County's Bank Reports Show Mid-Year Record

Mid-year financial report of the four Hall County banks showed an all time high for Hall County in both the total assets and total deposits figures.

The total assets figure as of the close of business on June 30 was \$12,832,457.58 which is \$466,004.99 above the mid-year report of last year.

As far as our records show, the

12.8 million total assets figure is the highest in many a year. It surpasses the June 1950 report by better than two million dollars, a comparison showed.

Deposits followed the trend, reaching well above the \$11 million figure reported last year. The total deposits figure as reported by the four county banks was \$11,427,549.39 as of June 30, 1965. This surpasses last year's figure by \$424,661.93.

The June report is traditionally the low point of the year as far as banking is concerned in the cotton-feed-wheat and livestock oriented economy of this area.

The combined loans and discounts figure for this year was \$5,716,017.23, which in comparison to last year was \$70,306.63 less.

The figures for the mid-year financial report are taken from Statements of Condition published elsewhere in this issue from the First National Bank of Memphis, First State Bank of Memphis, First National Bank of Lakeview and the People's State Bank of Turkey.

Jack I. Davis Is Named Memphis FNB President

JACK I. DAVIS

In a major financial transaction completed recently, a substantial block of stock in the First National Bank in Memphis, has been purchased by Jack I. Davis and associates of Big Spring. The announcement was made Thursday morning by bank officials.

At a meeting of the bank's Board of Directors on Wednesday, Mr. Davis was elected president of the bank and T. H. Deaver, Sr. was named chairman of the board. O. L. Helm and Ben Parks will continue as vice presidents and all other officers, directors and employees will continue in their present capacities.

The new president, Jack Davis, is 35 years of age. He attended public schools in Borger, Pampa and Miami; also Howard Payne College. Later he attended the Southwestern Graduate School of Banking at Southern Methodist University in Dallas.

His banking career began in 1950 when he was with the First National Bank in Borger. Following this, he served four years as a national bank examiner; then accepted the position as vice president of the First National Bank at Evant, and was with this bank for two years. Since that time he has been vice president of the First National Bank in Big Spring.

Davis is married, and he and his wife are the parents of three children. They are members of the First Baptist Church of Big Spring.

He is a member or past member of the following organizations: director, Big Spring Country Club; former director, Chamber of Commerce; director, United Fund; former director, Salvation Army; former director, YMCA; charter member and director in 1951 of Amarillo AID; and past president, Big Spring Chapter AID.

Mr. Davis stated that the friendly service and helpful assistance that has characterized the First National Bank down through the years will continue uninterrupted.

He plans to move his family to Memphis just as soon as he can be relieved of his present responsibilities in Big Spring.

Lakeview Young Farmers Plan Family Night

The Lakeview Young Farmers will have family night at 8 p. m. Monday, July 19, in the grade school auditorium, it was announced this week.

The speaker for the occasion will be Dr. Jack Fowler, of Memphis.

Refreshments of home made ice cream and cookies will be served to those attending, it was announced.

Turkey School Voters To Go To Polls Saturday

Turkey voters will go to the polls Saturday, July 17, at the City Hall, to decide a school tax issue.

Voters of the Turkey Independent School District will determine whether or not the Turkey School Board shall have the authority to increase the tax rate to a maximum of \$1.50 per \$100 valuation. The rate for the 1964-65 term was \$1.20 per \$100 valuation for maintenance.

Loran Denton, Superintendent of Schools at Turkey, stated the School Board proposes this method of tax increase rather than an increase in property valuations as the district would be entitled to some adjustments in the amount of money necessary to meet the local fund assignment of the minimum foundation program.

The board announced last week the increase in rate is necessary to finance the Turkey School due to increase in teachers salaries voted by the Texas Legislature.

increase operation cost, and to finance some needed repairs.

The election will be held in the City Hall with G. O. Coker as presiding judge.

Mrs. R. Williams Dies Tuesday, Services Today

Mrs. Ralph Williams, 58, who had been associated with her husband in the operation of Williams Oil and Gas Company, the Phillips 66 wholesale dealer here since moving to Memphis 11 years ago, died at 2 p. m. Tuesday in Hall County Hospital.

Mrs. Williams had been ill for the past two years, but continued to be active in the business as well as with church, club and community activities until the past few weeks.

School Board Advertises For Bids On School Site

The members of the Memphis School Board have a heavy schedule, it was reported Monday night at their regular meeting.

The board at that time made arrangements to visit the Shamrock School to study their buildings on Wednesday afternoon.

Another meeting was set for 7 p. m. Friday to meet with the bondsmen, the architect, and representatives of utility companies.

Monday night the board authorized the advertising for bids for a site for the new high school building. The bids are to be submitted to the office of the Superintendent of Schools, 1100 Main Street, Memphis, Texas, before 5 p. m., Friday, July 23.

Superintendent Shannon Doss stated the board will decide at their Friday meeting when they will meet to open the bids on the

site. The board is asking for bids on 5 to 20 acres of land, with the price quoted per acre and the location of the land given in street address.

Announcement
The superintendent released several dates which will be of interest to parents of school children at the Monday meeting.

The Memphis Public Schools will begin the fall term on August 30, 1965. Band practice and football practice will begin on August 16th.

Registration of students will begin on August 26 with juniors and seniors registering that day. All other students will register on Friday, August 27.

Teachers Hired
Two teachers for Memphis High School were offered contracts by the board Monday night. They

Interest In Memphis Beautification, Clean-Up Program Continues To Grow

Committees from the Memphis Garden Club have carefully surveyed the city and preliminary reports have been made in the Beautification program. Mrs. Mac Tarver, co-chairman of the project, stated this week The Beautification program is being sponsored by the 1913 Study Club.

"Some reports are encouraging and some are calling attention to areas that need cleaning up," it was pointed out by the committee. "An editorial in the Democrat as of July 6 pointed out some of the complaints that have been voiced by local citizens as well as areas that need special attention, such as alleys, vacant lots and tenant residents."

"One encouraging report comes from an interested resident who secured the financial aid of the owner of property that has been unoccupied for a long period of time. Dr. Frank Martin of McKinney, Texas, has authorized the 'cleaning up' of the grounds of the Martin Property at 7th and Harrison. The Explorer Scouts have taken the job as a project, with the assistance of several men. Also the Police Department and the Fire Department have agreed to stand by on call," the committee members stated.

"All and all, we are most pleased with the interest and cooperation that has been shown by all the residents of Memphis in the Beautification Program," a member of the 1913 Study Club stated.

W. S. Heatly Speaks Tuesday To Lions-Rotary

State Representative W. S. (Bill) Heatly, of Paducah, reported to members of the Memphis Rotary and Lions Clubs Tuesday at noon in the Community Center.

The lawmaker, an attorney who has served for five terms in the Texas Legislature, was introduced by Herschel Combs, co-publisher of The Memphis Democrat.

Rep. Heatly stated he was happy to be at the meeting, and that he felt he was among friends.

Funeral services for Mrs. Archie B. Collins, who passed away Wednesday, July 14, in St. Anthony's Hospital in Amarillo at 6:25 a. m. were held today at the Church of Christ in Memphis at 4 p. m. Min. Tom Anderson and Min. Robert C. Jones officiated.

Interment was in Fairview Cemetery under the direction of Spicer Funeral Home.

Funeral Services For Mrs. Collins Held Here Today

Pall bearers were Jack Lacy, Buster Hanna, Tom Pierce, J. T. Mullin, Rickey Fuston and James Lipscomb.

Memphis Man Receives USDA Merit Award

Donald R. McElreath, employee in the USDA's seasonal cotton classing office here, was the recipient of a Certificate of Merit and a cash award recently.

The citation was for his willing acceptance of responsibility beyond normal requirements and the efficient performance of duties during the 1964-65 cotton classing season, it was reported.

This was Don's second award in the four years that he has been employed in the office, having received similar recognition in June 1963.

K. E. Voelkel, who has been in charge of the Memphis office for the past four years, and who recommended McElreath for the recognition to the Incentive Awards Committee of the USDA's Consumer and Marketing Service in Washington, D. C., stated that the Memphis office had an excellent awards record. In four years, eight awards were given to various employees. This figure is high among all Consumer and Marketing Service cotton classing offices, and this speaks well for the many dedicated and efficient employees who work in the Memphis office during each season.

Giants Capture 2nd Half Lead

The big battle in the Little League baseball playoff is between the Yankees and the Giants for the second half title.

With three dates left, LL officials have decided to play games Friday night, Saturday afternoon and Tuesday night, so the All-Star team will be free to compete in the district playoff at Childress next weekend, beginning Thursday.

Saturday, the Dodgers downed the Braves 10-9 in the first game and the Astros slipped by the Cardinals 6-5 in the second game. These were two exciting contests.

The senior league has three more scheduled game nights. The Senior League All-Stars are scheduled to play Clarendon at 4 p. m. on July 26 at Amarillo AFB. Teams competing besides Memphis and Clarendon are Carson County, Seagraves, Amarillo AFB, Anton and Big Lake.

Farm Teams
Play continued Monday night in the Farm League and the Giants extended their win record to seven with a 1-0 contest over the Yankees.

In the first game, the Tigers and Indians battled to a 6-5 score with the Tigers getting the decision on the strength of one run.

The second half standing shows the Giants one-half game in front of the Yankees. The Tigers are three and a half out and the Indians are four games out.

The Yankees won the first half playoff so if the Giants win the second half, arrangements for a tie breaker would have to be made.

President Johnson Reexamined

Within the last few weeks, the national news media, especially the big press, have turned their eyes and pounded their typewriters upon Lyndon B. Johnson, the 36th President of the United States, to try and evaluate the LBJ image. The U. S. News and World Report this week published a summary of what is being said and it is interesting to see the reaction of the nation's leading political writers as they try to paint a character picture.

We in Texas have spent years observing this man who is leading our nation, not only as a politician and office holder but as a man. Our only comment is that LBJ can take care of himself in any situation, as he has done through many crises, personal and domestic, as well as political.

All agree that things have gone beautifully for Texas since the White House so far, but the big writers are predicting some kind of test for him, quoting Harry Truman's famous quote: "If you can't stand the heat, get out of the kitchen."

For a man who cut his teeth, so to speak in the political controversies of Texas and battle his way to the Senate Majority Leader of the United States Senate, against many strong, smart men, we would judge the political writers as may be doing some daydreaming at the typewriters.

They say that when the toughest problems persist, super-Lyndon has disappeared like stage scenery and there stands plain old Lyndon—the hard-driving, explosive, difficult man he always was. The writer of this, Tom Wicker, in "The New York Times," went on to say: "Plain old Lyndon has given evidence acceptable in court that he is able enough, experienced enough, knowledgeable enough to be President—perhaps a great President."

Lyndon Johnson in Texas not thought of in any way other than what he is. Smart, dedicated to the American way of life, tough as the country he came from, purposeful, considerate of the public he serves, experienced, responsible, and a true leader of men.

The president tries to be lovable, easy-to-work-with, and a gentle soul, but when the trials come, he gets the job done to the best of his ability and he seems to pay little attention to any "style" or "image" the national press may want to paint.

Texas knew this man and the majority of this state voted for him, knowing what sort of a President he would make our country.

National Farm Safety Week

Hall County, along with the State of Texas and the nation, will observe the week of July 25-31, 1965, as National Farm Safety Week. President Johnson has set this period aside for the observance and Governor John Connally has designated this week as Farm Safety Week in Texas.

The theme of the observance this year is "Safety and Alive in '65." We feel this observance is important as far as our area is concerned for farming is a dangerous profession.

Farm and rural accidents continue to take a heavy toll in lives lost and injuries suffered. The latest yearly breakdown of farm resident accidents shows a total of 8,400 deaths and 780,000 injuries. Statistics about accidents may be startling, but they do not convey the pain, grief, loneliness, and hardship accidents bring. No purpose is served by accident. No one benefits by having an accident. But everyone gains when people work together on strong, purposeful accident prevention program.

During Farm Safety Week many people and agencies, both public and private, will be working on a statewide accident prevention educational program. This rural safety campaign is co-sponsored by the National Safety Council and U. S. Department of Agriculture. Special emphasis this year is being given to preventing accidents involving slow moving vehicles, chemical, and electricity and in recreation.

This newspaper feels a keen awareness of the responsibility of informing our readers, many of which are directly involved in agriculture, concerning safety measures in a farming or ranching occupation. The USDA reported that farm-accident fatalities are not declining in proportion to the decline in farm population, County Agent W. B. Hooser reported.

Next week, this newspaper will devote some space to promoting National Farm Safety Week, along with news stories concerning safety on the farm.

What Other Editors Say

Matter Of Survival

One of the most meaningful trends in this country has been the increasing shift from rural to urban areas, from farms to cities, with more and more people collected together in communities with problems quite different from those of a generation ago.

The census reports show that 50 years ago Texas had no cities over 100,000 population. Today three out of five Texans live in the state's 21 metropolitan areas.

And by 1970, which isn't far off, these areas will hold more than 70 per cent of the state population.

This trend toward bigger cities and smaller rural areas is already being felt in the political structure of the state. Redistricting by Supreme Court edict, will shift political power away from the rural areas into the cities.

The cities are having their problems by this shift in population. Cities like to grow big, but with bigness there comes problems. The larger cities of Texas have their problems with an adequate water supply, with building utility connections fast enough to keep pace, with doing something about "downtown blight" where the traditional shopping areas are fleeing to the shopping centers in the suburbs.

And the small cities are having their problems, too. Cities the size of Perryton face a different future than they did a few years ago.

Cities this size were built upon agriculture. Most of them this size came into being in order to provide a trading center for farm families within easy driving distance of farms.

The picture has changed. Mechanization of farms has been accomplished at a terrific rate. Farmers have shifted to specialized operation, with high capital outlay. There are fewer farm families now and farm labor is in short supply. The day when the farm families all came to town on Saturday to do their trading is a page out of nostalgic past. Farmers and farmers wives come into town in fast automobiles over paved roads to do their shopping the same days that city people do and with their mobility, their trading center can be a long way off as easily as it can be close by.

The small town that has long depended upon the spending of farmers and farm-oriented small business today faces the possibility that it may become a ghost town. Many small towns are losing population every time the census is taken.

And a great part of the loss in population of a small town comes from its young people, who seek careers in the cities, where jobs are more plentiful.

For this reason, many of Texas'

smaller communities view a competition for new industry not as a game, but as a matter of municipal life or death.

To keep the leadership and the population necessary for future growth, they must have job opportunities to match those beckoning from the metropolitan areas.

In an era of declining agricultural income, Texas is turning to industry for income of its people. The cities are getting the bulk of the industrial payroll, but the state is dotted with success stories where communities brought in companies with payroll for their community.

Securing industry in a lot of Texas small towns is simply a matter of survival. — Ochiltree County Herald.

Catfish Bait—Phew!

Stink bait always is good for catching catfish. Here is a new way to prepare a batch that really will blast them out of the water.

Fill a pint size mason jar three-fourths full of worms. Leave the worms in hot sun for about a week.

When the worms have stewed long enough to make a thick oil, separate the oil from the resulting segment and pour into a smaller jar.

When ready to bait up, dip little hunks of sponge in this oil and attach sponge to hooks.

You'll be delighted. Not at the aroma, but at the way the big fellows go for this concoction.

Test Your Dry Fly

Ever have bass ignore your fly, when it looks to you exactly like the live flies you see all around?

Well, the bass has sharper eyes than you and he can see the difference.

Make your own comparison by casting the imitation among the drifting "naturals" and observe how the colors and patterns differ from the living insects.

Waites-Hubbard Nuptials Read In Pretty Church Service Friday

Miss Lana Kay Waites, daughter of Mr. and Mrs. Stacey Waites, became the bride of Dwight Hubbard of Dallas, son of Mr. and Mrs. J. W. Hubbard of Lakeview, on Friday, July 2, at 7 p. m. in a double ring ceremony at the Travis Baptist Church.

The vows were read by Rev. Leroy Gaston, pastor.

Vows were exchanged before a sunburst arrangement of leather leaf decorated with wedding bells and white ribbons tied in love knots. Candelabras with yellow candles and baskets of yellow gladioli and mums flanked the arrangement.

Billie Wood, soloist, sang "Because" and "Whither Thou Goest." The bride, given in marriage by her father, wore a white satin and lace wedding gown fashioned with a gored skirt. The satin bodice was covered with Chantilly lace and the long sleeves came to petal points over the hands. Her shoulder-tip veil of illusion fell from a crown of seed pearls and she carried a cascade bouquet of yellow roses and white carnations atop a white Bible.

Her only jewelry was a single strand of pearls, a gift of the groom, and she carried out the traditional bridal custom of wearing "something old, something new, something borrowed and something blue with a six-pence in her shoe."

Susan Mothershed served as maid of honor and bridesmaids were Orville Evans, sister of the groom, and Jan Davis, sister-in-law of the bride.

The attendants wore identical dresses of yellow dotted Swiss. Miss Mothershed carried a colonial bouquet of yellow roses and white carnations while the bridesmaids carried bouquets of yellow rosebuds.

Janet Byars of Lakeview served as flower girl.

Best man was Jimmy Neighbors and ushers were Roddy Waites, brother of the bride, and Ray Hubbard of Dallas, brother of the groom.

For a wedding trip to Dallas, the bride wore a white linen suit trimmed in black with black accessories. She wore the flowers from her bouquet.

The bride is a graduate of Memphis High School. The groom graduated from Lakeview High School and is employed by Texas Automatic Sprinkler Co. in Dallas.

Neville Wrenn Receives Life Guild Membership

Neville Wrenn, a charter member of the Wesley Service Guild, was presented with a Life Membership certificate and pin at a meeting held Monday evening July 12, in the home of Mildred Stephens. Mildred Gidden, president, presided.

It is an annual policy of the Guild to present a Life Membership each year to some qualified member. Lenora Greenhaw presented the award to Miss Wrenn, stating that she held all the qualifications necessary being devoted to her church and community and had a long record of service as a charter member of the Guild, as well as teacher and church worker.

Mrs. Gidden introduced the program, "Spiritual Self-Discipline and the Life Within", using the quotation by Georgia Harkness, "Spiritual discipline is God's gift to one who will pay the price." The purposes of this study is to stimulate thought and discussion of self-discipline and to motivate members to try some spiritual self-discipline.

"Discipline has two sides—inner and outer. One is imposed upon us. The other we choose for ourselves to reach personal goals. Spiritual self-discipline is certainly not easy. Intangible goals make it even harder. Our list of things to do begins with prayer, try again conversation and daily Bible readings; these things are essential to a disciplined, Christ-like life, but what we know and what we do may not be on speaking terms. Paul says, 'Make love your aim'." Mrs. Gidden said.

"The Disciplined Life" was the topic assigned to Neville Wrenn. She presented this thought in two parts, "What is Discipline" and "Areas of Concern." The trouble with many of us is that, even with the best of intention, we are still so undisciplined that being a Christian makes very little difference in our living," she said to introduce the study.

"What is discipline? The word comes from the same stem as 'disciple', which means a learner. By discipline we learn and without it we cannot grow into the kind of persons we ought to be. The word has come to mean the formation of habits and patterns of life, usually by repetition that may become routine. Spiritual discipline requires effort and determination. This is why we tend to shrink from it and let the pressures of our egos and things around us pre-empt our attention and determine our actions. Said the psalmist, 'Blessed is the man whose delight is in the law of the Lord'.

"In areas of concern, we must consider our personal devotion, prayer and Bible reading, grace at meal time, attend church with regularity, the family as an intimate circle, the job, the community, and society, as integral parts of our daily lives. In short, we need to find God in the whole of our living," she closed by reading a poem to express her feelings.

Elsie Gidden gave the meditation, using the topic "Faith in God beats worry."

The scripture reading was taken from Psalms 149:1-12 and presented by Viola Morris.

A salad plate was served to Dorothy Gowan, Lillie Messer, Greenhaw, Lucile Burnett, Mildred Spicer, Pauline Wynn, Morris, Wrenn, Hester Bownds, M. Gidden, Elsie Gidden, Mazine Phillips, and one guest, Margaret Gowan Whitney of Clifton.

Secretary Gives Highlights

On 15-Day Vacation Of Girl Scout Troop 187

By AMY HILLHOUSE
Secretary

On Sunday morning, June 27, at 5:30 a. m., Senior Girl Scout Troop 187 left Memphis on a long-awaited trip. By 11 o'clock, we had reached Philmont Boy Scout Ranch near Cimarron, New Mexico. We had planned to attend church services there, but we found that church services had been held at 6:30 that morning. However, Rev. Carl Hudson asked us if we would not allow him to conduct a service, and we gladly agreed. After a short service, we were taken on a tour of the grounds. On leaving the ranch, we visited the Villa Phillmonte, the original ranch house of the 137,000-acre Philmont ranch. It was a beautiful Spanish mansion and the girls were impressed by the wrought-iron lattice work, the beautiful carpeting and tapestry, and the art work in tile and wood, all the original furnishings of the house. We traveled on to the Aspen Park Guest Ranch where we spent 3 nights. In Red River, we rode horses, took a jeep tour, went skating, and on the last night, attended a teenage dance. The owners of the guest ranch were so nice to us, taking us to their ranch for lunch one day, and helping arrange our tours.

On Wednesday, we drove into Colorado. We stopped at the Royal Gorge, but were not really impressed by the height of the bridge until we got below the bridge and looked up. It was remarkable to see the huge bridge we had been on a few minutes before as a tiny strip of metal in the sky. That night we checked into the Van Horn Cottages in Manitou Springs, Colorado.

In Manitou Springs we slackened pace a little to spend half a day lounging in the pool or in the cottage, but that afternoon we went to the movies to see "What's New Pussycat" and "Tickle Me" enjoying both thoroughly. The next day, we again waited until afternoon to get "up and at 'em." That day we saw "My Fair Lady" at the beautiful Cinema 70 Theater. After the show, we visited the Cheyenne Mountain Zoo and the Will Rogers Shrine and managed to catch some Colorado rain on the trip from the Shrine.

On Saturday we made the long, climbing drive up Pikes Peak. At the summit we had a group picture made in cowboy hats each girl purchased at the Peak. That night we ate a chuckwagon supper at the Flying W Ranch. After the

supper was a show consisting of the wranglers on the ranch playing and singing Western music. A group of four sisters sang, and three Indians performed dances to entertain us. The amazing thing was that the same people cooked the supper served it, cleaned up afterwards, performed, and even did jobs outdoors at the ranch. The Flying W Ranch is the home of Wranglers western pants.

July 4th, we drove on into Colorado, visiting the Air Force Academy and Elich's Gardens in Denver. At Elich's Gardens we found it was very handy to be Texans when Texans were operating the rides at the amusement park there. We were given 10-minute rides for the price of 3-minute rides. That night we stayed in a motel at Boulder.

Monday, we moved on to Lane Guest Ranch near Estes Park, Colorado. The ranch offered horseback-riding, archery, riflery, and swimming. Some girls rode horses, but the main activity was swimming, and the big joke at the ranch was getting thrown into the pool, clothes and all. Almost everyone went in at least once, but not without putting up a fight.

Wednesday we went into Estes Park to take Glenda Bruce and Elmonette Branigan to a bus on which they returned home to prepare for Senior Round-Up.

We left many friends and Estes Park and Friday morning. We found a motel in Denver and that night saw the New Christy Minstrels in person at the Red Rock Theater outside Denver. The singing was wonderful and the amphitheater was beautiful. Saturday we drove back through Colorado Springs where we saw the Seven Falls. When we registered in the visitors' book, comments were asked for. We commented in a normal Texas way: "Almost as pretty as Texas." We spent the last night of our trip in Pueblo where we met Mr. Clinton Voyles and Nancy. Mr. Voyles treated us to a feast at the Fireside Inn. The next day we started for Memphis, leaving Carol Voyles to go on to Gunnison with her family.

We arrived in Amarillo at 4:00 P. M., leaving Jane Hoover at a church camp. We saw the first of our families and friends at the Hertz Parking Lot. Mr. A. L. Gailey, Mrs. Jean McQueen, James Waites, Mike Nase, Mrs. Emily Hillhouse and Ben Ed and Joe made up the welcoming party. The remaining members of the party, Mrs. Brode Hoover, Mrs.

A. L. Gailey, Ginger Greene, Regina Hoover, Diane Gailey, Susan McQueen, and Laurel Pounds headed for Memphis as soon as possible, glad to be so near home.

In fifteen days the girls found much to remember the rest of their lives.

The girls of Troop 187 wish to thank their wonderful chaperones and friends, Mrs. Brode Hoover and Mrs. A. L. Gailey. They managed to put up with 10 girls and 2 cars for 15 days.

The girls would also like to thank all persons in Memphis who helped them make such a memorable trip.

Mr. and Mrs. A. J. Nabers and daughter, Maribeth, of Vaymeyer Ill., are here visiting his father, Luther Nabers.

Perry Hale Undergoes Eye Surgery In Amarillo

Perry Hale underwent a pterygium operation on both eyes at St. Anthony's Hospital in Amarillo Tuesday. Mrs. Hale said today he was recovering nicely and will be able to return home the latter part of the week.

Mr. and Mrs. Bob Anderson and Mrs. Hale were in Amarillo for the surgery.

Easy Maneuvering

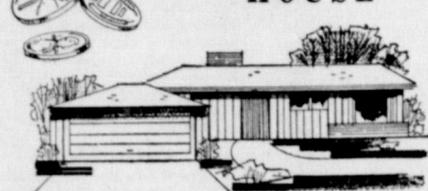

When fishing alone it is difficult to cast and guide a boat at the same time.

This can be overcome by mounting an oarlock on the transom, to one side of the outboard motor.

Set the motor at low speed, straight ahead. Then use a long-handled oar to rudder the boat from the transom oarlock with one hand, while casting with the other hand.

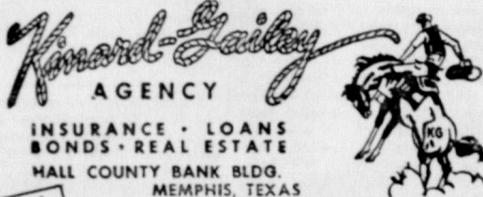

Andrew Carnegie, industrial tycoon and philanthropist, came to this country from Scotland at the age of 10.

More Than 85 Girl Scouts Attend Turkey Day Camp

The Turkey Creek Camp on Shoe Nail Ranch was the site of the 1965 Memphis-Turkey Girl Day Camp. This site is located about 15 miles from Turkey on the Northfield highway. There are plenty of big shade trees so the campers had privacy and the unit directly behind the camp which provided an excellent place for hiking. The campers were transported to and from the camp in a school bus with Belle as the driver. Mrs. Wilma Lane was the Turkey Day Camp director for the week of June 21 through 25.

In spite of the rainy weather, attendance ranged from 85 to 90 Girl Scouts and adults. The camp was divided into six units. During the week were rock sculpting, sand painting, spatter painting, glass painting and rolling paint cans made in small bottles. There were jars with spices, koolaid, flour, sand, etc. A promenade was planned for visitors' night on the 24 with everyone present participating, however, due to the evening had to be spent in the Legion Hut. One unit had cactus garden with cactus, driftwood and rocks arranged in an artistic manner. All units used natural objects and materials found in their unit areas.

Registered First-Aiders attending the camp came from Clarendon, including Lynn Payne, McCall, Helen Estlack and Ann Newhouse. Rita Mullin directed all the camp games and sports.

Leader for the Papoose Unit, baby sitter, was Mrs. Linda Ferguson, assisted by Darlene Jones, Senior Program Aide of Turkey. Lane Ferguson and Lanny Sherman, Boy Scout helpers of Turkey. From eight to ten smaller children were in this unit.

Other leaders included: Brownie Mrs. Betty Brown, leader, Dorothy Bachman, Ass't., Patricia Williams as Senior Program Aide and 17 Girl Scouts: Senior unit, Mrs. Betty Driskill, leader, Mrs. Paulette Lipscomb, assistant, with Shirley Johnson and Amy Hillhouse at Senior Program Aides and ten Girl Scouts: Junior unit, Mrs. Nelda Hartman, leader, Mrs. Daphyne Lane, assistant, Tanya Weatherly as Sen-

ior Program Aide and 11 Girl Scouts; Cadette, Mrs. Rita Mullin, leader, Mrs. Belle Jones, assistant, Nina Walters, helper, and Glenna Cotten, Senior Program Aide and nine Girl Scouts; Cadette unit, Mrs. Willie Grace Mullin, leader, Mrs. Charlotte Smith, assistant, and Lalynda Sherman as Senior Aide and seven Girl Scouts.

Campers for the 1965 session of District III Day Camp were: Leslie Barnhill, DeRhonda Brown, Jane Chandler, Jean Chandler, Glenna Nell Cotten, Juana Lee Cotten, Karen Ann Davis, Jana Sue Driskill, Jeanne Lou Driskill, Karen Lee Eudy, Laura Ann Eudy, Lanita Farley, Connie Ferguson, Joanie Ferguson, Charmaine Fuston, Debra Grayson, Kathie Hartman, Terrie Hartman, Dianna Johnson, Shirley Johnson, Darlene Jones, Dorcas Jones, Linda Jones, Debra Lane, Laura Lane, Nita Landry, Mitchie Lipscomb, Denise Lyles, Belinda Majors, Melinda Mullin, Janet Setliff, Jayne Setliff, Lalynda Sherman, Sheila Sherman, Susan Sherman, Janna Turner, Tanya Weatherly, Patricia Williams, Rhonda Hillmer, Elaine King, Jessie Ferguson, Paula Lipscomb, Jeana Mullin, Brent Mullin, Norman Mullin, Smitty Lane, Paul Brown, all of Turkey, and Melanie Cunningham, Meredith Douthit, Connie Guthrie, Lee Ann Hamil, Kay Johnson, Sharon Lemberson, Sue McCreavey, Connie Miller, Denise Phillips, Shari LeRae Posey, Debbie Roden, Karyn Smith, Jan Smithee, Glenna Walters, Linda Walters, Cleola Austin,

Etta Mae Austin, Margie Austin, Zetta Austin, Ramona Bachman, Dana Coldiron, Fleta Gay Coldiron, Rhonda Davis, Diane Devorce and Amy Hillhouse, all of Memphis. Susan Mothershed attended as an aide one day.

Mrs. Eudy and all the cooperation extended by the other adults provided an interesting week for the girls and everyone enjoyed the out-of-door living. Material donated by The Higgenbotham Lumber Co. of Turkey and Thaten Bros. Lumber Co. in Childress were appreciated.

Unhooking Your Fish

How many fish have been lost while trying to get them off the hook?

Even though you finally get the barb out of the critter's mouth, you pay for the accomplishments with fin wounds and slimy hands. Take the trouble to sew a piece of fine sandpaper across the fingers and palm of an old leather glove, and you can grip the flapping fish with the sandpaper hand while removing the hook with the other.

This is especially effective when handling catfish.

Turning Over A Leader

When a leader won't turn over smoothly at the end of a cast, it probably needs more body and stiffness in the upper end.

Instead of reducing the diameter uniformly, taper the upper two thirds gradually, then use shorter pieces of fine monofilament down to the tip.

E. A. Grover To Visit Local Congregation

E. A. Grover, Circuit Speaker for Jehovah's Witnesses in the South Plains locale, will visit the Memphis group as a part of congregational visitation arrangements in the area, according to announcement by Steven Lane.

"We are pleased with the announcement," said Lane, of 503 North Eighth, "as it will give impetus to our door-to-door ministry. This association too helps us spiritually and provides needed Christian fellowship."

Grover's visit to the city will take place after the group's regional "Word of Truth" convention in Lubbock, which begins July 22. "The assembly in Lubbock will certainly be a help to us," observed Lane, "as it affords opportunity to fellowship with delegates

from many states, some from as far away as Ohio and California. Advance information on the program shows it has been arranged to demonstrate the importance of the Bible as a book of truth and totally reliable and meeting the needs of our twentieth century."

The purpose of the circuit minister's visit is to offer personal assistance to the Memphis group in performing the Christian ministry. Grover also will aid in the formulating and conducting of meetings designed to offer practical suggestions for accomplishing the preaching work.

Lane stated further that Grover, a graduate of the Watchtower Bible College of Gilead, will appear on the program at Lubbock. "He also is assigned as assistant in the chairman's office, checking to see that each day's program begins and ends on time," The Memphis minister said.

The United States has 45 percent of the total coal reserves of the world.

On days when the heat is unbearable, people go to the lakes or beaches to be cool and comfortable. The cool breeze of the lake or sea shore is air in motion that has been cooled by the process of water evaporation. This same process is created by a Paramount Evaporative Cooler. The large squirrel cage blower continuously pulls outside air through wet redwood filters thereby lowering the temperature through evaporation of water in the filters. This cool, fresh, filtered air is then directed into the area to be cooled.

Some of the advantages of a Paramount Cooler are:

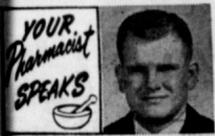

- Low cost of equipment, operation and maintenance
- Quick and easy installation
- Maximum comfort at all times
- 100% fresh, cooled, filtered air
- Fresh air ventilation, without cooling, for spring and fall—just turn off the water

See the Paramount DeVille evaporative cooler at your WTU Showroom.

Normal installation FREE for WTU residential customers.

Mankind's movement into an era of automation brings to mind that the most fully automatic mechanism of all... the human body... has been around since long before the first automatic transmission or electronic garage door.

The body is a constant beehive of activity over much of which the individual has no control. The internal organs operate automatically, blood circulates through the veins, and food is digested and pushed along the alimentary canal. Even some of the skeletal muscles function without conscious effort, the diaphragm and rib muscles used in breathing.

As is true of any mechanism the human body breaks down from time to time. At such time, when prescribed medication is required, remember where prescriptions are a specialty, not a sideline at PARSONS-LOCKHART PHARMACY, 115 South 6th Street, Phone 259-3541... College Registrar Lists Requirements For New Students

The registrar's office of Clarendon College this week issued a check-list of things to do and dates to remember which are of interest to freshman students planning to enroll next fall. The following were listed:

A copy of the student's transcript must be forwarded to the Registrar's office before registration.

A copy of the student's ACT score must also be on file at the college. July 24 is the deadline for making application to take the test on August 7.

Dormitory reservations should be made within the next few days if the student wishes to live in a dorm.

Those students who wish to commute should inquire about the possibility of car contracts, which will greatly minimize the cost of traveling to school.

The student who would like to participate in the Work-Study program should make inquiries as to the jobs that are available and leave on file information concerning his abilities, interests, and experience.

A Notice of Intent must be on file from any freshman who wants to take advantage of pre-registration August 23-31.

All freshmen who have never attended college are required to be present for freshman orientation on September 7 from 9:00 a. m. to 4:00 p. m.

Regular registration will be held on September 8, with classes beginning on September 9.

Application for admission and completion of health card data to registration will greatly facilitate this procedure. These forms will be found in the back of the current college catalogue which may be secured from the Registrar's office along with a copy of the fall schedule of classes.

LEAVES FOR IDAHO ROUNDUP—Two girls scouts, Glenda Bruce and Elmonette Branigan, (shown left to right) and Mrs. Elmont Branigan, Scout Leader, boarded a special train in Amarillo Monday morning for the trip to Farragut, Idaho, where they will attend the Senior Girl Scout Roundup from July 15 through 28. More than 600 Girl Scouts and leaders were aboard the special train when it left Amarillo.

Cotton Insect Report For Area Is Being Released

Emory P. Boring, III, area entomologist, of Vernon, is sending out a report each week concerning cotton insect infestation for this area to aid farmers in controlling the pests.

The July 12 report stated that thrip damage is light in the northern rolling plains counties of Hall, Donley, Childress, Wilbarger, Hardeman, Wichita and Clay.

Hall County was not mentioned in the fleahopper infestations, nor was any mention made in the boll weevil report.

"During the past week light infestations of bollworms have been observed in Wichita, Hall, King, Baylor, Haskell, Fisher, Jones, Mitchell, Nolan, Martin, Coleman, Runnels, Coke, Tom Green, Schemicher, McCulloch and Concho Counties," the report stated.

Garden webworms (careless weed worms) were observed in Hardeman, Collingsworth, Donley, Hall and Stonewall Counties.

The information used was compiled from reports received from Rolling Plains Survey Teams, county agents, vocational agricultural teachers, personnel of Texas A&M University Systems, branches of the USDA, commercial cotton inspectors, chemical companies and others.

It was reported a report on the progress of this summer's insect survey in Stanford will be given at the Stanford High School Auditorium at 2 p. m. Monday, July 26.

Less than two days after scoring 24 points in Texas Tech's 98-73 basketball victory over Texas A&M, the Red Raider's All-Southwest Conference floor general, Dub Malaise, won a tennis singles match from Hardin-Simmons. It was his first tennis competition in five years.

Barley is the world's fourth most important cereal.

LYNN KNOX

Lone Star Degree To Be Awarded To Lynn Knox

Lynn Knox, son of Mr. and Mrs. Ivan Knox, an Estelline FFA boy for three years, will receive his Lone Star Farmers degree at the State Convention, July 14-16, in Houston.

Lynn is one of five boys from Hall County receiving the top award offered at the state level in FFA work.

Knox, working under the direction of Vocational Agriculture Instructor T. H. Seay of Estelline, served on various committees in his organization and worked the hardest on back stops for the new school tennis courts.

His farming activities have been: first year, three lambs for mutton and show and three ewes for lamb; second year, five lambs for mutton and show and 13 ewes for lamb; third year, five lambs for mutton and show and 13 ewes and ram for lamb.

Knox is accompanying a group consisting of Mr. Seay, Donny and David Longbine, Larry Wynn and Roy Gene Shields at the Houston convention.

RODNEY SAMS

Rodney Sams To Get Lone Star Farmer Degree

Rodney Sams, 17-year-old son of Mr. and Mrs. A. C. Sams of seven miles southeast of Lakeview, is one of five Hall County boys receiving the State Lone Star Farmer Degree at the Texas FFA Convention in Houston, July 14-16.

The Lone Star Farmer Degree is the highest state award offered in FFA work. Rodney is accompanying Sponsor Barney Bevers and Delegate Johnny Thomas of Lakeview to the convention.

Rodney's projects included crops, beef calves, pigs and grain sorghums for grain.

Sams was elected vice-president of the Greenbelt District, secretary of the Lakeview Chapter for two years and also served on many local committees.

He has been active in judging teams, serving on a first place crops and farm skills teams and a second place dairy cow judging team.

Rodney is active in all school activities, especially in sports where he has participated in tennis, basketball and football.

He was honored by the American Legion Post of Memphis as a 1965 delegate to Boys State at Austin this summer. He was financed by the Lakeview Lions Club.

Tax Man Sam Says

The Automatic Data Processing of tax returns has captured the imagination of the American taxpayer. Internal Revenue reports that millions of dollars have been paid by taxpayers who conveniently forgot to file a tax return until they got skereed that the machine was going to get them. Most of us can take this modern life—including the data processing machines—in our stride. Of course we would likely tell Internal Revenue that we were perturbed if the machine made a mistake and sent us a bill for a million or so. This sort of thing can and will happen, but most of us can cope with the machine simply by putting our correct social security number on our tax return at 11:00 p. m. on April 15.

CARL HOUSTON

Carl Houston To Receive Lone Star Farmer Degree

Carl Houston, son of Mr. and Mrs. L. R. Houston of Memphis, is in Houston this week where he

will receive his Lone Star Farmer Degree at the State FFA Convention.

He is one of five Hall County boys receiving the highest state recognition in FFA work.

Carl, a MHS senior, has won many honors during his three years work in FFA under the instruction of Neal Hindman, vocational agriculture instructor. He has been outstanding chapter livestock farmer all three years. Greenhand reporter, Chapter vice-president, delegate to State FFA convention, member of livestock, land, dairy, chapter conducting and farm skills teams.

Since 1959, he has shown top animals in the county show, and major shows in Amarillo, Houston, and El Paso in both 4-H and FFA work.

Besides his FFA work, Carl has been active in 4-H work and served as Countywide 4-H President, and is a County Gold Star 4-H boy.

In church, Carl has served as president of First Baptist Church Youth choir and president of Baptist Association Youth Rally.

He was also honored this year by the American Legion Post of Memphis as one of their delegates to the Boys State in Austin.

weeks.

The former Edna Mildred Hafner, Mrs. Williams was born September 25, 1906, in Chickasha, Okla. She was united in marriage to Ralph W. Williams on April 15, 1927, at Lawton, Okla.

The couple resided at Fort Cobb Okla., from 1927 to 1937 and at Anadarko, Okla., from 1937 until 1954 when they moved to Memphis.

Mrs. Williams was an active member of the First Baptist Church, the Order of the Eastern Star, and the Atlantean Club. She took a keen interest in community improvement and was always ready to assist in any worthwhile project for the betterment of the community. She was a member of the Welcomette Committee of the Chamber of Commerce.

Funeral services were held at 11 a. m. today (Thursday) in the First Baptist Church with the Rev. Gene Jorgenson, pastor, officiating, assisted by the Rev. J. T. Roberts of Oklahoma City.

Surviving are her husband, Neal Hindman, instructor, Carl Houston, Sammy Houston, Neel Hughs, and Robert Maddox.

Graveside services were conducted at 4:30 p. m. at Spivey Memorial Gardens in Lawton, Oklahoma. Arrangements were made by the direction of Spicer Funeral Home.

Members of the family requested that friends make memorial contributions to their favorite charity or the Save-A-Life Fund of Hall County Hospital, a fund Mrs. Williams helped to establish.

Surviving are her husband, Neal Hindman, instructor, the home, a daughter, Mrs. Edna Lee Barker of Hobart, Okla., one grandson, one sister, Mrs. M. Stepps of Lawton, Okla., one brother, R. M. Hefner of Edinburg.

Pall bearers were Raymond Martin, Julius Stevens, Tom W. Hatt, Henry Thompson, J. D. Taylor and Si Rice.

Tip For A Rod Trip
Now that fishermen have learned that fish bite as well, if not better, at night (especially on lunkers), a hot tip might be order.

Paint the tip of your rod with vivid color of night paint. When the tip quivers you can see it.

The octopus, contrary to bad reputation, is a rather shy creature, leaving his lair only to seek food.

COMMUNICATIONS — Your Tool for Progress

In case of fire,
this telephone rings the alarm

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. What's more, it is a distinctive ring which means "FIRE!" and brings firemen on the run. Here is another example of how Communications becomes a Tool for Progress—a communications service of great value to every town with a volunteer fire department. For full information about our many communications services, please call our Business Office.

Edward Kennedys Enjoy Vacation To East

Mr. and Mrs. Edward F. Kennedy of Broomfield, Colo., and formerly of Estelline, returned this weekend from a month's vacation trip in the East. They visited their daughter, Mrs. Douglas Gifford and her husband in Penns Grove, New Jersey.

On June 8, they attended the graduation exercises at Glassboro Teachers College, where Gerry Kennedy Gifford received her B. A. Degree, with majors in science and in history. Following the graduation, Mr. and Mrs. Ralph Gifford entertained the younger Kennedy and their grandson, Jim, of Amarillo, Texas, who accompanied them on the trip, at the famous Smithville Inn in Atlantic City, New Jersey, and later all of them enjoyed the scenic drive down the coast to Cape May.

Mrs. Douglas Gifford and the Kennedys spent several days in New York City. Highlights were attendance at the N.E.A. and at the World's Fair. Other enjoyable side trips included a tour of the famous Owens Glass Plant at Bridgeton, New Jersey, a tour of the world-renowned Longwood Gardens at Kennett Square, Pa., and a tour of Washington, D. C.

The vacation trip was shortened because of the death of the mother of Edward F. Kennedy in Wheatland, Wyoming. The Kennedys and Giffords returned by way of Tekamah, Nebraska, where

Report From Washington

By **WALTER ROGERS**
Representative, 18th

THE CIGARETTE ISSUE
The question: Does cigarette smoking cause lung cancer? Some eminent medical scientists and others say YES. Other equally eminent medical and other scientists say NO. One eminent psychologist stated that the statistical evidence used to support findings that cigarette smoking caused cancer could be used in the same manner to prove that divorce causes lung cancer.

The facts: The facts are that it never been proven biologically that cigarette smoking causes lung cancer. Millions of dollars have been spent in laboratory and other ways to prove that inhalation of cigarette smoke is the primary cause of lung cancer. The testimony of all witnesses before the Congressional Committee on the subject was to the effect that inhalation of cigarette smoke had caused lung cancer in laboratory animals, although the matter has been under experimental investigation for more than 60 years. It has been established, however, that certain hydrocarbons, many of which are present in polluted air, are present in many of the cities of this nation, and do cause cancer in laboratory animals.

The real issue: The underlying

and real issue in the cigarette controversy was never properly publicized. Simply, it was this: Should the Congress of the United States merely surrender its Constitutional legislative powers to a Federal bureau not directly answerable to the electorate of this nation? The cigarette issue was used as a smoke screen in a veiled attempt by a Federal bureau to further encroach upon the Constitutional legislative powers of the Congress. Those of us who undertook to protect and preserve those powers were subjected to a malicious, false, and unfounded attack by a syndicated columnist. Strangely enough, this particular columnist has long supported absolute centralized power in the Federal bureaus and boards over the freedom and the rights of Americans. Strangely enough, he is the same columnist who has so often visited in Russian and has paid compliments to Khrushchev as well as many of the practices of the Russian economy. He has the right to his beliefs and his philosophies, but by the same token I have the right to my belief that true representative government will be destroyed if the Congress of the United States, made up of the duly elected Representatives and Senators, is required to surrender powers to the appointed boards, bureaus, and agencies.

Laff Of The Week

"Passet! Hey, Buddy — have they repealed the alimony laws yet?"

I do not smoke, chew, or dip, and have not used tobacco in any form for more than 14 years. It is my personal belief that any young person who takes up the tobacco habit is very, very foolish. However, tobacco is the livelihood of many, many Americans and constitutes the basis for a substantial segment of our economy. If tobacco can be established biologically as the primary source of lung cancer, it should be placed in the same category as marijuana, heroin, opium, and any other drug. Its production and sale should be forbidden. Such proof has not been produced after more than 60 years of experimentation. I, as a free American, subscribing to the guarantees of our Constitution, do not propose to write the death sentence of a substantial segment of the economy of the United States and the world on unsubstantiated conclusions of government-paid employees who are not willing to advocate prohibition of cigarettes, but who are willing to spend millions of dollars of taxpayers' money (by their own testimony) to brainwash the American people that their opinions are correct. A good example of their findings is contained in the Surgeon General's report, which I quote: "Although smokers are different from non-smokers psychologically and socially, there are many differences among smokers and among non-smokers, so that some smokers may be like some non-smokers." Frankly, I think tax

Julius F. Neel Wins Vacation Trip To England

Julius F. Neel was recently awarded a two-week vacation in London, England, for himself and his family.

The award was presented to him in Dallas by W. Clement Stone, president of Combined American Ins., Co., as top sales manager for the company in Texas.

The party, which will include President Stone and his wife, of Chicago; International Salesmanager Mat Walsh and his wife of Chicago, Executive vice president Grover Posey and his wife of Dallas and several other insurance officials, will fly by jet to London in September.

In addition to winning the vacation trip, Mr. Neel was presented with an engraved International Distinguished Salesman Award, Management Division, Texas, by President Stone.

CARD OF THANKS
I wish to thank all who helped in any way to cheer me while I was in the hospital. Flowers, cards and visits were appreciated. Special thanks to Dr. Clark and nurses for their wonderful care.

Nannie Crowder

Visitors in the home of Mrs. E. Walker and Zady Belle last week were Mr. and Mrs. Emmett Lee Walker and Thelma Ruth of Houston; Mr. and Mrs. K. C. May and Lynn of Amarillo; Major and Mrs. B. J. Cudenkauf and Barry and Pat of Cincinnati, Ohio.

money could be spent for much better purposes and more effective results. If they are of the opinion that cigarette smoking is the primary cause of lung cancer, they should be honest enough to demand absolute prohibition of cigarettes.

I shall continue my efforts to preserve the Constitutional legislative powers in the Congress, which is the body directly answerable to the electorate.

Sandra Toner Is Enjoying European Tour

Miss Sandra Toner, daughter of Mr. and Mrs. Frank B. Toner of San Leandro, Calif., and granddaughter of Mr. and Mrs. Clyde Milam and great-granddaughter of Mrs. J. W. Stokes of Memphis, is presently enjoying a two-month tour of Europe.

Miss Toner, who has visited here frequently throughout the years with relatives, embarked for Europe with a group of about 20 persons headed by Father Ralph Brennar following graduation from San Leandro High School. Accompanying the Catholic student, other than the priest, were two mothers and a registered nurse.

The group flew to New York where they visited the World Fair and then on to Europe where they will visit Norway, Denmark, Germany, Switzerland, Austria, Italy, France, Spain, England and Ireland. Plans are that they will see Pope Paul in Castel Gandolfo where he is vacationing.

In England, they will enjoy Stratford on the Avon in Shakespeare country and plans have also been made to attend the dedication of a cathedral in Galway, Ireland. The girls are also hoping to visit Piness Grace in Monaco.

LOCALS

Mr. and Mrs. William Murdock of Amarillo visited his sister, Mrs. Lorean Saunders, and Mrs. Thurman Ellerd and husband Monday.

Mr. and Mrs. Billie Hoy and four children returned to their home in Pueblo, Colo., Tuesday morning after visiting with their grandmother, Mrs. R. L. Madden, from Saturday. Also visiting here in the Madden home are Helen Madden, who is spending the summer with her mother, and Mrs. and Mrs. Jeffrey Hoy of Denver, Colo. Mrs. Hoy is the former Loma Madden.

Melissa Barbee and Susan Moreman are visiting with relatives in Dumas this week.

Miss Joe Ann Odum, who is attending the summer session at Texas Tech College, Lubbock, visited here over the weekend with her parents, Mr. and Mrs. Adrian Odum.

Mr. and Mrs. Jerry Hasselman are vacationing in New Mexico over the July 4th weekend. They attended a family reunion and also enjoyed visiting scenic points of interest in that state.

DAVID LONGBINE

David Longbine Is Recipient Of FFA Degree

David Longbine, son of Mr. and Mrs. J. C. Longbine of Estelline is one of five Hall County FFA boys who will receive his Lone Star Farmer Degree at the State FFA Convention in Houston this week.

Davis has been a member of the FFA Chapter in Estelline for three years and has served on various committees in the organization. The Lone Star Farmer Degree is the highest state award offered in FFA.

He has been active in his organization, working on the county show and the annual parent and son banquet. He showed livestock in the county show, the Greenbelt and the Amarillo shows. David is active in all school activities.

Projects undertaken by David his first year in FFA included two calves for beef and show, three cows for calves, and 10 acres of cotton for lint and seed. His second year projects included two calves for beef and three cows for calves. David's third year projects were three cows for calves, and 10 acres of cotton for lint and seed.

Attending the State convention from Estelline are Instructor T. H. Seay, Donny and David Longbine, Larry Wynn, Kynn Knox and Roy Gene Shields.

Block captains have been named throughout most of the city and these individuals are doing a fine job in contacting their neighbors and inviting them to co-operate in the project, it was stated.

Block captains for Group 6 were released this week and include Mrs. Jimmy Bennett, 1608 Peachtree; Mrs. Lester Campbell, 1321 N. 16th; Mrs. Rayford Hutcherson, N. 17th; Mrs. Haskell Howell, 1107 N. 16th; Mrs. Gayle Greene, 1006 N. 16th; Mrs. Jess Mitchell, 917 N. 16th; Mrs. Roy Guthrie, 817 N. 16th; Mrs. Joe Mothershed, 1900 Circle Drive; Mrs. G. D. Hall, 1505 Delaney St.; Mrs. A. J. Fowler, N. 17th.

In Group 3, Mrs. P. E. Gardenhire will serve as block chairman at 918 Harrison St.

Tourism To Be Subject Of Meeting Friday

At 3 p. m. Friday in the City Council Room of the Municipal Building, owners or managers of service type businesses on Highways 287 and 256 in Memphis will meet to discuss plans for a tourist attraction campaign, the Memphis Chamber of Commerce announced this week.

General instruction in this type of program will be given by members of the Tourism committee and public relations committee of the chamber.

Carl Yancey, Wayne Goodrum and Lester Campbell are in charge of Friday's program.

The Chamber reported that there are 44 businesses of the service type on the two major highways in Memphis, so a large representation is expected for the meeting.

This is the first step in organizing an effective tourism program for Memphis, so a large representation is expected for the meeting.

Rep. Healy explained and named the five major committees in the House of Representatives: Oil and Gas, Insurance, State Affairs, Appropriations, and Taxation. He is chairman of the House Appropriations committee.

He explained that his committee handled \$3,600,000,000.00 during the last session and met approximately 150 hours. He said that 84 per cent of this money went into the public school education program, the highway program, the public welfare program, the special hospitals and special schools programs.

Rep. Healy explained several bills and constitutional amendments. Voters will go to the polls on Sept. 7 and in November on several of the amendments Healy discussed.

He explained that there has been a battle going on in Austin to redistrict the judiciary in the rural areas and he is opposed to the redistricting. "I am opposed to the removal of the judiciary from the rural area," he said, "because this would really hurt."

Approximately 85 Lions and Rotary members attended the meeting which was presided over by Rev. Richard Avery. The program was under the direction of Judge Tracy Davis, program chairman.

JIMMY SRYGLEY

Jimmy Srygley To Receive FFA Farmer Degree

Jimmy Srygley of Memphis, son of Mr. and Mrs. Melvin Srygley, is one of five Hall County boys receiving Lone Star Farmers Degrees awarded by the State FFA Organization.

Srygley was unable to attend the convention this week in Houston, so the Memphis delegation will accept his degree for him and bring it back.

A 1965 graduate of Memphis High School, Srygley held two other honors in FFA work. He was given the Greenhand Outstanding Award and the Chapter Farmer Award.

His leadership activities included: Greenhand president, junior chapter conducting, radio broadcasting, father and son banquets, public speaking, delegate to district convention and state convention member last year.

Jimmy's three-year projects included: cattle for beef production, cows for calf production, hogs for pork production, sows for pig production, milo for grain, wheat for grain, cotton for lint, alfalfa for hay, and cane for bundle production.
