Lions Club Will Sponsor Mass Sabin Vaccination Event

The Memphis Lions Club announced this week that they would sponsor the free distribution of Sabin Polio vaccine to area residents on Sunday, Sept. 9, from 2 until 5 p.m., according to Dr. Jack Rose, president of the organization.

Members of the Hall County Medical Society will be in charge of the operation and will be assisted by the Lions.

Dr. H. R. Stevens is the Lions Club chairman of the overall program.

The event, which will be held "Polio Sunday," will be held on the court house square and present plans call for the distribution of the vaccine to an estimated five or six thousand persons.

The program here will be similar to those held recently in other larger towns over the state. Type I virus will be given Sept. 9, then Type II in about four weeks and Type III about eight weeks later.

The vaccine will be placed on a cube of sugar and distributed as the persons come through the line. It should be taken by everyone over six weeks old.

All persons who show up will be given the vaccine free, however, those who desire to do so are being asked to donate 25c each to help defray the cost of the program. The deficit will be made up by the Memphis Lions Club and the Simmons-Noel Post of the American Legion here.

Complete plans of the program will be announced soon.

This week the Hall County Medical Society released a fact sheet concerning the Sabin Oral Polio Vaccine. This information will be published next week.

Turkey Divers Meet Salt Hole Challenge

By PHILLIP DUNCAN

Sunday afternoon at 1 o'clock, of 75 feet there is a tunnel that slopes downward at a 45 degree angle. This tunnel is much narrower than the larger vertical tunnel. This tunnel also goes on for an undetermined depth. There is a cracked four cylinder Model "T" engine block at the mouth of the second tunnel, the divers explained.

The Army Engineers Corps still remain in charge of the spring but they have abandoned the project of capping the spring until early in 1963.

It is estimated that 450 tons of high content salt water is dumped into Red River every day. The stream overflows 2,250 gallons of salt water per minute, a spokesman for the Corps said.

In May, 1962, an attempt to build a water head, forceful enough to stop the flow of water failed with the breaking of the 280 ft. diameter dam around the salt hole. The dam was about 4 ft. high and the water rose to a level in four hours to break the dam.

It is believed that this is the salt water stream that is polluting Lake Texoma. Lake Texoma is normally a fresh-water lake.

The old salt hole has been a source of puzzlement in this area for a good many years. Once again it has been victorious.

Old Fashion Tent Revival Being Conducted

The concluding service at the old fashioned Tent Revival of the First Baptist Church here will be held at 7 p.m. next Sunday, it was announced this week.

All other services will be conducted at 8 p.m. nightly for the remainder of this week, it was announced.

Rev. Fern Miller, pastor of the church, is doing the preaching, and C. D. Pederson, music director of the church, is conducting the singing.

A tent has been erected on the north side of the First Baptist Church building for the tent revival.

Rev. Miller extended an invitation to everyone to attend the remainder of the services.

Services Held Today For William S. Pace

Funeral services were held Thursday, Aug. 23, at 3 p.m. in the First Methodist Church of Estelline for William Samuel Pace, 85, retired farmer. Rev. James J. Futch, pastor, officiated.

All bearers were his great nephews.

Interment was in Hulver Cemetery under the direction of Spicer Funeral Home.

Mr. Pace died at 10 a.m. Wednesday in Goodall Hospital. He had been a resident of the Estelline vicinity for the past 55 years and was a member of the Methodist Church.

He was born March 10, 1887, in Fayetteville, Ark., and moved to Memphis and Hall County in 1907. Mr. Pace engaged in farming near Estelline and moved into Estelline proper four years ago.

William S. Pace was united in marriage to Miss Bobbie Buchanan Dec. 20, 1925.

Survivors include his wife of Estelline and one brother, A. J. Pace of Lakeview.

Three Accidents Result In Injuries To Four Persons

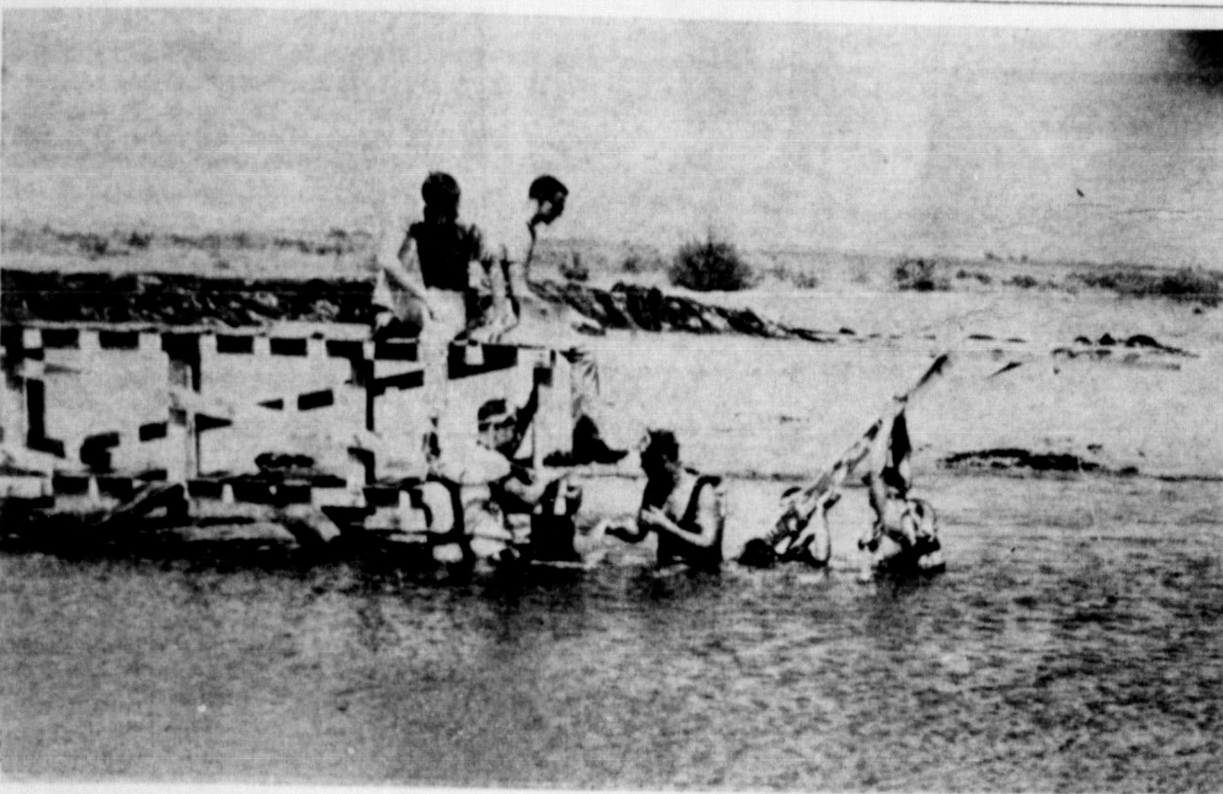

Three tragic accidents resulted in injuries, some serious, to four area residents this past week.

Thursday evening, Brown Smith, a farmer in the Plaska area, and Arvin Spencer, an employee of Household Supply Co. of Memphis were burned when butane fumes ignited while they were working on an irrigation motor on the Smith farm.

Smith, who was seriously burned, was rushed to Northwest Texas Hospital in Amarillo. He is in room 457 and his condition is reported to be slowly improving.

Spencer was a patient in Goodall Hospital in Memphis where he was treated for burns to his face and hands.

The second accident occurred Saturday when Coy Johnson was kicked in the head by a horse. Johnson underwent bone surgery in St. Anthony's hospital in Amarillo Tuesday and is resting as well as can be expected. Johnson is in (Continued on Page 12)

TEC To Conduct Sewing Tests Here On Sept. 4

Test for sewing machine operators will be conducted at 10 a.m. Tuesday, Sept. 4 in the council room of the City Hall, it was announced this week by a representative of the Texas Employment Commission.

The tests will be given by a representative of the Texas Employment Comm. at the same time each Tuesday morning in the council room.

The tests are being conducted by the commission to fill vacancies in the Postex Cotton Mills Sewing Plant in Memphis.

J. P. Parnell, who is in charge of setting up the plant here, stated that he would contact those

who pass the test when vacancies occur in the factory.

The first truck load of completed sheets was shipped Wednesday from the Postex plant here. The number shipped was in

the neighborhood of 600 dozen. The truck brought five sewing machines for the plant along with a load of cut goods to be sewn. Parnell said the plant now employees 20 persons.

Injuries Plague Cyclone Team Early This Season

After three full days of workout, Coach Don Lambert stated Wednesday that he had seen much improvement in the boys during past six workouts.

The squad elected captains Thursday morning. They are Jacky Bridges, Dwight Gailey and Rex Grisham.

However, the Memphis coach is concerned about the number of injuries the squad has had.

The hardest blow the team has felt was the loss of senior tackle Dale Sexton before the season opened. Last Saturday, Sexton lost all four of the fingers on his left hand while working in the meat market of Foster's Food Store where he held summer employment.

Sexton is in Goodall's Hospital. Coach Lambert stated Wednesday that Sexton wants to play football this season. "It all depends on how quickly his hand heals," the coach said. The physician stated that so far the hand was healing nicely, however some skin grafting had to be done and it will be several more days before the success of this operation can be determined. So far, it is expected that Sexton will not see

action for six weeks at the earliest.

On the first day of workout, another tackle, John Lemons, 215 lbs., went out of the lineup, possibly for the season, with a knee injury. Last season Lemons sustained a knee injury and was operated on for a torn cartilage. The same knee was injured. Lemons is a sophomore this season.

Jack Stargel, a 140 lb. sophomore back, who saw limited action last season, sustained a broken foot and will not be in the lineup for several weeks.

In other injuries, senior quarterback, Dwight Gailey, 180, has a deep bruised leg muscle and will be out of contact until next Monday. Toby Crooks received a sprained ankle in workouts this week. Crooks is a sophomore back.

On the brighter side, Coach Lambert stated that he is well pleased with the showing of his starting lettermen this season. These include James Carrol at tackle, Rex Grisham at tackle, Jacky Bridges at end, Bill Pounds at left halfback, and Dwight Gailey at quarterback.

After the loss of Lemons and Sexton, both tackles, Rex Grisham had to be moved from guard to a tackle slot. Coach Lambert stated he will probably fill the guard slot with Richard Ellis, a converted sophomore end.

Jerry Lowe, a 185 lb. junior, will fill the other guard slot. This is the first year Lowe has been eligible for the squad due to his moving here from Childress last year.

Other boys out for the squad include B. H. Cook, 250 lbs. (Continued on Page 12)

Schools Announce Opening Dates

Memphis Public Schools will begin enrolling junior and senior classes at 1 p.m. Aug. 30. On Aug. 31, sophomores and freshmen will enroll as well as students in Austin and Travis elementary schools.

Lakeview students will begin school at 8:27 a.m. Monday, Aug. 27.

Estelline students will enroll tomorrow, Aug. 24 beginning at 8:30 a.m. for the seniors. The Estelline school will open at 8:30 a.m. Aug. 27 with the first day of school.

Wheat Referendum Set For Next Thurs.

The choice made by the wheat farmers of the nation on Thursday, Aug. 30, 1962, will determine the support level for the 1963 crop, Lynn McKown, office manager of the ASCS office here said this week.

If two-thirds of those voting in the referendum favor quotas, the 1963 wheat crop will be supported at \$1.82. If quotas are not approved the wheat price support rate will be about \$1.21 per bushel to the farmer who complies with his 1963 wheat allotment.

All Hall County farmers who have a 1963 crop wheat allotment of more than 15 acres will be eligible to vote. This will include all persons interest in the 1963 crop as operator, tenant, or owner. The marketing quota law is not applicable to farmers with 15 acres or less planted to wheat for 1963. Any farmer can harvest up

to 15.0 acres of wheat without allotments without penalty, he said.

On Thursday, Aug. 30, the 1963 Wheat Marketing Quota referendum will be held from 8 a.m. to 6 p.m. in the following locations:

Lesley—Adams Grocery, Joe N. Berry, chairman; Lakeview—Rear of Bank, Del E. Wells, chairman; Plaska—Ariola Grocery, Ernest E. Foster, chairman; Memphis—ASC Office, Roy L. Gresham, chairman; Estelline—Lumber Yard Office, Crump Ferrel, chairman; and Turkey—City Hall, Tink Lane, chairman.

The future of Government Price Support for all crops depends on the support for these programs given by the farmers who are affected, he said. The results of the wheat referendum may well affect other commodity programs, it was explained.

Don't worry about the dry spell. Doing good toward making things toughen and put on more. Besides, rains have been predicted for this weekend that will finish out a good product, it's a promise.

September morn is just around the corner, then Labor Day. Labor Day comes Thanksgiving and then Christmas, and another year. What has been of the leisure days. People living so fast they barely have time to raise a finger to their next neighbor. Why not pause for a moment as we rush through life and count at least to count many blessings that have been poured upon us? What's the hurry? We'll get through soon—probably sooner than we

Three more weeks, then comes annual Hall County Picnic. All look forward to as a coming for all who have this county their home, still here or living in any other part of the globe. It's the time of friends and neighbors visit one another. No matter how you live, won't you make effort to be here Sunday, September 16, and bring others who lived here. No matter what read recently in The Democrat "undesirable visitors" certainly had no reference to that read between the lines.

Memphis business man no more ago than yesterday, told that neighboring townspeople Memphis has more publicized community workers than have in their own towns. Couldn't have been truthfulness a few years ago, but now in Memphis now seems as if they had been given the arm to stop that "blood," and instead rejected with GO GO spirits. True, before there were some "pullers" but no more—now they pullers and pushers. One that bear whining and "it can't be done." Now it's "Let's get

going with trying to help Memphis grow and improve, the quest of improving the looks of the city bobbing up, and a general clean-up, paint-up and dress-up appear greatly to the appearance of the city. Glenn Williams, Wichita Falls Record columnist, thinks litterbug is one of the worst things to have to face. Here is what he has to say:

Americans are a curious lot. To go to church, they'll ship their money overseas to support a war-torn nation—and then they'll have beer bottles out onto the streets and break soft-drink cans on paved streets where they'll step on the broken glass. It is inconsistent. And it doesn't make much sense. A friend was telling me about an accident that occurred here in Wichita Falls the other day. A girl who ripped her foot on a beer bottle was rushed to the hospital where 22 stitches were needed to close the wound. It was so me that the thoughtless act of a drunk who broke the bottle was of assault. At best the act is senseless and indefensible."

Secretary General at our school and I spent five days the weekend if you can get away from school. I got one ticket there, but will have four more tickets before the end of the year—thanks to Amarillo realizing that country folks keep up with changes in the growing city, then four in Dumas. Sunday, we attended a family reunion at the Crump & Sons Ranch, 40 miles northwest of Dumas (where now registered Herefords). One from Atlanta, Ga., one from San Francisco, and one from various parts of the state. The ranch is one of the best in a pasture and feedlot. Thanks For Having Driver Classes

The Memphis School system is being commended for giving Memphis youths an opportunity to take driver education courses during the summer months, as they have the past two summers.

There is an urgent need for greater emphasis on driver education courses in Texas schools, J. O. Musick, general manager of the Texas Safety Association, announced this week. "If we are to succeed in training our youth today to be better drivers tomorrow, then we must make driver education courses available to them," Musick said.

Memphis is one of the 671 Texas schools, out of the 1,402 public schools, offering driver education courses during the past year. Over the state, less than 50 per cent of the schools are participating in this important program which will prepare young drivers to be safe drivers.

Memphis students were among the 49,421 students who completed the basic driver education course which requires 30 hours of classroom instruction, six clock hours of observation and six clock hours of practice driving.

Musick stated that figures reveal at least 130,320 students of eligible age would have taken driver education classes if their schools had made the class available to them.

Musick said safety experts agree that driver education is the key to traffic accident prevention. "If we can reach drivers before they form bad driving habits, we can prevent many accidents that take their toll in death and disabling injuries and cause an economic loss to our country," he said.

"There are more than five million drivers in Texas today and their number is increasing. We are killing ourselves at the average rate of seven persons each day, besides injuring 305 or more persons in approximately 625 motor vehicle accidents," he said.

These students taking drivers education classes today will form habits which will stay with them for the rest of their lives. However, these classes do not relieve the responsibility of the parents in curtailing reckless driving among their sons and daughters.

Let's make our streets and highways a safe place to drive our vehicles. One of the most positive steps that can be done in Memphis is to enroll your teenager in a driver education class.

Death of a Symbol

On the screen Marilyn Monroe was a frivolous blond. In private life she was a tortured person whose life ended yesterday, at the age of 36, through an over-dose of sleeping pills.

The astrologers might say she was born under an evil star—one of those unhappy people who seem foreordained to trouble. Movie stardom, plus successive marriages to two famous men, failed to dim the punishing memories of an unhappy loveless childhood.

Miss Monroe never found the inner strength, without which fame and fortune can be a mockery. It cannot be said she was a great, or even good, actress; but her face and figure struck the masculine fancy and filled movie houses.

Usually she was termed a "sex symbol," a teasing, flaunting, gold-digging female with no cares and few scruples.

In her own mind, apparently, she still was an abandoned, lonesome child and the thought eventually became too much to bear.

Not News in USSR

To the people of the free world, the free press carried news of the big Soviet bomb explosion in the atmosphere over the Arctic. First announcement came from scientists of the Seismological Institute of Uppsala University in Sweden, who estimated the bomb in the 40 megaton range and said it was exploded 1350 miles to the east.

But the people of the Soviet Union who depend upon Soviet newspapers do not know about that explosion. They do not even know yet that the USSR exploded 40 nuclear devices in the atmosphere last fall.

In an interview with some American editors three weeks ago, Mr. Khrushchev was asked if the Soviet people had ever been informed of those atmospheric explosions. Mr. K did not answer the question, and in the official transcript of the interview, for publication in Pravda, the question was doctored in such a way that Soviet readers still do not know the question was asked.

Although Pravda does not publish news of Soviet tests, it publishes plenty about American tests. Pravda, while not mentioning the fresh news from the Arctic, again condemned American tests, saying the United States seeks "to convert outer space into an area of aggression, a springboard for anti-human crimes. Is this not borne out by the explosions the United States atom mongers are staging?"

Freedom Endangered

Frank Stanton, president of the Columbia Broadcasting System, has come out strongly against the bill which would sharply raise the postal rates for publications. He did this, even though broadcasting would not be directly affected because "if the freedom of one medium is endangered so is the freedom of all others."

The effect of the increases would be nothing short of calamitous—and particularly so in the case of smaller magazines and newspapers. Stanton used this striking example of that fact:

"Last year four well-known publications—Harper's Magazine, The Atlantic Monthly, Catholic Digest and Saturday Review—operated with a combined net profit of \$56,000. If the proposed postal rates become law, these four magazines would have to pay \$535,000 more in mailing costs—ten times more than they earned."

Actually, the post office was never designed to operate on a profitable or break-even basis in every phase of operation. Its basic functions—carrying the mail and publications—serve an essential public purpose, and have a legitimate claim on public financial support.

Where a dent could be made in the deficit is in a function which is not basic, which is purely commercial, which is competitive with self-sustaining, taxpaying private enterprise, and which makes no contribution to public information, enlightenment or education. That is parcel post. Its rates should be raised to the point where they honestly meet all the costs of providing the service — direct and indirect alike.

Hall County Soil Conservation District News

More and more farmers and ranchers in the Hall County Soil Conservation District are finding the Great Plains Conservation Program a faster way of solving conservation problems and making yields and income more dependable.

A farmer or rancher can apply a complete conservation plan at a stepped up pace. This gives him the best drought defense science and farmer rancher experience have been able to work out for agriculture in the plains.

The Great Plains program is a long term contract from 3 to 10 years that guarantees cost sharing to complete his conservation plan. A farmer or rancher can get up to \$25,000 cost share help to complete his conservation plan, and the minimum period is three years. Chances are some other program will fit your needs if the work can be done in less than three years. Also a Great Plains contract can be modified to meet the changing needs and conditions.

The Great Plains Conservation Program is geared to the going program of the Hall County Soil Conservation District. It makes use of help from other programs, agencies and organizations at county, state and federal levels.

Some of the practices that you might be interested in are: the overseeding of soil bank land that is now in sorghum alumum to various types of native grasses, livestock, water wells and storage facilities, permanent fences, reorganizing irrigation systems, sod waterways and terraces.

Two Accidents Occur In County During July

The Highway Patrol investigated two rural accidents in Hall County during the month of July according to Sergeant D. R. Dowdy, Patrol Supervisor of this area.

These wrecks accounted for one person injured and an estimated property damage of \$6,160.00.

The rural traffic accident summary for Hall County from January through July of 1962 shows a total of 19 crashes. As a result of these crashes there were six persons killed and 11 persons injured. The estimated property damage amounted to \$616,812.00.

The familiar yellow school buses will soon be back on our highways. The Sergeant reminds all motorists of the State Law regulating school buses. "The driver of a vehicle upon a highway outside the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on a highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding (10) miles per hour, and with due caution for the safety of such children."

The veteran patrol supervisor said, "Remember. These children are our most precious heritage, who hold the future of our nation."

or permit wise use of soil and water resources. If you are interested in the Great Plains Conservation Program contact the local Soil Conservation Service for additional information.

Paula Adams, Melvin Housden Wed In Clarendon Aug. 17

Paula Jan Adams, daughter of Mr. and Mrs. Raleigh Adams of Clarendon and formerly of Estelline, became the bride of Melvin Ray Housden of Clarendon on Friday, Aug. 17, at 7:30 p.m. in the First Baptist Church in Clarendon with the Rev. W. R. Lawrence officiating. The groom is the son of Mr. and Mrs. Orville Housden of Clarendon.

The double-ring ceremony was performed before an altar decorated with baskets of white gladioli and wrought iron candelabra entwined with garlands of plum-ous fern and white pom-pom mum, and bearing white tapers interspersed with scheffler plants and emerald palms. Centering the altar was a white satin kneeling bench. Along the bridal side, pews were marked with white streamers.

Mrs. Dennis Bradshaw, organist, played the traditional wedding marches and a prelude of wedding selections. Carolyn Wallin sang "Because" and the "Lord's Prayer" as the benediction.

Given in marriage by her father, the bride wore a formal gown of silk organza and Chantilly lace. The fitted bodice was fashioned with a scalloped Sabrina neckline and long tapered sleeves. Appliques of Chantilly lace decorated the bouffant skirt which extended into a chapel train. Her fingertip veil of illusion was attached to a crown of seed pearls studded with rhinestones. She carried atop a white Bible a bouquet which was a cascade arrangement of gardenias, stephanotis and carnations with streamers of ribbon bearing stephanotis in the love knots.

Maid of honor was Miss Sharon Wright of Alamogordo, N. M., a life-long friend and classmate. She wore a turquoise taffeta dress designed with Sabrina neckline, cap sleeves and bouffant skirt. Her headpiece was a matching halo hat with short veil of illusion. She wore dyed to match shoes and white gloves. Her flowers were a colonial bouquet of white frenched carnations.

Bridesmaids were Miss Donna Sue Eddins of Estelline and two cousins of the bride, Miss Judy Harp and Miss Debby King, both of Amarillo. They wore dresses identically styled to that of the maid of honor.

Best man was Kenneth Housden, brother of the groom. Ushers were Eddie Tipton of Amarillo, James Semrod of Clarendon and Jeffrey Harp of Amarillo, cousin of the bride. Groomsmen were John Tom Morrow of Clarendon, Jimmie Don Adams, brother of the bride, of Estelline, and Gary Adams, another brother of the bride.

Candies were lighted by Bill Bressard and Joe Frank King, both cousins of the bride, of Amarillo.

Flower girl was Janis Harp of Amarillo, cousin of the bride. She wore a dress of aqua taffeta, fashioned with Sabrina neckline, puffed sleeves and bouffant skirt and carried a white lace basket of rose petals. Her halo was of orange blossoms.

Ring bearer was Steve Adams, brother of the bride.

Mrs. Adams chose for her daughter's wedding a Dior blue lace dress, black satin shoes, bag, and half-hat of velvet leaves. Her corsage was of frenched white carnations and asaphthus.

Mrs. Housden, mother of the groom, wore a beige shantung dress with pale green accessories and wore a carnation corsage of pale green.

Mr. and Mrs. Orville Housden, parents of the groom, were hosts for a rehearsal dinner in the dining room of the church on Aug. 16.

A reception was held in the Fellowship Hall of the church immediately following the ceremony. Guests were registered by Mrs. Sherman Cosper, sister of the bride. Covering the registration table was a cloth of turquoise net over taffeta and a crystal bud vase with a white rose. The bride's table was laid with an imported white damask table cloth, appointed in crystal and held a centerpiece of white asters skirted with turquoise net and seated in a silver compote.

Mrs. James Semrod poured punch and Mrs. Eddie Tipton of Amarillo served the four tiered cake topped with a miniature bride and groom encircled by a lace heart. Others in the house-party were Mrs. Lloyd Risley, Mrs. Bill Allen, Mrs. Ernest Tipton, Mrs. Barney Horton, Miss Agatha Wallin, Miss Sharon Williams, Miss Sue McCord and Miss Connie Martin.

Music was provided by Miss Deanna McAnear.

For her wedding trip to Dallas,

the bride traveled in a jacket dress of turquoise cupioni with black accessories. Her corsage was of gardenias from the wedding bouquet.

Mrs. Housden lived in Estelline until four years ago when her family moved to Clarendon. She was salutatorian of the 1962 graduating class of Clarendon High School and was secretary of the National Honor Society.

Mr. Housden is a graduate of Clarendon High School and is currently employed by Fairmart Home Furnishings in Borger.

After Aug. 25, the couple will be at home in Borger at 1001 Roosevelt Street.

Out-of-town guests were: Mr. and Mrs. Andy Harp, Judy, Jeffrey and Jan; Mr. and Mrs. B. F. Bressard and Bill, Mrs. J. K. Dean; Mrs. Glen King, Debbie and Joe; Mrs. Grace Doss; Mrs. Wally Clayton and Miss Cindy Johnson, all of Amarillo; Mr. and Mrs. Jim

Sondra Stargel Places Second In Miss Wheatheart Contest

Sondra Stargel, 18, daughter of Mr. and Mrs. Cecil Stargel of 1203 N.W. 17, w.c. second place honors at the "Miss Wheatheart of the Nation" contest held at Perryton Saturday night, Aug. 18.

Joan Coady of Lovington, N. M., was the title winner. Miss Coady, the 20-year-old daughter of Mr. and Mrs. John R. Coady, is the first alternate from New Mexico to the "Miss America" contest this year.

Third place recognition went to Cynthia Waller, "Miss Perryton" of 1962.

The contest featured 38 entrants from cities in five states and one of the best represented in the 16-year history of the contest, according to Mrs. Ruth Malaney, Wheatheart Committee Chairman.

Cities represented included: Oklahoma—Guymon, Logan and Elk City; from New Mexico, Farmington, Lovington and Portales; Kansas—Liberal; Colorado—Lamar, Springfield and Walsh; Texas—Quanah, Stratford, Quail, Canyon, Childress, Herford, Darrouzett, Shamrock, Follett, Memphis, Booker, Tulia, Perryton, Dumas, Dalhart, Dimmitt, Spearman, Amarillo, White Deer, Canadian, Panhandle, Pampa and Floydada.

More than 800 spectators viewed the colorful pageant that climaxed three days of activities in this annual affair.

The contestants officially began their day Saturday morning at 9:00 a.m. when each of them drew numbers to see in what order they would make their appearance. They then dressed in their bathing suits to ride on various floats in a parade.

After the parade, the contestants lunched with the judges and Wheatheart Committee members. Following the lunch, each of them was informally interviewed by the judges. This was followed by rehearsals and at 7:30, after an excitement-filled day, the contest began.

The girls appeared first in formal and then in bathing suits. The judges first selected ten girls for a reappearance and from the ten selected five semi-finalists.

The five semi-finalists included Miss Memphis, Miss Lovington, Miss Perryton, Miss Dalhart and Miss Dumas.

Ralph Wayne, former news director of KPDA-TV, Amarillo, acted as master of ceremonies.

Miss Stargel was sponsored by the Memphis Junior Chamber of Commerce. Al Chappell, Jaycee president, announced that preparations were now being made to enter her in the "Miss Grain Sorghum" contest that is to be held in Dimmitt Sept. 6. The winner of the contest will receive a \$500 scholarship to the college or university of her choice.

Boliver-Pack Vows Read In Lubbock

Miss Alene Pack of Lubbock and David Boliver, son of Mr. and Mrs. D. E. Boliver of Hedley, were united in marriage Friday evening, Aug. 10, at the Southcrest Baptist Church in Lubbock. Rev. J. Wayland Edwards, pastor, read the double-ring ceremony. A pyramid of tall white candles formed the background for the ceremony, flanked by gladioli, mums and greenery. Small blue candles lined the altar rail.

Maid of honor was Miss Frances Wilson of Welch, who wore a cotton satin ice blue street length dress with a bouquet of cascading white gladioli and white satin ribbon streamers. Bridesmaid were Miss Carol Davis of Lubbock and Miss Lana Colvin of Andrews, cousin of the bride. Both wore identical dresses.

The bride's mother wore a winter pink silk crepe dress and a corsage of white symbidium orchids. The groom's mother was attired in a medium blue dress of dacron and cotton and wore a corsage of white symbidium orchids.

Best man was Jimmy Boliver, brother of the groom. Ushers were Jon and Pat Leggett, cousin of the groom; Dan Hartman; and Gary Jones, cousins of the bride. Jon and Tom Pat Leggett also served as groomsmen.

Given in marriage by her father, the bride wore a white floor length dress of peau de soie, styled with a bodice of Chantilly lace over tulle and peau de soie, sprinkled with seed pearls, and featuring long petal tipped sleeves, scalloped neck and ballerina length veil of illusion. Her pillbox hat was covered in peau de soie, and she carried a bouquet of white symbidium orchids atop a white Bible.

The love chapter from I Corinthians was read by Miss Janice Allison of Spur, cousin of the bride. Mr. and Mrs. Kenneth Prickett of Lubbock sang "White-er Thou Goes" and Mr. Prickett sang "The Lord's Prayer". They were accompanied by Miss Euteva Coberly at the organ who also provided the traditional nuptial selections.

Following the ceremony, a reception was held in the Fellowship Hall of the church.

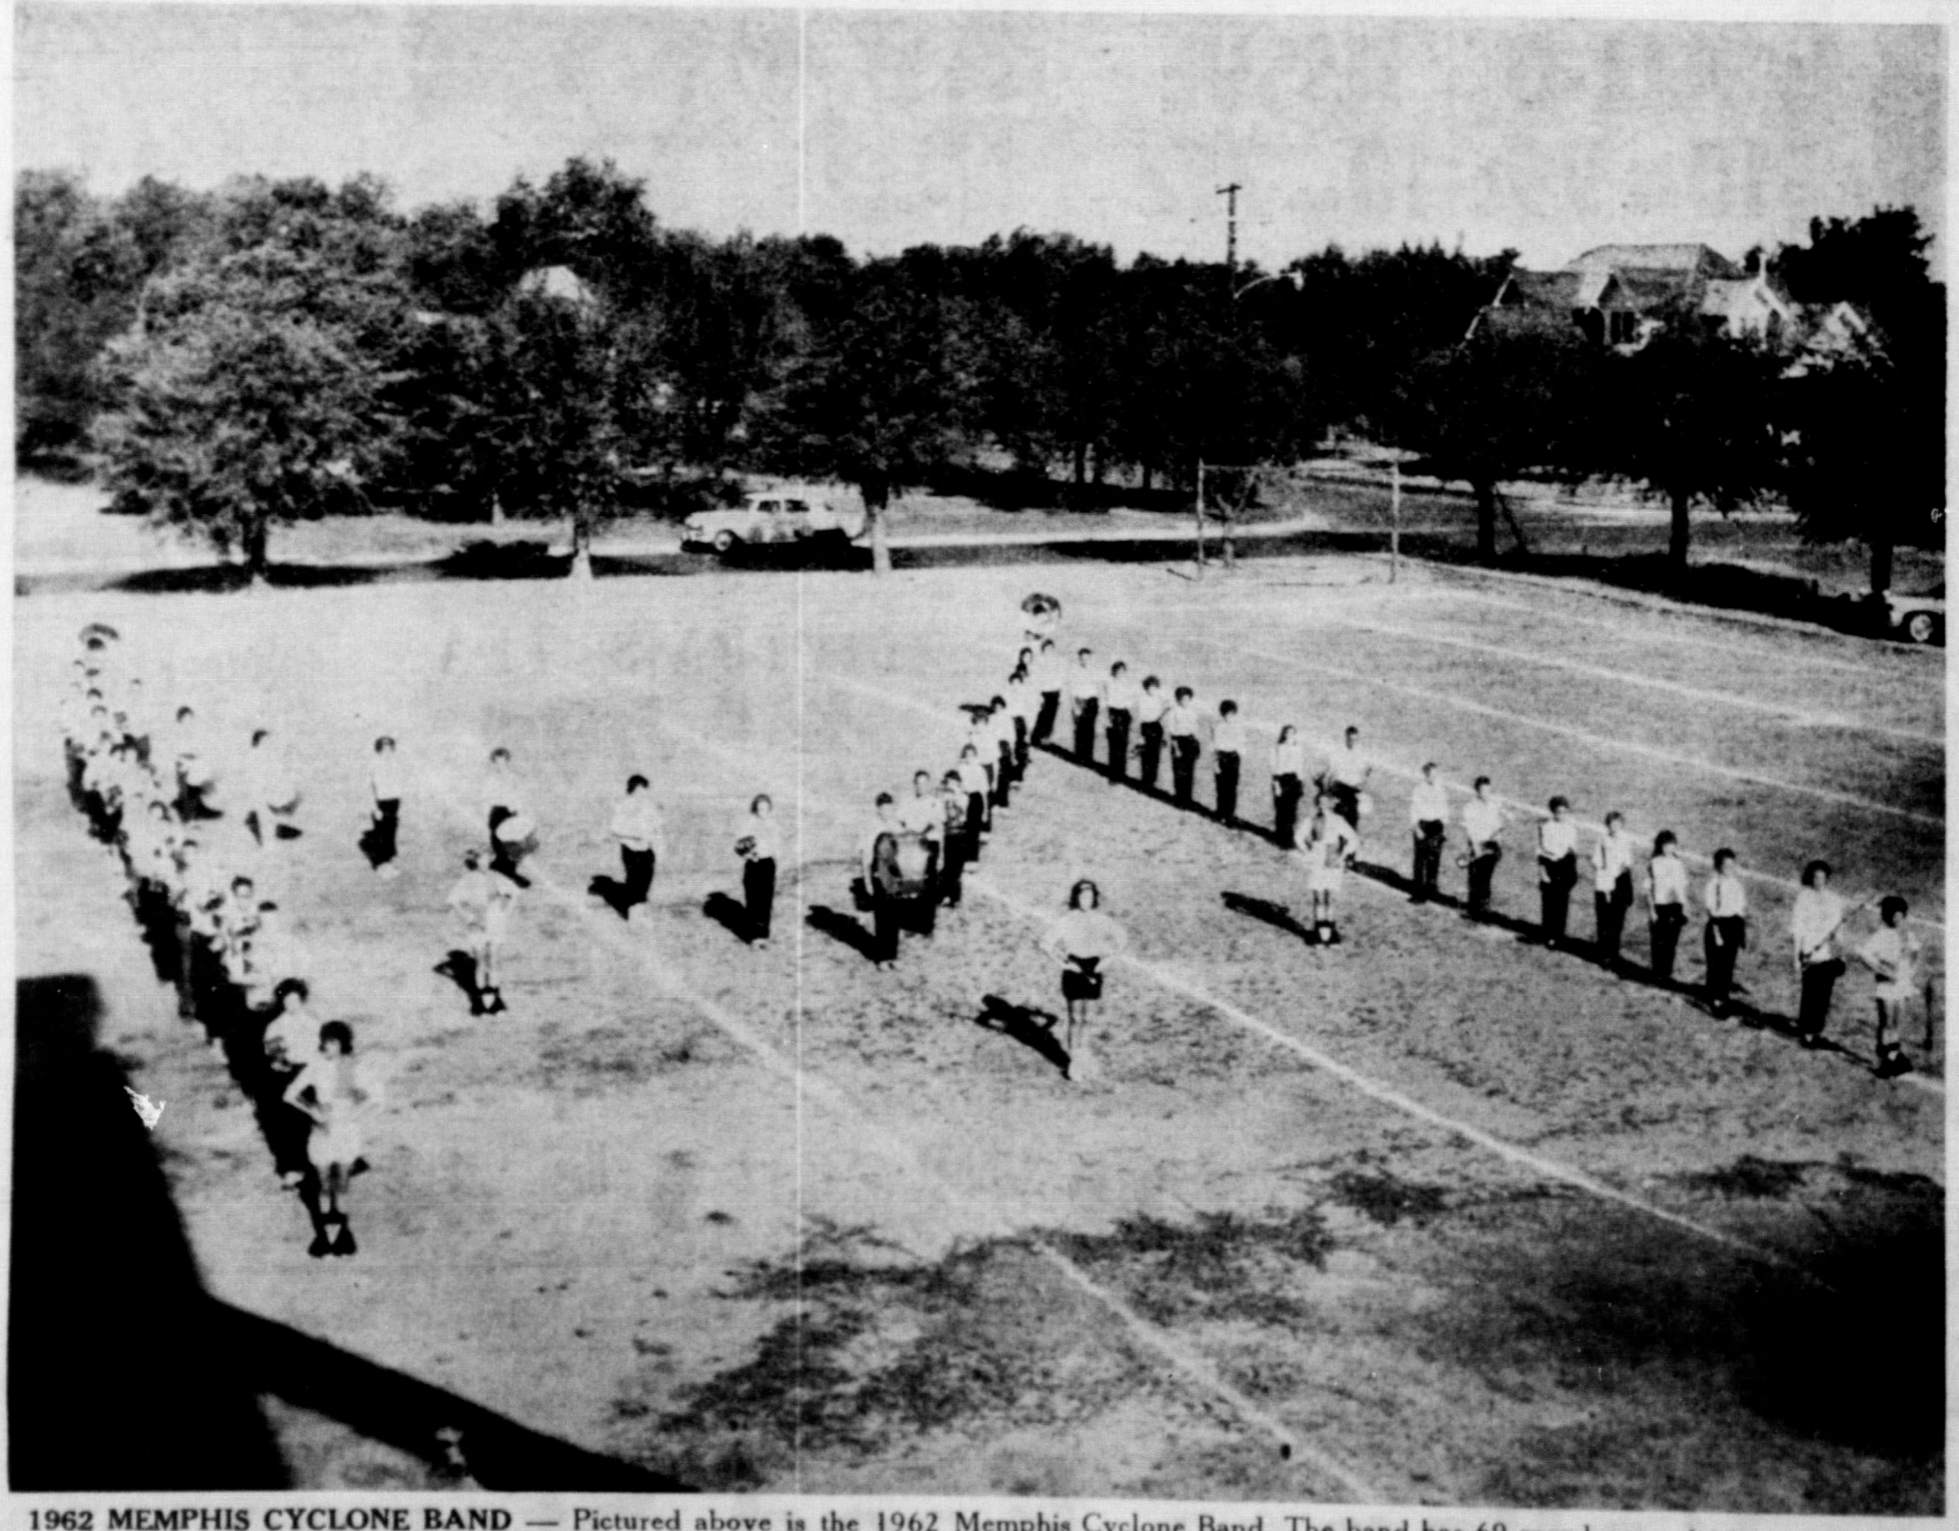

After the wedding rehearsal on Thursday night, Mr. and Mrs. D. E. Boliver hosted a rehearsal dinner at the Chicken Village in Lubbock.

The bride, who is the daughter of Mr. and Mrs. Raymon Pack of Lubbock is a graduate of Monterey High School there. She had attended Texas Tech and South Plains Junior College.

The groom is a graduate of Hedley High School and was a spring graduate of Texas Tech.

After the reception, the couple left for a honeymoon trip to points in New Mexico and Colorado. After Sept. 1, they will be at home in Lubbock where the groom will teach in O. L. Slaton Junior High during the coming year and the bride will continue her studies at Tech.

Visiting in the home of Mrs. J. M. Saunders last week were her brother, Loyd Prosser from Meno, Oklahoma, and her granddaughter Barbara.

Give them a Faith to live by

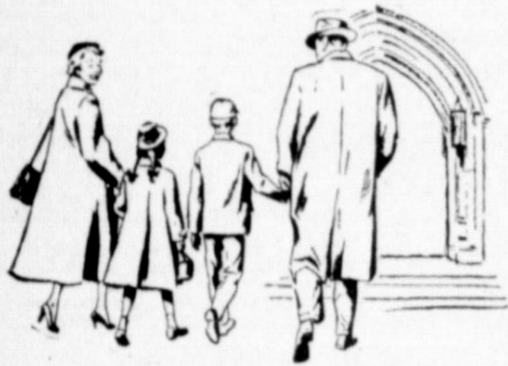

Worship with them this week

Naturally you want them to have all the good things in life . . . a happy home . . . a good education . . . plenty of chances to meet other nice young people. But be sure to give them the most precious gift of all . . . Faith.

The wonderful part is that faith is yours to give . . . no matter who you are, what you do for a living, how much money you have in the bank.

Faith is the gift you give a little at a time. Every week you worship with the children at your church or synagogue. The youngsters see you . . . the biggest, smartest, most important people in their world . . . asking God for help, thanking Him for blessings. Then it's clear to them . . . here they can *always* find the strength they need, *always* find the happiness they want.

Then you've done the best a parent—any parent—can do.

Find the strength for your life...

Average Value Of Farms Is Still Increasing

The average value per farm in Texas increased from \$48,378 to \$64,950 between 1959 and 1962, according to C. H. Bates, economist of the Texas Agricultural Extension Service.

In this same period, the average size of farms increased from 631 to 710 acres. This year the land on the average Texas farm is worth \$59,302. Buildings are worth an additional \$5,648. The average value for land and buildings is about \$91 per acre, he said.

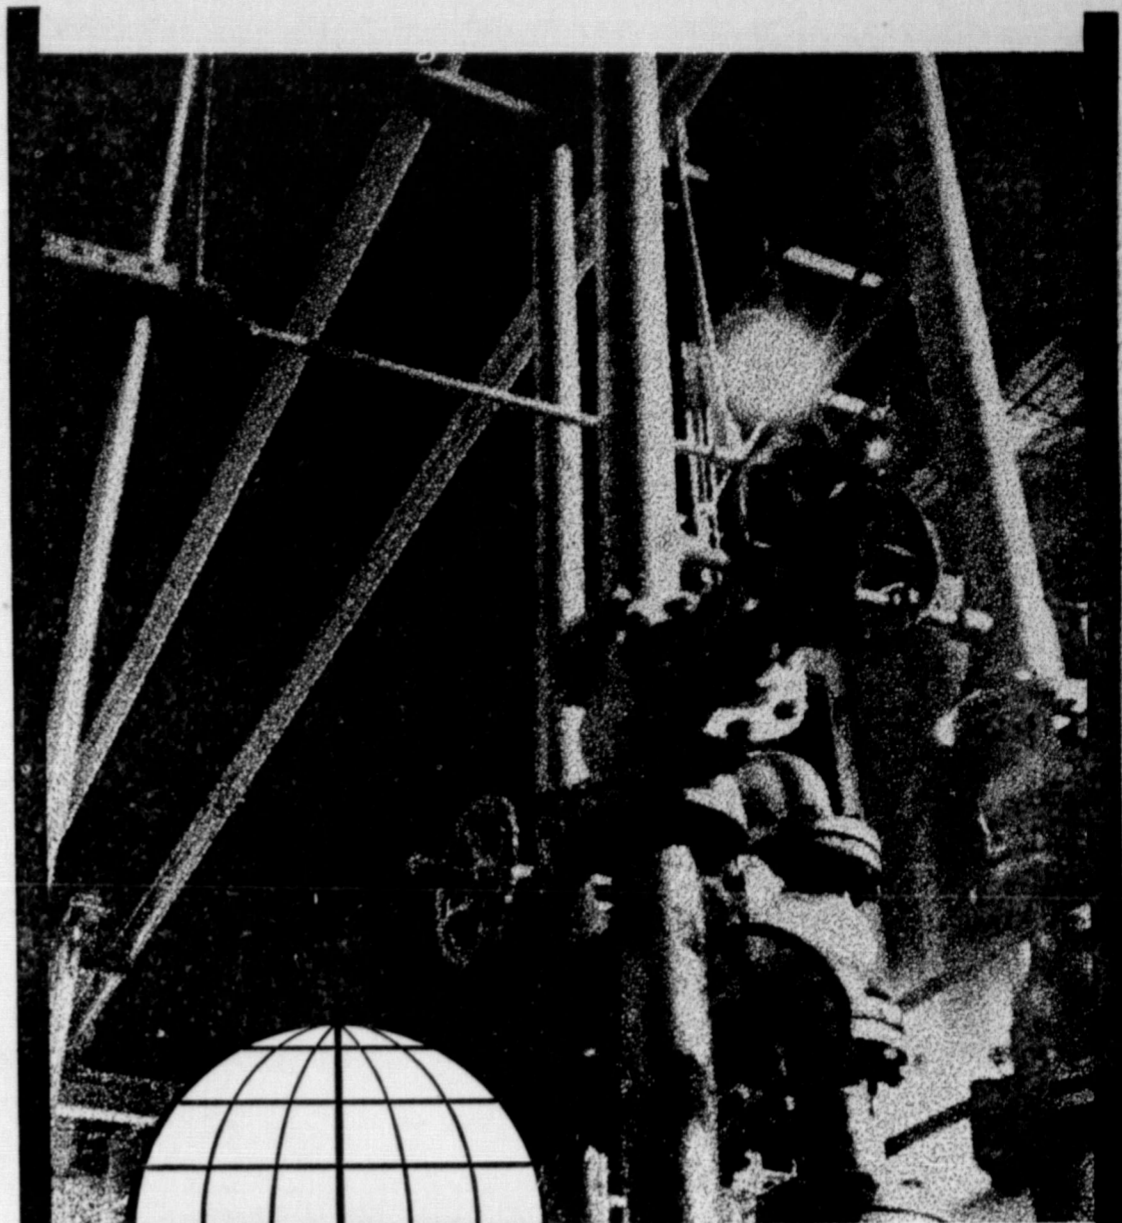

The rate of sales of farm land accelerated some during the last year also. The number of farm title transfers in Texas rose from 51.8 per 1,000 farms in 1960-61 to 58.2 in 1961-62.

A study of USDA's Economic Research Service shows the average value per acre of farm real estate reached a new high of \$123 per acre in the U. S. in 1962, 5 per cent higher than in the previous year. The average farm has 336 acres, and is worth \$41,400. About \$32,800 of this is accounted for by land, and the balance, \$8,600, by farm buildings, Bates said.

After a major reduction in the total number of fatal traffic crashes in 1960 over 1959, the 1961 total edged upward again. Of the 1,899 fatal collisions in 1961, 1,235 occurred outside cities, 644 in cities.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

THE BERLIN WALL — the so-called German Democratic Republic. The physical barrier was the now famous—or perhaps, more appropriately “infamous” — Berlin Wall.

At first, the reaction was to “knock down the wall” by physical violence. Some advocated the

Laff Of The Week

“For my last meal, I’d like cantaloupe, and if it’s out of season I’ll wait.”

open declaration of war. The people behind the Wall responded like rats leaving a sinking ship. Many who had acquiesced in, if not fully accept, the Communist dogma could now see concrete proof of the prison in which they had been confined since the end of World War II. They ran for freedom. Some died in the canals, some died in the street from gun shot wounds; some died from injuries received in falls from the Wall and adjacent buildings as they were seeking escape. Others are

now languishing in Red prison camps for trying to escape or for trying to help their fellow prisoners.

What does all of this mean? It means plainly and simply that Communism is no match for the free enterprise system and never can compete effectively in meeting the needs of mankind, either spiritual or material. The erection of the Wall in the first instance was an open admission of a dismal failure of the Communist-Socialist philosophy. It was at this direct point—to wit, Berlin—that the sharp comparison between freedom and slavery could be viewed in all its aspects. West Berlin was a showcase of what our system had to offer to mankind. East Berlin was a drab, depressing, sorrowful, looking shambles in comparison. In West Berlin, the people were smiling, congenial, friendly and prosperous. In East Berlin, sadness was etched in the deep lines of the faces of all the people. They would speak only when spoken to; their response was no more than a grunt. They were people without hope, who appeared to be going about their daily chores and continuing to live only because they had to, not because they wanted to.

The officials of East Berlin knew all of this, and they knew something had to be done. The flow of refugees, varying from month to month over the past 16 years, averaged about 25,000 a month in the last year, including a high percentage of skilled men and women in all fields. The majority of the refugees were workers and wage earners—about half were under 25 years of age. The last point is most important, because this group had never known anything but Communism. They had nothing to compare with Communism except what they could see in West Berlin. The Communists knew that if there was a West Berlin in every section of the Soviet republics and the satellite countries, their troubles would be multiplied a thousand fold. These young people, although raised and fully indoctrinated in Communist dogma did not know what the free world had to offer, but they did know that they DID NOT want Communism.

The Communists, under the circumstances, HAD to build the Wall. They knew that only by physical restraint could they prevent their regime from collapsing like a house of cards. It was their last resort. It stands today as a monument to be viewed by all free nations and all young areas of the world now emerging into the family of nations—a monument to the utter and complete inadequacy of any philosophy of government that does not recognize the freedom and dignity of the individual.

The Wall can also be viewed as a monument to the basic proposition that the founders of this country, with Divine guidance, prepared the greatest document in the history of mankind when they wrote the Constitution preserving and protecting the rights of the individual human being as created by God. It would be well for all people in all countries, INCLUDING OUR OWN, to read and re-read this document so that this freedom and dignity of the individual may be preserved in all of its glory as intended.

If this is done, the Berlin Walls of the future will crumble, because Communism will be completely destroyed.

Dink Dennis returned last Wednesday after enjoying a 10-day vacation in New Mexico, Arizona and Colorado with Mr. and Mrs. Ralph Howard and children and Mrs. Estelle Guthrie of Lubbock.

have visited. Some of the bulls have taken first awards in several fairs. The day was a most enjoyable one for all attending the reunion.

Monday and Tuesday we spent at Dumas visiting former Memphians who have almost taken over Dumas—quite a colony of them—among the number we were privileged to meet were Mother McMurry and sons and daughters and in-laws. Mrs. McMurry, who by the way is the mother of Gip McMurry of Memphis, is 90 years young, does her own housework, reads, sews, quilts, makes aprons which she presents to visitors.

Then Mrs. W. K. Hollifield and son Grady and family were the next we visited. Then Alvin Massey family—he is in the employ of the City of Dumas—Mr. and Mrs. Jess Cooper—he is an ex-Hall Countian of the C. L. Cooper family, and she formerly lived east of Hedley. A number of others are there and are good citizens. The J. C. Turners recently moved from there to McAlester, Okla. where he is gainfully employed. Some of the "Tater" Thomas family are also Dumasites now.

Moore County is intensively developed, and a lot of irrigation is being done lately, and the crops are showing the results.

Jess Cooper showed us a 12-acre field of Indian corn. It was planted thick like maize (and the stalks reach to the 14-foot mark) which will be siloed even to the ears, also has maize that will make seven or eight thousand pounds to the acre.

Some six miles north of Dumas, a cattle-feeding plant has been built, 3,500 cattle are being fed out at this time. The plant is almost a push-button type, that takes a lot of work out of feeding. Feed that is grown in that area is bringing good prices due to the nearby market. Which leads me to believe such an industry would be of value to this county—if one could be located not too near town.

Mrs. J. P. Parnell and children of Post are here this week visiting with her husband, J. P. Parnell, who is in charge of the Postex Cotton Mills plant here.

YOUNG BOWLERS—Pictured above, left to right, are Matt Monzingo, son of Mr. and Mrs. Gayle Monzingo, Jay Frank Spry, son of Mr. and Mrs. T. J. Spry, Dana Coldiron, daughter of Mr. and Mrs. Garland Coldiron, and Rita Carol Ashley, daughter of Mr. and Mrs. Leonard Ashley, four of Memphis' youngest bowlers. These youngsters are pictured in their bowling shirts which contain the letters "Memphis Bowl" on the back.

William C. Gilmore Is Buried In Turkey Wed.

Mr. and Mrs. Gene Lindsey and daughter Pamela and Mrs. H. B. Gilmore of Dallas attended funeral services Wednesday at 3 p.m. in the Turkey Methodist Church was William Carl Gilmore. Mr. Gilmore was the uncle of Mrs. Lindsey. Officiating was the Methodist pastor from Slaton, where Mr. Gilmore resided, assisted by Rev. Johnnie Williams, pastor of the Turkey Church.

Interment was in Dreamland Cemetery, Turkey, under the direction of Eudy-Seale Funeral Home. Mr. Gilmore died Monday morning in a Lubbock hospital. A retired school teacher who had taught for many years in the Turkey area, he was 67. Mr. Gilmore had moved to Slaton from Turkey seven years ago. He had been retired two years.

A native of Robertson County, he was born May 28, 1889. He and the former Mary Vardy of Estelline were married Aug. 31, 1924.

Mr. Gilmore was principal of the elementary grades in Turkey for several years. He was a member of many organizations. He was a member of the Methodist Church and of the Turkey Masonic Lodge.

Survivors include his wife of the home; a daughter, Miss Marilyn Gilmore, Slaton; a sister, Miss Pauline Gilmore, Canyon;

and a brother, Floyd Gilmore, Turkey. Mr. Gilmore was the son of the late Dr. and Mrs. Howard Gilmore. Dr. Gilmore was a longtime physician in Turkey.

with a good supply of small hand tools.

On the financial side, the superintendent stated that the district has paid \$7,500 debt at the bank and has paid \$1100 open account debts this year. He stated the school collected \$12,165 hail damage to the roofs and \$1,394 hail damage on three old school buses.

Supt. Graham reminded Lakeview students of the opening day of school at 8:27 a.m., Monday, Aug. 27. He said that students should come prepared to spend the day.

Four New Families Move To Memphis

Four families have been added to the list of new Memphis residents compiled this week by the Welcomes, welcoming committee of the Memphis Chamber of Commerce.

They are: H. E. Thompson, 1722 West Brice; K. B. Clark, 620 N. 14th, manager of Whites Auto Store; J. C. Whitfield, 410 S. 6th; and Edward H. Boone, 209 N. 9th.

Lakeview also has two new residents, Mrs. Dony R. Baker, who is the Lakeview home making teacher, and Leon G. VanAlstine, coach.

Estelline To Have Homecoming September 1

Estelline School will hold their annual homecoming for Estelline Exes and former residents on September 1.

Registration and a coffee for the visitors will be held in the Homemaking Cottage from 9 until 12 a.m. Immediately following, lunch will be served in the cafeteria by the senior mothers from 12 until 1 p.m.

The group will assemble in the High School auditorium for the business session at 1 p.m. The program will include an invocation by Eddie Braidfoot, class of 1955; welcome by Danny Davidson, class of 1959; recognition of student coming the furthest distance; recognition of the oldest student; honor class of 1932; roll call of classes; business session; benediction, Arthur Eddleman, class of 1913.
