Cyclone To Begin Second Half Play

The Memphis Cyclone got back into the winning column Tuesday night on their home court when they outscored the McLean Tigers 75 to 60.

The Cyclone completed the first half of play in District 2-A in fourth place, behind Clarendon, Wellington and White Deer.

The second half of the district playoff will get underway Friday night for Memphis when they play host to the Canadian Wildcats, the cellar team of Dist. 2-A.

McLean Game

Fans who did not attend the game Tuesday night missed one of the best second-half efforts the local squad has put forth this season. The first half saw the Cyclone trailing the Tigers 16 to 11 and 33 to 27.

But when the second half opened up, the Cyclone got its fast-break going, and captured the leading points in the closing seconds of the third period, 51 to 49.

In the last period, the Cyclone experienced a comfortable lead and went on to score another 24 points, giving the team a 48-point half.

Coach Milton Miller said the team hit 51 per cent of their field shots. High scorer, Jim Odum, who made 29 points, hit 12 of 24. Hoot Jones hit 8 of 16, Larry Helm hit 5 of 11 and Bobby Carroll hit 5 of 5. Carroll, a sophomore, had a good second half under the basket rebounding off both boards and hit 100 per cent of his shots from the floor.

Wellington Game

Coach Miller said the Cyclone had one of the best first-half efforts against Wellington last Friday and still trailed the Skyrockets 43 to 36 at halftime. The final

score was 85 to 62. Wellington hit 57 per cent of their shots and Memphis 33 per cent, Coach Miller said. The Skyrockets had five boys hitting in double figures.

The high point man for Memphis was Hoot Jones with 20 while Jim Odum had 18. Bill Spillman scored 18 for Wellington to be their high point man.

Records

At the close of the first half, Jim Odum is the leading scorer for the Cyclone with 110 points in five games for a 22-point average per game. Hoot Jones is second with a 15.4 average and 77 points. Carroll has a 9.6 average and 48 points. Larry Helm has an 8 average and 40 points, while James Waites has a (4-game) 7.5 average and 30 points. Waites was unable to play Tuesday night due to a light illness.

In the rebounding department, Waites has the best average, 10.8 per game, and a total of 43, based on four games. Bobby Carroll is second with 47 rebounds and a 9.2 average for five games. Larry Helm has a 7.4 average and 37 rebounds.

Next Tuesday night, fans will want to remember that the Cyclone travels to Clarendon to play the undefeated Bronchos on their home court.

In the only B team game play this week, the Memphis lads defeated the McLean team 41 to 36. Gary Rea was the high scorer for Memphis with 21.

Quitaque Teams Still Lead In District 12-B

Action continued this week in the playoff of District 12-B, and it looks like Quitaque boys and girls are in the driver's seat.

Last Friday night, Turkey and Lakeview split games at Lakeview and another district contest, Estelline and Matador split games.

In the Turkey-Lakeview boys game, Lakeview won the contest 68 to 80. The game was close all the way, with Turkey leading the first quarter 19 to 15, but Lakeview was leading at halftime 34 to 33. Lakeview grabbed a 10-point lead in the third period and went on to win. Kirby Hatley was Lakeview's high with 22 points, and Bob Case was high for Turkey with 23 points.

In the girls game, Ann Yates scored 11 points for Turkey to lead her squad to a low scoring 28 to 24 victory over Lakeview. Tommie Payne of Lakeview scored 11 points to be the high point scorer.

The Estelline girls won their game against Matador 49 to 34, leading the scoring in all quarters. Jane Helm was high point girl with 25, while Shelly Stevens, with 15, was Matador's high.

In the boys game, Matador won the contest 53 to 39. They led in all periods of play. Jodie Rapp was Estelline's high point man with 20 points, while Richard Crawford, ch., James Bray, Har-

H. E. Mullin Slightly Injured In Car Collision

Two pickups were involved in a crash at the intersection near the Shine Stephens home at Turkey Tuesday morning.

Hugh Huckaby was driving north while Horace Elmer Mullin was entering the intersection from the west.

Both pickups were slightly damaged. Huckaby was not injured, but Mr. Mullin was taken to Stanley Hospital at Matador where stitches were taken in a gash over an eye.

He was kept in the hospital overnight, but was released Wednesday morning.

Country Club Board Names Tuck President

The reorganization of the board of directors of the Memphis Country Club was completed this week and J. D. Tuck was elected president.

Elected vice president was James Bray. The board renamed Bob Brown to serve as secretary-treasurer.

The following committees were named for the coming year: Tournament: Dink Miller, ch., Jack Norman and R. E. Roark. Grounds and Greens: H. R. Crawford, ch., James Bray, Har-

The Board of Trustees of the Memphis Independent School District has obtained the services of the architectural firm of Rittenberry & Rittenberry of Amarillo to make a complete survey of the school district to determine the most economical solution to providing adequate facilities to meet Texas Education Agency requirements, it was announced today.

These services are provided by the firm at no cost to the school district, Superintendent of Schools Shannon Doss said.

Dr. Floyd Golden, Educational Consultant for the firm, is in Memphis this week gathering information which will enable him to outline two or three possible solutions for the School Board's consideration, Supt. Doss said.

Supt. Doss explained that it will be about a month before the report is ready for board consideration. At that time the Board of Trustees will begin studying which, if any, of the recommendations will be followed, he said.

Supt. Doss presented the program at the noon luncheon meeting of the Memphis Rotary Club Tuesday concerning the school's budget, and at that time he announced the hiring of the architect firm and introduced Dr. Golden, who was present. Dr. Golden is a member of the South Amarillo Club.

The Memphis board has met with several representatives of architectural firms during the past several weeks. They selected the Rittenberry & Rittenberry of Amarillo firm late last week at a special meeting.

Supt. Doss said that right now the board is interested primarily in the survey of the district, which includes all of the buildings, a projection of possible future needs of the district, and many other vital facts.

Farmers Receive '65 County ACP Handbooks

The 1965 Hall County ACP Handbooks were mailed to county farmers early this week it was announced by Lynn L. McKown, ASCS office manager, today.

The First National Bank of Memphis and the First State Bank of Memphis jointly paid the printing cost of the ACP handbook this year as they have done for the past 19 consecutive years as a

contribution to conservation farming.

Mr. McKown, in making the announcement, noted that the two local banks are the only institutions in the United States who have supported this program for 19 consecutive years. The Handbooks are mailed to all producers, landlords, and tenants in Hall County.

Warren Driver Is New Chamber President Here

The Memphis Chamber of Commerce and Hall County Board of Development directors elected officers at a meeting Monday afternoon.

Warren D. Driver was elected president of the organization, and Wayne L. Goodrum was named vice president. Kent Magness was elected board secretary, and Clifford Farmer was named manager.

These new officers will be installed at the 45th annual banquet of the organization on Feb. 15 in the Community Center.

It was announced that tickets to the banquet are on sale now and can be purchased from any member of the board of directors.

Memphis Lions Make Plans For Valentine Banquet

Members of the Memphis Lions Club will honor their wives with a Sweetheart Banquet on Feb. 11, Bill Jones, president, announced this week. This will be the first time for the Lions to honor their wives at a Valentine banquet.

The ladies will be in the spotlight and the theme of the banquet will be "Pictures of Loveliness." Wayne Goodrum stated.

All members of the club are urged to make an appointment with their wives and make plans now to attend what is expected to be a gala event.

Cub Scouts Have Successful Supper

The Cub Pack 35 pancake supper Saturday was very successful with approximately 500 attending, Cubmaster J. O. Dixon said Wednesday.

The Cub Scouts extended their thanks to the following firms for donations which made the supper possible: Davis & Scott, Super Save Mkt., Goodnight Grocery, Vallance Food Store, Lee Sausage Co., Pinkney Packing Co., Amarillo Packing Co., Morton's Foods, W. A. Smith of Borden's Milk, and W. E. Stinman of Goldsmith Milk.

B&P CLUB DONATION—The 100-pound Frigidaire Ice Maker, shown above, was recently donated to the Community Center by the Business and Professional Women's Club of Memphis. Myrtle Helm, president of the club, is shown above pointing out the supply of ice cubes that will always be ready for use with the new machine. The machine was purchased from West Texas Utilities Company at the special price of \$544.65 since it was going to be used for community service. Purchase of the ice maker was made possible through the sale of calendars and advertising last year.

Farmer Needs "New Look" Over Nation

With the completion of harvesting Hall County's 1964 cotton crop, interest is increasing among farmers, business men and interested and informed citizens in what the future will hold. The fact is being recognized by the majority that the profits from growing cotton in this county last year is the lowest we have seen for a long time.

The impact of this decline is being felt in all facets of the local economy. There is no cause for alarm, but the trend of declining prices for our No. 1 crop is causing much concern. This is as it should be. Complete information is being analyzed, and the undisputed fact remains: cotton growing is becoming less profitable.

This immediately brings an increased interest in the debate which is now going on in Washington on farm programs, especially those that directly affect this area. The utterances of everyone from Secretary Freeman to House and Senate members of agriculture committees, on to the spokesmen for this nation's great farm organizations are being heard. As usual, very few are in agreement.

In the background are the dominant number of city and urban Senators and Congressmen who are not directly affected by farm prosperity. They are the majority, and they will set the course of any 1965 program.

A not-new thought is being propounded, which our lawmakers will consider—if they want to face the facts—and place appropriations where they belong. It is simple, and should have been done a long time ago. The different departments should be charged with that part of the over-all program which directly goes to that part of the economy in which each operates.

In a Senate speech last week, Senator Aiken of Vermont gave some facts which the farming communities already know, but which should be passed on to the general public, especially the city dwellers. Among the facts he mentioned are the following:

Three out of 10 workers in industry depend on farms for their income; 6½ million workers on farms, 6 million produce farm equipment and supplies, and 10 million are engaged in transportation, storing, handling, processing and selling farm products.

Farmers last year spent over \$3 billion for tractors, equipment and trucks—three times as much as the steel and industry of this nation spent for new plants and equipment.

American farmers spent over \$3.3 billion for fuel, lubricants and maintenance. Sen. Aiken added: Let those who would trade off agriculture for petroleum markets abroad stop and realize that the best market is the American farm!

Spent many billions for fertilizer, lime, spray materials, tires, etc., which kept over 6 million employed.

Then the Senator got down to the facts by saying: "As to government spending for agriculture, what people ARE NOT TOLD is that well over half the costs CHARGED TO AGRICULTURE are in fact spent for the general public rather than the farmer."

The following were listed: Sales of surplus farm products for foreign currencies: \$1452 million for fiscal 1964. All costs were CHARGED TO USDA—but the proceeds went to the State, Defense and other agencies!

Emergency food relief abroad came to \$215 billion—also charged to the Agriculture Dept.

Payments to Petrans Administration and the Armed Forces for buying dairy products: \$45 million—charged to USDA.

Cost of School lunch programs came to \$227 million—charged to USDA.

Cost of Forest Service and other conservation programs for the benefit of the general public, \$512 million—charged to USDA.

Loans made by REA and FHA are charged as an agricultural expense. BUT, when repaid—WITH INTEREST—the receipts of several hundred million dollars a year are PAID INTO THE U. S. TREASURY—with no credit to USDA.

Another point the Senator made: "Cost of farm programs for stabilizing farm income for fiscal 1964 was \$3318 million compared to \$4608 million spent by USDA for benefits of CONSUMERS, BUSINESSMEN and the GENERAL PUBLIC. For fiscal 1965, the estimate is \$2221 million for farmers, and \$4565 million for the public. He pointed out that Sec. Freeman says that two-thirds of USDA spending is for the public.

The Senator added that "if Pres. Johnson is serious about cutting USDA budget, he can cut out cotton mill subsidy (\$300 million). Charge subsidy to Merchant Marine for transporting farm goods to Commerce Dept., where it belongs (\$215 million).

He added: "Charge military full cost of dairy products to Armed Services (\$45 million). Charge State Department for cost of farm products to promote good will and relieve want abroad (\$1250 million). Charge cost of school lunch program to HEW Dept. (\$500 million)."

The warning might be repeated: "If price supports are abandoned—an economic crisis will confront the United States."

The individual who is alarmed at the declining price received by farmers should re-read the above. We believe the facts will stand alone. But to influence legislation in this session of Congress, voices from this area must be heard in the form of letters to our representatives.

The trouble with a chronic borrower is that he always keeps everything but his ward.

Those things that come to the man who waits seldom turn out to be the things he's waiting for.

People who like to be waited on are the hardest ones to be cured of their ailments.

While some battle their way to the top, others bottle their way to the bottom.

It takes wise parents to know that their own child was as much at fault as the neighbors.

What Other Editors Say

Thoughts For Thursday

During World War II a cartoon character in the Saturday Evening Post became the symbol of wartime employees. "Hazel" became a by-word at home and abroad. She represents all those employees who would have been among the unemployed had there only been someone to replace them.

Everybody loves Hazel, like they love Dennis, the Menace. In real life, it is a different story. We all loathe the overbearing and arrogant employee, the one who takes advantage of a help shortage to get by with murder. We all loathe the undisciplined brat.

The war is over—but we have had a holdover of employees who have forgotten that all of us, in reality, are servants. Even the millionaire corporation president must display humility in the presence of a lowly customer who may be earning less than \$50 a week.

Customers often are unreasonable. They may be insulting, impossible, even dishonest. But, so far as a business institution is concerned, they are kings. They are the only things between it and bankruptcy.

The war is over—but we still have business representatives who indulge in the expensive luxury of "saying what they think," of arguing with a customer, of failure to show humility, of failure to show even accommodation if it means getting up off their fat fannies.

Of course, it is true that one sometimes has to bite his tongue. And blessed are those who do so rather than win an argument at the expense of a customer, those who make a customer feel about two inches tall just because he made an honest mistake, those who delight in embarrassing a customer.

Needed today are employees who have learned the fine art of humility—a God given virtue. Humility is not an attribute reserved for those who work on the lower rungs of the economic ladder. Humility is a virtue for the corporation president as well as the janitor. All of us serve, if we are worth our salt. And we must

serve with humility if we serve at all. The opposite of humility—pride—is one of the most despicable of all vices. It is the source of many troubles. It is listed in the Bible as one of three sources of all evil.

Pride breaks up friendships. It makes enemies. It destroys happiness. It limits service. It drives away customers. It makes sharp tongues. It is a liability no employer can afford to tolerate in an employee.—Tulia Herald.

Dolph Moten in The Bovina Blade: A Republican acquaintance of ours has commented that some of the things President LBJ administration is doing suit him and some of the don't.

"But I could say the same thing for my wife," he admitted.

We have contended for a long time that the most important elective office in any organization, be it civic club or church group, is that of the reporter. We get excellent cooperation from some efficient reporters, but others are delinquent about getting their news items in for publication. We wish to renew a cordial invitation to community reporters to write up and bring their reports to the newspaper office as soon as possible after the club meets. Thanks a lot.—Nai Estes in The Stanton Reporter.

Naturalists concerned about the decline in wildlife should get out and look around some night.—The Lamb County Leader.

One advantage in following the crowd in the saving of time which might otherwise be spent in stopping to read the road signs.—Douglas Meador in the Matador Tribune.

If the world seems to beat a path to your door, you probably have a pretty teen-age daughter.—Royce Brown in The Southwest Dallas County Suburban.

Draft Boards To Call 4,500 To Take Examinations

AUSTIN—State draft boards will forward around 4,500 males for Army mental-physical examinations in February, 2,644 of whom will be 18-year-olds, Colonel Morris S. Schwartz, state Selective Service director, said Tuesday.

These tests for 18-year-olds are the result of President Johnson's action in 1964 which ordered the Director of Selective Service and the Secretary of Defense to examine all newly registered men who are out of school and avail-

able for service. Males married at age 18 and those known to be in school at that age will not be examined.

Colonel Schwartz stressed that these youths will not be considered for the armed forces at this time. Normally, draft for service is about age 22.

Only 119 men are scheduled for induction in the month of February, compared to 229 for January. This is the lowest induction call since July 1964, when the quota was 119.

The state quota of 119 for February is the Texas share of a national call for 3,000 men, all for the Army.

Turkey Lions Meet Tuesday

The Turkey Lions Club met in the Fellowship Hall of the Methodist Church for their noon meeting Tuesday, Jan. 26. Fourteen members were present.

Boss Lion David Setliff was in charge of the business meeting, and received a report on the two committees. The committee in charge of light bulbs, which will be held Feb. 23, reported their plans. Also the Queens Contest committee reported their plans for the program scheduled for March 26.

George Setliff, deputy district governor, reported on the Mid-Winter Lions Club Conference, held in Borger Jan. 16 and 17. Mr. and Mrs. George Setliff attended this conference.

Gun Club Will Be Reorganized Sunday, Jan. 31

Members of the Memphis Rifle and Pistol Club were notified early this week that an organizational meeting will be held Sunday afternoon, Jan. 31. It will start at 2 p. m. at the club range, located on the east side of the Memphis airport.

In making the announcement, Doyle Morris, president, stated that plans will be made for activities during 1965, and new officers will be elected.

Members were urged to bring their guns. That some shooting matches will be held, provided the weather permits.

Mrs. Ralph Williams To Return Home This Weekend

Mrs. Ralph Williams, who has been receiving medical treatment in Baylor Hospital, Dallas, for several days, is reported to be improved.

Mr. Williams, who returned from Dallas Friday, stated that he thinks Mrs. Williams will be able to return home the latter part of the week.

MRS. BOBBIE RAY

Bobbie Ray Teaches First Grade In Japan

Mrs. Bobbie Ray, a resident of Palmdale, Calif., and daughter of Joe Barnett of Lakeview, is now teaching a first grade at the Tachikawa Annex in Tachikawa, Japan.

This is one of the many dependent schools operated by the United States Air Force in overseas areas to supply the educational needs of military families.

Mrs. Ray is a graduate of the North Texas University and received her bachelors degree in 1951, majoring in education. Her husband, John Ray, is the principal of the Green Park Dependent School.

Mrs. Ray and her husband have been in Tachikawa for the past two school terms and during this time have been instrumental in helping to establish the Tachikawa Southern Baptist Church, English speaking. The Air Force has been in existence for 15 years without a Southern Baptist Church being established. The church reaches out to the Japanese people, also. This is one of

Sam Ross Is At National RECA Meeting

The president of the Hall County Electric Co-Op., Inc., and his wife, Mr. and Mrs. Sam Ross of Flomot, are participating in the 23rd Annual Meeting of the National Rural Electric Cooperative Association (NRECA) in Miami Beach, Fla., this week.

They are among 8,000 rural electric members who are attending the meeting from nearly every state in the country.

Leaders from the Johnson administration, the Congress, and power resource, consumer and labor groups are taking major roles in the Miami meeting.

The theme of the meeting is "Rural Electrification — Today and Tomorrow."

Featured speakers include Senator A. S. "Mike" Manronney of Oklahoma, Thomas Kuchel of California, and Lee Metcalf of Montana; Asst. Sec. of Agriculture Dorothy Jacobson; Eric Serareid, national news correspondent for the CBS, and U. S. Representative John Moss of California and Leonard K. Sullivan of Missouri.

Nine other speakers along with 16 panel discussions are scheduled for the five-day meeting.

The NRECA is the national service organization for nearly 1,000 rural electric systems. The systems serve nearly 20 million people in 46 states on a non-profit, cooperative basis.

Mrs. R. E. Slough returned home last Sunday after spending the past week in Las Cruces, N. M., with Mr. and Mrs. Jimmy Dunn and Melissa and Melinda.

the seven English-speaking Baptist churches overseas.

During her stay in Japan, Mrs. Ray has been able to travel extensively and has enjoyed the sights and experiences encountered in a culture which is vastly different from that of America.

She has made many new friends, both American and Japanese, and is an outstanding representative of the United States.

WINNERS—Three winners were named in the Formal Division, Seventh and Eighth grade, at the annual MHS Beauty Contest Monday night. Miss Irene Foxhall, center, was selected by the judges as first place winner. Rhonda Davis, right, was second place winner and Donna Johnson won the third place ribbon. Runners-up were Karla Richardson, Vicki Rose and Pat Wilson.

V. D. McKee, Former Resident, Killed In Accident

Voda Davis McKee of Groom, 48, former Memphis resident, died Sunday afternoon of injuries suffered in a one-car accident eight miles north of Groom earlier Sunday.

Funeral services for Mr. McKee were held at 10 a. m. Wednesday in the First Methodist Church in Groom with the Rev. M. W. Reynolds, pastor, officiating.

Burial was in Fairview Cemetery with services under the direction of Spicer Funeral Home.

Born in Clarendon, he served in the Navy during World War II.

Mr. McKee had been a resident of Groom for the past eight years, moving there from Memphis where he lived for a number of years. He was an employee of the Groom Wheatgrower's Elevator.

Survivors include his sisters, Mrs. Opal Bufkin of Groom, Mrs. E. J. Mondrell of Mountain View, Okla., and Mrs. Carl Rose of Abernathy.

About Your HEALTH

Ten killers are at large in Texas. These killers aren't bandits or criminals—they are the ten leading causes of Texans' deaths. The ten leading killers account for a giant share of 82,692 Texans who died in 1963. The latest statistics released by the State Health Department categorize, profile and dissect the leading killers. Heart disease took the lion's share—one out of every three deaths in the State. National statistics also show the same leading cause of death. Cancer ranks second, taking 15 percent of the State's total number of deaths. Apoplexy—or stroke—is classified as the third most deadly, with 11 percent of the death total. Accidents, as the fourth leading killer, claimed 5,999 lives or seven percent of the total. Death due to accidental cause takes the largest percentage of lives for the age groups between one and 45. Disease of early infancy, fifth

Post Office To Begin Using ZIP Machines

Postmaster Gene Lindsey said today he has received word from Postmaster General John A. Gronouski in Washington, D. C., that a big "breakthrough" has now been made on electronic machines to "read" ZIP-coded addresses on mail.

"The Postmaster General said he expects to begin installing these sophisticated new machines in major post offices starting in about a year," the postmaster explained.

Mr. Lindsey said each machine will be able to sort, as well as read, in sequence, takes its toll—of course—below the one year mark.

Pneumonia ranks sixth in the line-up of killers claiming five percent of the deaths.

General arteriosclerosis, diabetes mellitus and congenital malformations are the seventh, eighth and ninth cause of death, respectively.

Suicide is the tenth leading cause of death. It first ranked tenth in 1958. Deaths from suicide increase in number each year.

The ten leading causes of death and other vital statistics are released yearly by the Health Department's Records and Statistics Section.

Rather than being cold impersonal statistics, these figures represent your friends, neighbors and loved ones. Take these facts personally, they are killers.

LETTERS TO THE EDITOR

Los Angeles, Calif.
Jan. 13, 1965
Mr. and Mrs. Claude Wells:
For weeks and months I have said to myself, says I, now tomorrow I am going to write to Claude for sure. Well, I have sorter got a good alibi. You see before Christmas I was so busy trying to get my letter off to Santa Claus and after I did get it off I must have given him the wrong address, because he didn't show up. Then after Christmas I had to get out my resolutions for 1965, but after working on it for three days I happened to think I hadn't used up my 1926 resolutions as yet.
Dora and I are getting pretty warm about coming back to Texas

next Sept. for your 75 year celebration. However, I don't feel like an old timer because Memphis was about one year old when we came there. The population must have been about one hundred and fifty souls and about two hundred horses, one hundred and fifty cows and at least three hundred pigs. Every time you opened a door a pig would run in the house. There were two saloons, two grocery stores, one dry goods store, one livery stable. I don't know if there is any one left since so many passed away lately. But if we do get there we know we will meet lots of our old friends.
I know Memphis has grown a lot since Dora and I were there four years ago. I am still hoping we can get some of our old Gold Medal Band boys to come as I sure would like to see them again. We want to thank you for your nice Christmas card and I hope you will stay well as I want to wrestle you about two rounds if I ever get there. I told Dora that

if we do go we had better start walking about April. I am not as pert as I was fifty years ago so it will take us more time.
Claude, we are going to move back to West LA the first of Feb. so I want to give you my new address, so after the first send the paper to 1621 Barry Ave. 90025, W La., as I don't want to miss Claude's Comments or 50 years ago.
Let me hear from you some time and stay out of the hospital. Lots of love to bth f yu.
Jett R. Fore
We are so thankful to know Claude is better. We can't stand to miss Claude's Comments. They are the very life of the Democrat. We are looking forward to a visit some time in the near future. I have retired from my job and am a lady of leisure. I can do more visiting.
Love to both of you,
Dora Fore

Editor, Memphis Democrat:
Enclosed is a two year subscription to the good old Memphis Democrat, the newspaper that makes a bright spot in my day each Saturday. I especially enjoy "Memories" and "Claude's Comments."
Although over half my years have been spent in Houston, the old ties from the home town of Memphis set stronger each year.
I finished at MHS in June of 1944 and with encouragement from Miss Ira Hammond, Mrs. Pansy Srygley, Dr. Henry Wilson and others, I entered nurses training at Memorial Hospital in September 1944. In 1947 with a

Mrs. before and an R. N. after my name I decided that Houston would be my home.
My husband and our four children and I look forward to a trip to Memphis each year to visit with friends and relatives. My mother and a sister and a brother and their families still live in Memphis. It's always great to go "back home." Keep the issues coming.
Sincerely,
Margie Chappell Trahan
Miss Sarah Beth Montgomery left Wednesday for Wichita, Kans., after enjoying a weeks' vacation here with her parents, Mr. and Mrs. Joe Montgomery. Sarah Beth is a student at the University of Kansas.
Mr. and Mrs. John Clark and family of Richardson visited here from Thursday until Sunday with her parents, Mrs. R. E. Clark and Mr. and Mrs. Henry Hays, and other relatives. Mr. Hays accompanied them home for a visit on Sunday.

Snider-Moore Nuptials Are Read In Pretty Church Service

In a double-ring ceremony solemnized at 7 p. m. Friday, Jan. 22, in the Travis Baptist Church, Miss Linda Jane Snider, daughter of Mr. and Mrs. L. B. Snider of Memphis, became the bride of Conny Mack Moore, son of Mr. and Mrs. J. R. Moore of Lakeview.

Rev. Clarence Tedder pastor of the Lakeview Baptist Church, read the nuptial vows before an arch entwined with greenery and centered with a large white satin bow and wedding bells. Flanking the arch on either side were branched candelabra holding lighted tapers and floor baskets of white gladioli. The pews were marked with white satin bows.

Nuptial selections were provided by Mrs. Gloria Wilson, organist, and Mrs. Carroll Gardenhire, vocalist who sang "I Love You Truly" and "Always." Mrs. Wilson played the traditional wedding marches for the processional and recessional.

Attendants

Miss Catherine Ivy and Mike Mitchell of Quail served as candlelighters.

Miss Mary Snider, sister of the bride, was maid of honor and bridesmaids were Misses Gayle Widener and Minka Sims.

The female attendants wore identical dresses of royal blue peau de sole with matching shoes. The dresses were fashioned with fitted bodices and bell skirts. They wore matching headpieces with short veils and carried bouquets of white carnations.

Bobby Andrews of Childress served as best man and groomsmen were Gary Brown of Groom and David Brown of Groom. Ushers were Douglas Peters and Jack Hawkins of Higgins.

Given in marriage by her father, the bride wore a floor-length wedding gown of white lace fashioned with a fitted bodice, sweetheart neckline and long sleeves which tapered to points over the hands. Her finger-tip veil of illusion fell from a pearl crown and she carried an arrangement of feathered carnations showered with picot ribbon and pearl hearts atop a white Bible.

She observed the tradition of wearing "something old, something new, something borrowed and something blue, and a penny in her shoe." The something old and borrowed was a lovelier belonging to her maternal grandmother.

Mrs. Snider chose for her daughter's wedding a beige brocade dress with matching hat and

MRS. CONNY MACK MOORE

brown shoes. Mrs. Moore was attired in a two-piece crepe dress with black accessories. Both wore corsages of white carnations.

Reception

Immediately following the wedding, Mr. and Mrs. Snider were hosts at a reception in the church parlor.

The bride's table was laid with a white net cloth over blue and centered with an arrangement of blue iris and white chrysanthemums. The bride's cake was decorated with white roses and blue daisies. Punch was served with the cake.

The groom's table was laid with

a white net cloth over blue and centered with the attendants' bouquets. Chocolate cake and coffee were served at the groom's table.

For a wedding trip to Amarillo, the bride chose for travel a blue wool two-piece suit. She wore a white scarf at the neck and the corsage from her bridal bouquet.

The newlyweds will make their home at 710 1/4 North 11th Street, Memphis.

The bride is a senior at Memphis High School where she will

continue her studies. She is a member of the Memphis Cyclone Band, National Honor Society, Future Homemakers of America and an officer for the past two years; member of the Thespian Society and honor librarian.

The groom is a graduate of Lakeview High School where he was valedictorian of his class. He is now attending Clarendon Junior College where he majoring in pharmacy. In high school, he was a member of the Future Farmers of America in which he was a Lone Star Farmer, member of the football squad for four years serving as captain of the team for two years. He was voted the "Boy Most Likely to Succeed."

Blue Bonnet Needle Club Enjoys Anniversary Luncheon Friday

The beautiful ranch home of Mrs. Sally Reeves was the scene of the annual anniversary luncheon of the Blue Bonnet Needle Club on January 22.

Members brought dishes and the bountiful meal was served buffet style from the dining table which was covered with a beautiful pink linen cloth. A decorated cake served as the centerpiece. The cake is always baked by a member, Winnie Johnson.

Guests were seated at foursome tables decorated with blue ribbon streamers and table vases of blue corn flowers.

The invocation was given by Margaret Phillips.

After the luncheon, the club held a business session. The outgoing president was presented a lovely gift.

Delphian Club Has Federation Program Tuesday

The Delphian Club met Tuesday, January 18, at Odum's Restaurant with Miss Maud Milam as hostess. The annual Federation Day program was observed at this time.

In introducing the program, Mrs. C. D. Morris referred to the theme for the year, "Tools For Progress," and stated that the topic for this day was "Meters—To Measure the Strength of Federation." She read a quotation from Pope: "Order is Heaven's first law."

Mrs. R. H. Wherry read Mrs. Dexter Arnold's adaptation of Mary Stewart's Club Collect for Women. Mrs. Arnold has added an appropriate scripture reading for each section of the prayer.

The work of Federation is carried on through eight departments,

each of which has several divisions. Each administration makes changes and additions to requirements and methods. Federation Counselor, Mrs. Henry Hays called attention to those new plans in the latest issue of Texas Clubwoman magazine.

The work of Federation was presented by a panel composed of the chairman of each of the eight departments. Their subject was "The Know How of Federation." Each chairman sought to present the work of her department in such a manner that others would have a better understanding of its work and function.

The Conservation Department was represented by Mrs. Roddy Bice, speaking for the chairman, Mrs. Keith Cunningham, who was unable to attend. Mrs. Bice read an article, "The Beatitudes of Conservation." This department has four divisions, and the Delphian Club has activities in several of these.

Mrs. C. D. Morris, Education Department chairman, brought pertinent information concerning each division of her department and mentioned legislation which is pending concerning some of them.

In the absence of the Fine Arts Chairman, Mrs. Lynn McKown,

her report was read by the Federation Counselor. The report contained the attainments of the Delphian Club in the six divisions of this department.

The Home Life Department chairman, Mrs. Henry Hays, presented the five divisions of this department and mentioned the activities of the club in each.

Chairman of the International Affairs Department is Mrs. W. C. Dickey. This department has eight divisions, and Mrs. Dickey pointed out the areas in which the Delphian Club has participated this year.

The Public Affairs Department has eight divisions, of which Miss Maud Milam is chairman. The chief activity in this department this year is in the club co-operating in the Woman's Forum in the Community Improvement Contest, for which it received a citation of merit. The project entered was the Community Building.

The Texas Heritage Department is one of the most interesting departments and is the largest, having 11 divisions. Mrs. F. A. Finch is chairman, and she indicated a number of attainments in this department and offered suggestions for additional tours, etc.

Mrs. Neal Hindman, chairman of the Co-ordinating Agencies, announced that one of the changes of this administration was that the eight divisions under this department have been incorporated into other departments and that it no longer functions as a separate department.

Mrs. Mildred Stephens, Council of International Clubs Department chairman, brought timely information concerning her department. The aims of the Council are to promote understanding between clubwomen around the world; to promote and extend GFWC program; and to encourage voluntary community service on local and global levels. This department came into being in 1948 and is approaching its Diamond Jubilee of Service for Freedom and Growth. It is composed of 161 clubs in 55 countries.

Delicious refreshments were served to Mmes. J. W. Stokes, W. C. Dickey, J. S. McMurry, F. A. Finch, Mildred Stephens, C. C. Hodges, Betty Shanhan, Roddy Bice, Bill Lockhart, Joe Bob Browning, R. H. Wherry, Henry Hays, O. R. Goodall, Neal Hindman, C. D. Morris, Sim Reeves, and the hostess, Miss Maud Milam.

SANTA ROSA CONVENTION—Mrs. W. Baxter Johnson of Crowell (center), president of Santa Rosa District, TWFC, was in Memphis on Wednesday of last week to meet with the local chairman and vice-chairman to complete plans for the spring convention held in Memphis on April 1 and 2. Mrs. L. C. Martin, pictured to the left, is secretary while Mrs. D. L. C. Kinard is vice-chairman.

da Snider Is Power Honoree

inda Snider, bride-elect of Mack Moore, was with a lovely pre-nuptial shower on Saturday evening, Jan. 16, at the Community Center. The bride-elect's chosen color

of blue and white were carried out in party decorations.

Guests were greeted by Mrs. Don Carmen and presented to a receiving line composed of the honoree, Miss Snider; her mother, Mrs. L. B. Snider, and Mrs. Raymond Moore, mother of the groom-to-be.

Refreshments were served from an attractively appointed tea table. Miss Pat Durham served punch from the crystal service. She was assisted in serving by Mrs. George Miller.

Other members of the house party included Miss Gayle Widener, Miss Katherine Ivy and Miss Sarabelle Houston.

Miss Mary Snider, sister of the bride-to-be, presided at the register to secure signatures of the guests.

Hostesses for the courtesies were Mmes. Les Sims, Mable Lavender, Bill Jones, L. J. Kennon, Mona Robertson, Sarah Kilgore, C. J. Wynn, Jr., J. W. Parnell Club Meets In Regular Session Wednesday

The Parnell Club met at the clubhouse Wednesday, January 10, with 17 members, one visitor, and three children present.

After the club was opened with "The Lord's Prayer," led by Bettye Ferrel, the devotional was given by Lena Hill. Roll call was answered with "A Riddle." The minutes of the last meeting were read by Clessie Jouett, who substituted for the Secretary Leona Burk, who was absent. The club reported 23 sick visits. The club was dismissed by Lena Hill.

Iced pops and homemade candy were served by Lucile Cope and Dorothy Damron to the following: Anna Bell Boney, Dorothy Braidfoot, Nell Burk, Doris Bruce, Lucile Cope, Dorothy Damron, Nelda Ferrel, Bettye Ferrel, Cordye Hood, Lena Hill, Irene Hood, Clessie Jouett, Bessie Lathram, Bertha Morehead, Gussie Mothershed, Opal Winn, Roxie Oreutt; one visitor, Mrs. Nelda Askey; and three children, Donna Ferrell, Shane Headrick, and Eddie Wayne Braidfoot.

Rep. Heatly Is Assigned To Four Committees

State Representative W. S. (Bill) Heatly was named chairman of the Appropriations Committee of the House Monday morning when committee assignments were announced. This is the third consecutive time the Paducah lawmaker has been named to head the committee, and the first time in the history of Texas that a member of the House of Representatives has received this particular appointment.

At the same time, Rep. Heatly was named to membership on the Revenue and Taxation Committee, the Judicial Redistricting Committee and the Labor Committee of the House of Representatives.

After the committee assignments were made Monday morning, Rep. Heatly immediately introduced an appropriation bill amounting to \$3 1/2 billions. His committee started hearing on the appropriation bill at 8 a. m. Wednesday morning, which will be conducted for several weeks.

Tax Man Sam Sez

Every year the good tax folks complain that thousands of taxpayers send in their tax return without getting all their W-2's. In past years, a few taxpayers have sent in a new form 1040 or 1040A every time they receive a new W-2 from one of their many employers. You can't file but one time. It's what you made on all your jobs for the whole year instead of each job. Resides—In-

ternal Revenue fusesat you if you don't do it right.

Seeking God

"With my whole heart I seek thee; let me not wander from thy commandments."
Psalms 119:10

With each new day, we should give thanks for all that we have and seek new ways in which to show our appreciation for the goodness of God.

We should remember always the commandments of God, and follow them, as a guide line to a better tomorrow.

We enrich our own lives and the lives of all those about us when we live according to the will of God. Each day dawns brighter, the world is a better place in which to live.

Faith and Christian-living can help you in many ways, and will aid you to see the true worth of all things.

FIND THE STRENGTH FOR YOUR LIFE.

of countering aggression with appropriate force from ballistic missiles to guerrilla bands.

Supporting our defenses at this level of preparedness costs approximately half of all the money we Americans pay in taxes. But Congress and the country know that our security and continued sovereignty depend on vast military expenditures—and will for the foreseeable future. As the President said, "... We—and free men everywhere—have proved preparedness to be 'the most effectual means of preserving peace.'"

Our defense dollars are to be spent, according to the President's plan for the next fiscal year, on further increases in missile strength as well as further technological improvements and research and development. Major new developments to begin include these: A new missile system, the Poseidon (with double the payload of the Polaris), to increase the striking power of our nuclear submarines; new payloads for strategic missiles; a new short-range attack missile, the SRAM; improved ability to concentrate U. S. military power rapidly, by expanding airlift and sealift capability and increase the amount of prepositioned equipment; stepped-up efforts to protect our people, cities, and industry should a war be forced upon us; and continued research and development into systems providing protection against missile and bomber attacks.

We all know that the United States is the leader of Free World forces arrayed against a treacherous enemy. International Communism may be deterred from

overt aggression by the knowledge of America's military might, but despite serious problems created by ideological differences the Red-dominated nations are bent on world conquest by whatever means they determine will succeed. Thus, the struggle involves more than military might. The moral and economic vitality of Freedom will continue to be tested.

Gilliam Receives Special Award In Tex. 65 Program

Gordon S. Gilliam, local agent for Southland Life Insurance Co., has been awarded the "Texas 65 Trophy" for his service to senior citizens of Texas through the Texas 65 Health Insurance program. The announcement said that Gilliam was one of 21 agents throughout Texas to enroll over 50 citizens in the Texas 65 program during the first two open enrollment periods to qualify for the special trophy.

Another open enrollment period for Texas 65 is expected to be conducted during 1965.

Suetta Lemons, Kay Wines, Bill Jay Pounds, Sue Pounds, Janice Pounds, Jone Ward, Noel Clifton, Jimmy Harrison, and Jerry Burnett were among the students attending West Texas State College who were home between semesters to visit with their families.

YOUR COUNTY AGENT SAYS

Soil Needs Care for Top Production

Good soil management practices and well-adapted cropping systems provide the basis for continued prosperity in agriculture.

However, those who depend on the soil for livelihood sometimes become careless with this valuable resource, and this can prove costly, says W. G. Hooser, Hall County Agent.

Organic matter plays a prime role in keeping soil in good physical condition, points out the county agent. It insures a good population of beneficial soil bacteria, aids in water penetration, improves the soil's structure and water storage capacity, and adds nutrients and humus.

Since many Hall County soils show deficiency in nitrogen and phosphorus, and fertilization is essential to insure maximum yields and higher production, Hooser advises a soil test to determine the amount and type of fertilizer needed.

Crop rotations can also aid in improving soil productivity and high residue crops tend to boost any rotation program. Legumes supply nitrogen to the soil, while both legumes and grasses provide organic matter and grazing. Legumes, however, require adequate levels of soil fertility if they are to thrive and give top production. Almost every farm operator follows some type of soil manage-

ment or cropping plan, though sometimes unconscious of the fact. For a prosperous 1965, develop a good production plan and carry it out, says the county agent.

Visiting in the T. J. Brock home over the weekend were their grandson and family of Bakersfield, Calif., Mr. and Mrs. Jack Wheeler and son, Frank. The Wheelers also visited in Dallas with his sister, Thelma Fagan and in Amarillo with his brother, Bob Wheeler.

Robert Gardener, who is a student at Texas Tech College, Lubbock, visited here between semesters with his parents, Mr. and Mrs. L. F. Jones.

Meeting Here On Herbicides Set For Monday

Farmers of the Memphis area were invited this week to attend a cotton herbicide meeting here Monday night, Feb. 1.

The educational meeting is being sponsored by Omer Hill Elevator. It will be held in the Agriculture Building, and will begin at 7:30 p. m.

A representative from the company furnishing the herbicide will be here to explain full details, according to Omer Hill. Coffee and doughnuts will be served to all who attend.

First U. S. Postal Card was issued on May 1, 1872.

I am proud to announce that I have been awarded the "TEXAS 65 TROPHY"

... for my service to the senior citizens of Texas through the Texas 65 Health Insurance program. Another enrollment period for Texas 65 will be conducted during 1965. Watch for announcement.

Quitaque Teams—

(Continued from Page 1) Campbell had 15 for Matador. Tuesday night, Quitaque and Turkey battled, but when the two games were over, Quitaque still came out victorious. In the Turkey-Quitaque girls game, only one point separated the two teams when the game ended, 37 to 36. Turkey girls overcame a first quarter deficit of 14 to 8 in the second period to lead 20 to 15.

mie Payne with 11 and Kirby Hatley with 14. Matador's high scorers were Carol King with 10 and Tim Green with 13. Also Tuesday night, the Estel line and Flomot teams split contests. The Estel line girls, led by Cheri Rapp, with 18 points, defeated the Flomot girls 52 to 22 in the first game. In the second, Flomot took a nine-point victory from Estel line boys, 60 to 51. Ronald Mullin with 16 points was Estel line's high.
