Last week, Mrs. Wells got the credit for being a newspaperman's wife. Many people know that she was also a newspaper woman working at the trade for many years. Even when she was not at the desk, she continued being a newspaper woman up to the last. I would have been a flat failure in newspapering had it not been for Pearl's wise counsel, knowing people, and a woman's knack of uncanny wisdom in business.

Knowing Mrs. Wells seven years as my sweetheart, and 61 years as my wife, I ought to know that Pearl was a friend of all she met, always wanted to help others who were in need assistance in any way, and lastly, she was one of God's Noblewomen.

On the south side of our yard, some blooms are still showing, and some new buds peeping out. Since early last spring, roses could be plucked each day. The last rose was taken Jan. 3. A long summer and extra long autumn keeps us wondering if winter is near at hand.

So far, since last of 1965 and part of 1966, mild weather continues. Some mornings have been chilly, but real winter keeps holding off. I suppose it is to get all the cotton gathered. Most farmers have plowed the land, ready for ring planting.

Old buildings being torn down... must have been built 60 years ago. Other changes are taking place... all to the good or the town.

Don't forget how you enjoyed nice family gatherings during holidays! Some of you may go without another family reunion—and when you go home one of the kids may say, "Who's that strange man (or woman)? at the door?" Life is too short at times.

Two dinner dishes brought to our home Dec. 5 have not been eaten by the owners—no names same. The Baptist women prepared a fine noon meal.

Les Sims Is Presented OA Vigil Award

Several Memphis Boy Scout leaders and Scouts were in Pampa Friday evening to attend the annual banquet of the Order of the Arrow.

Les Sims, local scoutmaster, was presented the Vigil Award in the order of the Arrow. This is the highest award that is conferred on a member.

Banks Sponsor ACP Handbooks 20th Year

The 1966 ACP Handbooks of Conservation Practices, mailed to subscribers last week, made the 20th consecutive year that the National and the First State Banks of Memphis had joined in publishing the County ACP Handbook. Lynn L. McKown, ASCS Vice Manager, announced to the fine cooperation of our local banks in paying the cost of

TO THE WIRE—Pictured above is Turkey's Rodney Mullin shooting a jump shot against Lakeview Tuesday night, in a ball game that ended 51 to 50 in Turkey's favor. Lakeview boys pictured are: No. 30, Jimmy Duke, No. 32 Kirby Hatley, No. 34 Rodney Sams, and No. 44 Johnny Thomas. The Dist. 9-B action was real exciting as both boys and girls games ended in one-point decisions at Lakeview Tuesday.

Memphis Schools Receive \$45,238 Under ESEA Act

Superintendent of Schools Shannon Doss announced today that the Memphis Independent School District was notified Monday that its application for \$45,238.00 under the provisions of the Elementary and Secondary Education Act of 1965 has been approved.

The purpose of the E.S.E.A. is to provide money to enrich and improve present programs within the schools, Supt. Doss said. None of this money can be used to replace old money and at the end of the year the school district must show that the students did benefit from the expenditure of this money and in what ways they benefited, Supt. Doss explained.

The approved application for the Memphis Schools provides for the addition of five remedial reading teachers at mid-term of this year: one at Austin Elementary, two each at Travis Elementary and Memphis Junior High School, it was explained.

"These remedial classes will be (Continued on Page 12)

Memphis Cager Teams Are Competing In Wellington Tourney This Weekend

The Memphis Cyclone and Cyclonette basketball teams are competing this weekend in the Wellington Invitation Basketball tournament playing their first games today.

This tournament will be the local teams' last non-district games as District 2-A play-offs begin next Tuesday, Jan. 11.

The two Memphis teams will play hosts to Canadian next Tuesday night with the first game beginning at 6:30 p. m. Clarendon, the defending champion, is again picked as the district favorite by area sports writers with Wellington, Memphis and possibly White Deer as potential threats.

The Memphis Cyclone drew the tough Altus cager team in the

opening round of the Wellington tournament today with the game scheduled for 2:30 p. m. Altus is the tournament's defending champion.

The winner of this contest will play the winner of the Quail-Dodson contest at 7:20 p. m. Friday, while the losers play at 10:45 a. m. Friday.

Finals in the tournament will be played Saturday afternoon and evening.

Other boys teams entered in the tournament are Wellington, Paducah, Childress and Hedley.

The Cyclonette will open against a strong district rival, the Wellington girls today at 6 p. m. The winner of the game will play Hed-

(Continued on Page 12)

Ginning Total For 1965 Crop Climbs To 50,647

With favorable weather this week, the harvest total of the 1965 cotton crop rose to 50,647 bales, a telephone survey of the 14 county gins revealed early this morning.

This is 2,000 bales above last year's final total and it appears that Hall County will harvest over

55,000 bales this season as there are many fields left to be gathered.

As the harvest goes into the final stage, some areas have completed their harvest except for minor activity, but in the Memphis and Lakeview area there are still fields yet to be harvested.

Dry weather and mild temperatures the past several days have allowed farmers to harvest 8,565 bales since last Thursday's report. Last year, on the same date, 46,100 bales had been ginned.

How much cotton is still in the fields is still anyone's guess; but, apparently, the final figure will be somewhere between 55,000 and 60,000 bales, reports indicate.

If the season's harvest figure is above the 55,000-mark, it will mean that the 1965 crop is from 15 to 18 per cent better than last season's harvest.

K. E. Voelkel, chairman of the USDA Cotton Classing Office in Memphis stated today that his office will have classed about 145,000 samples by tonight as compared with 139,000 on the same date last year.

"I estimate this is from 70 to 75 per cent of our expected season," he said.

Receipts have been picking up the past few days and Voelkel said the office is receiving about 6,000 samples daily. "We are behind about 17,000 samples as of this date which is about three days work at full capacity," he said.

The office is presently operating full capacity of eight tables as J. W. Tissington of Muskogee, Okla., has been added to the staff to replace Joe Buchanan who left two weeks ago.

Voelkel said it was noticed this week that the number of barks and waxy samples have been picking up due to the lateness of the harvest.

The grades of cotton classed the week ending Dec. 31 were considerably lower than any week this season with the color group Light Spotted predominant and

Willis Walker Retires From Turkey Post Office After 29-Year Service

Willis Walker, Turkey Route 1 rural mail carrier, has retired after 29 years with the United States Postal Service. His retirement became effective Dec. 30, 1965.

Although Mr. Walker wasn't ready to retire, a federal regulation makes retirement mandatory at the age of 70. He will be that

age next month.

Mr. and Mrs. Walker moved to the Turkey area in 1926 when he purchased the Turkey Enterprise in November from D. M. West, who had established the newspaper in July, 1926.

Walker's postal career began in Sept. 1936 when he joined the postal department as postmaster. He continued publication of the Enterprise with an acting editor until Nov. 1938, when he sold the newspaper to Carl Roewe and Ray Matthew.

Walker, a World War I veteran, continued as postmaster until 1944 when he replaced Jim Payne on the route.

Postmaster Randy Gafford replaces Walker on the route. He has served as Turkey postmaster for 20 years.

Miss Anita Casey, an employee of the Turkey Post Office for ten years has been named acting postmaster, replacing Mr. Gafford.

Mrs. Tom Eudy will be the full-time clerk and Mrs. Aubrey Turner, relief clerk.

A permanent postmaster will be appointed later after an examination.

29th Annual 4-H, FFA Livestock Show Set Jan. 8

Ballots Mailed This Week For 1966 Memphis C. Of C. Directors Election

Official ballots in the 1966 election of four new directors for the Memphis Chamber of Commerce and Hall County Board of Development were mailed to members of the organization this week, President Warren Driver announced.

The ballots, to be included in the final tabulation, must be post-marked not later than January 9. Each member will vote for four men, and the men receiving the

largest number of votes are elected.

The new directors will be elected for a three-year term to replace the retiring directors: A. L. Gailey, Warren Driver, Kent Magness and Tommie Potts.

Directors with one-year terms remaining are: Byron Baldwin, Jim Beeson, Wendell Harrison and Mills Roberts. Hold-over directors with two-year terms include: Lester Campbell, J. W. Coppedge, Shannon L. Doss and Wayne Goodrum.

The president explained that the retiring directors are not eligible for re-election until one year has passed when their names will again appear on the ballots. Kent Magness was elected last year to fill out the unexpired term of James Van Pelt.

Lifelong Resident Of Memphis Dies; Services Friday

William Julius Temple died in Iowa Park on Tuesday, Dec. 20. He had left Memphis about two weeks before to enter the veterans' hospital in Dallas. On his way to Dallas he had visited in the homes of his cousin, Temple Palmer, and his friends, the Tom C. Hulseys of Wichita Falls; his niece, Miss Jimmie Temple of Springtown.

Willie was born in Memphis on September 25, 1900, the son of Mr. and Mrs. C. B. Temple and the grandson of Dr. J. R. Temple, one of the pioneer doctors of Hall County.

From the time of his father's death when Willie was a young boy, he lived with his mother on the family farm west of Memphis until her death some years ago. He entered the United States Army on September 5, 1942 in Lubbock, and was discharged on March 25, 1943 in Pendleton, Ore. During his active life he was a farmer and rancher.

For the past several years he had been incapacitated by a train accident. He was a member of the Simmons Noel American Legion Post.

Minister Tom Posey, pastor of the First Christian Church, conducted the funeral service in the Spicer Funeral Home Chapel on Friday, December 31, 1965.

The choir sang "Farther Along" and "Near the Cross."

Active pall bearers were R. G. Patrick, W. W. Martin, Ernest Lee, Hal Goodnight, Cleo Parr, and J. J. McDaniel. Honorary pall bearers included: James McKnight, Claud Johnson, Roy L. Guthrie, Dunbar Posey, Marion Posey, M. A. Trussell, Dink Maddox, and Gerald Knight.

Survivors include one sister, Mrs. Martha Betts of Glenallen, Alaska; a nephew, Bill Betts of Fort Collins, Colo.; a niece, Miss Jimmie Temple of Springtown, Texas; a cousin, Temple Palmer of Wichita Falls; a cousin, Mrs. B. F. Leake of Granada Hills, Calif., and other cousins.

Interment was in the family plot of Fairview Cemetery with Spicer Funeral Home in charge.

Car Plows Into Gulf Station In Turkey Friday

Bryan Young's Gulf Station on the west edge of Turkey received severe damage for the second time in two years Friday morning at 6:30 a. m. when an 18-year-old Plainview youth, Gary Bruce Hamilton, failed to make the curve when driving his vehicle east.

The car plowed into the three gas pumps and knocked the wreckage nearly a half block ahead of vehicle. Also knocked over was the large Gulf sign standing in 5-foot concrete blocks.

It was two years ago on Jan. 7, 1964 when two local youth were killed in an accident happening in a similar manner.

District 9-B Teams Continue With Play-Offs

Play-off games in District 9-B continue this week with numerous important contests on the schedule.

Beginning at 7 p. m. Friday night, the Lakeview teams will play host to two teams from Matador. The Lakeview and Matador girls game should be a good contest while the Lakeview boys will have their work cut out for them if they are to stay in contention.

Matador boys defeated Estelline last Tuesday night and Lakeview lost to Turkey by one point.

Friday, Estelline teams will go to Flomot for games that are important. The girls game is important to Estelline for their girls are district favorites.

The Turkey team will enter the Jayton tournament this weekend and will not play district games Friday.

Next Tuesday, Turkey will travel to Matador, the schedule shows. Lakeview is scheduled to take on two teams from Flomot in the Lakeview gymnasium, Tuesday.

Possibly the most important game to be played Tuesday is the Estelline-Quitauque girls game at the Estelline gymnasium. The two teams are possibly the best in the district and the outcome will figure heavily in the final outcome.

The Quitauque boys team is favored to win the district so Estelline boys will have their work cut out for them.

Farm Program Signup Starts Monday, Jan. 24

The signup for all 1966 diversion programs will start on Monday, January 24, 1966, Roy L. Gresham, chairman, Hall County ASC committee, announced today.

The cotton program signup starting January 24 will close on April 1, 1966. All farms, including small farms must sign up before the closing date to participate in the program. Farms with allotments of more than 10.0 acres must divert not less than 12.5% of their 1966 cotton allotment to a conservation use to be eligible for price support and payment. An advance payment of 50 per cent of the diverted acreage payment can be made at the time the intention to participate is filed and future payments can be assigned as collateral for producing the 1966 crops.

The feed grain and wheat signup starting January 24 will close on April 1, 1966. The feed grain and wheat program are volunteer programs but producers must sign up before the closing date and comply with their intention to receive price support and payments. Advance payments are applicable to feed grain program only and assignments under the feed grain and wheat program can only be made to FHA.

Application under the long range retirement program, the CAP, can be filed starting January 24, 1966 with the closing date to be announced. The long term diversion program will be limited to a given acreage of allotted and base crops in each community with applications approved on a first come first approved basis.

All of the new programs have laws and regulations regarding the treatment of tenants and sharecroppers. A copy of these regulations is available in the county office to all interested persons.

Final plans were announced this week by the Memphis Chamber of Commerce and Hall County Board of Development for the 29th Annual 4-H and FFA Livestock Show, which will be held here Saturday, Jan. 8.

The show will be held in the Show Barn, located on 6th Street north of the City Park. Walker Todd, Quanah, will judge the hogs and sheep, and Hood Wills, also of Quanah, will be the cattle judge.

The show will be sponsored by the Memphis C. of C. livestock committee headed by Elmont Branigan, the chairman. The county-organization will contribute \$500.00 in prizes, which will be presented to boys and girls who have show animals.

Eight trophies will be presented, in addition to the prize money, to winners owning the grand and reserve champions in the four divisions of the show. They will be presented by Mr. and Mrs. Lowell Houston, owners of Caprock Angus Farm, and Mr. and Mrs. Elmont Branigan, owners of Branigan Jewelry.

All animals are to be in place in the show barn by 5 p. m. Friday, Dec. 7. Each animal should be weighed at Omer Hill Elevator in order that it may be placed in the proper class.

All hogs and sheep will be shown Saturday morning, starting at 9 a. m. Cattle will be shown during the afternoon Saturday, with breeding animals scheduled to be shown at 1:30 p. m., the first division. A bull class will be shown for ribbons but no prize money.

The junior heifer class will be shown next. After the single class of females, the groups will be shown.

The steers will be shown last, as follows: light weight, medium weight, then the heavy weights.

Methodist To Vote On New Church Plant

Duane Bruce, superintendent of the Childress District, will preside over a conference at the First Methodist Church Sunday morning at the 11 o'clock worship hour, Rev. David Hamblin, pastor, announced this week.

A resolution recommended by a study committee will be voted on in the church conference.

The resolution calls for an entire new church plant and names a building committee.

All members are urged to be present and vote, Rev. Hamblin said.

EDITORIAL

January, 1966—A Busy Month

The holiday season is now behind us and our area is facing a busy season as January brings many varied activities of considerable importance to many segments of our society. If you haven't stopped to think about it, January is a busy month.

To begin with, January is the final month in which tax payers can pay their taxes, school, county, city and state, before penalties are assessed for being delinquent. On this note we would strongly encourage our readers to go to the County Tax Assessor-Collector's office and pay their poll tax. This week only 400 poll tax receipts had been issued and citizens are reminded that Monday, Jan. 31 is the last day for paying this tax.

We have been informed that Texas citizens, to be eligible to vote in the primaries and general elections in Texas this year must have purchased a poll tax receipt for \$1.75 as they have in past years. Two years ago, over 2,000 poll tax receipts were sold in Hall County and if this number is to be reached again this year, another election year, then our citizens are going to have to make an effort to get to the tax office. County officials urge citizens to not wait to the last day to make their purchases but do it now to avoid the rush.

January 1966, is important to our area because it is the month that many citizens file for public offices. The deadline for filing names on primary ballots is the first Monday in February (Feb. 7).

This year, January will be especially important to the Memphis area as the month for putting long made plans into action. Wednesday, Jan. 12, at 4 p. m., officials of the Memphis Independent School District will open sealed bids on the complete over-haul job on the district's school buildings and on the new high school facilities.

Speaking of schools, January is the mid-way mark in the 1965-66 school year and students will be taking their mid-year examinations. District play begins in the basketball season during January and all the cager teams will be doing their best to win coveted crowns.

January is always a busy agriculture month with farmers trying to finish harvesting their cotton crop and it is the month of several stock shows. The Hall County 4-H, FFA Stock Show will be held this weekend and promises to be another good show with judging Saturday morning and afternoon.

These are just a few of the many events this month will see come to pass. Along with them, the members of the Memphis Chamber of Commerce and Hall County Board of Development will engage in the election of new directors this month which is always one of the important elections of the year.

January is the month to make plans for the entire year if the jobs which need to be accomplished are to be taken care of by our citizens. Let's get the year off right by supporting our leaders in the jobs to be done, plan to participate in the events of the year, and to do our best to be better citizens by making a conscientious effort to work together for the betterment of our churches, schools, communities and county.

ACROSS THE DESK

What Other Editors Say

Spur Of The Moment

We've had a feeling for years that the greatest present danger to the human race on this planet is not from some gigantic nuclear blast which might snuff out the whole populace in one catastrophic microsecond, but slow and agonizing suffocation beneath an avalanche of paper!

In the global battle of people against paper, the people are steadily losing ground. Millions of filing cabinets are bulging with the stuff . . . countless vaults are filled with it . . . untold acres of desks are overflowing with it . . . thousands of postmen are staggering beneath with it . . . and few post office boxes could survive more than 48 hours without being relieved of the load.

We keep records, countless records, and add to them daily . . . inexorably straining our files to the bursting point, then adding more as we continue to make unpteen copies of everything and distribute them with monotonous regularity to every business firm and government agency with which we come in contact. We destroy no records for fear that the next Internal Revenue Investigator will demand proof of one . . . and we carefully catalogue everything according to the manifold system of numbers which regulates our lives these days . . . credit card numbers, social security numbers, license numbers, ZIP numbers, draft numbers and serial numbers, account numbers and telephone numbers . . . numberless numbers, each of which seems to propagate a prolific paper parade of its own.

But records aren't the half of it. There's the mail . . . personal mail, business mail, junk mail. And the stuff that comes by carrier . . . circulars, newspapers, catalogues. And the packaging paper . . . the wrappers, containers, cartons, sacks, sealers, and . . . yes . . . even stamps . . . trading stamps . . . that we acquire every time we turn around. We're a nation of litterbugs, and we can't help ourselves . . . everything we touch turns to paper in one form or another.

So what can we do about it? Burn it? Not much, you can't. There are laws about that. Burn your records and you can land in jail . . . burn your draft card and you land on the front pages and help create a lot more paper

than you destroyed . . . burn trash in your alley and the police and firemen will be looking down your throat.

And if, in final desperation someday, we attempt to burn all of it and leave room for the human race to breathe in, the resulting holocaust would surely suffocate us all.

But Science has come to the rescue. The Scientists have the answer, and they may yet save the world and turn the tide in the People vs. Paper war. Scientists have just perfected a wonderful new paper which you can dissolve in water . . . in 30 seconds or less . . . and then you can drink it if you choose to. It's non-toxic. It's true. We got a sample in

the mail the other day from Science Service, a Washington D. C. outfit. It was only a four-inch square of nice-looking white paper, but it had positively magical qualities. We tried it. We wrote on it with a typewriter, with a fountain pen, with a ball point pen, with a Magic Marker, with a pencil. No sweat . . . everything worked. Then we dropped it into a glass of water and watched it dissolve, completely, before our eyes. We didn't drink it, tho . . . we've had to eat a lot of words in our business, but we don't plan to start drinking 'em.

But it did disappear . . . pouf-like that—Or almost, Presto, no paper. Eureka, the world may be saved from its own folly. But there are indications that it hasn't caught on yet, even at the source. We tried to dissolve the accompanying letter from Science Service with absolutely no success. All we wound up with was a soggy mess of paper pulp which had to be disposed of. It shakes faith!—The Canadian Record.

We wonder how many people in this vicinity realize that Norman's is a complete harness factory. They manufacture harness, as well as repair damaged harness. . . .

Mrs. Jack Boone returned Monday from a two-week visit with her parents, Mr. and Mrs. B. F. Martin at Temple. . . .

Accompanying the coldest weather of the winter, the entire Panhandle was covered with a blanket of white, as snow fell over entire North Texas, assuring a splendid season, declared to be the best since 1931. . . .

W. C. Blankenship and Si Wood were business visitors in Vernon yesterday. . . .

20 YEARS AGO

Jan. 3, 1946

Clinton Voyles, former principal of Memphis Junior High School, is visiting in Memphis a few days following his release from inactive duty in the U. S. Navy Reserve. . . .

R. C. Lemons of Memphis came sole owner of the business known as the King Furniture on January 1 when he bought out interests of Max and Jim L. The new business will be known as the Lemons Furniture Company. . . .

A family reunion was held at the L. C. Rasco home Sunday, Dec. 23, honoring Mr. and Mrs. A. G. Rasco on their Golden Wedding anniversary. . . .

Enlargement of the staff of D. L. C. Kinard Insurance Co. was announced this week by Kinard with the addition of staff of A. L. (Ace) Galley, former major in the U. S. Army. . . .

Mr. and Mrs. Alfred Hutson left Tuesday morning for Las Vegas for a few days visit with son, Rayford, who is receiving medical treatment in the Hospital there for burns received August 6. . . .

Herman Vallance became manager of the M System Grocery store, announced this week. . . .

10 YEARS AGO

Jan. 5, 1956

Highlighting the social activities for the past week was an open house Friday afternoon at Mrs. R. Ernest Clark at her home, 520 S. Eighth. . . .

Mr. and Mrs. Bob Fowler returned to Weatherford, Monday after spending the holidays here with his parents, Mr. and Mrs. John Fowler. Bob is a student at the School of Pharmacy in Weatherford. . . .

Mr. and Mrs. Gene Temple and son, Robert, of Wichita Falls were visiting here last week at the home of her parents, Mr. Mrs. Henry Scott. . . .

Mr. and Mrs. Wayne Ewing daughter of Phillips visited Sunday night and Monday at home of Mr. and Mrs. B. Shankle. . . .

Horse Sense—and the Mustang Six

I don't know much about engines.

If mine's smooth, powerful and gives great gas mileage, I'm satisfied.

That's why I got a Mustang Six.

You don't have to be an engineer to appreciate the Mustang Six. Just get comfortable in one of those deep-foam bucket seats, fire up that husky 200-cu. in. powerplant . . . and let yourself go.

Nor do you have to be an investment banker to realize you've made a great buy. Standard Mustang Six luxury includes: all vinyl upholstery; push wall-to-wall carpeting; padded instrument panel and many other extras at no extra cost.

Sound sweet? Mustang makes lots of nice sounds. Optional stereo-sonic tape is one. Another is money jingling in your pocket, thanks to Mustang Six's meager appetite for gasoline.

See for yourself. Stop in at your Ford Dealer's and test-drive America's runaway success car.

Mrs. C. D. Morris Is Hostess To Delphian Club

The Delphian Club met Tuesday, Jan. 4, in the home of Mrs. C. D. Morris.

After a short business session with Mrs. Joe Bob Browning, president, presiding, Mrs. Roddy Bice told about the Arlington National Cemetery which has been a national cemetery since 1864. There are 122,000 monuments and tombs of our nation's great men. She said, "They came from every part of the nation, from all ranks of society. Here there is no question of class, no bar of national origin, race or religion. They lie in peace together—compadres-in-arms—in Arlington National Cemetery, which is a grateful nation's memorial to them."

Mrs. J. S. McMurry then gave a sketch of the homes of the past presidents. "Stanley mansions to humble cottages, reflect the different backgrounds of the men who became the top executives of our country," Mrs. McMurry stated.

"Georgetown, A Federal Gem" was then given by Mrs. Jack B. Boone. Georgetown tucked away in a corner of the northwest sector of Washington, D. C., is an oasis of charm. With its handsome aged trees, authentic cobblestone streets, brick sidewalks, gas lamps and fine period houses, Georgetown has been beautifully restored. This is a sixty-acre plot along the Potomac River.

John F. Kennedy's residence there put Georgetown into nationwide prominence. If they are lucky enough to find a home in this peaceful and historic area, many of our leaders of government live in Georgetown," Mrs. Boone concluded.

Members present for the meeting were Mmes. R. H. Wherry, Sim Reeves, A. Anisman, Jack B. Boone, Roddy Bice, Joe Bob Browning, Mildred Stephens, J. M. McMurry, W. D. Dickey, Sim Goodall, Betty Ann Shahan, Neal Hindman, Robert Gordon, Keith Cunningham, Bill Lockhart, and the hostess, Mrs. C. D. Morris.

In Virginia a town called Northrest is in the extreme southeast corner of the state.

By BILL LOCKHART

Although medical science has long devoted much time and effort to dredging up a cure for the common cold, the magical cure may still be a rather distant dream.

Recent research now lays the cause of most colds at the doorstep of a virus called COXSAKIE 2-21, a slum-dweller of the intestinal tract, which is one of over 214 strains of viruses in its group.

If nothing else, the suspected link between viruses and common colds has been verified and it should narrow the gap between the cold and its eventual cure.

While we're waiting around for this magical cure, we will continue to fill any and all prescriptions with exacting care. Prescriptions are a specialty at ARSONS-LOCKHART PHARMACY, 115 South 6th Street, Memphis. Phone 259-3541.

THIS WEEK'S HOUSEHOLD HINT: Too-tight screws and nuts can often be loosened with few drops of peroxide.

Bass And Cagle Family Meets For Reunion

During the Christmas holidays the Bass and Cagle families enjoyed a gathering in the home of Mr. and Mrs. John Bass of Clarendon.

The thirty-three people who attended included the son, John, and three daughters of Mr. and Mrs. George Bass; Mr. and Mrs. Ernest Lee, Mr. and Mrs. Roy L. Guthrie of Memphis; and Mrs. Sam Moore of Childress; and the three daughters of Mr. and Mrs. W. P. Cagle; Mrs. Bass, Mr. and Mrs. Van Kennedy of Clarendon; and Mr. and Mrs. "Doc" Anthony of Lubbock. Others were Mrs. W. B. Kennedy of Clarendon, Warren Kennedy of Ft. Worth; Mrs. J. L. Bain, Sr., of Seymour; Mr. and Mrs. Gordon Bain and Navarre of Turkey; Mr. and Mrs. Billy Joe Turner and children of Lockney; Mr. and Mrs. J. L. Bain and Mrs. Carl Boston of Pampa; Mr. and Mrs. John M. Bass and baby of Houston; Mr. and Mrs. Johnny Fred Bass of Austin; Mr. and Mrs. Pat Bagley and children of Claude.

Inez Aspgrren Is Hostess To J.O.Y. Circle

The J. O. Y. Circle of the First Christian Church met for Bible study on Tuesday evening, Jan. 4, in the Church Fellowship Hall with Inez Aspgrren as hostess.

Following a brief business session presided over by the president, Edith Murdock, Faye Maddox led the group in prayer. Susie Coleman acted as leader for the study on the 6th chapter of Luke with all members taking part in the discussion.

During the social hour, refreshments were served to Edith Murdock, Priscilla Collins, Donna Abrams, Genny Murdock, Faye Maddox, Susie Coleman, Lorene Liner, and Ellen Murdock.

The next meeting will be on Feb. 1 with Lorene Liner as hostess and Faye Maddox as the leader.

E. Chavez Home Is Sene Of Newcomers Meet

The Newcomers Club of Hall County met in the home of Mrs. Esibel Chavez Jan. 4 at 1 p. m. Mrs. Jerry Don Hassell served as co-hostess.

During the business session, the members discussed joining "One-Handicraft-A-Month" Club. Each member would receive an art object in the mail each month. These would then be assembled at the club meetings.

Members present were Mmes. Clayton Henderson, Jim Shultz, Wray Studstill, Charles Johnson, Floyd Richardson, Esibel Chavez and Jerry Don Hassell.

The next meeting will be in the home of Mrs. Jerry Hassell, Jan. 18. All newcomers to Hall County are cordially invited to attend. If a ride is needed, phone Mrs. Wray Studstill, 259-2817.

Move Those Decoys

There are few things more unnatural-looking than a raft of decoys sitting still on a glassy water surface.

No matter how quiet the water may be, you still can have live-looking decoys, to lure in the ducks. First tie lines on two or three of the blocks in your setting. Next thrust the end of a clothes hanger (one end of which has been twisted to form a ring) into the mud bottom under the decoy you want to activate. Then string cord through this ring, extending to your blind, the other having been tied to the decoy.

When you see ducks coming, pull the strings and make the decoys bob around like live birds.

LVN Club Meets At Big O For Regular Session

The LVN Club met in regular session Monday, Dec. 5, at the Big O Restaurant at 6 p. m.

Roll call was answered with "Funny Incidents During Working Hours."

Members present were Ruby Compton, Alma Hemphill, Mable Lavendar, Emma Wright, Inez Patrick, Neville Slough, Abbie Veteteo, Grace Wise, Genevieve Lynn and Bernie McIntush.

Any LVN who is interested in becoming a member in this club is urged to attend the next meeting which will be Monday, Feb. 6, at the Big O Restaurant at 6 p. m. A very good program on sterile techniques is planned.

Four-fifths of all life on earth exists in salt water.

Newcomers Enjoy Yuletide Party In Johnson Home

The Newcomers Club of Hall County enjoyed a Christmas Party in the home of Mrs. Charlie Johnson, Christmas week.

The Johnson home was beautifully decorated for the holiday season with the traditional Christmas tree and other yuletide decorations.

The traditional gift exchange was enjoyed by members and Christmas carols were sung by the group.

Mrs. Dennis Ward, outgoing president, was presented with Newcomers pin. Mrs. Floyd Richardson is the new president of the organization.

Mrs. Ward said club members plan to make calls on all newcomers to the county to extend a welcome and an invitation to membership in the club.

Fruit cake and punch were served to the following members: Mmes. Isabel Chavez, Floyd Richardson, Jerry Hassell, Jim Schultz, Charlie Johnson and Dennis Ward.

Re-Do Sluggish Baits

Got some old plugs that never seem to do their part in catching fish?

Borrow your wife's nail polish and doctor them up with horizontal red slashes.

You might be surprised at the results.

Imitation Mommy

A new-born puppy keeps everyone in the house awake the first night. An alarm clock wrapped in a towel will stop his crying. Puppy thinks the ticking is its mother's heartbeat so it sleeps all night.

A billion in European mathematics is equal to a trillion in America.

Camouflage Face Too

Ever had your bare face spook game when you tried to sneak too close?

Streak your facial features with grease paint for effective camouflage.

Nitrogen, which forms four-fifths of the air we breathe, becomes poisonous when breathed at great pressures.

Adds Like To Boots

Store boots on horsehoes to make boots last longer. Nail shoes so that the boot heels can be slipped into them. Hang boots upside down, full length in cool spot.

A grocery cart is like an automobile; cost of operation goes up according to the number of stops you make.

District 9-B Cager Season Begins Tuesday

District 9 action got underway Tuesday night with the district favoring aiming victories. The Estelline Bearetties clicked off a 61 to 39 victory over the visiting Matador girls team to claim their first district conference victory, and to show they possibly deserve the favorite nod, as they are defending champions.

In the boy's game following, the Matador boys showed strength by defeating the Estelline Bears 64 to 35.

The Quitaque boys and girls teams were impressive against Flomot Tuesday night. The Quitaque girls ran up a 65 to 46 score against Flomot. Pat Brunson and Jiff Johnson each had 18 points while Flomot's Donna Rodgers had 19 points.

In the boy's game, the Quitaque boys, defending champions, played Flomot to a 69 to 52 score. Quitaque led the game all the way. Monte Stephens scored 23 of Quitaque's points while George Calbert hit 28 for Flomot.

Two Close Games

Possibly as evenly matched four teams as there are in the district battled it out in the Lakeview gymnasium Tuesday night. When the final buzzer sounded Lakeview and Turkey had each won a game by one point.

In the first game, the Lakeview girls scored two points in the waning five seconds of the game to defeat the Turketies 37 to 36 in a real close contest. The two teams saw the score change hands many times. One point separated the two teams at half-time and the score was tied 26 to 26 at the end of the third quarter.

Glenna Mullins scored 13 points for Turkey and Tonda Hatley

scored 18 points for Lakeview. In the boys game, the Turkey Turks took an early lead in the game, only to trail at halftime, 21 to 20. Turkey won the contest 51 to 50 in an exciting finish. In the fourth quarter, Turkey took a five point lead only to see Lakeview pull up to within one point as the final buzzer sounded.

Turkey's Harvey Case and Lakeview's Kirby Hatley each scored 19 points for their respective teams.

MHS Releases Schedule For Semester Exams

A schedule for the first semester examinations for Memphis High School was released this week by Clinton Voyles, principal. The exams will be given Wednesday and Thursday, Jan. 12 and 13. Buses will run at the regular time on Wednesday but will run at 2:30 on Thursday. No school will be held Friday, Jan. 14.

The schedule for Wednesday is as follows: first period exam, 8:30-10:00 a. m.; second period exam, 10:05-11:35 a. m.; noon; third period exam, 12:45-2:15 p. m.; fourth period exam, 2:20-3:50 p. m.

Thursday's agenda is fifth period exam, 8:30-10:00 a. m.; sixth period exam, 10:05-11:35 a. m.; noon; seventh period exam, 12:45-2:15 p. m.

Stalk Fish Like Game

It is just as important for a fisherman to sneak up on his quarry, as it for a deer hunter to stalk his game.

Always approach your still-fishing spot carefully and silently. Come in slowly from up wind, drop a long anchor line and kill your outboard motor as you drift the boat slowly into casting position.

YOUR COUNTY AGENT SAYS

"Closing time" for this year's farm records is close at hand. This means totaling the balance sheets on all farm and home enterprises and taking a look at what happened during the year, says County Agent W. B. Hooser.

A close look should point up problems that must be met in planning for 1966 and on into the future. A good set of farm records will reveal problems that are of vital concern to every member of the family, points out Hooser. Records often reflect whether a management change cuts costs and raised profits or whether a minor farm enterprise should be dropped or expanded.

Furthermore, a complete set of records is a must at income tax figuring time. Regularly kept records can save dollars at tax paying time, for deductible expenses are often overlooked, especially if paid in cash. A few missed items can run up the tax bill by many dollars, explains the county agent.

Too, complete farm records are an asset when money must be borrowed for production or operating expenses. Knowing what the business is doing makes a strong talking point in effecting credit arrangements, Hooser adds. Farm families also need facts on which to base their decisions, and none are more reliable than those obtained from well-kept records, emphasizes the county agent.

The Hall County Agent points out that much information is available through his office on record keeping and that he will be happy to discuss the importance of record keeping and methods with interested persons. The 1966 edition of the "Farmer's Tax Guide," prepared especially for farmers to use in working up their 1965 income tax reports, is available at the local county Extension offices or from offices of the Internal Revenue Service, reports County Agent Hooser.

It would be hard to place a value on this publication, explains the county agent. It is written and illustrated for farmer use and is just about a must for tax filling purposes, Hooser adds.

One of its most useful sections is the example tax return. On this sample tax return, Schedules B, D, and F are used. Also the major form of all, Schedule 1040 is shown with the completed re-

CANDY by Tom Dorr

estimate and pays this amount by January 17, 1966. The "Farmer's Tax Guide," "Texas Family Account Book", and many other publications including the blue prints which can be ordered at the County Agent's office is free of charge to the farmer as a public service of Hall County and the Extension Service.

Don't Shoot That Hawk

Most hawks serve a useful purpose. So . . . to be on the safe side, never shoot a hawk.

All but three varieties of hawks live almost entirely on small rodents that eat birds' eggs. Harmful hawks are the Cooper's, sharpshin, and goshawk. But even these three have some good points. The outlaws can be identified by their short wings and short tails.

Buckeye, Arizona, has a water desalting plant that produces 650,000 gallons a day for municipal use.

Mrs. W. Jones, Former Resident, Dies In Okla.

Funeral services for Mrs. Wilford Jones, a former resident of Memphis, were held Monday, Jan. 3, at 2:30 in Ft. Worth.

Mrs. Jones passed away at the home of her son, Wilford Jones in Alva, Okla. She moved to Memphis in 1915 and to Ft. Worth in 1942.

Survivors include two daughters, Mrs. Ida Campbell of Ft. Worth and Mrs. Ed Turrentine of Schenectady, N. Y.; five sons, Wilford Jones of Alva, Okla., Edward D. Jones of Amarillo, Okla., and Rayburn of Birmingham, Ala.

The town of North East is the extreme northwest corner of Pennsylvania.

Turkey News

Children of Mrs. H. E. Mullin, Mr. and Mrs. H. E. Mullin, gathered at her home Jan. 1 to help her celebrate her 89th birthday. Out-of-town children attending were Mr. and Mrs. Guy Mullin, Mr. and Mrs. Melton Cunningham of Amarillo and Mr. and Mrs. Buster Mullin of San Angelo.

Mrs. Roy Cooper was joined by her sisters, Mrs. Alice Eddins and Mrs. Lillie Bagwell of Estelline and Mrs. J. H. Birchfield of Wellington for a New Year's visit at Slaton with Mrs. Carl Gilmore and her mother, Mrs. P. L. Vardy.

Those in the home of Mr. and Mrs. J. H. Hawkins of Turkey during the Christmas holidays were Mr. and Mrs. Garlan Tucker of Cedar Hill; J. W. Hawkins and Terry, Eddie Hawkins and Vincent, Roger Hawkins, wife and baby, Mrs. Hawkins' mother, Mrs. Bradford, Wayford Hawkins and Mr. and Mrs. Jimmie Hawkins and children, all of Lubbock; Mr. and Mrs. A. J. Casey and Anita, Mr. and Mrs. W. T. Hawkins and George of Turkey; Mr. and Mrs. Hawkins' daughter, Mr. and Mrs. C. H. Browning, Judy and Mike of Crane; Mr. and Mrs. Joe Bob Browning and children of Memphis.

Mr. and Mrs. Curtis Huffman of Sibley, La., spent Christmas holidays with the J. R. Jones family.

Freddie Jones moved to Plainview on Jan. 1 where he will manage the Gene Bumpus service station.

Mr. and Mrs. Fred Neal, Mrs. Rufus Butler, David and Mark visited in Amarillo Monday and

Tuesday with the N. R. Hulen and Buddy Neal families. Mike Neal returned home with them to spend a few days with David Butler.

Mr. and Mrs. N. G. Hulen visited over the weekend in Amarillo with their son, Mr. and Mrs. N. R. Hulen and family.

Visitors in the Aubrey Turner home Sunday were Mr. and Mrs. Oscar Turner, Mr. and Mrs. Alf Brown and Mrs. Fred Swan and girls, all of Amarillo. Don Turner of Ft. Worth and Sara Turner of Silverton.

Donald Gray, son of Mr. and Mrs. Harmon Gray, returned to Turkey Sunday after six months of service in Viet Nam.

Larry Crumley of Amarillo returned home Sunday after spending a week visiting with his grandparents, Mr. and Mrs. G. O. Coker.

Mrs. Homer Lane has been a patient at Stanley Hospital in Matador this week.

Mr. and Mrs. Bill Querner returned their children, Murphy and Bobbie Jean, to Grandfield, Okla., after a week's visit here with Mr. and Mrs. Otho Stubbs.

Mr. and Mrs. Muggs Johnson and family returned to their home in Fresno, Calif., after a week's visit here with his parents, Alva Johnson, and other relatives.

Sharlene Berryman and Janna Jones of Matador visited with Mrs. Hoy Lacy Sunday.

Mrs. Christine Meeks of Ft. Worth and S. D. Hayes of Snyder were guests in the Doc Williams home this past weekend.

Mr. and Mrs. Billy Wheeler of Turkey were joined by Mr. and Mrs. Harold Wheeler of Clovis for a trip to Hugo, Okla., for the fu-

CANDY by Tom Dorr

neral services of their grandmother, Mrs. Mangraum, mother of Mrs. Shorty Wheeler, formerly of the Turkey area.

Mrs. Bill George has been a patient in the Stanley Hospital at Matador.

Johnny Fuston has returned to college at Canyon after spending the holidays at home with his mother, Mrs. Alice Fuston.

Those visiting in the home of Mr. and Mrs. Wedge over the holidays were Mr. and Mrs. Hubert Beckham and family of Germany; Mr. and Mrs. W. B. Bennett of Carnegie, Okla.; Mr. and Mrs. Roy McKee of Oklahoma City, Okla.; Charley McKee of Sacramento, Calif.; Mr. and Mrs. Ed Tomchak of Garden City, Kan.; Weldon Meyer of Los Angeles, Calif.

WORDS OF GRATITUDE

It is impossible for me to find adequate words to express my deepest appreciation and gratitude for the many, many gifts, cards, expressions of sympathy, and prayers I have received since I have been in the hospital. There are so many wonderful things for which I am thankful. May God be your keeper as he has been and is, my keeper.

Mrs. Laura Campbell

Mr. and Mrs. Jim Sparboe of Corpus Christi spent Christmas with her parents, Mr. and Mrs. Leo Fields, and other relatives.

Miss Nannie Scoggins spent from Friday afternoon until Monday afternoon with her brother and wife, Mr. and Mrs. Tom Scoggins.

County Residents To Attend Quivira Girl Scout Meet

Mrs. J. D. Giddings, Baytown, will conduct a conference on January 15 for members of the board of directors of the Quivira Girl Scout Council, Mrs. J. R. Holloway, council president, announced today.

The conference will be held from 8:30 a. m. to 4:00 p. m. in the Coronado Inn, Pampa. Board members attending the conference from Memphis and Turkey will be Mrs. Elmont Branigan, member of the nominating committee, T. J. Clayton, member of the personnel committee, and George Setliff of Turkey, member of the nominating committee.

Mrs. J. K. Holloway said the conference is a new service of Girl Scouts of the U. S. A. to its local councils. It will focus on the dynamic leadership role of a local board of directors and will include an opportunity to relate the responsibilities of a board to the fundamental beliefs and principles of the Girl Scout movement and to the policies and standards through which these principles are carried out.

Mrs. Giddings is a member of a national corps of local board trainers made up of volunteer workers experienced in administration and with knowledge and understanding of all phases of Girl Scouting. She is presently a member of the National Board of the Girl Scouts of the U. S. A. Her past Girl Scout experience includes numerous posts at the local and regional levels. She has

been active in the civic life of her community and has participated in family business activities. Her hobbies are music, needlework, reading and community service.

Gray Family Enjoys Reunion

Visitors in the home of Lee Gray in Turkey Christmas were Mr. and Mrs. Carl Gray and Mr. and Mrs. Harmon Gray of Turkey, Mr. and Mrs. Dewey Shannon and Mr. and Mrs. Jerry Shannon of Tulsa, Mr. and Mrs. Ray Thrasher and family of Lubbock, Mr. and Mrs. James Huskell of Amarillo, Mr. and Mrs. William Bacon and family of Hurlburt Field, Fla., all of whom took Christmas Day dinner in the Gray home. Mr. and Mrs. Bacon and children arrived Dec. 20 to spend Christmas week, returning to Flor-

ida on Dec. 29. Also visiting with Mr. Gray after Christmas were Mr. and Mrs. Ronald Lacy and family of Galveston. The only member absent from the annual family gathering was Ronald Gray, who is expected home about January 8 from service with the army in Southeast Asia.

Mr. and Mrs. J. O. Scoggins of Lubbock spent Sunday with Mr. and Mrs. Tom Scoggins.

Mrs. Elmer Watson visited Sunday afternoon with Mr. and Mrs. Tom Scoggins and Nannie.

A building the size of the capitol at Austin could be seen on the moon with a large telescope.

Instead of heating their swimming pools, Arizonans install cooling equipment.

8th & Noel Sts. Phone 259-2014 DOUBLE BUCCANEER STAMPS WEDNESDAY WITH \$2.50 PURCHASE OR MORE

By VERN SANFORD
A friend of mine went fishing recently with a buddy who really could hook the big bass. In one morning of angling he tied into at least a half-dozen bass that went over six pounds.
However, he didn't land any. He just knew they weighed more than six pounds because he was using six-pound-test line and every one of them broke the line.
Now that's reasoning!
Light lines have their places, but certainly not in big bass waters that are full of old tree stumps or lined with moss or lily pads.
Not so long ago there was a tremendous push on light line. It's sporting the fishermen said, to tie into a fish on a light rig and light line. Furthermore, you can cast a greater distance, they said.
As to distance yes, except in some of our Texas wind. But it's a doubtful sport if you hook a fish and let him get away with the lure still in his mouth.
That is what happens when a six-pound line, or any other line for that matter, gives way when the fish gets into the brush.
Fish are smart. Many times they can throw the lure. But it's easier after they have broken the line. However, at times they can-

not disengage themselves from the hook. In that event they finally die with the hooks still in their gills or down in their throat.
Several times we've seen a bass, that had broken the line, try to throw the lure from his mouth by jumping into the air. Occasionally it is possible to tie into one of these artful dodgers and get him back. But not often.
A fishing friend once told me of hearing a bass jump under a willow at the edge of the water. He cast several times and got no action. But the bass continued to jump. Finally the angler paddled over to it. By this time the bass had jumped a little too high and one of the hooks on the lure caught a small limb and left the bass dangling there.
My friend said he didn't have the heart to string the bass. He liberated it with the hope that its experience would not stop it from hitting some other time.
What is the best weight line to use? There is no single answer to this question. It depends upon what you want to catch and the type of water in which you're fishing.
In most cases a 10 pound line is about the lightest that should be used on bass for successful landing. However, makers of spincast reels now generally are load-

SPORTS CORNER

ONE OF THE NFL'S PERENNIAL ALL-PROS - TACKLE FORREST GREGG IS PLAYING HIS NINTH SEASON WITH GREEN BAY...

ing their equipment with 12 pound test.
New manufacturing processes today make it possible to use line of much greater strength and in smaller diameter. Many lines of 20 pound test now, are no larger than 12 pound test lines just a short time back.
Fishermen who continually land big bass, however, stick to 15 or 20 pound test line. Especially is this true around impoundments rimmed with lily pads or with dead forests on the bottom.
Sam Welch of Bull Shoals, who has caught more than 400 lunker bass, in addition to thousands of smaller ones, says he always wants a 20 pound test line for bass fishing, especially at night.
Fishermen who prefer the smaller lines resort to another method which is helpful. They use a 20-pound test shock leader. This piece of 20-pound monofilament is at least 20 feet long and is attached to the lighter line.
Many fish are lost as they make one last surge. If you are using a shock leader, you have a better chance of "horsing him in" those last few feet.
Then too, your bass may be down only a few feet when it heads for the bramble. If you have 20 feet or more of shock leader, you may be able to ma-

neuver your boat over him and bring him out by main strength.
So far we've been talking about bass. However, speckled trout quite often are taken successfully on 12 or 15 pound test line in the bays and Gulf.
Here again the shock leader idea is very good. This because quite often you catch a heavy packfish, or some other rough fish, that will give you a tough fight. While you are playing it, you're losing good trout-fishing time.
Another advantage of the heavy shock leader, (unless you've attached a light steel leader) is that it won't be cut on shell on the bottom.
A salt-water fish, especially a red snapper, will head for a reef or channel as soon as it is caught. Sharp shells then sever the line and the fish is gone.
Moral there of course is—use a heavy line AND a steel leader.

A university student was helping around his home between semesters. He got some pesticide, hooked up a spray and went to work. He sprayed the trees, bushes and all around the yard.
He worked a good part of the afternoon in shirt sleeves, spraying into the wind part of the time. Not too long after he finished he began to get sick; he was nauseated and had a headache.
Had this young man read the instructions on the label and followed the admonitions to wear protective clothing, to avoid breathing the spray or whatever he might well have avoided being sick.
The tremendous use of chemical poison has proved to be a boon to man by helping him control agricultural pests and human disease vectors within the brief span of the last 20 years. But the use of these poisons has created an altogether new public health problem.
This modern innovation has its potential hazards just as do automobiles, electricity and airplanes. A particular problem with insecticides and pesticides, however, is their poisonous nature.
In every case of human death from pesticides, the cause has been accidental misuse of a chemical poison.
As a cardinal rule, be sure you read the label each time you use a pesticide. Then follow the directions exactly and store the container away from the reach of curious children.
Machine-made lace first was made in 1809.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

MINERAL PRODUCTION CONTINUES GAINS

For the seventh straight year, the United States in 1965 set new records for the value of its minerals production. Continuing advances may be expected next year. It is encouraging to note that growth rates in the values of all three major groups of minerals—fuels, metals, and nonmetals—closely paralleled those of 1964, with fuels showing a value gain of 3 percent, metals a gain of 10 percent, and nonmetals a gain of nearly 4 percent.
The strength of segments of the minerals industry, including the very important oil and natural gas industry, is a key factor in the country's general economic well-being. Of special interest to residents of the Texas Panhandle are 1965 figures related to oil, natural gas, and helium production. Some of the key points are as follows:
The production of crude petroleum in the United States this year totaled 2,846 million barrels, valued at \$8.2 billion. The total demand for petroleum products averaged 11.5 million barrels daily, up 4.1 percent from 1964.
The marketed production of natural gas in 1965 was 15,432 billion cubic feet with an average wellhead value of 15.5 cents per thousand cubic feet, representing a 5.7 percent gain in production and a .1 cent increase in average wellhead value.

Helium consumption in the United States increased by more than 30 million cubic feet (a gain of approximately 4 percent) to an estimated 743 million cubic feet during 1965. The price from Bureau of Mines plants and the single commercial producer remained at \$35 per thousand cubic feet.

Since most of the Free World's supply is concentrated in the Panhandle area, helium is of special interest to us. In addition to the helium sold, more than 3.5 billion cubic feet of "crude" helium was supplied during 1965 by five privately owned plants for purchase by the Bureau of Mines under the helium conservation program. This program was set up under legislation I had introduced in order to conserve helium that would other-

wise be wasted when natural gas containing it is burned as fuel. After being removed from natural gas being piped to market, the helium is piped to the Cliffside gasfield northwest of Amarillo and stored for use later, as needed. Helium is vital to projects involved in our national security; about 75 percent of helium consumed this year was purchased by the Department of Defense, the National Aeronautics and Space Administration, the Atomic Energy Commission, and other Federal agencies. Helium is becoming increasingly important as technological and scientific progress advances the frontiers of weaponry and peaceful space exploration. It is expected that the helium stored at Cliffside will one day be essential to continued progress.

Other minerals are winding up the year as follows: Bituminous coal and lignite production was up 4 percent; anthracite continued a decline, down 10 percent below the 1964 figure; sulfur and fertilizer minerals showed gains, with recovery of elemental sulfur from natural gas and crude oil exceed 1 million tons for the first time; clays, refractories, and other industrial minerals showed moderate gains; aluminum production was up sharply, rising 8 percent to a new high of approximately 2.74 million short tons; the industrial demand for lead and zinc exceeded the new supply; copper faced continuing mounting demands and was in short supply despite increased production; gold production was the highest since 1960 and silver output was the largest since 1956; iron and steel were produced at record rates,

with ore production rising 2 percent.
Good economic news—and good start for the New Year.

Tips For Sportsmen

Save Cigarette Filters
Keep a supply of used cigarette filters on hand in your tackle box. They are great for polishing spoons and other lures that may have become dull with use. Also handy to cover the tips of hooks.

Use Shades For Targets
Really great targets can be made from old window shades. Draw, or paste, the size target you wish on the shade, and mount on a frame.
When not in use the shade rolls up out of the way.

Dangerous Hooks
When the day's fishing is done, most cane pole anglers wrap their lines around the poles and dump them in the car for the trip home.
This is a bad practice, since the hooks are usually exposed and can ruin upholstery and even human flesh. Guard these hooks by wrapping them in tin foil.

Spin-Fishing Tip
Those loose coils of line that form around your spinning reel spool, when you're retrieving surface lure, may be avoided by putting more tension on the line as you reel it in.
You can keep up this tension with the fingers, or by holding the rod tip high.

Handy Gun Cleaner
No use lugging a bulky gun cleaning rod around when you're out in the field. Not when you can use a long boot lace, with a piece of old rag tied to one end.
Should your gun get fouled, haul out the emergency gun cleaner and run it through the barrel.

Good economic news—and good start for the New Year.

NOTICE

We are deeply grateful to all those who have favored us with their business through the years, and we wish for you the very best life has to offer. Your loyalty and friendship have meant much to us and we shall miss you.

Gulf Products since 1933

If you're in the market for a new clothes dryer,

(here's why modern Gas is better than you-know-what)

SAVE MONEY Modern gas dryers are economical. They dry a whole load of laundry for about a penny — which is a lot less than the cost of doing the job electrically. 91 out of 100 self-service laundries use gas dryers! **SAVE CLOTHES** Gas dries gently. Clothes come out soft, sweet-smelling and fluffy — never stiff or yellow. Many gas dryers have special settings and cycles to protect even the daintiest things. So why lug and lift heavy baskets of wet laundry? Why let wind, dust and rain ruin your clothes?

Enjoy the convenience of a modern, automatic dryer — a gas dryer. **SAVE ON REPAIR BILLS** Like all gas equipment, dryers are well built and virtually maintenance-free. Gas is fast, safe and undemanding. Like you-know-what, it dries with just a simple burner. There's no complicated, expensive heating element to wear out. Just a simple gas burner, which hardly ever wears out. Now's the time to enjoy price savings, too. See the new gas dryers on sale at all Gas Appliance Dealers and LONE STAR GAS

AUSTIN, Tex.—One of the big sleeper battles on the Texas political scene during 1966 will be for control of the state Democratic party machinery.

Some observers think this brewing struggle is behind the fuss between U. S. Sen. Ralph Yarborough and Gov. John Connally. Few think Yarborough has any intention of running against Connally for governor, as some have suggested.

But there is every reason to believe that Yarborough will be the key figure in any all-out liberal Democratic effort to wrest control of the State party committee from hands of the governor's friends.

Shifting population patterns and legislative redistricting tend to shorten long odds against a liberal victory in this year's elections. Half the 6,000-plus delegates to the September state Democratic convention will come from 12 major counties where liberals are gathering strength.

Furthermore, the big counties will have more members on state party committees. This because of the Senate redistricting act, which adds senatorial representation, in Bexar, Dallas and Harris Counties.

A personality clash at the top leadership level is necessary to whip up enthusiasm for convention warfare. The feud between Connally and Yarborough most likely will provide the spark that sets off the 1966 version of a familiar state Democratic fight.

Stakes are high, not only is the party committee an effective power base but a powerful instrument in the process by which delegates are selected to the future (1968) presidential nominating convention.

Not since the administration of Ike Stevenson has a Texas governor lost control of the state Democratic party machinery.

SAVINGS AIDED—State Finance Commission has adopted new regulations, effective January 1. Rules allow higher interest

to depositors with big savings accounts and an interest break for late depositors in Texas chartered savings and loan associations.

Old rules required uniform interest rates for all savings accounts in the associations. This new variable interest order, still partially subject to approval by the Federal Home Loan Bank Board, is aimed at placing the state-chartered savings associations in a better competitive position with banks and federally-chartered savings associations.

One provision would allow "time account certificates" for investors who will keep \$1,000 or more in savings for at least a year.

Other regulations would provide for paying a full month's dividend on money deposited by the 20th of the month instead of the 10th and for a full month's dividends on money withdrawn the last three business days of a dividend period.

Under state regulations, associations have no ceiling on the dividends they may vote. However, interest returns have been running about 4 1/4 to 4 1/2 per cent.

Federal regulations adopted in December have boosted allowed dividends to 5 1/2 per cent on time deposits.

GIANT PARK PLANS IN OFFING—Most extensive state parks and recreation plan in Texas history may be submitted to the Legislature next year, says Governor Connally.

He may ask lawmakers to approve a \$25,000,000 to \$50,000,000 land purchase program for parks during the next biennium. Total budget for parks this biennium is only \$5,400,000. However, this is more than has been spent on the system for the past 10 years.

In mid-December Connally said he will tour the state during 1966 discussing needs and plans—including an 'expansive and ambitious' parks-recreation development.

State Parks and Wildlife Department announced recently that additional facilities are being planned for all types of outdoor recreation including boating, fishing, water skiing, canoeing, swimming, sailing, bicycling, sightseeing, horseback riding, golf, hunting, "rock hounding" and nature study.

CONNALLY APPOINTS—Governor Connally has appointed A. L. Dear, executive vice president and general manager of the Palestine Savings and Loan Association, as a member of the Upper Neches Municipal Water Authority.

Dear, 54, succeeds Eugene Fish

GLASSY FOOTBALL . . .
A changeover from the traditional wooden benches—this lovely Memphis State coed is surrounded by 14 miles of glass in the form of fiberglass seats at the new 50,000-seat Memorial Stadium, Memphis, Tennessee.

of Palestine, for a term expiring Jan. 1, 1971. Fish was one of the men who pushed Lake Palestine to a reality, but died before it could be completed.

BOAT REGISTRATIONS DUE SOON—More than 200,000 motorboats are subject to registration by April 1 under Texas' new Water Safety Act, so warns State Highway Engineer D. C. Greer.

Present certificates expire on March 31.

New law authorizes the motor vehicle division of the Texas Highway Department to issue certificates for boats operating in state waters. Same division handles license and title procedures for autos.

Renewal notices covering boats already registered now are being mailed out, along with a brochure outlining the Water Safety Act. Under its provisions, state game wardens now have full authority, for the first time, to enforce water safety statutes.

New registrations will cover a two-year period. Fees range from \$3 for boats less than 16 feet long, to \$12 for those 40 feet and larger.

Safety equipment requirements include lighting, horns, bells, fire extinguishers and flame arresters. Also required are rear view mirrors on boats towing skiers.

BUILDING GAINS—November building throughout Texas increased seven per cent, despite a traditional decline during the 11th month.

A report from the UT Bureau of Business Research also shows total construction for the month

came to \$133,631,000, a figure exceeded only during August and in November, 1964. Texas building during 1965 did not set a record. Record belongs to 1964.

U. S. Department of Commerce sees a nationwide 11 per cent increase in non-residential building for 1966, but only a "small advance" in private housing construction.

COUNTIES ATTACK PROBLEMS—Texas counties now may get busy planning to solve their complex problems on a regional scale with state and federal aid.

Atty. Gen. Waggoner Carr paved the way with an opinion saying the State Health Department is authorized by a 1961 act to "arrange planning assistance" when counties request it.

Cities and counties may pool problems and resources in a broad planning program under an act passed last spring.

Health Department has served as the administering agency for small cities in the past, and will continue this function. Federal funds are available for part of the cost—normally two-thirds for cities and up to three-fourths for cities in depressed areas.

Although no Texas county has a master plan in effect, some have been awaiting the green light from the attorney general so the federal agencies could provide the needed money.

Bexar, El Paso, Ector, Grayson, Jefferson, Nueces, Harris, Tom Green, Orange, Tarrant, Dallas, Denton and several other counties with rapidly changing areas are expected to join the program. Applications are made to the Health Department.

GATESVILLE BUILDINGS—Architectural drawings have been made for a \$497,370 training unit for 240 boys at Gatesville School for Boys.

A second construction project hasn't reached the architectural stage. This is a \$41,160 addition to the Academic Building at the school.

ATTORNEY GENERAL RULES
Attorney General Carr has ruled that the Texas Water Development Board may pay the tuition fees of two employees to attend an eight-day course in Earth Control and Investigation conducted by the Bureau of Reclamation, Denver Laboratories. Tuition total would be \$300.

In other rulings, Carr said: Firemen who participate in firemen's relief and retirement fund can draw out all payments made prior to August 23, 1963, when leaving fire department employment.

Special service charges and pen-

alties assessed against small accounts by depositories cannot be considered in determining whether deposits are dormant and subject to escheat by state.

FEDERAL ROLE INCREASES
Federal government has become a virtual dictator over management of Texas Employment Commission's operation of unemployment compensation and job placement programs, a new Texas Research League study maintains.

Bureau of Employment Security of U. S. Department of Labor has tightened controls over expenditures, administration and program leadership, study reports.

"The federal-state partnership which Congress intended to prevail . . . has deteriorated to the point where the federal agency tends to dictate the details of day-to-day management," says the League.

A real federal-state partnership concept can be restored, the study observes, only if Congress: (1) restores to states responsibility for allocating earmarked administrative funds on a workable formula and (2) provides for judicial review of issues between a state and federal agency.

SHORT SNORTS—Governor's budget office has compiled an excellent summary of state services, spending and trends. . . U. S. Department of Agriculture reports citrus movements from the Rio Grande Valley during Christmas week were heaviest of the season.

APPOINTMENTS—William A. Hazlewood Jr. of Abilene is the new assistant veterans employment representative with the Texas Employment Commission. He will work out of Dallas.

Salt Water Pollution Committee of the House of Representatives held its first meeting here. Rep. Penal Rosson of Snyder is chairman. Members include Reps. John Allen of Longview, Temple Dickson of Sweetwater, Tom Holmes of Granbury and Felix McDonald of Edinburg. Also Joe Kilgore of Austin, Harry Loftis of Tyler, Charles P. McGaha of Wichita Falls, Judge W. H. Rampey of Winters and John Ben Shepherd of Odessa.

AGGIE COEDS?—Board members of Texas A&M University denied a report that they voted to admit girls to the virtually all-male school on a non-discriminatory basis.

Chairman later said qualified women should be admitted if they could not get degrees at another university in fields they want to pursue. He said A&M Pres. Earl Rudder was asked to study every coed application in order to guard

against discrimination. He revealed that a committee will report its findings on the question of co-education next April.

Attorney General Carr recently declared that present policies of admitting only women who are wives, daughters or widows of faculty members and students would be difficult to defend in court. He proposed that A&M either limits its enrollment to men only or become fully co-educational.

LAND PROGRAM ENDS—State Veterans Land Program ended November 30 when the last commitment for purchase of property was issued.

Land Commissioner Jerry Sadler said 35,500 Texas veterans bought over 3,000,000 acres of land at average price of \$81 per acre. On November 7 Texas voters turned down a constitutional amendment proposal designed to extend the long-term, low-interest, land purchase program.

ATTORNEY GENERAL RULES
—University faculty members may serve unpaid on state or federal boards or commissions not exercising sovereign powers, subject to Board of Regents' approval, Atty. Gen. Waggoner Carr held.

In other opinions, Carr concluded: A person must be present in person to enter a plea of guilty to misdemeanor charges punishable by jail sentence. An appropriation to the Upper Red River Flood Control and Irrigation District, for a water gauging station at Prairie Dog Fork Bridge in Hall County, is valid.

GOVERNOR MAKES AWARDS
—Governor Connally has presented awards to ten Texans in recognition of outstanding contributions to the conservation of wildlife and related natural resources.

Honors were paid at the Governor's Award Banquet in Austin to Harry Jersig of San Antonio, Dr. Richard M. Robinson of College Station, Henry N. Smith of Temple, Sen. Culp Krueger of El Campo, Arthur Temple of Diboll, Dr. William B. Davis of College Station, James Natho of Cuero, Sen. Tom Creighton of Mineral Wells and Kenneth Force of Dallas.

The program was sponsored by the Sportsmen's Clubs of Texas, the Sear-Roebuck Foundation and the National Wildlife Federation.

SHORT SNORTS
Governor Connally approved five new federal anti-poverty programs with U. S. grants of more than \$1,200,000—in Corpus Christi, Laredo, Roma, Pharr and Rio Grande City.

Texas business activity declined five percent in October, second drop in row since the business index reached an all-time high in August, UT's Bureau of Business Research reports.

Senior Budget Examiner Charles W. Croslin has resigned from Governor Connally's staff to become Administrative Assistant of the Parks and Wildlife Department, effective December 1.

Walter Richter of Gonzales resigned his state senate seat after Attorney General ruled he could not be both senator and director of the Texas Economic Opportunity Office.

A senate committee, headed by Sen. Criss Cole of Houston, is studying ways to recruit young people into the nursing field and reclaim 10,000 inactive licensed nurses.

Don't Over-Feed Your Dog
Don't let your dog make a sucker out of you. Dogs are natural born moochers. They will try to wheedle food every chance they get.

Dogs should have no more than 4 meals a day from weaning to 4 months; then 3 meals from 4 to 8 months; and 2 meals a day from 8 to 16 months. From then on, only one feeding per day, with maybe a light evening snack.

Clean That Fly Line
You can get the same results, if not better, by cleaning a fly line well, instead of dressing it with floatant. Quite often the floatant collects dirt which weights the line.

Most good lines will float for a long time after being cleaned, providing the finish isn't marred.

Paper Prolongs Boot's Life
Stuff those leather hunting boots with a wadded up newspaper before you put them away for storage.

Paper retains their shape, keeps wrinkles and creases out, and prolongs the life of the boot.

Glynn Thompson, Roy Guthrie Are Honorees At Retirement Dinner Fri.

Post office employees honored Glynn Thompson and Roy L. Guthrie with a retirement dinner Friday evening, Dec. 31, in the home of Mr. and Mrs. Irvin Johnsey and Randolph Johnsey. Both Mr. Thompson and Mr. Guthrie retired November 31, 1965, after many years with the local office.

A delicious steak dinner was served. Gene Lindsey, postmaster, acted as master of ceremonies for the evening and presented Mr. Thompson and Mr. Guthrie with gift certificates with a card signed by all employees of the local post office.

Mr. Thompson, who at his retirement was serving as acting postmaster, had been with the local Post Office for 41 years and eight months.

Mr. Guthrie was also a long-time employee of the local office, having worked for the past 26 years. Most of this time he served as a window clerk.

Words of appreciation were spoken by Mr. Thompson and Mr.

Guthrie, followed by words of reminiscence by several other postal workers.

Those attending the party were Mr. and Mrs. Jim Vallance, Mr. and Mrs. Roy Guthrie, Mr. and Mrs. Glynn Thompson, Mr. and Mrs. Gene Lindsey, Mr. and Mrs. Herschel Pounds, Mr. and Mrs. W. H. Goodnight, Mr. and Mrs. T. O. F. Goffinet, Mr. and Mrs. T. O. Pounds, Mr. and Mrs. Benny Godfrey, Mr. and Mrs. Lloyd Ward, Frank Garrett and hosts, Mr. and Mrs. Irvin Johnsey and Randolph Johnsey.

Mr. and Mrs. Don Watts and son of Abilene spent the weekend here with his brother and family, Mr. and Mrs. Steve Watts and daughter.

Noel Clifton, Jr., returned to Lubbock Monday where he will resume his studies at Texas Tech College after spending the Christmas holidays with his family, Mr. and Mrs. Noel Clifton and Vicki.

W. S. (Bill) HEATLY

Heatly Announces For Re-Election As Representative

W. S. (Bill) Heatly, Paducah, who is the State Representative from the 82nd District of the House of Representatives, this week authorized The Memphis Democrat to announce that he was a candidate for re-election to the position he now holds. His election will be subject to the action of the Democratic primaries.

Representative Heatly has served as chairman of the Appropriation Committee of the House for the past six years, and has been a member of the Budget Board for the past 10 years.

The veteran legislator said that his formal announcement would be issued at a later date.

Austin PTA To Hold Regular Meeting Tuesday

The Austin PTA will hold its regular monthly session on Tuesday, Jan. 11, at 7:30 p. m. in the school auditorium, it was announced this week.

Members of the Memphis Ministerial Alliance will have a panel discussion on "The Moral Climate of Our Community."

All interested persons are cordially invited to attend this meeting.

In the Perry Hale home for Christmas dinner were Mr. and Mrs. John Chaudoin, Mr. and Mrs. Jack Kinard and children, Barry and Brenda, Mr. and Mrs. Joe Kent Eddins and children, Connie and Susan, all of Estelline; Mrs. Maude Chaudoin and Mr. and Mrs. Bob Anderson of Memphis and Troy Adams, a student at Christian College in Abilene.

Geldon's Social Security Advice

Thousands of persons over 65 in the Panhandle have a decision to make about something new under social security—Medicare.

This new program offers extensive hospital and medical insurance to almost all persons over 65. At the present time even those who have never worked under social security may qualify for this protection. Even those who are still working and are not eligible for the monthly cash payments may qualify.

Hal Geldon, Amarillo District Manager, stressed the fact that all persons over 65, or who will be this year, need to contact the social security office now if they are not receiving social security, railroad retirement, civil service retirement, or welfare checks.

Gordon D. Maddox Opens Bookkeeping And Tax Office

Gordon D. Maddox, who has been associated with a firm of certified accountants in Amarillo for the past two and one-half years, has opened his own office at 415B Main Street in Memphis.

Mr. Maddox is a graduate of Memphis High School and of Texas Technological College in Lubbock. He and his wife, the former Barbara Widener, and daughter, Tanya, will reside at 103 North 9th Street.

K. D. Crawford Is Promoted In U. S. A. F.

Kenneth D. Crawford, son of Mr. and Mrs. H. C. Richardson of Rt. 1, Hedley, has been promoted to technical sergeant in the U. S. Air Force.

Sergeant Crawford is a missile maintenance technician at Whiteman AFB, Mo. He is a member of the Strategic Air Command which keeps the free world's mightiest missile and jet bomber force ready to counter the enemy threat. The sergeant is a graduate of Hedley High School.

He is married to the former Elke Schneider from Germany.

CARD OF THANKS

To all the many kind and wonderful friends, who have been so helpful to us at the loss of our loved one, we express our most sincere and heartfelt thanks.

Words are not adequate to express our full appreciation. Such spontaneous acts of generous spirit can only be manifestation of God's love. May He be as kind to you in your hour of need.

The Family of R. J. Stovall

LOCALS

Miss Florene Knott of Lubbock visited with Peggy Ashford over the weekend.

Holiday visitors of Mr. and Mrs. G. M. Duren were their daughters and families, Mr. and Mrs. Woodrow Martin and sons, Don and Lonnie of Cedar Hill, Tenn., and Mr. and Mrs. Aubrey Allison and children, Gail and Jerry, of Amarillo.

Clent Caylor and son, John, of Pampa visited here Sunday with Mr. and Mrs. Frank Monzingo.

Mrs. Margaret Holcomb had visitors during the holidays. They were her granddaughter and family of Tucson, Ariz., Mr. and Mrs. Don Gerow, Diana and Jimmy; her brother and wife, Mr. and Mrs. Elmer Melton of Pampa; and her nephew and wife, Mr. and Mrs. Kermit Evans of Arlington.

Larry Moore left for A&M University Sunday after spending the holidays with his parents, Mr. and Mrs. Clarence Moore of Newlin.

Mrs. E. C. Rice left Tuesday

for a two month's visit with her mother, Mrs. E. L. Wilson in Justin.

Troy Adams of Abilene and Miss Linda Hall visited in Friona Sunday, Dec. 19.

J. W. Johnson of Garland was here to spend the holidays with his wife, Mrs. J. W. Johnson, and his son, Bill Johnson and family and Mrs. A. B. Jones and family. Mrs. Johnson has been here for several weeks assisting her son,

Bill, in the operation of Memphis Laundry and Cleaners.

L. O. Buchanan, chairman of the Harlinger Cotton Classing office, visited his co-worker and friend K. E. Voelkel at the Memphis C. C. Office Monday for the first time since the office was opened. "Buck was favorably impressed with the facilities," Voelkel said. While in Memphis he also visited with Frank Fox and Herschel Combs.

Senior Class To Sponsor January Jubilee Sat.

The January Jubilee, sponsored by the Senior Class of Memphis High School, will be held at 7:30 p. m. Saturday, January 8, in the high school auditorium, Larry Parks, president, announced this week.

Admission will be 75 cents for adults and 25 cents for students. An annual event, the evening is highlighted by the Queen Coronation. The queen will be named from the candidates chosen by the various classes, and will be escorted by a member of her class. Each Queen candidate will choose her escort.

The Queen will be named at the end of the evening after the points have been tallied.

Classes earn points for their candidates by entering the various contests and for attendance.

By the point system the following have been listed: class with the largest attendance, 30 points; second 25 points, third 20 points and fourth 15 points.

Contests points will be awarded

as follows: first place 15 points; second place, 12 points; third place 10 points and fourth place 8 points.

The first contest will be the Mystery Contest. The nature of this contest will not be revealed until the night of the January Jubilee. Each class will select a

Rotarians Hear Talk On Heart Disease Tuesday

Harry Van Slycke, regional director of the Texas Heart Association of Amarillo spoke Tuesday to a group of Memphis Rotarians and guests. He was introduced by J. Claude Wells, program chairman.

Mr. Van Slycke spoke to the group concerning the cardio-vascular death rate in Hall County, the Panhandle area, and over the nation.

During 1964 the total C. V. deaths in 26 counties of the Texas Panhandle totaled 1,278, the speaker said. Comparing this figure to the highway death figure released by the Texas Department of Public Safety for 31 Texas Panhandle Counties which was 131 deaths, the speaker said that the C. V. death rate is almost 10 times higher.

Nationally, in one year there were 1,813,000 deaths from all causes. Of these, 981,680 are C. V. deaths. C. V. deaths are considered to be heart attack, stroke, high blood pressure and other forms of heart disease.

Hall County during 1964 has 44 C. V. deaths and ranks 10th in the 26 Panhandle counties. Wheeler county ranks ninth, Collingsworth Number eight, Conley No. 7 and Childress county No. 4.

Mr. Van Slycke urged those present to organize a county chapter to help the Texas Heart Assn. and the National Heart Assn. fight against heart disease.

Curtis Tunnell Is Candidate For Justice Of Peace

This week Curtis O. Tunnell of Turkey authorized The Memphis Democrat to announce that he is a candidate to be re-elected as Justice of the Peace, Precinct No. 4 of this county, subject to the action of the voters at the Democratic primaries.

In making his intention known, he issued the following statement:

"I wish to announce that I am a candidate for a second term as Justice of the Peace of Precinct No. 4 of Hall County, and will appreciate any consideration the people will give me."

Curtis O. Tunnell

Clyde Milam Is Patient In Amarillo Hospital

Clyde Milam, well-known rancher and farmer and former Memphis businessman, is a patient in St. Anthony's Hospital in Amarillo where he underwent surgery on December 28.

He was reported to be resting satisfactorily Wednesday morning by members of his family.

Here to be with her father is Mrs. Frank Toner of San Leandro, Calif., a brother and wife, Mr. and Mrs. John Milam and Mr. and Mrs. Felix Cochran of Oklahoma City, Okla.

Zeb Sanders Is Candidate For Commissioner

Z. C. (Zeb) Sanders of Lakeview this week authorized the Memphis Democrat to make the announcement that he was a candidate for Commissioner of Precinct No. 2, Hall County. His candidacy is subject to the action of the voters in his precinct at the Democratic primaries.

He issued the following brief statement when he made his intention known:

"To the Citizens of Prec. 2: "After giving the matter much thought, and upon the urging of many people in my precinct, I have decided to enter the race for Commissioner.

"I believe I know just about everyone in my precinct, having resided in it for the past 25 years, and know our problems. There is no need to mention the things which all of us are concerned with, but I do think I am qualified to serve my precinct in a manner which will be approved by the majority.

"If you elect me as your Commissioner, I will devote all my time and efforts to the office and the duties which will be mine. Also, it will be my desire to work with the members of the Commissioners Court in solving the county-wide issues and problems as they arise.

"Between now and the date of

the first Primary, I shall make an effort to see every voter. Meanwhile, I use this means of soliciting your support, and especially your vote when you go to the polls.

Respectfully submitted,
Z. C. (Zeb) Sanders"

Former Resident Is Killed In Car Wreck Tues.

According to information received here Wednesday, Mrs. O. I. (Frances) Seale was killed in a car accident Tuesday when she and her husband were in the process of moving from Abilene to San Antonio.

Funeral services have been set for today in Nacogdoches and burial will be under the direction of Cason Monk Funeral Home of Nacogdoches.

Mr. and Mrs. Seale were driving two cars to San Antonio when the fatal accident took place.

The Seale family lived in Memphis several years ago as he was the manager of the Western Cottonoil Company plant here and also served as manager of Paymaster Gin in a four-state area.

They moved from Memphis to Abilene where he was retired from the company after many years service.

Mrs. Seale is survived by her husband, one son, Henry of Chicago, Ill., and daughter, Sue of Dallas.

Miss Gina Berry returned Sunday to Lubbock where she is attending Lubbock Christian College, after spending the holidays with her parents, Mr. and Mrs. Joe Berry.

Mrs. W. F. McElreath had as holiday visitors her son and family, Mr. and Mrs. Eugene McElreath and Jayne and Randy of Monte Vista, Colo., and her brother and wife, Mr. and Mrs. C. R. Burk of Del Norte, Colo. Mr. and Mrs. McElreath also visited with her mother, Mrs. Minnie McCane.

Visiting with Henry Ashford and Peggy and Mr. and Mrs. Louis Ashford and Curtis during the weekend was Charlie Ashford of Ft. Worth.

Miss Jessie Chancey of Saint Jo is visiting here with Miss Ira Hammond and other relatives.

Wanda Nixon To Tour With McMurry Chanters

Miss Wanda L. Nixon, a McMurry College student, will be with the McMurry Chanters when they make a 10-day tour Jan. 22-31 to perform 18 concerts in 14 cities and towns in South and East Texas.

The Chanters are directed by Professor Paul Engelstad, who is regional governor of the Southern Region of the National Association of Teachers of Singing.

While on tour the Chanters will sing in Hamilton, Houston, Pasadena, Galveston, Corpus Christi, Port Lavaca, San Antonio, New Braunfels, Austin, Clifton, Irving, Dallas, Fort Worth, and Abilene.

Miss Nixon is the daughter of Rev. and Mrs. R. C. Nixon. A freshman at McMurry, Miss Nixon is active in Chanters. A 1965 graduate of Lakeview High School, Miss Nixon was active in the girls choir and the A Capella choir. She is an elementary education major and plans to teach school.

MR. AND MRS. PETE PEERY

Cynthia Standfield, Pete Peery Marry In Pretty Home Ceremony December 24

Miss Cynthia Standfield, daughter of Mr. and Mrs. J. T. Standfield of Turkey, became the bride of Pete Peery, son of Mr. and Mrs. Johnny Peery of Turkey, in a pretty home ceremony solemnized at 2 p. m. Friday, Dec. 24.

Jack Hutton, minister of the Littlefield Church of Christ, read the single ring ceremony in the home of the bride's parents.

Given in marriage by her father, the bride wore a two-piece white dress. The A-line dress was topped with a fitted jacket which had three-quarter length sleeves. Her shoulder-tip veil fell from a matching headpiece and she wore a corsage of blue and white carnations.

She carried out the traditional bridal custom of wearing "something old, something new, something borrowed and something blue with a penny in her shoe." The something old was a ring belonging to her grandmother.

Carp Fishing Fun

Since the carp is considered a rough fish it is scorned by many fishermen. But the lowly carp can provide great fun during off seasons.

They are dainty biters. So fish them with small sinkers, or none at all. If a cork is used, be sure it is an inconspicuous as possible.

A quill is best, for not only because it is almost invisible, but it bobs under at the slightest pull on the line.

Electroplating gold or silver was patented in 1840.

Bethel SS Class Enjoys Christmas Dinner Party

The Bethel Sunday School Class of the First Baptist Church met in the home of Mrs. Henry Scott Dec. 21 to observe their annual Christmas party.

Each member arrived with a gaily wrapped Christmas package, which was placed under a beautifully decorated tree to be used later as a gift exchange.

The home was decorated with evergreens, mistletoe, a miniature mail box overflowing with Christmas cards and gay lighted candles.

Mrs. R. E. Clark gave the invocation. Then in keeping with a long standing tradition a supper plate was served to the members and guests before the program began. The menu included congealed chicken salad, cranberry salad, assorted crackers, white fruit cake and hot punch.

Prayer was offered by Mrs. Omer Hill. Mrs. Gene Jorgensen gave a very inspiring devotional on the meaning of Christmas closing with a poem which was appropriate for the occasion.

Miss Sybil Gurley gave a beautiful Christmas story, "The Beggar and the Star," and also "Keeping Christmas" by Henry Van Dyke.

Mrs. Henry Hays closed the program with prayer. Each member and guest enjoyed opening their packages and showing their gifts.

Those enjoying the occasion were Mmes. Gene Jorgensen, Mary Bownds, Miss Sybil Gurley, guests and members, Mmes. Allie Caviness, R. E. Clark, A. J. Fowler, Henry Hays, G. J. Hinders, W. T. Hightower, Ida Hutcherson, Jean Lamb, H. H. Lindsey, Leon Randolph, Sim Reeves, Louis Richards, Larry Simpson, Theo Swift, Leonard Wilson, Omer Hill and hostesses, Mrs. Henry Scott, Mrs. M. W. Smith and Mrs. Burl Smith.

Travis PTA To Meet January 11 In Monthly Session

The Travis Parent-Teacher Association will meet Tuesday evening, Jan. 11, at 7 p. m. in the cafeteria.

As the program for the evening Misses Elmonette Branigan and Glenda Bruce will show film and talk about their trip to the Girl Scout Roundup this summer.

Students of the 5th grade will also appear on the program.

All members of the unit and other interested persons are invited to attend.

Lizard skins used for shoes come mostly from South America.

PLANS JUNE WEDDING—Mr. and Mrs. M. A. Ganyer of Vernon have announced the engagement of their daughter, Miss Janice Darlene Ganyer, to Mathew Zane Monzingo, son of Mr. and Mrs. K. Q. Monzingo of Wichita Falls. Vows will be read June 17 in Floral Heights Methodist Church, Vernon, with Dr. Earl Hoggard, district superintendent, officiating. Miss Ganyer is a 1964 graduate of Vernon High School where she was a member of Tri-Hi-Y Club. She attended North Texas State University in Denton and is currently a student at Midwestern University. The prospective groom graduated from Rider High School and attended Midwestern University. He is in the Marine Corps Reserve and a salesman for Monzingo Structural Products. Miss Betty Tucker of Memphis, Tenn., will be maid of honor and best man will be Gary Gorham of Wichita Falls.

Quickie Fish Cleaner
For a quickie fish cleaner, take a board about two feet square and screw or bolt a battery cable clamp to the plank—at one end.

Some battery clamps already have a hole bored in the handle. Use the strong jaws of the clamp to hold the fish's tail while you clean.

Reapers Class Meets In Home Of Mrs. Boswell

The Reapers Sunday School Class of the First Baptist Church met at 2:30 p. m. January 3 in the home of Mrs. Alla Boswell.

Mrs. Emma Baskerville, vice president, had charge of the meeting which opened with the group singing "Bringing in the Sheaves." Prayer was offered by Mrs. Addie Wherry.

The devotional on power of prayer and taken from Psalm 143 was given by Mrs. Gilreath. Mrs. Boswell, secretary, read the minutes of the last meeting and Mrs. Wherry, treasurer, gave a report. Reports were also given by the courtesy chairman, Mrs. Gilreath, and by group captains, Mrs. Holcomb, Mrs. Wilson and Mrs. Fitzjarrald.

As the program, Mrs. Fitzjarrald talked on "New Year Inventory" and Mrs. Wilson sang "Sweet Peace the Gift of God's Love."

Turkey salad, cheese sandwiches, cake and coffee were served to Mmes. Maggie Holcomb, Emma Calhoun, Sachie Watson, J. W. Fitzjarrald, Joe Weathersby, Grace Duke, E. I. Adams, Myrtle Crabb, Addie Wherry, Edna Gilreath, Emma Baskerville, Bryan Adams, Alla Boswell and Hulda Wilson. One guest was also present Mrs. Howard Phelps of Clarendon.

Argument Settler
Most Texans hunt deer in group on a season's lease. times arguments arise as to who hunter shot which deer once has been hung on the rack. To avoid misunderstanding, write your name on one of antlers with a felt marking before bringing it into camp. If your tag becomes detached you deer still will be identified.

Warning Vest For Hunters
Danger of being shot by take while hunting is minimized by wearing bright clothing. Garment can be made at expense by cutting sleeves off white shirt, to make a vest, spray the improvised apparatus a bright aerosol paint.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

SPACE SIGNIFICANCE

The President's budget proposals are still carefully guarded secrets not likely to be divulged until his State of the Union Address and Annual Budget Message are delivered next month to the Congress. Until these figures are released it is not possible to know what areas the President might propose to make cuts in order to pay for the rising costs of the war in Viet Nam. You may expect, however, that Congress will give the next budget especially close scrutiny and probably will make cuts below the President's spending recommendations; it is customary for Congress to make budget cuts, although the reductions are never as great as many of us wish. In the wake of the very successful Gemini 6 and 7 flights, a question uppermost in the minds of many persons is whether our space program is to be reduced. While it is too early to know definitely, I predict that because of their potential military importance, space projects will be pushed along at about the present rate, at a spending pace of more than \$5 billion a year.

out by Gemini 6 when it came within 10 feet of the orbiting Gemini 7 on December 15 was one of the most important strides taken in our space effort. It advanced the goal of a manned lunar landing, the objective of our Apollo program. In Apollo, the plan calls for two astronauts to make a moon landing in a small craft, then to return to the main space vehicle in which a third astronaut will be circling the moon. Following their rendezvous, the three will return to earth.

The Gemini 6-7 rendezvous was militarily significant in that it advanced our objective of being able to overtake and inspect an object circling the earth in orbit. Possessing this ability is going to be vital to us in maintaining our defenses beyond the atmosphere. We know how orbital objects, manned or unmanned, can be returned to earth with relative accuracy. The menace is obvious; nuclear weapons circling in space, awaiting order to plunge earthward, could become the next form of threat to our security. We must be able to send astronauts into space to overtake, inspect, and if necessary, destroy any threatening objects placed in orbit by an enemy power.

One of the objectives of the Gemini program is to build a pool of astronauts skilled in rendezvous techniques, which are said to be more complex than techniques required for docking space vehicles.

Our space program is directed at peaceful purposes. The planned moon landing is only one of many objectives, although it is perhaps the most spectacular. We should not lose sight of the fact that the scientific and technological advances that help make progress possible in non-military, peaceful projects also have a very great payoff in developing our defense capability. Sixty-two years ago this month the Wright brothers made man's first powered flight, and for years there was little thought given to military implications of aviation. Today we are very much aware of the military significance of space and dangers we would face if our own efforts were to lag behind those of the Communists. Just as the horse cavalry gave way to armored tanks, technological advances make it essential that we be ready with the proper response to any aggressive effective counter to a nuclear weapon hurtling down upon us from outer space; our defense against such a threat has to be mounted in space itself. We simply can not avoid the necessity of keeping pace in weapons development. As we look to 1966, we must recognize that we are not only locked in a tough "hot" war in Viet Nam but that we continue to face Communist adversaries in many continuing "cold" war problems. Space is one of them, and it is a program that can not be slighted.

The Rogers family extends to you and your family our very best wishes for a happy and successful New Year.

Randy and Jimmy Evans of Amarillo spent the holidays with their grandparents, Mr. and Mrs. R. A. Wells.

Mr. and Mrs. Roy Guthrie were Amarillo visitors Tuesday.

Mr. and Mrs. Robt. A. Wells spent New Year's Day with their children in Amarillo visiting with Mr. and Mrs. M. L. Evans and family, the Troy Joe family and R. A. Wells, Jr.

Mr. and Mrs. Bill Hall and boys spent the New Year's holidays in Clarendon visiting in the C. A. Wright home.

Mrs. J. W. Oliver, accompanied by Agnes Oliver and Jean Durham of Wichita Falls, spent the Christmas holidays in Wheeler in the home of Jean's parents, Mr. and Mrs. J. W. Durham.

Mrs. T. L. Rouse has returned home after spending the holidays visiting in Dallas, Kilgore and Tyler with relatives.

Mr. and Mrs. G. L. Thornton visited with her parents, Mr. and Mrs. W. A. Weathers at Marlow, Okla., Sunday.

Jimmy Thornton, who is stationed with the U. S. Army at Fort Polk, La., visited here over the weekend with his parents, Mr. and Mrs. G. L. Thornton.

Mr. and Mrs. Gaston Medford of Sunray, former Memphis residents, visited here over the weekend with relatives and friends.

Mr. and Mrs. Coy Johnson and Kim of Canadian were here to spend Christmas with their parents, Mr. and Mrs. Ben Johnson and Mrs. J. B. Duren at Lakeview.

Mr. and Mrs. L. D. Williams of

Dallas visited here over the weekend with Mr. and Mrs. Sam Hamilton and Mr. and Mrs. Haskell Howell.

Mr. and Mrs. Dennis Ward and Mr. and Mrs. Bill Boren enjoyed vacationing in El Paso and Juarez over the New Year's holidays.

While there they talked with Adrian and Carnis Combs, former Memphians. They spent one night at the new, luxurious hotel which has been opened recently in Juarez, and is located just across the border amid a series of beautiful new buildings.

Visitors in the Dennis Ward home Christmas were Mr. and Mrs. Charlie King of Childress, Mrs. Ward's parents, and Penney, Becky and Lynn Ward of Amarillo.

Staff Sgt. and Mrs. H. M. Turpen and children of Wichita Falls were holiday guests in the home of Mr. and Mrs. Charlie Johnson.

Weekend guests in the home of Mr. and Mrs. W. E. Stinsman were Mr. and Mrs. C. C. Luttrell of haude, Mr. and Mrs. Vernon Beck of Stinnett, and Mr. and Mrs. Leon Ferguson of Floydada.

Benny Estes and Dale of Houston visited here over the weekend with Mrs. H. B. Estes and Mrs. Hiram Crawford and family. Dale is a student at Texas Technological College, Lubbock.

Visiting here during the New Year's holidays with Mr. and Mrs. Robert Philpot and family were

Mr. and Mrs. H. L. Brand of Dallas.

Mrs. Felix Jarrell and Patsy Jarrell spent the past weekend visiting in Amarillo with Mr. and Mrs. W. W. Dunn and daughter.

Visiting here over the weekend with their grandparents, Mr. and Mrs. J. M. Ferrel, were Gayle, Dale and Richard Jester and Darrell Hightower, all of Amarillo.

Mr. and Mrs. Herschel Combs visited in Wellington Saturday evening in the home of her mother, Mrs. L. A. Dickey. Also visiting in the Dickey home was Mrs. Combs' sister, Mrs. J. E. Norman, Jr., and family of Enid, Okla.

Mr. and Mrs. Kermit Voelkel visited in Lubbock Sunday with friends.

Mrs. A. W. Howard, who recently underwent surgery in Dal-

las, is reported by friends here to be recovering nicely. Mrs. Howard will be recuperating at the home of her daughter, Mrs. S. F. Whiteside, 106 W. Shoreplace, Richardson.

Spending the week with Mr. and Mrs. Louis Ashford and Curtis and Henry Ashford and Peggy are Ruth Hodges, Pam and Stanley of Quanah.

Mr. and Mrs. Noel Clifton, Vicki and Noel, Jr., spent the New Year's weekend in Los Alamos, N. M., where they were guests in the home of her brother, Mr. and Mrs. John Hall. Also visiting in the Hall home were his daughter, Marcia and Denise of Albuquerque, N. M.

Mr. and Mrs. Royce Frisbie and Cheryl and Mr. and Mrs. Jerry Lowe spent New Year's weekend visiting relatives in Amarillo.

Rogers Resigns As Gulf Distributor For Memphis Area

W. H. Rogers, long-time distributor for Gulf Oil Corporation products in the Memphis area, has resigned as distributor of the Memphis area with the Gulf Oil Corporation.

With the announcement, and a shift of the account, it was stated that only those who have served the area as local distributors for Gulf. The contract period for Rogers is 1946.

The second agent was J. E. McHenry, who served as distributor for Gulf in 1945.

Mr. Rogers said that he had appreciated the assistance that had been given him through the years, and that he would still be in contact with the Memphis area.

Mr. Rogers of Memphis, who served as distributor for Gulf in 1945, will be succeeded by J. E. McHenry, who served as distributor for Gulf in 1945.

Mr. Rogers said that he had appreciated the assistance that had been given him through the years, and that he would still be in contact with the Memphis area.
