Mrs. Roy Guthrie Is Named Texas' Teacher Of The Year

Mrs. Roy Guthrie, Memphis High School English teacher, was notified by telephone Monday that she is the Texas winner in the annual nationwide Teacher of the Year contest.

Miss Maurine W. Walker of the Texas Education Agency made the announcement in a telephone call to Superintendent of Schools W. C. Davis. Miss Walker said that Mrs. Guthrie will represent Texas in the competition sponsored by Look Magazine and that her teaching file has been sent to Washington where the Department of Health, Education and Welfare will screen careers and achievements of teachers from each of the 50 states.

A screening committee of national education leaders selects ten finalists from all nominations received from the states. Each finalist is then visited by a Look Magazine researcher who interviews the teacher, observes the work in the classroom, and consults persons acquainted with the teacher's work. The researcher then submits reports on each teacher to the national selection committee for final consideration and recommendation to Look Magazine.

The Look Teacher of the Year will be announced by January 1. Mrs. Guthrie, the first applicant ever to be submitted from Memphis school, is the first teacher in the Panhandle area to receive this honor. Each school in the state was eligible to submit one applicant.

"I am deeply honored," Mrs. Guthrie said after receiving the news of the state's decision.

Supt. Davis stated that the honor was paid Mrs. Guthrie was not only an achievement seldom obtained by a classroom teacher but is an honor paid to the school in which she teaches.

Miss Elsie Bass began her teaching career in 1914 when she finished High School at MHS. She obtained her teacher's certificate while she was still in high school. She has 34 years of experience teaching in Salisbury, Friendship and Memphis.

Miss Bass, while serving her first term as Hall County School Superintendent, married Roy L. Guthrie, who at that time was bookkeeper at the First National Bank, on June 24, 1923. The Guthries have one daughter, Mrs. Tommy C. Hulsey of Ft. Worth and two grandchildren.

Mrs. Guthrie served as County Superintendent from 1923 to 1928, and from 1931 to 1935. She has her B. A. degree from Texas Tech and Masters from West Texas State.

Mrs. Guthrie has found time for two hobbies along with her heavy teaching schedule. She spends her spare time as a member of the Memphis School System.

The Hall County 1964 cotton allotment of 91,984 acres was a small increase of 876 acres over the 1963 county allotment of 91,107, Lynn McKown, A.S.C.S. Office Manager, said.

With the additional allotment the committee was able to increase individual farm allotments about 1 percent over last year, he said.

The 1964 price support for cotton has not been announced at this date. New cotton legislation now pending in Congress will probably determine the level of price supports for 1964.

All individual cotton allotments were mailed producers Dec. 2, 1963, and the 1964 Referendum will be held on Dec. 10, 1963.

Parsons, Lockhart Buy Tarver-Stanford Drug

Sandy K. Parsons, Jr., and Bill R. Lockhart are the new owners of Tarver-Stanford Pharmacy in Memphis. In a transaction which was completed Monday, they assumed active charge of the drug store.

For the present, the store will operate under the same name—Tarver-Stanford Pharmacy.

The drug store was purchased from M. G. Tarver and L. W. Stanford, long-time druggists of Memphis who have been in this type of business for a total of 80 years. They established the store here in 1951.

Sandy Parsons, senior partner, first entered the drug business in 1928. He established Parsons Drug in Wellington in 1936, which he still operates. He will divide his time between the store at Wellington and Tarver-Stanford in Memphis.

He and his wife are well known to many local and area residents. They are the parents of three children, Sandy III of Dimmitt, Mrs. Lyndon Crelia of Wellington, and Mrs. Bill Lockhart of Memphis.

Bill Lockhart was reared at Wellington. He is a graduate of Southwestern State School of Pharmacy, Weatherford, Oklahoma. He has been associated with a drug store in Childress before coming to Memphis Monday. He and Mrs. Lockhart are the parents of two children, Tammy, age five, and Scotty, four months old. Mr. and Mrs. Lockhart have purchased a house at 701 North 17th St., and will move into their new home Sunday.

They are members of the Christian Church.

Both Mr. Parsons and Mr. Lockhart are registered pharmacists.

"We certainly appreciate the way local people are receiving us since the change of ownership was announced," they stated today.

"We want the citizens of Hall County and this area to continue to make the store their headquarters—to meet and visit with their friends here—as they have been doing for years. It is our desire to become a part of this community and to cooperate in all worthwhile projects."

No change in the personnel of the store has been made.

In Business Since 1926

M. G. Tarver, long-time Hall County resident, entered the drug business here in June, 1926, as a partner with his brother, Horace Tarver. He has continued active in the business until the present time.

He and his brother operated Tarver Pharmacy until January, 1951, at which time L. W. Stanford purchased the interest of Horace Tarver. They opened Tarver-Stanford Pharmacy at that

time in its present location, on the west side of the square.

Mr. Tarver, since 1921, also has been actively engaged in farming. In later years he has been associated with his son, Gary Tarver, in farming.

He said that no plans have been made for the future. He will continue to be associated with Tarver-Stanford Pharmacy until Jan. 1, 1964.

A Druggist Since 1920

L. W. Stanford entered the drug business when he started to work here in 1920 at Clark & Williams Drug. In 1922 he became associated with C. C. Meacham, which continued for a period of 12 years. In 1934 he established Stanford Pharmacy in the building now occupied by Tarver-Stanford Pharmacy. He operated the store until 1948, at which time it was sold to Foote & Fowler.

In 1951 he formed a partnership with M. G. Tarver, and they established Tarver-Stanford Pharmacy, which they operated until it was sold Monday.

Stanford received his pharmacist's license in January, 1934, after he passed the examination of the State Board of Pharmacy.

He will continue with the firm until after the first of the year. He said no plans have been made for the future.

Mr. Tarver and Mr. Stanford yesterday expressed their thanks to the people of this area for the patronage which they have received, which extends back to the 1920's. The full text of their statement is published elsewhere in this issue.

Dr. and Mrs. J. A. Odom spent Thanksgiving in Lubbock with their daughter and family, Mr. and Mrs. Ney Hale.

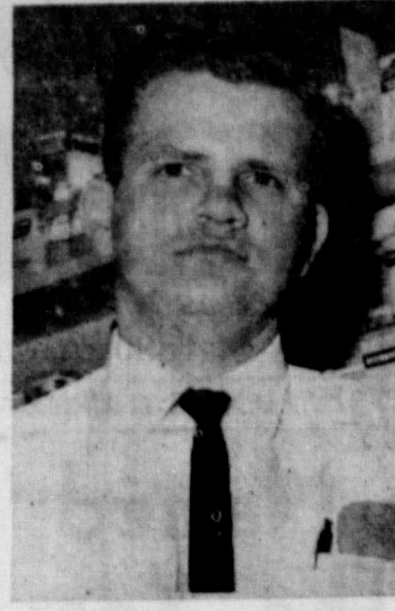

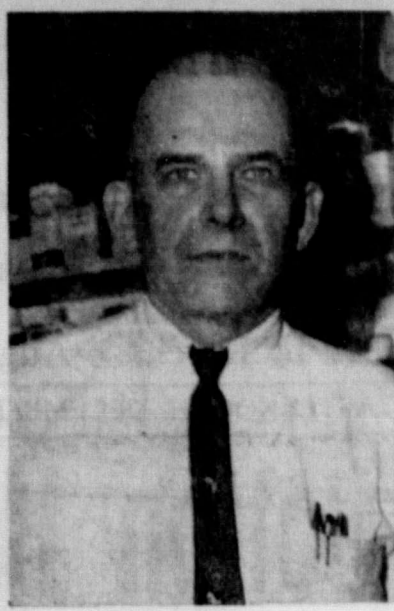

Mr. and Mrs. Johnny Petty of Hedley are the parents of a daughter born Nov. 22. She has been named Debbie Lafonda and weighed 6 pounds, 7 ounces.

Mr. and Mrs. Jimmy Braddock of Clarendon announce the arrival of a daughter, Jonjua Renee on Nov. 26. She weighed 6 pounds, 12 ounces.

Mr. and Mrs. Sammy Crawford announce the birth of a daughter, Mary Christine. Born Nov. 27, she weighed 5 pounds.

Born to Mr. and Mrs. Ray Don Powell of Amarillo a daughter, Millini Rae, on Nov. 23. She weighed 8 pounds, 8 ounces. Maternal grandparents are Mr. and Mrs. Ed Hutcherson.

Texas' Kissing Trees

Texas offers an added attraction to out-of-state tourists. An abundance of mistletoe seasonally is found growing among trees in both town and country.

This is a common sight to Texans. But to many out-of-staters, mistletoe is seen only at Christmas time . . . and then only in small bunches . . . bought at fairly high prices.

Mistletoe has a varied history. It was the instrument of death, in the form of an arrow, that was used to kill the Sun God, Balder, in Norse mythology. It also was known as a medical charm to Europeans who once carried it around for good luck, as well as a cure for ulcers, epilepsy and infertility.

But Texans and the rest of the nation seem to prefer the modern use for mistletoe—an excuse to kiss some fair lady.

Tour the Governor's Mansion

Near the entrance to the capitol grounds in Austin, you can see the white brick Governor's mansion standing just one block to the southwest.

As you approach the distinguished abode, with its well-kept lawn covering an entire block, you observe six huge Ionic columns prominently standing in front. These columns are made of cedar logs hauled from Bastrop, Texas, in 1856, when the mansion was built.

Upon entering the mansion, you see a spiral staircase rising at the back of the hall. Mounting the stairs you enter the mansion's most famous room—the Sam

Houston Room. Here you see the bed used by Sam Houston, the man who served Texas both as its President and as its Governor. In the same room you also will see the mahogany desk of Stephen F. Austin.

Of all the features of this great mansion, the Sam Houston Room is best remembered by its visitors.

Old Fort at Mexia

Mexia, a thriving little city in Central Texas, Limestone County, fast is becoming a business-minded, industrial center.

This is far removed from its history as an early oil-boom town. You can imagine what happens when an oil strike abruptly changes a town of 4,000 into a town of 50,000. That's what happened to Mexia. But things are stable and settled now.

Another site, with a stormy history, still stands nearby though—Old Fort Parker.

The Parker's young daughter, Cynthia Ann, was kidnapped by the Comanche Indians. She lived with them nearly 24 years and became the mother of Quanah

Funeral Services For Mrs. Loury Held In Sayre

Funeral services for Mrs. George Ann Loury, mother of John Loury, were held Wednesday, Nov. 27, at the Assembly of God Church in Sayre, Okla., with Rev. Moody Hicks officiating.

Mrs. Loury, a former Hall County resident, died Nov. 25 at her home in Sayre, Okla. She was born July 13, 1873.

Parker, one of the most noted Comanche warrior leaders.

Cynthia was recaptured by the whites but never was happy. She died in 1864, four years after her return to live in the white man's world.

Confederate Guns From East Texas

Eight miles west of Rusk, Texas, is the site of a former Confederate Gun Factory.

Built in 1862, the factory was unable to secure the materials and tools necessary to manufacture rifles. As an alternative it produced Colt-model pistols.

Now, all that stands is a marker that gives a unique postscript to the life of this Confederate gun factory.

"A number of Negroes were employed," says the marker.

Let It Not Happen Again

A unique title heads the memorial located some 23 miles northwest of Brownsville on U. S. Highway 281 at the southern tip of Texas.

A grim reminder of history, it serves notice to all Americans to be thankful for our blessings through times of world strife. And warns not to let history repeat itself.

Site is where Capt. Seth Thornton and 62 Dragoons were attacked by Mexican Troops.

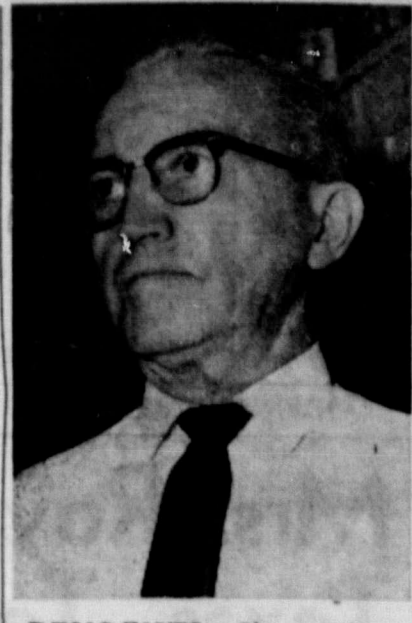

The thought provoking title reads: "American Blood was Shed on American Soil."

Indian Hotel?

Forty miles northwest of Amarillo in Oldham County is a strange hotel—the Pueblo Indian ruins. Ruins are located at Saddleback Mountain near Old Tascosa on the Canadian River.

Those old "hotel size" Indian ruins have 33 rooms at staggered levels.

Perhaps the forerunner of the multi-level homes of today, these hillside ruins have been a popular attraction for tourists since they were excavated in 1932.

DRUGGISTS—Shown above are L. W. Stanford (left) and M. G. Tarver (right), who this week sold Tarver-Stanford Pharmacy which has been in business in Memphis since 1926. The deal to sell the drug store was completed Monday.

Locals & Personal

Among Memphians who will be in Temple this weekend for the opening of the new Scott-White Clinic are Dr. and Mrs. J. A. Odom and Mr. and Mrs. J. Claude Wells.

LETTERS TO THE EDITOR

Paul and I want to express our deepest appreciation for the multitude of cards, flowers and the donations of money that have been sent our way, since the beginning of this illness.

We will never know all the names of the people who have sent contributions in order to help us through this time. We can't find enough words to express how grateful we feel toward our friends in Memphis and neighboring towns for their thoughtfulness.

Sincere appreciation goes to the men who have unselfishly donated their time to finish our home. Our home could never have been finished if these men had not done such.

Another thank you—to each person who has helped our children.

dren. Chrissy' fifth birthday was a lot brighter because of the many friends who just happened to bring a gift. The something extra for Paul, Jr., was very kind.

The many cards that Paul has received have made each day appear brighter.

The lovely flowers certainly cheer the room up.

The pastor and members of the Travis Baptist Church, the merchants of Memphis, and the Gen-

eral Telephone Company employees have shown extreme generosity and kindness.

We cannot say enough "Thanks for the Giving" that has been extended to us.

May God bless each of you. He has blessed us with a wonderful family and a host of friends.

Jerry Knight gave the invocation. Following the invocation the "Pledge of Allegiance" was given and "God Bless America" led by Vivian Maddox and pianist, Kathy Dale.

Jimmy Harrison gave the introductory speech. Noel Clifton then read a poem, "The New Age".

"Faith of Our Fathers" was sung. Scriptures were given by Larry Parks and Dawn Yarbrough. Mr. Glascock presented the Thanksgiving speech. He spoke on four main objects to be thankful for: our country, our school systems, our religious beliefs, and our families.

The decorations for the assembly were large stalks of maize on the side of the stage and in the center were varieties of vegetables and fruits flowing from a horn of plenty.

Mr. and Mrs. Clent Srygley were weekend visitors in the home of their daughter and husband, Mr. and Mrs. Jim Goldston and son.

Austin PTA To Meet Dec. 10

The Austin PTA will meet Tuesday night, Dec. 10, at 7:30 p. m., according to an announcement this week.

The topic for the meeting will be "The Family: Does Our Love Show?" As a special, Mrs. Stillwell's second grade children will present a playlet and songs. Mrs. Gayle Fowler, young art teacher from Estelline, and one of her pupils, 12-year-old Jan Hudlow, will be the special guests for the meeting. Mrs. Fowler now has art classes for children at Childress and Estelline. Jan, her star pupil, has paintings on display at Amarillo. Mrs. Fowler teaches realism, it was stated. She will display some of the work of her pupils and herself and plans to paint a pastel as she discusses technique.

A social hour will be enjoyed at the conclusion of the program. Parents and visitors are urged to come.

Travis News

Mrs. Stroehle's class at Travis has two new members of the class zoo, the newcomers are: a baby catfish and a small water snake. This third grade class also won the P.T.A. room prize for the top percentage of parents representing the class at P.T.A.

The hard-working pupils in this class studied thoroughly the story of Thanksgiving and saw films, read books and poems, and received several articles of historic interest from the colonial site of Plymouth.

In their study of fractions, the class "ate" their arithmetic. That is, each of the pupils brought a whole apple to class and there the pupils cut the apples into fractions in order to understand better the principles of fractional arithmetic.

Mr. and Mrs. Charles Lacy and daughter of El Paso and Mr. and Mrs. Kenneth Park and family of Holbart spent the Thanksgiving holidays here with Mrs. Helen Parker.

High School Thanksgiving Program Held

By Janice Pounds, Jimmie Ward

Bert Glascock was the speaker for the Thanksgiving program held Wednesday, Nov. 27, in the high school auditorium. He gave a very good address, students

Some of the high points of talk were: "This is our Thanksgiving Day program. Things are what Thanksgiving is. There are four things we have to be thankful for. The first one is our country. We have lawlessness, and civil strife, and perhaps wrong, but our country is the best. The assassination of

president was bad but we still are proud of being in America. The second thing we have to be thankful for is our home and family. You think your home are 'way outside'. They are not. It's sorta nice, though, have someone who doesn't understand you sometimes, someone go home to. Our educational system is the third thing we

be thankful for. Evaluate all school systems and ours is the best. Compared to Russia's system, ours is the better because they have no freedom. We are thankful for the superintendent, principal and the teachers. The fourth thing to be thankful for is religious liberty. In 1863 Pilgrims met to give thanks to God to be able to stay here and worship as they pleased. We

be thankful to God for a nation which won't allow for different religions. A man murdered the President, assassin, and he may get away with it. "For me, in my house, we stop and say thanks," he concluded.

Turkey and giblet gravy, bread dressing, cut green beans, cranberry and orange salad, ery sticks, sliced bread and

D. L. C. Kinard Is Speaker 1913 Study Club Guest Tea

Women's Society of Christ-
ianity met Monday, Dec. 2
at the Methodist Church

Club Hutcherson introduced
program and arranged the
meeting of men and wom-
en. Many foreign coun-
try slides were shown.

Methodist WSCS Meets Monday

Members of The 1913 Study
Club and friends enjoyed an arm
chair social at the
Methodist Annex building the
evening of November 21, when
D. L. C. Kinard shared with
the group that country last

year's program. "Our
Heritage From Sea To
Sea" with "A Jet Age
Latin America".
Kinard resumed her tour,
showing the high points of in-
teresting slides to a most
enjoyable audience. So clever
was the narration
that the slides that had actual-
ly been shown as if they had actual-
ly been shown, brushed shoulders
with people of the different
eras and learned first-hand
of customs and trades.

During the tour, refreshments
were served by the hostesses,
Betty Cook and L. G. De-
Bary. A tea table approp-
riately decorated with tapers,
and ceramic birds befitting
the season.
Many ladies enjoyed this
delightful entertain-
ment and were profuse in their
praise for Mrs. Kinard and the
1913 Study Club.

Gunstream was the program lead-
er.

Mrs. Lee Brown gave an infor-
mative talk on "The Racial Crisis in
the Methodist Church" by Astor
Kirk, a Negro, who is on the Board
of Christian Social Concerns of
the church. One provocative state-
ment was that the crisis of racial-
ism is upon us now. "It must be
dealt with in terms of positive,
affirmative action, taken in the
spirit that we are all one in
Christ," she said. From the Meth-
odist Human Relations Confer-
ence, 1963, Mrs. Brown stated that
this changing era calls upon the
liberality, the idealism and ded-
ication of youth so to condition
themselves that their children may
be reared in the enlightenment of
non-prejudice and an atmosphere
of freedom.

"The Woman on Center Street"
was a playlet of insight and sen-
sitivity toward a new understand-
ing of our task pointing up pro-
gress and failures in the realiza-
tion of goals set for better race
relations. The charter were: the
Woman, Mrs. F. W. Foxhall; the
timekeeper, Mrs. J. W. Coppedge;
the persisting one, Mrs. M. G.
Tarver; and the Transcender, Mrs.
R. S. Greene.

Mrs. O. M. Gunstream read the
Charter of Racial Policies adopted
eleven years ago by the Wom-
an's Division of Christian Service
telling their beliefs and what each
individual of the church will do.
The majority present voted their
approval of the charter.

Mrs. Mary Lou Erwin was the
leader for an impressive medita-
tion in the form of a responsive
reading concerning Christ's Com-
mandment of loving one another.
She closed with prayer.

Those present other than the
above mentioned were: Mmes. L.
G. DeBerry, Beas Crump, Guy Cox,
J. W. Oliver, W. J. McMaster, M.
N. Orr, J. B. Thompson and Rev.
Thomason's mother who is visit-
ing here.

Booker T. Washington, the Negro
educator, was entertained at
a luncheon in the White House by
President Theodore Roosevelt, on
October 18, 1901.

Atalantean Club Meets In Home Of Mrs. Williams

Mrs. Ralph Williams was hostess to members of the Atalantean Club at 3:00 p. m. Wednesday, Nov. 20.

Members brought gifts to the meeting to be given to the patients of the Wichita Falls Hospital. After the regular business session, a program befitting the season was presented by the program chairman, Mrs. L. E. Barrett, entitled "The first American, the Indian". The quotation for the day was "Savages we call them, because their manners differ from ours" by Benjamin Franklin. An Indian translation of the 23rd Psalm was given by Mrs. Robert Spicer. Miss Gertrude Rasco attended via tape recording with her piano rendition of "Indian Love Call". "Our Unpaid Debt" was presented by Mrs. O. M. Cosby, Jr. She stated, "Let's look at some of the facts. Most of the more than half a million American Indians are just as segregated now as they were 310 years ago when the white settlers began pushing them out of their tribal homelands. Most still live with other Indians, on or near reservations of Government controlled land. The average family income for the reservation Indian last year was just under \$1,500, which is far below even the slum area income of the whites. About 380,000 of the 550,000 Indians in the country are still on or near reservations. Most of them live in hovels, shantytowns, hogan or tar paper shacks. Few reservation homes have bathrooms or even running water. Ninety per cent of the housing is sub-standard."

There are about 290 regular Indian reservations in the country and an additional 35 pieces of land are occupied by Indians under government control. The largest reservation by far is that of the Navajos, comprising tracts of land in Arizona, New Mexico and Utah that total 15 million acres. The government is stressing the economic development of the reservations. Enterprises sponsored and financed by the tribes are being encouraged, too. Surveys are in

Mrs. Carl Woods Gives Highlights Of Colo. Trip

Mr. and Mrs. Carl Wood and children and Mrs. Kate Parks returned Saturday night after spending Thanksgiving holidays at Carbondale, Colo., visiting with Mr. and Mrs. Miles Parks, who are associated with the Crystal River Hereford Ranch.

"We drove through snow from Clayton, N. M. to Beuna Vista, Colo.," Mrs. Woods said. "The forest was beautiful with snow seemingly placed on each branch," she added.

While there the group enjoyed tours each afternoon to various points of interest. They visited the Brown Swiss Cow Ranch which belongs to a brother of the William Bros. Shaving Soap company and enjoyed seeing a coal mine which had an explosion 56 years ago. Because the fire could not be extinguished, the mine was sealed and signs of melted coal can be seen on the ground. The intense heat prevents any vegetation growing in that area, Mrs. Wood said.

Mr. Wood and Mr. Parks caught trout in the Crystal River and visited the Crystal Ranch Trout Hatchery. The hatchery had trout from 4 inches to 2 feet long, they reported. The large fish are kept for breeders. They are attempting to raise golden trout at the hatchery, they stated.

"Because of the inspirational scenery along the Redstone drive, many artists have built their ultra-modern homes with glass walls in this area.

"We visited the longest ski lift in the world which was especially fascinating to the children who saw very small children riding the

lift and skiing," Mrs. Wood said. "The irrigated meadows were a beautiful golden color at this season of the year. Many herds of Hereford cattle were grazing. Some Persian horses were seen.

Also many herds of deer. "Each evening a drive was made to admire the deer, groomed in their winter coats. We were impressed by their grace, swiftness, shyness and jumping ability. One buck was brought home.

"Seen along the road were coke ovens which were used many years ago. During World War I in Germany this type oven was used to burn the bodies of prisoners," Mrs. Wood said.

Continuing Mrs. Woods said, "Garlands of blue spruce draped the streets in Glenwood Springs, Colo. Each business firm had a blue spruce tree placed in the flag pole holder. Despite the four below zero temperature people were swimming in a two block long natural heated pool at a hotel located in the heart of this resort town.

"Several snow shoe rabbits were seen in the snow. During the winter months their coats are white to correspond with the snow. In the summer it changes to a color like the vegetation.

"We were presented with a charcoal painting drawn by Mrs. Mike Parks of the beautiful landscape seen through her dining room window. She is painting on a black mountain scene now," Mrs. Wood concluded.

Friends from Glenwood Springs and Carbondale were entertained Thanksgiving evening in the Parks home. Guitar and violin

Three Memphis Teachers Attend Math Workshop

Three Memphis teachers attended the Elementary Arithmetic Workshop held Tuesday, Nov. 26 in Wellington.

J. D. Wilson, supervisor of public school in Wellington, served as chairman for the session. Consultants were Mrs. Sarah Smith and Dr. Donald McDonald, Silver Burdett Pub. Co., Dallas.

"Reteach, emphasize new words, shift and make-over some of the things we have been doing describes the new methods teaching math," Mrs. Smith pointed out to the teachers.

"The modern language of elementary mathematics reflects new emphasis and a new spirit, rather than recent mathematical inventions. Modern teaching recognizes that words are but symbols for ideas, and that precise mathematical language contributes to greater mathematical understanding. Thus mathematical principals

music and singing was enjoyed by the group.

"We are especially proud of the Christmas tree we brought home with us," Mrs. Wood said. "We went into the forest and selected it ourselves from so many."

in 1891 by his father, the late R. R. Alexander and is the oldest business in Nocona. Mr. Alexander took over management of the firm in 1945.

He was a member of the Methodist Church and an honorary member of the Nocona Rotary Club.

Surviving are his mother, Mrs. R. R. Alexander; two sons, Neil of Fort Worth and Reece of Cleveland, Ohio; one brother, O. V. Alexander of Memphis; two sisters, Mrs. Walter Cready of Dallas and Mrs. C. W. Shropshire of Houston and 7 grandchildren.

on cotton reduced in grade because of Bark, Grass and Preparation. The bale will go into the loan on the basis of the grade shown in the grade box on the Form 1 or green class card, and a penalty of 1c a pound is assessed against the bale because of Bark or Grass. There is no penalty against a bale that is reduced because of Preparation, and it is eligible for the CCC loan on the basis of the grade shown in the grade box of the Form 1 or green class card. A Gin Cut bale, which reduced a bale 3 or more grades is not eligible in the CCC loan.

Statistical estimates showed very little change in quality compared with the week earlier. Thirty-nine percent of the cotton classified was white with 18 percent Middling. Sixty-one percent was in the Colored grades, with 35 percent Middling Light Spotted. The staple length ranged from 7/8 inch to 1-1/16 inches. Only 3 percent of the samples classed this week stapled 1 inch and longer. Ninety-seven percent stapled 31/32 inch and shorter, with 74 percent stapling 15/16 inch. It was significant to note that none of the cotton was classified as Wasty.

The predominant grade and staple length was Middling Light spotted, 15/16, with 26 percent. The micronaire readings were again slightly lower than the previous week, with 3.4 and lower reading 9 percent. Sixty-two percent of the readings fell in the grouping 4.0 to 5.0.

The market activity slackened some, with the sales amounting to 65 percent of that of the previous week. Average prices paid for the main qualities were: Middling, 15/16—30.75; Strict Low Middling, 15/16—29.70; Middling Light Spotted, 15/16—29.80; and Strict Low Middling Light Spotted, 15/16—28.95.

However, this month, the Guthries are giving up their bird farm and have sold their last two pheasants. The reason, Mr. Guthrie said, "the doctor doesn't want us out in the cold air this winter."

However, Mrs. Guthrie will continue with her directing of plays, the latest of which is the senior play, "The Man Who Came To Dinner," which will be presented a week from Monday night.

In this field, Mrs. Guthrie is recognized as one of the best, she works long hours, seeing that the students learn their parts, have proper staging, lighting, etc. She is never behind stage on the night or nights the plays are presented.

Mrs. Guthrie does not know how many plays, or pageants she has directed or help direct. "I used to direct plays for the American Legion," she said. The number would be close to 100, she estimated.

Mrs. Guthrie has done much toward bringing a clearer understanding of the use of the English language to the minds of her students, both past and present. College students, over the years, have relied upon her to help them with their projects, a task which she enjoys as much as her classroom work.

Gardenhire-McElreath Nuptials Are Read In Lakeview Methodist Church

Miss Edna Earl Gardenhire, daughter of Mr. and Mrs. O. E. Gardenhire of Lakeview, became the bride of Wayland McElreath, son of Mr. and Mrs. Ivan McElreath of Memphis, on Friday evening, Nov. 22, at the Lakeview Methodist Church.

Rev. Claude Nixon, pastor, read the marriage service before a nuptial space decorated with floor baskets of white gladioli. Only members of the immediate families were in attendance.

The couple's only attendants were Mr. and Mrs. Linton Gardenhire, brother and sister-in-law of the bride. Mrs. Gardenhire was attired in a pink knit dress complemented with matching accessories and a corsage of white carnations.

For her wedding the bride chose a gown of white lace and chiffon over taffeta. The chiffon skirt was attached to a fitted bodice of lace fashioned with elbow-length sleeves. Her shoulder-length veil of illusion fell from a white crown hat and she carried a bouquet of feathered carnations atop a white Bible.

Her only jewelry was a single

strand of pearls. She observed the traditional bridal custom of wearing "something old, something new, something borrowed and something blue."

Immediately following the wedding Mr. and Mrs. Gardenhire were hosts at a reception at their home.

A two-tiered wedding cake and fruit punch were served from an attractively laid table centered with the bride's bouquet.

The bride is a graduate of Lakeview High School and attended West Texas State University.

Marcene Stephens Becomes Bride Of Jimmy Don Molloy

Miss Marcene Stephens became the bride of Jimmy Don Molloy in a pretty candlelight ceremony on Sunday evening, November 24, at 6:30, in the First Methodist Church with Rev. J. B. Thompson reading the double ring vows.

Throughout the ceremony Mrs. L. G. Rasco played wedding music consisting of "Always", "Moonlight Sonata", "Ave Maria", "Melody Celeste", "Liebestraum", "Whither Thou Goest", "I Love You Truly", The Bridal Chorus by Wagner and for the recessional, Mendelssohn's Wedding March.

Mrs. Carroll Gardenhire sang "One Hand, One Heart", just before Denise Rice and Dickie Rich lighted the bridal aisle marked with votive candles, and white satin bows. Following the candlelighting, Mrs. Gardenhire sang "Because".

The altar was flanked with large arched candelabra with smaller candelabra on either side

holding tall tapers. Sunburst arrangements of emerald greenery and baskets of white gladioli completed the altar decor.

The bride is the daughter of Mrs. Mildred Jones Stephens of Memphis, and Elbert Marcus Stephens of Dallas; the groom is the son of Mr. and Mrs. Alvin W. Molloy of Lakeview.

Given in marriage by her father, the bride wore a traditional floor length gown of candlelight peau de soie designed with a scooped neckline and pleated chapel length train. Pearl encrusted lace trimmed the neckline and diamond shaped insets of lace trimmed the gored skirt. Her veil was attached to her fitted hat of candlelight peau de soie with lace medallions and white orandy roses encrusting with pearls. The veil was of the same candlelight in illusion, was dotted with pearls and ended at the top of the pleats in the wedding dress.

The bride carried a bouquet design featuring torreador styling of a cluster of white stephanotis and white butterfly roses, caught to white satin ribbon on a Cattley orchid.

Attendants

The maid of honor, Miss June Ward, and the bridesmaid, Mrs. Jerry Rice, carried bouquets of cascading fugi mums atop white satin rose petals and lemon leaves, to emphasize their identical dresses in blue-green iridescent peau de soie with bell short skirts, styled with soft pleats, wrist length sleeves and a scooped-square neckline, featuring a large rose of self fabric at the center waist line and a matching rose head piece.

Vicki Brumley was the flower girl. Miss Rise and Miss Brumley wore dresses identical to the bridesmaid. All of the bride's attendants were her cousins.

Roy Alvin Molloy and Tony Molloy attended their brother as best man and groomsmen. Chris Molloy, nephew of the groom, was the ring bearer.

The ushers were Bill Whitten and Lester Driver.

Mothers of the bride and groom wore corsages of Cattley orchids and the couple's grandmothers wore corsages of white carnations.

For going away the bride wore the orchid from her bridal bouquet. Her going away suit was a two-piece, wool knit in mauve and burgundy and her accessories were black.

Agricultural Outlook For 1964

Continued expansion in domestic demand for farm products and record-high exports are anticipated for 1964.

This was the prediction issued last week by the "Agricultural Outlook Digest," issued by the Economic Research Service, U. S. Department of Agriculture in Washington.

But a sobering thought for farmers is the following quotation from the Digest: However, dominant factors in the outlook for farm income include a sharp drop in income from wheat and a continued uptrend in farm production expenses. As a result, realized net farm income will be somewhat lower than in 1963; partially off-setting will be the continued downturn in farm numbers.

It was reported that prices received for most major commodities in 1964 are not expected to change much from 1963 levels, except for wheat. The value of U. S. agricultural exports is estimated at \$5.1 billion for fiscal year 1963. If negotiations for sales of wheat and other commodities to Communist Bloc countries result in large shipments, farm product exports in 1963-64 could rise to around \$6 billion.

The Digest points to the ever-increasing cost of producing farm products in the nation, as predicted in the report. The cost to the farmer has been creeping upward for many years, and he, in turn, must market his products at a higher price in order to remain on an even keel.

The report which points to the continued downtrend in farm numbers is one which is familiar to Hall County citizens, as they watched the total number of farmers decline. This has resulted in each farmer who continues "in business" being able to farm larger acreage. Modern multi-row equipment and mechanization have enabled these hard-working individuals to produce at a profit, in those years when weather permitted.

Another item included in the Digest report: "Domestic use of feed grains in 1963-64 year may go a little above the current level, due mostly to increased cattle feeding. Total disappearance probably will be around 3.4 million tons above the 153 million in 1962-63, with a small decline in stocks in prospect."

Regarding cotton, the county's number one cash crop, the Outlook Digest reported: "Despite the increased disappearance expected, carryover next August probably will be about 12.9 million bales, up 1.7 million from last August and the largest since 1956. The large crop this season is expected to more than exceed use."

This kind of report will be carefully weighed when county farmers vote in December on marketing quotas for cotton.

ANNUAL GUESSING GAME

ACROSS THE DESK

What Other Editors Say

What can we do for it now

All of us who have helped in any way to create the climate of hatred which set the stage a few days ago for the assassination of the President of the United States . . . either by actively fostering it or by passively permitting it to exist . . . must share, in some measure, the guilt of that terrible deed.

We who have smiled at ugly jokes about our leaders and our government, or let pass unchallenged vicious rumors about them, or permitted to flourish, unchecked, organizations which have attacked and berated them relentlessly and constantly attempted to undermine them . . . we who have permitted these things, or have given passive support to some of them, must share with the exter-

lists of right and left some of the responsibility for this final tragedy.

If fate chose Dallas for this tragic act, it was not without logic . . . for certainly the climate of hatred was deeply rooted in a city which had mobbed and spat upon the vice-presidential nominee and his wife only three years ago, which had attacked the nation's first ambassador and allowed him to be struck by placard-wielding pickets only a few short weeks ago, and which had harbored and made a hero of a discredited army general who makes a mockery of his nation's flag and dishonors its government.

But Dallas is not alone in its shame. This deed could have happened as well in the cities of Alabama whose citizens murder in-

nocent Negro children as they worship in church, and go unpunished; and whose Governor hurls public defiance at his President. Or it could have happened in Amarillo, whose newspaper has for years spewed forth a daily torrent of ridicule and abuse toward our President and our Government. Or it could have happened in scores of other American cities and hundreds of small towns where extremists of all breeds have spread their poison.

Perhaps we can again hold up our heads as Americans, free to criticize our government, but with respect and not with rancor; free to voice our objections, but submitting to the rule of law; and recognizing the power of the majority, but always respectful of the right of our minorities.

What can we do for our country? We can honor it, and love it, and respect the men whom we elect to guide it . . . and if we do this, perhaps John F. Kennedy will not have died for it in vain.

Texas Draft Call Is 667

The state draft quota for December call for 667 men, compared to 868 for November, Colonel Morris S. Schwartz, state Selective Service director, said Wednesday.

State draft calls, on the rise since August, when 552 men were requested, were much lower earlier in the year. The state quotas in July and June were 349 and 187, respectively.

The state quota of 667 for December is the Texas share of a national call for 13,000 men, all for the Army.

More than 3,000 men over the state will be called up for pre-induction physical and mental examinations in December, also, the state director of Selective Service said.

Local board quotas for the December call already have been figured and sent to the state's 137 local boards.

The December quota will be filled mostly with men who are volunteers under 26 years old and nonvolunteers ages 19 through 25. Most of them will be 22 years old.

No man whose draft board file reflects that he is maintaining a bona fide family relationship with a wife or a child or children will be selected in response to this call.

Hall County Soil Conservation District News

More and more farmers and ranchers in The Hall County Soil Conservation District are finding The Great Plains Conservation Program a faster way of solving conservation problems and making yields and income more dependable.

A farmer or rancher can apply a complete conservation plan at a stepped up rate. This gives him the best drought defense science and farmer-rancher experience has ever been able to work out for agriculture in the Great Plains.

The Great Plains Program is a long term contract from 3 to 10 years that guarantees cost sharing to complete a conservation plan. A farmer or rancher can get up to \$25,000 cost share help to complete his conservation plan and the minimum period is three years. Chances are some other program will fit your needs if the work can be completed in less than three years. Also a Great Plains contract can be modified to meet the changing needs and conditions.

The Great Plains Conservation Program is geared to the going program of The Hall County Soil Conservation District. It makes use of help from other programs, agencies and organizations at county, state and federal levels.

Some of the practices that you as a farmer or rancher might be interested in are the overseeding of soil bank land to native grasses, livestock water wells and storage facilities, cross fences for rangeland, reorganizing irrigation systems, shaping and seeding waterways, terrace and diversion construction.

There are 24 practices to insure or permit wise use of soil and water resources. If you are interested in The Great Plains Conservation Program contact the local Soil Conservation Service for additional information.

RENEW STUFFED TOYS

Little stuffed dolls and animals that children love to cuddle soon lose their new look. But it's easy to keep them fresh and clean. Only foam rubber stuffed toys... or toys firmly packed with cotton batting may go into the washing machine. To clean others, make a thick suds in the basin, swish the toy around or rub it lightly with soap suds, using a soft brush or sponge. Then rinse in clear water, shake well and pat dry with a towel.

"GIVE ME THE ROSES WHILE I LIVE"

This little song we heard in a lovely home in Texas, also in a church service, impressed us with words that should be spoken to loved ones and to dear friends, even in the mad rush of our present American way of life.

We so often regret at a time when human eyes are closed, when ears cannot hear what is said; is true the roses that are brought then are deeply appreciated by the family of a loved one or friends.

But O that the roses expressed

in words long, long ago, when perhaps a lonely person might have heard us say: "What a blessing—what a source of comfort you have been to me."

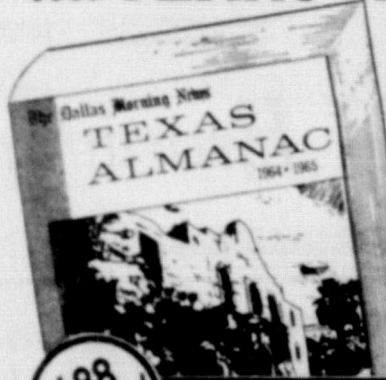

So speaking for Mrs. Cargill and for myself, will you at this Thanksgiving season and other times of the year, let our words of love and appreciation be as roses in full bloom from our little garden of life to all friends in Memphis, and across Texas? Yes, into your hearts while you are still enjoying roses in your lovely homes. May God bless you.

Panhandle Oil Plentiful
There are many areas in Texas where you can see Texas' fabulous oil industry in action. An excellent spot is in the Texas Panhandle.

In the short, 28-mile trip between Pampa and Borger, you'll find most all phases of his huge petroleum industry.

There are hundreds and hundreds of wells, not to mention re-

fineries, carbon black plants, other structures familiar to and gas production.

See so many facets of this industry in such a small area, it's hard to believe that the great influence and benefit this industry has been to the Star State.

By WALTER ROGERS
Representative, 18th

AMERICAN MUST HAVE THE SUNSHINE OF TRUTH

order to the Justice Department and Federal Bureau of Investigation to move with all dispatch to find the answers. Texas Attorney General Waggoner Carr ordered a Court of Inquiry. Here on Capitol Hill, a full-scale investigation by the Congress now seems assured. If these probes do not produce the truth, and all of it, the search must go on—and on.

There are so many, so very many unanswered questions. They are being asked by private citizens as well as by trained investigators and legal authorities. Surely we Texans have a vital stake in seeing that the truth is made apparent to all, whatever that truth may be. Our State pride has been damaged. There is a dark stain on the repute of one of our

CANDY by Tom Dorr

in which the vile distillate of sheer contempt could strike down our President?

Let Americans now study their heritage. The development of this country has been shaped by moderation—not by extremism. The Constitution itself was the product of moderation; in its formulation it represented the coming-together of ideas as to an establishment of government under which free men could live out their lives in liberty and justice. On the one bleak occasion in American history when the coming-together processes of moderation failed and differences remained unrecconciled, a bitter and bloody civil war resulted. In the century since then, our institutions of government were strengthened along with all other phases of our national life, and it seemed to most citizens—until that black hour of November 22, 1963—that We the People of the United States had formed a more perfect Union, had established Justice, had insured domestic Tranquility, had provided for the common defense, had promoted the general Welfare, had secured the blessings of Liberty to ourselves and our Posterity. The assassination of the President should demonstrate to all that the ideals expressed in the preamble of the Constitution remain unfulfilled.

Unless and until it is proved beyond all reasonable doubt, I cannot accept the theory that one single man, one solitary twisted extremist, one lone monster with a mail-order rifle could contrive by himself to bring death to President Kennedy and rattle the foundations of the government. We must learn with certainty all that lay behind this dreadful act.

As President Johnson said in his sorrowing Thanksgiving Day

message to America, "Let us renew our dedication to the ideals that are American."

The huisache is one of the earliest spring-flowering trees native to Texas.

CARD OF THANKS

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, food, and other kindnesses, we are deeply grateful.

principal cities. But the larger cloud is over America, and only the sunshine of truth can remove it.

The assassination of President John F. Kennedy was a crime of such unbridled vengeance that the Nation is still numb in unbelieving shock. That this could happen here! That an American President out among the people could be shot down, here, in the United States, in the mid-Twentieth Century! Why? Why?

John Fitzgerald Kennedy carried the burdens of his office with courage, intelligence, dignity, grace, and good humor. He was loved by the people, despite raucous calumny directed at him from the left and right fringes of politics, from persons who political positions are deep in the end zones instead of out on the field. Beyond considerations of his position as the Nation's Chief Executive, the tragic death of this young husband and father, whose family was such an inspiring example of decency, was a source of deep grief for his countrymen.

Let us not forget that the target of the assassination was all for which this country stands, that the bullets were aimed also at the institutions of freedom, of democratic government, of justice under law. We are living in a day when destructive assaults from extremists of every kind are made on our government. The unspeak-

able horror of the President's murder is bringing home to many Americans how poorly our country is served by the fury of hate and invective that has been heaped not only upon the President and his office but also upon our system of courts, the legislative process, and provisions of the Constitution itself. Did this disorientation from American fundamentals, I ask, help establish a climate

From The Depths Of Our Hearts
We Extend Our
SINCERE THANKS
To All of You

In a transaction which was completed Monday, Dec. 2, ownership of Tarver-Stanford Pharmacy was transferred to Sandy K. Parsons and Bill R. Lockhart. The men are now in charge of the operation and management of the drug store.

Words cannot express our feelings on this occasion, which ends a total of 80 years in the drug business for the two of us. As we look back through all the years—to the 1920's—we are remembering the hundreds . . . yes, thousands . . . who have been our customers and our friends. As we go back through our records, the realization comes to us again and again . . . to what we owe to the people of this community who have given us their patronage.

Our material progress has been made possible by your help. Our efforts in working for the progress and better health of this community have been with your cooperation and the understanding that we wished to serve to the best of our ability. At this time, as we

take care of the final details, we say to each and everyone of you a very sincere "Thank You."

Until Jan. 1, 1964, we will continue to be associated with the store, and invite our friends to visit with us here. After that date, our plans are indefinite.

We are glad that the new owners and managers of Tarver-Stanford Pharmacy are men of good character and reputation. Both are registered pharmacists and have the background and knowledge to operate a modern pharmacy and drug store. We know they will serve the health needs of our friends and neighbors in a manner of which we all will approve.

It is our wish that all our former customers continue to come to Tarver-Stanford Pharmacy for their prescriptions, health needs and drug sundries. The firm will continue to operate under the same name, and we believe the same conscientious attention to this business will be continued.
