had participated prior to the discontinuance of purchases from Cuba.

Less Than 30 Per Cent of the Vehicles In This Area Have Been Inspected

Less than thirty per cent of the registered vehicles in this area have been safety inspected for 1962, according to Patrolman Gwin Fowler, Motor Vehicle Inspection Service of the Texas Department of Public Safety.

With the April 15 deadline, for having the vehicles checked, rapidly approaching, this means there are approximately 2800 vehicles in Hall County remaining to be inspected by the four approved inspection stations available.

The three inspection stations in Memphis are City Garage, Foxhall Motor Co. and Potts Chevrolet Co.

At Turkey the inspection station is Mullin Motor Co.

Many motorists are going to find long lines awaiting them as the deadline draws nearer, due to the inspection stations not being able to cope with this large number.

The patrolman urges drivers to have their vehicles inspected as soon as possible to avoid this last minute rush. In addition, he reminded drivers that this time of the year is noted for adverse weather conditions which prevents the inspection stations from checking the vehicles.

Major Crimes Show Increase During Past Year

The Texas Department of Public Safety reported this week that major crime in Texas increased 2.2 per cent in 1961 over 1960, with an estimated total of 203,285 offenses for the year compared to 198,956 in 1960.

Murder and homicide was up 0.7 per cent, rape increased 5.7 per cent, robbery decreased 16.5 per cent, burglary was down 6.7 per cent, aggravated assault increased 0.3 per cent, theft increased 8 per cent, and auto theft was down 0.8 per cent.

Murder and homicide was up from 1,080 to 1,088, rape was up from 1,196 to 1,264, robbery was down from 3,560 to 2,974, bur-

glary was down from 56,976 to 53,149, aggravated assault was up from 12,128 to 12,166, theft was up from 108,869 to 117,619, and auto theft was down from 15,147 to 15,025.

"The totals for 1961 mean that one major crime was committed in Texas every three minutes. There was a murder every eight hours, a rape every 7 hours, a robbery every 3 hours, a burglary every 10 minutes, an aggravated assault every 43 minutes, a theft every four and one-half minutes, and an auto theft every 35 minutes," Col. Homer Garrison Jr., DPS Director, said.

"They also indicate approximately a 60 per cent increase in major crimes in our State since 1955 — an increase which far outstrips the population increase during this period."

W. A. Branigan and son Gary of Hollis, Okla., visited here Sunday with Mr. and Mrs. Elmont Branigan and Elmonette and Mike. Visiting in the Branigan home on Sunday night were Airman and Mrs. Dwight Branigan who were en route to their home in Denver, Colo., after a weekend visit in Hollis.

word "foreign" successfully blocked the American farmer from participating in the market of the American consumer to any further extent than he had participated prior to the discontinuance of purchases from Cuba.

A small but vigorous minority group of Congressmen who know and understand this situation have fought bitterly to obtain fair treatment for the American farmer and for the American consumer. If the American farmer were allowed to produce in this country one-third of the amount of sugar formerly purchased from Cuba, it would enable 400,000 acres of land now being used for growing surplus crops to be used for growing sugar beets; it would help to stop the outflow of American dollars; it would invigorate the agricultural communities in a number of areas of the U.S.; it would make it possible to build at least ten additional sugar processing plants in this country at a cost of around \$12 to \$18 million each. This latter would help measurably in solving the unemployment problem not only in the factory areas but in the rural areas where these plants would be located.

It must also be remembered that this would all be possible, yet we would still be able to import 35 per cent of our sugar needs from these other countries; countries which heretofore have furnished us less than 15 per cent of our sugar needs.

The big question in the minds of those who have studied this matter is why the sugar trust is so determined to deny the American farmer the right to grow sugar that is sold on the American market, even in a limited amount; yet they are willing that the sugar allotment formerly held by Cuba can be handed over to countries like Mexico and Brazil, who vigorously fought the U. S. in the move to oust Castro from the Organization of American States, and to such countries as British Guiana, headed by one Cheddi Jagan. It will be remembered that this Cheddi Jagan and his wife have been linked on numerous occasions in the press with Communism, both in this hemisphere and elsewhere. A large part of this could be transhipped Cuban sugar. The whole matter appears to me to be a case of material greed that could do as much damage to his country as any other one factor.

I can assure you that the small band which has fought so long and so hard is not going to give up, and that the battle will continue without cessation.

Popular Troy Donahue, Connie Stevens Heads All-Star Cast in 'Susan Slade'

Troy Donahue and Connie Stevens top the cast of the Warner Bros. Technicolor romantic drama "Susan Slade," opening Sunday at the Tower Drive-In.

The provocative account of a young girl's first encounter with love and the bizarre attempt of her parents to protect her from the consequences of the tragic affair marks a re-pairing of Donahue and Miss Stevens, who earlier this year scored in "Pardish."

Davis, who previously has directed Donahue in "A Summer Place" and "Farrish," teamed with the popular young star for the third time in "Susan Slade."

"Susan Slade" details the emergence of a beautiful young girl into young womanhood and unwed motherhood as a consequence of her shipboard romance during the return of her family from years spent in an isolated Chilean mining camp.

Davis filmed his exteriors along the famed Carmel-Monterey coastline, in San Francisco and on the California desert. Shipboard sequences were shot on the S. S. President Cleveland as it sailed out of San Francisco.

Robert Kirk Withdraws From Senators Race

Robt. Kirk, Littlefield lawyer, late last week withdrew his application to place his name upon the Hall County Democratic Primary Election ballot.

Kirk had entered the race for State Senator. This leaves Senator Andy Rogers of Childress unopposed as he seeks re-election.

In a letter addressed to Herschel Combs, Democratic chairman, Kirk said: "Within the last few days I have sent to you in your capacity as County Democratic Chairman an application for nomination for State Senator at the May 5, 1962 Democratic Primary."

"Since forwarding this matter to you, I have had occasion to examine the Constitution of the State of Texas, Article 3, paragraph 6, and find that because of my absence from the state during a portion of the last five years that I will not be eligible to qualify for this office."

"Therefore, this will be your authority to disregard the application heretofore sent to you."

In other political developments, the attention of The Democrat has been called to the omission of the name of Sybil Gurley from the list of candidates seeking the post of County and District Clerk, which was published last week.

Miss Gurley is a candidate, and is actively campaigning. Others in the race are Ruby Goodnight and Mildred Stephens.

Mr. and Mrs. T. J. Bridges visited with their son, Rev. and Mrs. Howard Bridges and family in Hermleigh over the weekend.

Work Underway On Two New City Fire Units

Two new improvements are underway now in the fire fighting equipment of the Memphis Fire Department, according to Mayor H. J. Howell.

The City of Memphis recently purchased a 4-wheel drive truck from the Mill Iron Ranch and it is in the process of being converted to a truck suitable for fighting grass fires.

The second improvement is a rescue vehicle. The Memphis Volunteer Firemen themselves have purchased a used station wagon and are in the process of equipping it with all the equipment necessary in emergencies.

Fires have been numerous during the past week as dry grass and weeds have kept the firemen busy. Since Feb. 1 the department has answered eight calls.

Tuesday night they almost had a fire at the city hall when a prisoner set a couple of mattresses on fire in the city jail.

and leaders, additional land to be purchased, additional boats and canoes. Also included is the remodeling of the camp dining hall and improvements to be made in the kitchen.

A home for a permanent Camp Ranger is another project in the campaign. The completion of the Camp Ranger home will make the camp a year-around camp for all troops in the council.

A Council Service Center is to be constructed in Pampa on land donated by M. K. Brown. He has also provided sufficient money to completely furnish and equip the new Service Center.

The development campaign is based on a three-year pledge period, Craig said. Pledges to the campaign may be paid in any manner desired and the pledge period runs through Jan. 31, 1964.

Craig asked that anyone wishing to participate in the project should get in touch with him. "We will be contacting a number of people, but we do plan a general house-to-house canvass," he said.

Memphis School Board Election April 7

The Memphis School Board will hold April 7 at the City Hall a week called a school election.

O. V. Alexander was named election judge, and the following were named as clerks: Mrs. Johnson, Mrs. Loyd, Mrs. Art Miller and Mrs. O. V. Alexander.
