## J. S. Grimes Honored At Retirement Tues.

J. S. Grimes, who has served years as Justice of the Peace in Memphis, retired from public office Tuesday morning when his placement, Jack B. Boone was sworn in, along with other Hall County officials.

This concluded one of the long-tenures of service by a public official in Hall County's history, as a tribute to his service, county and state officials in the Hall County Courthouse, presented Judge Grimes with an engraved trophy-plaque. The presentation was made by County Judge E. "Gip" McMurry Tuesday afternoon in the Grimes home.

Accompanying the trophy-plaque was a cord signed by 29 judges. The engraving on the plaque read, "To Judge Grimes in Your Courthouse Friends for 20 Years Service, Presented Jan. 5, 1966."

The trophy portion of the plaque was the figure of a gavel standing which fittingly represents the type of service Judge Grimes has given Hall County in the past 20 years.

He was first elected to the office of the Peace in 1946 and was sworn in on Jan. 1, 1947. He ran against Morgan Baker in this election.

From that time on, until last year, Judge Grimes never had an opponent. He worked with six present Sheriffs while he was in office.

"I never had any trouble working with other county or state officials," Judge Grimes said, "I'm going to say I could work with some easier than I did others."

Judge Grimes expressed his appreciation to the county officials for making his job in the courthouse as pleasant as it was and for their cooperation with his office.

About the Justice of Peace office, Judge Grimes said, "You get some nice people and then you meet those who will lie to you a dime."

Mr. and Mrs. Grimes moved to Hall County in October of 1914 where Mr. Grimes engaged in farming until 1934. They have one son, Lester of Memphis, son of Dallas and Chester of Dallas.

Judge and Mrs. Grimes are natives of Paris, Texas, where they lived prior to moving to Hall County.

In 1934 Mr. Grimes was engaged in working for a lumber yard here, and then he worked at the mill. He also worked part

time at a gin and part time for Barnes Grocery, a job he held off and on for 20 years.

Judge Grimes served four years as constable for Hall County and prior to that, for a few months, he served as Deputy Sheriff with Sheriff Lindsey Hill.

During World War II, Judge Grimes suffered several illnesses and was unable to work, so Mrs. Grimes worked in a local hospital.

Although Judge Grimes has back trouble which makes it almost impossible for him to climb steps, he has conducted the duties of his office in either the basement office at the courthouse or in his home for the past 20 years.

During the 20 years Judge Grimes has served as J. P. he has filled out about one-half of the total number of Docket Books on file in the office.

## Travis PTA To Meet Tuesday

The Travis PTA will meet Tuesday, Jan. 10, at 7:00 p. m. in the Travis Cafeteria.

The program will be a look at Panhandle Education Schools Association demonstrated by remedial reading teachers, Mrs. Pat Chambless and Mrs. Arleta Berry and school children.

All parents and visitors are cordially invited to attend.

## Population Guesstimates Show Over 3,800 People

By BILL COMBS

Memphis' population is holding about constant, in the neighborhood of 3,800 plus, after experiencing a continuous growth since 1960, the year the Federal Census of Population was taken.

In 1960, the Federal census listed Memphis as having a population of 3,332 and Hall County a population of 7,332.

Since that time, however, Hall County has experienced a certain amount of growth, which was estimated by the Population Research Center, Dept. of Sociology, University of Texas, to be 7,744 as of April 1, 1965. This report was published March, 1966, issue of the Texas Business Review.

The 3,800 plus population figure is derived from a formula to

## Funeral Services For Morris Woods To Be Held Fri.

Funeral services for Morris S. Woods, 61, who died Wednesday morning in Hall County Hospital, will be held at 10 a. m. Friday in the Travis Baptist Church with the Rev. Leroy Gaston, pastor, officiating.

Burial will be in Fairview Cemetery with services under the direction of Spicer Funeral Home.

A retired farmer, Mr. Woods was born Sept. 17, 1905, in Clarksville, Texas. He and his wife moved to Memphis in 1940 and they resided at 323 Montgomery.

Morris Sheppard Woods was united in marriage to Ethel Jan Peek Sept. 30, 1933, in Hugo, Okla.

Mr. Woods was a member of the Blossom Baptist Church.

He is survived by his wife of the home; two brothers, Carl E. Woods of Claude and Jo Bailey Woods of Denver City; four sisters, Mrs. Mary Foster of Clarksville, Mrs. Georgia Walker of Van Horn, Mrs. Lillian Barnett of Seminole and Mrs. Myrtle Perry of DeLeon.

Pallbearers will be Arlie Shaway, J. J. Palmer, Lonnie Shaway, J. H. Barbee, Jr., Coy Davis and Charley Jones.

## Dr. M. T. Blume, Turkey Dentist, Dies Tuesday

Dr. Milton T. Blume, 63, a dentist in Turkey since 1927, died Tuesday morning at his home after suffering a heart attack.

Funeral services will be held Friday at 3 p. m. at the First Methodist Church in Turkey. Rev. Fred Brown, pastor, will officiate.

Interment will be in Turkey Cemetery under the direction of Seigler Funeral Home.

Dr. Blume came to Turkey in 1928. He was raised at West, a small town 18 miles from Waco. After graduating from West High School, he enrolled at Baylor University for pre-medical work, as he had planned to become a doctor.

After two years at Baylor, Dr. Blume changed his major to dentistry and enrolled in the Baylor Medical Branch at Dallas where he attended four years. Graduating with honors, he moved to Turkey and set up his office August 18, 1928.

This year was his 39th year of dentistry in the Turkey area where he had been an asset to the Turkey area and surrounding communities.

Dr. Blume was united in marriage to Miss Mayme Ellis of Brownwood on Dec. 24, 1928.

A past grand master of Hall County Masonic Lodge 1271, he belonged to the Scottish Rite and was a Shriner. He was a member of the Methodist Church and was very active in all civic affairs.

In addition to his wife, he is survived by a son, David, who is

## Annual County Livestock Show Is Next Weekend

The 30th Annual 4-H, FFA Livestock Show for Hall County will be held Friday and Saturday, Jan. 13 and 14, County Agent W. B. Hooser reminded citizens this week.

The annual livestock show will be held in the Show Barn, just north of the Memphis City Park with Howard Weatherly, Vo-Ag instructor of Shamrock Schools, as the judge.

Deadline for entering animals in the 30th Annual County Show is 5 p. m. Friday, Jan. 13. All animals must be weighed and at the Show Barn by that time.

County Agent Hooser said that animals can be weighed in at

## Ballots Mailed This Week For 1967 Memphis C. Of C. Directors Election

Members of the Memphis Chamber of Commerce and Hall County Board of Development received official ballots Tuesday, Jan. 3, in the 1967 election of four new directors, President Byron Baldwin announced this week.

At the same time it was announced that the vacancy created by the resignation of Director Shannon Doss, whose term should have expired after one more year, will be filled by the person receiving the fifth highest vote.

Ballots, to be included in the final tabulation, must be post marked not later than Jan. 8. Each member should vote for names on the ballot.

The new directors will be elected for a three-year term to replace these retiring directors: Byron Baldwin, Jim Beeson, T. W. Harrison and Mills Roberts. Directors with one-year terms remaining are: Lester Campbell, J. W. Coppedge and Wayne Goodrum. Hold-over directors with two-year terms remaining are: Mackie Allen, Bill Combs, Jack I. Davis and Jack B. Boone.

The president explained that retiring directors are not eligible for election until one year has passed, at which time their names will again appear upon the ballots.

## January 31st Final Date For Voter Registration

## Dist. 10-B Teams Begin Cager Play

District 10-B play-offs in the boys and girls brackets began Tuesday evening and favorite teams were victorious in all quarters.

Actually, the Estelline girls are slight favorites to win the girls bracket, with their toughest competition coming when the Bearettes meet the Quitaque girls. Quitaque girls lost two prior games this season but only by a few points to Estelline girls so the Quitaque girls are strong second place team. The Bearettes will be seeking their third district championship in a row in the six team district.

In the boys bracket, all indications point to Quitaque boys to again win the District 10-B crown. Teams from Quitaque have almost completely dominated this district for the past few years and this team appears capable of duplicating this feat.

Turkey has a good boys team this season as does Matador, followed not very far behind by Lakeview, a team also capable of putting a lot of points on the scoreboard.

In opening district action, two real fine games were played at Turkey gymnasium where the Turks and Turkettes battle victoriously with the Eagles and Eaglettes of Lakeview.

The girls game was a real defensive affair with the Turkey

girls battling to overcome a 12 to 7 deficit in the first quarter to capture a half-time tie of 16 to 16. In the last half, Lakeview hit 12 points while Turkey hit 16 for a 32 to 28 victory. Turkey's Karen Arnold had 15 points while Lakeview's Landa Berry had 11.

In the boys game, the Turks came from behind in the second half to defeat a stubborn Lakeview team 60 to 52. Lakeview led at halftime 27 to 24. Kirby Hatley had 22 points for the Eagles while Turkey's Johnny King had 25 points.

The Estelline girls defeated the Matador girls 46 to 33 after leading the game from the opening stanza. Estelline's Cheri Rapp had 17 points while Matador's Karol King had 14 points.

In the boys game, Matador took a 59 to 35 victory over Estelline. Estelline's Jimmy Adcock had 13 points while Matador's Luis Moore had 18 points.

Quitcaque boys and girls won victory over Flomot teams. The girls won 63 to 17 and the boys won 91 to 48.

The schedule calls for Estelline to take on Flomot at Estelline tomorrow night. Lakeview teams travel to Matador and Turkey teams will play Quitaque teams.

Next Tuesday night, Lakeview will travel to Flomot, Estelline will travel to Quitaque and Turkey will play Matador.

Melissa Anderson, county tax assessor and collector, reminded Hall County voters this week that less than four weeks are left in which to file application in the voter registration. Persons between the age of 21 and 60 who do not register will not be eligible to vote during 1967.

Deadline for registering is on Tuesday, Jan. 31, Mrs. Anderson said. Approximately 900 persons had registered in the county tax assessor's office up to Thursday morning. A count of those who had registered in the Turkey office was not available.

Persons in the Turkey area may register at the Ferguson Insurance office with Loetta Ferguson.

The registration period opened on Oct. 1 and will continue through Jan. 31. There is nothing to pay in order to become a qualified voter, not even a registration fee as had sometimes been discussed.

Persons who become eligible to vote during the year are not permitted to get a late exemption, but must register during the regular period. This applies especially to those who will become 21 during the year, and those who complete a year's residence during the year. The registration receipt will be marked as to the date that it becomes effective.

The over-age exemption is similar to the poll tax regulations in that a registration receipt is not necessary for those who are 60 or over if they live in a town of less than 10,000 population. Unlike the poll tax, the person need only reach the age of requirement by election day, not the previous Jan. 1.

Registration receipts must be written out by the tax assessor-collector's office staff. An application for voter registration certificate may be sent in if the qualified voter is unable to go to that office, but this application must be received through the mail or in person.

Another individual or organization could pass out the registration, but they may not be collected by that individual or organization for return to the tax office.

The application form printed on the back of your State and County Tax Statement may be used, a person may write to the tax office and request an application.

Registration may be made by a qualified voter only for himself, spouse, mother, father, son or daughter. This person doing the registering for these family members must himself be a qualified voter. This is to say, an 18-year-old, for example, could not register for his father or mother.

## Local Cagers Go To Friona Fri.

The Memphis Cyclone and Cyclonettes returned to District 3-AA action Tuesday night, and ended up splitting games with the visiting Olton teams.

Tomorrow night the local cager teams travel to Friona for the longest road trip of the season. The Friona boys are undefeated in four games while the Cyclone stands at a 2-2 mark.

Next Tuesday night, local fans should remember that, due to semester exams, there are no games scheduled. Next Friday, Jan. 13, local teams will play host to the Floydada teams in the Memphis gymnasium.

The Olton girls team ran up a 49 to 22 first-half lead and went on to defeat the local girls team 75 to 41. Janie Watson scored 18 points for Memphis, while Olton's Kay Shultz made 21 points.

When the boys teams took the floor, spirits in the local gym ran high Tuesday night as local fans remembered the football game.

The first quarter was a see-saw battle in which the score was Memphis 11 and Olton 10. In the second quarter, the Cyclone rallied late in the period to capture a 29 to 25 lead.

The third quarter saw the Mustangs overcome the deficit and go ahead, but Memphis battled back to capture a 39 to 37 edge at the end of the period.

The fourth quarter was a wide open affair with the Cyclone holding the scoring edge and winning the game 62 to 53.

Tony Pounds was the local team's high scorer with 18 points while Kenneth Johnson had 18 points for Olton.

In other games played last Friday night, the Clarendon teams won tough contests from the local squads in an action-packed night of basketball.

One of the best crowds of the

season was on hand for the two games.

The night started out with the Cyclonettes losing a hard fought defensive game to Clarendon 40 to 36. Since the local girls were trailing 28 to 13 at halftime, the second half was a fine display of defensive determination on the part of the local girls.

Janie Watson scored 19 points for Memphis to lead the scoring, while Judy McAnear had 17 for Clarendon.

In what has to be the most exciting game of the year, Archie Smith hit a field goal with two seconds left in the game to down the Cyclone 54 to 53. He shot from the right hand corner and the ball popped the net.

Prior to this, the Cyclone had come from behind in the final period and captured a two-point lead with 40 seconds left in the game. Smith was high point for Clarendon with 24 points while Tony Pounds had 17 for the local squad.

Last Thursday night, the Memphis teams split games with teams from Silverton.

In the girls game, the Owlettes down the Cyclonettes 51 to 30. Cynthia Evans had 16 points for the local girls while Connie Dudley had 23 points.

In the boys game, Memphis jumped out to an early lead and went on to down the Owls 72 to 46. Pounds had 23 points to lead the scoring while Randy Hughes had 12 points for Silverton.

District Standing

District 3-AA boys race is all tied up with Dimmitt and Friona still in the undefeated column. Memphis and Olton have 2 wins and two losses, Floydada and Lockney have lost all four games. The outcome of the Abernathy and Hale Center games last Tuesday is unknown at this time. Hale Center had a two win, 1

## School Census Survey Begins Tuesday, Jan. 3

The four Hall County School Districts, Memphis, Estelline, Turkey and Lakeview, began taking school census for 1967-68 school term last Tuesday. The census will be concluded by January 31.

The job of enumerating the number of children who will enter the schools next year is being handled through the superintendents' offices of the respective school districts.

Especially important is securing a list of names of those children who will begin school for the first time who will be first graders during the 1967-68 school term. School officials would appreciate being notified of these children.

Actually, all children who will be six years old by Sept. 1, 1967, are to be listed on the census for the school district they reside in, so school officials would appreciate their parents notifying them.

For further information about the census or to report next year's first graders, citizens should contact

## EDITORIAL

### New Year's Resolutions!

With the new year, 1967, just five days old, we would encourage our readers who have not already done so to think seriously about making New Year's Resolutions. This is certainly a good practice and one which can lead to long-lasting benefits.

Some people will not bother to make resolutions because they believe that they can't keep them. We will admit that many great resolutions are made in good faith, but without the capability or conviction to carry them out; so they are promptly broken and forgotten. Naturally, a resolution to be of any value must be kept.

There are many kinds of resolutions people make at the first of each year. Entire groups sometimes make resolutions or pledges to band together to accomplish a desired goal. When the goal is reached, or the job completed, the entire group benefits from the association or participation.

If citizens in Memphis, and in Hall County, want to make 1967 a good year, then our citizens will have to resolve now to work hard toward common goals. Our area has some big problems, we all admit. To solve big problems it takes big men and many times big money, depending on the nature of the problem.

We would encourage our citizens to resolve now to cooperate in each and every civic betterment project advanced for the common good of our area. Big jobs can many times be accomplished by the combined efforts of many people working toward common goals. To use a phrase from the sports field: if you don't have an All-American on your team, you had better have a lot of team work if you are going to win. Not every community or city in this nation is blessed with an All-American to tackle its problems for the rest of the citizens.

Let us resolve to devote our time to the important things during this year, working for betterment in education, agriculture, business, arts, industry, and most of all moral and spiritual betterment.

In conclusion, we would urge our citizens, the residents of Hall County, to resolve to seek further improvements in skills and knowledge. We are living in an age when the sum of man's knowledge has doubled in the past ten years. It is vitally important to our economy for our farmers, ranchers and businessmen to keep abreast of latest developments in respective fields. Knowledge is a wonderful thing and should be sought after as a worthy goal during 1967.

If we are truly dedicated to a movement of advancement and progress, we will without hesitation, adopt for ourselves the following "Citizen's Creed" which was written several years ago by Hubert Harrison, manager of the East Texas Chamber of Commerce:

"I believe in my Community, my State and my Country. I thank God that I am an American and a Texan.

"I believe that men can play a bigger part in town building than natural resources, and that cities are what men make them.

"I am willing to give of my time, my thought, my energy and my money to help advance the welfare of my community in return for the blessings I enjoy.

"I am not afraid that my competitor will make more money than I will as the town grows.

"I will not be a sponge, taking all I can get and giving as little as possible.

"I want to live in my town so that I can leave as a heritage the memory of some service for the benefit of the community.

"I believe that my record on earth will be largely my record as a citizen of this town.

"I believe in the success of my community and want to have it is said of me that I played my part well.

"I believe in the sincerity of other citizens and will not indulge in back-biting, slandering or knocking against my town or my neighbors. I am proud of my town and want to live so that my town may be proud of me.

"I will advance the fame of my town by doing my job the best I can . . . and perhaps better than it is being done elsewhere.

"I will invest my life where I am making my living."

## ACROSS the DESK

What Other Editors Say

### Reverse The Movement

As we all know, there has been a trend over the past couple of decades, speeded up in the past five years, where people from farms move into towns and people from small cities move into big cities, making them even bigger.

If the government wants to help this country, they ought to figure out a program to reverse this trend.

Funnelling people in a steady stream into the nation's great cities can result in nothing more than we have now—a multiplying of urban problems of traffic, utilities, welfare, and all the rest of the things that plague city administrations.

Why not make it attractive for people to stay in small towns and rural communities?

The main reason people move to the city is because there are more jobs there, better paying jobs, and there is a lot more to do in your time off.

Well, the federal government seems to be taking a hand in the first mentioned, because not a day goes by that you don't read about some government installation being put in somewhere, and the IRS data processing center that went into Austin could just as well have been someplace else in Central Texas, even West Texas, what with communication and transportation what they are today.

At our Ochiltree General Hospital open house this week we heard the remark that they hoped the hospital could be staffed with enough doctors and that it was going to be a problem enticing doctors to come to a small community to practice.

Maybe so. We do know that there are a lot of small communities, like Wheeler, Claude and Vega, to mention just three, that do not have a doctor at all, and they are desperately trying to secure one.

But city living is not for everybody, and we do have doctors in Perryton that actually prefer living in a community this size. They have said so, and their actions indicate that they have put down roots here and they are not only contributing their medical skill

and knowledge to the Perryton community but are contributing in other ways through churches and civic organizations as well.

So let's not sell the small town community short. It has a lot to offer.

For one thing, a small town is a better place to rear a family than is the city. This is so despite the fact that a city has more things to do, more drive-in theatres and parks and places to go. But the small town community has an interest in its youngsters—enough so that everybody, or nearly everybody, keeps an eye on them.

In this day of good roads and sturdy automobiles it is not hard to take advantage of city entertainment in places like Amarillo,

Oklahoma City or Lubbock without having to live there. In fact, we wouldn't be surprised if a larger percentage of Perryton people take advantage of Oklahoma City entertainment events than do the people that actually live there.

In this day of mass production, the family that lives in Perryton can wear the same kind of clothes, eat the same food, maybe even better, can enjoy the same household conveniences, be just as comfortable in their home, as the residents of any city.

So why move into the big city with its problems?

The main thing is to provide jobs for the young people and they will stay in the small communities in which they were reared.

This is a problem for all echelons of government, and for all residents of all size cities. It is a problem that ought to be worked on because it is as important as the War on Poverty.

# Mr. And Mrs. O. M. Gunstream Celebrate 50th Anniversary

In observance of their Golden Anniversary, Mr. and Mrs. O. M. Gunstream, long-time Memphis residents, were honored at a reception Sunday afternoon at the Community Center when their children entertained in their honor.

Mr. and Mrs. Gunstream, a husband and wife who called at the Community Center between the hours of 2 and 5 p. m. were greeted by Mr. and Mrs. Gunstream, Mr. and Mrs. Gunstream, and hosts, Mr. and Mrs. Gunstream of Muleshoe and Mr. and Mrs. A. V. Lowrie of Muleshoe.

Mrs. Tommy Gunstream, a granddaughter, presided at the dinner to secure signatures of guests. Noted on the registration table was a wedding picture of Mr. and Mrs. Gunstream.

Refreshments were served from a lovely tea table covered with a white cloth over underskirt silver. The table was centered with an arrangement of gold and silver appointments were in place.

Cake squares decorated with yellow and gold mints were served with golden punch. Hold-alls were a crystal bowl, week which was presented to Mr. and Mrs. Gunstream 50 years ago on their wedding day.

Mrs. Stewart Knight of Chillingham, a granddaughter, served the punch and she was assisted in serving by two nieces, Mrs. H. Lynn Patterson of Wellington and Mrs. J. C. Saunders of Lubbock.

Assisting in the house party were Mrs. J. B. Killian of Wellington and Mrs. I. W. Holloway of Lubbock, also nieces of the couple.

Mr. and Mrs. Gunstream were married Dec. 17, 1916, at the home of her parents, the late George Crawley, in the Loco community, near Wellington. The home is still in the family.

Mr. Gunstream has farmed in the Dallas and Collingsworth counties since 1916. He is now semi-retired.

Mr. and Mrs. Gunstream moved to Memphis in 1938 and have been actively engaged since that time in community development and improvement. They are particularly active in activities of the First Methodist Church.

Mr. Gunstream has served as alderman on the city council; is on the Board of Trustees

## LVN Association Meets For Program Monday Night

The Licensed Vocational Nurses Association held its first meeting of 1967 at the Big O Restaurant Monday night, Jan. 2.

The president, Mabel Lavender, opened the business session with her New Year's message of "Better Health, More Happiness and greater encouragement in the field of Nursing."

After the business session, President Lavender introduced the program leader for the evening, Mrs. Ruby Compton.

"New Medicine in Arthritis" was given by Mrs. Compton. She said that Aleo Vera is a new secular plant being grown in Raymondville, Texas, at the cost of \$500 per acre. There is a laboratory in Milwaukee, Wis., that is making cream of Aleo Vera to be used in treating burns, Mrs. Compton said. This medicine has proven very effective with no after effects. A tonic is also given for ulcer patients. The medicine is used for treatment of arthritis and is showing amazing results, she stated.

"Where Is the Hospital Heartbeat?" was discussed by Mrs. Bernie McIntush. "Some say the operating room with the skilled surgeon is the heartbeat while the expectant father says it's the delivery room," Mrs. McIntush said.

"With all the new medicines and wonder drugs one might say the pharmacy. Others think of the laboratory where the technicians and specialists make diagnosis in a few minutes."

"Now, how about the intensive care unit? It is on emergency situation all the time. It is expensive and care is from \$25.00 to \$200 a day. This new dimension of hospital heartbeat is worth it

all of the life it saves is yours—or mine," Mrs. McIntush concluded.

The meeting closed with the state pledge of LVNA being repeated in unison.

Those present were Ruby Compton, Bea Gardenhire, Alma Hemphill, Betty Johnson, Mabel Lavender, Glenna Maddox, Bernie McIntush and Emma Wright.

## Travis PTA Enjoys Christmas Program And Tour

The Travis Parent-Teacher Association entertained with a holiday open house in Travis Cafeteria on December 13 at 7 p. m.

After the invocation was given by Minister Tom Anderson, Mrs. W. A. Smith, president, introduced Mrs. Hiram Crawford, kindergarten teacher.

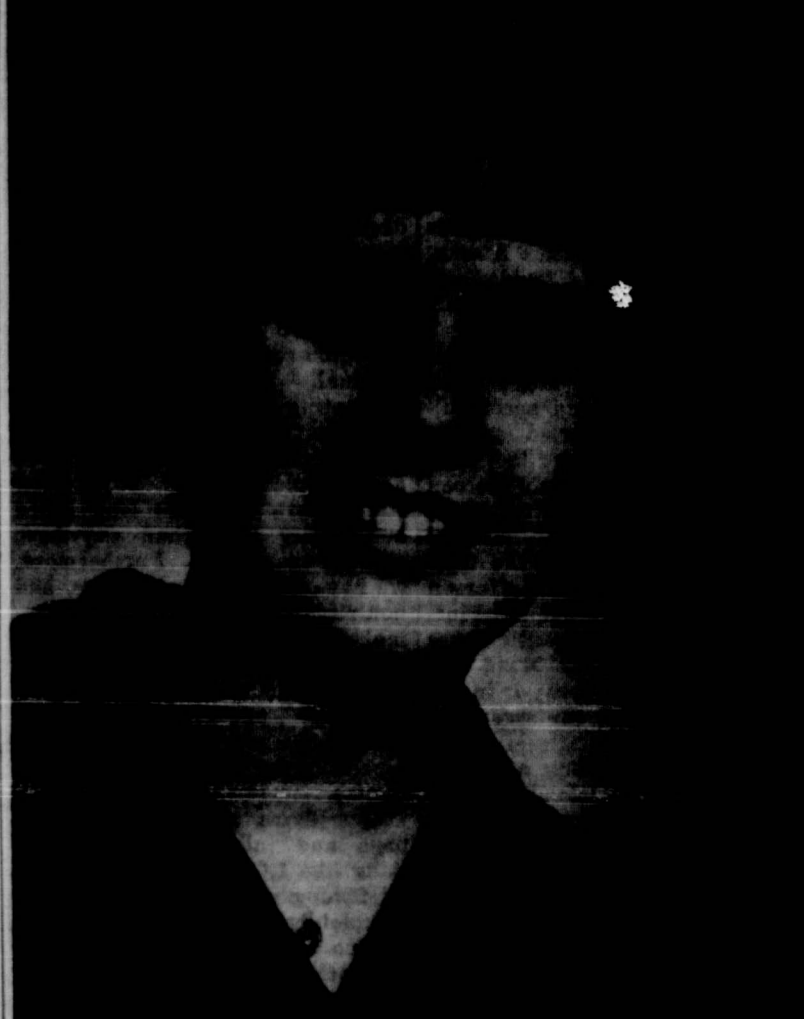

Mrs. Crawford's class presented a colorful Christmas program in which the children represented ballerinas, candy canes, elves, lollipops and bells.

The first grades also sang several Christmas songs accompanied by Mrs. Ace Gailley, music teacher.

Following the program, the group enjoyed a tour of the classrooms which were decorated for the holidays.

# TIPS for OUTDOORSMEN

Fishing is the most popular recreational activity. So states the Department of Interior.

Recently the Department completed a study of some 40 recreational areas around the country, extending from the Virgin Islands to Mt. McKinley in Alaska. These areas provide "wide and colorful fish" ranging from tarpon to trout.

"The Angler will find the wilderness settings are among the nation's most scenic and spectacular and also as varied as the species of sport fish in their waters," the report says. "He can cast a line in the turbulent streams of Yellowstone National Park; the salt water of the Gulf of Mexico, near Fort Jefferson National Monument, off the Florida Keys, the two gigantic lakes contained in the Lake Mead National Recreational area; or in the placid brooks along the sprawling Blue Ridge."

Now Texas is adding a facility to the list—Padre Island, the national seashore from Corpus Christi to Port Isabel. Here is a stretch of land little more than 100 miles long, off the coast of Texas. A major portion of it is being taken over by the Federal government. A superintendent has been appointed and the development is to get underway soon.

Padre will lure to Texas many people from all over the United States to fish along that beautiful sand spit.

Which also reminds us that Texas now has an advertising fund. Its expenditures are under the supervision of the Texas Tourist Development Agency, with offices in the John H. Reagan building in Austin.

With this money, and with the help of industries, the state is telling the Texas story to the nation.

Hunting and fishing are two important assets that will attract tourists to Texas. Texas has more deer population than any other state. More deer are being killed here every year than anywhere else in the nation. Furthermore, we have more equitable laws, and our non-resident license fee is nominal.

Hunting and fishing are two important assets that will attract tourists to Texas. Texas has more deer population than any other state. More deer are being killed here every year than anywhere else in the nation. Furthermore, we have more equitable laws, and non-resident license fee is nominal.

As for fishing Texas has forged ahead of many other states. But there are many impoundments today to provide top fishing, especially for bass, crappie and catfish.

Our Texas coast line, with its bays and inlets, provide something like 1,000 miles of fine coastal fishing waters. They extend completely across the Gulf of Mexico.

Another attractive feature is Texas' \$2.15 universal fishing license. Most states charge much higher fees to non-residents. Sportsmen in Texas pay the same low price whether a native or a newcomer.

All Texas lakes and streams have been amply stocked, and fishing is available somewhere in the state every day of the year. Right now we have ample to care for the added millions who'll be coming to Texas for their vaca-

tions, or to make their homes. Facilities also are being provided around these lakes, even in the smallest of towns. Such facilities attract tourists. And good fishing hold 'em!

### Reapers SS Class Meets Monday With Mrs. Hulda Wilson

Mrs. Hulda Wilson and Mrs. Emma Calhoun entertained the Reapers Sunday School Class which met in Mrs. Wilson's home Monday, Jan. 2, at 3 p. m.

The president, Mrs. Emma Baskerville, welcomed the members, followed by prayer led by Mrs. Ora McMurry. The devotional on serving was given by Mrs. Nettie Adams.

Then the secretary, Mrs. Alla Boswell, read the minutes and the reports by the treasurer, courtesy chairman and the group captain, the program followed. Mrs. Grace Duke presented a story, "How I Cured Myself of Fear," and a poem, "Unlived Year of 1967."

Refreshments of nuts, cake, olives, and coffee were served to the following: Mmes. Margaret Holcomb, Edna Gilreath, Nettie Adams, Alla Boswell, Ethel Smith, Addie Wherry, Myrtle Crabb, Addie Burnett, Emma Baskerville, Sarah Adams, Stella Jones, Grace Duke, Ora McMurry, Bessie Graham, Hulda Wilson and one associate member, Mary Bownds.

The next meeting will be February 6 at 3 p. m. in the home of Mrs. R. H. Wherry.

### Whitten Twins Are Honorees At Birthday Party

Brock and Brad, twin sons of Mr. and Mrs. Raymond Whitten, celebrated their 5th birthdays Tuesday, Jan. 3, with a party in the banquet room at the DeVille Restaurant from 3:30 to 5:00 p. m.

The one long table was covered in a white cloth printed with cowboys. "Twin" cowboys served as the centerpiece. Matching "cowboy" plates and napkins were used.

Upon arrival each guest was given a birthday hat and party favor.

After the twins opened their gifts, everyone was served cup cakes, which were decorated with tiny plastic cowboys, horses and Indians, ice cream and Kool-Aid.

Guests included Steve and Scott Becker, Jana Smith, Randy Bice, Darcarla and Vernadine Sasser, Michelle and Tonia Tucker, Brian Whitten, Pamela Evans, Peggy and Beth Fowler, Laura Ann and Andy Wheatly and Rhonda Winters.

Also present were Mrs. Earl Wheatly, Mrs. Sandy Smith, Mrs. Loyd Becker, Mrs. Roddy Bice, Mrs. Bill Whitten, Mrs. Tomie Tucker, Mrs. B. D. Frieble and hostess, Mrs. Raymond Whitten.

Mr. and Mrs. W. W. Martin had their granddaughter, Patti Reames of Norman, Okla., visiting with them over the holidays last week. Her mother, Mrs. L. R. Reames of Norman came and got her last Sunday. Mrs. Reames and Patti returned home Monday.

# 1040 U.S. Individual Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

- Q—When will I get my forms in the mail?  
A—Distribution of the 1966 tax forms should be completed early in January. Forms will also be available at the IRS offices as well as many banks and post offices.
- Q—Is a Social Security pension taxable?  
A—No, it is not.
- Q—I worked last summer to earn money for college but made less than \$600. How can I get back what was withheld from my pay for income tax?  
A—File an income tax return to obtain a refund on any income tax which was withheld from your wages.
- The card form 1040A may be the best, as well as the easiest, for you to use. Don't forget to put your Social Security number in the return and attach your W-2 form. The W-2 shows how much was withheld.
- Q—Has there been any change in the income tax rates for 1966?  
A—No. An individual's income for 1966 is taxed at the same rates in effect the preceding year.
- Q—When can I expect to get my W-2 from my employer?  
A—Employers are required to issue Form W-2 by the end of January but many do so earlier.
- Q—Can anyone use the figures for state gas tax deductions that are given in the 1040 instruction booklet?  
A—These figures are provided as a convenience for those taxpayers who deduct state gasoline tax when they itemize deductions. If you are entitled to claim this deduction then you may use the table instead of doing the calculations yourself.
- Q—If my wife and I file separately instead of jointly, can one itemize while the other uses the standard deduction?  
A—No. Married couples filing

separate returns must handle their expenses the same way. If one itemizes the other must too.

Married couples filing separately must also take the same type of standard deduction. If one takes the minimum standard deduction they both must take it.

Q—Are you going to offer tax assistance over the phone again this year?  
A—Yes. Check the local phone directory for the number to call.

Q—Does the law now require me to file my return with an IRS service center?  
A—A new law authorizes the Secretary of Treasury to make such a request but it will not be required for 1966 returns. Check your 1040 instructions for the address of the office to which tax returns are to be sent.

Note that in some states, taxpayers are offered the option of mailing returns calling for a refund direct to a service center. Even in these states this is not a requirement but offered as a means to help speed up refunds and reduce processing costs.

Q—How does the minimum standard deduction work?  
A—The deduction amounts to \$200 plus \$100 for each exemption taken on the return including those for age and blindness. For married couples filing separately, the deduction is \$100 plus \$100 for each exemption. The maximum that may be claimed by those using this deduction is \$1,000 but it is limited to \$500 when a married taxpayer files a separate return.

A married couple with two children as dependents would be entitled to a \$600 deduction when this method is used. If the income reported on the return was under \$6,000 then this method would be more to the couple's advantage than the standard deduction.

Q—I have heard that one of

the tax benefits for older people is to be able to sell your home at a profit and not be taxed that money. Is that true?  
A—Yes, it is if certain conditions are met. You will not be taxed on the profit if you were 65 or older before the sale, the adjusted sales price was \$20,000 or less, and you had occupied the house your principal residence for at least 5 of the 8 years before the sale.

If you sold the house for \$20,000 and the other conditions are met, then only a portion of the profit will be taxable.

Gain excluded under this provision of law can be elected once.

This benefit is explained in the booklet, "Tax Benefits for Older Americans", Document 5569. For a free copy, drop a card to your IRS district director.

# Library Calendar Tea Is Held Sat.

The Atalantean Club wishes to port a warm response to the Library Calendar Tea held Saturday, Dec. 31, at the Community Building. The sale of tickets reached over \$300.00, and fifty guests attended the affair.

This was a first attempt at fund raising for the improvement of the Carnegie Library. A cordial "Thank You" goes to every citizen who participated in the project. Those people who were not contacted personally will have an opportunity in future efforts at this very special community event, that of making possible the repairing of the one beautiful library building, Mrs. Milton says via the club president, stated.

Among those attending were a number of librarians, Mrs. Bill Coursey; William first librarian, Mrs. D. A. Edmond; and two Hall County boys, Esta McElrath and Virginia Browder. Their books, "The Nettie Van Trumpet", "The Gileas Christmas Tale" and "Butterfly's Tale", respectively, and six r. and s. written by Hall County and Dubois were displayed. They were: "Yesterday in Hall County" by Baker; "Poems" by Howard Finch; "Our Trip To Alaska" by Orville Finch; "Saratoga" by James Waldrop; "Night The Tiger and 'Twilight of the Sun'" by Al Dewlen. Mrs. Jack ne, present librarian, showed interesting collection of children's books, featuring the popular authors, Dr. Seuss and Martin Wise Brown. Several old books from the collection of late Mr. Joe Rasco were added to the display.

Refreshments of frosted cakes, miniature "book" sandwiches, cheese wafers, cake and olives and spiced tea served to those named on the register: Meses. C. D. Bradshaw, R. M. Wherry, J. S. Mcerry, Omer Hill, Bess Crump, E. Roper, Dan McCollum, J. Montgomery, Theo. Swift, Perry Scott, G. W. Kesterson, Miller, Baker Jones, John D.

Clark, Abe Anisman, Mildred Stephens, John Deaver, Allen Grundy, Arnold Hall, Frank W. Foxhall, T. L. Rouse, O. M. Cosby, Jr., R. C. Lemons, Mr. H. J. Howell, Master Chip Martin, Rev. and Mrs. David Hamblin, Miss Maud Milam.

Pamphlets from the state organization of "Friends Of Libraries" were supplied to each one present, in the interest of the possible organization of a local chapter of the Texas "Friends Of Libraries." This would make possible the coordination of the efforts of all local clubs, both women and men, student organizations, business firms, and individuals, toward the great task represent in adequate improvement of the Memphis Carnegie Library.

A follow-up campaign for this "Texas Friends Of Libraries" will be waged in the coming months, Mrs. Beasley said.

## Quitaque School Organizes National Beta Club Dec. 19

Chapter of the National Beta Club, a leadership-service organization for high school students of Quitaque, was established Dec. 19 at Quitaque High School, according to Herman Moseley.

Dean Johnson, teacher of mathematics, was appointed as faculty advisor of the chapter.

Officers elected include Lynne Taylor, president; Becky Ryphill, vice president; Patricia, secretary; Jerry Merrell, treasurer; Carol Myers, reporter; Monte Stephens, historian.

Members, other than those mentioned above, include Shelia, Jill Johnson, Patricia, Robert Pierce, Larry and Jo Beth Merrell.

The National Beta Club, with over 2,850 local chapters and approximately 100,000 members in 21 states is now in its 33rd year.

Objectives of this non-secret, leadership-service organization are to encourage effort, to promote character, to stimulate development among its members, to encourage students to continue their education after high school graduation.

## YOUR COUNTY AGENT SAYS

**Complete Farm Records are An Asset**

"Closing time," as it refers to 1966 farm records, is at hand. This means totaling the balance sheets on farm and home enterprises and taking a look at what happened during the year.

A close look should point up problems that must be met in planning for 1967 and the years ahead," says County Agent W. B. Hooser. Records often reflect whether management changes are needed and also whether an enterprise should be dropped or expanded.

Furthermore, a complete set of records is a must for proper income tax reporting. Regularly kept records can save dollars at tax paying time, for deductible expenses are often overlooked, especially if paid in cash.

"Too," add Hooser, "complete farm records are an asset when money must be borrowed for production and operating expenses." "Knowing what the business is doing makes a strong talking

point in effecting credit arrangements," says the county agent. "Farm families need facts on which to base their decisions and none are more reliable than those obtained from well-kept records," emphasizes Hooser.

Many good record books and record keeping systems are available and local county agents can give suggestions on how to do a good job.

**Tractor Winterizing Tips**

Tractors sometimes can be balky about starting in cold weather. According to County Agricultural Agent W. B. Hooser, when starting in cold weather, use only partial throttle for best results. An open throttle draws in more air and increases compression. Use full choke only until first engine explosion.

For trouble-free winterstarting, make sure your tractor battery is in good shape. It may need to be recharged—but if it has a low specific gravity reading or read cells, better replace it. It's a good

idea to rinse battery with soda water to remove grease, dirt and corrosion. Replace frayed cables and refill cells with clean distilled water.

Make sure your tractor generator is well lubricated—use a light, number 10 motor oil. Generators with sealed bearings should be checked every 1,000 hours of operation.

Other tractor winterizing tips—don't forget to drain straight water out of tires before freezing weather. Tires can be filled with calcium chloride solution that will not freeze at ordinary low winter temperatures. Mix the calcium chloride at the rate of 3.5 pounds per gallon of water; this makes the tires slush free to 12 degrees below zero.

Make sure tractor radiator fins are open. If the water is rusty, flush out the radiator. Add antifreeze to the point where the radiator tests about 10 degrees below the coldest temperature expected, concludes Hooser.

## Burlington Report Record Sales For Industry In 1966

Burlington Industries, Inc., completed a fifth consecutive year of record sales and earnings during 1966, according to a publicity release from Greensboro, N. C., home office of the company. The report states that sales reached an all-time high of \$1.37 billion, up 4.4 per cent over 1965, and net earnings up 12.4 per cent to \$77 million.

Hall Plant, Postex Mills, is a subsidiary of Burlington Industries, and operates the Memphis facility of the company.

Charles F. Myers, Jr., Burlington president, stated in the company's annual report now going to more than 32,000 shareholders, that the past year also brought record capital spendings of \$159 million to expand and modernize production facilities.

The chief executive of the leading textile firm noted that "at the present time many of our markets are adversely affected by the uncertain outlook for the 1967 economy," but added that "the American consumer will continue to spend a steady percentage of rising personal income for apparel and home furnishings—areas that represent about 95 per cent of Burlington's sales." "We strongly believe," Mr. Myers said, "that new initiative must be provided by our government to achieve more equitable world trade in textiles and textile products."

Burlington operates 125 plants in 15 states, eight foreign countries and employs some 69,000 persons. It completed six new manufacturing plants during 1966 and in early 1967 will occupy a new research center near its headquarters in Greensboro.

## Economist Takes Close Look At '67 Agriculture

The 1967 economic outlook for agriculture is good. The production faucet is being opened up to take care of both domestic and foreign demand increases and total cash receipts from farm marketing will be larger than in 1966, says John G. McHaney, Extension economist at Texas A&M University.

Feed grain acreage is expected to increase by 12 to 15 million acres and wheat allotments have been increased by almost one-third, he adds.

These additional acres are needed to bring production in line with expanding markets and to rebuild carryover stocks of grain, explains the economist. Government payments to producers will be smaller, perhaps by a half billion dollars, as more acreage is returned to production.

McHaney says production expenses will continue to climb; however, he looks for the increase to be less than that of last year. Realized net farm income in 1967 may not reach the near-record level of 1966, but it is expected to be well above the 1965 figure, he says.

Farmers added \$18 billion to their assets during 1966 to bring

the total value of their assets to \$274 billion. The \$35 billion increase during the past two years exceeds that of any previous consecutive 2-year period since balance sheet estimates began in 1940, McHaney said. While total indebtedness increased, owners' equities increased by \$14 billion, about the same rate as in 1965.

The domestic demand for farm products is expected to increase in 1967 but at a slower rate than in 1966. General economic activity is expected to keep consumer buying power on the upward move and thus increase the demand for farm products.

Exports are taking an increasing share of farm product marketing and prospects for the 1966-67 marketing year point to another sizable rise in foreign dollar sales. McHaney sees an increase about equal to last year's which would push total dollar sales close to the \$6 billion mark.

The economist calls attention to three factors which he lists as uncertainties for the year ahead. They are possible changes in the Vietnam conflict and their impact on the general economy and agriculture; the new grain program with added acreages and their influences on 1967 crop output and foreign crop prospects and their effect on export markets.

More than 500,000 New York City children use the subways or buses to get to school each day.

## Highlights and Sidelights FROM YOUR State CAPITOL

By VERN SANFORD  
Texas Press Association  
AUSTIN, Tex. — Come Tuesday, Texas legislators will be back in session at the state capitol.

Pressing money matters and certain new taxes head the "worry list" confronting the lawmakers. But a broad montage of other problems on the agenda promises an interesting, high voltage session. It is sure to be one that will continue through the full 140-day period and may even go into extra innings.

Gov. John Connally in his "state of the state" message to the solons later this month will outline spending recommendations which will require more than \$100,000,000 in new taxation. Included will be his \$911,500,000 budget.

Numerous tax proposals are expected to be offered. These include expansion on the sales tax, a one-cent-per-gallon boost in gasoline taxes, a franchise tax raise and many other proposals.

Growing cities, with finance problems of their own, will occupy much of the Legislature's attention. Mayors will plug for a one-per-cent local option city sales tax. (Governor Connally prefers a rebate of gasoline tax revenues for street purposes.)

While most legislators apparently are prepared to vote for new taxes, few indicate they will support a \$44,000,000 raise in state college tuitions.

Headline topics before lawmakers this year will include: Teacher pay raise — teachers want raises ranging from \$61 to \$100 a month. This would cost the state some \$68,000,000 a year. A majority of lawmakers are committed to some form of increase. Connally is expected to recommend much less.

Constitutional revision — the governor and the State Democratic Party advocate revision by convention. Lt. Gov. Preston Smith favors a more-cautious approach.

Legalized sale of mixed drinks and horse racing.

Annual legislative sessions.

A long-range plan for water pollution control.

A 20-per-cent pay raise for all state employees.

Driver safety legislation: Increasing the minimum age for drivers to 16 and requiring periodic re-examination of all drivers.

Among other measures to be considered are: a minimum wage bill; an industrial safety act; increased workmen's compensation benefits; reconsideration of some provisions of the new code of criminal procedure; daylight saving time (should Texas accept it or pass a special act to retain standard time?); and a \$75,000,000 bond-financed, 12-year program by the governor to acquire and develop new state parks.

LIQUOR, SI; BETTING, NO — An Associated Press survey of Texas Senators and representatives indicates that while horse-

race betting again doesn't seem to have a chance in the 60th Legislature, legalized mixed drinks may.

In 1965 the Legislature let the horse-racing proposition die in a sub-committee. After the liquor-by-the-drink bill — which has been up in every session since World War II — was killed in committee.

Judging from its early answers to a questionnaire, AP concluded that mixed drinks have gained support, while betting seems to have lost some of its appeal. Some legislators said they would not vote for either issue and expect neither to pass. Both will again be hot issues.

Or another section of the questionnaire, a pro xim a tely three-fourths of the senators and representatives figured that new taxes will be in order for the 1967 session. But there was no unanimity as to what kind of taxes.

Only one senator — Henry Grover, Houston Republican — said he would vote for few or no more taxes. No member of the House said he would vote against new taxes. However, several legislators did say they were undecided.

GOVERNOR'S GARDEN — A statewide campaign has been launched for funds to convert the grounds around the Governor's Mansion into a garden area.

Mrs. Perry R. Bass of Fort Worth is chairman of the Mansion Sub-committee of the Texas Fine Arts Commission. She says plans call for a formal rose garden with colonial arbors, a gazebo, pools and fountains framed and surfaced with brick patios and retaining walls.

Mrs. John Connally assisted a Dallas firm in drafting plans for the garden. Project was approved by the Fine Arts Commission and members of the Texas garden clubs have pledged their help with the fund-raising. Contributions may be mailed to Mrs. Connally at the Mansion in Austin.

The Mansion has been the official residence of Texas governors since 1856.

OATHS TAKEN — Atty. Gen. Crawford C. Martin and several members of the judicial branch of Texas government had to work Sunday — they took their oaths of office at the Supreme Court Building on the Capitol grounds.

Judges John F. Onion Jr., Wesley Dice and Ernest Belcher took their oaths as judges of the Court of Criminal Appeals. Dice and Belcher had served as commissioners of the court until a Constitutional amendment passed in November made the court a five-member body. Governor Connally is expected to name one of the five as chief justice this week.

Associate Justice John C. Phillips of the Third Court of Civil Appeals in Austin took the oath of chief justice of that court.

APPOINTMENTS — Attorney General Martin has announced these heads of divisions within his office:

Stevenson, born March 20, 1888, was the first Texas governor to serve more than two terms (1941-47). He is a lifetime resident of Kimble County.

WHITMAN'S INSURANCE — Group Life and Health Insurance Company of Dallas has asked a district court to rule who should receive the benefits of a \$10,000 life insurance policy on the late Kathleen L. Whitman.

She was the wife of Charles J. Whitman, the UT Tower Sniper.

Mrs. Whitman was stabbed to death by her husband before he began his shooting rampage on August 1. Numerous claims have been filed against Whitman's estate as a result of his shooting spree. He had been named beneficiary under his wife's policy.

Insurance company is ready to pay but wants the court to say — to whom.
