Vote Saturday

Saturday, May 5, is one of the most important dates in the future of this state. For it is upon that date that the citizens of Texas will go to the polls and make their choices in the Democratic and Republican primaries. Here in Hall County there will be Democratic boxes in all 12 of the voting precincts, and one or more Republican voting boxes.

We hope that every qualified citizen will take the time and effort to go to the polls and cast a ballot Saturday. Our nation was founded on the principle that the majority of the people are capable of making the right decision, and the only way that this is possible is for the general public to take the responsibility upon their shoulders and go vote.

We urge each and every one of you, who are qualified voters, to go to the balloting places Saturday and exercise your right and responsibility.

License Suspension Part of Safety Program

The Texas Department of Public Safety operates several types of programs which insure our safety on the highways. Most of us think of the department in terms of patrolling the highways. However, another important phase of work is the driver license suspensions and denials.

In Hall County last year there were a total of 23 actions on drivers licenses. Of this number 12 licenses were suspended for driving while intoxicated and another 6 were denied for this reason. Two licenses were denied as a result of a person driving while his license was suspended. Two other licenses were taken away from habitual violators and one was forfeited as a result of an accident.

So, actually there were 23 drivers in Hall County during 1961 who would have been a danger to their fellow vehicle operators. Some of these persons have already received their licenses back, and other probably will throughout the year, however, it is hoped that the suspensions will make the operators a little more aware of their responsibilities to the rest of the motoring public.

In the state as a whole last year a total of 28,476 actions were taken on drivers license suspensions and denials of this number 10,248 were suspended as a result of driving while intoxicated which is by far the largest violation tabulated by the department. So the state means it when they put out the signs which say "If You Drink Don't Drive."

Organization of the Memphis Lions Club was completed at a meeting held Monday night in the basement of the First Methodist Church with 31 charter members. A concerted effort to bring about the closing of Memphis business houses on Sunday as a part of the "Back to Church and God" movement is meeting with willing response, Otis Jones, chairman of laymen of the United Churches reported this morning. A committee of men has been assisting Jones in interviewing owners and managers of business firms this week. Today, it has been announced a total of 99 firms have been signed up to close throughout the day on Sunday. An exception is drug stores, which were asked to close at 9:45 a. m. and reopen from 1:30 to 8 p. m.

Keep Trying, Mitsubishi
Our congratulations to the Mitsubishi Electric Co. of Japan which has produced what it claims is the world's smallest television set—a "micro-TV" only six inches square.
It undoubtedly will prove ideal for people who like TV only a little. Logical extension of the trend may be manufacture of a special set for out-and-out video-probes—one small enough that you can't see it at all.
Rots of ruck, Mitsubishi.

They Want To Be Lived With
An editorial by Cal Farley in the current issue of Boys Ranch Roundup shed light upon the problem of the so-called "problem child" which the Ranch gets and rears into useful citizens.
Farley, who founded this institution which is the pride of the Plains, says that the greatest need and desire of unwanted, confused and so-called delinquent boys, is "to be lived with."

That deceptively simple phrase takes in a wide field that includes the banishment of loneliness, the gift of companionship, the knowledge of being wanted, the granting of the right to training, supervision and education, and the presentation of the opportunity to "be somebody" by virtue of one's own efforts and talents.
Being "lived with" is time a woman takes to sew a button on a shirt; patient effort put forth by a teacher in giving extra help and instruction; pleasure of friendly conversation at the dining table; small attentions and un-asked for courtesies from a coach; security in the affection of those who have chosen the task of raising someone else's boys.
Being "lived with" is also the administration of necessary discipline, teaching the knowledge of how to work, training in the acceptance of responsibility, counseling in the importance of respect for another's rights, property and privileges.
Farley says that interest, patience, sincerity and love all go hand in hand in living with boys who need help. It's not material things that come first because you can sometimes give boys too much of anything. But you can never give them too much of your time and attention when you understand that all they want is to be lived with.
We parents could profit immensely from this philosophy.

Going to a Fire, Maybe?
Canadian volunteer fire men have been increasingly plagued of late by that occupational hazard of firemen everywhere...
The fire buff who bolts into action with the first whisper of a siren and feels duty bound to get to the fire ahead of the fire department or... lacking prior information about its location, takes the second-best position right behind the fire truck and rides its bumper all the way.
State law clearly rules that no one (except firemen on duty) shall follow within one block of a fire truck. When the sirens sound, according to law, cars are supposed to pull over to the nearest curb and stop until fire fighting equipment has passed or until the driver is certain that equipment is heading in another direction.
In the cities where law enforcement is impersonal there isn't much problem... offenders are promptly handed tickets and given a date with a judge. In small towns, law enforcement is a more personal matter, and there's more a tendency to appeal for neighborly cooperation than to hand out police summonses to offenders.
That's the point we've arrived at in Canadian right now... and this is an appeal from the Canadian Fire Department to all you eager beavers who want to race the big red wagons to get back in line, stay out of the way, and keep within the law so it won't be necessary for someone to strangle you.
After all these volunteer firemen have given a lot of their time to learning what to do when the fire alarm sounds... and the least the rest of us can do is stay out of the way and give them a chance to get to the fire and do it.
The house you save may not be your own... but the insurance rates you're kicking around certainly are.
—The Canadian Record

upheaval, but they have left memorable evidence of their turbulent, cutting history.
You can see it by car only from two or three roads. In an hour and a half we covered over 150 miles and saw not half a dozen houses and only one little one-store town. It's a fabulous panorama of geological forces at work and it would be difficult to see the area from the ground because of the lack of roads, but it's there and it surprised us to see it. We expected a normal plains agriculture and ranching situation, but found that right in our own back door—so to speak—are more real, authentic western badlands, both beautiful and awesome.

Wide Open Spaces
We once thought the wide open spaces were a thing of the past, that there was no large uninhabited area left on the Great Plains. It was our own conclusion that vast open spaces remained only in the desert areas of Arizona, Nevada, Utah and California.
But we had occasion last weekend to fly to Pueblo, Colorado and we had our mind changed. About 50 miles north of Dalhart we ran into the wildest country we've ever seen. It must have been roughly equivalent to several hundred Palo Duro Canyons. Sometime during a Triassic era long ago, scores of rivers streamed out of the Rocky Mountains and across the plains cutting the fantastic canyons that lace that country today. The streams and rivers twist and meander through the tumbled country now, finished with their erosion until some future land

Hall County Soil Conservation

"Who does Soil and Water Conservation"

The most important people who do conservation work are the owners and operators of farm and ranch land. There are many Groups, Societies, Organizations and Agencies that encourage conservation, but the most important conservationist of all is the man on the land.

The greater part of our land is in private ownership. There is where many of our streams originate. Most of our grassland and cropland is under private ownership. Therefore, the responsibility of carrying out soil and water conservation rests on each individual land owner and operator.

The biggest job of soil and water conservation is being done within Soil Conservation Districts, such as the Hall County Soil Conservation District.

A Soil Conservation District represents all of the people in the District and is the farmers' and ranchers' personal conservation agency. In Texas, Districts are authorized by state law. Each District is a segment of state government. A District is voted in to existance by the landowners within the particular area to be covered by the District.

Each Soil Conservation District is administered by a governing body of five local landowners. These persons, called Supervisors, are elected by their friends and neighbors who are also landowners in the District.

These supervisors serve without pay. Yet it is their responsibility to administer their District; plan and carry out their District program; spend what ever funds that they have available for the benefit of the District and pro-

gram; take care of District property; see to it that all farmers and ranchers in the District get technical information and other assistance they need to do the conservation job on the land; and keep all the people in the District informed about the conservation problem and progress made toward its solution.

The Districts request assistance from the Soil Conservation Service in carrying out its soil and water conservation problem within the District. Then, the Soil Conservation Service provides technicians, trained to help farmers and ranchers carry out the conservation program or plan best adopted to their particular farm or ranch unit.

Farmers and ranchers in a District are urged to discuss their conservation problems and plans with their Supervisors. The supervisors will also appreciate any suggestions that might further the conservatin activities within the District.

The Supervisors of the Hall County Soil Conservation District which covers both Hall and Childress Counties, are Wayne Hutcherson, Memphis, Lee Scrivner, Turkey, Pete Scott, Dodson, Earnest Ham, Childress, and Kenneth Ellis, Kirkland. They have a regular meeting every second Wednesday, of each month, in Childress, in the County Courthouse.

Mrs. Bob Lindsey and children Kent, Kim, and Jeff of Dimmitt were here over the weekend with their parents and grandparents, Mr. and Mrs. A. L. Stilwell and Mr. and Mrs. H. H. Lindsey and other relatives.

Guests in the home of Mr. and Mrs. Dwain Eller over the weekend were Cheryl Jameson and Lynn Yarbrough of Plainview.

Around and About

By HELEN COMBS
We are amazed each week at the many talented people who reside in Memphis . . . and just anything you want done can be accomplished by someone here.

We were reminded of this anew Friday evening when we stepped into Travis Cafeteria which had been converted into a Parisian scene for the annual Band Banquet. All the decorations were hand-made, and at very little cost, by mothers of the band students.

A pleasant visitor in our office Saturday was David Raddell of Dallas, who is the son-in-law of Mrs. Willie Key. He came by to tell us that through reading The Democrat he had learned a first cousin, David Reddell, was now residing in Memphis.

After fishing for years, Ted Barnes came up with something special to brag about last week. After an hour's struggle, he landed a 9-pound black bass while fishing at Baylor Lake.

The Women's Scotch Tournament at the Country Club is underway this week, after being rained out last weekend. The luncheon on Friday was well attended and the tournament as a whole is being well received.

For those of you who like to bowl . . . summer leagues are now being formed. You may make up your own team or join a team by listing your name at the Bowl.

Light County Youths In Austin for State Meet

Light County youths left Thursday for Austin to compete in the state championship in various events. In the girls doubles, Leslie Helm and Dee-Dee Helm will battle for the crown in Class A. In the track and field events, Bunky Adcock of Memphis will be in the high jump event. Adcock is second in the regional meet with a jump of 6 feet 2 inches, losing out to a boy from Lubbock who cleared the 6 feet 2 inches. However, the youth only jumped 5 feet 2 inches two weeks later at the Raider relays. The state

record is 6 feet, 2 inches, and this could be broken this year. Marilyn Driver is the other Memphis contestant in the state competition. She won first place in extemporaneous speaking in the region at Lubbock. Memphis Coach Don Lambert, who left with all the youths this morning, said that he left like all the participants had a good opportunity to do well in the meet. Arrangements have been made to have the information on the results of the events called back to Memphis as soon as possible, and a notice of these results will be posted in the window of The Memphis Democrat.

Lakeview Contestants
Karen Clements and Winnie Nabers from Lakeview will battle for the Class B girls doubles tennis championship. They earlier this year won the Amarillo relays, defeating the Memphis girls in the finals. Coach Barney Bevers and the girls plan to leave Thursday for Austin. Last year the girls went to state but lost out in the early rounds of play.

Estelline Contestants
Teddy Jay Barnes and Rolfe Wooten will represent Estelline in the Class B boys tennis doubles. They have lost out in only one tournament this year and will pre-

sent a real threat at the state event. Estelline's other entry in the state events is Elaine Seay, who will compete in journalism. The event includes feature writing, editorial writing, news writing, copy reading and headline writing.

Equilization Board At Estelline To Meet May 4

The equilization board of the Estelline Independent School District will meet Friday, May 4, at the high school building beginning at 7 p. m., Supt. JoEd Cupell announced this week.

Any patron of the school district who would like to discuss tax equilization is invited to meet with the board, the superintendent said.

Lakeview Young Farmers To Hear Talk On Cultivation

The Lakeview Young Farmers group will have a special meeting next Monday, May 7, with the public invited to attend, Shelby Hight, president of the organization announced this week.

The program for the event will feature flame cultivation with a discussion led by the West Gas Co. of Clarendon. The meeting will be held in the Lakeview High School beginning at 7:30 p. m.

Wayland Baptist College Names New Coach

Appointment of Wayland Baptist College's new basketball coach, Clifford Clyde Ozmun, Noble, Okla., was announced by President A. Hope Owen. Ozmun replaces Ed S. Billings, Wayland Pioneers coach since 1956, who has been awarded a Fulbright Grant to teach in the University of Lahore, West Pakistan.

Ozmun comes from Noble, Okla., where he has coached the Noble High School team to three Conference titles in four years. As a college student he lettered four years in basketball and three years in track with the Oklahoma Baptist University Bisons. At OBU he was named "outstanding athlete" in 1955.

After graduation from OBU Ozmun played with the Wichita Vickers of Wichita, Kans., before going into coaching and teaching mathematics and business in Noble High School. While at Noble he has earned the Master of Education degree at the University of Oklahoma.

At Noble in addition to winning two conference titles and tying for a third, his teams have won three tournaments and been defeated in the finals in four other tournaments, twice by the eventual state champions in the Noble class. In his first year of coaching his team compiled a 14 wins and 12 losses record. In succeeding years the team record was: 1959-60, 21-5 and Conference title; 1960-61, 21-5 and time for Conference; 1961-62, 19-6 and undefeated in Conference play.

Ozmun will be presented to Wayland athletes and sports enthusiasts at the annual Athletic Banquet, April 28, according to Athletic Director Harley J. Redin.

HIGH JUMPER — Bunky Adcock, above, eyes the bar at 6 feet 1 inch, a mark which he cleared at the regional meet held in Lubbock recently. Bunky is in Austin this weekend where he will compete in the state championship events. The state record is 6 feet 2 inches, and could possibly be broken this year.

FHA Delegates, Teachers Attend State Convention

Homemaking teachers and students from the Memphis, Lakeview and Estelline schools were in Dallas April 28 and 29 to attend the State Convention of Future Homemakers of America.

The two-day session was held in the Music Hall on the State Fair grounds with delegates from over the state in attendance.

Theme of the convention was "Values Point for FHA." Keynote speaker for the session was Dr. Jauncey, minister of the Christian Church in El Paso, who is noted as one of the outstanding speakers in the state.

Friday night's program was patterned after the "Miss America" contest with special permission. Participating in the program were delegates from Area I, which includes Hall and surrounding counties in the Panhandle. Several girls from this county participated in the program, including Linda Snider of Memphis, Donna Mullin and Betty Robertson of Lakeview, and Donna Eddins of Estelline. Linda Snider led the group of girls who made up a living train.

Several outstanding musical numbers were included on the program and foreign exchange students who are sponsored by FHA were also featured.

On Saturday morning the House of Delegates met, with three girls from this county serving in the group. They were Linda Snider, Betty Robertson and Donna Eddins.

New officers were installed and a beautiful and outstanding flag ceremony was presented. Flags of all the states were presented as well as the U. S. flag.

Meals were served at the State Fair grounds by Jetton. Attending the meeting were Mrs. W. B. Wilson, Jr., Memphis homemaking teacher, and Misses Linda Snider and Carolene Kenyon of Memphis; Mrs. Geo. Arthur, Lakeview homemaking instructor, and Misses Betty Robertson and Donna Mullin of Lakeview; Mrs. Mason Davidson, Estelline homemaking teacher, and Misses Donna Sue Eddins and Linda Bowman of Estelline.

Licenseless Fishing Tops Arrest Lists

This is fishing season, and too many are going fishing without buying licenses, according to arrest reports of game wardens for the month of March.

There were 94 arrests for fishing without a license during the month. In all, game wardens arrested 257 persons, and the courts assessed fines and costs amounting to \$8,889 for the month.

Although the deer hunting season has been closed since Dec. 31, 1961, a number of arrests were made for killing deer in closed season, killing does, and hunting at night. In fact, there were 36 arrests made in connection with night hunting.

The licenses were suspended on 18 violators, and some of them paid fines amounting to \$200.

A fishing license is required of all persons between 17 and 65 who fish outside their home county or who fish with rod and reel or other winding device any place in the state. The price is \$2.15 for either resident or non-resident.

Battle Against Screwworm Flies Continues in State

County Agricultural Agent W. B. Hooser reports that because of extremely favorable weather conditions for screwworm activity, screwworms have spread into Central and West Texas, most of the counties in the Edwards Plateau, and about half the counties in the Trans-Pecos area.

Hooser says that plans are being made to expand the sterile screwworm fly release area to include most of the infested area. The majority of the sterile flies being produced will be released in a barrier zone which will encompass the northern edge of the screwworm infested area.

The county agent encourages all livestock producers to inspect all livestock regularly, to treat all wounds promptly, and to collect 10 or more worms from deep in the wound and bring them to his office.

Hooser points out that the more screwworms that are killed by chemical treatment, the fewer sterile flies will be required to overwhelm the native flies.

"Bro. Jeff Moore of the Calvary Baptist Church in Berger stirred our hearts daily by his wonderful, sincere and earnest messages," he said.

The pastor baptized 12 candidates at the close of the Sunday evening service. Four of these had made decisions prior to the revival and the other eight were saved during the past week.

"We feel that the results of this evangelistic effort will be felt for many months to come," the pastor stated.

"We would like to express our appreciation to all who helped to make this series of services a success, and especially to the mem-

Laff Of The Week

"... then the fairy godmother turned the frog back into a hapless wage slave, and the beautiful princess lived off him happily forever after."

Marshall Formby Discusses State Press Situation

"Do we have freedom of the press?" This is a question that Marshall Formby, candidate for Governor in the Democratic Primary, is asking the voters of Texas this week.

"It is obvious", he said, "that the moneyed metropolitan dailies of the State are bowing under to the pressure groups, because they are afraid of the pressure groups and Washington influence."

Formby noted that he and some of the other candidates have had the endorsement of many weekly papers and some smaller and medium size dailies, but suggested that power and money have spoken in the case of the Big City Press and only one person has been endorsed. "Some of the big dailies have endorsed a candidate with whom they have nothing in common... they don't believe in half of their candidate's program. It is sad to see a big daily go against the conscience of its owners and editors just for a crumb of advertising or a crumb from the federal

government. It is gratifying to see the smaller dailies and the weeklies standing up for their convictions."

Formby said that more money has been spent by some candidates than ever before in the Governor's race and has urged the voters of Texas to take a good hard look at the candidates, at the money spent at their promises and their beliefs in government, and to the pressure groups and organizations behind such candidates. The former State Senator and Highway Commissioner said, "He who eats my bread, must sing my song," will have a true meaning if Texans should elect the free spending, country club set of candidates making the race.

Formby who was born and reared in small communities and has lived his life in smaller towns, knows and understands the problems of the smaller communities.

Rev. Jeff Moore, who was in Memphis last week to conduct revival services at the Travis Baptist Church, returned to his home in Borger Sunday night. Rev. Moore was formerly pastor of the First Baptist Church here.

Mrs. Claude Hickey visited in Pampa with Mrs. Claude Nash.

LET'S RE-ELECT
BILL HEATLY

DEMOCRAT FOR
STATE REPRESENTATIVE

82nd District

As a senior member of the Legislature Heatly has served as chairman of the State Affairs Committee and the Appropriations Committee, probably the two most important committees in the Legislature. He has also represented Texas many times at the meetings of the Southern Regional Education Board. Bill Heatly's experience and effective service will stand him in good stead in representing the people of the 82nd district.

Bill Heatly is the recognized ardent foe of Legalized Gambling. He succeeded in his fight to curb this unwholesome growth during the last Legislature.

Bill Heatly is the leader in the struggle to equalize the tax on beer with cigarettes and gasoline.

Cigarettes pay 27 1/2% sales tax
Gasoline pays 18% sales tax
BEER PAYS ONLY 3% sales tax

Bill Heatly's untiring efforts in this matter is gaining the support and recognition of Texans from all walks of life.

Bill Heatly is one of the authors of the Farm to Market road bill that was passed during the last Special Session, and has maintained an outspoken record of voting for ALL constructive legislation affecting the farmer, cattleman and merchant.

Bill Heatly has at all times voted to maintain the operation of Rural Electrification.

Because it would have been less expensive to administer, fewer loopholes and more convenient for the merchant to collect, Bill Heatly supported a 1% across-the-board sales tax.

Bill Heatly states that there are inequities in the insurance rating system and after a report from the study committee corrective legislation should be introduced.

Bill Heatly states that 85% of every tax dollar spent by the Legislature goes to EDUCATION (both public and higher levels), HIGHWAYS, MENTAL INSTITUTIONS, WELFARE, PENAL AND REFORM SCHOOLS. Bill Heatly has supported all constructive measures which have aided in elevating the standards of both the Public Schools and colleges and will continue to support such measures.

Bill Heatly points with pride to his work on our hospitals and special schools in elevating them, thereby helping many of our unfortunate citizens who have become afflicted. He is particularly proud of his support of the M. D. Anderson Hospital in Houston which is responsible for the care, treatment and research of cancer.

Estelline Senior Class To Present Annual Play On Tuesday, May 8

The Senior Class of Estelline High School will present its annual play on Tuesday evening, May 8, at 8 p. m. in the High School auditorium. The public is cordially invited to attend. Admission will be 25 cents for students and 50 cents for adults.

A three-act comedy, the play is entitled, "America's Boy Friend." The play deals with a young and likeable motion picture actor fresh from a stock company in the hills of Vermont, who has startled the merry-going world with his meteoric rise to stardom. However, before the first act is well under way, the public will realize that there is dirty work at the cross roads. Abe Stolgotz, producer of Super Super Terrific Pictures, who has Johnny Wilson, the young Vermont actor under contract, is trying to keep Johnny from finding out about his popularity and to get him to sign a new contract at the old figure. How Abe tries to get Johnny to re-sign the contract, and how Johnny, the innocent country boy, outsmarts the smartest of Hollywood's smart, will keep the audience in suspense.

Besides Abe Abotgotz, played by Jesse Corona, and Johnny Wilson, played by Billy Dee Bowman, there is also Benjamin Blunt, a very ambitious and energetic would-be actor, played by Rusty Wood. Peggy Randall, who loves Johnny and is willing to sacrifice all for love, played by Linda Bowman. Marill Quenton, a veteran and hard boiled actress, played by Donna Sue Eddins; A. B. C. Jones, an arthur, played by Henrietta Ward; Rose Slotgots, Abe's wife, played by Janie Buchanan; Irma Hall, Abe's secretary, played by Elaine Seay. Oscar Sharp, a lawyer, played by Billy Ferrel; Phil

Rogers Report -

(Continued from page 1)

1952, 1953, 1955, and 1957, indemnities were claimed in accordance with the contract and were paid by the proper agency in the Department of Agriculture. It will be remembered that this was the period of the long drought in Texas. In 1958 there was another crop failure and Mr. Norman again claimed the indemnity to which he was entitled. It was then that the Department of Agriculture discovered that his land was actually section 16 and not section 26. They also discovered that section 16 was not in an insurable area, although this fact had never been made known to Mr. Norman. Consequently, the 1958 claim was rejected and a demand was made upon Mr. Norman to pay to the Federal government the sum of \$2,001.48.

When Mr. Norman made these facts known to me, I immediately instituted an investigation of the matter and concluded that Mr. Norman was not at fault, but that the fault lay with the Federal government. In fact, had the insurer been a private corporation instead of the Federal government and had made the same mistake, any claim against Mr. Norman would have been barred by the statute of limitations, or Mr. Norman could have successfully defended a law suit from an equitable standpoint. However, not so with the Federal government. Under the circumstances, I introduced a bill for the relief of Mr. James M. Norman in the summer of 1960. Due to the lateness of the time, the bill was not reached during that session of the Congress. Hence, on January 3, 1961, I reintroduced the bill and proper hearings were had before the Judiciary Committee of the House of Representatives. The bill, H. R. 1361, was favorably reported from the Committee and was subsequently passed by the House of Representatives and sent to the Senate. It passed through the Judiciary Committee of that body and was placed on the calendar for consideration by the Senate. Mr. Norman was kept fully advised of the progress of the measure, as he was entitled. There is no doubt subscribed to the policy that in this country justice is slow, but sure. There is no doubt in his mind about it being slow, but when his bill became the vehicle for a civil rights dispute with the bipartisan support of both the Republican and the Democratic Parties, I wonder if Mr. Norman is not somewhat skeptical about justice being sure. In any event, let it be known here and now that we shall continue the fight for justice, whether it be Mr. Norman or any other individual citizen of this nation who is entitled to redress.

Parisian Theme Featured At Annual Band Banquet Friday

"The Last Time I Saw Paris" was the theme chosen for the annual Band Banquet on Friday evening in the Travis Cafetorium. Hostesses for the occasion were mothers of the band students.

Keeping the theme a secret, students entered the cafetorium to find a typical Parisian scene complete with sidewalk tables placed underneath colorful awnings. Single candles burned at each table to illuminate the scene.

Quartet tables were covered with red and white checked cloths and the awnings were fashioned of matching red and white crepe paper. A work of art, the stage depicted a miniature of the Eiffel Tower in Paris complete with hand-painted shrubs and trees in the background.

Members of the B Band served as waiters. The menu included turkey thermadore, green beans, congealed salad, hot rolls and strawberry angel cake.

Following the dinner, officers for the coming year, drum majors and twirlers were revealed, and several awards presented by Bill Bradley, band director.

Officers chosen for the 1962-63 school term include: Dale Kilgore, president; Betty Evans, vice president; Suetta Lemmon, secretary-treasurer; Barbara Hancock, historian; and Marilyn Driver, librarian.

Little Theatre Enjoys One-Act Play Wednesday

The Little Theatre met at the home of Mrs. D. L. C. Kinard on the afternoon of April 25th.

Members were entertained with a delightful one act play, "The Bad Penny," by Rachel Fields.

The story concerned the three Penney sisters, two of whom followed the path of the straight and narrow, while the third had a look at the primrose path and the world outside their small town. When the bad penny, the third sister, stopped by for an hour's visit after being away for years, the other two suspected her of wanting her share of their fathers property. Coniving not to allow her to discuss finances, they skillfully avoided the subject until she left.

From the evening paper, they learned she was a widow worth \$12,000,000 dollars. She had come to help them, but their selfishness, and lack of understanding her lost them what ever benefits she had planned to vest on them.

The play was well cast, and competently directed by Mrs. John Deaver. The cast included Mrs. A. Anisman, Mrs. L. G. DeBerry, Miss Helen Boswell, and Carol Greene, who played the part of Mrs. Anisman's daughter.

Those attending were Mmes. Leo Fields, Virginia Brawder, R. S. Greene, Gayle Greene, Robert Roarks, L. G. DeBerry, A. Anisman, John Deaver, Adrian Combs, Herschel Combs, D. H. Aronofsky, J. W. Coppedge, Mildred Stephens Annette Boswell, Miss Helen Boswell, and Mrs. Jim Beeson. Co-hostess, were Mrs. Kinard and Carol Greene.

Memphis Pays Tribute To Three Retiring Teachers

Memphis citizens paused this week to pay special tribute to three teachers, who have spent many years to the teaching profession in Memphis and retiring at the end of the school term. They are Miss Hammond, who has taught in elementary schools for 49 years; Miss Wrenn, head of the department in Memphis school; and Miss Esta McElrath, former elementary principal and long-time first grade

Hammond and Miss McElrath. The Cafetorium was beautifully decorated with arrangements of cut flowers and potted plants, gifts presented to the honorees from former students and friends. They each wore an orchid corsage.

The serving table was laid with a linen cloth and centering the table was an arrangement of pink carnations and roses. Appointments were in sterling silver.

Decorated cake squares and nuts were served with frosted punch. Included in the house party were members of the Memphis School faculty.

"This Is Your Life" — On Tuesday at noon the Memphis Rotary Club honored the three teachers during the noon luncheon meeting.

T. J. Bridges, president of the club, introduced Supt. W. C. Davis, who in turn introduced Byron Baldwin who was in charge of the program.

As an introduction to the program, "This Is Your Life", Mr.

Baldwin said, "McArthur, old soldier, never dies; he just fades away! Not so with our teachers — they live on in the lives of the ones they have taught. Today this is not an obituary to you three teachers, Miss Wrenn, Miss Hammond and Miss McElrath, but to honor and pay tribute to you.

"When a child first enters school it is rough like a crude slab of marble; however, inside that crude slab of marble there is a beautiful figure that requires the polish and finish that only a master sculptor can give. The teacher acts as the Master Sculptor in chipping away the rough edges and polishing that figure and molding it into the finished product of the educated youth. We owe much to our teachers.

"When you give of material things, you give little; but when you give of yourself, you give much. These three excellent teachers are giving and through the years have given much of themselves. Their lives have been an influence for good," Mr. Baldwin said.

Thousands of students lives have been touched by the training received in the classrooms of these three teachers, beginning in the first grade and continuing into the high school English and Science departments.

In line of service, Miss Hammond can truly be listed as a veteran teacher. She has taught in Hall County for 49 years — 38 years in Memphis School. During the years she has taught in most all grades, but for many years now has devoted her time to teaching seventh, eighth and ninth grade English. Besides her teaching duties, Miss Hammond has been librarian for several years. She keeps a well-organized library with a student staff which is most beneficial to all the students in the high school. These were some of the facts revealed in Miss Hammond's story of "This Is Your Life."

Miss Wrenn, who is recognized as one of the best science teachers in this area, has been with the Memphis school since 1949. Through her instruction, Memphis students have been fortunate in having a well-rounded science program, which has been of unlimited value to students upon entering college.

Miss McElrath has devoted many years to teaching first grade students. Her love for her work and her ability to introduce the students to early routine of school

Estelline Senior Class To Present Annual Play On Tuesday, May 8

The Senior Class of Estelline High School will present its annual play on Tuesday evening, May 8, at 8 p. m. in the High School auditorium. The public is cordially invited to attend. Admission will be 25 cents for students and 50 cents for adults.

A three-act comedy, the play is entitled, "America's Boy Friend." The play deals with a young and likeable motion picture actor fresh from a stock company in the hills of Vermont, who has startled the merry-going world with his meteoric rise to stardom. However, before the first act is well under way, the public will realize that there is dirty work at the crossroads. Abe Stolgotz, producer of Super Super Terrific Pictures, who has Johnny Wilson, the young Vermont actor under contract, is trying to keep Johnny from finding out about his popularity and to get him to sign a new contract at the old figure. How Abe tries to get Johnny to re-sign the contract, and how Johnny, the innocent country boy, outsmarts the smartest of Hollywood's smart, will keep the audience in suspense.

Two other men, Melvin Merwin and James Merwin, all three brothers, pled guilty to burglary charges last week, and were sentenced to six years.

One other man, Kenneth Ray Spears, is charged with the same crime and disposition of his case is expected within the near future.

The men were charged with entering the West Texas Utilities Co. building at Turkey where the safe was broken open and money was taken. All four were picked up that same night near Silvertown.

Some day, a friend says, he'd like to have a bed that's 12 feet long and 10 feet wide. And we told him that's a lot of bunk.

Parisian Theme Featured At Annual Band Banquet Friday

"The Last Time I Saw Paris" was the theme chosen for the annual Band Banquet on Friday evening in the Travis Cafetorium. Hostesses for the occasion were mothers of the band students.

Keeping the theme a secret, students entered the cafetorium to find a typical Parisian scene complete with sidewalk tables placed underneath colorful awnings. Single candles burned at each table to illuminate the scene. Quartet tables were covered with red and white checked cloths and the awnings were fashioned of matching red and white crepe paper. A white wrought iron table in the center of the aisle held an arrangement of vari-colored iris, and posts at opposite ends of the aisle advertised outstanding sights to be seen in Paris.

A work of art, the stage depicted a miniature of the Eiffel Tower in Paris complete with hand-painted shrubs and trees in the background. Two floor baskets of snowball shrubs in full bloom were noted at either side of the stage. The scene was lighted by a blue revolving light.

Members of the B Band served as waiters.

The menu included turkey thermidore, green beans, congealed salad, hot rolls and strawberry angel cake.

Following the dinner, officers for the coming year, drum majors and twirlers were revealed, and several awards presented by Bill Bradley, band director.

Officers chosen for the 1962-63 school term include: Dale Kilgore, president; Betty Evans, vice president; Suetta Lemmon, secretary-treasurer; Barbara Hancock, historian; and Marilyn Driver, librarian.

Miss Carol Smith was named as drum major with Tony Monzingo to serve as assistant drum major.

Twirlers will include Lynn Foxhall, head twirler; Minka Sims, Neva Sue Koeninger and Rosemary Harrison.

Awards were presented to Vivian Maddox who received the band director award, Lynn Foxhall who received the award for showing the most improvement, and Elaine Snowdon who received the John Phillip Sousa Award.

Ten senior students came forward for certificates of Awards as Mr. Bradley read their names and gave a history of their service with the band. They included Sondra Stargel, Leslie Helm, Teresa Beckham, Deeda Hickey, Celia Leslie, Sue Pounds, Carol Hanna, Helen Howard, Elaine Snowdon, Joy Baten, Beatrice Hook and Solvejg Bager.

Mothers assisting with the banquet and the committees on which they served are as follows:

Mrs. Buster Helm, general chairman.

Little Theatre Enjoys One-Act Play Wednesday

The Little Theatre met at the home of Mrs. D. L. C. Kinard on the afternoon of April 25th.

Members were entertained with a delightful one act play, "The Bad Penny," by Rachel Fields.

The story concerned the three Penney sisters, two of whom followed the path of the straight and narrow, while the third had a look at the primrose path and the world outside their small town. When the bad penny, the third sister, stopped by for an hour's visit after being away for years, the other two suspected her of wanting her share of their fathers property. Convinced not to allow her to discuss finances, they skillfully avoided the subject until she left.

From the evening paper, they learned she was a widow worth \$12,000,000 dollars. She had come to help them, but their selfishness, and look of understanding her lost them what ever benefits she had planned to vest on them.

The play was well cast, and competently directed by Mrs. John Deaver. The cast included Mrs. A. Anisman, Mrs. L. G. DeBerry, Miss Helen Boswell, and Carol Greene, who played the part of Mrs. Anisman's daughter.

Those attending were Mmes. Leo Fields, Virginia Brawder, R. S. Greene, Gayle Greene, Robert Roark, L. G. DeBerry, A. Anisman, John Deaver, Adrian Combs, Herschel Combs, D. H. Aronofsky, J. W. Coppedge, Mildred Stephens, Annette Boswell, Miss Helen Boswell, and Mrs. Jim Beeson. Co-hostess, were Mrs. Kinard and Carol Greene.

Refreshments of cup cakes and Cokes were served to the following members: Susan Sturdevant, Mary Sue Scott, Vickie Jones, Eva Ann Glosson, Cathy Dale, Peggy Parker, Connie Bradshaw, and hostess, Mrs. Robert Martin.

The next meeting will be May 7 at 4 p. m. in the home of Mrs. Robert Martin.

Memphis Pays Tribute To Three Retiring Teachers

Memphians paused this week to pay special tribute to three retiring teachers, who have spent many years to the teaching profession in Memphis and the surrounding area at the end of the school term. They are Miss Hammond, who has taught in country schools for 49 years; Miss Wrenn, head of the department in Memphis school; and Miss Esta McElrath, former elementary principal and long-time first grade

Hammond and Miss McElrath.

The Cafetorium was beautifully decorated with arrangements of cut flowers and potted plants, gifts presented to the honorees from former students and friends. They each wore an orchid corsage.

The serving table was laid with a linen cloth and centering the table was an arrangement of pink carnations and roses. Appointments were in sterling silver.

Decorated cake squares and nuts were served with frosted punch.

Included in the house party were members of the Memphis School faculty.

"This Is Your Life"

On Tuesday at noon the Memphis Rotary Club honored the three teachers during the noon luncheon meeting.

T. J. Bridges, president of the club, introduced Supt. W. C. Davis, who in turn introduced Byron Baldwin who was in charge of the program.

As an introduction to the program, "This Is Your Life", Mr.

Baldwin said, "McArthur, old soldier, never dies; he just fades away! Not so with our teachers — they live on in the lives of the ones they have taught. Today this is not an arbitrary to you three teachers, Miss Wrenn, Miss Hammond and Miss McElrath, but to honor and pay tribute to you."

"When a child first enters school it is rough like a crude slab of marble; however, inside that crude slab of marble there is a beautiful figure that requires the polish and finish that only a master sculptor can give. The teacher acts as the Master Sculptor in chipping away the rough edges and polishing that figure and molding it into the finished product of the educated youth. We owe much to our teachers."

"When you give of material things, you give little; but when you give of yourself, you give much. These three excellent teachers are giving and through the years have given much of themselves. Their lives have been an influence for good," Mr. Baldwin said.

Thousands of students lives have been touched by the training received in the classrooms of these three teachers, beginning in the first grade and continuing into the high school English and Science departments.

In line of service, Miss Hammond can truly be listed as a veteran teacher. She has taught in Hall County for 49 years — 38 years in Memphis School. During the years she has taught in most all grades, but for many years now has devoted her time to teaching seventh, eighth and ninth grade English. Besides her teaching duties, Miss Hammond has been librarian for several years. She keeps a well-organized library with a student staff which is most beneficial to all the students in the high school. These were some of the facts revealed in Miss Hammond's story of "This Is Your Life."

Miss Wrenn, who is recognized as one of the best science teachers in this area, has been with the Memphis school since 1949. Through her instruction, Memphis students have been fortunate in having a well-rounded science program, which has been of unlimited value to students upon entering college.

Miss McElrath has devoted many years to teaching first grade students. Her love for her work and her ability to introduce the students to early routine of school

In the Please Note and Help department, remember the Ophelia Club is making their Cancer Fund Drive and Salvation Army Drive this week and if you are not contacted, please contact any Ophelia member, Nita Helm the president, or Suzy Rapp, treasurer, and they will see that your donation is picked up. All money received will be turned over to the proper authorities in Hall County and go on the county quota. Last Call—please!

Also, the Pep Squad is issuing their Last Chance Call. They are only \$60 short of their goal—enough money to send the four cheer leaders to Cheerleading School again at SMU. They have only these few remaining days before school is out to earn their money. Saturday, May 5, they will again have another Bake Sale and headquarters will be at the Tailor Shop on the west side of the square. Please come and purchase

something or if you'd like to give an order to someone for delivery later, just let it be known. The Pep Squad also plans to offer Baby Sitting Service and you may contact Sandra Kay Rogers at 2206. Let's help our cheer leaders out—Sandra Kay Rogers, head cheerleader, Linda Bowman, Jo Williams and Brenda Stewart.

We are surely glad to have Mrs. Agnes Bailey back home again. She has returned from spending several months with her children. She reports that Beth has had surgery but is doing fine.

Mrs. Stella King is also back home and has her mother, Mrs. Mitchell, with her. Looks good to see her outside working in her yard again.

The Huey Lockabys have moved to the farm.

the first grade and lives on the Bill Meyer farm, was bitten last week, and was a patient in a Memphis hospital a few days from it.

Teddy Jay Barnes and Rolfe Wooten will be competing in senior boys doubles in tennis in Austin this week and Elaine Seay will be representing our area in journalism.

Happy Birthday next Sunday to Estelline's own Uncle Pete. He will be 89 years young. Most ardent sports fan that Estelline has is Uncle Pete.

Mr. and Mrs. Leon Piland and son, Gene, of Lubbock visited this week in the home of her sister, Mrs. Leon Phillips, and with other relatives.

There will be a bridal shower for Mr. and Mrs. Bobby Hayes (the former Paula Knox) Friday at the Church of Christ. It is a come and go party and friends may call between 3 and 5 p.m.

W. S. C. S. met Tuesday at 9:30 for its Study in the home of Mrs. Walter Whaley.

Rev. James Futch held a revival last week in the Middlewell Community. Sunday, Russel J. Payne of Lakeview filled the pulpit for him. We appreciate Mr. and Mrs. Payne helping our church out.

Mrs. Artie Nance of Amarillo is visiting her son, the W. B. Davidsons. Jo De was surprised (but good) with a birthday dinner April 25th (As Usual) in the apartment of her son, Mike Davidson, who is currently working and living in Memphis. Mike prepared the entire dinner himself and kept it a secret until it was served. Those at-

tending were the honoree, Mrs. W. B. Davidson, Bob Davidson, his mother, Mr. and Mrs. Danny Davidson and the host Mike, Kenneth Sweatt, a former Estelline student, came by later to join the group.

Mrs. R. V. Wood taught last week for Mrs. Mason Davidson, while the later attended the State FHA Conception in Dallas.

Parents and teachers seen in Matador last week (Saturday) at the District Jr. High and Elementary Meet were: Mr. and Mrs. Clarence Wooten, Jimmie Don Adams, C. J. Goodson, Mrs. T. H. Seay, Mrs. E. F. Meyers, Mrs. Joe Allen Ballard, Mrs. Buster Morrison, Mrs. O. B. Hoover, Mr. and Mrs. Harold Burk and Cathy, Mrs. Jerrel Rapp.

I'd like to correct a mistake I have been making — Jimmie Don Adams is the Boys Coach and C. J. Goodson is the Girls Coach. However, Mr. Goodson has been the coach accompanying both girls and boys in tennis on their trips. (I'd better get out of the dog house on this.)

Mr. and Mrs. L. A. Tucker were in Plainview Saturday.

Tuesday, May 8, will be the night for the Senior Play. Please mark this on your calendar. It was postponed due to the fact that we have two seniors in Austin at the State Meet. Remember Thursday night, "America's Boy Friend," at the high school auditorium at 8 p. m. Admission 25 and 50 cents.

FHA will hold their Installation Service Thursday, May 3, in the Homemaking Building at 7:30. All mothers of PHA members are in-

vised to this special occasion. Also the eighth grade girls and their mothers are invited.

The sixth grade surprised their teacher with a Happy Birthday party in his honor last week. They worked hard all day, then at 2:30 told him about his party at 3. At that time they produced all the refreshments, thanks to the help of other teachers in hiding the food for the sixth grade.

Word has been received here that a former Estelline student, Sandra Hood, now of Electra, was recently married.

Those on the sick list recently included Mrs. William Collier and Vicki Cox.

At a recent Student Council election (our initial organization) the president for 1962-63 will be Larry Moore, who was elected by a majority vote of the students in Estelline High School and Junior High School. Darrell Collins will be the vice president, and the other representatives and officers will be elected at the first of the school year in September.

Recent Estelline visitors were former residents, Rev. and Mrs. Joe Allison, Lanette and Nelda. Bro. Allison is serving Pampa now.

Skylar Ballard of Plainview visited his brother and wife, Mr. and Mrs. Joe Allen Ballard, Tuesday.

Visiting in the home of Mr. and Mrs. Henry Hays Friday and Saturday night was Olin Barrett from Santa Anna California. He also visited with his mother Mrs. P. B. Barrett. Mr. and Mrs. Jerry Hays and family of Amarillo also visited with his parents, Mr. and Mrs. Henry Hays.

Miss Linda Fields visited with her parents Mr. and Mrs. Leo Fields over the weekend.

The following pupils participated in the program: Robert Clark, Wiley Davis, Rusty Fowler, Bernice Greenway, Tommy Hall, James Hansard, Prentice Hicks, Jerry Jones, Chris Limer, Tommy Lockhart, Glen Miller, Monty Rowland, Larry Simpson, Reuben Torres, Gary Watson, Randy Whitten, Jerry Hamilton, Marsha

MINUTE MEDITATION

In a few more days, some who read these lines may hear the great bell of eternity tolling forth that awful word, "Lost, lost!"

The great abyss of hell will echo their doom, "Lost, lost, lost!" And throughout all the shades of eternal misery this thought shall ever assail their consciousness, that they are lost forever.

If you are among the lost, you need not sit down in despair; hear the words of Christ and be saved today. Jesus said, "The Son of man is come to save that which was lost" (Luke 18:11). "This my son was lost and is found" (Luke 15:24). "Repent and believe the gospel" (Mark 1:15). "Therefore we are buried with him by baptism into death: that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life" (Romans 6:4). "With the heart man believeth unto righteousness, but with the mouth confession is made unto salvation" (Romans 10:9,10).

Lost money may be recovered; a lost friend may be retrieved; a lost Soul can never be reclaimed from the fires of hell. Stop and think neighbor. Now while you are alive, Jesus will save your soul if you will obey the gospel. See Mark 16:16. There is nothing that comforts the heart so much as the answer of a good conscience toward God. See 1st. Peter 3:21.

Illegal Voting on Pay Bill Admitted by 4 Legislators

By JIMMY BANKS
Austin Bureau of The News

AUSTIN, Texas — Illegal voting on the teacher pay raise bill passed Friday was admitted Saturday by four state representatives.

Additional irregularities were obvious Saturday during voting on the controversial, pressure-pushed bill to require runoff in special congressional elections.

The four House members frankly told The Dallas News they instructed their secretaries or deskmates to push their voting machine buttons for them while they were absent for short periods of time.

House Rule 11, Section 3, states: "A member must be on the floor of the House to vote."

Section 8 of the same rules declares: "Any member found guilty by the House of knowingly voting for another member on the voting machine shall be subject to expulsion from the House. Any officer or employe found guilty of such offense shall be subject to discharge by the House, in case of officers, or by the Speaker, in case of employes."

The four who admitted having others cast their votes for them were: Rep. E. (Red) Berkeley, Rep. Ronald Christ, Charles E. Sherman and Charles W. Norman.

Rep. William S. Healy of Paducah, although absent at least most of the day Friday, was recorded as voting on 11 of the day's record votes. A House officer said a secretary had been told finally to stop pushing Healy's voting button.

Worth was absent Saturday morning but cast five record votes. His secretary said she had instructions to do his voting while he was gone.

Keys which lock the voting machines were taken up from the desks of some absentee members Saturday to prevent their votes from being cast on the election runoff bill. Speaker James A. Turman said he ordered the keys removed when the absence of members was called to his attention. But Kennard's key was returned to his desk on Turman's orders.

Hughes said he "thought" he was in the House at the time of the Whitfield amendment vote but admitted he left several times during consideration of the pay bill.

During the last regular and special sessions, 950 record votes were cast in our House of Representatives in Austin. Bill Healy was absent during 227 of these votes — not counting the times his secretary or others voted his machine for him.

During his absences, Mr. Healy continued to draw the \$12.00 per day expenses allowed a legislator when he is in session.

Mr. Healy has the distinction of having the HIGHEST EXPENSES IN THE HOUSE for the last session. He over spent his official allowed expense by some \$500.00 This amount was still owed to the state by Healy when he entered this race. (Taken from the official House Journal and other records.)
