## County Students Make Plans For Region One Competition

### UDC Chapter Plans District Meet Here

The Winnie Davis Chapter, United Daughters of the Confederacy, will serve as hosts for the annual District 9 meeting at the Community Center Friday, April 23. Delegates and members from Wichita Falls, Odessa, Lubbock, Plainview, and Amarillo are expected for the one-day session, Mrs. Herlie Moreman, chapter president, stated.

### Spring Pre-School Round-up To Be Held On May 5

The annual Spring Round-up Day for all children who will be in the first grade in the Memphis Schools next fall will be on Wednesday, May 5.

Those children who will attend Austin Elementary School and those which will attend Travis Elementary School will meet in the Travis Cafeteria at 10 a. m., it was announced. This will be a general meeting, and the students will adjourn to their respective buildings from the Cafeteria.

Students who will attend the first grade at Morningside School will meet at the Morningside School for their orientation period. Additional information will be mailed to parents of all pre-school six-year-olds who are on the census rolls.

Those families who have moved into the Memphis Independent School District since Feb. 1, 1965, and who will have children in the first grade next fall, should call Superintendent Doss's office, and leave their names and addresses, in order that they may be contacted for further information.

There will be a large number of Hall County school athletes and scholars attending the Region One spring meet at Texas Tech in Lubbock this weekend and many carloads of spectators are expected to accompany the participants.

As was reported last week, Memphis, Estelline, Lakeview and Turkey qualified several students to compete in the Region One Track and Field, Literary, Tennis and Golf competition to be held Friday and Saturday at Lubbock.

As an added attraction, the Red Raiders' intra-squad football scrimmage in Jones Stadium has been set for 3:30 p. m. Saturday and no admission is being charged.

Track and field competition gets underway at 9 a. m. Friday with Conference B field event preliminaries and finals. Conference A starts their preliminaries at 10:30 a. m.

Running event preliminaries for all conferences will be held at 1 p. m. Friday. Conference A field finals will be held at 9:30 a. m. Saturday, and all running finals will begin at 1 p. m. Saturday.

Admission for the running event in Tech's track stadium will be 50 cents for students, \$1 for adults.

Tennis gets started at 8:45 Friday and continues through Saturday.

Golf will be played at Meadowbrook Golf Course all day Friday.

**Memphis Entries**  
Memphis will send the largest track team to region in several years. Jack Stargel will compete in the 100 and 220-yard dashes. Hoot Jones will run in the 440-yd. dash. Jim Odom will run the 120-yd. high hurdles, and John Lemons will throw the discus. The two relay teams will also compete.

One of the members of the 440-yd. relay, John Ferrel, will not be able to compete, as he underwent surgery yesterday. Dannie Peters will run in his place. Other members of the team are Jack Stargel, Hoot Jones and Jim Sturdevant.

## Peace Officers From Four States Expected In Memphis At Meet Thurs.

Approximately 150 members of the Panhandle Police Communications Association will gather in Memphis for the spring meeting on Thursday, April 29. Their host will be Hall County Sheriff Elmer Neel.

Sheriff Neel said the program will get underway at 9 a. m. with registration, and Claude Wilhite, president of the association, and the board of directors have lined up a very interesting program. Expected are law enforcement officers from Texas, Oklahoma, Kansas and New Mexico.

The invocation and welcome address will begin the meeting at 10 a. m. Thursday in the Community Center. Minister Tom Posey of the Christian Church will give the invocation and Mayor H. J. Howell will deliver the welcome address.

President Wilhite will preside over a business meeting from 10:15 to 10:30. At 10:30, Carl Yancey of Memphis, division sales manager of General Telephone Co. of the Southwest, will give a

telephone interview with NORAD. At 11 a. m., Frank Bland, emergency operations control officer of the Texas Department of Public Safety, of Austin, will give a 30-minute program.

Jimmy Stathis, regional supervisor of Lubbock DPS, will round out the morning program.

A noon luncheon will be served to those attending the meeting and will be served by Mrs. Barber and the other women who serve the Memphis Lions and Rotary Clubs, Sheriff Neel said.

The afternoon session begins at 1:30 with Bob Lester, Commissioner of Oklahoma DPS, presenting a 30-minute report.

From 3 to 3:15 p. m., Dan Combs of Oklahoma DPS, will give a demonstration of fast draw. Sheriff Neel said he was possibly the best fast draw artist in the Southwest and this should be most entertaining.

The final portion of the program will be delivered by Wayne Spencer, Don Andrews and Bill (Continued on Page 8)

## Funeral Services For Matthew C. Allen Held Wednesday In Community Center

By BILL COMBS  
Wednesday was a warm spring day in Memphis, but most of the normal activity in the business districts and elsewhere came to a standstill during the afternoon at the request of Mayor H. J. Howell's proclamation to close the city

down in honor of the funeral services of Memphis' outstanding citizen, M. C. (Suzy) Allen.

Flags at the Community Center and the Fairview Cemetery were lowered to half mast early in the day. The largest auditorium in Memphis, the Community Center, was selected as the scene for the funeral services, set for 2:30 p. m. Wednesday, and over 500 persons assembled.

Floral arrangements covered the entire stage and front portions of the auditorium, and the service was conducted by Minister Tom Anderson of the Church of Christ and Minister Tom Posey of the Christian Church.

Burial was in Fairview Cemetery in the Allen family plot, under direction of Spicer Funeral Home.

Residents in Memphis and the surrounding area were stunned Monday when word spread that Matthew Cartwright Allen, 59, had died suddenly in his home, shortly after 1 p. m.

A prominent community worker who had devoted years of his life to civic improvements in this area, and to the management of Memphis Compress Co., M. C. Allen was twice selected outstanding citizen of the year (1963 and 1965) and named a Community Builder in 1957.

He served many terms on the Memphis School Board of Trustees and the City Council, as well as serving as president of the Memphis Volunteer Fire Department. He was a member of the Memphis Lions Club, a past director of the Southern Compress Assn., and at one time he was selected an alternate delegate to the National Compress Assn. convention. Allen served for many years as a director of the Memphis C. of C.

M. C. Allen was born on July 9, 1905, in Terrell. He attended the Terrell Public Schools, Terrell Preparation School in Dallas, and Missouri Military Academy in Mexico, Mo.

After his graduation from military school, he worked in the American National Bank in Terrell, and then he was employed with the railroad company in Grand Saline. From Grand Saline, Allen went to Plainview where he worked at a cotton oil mill.

His first work with a cotton compress was at Corpus Christi in the mid-1920's. He came to (Continued on Page 8)

## National Piano Playing Audition To Be Held In Memphis April 27 To May 1

Jessie Aird Wilmarth of Cushing, Okla., artist, composer and teacher of piano, will judge students who enter the Memphis Annual National Piano Playing Auditions here April 27 through May 1 at the First Methodist Church, it was announced this week.

Mrs. Wilmarth, who had her early training with Charlotte M. Bockfinger of Stuttgart, Germany, later studied with Louise Robyn, a well known authority on children's work, at American Conservatory, Chicago.

She did advanced study at Saint Louis Institute of Music, keyboard work with Arthur Ed-

ward Johnstone and five summer workshops with Guy Maier, including Ecole de Normale in Paris; Matthay School in London; Vienna Conservatory in Vienna; University of Mexico in Mexico City; Fernando Laires, Oklahoma College for Women; and Master Class, Professor Joan Last, London Academy of Music in 1964.

In addition she has had numerous refresher courses under such teachers as Cletor Labunski, Frances Clark, Robert Pace, Leo Podolsky and others. She is a member of Pi Mu Epsilon, Faculty Member American College of Mu-

## Sat., May 1 Is Important Date For Hall Farmers

Saturday, May 1, will be an important date for many Hall County farmers, Lynn L. McKown, ASCS office manager, stated today.

By May 1, all excess wheat must be destroyed, livestock must be removed from diverted wheat, and feed grain acreage and farmers in the wheat program only must designate their diverted acreage, he said.

The grazing of diverted acreage and destruction of excess wheat will affect over 35,000 acres on 563 farms. All the farmers affected should note the April 30 closing date, McKown said.

## Pre-Schoolers At Lakeview To Visit School Tuesday

James H. Jackson, Jr., principal of Lakeview Elementary School, invited all parents and children who will enroll in the first grade next year to attend a pre-school program, from 9 to 12 a. m. Tuesday, April 27.

All parents are asked to bring their children who will be first graders next year, the child's birth certificates and proof of small pox vaccination.

Mrs. Bernice Payne, first grade teacher, is the teacher in charge of the pre-school program.

The pre-school age children will assemble at 9 a. m., and will be given a vision into next year's school work in the areas of readiness work, music, art, health and safety.

Those attending will be served lunch in the school cafeteria and their parents should pick them up at 12 o'clock noon, Mr. Jackson said.

### Mrs. R. E. Clark Gives Highlights Of Southern Festival Vacation Tour

Mrs. R. E. Clark recently enjoyed a delightful vacation visiting the Southern Festival which is held each year in the southern states from March 6 through April 4.

She traveled with the Town and Travel Tour conducted by Mrs. Jack Fisher of Greenville, who was assisted by Mrs. Ester Alexander.

"The vacation was one of the most delightful I have ever taken," Mrs. Clark said. "We had the most wonderful accommodations with everything arranged in advance by Mrs. Fisher."

There were 20 women in the party. They assembled in Greenville where they spent the night at Town Hotel, leaving early the next morning by chartered deluxe bus.

Their first stop was at Vicksburg, Miss., where they stayed at the Holiday Inn located at the foot of the battlefield.

That evening, they went aboard an old fashioned river boat, "The

Sprague", on the Mississippi River, where they enjoyed a melodrama, "Gold in the Hills".

The next morning they visited the battlefield, saw the graveyards and visited the Confederate museum.

They had their noon meal at Southern Kitchens, and that afternoon left for Natchez, Miss., where they stayed at Eola Hotel, the only one in the city.

That evening the group went to a Negro church where they attended "Highway to Heaven", a Negro spiritual program. This program was well presented and the music beautiful, Mrs. Clark stated.

The next morning, the group made a tour of antebellum homes, including Arlington, Mount Repose, Edgewood, Mistletoe, Connelly's Tavern on Elliott's Hill and many others.

Throughout the tour, people were seen dressed in colorful colonial costumes and were most hospitable. As we toured the homes,

we met many of the owners. Most of the homes have been owned by their families for several generations, and contain beautiful furnishings and paintings handed down from generation to generation, Mrs. Clark said.

One evening they attended the brilliant Confederate Pageant, depicting scenes of the Old South. Mrs. Clark said this was one of the most outstanding productions she had ever seen. Not a word was spoken after the mayor gave his address of welcome. The costumes were outstanding, and assisting with the pageant were a group of ballet artists from New Orleans.

From Natchez, Miss., they traveled to Mobile, Ala., where they visited the world-famous Ballingrath Gardens and Home. From there they traveled to Pascagoula, Miss., where they were guests at Longfellow House, which overlooks the beautiful Gulf of Mexico and is known as the "Showplace of the Gulf Coast."

They traveled down the Gulf from Pascagoula to New Orleans, where they spent three days sight-seeing. While there they stayed at the Monteleone Hotel, in the heart of the French Quarter.

### YOUR COUNTY AGENT SAYS

#### Chemicals and Machines Used By Hall County Farmers To Cut Cotton Costs

The use of chemicals and machines for cutting production costs continued to gain favor with Hall County cotton growers in 1964.

In a year-end report, W. B. Hooser, Hall County Agent, said that despite a drop in the county harvested acreage of cotton in 1964, more acres were treated with chemicals for weed control and harvest preparation than ever before.

The greatest jump in chemical usage was registered by growers who used pre-emergence and post-emergence chemicals. They used pre-emergence chemicals on many acres in 1964 compared with a few acres in 1963. The number of acres treated with DSMA (Disodium Methylarsenate) rose higher in 1964 over 1963.

Number of cotton acres on which growers used spot oiling and dalapon for Johnsongrass control remained stable. Hooser said that since cotton acreage was smaller in 1964 the percentage treated was high than 1963. Number of farms using defoliant or dessicants in 1964 increased. These chemicals, Hooser explained, are used to prepare cotton fields for harvesting operations.

Rotary-hoe equipped tractors continued to be popular as a mechanical means for weed and grass control.

Some 50 more stripper-type harvesters were in use in 1964 than in 1963.

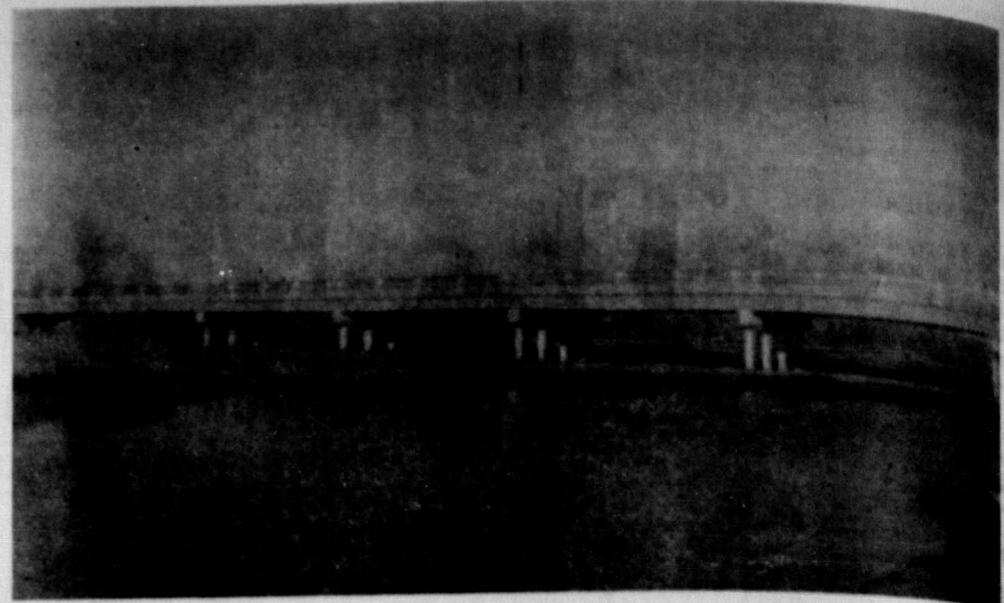

These programs in cotton work are conducted as part of the 7-step Cotton Program, initiated by the Agricultural Extension Service in 1946. Hooser said the program continues to play an important role in the agricultural economy of Hall County and in keeping late information flowing to cotton farmers.

New Orleans was a cruise of the New Orleans Harbor aboard the S. S. President, huge five-deck river steamer. They enjoyed eating at numerous famous restaurants in New Orleans and touring the French Quarter as well as visiting other historical spots, such as Jackson Square, Basilica of St. Louis, King of France, second oldest church in the United States.

From New Orleans they went by way of Baton Rouge to Many, La., for a visit to the Hodges Gardens.

At Shreveport, La., they stayed at the Washington-Youree Hotel, where they enjoyed a farewell dinner party at the hotel.

Over 330,000 bales of cotton are used annually to weave the cloth which is used in women's, misses' and juniors' dresses.

**BUCK CREEK BRIDGE**—Recently completed is the new Buck Creek bridge, pictured above on Farm to Market Highway 2166, located south of Quail in Collingsworth County. Constructed by Ferris Brothers of Seymour, the bridge is 480 feet long and is considered as the floor of the bridge is only 10 feet above the creek bed. The new Farm to Market highway extends from the Hall County Line, near Memphis, in a northeasterly direction to connect with the pavement three miles south of Quail. The road base is now completed, but the contract has not been let for the hard surfacing.

common heavy metals such as iron are not poisonous.  
But how well will iron shoot? Not as well as lead.  
Lead is dense, soft, and ballistically ideal. Iron is lighter and harder and lighter than lead. So iron pellets lose velocity rather rapidly and will score steel shotgun barrels.  
But even so, there can be compensations.  
Since iron is lighter than lead, it may be possible to reduce the volume of wadding in a shotgun shell and thus increase the quantity of shot of compensate for the decrease in pellet weight. The iron loan would contain more pellets than a standard lead load, but would be of equivalent weight. Hence a duck may be hard-hit with the lighter pellets simply because it is hit oftener.  
It also may be possible to anneal iron to such a degree that it has little effect on shotgun barrels.  
From the experiments so far, iron pellets appear to be surprisingly effective. Flying Mallards were shot each "test day" at widely varying ranges. The range of each shot was recorded, and the duck was later flourescoped. Kills with iron-shot ranged up to 40 yards. Ducks that were centered in the shot cloud were cleanly killed at all ranges. There were few cripples or ragged kills with iron-shot.  
Until test data is analyzed by Flyway Council technicians, iron pellets really cannot be compared to the lead "control" pellets that were fired at the same time. But it did seem to these experimenting hunters that the bulk of the iron-shot Mallards were literally dead on the wing.  
Many iron-shot pellets passed entirely through the big Mallards with no deformation whatever. Some Mallards were hit with as many as nine pellets, and failed to stop any.  
The lead "control" shot were number 4s; the iron-shot were slightly larger than number 2 in order to achieve comparable pellet weight. Gun barrels underwent a marked change, but did not score and erode as rapidly as expected. The polyethylene shot sleeves of the Mark 5 shells did not protect the barrels from the iron pellets.  
A complete report on this test will be made by the Mississippi Flyway Council. Although a study can be regarded only as preliminary, it does reveal a growing impatience with the annual lead-poisoning toll of waterfowl.

## Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

You can't sleep? You have lots of company.  
There are millions of "insomniacs" in America. Even though they are tired and weary, they toss and turn for hours—or wake up four or five times during the night. And they face the early morning with all the pep and enthusiasm of a wet dish cloth.  
Almost every one has a pet remedy for sleeplessness. If you have one that works—use it.  
Charles Dickens could sleep only in a bed that faced north. A physician once said he found counting sheep did no good, but he had success starting at 1,000 and counting backward.  
If you are one of those who find themselves staring dejectedly at the ceiling at three in the morning, maybe some of these suggestions will help. Make yourself as comfortable as possible before you retire. Make sure you've the right temperature in your bedroom.  
Use a comfortable mattress, not too hard or too soft; good bed-  
springs that won't hop coils into your ribs and won't sag in the middle; and fluffy, light blankets rather than heavy ones.  
Take a brief, relaxing walk before turning in, or do some mild exercising to help tire you enough to relax.  
Again, there are all sorts of theories. Some people say coffee keeps them awake. Some prefer warm milk or a light snack. Many people read themselves to sleep, using everything from comic books and mystery magazines to rhytmical poetry.  
If you do encounter a sleepless night now and then, don't fight it. Just lie there and relax. The rest will do you good. Chances are, you will rest well and get enough sleep when you do drop off. Worrying about not sleeping will only make you more awake than ever.  
If insomnia becomes a real health problem, see your doctor. He may be able to help you find relief.

How to  
 build  
 a boy

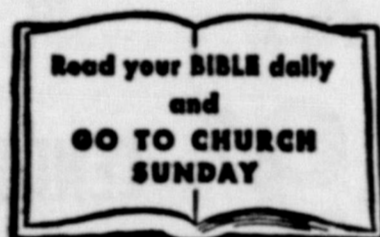

Liberally mix several old tin cans full of fun, with a cup of hair that always seems to need to be cut. Sprinkle in streaks of orneriness, pride, courage, envy, and maybe even a little fear.

And there: you've made a boy. Well, almost.

Boys, wonderfully, have a sweet sense of the bigness and beauty and mystery of things. And it's this sense of bigness, beauty and mystery we hope they'll never lose.

Religion is an awfully big word to a little boy. But the spirit of it isn't. And it's the spirit of religion that can bring peace, comfort, security and goodness to a boy—his whole life through.

Hit-the-bat, hide'n'seek—they're as vital to a boy as peanut-butter sandwiches. So is the help of true religious faith. Your children should worship this week in your church. And the best way to see to it is to be there with them yourself.

**Around and About**  
By HELEN COMBS

Many families enjoyed having their children home for the Easter holidays. A large crowd was in attendance at the Ex-Student banquet, we understand. We enjoyed baby-sitting with our three daughters while our daughter, Pat, and her husband, A. J., accompanied Bill and Tanya to a banquet and had a chance to see with classmates again.

We noticed that the class of 1955 had the largest number in attendance and they are going to have an even larger group next year. A good suggestion would be to have some of the other classes to have some competition in attendance contest next year.

The past weekend was indeed a busy one. On Friday night, the Annual Pre-Easter Style Show was held by the Atalantean Club. A group attended the dinner and fashion parade. We thought spring and summer fashions were very pretty this year. As usual, Helen Sexauer did an excellent job as narrator, describing many lovely garments to everyone. And, the models did a very good job. The food served by the Atalantean Club members was delicious. A most delightful social event.

Plans go as scheduled, Friday Saturday we will be in Amarillo where we will attend the Amarillo Press Association convention in Amarillo. We usually pick up some very good ideas from neighboring publishers each year.

We were saddened this week by the death of a very fine citizen, friend, M. C. Allen. Mr. Allen was known to countless residents young and old as "Suzy", he missed in our community. We can think of no other person who so endeared himself to so many people in his span of life. We can think of no other person who contributed more to the youth of our area.

Mr. Allen was always ready to help with projects which would give Memphis a better place for youth to live. We remember the time when the school did have tennis courts. It was Mr. Allen who saw to it that they were provided. Later, came the Al-Held House, the press box at the stadium, and other improvements. We remember his assistance in establishing the fine facilities at the City Park, and other things too numerous to mention.

Perhaps many people did not know of the many worthwhile things he did for this community. He was a quiet, unassuming man and did not seek publicity for his accomplishments. Yet, he tried to cover them up. The youth of this area knew Mr. Allen was their friend, and he was the first person they turned to when they needed assistance on some project. Not only the youth, but the whole area has suffered a great loss in his death.

The first step in the production of phosphate fertilizer is the mining of phosphate rock. Rock is mined in Tennessee, Florida and Arkansas of the northwest United States.

**RECEIVE CERTIFICATES**—Hall County ASCS office employee, Miss Patsy Jarrell, left, and Lynn McKown, right, received certificates this week from the Texas Association of ASCS County Office Employees. Miss Jarrell received recognition for accruing in excess of 1,000 hours of sick leave. Mr. McKown was cited for rendering distinguished service and has been nominated for a national award for Professional improvement.

**Lakeview FHA Chapter To Entertain Mothers; Install New Officers Tuesday**

Members of the Lakeview F. H. A. Chapter will entertain their mothers at a buffet dinner and style show, it was announced this week. Clothes modeled in the show will be the garments made in class.

The affair will take place at 6:30 p. m., Tuesday, April 27, in the Lakeview Grade School Auditorium and cafeteria.

President Maurice Walls will be in charge of the dinner program. Special music will be presented under the direction of Joyce Richburg.

Following the dinner and style show, officers for 1965-66 will be installed.

Those who will be installed include: Cathy Gibson, president;

Frances Wright, first vice president; Brenda Driver, second vice president; Landa Berry, third vice president; Joyce Richburg, secretary; Chris Clements, treasurer; Trudy Reed, historian; Judy Payne, reporter and photographer; Sheran Neal, song leader; Joyce Richburg, pianist; Mrs. R. C. Clements, Mrs. J. W. Hatlye and Mrs. T. U. Hughes, club mothers.

Two delegates will attend the state convention in Dallas Thursday, Friday and Saturday. They are Linda Hall and Frances Wright, who will be accompanied by the homemaking teacher, Dony Baker.

**Turkey Farmers Co-Op Gin Holds Annual Meeting**

The annual meeting of members of the Turkey Farmers' Co-Operative Gin was held Saturday night, April 17, at the school cafeteria.

A delicious meal of barbecue, rolls, beans, apricots, onions, pickles, tea and coffee was served at 6:30 p. m.

A business meeting followed at 8 p. m. in the school auditorium.

**New Arrivals**

Mr. and Mrs. Royce Denton of Estelline announce the arrival of a daughter, Jeni Lou. She was born on April 17 and weighed 7 pounds and 4 1/2 ounces.

**Woman's Forum To Hold Auction Sale**

This is the week and Saturday is the day for the big Community Auction Sale of Treasures and Trash—sponsored by the Women's Forum of Memphis.

The sale will be held in the Hollis Boren Building, just east of Greenhaw Beauty Shop, and will begin promptly at 2 o'clock Saturday afternoon, April 24.

All who are contributing, club women and anyone who wishes to aid in the worthy cause of paying for the lovely Community Center, please bring items to the location listed above Thursday and Friday afternoons between 2 and 5 o'clock, sponsors stated.

Anything and everything, except food or clothing, will be sold at auction by Col. Bob Ayers to the highest bidder.

"So, attention: bargain hunters: Pieces of furniture, fruit jars, a show case, garden tools, bric-a-brac, cooking utensils, etc., will be among the articles offered for sale, it was announced. All items offered for sale must be in good condition.

Everyone is invited to attend the auction.

Items to be auctioned will be on display for public inspection from 9 to 12 a. m. Saturday, it was announced.

**Dr. Y. Woodfin To Speak Sunday At Baptist Church**

Dr. Yandell Woodfin, Professor of Theology at Southwestern Baptist Theological Seminary, Fort Worth, will be guest speaker at the First Baptist Church for both the morning and evening services Sunday, it was announced this week.

Rev. Gene Jorgenson, pastor, will be in Wellington where he is holding a spring revival.

A cordial invitation is extended area residents to attend the services Sunday and hear Dr. Woodfin.

A graduate of Baylor University, he did graduate work at Princeton Theological Seminary, special study at Cambridge University and received his Ph. D. in 1965 at the University of Edinburgh, Scotland.

He has traveled extensively touring Europe in 1957 visiting Belgium, Holland, France, Switzerland, Germany, Italy, Greece, Israel, Jordan and Egypt. He lived in England and Scotland one year.

**Billy Thompson Named President Of. Hdw. Assn.**

Billy Thompson, owner of Thompson Bros. Co., was named president of the Tri-State Hardware and Imp. Association at the 56th annual convention held in Lubbock on April 8, 9, 10.

Mr. Thompson took over his duties as president while in the midst of moving his firm to a new location. He recently purchased the building located on the corner of Seventh and Noel Streets and is now in the process of completely remodeling the building.

Thompson Bros. Company, which was established 59 years ago by the late George M. Thompson (grandfather of Billy) was purchased in 1960 by Billy after the death of his father. He is the third generation of his family to serve as president of the Tri-State Hardware and Imp. Assn. His grandfather was president in 1912 and his father, the late E. P. Thompson, served as president in 1921.

This is the first time the convention has been held in Lubbock, previously meeting in Amarillo for many years. The Ko Ko Inn in Lubbock served as convention headquarters, with display set up in the Lubbock Coliseum.

A first for the Association this year was the Farm Day held on Saturday. More than 2,200 farm-

ers and other interested persons registered during the day and visited the display at the coliseum.

A large increase was noted in attendance for the whole convention this year at which more than 200 hardware and implement dealers registered and numerous wholesale dealers were in attendance.

Roy Bass of Lubbock was speaker at the buffet dinner on April 9.

On Friday, a style show and luncheon was featured at Monte Rey Center for the ladies. That evening the annual banquet and dance was held at the Ko Ko Inn.

Among the outstanding speakers during the convention were R. C. Neeley of Amarillo, president of Amarillo Hardware, and R. E. Dague, general sales manager for Allis-Chalmers.

Thompson, who had served as vice president of the Association, during the past year, succeeds Howard Lane of Panhandle, retiring president.

Other officers named to serve with Mr. Thompson include John Speck of Plainview, vice president; William G. Loomus of Santa Fe, R. L. McClellan of Spearman, R. D. Stalcup of Clovis, N. M., James A. Cox of Muleshoe and H. E. Cain of Tahoka, directors. R. B. Allen of Canyon is executive director.

New officers and directors were introduced at the banquet on Friday night.

Once upon a time man looked forward to tomorrow, instead of fearing it.

WE WANT YOU TO KNOW...

**Early Copy Pays You**

BY PROVIDING...

**Better Advertising**

Every newspaper has a deadline after which no advertising copy can be accepted, but the experienced advertiser does not wait for the approach of the deadline to prepare his advertising copy because he knows that...

- Allows more time for effective layout
- Allows more time for careful composition
- Makes for better appearance and more eye appeal
- Provides for more appealing sales copy
- Makes an advertisement that produces greater results
- And greater results mean greater profits

It's a well-known fact that The Memphis Democrat produces excellent results for advertisers. This is due to the excellence of its display advertising, which is carried on an unusually large number of subscribers in the Memphis trade territory. But the fact remains: we can do a better job with EARLY COPY. It pays to plan your advertising in advance.

# State Capital NEWS

By Vern Sanford

AUSTIN, Tex.—A new government moved in the chief executive's office—but only for a day.

Following tradition, Gov. John Connally and Lt. Gov. Preston Smith left the state Tuesday—clearing the way for Sen. Tom Creighton of Mineral Wells, Senate president pro tempore, to take a 24-hour turn as governor.

Creighton invited homefolks from Callahan, Clay, Denton, Eastland, Jack, Montague, Palo Pinto, Parker, Stephens and Wise counties to his "inauguration."

He also turned out the usual volume of proclamations and commissions—and received praises from his colleagues.

Creighton, 36, an attorney, brought along his pretty wife, Sue, and three children to the governor's mansion.

**MEDICAL SCHOOL VETOED**—Governor Connally vetoed the bill authorizing Texas Tech to establish a medical school in Lubbock.

Connally said that not enough study had been given to the idea and that he preferred that his recently created college coordinating board be the supreme authority in new college programs.

Veto drew critical attacks from West Texas proponents of the school, including Lt. Gov. Preston Smith and Sen. H. J. Blanchard, both of Lubbock.

**COMMISSION NEARS PASSAGE**—After a two-week delay, the Senate was ready to take final action on the bill to create a "Little Hoover Commission" to cull waste and inefficiency from state offices and agencies. Bill is sponsored by Rep. Dick Cory of Victoria and Sen. Bill Patman of Garardo.

An amendment which Patman considers crippling was tacked on by Sen. Culp Krueger of El Campo. Amendment makes the lieutenant governor and the speaker chairman and vice chairman of the commission, replacing a provision that the members would elect the commission leaders.

**DISTRICTING GUIDELINES SET**—Rep. Gus Mutscher of Brenham says the House Districts Committee aims to get a congressional reapportionment measure to the floor by May 1. Mutscher is chairman of the committee.

Three optional plans for state House of Representatives redistricting also are due from subcommittees by May 1.

Committee has adopted these three tentative legislature redistricting guidelines:

Population variance between districts should be held to a maximum of 15 per cent over and below the mean average;

"At least one attempt" will be made to eliminate "floterial" districts;

Small counties without population sufficient to justify a representative will not be divided;

Two or more representatives will not be allowed to run at large in two or more counties.

Committee also approved Senate-passed bill to permit up to 15 per cent population variance in forming legislative districts.

House Speaker Ben Barnes is optimistic that the Legislature can solve the thorny redistricting problem without need for a special session.

**AMENDMENTS GET PRIORITY**—State representatives returned from their brief Easter vacations to find two proposed constitutional amendments high on their work assignment list.

Governor Connally finally got the balky House Amendments Committee to clear for debate measure to increase terms of governor and other officials elected statewide for two to four years.

Committee also approved redistricting pain-easer calling for increased State Senate membership from 31 to 39, but stripped from it provision to lengthen upper house terms to six years.

Presser for submission of both measures to Texas voters (in November and August 7 election, respectively) were intense.

**NEW LAWS ADOPTED**—Dozens of bills have been given final passage in one house and sent to the other for further action.

Two bills by Rep. Dick Cory would authorize commissioners courts in all but the largest counties of the state to give county officers raises of up to 20 per cent.

Sen. Don Kennard's bill to create a North Central Texas Airport Authority in Tarrant County, which is opposed by Dallas, was passed in the Senate, but the House version ran into a filibuster by Dallas delegation members in the committee hearing.

Bill by Sen. W. T. Moore would authorize Texas A&M to accept James Connally Air Force Base for the state and establish a technical institute.

**POLL TAX REPEAL FAILS**—Proposed constitutional amendment to abolish the poll tax fell four votes short of getting the necessary two-thirds in the House of Representatives. But measure was kept alive by a parliamentary maneuver.

Rep. Travis Peeler of Corpus Christi is sponsor of the bill.

**BUDGET WRITING TOUGHER THAN EVER**—Appropriations bill conferees failed to make the April 15 deadline set by House Speaker Ben Barnes for completion of their work.

Despite any sharp differences between House and Senate bills, the budget-writing job in general is tougher than ever this year. That's because of creation of new state agencies and transfers of duties—particularly in hospital and water fields—plus impact of

federal programs just being evolved on state finances.

**LOAN BILL ADVANCED**—Legislation which opponents charge would mean the highest interest rates on loans in the nation for Texas received tentative Senate approval 16-14.

Measure by Sen. Jim Bates of Edinburg would allow annual interest rates on installment loans of \$9 per \$100 up to

\$6,500. An amendment, finally accepted after strong objection, exempted small loan companies from terms of the bill. Another amendment exempted mortgage loans on real estate.

**NON-CITIZEN AID PROPOSED**—Proposed constitutional amendment to make old age assistance to non-citizens who have lived in the U. S. for at least 25 years

received heavy support in a House committee hearing.

Rep. Joe J. Bernal of San Antonio, sponsor of the bill, said only three other states require citizenship for such assistance. Many thousand long-time Texas residents, who have not qualified for citizenship for such assistance due to language or other barriers, have no income at all today, Bernal told the committee.

**COLLEGES GET FEDERAL FUNDS**—With \$11,200,000 presently allotted for distribution in federal grants for college construction in Texas, the Texas Commission on Higher Education already has requests from 24 more colleges and eligibility established for 12 junior colleges.

Applications received amount to an additional 12,500,000 of construction requests under the 1964 Higher Educational Facilities Act. Grants pay for 40 per cent of the actual cost of new construction for approved college facilities.

**RAIN-MAKING STUDY URGED**—John T. Carr Jr., weatherman with the Texas Water Commission, says long-range experiments in weather modifications should be undertaken in Texas, even though at present conditions do not seem favorable and existing methods are expensive.

Carr says that ideal conditions for rain-making are infrequent in Texas. However, experiments have shown there are effective methods to bring about rain where it would not have fallen naturally and to increase the yield of rain clouds.

**SHORT SNORTS**—Bill to authorize the Texas Water Development Board to issue \$100,000,000 more in Texas Water Development Bonds was heard by the House Conservation and Reclamation Committee and assigned to subcommittee.

George W. Hill, executive director of the Texas State Historical Survey Committee, has resigned effective July 1 to become president of the Southern Heritage Foundation.

Governor signed into law these bills: raising compulsory school attendance age one year to 17; renewal of foreign student exemptions from tuition in Texas colleges; and providing for election of school trustees by the place system in independent school district of 500 or more scholastics.

Atty. Gen. Waggoner Carr ruled that Hidalgo County cannot pay attorneys appointed to represent indigent defendants in misdemeanor cases because there is no provision in the constitution or the laws which authorize the commissioners court to do so.

## Morningside Students Leave Today For State Meet At Prairie View

The Morningside track and literary teams left this morning (Thursday) at 5 a. m. for Prairie View where they will compete in the state meet, Principal W. F. Whitfield has announced.

The teams are composed of 20 students. Held at A&M College in Prairie View, the meet is composed of 19 Class "B" schools throughout the state.

The Morningside girls track team won second place last year while the boys team took second place in their division. The Morningside literary team has won the spelling for the past six years coached by Mr. Donald McNeel.

"Our teams are very strong this year and we feel that they should win the state meet," the coaches stated.

Three teachers will accompany the teams to the State Meet. Mrs. Claudette Cash Deason, Literary

## Social Security Can Aid When Worker Dies

If a worker in your family is some member of the family, inquire at the nearest social security office to see if benefits may be payable. Hal Geiden, Social Security District Manager, Amarillo, advises.

The Social Security Administration can help to partially place income lost caused by death of the head of the family. Nine out of 10 young American children and their mothers count on survivors benefits to keep the family together if breadwinner dies. Survivors benefits may be payable to children when a working mother dies, even though the father is the family's primary source of support.

The average benefit paid to a widowed mother with two children is about \$193 per month. The benefit payable to a surviving spouse ranges from \$60 to \$254 per month.

If you want to know more about social security for the family of a deceased worker, visit, write, telephone your social security office at 1006 Adams Street, Amarillo. The people there will glad to give you any information or assistance you need.

## H. C. Sargent Drowns Monday Near Clarksville

H. C. Sargent, 47, nephew of Mrs. L. I. Davis of Memphis, was drowned Monday at a lake south of Clarksville, Texas, where he was fishing alone. His body was recovered late Monday night.

Mr. and Mrs. L. I. Davis and Mr. and Mrs. Coy Davis left Tuesday for Clarksville after being notified of Mr. Sargent's death. Funeral services were held in Clarksville on Wednesday afternoon.

In another opinion Carr concluded a fireman who leaves his job after 20 years service, but before age 55, is not required to contribute percentage of sick leave and vacation pay into firemen's relief and retirement fund.

State Banking Commission heard application of Bank of Rockport for charter Monday (April 19).

## Sugar Cost

Strange as it may seem, cost of sugar is less today than George Washington's time. Then a pound of sugar cost \$2.75 while today a pound of sugar costs about 25 cents.

**\*HERE'S HOW PLYMOUTH'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU:**  
Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months (unless evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Let's face it...  
Graduation gift giving  
can be expensive.  
But it doesn't have to be.

Not when you can give beautiful Caravelle® watches for as little as \$10.95. The Caravelle line of Ladies' and Men's watches will completely change your ideas about watches. Because here, for \$10.95, is a watch that doesn't grind itself to pieces. It's a finely machined, precision, jeweled-lever watch that keeps accurate time. Time after time.

You get a lot more than just another pretty face. In fact the most expensive Caravelle only costs \$29.95. And it's a 17-jewel, self-winding, waterproof,\* calendar watch.

So make this Graduation a Caravelle Graduation. With all the money you'll save you'll be able to treat yourself to one too.

## White House Note

...Saunders, 16, daughter of Mrs. J. D. Saunders of Angelo, and granddaughter of Mrs. J. R. Saunders of White House stationery.

Signed by Mrs. Lyndon B. Johnson's social secretary, Bess Abell, the letter read:  
"A friend has written Mrs. Johnson and enclosed copies of your poems.  
"Mrs. Johnson was so delighted to learn of your loyalty to the President—the knowledge of the support of faithful friends inspires them with confidence and courage. She wants you to know, too, how much she appreciates the warm words in your poems."

"The President joins her in sending you very best wishes."  
Kaye says she does not know who sent the poems to Washington, but she assumes they were three she wrote during the past year, titled, "The First Lady of Our Nation," "President Johnson's Start to Fame," and "A Tribute To a Great Man." The last is an account of the assassination of John F. Kennedy.  
A senior in the San Angelo High School, Kaye has been writing poetry since early childhood. She has turned out about 100 verses during the current school year for English credit.  
Kaye writes on a wide variety of topics and has had a number of poems published in the weekly bulletins of First Baptist Church, where she is active in youth work.  
Stylists are revealing the summer fashions now, but mostly what they are revealing are the women who model them.

# Four Local Scouts Take 50-Mile Walk

Four members of Boy Scout Troop 35 of Memphis completed their final leg, 28 miles, of a 50-mile hike between Silverton and Memphis, at 8 p. m. Saturday night.

The hike began at 6:30 p. m. Thursday a few miles east of Silverton. The boys camped out Thursday night at the roadside park on State 256 on top of the Caprock. W. A. Smith, assistant Scoutmaster of Troop 35, spent the night with the four boys.

Making the hike to complete all requirements for the hiking merit badges and also for the 50-mile hiking award were: Ronald Bradshaw, son of Mr. and Mrs. C. D. Bradshaw; Ronnie Keith Phillips, son of Mr. and Mrs. Alvin Phillips; Bill Smith, son of Mr. and Mrs. W. A. Smith; and Randy Jennings, son of Mr. and Mrs. Melvin Jennings, all of Memphis.

The second leg of the trip was covered Friday, with the boys camping Friday night at Red River bridge on Highway 256. The boys took a late afternoon bath in a horse tank before retiring at 6:30. C. D. Bradshaw spent the night with the boys.

Back on the road Saturday morning after breakfast, the boys were determined to cover the 28 miles into Memphis without spending another night on the road. At 3 p. m. Saturday, the boys were only 12 miles out, averaging 2 miles per hour. At that time they stopped to take on some refreshments and visit with their parents and Scoutmaster Les Sims and Asst. Scoutmaster Bob Douthit.

When asked if the walking was getting any easier, one of the boys said "not on our feet."

Scoutmaster Sims stated: "According to our records, these are the first boys in our Troop to complete a 50-mile hike. It is something not every boy would even attempt."

The lads made it into Memphis Saturday by covering 28 hot, dry, windy miles of rolling plains country. More than half the distance of the entire trip.

The boys are 7th grade students at Memphis Junior High School.

## Neva's Bowling Team Wins Third Place In League

Neva's bowling team of Memphis won third place in the Strikers League of the Childress Bowling Assn., Hattie Dem Thompson, team captain, announced this week.

First place went to Rogers Lumber Co. of Childress, and second place to Saied's of Childress.

Members of Neva's team include Neve Hickey, who is the sponsor; team captain, Hattie Dem Thompson, Via McQueen, Zady Goodpasture and Shirley Hassell. Four of the five team members bowled the highest series of the week for the Strikers League, and were eligible to compete in the association play-offs which are held each Saturday night. Neve Hickey won, and is now eligible to compete for "Bowler of the Year."

The awards banquet will be held Monday night, May 10, at which time individual trophies will be awarded as well as sponsor trophies.

## National

sicians, active member of State and National Music Teacher's Association.

Gertrude Rasco, local chairman of the auditions, stated that 75 students have enrolled for the private auditions from Wellington, Childress, Quitaque, Hedley, Lakeview and Memphis.

Guild members include Mrs. Frank Anderson, Mrs. Kelly Pigg, Mrs. Mack Bush and Mrs. Ursula Peters, all of Wellington; Mrs. Jimmy Cribbs of Childress; Mrs. Gragon of Quitaque, and Mrs. T. L. Rouse and Miss Betty Stewart of Memphis.

Miss Rasco stated that the main purpose of the National Piano Playing auditions is to stimulate interest in artistic piano playing, with goals and awards for hobbyists and professionals including all types of pianists from the tiniest tot to the grandparents—

## County Students

will compete in that event. Stargel and Jones are among top contenders to win their events reports indicate.

Four members of the Memphis golf team will compete in the Regional meet. Jay Dunbar, Larry Parks, Jerry Moss and Donnie Miller, along with Larry Helm and Larry Wynn compose the squad.

Tony Monzingo will compete in the prose reading contest representing District 2-A.

Ronald Pate is a strong contender in the boy's singles tennis competition for Class A.

**Lakeview**

Probably the busiest Hall County boy at Lubbock this weekend will be Dana Gibson of Lakeview who has qualified to compete in the Class B boy's singles competition and in the golf meet. Gibson was region medalist last year in golf.

Tommie Payne and Maurice Walls and the Lakeview's girls doubles team are competing in Class B.

Lakeview is sending only one track man to region. This is their 180-yd. low hurdler, Thomas.

**Turkey**

Pam Williams of Turkey will enter the poetry interpretation at Lubbock Friday.

Turkey will be represented in tennis by Harvey Case and Alton Settiff, boys' doubles.

Turkey's golf team, composed of Case, Stephens, Mullins and Lane, will also compete.

In track, Turkey will send: Lane, 120-yd. dash; J. Chandler, high jump; R. Stephens, discus; and D. Collins in the mile run.

**Estelline**

Estelline will send the largest representation to region: nine students in literary events, nine trackmen and one tennis girl.

Nine students will compete in the literary events:

Marilyn May, girls' extemporaneous speaking; Sarah Holland, girls' persuasive speaking; Rita Delaney and Sherry Angell, debate; Barbara Diggs, girls' prose reading; Jodie Rapp; boys' prose reading; Lynette Hoover, typing; Sherry Angell, ready writing; Darlene Bragg and Jan Davis, journalism.

Lynette Hoover and Barbara Diggs won first place in the district spelling, but the contest is not carried at regional.

Entering in the regional track meet will be:

Jesse Rodriguez, mile run; David Longbine, Jerry Cosper, 100 yard dash; Larry Wynn, Jerry Cosper, David Longbine, Larry Elliott, 440-yard relay; Larry Wynn, Jodie Rapp, David Longbine, Jerry Cosper, Mile relay.

Triston Mabry, 120-yard high hurdles; Triston Mabry, 180-yard low hurdles; Gary Walker, 220-yard dash, and Jerry Cosper, broad jump.

Cherri Rapp will represent Estelline in girls' singles in tennis.

slowest pupil to brilliant artist.

"We are indeed grateful for the fine judges who have been sent our way the past twelve years," Miss Rasco stated.

Pop knows he is about to get nicked but good when the wife and kids present him with long-desired gifts.

## M. C. Allen

(Continued from Page 1)

Allen to work in the compress here on Oct. 1, 1926, but stayed only a short time before going back to Corpus Christi. From Corpus Christi, he went back to Terrell.

Mr. Allen married Miss Flossie David on Sept. 29, 1928, in Greenville, Texas. Three children were born to the Allens, one of which preceded Mr. Allen in death.

The Allen family moved to Memphis on March 1, 1929, and Mr. Allen continued his employment with the Memphis Compress Co. However, in 1930, he moved his family to Hedley and shortly thereafter, Allen was promoted to manager of the Hedley Compress. In 1932, he returned to Memphis to manage the Memphis Compress Co., a position he held until his death.

Survivors include: his wife of the home; a son, M. C. Allen, Jr.; a daughter, Mrs. Darrel Long of Amarillo; one brother, W. T. Allen, Jr., of Terrell; two sisters, Mrs. Ophelia McCord of Terrell and Mrs. Ewell R. Rutherford of Dallas; and two grandchildren, Sandra Kay and Sue Lynn Allen. Pall bearers were: A. L. Galley, O. L. Helm, James Bray, Hiram Crawford, Dink Miller, J. J. McDaniel, John L. Burnett and Gayle Monzingo.

Some folks condemn the worry habit one minute and then practice it the next.

## Peace Officers

(Continued from Page 1)

Norton of Amarillo DPS. "Our association has two meetings each year, for the purpose of coordinating plans to solve problems in our communications systems," Sheriff Neel said.

This is the first time the association had had its meeting in Memphis, it was reported.

## Comments

(Continued from Page 1)

Their names may be forgotten, but the memory of their sacrifices and noble deeds will always remain green in the mines of every red-blooded child of the South. The examples set by them in war and in peace will continue to be the guiding star of all.

During the 30's, lots near the square in Memphis were bought by the City, and were held for a place to build a community building. Between the 30's and 60's, nothing happened, although a few citizens kept plugging. Last year, the Municipal Building was opened, and since that time, it has filled a need in our city. There are other improvements needed in our city. Why wait about getting some of them done?

Train car after train car of fine gravel have been unloaded into trucks, and dumped just north of town last week and this week. This gravel evidently will be placed on highways to improve better

and smoother public travel . . . It is hoped that highways and roads between Hedley and McLean and between Memphis and Quail will be given the finishing touches this summer. For many years, leaders and officials of the interested counties have been doing a lot of traveling to Austin to plead for the needed pavement of the above roads? There have been meetings of leaders of all interested towns for many years. At long last, it looks like their dreams, plans, hard works are coming true.

Last week Comments suggested High School students to use their eyes, look for new thoughts, and especially use your minds, love people, be helpful to others, laugh or smile, never do anything to hurt others. More about getting an education follows . . .

We all seem to agree that it should be simultaneously physical, mental, and moral, but because of our aversion to heated discussions on religious questions, the moral side is not stressed. We eliminate God as a basis for inspiration for moral life. Reverence has given way to the moral-saution ideal that we should be good because it is so beautiful to be good.

Many people have assumed moral education should be left to the home and church. In this age there are homes in which there is neither the desire, nor the intelligence, nor the time, to give children adequate training. Probably 50 per cent of the people in America have no church affiliation. Therefore,

it is evidently the school which is their moral mentor . . .

Life is a long downward opportunity, if one desires advancement in all phases of existence for good. Man has not a capacity for any but good. Education, thought and action, moral and spiritual living, all combined go a long way up the ladder of life.

It may be somewhat surprising to the layman that perhaps more than 90 per cent of the prescriptions filled today could not have been filled a quarter of a century ago for the simple reason that one or more of the prescribed drugs was then unknown.

The wonder-durg era beginning in 1935 ushered in a startling and welcome increase in mankind's rather tenuous hold on life. Although the term "wonder drugs" is sometimes considered an extravagant copy writer's creation, there is no discounting the fact that life expectancy today is a full decade greater than in 1935. Much of this astounding increase is directly attributable to the so-called wonder drugs and to the improved surgical techniques which they helped bring into practice.

We have all the modern wonder drugs here at PARSONS-LOCKHART PHARMACY, 115 S. 6th St., awaiting your doctor's prescription. Famous lines of toiletries and cosmetics for both men and women always on hand. Stover and Pangborn Candies featured. Trust your Walgreen Agency for the best. Crutches and canes for sale or rent. ## EDITORIAL

### Our 75th Celebration

As most, if not all, of the residents of Hall County are aware, this is the 75th anniversary year of the founding of Hall County. This newspaper is making big plans for a 75th anniversary edition, which will just be a part of the entire festivities to celebrate this historic occasion.

Tomie M. Potts, president of the Hall County Picnic Assn., for the 75th anniversary, has been working on plans for the celebration for several months. He has already devoted many hours of work, planning, writing, and talking about the festivities; and now he is organizing committees, and soon all plans will be made public.

Many are looking forward to the celebration as one of the largest in the County since 1940 when the county went all out for a 50th anniversary. A talk with Mr. Potts and others helping with the planning stage, revealed that Hall County is going to have a "duzy" of an affair. The steering committee is thinking about a four-day celebration the third weekend in September, a time which has proved very successful for the Hall County picnic each year.

But this is not the purpose of this writing, to inform citizens about the upcoming event. Nor do we want to sing praises for the work being done on the 75th anniversary, but rather, to put a spark to the wood piles, the weeds, the unsightly places in our county for this year, especially.

Our county, when it receives the blessing of rainfall, is a beautiful place in the summertime, but the same soil which grows the flowers, trees, native grasses, etc., also, grows some of the most unsightly of weeds. With the coming of good rains, these weeds have already started the rapid growth for which they are so famous; and if we are to have a beautiful county this summer and fall, a lot of backbreaking work will have to be done now.

We want to commend the citizens of Lakeview and their mayor for calling a cleanup campaign in their community. This shows a lot of community pride, and we can think of no better time to clean up than during the 75th anniversary year of our county.

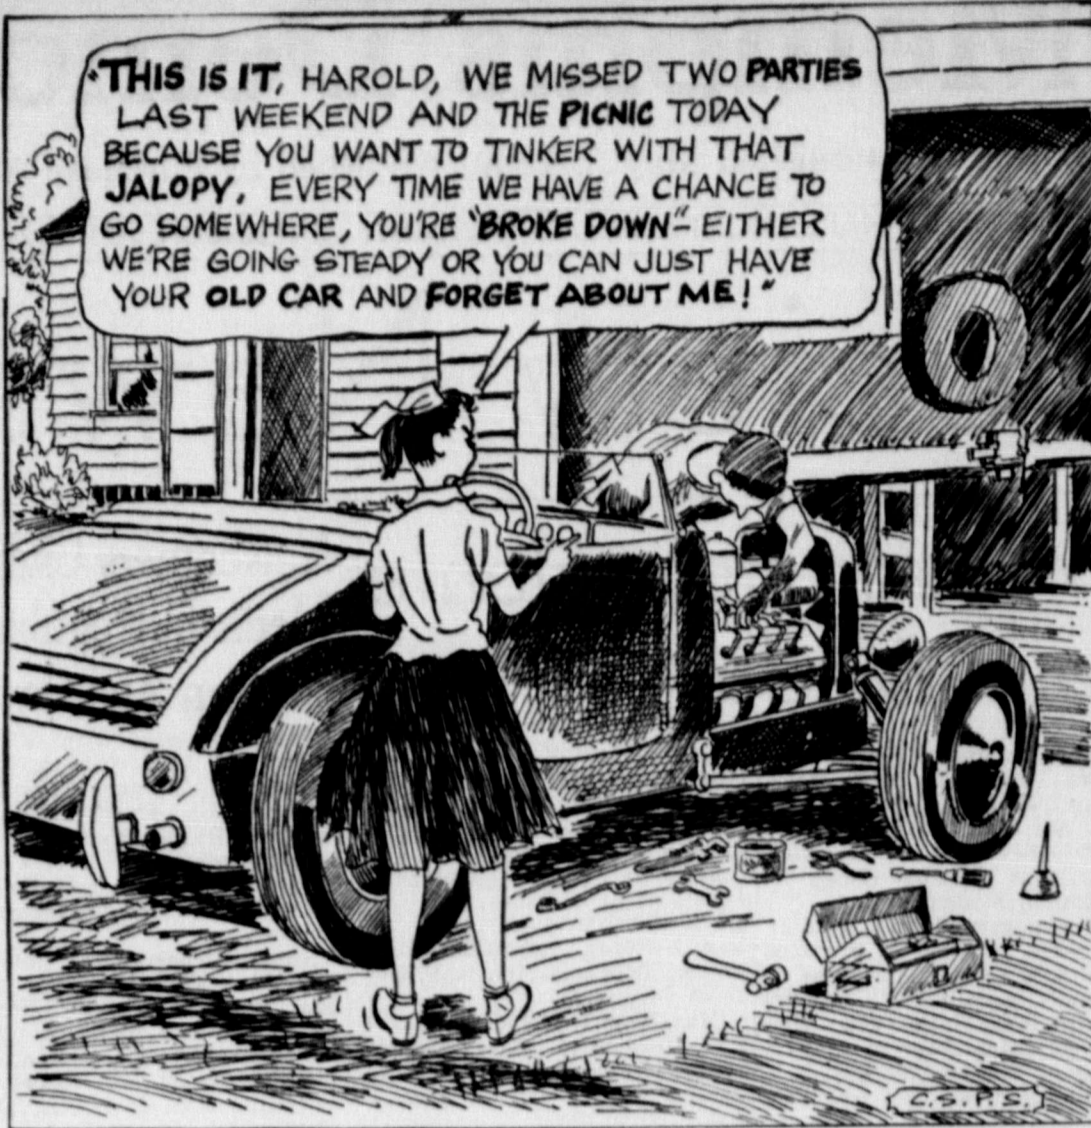

Editors all over the United States annually publish paragraph after paragraph concerning cleanup campaigns and civic improvements. Chamber of Commerce have committee meetings by the score on these subjects, and almost every time the subject is introduced, someone always comes up with the statement . . . why doesn't someone sponsor a contest to find the 10 worst eyesores in the community and let the local newspaper publish the pictures of them." Newspapermen, when approached with this idea, usually do what Editor Harold Hudson of Perryton did last week when he was confronted with the situation. Here in his words was his thinking: "We may be dumb, but we ain't stupid. The Herald is not about to publish a picture of a person's home or business establishment and point to it as an eyesore, even if it is. We will admit that there are a lot of likely candidates for a contest of this kind, and it might be a lot of fun. But we make people mad enough without going out of our way to invite trouble, so we are adopting a hands off policy on a contest of this kind."

All this was enumerated only to point out that the negative approach to a problem is never the best way to solve it. The positive side would be to run a contest naming the 10 most beautiful lawns, businesses, etc., which would be worthy of publishing.

However, if every property owner would sharpen his or her hoe and use it, plant a few seeds, pay for a little water when necessary, buy a sack or bottle of fertilizer, push a lawn mower, do some edging and trimming on shrubs, our communities would be far more beautiful than they are.

In the long run, however, it is up to the citizens in Hall County on what kind of impression is left on our visitors this year. Most of us are always guilty of doing a job the easy way instead of the right way. It is spring now, when almost every seed which is planted will grow to maturity. The Bible teaches, if we sow sparingly, we will reap sparingly. Now is the time for sowing.

### What Other Editors Say

#### Fund Raising

The morning is routine in the office of any newspaper, U. S. A. Two or three fine citizens enter to place publicity in the paper about the money-making project of their organization. And there the rub begins.

Almost every project is worthy—and almost every worthy organization (including private firms) needs funds. And for the most part almost every publisher is willing to go along with such requests.

Publishers and their families are able to eat because of advertising. This is a cold hard fact of life. Any publisher who wants to survive must keep this uppermost in his mind. And yet, millions of inches of "free publicity" are gladly given each year by thousands of newspapers across the country. We would be willing to wager that few readers discriminate or even care about the difference in paid advertising and "free" advertising.

A good case in points is sports coverage in the metropolitan daily to the west of us. The Kansas City Athletics would be in a sadder state of affairs if The Star did not choose to boost the team in a myriad of methods which help to increase attendance.

Any newspaper which truly serves the community must inform the public—and information about fund-raising affairs, whether they be school, church, or civic, is a part of this service. If these organizations prosper, business increases, and the newspaper gains.

Good public relations, such as early copy and complete information tempered with the willingness to hold a story to facts, aids any group in obtaining the most space for their favorite charity. Follow up information on success of the drive in dollars and cents, and what the money is used for, also is helpful the second time around.

Publicity is good—it is good for the community, it is good for business and it is good for every organization, but discretion must be made as to its use.—The Odessa (Mo.).

#### Castor Oil?

A young matron stepped into Carter's Drug Store the other day and asked Bob how to take a dose of castor oil without tasting it. The kindly druggist said he'd look up some suggestions, but meanwhile would she like a glass of refreshing lemonade. She would. When the drink was entirely consumed, Bob asked, with a grin: "Well, did you taste it?" "Good

heavens!" gasped the lady. "Don't tell me the castor oil was in that lemonade. I wanted it for my little boy."—The Lake City (Iowa) Graphic.

#### Five OES Members Attend Friendship Meet In Childress

Several members of the local chapter, Order of the Eastern Star, were in Childress Monday night to attend a Friendship Night meeting of the Childress Chapter.

Attending from here were Mrs. Robert Galloway, Mrs. R. C. Lemons, Mrs. Bill Leslie, Mrs. Mable Lavender and Mrs. John Fowler.

#### CARD OF THANKS

I want to take this means of thanking the many friends who sent me get-well cards and visited me during my recent stay in the hospital. I also want to express my appreciation to Dr. O. R. Goodall and the nurses at Hall County Hospital for their kindness and care during my illness. May God bless each of you.  
Mrs. J. W. Oliver

#### CARD OF THANKS

I wish to express my thanks to the large number of friends and neighbors who remembered me while I was in St. Anthony's Hospital in Amarillo. I appreciate every card, call and the flowers which were received. I shall never forget your thoughtfulness.  
Bill Hall

**PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT**

WTU says Childress is a good example... many projects are underway.

Water is a problem with many West Texas communities, but Childress is solving it with an ambitious program. In connection with neighboring towns, there is a \$6 million dam and reservoir starting soon... under construction a \$4 million pipeline from the water supply to the city... and a pipeline system in the city. Add such things as a remodeled City Auditorium with convention facilities... vapor lamp street lighting downtown and on highways through town... remodeled Chamber of Commerce offices... over \$400,000 in Church construction... new lounge at the Airport... and modernizing of many business buildings. Scheduled for the immediate future are a school bond election... expansion of State buildings... and a new hospital. The Childress record is a **PATTERN FOR PROGRESS** in "community development," improving chances for continued economic growth and attraction of new industry plus making it a better place to live, work and play. Growth conscious towns are invited to contact their local WTU manager for assistance from our area development representatives.

### County Residents To Attend Meet In San Antonio

More than 400 bank, association and discounting company directors, officers and friends will attend the 9th annual Federal Intermediate Credit Banking of Houston stockholding meeting. The meeting will be held in the Gunter Hotel in San Antonio, April 25, 26 and 27. W. N. Stokes, Jr., will preside and deliver a report on the bank to the delegates.

Those from the Memphis area attending the meeting, all officers of the Rolling Plains Production Credit Assn., are: Mr. and Mrs. W. W. George, Turkey, and Mr. and Mrs. Billy R. Jones, Memphis. Mr. George is a director and Jones is assistant secretary-treasurer.

The report will show that during 1964, the bank made significant progress. Total assets increased \$12,743,524 and total net worth increased \$1,109,893 from 1963 figures.

Production Credit Associations are capital stockholders in the bank and other agricultural credit corporations hold participating certificates. Combined, their interests total nearly six million dollars. Both have their loans discounted by the bank.

Registration begins Sunday afternoon at 2 p. m., followed by a Vesper service.

Those attending the meeting will be entertained Monday night with a boat excursion down the San Antonio River and a Mexican style buffet dinner at La Willita.

At the Tuesday luncheon, the "Funtiersmen," a barbershop quartet, will harmonize in a few barbershop ditties.

Also, the ladies will take a historical tour of San Antonio Monday, ending with a luncheon and style show at the Menger Hotel.

#### Farm Exports

The United States is the world's largest exporter of farm products. In 1962 when the U. S. supplied one-fifth of the total world imports, an average of 12 shiploads of farm commodities were shipped from this country every day.

### LETTERS TO THE EDITOR

Dear Sir:

Herewith is my check for another year's subscription to the Memphis Democrat.

Since it has been 65 years when I left Memphis to file on 160 acres of Oklahoma land, there are a very few people living in Memphis now that I know; however, I like your paper.

I have been attending your picnic (reunion, I call it) for several years. I am looking forward to the next one.

I came to Memphis in September, 1892, from Cave Springs, Ga.—just a fifteen-year-old lad. I well remember the drouth and depression of the Middle Thirties and when people left the Panhandle in droves. I stayed and worked on the Denver Railroad for one full year survived all of it.

I have some pictures of early days that you might like to have. I hope to see you at the picnic.

Respectfully,  
J. Edwin Reeves.

Arlington, Texas

Dear Sir:

I am enclosing a check for the renewal of my subscription to the Democrat. I didn't think I could afford it after the price of subscription was raised, but it affords me pleasure to read about friends and happenings of Memphis. It is like getting letters from there.

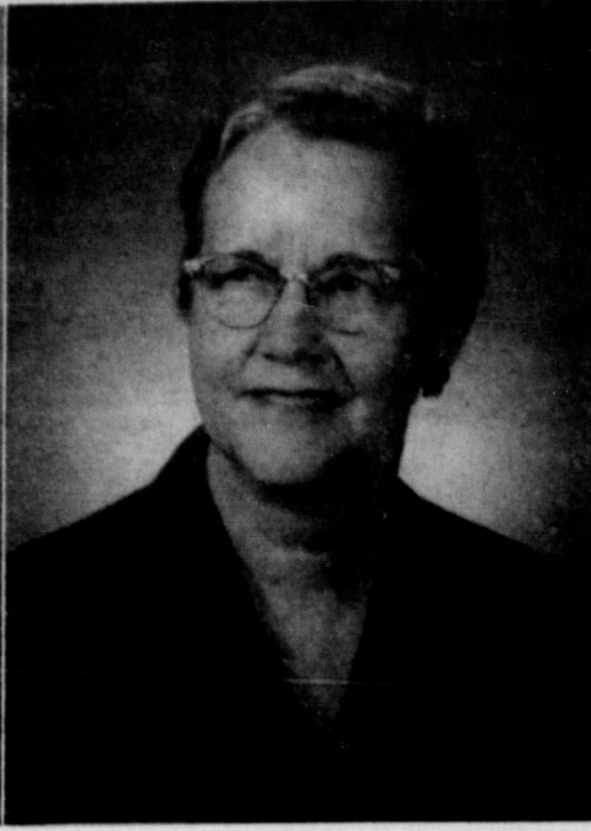

I would like so much to be at the 75th Anniversary.

I read every line in the Democrat even in all the ads. I send my best regards to all Memphis friends.

Mrs. W. B. Scott  
(Resident of Memphis for many years)

(Clifford Johnson of Hedley recently received a letter from his brother, Lowrey Johnson of Jacksboro. Lowrey was superintendent manager of the Memphis Oil Mill. He was known as The Democrat Poet. Readers will probably enjoy the letter—

Vinson, Okla.

**UDC OFFICERS**—In Memphis Friday to attend the annual meeting of District 9, United Daughters of the Confederacy will be Mrs. Wendell Alcorn of Boling, State President, shown to the left, and Mrs. H. W. Sherrieb of Amarillo, district president. Mrs. Alcorn will conduct a workshop on Friday afternoon. Mrs. Sherrieb will preside at the one-day session which will be held at the Community Center.

even though winter is gone and summer is here—published below.—Editor.)

Mr. Clifford Johnson  
Hedley, Texas.

Dear Cliff,

Was glad to get your letter, got a wad of them, had been iced in 4 days, and did not want to walk the mile there and mile back. It is harder coming back up hill.

When I moved down here, the snakes, coons, skunks, and rats all wanted to congregate. I was against it, of course, and lots of sleep prevented it.

I started by underpenning the bunk house and making it mouse and snake proof. Then with 5 cats and 3 dogs, clubs and guns, I declared war and soon you could not see results. Got so you could sit out on moon light nights, and not see over a dozen or so at one time.

Then I started on coons and skunks. The coon problem was solved by getting all them up one tree and calmly standing there and blasting them all out. When the last coon fell, my dogs came out of hiding and wanted petting for the good work they had done.

Then for a while I had figs, coons' favorite dessert, then armadillos came in droves, and were not satisfied with the figs and started rooting up the garden and also gathering my tomatoes and melons. By a constant bombardment night and day I finally convinced them my ammunition would last longer than they could, so they left me.

That leaves me with the skunk problem yet unsolved. I went to the Government trapper for help, but he insisted that I pay him fifty bucks plus his government pay and he would rid my place of all varmints, and I could live forever after in peace and contentment.

I did not take him on, but managed to pry out of him that if a skunk was shot directly through the heart, it would not scent when killed. This information proved incorrect, for when I blasted one with my 7 MM rifle, taking off his entire front part, he managed to spray my car with his Chenelle No. 13, making it unusable for a month. Seems to me those Alabama people are up against about the same problems I have.

This has been the worst winter down here I have witnessed in 76 years. It may have seemed a mild one to those who are lucky enough to live in a central heated house, warm car, warm place to work and plenty of vodka, but to me it was just one freeze and one thaw after

another, but I have been faithfully planting my garden over every 5th day, so as to be the first nester in these parts to get something growing, that will in

time do to eat.

I have been using that old metal trailer house for a refrigerator this winter and it gives me a lot of room, seldom start the other

up. It's pretty handy to go in there and set things on a table. Taking temperature nights and mornings and averaging them up shows we had an average of 39 degrees. If it had not been for about 6 hot days in the month, it would have averaged freezing. Had 3 days in March with no wind. Last week with the big sleet and 40 miles an hour wind, I lost two of my plastic windows. The moral to that is never build a room with 20 plastic windows in it. But I have spares so that I only get my tail cold for a minute making a change.

It has been a rough one today (Monday), wind out of the north and looking like it would start snowing any minute, fish were biting good, they always do just before a bad spell. Roads are good now until we get some more moisture.

Your bud,  
Lowrey Johnson

### Teen-Age Rally To Be Held At Community Center

The Ministerial Alliance Memphis is sponsoring a Teen-Age Rally on May 10 at 7:30 p. m. at the Community Center in Memphis, Rev. Richard Avery announced this week.

A cordial invitation to attend has been extended to all young people in Hall County.

The program will consist of a panel discussion concerning the young people have requested after questionnaires were passed out in the county schools.

Some people prefer to be excited out when the time comes to give an accounting.

Maybe two can live as quietly as one—but not as quickly.

# About 250 Attend Exes Banquet Here

Approximately 250 were on Saturday evening for the annual Memphis Ex-Students Banquet at the Community Center. Several classes had reunions throughout the day. "Education and Liberty" was the theme of Jack B. Boone's address to the audience. After several minutes of fun, in which the speaker introduced the members of the 1955 graduating class of Memphis High, he introduced his wife for the evening. Boone, a senior in University of Boone, as a result of this exchange, better jobs are created and literacy is reduced. "We are now in international competition in the education field. In this ideological struggle, students from our public schools can win out," he said. Boone also spoke on the two proposed teacher pay raise bills before the Texas legislature. He said that he was in favor of the "45 for '65" because it has more merit. He explained in his opinion, the difference between the two proposals. The entertainment was provided by the Cyclone Band twirlers, a quartet composed of Linda Wine, Diane Gailey, Minka and Lynn Foxhall, accompanied by Larry Helm and Jimmy Hart. The following are those attending the banquet who registered: Geneseo, Ill.: Helen Madden. Spring: Mary Foreman. Garland: Juanelle Goffinett. ## Memphis CC Golfers To Compete Sun.

A four-man, low ball golf tournament will be held Sunday, April 25, at the Memphis Country Club, Dink Miller, chairman of the tournament committee, announced today.

Four-man teams, composed of A, B, C, and D players, will be organized and each player will be assigned a handicap. The lowest score shot by any player on each hole will count as the team score, Miller explained.

Entry fees are \$1 each player and the deadline for entering is 9 a. m. Sunday morning. For those who want to enter early, a card has been put up on the bulletin board. Players are asked to name their 18-hole average score so handicaps can be determined by the tournament committee.

Chairman Miller also stated that plans are in the making for some kind of women's tournament at the club. "If the women who would like to compete in a tournament would contact me this weekend, the committee will set up a tournament for next weekend," Miller said.

### NOTICE TO BIDDERS

Sealed proposals for the construction of approximately 11,640 lineal feet of 8" water line, 1470 lineal feet of six-inch water line, 350 lineal feet of 4-inch water line, the modification of the pump house and the installation of well pumps in two existing wells will be received in the office of the City Secretary, Turkey, Texas until 2:00 o'clock p. m. on 11 May 1965, then publicly opened and read.

Bidders must submit a bond, cashier's check, or a certified cashier's or certified check for 5% of the amount bid as a guarantee that the bidder will enter into the contract under the conditions set forth with ten (10) days after notice of award of contract. Performance and payment bonds, each equal to the amount of the contract, will be required.

Attention is called to the fact that the rates of pay for labor and mechanics engaged in the construction of a project will be not less than the prevailing local wage rates for similar work as determined by the City Council of Turkey, Texas, and further in full compliance with a state wage law that may be applicable.

A bidder may be required to submit a statement of his experience, financial resources and equipment before award of contract. The City reserves the right to reject any or all bids or to award the projects to the bidder or bidders as considered of most advantage to the City. Plans and Specifications may be inspected at the office of the City Secretary, Turkey, Texas, or at the office of Hasie and Associates, Lubbock, Texas.

## Cong. W. Rogers To Be In Area This Weekend

WASHINGTON, D. C. (Special)—Congressman Walter Rogers will be in Amarillo, Pampa, and other Panhandle cities Wednesday, April 21, through Sunday, April 25, during the brief Easter Recess of Congress.

Congressman Rogers plans to spend Thursday and part of Friday in his Pampa office, in the Hughes Building, and will be in Amarillo most of Friday and Saturday.

On Monday, April 26, Congressman Rogers will be at Texas Tech in Lubbock to take part in a meeting sponsored by the West Texas Water Institute and the Institute of Science and Engineering at Texas Tech. Several hundred persons are expected to attend the meeting, which will concentrate on federal programs relating to the future of West Texas water development.

Congressman Rogers is chairman of the Subcommittee on Irrigation and Reclamation of the House Committee on Interior and Insular Affairs. His subcommittee has initial House jurisdiction over legislation authorizing water resources development activities.

On Tuesday, April 27, Congressman Rogers will be in Houston to hold consultations on the proposed Columbus Bend reclamation project. The proposal to authorize the project is one of the matters pending before the subcommittee of which Congressman Rogers is chairman.

The Congressman will return to Washington Tuesday night, April 27, in order to be present for Congressional committee meetings and House sessions scheduled Wednesday.

Texas. Plans and Specifications may be obtained at the office of Hasie and Associates, 3901 Avenue H, Lubbock, Texas, upon a deposit of twenty-five dollars (\$25.00), which will be refunded to each actual bidder upon return of the plans and specifications. Seventeen and one-half dollars (\$17.50) will be refunded to non-bidders upon return of the documents. Proposals are available without charge.

# Report From Washington

By **WALTER ROGERS**  
Representative, 18th  
Congressional District

ected by the people, as is a Vice President. Neither has the right or the power to traffic in the duties or responsibilities of those offices.

In all three cases above mentioned had an extreme emergency situation been created, the Congress of the United States could have acted quickly and decisively without endangering the basic concepts of government "of the people, by the people, and for the people."

The next Presidential line of succession, in my opinion, completely sound. The President and the Vice President are both elected by the people of the entire Country. The next man in line of succession is the Speaker of the House of Representatives who is elected by the people of a Congressional District and in turn elected to the Speakership by the other Members who have been elected in their respective Districts by all of the people of this Country, on a population basis, for 2 years and intended to be Members of the House of Representatives, the body of the Congress closest to the people. The next man in line of succession is the President Pro Tempore of the Senate, who is elected by all of the people of one of the States and in turn elected by other Senators who have likewise been elected by each State. The line of succession then moves into the area of these previously appointed by the President and holding Cabinet status. If we in this Country change this and amend the Constitution as proposed in the Resolution adopted by the House of Representatives, we could very well be opening the door for the creation of a 20th Century Rasputin for constant schemes and plans for power grabs not in keeping with the best results of our form of government. I hope the legislatures of the great United States will not ratify this amendment.

### Pan Care

Never use steel wool or other abrasives on an enameled pan. To loosen food on an enameled pan, add two teaspoons of soda to one quart of water and boil. This will loosen the food so you can easily remove it with a rubber scraper or a cloth dipped in more soda.

#### CARD OF THANKS

We would like to express our appreciation to our many friends who were so concerned about our baby during her recent surgery at Northwest Texas Hospital. We want to extend a special thanks to Dr. Clark for taking such good care of Shelly and to Bro. Gaston for coming to Amarillo to visit us. May God bless each of you. Tommy and Shirley Foster

### Zing into spring! Chevrolet Impala

Chevrolet Impala Super Sport Coupe—one of two bucket-seated beauties for '65.

People who buy other big expensive-looking cars get one thing you won't (big expensive-looking payments)

It looks like a big car. And is—by almost any standard you want to apply.

Width? Nobody builds a car as much as one inch wider. Length? It grew three inches this year. Roominess? Every closed model's got three inches more shoulder room, front and rear, and more leg and foot room up front too. Luxury? Nice little touches like the look of mellow walnut across the Impala's instrument panel. And big touches. Like the fineness of the same Body by Fisher workmanship that makes some of America's most

expensive cars look so expensive. How about the ride? Chevrolet engineers took the Jet-smooth one and smoothed it out even more this year. Also made it more stable by widening the wheel stance. Price? That's where Chevrolets fall way short of the other big expensive-looking cars. But we wouldn't have it any other way. Would you?

One last question: How soon can you make a good spring buy on a Chevrolet? One last answer: Just as soon as you can get down to your Chevrolet dealer's.

HIGH TIME TO TRADE AT YOUR CHEVROLET DEALER'S
