### Baptist Church To Honor Seniors With Banquet Friday

Members of the Senior Class of Memphis High School will be honored with a banquet Friday evening, April 29, at 7 p. m. in the Fellowship Hall at the First Baptist Church.

An outstanding program of entertainment and inspiration honoring the seniors and their achievements have been planned for the occasion.

### Dist. 7-B Netters Dominate Play In Class B Region I

Representatives of District 7-B made good showings in the Class B Regional meet at Lubbock last weekend, especially in the boys and girls tennis.

District 7-B again this year dominated the Region I tennis tournament by capturing three of the four first place positions.

Estelline's Mike Hughes, a sophomore, won first place in the Region I typing contest and will be going to state.

Jodie Rapp, Estelline senior, took second place in the boys prose reading, losing out to the same boy who defeated him last year in this event.

The strongest showing made at Regional in tennis was turned in by the Rapp sisters of Estelline in girls doubles. Anne and Cherri swept through the meet in splendid fashion, losing only three games in all their matches. They captured the championship by defeating Simpson and Gann of Rule 6-0, 6-1 in the finals.

Defending state champions Alton Setliff and Harvey Case of Turkey stopped Rule's Richard Cornelius and Crawford Allison 6-3, 6-4, 7-5 in boys doubles.

David Majors halted Wilton's Jimmy Scott, 6-2, 6-0, 6-1, to show his strength as a possible boy's singles state contender.

Since Old Glory's Stephanie Letz won the Regional girl's singles title, Region I winners are probably the favorites to win the four state tennis titles in Class B. Miss Tetz, state defending champion, was the girl who defeated Cherri Rapp out at the state meet last year in singles.

Estelline track boys captured two fourth places at the Class B Regional meet. Estelline mile relay team turned in a 3:40.8 time to take fourth place. Running on the team were Jerry Cosper, Jay

### Cyclone Thinclads, Golfers Capture Top Trophies At Regional Meet At Lubbock

Memphis High School athletes reacted to the weekend rains in the Panhandle the same way that local farmers reacted, and with controlled enthusiasm, the local students brought home not one but two Regional trophies, one of which was a school first.

The Memphis Cyclone track team under Coach Bert Glascock won the Regional track meet, setting a school first for the local thinclads and baffling area sports writers.

The Memphis golf team found wet fairways and rainy weather no handicap as they swept through the Class A golf meet by a 15-stroke margin, winning the meet with a team total of 317. Jerry Moss captured medalist honors with a three-over-par 75 round.

Larry Parks shot a 79, Roge Fowler a 79, and Donny Miller an 84 to round out the team record. This was by far the best effort shown by the MHS golfers this season.

Second place Ozona and Big Lake each had 332 scores.

#### Track Victory

The winning of the Regional track meet was not a surprise to Coach Glascock or the MHS thinclads, who now have captured 12 trophies at track meets this year. Area sports writers were all favoring Coahoma to win the meet but the favorite fell six points behind the Cyclone, which took 54 points to Coahoma's 48 points.

Coach Glascock said, "As far as

we know, this is the first time in the school's history our track team has won the Regional meet. We're all proud of the boys for making such a fine showing in miserable conditions and a wet, slow track."

The major victory the local squad pulled off at Lubbock Saturday was in winning first place in the 440-yard relay. The MHS thinclads turned in a time of 43.6 which is three-tenths of a second off the State Class A record. Running on the squad are Danny Peters, Gilbert Devorce, Clyde Wilson, and William McFalls.

The Mile Relay team took second with a time of 3:30.7. Coahoma won first. Members of the mile relay are William Welch, Roy Long, Clyde Wilson and William McFalls.

William McFalls will go to state by placing second in the long jump with a leap of 21-6 and three-fourths inches.

Clyde Wilson took second place in a real close race with J. D. Davis of Hale Center. Both boys were given times of 50.8 in the 440-yard dash.

McFalls placed fifth in the 100-yard dash after a poor start.

Memphis qualified ten boys to go to the State Meet, May 6-7, in Austin. They are the golfers Moss, Parks, Fowler and Miller, trackmen, McFalls, Long, Peters, Wilson, Welch and Devorce.

**RECEIVES AWARD**—Memphis Democrat Editor Bill Combs (lower right) is shown with the silver coffee pot the newspaper won for Division I General Excellency at the Panhandle Press Assn. convention last weekend. Seated (left) is Bob Hamilton of Kress News who took home the Division II General Excellency tray. ### The Memphis Democrat Wins Division I General Excellency In Panhandle Assn.

The Memphis Democrat, county-seat newspaper of Hall County, was awarded the General Excellence trophy, a silver engraved coffee pot, in Division I contest at the Awards Breakfast of the Panhandle Press Association convention in Amarillo Saturday.

The prize was given by A. E. Heinsohn Company. Editor Bill Combs accepted the award on behalf of the publisher and staff of The Democrat.

Mr. and Mrs. Herschel Combs and Mr. and Mrs. Bill Combs attended the two-day convention at the Coronado Inn in Amarillo. Shop Foreman Henry Ashford and Receptionist Peggy Ashford were present at the Awards Breakfast.

The Panhandle Press Association sponsors seven newspaper contests each year, six of which are for special departments or editions, while the general excellency contest is divided between newspapers with circulations less than 1500 and newspapers with circulations more than 1500. Dailies, biweeklies and weeklies all compete against each other.

The Democrat, in winning the Division General Excellency contest, repeated a feat the newspaper did in 1964, when it was

awarded the same honor at the Panhandle Press Association convention.

Editor Combs said, "Since judges this year were not journalists but average readers of newspapers representing several states, we feel that our publication is highly honored."

Several editors, publishers and area readers of the paper have extended congratulations and the staff is thankful, Editor Combs said.

In determining general excellency winners, all phases of the publication are considered, including columns, news handling, composition, page makeup, printing, photo journalism, editorial comments and advertising display.

Second place award in the Division I general excellency went to The Shamrock Texan, while third place went to the Countywide News at Littlefield.

In Division II, the Kress News won first, the Friona Star, second, and the Earth News-Sun, third.

The Tulia Herald was awarded first place in best editorials with Kress News taking second and

### Beautification Cash Prizes To Be Awarded

"The cooperation of every citizen in Memphis is imperative if we are successful in beautifying our city," members of the Chamber of Commerce Community Improvement Committee said this week.

The committee announced that cash prizes of \$25.00, \$15.00 and \$10.00 will be awarded at the end of the summer to individual home owners who do the most to beautify their grounds. Everyone is eligible to enter this contest.

Judging will be done by the members of the Memphis Garden Club, and winners will be announced in the late summer or early fall.

With the bountiful rains of the past weekend, the committee urged citizens that now is the time to put the city beautification program into full swing.

Block captains who were named in last week's issue of The Democrat are asked to initiate beautification plans in their respective areas. In addition to the three cash prizes, numerous persons in the various areas will receive honorable mention for well-kept blocks, alleys, etc.

## Monday, May 2 Is Bargain Day Here

Bargain Day in Memphis will be Monday, May 2, as merchants here are advertising special prices in this issue of The Democrat. The special prices First Monday bargain event was introduced four weeks ago when the retailers committee of the local Chamber of Commerce made the announcement of a concerted effort by local business firms.

J. M. Ferrel, Jr., chairman of the committee, and President Byron Baldwin, again this week urged area shoppers to take advantage of the special offerings which will mean savings to purchasers. They pointed out that the concerted move is being made in an

effort to again show that Memphis is a good shopping center, with prices and services equal to or better than those of any area town or city.

Appearing on two special pages, and others in this issue, are items at special prices which merchants are offering. Readers are reminded that they should take advantage of these "First Monday" specials May 2.

In years past, the old-fashioned Dollar Day has been used as a special buying event. The "First Monday" idea was developed because most items cannot be offered in carrying out the Dollar Day price tag.

## Mills Roberts Is 'Boss Of Year'

Mills Roberts, division manager of General Telephone Company of the Southwest, was selected as "Boss of the Year" Thursday by the Business and Professional Women's Club of Memphis.

Mr. Roberts was presented an engraved plaque, given by the B&PW Club, by the president, Miss Jo Ann Edwards.

Mr. Roberts, who has been with General Telephone for the past 40 years, has served as division manager in Memphis since July, 1953. He and Mrs. Roberts came to Memphis from Hobbs, N. M., where he served as district manager for 11 years.

Educated at Washington State University, he was married to Ila Holt in 1932 at Clovis, N. M. Mrs. Roberts was reared at Idalou, near Lubbock.

Marrying in the height of the depression, the Roberts established their first home at Muleshoe where Mr. Roberts was working as a lineman with the company. He began his career with General Telephone in 1926 as a time keeper. He had already received several promotions, but when the depression came along he had to

take a demotion in order to keep his job.

They lived at Muleshoe for about a year, then were transferred to Littlefield and later to Oklahoma as Mr. Roberts continued to receive promotions with the company.

Both Mr. and Mrs. Roberts have been most active in civic and community affairs since moving to Memphis.

Mr. Roberts is now serving as a director of the Memphis Chamber of Commerce and Hall County Board of Development, treasurer of the Hall County Industrial Foundation, an elder in the Presbyterian Church, and a director of the West Texas Chamber of Commerce. He is a member of the Masonic Lodge.

He is a past president of the Memphis Rotary Club, past president of the Memphis Chamber of Commerce and past president of the Memphis Country Club.

As hobbies, Mr. Roberts enjoys fishing and golf. Since not much fishing is available in this area, he devotes what leisure time he has left from his many other activities to golf.

**CYCLONE BAND WINS SWEEPSTAKES**—"The Going Band From Cyclone Land" was awarded Division I ratings in both concert and sight reading at the U. I. L. Regional Contest in Hereford a telephone call from one of the parents notified Memphis citizens at 2 p. m. today. If this information is accurate (official notifications had not been received by press time) then the Memphis Cyclone Band has won their third consecutive Sweepstakes

in the past three years. The band presented its concert at 12:10 p. m. today and went to the sight-reading room at 1 p. m. On concert the band played "Glorious Victory" by Kendall, "Arioso" by Williams, and "Second Suite for Band" by McBeth. The concert was held in the Hereford High School Auditorium. Band Director Darryl Phillips said Wednesday that the band members have put in about 12 hours of extra practice in the past five days.

## EDITORIAL

### A Salute To Our People!

This past weekend, people in Hill County found a lot of recognition being given to our area by regional news sources, and quite a few of our people deserve public recognition for their hard work in their chosen fields of endeavor.

Beginning last Thursday night, Mills Roberts, Division manager of General Telephone Company of the Southwest, was named "Boss of the Year" by the Memphis Business and Professional Women's Club. Mr. Roberts was out of town at the West Texas Chamber of Commerce directors meeting, and was not available to accept the award, but he is to be congratulated on this honor.

And, what a remarkable record our Hill County athletes made at the Regional UIL meet in Lubbock Friday and Saturday despite adverse weather condition. Our youngsters are to be heartily commended for the showing they made at Lubbock. Memphis' golf team walked away with first place honors Friday in the Regional Class A meet. Turkey and Estelline netters dominated Class B tennis competition. The Memphis Cyclone track team won the Regional trophies by making a fine showing in the rain storm. Estelline's typist, Mike Hughes, won the Regional typing contest, and Jodie Rapp of Estelline placed second in the boys prose reading contest.

The Memphis Democrat was honored at the awards breakfast of the Panhandle Press Association Saturday morning by being named the first place winner in "General Excellency" in Division I, newspaper with 1500 circulation or more. This was a repeat performance, for The Democrat won this same award two years ago, and this editor will admit that he and the staff were proud as a peacock. Since the judging this year was by average, every day readers of newspapers (not journalism or journalism professors). The Democrat Staff was humbled by being chosen to receive the highest award given in the Panhandle Press Assn. contests.

On top of these honors, our county received one of God's great blessings, rain, in abundant amounts last weekend and early this week, which brightened crop and grass prospects in our area for this year.

Let us always appreciate the efforts of our citizens and to congratulate them on achievements and encourage them on whatever defeats befall them. Many times a simple, "congratulations" means so much. We take this opportunity to say congratulations to everyone who has been recognized for outstanding accomplishments.

### What Other Editors Say

Innocent... Until Proved Guilty

Why can't we Americans see what civil rights proponents are seeking to accomplish when they preach that a man should not suffer discrimination for NO OTHER REASON than the fact that he was born black?

One of the greatest blessings given us by our federal constitution is the principle that a man is innocent until proved guilty. Those aren't just idle words. Did you ever stop to consider how difficult it might be to prove that you are NOT guilty of a crime? In anger you threaten to kill an enemy... that night the enemy is murdered... so they accuse you who, in fact, are innocent.

You still don't have to prove innocence which might be impossible... the state must prove your guilt.

Even though a few guilty persons may escape punishment because the state is sometimes unable to prove guilt, we would far rather have that happen than to have innocent men punished for crimes of which they are not guilty.

Our courts abide by the principle of law. They have no other choice. But did you ever consider the fact that man often is more severe in his judgment than are the courts?

When we are charged with a felony, we have the protection of the "innocent until proven guilty" principle. But when we are the victims of malicious gossip or petty slander we do not enjoy this legal safeguard.

Recently a candidate for high public office was charged with having accepted a \$50,000 gift. In this case, nearly 10 million Texans were the jury. A 12-man jury in our court system would have hastily acquitted the accused if the accusers were unable to prove their charges. But voters sometimes are not guided by principles of law... rather they believe what they want to believe. They make their own laws.

There are other times when we Americans should abide by this same principle. One is when we hear petty gossip about another. All of us are vulnerable to petty gossip.

Once we heard of a business man who incurred the enmity of a former secretary whom he had to discharge. To get revenge the secretary accused her former employer of fathering a child which tongues wagged! They wagged longer than usual because the man was a prominent churchman. Later, the woman confessed her lie. She admitted that she had not been pregnant. And the man's honor was somewhat restored.

But what if this person had not confessed? What if she had been hit by an automobile and killed, taking the lie to her grave? A man's reputation would have been ruined.

Once in Washington, D. C., a political enemy spread the lie that a man was a homosexual. The ac-

As American citizens, all of us should embrace the American philosophy that a man is innocent until proved guilty, whether we are thinking of judicial procedure or petty gossip.

Once a new pastor arrived at his new charge on a Saturday. Stopping at the post office, he was forced to park his bright red car in front of the adjoining building which happened to be a saloon. A gossipy old maid, a member of his congregation, lost no time in spreading the word that the new minister was patronizing the saloon. Indignant members of the church board insisted on disciplining the old maid, but the pastor said, "No, let me handle this in my own way."

In a day or so he parked his conspicuous red car in front of her home... and left it there all night.—Tulsa Herald.

## Senator Rogers Seeks Re-election

"I want to see and visit with everyone, but this is a tremendous task in a district 300 miles wide. Therefore, I hope you will understand and consider this a personal request for your vote and support," said State Senator Rogers, in announcing his candidacy for re-election from the enlarged 30th District.

Senator Rogers is an 18-year veteran in our State Legislature, 4 years in the House of Representatives and nearly 14 years in our State Senate. He now ranks 6th in seniority and has received the highest honor that his Senate Colleagues can bestow upon a member, being unanimously elected President-Pro Tempore of the Senate, the 3rd highest state office.

He was first nominated for this post, with lavish praise, by then Senator George Moffett.

At present he is Chairman of the Senate Committees on Agriculture and Livestock, and Faculty Compensation for State Supported Colleges and State Universities, Vice Chairman of Constitutional Amendments and a member of nine other Committees—Finance, State Affairs, Public Health, Transportation,

Water and Conservation, Military and Veteran's Affairs, Governor's Nominations, Interstate Cooperation, Game and Fish and Education.

He has served on nearly every Senate Committee and as chairman or vice-chairman of many, including Education, Constitutional Amendments, Water and Conservation and Military and Veteran's Affairs.

He is the agriculture leader of the Senate having sponsored and handled more such legislation than anyone now in Austin, working closely with all farm organizations and soil and water conservation groups.

Senator Rogers is also a proven champion and leader in Austin for education and the independent businessman. Other outstanding work has been in the control of obscene literature, narcotics, "pep" pills and for stronger law enforcement.

Besides his work as a legislator Rogers has long been an active leader in his community and state, in church, Fraternal, farm organizations and civic groups.

Rogers, though he has not until now had a senior College or University in his district was co-author with Senator George Moffett of the Midwestern University bill, with Senator Hazelwood for the West Texas State University bill and with Senator Blanchard and others for various legislation for Texas Tech.

"I sincerely ask that you review my record. It has never been my policy to try to be popular in politics, but, rather, to do what I conscientiously thought best for our District and State.

"I wear no man's (or group's) yoke and never have, nor do I ever try, to ride on anyone's coat tails, but rather, prefer to stand on my own record and accomplishments. This leaves me free to respond to the needs of any individual or group when it will best serve the public interest

"Like everyone else, I have made mistakes, but they have been of the head and not of the heart.

"As the only candidate for the 30th Senate District post with a proven record—as the only candidate with real experience and proven effective leadership and the respect and recognition of my fellow Senators—and as the only candidate who has authorized and passed legislation of a state-wide or important nature, I believe I can serve you best.

There are talkers and doers. I have chosen the latter path—of action.

WHY TAKE A CHANCE? WHY TRADE A RECORD FOR A PROMISE?

I need and seek your vote and support.

### Around and About

By HELEN COMBS  
Thanks to all of you who have congratulated us upon receiving first place award for General Excellence on our newspaper . . . and thanks to all who helped to make this possible by your splendid cooperation during the past year.

With sincerity, we can honestly say that not one of you has failed to cooperate when we asked for a news item and many times our readers have gone out of their way to help us get the information we needed for our news columns. Without your help, we know that we would not have been able to come home from the annual press meeting with the beautiful engraved silver coffee pot.

An interesting phase of the judging this year was that judges were readers in several different states. Prior to this year, judging has been done by journalism departments in various colleges, and professional newspaper people.

We had two outstanding speakers on the PPA program this year. Featured Friday morning was Paul Haney, the Voice of the Astronauts, who spoke to us on "What's Ahead in Space." He is

public affairs officer of NASA in Houston.

Then Saturday at the noon luncheon, Lt. Col. John C. Hughes of the U. S. Army gave a report on Viet Nam. He has spent seven years in Asia with more than two years in South Viet Nam, fought in three wars, and spoke with authority on the war in which we are now engaged. It was an inspiration to hear Col. Hughes speak, and we wish that each of you could have heard his message.

Friday evening we were entertained with a panoramic film special in color and sound from Texas Parks and Wildlife. Entitled "Murder in Silence," the film showed many scenes from our spacious state of Texas. We were told the film is already booked solid for several months, but we hope it can be brought to Memphis at some later date. The beauty is magnificent.

The salad dinner Sunday at the Community Center, given by the Band Booster Club, exceeded all expectations in attendance. People came and came! We did not receive an official count but we are sure that more than 500 persons were present. Finally the food ran out . . . much to the embarrassment of the band parents—but, after all, who could anticipate a crowd of this size. The

food was delicious and everyone seemed to be enjoying both the food and visiting.

Under the sponsorship of the Business and Professional Women's Club, with Roselyn Williams as chairman, a drive to raise funds for the American Cancer Society, will be held in Memphis May 5 and 6. Those of you who do not plan to be home those two days might like to mail your contributions to Miss Williams at the First National Bank. All money donated during the crusade goes for cancer research.

At this time Hall County does not have an active chapter of the American Cancer Society, and all volunteers who are going to help with the drive are to be commended, especially Roselyn who is devoting much time to organizing the drive.

### Large Barn On Montgomery Farm Burns

A barn, 20 by 60 feet, on the Paul Montgomery farm northeast of Memphis, burned Tuesday night. Contents of the building, which were not insured, amount to a considerable loss. Insurance was carried on the building.

Mr. and Mrs. Montgomery, who were sleeping in a south upstairs bedroom, were not aware of the fire's damage until morning when they discovered they did not have electricity in the house. Mr. Montgomery went outside to check the fuse box and noted the barn had burned. An electric clock in the house stopped at 12:30 p. m. and it was assumed this was the time of the fire.

Mrs. Montgomery said the barn is located north of the house and the wind was blowing from the south which carried the smoke away from the house.

Contents of the building included 1,000 bales of hay, a considerable amount of other feed, which was purchased recently to feed out some cattle; also six saddles and harness equipment.

Directly north of the barn is the feed lot and the gates to the lot were open which made it possible for the animals to get away from the flames. They did lose any stock.

### Golf Committee Sets Dates For Summer Tourneys

The tournament committee of the Memphis Country Club announced dates for tournaments this summer and urged club golfers to submit their names for ladder tournaments which will begin early next week.

Two ladder tournaments, for men and women, will be set up and play will begin next week. Golfers will be arranged in the order of their playing ability by the tournament committee.

There is no entry fee charged and the ladders will continue to be run as long as interest is being shown. Golfers are asked to submit their names by next Monday to the Pro Shop if they want to participate.

The purpose of the ladder tournament is to climb to the top by defeating the golfer ahead of you in 18-hole match play. The prize awarded is a new golf ball given to the winner by the loser. Losers of a match must play and defeat the golfer below them before they are eligible to challenge the golfer ahead in the ladder.

Five days are allowed a golfer to accept a challenge or the match must be forfeited. No prizes should be given in forfeited matches but positions are lost on the ladder by forfeit.

Sunday afternoon, May 8th, the club will sponsor a 9-hole four-golfer team low ball tournament with entry fees set at \$1 each player. A, B, C and D golfers will be placed on teams and they will be playing the best ball hit from each position. Scores will probably be far below par figures.

The date for the Club Tournament was set for June 17-18-19.

The Memphis Invitational Golf tournament will be held on Sept. 3-4-5.

### General Telephone Personnel Give Safety Program At 1913 Study Club

Members of the 1913 Club meeting in the home of Bob Hutcherson were entertained and informed by "The Safety" program presented by guests speakers, Messrs. Jennings and Bill Graham of the General Telephone District Office.

The main purpose of the program was to further emphasize the points made by the club members in their preliminary remarks to "To Help Drivers Become Better Drivers" by everyone who drives a motor vehicle with the telephone must submit to this driving course and pass a test to insure careful driving habits.

Attention was directed to five distractions which divert the driver's attention from his job of driving which is really a full-time job. These include: mental disturbances such as in the car, or sub-concerns; looking at the scenery; objects in the car, or too much conversation with head from the road.

Unfamiliar driving tasks such as highway, expressway or different traffic signs.

These distractions are likely to cause a careless driver to take steps in Expert Seeing.

High in Steering; that well ahead to be alert to or difficulty before you.

Get the Big Picture. Be aware of what is happening alongside and in back of all times.

Keep Your Eyes Moving. Do not fixate on one thing. Shift your eyes every second. This will keep you awake and also check your rear-view mirror every five seconds, if driving in heavy traffic.

Leave Yourself an Out. Allow yourself an escape from danger. After you have mastered the first three unfamiliar driving tasks.

Make sure they see you. Honk your horn or blink your lights, if you have any doubt about your fellow drivers seeing you. Check the car ahead of you before passing.

These were only the main points

of caution in driver's safety given by the guest speakers. The film proved most helpful and interesting. The club members are indebted to Mr. Jennings and Mr. Graham for giving their time for this period of instruction toward safe and sane driving, it was announced.

The business of the meeting was presided over by the president, Mrs. Mac Tarver, which included the passing of a petition concerning air pollution, to be presented to the Women's Forum for consideration; the election of a delegate to the state meeting of TFWC to be held in Lubbock May 10-12; action taken to continue participation in the General Federation CIP (Civic Improvement Project) program; and the counselor reports.

The hostess served a delicious salad plate to the following members: Mmes. Virginia Browder, F. W. Foxhall, R. S. Greene, O. L. Helm, Ed Hutcherson, D. L. C. Kinard, Oren Jones, Lacy Montgomery, R. E. Roark, M. G. Tarver, Carl Yancey, B. W. Studstill and Miss Neville Wrenn.

By HELEN COMBS  
Thanks to all of you who have congratulated us upon receiving first place award for General Excellence on our newspaper . . . and thanks to all who helped to make this possible by your splendid cooperation during the past year.

With sincerity, we can honestly say that not a one of you has failed to cooperate when we asked for a news item and many times our readers have gone out of their way to help us get the information we needed for our news columns. Without your help, we know that we would not have been able to come home from the annual press meeting with the beautiful engraved silver coffee pot.

An interesting phase of the judging this year was that judges were readers in several different states. Prior to this year, judging has been done by journalism departments in various colleges, and professional newspaper people.

We had two outstanding speakers on the PPA program this year. Featured Friday morning was Paul Haney, the Voice of the Astronauts, who spoke to us on "What's Ahead in Space." He is

public affairs officer of NASA in Houston.  
Then Saturday at the noon luncheon, Lt. Col. John C. Hughes of the U. S. Army gave a report on Viet Nam. He has spent seven years in Asia with more than two years in South Viet Nam, fought in three wars, and spoke with authority on the war in which we are now engaged. It was an inspiration to hear Col. Hughes speak, and we wish that each of you could have heard his message.

Friday evening we were entertained with a panoramic film special in color and sound from Texas Parks and Wildlife. Entitled "Murder in Silence," the film showed many scenes from our spacious state of Texas. We were told the film is already booked solid for several months, but we hope it can be brought to Memphis at some later date. The beauty is magnificent.

The salad dinner Sunday at the Community Center, given by the Band Booster Club, exceeded all expectations in attendance. People came and came! We did not receive an official count but we are sure that more than 500 persons were present. Finally the food ran out . . . much to the embarrassment of the band parents—but, after all, who could anticipate a crowd of this size. The

food was delicious and everyone seemed to be enjoying both the food and visiting.

Under the sponsorship of the Business and Professional Women's Club, with Roselyn Williams as chairman, a drive to raise funds for the American Cancer Society, will be held in Memphis May 5 and 6. Those of you who do not plan to be home those two days might like to mail your contributions to Miss Williams at the First National Bank. All money donated during the crusade goes for cancer research.

At this time Hall County does not have an active chapter of the American Cancer Society, and all volunteers who are going to help with the drive are to be commended, especially Roselyn who is devoting much time to organizing the drive.

**Large Barn On Montgomery Farm Burns**

A barn, 20 by 60 feet, on the Paul Montgomery farm northeast of Memphis, burned Tuesday night. Contents of the building, which were not insured, amounted to a considerable loss. Insurance was carried on the building.

Mr. and Mrs. Montgomery, who were sleeping in a south upstairs bedroom, were not aware of the fire's damage until morning when they discovered they did not have electricity in the house. Mr. Montgomery went outside to check the fuse box and noted the barn had burned. An electric clock in the house stopped at 12:30 p. m. and it was assumed this was the time of the fire.

Mrs. Montgomery said the barn is located north of the house and the wind was blowing from the south which carried the smoke away from the house.

Contents of the building included 1,000 bales of hay, a considerable amount of other feed, which was purchased recently to feed out some cattle; also six saddles and harness equipment.  
Directly north of the barn is the feed lot and the gates to the lot were open which made it possible for the animals to get away from the flames. They did lose any stock.

**Mrs. McKenzie Named President Classroom Assn.**

Mrs. William F. McKenzie, Jr., the former Linda Campbell of Lakeview, was recently elected president of the Galveston Classroom Teachers Association. Mrs. McKenzie had currently been the secretary of the group and was recently nominated as the "Outstanding Young Educator of Galveston."

Mrs. McKenzie teaches seventh, eighth and ninth grade English at Stephen F. Austin Junior High in Galveston. She is a 1960 graduate of Lakeview High School and is the daughter of Mr. and Mrs. Perry Campbell of Lakeview.

**New Arrivals**

Mr. and Mrs. Phil Wooten of Amarillo announce the birth of a daughter, Lori Ann. She was born April 23 and weighed 7 pounds, one and three-fourths ounces. She is the granddaughter of Mr. and Mrs. J. L. Rea of Memphis and the great-granddaughter of Mr. and Mrs. Rex Rae, also of Memphis.

Jeffrey Dale is the son of Mr. and Mrs. Clifford Reeves of Amarillo. He was born April 13 in Amarillo and weighed 7 pounds, 1 ounce. Maternal grandmother is Mrs. Norma Lebow.

Mr. and Mrs. Ted Sparks of Bovina are the parents of a son, Jack Daniel, born April 21. He weighed 6 pounds, 4 ounces. Maternal grandmother is Mrs. Mildred Wington of Lakeview and paternal grandmother is Mrs. Rene Pittman of Lubbock.

Mr. and Mrs. Carroll Gardenhire of Lakeview announce the arrival of a daughter, Rebecca Ann. She was born April 22 and weighed 8 pounds, 6 1/2 ounces.

Kelli Zee is the daughter of Mr. and Mrs. Buster McQueen. She was born April 25 and weighed 7 pounds and 8 ounces.

Mr. and Mrs. Jerry Coffey of Fort Worth are the parents of a daughter, Jereane Elizabeth, born April 21. She weighed 8 pounds, 6 ounces. Maternal grandparents are Mr. and Mrs. Herman Vallance and paternal grandparents are Mr. and Mrs. G. D. Coffey of Lubbock.

Some outstanding speakers were featured on the program, Mrs. Alewine stated. Speaker at the banquet Saturday evening was Dr. Karl Pedersen, professor University of Copenhagen Guest Lecturer, University of Texas, who spoke on "A New View of America."

Saturday afternoon the group enjoyed a tour of Austin. Buses from the Crest Hotel.

Several officers and personnel of the two Memphis banks were in Hollis Tuesday night to attend the Spring meeting of the Greenbelt Bankers Association.

The meeting was held at the High School Cafeteria with banks in Hollis and Gould as co-host for the occasion.

Dinner was prepared and served by the Hollis Future Homemakers Club.

A musical program was presented by the Hollis and Gould High School choral groups.

Principal speaker for the evening was Mr. Holloway, an attorney from Oklahoma City.

The two Memphis banks will entertain the association members at the fall meeting in October.

**Golf Committee Sets Dates For Summer Tourneys**

The tournament committee of the Memphis Country Club announced dates for tournaments this summer and urged club golfers to submit their names for ladder tournaments which will begin early next week.

Two ladder tournaments, for men and women, will be set up and play will begin next week. Golfers will be arranged in the order of their playing ability by the tournament committee.

There is no entry fee charged and the ladders will continue to be run as long as interest is being shown. Golfers are asked to submit their names by next Monday to the Pro Shop if they want to participate.

The purpose of the ladder tournament is to climb to the top by defeating the golfer ahead of you in 18-hole match play. The prize awarded is a new golf ball given to the winner by the loser. Losers of a match must play and defeat the golfer below them before they are eligible to challenge the golfer ahead in the ladder.

Five days are allowed a golfer to accept a challenge or the match must be forfeited. No prizes should be given in forfeited matches but positions are lost on the ladder by forfeit.

Sunday afternoon, May 8th, the club will sponsor a 9-hole four-golfer team low ball tournament with entry fees set at \$1 each player. A, B, C and D golfers will be placed on teams and they will be playing the best ball hit from each position. Scores will probably be far below par figures.

The date for the Club Tournament was set for June 17-18-19.

The Memphis Invitational Golf tournament will be held on Sept. 8-4-5.

**"who's gonna know?"**

Since the beginning of time, men have excused their shortcomings and shortcuts by saying, "Who's gonna know?"

Is that abili more common today? Some people think so.

You see it in everything, from the citizen who cheats on income tax, to the public official getting a pay-off. You see it in men who lack pride in workmanship, and find no joy

in excellence. In young people. Yes, and in their parents, too.

There are few of us, indeed, who aren't guilty of taking these ethical shortcuts. But the temptation to say "Who's gonna know?" diminishes directly in proportion to the real strength of our religious faith.

Your church is where you build and strengthen your faith—and convictions. Worship this week—and put your faith to work.

### GARDEN TIPS

By Mrs. G. D. Stephens

**AND THE RAINS CAME . . .**  
Time to get bonnets on and start gardening. You can grow beautiful flowers from one package of seed. Here are a few to grow from seed: Bessie (Apple Green); Petunia (Plum Pudding); Petunia; Snapdragon (Bright Butterflies); marigold (sun yellow or you might try for the white); Celestia Coxscomb (many colors).

Also bedding plants are now on sale at our local markets. May 8th is "Mother's Day."

Why not plan to buy and plant some living plants or plants for your Mother's garden. Roses available in pots or buckets are also in the local markets. There are Mr. Lincoln, Oklahoma, Ole, Camelot, John S. Armstrong and Tropicana just to name a few which have been tried and tested for this climate.

Don't forget to use fertilizer with systemic to feed established plants one year or older and only systemic for new plants.

Don't miss the beauty of the Iris gardens . . . visit them. Let's all work together to make Memphis the most beautiful town.

### YOUR COUNTY AGENT SAYS

**Don't Ruin Your Lawn With  
A Mower**

Don't ruin your lawn by mowing it too close, cautions County Agent W. B. Hooser. Mowing too close or "scalping," encourages a thinning of the turf and shallow rooting. This lowers the resistance of your lawn to drought and diseases. It also makes it easier for weeds to invade and take over the lawn.

Mowing too close allows the soil to dry out and literally bake—this causes heat damage to grass during the summer. Mowing too high can cause many of the same problems. For best results, Bermudagrass should be mowed to a height of one to one and a half inches. St. Augustine, buffalo, zoysia, bluegrass and ryegrass should be mowed to one and a half to two inches. The grass should be mowed often enough that not more than one inch of

The leaf tip is removed at any one clipping.

Many home owners want a dense mat of turf on their lawn, but the build-up of stems and leaves (thatch) can lead to trouble. This is especially true with St. Augustine and Bermuda. Mowing these grasses too high for long periods causes a thatch buildup. The thatch acts as insulation and new roots must penetrate it to get into the soil. The thatch increases the disease hazard, too.

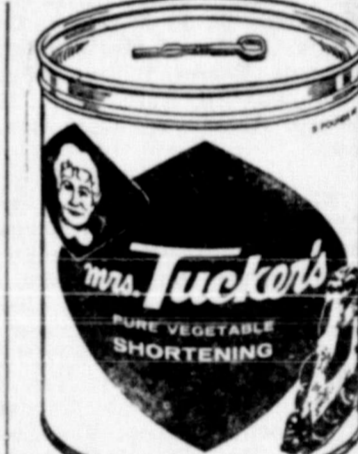

Proper mowing requires a sharp, well-adjusted lawn mower. The mower should be sharp enough to cut the tips of leaves and not bruise or crush them. Most mowers can be adjusted to the correct height. Pay close attention to your mowing practices and you'll be rewarded with a more attractive lawn, concludes Hooser.

## Band Parents Say 'Thank You' To Community

for the parents of members of the Memphis Cyclone and Junior High bands, this week asked The Democrat to express a public "Thank You" to the citizens of Memphis who supported last Sunday's Band Buffet at the Community Center.

"The response was enthusiastic and this was certainly one of our most successful fund-raising ventures in several years. For this, we are indeed grateful," Mrs. Knight stated.

"We would also like to apologize for our short-sightedness," Mrs. Knight added. "We underestimated the number of supporters of the bands and there was not enough food for all, as promised. We can only say we are sorry," she concluded.

To make dry, brittle hair manageable and glossy, give it a simple oil treatment before shampooing. Warm half a cup of salad oil and apply with cotton cosmetic balls to scalp. Part hair at intervals to soak roots with the oil. Wrap your head in a towel for about fifteen minutes. Then shampoo with three latherings.

## GIRL SCOUTING

A Nominating Committee Institute was held in Pampa in the Cibola Room of the Coronado Inn, April 19. Members of the committee of the Quivira Council and their neighbors to the North, the Yucca Council, whose headquarters are in Guymon, Okla., attended the training which was given by Mrs. J. B. Rhea of Lubbock.

In the opening of the session, Mrs. Rhea presented the charge to all nominating committees which explained the purpose of the function of such committees is to get the right people to manage the affairs of the council in order to get the Girl Scout program to the girls. During the course of the institute, the seven phases of the year's work were stressed. Mrs. Rhea introduced the idea of sub-committees which would be termed "recourse committees" whose purpose would be to feed names of possible candidates as nominees to the operating nominating committee. This would be of great advantage as it is improbable that the members be able to know all people who would be willing and capable of accepting positions as board members for such an extensive program. Open discussion was held on all these phases and valuation sheets were completed at the close of the session.

Committee members of the Yucca Council included Mrs. Glenn Martin, Executive Director of Guymon, Okla., Mrs. Ralph Watheuson, also of Guymon, Mrs. M. H. Lindsey of Perryton, Mrs. George Collard of Spearman and Mrs. Jack Engel of Liberal, Kansas. Those attending of the Quivira Council were Mrs. Elmont Branigan of Memphis, Mr. George Setliff of Turkey, Mr. Francis Cox of Lefors, Mr. J. P. Long of Fritch and Mrs. N. G. Kadings, Executive Director of Pampa.

An interesting "first" for the Girl Scouts of the Quivira Council proved very successful and rewarding to the scouts participating. Camperships were offered for the best letters to the Council office in each level on "What Girl Scouting Means to Me." These letters were judged without the knowledge of who the writer might be in order to be impartial

decisions. For District III the Brownie campership to Day Camp was awarded to Patti Hamblin of Memphis, the Junior level prize of a full campership to Established Camp went to Diane Johnson of Turkey and the Senior campership which will also be to Established Camp was awarded to Kay Ann Porter of Shamrock.

An adventure for all Girl Scouts is being planned for the week end of April 29-31, on the Range Ranch near Shamrock. This Shamrock Camporee, formerly called Field Day will include camping skills such as lashing, nature hikes, outdoor cookery and first aid as well as cave exploring. Experienced guides will conduct groups through a portion of the O'Gorman Caves near the campsite. Scouts of the Senior, Cadette and Junior levels are invited for two overnights and Brownies will attend Saturday. Due to the expert planning of the Shamrock adults working on this outing, the fee has been held to a minimum which will be \$3.00 for the overnights and 50c for Saturday only.

Mr. and Mrs. C. M. Cook and Marshall Jones of Mt. Airy, N. C., visited the past week in the home of their sister, Mrs. Lucy Phillips and other relatives in Memphis. They also visited in Turkey with a brother, D. W. Jones and family. Mrs. Cook and Mrs. Jones are former residents of Hall County, having lived here for a number of years.

Cotton fibers can be more readily modified before drying than after.

Cotton is used to make a host of items: cloth, food, industrial materials, chemicals.

## Neil Tribble Receives Eagle Scout Honors

Memphis Explorer Scout Post No. 35 held a Court of Honor and banquet Monday night in the American Legion Hall. Comanche District Executive Dave Agnew of Shamrock was on hand to present the Eagle Scout badge and the Order of the Arrow Vigil to Neil Tribble, son of Mr. and Mrs. Homer Tribble.

The Court of Honor ceremonies got underway at 8 p. m. after Scouts and their dates were served a delicious meal prepared by their mothers, Mrs. Homer Tribble, Mrs. Robert Philpot and Mrs. Zeno Lemons.

Mr. Agnew first called Scout Tribble forward to present him with the Vigil honor, the highest honor in the National Order of the Arrow. During the presentation, Agnew reviewed Tribble's work in the Order of the Arrow, and reported that he served as secretary of the Lodge. Out of the 180 members of the Order, only 20 have been awarded the Vigil.

The Order of the Arrow is the national camping award by Boy Scouts of America, Agnew stated.

Mr. Agnew asked Explorer Tribble to be seated before he presented him the Eagle Scout badge. To start the ceremony, the district executive explained the basic principles of the Scout program. The Scout Oath was explained, the 12 points of the Scout Law were mentioned and the explanation of the symbolism found on the Scout Badge was covered. "There have been 500,000 Eag-

le badges presented in the 56 years of scouting, and there has been only one badge which had to be taken back," Agnew said.

He then asked Tribble to come forward to receive the Eagle Scout Badge, the highest rank in the scouting program.

"I sat on the reviewing board along with Rev. Richard Avery, and examined Neil's record in scouting. I am proud to be able to be here to present the Eagle Award to an outstanding boy and Scout," Agnew said.

Three brother Eagle Scouts present, Jerry Hall, Gaylon Clark and Danny Clark, escorted Mr. and Mrs. Homer Tribble to the front, and Mrs. Tribble pinned the Eagle Badge upon her son's

Explorer blazer. Mrs. Tribble received the additional 12 red roses and a miniature Eagle pin.

Following the ceremony, District Executive Agnew presented Robert Tribble with an engraved plaque from Explorer Post in appreciation of the work he has done as adult leader.

## Apportionment Issue Is Not Dead

There is still a chance for the House to set favorably on the Constitutional amendment to permit State to apportion its own houses of their legislative bodies on the basis of population. Although the Senate failed in its attempt to muster the two-thirds necessary to approve the amendment, the issue will continue to be with us—and I, for one, will do my best to keep Congress from the damaging effects of rigidly imposed apportionment. The amendment is necessary to correct the effect of the Supreme Court decision in 1901. The House should not take into account the economic, social, and political composition of the State in determining the proper apportionment of seats in one House or two. I say a State should have this right.

The Supreme Court declared the Equal Protection Clause of the Fourteenth Amendment requires that the State compose its legislative bodies on the basis of their legislatures as they are. The Fourteenth Amendment was never intended to prevent a State from choosing the structure it felt best for its citizens. In addition, it is from the record of the Congress on the amendment that its provisions were not to be taken from a State which ever pertained to the policy of apportionment at least one body of legislatures on factors other than population long preceded the Fourteenth Amendment. Several had established legislative bodies along with the Constitution. As you know, the House of Representatives districts set up on lines of equal population or less equal population in the Senate is composed of members from each State, regardless of the population of the States should have the same type of government structure as has the Federal Government.

The principle set forth in the Constitution for the national legislature is denied now to the States by the effect of the 1901 Supreme Court decision. Just as the States have characteristics different from another, so have counties.

ties and geographical areas within the States. We in Texas understand this problem clearly; the problems of the Gulf Coast are different from the problems faced by the Panhandle. People in some areas are, in the main, dependent upon agriculture. In others, shipping, or mining, or lumbering, or some other activity constitutes the dominant economic factor. Just as a legislator represents people and their social interests, he must also represent their economic interests.

The effect of the "one man, one vote" rule will be the reapportionment of legislatures to the detriment of more or less rural areas whose people will be left without adequate representation. Representation in the State Legislatures will be concentrated from high-density population areas—from the cities—bringing the threat of boss-dominated political machines, of callous disregard for the needs of large geographical areas within States, or political corruption. In many States, legislatures drawn strictly on population lines will be able to ride roughshod over the rights and interests of the minority who, because they do not live in cities, can not make their voices heard. This process is now taking place in many States. The lessons may soon be learned, making possible a renewed interest in enacting a Constitutional amendment to restore legislative apportionment to proper, proven patterns. I am going to continue to do my best to further such legislation.

And I shall continue to urge passage of an amendment to the Constitution to permit Congress to set aside Supreme Court decisions which two-third majorities in each house of Congress believe to be at odds with the Constitution. I've again introduced such a measure. Had this provision been in effect, an error such as was made in the legislative apportionment decision could have been corrected by Congress.

# CAP Signup To End On May 13

Farmers who are interested in diverting acreage under the long-term rather than an annual agreement have only two weeks to sign up as Friday, May 13, 1966 will be the last day to file a request for an agreement, Lynn L. McKown, ASCS office manager, announced today.

The Cr-pland Adjustment Program is designed to fill a need not quite met by annual acreage allotment and diversion programs. It is especially attractive to farmers who want (1) to shift from production of surplus crops to other activities, (2) to retire gradually from farming while continuing to live on the farm, and (3) to continue working off the farm, or (4) to take advantage of other local employment opportunities.

Through April 25, 30 farms had been signed up to divert 4,845 acres to a long-term conservation use under the 1966 CAP. As and acreage ceilings are now available, all producers interested in retiring land from 5 to 10 years should contact the ASCS Office before May 13, 1966.

Growers who participate in the feed grain program may plant soybeans on acreage intended to be planted to feed grains under the program and still receive feed grain price-support payments. A producer with a 100-acre grain sorghum base who signs up to divert 50.0 acres and plant 50.0 acres to grain sorghum could substitute 50.0 acres of soybeans for the 50.0 acres of grain sorghum, draw \$8.00 per acre (county average) price-support payment and be guaranteed \$2.50 per bushel for all the soybeans produced.

Soybeans will alternate well with cotton in skip-row pattern. Two rows of cotton, one row fallow, 2 rows of soybeans and one row fallow would be measured 1-3 cotton, 1-3 soybeans and 1-3 fallow. This plan will give farmers two cash crops, one a soil-builder and two price-support payments on the same field.

## Farmers Given Incentive To Plant Soybeans

The \$2.50 per bushel price support offered Hall County farmers for producing soybeans in 1966 is a strong incentive to try a new crop which could be substituted for other cash crops, Lynn L. McKown, office manager of the Hall County ASCS, said today.

### Comments—

(Continued from Page 1)  
A while back I read an article you wrote about a man cutting a tooth at 60 and if I recall you said it might be false.

But really, Mr. Wells, I am 64 now and at 62 I had another tooth to come in under my plate but not in the right way. It's laying down, but sticking up enough that I can't wear my lower plate. On the opposite side back farther as this, is a front tooth. I have something else coming I can feel with my tongue and it hurts very much.

### B&PW Club Entertains With Bosses' Banquet Thursday

Members of the Business and Professional Women's Club entertained their Bosses at one of the most colorful banquets in recent years Thursday night at the Community Center.

"Six Flags Over Texas" was the theme of the banquet and tables were artistically decorated to represent the six flags under which Texas has existed, including Spain, France, Mexico, Texas, the Confederacy and the United States.

Joan Edwards, president, welcomed the bosses, their wives and other guests and the response was given by Ben Parks, who was last year's "Boss of the Year."

Miss Edwards then presented the "Boss of the Year," selected by club members. Mills Roberts, Division Manager, General Telephone Company of the Southwest, was named as "Boss of the Year" for 1966, and was presented with an engraved plaque.

Mrs. Dorothea Clements was master of ceremonies and introduced the historical program in a most unique manner using rhyme.

Mrs. Emily Hillhouse gave a brief history of Texas under each flag, then a program was presented to depict the period of time under which each flag was flown over the state.

From the Spanish table, Tom-

my Bell, Nancy Simpson, Carol Voyles and Rosemary Harrison, dressed in costume and speaking Spanish, gave a Spanish skit.

To represent France, Mike Chappell sang "April in Paris."

Mexico was represented by Mrs. Dorothy Hartsell, accompanied by Mrs. Shirley Hansard. She sang two Mexican songs.

Entertaining from the Texas table was a square dance group including Mr. and Mrs. Phaeton Alexander, Mr. and Mrs. Leon Helm, Mr. and Mrs. Phil Howard and Mr. and Mrs. Van Gayle Howard. Milton Beasley did the calling.

From the Confederate table, Tops Gilreath announced the numbers. Mike Chappell sang two songs, followed by a folk dance and a reading was given by John Binkley.

Concluding the program, Miss Linda Simpson from the U. S. A. table gave two patriotic readings.

Miss Edwards was presented with a going away gift by club members and was also presented a past president's pin. She will leave the first of May for Garland to make her home. She has been an employee of General Telephone Company in the division office here for a number of years and is being transferred by the company.

### Culture Club Meets With Mrs. Robert Moss

The Woman's Culture Club met April 20 in the home of Mrs. Robert Moss with Mrs. Bert Glascock as co-hostess.

The devotional, "Finding a Task," was given by Mrs. R. E. Clark. She used Matthew 25:23 for the scripture reading. Mrs. Clark used the Parable of the Talents and the life of George Washington Carver in her discussion. In conclusion, she said, "It isn't the greatness of the task that counts, but it's the useful thoughtful things that count."

A letter of appreciation was read during the business session stating that Mrs. A. W. Howard had made a \$15.00 donation in honor of the Woman's Culture Club for the Loyalty Scroll during the Santa Rosa District Convention at Vernon.

Mrs. Frank Ellis introduced the program on "Safety" with this quotation: "Responsibility walks hand in hand with capacity and power."

"Safety in the Home" was discussed by Mrs. Nat Bradley. Some of the causes of hazards in the home discussed by Mrs. Bradley were: causes of fire, medicine cabinets, danger of foods, furniture, waxed floor and throw rugs, private swimming pools, insects, and steps and stairways. She said everyone should be able to recognize these hazards and correct them.

Mrs. Robert Moss reported on "When is Swimming Safe?" Mrs. Moss gave the history of swimming. Mrs. Moss said that the origin of swimming cannot be traced, but it is mentioned in the Bible. She concluded her discussion by giving several swimming rules. These were: never swim alone; wait until one and one half hours after lunch before swimming; be courteous — no horseplay; don't jump or dive into water you do not know; stay out of deep water unless a life guard is nearby, and don't be a water show-off.

"Safety of the Automobile" was discussed by Miss Alma Bruce. She reported that the U. S. auto industry already has taken some steps to further improve the safety of its product and more are planned. Industry spokesmen indicated future advertising campaigns probably would emphasize safety features such as seat belts, shoulder straps, collapsible steering columns, dual brakes, and headrests. But, they said, there was no guarantee these would markedly reduce the traffic death.

## Delphian Club Meets In Clements Home; Also Enjoy Tour Of Medallion Home

day, April 19, in the lovely home of Mrs. R. C. Clements of Lakeview. During the business session conducted by the president, Mrs. Joe Bob Browning, the incoming president, Mrs. Sim Reeves, was elected delegate to the Texas Federation of Women's Clubs Convention to be held in Lubbock in May.

Continuing the theme for the year, "From Stage Coach To Space Walk," the program for the day from the Recreation Division was entitled, "From Covered Wagon To Station Wagon."

Special emphasis was placed on recreational facilities of our country. In introducing the program, Mrs. Mildred Stephens read a quotation from Kingsley, "Study nature as the countenance of God." Mrs. R. C. Clements' subject was "National Parks." The story of the National Parks began in 1870 when rumors of the wonders of the Western frontier were brought back by Indians and prospectors. A group of prominent citizens of Montana sent an expedition to file on the land, but decided to contribute it for a park instead. Thus a national park, the world's first, was born. It was called Yellowstone National Park and set apart for a pleasure ground for the people. Now the National Park Service directs 29 National Parks and 180 areas connected with them. Chief of these are the National Forests, which may be called the crowning glory of the parks. Texas has one national park, Big Bend, and one national seashore, Padre Island.

Mrs. Mildred Stephens distributed sea shells which she had collected from Padre Island. Texas State Parks was the topic of Mrs. Gaylon Ariola. She stated that relaxation and recreation are the keystones of the 59 state parks of Texas. Accessibility is another big factor, and 62 thousand miles of paved highways link them together. Between the parks are more than 1000 roadside parks under the supervision of the State Park Service. Much Texas history is preserved through its park system: The Alamo, Battle of San Jacinto, and many Spanish Mission activities. Most all the parks offer facilities such as camping, fishing, swimming, etc. However, each of the parks offer some unusual feature. There is fishing and sports at Possum Kingdom, cook-out under the "Lost Pines of Texas" at Bastrop, majestic scenery and an abundance of wildlife at Rio Grande State Park, beautiful lakes at Caddo State Park, vast white sands of Monahans Sandhill Park, colonial plantation life at Varner-Hogg Park, the yucca plant entrance to Longhorn Cavern Park, the mile high Davis Mountains Park, crags and colors of Palo Duro State Park, and the birthplace of President Eisenhower at Denison.

Lake Meredith—the Panhandle's Big Water Hole was the topic of Mrs. Clyde Smith. She traced the long and difficult history of the Canadian River Day Project which finally became a reality in 1965. The dam is important because its purpose is to supply water to eleven towns and cities—the largest of which are Amarillo and Lubbock. But when the dam was first conceived its purpose was to irrigate vast areas along the water way of the Canadian. It began with the vision of one man, Mr. Sid Stinnett, for which the town of Stinnett is named. For more than a half a century before his death in 1935, Mr. Stinnett dreamed of thousands of acres of low-lying land which could be reclaimed by irrigation. He made many trips to Washington and Austin, but he was so far ahead in his thinking that he

found little interest in his plan. Working in association with Mr. Stinnett was Mr. A. A. Meredith, who carried on the work after his

death, and for whom the lake is named. Other things have been created besides water supply. Its first year exceeded all expectations, and it is rapidly developing into the Panhandle's largest recreation center, with motels, sporting goods stores, and other businesses springing up around its shores. A great dream has become a reality.

The hostess Mrs. Clements,

served a lovely salad plate and home made ice cream to Mmes. Clyde Smith, Henry Hays, Sim Reeves, Mildred Stephens, A. Anisman, C. C. Hodges, Neal Hindman, Keith Cunningham, O. R. Goodall, Sim Goodall, Betty Shahan, Cyril Keith, Joe Bob Browning, Gaylon Ariola, Billy Lockhart, Roddy Bice, Jack B. Boone, Jimmy Roden, and Miss Maud Milam.

At the close of the meeting, the members visited the area's only Texas Historical Medallion Home, the Barbee home on Oaks Creek, near Lakeview. To be designated as an Historical Medallion Home, a structure must be of significant historical value and be at least 100 years old. This historical structure was the original headquarters of the famous Shoe Bar Ranch. Mrs. Bobby Barbee, who

makes her home there, conducted the tour and gave interesting facts. The original home is built of adobe brick and has walls several feet thick. In fact, they are so thick that the windows give an effect of a bay window in which plants are growing. Many names and carvings are preserved in the original woodwork. The brick for the huge cistern was shipped from Kansas City. The Barbee family,

who have owned the home since 1926, have added to the three rooms and have made the home while retaining its unique, historical features. An impressive Medallion Home, the State seal of Texas, a place of prominence on the length front port and call attention to all passersby to the full history enacted within the walls in an era which is part of our Texas Heritage.

### TO THE VOTERS OF PRECINCT NO. 1

Due to the fact that I have been physically incapacitated for the past few months I have not been able to campaign as actively as I wanted to. For this reason I have been unable to see many of you.

Therefore, I take this means of asking you to vote for me in the First Democratic Primary Election on Saturday, May 7, for re-election as your Justice of the Peace. You have honored me in past elections by returning me to this important office. I have done all in my power to merit your confidence. The records of my court are open to the public, and everyone is able to examine them.

### LETTERS TO THE EDITOR

**LOVE AND SYMPATHY**  
Friends of Memphis: Motivated by love and sympathy this article is meant to express my heartfelt sympathy to all persons sick in their homes, in hospitals, and wherever our good paper is read. For almost eight years, I have visited Aidmore Hospital in Atlanta—a city of more than a million population. Aidmore is a small hospital. I am volunteer chaplain.

No telling during these years how many people first and last, it has been my joy and pleasure to converse with.

Crippled children, young people and, at times, older people from far away places here for treatment.

As a staff member, I receive a daily report of departures, also

new admissions. There are times when I come home at night broken hearted on actually seeing so many seriously crippled ones, and my heart goes out in love and prayer for their parents. As I write this, it may be you are overcrowded with patients. More nurses are needed.

Also my love and sympathy to our men and boys in service for our country.

In first World War we sang: "Keep the Home Fires Burning—Till the Boys Come Home." Many of those dear ones never came home. Our own son, Myrtis B. Cargill, in first World War, never came home. My dear wife went to her grave knowing the sorrow of war.

Yes, this day, April 19, 1966, if I could see you face-to-face I would want to say: God bless you and bring comfort to your hearts.
