NYC Program Finishes First Year Operation Here Aug. 19

After almost one year of operation, the first session of the Neighborhood Youth Corps, which has been running since August 1966, will conclude on August 19, Memphis Coordinator Charles Chambliss announced this week.

If adequate federal funds are appropriated, the NYC program will start back again in September, 1967, Chambliss stated.

Students who qualify under the NYC, Title I-B of the Economic Opportunity Act of 1964, as administered by the U. S. Department of Labor, receive the minimum wage for the work-training program.

Students must be from 16 to 19 years of age and be at least a freshman in high school. Only certain students qualify under the standards which apply to the program.

The local coordinator said that the NYC program here has had 109 students working each week. The work which has been done includes everything from cafeteria aides to secretarial aides.

Supervising workers in the program have been the Memphis Independent School District, the City of Memphis, and the Soil Conservation Service office here.

The local NYC program is under the sponsoring unit for the handbook area, West Texas State University. Joe Gibson is the director of the NYC program at TSU.

"Without the help and assistance of Mr. Gibson and WTSU on this program, we could not have gotten it organized for several years," Coordinator Chambliss said. "I feel that our students have received valuable training by participating in the NYC work training program."

One of the student enrollees is Miss Shirley McQueen, a senior at MHS, and daughter of Mr. and Mrs. W. S. McQueen of Memphis. She is working as a secretarial trainee at the Memphis office of SCS. The Memphis work unit of SCS is serving as the supervising unit.

Her duties include assisting in developing soil and water conservation plans by typing and drafting, correspondence, filing, and acting as a receptionist when the technicians are in the field.

The Hall County SWDC is serving as her host in the NYC program.

Shirley has been working for several weeks in the office, and Henry Gregory, work unit coordinator, said her work has certainly been appreciated by the technicians.

NYC TRAINEE—One of the enrollees in the NYC Program here is Miss Shirley McQueen, daughter of Mr. and Mrs. W. S. McQueen, who is working as a secretarial aide to the Memphis Work Unit of SCS. She is shown above at her typewriter at the SCS office.

1967 Cyclone Team To Begin Workouts

The Memphis coaches are expecting about 60 high school athletes to report at 8 a. m. Monday, Aug. 14, for the first workout session of the 1967 football season.

Coach Bert Glascock said this week that he wants every high school boy, including freshmen, to come out Monday and start working out.

Football equipment will be issued from 2 until 4 p. m. Sunday afternoon for all the boys, he said.

Coach Glascock, and the other Memphis coaches, reported that the Texas High School Coaching Association School, held in San Angelo, was a good one this year.

"The sessions were especially helpful this year and all of us got a lot out of them," the coach said.

When local athletes report for the first workout, they will be introduced to Denzil Lacy, a native of Wellington, who will be the basketball coach and assist with football and other sports.

The 1967 Cyclone team has been picked by district coaches in a top-three triangle along with Olton and Floydada. Coach Glascock said he voted for Olton as the District 3-AA favorite since Coach Don Beck has a lot of fine boys returning.

Coach Glascock said that after the boys report Monday, he will know a lot more about the weaknesses and strengths of this year's team.

B. L. Thompson, Former Resident, Dies In Oklahoma

Buford Larry Thompson, 59, former resident, passed away Friday, June 30, at St. Anthony Hospital in Oklahoma City, Okla. Mr. Thompson resided at 5028 NW 61 in Oklahoma City.

Funeral services were conducted at 10:00 a. m. Saturday, July 1, at May Avenue Methodist Church with burial in Rose Hill Cemetery in Oklahoma City under the direction of Guardian Funeral Home.

Mr. Thompson was born in Memphis in 1908. He was the son of Mr. and Mrs. W. A. Thompson. The W. A. Thompsons resided here until Mr. Thompson's death in 1951.

Buford Larry Thompson came to Oklahoma City in 1948 from Austin. He was a Mason in Austin and was a member of the May Avenue Methodist Church. He was an accountant with Sohio Petroleum Co.

Survivors include his wife, Margaret, of the home; one daughter, Mrs. John P. Haddock, Dallas; two sisters, Miss Maidee Thompson, Ft. Worth, and Mrs. Helen Ruth Mackie, Pampa; and his mother, Mrs. W. A. Thompson, Ft. Worth.

Band To Begin Practice Mon.

The members of the Memphis Cyclone Band will meet at 8:30 a. m. Monday, Aug. 14, to reorganize, Director Darryl Phillips announced this week.

Those in the Cyclone Band who will be out-of-town on vacation need to contact Director Phillips as soon as possible, he asked.

"I will also need to see all first year students in the Junior High Band (6th graders) before school starts," he said.

The Cyclone Band will have one practice session each day for the first week. The time of this session will be announced Monday at the organizational meeting.

The Junior High Band and the Beginner Band will be organized after school starts, Director Phillips said.

After the first week of summer rehearsals, the Cyclone Band will go to two sessions per day. "We have a lot to learn before school starts," the director said.

The marching band this year will perform patterns in motion which have been made famous by the University of Michigan Band. These patterns in motion will be combined with cladioscope so the formation happens much faster, he said.

The director stated that the Cyclone Band will be organized into four-member squads, with each squad having a leader.

"I feel that fans will find our marching routines much more enjoyable to watch and listen to this year," Director Phillips added. "The shows will be fast moving."

Beef Donations Needed For Hall Co. Picnic

Four beeves have been donated to the Hall County Picnic Association for the barbecue to be held here on Sunday, Sept. 17, John Chambliss, chairman of the beef committee, announced today.

Those giving beeves to date are the D. H. Davenport Estate, the First National Bank, the First State Bank and Memphis Compress Co.

A total of eight animals is needed in order to have enough beef for the crowd expected to attend, Chamberlain said.

"We need four more and would appreciate a donation from anyone who would care to help us out," he said.

Persons who would like to donate a beef should contact John Chamberlain, Roy Gresham, Billy Hancock, Carrol Fowler, Troy Davis, or John L. Burnett.

Governor Appoints Fowler To Board

John R. (Dick) Fowler, local pharmacist at Fowlers Drug, has been appointed by Texas Governor John Connally recently to the six-member Texas State Board of Pharmacy.

Fowler, a resident in Memphis since 1950, has met with the board twice, once at Corpus Christi and once, last week, in Austin.

He is married to the former Louise Rogers, and they are the parents of three children, Roge, Paul and Julie. The Fowlers are members of the First Christian Church.

He said that the board normally meets after each semester of school to give examinations to graduates of pharmacy schools. Also the board has hearings on licenses of pharmacists from out-of-state who desire to be licensed in Texas.

The board also has hearings on violations, Fowler said.

Fowler's appointment to the Texas State Board of Pharmacy by Gov. Connally came shortly after he was elected a director of the Texas Pharmaceutical Association in June.

Dick, as he is known here, is immediate past president of the Memphis Lions Club. He is a graduate of the University of Texas School of Pharmacy. He has served as president of the local Chamber of Commerce and is very active in civic affairs.

Estelline Schools To Begin 1967-68 Session Aug. 31

A budget hearing will be held at the Estelline Independent School District at 8 p. m. Friday, Aug. 25, in the superintendent's office, it was announced this week.

Supt. David Haynie also announced that school will begin at Estelline with a general assembly at 9 a. m. Thursday, Aug. 31.

Football workouts will begin Monday, Aug. 14, the school official announced. The football schedule shows the first game will be with Harrold at Estelline, beginning at 8 p. m. Friday, Sept. 8.

Estelline Board Of Equalization To Meet Saturday

The Equalization Board of the City of Estelline will meet Saturday morning, Aug. 12 from 8:00 until 12:00 noon, it was announced this week. The meeting will be held in the City office.

Anyone who is interested in meeting with the board is urged to be present.

Memphis Trail Riders Are To Sponsor Parade

The Memphis Trail Riders announced this week they will sponsor a parade during the 77th Hall County Picnic celebration.

Red Ward will serve as Parade Marshal. Those desiring to have entries in the parade are asked to contact Red Ward at Box 72, Memphis, Texas 79245.

There will be judges on hand at the parade and prizes will be awarded, the Trail Riders announced.

Detailed plans concerning the parade will be announced later; however, the organization wanted local residents to know that there would be a parade so work could begin on entries such as floats, etc.

STATE APPOINTMENT—Dick Fowler, local druggist, was recently appointed to the Texas State Board of Pharmacy by Gov. John Connally. The board is made up of six members.

Cindy Maddox To Vie For 'Miss Teenager American'

Cindy Maddox, daughter of Ote Maddox, 1700 West Brice in Memphis, has been selected as a contestant for the "Miss Teenager of America" contest to be held in Palisades, New Jersey, Sept. 8, 1967.

Cindy, a freshman in M.H.S., is 15 years-old and will represent Memphis in this national contest for the age 13-17. The winner will receive a \$10,000 scholarship. The contest will be televised over WPIX-TV Channel II, New York.

A number of businesses are to sponsor Cindy in order that she may represent this area in the contest. Each sponsor besides fulfilling a teenage girl's dream, is helping out on a worthwhile project and will receive local, state and national publicity as sponsors.

Any business, club or organization interested in participating should contact Ote Maddox or Mrs. Carroll Ann Gardenhire at 867-2481 in Lakeview.

Sponsoring firms include: Shield Implement Co., Memphis Compress Co., Anthony's Garage, Smith Auto Store, First State Bank, Cashway Food Store, Memphis Farmers Co-op Gin, Lemons Furniture, First National Bank, Parsons-Lockhart Pharmacy, Jim Beeson, Texaco and Hall Co. Dealers Consigne, Donley Co. Water Office and Shawhart Dirt Moving Contractor.

The executive board of the Hall County Picnic Assn. met with members of the steering committee last Thursday, Aug. 3, and made plans for the 1967 Hall County Picnic.

The executives and committee-men voted to have the annual picnic on the third Sunday in September, the same being Sept. 17, 1967.

President V. C. (Zipp) Durrett explained that he has received an offer from the Wills Family to put on a concert Saturday evening, Sept. 16, if the Hall County Picnic Assn. desired to sponsor the concert.

The motion was made and approved that the Picnic Assn. sponsor the Wills Family in concert on Saturday night prior to the Sunday picnic.

Also, the possibility was discussed to set up a museum display in the old First National Bank building which has been offered free of charge for this purpose during the annual celebration. After a discussion, it was decided that if sufficient items of historical interest could be collected then this would be an important highlight.

The executives and steering committee also approved the Memphis Trail Riders, with Paul F. Smith as president, to sponsor the parade this year.

National Crime Rate Still Climbing

Each year about this time, the Federal Bureau of Investigation under its director, J. Edgar Hoover, publishes the Uniform Crime Reports. This year the publication covers 1966. The report discloses a serious increase in crime for the year. Attorney General Ramsey Clark stated that there were more than three and one-quarter million serious crimes in the United States in 1966, an increase of 11 per cent over 1965.

FBI Director Hoover said that in 1966 all crimes used in the Index to measure nationwide crime trends recorded increases with the violent crimes as a group up 11 percent led by murder up 11 per cent, forcible rape 10 per cent, robbery 14 per cent, and aggravated assault 9 per cent. Each of the property crimes recorded an increase and as a group rose 11 percent. Burglary was up 10 percent while larceny \$50 and over in value and auto theft each recorded a 13 percent upward trend.

Arrests for Narcotic Drug Law violations were up 28 percent, 1966 over 1965, and since 1960 increased 82 percent.

During the last calendar year, law enforcement agencies successfully solved on the average 24 per cent of the serious crimes which came to their attention. The percentage of these Index crimes cleared by law enforcement agencies in 1966 was a substantial 8 percent below 1965.

One special portion of the report entitled "Criminal Repeater" gave the results of a year-long study of criminal profiles where an analysis was made of the records of 41,733 persons arrested in 1966.

Throughout this portion of the report, it is obvious to the reader, that better than 50 percent of the criminals repeat their crime and are rearrested during their criminal careers.

Specifically, 47 percent of the offenders who were convicted and released on probation in 1963 were rearrested for new offenses within two and one-half years. For those on parole, 57 percent were rearrested while 67 percent of the prisoners released in 1963 after earning good time were rearrested for new offenses within the two and one-half years. A significant statistic was the fact the 83 percent of those persons acquitted or who had their cases dismissed in 1963 were rearrested for new crimes within 30 months.

Mr. Hoover noted that 1966 witnessed the first change in the national average police employee rate since 1960. This increase however, was due almost entirely to the increase in the number of civilian employees. The average number of sworn police personnel for each 1,000 inhabitants remained the same as 1965.

What will the report be for 1967? From looking at the reports carried by national news media, we can predict that 1967 will be worse than 1966. Rioting, looting, street warfare, murder, rape, assaults, robbery, narcotic violations, etc., are continuing at a far greater clip than ever before in our nation.

It is up to our citizens, our leaders and representatives to take whatever action is necessary to curb criminal activities in our nation. An informed public, conscious of the need of effective law enforcement, can create a better atmosphere for reporting criminal activities and in assisting as witnesses to bring about convictions.

If the situation ever develops where "crime does pay" then our nation will crumble into a lawless state of affairs and the age old law of might makes right will defeat our democracy. On the other hand, if it takes large standing police forces or militia to control lawless forces in our nation, then the average citizen will yield many personal rights and freedoms we presently enjoy. This is why it is imperative that crime in our nation is curtailed.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

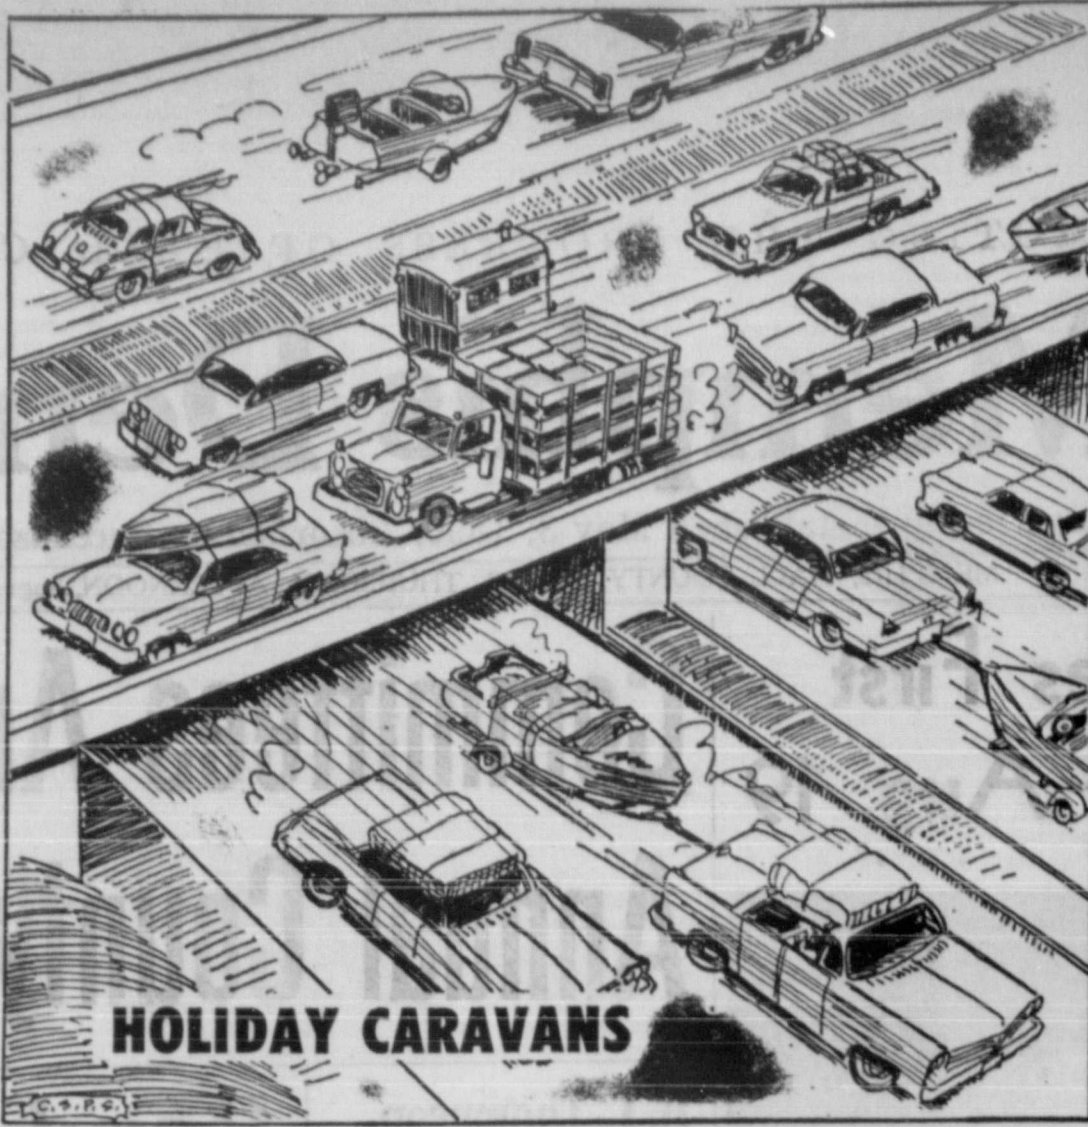

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also author-

ize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxpaying voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."

"AGAINST the constitutional amendment allowing counties to put all county taxes into one general fund."

About Dropouts

After the seventh grade, any attempt to prevent students from dropping out of school is "shutting the barn door after the horse has escaped." In the majority of cases, that is the conclusion drawn by Dr. Harl R. Douglas of Boulder, Colo., a former education professor who now is a consultant and investigator on secondary education, in a research bulletin of the Texas Study of Secondary Education.

Dr. Douglas points out that it has become increasingly recognized that the potential dropout and the underachiever as well as the very bright and creative child should be identified as early as possible . . . not later than the seventh grade.

In Dr. Douglas' opinion most potential dropouts and underachievers have inferior reading abilities which lead to poor grades and bad attitudes toward school, teachers, parents and themselves.

Next to improvement in reading Dr. Douglas lists three important ideas in which poor students can be helped:

See that the potential dropout "belongs" in the sense that he is involved in various clubs, activities and socials of the school.

See that he is scheduled for a combination workstudy program in which he spends part of the day in work for school credit either at school or at some occu-

pation in the community under the diversified occupation and distributive education plan.

See that he is given a feeling that teachers are as much interested in him as are other students.

A PATTERN emerging from the progression of "race" riots in major cities across the country indicates that the rioting may be neither spontaneous nor entirely of racial origin.

There are certainly indications of masterplanning and organizing political implications of them, has appeared none too eager to investigate.

Most public and political leaders have seemed to avoid even tacit recognition that an organized plot may be behind much of the rioting . . . probably for fear of reflecting a John Birch-type paranoia which sees a plot behind every bush.

But when racists like H. Rap Brown . . . who is just as much a racist as any White Supremacist or KuKluxer, and just as much a threat to the Civil Rights movement . . . openly and publicly calls for rioting and destruction in the name of Civil Rights, then the government has an obligation to all citizens, without regard to race, to act and act quickly to round up the leaders and organizers and deal with them appropriately.

Rabble-rousers like Brown, who use their race as a cloak and shield, damage the people of their own race more than anyone else.

This has been amply obvious in such cities as Newark and Detroit, where the greatest sufferers . . . are the citizens who have absorbed the greatest losses in property as well as in person . . . have been the Negro citizens who were, for the most part, law-abiding as well as freedom-loving and had no part in the rioting but got the brunt of the peace-keeping.

These are the people who were caught in the middle . . . who lost their homes and their businesses to rioters . . . and their freedom and, sometimes, their lives to the riot-busters.

Nor have our political leaders . . . President, Congressmen and Governors alike . . . Democrat and Republican . . . reflected any credit on themselves as they have sought to gain political capital from the disasters in the ghettos, foot-dragging and finger pointing at each other during precious

It has, indeed, been a long hot hours when they should have been taking quick and effective action to keep peace.

summer . . . and one which has brought as little credit to those who are charged with keeping the peace as to those who have been guilty of breaking it.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds" and shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4 1/2%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife De-

partment, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

Tops Gilreath To Be Listed In Honor Publication

Vera "Tops" L. Gilreath of 1506 Main Street, Memphis, Texas has been selected to appear in the 1967 edition of Outstanding Personalities of the South.

Other recipients of this honor include Governors, United States Senators, and Congressmen of the southern states. The publication includes many citizens such as educators, leading businessmen, members of the state legislation bodies, civic and political leaders, elected leaders of various political subdivisions, farmers, ministers, officers and officials of various sports figures, labor trade organizations, leading sports figures, and many other individuals who, because of past achievements and service to their community, state, and-or nation, are recognized outstanding personalities of the South.

Mr. and Mrs. Henry S. Foster were in Abilene over the weekend attending the summer drama production at Hardin-Simmons University, "The Miracle Maker" by William Gibson. Their daughter, Cheryl, was a member of the cast. She played the part of Kate, the mother of Helen Keller. The play was a sell-out both Friday and Saturday nights.

Mrs. R. H. Wherry and daughter, Florence Fitzjarrald, returned Friday afternoon from Tulsa, Okla., where they had been visiting for two weeks with their daughter and granddaughter and family, Katherine and Howard Mundy and son Robert. Katherine and Robert returned with them to visit with her mother and friends in Amarillo for a few days.

Mr. and Mrs. Bill Morgan and children Michael, Kelly and Cliff Ann returned to their home in Kingsville Thursday after a two week visit with their parents, Mr. and Mrs. Noel Clifton and Mr. and Mrs. Hiram Crawford.

Mrs. Ira Lawrence, accompanied by her sister, Mrs. Stella Chapman of Altus, Okla., visited in Portales this week with another sister, Mrs. L. V. Hicks.

Visiting in the home of Mr. and Mrs. Roy Grimes over the weekend were their daughter and family Mr. and Mrs. Paul Cooper and children, Darline and Davis Cook of Odessa; also their grandson and wife, Mr. and Mrs. Danny Cook of Amarillo.

Mrs. Henry Scott returned home Wednesday night of last week after spending 12 days visiting in Arlington with her daughter and family, Mr. and Mrs. C. E. Tension and son Robert; in Hurst with her brothers, Adrian and Herman Robbins; in Everman with her sisters, Mrs. Bill Hadley and Mrs. D. S. Vaughn. Mrs. Scott went to Six Flags and Heritage Hall in Ft. Worth. Both were wonderful and things that everyone should see, she reported. She visited numerous other relatives and places of interest and had a wonderful time.

Mrs. Betty Shahan and children Elaine and Randy are enjoying a three-week vacation in Washington.

T. H. Deaver, Jr. To Attend Bank School In Wisc.

T. H. Deaver, Jr., Cashier of First National Bank will leave Sunday for two week's attendance at The Graduate School of Banking at the University of Wisconsin, Madison, to be held August 13-26. This will be his second year at the school, which requires two weeks' attendance each year for three years to earn the certification of graduation. Between resident sessions, students are required to do extension work involving problems in all phases of banking.

The school is sponsored by The Central States Conference of Bankers Association, composed of bankers associations from 16 mid-western states. 1,300 bankers are enrolled this year from 38 states, Japan, and Jordan, with titles ranging from junior officers and department managers to vice presidents, presidents and chairman of the Board.

The present high standards of banking service in communities throughout the country will be enhanced by attendance of local

bank officers at this specialized banking school.

The faculty of over 120 instructors includes bankers who are specialists in their respective fields, practicing attorneys, business executives, and members of university and college faculties. The instructors are among the most competent men in their professions. Many of them are nationally known authorities in their special lines and come from all parts of the United States.

Dr. Herbert V. Prochnow, President of The First National Bank of Chicago, is Director of the School.

LIBRARY LORE

By Jim Roark

"God asks no man whether he will accept life. That is not the choice. You must take it. The only choice is how."

"Fathers" by Herbert Gold is a novel for adults in the form of a memoir. The main character, Sam Gold, seen through the eyes of his son, is in his eightieth year when the story begins.

Some following quotes from the book best describe this Russian

Jew who is boisterous, powerful, funny, raucous and tender.

"In April of his eightieth year, he went on looking for the chance to exercise all his spirit and a little more. Otherwise a man is never secure, and knows nothing of success and failure, and takes the chance of knowing, or perhaps too much, of his own life."

"At your age dad—" "I never think of it," the father answered frankly. "I got better things to do with my time."

Considering this dominate part of Sam's character, he lived by the quote at the beginning of this review.

Besides this Father there are many other well drawn characters connected with the story of his life.

It is the most American of stories: how one American transplanted from Europe, makes his success in the new land.

The author uses elements of history and the autobiography to tell us both what America is about

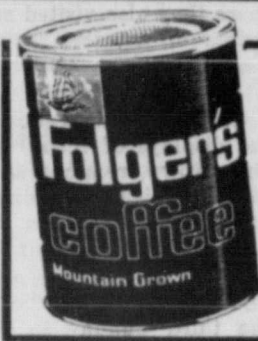

and perhaps when it should be about.

You will find this novel at the library in Memphis. Also, some just arrived children's books, "Grandpa" by Barbara Borak; "Sandy Signs His Name" by Myra Berry Brown.

When your sins find you out, it is just about as bad as when the collectors find you in

Lt. H.S. Foster Graduates From Reese AF Base

Col. Ernest T. Craeg, Reese Air Force Base, was the graduate speaker for Class 68-A of the Reese Air Force Base on Saturday, July 29.

The graduating class contained 10 young officers of the United States Air Force, a member of the National Guard, and two officers of the Royal Iranian Air Force.

Lt. Henry S. Foster, Jr., son of Lt. and Mrs. Henry S. Foster, of Memphis was a member of the graduating class. Lt. Foster is going to Peterson Field, Colo.

Lt. Foster was graduated from the United States Military Academy at West Point, New York, in June 1966 and was commissioned into the U. S. Air Force.

Mr. and Mrs. Foster attended their son's graduation.

Jessie W. Murdock Fires Expert With Army's M-16 Rifle

FT. HOOD.— Army Private First Class Jessie W. Murdock, son of Mr. and Mrs. Elmer Murdock, 803 S. Ninth, Memphis, Tex., fired expert with the M-16 rifle at Ft. Hood, Texas, July 25.

The expert rating is the highest mark a soldier can achieve on his weapons qualification test.

He is a scout in Troop C, 2nd Squadron of the 2nd Armored Division's 1st Cavalry.

Go on. Try and tell me it isn't an awful expense to install modern gas central heating in my home. Go on. Just try.

Okay. It really isn't an awful expense. Check the lower prices now during the Summer Gas Heating Sale and see for yourself!

You'll no doubt be pleasantly surprised. Especially now during August and September when gas heating contractors have more time and are offering special savings. There's a wide variety of modern, automatic gas heating equipment to take care of any situation—whether you're heating one room, several rooms or your entire home. To take advantage of pre-winter savings, call a gas heating contractor or Lone Star Gas now!

Unlinking the Line
If a fishing line is twisted, this curl can be remedied simply by dragging the line in the water behind the boat. Water flowing over the line will take the twist out of it. Trail the line and nothing else—no swivel, no hook, no

Balancing the Boat
Balancing the boat is essential for both safety and comfort. If the bow tends to plow through the water, the load is too far forward. If the bow tends to be high, the load probably is too far aft.

Matching Rod, Line, Lure
If you're not getting distance with your spinning outfit, the rod or line may be too heavy for the lures being used. So, use either a lighter line or heavier lures.

Braided Line Too Visible
When using a braided fishing line, a short length of monofilament should be attached between the end of the line and the lure. Braided line is too obvious in the water.

Keep Line Clean
If a floating fishing line sinks below the surface of the water, it may just be dirty. Wipe it off with a soft cloth and then apply a light coating of commercial line dressing.

Keep Boat Numbers Visible
Boaters who are in the process of refinishing their craft are reminded not to forget to repaint the registration number. Letters should be clearly separated from the numbers and solid part of plenty in contrast with the color of the hull.

There are no bream in American waters. What Southerners call a bream, or "brim" is usually the bluegill sunfish.

Many species of game fish, in both fresh and salt water, go into a feeding frenzy in the still period before a heavy rainstorm.

When a groundhog emerges in early spring from hibernation, what he first goes looking for is not his shadow and not food, but a mate.

To make the inside and gunwales of an aluminum fishing boat less noisy, have them sprayed with rubberized undercoating at an auto-body shop. Or split garden hose can be cemented over the gunwales.

Check Gas Tank Often
Outboard fuel tanks should run until dry, from time to time, and the bottom checked for dirt, rust and water. If any is found, flush the tank clean with a bit of kerosene or commercial alcohol to remove the water and sediment.

Feeding a dog only every other day will not make him hunt better for the sportsman. Instead, it is likely to make him hunt for supplementary food.

Lighter Lines Most Popular
Years ago the best selling fishing line tested over 14 pounds. However, with the advent of synthetic material, the most popular lines sold today are eight and 10-pound test.

YOUR COUNTY AGENT SAYS

MAKE PLANS NOW FOR
The time is once again approaching to consider plans for fertilizing wheat to be planted this fall.

"Since most soils vary in their ability to supply plant nutrients, the most logical starting point for determining fertilizer needs is the soil test," says W. B. Hooser, Hall County Agricultural Agent. By sampling early, the report will be received in time for making the final decision as to what kind and how much fertilizer to apply."

Nitrogen is the fertilizer element likely to be in shortest supply, points out Hooser. Organic matter as measured by soil tests is one of the guides for determining how much nitrogen will be needed. However, such factors as the amount and stage of decomposition of previous crop residue, physical condition of the soil, ability to irrigate adequately and intended grazing practices will all influence the nitrogen need of the crop.

Data at the South Plains Research and Extension Center clearly indicates that where wheat is grown on Pullman soils for grain only, the time of nitrogen applications is of little importance. However, adds Hooser, when wheat is to be grazed, all or part of the nitrogen should be applied preplant to stimulate early growth. Adequately fertilized wheat forage can contain 20 per cent protein or 3 per cent nitrogen on a dry basis.

Insufficient phosphorus can also limit wheat production, the agent pointed out. Profitable response has long been evident on many of the sandy and mixed lands soils. Yield increases have also been noted on Pullman soils shown to be deficient by soil testing.

Since phosphorus does not move available at the county agent's it must be placed in the soil where it will be within reach of the permanent roots. Therefore, preplant wheat plants utilize much of the phosphorus when they are young.

Hooser urges all wheat growers to send in soil samples as soon as possible. Complete information on sample collection and mailing is available at the county agent's office.

Bobby Pate is looking forward to Aug. 30 when her sister, Mrs. Mike Rosen of New Orleans, will appear on the Match Game over Channel 4, NBC, Amarillo. Mrs. Rosen, who is the former Pat Davenport of Lakeview, was recently in New York City with her husband, and the show was filmed at that time. It will be shown at 3 p. m. No doubt, many friends here will enjoy tuning in and seeing Pat in the show.

Bobby said her sister was able to see several shows at the National Broadcasting Company studios including the Johnny Carson show. She had written for tickets

prior to going to New York. While there they also visited many other points of interest including the United Nations Building, etc.

The weather Wednesday, plus the displays of school items seen about town, reminds us that summer is quickly slipping by, and school days will soon be here.

The date for the annual Hall County Picnic has been set for the third Sunday in September, which is Sept. 17. The association, under the direction of its officers and President V. C. Durrett, are making plans for another gala celebration. Former residents are urged to mark their calendars now and attend the picnic.

A special treat this year will be

a program presented on Saturday night—before the picnic Sunday—by the Wills family, well-known singers and TV personalities. The group was recently in Amarillo, and gave a concert at the City Auditorium. Formerly from Hall County and Memphis, the members of the family have been successful in the musical field, and now make personal appearances, not only in Texas, but in other states. They have a variety program with special numbers by their senior quartet, junior quartet, and other members in solo numbers.

Speaking of the picnic, John Chamberlain, chairman of the beef committee, has already announced several donations of beeves for this year's picnic. So, if you would like to give a beef, be sure and contact John. It does take about eight animals to feed the crowd. A lot of meat, we'd say!

We had an enjoyable weekend in El Paso visiting our son, Adrian, and his wife, Carnis. While there we drove up to a famous and quaint little tourist spot—Mesilla, N. M. It's about a 35-minute drive from El Paso up the Rio Grande. It's strictly a town of gift shops featuring items that appeal to tourists, such as Indian relics, gift items such as glassware, pottery, some Mexican wares, etc. Of unusual interest was a large book store that held on its shelves many novels concerning the early-day West, biographies of western heroes, artists and writers of yester-years, and of the present time. Also of interest was the candle shop in which hand-made candles are sold.

The old trading post in Mesilla has been turned into a rustic eating place, which reminded us of the Court of the Three Sisters in New Orleans. Known as La Posta, the restaurant was used in the early days as the stage coach stop for the Butterfield Stages. The restaurant is quite large. It has numerous individual rooms; so, no doubt, is a popular spot for tourists.

We are delighted to have visiting us this week our granddaughter and grandson, Debra and Kent Combs, who returned home with us for a two-week visit.

Texas Press Association
AUSTIN, Tex. — One day after receiving a 40-year service award from the Texas Highway Commission, State Highway Engineer Dewitt C. Greer announced his retirement.

Greer reached the mandatory retirement age of 65 on July 27; he agreed, at the behest of the Commission, to stay in the job until the end of the year.

Lt. Gov. Preston Smith, acting governor while Connally hunts for a successor in Africa, called on Greer at his office to present him with a framed copy of a proclamation making Greer an "honorary member" of the Texas Press Association.

A celebration commemorating Greer's 40 years of service to the Highway Department's 50th anniversary is slated for September 26. The highlight of the celebration will be the presentation to Greer of funds donated to endow in his honor a professorship at the Texas A&M Civil Engineering Department.

Greer, a graduate of A&M, went to work for the Highway Department in 1927 and became its top administrator in 1940. During his tenure as chief engineer, Greer has supervised the investment of more than \$4,000,000,000 in a highway system that's grown from 10,350 miles to more than 68,000 miles in the past 27 years.

A former president of the American Association of State Highway Officials, Greer now serves on the organization's executive and legislative committees and has received its two highest honors for contributions to highway progress. In 1965, Texas Christian University made him an honorary doctor of laws. Texas A&M gave him its Distinguished Alumni Award in 1966.

SUCCESSOR NAMED — Succeeding Greer on January 1 will be Asst. State Highway Engineer C. Dingwall who has been with the Department since 1928 except for the World War II years when he served in the U. S. Army Corps of Engineers and four years he spent as Engineer-Manager of the Texas Turnpike Authority, supervising the financing, design and construction of the \$58,000,000 Dallas-Fort Worth Turnpike.

CANDY
BY TOM DORR

Dingwall served as the Department's supervising urban engineer in Houston, overseas construction of the Gulf Freeway — the first major freeway built in Texas. He has been assistant state highway engineer since 1958.

In other Highway Department activity, Hal Woodward of Coleman was sworn in as chairman of the Highway Commission, and Herbert C. Petry, Jr. of Carrizo Springs took the oath to begin an unprecedented third six-year term on the Commission.

Woodward, who succeeds Petry as chairman, was first named to the Commission in 1955.

AGENCIES — A deed has been signed by the School Land Board giving the United States the minerals under 47,895 acres in Guadalupe Mountains National Park.

Two days of hearings, October 17-18, have been scheduled by the Texas Water Rights Commission on proposed cancellations of unused water rights for diversions of water from the Rio Grande, indicating that the Commission will apply the newly passed Water Rights Adjudication Act to

Rio Grande rights first.
Water Rights Commission has found that directors of Brazoria County Water Control and Improvement District No. 8 have failed to comply with the law by appointing directors to fill vacancies for which there is no unexpired term of office; by not holding annual elections for directors; by assessing taxes which are not equal and uniform; by not appointing a board of equalization; by collecting too much from the District for services and expenses; and by not calling a special election to fill vacancies.

Board of Insurance put the new drivers penalty point system into effect on August 1. By levying \$6,439,362 in penalties on drivers who had wrecks or serious traffic offenses during the year just ended, the Board was able to cut average rates by one per cent.

Texas Employment Commission reports that a total of \$8,200,000 in unemployment insurance benefits was paid to eligible claimants in Texas during the April-June quarter.

PRICE-FIXING SUIT — State of Texas has filed a price-fixing suit against five big drug firms.

Suit entered in federal court at Dallas by Atty. Gen. Crawford C. Martin, seeks triple damages totaling \$12,000,000 from the producers of aureomycin, terramycin and tetracycline products. Drugs involved are used to treat both human and animal diseases and as animal feed supplements.

According to Martin, the federal government already has anti-trust suit pending against the same firms: Charles Pfizer and Co., Inc.; American Cyanamid Co.; Bristol-Meyers Co.; Olin Mathieson Chemical Corp.; and the Upjohn Co.

Martin alleges that the drug manufacturers charged state conspiracy to limit their manufacture and sale.

Furthermore, the attorney general contends, the firms' actions inflated prices to retail druggists, wholesalers, private hospitals and the consumer.

Martin estimated more than \$3,000,000 has been spent by state and local governments along between November, 1953, and November, 1966, to buy antibiotics for use in public-supported hospitals, schools and other institutions and health or welfare programs.

Other states are contemplating similar suits, Martin said, and state attorneys general will discuss the case at their conference in Portland, Ore. on August 29.

HEALTH GRANTS SOUGHT — Seventy eight health facilities have applied for federal Hill-Burton construction grants of twice as much as is expected to be available for Texas.

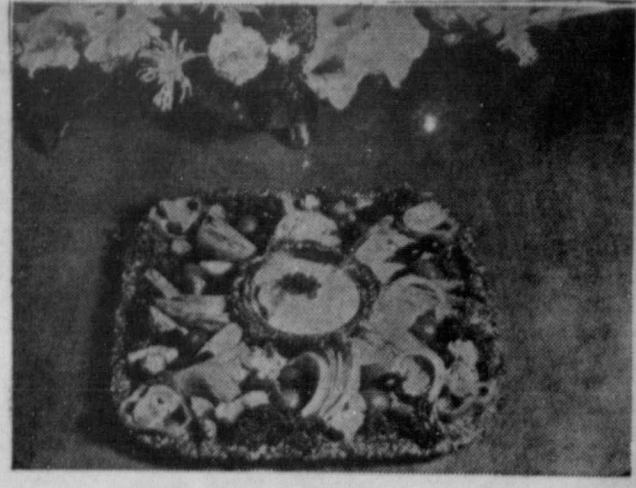

New 1968 Texas Plan Construction and Modernization of Hospitals and Related Medical Facilities is now available for review at the State Department of Health.

Hill-Burton Act provides funds to help finance construction and modernization of general hospitals and long-term facilities, diagnostic or treatment centers, rehabilitation facilities, tuberculosis hospitals and public health centers.

Dr. J. E. Peavy, State Commissioner of Health, said the 1968 plan indicates ever-increasing use of health facilities.

APPOINTMENTS — Lieutenant Governor Smith has made these appointments: Sens. Henry Grover of Houston, George Parkhouse of Dallas and David Ratliff of Stamford to Interim Committee on State and Local Tax Policy; Sens. Henry Grover of Houston, D. Roy Harrington of Port Arthur and A. R. Schwartz of Galveston to a Special Committee to Study Texas Beaches; and Sens. Chet Brooks of Pasadena, Tom Creighton of Mineral Wells, Barbara Jordan of Houston, Jim Wade of Dallas and Charles Wilson of Lufkin to the Study Committee on Emergency Hospital Treatment.

House Speaker Ben Barnes has made these appointments: Rep. Richard C. Slack of Pecos to the Legislative Budget Board to succeed Rep. Maurice Pipkin, who resigned from the legislature to become executive director of the State Judicial Qualifications Commission; Raleigh Brown of Abilene to the Governor's Committee on Interstate Co-operation; Rep. Ben Atwell of Dallas, W. C. Sherman of Fort Worth and Hudson Moyer of Amarillo to the House Concurrent Committee on State and Local Tax Policy; and Reps.

Charles Jungmichel of La Grande, Dean Neugent of Texas City and Gus Mutscher of Brenham to the Interim Committee for the Study of Land Uses and Environment Control.

State Finance Commission appointed Francis A. Miskell, Regulatory Loan Commissioner, to serve as Consumer Credit Commissioner, effective October 1. Post was created to administer the Consumer Credit Code passed by the 60th Legislature.

ATTORNEY GENERAL RULES — Attorney General Martin has ruled that:

*Personal car mileage and meals during travel on official business, office rental and parking space fees are among legal expenses which legislators now can charge to the state under their \$1,000-a-month expense allowance.

*Guadalupe-Blanco River Authority property, not necessary to business of the district, may be sold to either the original owner or others. But GBRA may not make improvements solely for the purpose of selling surplus land.

EDUCATION — Amarillo College has received approval from the Coordinating Board to establish a two-year registered nurses' training program. First class will be accepted in 1968. College also has received a \$37,000 research grant from the Texas Education Association to plan curriculums for its School of Health Occupations.

Billy Pletcher Injured Monday In Motorcycle Accident

Billy Pletcher of Perryton, nephew of Mrs. Hubert Jones, was seriously injured Monday night in a motorcycle accident en route to the home of his parents, Mr. and Mrs. Bill Pletcher, who reside about 15 miles out of Perryton.

HALL COUNTY COTTON INSECTS REPORT

Bollworm activity has increased in many fields in Hall County. Populations of bollworms are much heavier at this time than at a comparable time last year.

Light infestations of fleahoppers were observed in several fields in Hall County.

Light bollworm damage was observed in Hall County this last week. Bollworms are very hard to control after they are one-fourth of an inch long. Producers should examine the terminals and squares of at least 1000 cotton plants to determine if control measures are needed.

Cabbage loopers and yellow striped armyworms were found feeding on the leaves of cotton plants in Hall County. Garden webworms (careless weed worms) were causing damage to cotton in the county and grasshoppers continue to damage much of the cotton.

For control recommendations, please refer to L-508, Texas Guide for Controlling Cotton Insects in the High Plains, Rolling Plains and Trans-Pecos Areas of Texas. Copies of this guide were mailed in April to each cotton farmer in Hall County but in case your copy has been lost, one may be picked up at the office of the county agricultural agent.

Storm - Braidfoot Wed In Tulsa, Okla

Miss Frederica Maude Storm of Tulsa, Okla., and Larry Don Braidfoot of Estelline exchanged wedding vows at 8:00 p. m., Friday, Aug. 4, in the Wedgewood Chapel of the Tulsa First Baptist Church. Dr. Z. L. Brister, Director of the Baptist Student Union, University of Tulsa, officiated.

The bride is the daughter of Mr. and Mrs. John A. Storm of Tulsa and the groom is the son of Mr. and Mrs. Braidfoot of Estelline.

Mrs. Edwin Yager of Tulsa, Okla., organist, played traditional wedding selections. Vocalist was Miss Gay Correll of Longview.

The church was decorated with brass candelabra arch, standing baskets of white gladioli and pink carnations, and standing brass candelabra at each edge of the altar. In each window recess was a candle surrounded by green ivy.

The Bride

Given in marriage by her father, the bride wore a formal length gown of silk peau de soie styled with a peau bateau neckline. Delicate Alencon lace appliques noted on the bodice and skirt of the gown were re-embroidered in pearls and crystal beads. The chapel length train was trimmed with bands of English net with Alencon lace motifs completely encircling it. Her veil of imported English illusion was secured by a new cap shape of Alencon lace re-embroidered in seed pearls and iridescent crystals.

She carried a bouquet of gardenias and pink roses falling from a corsage centered on a white Bible.

Attendants

Maid of honor was Jacqueline Adele Storm of Tulsa, sister of the bride. She wore a floor length gown fashioned with pale pink sequin bodice and rose crepe sheath skirt and carried a long stem pink rose.

Johnanna Esther Storm of Tulsa was bridesmaid and Johna Beth Storm, also of Tulsa, was junior bridesmaid. Both are sisters of the bride. Miss Johanna Storm was attired in a floor length gown of pink identical of the dress of the maid of honor. The junior bridesmaid wore a floor length dress of pink silk with Alencon lace appliques on the bodice and skirt which were re-embroidered in pearls.

They also carried single long stem pink roses.

Eddie Braidfoot of Memphis served as best man.

Usher was Don Cadenhead of Dallas.

Reception

A reception following the ceremony was held in the new parlor of the church.

Miss Doris Glenn of Cisco presided at the register to secure the names of the guests.

The bride's table and groom's table were decorated in white with yellow accents. Candelabra centerpieces lent emphasis to the tables.

Reception assistants were Mrs. Donald Bates, Stillwater, Okla.; Miss Diann Cravath, Galveston; Miss Delaine Jones, Stillwater; Mrs. Michael Ives, Tulsa; Miss Missey Archer, Longview; Miss Janie McElroy, Tulsa; Miss Nancy Ann Schedel, Dallas; Mrs. David Bezona, Lawrence, Kan.

After a short wedding trip the couple will reside at 1709 South 10th, Waco, where the groom is a graduate student at Baylor University and Assistant Director in the office of religious activities.

Out-of-town guests present included: Mr. and Mrs. L. D. Braidfoot of Estelline; Mr. and Mrs. Eddie Braidfoot, Memphis; Mr. and Mrs. Frank Mayhall, Idabel, Okla., grandparents of the bride; Mrs. Carrie Storm, Winter Park, Fla., grandmother of the bride; Mr. and Mrs. Robert Jackson, San Antonio; Mr. and Mrs. Keith Manahan, Austin; Miss Patty McGuire, Robstown; Mr. and Mrs. Charles True and Mary True, Oklahoma City, Okla.; Mr. and Mrs. Stewart Springfield, Siloam Springs, Ark.; Mr. and Mrs. Patrick Hurley, Clinton, Ind.; Miss Olivia Coggin, Ft. Worth; Mr. and Mrs. Richard Hodges and Randy Hodges, Siloam Springs, Ark.; Mr. and Mrs. James Whitaker, Farmersville; and Mrs. Bert Baker, Farmersville.

Eva Ann Glosson Is Shower Honoree

The home of Mrs. Kenneth Dale, 1103 Grundy, was the scene Saturday evening, Aug. 5, for a lovely bridal shower honoring Miss Eva Ann Glosson, bride-elect of Toby Crooks.

Guests who called between the hours of 7:30 and 9 p. m. were greeted by Mrs. Dale and presented to the honoree, Miss Glosson, her mother, Mrs. Jerrell Trainham, and Mrs. R. E. Crooks, mother of the groom-to-be.

Mrs. Richard Ellis presided at the register to secure signatures of the guests.

The bride-elect's chosen colors of two shades of pink were carried out in the party decorations. The refreshment table was covered with a white satin cloth under an overskirt of white net trimmed in satin. Centering the table was a silver epergne of pale pink gladioli, dark pink carnations and pale pink tapers. Table appointments were in silver.

Misses Chris Campbell, Kathy Jones and Cathy Dale alternated

at labeling punch and serving dainty ribbon sandwiches, snowballs, and sand tarts.

A lovely array of beautiful gifts was displayed in three rooms of the party suite.

Baptist Class Meets In Home Of Mrs. Baldwin

The Mary-Martha Sunday School Class of the First Baptist Church met Thursday, Aug. 3, in the home of Mrs. Byron Baldwin. Mrs. Anna Mauck and Mrs. L. O. Dennis were co-hostesses.

Mrs. Elmer Gardenhire, vice president, welcomed visitors and members and Mrs. Gene Jorgenson led the opening prayer.

Minutes of the previous meeting were read and group leaders gave their reports.

The Baptist Encampment in Glorieta was the theme of the program. Mrs. Baldwin, Mrs. Gene Jorgenson, Mrs. Theo. Swift and Mrs. Frank Ellis spent one week in Glorieta going to classes and enjoying programs by missionaries who came there to tell them of their work.

Mrs. Baldwin opened the program on Glorieta, reading as her scripture Mark 6:31. She told of the wonderful speakers and music they heard and enjoyed and the classes they attended.

Mrs. Frank Ellis gave the location and description of Glorieta Encampment and the programs of each week in 1967.

Mrs. Theo Swift told of the mission work being done in Africa and the way of dress there.

Mrs. Gene Jorgenson told of the meditations in pantomime by Mary Hardin Baylor University and also the "The Sacred Hooten Army" the staff of Glorieta gave.

Mrs. Baldwin then showed slides brought back from Glorieta. Refreshments were served to the following: Mmes. J. W. Smith,

Mrs. Jack Hammock and Mrs. Earl Wooten, aunt of the groom-elect, all of Oklahoma.

Miss Ray received a B. A. in French from Texas Tech in August, 1966 and is a member of Phi Mu sorority. She taught French at Robert E. Lee High School in Midland last year. Lt. WSCS Enjoys Luncheon Monday In Church Annex

The general meeting of the Woman's Society of Christian Service was held Monday, Aug. 7, at 12 noon with a covered dish luncheon in the Methodist Church Annex.

Mrs. Mary Lou Erwin gave the invocation and the group then enjoyed the social time of the meal.

Mrs. M. G. Tarver, the president, presided at the business meeting at which time she gave a report of the School of Missions held in Abilene the latter part of July.

Mrs. W. J. McMaster's subject for the meditation was "You Must Wait for the Promise". Her scripture reading was from the first chapter of Acts. She discussed in an inspiring manner the source and nature of the power of the Holy Spirit.

Mrs. Bob Hutcherson, as program leader, gave an informative discussion of "Motivation for Church Renewal" by Dr. Murphy, assistant general secretary for church extension of the National Division. The highlights of her talk were that the religion of today must face radical social transformation as well as reform its concept and practice of mission. Much can be done through the involvement of the laity. The church needs to develop and support creative leadership having a sense of divine empowerment, she said. Mrs. Hutcherson gave excerpts from Dr. Tracy K. Jones' article, "Planning for the Next Ten Years." The revolutions that are forcing the World Division to think and act in new ways are technological, the population explosion, human rights and weapons, human rights and weapons, she concluded.

Mrs. Carl Morris enhanced the program by telling three specific responsibilities that explain the task of the Board of Missions: "We must be a sign pointing to those outside the Christian community; we must be a conscience for the uplifting of other Nations; we must be a channel between Methodist Churches in our country and world-wide countries."

Mrs. Tarver led the prayer to conclude the meeting.

Those present were: Mmes. Bill Whitten, J. W. Oliver, Bess Crump, Mary Lou Erwin, J. P. Montgomery, W. V. Coursey, M. G. Tarver, Carl Morris, W. J. McMaster, Bob Hutcherson and F. W. Foxhall.

Miss Chris Campbell, bride-elect of Bobby Carroll, was honored with a shower Monday evening, July 24, in the home of Linda Gaston, 708 North 13th Street.

Co-hostess were Mrs. Richard Ellis, Miss Laura Gaston and Miss Jeanie Anthony.

The serving table was covered with a white cloth and centered with an arrangement of yellow cut flowers. Mints, punch and sandwiches were served.

Those attending the shower were Misses Cathy Dale, Kathy Jones, Suzette Smith, Carol Thompson, Liz Johnson, Mary Ann Lemons, Ann Knight, Connie Bradshaw, and Janet Coleman.

Unable to attend were Dawn Ann Thompson and Vicki Moore.

Scotty Lockhart Is Party Honoree On Fourth Birthday

The Memphis City Park was the scene Monday afternoon at 4:00 p. m. for a birthday party honoring Scotty Lockhart on his 4th birthday. Scotty is the son of Mr. and Mrs. Bill Lockhart.

After a play time, the group enjoyed clown birthday cake and cupcakes and Kool Aid. Scotty then opened an array of birthday gifts. Favors were toy parachutes and party whistles.

Those attending were: Randy and Terry Bice, Kathy and Marshall Boone, Chana Harrell, Kelli Fisher, David Wayne Howard, Matt and Lynn Monzingo, Bret Combs, the honoree, Scotty Lockhart, and his sister, Tammy Lockhart.

Mothers present were Mrs. Lockhart, Mrs. Johnny Harrell, Mrs. Gayle Monzingo, Mrs. Roddy Bice, Mrs. Jack B. Boone, Mrs. Phil Howard and Mrs. Bill Combs.

CONFEDERACY MEETING—Tops Gilreath, president of the Texas Division of the United Daughters of the Confederacy, is pictured above with the out-going president, Tom Callaway, left, of the Children of the Confederacy, and the in-coming president, Mark Allen, at the 29th annual convention and 16th annual camp at the famous old Holiday Hills Corral Resort last week at Wimberley. "Texas During the War Between the States" was the theme of the convention.

BRIDE-TO-BE — Mr. and Mrs. James Brunson announce the engagement and approaching marriage of their daughter, Patricia Ann to Jerry Maupin, son of Mr. and Mrs. Mickey Maupin of Turkey. A Sept. 2 wedding in the home of the bride-elect's parents is planned. Miss Brunson and her fiancée are working and attending school in Dallas.

Beverly Ray, Lt. D. P. Todd To Wed In Oct.

The forthcoming marriage of Miss Beverly Ray and Lt. David Paul Todd was announced at a coffee Saturday, Aug. 5 from 10 to 11:30 a. m. at the home of the bride-elect's mother in Lubbock.

Miss Ray and Lt. Todd will marry Oct. 7 at Oakwood Baptist Church.

Miss Ray is the daughter of Mr. and Mrs. A. D. Ray, Jr., of 2313 56th, Lubbock, and the granddaughter of the late Mrs. R. C. Walker of Memphis. Lt. Todd is the son of Mr. and Mrs. Paul E. Todd, 3336 N. W. 27th, Oklahoma City, Okla.

The chosen colors of turquoise and white were used in the corsages and centerpiece of glads and daisies. The wedding date was announced on the wings of a miniature turquoise plane in the table arrangement.

Special guests were Mrs. Paul E. Todd and Debbie Todd, mother and sister of the groom-elect, and

Three More Result Demonstrations Are Set Up On Hall County Farms

A new result demonstration of the study of the nematode and fusarium wilt has been set up on the James McAnear farm three miles west of Brice," says West Texas Agricultural Agent W. B. Hooser.

This test is conducted under the supervision of Dr. Calvin Orr, nematologist at the South Plains Research and Extension Center, Lubbock.

The field was checked several times in 1966 and heavy damage was noted during the growing season. The need for more information on nematode and wilt problems is great since a large number of fields in this area are infested by wilt and parasitic nematodes.

The soil fumigant was put down with a knife type blade that went in at the side of the bed instead of in at the top. The fumigant and disturbed the bed very little. The fumigant was put down April 26 in two-row plots and replicated four times as follows:

1. DBCP, 1 gal. per acre. 2. Dystison, four pounds per acre.
3. Dazanit, 6 pounds per acre.
4. Niagra 15267, one pound per acre plus 10242, four pounds wetable powder per acre.
5. DBCP plus Dazanit 2-3 gal. per acre and two pounds per acre.
6. Shell 1897 (Nemagon plus SD-7727), 3. Check.

The cotton was planted May 8 and is up to a good stand now. The variety planted is Paymaster 62-M-18. On May 16, five cotton disease resistant lines and varieties were planted. These plots are one row and replicated seven times as follows:

1. Paymaster 62-M-18, 2. 2P-23-656,237T — (Bird), 3. Westburn, 4. Lankburn, and 5. Lockett BXL 65.

A cotton variety performance result demonstration on dry land has been established on the Wayne Hutcherson farm located five and a half miles southeast of Memphis on Highway 1619. The demonstration was planted June 8 and looks good at this time.

There are 17 varieties and cotton lines planted in this demonstration. In this planting, there

are some cotton lines that may be released as varieties in the near future if their performance in tests and demonstrations warrant.

The cotton used in this demonstration are as follows:

- Del-Cerro, Paymaster 2930, Paymaster 62-M-18, Lockett 3-10, Lockett 4789, Hy Bee, CA 788-64-24, Lankart 611, TPSA-41, DeKalb 302, Paymaster 202, CA 788-64-17, Stoneville 7A, Sweet 75, Northern Star 5, Gregg, Lankart 57.

A grain sorghum performance test was planted June 6 on the Harold Hodges farm located one mile north and one-half mile west of Plaska. This is a state grain sorghum performance test, and is conducted under the close supervision of Harvey Walker, agronomist at the South Plains Research and Extension Center at Lubbock. There is a popular demand for this type of test in this area. This type of test should help a farmer to decide on the variety he thinks will do the best job on his farm.

There are 17 hybrids of grain sorghum in the test as follows:

- Early—1. W-55, 2. NB 505. 3. 3520.
- Medium—1. TE-66, 2. TE-Mucho, 3. TE-Gmaster A, 4. P-866, 5. W-60, 6. RS-608, 7. RS-610, 8. RS-625, 9. RS-626, and 10. R-102.
- Late—1. P-846, 2. PAG 659, 3. RS-671, and 4. RS-702.

Noel Clifton, Jr. Is Named To Dean's Honor List At Tech

Noel F. Clifton, Jr., of Memphis received notice this week that he was among those named to the Dean's Honor List for the spring semester, 1967, at Texas Technological College, Lubbock, according to Dean Ivan L. Little of the School of Sciences and Arts.

Noel, the son of Mr. and Mrs. Noel Clifton, is a senior at Tech and was recently named president of Sigma Alpha Eta, national organization for students majoring in speech pathology and audiology.

Noel maintained a 3.8 for the semester.

Ronald Johnson Among Crew Of USS Forrestal

Ronald Johnson, 20, son of Mr. and Mrs. Bob Johnson of Dallas and grandson of Mrs. S. W. Fielding of Memphis, told his parents in a telephone conversation from the Philippine Isles, last week that he was fine with the exception of some burns on his legs.

Johnson was a crew member aboard the USS Forrestal which suffered heavy damage from fire and explosion recently in waters near Vietnam.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section in Article III to be known as Section 52e, reading as follows:

"Section 52e. Each county in the State of Texas is hereby authorized to pay all medical expenses, all doctor bills and all hospital bills for Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of this state at an election to be held on November

11, 1967, at which time the ballot shall have printed thereon the following:

"FOR the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

"AGAINST the Amendment to the Constitution authorizing each county in this state to pay the medical bills, doctor bills and hospital bills for all Sheriffs, Deputy Sheriffs, Constables, Deputy Constables and other county and precinct law enforcement officials who are injured in the course of their official duties; providing that the county shall continue to pay the maximum salary of these officials while they are incapacitated, but such salary payment shall not continue beyond the terms of office to which they were elected or appointed."

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any of any bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds or for the failure of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformity with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portions thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund hereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest, and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces, above named and who at the time of his or her enlistment, induction, commissioning, or draft-

ing was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and at such terms, and at such prices and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board, may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

irement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict of interest with the original office or position for which he receives salary or compensation. EMPHASIS MEMPHIS

... and County Comments —By HAC

Tentative arrangements have been made for the Wills Family Inspirational Singers to be back home with us for the annual Hall County Picnic. V. C. (Zipp) Durrett said this week that he and other officers of the picnic association had a preliminary meeting a few days ago. He stated that he was negotiating with the Wills Family group in an effort to have them here. Seems that they are booked up for most weekends, but final word should be received here soon.

From the Daily Olympian, Olympia, Wash., the following is quoted: "Some people are no good at counting calories, and they have the figures to prove it." Now I wonder why I remember it.

There is a growing trend in several communities in West Texas, the Panhandle and other states, for the establishment of feed mixing plants whose primary purpose is to give individual livestock raisers the mix they want. California has led in this specialized enterprise, as I was shown when I vacationed in that state last summer. Of particular interest was a farmers' co-operative which mixed and delivered a special feed for laying hens. In an area north of San Diego there are hundreds and hundreds of chicken "ranches," and each handles the eggs from literally thousands of hens. A man at a service station told me this was the "egg basket" of the western states. More thinking is being done along this feed mix line, and it might be a good idea for some of our more progressive farmers and business men to look into it. Most of us are familiar with dry feed mixes. Now comes a new idea—liquid feed. When something like this comes to Hall County, we will see a tremendous upsurge in the number of cattle, hogs and chickens. As they enter the economic picture in this area, there will be less dependence upon the cotton crop.

The State Supreme Court has ruled that the constitutional amendment requiring annual voter registration in Texas is valid. Therefore, everybody who

brother, Elmer T. Blades of Rush Springs, Okla.; and six grandchildren.

wants to vote in any election in Hall County must register in the office of the county tax assessor and collector. Melissa Anderson says date of registration is between October and January. Additional note: all persons (even those 60 years old and older) must get their registration certificate. All persons reaching the age of 21 must register prior to any election in which they desire to vote. That is, they must register 30 days prior to the election.

Carl Hill of Estelline, Orville Setliff of Turkey, O. R. Stark of Quitaque and Fred Mercer of Silverton were recently reappointed to the board of directors of the Upper Red River Flood Control and Irrigation District by Gov. John Connally. Other directors are O. E. Bevers, Lakeview; C. C. Broughton and Russell Jones of Childress. River authorities are legal entities. This one was established by the Texas Legislature in the 1930's—and is still on the books. Its boundary goes from Oklahoma to New Mexico... and more will be heard from URRF-CID in the future. Primary aim is a huge dam on Red River, based upon curtailing siltation and salt content of the waters as they arrive in Lake Texhoma.

What has happened to those Hall County watermelons which, in years gone by, ripened the last week of July? Have not heard of any local farmers thumping and pulling. Was reminded about dates to plant for

fall garden production by Lynn McKown, who advised me to plant my turnip seed this week. I took his advice since he and his wife are making some kind of record with their garden this year.

The Texas Crop and Livestock Reporting Service places cotton acreage planted in Texas at 4,050,000 acres. It is nearly a quarter million acres under the acreage planted last year, and 37 per cent below the 1961-65 average. World production of cotton, from latest information received, shows the 1966-67 crop will yield over 47,000,000 bales. Prediction is that U. S. cotton farmers will gin about nine and one-half million bales. Subtract that from the total world production and you can readily see what is happening to the American cotton farmer. The pressure is on from other nations; also, the import of cotton goods from textile mills operating outside this country. Congress is worrying about this fact as testimony and figures are given. The American consumer is responsible, in my opinion, for much of the problems which we face. The housewives are prone to buy too many of the synthetic fibers in the goods which are on display in the dry goods stores in Memphis (and cities where shoppers are spending their money). Am glad to report that my daughter and daughter-in-law always purchase "cotton" goods when birthday or fathers day arrives, and I receive a gift of clothing.
