He was a member of the First Baptist Church in Estelline. Rapp was well known in the community where he has lived for many years.

**FIELD DAY TOUR**—Pictured above are approximately 50 County farmers and businessmen, along with agriculture specialists, who attended the field day farm demonstrations tour Monday morning. This picture was taken on the Troy Phillips' farm where a cotton nematode control demonstration was viewed. The tour was well attended and ended with a luncheon at the Big O Restaurant under Memphis Chamber of Commerce sponsorship.

### County Women Urged To Bring Picnic Desserts

All the women in Hall County were urged today to bring pies or cakes, or both, to the County Picnic to be held Sunday at the City Park. The request was made by members of the dessert committee, Mmes. Bryan Adams, Roy Coleman and Roy Gresham. "We want to be sure that everyone has a dessert this year. The pieces will be sold at 10 cents each," it was announced. They also asked that members of serving committees in the study clubs and in surrounding communities bring spatulas and knives to assist in serving. They expressed their appreciation for all the fine work that the various women in the clubs have done to make the operation of the dessert committee a success.

### Visitors Will Enjoy Parade, Picnic, Window Display During Anniversary

Hundreds of former residents and visitors will converge on Memphis this week to attend the annual Hall County Picnic celebration of the founding of the county, slated Saturday and Sunday. This is the 11th annual picnic, and promises to be the best one ever held, according to Haskell Howell, president of the Hall County Picnic Association. Members of the committees have been working hard for several weeks on plans for the event and were in the "count down" stage at press time today. A big parade, window displays around the square and the free barbecue will highlight the two-day celebration, which is eagerly awaited every year by residents and former residents of Memphis and Hall County. **Parade** Interest and enthusiasm for the Saturday parade is rapidly gaining momentum, according to Jack B. Boone, who is chairman of the Memphis Lions Club committee in charge of the event. Scheduled to hit the square at 1:30 p. m., the parade will form on Main Street in front of the High School Building. Boone said that entrants should be at the starting point between 12:30 and 1:15 p. m. Les Sims and Bob Douthitt will serve as parade marshals. Led by the American Legion color guard of Simmons-Noel Post 175, the parade will head east on Main Street, circle the square, and exit west on Noel Street. Response has been good so far in the quest for parade entries, Boone said. The Memphis Cyclone Band will be featured in a prominent position, as will the Caprock Trail Riders Club. Another definite entry will be the Paducah Riding Club. Approximately 25 floats have been entered by businesses and organizations in Memphis, and by surrounding communities, and several more entries are tentative. "Any individual, business or organization which has thought of entering the parade, but has not made formal entry, are urged to go ahead with their plans, even if they have to join the parade at the last minute," Boone said. There will be one division of children's entries, for grades one through 12. These entries may be of any nature, such as decorated

### Railway Hearing Will Be Held Here Sept. 19

According to an order of the Interstate Commerce Commission, Washington, D. C., a hearing will be held in Memphis Monday, Sept. 19, upon the discontinuance of passenger trains upon the Fort Worth & Denver Railway Co., which pass through the city each day.

The hearing order scheduled to be held here is an outgrowth of letters of protest from interested organizations and citizens of the city, who have taken the stand that it is a curtailment of service offered by the railroad to Memphis and other towns and cities served by the railroad company. The order for the Memphis hearing was ordered by H. Neil Garson, secretary, Interstate Commerce Commission. A similar hearing will be held Sept. 16 in Amarillo, and Sept. 21 in Wichita Falls. The hearing examiner who will preside here Monday will be John S. Messer. Interested citizens of Memphis and neighboring towns and cities have been issued an invitation to send a delegation. The session will start at 9:30 a. m. in the Community Center of the Municipal Building. According to the order, issued by ICC, the Colorado & Southern Railway Co. and the F.W. & D. Ry. Co. will make available competent witnesses for examination on all material and relevant facts which have been "recited in the notice of discontinuance and the supporting statement and exhibits shall be supplied by the carriers . . . and that written testimony and exhibits of protesters or state regulatory bodies shall be served on the Colorado & Southern Railway Co. and Fort Worth & Denver Railway Co. at least four days prior to the hearing."

## Cyclone-Irish To Clash Here Fri.

The Memphis Cyclone will play host to the Fighting Irish of Shamrock at 8 p. m. Friday night in the first home game of the season and the second outing for both clubs. The Cyclone will probably find itself in the favorite listing before gametime, due to the local team's 20-0 victory over Clarendon last week and Shamrock's 6-0 defeat by McLean. The Cyclone was named in the No. 9 spot in Class AA area ratings last Tuesday by the Amarillo Daily News sports writers. Memphis fans can be assured that when Coach Colie Huffman (last year's White Deer Bucks coach) brings his Shamrock boys to Memphis that they will come to play football. Coach Bert Glascock of Memphis said that Shamrock has 10 of 11 starters returning from last year's team which the Cyclone defeated 12-7. "The McLean game was no indication as to how strong or weak the Irish team may be," Coach Glascock said, "As Shamrock fumbled and lost the ball four times during the game and had one touchdown called back on a penalty." "McLean coach told me that the Irishmen were nervous during the game and committed many errors which they normally would not commit," the coach added. Shamrock has a fine backfield headed by Larry Flowers, a 160-pounder who picked up 140 yards rushing against McLean last week. They have three fine ends and a passing quarterback, Ike Shipman, a starter last year. Ike is a left handed thrower. Shamrock's speed is average with one or two exceptionally fast boys. In the weight department, the Cyclone will have a few pounds advantage, but the Irishmen are hard hitting lads. About the local team, Coach Glascock said, "We were disappointed in this week's workouts. If we don't play better Friday than we looked in workout, we'll be on the short end of the scoreboard tomorrow night." "Our defense against Clarendon (Continued on Page 10)

MRS. JOHN LEMONS

### Mrs. John Lemons Killed In Accident Sunday Evening

Mrs. Kay Lynn Lemons, 19, who was born and reared in Memphis and loved by the many who knew her, was accidentally killed late Sunday afternoon. The accident occurred when Mr. and Mrs. Lemons and their one-year old daughter were returning a borrowed shotgun to the Hal Goodnight home after hunting doves that afternoon. Mr. Lemons had picked up his wife and daughter when he came in from hunting. The gun accidentally discharged as it was being lifted from the back seat of their Volkswagen. Kathryn Minuet, who was sitting in her mother's lap, was not injured. Born November 9, 1946, Kay Lynn was a member of the 1965 graduating class of Memphis High School. She was united in marriage to John Lemons February 19, 1965. She was a popular member of the Senior Class and participated in all school activities and received (Continued on Page 10)

## Estelline Bears To Host Cotton Center Friday

Estelline Bears will play the Cotton Center football game at 8 p. m. Friday night in the home game of the season. The Bears will be seeking their victory of the season. Jimmie Don Adams' team is facing a real tough opponent in the Cotton Center. The Bears' roster shows nine players on the squad. Many of the boys figured heavily in Estelline's 34-14 victory over the Estelline Bears last season. Adams said the Cotton Center team is real aggressive and a rough brand of football. The Bears lost last week to 24-8, but the score was an indication to the fine play of the Bear squad. Adams was injured in the game. Center linebacker for the Bears is a senior, and a hard runner on offense, was injured last week. Adams said the Cotton Center game saw the Bears fall behind in scoring 6-0 at halftime and 12-0 in the third period. In the fourth quarter, the Bears mounted a scoring offensive and Jay Holland carried on a 45-yard TD run. Gary Walker carried for the two-point conversion, so the score was 12 to 8 with six minutes left in the game. The Bears took advantage of a Harrold fumble to set them up deep in Harrold territory, but an Estelline fumble was picked off by Harrold nullifying the advantage. Harrold went on to score twice more late in the last period of play. Coach Adams said the Bears played good defensive ball except on pass defense. Kent Fowler played a game at guard and defensive safety and Triston Mabry had a good night at middle linebacker. Guard Joe Joutett was also cited by the Estelline coach for his efforts. Bear fans are encouraged to be on hand at kickoff time at 8 p. m. Friday night to see the first home game of the season.

### Services For Samuel Hardage Scheduled Today

Samuel Fletcher Hardage, 78, a Memphis resident for 50 years, died Tuesday morning, Sept. 13, in Hall County Hospital. Funeral services are set for 5 p. m. today, Thursday, at the First Baptist Church with Rev. Gene Jorgenson, pastor, officiating. Burial will be in Fairview Cemetery under the direction of Spicer Funeral Home. Mr. Hardage was born May 9, 1888, in Blue, Okla. He was a retired employee of the Memphis oil mill. Surviving are his wife of the home; a daughter, Mrs. Dorres Anderson of Durant, Okla.; also three sons, James Truitt Hardage, in the Air Force at Selfridge, Mich.; Glendle Samuel Hardage of San Mateo, Calif.; and Billy F. Hardage of Dallas; 11 grandchildren and four great-grandchildren. Pall bearers will be P. A. Cowan, James Jeffers, T. C. Johnson, H. C. Mueller, T. C. Stevens, Milton Ellis, Roy Grimes and George Wiggins.

### Turks Lose Close Game To Happy, To Play At Silverton Friday Night

R. Johnson, a tall talented senior quarterback, led the favored Happy Cowboys to a 14-6 victory over the fighting Turks last Friday night at Vardy Field before a good crowd of approximately 1200 fans. Johnson threw two TD passes, one of 55 yards and the other of 15 yards and also scored a two-point conversion himself to defeat the Turks in a very close game with the final outcome not being decided until the final few seconds of the game. The Turks were inside the five yard line of the Cowboys as the final gun sounded. The Turks were not without their offensive heroes as Jimmy King, a junior seeing his first action at carrying the ball after being converted from end, led all ball carriers this night with a total of 98 yards in 21 carries. Harvey Case, a senior playing end also picked up valuable yardage in situations with three sterling pass receptions. The Turks drew first blood in the contest after holding the Cowboys on the initial few series of plays. The Turks took over the ball on their own 25 yard line. Led by some fine running by Case, the Turks drove to the Happy 40-yard line where they faced a 4th and 1 situation as the quarter ended. Quarterback Setliff elected to punt but the ball slipped off the side of his foot and went out of bounds on the 25-

### Clarendon Man Dies In Accident Near Lakeview

A 51-year-old Clarendon man, Herman Vinson, was killed Tuesday morning about eight miles south of Lakeview when the tractor he was loading onto a truck overturned and crushed him. Vinson was driving the tractor onto the truck about 9:30 a. m. along Farm Road 656 when the accident occurred. Authorities said he was alone. An employee on the W. J. Lewis Ranch, Vinson was born in Glen Rose. He had lived in Clarendon for 36 years and was a veteran of World War II. He is survived by his wife, two daughters and four sons, all of Clarendon; one brother and one sister; his step-mother and two grandchildren.

### Two Inches Of Rain Is Measured Here

Two inches of rain had fallen in Memphis up to 11:30 p. m. today, according to Rayford E. Hutcherson, official weather observer. Heavy rains which began early this morning had slackened to a slow downfall by noon today. The two inches of rain measured today brings the total rainfall for the year up to 19.29, a little short of the total year's average, which is 19.91. High temperature for the week was 92, and the low was 63.

### Hall County's 76th Anniversary Celebration

This weekend, our county will celebrate its 76th year of existence with a weekend of special festivities, climaxing Sunday afternoon with the picnic in the City Park in Memphis.

Major plans for the entire weekend are completed and invitations have been mailed out. Former residents and friends from all over are invited and many will attend as they have in past years.

One of the really embarrassing things which occur at the annual picnic each year is when out-of-town visitors come to the picnic but fail to find former friends who still live in the county. This is just like inviting someone to your home and then not staying home to receive them, but instead, leave this task to someone else.

The Hall County Picnic is advertised all over with an invitation to past friends and former residents of Hall County to return to renew old ties and meet new citizens and residents. The atmosphere is one of good food, and a lot of getting together and visiting at the Sunday picnic.

Because the younger generation does not enjoy "talking over old times" as much as those who have lived longer, then the officials of the Picnic Association instigated a parade for Saturday afternoon last year, and this was a roaring success.

Naturally, when this celebration was planned, the Memphis Lions Club again agreed to sponsor the parade. Saturday afternoon will be a fun filled time for our youngsters and adults alike.

At the picnic Sunday, things will be run slightly different than in past years. For one thing, free barbecue lunch tickets will be passed out at the bridge at the entrance to the park. These tickets will be taken up in the serving lines so an accurate count as to the number being served this year can be taken and so that seconds will not be served until all have eaten.

In past years, some workers on registration tables, servers, and other committee members have not been able to find enough to eat late in the serving because no one could estimate how many had been served.

Also, this year, desserts will cost 10 cents each piece. The reason for this is manifold. One of the reasons is that it has been observed that whole pies and cakes, plates and all, have been taken away and those who were kind enough to bring the desserts also lost their pie or cake plate.

Citizens are again urged by the Sheriff's Office and the City Police Department to park vehicles on the square and ride the bus to the City Park. This will help eliminate the parking shortage and the traffic jams in the Park.

We have sometimes been asked, "If it rains the picnic will be called off, I guess?". Citizens will remember last year it rained about one-half inch and on that Sunday and the Hall County Picnic went off without a hitch. In fact, many citizens enjoyed the rain so much they didn't even bring rain coats.

If we, the citizens living in Hall County right now, want to make a good impression on our visitors, we can do it by being good hosts, attend the parade and picnic and pitching in and helping. Have you ever stopped to think what would happen if our out-of-town friends did not show up? There would be a lot of disappointed Hall Countians. How much more so are our visitors disappointment when one of their friends neglects his hosting duties.

Mayor H. J. Howell, president of the Hall County Picnic Assn., the other officers, committee chairmen and committees, have been working hard, and deserve public thanks for their work. It is through the combined efforts of our citizens that the Hall County Picnic celebration is as successful as it is each year. Let's make this year's event another successful celebration.

### What Other Editors Say

#### The Other Guy

Well, we did it again. Americans are always seeking to set records . . . either good or bad. The exact figure won't be available for a week or two, but Tuesday's record figure was 631 . . . yep, 631 persons who planned on making it back from their Labor Day holiday didn't.

In fact, 1968 will go down in the books as being a "record" year as far as traffic deaths are concerned. Three earlier three-day holiday weekends this year posted new records.

New Year's holiday took 564 persons, Memorial Day weekend 542 and July 4 weekend 576.

But the accidental deaths did not stop there. Water accidents took another 99 lives for a grand total of 730 persons dead . . . about the same number of people who live in Newcastle.

We make a lot to do about air plane accidents that take many lives at one time or mass murder, but were few times is traffic safety and the number of persons killed and injured important enough to merit coverage in the press. It may be that there are just too many.

At least you and I made it back home safely . . . so I guess it really was the other guy this time.—The Olney Enterprise.

#### Season Of Schedules

The season of schedules has begun! From now on, Madame Homemaker, you had best marshal your mind, your minutes, and all mobile units. For when you aren't getting kids off somewhere, you're cooking or clearing up after a meal. When you aren't transporting the off-spring to and from school, you're taking one of them to a music lesson, football practice, or a scout meeting.

Although you have regained that blessed 30 minutes just after everyone gets out of the house on weekday mornings, you can't afford to squander it; time is too precious. If you have no washing, ironing or cleaning that

needs to be done, there is always a telephoning job for some club, an open house to help plan, a committee meeting to attend. You're honor bound to carry through on all the jobs you accepted last spring to help someone else.

And don't forget the spouse. He must come in for his share of time, too. If he hunts or fishes, you get the job of dressing ducks, fish or deer at unlikely hours; if he's a garden fanatic, you had better find time for making relishes and preserves; he can't bear to see the grapes

and tomatoes he raised go to waste.

Like it or not, you're regimented for the next nine months. You're drafted — for full-time service as family cook, confidante, chauffeur, laundress, babysitter, telephone answerer, buyer and errand girl. But before you begin feeling sorry for yourself remember what you're buying. To be in the heart of a family that needs you is to love and be loved; to share joys as well as heartaches; to be alive every minute of every day!

About the only way you can get a West Texas farmer to complain about too much rain is when the road gets so muddy he can't get his boat to the lake.—The Matador Tribune.

The Hall County district fair this year is better than ever before, is the verdict of all who have attended. Better exhibits of farm and garden products, livestock, hogs and poultry, and the ladies' department is especially full of fine exhibits that would do credit to any fair. Some twenty good race horses are here and have been giving excitement to the lovers of races. . . .

The new Memphis hotel and coffee shop were opened this week and have been enjoying capacity crowds both in the coffee shop and in the hotel. The rooms to the third floor have been completed and have been occupied every night the past week. The second floor will be finished as soon as the flooring can be laid in several of the rooms and the plastering done. A flash telephone system has been installed and each room has phone accommodations. . . .

### Senator BOROUGH'S REPORT

...the highway has become a tragic everyday occurrence. This last week's weekend, for instance, 10 people die on our roads every day—an all-time high. It must be done to halt the construction of life and property on the highways.

...why I gave my wholehearted support to the National Safety Bill (S. 3005) re-introduced by the Senate. This bill is 40 years and a million years late, but it does hold promise of increased traffic safety in the years ahead.

...the first time, one Federal agency pulls together all parts of a general traffic safety problem. The bill sets up a research program to dig into the reasons for traffic accidents—the reasons that would cover unsafe drivers, unsafe vehicles, unsafe engineering of highways and the way signs and signals are used. An important part of the bill would set up or require the State traffic safety program to be in the fields of inspecting, testing and qualifying drivers, and ending the confusion of different laws and highway signs in our 50 states.

### Caprock Trail Riders To Parade

By VIRGINIA BROWDER  
A sizeable number of the Caprock Trail Riders will parade Saturday afternoon at 1:30 in the celebration of the Hall County Reunion and Picnic.

Riders will meet at the High School campus at 1 o'clock.

Several of the riders gathered at the Riding Barn for a "play-day" session last Thursday evening. A good time was had by those present trying to catch the rings, stab the potatoes, and ride the barrels. Most of the horses are green at these games and need some schooling before the riders can make a creditable showing in the time events.

Fourteen riders went to Wellington last Friday for the morning parade there, and some 25 members of the club gathered last Sunday afternoon for another try at the play-day games. So, it is evident that there is much enthusiasm and interest in the riding club. Plans are in the making to train the riders in quadrill riding in the near future.

### YOUR COUNTY AGENT SAYS

**Knowing Range Grasses Is Important To Cattlemen**  
Knowing range grasses, like knowing livestock, is the foundation of the ranching business, according to County Agent W. B. Hooser.

A rancher is in the grass business and the livestock are the salable by-products. The measuring stick in range management is in terms of pounds of beef, mutton, wool and mohair produced and not the number of head grazed. It is an accepted fact that good palatable grass is the cheapest feed that can be grown.

Hooser says that keeping the livestock numbers balanced with forage production is one of the greatest problems facing Texas stockmen. Efficient livestock production depends largely upon the management of the grass crop.

The ranchman must know the kinds of plants growing on the range, their forage value, when to utilize them properly with the right kind of livestock and at the proper season. He must know the drought resistance of grasses, how and when to control and manage noxious plants, how to properly distribute livestock for uniform use of forage and how to develop a grazing system that will keep livestock numbers and forage in balance. The kind and amount of vegetation determines the kind and number of livestock that can be grazed for most efficient and greatest economic returns. Hooser concludes by saying that range management is plan-

ning and directing the grazing of natural range forage to obtain maximum and efficient livestock production consistent with the wise use of vegetation, soil, water and wildlife.

## Estelline Ceremony Unites Barbara Diggs, Jerry Donahoo

An impressive service uniting Miss Barbara Frances Diggs of Estelline and Jerry Lewis Donahoo of Lubbock was held Saturday, Aug. 27, at 2 p. m. in the Church of Christ at Estelline.

The bride is the daughter of Mr. and Mrs. James W. Diggs, Jr., of Estelline. Parents of the bridegroom are Louis Donahoo of Lubbock and Mrs. A. R. Bryan of Farmington, N. M.

Wedding guests were registered by Miss Nancy Rea of Tell.

Tom Anderson, minister of the Church of Christ in Memphis, solemnized the double ring vows beneath an archway of greenery decorated with white bows and bells. On each side of the arch were baskets of white gladioli.

Traditional wedding selections and marches were provided by recordings of the wedding chorus of Broadway Church of Christ in Lubbock.

### Wedding Party

Mrs. Roddy Waites of Memphis, cousin of the bride, served as matron of honor. Bridesmaids were Miss Darlene Bragg of Estelline and Miss Laura O'Neal of Fort Worth. The attendants wore formal dresses of mint green brocade satin fashioned with A-line skirts. Their headpieces were matching green circlets holding double tiers of pleated net, and they wore opera-length white gloves. Mrs. Waites carried a hand bouquet of lily-of-the-valley and begonias. The bridesmaids held hand bouquets of green tinted carnations.

Gary Wheatley of El Paso, close friend of the bridegroom and a cousin of the bride, was best man. Jim and Steve Diggs, brothers of the bride, acted as groomsmen.

Given in marriage by her father, the bride was attired in a formal gown of white satin overlaid with lace. The fitted bodice was designed with a scalloped neckline and lace sleeves extending to petal points over her hands. The tiered veil of tulle applied with lace medallions was held by a white satin band. She carried a white Bible topped with roses and baby's breath.

The tradition of wearing "something old, new, borrowed, blue and a sixpence in her shoe" was carried out by the bride.

For her daughter's wedding, Mrs. Diggs chose a brown tweed suit with beige accessories. Mrs. Donahoo, step-mother of the bridegroom, wore a matching dress and hat of blue bonded lace. Both wore orchid corsages.

### Reception

A reception following the ceremony was held in the Fellowship Hall of the church. Wedding cake and frosted sherbet punch were served by Misses Jo Williams of Carey, Linda Lesley of Perryton and Betty Wheatley of New Deal, cousin of the bride. Napkins were imprinted with "Barbara and Jerry."

For a wedding trip to New Mexico and Colorado, Mrs. Donahoo changed to a knit suit of brown and beige houndstooth check, accented with a corsage of a white rose and lily-of-the-valley.

The bride is a graduate of Estelline High School, and is a sophomore English major at Texas Tech. Donahoo graduated from Lubbock High School, and is a junior finance major at Tech. He is employed by Rainbow Bakery. The couple will reside at 409 College, Apt. 208, in Lubbock.

### Pre-Nuptial Courtesy

A lovely pre-nuptial shower was given in honor of the bride at the Fellowship Hall of Estelline Church of Christ by 22 friends. A large array of gifts was opened by the honoree.

The Pathfinders Club opened the club year with a brunch on Tuesday, Sept. 13, at the De Ville Restaurant.

Mrs. Bernie McIntush, president, gave the call to order for the year is "Keys Open Doors," and Mrs. McIntush stated that "we are keys that unlock the doors to our family, our community and to our club."

Those present were Mmes. Effie McElreath, Sarah Hill, Larry Simpson, Maude Mitchell, Bernie McIntush, J. J. McDaniel, A. Giddens and Fannie Mae Tiner.

## Bridal Shower, Reception Held Saturday For Mr. And Mrs. Ferrel At Parnell

A bridal shower and reception honoring Mr. and Mrs. Bill Ferrel was held Saturday, Sept. 10, at the Parnell Community Club.

The bride's chosen colors of green and white were used in the party decor. Guests registered by Mrs. C. M. Wooten at a table covered in white and accented with an arrangement of green buds.

A white knit table cloth over green covered the serving table, which was centered by an arrangement of tiny green and white flowers. Green frosted punch was served by Mrs. Bruce Damron and Mrs. Jack Boney, Jr. White napkins, lettered in

green with the traditional "Bill and Fern" were inscribed "Bill and Fern." Gift tables held a wide assortment. Hostesses presented the couple with an automobile and waffle baker and a cooker.

A program was presented by friends and former teachers of the bridegroom. Mrs. Ballard welcomed the guests, and presented a poem "Road to Happiness" by a teacher giving a poem of friendship, its value to happiness, a personal incident from school life.

Mrs. A. D. Britt, stressed loyalty, and Mrs. Tucker, second grade, sang "His Fourth Grade." Mrs. C. M. Wooten, spoke of termination and Miss Ganan, fifth grade, filled "Friendship Nuggets." Wooten, his sixth grade, used the idea of difference between "request and sincerity" was the theme by Mrs. J. B. Rapp, seventh teacher, and Mrs. Ballard, school teacher, concluded with "The Road Ahead." Mrs. Carl Hill, a life-long friend of the honoree and then the huge array of gifts.

Parents of the couple, Mrs. Crump Ferrel and Mr. and Mrs. O. C. of Ralls, assisted the opening gifts. Approximately 100 guests attended.

Hostesses included Mrs. Tucker, C. M. Wooten, Mrs. Er Cope, Bruce Damron, Hutcherson, W. B. Dunbar, Latham, Carl Hill, Jack Sr., Jack Boney, Jr., Papp, D. T. Eddins, Jack Boney, B. Rapp.

There's nothing like a good picture to rekindle the excitement of a trophy hunt or record fish haul.

And with film as cheap as it is today, there's no reason why the average outdoorsman can't record every trip afield or afloat.

Handies for recording these outdoor highlights is of course the movie camera. But it has serious limitations. Especially so for the man who wants to have a batch of still photos printed up to send out to his friends.

So in this column we'll discuss the still camera.

A good twin-lens reflex or a 35mm, with adjustable focus and aperture settings, can be purchased for less than \$70. Although these cameras won't satisfy a professional photographer, they are adequate to give you a lifetime of enjoyment.

Such cameras as these, properly used, will reward you with clear, sharp pictures. And with proper composition the photos can be made suitable for publication in newspapers.

Contrary to popular opinion you don't need a flash gun for good hunting and fishing photos. That is unless the picture taking is done at night.

Even then, by using high speed film such as Tri-X, which is obtainable at most drug stores, you can take good natural-light photos from a little after sunrise until just before dusk.

A small inexpensive gadget called the light meter is the secret to success for natural or available light photography. It's quite simple to use and it's inexpensive. An adequate one can be purchased for less than \$10.

Just what are some of the advantages of natural or available light photography?

Most obvious advantage is that the resulting photos come out exactly as seen with your eyes. Shadows fall naturally in the photos and quite frequently the results are beautiful pix with an artistic quality. These are photos that folks will look at again and again because they are so pleasing to the eye.

Consider briefly a picture of your gang frying those big black bass over a campfire. If you happen to use a flash, chances are the faces of the folks close to the camera will have a "washed-out" or chalky appearance. Those in

the background will appear dull and dark. The flash might even cause the heads of folks in the foreground to cast crazy shadows over the people in the background.

Suppose you're in a deer blind and you want a few pictures of that big buck before shooting him. Available light photography is the answer. If you tried this with a flash, the buck would bolt when the bulb goes off and you would never get a shot with your rifle.

Another big advantage of taking available light photos in the outdoors is that you can get completely away from those pictures that have the "posed" look.

Another big advantage of taking available light photos in the outdoors is that you can get completely away from those pictures that have the "posed" look.

You can get candid shots using a flash if you're able to pop them when no one is expecting to be photographed. But once that first flash beams forth, folks become camera conscious and you end up with pix of people looking posed and stilted.

Such pictures must be avoided if you want to obtain natural looking hunting and fishing photos.

Good photos are treasures that will allow you to re-live many times those exciting moments afield or afloat.

### Child Discipline

A frequent concern is how to discipline their children, says Mrs. Patsy R. Yates, Texas A&M University Extension family life education specialist.

Understanding the purpose of discipline makes it easier for parents to choose the kind best suited to different situations. Yet parents often are concerned about who should do the disciplining, when it should be done, the best methods to use, and how discipline can best be used for the good of the child.

Mrs. Yates lists five major purposes as guides to parents in making decisions regarding discipline.

1. Discipline helps the child learn right from wrong. Good discipline is not only corrective but also it is a means of guidance, teaching the child what is allowed and what isn't. The child learns through his parents the patterns of behavior which are socially acceptable and others disapproved by society.
2. Discipline helps the child develop a sense of values. He learns the things his parents value and views with disfavor those things which they disapprove. Through this, he learns certain ideals and acceptable ways of striving to-

ward them.

3. Discipline is a means of building character. As the child learns the values and ideals acceptable to his parents, these become part of his character. Discipline helps to guide the child in this growth—like training a rose to climb a trellis.
4. A child learns internal control through discipline. It helps the child to "build" accepted patterns of behavior into his personality. He learns to act in the way he is taught.
5. Discipline sets standards and boundaries. The child therefore can develop feelings of security and trust within these boundaries. If the discipline is too strict, the child will either become cowed or rebellious. If it is too lenient or permissive, he will not learn what is required of him.

In either case, Mrs. Yates said, the child is likely to become insecure since he can't trust his parents to support and guide him in his struggle toward acceptable patterns of behavior.—The Gilmer Mirror.

## THE CYCLONE NEWS

By BILL COMBS

our boys play fine football on Friday night? It's thrilling to see football games played by boys you know and see them turn in a great win, lose or draw.

It's the first time that this column heading has appeared in The Democrat, but it will become a standard feature throughout the weeks school is in session. We hope our readers an insight into student participation in their activities—every form of competitive endeavor that is being done with Memphis High.

The football season is upon us and we have been asked by several about Memphis' strengths, and something in the way of how they did last year.

In looking over other papers and semi-weekly papers in the area, we find many articles and stories run under the Opponents' heading. This particular writing, I think certainly is an appropriate one.

Now—back to the non-district games facing the Cyclone. Tomorrow night, the Irishmen will be picked underdogs by the area sports writers. The Amarillo paper has Memphis placed in the No. 9 spot in Panhandle area Class AA teams, while the Irish are not mentioned.

It looks a little odd to me to see Memphis mentioned in the same listings with Iowa Park, Phillips, Dalhart and Quanah, who

score. Childress would be considered a weak AAA team. The Bobcats will have blood in their eyes when they come to Memphis, you can bet.

Lockney, our first District 3-AA opponent, defeated Crosbyton 19 to 9 in an impressive victory. Dimmitt fought Muleshoe to a 6-6 tie. Abernathy defeated Friendship—but we couldn't find the score. Olton defeated Morton by an impressive 28 to 0.

Floydada looked impressive as they battled the powerful Hereford Whitefaces 14-7. Hereford won, but it was a come-from-behind victory. Hale Center's score with Post—we could not find—but Friona lost to a powerful Class A team, the Farwell Steers, 20-7.

District 3-AA appears to be a real tough spot, if the first game scores are any indication.

This weekend, Memphis boys will have the task of trying to defeat a hungry Shamrock Irish team. Let's all be at the game to give our boys as much support as we can.

**CAMPAIGNING VISITOR**—Democratic Candidate for the office for U. S. Representative of the 18th Congressional District, Dee Miller of Amarillo, (right) is shown talking to Owen Jones, chairman of the Hall County Democratic Executive Committee, here Monday afternoon, after an all-day campaigning tour throughout all of Hall County.

**Dee Miller, Democratic Candidate For Congress Spends Monday In Hall County**

Dee Miller, Democratic candidate for U. S. Representative of the 18th Congressional District, brought his campaign to Hall County Monday.

He met with agricultural leaders in Memphis briefly from 8:30 to 9 p. m., and then spent the remainder of most of the day talking and visiting with citizens at Lakeland, Lusher, Bryn, Turkey, Darnell, Estelina, and back into Memphis.

Miller was guest speaker at a luncheon in Turkey at noon; also met with a group of people at the office. At 4 p. m. he attended a coffee at Owen's Restaurant, and was introduced by Owen Jones, Hall County Democratic committee chairman, who, with other party leaders, sponsored his tour of the county.

In every community Miller

stressed the need for a local united front of working people, businessmen, farmers and ranchers to begin immediately a course of imaginative planning looking forward to increased processing in each community of their local products.

"Stimulus in this one area," he said, "will result in a tremendous boost to the local economy without requiring any increase in consumer prices."

As he was introduced by different leaders of the county Monday, Miller is no newcomer to the 18th District. He was born in Chicago. With the exception of time spent out of the district during which he earned two college degrees and fulfilled his military obligation, Miller has lived either at Poppo or Amarillo. As an experienced trial lawyer, he resigned his position as district attorney for the 47th Judicial District in August in order to campaign full-time as U. S. Representative from this district. He seeks the post vacated by U. S. Representative Walter Rogers of Pampa. Rogers recently announced his decision not to seek re-election.

At Memphis Monday afternoon he told the group that he was visiting in every one of the 30 counties in his district. Upon questioning, he said he was not a member of the John Birch Society; that a broad look must be taken by Congress regarding inflation. He recognized the huge problems of the Viet Nam War and the confrontation of the communist in Southeast Asia.

In discussing the future of his district, he said, "We will have a tremendous growth in this area in the years to come. It will be beneficial to the farmer and other segments of our economy."

"We need to process our beef and ship packaged cuts from the Panhandle to consumers in the North and East, as one example of what I think the future holds. There are other factors which will aid our economy and you know about most of them."

On Civil Rights legislation, he said, "I am for keeping the jurisdiction in this field in our state courts, and leave the federal courts out of this area."

In closing, he said that it would be his desire, if elected, to keep in close contact with the people in each county of the district. "It will be my duty to vote the dictates of those I will be representing in all matters which will come before the national Congress."

**MHS Junior Class Elects Officers For School Year**

The Junior Class of Memphis High School elected class officers in a meeting Wednesday, Sept. 7.

The officers include Sam Houston, president; Chuck Jennings, vice president; Cynthia Evans, secretary; Sandy Saxe, treasurer; Nancy Simpson, reporter. Fred Snowden was chosen to represent the class on the Student Council.

**Night Fishing For Crayfish**

Fish for crayfish at night when they bite best. A lighted lantern (shaded) to place the boat in the shadow will serve a dual purpose. It will attract more fish and at the same time lessen pesky insect swarms.

Mrs. Phaeon Alexander and her brother, Robert Nash, of Death, Mo., returned home Tuesday from Bakoufield, Calif., where they visited their parents, Mr. and Mrs. A. L. Nash, a brother, Jack Nash, and sister, Mrs. Helen Mason, and children.

**Alley Division Winners Told In City Contest**

Winners in the alley division of the 1966 Beautification Contest, sponsored by the Memphis Chamber of Commerce and Hall County Board of Development, were announced this week by members of the contest committee.

First place went to the 900 Block between North 16th and North 17th Streets. Second place went to a two-block alley between 7th and 9th, and Harrison and Cleveland Streets. The judges said that several alleys were worthy of third place, so announced no specific winner. They did note that a half-block alley in the 1000 Block between Noel and Main Streets is in fine shape.

"Alleys on the whole are clean and most individuals have made a great effort to improve alley appearance," said the committee.

Members of the beautification committee pointed out that there are still vacant lots and areas along Boykin Drive that are eyesores to the community. They reported that the city, county and state employees have done excellent jobs in maintaining their particular areas, but that some lots owned by individuals are badly in need of cleaning.

"Boykin Drive is all of Memphis that many tourists see, and they judge the whole town by its appearance. And, since we live here all of the time and see the area practically every day, making Boykin Drive more beautiful would benefit the community and our visitors' impressions, too," committee members said.

**Stops "Mono" From Sticking**

Eliminate your problem by rubbing the monofilament with flyline dressing. Your line will never stick again and non-greasy dressing is not objectionable.

**Marlin Fishing**

You who hanker for a bit of marlin fishing had better use a pretty rugged line if you want to land your catch.

Nothing short of a 30-pound test, fluorescent monofilament line is recommended for marlin fishing, especially if you want to take home a 150-pound fish.

Increase the test weight to your optimum.

Of Texas refining 87% is done on the Gulf Coast.

**In Memorium**

Upon this occasion of the Hall County Picnic celebration, we are reminded of the hardy men and women who will be remembered. They settled this county... came with faith that with the help of Providence they could establish a new life. These are the ones who established their homes on the farms and in the towns of Hall County. They erected the churches and schools, and laid the foundations which our generation enjoys today.

It is our prayer that time and circumstances may never erase the memory of the challenge of their faith.

**The Welcome Sign Is Out FOR YOU TO ATTEND THE Annual Hall County Picnic IN MEMPHIS SATURDAY AND SUNDAY**

Everything is in readiness—even to the huge task of serving the Free Barbecue lunch Sunday at the City Park. The parade in downtown will start at 1:30 p. m. Saturday to kick off the annual celebration, and the window displays will be very interesting.

As we join in the observance of the annual picnic, which also is in recognition of the 76th birthday of Hall County, we are reminded of the early-day banking needs which The First National Bank met in years past.

At the same time we want you to know that we are looking to the future... a better future for this four-county area as we all join together to make it possible. For our part, we are glad to announce that construction has started on our new home, to be located on the north side of the square. It is hoped that we will be in this new building within a matter of months, and will continue to offer modern banking services to this area with emphasis upon meeting the financial needs of the citizens.

# OUTDOORS IN TEXAS

BY VERN SANFORD

**By VERN SANFORD**  
Stock tanks and farm ponds are becoming more and more prominent on the Texas fishing scene. Nowadays you seldom find a pond, even if it's constructed for livestock watering purposes, that is not stocked with some sort of fish.

State and federal fish hatcheries provide fish to private landowners at no charge. All a person must do is apply for them.

When a pond goes sour and fishing gets poor, the landowner invariably wants a hatchery to add more fish. This is a fallacy. By putting tiny fingerlings in a pond where adult fish already are present, all that would be accomplished is feeding the big fish at considerable expense. Under normal conditions, less than one per cent of the fish spawned actually grow into catchable size.

Still, a pond does need restocking occasionally. This happens when undesirable fish such as bullhead catfish, shad, carp, suckers or small sunfish cause the fish population to become unbalanced.

Best approach then, says Wallace C. Klussmann, a wildlife conservation specialist at Texas A&M University, is to completely remove all the fish in the pond and start all over again.

This "cleaning out" of a pond can be accomplished by chemicals. Two of the most popular toxicants for eradicating fish are rotenone and toxaphene.

Rotenone is the easy and practical way to remove most fish from private ponds, Klussmann says, but seldom does it give a 100 per cent kill of bullhead catfish.

Usual recommendation for rotenone is five pounds of five per cent powder per acre-foot of water (an acre-foot is one surface acre of water one foot deep). Three pounds per acre-foot usually is sufficient in warm weather (65 degrees or above), if thorough and even distribution can be made.

Klussmann says best results are obtained when the water is at its lowest yearly level during the summer months.

Klussmann recommends that rotenone powder be mixed with water until the mixture is about the density of milk.

Pouring the mixture behind an outboard motor gives good distribution.

In areas inaccessible by boat, the mixture can be sprayed on the water from the bank. Small areas also can be treated by "mud-balling"; that is, mixing the powder with enough water to form a paste and then tossing balls of mixture into the water.

Powdered rotenone can be purchased at some livestock supply stores since it is sold primarily as a grub control for cattle.

Fish killed with rotenone are edible if cleaned when fresh. Klussmann points out. Rotenone is not a poison in the true sense since it kills fish by suffocation.

Rotenone loses its toxicity in seven to 14 days and then the pond is ready to be restocked.

People, cattle, sheep, dogs, cats, frogs and mother other vertebrate animals are not affected when swimming in or drinking water treated with rotenone. However, continued inhalation can cause irritation of the nose and throat.

Klussmann warns that it is unlawful to use rotenone in any public body of water. It is to be used only in private ponds for management purposes.

Toxaphene can be used in ponds for complete kills when the fish are not to be used for human consumption. Usually a more complete kill can be obtained with toxaphene than with rotenone. A 100 per cent kill of bullhead catfish is possible.

Recommended dosage is four ounces of 60 per cent toxaphene per acre-foot of water. This should be mixed with enough water to permit spraying or distribution by pouring behind an outboard.

Treated water is not toxic to livestock if recommended dosages are used. But care must be taken to avoid spilling the concentrated or diluted form on skin or clothing.

Water treated with toxaphene will remain toxic to fish for about 30 days. Before placing entire stocking, put a few fish in a test solution to see if the water is still toxic.

CELEBRATING HALL COUNTY'S

PICNIC  
AND  
FREE  
BARBECUE

Saturday and Sunday, Sept. 17-18

As the date arrives for our annual picnic celebration, we salute all those people who have been instrumental in setting the pace of our county's progress.

On this occasion, we too, point with pride to the fact that this firm was established in 1904—62 years ago. We have tried to serve our friends and customers efficiently . . . and are looking forward to the future with emphasis on "personal service."

"Howdy, Mac — could I trouble you to witness a legal document for me?"

torney in a county of 20,000 or more population wins a suit and collects delinquent personal property taxes, he may deduct a commission from the taxes. County attorney, however, must pay that commission into the county treasury for the officers' salary fund, Carr held in the opinion requested by Harris County Attorney Joe Resweber.

In another official opinion, the Attorney General held that names of contributors and amounts of their donations to buy land for Lyndon B. Johnson State Park in Gillespie County do not have to be made public. Opinion affirmed the position of State Parks and Wildlife Commission Chairman Will E. Odom who has declined to disclose sources of the park fund. Odom is fund trustee and receives donations for purchase of park land.

The Attorney General concluded that park fund administration is not an operation of the PWC, and that it's up to private administrators to decide whether to announce names of the various donors.

**Head Start Slowed**  
Approximately 60 Head Start programs are being held up in five Southwestern states because of Congressional delay in approving appropriations for the Office of Economic Opportunity, Regional Director Bill Crook reports.

Delay, said Crook, is proving costly in both time and money to the agencies which had expected to correlate the pre-school readiness programs with the regular school term. In some cases, he stated, administrators are serving without pay, rather than hurt the continuity of the program.

First priority on funds allocated to Southwest regional office is being given to those projects which are already in operation in the five states.

Crook's office is writing letters to local community action agencies and school districts, explaining that final action cannot be taken on their applications until Congress comes through.

**Budget Makers Inspecting**  
Before the State Legislature convenes, members of the House of Representatives' side of the Legislative Budget Board are personally inspecting state institutions, acquainting themselves with operations and needs throughout the state.

Group began surveys in the Dallas and Denton areas last week. Next they plan to go to Huntsville, Texas A & M University and Waco.

**Dean's Opinion**  
Page Keeton, dean of the University of Texas School of Law, strongly urges a complete recodification of Texas' 110-year-old penal code.  
Keeton said the penal code had undergone "intermittent patching" through the years "without reference to the problem of maintaining a consistent system . . . 'The plain fact,' he continued, 'is that we have been 'getting along without our present law. But I believe our administrators are doing a good job, not because of, but in spite of, our present system of substantive criminal law.'"  
Keeton recommends revision of the laws, rather than "piecemeal" revision.

**Special Notes**  
After their Labor Day rally in Austin, most of the Rio Grande Valley "heulga" marchers and their backers—supporters of the state minimum wage legislation—returned to their homes leaving two sentinels stationed on the Capitol steps.  
Austin will play host Sept. 16 to approximately 2,000 Texans for a one-day symposium on the correction of language disabilities among the state's school children—officially named the Speaker's Symposium on Language Disabilities.

Texas share of U. S. defense contract work increased during last fiscal year by \$844,685. Only California and New York had a bigger share.  
Cigarette taxes went up again in Austin to \$12,800,000 as compared to \$11,500,000 in July.

A House committee on juvenile crime (headed by Rep. Vernon Stewart of Wichita Falls to make recommendations next January), will hold its next-to-last hearing in San Antonio Sept. 21 and has invited professional youth workers or any citizen to express their views on needed legislation.

Registration of securities for public sale in Texas topped a half-billion dollars for an all-time high during the fiscal year ending Aug. 31, State Securities Board announced (permits were for sale of \$39,941,650).  
State draft boards will be called

ed upon to furnish 2,339 men for the armed forces in November. October quota—largest monthly call since 1958 near the end of the Korean conflict—has been increased from 2,671 to 2,845.

Matt Waller spent Tuesday night with his grandparents, Mr. and Mrs. George Pierce.

Texas motorists are served by 15,069 service stations.

**Cleaning Your Boat**  
Your boat's exterior, the bottom in particular, can be cleaned quicker and easier if you'll don a bathing suit and do the cleaning job while you and the boat both are in shallow water.  
This mainly because clean water is handy all around you—and the underwater parts of the craft are kept soft.

**Dark Rinks In Your Boat**  
In these days of widespread water pollution your boat is apt to get mighty dirty, very quickly. Mostly, this dirt takes the form of dark, slimy rings that accumulate on the hull at the waterline.  
These can be removed easiest with a good scouring powder and a "Chore Girl" activated by a lot of muscle power.

## Milton Gair To Speak At Delphian Club

Milton Gair of Carlsbad, Calif., will be guest speaker when the Delphian Club entertains with Gentlemen's Evening Tuesday evening, Sept. 20, at the Community Center. The dinner will begin at 7:30 p. m., Mrs. Sim Reeves, president, has announced.

Mr. Gair, a retired California businessman, married Grace Bugbee, daughter of the late George B. Bugbee, who had a ranch near Lakeview in the early days of the century.

Mr. Gair operated a men's clothing store in Redlands, Calif., for 40 years, retiring in 1962. During the time he was in the retail business, Mr. Gair was given the Freedoms Foundation award for 12 consecutive years for his local advertising.

As a result of the advertising carried by his firm, articles and reprints of the advertisements were published in Life, Saturday Evening Post, Esquire, Christian Science Monitor and many other magazines and trade journals.

Mr. Gair, as a result of his advertising, has been much in demand as a speaker. He has been invited to address many national conventions in past years, the New York Advertising Club, Boston AB Club, Poor Richard Club in Philadelphia, Los Angeles Advertising Club, San Francisco Ad Club and San Diego Ad Club.

Special guests at the dinner meeting will be husbands of the members.

## Newcomers Club To Meet Tuesday With Mrs. C. Henderson

The Newcomers Club of Hall County will meet in the home of Mrs. Clayton Henderson at 215 N. 9th on Tuesday, Sept. 20, at 1 p. m., according to an announcement made this week.

Newcomers to Hall County are cordially invited to attend this meeting.

**TSTA OFFICIALS**—Mrs. Charley Chambless, left, president of the Hall County Chapter of TSTA, is shown above with several chapter officers and committee chairmen at the TSTA tea Sunday afternoon at the Community Center. Shown left to right are: U. F. Coker of Turkey, legislative chairman; Mrs. Dick Delaney of Estelline, public relations chairman; Tops Gilreath, secretary; Mrs. A. E. Greer, membership chairman and A. ## Hall County Chapter, TSTA Honors New Teachers With Tea Sunday

The Hall County Unit of Texas State Teachers Association entertained Sunday, Sept. 11, 1966, in the Community Center Building at Memphis, Texas, with a Tea honoring all the new teachers of the County Schools, Lakeview, Turkey, Estelline, Memphis, and the Honorable Jack Hightower, Vernon, state senator of the 31st district.

Mrs. Patty Lou Nivens, Estelline, registered the guests and teachers. Mrs. Loran Denton and Mr. U. F. Coker of Turkey greeted the callers while Mrs. Wendell Harrison, Mrs. Ace Gailey,

Mrs. Sue Barnhill and Miss Nancy Cleavinger poured tea and coffee. Official hostesses were Mrs. Henry Foster, Margaret McElreath and Mrs. A. P. Jones of Lakeview; Mrs. Dick Delaney, Mrs. Joe Bob Nevns and Mrs. T. H. Seay of Estelline; U. F. Coker and Loran Denton of Turkey; Mrs. Ace Gailey, Mrs. Wendell Harrison, Mrs. C. D. Morris, Mrs. Homer Tribble, Miss Nancy Cleavinger and Mrs. L. A. Stillwell of Memphis.

Miss Sandy McQueen, Memphis,

entertained with piano music during and after the serving hours while Miss Linda Simpson, accomplished violinist, rendered several numbers on the violin, accompanied by Ginger Greene at the piano.

Mrs. Charley Chambless, President of Hall County Unit of Texas State Teachers Association, introduced Superintendent A. E. Greer of Memphis Schools, who extended words of welcome to the group and then Mrs. Chambless introduced U. F. Coker, Jr., Chairman of Legislative Committee of the local unit, who introduced the Honorable Jack Hightower of Vernon. Senator Hightower will represent Hall County which is included in the newly created Senatorial District. Senator Hightower spoke briefly to the group concerning increase of teachers' salaries and the problem of the Legislature in raising money to meet the increased demands of higher salaries. He pointed out that many State Departments are asking for increased spending amounts which means tax money must be raised to meet these demands. Senator Hightower assured the group he was ready and willing at all times to talk over the timely problems of Hall County. Senator Hightower is a local Hall County resident. He is the son of the late Walter Hightower and Mrs. Hightower. The Senator referred to his mother, who was present, as the best

## Eight Students Are Enrolled In County Hospital Nursing School

Students in the Hall County Hospital School of Vocational Nursing are doing marvelous work, according to Don Curl, hospital administrator, and Mrs. Juanella Mowrey, R. N., who is a supervisor and teacher of the group.

Women included in the school are Mmes. Ruby Graham, Margaret Phillips, Norma Osborn, Louise Davis, Nina Jo Glover, Alene Worthington, Thyra Scoggins and Reba Rogers.

The school, which was begun Aug. 1, will consist of 12 months' training in the classroom and clinical experience. The program meets with all the standards set

by state requirements, Mrs. Mowrey said.

At the end of the 12 months, the students will take state board examinations. Upon completion and passing of the exams, they will receive licenses as Licensed Vocational Nurses. They can also apply to practice in other states as LVN's or as Licensed Practical Nurses, a term used by some states.

Classroom work received by the group includes community health, vocational adjustments (nursing

ethics), nursing history, anatomy, Pharmacology, medical and surgical nursing, obstetrical and new-born nursing, nutrition, geriatrics, pediatrics, emergency nursing and a limited study of mental health nursing.

Mrs. Mowrey stated that she is highly pleased with the work which the students are doing.

"We are proud of our vocational school," Curl said. "It will furnish the hospital with better trained personnel and is good for the entire community."

**LVN STUDENTS**—Pictured above is the class of students studying in the Hall County Hospital School of Vocational Nursing, taught by Mrs. Juanella Mowrey, R. N., a nurse supervisor. Shown left to right are Mmes. Ruby Graham, Margaret Phillips, Norma Osborn, Louise Davis, Juanella Mowrey, Nina Jo Glover, Alene Worthington, Reba Rogers and Thyra Scoggins. The school, which was begun Aug. 1, will continue for 12 months. At the end of that time, the women will take state board examinations. Upon completion and passing of the exams, they will receive licenses as Licensed Vocational Nurses.

**HALL COUNTY TEACHERS**—New teachers in Hall County were honored at a Tea Sunday afternoon given by the County Chapter of TSTA. The tea was held at the Community Center. Guest speaker for the occasion was the honorable Jack Hightower of Vernon. New teachers shown above are, left to right, Supt. and Mrs. David Haynie, Estelline; Mrs. Louise DeSpain Carter, Lakeview Homemaking teacher; Paul Russell, Austin 5th grade teacher; Senator Jack Hightower; Al Pzuik, Lakeview Commercial teacher; Supt. and Mrs. A. E. Greer of Memphis and Frankye Lynn Goldston, 3rd Grade teacher. Mrs. Greer also teaches 3rd Grade in Travis Elementary school. Several of the new teachers were unable to attend the tea and are not pictured above.

### Winners In 4-H Swine Program Named At Show Here Saturday

"Hall County 4-H Club members will offer strong competition to members of other counties this year," said Hood G. Wills, county agricultural agent of Hardeman County who judged and selected winners of the Sears swine program and of the business men's swine program here Saturday at the Livestock Show Barn, located near the City Park in Memphis.

Jack Dameron, son of Mr. and Mrs. Bruce Dameron of Parnell, took first place with his gilt in the Sears swine program. Thirteen-year-old Jake of the Turkey 4-H Club received the blue ribbon and eight dollars in prize money, donated by Sears-Roebuck & Co. He will also be eligible to show his gilt at the Tri-State Fair in Amarillo next Saturday, Sept. 17.

Other winners in the Sears program are: Mike Kinard of the Estelline 4-H Club who received the red ribbon and six dollars in prize money; Gary Proffitt of Lakeview 4-H Club received third and the white ribbon and five dollars; Robert Snider of Travis 4-H Club received fourth place, the green ribbon and four dollars; Mark Gentry of Travis 4-H Club was awarded fifth place, the yellow ribbon and three dollars in prize money.

In the business men's program, sponsored by business men and the Memphis Chamber of Commerce and Hall County Board of Development, Lee Q. Wright of Lakeview 4-H Club took first place and was awarded eight dollars in prize money. L. B. Snider, Jr., Memphis, took second place and received five dollars; Rodney Hill of Turkey placed third and received three dollars.

Kay House, daughter of Jack House of Turkey, is the owner of the Hall County Sears boar. She will exhibit the boar at the Tri-State Fair in Amarillo next Saturday, Sept. 17, to compete with other Panhandle counties in the Sears swine program. W. B. Hooser, county agent, stated.

### Two Persons Die In Collision Near Hedley Mon.

One of the worst highway accidents in recent months occurred on U. S. Highway 287 half mile east of Hedley Monday afternoon.

Killed in the three-vehicle collision were Mr. and Mrs. Carroll O. Moyer of McAllen, Moyer, a salesman, was 50 years of age and his wife was 47.

Mrs. Addie Bernard, 62, of Quanah, driver of the car involved in the wreck, and Alford Gather, 29, of Fort Worth, who was driving the truck, were treated at Hall County Hospital for minor injuries.

Investigating highway patrolmen said the truck, driven by Gather, was in collision with the car driven by Mrs. Bernard.

After the first collision, the truck then hit the Moyer automobile, officers said.

The truck cab burst into flames seconds after the driver left it. Flames leaped across the highway from diesel fuel which had spilled from the truck. The Hedley Fire Department was called to extinguish the blaze.

Spicer Funeral Home brought the injured to Hall County Hospital.

The bodies of Mr. and Mrs. Moyer were carried by plane to McAllen for burial.

### Memphis Board Meets In Regular Session Monday

The regular board meeting of the Memphis Independent School District was held Monday night at 8 p. m. at the high school.

All members were in attendance. Meeting with the Board was Supt. A. E. Greer, Monty Alewine, school tax collector, and Charley Chambless, administrative assistant.

Action was taken during the session on several items which were discussed.

The board authorized Supt. Greer to sign cafeteria checks with Miss Hoffman.

The need for more chairs at the Junior High School was discussed and the board authorized Supt. Greer to purchase 100 at a cost of \$10.65 or less.

Authorization was made to purchase necessary fire extinguishers and have them installed in all school buildings in order to qualify for the fire extinguish credit which will reduce insurance rates.

Beginning with this school term, the Memphis school has a new bookkeeping system to comply with the Texas Education Agency, Supt. Greer said.

Letters were read from the Commissioner of Health, Education and Welfare and Commissioner of Education pertaining to tuberculosis tests for teachers and pupils; letter from Health, Education and Welfare—desegregation plan; and copy of letter from Chester E. Allison concerning non-subversive oath.

ived numerous honors throughout her high school days. She was a MHS cheerleader.

She was the only daughter of Mr. and Mrs. Robert Galloway, long-time Memphis residents.

Funeral services for Mrs. Lemons were held at 3 p. m. Tuesday in the First Methodist Church with the Rev. David Hamblin officiating, assisted by the Rev. Leroy Gaston, pastor of the Travis Baptist Church.

Interment was in Fairview Cemetery with services under the direction of Spicer Funeral Home.

Other than her husband and daughter of the home and her parents, she is survived by two brothers, Bobbie and Tracy, of Memphis, her grandmothers, Mrs. J. W. Chappel of Memphis, and Mrs. Gussie Mart of Wichita Falls.

Pall bearers were Dwight Gailley, Sam Goodnight, Larry Wynn, Jack Stargel, Ronald Pate, Billy Ed Thompson, Jimmy Fields, Hoot Jones, Richard Ellis, Jimmy Roden and Dick Morgan.

**Turks Lose**  
(Continued from Page 1)

16-yard line. Again the Turks' defense tightened and on a 3rd and 9 situation again Johnson hit Vernon for 15 yards and the go-ahead score. Johnson ran the two point conversion and the score stood 14-6.

The two teams then fought up and down the field with neither team offering a serious scoring threat. Then with two minutes remaining on the clock, the Turks were forced to punt from their own 40-yard line and it looked like the game was in the books for the Cowboys. But the excitement was not over yet. Holding the Cowboys three straight downs on the 30-yard line and calling time out to preserve the clock

after each down, the Turks forced the Cowboys into a punting situation with only 50 seconds remaining. The snap from center was low and the Turks took possession on the 26-yard line with 46 seconds remaining on the clock. Using an end sweep and a penalty, the Turks moved to the 10 yard line with 30 seconds and no time outs remaining. King swept left end to the 5 and on the last play of the game Robinson was stopped at the 4-yard line, and the final score remained 14-6 for the Cowboys.

The Turks looked very good for their first game of the season and will have to be reckoned with before the season comes to a close. The Turks put up a fine defense with Dennis Denton and Tim Salem leading the way with 16 tackles each. Also doing a good job on defense were Bobby Edwards, Steve Farley, and Joe Farley. Alton Setliff played a fine game at defensive halfback along with calling a good game a quarterback. The Turks with a young team should improve steadily as the season progresses.

Next Friday, the Turks travel to Silverton to take on the Class A Owls. This is a grudge battle and all records can be tossed out the window when these two teams meet. The Owls defeated the Class

B Hart Longhorns last week and the Turks would like nothing better than to put a blemish on the record of the Owls. This game is always hotly contested and the fans will be in for a real treat when the Turks and the Owls bump heads. Everyone is urged to journey up to Silverton and see a fine ball game.

county sheriff's department and city police will be in charge of handling traffic and grounds. Again this year, buses furnished by the Memphis Schools will run from the square to the park at 30-minute intervals for those persons who need transportation. This will also help in controlling the number of cars trying to get near the park, traffic committee members said.

"Everyone in Memphis and Hall County is urged to come to the picnic," Chairman Howell stated. "People come from many miles to attend, and want to see all their friends who still live here, as well as the former residents."

**Window Displays**  
During the picnic weekend, several merchants in the business district will again display in their

windows early-day articles and photographs of the Memphis and county and their visitors, according to Virginia Rogers, chairman of the display committee.

The displays, sponsored by women's study clubs of the area, are due to be completed tomorrow.

One window, sponsored by the 1913 Study Club, will feature growth of Hall County from the seed to the product. Another exhibit, painted by Mrs. B. B. and her art students in the Virginia Rogers exhibit, is one to "make the square the two-day celebration of the varied and interesting life in the store windows."

Anyone who wishes to contribute to the fund and who has been contacted, can mail a check to the finance committee, today that they have good response and operation from business and individuals in the area. The picnic, now total amount \$1,000, toward the budget of \$1,500 by the Hall County picnic.

## Milton Gair To Speak At Delphian Club

Milton Gair of Carlsbad, Calif., will be guest speaker when the Delphian Club entertains with Gentlemen's Evening Tuesday evening, Sept. 20, at the Community Center. The dinner will begin at 7:30 p. m., Mrs. Sim Reeves, president, has announced.

Mr. Gair, a retired California businessman, married Grace Bugbee, daughter of the late George B. Bugbee, who had a ranch near Lakeview in the early days of the century.

Mr. Gair operated a men's clothing store in Redlands, Calif., for 40 years, retiring in 1962. During the time he was in the retail business, Mr. Gair was given the Freedoms Foundation award for 12 consecutive years for his local advertising.

As a result of the advertising carried by his firm, articles and reprints of the advertisements were published in Life, Saturday Evening Post, Esquire, Christian Science Monitor and many other magazines and trade journals.

Mr. Gair, as a result of his advertising, has been much in demand as a speaker. He has been invited to address many national conventions in past years, the New York Advertising Club, Boston AB Club, Poor Richard Club in Philadelphia, Los Angeles Advertising Club, San Francisco Ad Club and San Diego Ad Club.

Special guests at the dinner meeting will be husbands of the members.

## Newcomers Club To Meet Tuesday With Mrs. C. Henderson

The Newcomer's Club of Hall County will meet in the home of Mrs. Clayton Henderson at 215 N. 9th on Tuesday, Sept. 20, at 1 p. m., according to an announcement made this week.

Newcomers to Hall County are cordially invited to attend this meeting.

**TSTA OFFICIALS**—Mrs. Charley Chambliss, left, president of the Hall County Chapter of TSTA, is shown above with several chapter officers and committee chairmen at the TSTA tea Sunday afternoon at the Community Center. Shown left to right are: U. F. Coker of Turkey, legislative chairman; Mrs. Dick Delaney of Estelline, public relations chairman; Tops Gilreath, secretary; Mrs. A. E. Greer, membership chairman and A. P. Jones of Lakeview, second vice president.

## Hall County Chapter, TSTA Honors New Teachers With Tea Sunday

The Hall County Unit of Texas State Teachers Association entertained Sunday, Sept. 11, 1966, in the Community Center Building at Memphis, Texas, with a Tea honoring all the new teachers of the County Schools, Lakeview, Turkey, Estelline, Memphis, and the Honorable Jack Hightower, Vernon, state senator of the 31st district.

Mrs. Patty Lou Nivens, Estelline, registered the guests and teachers. Mr. Loran Denton and Mr. U. F. Coker of Turkey greeted the callers while Mrs. Wen-

dell Harrison, Mrs. Ace Gailey, Mrs. Sue Barnhill and Miss Nancy Cleavinger poured tea and coffee. Official hostesses were Mrs. Henry Foster, Margaret McElreath and Mrs. A. P. Jones of Lakeview; Mrs. Dick Delaney, Mrs. Joe Bob Nevns and Mrs. T. H. Seay of Estelline; U. F. Coker and Loran Denton of Turkey; Mrs. Ace Gailey, Mrs. Wendell Harrison, Mrs. C. D. Morris, Mrs. Homer Tribble, Miss Nancy Cleavinger and Mrs. L. A. Stillwell of Memphis.

Miss Sandy McQueen, Memphis,

entertained with piano music during and after the serving hours while Miss Linda Simpson, accomplished violinist, rendered several numbers on the violin, accompanied by Ginger Greene at the piano.

Mrs. Charley Chambliss, President of Hall County Unit of Texas State Teachers Association, introduced Superintendent A. E. Greer of Memphis Schools, who extended words of welcome to the group and then Mrs. Chambliss introduced U. F. Coker, Jr., Chairman of Legislative Committee of the local unit, who introduced the Honorable Jack Hightower of Vernon. Senator Hightower will represent Hall County which is included in the newly created Senatorial District. Senator Hightower spoke briefly to the group concerning increase of teachers' salaries and the problem of the Legislature in raising money to meet the increased demands of higher salaries. He pointed out that many State Departments are asking for increased spending amounts which means tax money must be raised to meet these demands. Senator Hightower assured the group he was ready and willing at all times to talk over the timely problems of Hall County. Senator Hightower is a local Hall County resident. He is the son of the late Walter Hightower and Mrs. Hightower. The Senator referred to his mother, who was present, as the best

## Eight Students Are Enrolled In County Hospital Nursing School

Students in the Hall County Hospital School of Vocational Nursing are doing marvelous work, according to Don Curl, hospital administrator, and Mrs. Juanella Mowrey, R. N., who is a supervisor and teacher of the group.

Women included in the school are Mmes. Ruby Graham, Margaret Phillips, Norma Osborn, Louise Davis, Nina Jo Glover, Alene Worthington, Thyra Scoggins and Reba Rogers.

The school, which was begun Aug. 1, will consist of 12 months' training in the classroom and clinical experience. The program meets with all the standards set

by state requirements, Mrs. Mowrey said.

At the end of the 12 months, the students will take state board examinations. Upon completion and passing of the exams, they will receive licenses as Licensed Vocational Nurses. They can also apply to practice in other states as LVN's or as Licensed Practical Nurses, a term used by some states.

Classroom work received by the group includes community health, vocational adjustments (nursing

ethics), nursing history, anatomy, Pharmacology, medical and surgical nursing, obstetrical and new-born nursing, nutrition, geriatrics, pediatrics, emergency nursing and a limited study of mental health nursing.

Mrs. Mowrey stated that she is highly pleased with the work which the students are doing.

"We are proud of our vocational school," Curl said. "It will furnish the hospital with better trained personnel and is good for the entire community."

Shown left to right are Mmes. Ruby Graham, Margaret Phillips, Norma Osborn, Louise Davis, Juanella Mowrey, Nina Jo Glover, Alene Worthington, Reba Rogers and Thyra Scoggins. The school, which was begun Aug. 1, will continue for 12 months. At the end of that time, the women will take state board examinations. Upon completion and passing of the exams, they will receive licenses as Licensed Vocational Nurses.

**HALL COUNTY TEACHERS**—New teachers in Hall County were honorees at a Tea Sunday afternoon given by the County Chapter of TSTA. The tea was held at the Community Center. Guest speaker for the occasion was the honorable Jack Hightower of Vernon. New teachers shown above are, left to right, Supt. and Mrs. David Haynie, Estelline; Mrs. Louise DeSpain Carter, Lakeview Homemaking teacher; Paul Russell, Austin 5th grade teacher; Senator Jack Greer; Al Pzuik, Lakeview Commercial teacher; Supt. and Mrs. A. E. Greer of Memphis and Frankie Lynn Goldston, 3rd Grade teacher. Mrs. Greer also teaches 3rd Grade in Travis Elementary school. Several of the new teachers were to attend the tea and are not pictured above.

### 'Texas' Drama Noted Success By Producers

Paul Green, the famous North Carolina playwright, has scored another triumph. His latest spectacular outdoor musical drama, "Texas", has been playing this summer to packed houses in its home, the Pioneer Amphitheatre in the Palo Duro Canyon State Park, located in a magnificent canyon and the 600 foot cliff which forms the backdrop for the stage.

The story of "Texas" as conceived by Mr. Green is the tale of the struggle for ways to live in an unyielding land. It is the

story of the struggle told in music and dance and drama and action as a musical romance. It is the story of the struggle, always in the background, but covered over with humor and gaiety and very warm human story.

Encouraged by the public's enthusiastic response, the directors of the Pioneer Amphitheatre have already announced that the production will be open again next summer. In 55 performances during July and August of 1966, 61,338 people attended the theatre. The average attendance was 1,116 per night. The July average was 937, August was 1,269 and September 1,371. The high reached was 1548 and on that night a number of people had to sit on the stairs. During the season, visitors have registered from all fifty states and from 82

**FOR OVER A HALF CENTURY WE HAVE SERVED THE NEEDS OF HALL COUNTY!**

At the turn of this century, Cicero Smith Lumber Company was established in Memphis. Since that time, we have been serving the needs of this area with top-grade materials for building, repairing and equipping homes and farmsteads. We, too, have roots planted deep in Hall County, and are interested in the future progress of this entire area.

**WELCOME TO THE HALL COUNTY PICNIC**

We take this opportunity of welcoming everyone to the 76th Birthday Celebration of the establishment of Hall County, one which has come a long way since 1890. As our record for the past half century will show, we are ready to help in any way we can, whether it is home fix-up, remodeling, or a complete new home. Call upon us at any time.

Attend The HALL COUNTY PICNIC Saturday and Sunday

Whether we're old or young, we will take this occasion to renew acquaintances and remember the spirit of our pioneer families.

**THERE HAVE BEEN SOME CHANGES, TOO, IN THE FEED AND ELEVATOR BUSINESS SINCE 1890!**

We are glad we established this firm here Jan. 1, 1944, and take this opportunity to thank those who have given us their patronage since that date. We're looking forward to serving this area in the future.

foreign countries.

Paul Green did research on the materials concerning the Texas Panhandle for five years before writing the script of "Texas". It shows the same masterful command of the materials found in his other successful, tremendous long-living musical dramas: the "Lost Colony" which has been running for 39 years in North Carolina; "The Common Glory" which opened its twentieth season in Virginia this year; "The Stephen Foster Story" which has just completed its second season in Florida. In "Texas", Mr. Green collaborated with Isaac Van Grove, noted composer and conductor, who also worked with him on the "Stephen Foster Story" and the "Cross and Sword."

The Pioneer Amphitheatre was built by the people of the Texas Panhandle with the assistance of the State of Texas. It opened in 1965 with a summer-long sound and light show augmented by a live cast, "Thundering Sounds of the West." This played to 36,000 people. After its success, the supporters of the theatre turned to the more ambitious project which they had planned from the first, the presentation of the Paul Green script, "Texas", which is a superb combination of drama, music, dance, riding and sound and light especially written for the Panhandle.

In the "Longhorn Trail" column of the Houston Post, William Gardner speaks of the production this way:

"The Panhandle is swinging a wide loop... for visitors, and one of the attractions that draws them as surely as a waterhole at sundown is the impressive production of Paul Green's musical drama "Texas"... which portrays the saga of the high canyon walls. Of

course the setting contributes greatly to the impressiveness of the production, the lofty cliffs of storied Palo Duro, the bright West Texas stars in a wide sky, the night sounds of a land that was home to the Comanches, the Kiowas and the buffalo."

## Use Of Chemicals May Be Aid To Cotton Quality

Memphis, Tenn. (Special) — Use of harvest-aid chemicals can help to preserve cotton quality.

With the leaves killed or defoliated, bolls are exposed to sunlight and air, thereby reducing boll rot and associated fiber and seed damage. Applying harvest-aid chemicals also hastens the opening of mature bolls and reduces the drying time required after a rain or heavy dew, the National Cotton Council reports.

Removal of leaves decreases the amount of trash, green leaf, and moisture in machine-harvested cotton. It also reduces gummed and clogged spindles which can cause spindle picked cotton, and stains in mechanically picked cotton. Defoliation or desiccation, moreover, makes earlier harvesting possible which diminishes the hazards of exposure to weather and microorganisms.

In short, using harvest-aid chemicals makes it possible to harvest cotton that requires less drying and cleaning at the gin, thus preserving the fiber's inherent quality, especially length and length uniformity.

The Council points out that timing is the key to successful use of harvest-aid chemicals. Plant and weather conditions, together with the harvesting schedule, are the prime factors to consider in determining when such chemicals should be applied. Too much time lapse between defoliation and harvesting can result in excessive second growth leaves.

A note of warning: harvest-chemicals do not increase the rate of growth or the maturity of bolls. Defoliating or desiccating too early results in the premature opening of green bolls containing weak, immature fibers. This usually reduces yields and produces low micronaire readings. Immature weak fibers break more easily in gin or mill processing, thereby lowering length and length uniformity factors and subsequently reducing yard strength and mill processing efficiency. Such fibers do not take dye uniformly and are also more susceptible to nep formation, thus lowering yarn appearance.

Under certain conditions, it may not be wise to defoliate at all. Where natural leaf drop has partially defoliated the plants, when plants are drought stressed or where leaf cells contain low

moisture levels, the crop may be machine picked without significant damage to line quality. If seed cotton contains green leaves, however, it should be ginned immediately, the Council notes.

Since conditions vary considerably, cotton growers are urged to follow recommendations of local agriculture authorities.

Batik-printing is an ancient way to print cottons with melted wax and dye.

#### Emergency Hand Wash

When you're out duck your hands can get mighty dry. An empty shotgun shell is a quick solution.

Slice a spent shotgun shell lengthwise three or four inches down toward the brass. Burn at least 60 seconds, time enough to warm a pair of chilled hands.

**WELCOME TO HALL COUNTY'S PARADE AND PICNIC SATURDAY AND SUNDAY**

From the horse and buggy days of early 1890's, Hall County has prospered with the times... and Memphis is now a modern and progressive city.

It has been our privilege to have played a part in this growth and development the past 18 years.

Visit us during the celebration... and us show you our line of quality merchandise for both men and women.

## C. Committee Thanks Cooperation

Member of Commerce  
on Beautification  
to take this opportuni-  
ty to thank everyone who had a  
part in our summer beau-  
tification project. Our  
project was successful. Our  
thanks go to each resident  
property owner who worked  
hard to beautify their  
property and thus contribute  
to the beauty of our city. We regret  
that an award cannot be given  
to you for your efforts.  
However, we have the con-  
solation of enjoying the fruit of  
your efforts every time you walk  
through your beautiful yards.  
You must feel, as we do,  
that your work was worth while,  
and you won a prize or not,  
it is the Kinard, chairman.

Appreciation is also extend-  
ed to the city council and the  
women's service or-  
ganizations who contributed their  
efforts to make our  
beautification project more suc-  
cessful. Cooperation was won-  
derful. This certainly speaks  
for our city, Mrs. Kinard.

Express our deep gratitude  
to the members of the Garden  
Committee of the Garden  
Club for their willingness to serve  
and for the excellent  
work they did in determining what  
other properties should  
be included. Without the  
service of this club, our  
beautification project would  
not have had a much  
greater success. Committee members

HALL COUNTY PICNIC

SATURDAY, SUNDAY — SEPT. 17-18

As we pause to celebrate the 76th Anniversary of Hall  
County, we take personal pride in having been able to  
serve this community since the founding of the City. We  
have enjoyed our association with you throughout the  
years.

Keeping abreast with the forward movement of our  
county, we are now remodeling and enlarging our fa-  
cilities to better serve our customers. We hope that we  
can be of service to you in the future.

Come by and visit us during the celebration this week-

HALL COUNTY PICNIC

Saturday and Sunday, former citizens and local residents will be remembering  
years which have gone by. Many of you will remember that the Memphis Compress  
Company was established here in 1921, and since that date has served as head-  
quarters for our friends in the ginning business, not only in Hall County, but in  
vast area.

Since the first bale of cotton was processed at the compress in Memphis, we have  
been active in Hall County's progress. In looking to the future, it is our contin-  
uing aim to cooperate in all things which will mean more to our patrons and the cot-  
ton farmers of this area.

Make your plans now to help celebrate the 76th birthday of our county. Two full  
days have been planned, and the free barbecue Sunday in the City Park is a fitting  
climax.

# Income Tax A. Column

Answers of questions and federal tax matters furnished by the local office of the Internal Revenue Service and published as a service to taxpayers. The answers questions most asked by taxpayers.

Q. I've been out on sick leave for a month now and it looks as if it'll be several months before I can return to work. I'm sure I'll qualify for the sick pay exclusion when I file next year's return. Can my boss stop withholding income tax on the pay I receive while I'm out?

A. If you receive your sick pay under an employer-financed plan, then you may ask your employer not to withhold income tax on the excludable portion. To do this, your employer has to have evidence that you do qualify for the sick pay exclusion. Therefore, the best thing for you to do is to give the payroll department at your place of employment the information needed for its record.

Mr. and Mrs. Emmitt Ables and son, Pual Blane and Mrs. Harry Aspgrn were Abilene visitors over the weekend. The Ables visited her mother, Mrs. Stanley Hefley and Mr. Hefley. Mrs. Aspgrn was the guest of Mr. and Mrs. C. B. Wallace and son, Jerry, who are former Memphis residents. Mrs. Margaret Whitehurst of Quanah was there also.

Mrs. Emma Wright has returned from a 10-day vacation in Landenberg, Penn., near Philadelphia, with her son, Mr. and Mrs. David Wright and daughter. She also visited points of interest in Maryland and Delaware. David is a flight engineer with Capital Airlines and flies out of Delaware.

tip income. Who is right?

A. You are. Service charges shared by employees are considered wages and are reported as such by your employer. You need not include them when you report to you employer the cash tips you made.

# Cyclone Blanks Favored Bronchos 20-0 In Opener

By BILL COMBS  
The local lads lived up to expectations of all their fans Friday night at Clarendon as the 1966 Memphis Cyclone team staged a fine show in defeating the favored Clarendon Bronchos 20-0.

Memphis fans expect their ball club to defeat Clarendon in football each year, regardless of prior records of performance, capabilities, experience or whatever. Friday night, local fans were not only pleased with the performance of the local squad, they even were complimentary about the sportsmanship, the ag-

gressiveness, and the clean play displayed by both squads.

Memphis teams, the past two years, had begun strong against Clarendon, running up a good lead, and then "letting down", only to see the Bronchos come to life and either win the game or almost win it.

Friday night, Clarendon boys and coaching staff thought they would be able to take advantage of any let up, but the boys in gold turned in a full night of aggressive football and finished the game stronger than they began.

Clarendon was picked favorite before gametime, and possibly

rightly so, because they had experienced linebackers, backs and a good line, returning. Memphis on the other hand, had untested boys in the backfield and at linebacker positions.

**Game At A Glance**

Memphis	Clarendon
10 First Downs	10

4 Completed Passes	3
8 Incompleted Passes	4
1 Pass Intercepted	0
2 for 33 Punt Average	2 for 35
40 Yards Penalized	22
2 Fumbles Lost	1

Memphis turned the tide of the battle in the first quarter, in fact, the first time they got their hands on the football.

The Cyclone established that they could crack the Bronchos defensive line on the ground with keen line blocking and good carries by FB Kay Miller and HB Gary Rea to make the first, first down.

In the next series, WB Junior Graves found things sticky around left end and in an attempt to reverse his field he lost 11 yards and the Cyclone were in a hole.

QB Tony Pounds who directed the Cyclone attack in mid-season form all night, went to the airways, and on his second attempt, connected with that quick running halfback, Gary Rea up the middle and Rea outran Clarendon's secondary for a 54-yard touchdown that electrified the entire stadium, predominately Memphis fans on both sides of the field. A place kick attempt for extra point was fumbled so the score was 6 to 0.

The Bronchos, more determined than ever, leashed a determined offensive from their own 27 yard line after the kickoff. No. 10 Mac McClelland and No. 25 Archie Smith on carry after carry charged the Cyclone defenders and the local lads defense bent a few times but did not break.

The Bronchos kept the ball moving for 54 yards down the field until the end of the first quarter.

Possibly the best defensive efforts of the night for the Cyclone squad came when Clarendon set up a new series on the Cyclone 29. As the result of this heads up

defensive play, Memphis took over the ball, stopping the Bronchos' only serious threat of the night.

Right after the half, the local lads got things going again with a fine kick-off return carry by Dwayne Jones to the Bronchos 46. Two carries by Junior Graves put the ball on the Clarendon 30.

Here the drive was stopped for three downs, but on the fourth, QB Pounds pinpointed a 27 yard pass to End Clyde Wilson who caught the ball and was dropped two Bronchos on the three yardline.

It looked like a sure TD, but Clarendon's defense grabbed off a Cyclone fumble, giving them ball on their own three.

However, two plays later, Memphis Lineback Willie Devorce hit one of the Bronchos backs so hard he dropped the ball and Tackle Garvin Speed recovered for Memphis setting the Cyclone up on the Bronch 7.

From this point, two plays occurred that are a good indication of the exciting action Memphis fans witnessed. On a second down and six situation, QB Pounds pitched the ball out to HB Gary Rea while was airborne after being hit and Rea caught the pitch-out and raced into the endzone for the score.

Then on a two-point conversion, the Cyclone tried an end around play which turned into a real show. The play started off bad as End Dwayne Jones was forced deep by a host of Clarendon defenders. The speedy end reversed his field and began picking up blockers. The first key block was thrown by HB Rea following by several others as Jones found clear sailing across the goalline for the two-point conversion.

It was late in the fourth quarter before Memphis mounted another scoring effort. The local lads came into possession of the ball on the Bronchos 46 after an attempted fake punt carry failed to give Clarendon a first down.

The drive got going when QB Pounds carried on the option and picked up 13 yards to the Bronchos 34. On the next play, a pitchout to Junior Graves went for 27 yards to the Clarendon 7. With just a little added help, Graves could have scored on this play.

The clock on the scoreboard showed three seconds when the Cyclone put the ball into play again, and a roll out pass play to End Clyde Wilson was successfully caught so the Cyclone scored again.

The two-point conversion carry by Kenneth Corinth fell only inches short.

## LOCALS

Mr. and Mrs. Robert New and family, formerly of Hawaii, are visiting here in the home of her parents, Mr. and Mrs. John McWhorter, and with other relatives. New has just retired from the Army and has accepted a position with a telephone company in Baytown. Also visiting in the McWhorter home and with his wife and children in Childress is Chief Fire Control Technician Keith McWhorter, who is stationed at Boston, Mass. He serves on the U. S. S. William H. Stanley.

Mr. and Mrs. L. F. Jones and Mr. and Mrs. E. L. Kilgore were in Denton Tuesday to attend the funeral for Mrs. Dovie Montgomery, who died Saturday in Denton. She was the aunt of Mrs. Jones and Kilgore.

Mrs. Mable Meacham spent Sunday in Clarendon visiting her daughter and son-in-law, Mr. and Mrs. Dick Shelton.

Memphis on offense were HB Gary Rea who figured heavily in 14 points, QB Tony Pounds who tossed two TD passes and carried for 44 yards maintaining an average of 11 yards per carry. Junior Graves turned in a fine night as a running back, averaging 6 yards per carry while Gary Rea had a 4-yard per carry average.

Clyde Wilson turning in a fine night on both offense and defense as did Guard Willie Devorce and Tackle Larry Gaston. Kay Miller played good defense, especially on certain plays.

"If we can improve as much by next week as we did since the McLean scrimmage," Coach Glascock said, "we will win several ball games this season." "I was real pleased with our boys' performance as a team at Clarendon," the coach said. "It was a real team victory," he said.

Clarendon's coach said that this is the first time one of his teams had been shut out since he became a head coach several years ago. He praised the Cyclones by saying they played a errorless game. Memphis fans would probably not agree with this statement but would say that the Cyclone committed no costly mistakes.

All in all, the 1966 football season is off to a really fine start; fans should be on hand Friday night for the Memphis-Shamrock game, which will be a hard fought affair between evenly matched Class AA teams.

Mr. and Mrs. Bud Mabry of Miami, Ariz., spent last week with his parents, Mr. and Mrs. W. D. Mabry, and visited Mary Lee Mabry, and Mr. and Mrs. Coy Yarbrough.

A TAX INCREASE man's certain fates is destined to pay taxes. But there is nothing in his certain destiny but higher taxes—except in these days you all sorts of discussion toward a tax increase. Well, I am against any tax increase. I see no reason at all why the government cannot pay its bills in domestic and foreign currencies. I see no reason why the government cannot pay its bills in domestic and foreign currencies. I see no reason why the government cannot pay its bills in domestic and foreign currencies.

enjoy some kind of hallowed status. It is simple political inertia that keeps many of them from being undone and disbanded. The latest move toward expansion of government was taken recently when a new cabinet-ran Department of Transportation was approved (I voted against it) consolidating in one department some of the present transportation-oriented programs of government and adding new functions. All this was topped off with authority for a bureaucracy to run the show. New cost to the taxpayer was added thereby. This action was another case of taking away congressional powers and vesting them in the Executive Branch. The Independent agencies which are merged into the Department of Transportation were agencies created as "arms of the Congress." Under the new Transportation Act they are completely and wholly under the Executive.

The Memphis Cyclone Band Booster Club has scheduled a meeting for Tuesday evening, Sept. 20, at 7:00 p. m. at the Band Hall, according to an announcement by Gayle Greene, president of the club. Mr. Greene urges that all interested parties be at this first meeting of the school year.

### Fly-Fishing Skill

Most experts claim that less than five per cent of an angler's success when fly-fishing is due to the fly selected.

On the other hand, skill and aptitude in presenting a fly to the fish is responsible for more than ninety-five per cent of his catches.

Think of that, chum, when you lazy out on your fly-casting practice.

## Jean Baten To Represent County At Heart Meeting

Jean Baten will represent the Hall County Heart Association as a delegate to the 31st Annual Meeting and Scientific Session of the Texas Heart Association, to be held in Houston, Sept. 16-18, Burl Grafton, president of Hall County Association, announced this week.

The meeting will be attended by delegates throughout the state and an interesting and helpful program is planned. Friday's activities will include talks by many of the foremost doctors in the field of cardiovascular diseases. Saturday will have a closed circuit television program of an open heart surgery and various workshops to inform the delegates of functions of their own heart association. On Sunday a General Assembly of all delegates will be held for the purpose of electing new officers for the State Association and approving the functions for the coming year.

Jean stated she hopes to bring home information to help the people of Hall County to understand the functions and importance of the Heart Association, how information is obtained and contributions used to help our families,

friends and neighbors who are victims of cardiovascular diseases.

Mr. and Mrs. Oren Jones and Mr. and Mrs. Guy Smith attended an informal reception held Sunday at Patching Club House in Clarendon honoring Mr. and Mrs. Dee Miller of Amarillo. same old things, adding new obligations on top of old ones, and when deficits mount its leaders (who would never think to handle their personal finances so irresponsibly) begin to think of a new assault on the pocketbooks of taxpayers.

One of every seven working Americans, it is said, is now on the payroll of government in one way or another, at the Federal, State, or local level. The strange nostrum grows that the taxpayer has an unlimited ability to meet whatever schemes are devised to his imagined benefit. The taxpayer's ability is NOT unlimited. There are limits. There are sound reasons for keeping taxes down, for permitting as much economic freedom of choice as is possible, for limiting government to things that it and only it can do.

It is my position that domestic

spending can be reduced and military commitments fully met—without an increase in taxes. I'm still looking for the man in Washington who can tear this position apart. There are none.

Texas consumes 5.4 billion gallons of gasoline a year, ranking second behind California.

# GIFT OF THE PIONEERS

During the past reunions of the Hall County Pioneers, it seemed that the favorite pastime was one of relating the early day experiences. Some of those tales were of hardship and sacrifice; some of friendship, love, and great devotion; and some were funny or sad. However, the one thing that seemed to hold true with all of the stories, was the fact that these pioneers had two great qualities — FAITH AND HOPE.

When they came here they had few material possessions, little money, but a great FAITH in the future and lots of HOPE that their coming here was not a mistake.

There was a FAITH that enabled them to dare to dream, to believe, to adventure. Their FAITH was the foundation of their friendship with one another regardless of their background. Their FAITH created ideals and aspirations that enabled them to

keep on believing regardless of the hardships they endured. FAITH was the power that gave them strength to live in their new world and, yet, look to the future of this generation and to those to come. Yes, they brought with them this great gift that gave this County its start — FAITH in themselves, FAITH in their fellowman, and most of all FAITH in their God.

They also brought and gave to us HOPE. HOPE is also a quality which abides and is more than mere wistful dreaming of idle dreams. Their HOPE was based on certain truths, certain expectations, and certain beliefs which they knew were eternal. They could laugh, sing, and cry all at the same time for they knew that behind every cloud there was sunshine, and each disappointment would bring a better day. When something went wrong, they did not stand around wringing their

hands woefully saying "There is nothing we can do about it." They did not have time for such idle chatter—they got busy and tried to right the wrong. They felt that time was precious and every day must be spent in building what they HOPED would be a fine place to live.

We point with pride to the growth and improvements of our County, but without the FAITH AND HOPE of our pioneers, our surroundings might have been much less attractive or progressive. We thank you for giving us these two great gifts and we pray that in the future when the 150th celebration is held, our children, grandchildren, and great grandchildren can look back and say the same of us.

We hope that you enjoy your stay here and want you to know that we welcome each and everyone. Come by and see us while you are here.

the Sun Shrine we were serenaded by a mariachi band, and that really makes a woman feel great," she laughed.

#### Life in Guadalajara

While in Guadalajara, Mrs. Hanvey and the other volunteer workers lived in the Baptist dormitories. The group of 75 people from all points in the United States was composed of men and women, and youngsters of high school and college age.

Mr. and Mrs. Orvil Reid, Baptist missionaries who have been in Mexico for 25 years, were in charge of "Operation Guadalajara." They have been in that country longer than any other missionaries in Mexico.

The volunteer workers were divided into groups of six persons, and went into Baptist homes or churches to teach four one-week schools in Bible classes to the children, usually between 20 and 40 in the entire group. There are ten Baptist churches in Guadalajara, some of which are in private homes. Mrs. Hanvey related that after the first Baptist church was established, it took 65 years to get a second one started. There are only 800 members in the entire city of over one and one-half million persons, which is 400 miles west of Mexico City.

#### Bible Classes

Mrs. Hanvey was fortunate, she said, in working in the better parts of Guadalajara, where there were large, beautiful homes. She had very little trouble with opposition in her section of the city, but another group of volunteer workers who were in the poorer section were spit upon and stoned by a crowd. In another instance, several nuns and a priest walked up and down in front of a home where classes were being held and persuaded the children not to attend that day.

"The little children we had in our classes were precious," Mrs. Hanvey said. "When they came in and introduced themselves, each one would add 'And I am at your service' and they meant it," she related. "They would do anything for us and were so appreciative of the things we did for them. They would cry when we left, and we would cry, too, because we never knew if we would see them again."

The Bible school classes, conducted completely in Spanish except for singing some songs in English, were similar to classes in the United States. "We taught from 9:30 to 12 noon, and had Bible stories, songs, games, handicraft, marches, and pledges to the Bible, the Mexican flag and the Christian flag. I took a cram

course in Spanish before going to Mexico and managed to get across to the children by myself, though my co-worker for much of the time was a Latin American girl from San Antonio who really was a big help," Mrs. Hanvey said.

During the afternoon from 2 p. m. until 6 or 6:30 p. m., Mrs. Hanvey worked in the laboratory at the Baptist Hospital, then went to teach English from 7 to 9 or 9:30 p. m. to a class of eight adults. "Every hour was packed full," she stated, "but it was worth it. The adults in my class included lawyers and ditch-diggers, but all had one common bond, an eager desire to learn English. Most of them did not speak one word of English."

"We started out with the most basic words, such as colors, which were fairly easily understood with pictures. In five weeks of classes, we had progressed to building sentences. They were the best students one could imagine."

#### Wealth of Talent

Mrs. Hanvey said that she was surprised to find that practically everyone in Mexico had some kind of talent, such as painting or playing an instrument. "There is really music in the air in Mexico, with so many people able to play. There was a piano downstairs in our dormitory, and it was never silent the whole time we were there. The people are so outgoing and full of life, and they love to express their joy in living. They lead a much slower paced life than we Americans do, and regardless of how much or how little they have, they seem to enjoy every moment of the day."

"The hug is as common as our handshake, and one never leaves a friend in Mexico without hugging him or shaking his hand. Also, there is a saying that a Mexican boy does not consider himself dressed unless he wears a smile," Mrs. Hanvey continued.

Having eight to ten children in each family is common in Mexico, and children are everywhere. They play in the streets in Guadalajara for lack of anywhere else to play. By the time they can get around by themselves, they are trying to work, shining shoes, selling gum, playing an instrument, or whatever they can find to earn money," she stated.

Guadalajara is steeped in culture, Mrs. Hanvey said, and the people are cultured. There are many fine theatres, museums and similar attractions. The city is on a plain with mountains in the distance. The altitude is 5,000 feet and the weather is ideal, she said, with temperatures of about 80 degrees. The nights are cool enough to sleep under a blanket. "We were there during the rainy season, and it rained every day, usually late in the afternoon or even. We went to a soccer game, and didn't get to see the end because it started raining," she continued. "And the thunder

during these rains was tremendous. It would practically knock you off your feet!"

Soccer is an extremely popular sport in Mexico, and the children start playing it as soon as they can walk, Mrs. Hanvey said. "We saw informal games going on in the streets all the time, and enjoyed the big game which we attended, even though we didn't know who won or even who Guadalajara was playing."

Another feature of the city which Mrs. Hanvey enjoyed was the profusion of flower markets. She said that she purchased three dozen beautiful roses one day for slightly more than a dollar; and struggled back to the dormitory on the bus with her arms loaded, just for the pleasure of having so many roses at one time.

#### City Of Contrasts

Guadalajara is a city of contrasts, she said, as is Mexico. It is nothing like the border towns that tourists usually see. "There is the new and the old, the good and the bad. We saw homes that were mansions and thatched huts that seemed barely livable."

Mrs. Hanvey laughed when asked about the food she ate while living in the dormitory. "We had beans, beans and more beans, for three meals a day. We also had tortillas and some other varieties of food which the cooking staff tried to Americanize, but the standard fare was beans. After they had been cooked and served, they were re-cooked and mashed for the next meal."

The charming speaker said that she is so in love with Mexico that she would like to live there, and hopes to go back one day for another visit. She will attend Clar-

endon Junior College this fall to study the Spanish language further.

#### Leads Active Life

Mrs. Hanvey, the former Mary Ann Eppers, is a graduate of Memphis High School and has attended Clarendon Junior College. She is a member of the Atalantean Club, and is on the "Save A Life" Fund committee, which

raises funds for equipment for Hall County Hospital. This committee is one of her favorite projects, she said, which gives a good indication of the compassionate, warm and generous person that she is.

To sum up her stay in Mexico, Mrs. Hanvey concluded, "This is indeed a land of complete enchantment and one I love very much. The people are the greatest I ever met. I would not change one moment of the trip and I would like to return there some day."

"There is an old adage in Mexico, which says 'You can wipe the dust of Mexico out of your Mrs. Hanvey concluded. "This country and its wonderful people will remain a pleasant memory with me for the rest of my life."

Mrs. Jean McQueen and Mr. and Mrs. Don McAnear accompanied Susan McQueen to San Marcos over the weekend. Susan will be attending San Marcos State College this fall.

Visiting with Mrs. E. G. Archer and Mrs. J. C. Ledford last week were Mr. and Mrs. Charlie McBee of Plainview. Mrs. Ledford is McBee's sister.

Visiting here with Mrs. Yarbrough are her two sons and a brother-in-law, Mrs. Longshore of Long Beach, and Mr. and Mrs. Margie Croon of San Fernando. They are former residents of Memphis and will attend County Picnic celebration weekend.

Mr. and Mrs. Ike Brant Odessa visited last week with sisters, Carrie Belle Kinney, Cora Lee and her brother, Est Lee and family.

Mr. and Mrs. Garrie Brant attended a reunion of the Matthews' family, at Lake Altus Sunday. They were accompanied by their children and family, Mr. and Mrs. Paul Rogers and Bill Rogers, a party of 50 persons attended event.
