## PROCLAMATION

WHEREAS, the parents and teachers of this state, through the Texas Congress of Parents and Teachers, have, through the membership of local units, established an enviable record for work toward giving our young people the best education possible, and

WHEREAS, the objects of the National and State Congresses, as carried out by local units through their memberships, have done much to promote the welfare of children and youth in the home, school, church and community, and to raise the standards of home life, and

WHEREAS, the members of the Travis Parent-Teacher Association and the Austin Parent-Teacher Association of Memphis have written a fine record of building understanding and organized cooperation in the homes and schools of this community;

NOW, THEREFORE, by the authority vested in me as Mayor of the City of Memphis, State of Texas, I declare the week of September 2-7, 1963, as PTA MEMBERSHIP WEEK, and

FURTHERMORE, I call upon all citizens to recognize the Parent-Teacher Associations of our City, and their members individually and collectively, and aid them in their efforts toward better education for the youth of this community, by actively participating in the units and supporting their programs.

Witness my official signature this the 28th day of August, A. D. 1963, and the official of the City, attested to by the City Secretary.

(Signed) H. J. Howell, Mayor

## Cyclone To Scrimmage At Silvertown Today

The Cyclone's scrimmage with Silvertown has been set up to 5:30 p. m. today at Silvertown Stadium due to a fire which destroyed a light pole at the stadium, Coach Charley Chambliss announced this week.

The Memphis Booster Club is going to film the scrimmage session," the coach said, "and we will show the film at a Booster Club Meeting at 7:30 p. m. Monday, Sept. 2, in the Odom Restaurant."

T. O. Pounds, president of the Memphis Booster Club, invited anyone interested to be on hand to see the scrimmage film and to meet with the coaching staff.

Coach Chambliss said that injuries which always plague teams during early season workouts began to crop up this week. Not to see action tonight at Silvertown are Jack Stargel, who has a pulled leg muscle, and Jimmy Sturdevant, who has a bruised foot.

John Lemons, who came out for football this year after allowing a knee injury to heal, suffered another injury to the knee Thursday night, Coach Chambliss said. Lemons was taken to Amarillo this week where the knee was operated on Tuesday. Lemons is in Northwest Texas Hospital and is recovering satisfactorily.

## Mrs. T. T. Loard, Pioneer Resident, Dies Sunday

Funeral services for Mrs. T. T. Loard, 78, who had resided in Memphis for almost half a century, were held at 2 p. m. Monday from the First Baptist Church with Rev. Fern A. Miller, pastor officiating, assisted by Rev. L. E. Barrett, pastor of the Travis Baptist Church.

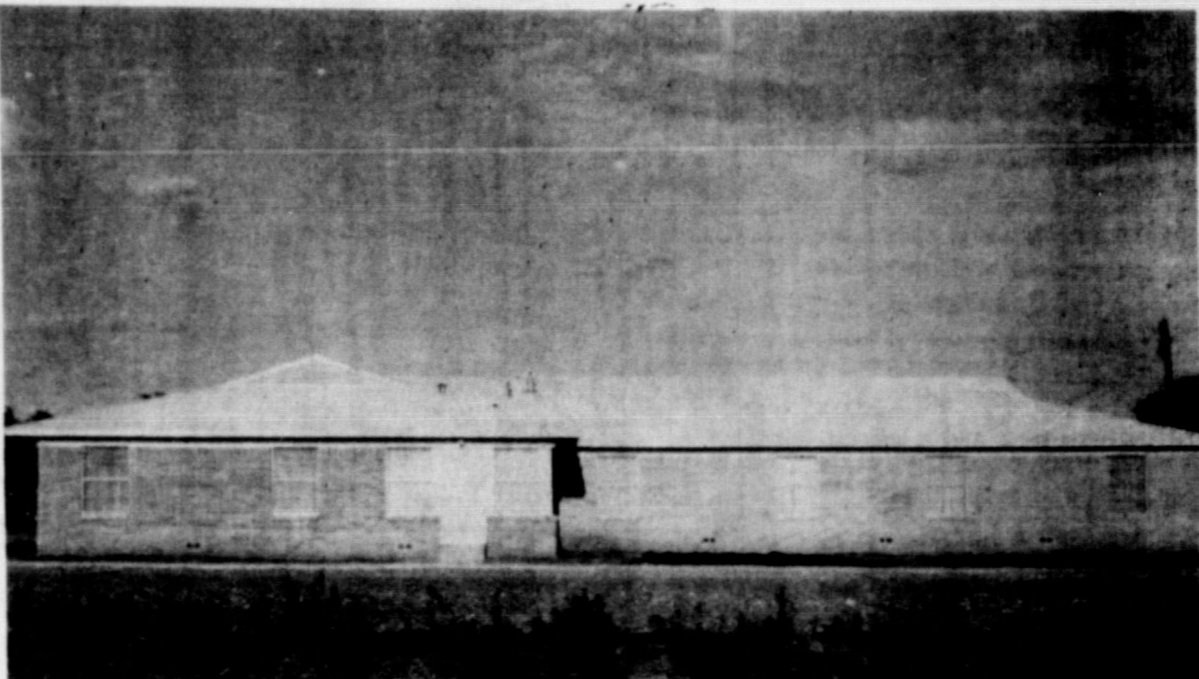

Interment was in Fairview Cemetery with services under the direction of Spicer Funeral Home. Mrs. Loard passed away Aug. 25 in Goodall Hospital. The former Willie Esther Royce. (Continued on Page Twelve)

## C. W. Berry, Retired Farmer, Buried Sunday

Charles William Berry, 79, retired Hall County farmer, died at 10:45 a. m. Aug. 23 in a local hospital. Mr. Berry lived in Hall County for 45 years and farmed in the Friendship community prior to his retirement.

Funeral services were held at 4 p. m. Sunday from the First Baptist Church with Rev. Fern Miller, pastor, officiating. Graveside services were conducted by the Lakeview Masonic Lodge. Burial was in Fairview Cemetery. (Continued on Page 12)

## Cousins Home To Open Sunday

FORMAL OPENING—Shown above is the new \$100,000 Cousins Home building located at 18th and Brumley. The Formal Opening is planned from 2 to 5 p. m. Sunday and refreshments will be served by the Welcomette Committee of the Memphis Chamber of Commerce.

## Open House Is Set For Sun. Afternoon

On Sunday, Sept. 1, the \$100,000 Cousins Home will have its formal opening. Open house will be from 2 to 5 p. m. The Home will be open for business Monday.

All interested persons of the Memphis area have been issued an invitation to attend the open house.

The Home is located on the corner of 18th and Brumley Streets.

Members of the Welcomette Committee of the Memphis Chamber of Commerce and Hall County Board of Development will serve refreshments at the open house.

The Home is a completely modern, state approved nursing home. The building is of brick veneer construction with approximately 7,000 square feet of floor space.

"We are set up to care for 34 patients in 17 rooms, or patients may have a private room if desired," the owners said.

"We have three complete baths, two of which have showers. "The Home is furnished with Danish modern furniture, and the patient rooms have Carom furniture.

"All patient rooms contain telephone jacks, nurse's call intercom system connections, and the dens of the rooms are wired for television," the owners said.

There is a sunroom for games of cards, dominoes and checkers. Materials for embroidering, crocheting and knitting are available.

Other features include: a large living room with a television set, an outdoor patio for outside recreation, an all-electric kitchen where meals will be planned and prepared, complete central heating and refrigerated air conditioning, and wide halls with hand rails.

Church services will be broadcast every Sunday from a local church, it was announced.

The Cousins Home is designed for caring for complete invalids. (Continued on Page Twelve)

## Cub Scouts To Have Family Night Friday

The Cub Scouts will have their annual Family Night at the City Park at 7:30 p. m., Friday, Aug. 30, Cubmaster J. O. Dixon announced.

Each family is asked to bring a picnic lunch. The pack will furnish drinks, paper plates and forks, he said.

There will be several awards presented and plans will be made for the coming year. All den mothers are urged to be present, Cubmaster Dixon said.

## Local Jaycees To Sponsor Labor Day 'Rest Steps'

The Jaycees of Memphis are joining with other Jaycees over the state in sponsoring a "Rest Stop" on Labor Day to aid tired motorists, according to Carroll Gardenhire, president.

The local Jaycees will serve cup cakes, coolaide and coffee at a booth set up on the parking lot of the football stadium.

Mrs. Baird's Bread will furnish the cup cakes and local merchants will donate sugar and coolaide. Coffee will be donated by Arnholz Coffee. Morton Co. will furnish the cups.

Three thousand Jaycees over the state will man 150 of the "Rest Stops" on all Texas Highways. They hope to serve 150,000 cups of coffee and soft drinks to tired motorists and pass out 500,000 Safe Driving pamphlets.

The director of the Texas Department of Public Safety, Col. Homer Garrison, Jr., has announced that an estimated 31 persons will be killed in traffic crashes in (Continued on Page Twelve)

## 200 Persons Are Expected For Annual Estelline Homecoming This Weekend

## First Loads Of Grain Sorghum Received Here

The first loads of 1963 grain sorghum was received at Omer Hill Elevator and Delinting Plant on Tuesday and Wednesday of last week. The two loads, weighed 40,000 pounds, and were cut from a 15-acre irrigated field.

C. R. Foster & Son are owners of the field, and the grain sorghum contained a moisture content of 13 per cent, Mr. Hill said.

The grain was cut and hauled to the elevator by J. D. Evans.

The yield from the Foster farm was from 2600 to 2700 pounds per acre.

Approximately 200 persons are expected in Estelline this weekend to attend the annual Homecoming festivities, Roy Gresham, president of the Ex-student Association announced this week.

The day-long celebration will begin with registration at 9 a. m. until noon Saturday in the Homecoming building. Doughnuts and coffee will be served throughout the morning.

Honored this year will be the class of 1933. Recognition will also be made of the oldest student present and the student traveling the farthest distance to attend the homecoming.

One of the features of the program being planned this year is a Surprise Program which will be presented during the afternoon session.

Rev. Joe B. Allen, pastor of the Methodist Church will offer the (Continued on Page 12)

## Rains Bring Relief From Hot Weather

Showers and cloudy weather brought relief from the summer heat today after approximately one-half inch of rain fell Wednesday and early Thursday.

The temperature climbed to 108 degrees last Saturday, registering one of the hottest days of the summer. Only one day last week recorded temperatures below 100 degrees.

Memphis recorded .44 of an inch of rain Wednesday, and 18 of an inch Saturday, making a total of .62 for the week. Residents in the Estelline and Parnell areas reported from .20 to .70 in those communities Wednesday and Wednesday. (Continued on Page Twelve)

FIRST COTTON BALE—Picture above is Tommy Proffitt (center) receiving checks from Memphis Compress Superintendent Mackie Allen (left) and Chamber of Commerce president Jack Norman Wednesday after the ginning of his first bale of 1963 cotton. On the far left is John L. Burnett, manager of the Farmers Union Cooperative Gin of Memphis where the bale was ginned, and on the far right, James Van Pelt, chairman of the Agricultural committee of the C. of C. The bale weighed in at 540 lbs. and the cotton is of the Gregg variety. The 20 acre field, located five miles northwest of Lakeview was planted the last of April and has been irrigated one time. Proffitt received 40 cents per pound for the bale of cotton from the Memphis Compress and the C. of C. presented him with a check of \$50 for having the first bale.

### Be On The Alert!

With the summer vacation period coming to a close, we would like to take this opportunity to remind area motorists to drive carefully when passing our school buildings.

Unfortunate accidents occur every year near our own schools and children are killed or crippled as the result.

Secondly, motorists should be on the alert for youngsters riding on bicycles without lights or reflectors at night. An incident occurred Sunday night which brought the danger of this situation to our attention.

We were on our way home and arrived at an intersection at the same time two boys on bicycles arrived on our left. Neither of the bicycles had lights on them and if it hadn't been for one of the boy's dog, which was barking, we would never have been aware of them. We stopped, and the boys went on their way.

Thirdly, we would encourage any area motorist who is planning to travel on Labor Day to take advantage of the rest stops being offered by the Junior Chamber of Commerce Chapters in Texas. Memphis Jaycees will have a booth set up at the Football Stadium parking lot on Highway 287 that day and free donuts, cup cakes and coolaide will be served to motorists who stop.

We would like to congratulate and encourage the Texas Jaycees to continue this worthwhile project. The Texas Department of Public Safety announced recently that 31 persons will be killed in traffic crashes in Texas over the three-day Labor Day weekend, and Col. Homer Garrison Jr. said "Operation Motorcade" will be placed in effect from 12:01 a.m., Saturday Aug. 31 through 11:59 p.m., Monday, Sept. 2.

The DPS Director said Labor Day this year comes at a time when traffic tragedy, for the year 1963 appears to be heading for an all-time high. He reported that more than 1,400 persons have been killed already this year for an increase of some eight per cent, adding that if the trend continues the toll will exceed the high of 2,611 persons killed in 1956.

This will be the first holiday after the new 70-mph speed law went into effect last Friday. If the number of traffic fatalities during the holiday period increases, it will indicate the need of motorists being more alert when traveling at the higher rate of speed.

What Other Editors Say

**A Healthy Course**  
Secretary Anthony J. Celebrezze of the U. S. Department of Health, Education and Welfare has just given the nation's capital what must be the shock of its life.

He has had the unmitigated gall to economize!

Resisting the giddy feeling that comes with having \$20.5 billion of public money to spend in one year—second biggest budget of any federal department—the former Cleveland, Ohio, newsboy who rose to mayor dared to shatter Washington tradition in his first year of office by:

Hiring 1800 fewer employees than authorized and thereby saving \$1.1 million.

Reorganizing social security and welfare functions of the department so they do not cost more, but less.

Rejiggering and consolidating the payroll system to save money. This may seem like heresy in Washington but it's great news to the rest of the country. This is the kind of health, education and economic welfare we like to see!

—Ft. Worth Press

**Right-Wing Movement**  
The trouble with the right-wing movement in this country is that the ultra conservatives have little faith in our system of government.

They continually preach the gospel that it is subversive to talk disarmament with communist leaders because we cannot trust them and they are certain to get the better of us over the bargaining table.

We do not trust communist leaders either but we fail to see what will be gained by refusing to discuss the possibility of peaceful coexistence. The alternative is war, and this would make ideological argument academic. The survivors of a nuclear conflict would be too busy remaining alive to worry about which type of government was guiding their destinies.

We are not convinced that because the communists are dedicated to their ideology there is no hope of persuading them that war must be outlawed, or that in doing so we would lose the battle for men's minds. Through the forum of the United Nations we have as much opportunity as our enemy to convince the world that our system of government is superior. Americans with abiding faith in our destiny have no hesitation in engaging in open debate with the puppets of the Kremlin or in working and praying for peace.

Our strongest weapon is the freedoms we preach, and our greatest weakness is our failure to practice those freedoms, particularly in the area of civil rights. Here is where the communists could be put to rout if we would put our mind to it.

—Suffolk County N. Y. News

**A Good Word For Test Ban**  
The Republicans and so-called conservatives are showing signs of becoming violent over the prospects of a nuclear test ban. They are reading all kinds of dark and foreboding deals, understandings and sell-outs into the agreement between the Western powers and Russia. From their rantings you would gather that everybody but their alleged sources of information are lunatics.

Mr. Izzard says that he has it on good authority that the United States entered into trade agreements with the Soviet, and the Russians have a huge arsenal of anti-missile missiles therefore they don't need to do any more testing, and so we have been hoodwinked into foregoing testing for the time being.

It is easy to understand Mr. Izzard's desire to continue the arms race. Anyone as old as Mr. Izzard and who has lost all faith in his country and humanity would naturally want to be blown to smithereens.

It must be a miserable existence for the man to walk down full street in a morning knowing full

well that the next nineteen men out of twenty that he meets are saboteurs, and that the President of the United States is not to be trusted in any circumstance, and that statesmen, not only of the United States but of all the Western Alliance, with the exception maybe of France, are appeasers or at best glibble nitwits.

How miserable the man must be for a normal human being to be opposed to a slackening off in the arms race, which could have an outside chance of being the beginning of an arms reduction by all major powers, is inconceivable. The Senate should ratify this test ban agreement. It is better to have tried to bring about peace, and fail, than not to have tried at all.

When and if the Russians start a war we will whip them, regardless of whether it is a Democratic or Republican administration that is shouldered with the responsibility. But if it turns out that they want peace, then we should be overjoyed. In an ideological contest they don't have a chance. We have everything to gain and nothing to lose by a cooling off of the cold war.

## Koeninger-Scarborough Vows Read In Home Ceremony

Nuptial vows were solemnized at 6 p. m. Friday, August 24, to unite in marriage Miss Neva Sue Koeninger, daughter of Mr. and Mrs. Leo L. Koeninger, and Danny Clark Scarborough, son of Mr. and Mrs. L. C. Scarborough of Quanah.

Rev. Richard Avery, minister of the First Presbyterian Church, read the double-ring ceremony at the home of the bride's parents, 823 Robertson Street.

The nuptial space was decorated with an archway covered with greenery and accented with white carnations and wedding bells. Two tall baskets of white gladioli and a center basket of white pom-poms completed the decorations.

Pre-nuptial wedding selections were played by Miss Marcene Stephens who also played the traditional wedding marches for the processional and recessional. Given in marriage by her father, the bride was attired in a street-length frock of tulle lace over taffeta. Her shoulder-length tulle net veil fell from a nylon net rose accented with tiny seed pearls and she carried a bouquet of rosebuds.

She carried out the traditional

bridal custom of wearing "something old, something new, something borrowed and something blue" and a lucky six-pence in her shoe.

Miss Carol Smith served as maid of honor. She wore a street-length dress of powder blue lace over taffeta, and carried a fan-shaped bouquet of feathered blue and white carnations with blue sating leaves and white net and ribbon.

Harold Nippet of Quanah served as best man.

Mrs. Koeninger chose for her daughter's wedding a mauve lace dress accented with beige accessories while the groom's mother, Mrs. Scarborough, wore an olive green linen dress with black accessories. Both wore corsages of white gardenias.

**Reception**

Immediately following the wedding ceremony a reception was held in the home of Mrs. Mona Robertson, 824 Robertson St.

The bride's table was laid with a white cut-work cloth over an undershirt of blue and centered with an arrangement of white mums and pom-poms flanked by crystal candelabras. Blue napkins

were engraved with the names of the bride and groom.

Nuts and punch were served with the two-tiered wedding cake which was topped with a miniature bride and groom and decorated with tiny blue and white rosebuds. Misses Marcene Stephens and Betty Ann Young presided at the refreshment table.

Miss Carol Smith presided at the guest register to secure signatures of the guests. The registration table was decorated with a nosegay of white carnations and wedding bells tied with blue ribbon.

Mrs. Scarborough is a spring graduate of Memphis High School and will enter Texas Technological College this fall. She received many honors while attending Memphis High School, being listed to Who's Who, was high ranking girl and was an officer of her freshman, sophomore and junior classes. She was an honor Thespians and served as a majorette of the Cyclone Band for two years, and was Annual Editor. She was named Annual Queen, Most Versatile Girl and Most Outstanding Social Science Student.

Mr. Scarborough will be a sophomore student at Texas Tech this fall where he is a member of the Red Raider football team.

Mr. and Mrs. Scarborough will make their home at 5422 13th St., Lubbock.

For a wedding trip, Mrs. Scarborough chose for travel a white silk linen suit with white accessories and a corsage of white rosebuds from her bridal bouquet.

### Mrs. A. H. Hull Receives Agriculture Merit Certificate

Mrs. A. H. Hull, former Memphis resident who recently moved to Cypress, Calif., received a Certificate of Merit from the United States Department of Agriculture for her work in the Cotton Classing Office here during the 1962-63 season.

The certificate was presented for excellence of job performance in accepting duties beyond the scope of her grade, and for willingness to work overtime during the cotton season.

In a letter received with the certificate, Mrs. Hull was congratulated by Charles Cox, officer in charge of the Altus, Okla., Classing Office, Stanley Redemaker, director of Cotton Division, and John L. McCollum, SW area manager.

Dr. and Mrs. J. W. Fitzjarrald and daughter, Reba Stroehle, returned Tuesday from Houston where they enjoyed visiting their granddaughter and daughter and her husband, Mr. and Mrs. Marvin Smith.

Judging from the amount of liquor seen in the dry states there must be a lot of snakes thereabouts.

### MEMPHIANS ENJOY COLORADO VACATION

Mrs. David Aronofsky and sons, David Judd and Donnie, returned home Sunday after a two weeks vacation in Colorado. Mrs. Aronofsky and Donnie visited with Mrs. Aronofsky's parents, Mr. and Mrs. Samuel Judd, in Denver while David attended summer band camp at Gunnison.

While gone they also enjoyed visiting at Grand Lake, Estes Park and were in Central City to see a play which starred William Bendix. On Friday night Mrs. Aronofsky and Donnie attended the band concert at Gunnison. They spent Saturday night in Clayton, N. M., and Mrs. C. C. Hodges, who had been visiting there, accompanied them home on Sunday.

Mr. and Mrs. E. F. Lemons have had as recent visitors Mr. and Mrs. Jess Bolton of Hamilton; Mr. and Mrs. Jim Lemons and family of Denver, Colo., Mr. and Mrs. Monty Sappenfield of Amarillo; Bill Stewart of Newlin; Mr. and Mrs. W. H. Lemons and Velma of Brice; Mr. and Mrs. Merle Lemons and Don of Brice; Miss Marion Lemons of Amarillo; also, Mrs. Herman Cross and Annette of Clarendon. Several relatives and friends of Memphis have visited. Mr. Lemons is improving from a serious illness.

### Hall County Soil Conservation District News

Be it irrigated bermuda grass or dryland johnson grass, the proper use of pasture grasses is as important a factor as fertilizer or irrigation water for economical returns, says Bob Gordon of the Soil Conservation Service.

The leaves of a grass plant manufacture plant food and stores this food in the roots. When too many of the plant leaves are removed, the plant becomes a food user instead of a food factory. The plant takes stored food from the roots to produce new leaves. This causes a delay in forage production, stops root growth and weakens the entire plant. Continuous removal of all of the plant leaves kills the plant. When adequate leaf surface is maintained during the growing season, the plant continues to manufacture plant food without drawing on the food reserve in the roots.

To leave an adequate leaf surface on the plant will insure a healthy, vigorous root system and grasses with a good deep root system will withstand drought longer. The ability of the plant to extract water and nutrients from the soil is proportional to the leaf surface.

Grass does not grow from the tip of the leaf. The growing stem actually issues upward like lead from an automatic pencil. By contrast, trees and shrubs make their primary growth only at the tip of the stem. Grass can be clipped or grazed to a determined height and still keep growing if enough grass leaves are left on the plant.

Bermuda grass should not be grazed lower than approximately 4 inches and johnson grass less than 12 inches in height.

Local Soil Conservation Service Personnel assisting the Hall County Soil Conservation District are available to assist you in your grazing program for the proper use heights of the various pasture grasses.

People who live in today's apartment houses have little room to complain.

TEDDY BEDWELL

### Twelve Boys Report For Eagles Team

Twelve boys are working out each evening for the Lakeview Eagles, Coach Teddy Bedwell said this week.

Coach Bedwell, beginning his first year at Lakeview, said the Eagles, who play 8-man football, will have only two seniors and one junior on the ball club, so the club will be lacking experience.

Coach Bedwell is a graduate of Quitaque High School, Clarendon Junior College, and West Texas State University where he majored in Physical Education and minored in History.

He has coached at Patton Springs High School at Afton and at Flomont.

The following boys are out for the team: Johnny Earl Thomas, B-E; Clenton Pierce, E; Kerby Hatley, B-E; Royce Sanders, E; Tommy Hughes, G; Kirk Anderson, G; Dana Gibson, G-B; Rodney Sams, C-G; Jacky Blum, G; Connie Moore, B; Mike Nabers, B; and Jimmy Duke, B.

The Lakeview Eagles will scrimmage the 8-man Morse team from 5 to 6:30 p. m. Friday, Sept. 6, Coach Bedwell said.

A three-day meeting was held at the Congress Inn. Among outstanding speakers were Bill Shelton, executive director of Industrial Commission, Austin, who spoke on "The Texas Industrial Commission's Program for the Biennium 1964-65"; Lowry Dyer, assistant director of Education University of Austin, who discussed "Program Approach to Manpower Training"; and Bill Stinson, executive secretary of Texas Council, Austin, who talked on "Tourism in Texas Past and Future."

DONALD G. CLARK

**Donald Clark  
Receives Science  
Study Grant**

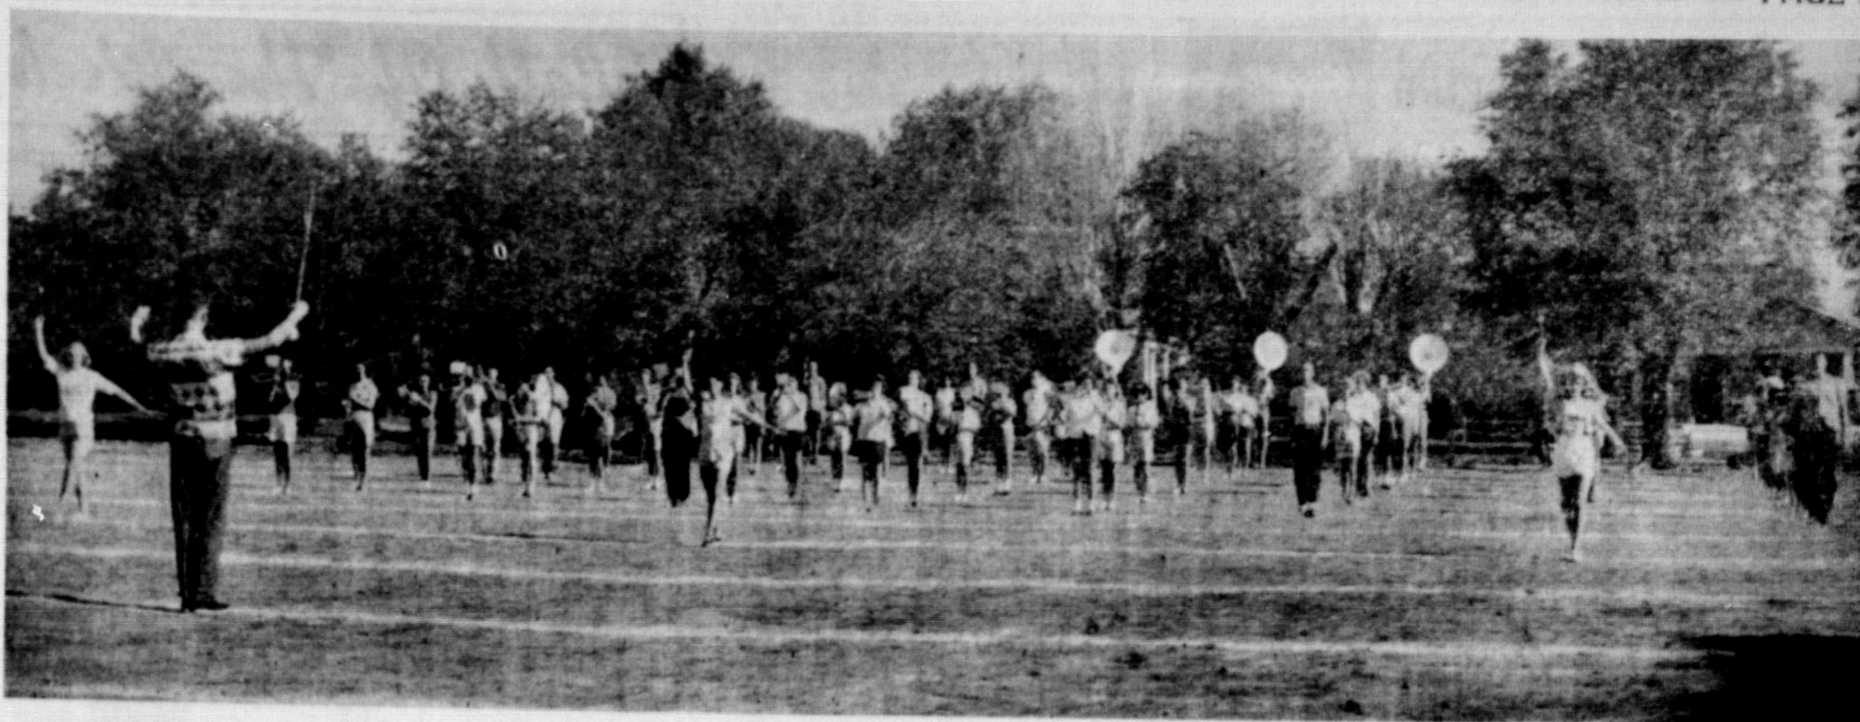

Donald G. Clark, a former Hall County resident, has accepted a National Science Foundation stipend for graduate study at Oregon State University for the 1963-64 academic year.

He is one of 45 teachers chosen by Oregon State University to participate in the Academic Year Institute, which is a part of the National Science Foundation program aimed at up grading science and mathematics teaching in the United States and increasing the number of top-quality teachers and scientists. He will receive \$4350 plus all tuition and regular school fees for a year's graduate study at the University beginning Sept. 16.

Clark, who has taught Jr. High math in Tucumcari, N. M., for the past three years, is a graduate of Lakeview High School, Clarendon Jr. College, and West Texas State University.

He is the son of Mr. and Mrs. E. H. Clark of Clarendon, and his wife is the former Clynda Pat Lewis, daughter of Mr. and Mrs. C. R. Lewis "Pat" Lewis of Lakeview.

Alvis Gerlach returned Wednesday from Caddo, where she has been visiting her children, Mr. and Mrs. Gerlach and family and Mrs. Len Ruyle and Skipper the past four weeks.

**DOWNBEAT**—Drum Major Tony Monzingo is shown above preparing to give the downbeat to the 1963 version of the Memphis Cyclone Band which has been practicing daily for the past several weeks. The summer practice sessions ended Wednesday. The band has been preparing its half-time routine. The band will march 80 strong this year, one of the largest in the history of the Cyclone Band. Director Bill Bradley said the band will begin its practicing on the first day of school. Asst. Drum Major is Ann Coleman. Twirlers include Lynn Foxhall, Minka Sims, and Rosemary Harrison.

There is a greater demand for people of character today than anytime in our history.

The Clarks and their 14-month old twins, Phil and Pam, will spend three weeks visiting their parents, other relatives and friends before departure for Oregon.

**Johnny Brumley Is  
New Superintendent  
Of Morse School**

Mr. and Mrs. Johnny Brumley and family, former Lakeview residents, have moved recently from Happy where he was high school principal and girl's basketball coach to Morse where he accepted the position of superintendent of the school there.

Mr. Brumley was the Lakeview school principal and coach of the girls' basketball team approximately five years ago.

**Remove Rust from Gun**

After each trip in the field—especially after hunting over water—you will notice small pits of rust on your gun barrel. These are caused by sweat and other moisture.

If attended to at once, these pits can be removed by an ordinary typewriter eraser. Such an eraser won't damage gun bluing as steel wool or sandpaper will.

When gun is badly rusted, soak well with rust solvent before using eraser.

**Stop Dog's Barking**

A barking dog—especially at night—is an abomination to the neighbor and master alike.

Prevent the dog from annoying neighbors and keeping households awake by using a simple trick. Attach a lawn hose to your

dog's pen, the nozzle set for a wide spray. Whenever dog starts barking, turn on the water so he will be sprayed. Usually a few treatments will be enough. But be sure he does not see you do it.

There is no advantage in waiting until tomorrow, because there will be no more time tomorrow than there is today.

### Report From Washington

By **WALTER ROGERS**  
Representative, 18th  
Congressional District

**The House Acts on Foreign Aid** the bill to the Foreign Affairs Committee with instructions that the authorization amount be cut by half a billion dollars. Within minutes the Committee had obeyed that injunction by the House majority (of which I was a member) and reported the bill to the floor once again. With the foreign aid authorization ceiling thus

measurably cut, the next round in the fight will come over the actual appropriation for the program—and further cuts are likely. I voted against the foreign aid bill. Never have I voted for foreign aid authorizations or appropriations measures. This program was sold to the American people and the Congress as a means of combatting Communism in the world's underdeveloped nations. If foreign aid would bring us the advantages its supporters perennially promise, not a single vote would be cast against it in the House or Senate. But foreign aid simply does not measure up to its high purpose. It does not produce results. In addition, it is too wasteful.

Before Friday's final vote, a long session of the House stretching late into Thursday night brought action on a series of amendments. Of 21 amendments acted upon in the succession of votes, seven were passed, including one to limit aid for projects creating competition with certain American industries and another to provide for inspections in countries receiving U. S. aid so that the manner of its administration and distribution may be checked.

Another amendment provided a cut-off of aid to countries whose ships or planes carry products to or from Cuba. You may recall that last year, when the foreign aid bill was up for debate, I offered an amendment cutting off foreign aid funds to any country whose ships engaged in trade with Cuba—and this was the same sort of provision as included in the bill this year. However, I could not agree with the limitation spelled out in the amendment adopted by the House. My position is that all aid should be completely stopped—not temporarily suspended—to any country engaged in the Cuban trade.

I am not satisfied with what has been done or what is being done about this situation.

I am insisting on hearings by the House Foreign Affairs Committee and action by the full House on a bill I have written to close all United States ports to ships engaged in trade with Cuba. This will prove more effective than any other weapon we can exercise—short of an outright blockade, to discourage commerce with our avowed enemy, Communist Cuba. By barring access to U. S. ports to ships also doing business with Cuba, the profit margin for the trading vessels would sail with partly empty holds to and from Cuba and further tighten the already difficult economic pinch facing the Castro regime.

My bill is worded: "Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That all ports of the United States are hereby closed

"Heard you got a new living room rug."

### Rare China Is On Display At Fowlers Drug

Fine china for the mansions and palaces of presidents, kings, governors and ambassadors around the world is part of an exhibit showing treasures of ceramic art which opened here Monday, Aug. 26.

Rare museum pieces, costly hand-painted, gold-decorated plates are also shown in the display, now at Fowlers Drug Store.

The dinnerware masterpieces were created by craftsmen of Lenox, Inc., of Trenton, N. J., on special order from U. S. Presidents since the time of Woodrow Wilson; for governors of many states in the union, and for such foreign dignitaries as the King of Saudi Arabia.

Called "Command Performances", the special dinner services are typical of the Lenox china which has been displayed as art treasures in such distinguished institutions at the Metropolitan Museum of Art in New York City, the Ceramic Museum in Sevres, France, and other outstanding museums throughout the Country, Bob Fowler said.

The public is invited to the exhibit here, which will be on display until August 31.

### Out-of-town Friends, Relatives Attend Joe C. Neely Rites

Out-of-town relatives and friends attending the funeral of Joe C. Neely were: Asa Neely of Fredrick, Okla.; Orpha Neely, also of Fredrick; Mr. and Mrs. Omye L. Neely of Grandfield; Mr. and Mrs. Royce Billington and family of Masterson; Mr. and Mrs. Bill L. Bingham and children.

### Cement Program Set For Thurs. At Legion Hall

The public is invited to a two-hour program being presented by the Portland Cement Assn. at 8 p. m., Thursday, Aug. 29, in the American Legion Hall here in Memphis, Joe Allard of A&F Concrete Co. said this week.

This program will cover all of the latest uses of cement and will introduce some new products that contractors and their employees and the general public will find very interesting. There will be a question and answer period at the end of the program.

Mr. Allard said that coffee and doughnuts will be served at the meeting and extended an open invitation to the public to be on hand.

The only thing harder than paying bills is collecting them.

no reason why this action should not now be extended so that we do what is in our power to discourage foreign commerce with Castro.

### Mr., Mrs. Martin Visit Largest India Pueblo

Mr. and Mrs. John H. Martin visited Santo Domingo, world's largest Indian pueblo, north of Albuquerque, N. M., this past week.

Inside the pueblo, they found another world—where 1,800 Indians practice the beliefs and rituals observed by their forefathers long before Columbus discovered America.

They toured the old Santo Domingo Mission, which contains furnishings and records dating

back to 1605. The venerable structure was originally built 15 years before the Pilgrims landed on Plymouth Rock.

Ceremonial dances are held at the pueblo each month throughout the year, and are open to the public without charge.

Santo Domingo is believed to be one of the "Seven Cities of Cibola" sought by Cortado when he first explored the area in 1540. Instead of being cities of gold, they were seven pueblos of adobe mud which reflect rich amber in the light of the dying sun.

We consider every woman beautiful until she declares otherwise.

**Around and About**  
By HELEN COMBS

Summer vacations are not just a present day fad we noted as we looked over the files of 50 years ago—summer of 1913. There was a long front page story giving a complete account of a vacation trip made by the late C. L. Sloan and family, father of C. L. Sloan of Estelline. They were accompanied by S. T. Bell.

It was interesting to note that the Sloan family on this trip drove the third car to ever ascend Pike's Peak and the first to descend the Peak without assistance and under its own engine power. The trip took seven hours and forty minutes.

Giving a colorful account of the trip, the editor wrote: "They made the famous trip up Pike's Peak to the summit in a Rambler car fully equipped with its baggage and camping outfit, together with four passengers, making a total weight of 4750 pounds. After this wonderful feat the party started for home which covers a distance of 507 miles, the time being made easily in two and one-half days on 36 gallons of gasoline, which makes an average of 20 cents every 14 miles.

Yes, present day vacationers, the engineering advancements of the last 50 years by car manufacturers are wonderful, indeed. Five hundred and seven miles today is considered a one-day drive and can be made in air-conditioned comfort.

And, speaking of vacations . . .

the roads will be crowded this weekend as residents go hither and yon for the last weekend vacation—Labor Day—before school starts . . . so, observe the traffic rules and return home safely!

Among interesting visitors in Memphis last week were Dr. and Mrs. Hastings Harrison of Dallas, who were house guests in the home of Mrs. W. C. Dickey. Dr. Harrison is senior consultant to the president at Southern Methodist University and is a noted speaker. He is a cousin of Mrs. Dickey.

Mrs. Dickey entertained with an informal open house Sunday afternoon at her newly-remodeled country cabin overlooking Brook-hollow Country Club Lake. It was a pleasure to meet Dr. and Mrs. Harrison and delightful to enjoy the fresh country air at the picturesque cabin setting.

It's always nice to hear complimentary remarks about Memphis or Memphians . . . a clipping was recently handed to us from an Ennis paper, taken from "On the Avenue" by Faye Casebolt. The article said, in part: "Idell Burnett and her mother, Mrs. Mary Betts, are from Memphis, Tex., you know, and recently we heard most complimentary remarks about them from Mr. and Mrs. Clyde Milam of Memphis while Mrs. Milam was in a Dallas hospital—so, admiring Mrs. Milam and hearing so much about the good times she and Mrs. Burnett had in Memphis—bridge clubs, Little Theater, Riding Club, study clubs, et cetera, we told Idell what the Milams said—and she had been planning to go to see them when Mrs. Milam could have company and Avenue definitely wanted to go to see her again—so we went together and never have I seen anyone more brightened than Mrs. Milam. She is out of the hospital now and staying in a hotel across the street. Her husband pushes her from there to therapy treatments twice a day in a wheelchair. Made Memphis sound like an interesting place to live—to hear their enthusiastic reminiscing. We understand Katherine is doing nicely and will return home in the near future.

James Dickey and Miss Velda McClung of Amarillo visited here Sunday with his parents, Mr. and Mrs. W. D. Dickey.

Visitors in the Mills Roberts home Monday through Thursday of last week were Mrs. J. Malcolm Smith, Myra Lea and Lynn Thomas of Houston, her daughter, Mrs. David Clark of Dallas; and

Today's chuckle: Two elderly men were discussing their many ailments. One complained in particular about a nagging pain in one leg.

"Must be old age," said his friend.  
"Don't think so," the sufferer said. "Other leg's just as old and it don't hurt a bit."

Mrs. T. O. Porter of Lamesa, Mrs. Smith and Mrs. Porter are sisters of Mrs. Roberts.

A. L. Pace of Lubbock and Mr. and Mrs. A. O. Pace and Mr. and Mrs. Joe Pace, Sheron and Danny of Abilene were weekend visitors of their father and sister, A. J. Pace and Mrs. R. A. Wells.

Mr. and Mrs. R. A. Wells, Jr., of Amarillo spent Thursday and Friday with his parents, Mr. and Mrs. R. A. Wells, Sr. Russell and Roger Wells and Jimmy Evans accompanied their parents home after spending a week with their grandparents.

Mr. and Mrs. H. R. Frisbie, Cheryl and Tamara are spending this week at Lake Kemp.

Mr. and Mrs. L. M. Wiginton and sons have returned home from Helena, Okla., where they attended the funeral services of Mrs. Wiginton's grandmother, Mrs. Sophie Elizabeth Finney. Mrs. E. G. Archer accompanied them. Mrs. Myrtle Hammons, mother of Mrs. Wiginton, returned home to Memphis. She had been at the bedside of her mother for the past several months.

The Pen That Changed the Course of a Nation

The Country was at war...raising money to pay the cost was difficult and promised to become increasingly so...faith in our paper money was slipping—this was our Nation's plight in 1863!

Then, on February 25, 1863, President Abraham Lincoln signed the National Currency Act. This Act established the much-needed national currency and restored confidence. It also made possible the development of the dual banking system of national and state commercial banks.

Sparked by this competitive system, American banking has contributed immeasurably to the progress of the Nation, its people, and the world.

Did you ever stop to think that your banks provide our Nation with the dollars without which our vaunted standard of living could not have been achieved? A nation without banks would be more than a reasonable facsimile of the Dark Ages.

Did you ever stop to think that a sizable proportion of our homes, schools, hospitals... everything that is manufactured, distributed and sold...our roads and communications systems...are financed by bank credit?

Next time you write a check or deposit in your bank savings account or borrow to help finance your business, a car, a home, or something you want to buy—try to imagine what your life would be like without banks.

Finney of Moncks Corner; 32 grandchildren, numerous great-grandchildren and one great-great-grandchild.

Graveside rites were held in Helena, Okla. Pall bearers were L. M. Wiginton, Omer Johnsey, Merle F. Padgett, Calvin Shoup, Don Park and Ted Finney.

### Comments—

(Continued from Page One) message over. Frequently, new citizens, as a rule, do not hesitate to pass compliments, but just a trickle of compliments are passed along by those who have lived here several years. Thoughtfulness, friendliness, courtesy, words of sympathy or commendation all belong in the same niche of society.

"Fortunate, indeed, the community that has a few individuals who go through life curing sorrows, allaying discontents, healing enmities, sweetening bitter fountains, scattering happiness and good-will. One such nature can influence an entire community, just as one flower will crowd a room with sweet odors."

For years and years the people of the South felt that the aims of Northern politicians were pressing civil rights upon the South for political purposes—the main one being to influence the colored folks' vote favoring the Northern politicians—mostly of the Republican faith. It had seemed to be a good idea. What has happened and is happening? The thing is backfiring, and now the white voters in the North are growing irritated at increasing demands made by those they courted to get their votes in the past. And, it is said the trend is very displeasing to the politicians. People of the South are beginning to get a kick—instead of getting kicked—over the present trend.

Exeter, Calif., 8-23-63

Dear Mr. Wells: As picnic time is near and I am planning to be present, I wish to suggest to the Registering Committee that the old pioneers and visitors sign a separate sheet.

I was at the picnic in 1960 and the list of visitors was too long for a person to look through all the names to see who was present. Two families were there that I would have liked very much to meet, but didn't know they were present until ten days later when I read the names in The Democrat. One of them was Mrs. Lena Memphis Powell, the first baby born in Memphis.

If my suggestion is followed, it would be a big help to many people present.

What has happened to Jet Fore? Is he too old to make the trip again? I am sure the correspondence that took place between Jet and you was directly responsible for so many people being present in 1960. It was good advertising, and entertainment also.

Will be seeing you and others soon.

FRED BOON  
(Fred, your suggestion is good and likely to be adopted by the registration committee. jcw.)

semi-invalids, ambulatory paralytics, and for both male and female senile persons requiring personal and nursing care.

"Our purpose at Cousins Home is to furnish the aging and chronically ill senior citizens a safe and healthful place in which to live in a home-like atmosphere in quiet surroundings," the owners said.

The Home will be staffed with approximately nine persons.

Mrs. Mildred Stephens, one of the owners, will serve as administrator.

She said that Miss Ellen Fary Land, Mrs. Beatrice Gardenhire and Mrs. Lillie Davis are the licensed vocational nurses for the Home.

The Cousins Home received the name "Cousins" because the owners, L. F. Jones and Mrs. Stephens, are cousins. Their grandparents, Mr. and Mrs. L. F. Jones, Sr., moved to Hall County in 1890.

For details, golfers are asked to check with the pro shop.

## Mrs. T. T. Loard -

(Continued from Page One)

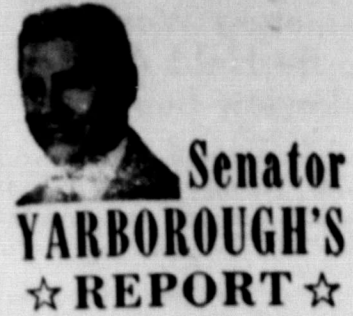

Mrs. Loard was a native Texan. She was born Feb. 3, 1885 in Smith County. On Nov. 9, 1906, she was united in marriage to T. T. Loard and the couple moved to Hall County in 1915.

Mrs. Loard was converted and united with the First Baptist Church at the age of 15. She was a member of the Reaper's Sunday School Class, and the First Baptist Church here.

Surviving are her husband, T. T. Loard, 121 N. 14th St.; two daughters, Mrs. Avis Hamilton of Dallas and Una Loard of Tulsa; one son, H. C. Loard of Borger; three grandchildren and one great-grandchild; three sisters, Mrs. Ora Rasmussen and Mrs. Pearl Poole of Lindale, and Mrs. Zeffa Miller of Wenden, Ariz. and one brother, S. W. Royce of Lindale.

Pall bearers were J. M. Ferrel Jr., Robert Breedlove, Lester Graham, Keith Graham, Ben Spears and John L. Burnett.

Annual admissions to U. S. hospitals have increased over 50 percent in the past 15 years, and the number of hospital employees has increased by more than 75 percent.

As a member of the Senate Labor and Public Welfare Committee and the Public Health Subcommittee, I have been deeply interested in programs for research into the causes and treatment of diseases that disable or kill millions of our people each year. As a member of the Public Health Subcommittee, I have voted during all of my six years in the Senate to increase that research into these diseases, including heart ailments, cancer, tuberculosis, the illnesses of the aged, arthritis, mental illness and diseases that strike at maternal and child health.

The Senate has recently voted a research fund covering ailments found at some time in almost every home in America, and I have been a staunch supporter of this research. Grants from these funds go to almost every medical college in the country.

The Senate has voted \$133 million for research in heart disease, the No. 1 killer in America. It takes away 900,000 people a year in this country.

We have also voted \$145 million to seek the causes and treatment of cancer, and of utmost importance, for development of better drugs for the cancer patient.

We voted \$190 million to combat problems of the mentally afflicted and also voted \$35 mil-

lion for grants to states for research into cancer and diseases, and for out-patient services so the aged can get care in their homes, not going to a hospital. We voted \$114 million for research on arthritis, diabetic disorders, peptic ulcers, similar ailments; \$88 million for research in the fields of psychology and blindness; \$69 million for research into allergic and infectious diseases.

Since air pollution has been linked to lung ailments, I am especially interested in the legislation approved to recruit and work in this field. The money also is used in part to control air in river basins across the United States. Also \$9 million for consumer milk and food service.

All of these are good vital to the health of our I support them.
