This being the year when Hall County celebrates its 75th anniversary—third Sunday in September—a lot of planning has been done and more is to be done for the event. The Democrat gets letters from people telling that they want to attend the celebration, but they regret that they cannot. All of them want to see their old friends and neighbors.

This is Know Your Library Week, but in Memphis it really is just one out of 52 weeks in a year. Many people go to the library to get books and magazines—a mighty good sign that a lot of people try to keep up with what is happening here, here and everywhere.

It is not often that I get up in the night to take a look at the moon—expressly when it is "dark of the moon". Instead, I wonder if the weatherman was in saying we'd have rain before morning. The sky was clear, the moon was coming up over the roof of the store east of us, the crescent points of the moon were almost touching the horizon. This happened before morning, and I will remember the scene for many years, I hope. I have made a number of camera shots during the course of sunrises and sunsets—none so perfect to be freshly brought back to my mind, good enough to bring to mind God made the sun, the moon, the planets, the stars, the earth, all that live upon the earth below the surface.

Members of the Children's Club were told by the Department of Public Safety representative Erwin School of Austin that narcotic drugs were a concern of all of us and were discovered three thousand years before Christ, with opium poppy. You may not be a drug addict in your own right, but you are indirectly affected by them. Dallas, Fort Worth, Houston and San Antonio contribute 60 per cent of certain types of crimes which are committed by addicts. One of these is burglary, which affects us in insurance and burglar alarms. Also there is nothing to stop these addicts from passing through your town and committing a crime. Scholl stated:

The month of April is in its last days and the cancer campaign. Those who have not made contributions to the cause, have the time to do so. The race to beat cancer must be stepped up to bring a closer day of victory. Cancer is a disease of tremendous complexity, yet research has already made led some scientists to believe we will see a problem solved within this year. Within the short span of 25 years, we have made progress in some lines. The lives of many patients are being prolonged with new combinations of drugs, and scientists believe cures will be found soon for other lines of cancer. A drug has been developed in treating a rare type of cancer found in women after pregnancy. It is the first solid hope ever to respond favorably. It is stated that 800 lives of Americans are taken every day. Hundreds of scientists in many branches of cancer research are working long hours in laboratories to find new clues for fathoming the mysteries of the dread disease. During the past year, citizens of Hall County have responded to the Beyond because of cancer. Why not those living in Memphis? **BOSS OF THE YEAR**—Ben Parks, Memphis banker, shown above, was selected as "Boss of the Year" by the Memphis Business and Professional Women's Club. President Myrtle Helm is pictured presenting Mr. Parks with an engraved plaque at the annual Bosses Banquet Thursday evening. Vice President of the First National Bank, Mr. Parks is chairman of the Hall County Hospital Board, president of the Hall County Chapter, American Cancer Society, and chairman of the board of stewards of the First Methodist Church. He is active in all phases of community services and is a member of the Memphis Rotary Club.

## Cyclone Band Leaves For Festival May 5

Wednesday, May 5, at 1:00 p. m., two school buses accompanied by a small caravan of instrument loaded pick-ups and private cars carrying the 75 members, equipment and sponsors of the Cyclone Band will leave Memphis, destination—"Six Flags Over Texas Band Festival, May 6 and 7!" This trip is the result of a reward for countless hours of hard work by the director and members of the band.

To be eligible for this contest, a band must have received a First Division Rating in Interscholastic League Contest in the division they wish to enter (Concert or Marching) during the 1964 school year. Bands may enter in either division, but not in both.

The 1965 Cyclone Band has maintained the qualifications set by the '64 Band, having recently again won Sweepstakes Honors—a First Division rating in Marching, Concert and Sight-Reading. The band will enter the Concert Division of the Six Flags Festival.

Ronnie Wells, director, stated that the band voted to participate in this Festival, which is gaining in prestige by leaps and bounds, in preference to the well-known Enid, Okla., Festival. Concert judges will be William D. Revelli, Conductor of Band, University of Michigan; Frederick C. Ebbs, Director of University Band, University of Iowa; and A. Clyde Roller, present Professor of Ensembles, Eastman School of Music, Rochester, New York, and newly appointed director of the Houston, Texas, Symphony.

Both members of the band and Band Boosters Club have worked well over a year to raise funds for this trip. The band has sold magazine subscriptions and washed cars among other projects while the Band Boosters have sponsored salad supper, Mexican dinner and even an old-fashioned box supper. Latest and final fund-raising will be Thursday, Friday and Saturday of this week Band members will work at Tucco's Drive-In and proceeds will be used to help pay the expenses to the Six Flags Festival. Tucco's will feature "Six Flags Specials" for the three days.

Memphis can well be proud of the efforts and achievements of that "Goin' Band From Cyclone-land."

## Senior Class To Hold Car Wash At 66 Station

Beginning at 6 a. m. Saturday morning, members of the Memphis Senior Class will launch their Car Wash to raise funds for the annual senior trip.

The car wash will be held at Martin's Phillips 66 Station all day Saturday. Cars will be washed for \$2.50 and lubricated for \$1.50.

Another service being offered by class members is a free delivery service. Residents may call Phillips 66 Station and a member of the Senior Class will call at the home for the car and return it after the car is washed.

Free coffee and doughnuts will be served throughout the day, the seniors stated.

The car wash will close at 10 Saturday night.

## Little League To Organize Teams Saturday

All players desiring to play the Little League program this summer are asked to meet at the Little League Park at 9 a. m. Saturday morning, Charley Grice, president, announced.

The purpose of the meeting is to assign the new boys to teams and to introduce the teams to the managers, he said.

## MHS Names Honor Students, 5th Honor Roll

Memphis High School Principal C. E. Voyles, this week, released the top senior students and named 48 on the fifth six-weeks honor roll.

The Valedictorian for Memphis High for the 1965 graduating class as determined over a four-year average, is Ronald Pate, Principal Voyles said.

Lynn Foxhall was named Salutatorian of the class. Gayle Cleveland is the class' high ranking girl and James Odom has been selected the high ranking boy for the class.

Principal Voyles named the following students on the 5th six-weeks honor roll:

Seniors named are: Jerry Beasley, Sherry Clayton, Gayle Cleveland, Jay Dunbar, Lynn Foxhall, Dalton Freeman, Wanda Grice, Sarabelle Houston, Tony Monzingo, Jim Odom, Ronald Pate, Suzanne Sexauer, Linda Moore) Snider, Jimmy Srygley, Sue Watson, Dawn Ann Yarbrough.

Juniors included: Linda Kay Alewine, Elmonette Branigan, Glenda Bruce, Diane Gailey, Ginger Greene, Gary Gentry, Rosemary Harrison, Amy Hillhouse, Regina Hoover, Alinda Johnson, Carolyn Lockhart, Susan McQueen, Larry Parks, Danny Peters, Linda Simpson, Anita Snowdon, and Carol Voyles.

Sophomores are: Donna Beckham, Daniel Clark, Cathy Dale, Randy Driver, Liz Johnson, Laura Sue Moss, Suzette Smith and Rita Yarbrough.

Freshmen include: Cynthia Evans, Kathy Houston, Chuck Jennings, Dell McCauley, Lometa Pate, Sandy Saye, Nancy Simpson and Karlene Wood.

## May Day Program To Be Presented At Travis School

The Travis Cafeteria will be the setting for an old fashioned May Day program on Friday evening, April 30, at 7:45 p. m., Mrs. Eddie Foxhall, president of the Travis PTA, announced this week.

Entitled "May Day in the Woods", the program will be presented by students of the Travis School under the capable direction of Mrs. A. L. Gailey and Fifth Grade Teachers. Many colorful costumes will add variety to the show. As the students dance around the Maypole to welcome the merry month of May, there will be flowers, birds, animals and many other characters. ## Estelline Builds Trophy Case In Allen's Memory

Citizens of the Estelline community will build a trophy case in the High School Building in memory of M. C. (Suzy) Allen, according to an announcement Wednesday by Supt. JoEd Cupell.

The decision was reached Tuesday evening at a meeting of members of the Estelline Parent-Teacher Association. During the session, over \$100.00 was donated by those present to the memorial fund.

Cost of constructing the trophy case is estimated to be \$500.00, Supt. Cupell stated. On the front will be a plaque bearing appropriate words showing that it was built by friends of M. C. Allen in his memory.

Supt. Cupell and all members of the Estelline School Board were appointed as a committee to accept donations and supervise the carrying out of the project.

Mrs. Mildred McMinn is president of the Estelline PTA.

## Memphis School Trustees Call Election Wed. Night After Receiving Petitions

A School Bond election for a \$950,000 bond issue has been called for Saturday, May 22, 1965, by the Board of Education, according to L. J. Kennon, president of the Memphis Board of Trustees.

The Memphis School Board acted on petitions signed by 73 taxpayers of the local district petitioning the trustees to call this bond election in order to provide additional school facilities, improvements, land and equipment, at a meeting Wednesday night in the dining room of the De Ville Restaurant.

The order to call the election received unanimous vote from all seven trustees of the board, present at the meeting.

Listed in the modernization program for the district will be a complete new high school building including class rooms, science laboratory, library, commercial department, agriculture department, Home Ec department, administrative office and supply spaces.

Also included is an auditorium with modern and complete stage facilities and a seating capacity of 800, a complete gymnasium for physical education and athletics with a seating capacity of 800 including showers, locker rooms and storage space. Also included is a band room and facilities for music.

The modernization plan calls for the present high school building to be converted to a junior high school and it will be remodeled to provide facilities for proper junior high school use.

The present high school gym will be improved and used in connection with the junior high school. The present Junior High building (known as west ward) which is some 50 years old and in very bad condition, will be demolished to provide additional play ground space and eliminate the high cost of maintenance cost of using the old building, the board stated.

Also being planned is four additional class rooms to the Travis Elementary School and boys and girls dressing rooms to the present cafeteria (cafeteria) at Travis. The dressing rooms would allow space to be used for elementary health, physical education and recreational programs. Also repairs and improvements will be made to the balance of the Travis School.

At Austin Elementary School, an all-purpose room will be added to provide a combination cafeteria and space for health, recreation and physical education programs. Some remodeling and improving of the present building is also included.

The board stated the present Morningside Elementary School will be closed when the work is completed at Travis and Austin Schools and the additional space at these buildings will take care (Continued on Page 12)

# MHS To Send Three To State

Memphis will have three representatives at the Class A State track and golf meets on May 7-8, in Austin as the result of last week's Region I meet in Lubbock.

Jay Dunbar, MHS senior, will make his third trip to Austin to try to capture the State Class A medalist golf title again. He won the title his sophomore year.

Making their first trip to Austin will be MHS sprinters Jack Stargel and Hoot Jones. Stargel qualified by winning both the 100-yd. dash and the 220-yd. dash at Lubbock Saturday. Jones won the 440-yd. dash.

The region meet also held appointments for several Memphis lads.

Ronald Pate won his first tennis match, but ran into Gary Hecht of Junction in his second match and was defeated 6-4, 6-2. Hecht went on to win the Region I title.

The MHS golf team came in with a 323, which was good enough to win their third place. Jerry Moss shot an 81, Larry Park an 82, and Donnie Miller an 86.

Jay Dunbar shot a 74 on the regular 18 holes and came in tied with another boy for medalist for Class A. In a sudden death play-off, Dunbar shot a par on the 19th hole to win the play-off and the medalist title.

**Track Meet**

The Memphis track team took third place in the Region I Class A meet by scoring 38 points. Ozona scored 56 points and Sanderson had 39 for first and second, respectively.

The Memphis 440-relay composed of Danny Peters, Hoot Jones, Jimmy Sturdevant and Jack Stargel, ran a 44.0 in the (Continued on Page 12)

# Dist. 9-B Dominates Region 1 Tennis Meet

Three Hall County schools will be represented in the Class B state tennis tournament to be held in Austin, May 6-7-8.

District 9-B continued to dominate the Region I Class B tennis meet at Lubbock Saturday, and remain the strongest tennis district in the Panhandle.

This is the seventh consecutive year that at least one player from 9-B has advanced to the state tennis tournament in Austin. The district has had far more than its share of state winners.

Cherry Rapp of Estelline stopped Shallowater's Mary McCreary, 7-5, 6-3, for the Class B girls singles crown.

Dana Gibson, of Lakeview, stopped Happy's Hobie McManigal, 4-6, 6-4, 4-6, 8-6, 6-3, in probably one of the longest matches of Dana's tennis career.

The Turkey boys doubles team of Harvey Case and Alton Setliff, both sophomores, stopped Larry Pruitt and David Roberts of Lefors, 6-0, 6-2, 6-0, to win the Region I title.

**Semi-Finals**

In the girls singles semi-finals, Cherry Rapp defeated Sun Gann of Rule, 6-1, 6-2.

Dana Gibson defeated Hal Ousley of Rule, 6-2, 6-3, to advance to the finals.

Harvey Case and Alton Setliff defeated Jay Trosper and Brad Schultz, of Booker, 6-1, 6-1, in the semi-finals.

Eliminated in earlier matches were Lakeview's girls doubles team composed of Tommie Payne and Maurice Walls.

All the Hall County netters going to state are strong contenders, so District 9-B may produce still more state tennis champions.

# City Home Beautification Program Is Launched

A summer home beautification program was launched Tuesday when a committee from the 1913 Study Club, the sponsoring organization, met with officials of the City of Memphis, Memphis Chamber of Commerce, Junior Chamber of Commerce, Woman's Forum and the Memphis Garden Club at the office of Clifford Farmer, manager of the Chamber of Commerce and Hall County Board of Development.

To be known as the Community Improvement Program, the purpose of the project is to clean-up, paint-up, fix-up, trim-up and tidy-up the whole city in preparation for the 75th anniversary of Memphis and Hall County which will be held early in September.

"We want to make Memphis a more attractive place to live and a lovelier city for area visitors and tourists to visit, as well as having the town in order for the anniversary celebration," members of the club stated.

In connection with the beautification program, cash prizes will be awarded. Rules in the contest will be announced at a later date.

However, plans are being made to give awards not only for individual homes, but making some recognition for the best kept City Block.

"We would like to see all the alleys spruced up, vacant lots cleaned up, and parks put in order. In order to accomplish this big task, we must have the enthusiasm and cooperation of every citizen in Memphis," the club members stated.

At the meeting Tuesday, the full cooperation of all organizations attending was pledged and tentative plans discussed.

Members of the Garden Club plans to be in charge of a plant exchange and further details of this phase of the program will be announced next week.

Meeting with the committee from the 1913 Study Club which included Mrs. D. L. C. Kinard, Mrs. M. G. Tarver and Mrs. Herschel Combs, were Manager Clifford Farmer, Mayor H. J. Howell, Warren Driver, President of the Memphis Chamber of Commerce and Hall County Board of Development; Billy Lockhart, president of the Junior Chamber of Commerce; Gene Hamill, chairman of the Junior Chamber of Commerce Community Improvement program; Mrs. Frank Ellis, president of Woman's Culture Club and members of the Woman's Forum; Mrs. Bill Leslie, member of Woman's Forum and Garden Club, and Mrs. G. D. Stephens, member of Garden Club.

# Emergency Grazing Is Being Extended

The emergency grazing of soil bank and diverted wheat and feed grain acreage has been extended through May 31, 1965, Lynn L. McKown, office manager, Hall County ASC, announced today.

The county rate for grazing both soil bank and diverted acreage has been recommended to be \$1.00 per acre per month. Producers wishing to graze less than one month will be charged a pro-rata share for the time grazed; for example, grazing for two weeks the rate will be 50 cents per acre. All charges will be deducted from future payments.

All producers desiring to graze soil bank or diverted acreage should make application in writing to the county ASCS office before grazing.

### Texas Highways!

If there's one thing near and dear to a Texan's heart, it's the State's superb 66,000-mile highway system. We Texans think, and rightly so, that our state has fine highways, and we are constantly thinking up additional routes to tie our communities together with hard-surface roads.

Here in our area, several new highways are under construction which will be of vital benefit to our citizens. A new highway between Hedley and McLean will make a much shorter route for our citizens. Also, the Quail road is under construction which will make it much easier to travel to the north.

But the Quail road will have to wait until the state has sufficient funds before the hard-surfacing contract is let, and this is a shame. The new bridge and base for the road is complete, but sufficient funds are not available for the hard-surface. Governor John Connally had this to say about the situation:

"Texas motorists paid for many miles of new highways last year. But they never were built." The reason, Gov. Connally pointed out, the state spent \$1.5 million of taxes levied on highway users to pick up litter thrown along the right of way by careless motorists!

Governor Connally Friday, accepted the first of a quarter-million litter bags given to the Texas Highway Department by the Galveston Chamber of Commerce and the Galveston Convention and Tourist Bureau.

The bags will be distributed to motorists at each of the eight Tourist Information Centers located at points of entry on key highways of the State and in the Capitol rotunda.

"The Texas Highway Department is charged with the construction and maintenance of the State's superb 66,000-mile highway system," Governor Connally said.

"But the truth is that more than \$1.5 million of taxes levied on highway users is wasted each year to pick up litter thrown along the right of way by careless motorists. This money could better be used to build more miles of new highways, and to protect the taxpayers' \$4 billion investment in our existing system."

D. C. Greer, State Highway Engineer, pointed out that approximately 12 million visitors came to Texas each year. The litter bags will be dispensed to these out-of-state visitors.

"These visitors represent an industry of more than one-half billion dollars a year," Greer said. "We hope that Texans will become conscious of our litter problem and help us present a 'clean house' for our paying guests."

Hall County citizens working through the chamber of commerce and other agencies annually make plans for added improvements to the highway systems in our area. One of the long-time dreams of far-sighted citizens is to seek a scenic highway built up the Palo Duro Canyon, which would open up the lower end of the canyon for all tourists to see.

There is no more beautiful sight to be seen in this portion of Texas than the Palo Duro Canyon and, who knows, someday this highway may be built.

But the state's problem of cleaning up the litter is still with us and it will probably grow more acute this summer as traffic on our highways increases during the vacation season. We can do our part to keep our state clean by carrying bags in our cars for discarded paper cups and other waste materials.

### The Solace of Silence

As any parent knows, there are times when almost any price will be paid for a moment of silence—a time when voices are muted, whistles and percussion instruments are dulled, when the TV is off and the automatic appliances are still.

Modern man has had to develop eardrums of tougher material than did his forefathers, because one of the unpleasant byproducts of civilization is an over abundance of noise.

There are experts in the field of sound control nowadays, which gives some indication of how specialized we have become. One expert that we read about says that the sound levels to which we are exposed have been increasing about one decibel per year for the past 30. Engineers rate a whisper at about 20 decibels, ordinary conversation at around 60, a noisy factory room at 85 or 90.

A high noise level makes factory and office workers less efficient and makes them snap at the wife and children when they get home. Acoustical engineers have tested a variety of noises—whistles, horns, crying babies, air hammers,

to see what effect they have on people. Some sounds are apparently more jarring than others.

Sometimes noise can be used to mask noise, with good results. You may have noticed sometimes that a motel or hotel room seems to have a loud air conditioner, and this is done on purpose. You will get used to this noise after a while and it masks out the racket of passing cars, overhead airplanes, next door conversation, etc.

There is a growing search for silence and with more people and more machines around, there is more racket than ever. The quiet pastoral scene, with its outdoor silence and tranquility, still exists as it did in grandfather's day. But it's getting mighty hard to find.

### CARD OF THANKS

I would like to take this means to thank everyone for their cards, letters, gifts, flowers and prayers during my stay in the hospital. I would especially like to thank Dr. Goodall and the staff of the Hall County Hospital.

### CARD OF THANKS

We fail to find adequate words to express our gratitude for the many kind and thoughtful friends who were such a comfort to us during our recent time of grief. We can just say thank you from the depth of our hearts for the lovely floral offerings, cards and expressions of sympathy, and the delicious food brought in. A very special "thank you" goes out also to all who assisted in the funeral service, the police department, and Spicer Funeral Home, all of whom helped provide toward a quiet, beautiful memorial for our loved one. We feel sure the many honors paid him by his beloved city would have made him very proud and happy if he knew. We shall never forget.

## How the Savings Bonds you buy help our State grow — a message from our Governor

Chances are you live a little better because of the U. S. Savings Bonds program—because so many people in our State buy Bonds and eventually redeem them to buy things for which they have saved.

During the last 24 years, many billions of dollars have flowed back into the economy of the State and the Nation in this way.

These dollars have benefited our merchants, manufacturers and builders. And in so doing have created jobs and improved earnings for countless workers—in our cities and farming communities alike.

The people of our State and America today hold a record total of over \$48 billion in ways and help us grow further.

I urge every one of you to help your future and the future of our State by investing regularly in U. S. Savings Bonds.

**UP A TREE**

It's no fun to be "up a tree." And this is the feeling known to most homemakers. Something is suddenly wrong with the washing machine, the clothes dryer, there's a hole in the roof, or the family car refuses to start. Invariably, these things "happen" at the worst possible time.

When you find yourself "up a tree", any kind of a tree, don't panic. Help is near. Whatever your needs, someone in the local business community is waiting to serve you, to serve you promptly, efficiently, and with a guarantee of satisfaction.

Whatever your needs, it's wise to look first to the local business community, where you will find a reputable, established businessman, who is interested in tomorrow as well as today, and who stakes his future on service and satisfaction.

## Evorie King, Jerry Jones Wed In Plainview

Miss Evorie King and Jerry Jones were united in marriage on Friday evening, April 23, at 8:30 p. m. in the Trinity Methodist Church in Plainview.

The Rev. Fred Brown, pastor of the First Methodist Church of Turkey, read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. E. D. King of Turkey, while the groom is the son of Mr. and Mrs. J. R. Jones, also of Turkey.

The couple's only attendants were Mr. and Mrs. Jan Turner of Turkey. Mrs. Turner, who is a sister of the bride, was attired in a yellow lace dress with bone accessories.

For her wedding, the bride chose a white street-length dress fashioned with a wide rolled lace collar which tapered to a V in the back. Her accessories were white and she wore a corsage of pale yellow roses.

Both the bride and groom are graduates of the Turkey High School. Mrs. Jones graduated with the class of 1964 and is presently a student at Adell's Beauty School in Plainview. The bridegroom graduated with the class of 1963 and is employed with Green Machinery in Plainview.

The newlyweds will make their home in Plainview.

## Comanche Dist. Camporee Attracts 101 Boy Scouts To Buck Creek Site

The annual Camporee for the Comanche District of the Adobe Walls Council was held on a campsite near Buck Creek southwest of Wellington, April 23-24. Each year the directors of the Camporee realize an improvement in some manner and the preparation of the meals by W. R. Herndon for the directors and judges was enjoyed. In time past, the troops were asked to prepare for several extra in order to feed these men, however, this took more time and extra groceries for each troop to provide.

Grady Haynes served as Camporee chairman for 1965. Elmont Branigan, Woody Frazier and Royce Frisbie assisted Mr. Haynes setting up the schedule and contests. Lewis R. (Tex) McCoy, district executive for the Comanche district provided valuable information as well as participating in the camp-out.

The 101 Boy Scouts registering for the Camporee came from Wheeler, Quail, Shamrock, Samnorwood, Clarendon and Memphis. In addition to the scoring on the regular contests, a system of additional points was worked out for conduct, skits, parent participation and appearance of individual campsites. In the final outcome

Troop No. 35 was awarded the buckskin for the highest score all-around.

The Quail troop provided the outstanding Patrol Leader to whom a trophy was awarded. All contests were held Saturday morning.

The contests included tree identification, animal track identification, log rolling, rope throwing, rope climbing, tire rolling, measured mile, first aid and flag pole raising.

The scouts began registering into the campsite on 4:30 Friday afternoon. After the supper hour, Mack Yarbrough conducted a camp-fire ceremony, including skits from all the troops. Order of the Arrow members closed the ceremony by gathering ashes to be carried over from the Camporee in 1966. The Scout vesper was sung as each troop returned to its campsite.

Each year all events involve a large number of volunteers. Frank Phelan served as score keeper, J. D. Tuck was the registrar.

Judging the various contests were C. D. Bradshaw, Lawrence Neece, Bob Cain, Tim Caldwell, A. L. Odom, J. C. Breeding, A. P. Jones, Bob Brown, Steve Watts, Tom Cook, Harold Smith, Charlie Johnson, Mike McCulley, Wesley Knorp, Jim Lange, Bog Gordon, Melvin Jennings, John Manning, Sam Lowry and Wayne Edwards.

Carl Yancey assisted W. R. Herndon in preparing the breakfast for the men.

Mrs. Annette Boswell is credited for all mimeograph work as well as making score pads and other items necessary for the Camporee.

The Webelos Troop of Memphis attended the campfire ceremony at the Comanche District Camporee Friday evening. The boys enjoyed a sack lunch with Troop No. 35 before the ceremony began. This age group of boys will be eligible to join Troop No. 35 within a few months and will be an active part of the 1966 Camporee. Leader Dewey (Peewee) Simmons

# Panthers Win State In Track

Morningside High School track team won the Class B State championship and were awarded the trophy at Prairie View A&M last weekend.

The Memphis Morningside Panthers tallied a total of 64 points last Saturday to win the State Class B championship; while the girls in their division finished in a three way tie with Munday and Floydada for first place.

Making the trip were Mrs. Claudette Deason, Girls Coach, Elroy Wilson and Boys Coach George Berry, and 14 students.

Coach Berry said things looked uncertain for the Panthers Saturday when they lost the services of the two-time state winner of the 880-yd. dash, Mariland Sims, who suffered a leg injury and was not able to participate in the finals.

However, Coach Berry said, Lorenzo Graves, who ran second to Sims, substituted and took the only first place for the Panthers in the 880-yd. dash with the time of 2:00.2.

Winning the state championship is not new to the Panthers. They were champs in 1963, and runners-up in 1964.

Following is the results of the others events in which the boys placed:

440-yd. relay—Morningside 4th, 45.8 (Gilbert Devorce, Clyde Wilson, Mariland Sims, William McFalls).

120-yd. high hurdles — Billy Bryley, 5th, 15.5.

440-yd. dash — Clyde Wilson, 2nd, 51.0.

180-yd. low hurdles—Jimmy Don Wright, 2nd, 20.5.

Mile relay — Morningside 4th, (William McFalls, Clyde Wilson, Willie Walker and Lorenzo Graves).

Broad jump—William McFalls, 4th, 19 feet.

High jump—Lorenzo Graves, 2nd, 5'10".

Shot—C. Johnson, 2nd, 46'5".

### Girls Division

The Morningside girls took two relay teams to state meet and finished first in one event and second in the other.

The 200-yd. relay team won first place. Its members are Linda Henderson, Carol Beck, Dolores Washington, and Tommie Ruth Wilson.

## Turkey FHA Delegates Attend Dallas State Meet

The Turkey Future Homemakers of America chapter was represented in Dallas at the State FHA meeting April 24-25 by Darlene Jones and Karen Arnold, delegates. Pam Williams attended the meeting as a state degree candidate. Anna Jean Blakney and the FHA sponsor, Mrs. Jay Eudy, accompanied the girls.

The group arrived in Dallas Thursday in time for Thursday night activities. Friday meetings centered around the opening ceremonies and speeches featuring the theme of the meeting, "Home Life—Foundation for Peace." The state degree ceremony was held Friday afternoon. Pam Williams and around 300 other girls from all over the state received their state degrees in this impressive ceremony.

Saturday's session included the delegates voting and selection of the 1965-66 state officers and installation ceremony.

The group from Turkey also visited Six Flags Over Texas and other points of interest in and around Dallas, returning home Sunday.

and who will have children in the first grade next fall, should call Superintendent Doss' office, and leave their names and addresses in order that they may be contacted for further information.

C. E. Weaver of San Benita left Wednesday after visiting here with his sister, Mrs. O. R. Goodall, who is in Dallas where he will attend market.

STATE WINNERS—Shown above, with the Class B State Track trophy, is the Morningside Panthers track boys. The school won the championship at Prairie View A&M meet held last weekend. Kneeling from left to right are: Mariland Sims, Lorenzo Graves, William McFalls and Billy Bryley. On the back row from the left are: Jimmy Wright, Gilbert Devorce, Clyde Wilson, Willie Walker and Clemmie Johnson.

## 1913 Study Club Enjoys Program On Interior Decor

The 1913 Study Club met in the Methodist Church annex for a delightful program entitled "Come Catch A Rainbow" on Wednesday afternoon, April 21, with Mrs. M. G. Tarver as hostess.

The beautiful series of colored slides demonstrating the artistic use of colors of the rainbow in interior decor was furnished by the Pittsburgh Plate Glass Co. with booklets on color for each member.

The program was narrated by Mrs. L. G. DeBerry with Mrs. Richard Avery operating the slide projector.

Concluding the program, Miss Linda Simpson gave a violin solo, the first movement of a concerto by Nordini. Miss Simpson is a very talented young musician and the daughter of Mr. and Mrs. Dennis Simpson.

During the business portion of the meeting conducted by Mrs.

R. S. Greene, president, it was decided that the club should sponsor a city-wide beautification campaign to make ready for the seventy-fifth anniversary celebration of the churches and county. Mrs. D. L. C. Kinard and Mrs. M. G. Tarver were appointed as chairmen of the project.

Also the community auction sale was discussed.

Tasty refreshments were served by the hostess, Mrs. Tarver to 15 members.

The next meeting will be in the home of Mrs. R. E. Roark on May 5.

Let's have a quick look at a misconception many people have concerning vitamins. Because most of our vitamins are obtained from food, some people are disposed to look upon vitamins as a type of food. Food, however, is a material providing heat energy, measured in terms of calories, for vital bodily processes. Inasmuch as vitamins do not contain calories, they are not food.

They are, however, chemicals of drugs that are present in foods and a vitamin is still a vitamin whether you get it from a beefsteak or a bottle.

## About Your HEALTH

What parents wouldn't insure his child good health for life . . . if he could?

Although no parent can guarantee his child good health always, a parent plays an important role in the health of child.

A parent can teach his child the basic principles of good health. Certain fundamentals, learned early and continued through life, can do a great deal towards promoting the health of the child. Good health can become a habit.

And this is where the parent comes in; teaching his child good health habits early in life.

A habit is an action you've done so often you don't even think about it, you just don't. Help your child develop good health habits.

Hand washing is a fundamental in disease prevention. Teach your child to wash his hands after he visits the toilet. Teach him to wash his hands before he eats.

Little hands—or big ones for that matter—go many places. They may carry out the garbage, handle a fly-swatter, or touch many potential germ sources. Hot soapy water can wash many

disease-causing germs off hands before they enter the mouth and body where they can grow and cause the most harm.

Teach your child to make hand washing a habit.

Tooth brushing after meals is important to good dental health. Otherwise, bits of food lodge on and between teeth allowing bacteria to grow and eventually cause decay. Teach your child to rinse his mouth with water if he can't brush his teeth right after eating.

A daily bath and clean clothes are important, too. Hair should be washed often, and combed with your own comb. Head lice are no respecters of persons and can easily travel from person to person on a "borrowed comb."

Borrowing towels, lipstick, or sharing food or drinking glasses is a good way to borrow trouble—or another person's germs. True, you may neglect to wash

## Mrs. Henry Hays Gives Book Review At Delphian Club Meeting Tuesday

The Delphian Club met Tuesday, April 20, at The DeVillie Restaurant with Mrs. Clyde Smith as hostess. The U-shaped tables were laid with linen cloths, and lace place mats and spring flowers lent a festive air to the occasion.

In the absence of the president, Mrs. C. C. Hodges, the business meeting was conducted by Miss Maud Milam. At that time, plans were discussed for the next meeting which will be a tea for new women of Memphis.

To introduce the program, Mrs. Lynn McKown noted the topic for the day, Library Service, with the Prospectus, Microscopes—to make minute analysis and find cures for today's and tomorrow's problems. She then read the quotation: "Books are the ever burning lamps of accumulated wisdom."

Mrs. A. Anisman brought an inspiring meditation on Home. Civilization had its beginning around an open fire. The Latin meaning of the word fireplace means "focus". Home is the center or focus of life. Today's family life is menaced by the scattering of the various members of the family. "Mother is on the day shift. Father is on the night shift. The kids shift for themselves". Parents must lead children to faith in God by their teachings, and by the way they live. Family traditions, memories, and religion have enduring effects on the lives of children. Love for God will deepen and enrich love for each other and make for happier lives and happier homes.

Mrs. Henry Hays combined two books for review, Harnett Kane's "Natchez" and Stark Young's "So Red the Rose." Mr. Kane's book traces the history of Natchez, high on a bluff over the Mississippi River and at the end of the famous Natchez Trace, the Indian road to Nashville. It sketches the history of the lovely antebellum mansions of the area, most of which are still standing are included in the Natchez Tours which have just ended. Mr. Young's book is a splendid novel of Mississippi plantation life during the Civil War, a finely detailed picture of an utterly vanished order, the endless saga of the death of the old South. It is a novel of two neighboring plantations, Portobello and Montrose, and of the two families, the Bedfords of Portobello and the McGehees of Montrose. It depicts the way of life and the social activities of the ante-bellum. It por-

trays the agonizing decisions of the planters on such questions as slavery, secession, the forming of the confederacy, the election of the controversial Jefferson Davis, and the appointment of Gen. Robert E. Lee as commander of the Confederate forces. The progress of the war, from far to the North to the Union occupation of Natchez is vividly described. The participation of members of the Bedford and the McGehee families in the battles of Bull Run, Shiloh, Vicksburg, and finally in the surrender of Lee at Appomattox is related. The looting, the destruction of fine china, silver, furniture, and even of the mansions themselves are heartbreakingly depicted. The problems of Reconstruction days are poignantly summed up in the words of a leading judge of Natchez: "We in this Southern region of roses and sunshine do groan in this tabernacle. Not in my day, not in the lifetime of my children, perhaps not in that of my children's children, shall we be free of this burden of care and responsibility, and vexation. How long? How long?"

The book received its name from this verse, "I sometimes think that never blows so red the rose as where some buried Caesar bled."

A color film of the Natchez Pilgrimage of Homes brought the old mansions to reality. The 30 homes in the tour were all constructed during the period between the American Revolution and the Civil War, making all of them at least 100 years old, and some of them almost 200 years old. Yet they are in a remarkable state of preservation. Many of them have the original wallpaper, carpets, and ornate furnishings, and are occupied by descendants of the original owners.

Among the homes shown were Langdowns, Linden, Arlington, Richmond, Elgin, Stanton Hall, Rosalie and Green Leaves. A delicious dessert plate was served to Mmes. A. Anisman, Keith Cunningham, W. C. Dickey, Frank Finch, Carroll Gardenhire, O. R. Goodall, Henry Hays, Neal Hindman, Bill Lockhart, Lynn McKown, J. S. McMurry, Sim Reeves, R. H. Wherry, Betty Shahan, Roddy Bice, Bob Gordon, Gaylen Ariola, Randy Thomas, Miss Maud Milam, and the hostess, Mrs. Clyde Smith.

Randy Brown, who is attending Texas Technological College, visited here over the weekend with his parents, Mr. and Mrs. Lee Brown.

Jack Miller visited his mother, Mrs. Art Miller over the Easter holidays.

## Woman's Culture Club Meets Wed. In Irons Home

Mrs. Jeanette Irons was the hostess to the Woman's Culture Club which met April 21 at 4 p. m. Mrs. Robert Moss led the group in the Club Collect.

Following the business session, which was held by the president, Mrs. Frank Ellis, Miss Sybil Gurley gave a report of the Santa Rosa District meeting. Mrs. Nat Bradley then introduced the program, "Federation", with a quotation from Shakespeare: "So we grew together. So, with the two seeming bodies, but one heart."

Federation Acrostical was given by several members, "Friends" was discussed, then Miss Alma Bruce gave "Education," stating that "The aim of Education Department of TFWC is to develop the potential of each individual person to the maximum through education. The aims of the Leadership Division in the Education Department of TFWC are: To train women at all levels in the skill of leadership and in democratic attitudes toward leadership, and to develop the woman's clubs as a vital force in community life."

"Democracy" was the theme of Miss Sybil Gurley's discourse. Mrs. R. E. Clark's topic was "Entertainment." She pointed out that "Federated clubs are not primarily for entertainment—that is a by-product. Their chief aim is to promote progress."

"Accomplishment" was given by Mrs. Bradley, who stated, "The part that enriches a member's home life is one of the most important accomplishments; also training for leadership in community welfare."

"Teaching" was stressed by Mrs. Irons. She said, "Teaching, not only in school, but in Sunday School and in Adult Classes was

# Miss Hall County Contest Is May 21

Binkley, chairman of the Jaycees 1965 "Miss Hall County" contest, announced that the annual affair will be held on Friday, May 21, and it will be held in the Community Center.

The girls between the ages of 16 and 26 and residents of Hall County are eligible to enter. The contest will be run during the month of May. Each girl will be sponsored by a business or individual in the county to contact the girl and make arrangements to be their sponsor," he said.

The girls will be competing for prizes which should attract a large field. First place winner will receive a \$100 wardrobe; second place a \$50 gift certificate, and third place a \$25 gift certificate. Beautiful trophies will be awarded in all places.

The winner will receive numerous prizes and an all expense paid trip to the Miss Texas Contest this summer.

Contestants and judges will be served a dinner before the contest at the De Ville Restaurant.

"We have plans to make this year's contest the biggest and best in the history of the Miss Hall County series," Binkley said.

Besides the selection of the top beauty, an entertaining program and several surprises have been lined up, the sponsoring organization stated.

## Dr. Jack Rose Attends Texas Optometric Meet

Dr. and Mrs. Jack L. Rose were in San Antonio the first of the week where they attended the 65th annual Texas Optometric Association Convention at the St. Anthony Hotel from April 24 through 27.

Dr. Robert Kraskin, noted optometrist from Washington, D. C., was the keynote speaker at the Annual Awards Banquet Monday evening. Other well known lecturers and educators in optometry appearing on the program were Dr. Walter Lewis of Chicago, Ill., who spoke on the "Newest Aspects of Stereo Refraction" three dimensional eye examinations; Dr. Harry Jaukiewicz, professor, University of Houston College of Optometry, who discussed the lat-

est knowledge of "Ocular Effects of Systemic Drugs"; Dr. Natalie Barraga, associate professor, Department of Educational Psychology, University of Texas, who talked on "The Education of Blind Children by Normal Means." Dr. Kraskin also delivered an educational paper on "Visual Training, a Significant Area of General Optometric Practice."

Optometrists from as far as Ontario, Canada, were in attendance at the convention. About 500 optometrists attended the convention.

## Local Druggists Attend Annual Meet In Lubbock

Mr. and Mrs. Dick Fowler were in Lubbock Thursday, Friday and Saturday of last week to attend the West Texas Pharmaceutical Association Convention. Mr. Fowler is a director of the association. Also going from here to attend the session Friday were Mr. and Mrs. John Fowler.

Headquarters for the convention was the Ko Ko Palace. More than 300 persons registered for the convention.

The session opened Thursday with a men's golf tournament at Hillcrest County Club. The convention proper got underway at 8 a. m. Friday morning with meetings of the Texas State Board of Pharmacy, Texas Pharmaceutical Association Board of Directors and West Texas Pharmaceutical Assn. Executive Board.

The first general session was at 2 p. m. Friday. One of the outstanding addresses was given by C. L. Kay, vice president for public services, Lubbock Christian College, who spoke on "The Challenge of Change." Mr. Fowler stated.

Reports were given by Miss Martha Jones, University of Houston College of Pharmacy, and Dr. Frank Cosgrove, University of Texas, College of Pharmacy. Dr. Cosgrove also spoke to the group on "The Fallacies of the Feric Equivalence."

## Notaries Public Must File Before Thursday, May 15

Secretary of State Crawford C. Martin announced that all qualified Notaries Public desiring re-appointment for the new term ending June 1, 1965, must re-qualify by the payment of the required fee and the filing of a new oath and bond with the County Clerk of his residence between May 1, 1965 and May 15, 1965, inclusive.

Martin emphasized that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State. The law specifically requires that the County Clerks approve notary bands.

County Clerk, Mrs. Ruby Goodnight, stated that her office is ready to accept applications and approve notary bonds. "We have about 100 Notaries Public in Hall County," she said.

Any person not now a Notary Public who desires appointment should apply to his County Clerk before May 20, 1965. Application during this period will assure that the appointment will be made in sufficient time for the applicant to qualify at the beginning of the new term.

The Secretary of State further pointed out that each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished the County Clerk.

## Conner-Burnett Nuptials Are Read In Pretty Church Service

Miss Sandra Nita Conner, daughter of Mr. and Mrs. Melvin Conner of Jacksboro, became the bride of Jerry Bickett Burnett, son of Mr. and Mrs. John L. Burnett, Sr., of Memphis at 8 p. m. Saturday, April 17, in the Memorial Christian Church in Jacksboro.

The Rev. Bryon K. Rose of Wichita Falls read the double ring ceremony before a nuptial space decorated with greenery, floor baskets of gladioli and lilies and branched candelabra holding lighted tapers. A satin covered kneeling bench and a lighted cross entwined with greenery in the background completed the arrangement.

Wedding music was provided by Katherine Dearing, organist, and Mrs. Eddie Bonner, vocalist, who sang "O Promise Me" and "Because" preceding the ceremony and "The Wedding Prayer" as the couple knelt at the conclusion of the ceremony. Miss Dearing also played the traditional wedding marches for the processional and recessional.

Given in marriage by her father, the bride wore a wedding gown of white satin fashioned with boat neckline and short sleeves. The fitted bodice was enhanced with designs of lace and seed pearls.

Her bridal veil of illusion fell from a crown of seed pearls and she carried a single white orchid surrounded by lilies of the valley and showered with white satin ribbons tied in love knots.

### Attendants

Mrs. Kenneth Mankins of Canyon was matron of honor and bridesmaids were Mrs. Johnny McKown of Arlington, Mrs. Bobby Platt of Pasadena and Miss Neta Curtner of Fort Worth.

They wore identical dresses of pink taffeta fashioned with round neckline, short sleeves and bell-shaped skirts. They wore matching accessories and carried bouquets of pink roses.

Little Miss Lisa Fenter of Jacksboro served as flower girl. She was attired identical to the other female attendants and carried a basket of rose petals.

J. L. Burnett, Jr., of Clovis, N. M., served as his brother's best man. Groomsmen were Troy Taylor of Amarillo, Jimmy Hill of Memphis and Jim Stone of Amarillo.

Ushers were Gene Conner of Fort Hood, brother of the bride, and Kenneth Mankins of Canyon. For her daughter's wedding, Mrs. Conner chose a white lace dress over pink accented with pink accessories while the groom's mother, Mrs. Burnett, chose a frock of beige lace with black and white accessories. Both wore corsages of pink carnations.

### Reception

Immediately following the ceremony, a reception was held in the Jacksboro Community Room.

Mrs. Troy Taylor of Amarillo, sister of the groom, presided at the bride's book to secure signatures of the guests.

Decorations carried out the bride's chosen color of pink. The serving table was centered with an arrangement of pink carnations flanked by candles. Miss Jeanie Bundrum of Colorado served the three-tiered decorated wedding cake while Miss Jeaninne Hodnett of Cohoma and Mrs. Robert Fenter of Jacksboro alternated at the crystal service.

After a short wedding trip, the couple will be at home in Canyon where they are both students at West Texas State University. Mrs. Burnett is a junior business education major and a member of Phi Gamma Nu, national professional business sorority. The bridegroom is a senior business management major and a member of the T-Club. He is presently employed with Sears-Roebuck in Amarillo.

Pre-nuptial courtesies extended the couple included a bridal shower on April 3 in Jacksboro and a rehearsal dinner on Friday evening in the home of Mr. and Mrs. John Pankey, aunt and uncle of the bride. Hosts for the rehearsal dinner were the groom's parents, Mr. and Mrs. John L. Burnett.

Female members of the wedding were entertained with a Bridesmaid Luncheon at 12:30 p. m. Saturday at the Community Room.

Mr. and Mrs. Odell Anthony visited in the home of their daughter and family, Mr. and Mrs. Clois Cobb, Jr., and Dee Ann in Shallowater last week.

One thing can be said for people who live in the past. They can do it cheaper.

**BANQUET SPEAKER**—Rev. Kenneth Wyatt of Paducah, minister of the Methodist Church, was guest speaker at the annual B&PW Bosses Banquet Thursday evening at the Community Center. A noted after-dinner speaker, Rev. Wyatt kept the audience laughing with his clever wit, concluding with more serious thoughts as to what each individual was accomplishing worthwhile to the community. He concluded by asking, "How would your epitaph read . . . what have you accomplished that you would want inscribed on your monument?"

## Mrs. Joe Merrill Is Shower Honoree

Mrs. Joe Merrill, the former Patricia Knox, was complimented with a bridal shower on Friday afternoon in the educational annex of the First Baptist Church in Estelline.

The bride's chosen colors of yellow and white were carried out in floral arrangements and the refreshments.

Judy Rogers gave a reading "It's Up to You" and Nancy Rea played several musical selections.

Many lovely gifts were received by the honoree. The hostess gift included a set of stainless steel cooking ware and an electric steam iron.

Hostesses for the courtesy were Meses. Ab Freeze, Dee Walker, Emory Masterson, R. C. Elliott, Doc Rogers, Lawson Halford, Raymond Jones, A. W. Johnson, Bill

Diggs, A. P. Bumpas, Henry Storm, Ray Stone, Olene Bearden, Lloyd Myers, Hildred McMinn, T. H. Seay and Simmons.

Some watches cost too much to look too cheap to wear all the time. This one doesn't.

Handsome watch costs just \$95. And that's a decent price to pay for an everyday watch to wear messing around outdoors. Or stalking a deer. Adding with a motor. Yet it has all the essentials a basic made watch should have. Shock-resistant. Anti-magnetic. Plus a respectable

is a program you will want to see, Mrs. Foxhall stated. Another highlight of the evening will be the recognition of the "PTA Family of the year." The family is kept secret each year until the final meeting of the organization when the chosen family is named. Following the program, those in attendance may enjoy a variety of confection from booths set up by the PTA. All proceeds from the sale of food will go into the PTA treasury to be used for worthwhile projects. PTA members will sell candy, coffee and lemonade. Also for sale will be whole cakes and pies. A cordial invitation to attend is extended to the public. There is no admission charge and this will be the final meeting of the Travis PTA for the school year.

They qualified with a 43.6 Friday. In the 100-yd. dash, Jack Stargel ran a 9.9 Saturday to win the event. He ran a 9.7 qualifying Friday. In the 440-yd. dash, Hoot Jones ran a 50.1 to win the event. His qualifying time was slower. In the 220-yd. dash, Stargel ran a 22.3 to win that event, the fastest 220-yd. dash of his career. Jim Odum did not qualify for the finals in the high hurdles and John Lemons was unable to qualify for the finals in the discus.

**Bond Issue—**

of the present enrollment at the Morningside School. The Memphis Board of Education has spent several months of study and thought on the school facilities of the district. The schools have been inspected by the Facilities Committee of the State Board of Education from Austin which recommends that this work be done, and warned the School District that the Memphis facilities did not meet the State Accreditation standards at the present time and must be improved if the School District expects to continue to receive State support and accreditation, the board stated.

The Board of Education retained the firm of Rittenberry and Rittenberry and Associates, Architects of Amarillo, whose Educational Consultant, Dr. Floyd D. Golden, has made a complete survey and study of the Memphis School facilities.

The School Board has also retained Texas Municipal Bond Company of Lubbock as its financial advisers and consultants.

The new high school building and site is estimated to cost approximately \$632,500, the remodeling of the present high school building and gym for junior high school use is estimated to cost \$75,000; the work at Travis Elementary, \$92,500; the work at Austin Elementary, \$45,000; equipment, \$60,000; and architect and engineering fees, \$45,000.

The board foresees a 10 percent increase in maintenance and operation whether the bond issue is called or not for the 1965-66 school year. The trustees believe it will take a 35 percent increase in school tax to meet the debt service requirements for this bond issue.

All parents and tax payers of the district are urged by the Board of Education to visit the different school buildings and see for themselves the need for these facilities and improvement.

Copies of the reports from the State Department of Education, surveys by the architect's educational consultant, preliminary drawings, cost estimates and other data are open for inspection at the office of the Superintendent of Schools, the board stated.

**New Cotton Pest Control Group Is Being Formed**

The Hall County Rolling Plains Cotton Growers Committee called a very important cotton insect control meeting to be held in the District courtroom at 2 p.m. today.

Don Rummel, area extension entomologist, is the main speaker on insect control, results of the High Plains Boll Weevil Control Program last year, and the organization of the Rolling Plains Cotton Growers, Inc.

The Hall County Council of the Hall County Program Building Committee appointed the following on the newly organized Hall County Rolling Plains Cotton Growers Committee:

Del Wells of Lakeview, chairman; H. A. Hodges of Memphis, vice chairman; Guy Smith of Memphis, secretary and treasurer; Crump Ferrel of Estelline, member; O. B. Hoover of Newlin, member; J. D. Cox of Tell, member; and Jack Montgomery of Lakeview, member.

The chairman and vice chairman of the newly formed organization will serve as representatives on the Rolling Plains Cotton Growers Area Organization. They have a Bill in Austin for appropriation for Boll Weevil Control and they are going to Washington to try to get appropriation to control the Boll Weevil in the Rolling Plains of Texas, County Agent W. B. Hooser stated.

The new organization is composed of 30 counties and have as their program five objectives:

- 1. To promote and protect the interests of Rolling Plains cotton producers.
- 2. To foster improvement of the conditions under which cotton

is produced and sold with special emphasis to control of the boll weevil and other pests.

3. Promote a coordinated program of sound information which will assist in a better insect control program at a reasonable cost.

4. To cooperate with and support established organizations in finding and pursuing reasonable and appropriate approaches to problems of mutual interest.

5. To do all things else that may seem reasonable and appropriate for improving the conditions under which Rolling Plains cotton and cotton seed are produced and sold, and for promoting the welfare and protecting the interests of cotton producers provided, however, that this Corporation will not engage in the business of buying or selling cotton or cottonseed or their products.

Mr. Reed, Manager of O'Brien Seedbreeding Program, is chairman of the Rolling Plains Cotton Growers, Inc.

Some day somebody is going to come up with a parking meter, a phone booth and make a lot of people happy.
