Cotton harvest was in full swing this week as dry, warm weather prevailed over the area. Hall County gins reported a total of 15,388 bales ginned up to Thursday morning, making a total of 138 bales ginned for the week.

K. E. Voelkel, in charge of the Memphis Cotton Classing Office, reported that two new classers were added to the staff this week. They are Milton Hall of Greenwood, Miss., and N. B. "Buck" Waggoner of McAlester, Okla. They began work on Wednesday.

Linda Webster and Carolyn Foster, both of Memphis, have been employed as clerks, and Tony Wynn of Hedley has been employed as a laborer, Voelkel stated.

For the season, 17,500 samples have been classed compared with 5,600 as of the same date in 1966, Voelkel said. Daily receipts this week are about 4,000.

According to the USDA's Consumer and Marketing Service, released by Voelkel on Nov. 10, grades improved over those of last week based on 5,000 samples classed that week.

White grades increased from 28.7 per cent to 41 per cent with the largest increase in the Strict Low Middling grade. Light Spotted grades decreased from 69 per cent to 57 per cent, with Middling Light Spotted predominant. Only 2 per cent graded Spotted. The four leading grades were: Middling, 21 per cent; Strict Low Middling, 16 per cent; Middling Light Spotted, 48 per cent; and Strict Low Middling Light Spotted, 7 per cent.

Staple lengths showed marked improvement over those of last week with 31-32 and 1 inch showing the largest increase, percentage-wise. The lengths were as follows: 29-32, 1 per cent; 15-16, (Continued on Page 12)

Many members of the team attended the club meeting, and received high praise from the boosters as they were introduced.

A. L. Gailey, a representative for the boosters, spoke to the team after the introductions. He expressed on behalf of the boosters, the fans, and all the citizens of Memphis, sincere thanks for the fine season.

"We are all proud of you boys for having one of the possibly three best seasons Memphis has had in recent years, or at least as long as I have been watching football here," Gailey said.

The Cyclone compiled a total of 177 points to their opponents 75 points during the season, averaging 16.1 first downs per game, 204.6 yards rushing and 85.8 yards passing for a total offense of almost 300 yards. On the other hand, the Cyclone defense allowed opponents an average of 10.5 first downs, 115.4 yards rushing and 54 yards passing for a total offense of 169.4. Defensively, the Cyclone for 1967 was outstanding all season.

Sophomore TB Ronnie McFall lead the team in scoring with 38 points, five touchdowns by running and one by passing, plus a two-point conversion; but not far behind was Halfback Gary Ren who had 36 points, three touch-

Constitution Grows In Disorderly Way

Texans did what they were called upon to do in Saturday's election — pass judgment on six new amendments to the state's much-amended Constitution. And so some additional patches were cemented to a Constitution that has become little more than patchwork.

The Texas Constitution was adopted in 1876. Every time the Legislature has met in regular session since then, which is every two years, it has voted to submit one or more amendments to the people. The high point was in 1965 when 27 proposed amendments were submitted.

This has produced a Constitution that now, in terms of wordage, is more amended than original. The worst part of this is that seldom is an article or a provision rewritten so as to state clearly and concisely what it is to encompass. In most cases the new language is merely added to the old, with the intent of serving some perhaps valuable new purpose but with little concern for what it does for the form of the Constitution.

As with those submitted Saturday, the voters can pass judgment only upon the purpose of proposed amendments. Seldom can they determine whether a proposal is so drafted that it actually will achieve its purpose, or whether it is drawn up in the best possible form.

In this the voters cannot be faulted. They are not constitutional lawyers, and they can pass only on what is placed before them. They can approve or disapprove the intent of a proposed constitutional change; they cannot judge the quality of its legal draftsmanship.

Though their purpose, as judged by the voters, was laudable, two of the amendments in Saturday's election were nothing less than execrably written. One, authorizing counties to pay the medical and hospital costs of law enforcement officers injured in line of duty, is so vaguely worded that no one can tell what employes it covers.

The other, permitting local governmental subdivisions to tax and spend for mental health and retardation services, is far from certain to do what it is intended to do. It may work out all right; it may not. The voters, having approved its purpose, are entitled to be disgruntled if it doesn't do the job they showed they wanted done.

The Constitution now contains some 3,000 words on the subject to which the mental services proposal was an amendment. Most of this is now obsolete — replaced by another amendment. It would have been simple, and far more certain to have rewritten all this into one-tenth the words saying plainly what was intended to be said.

A movement is under way to rewrite the entire Constitution, which has been criticized for years as wordy, uncoordinated and partly outdated. More care in the drafting of amendments — so as to make such changes a modernize-as-you-go process — would do much to prevent the Constitution from becoming even more messed up than it is.

Burk's Progress Plan

Burkburnett has won wide attention during recent years, even high rank in a nationwide community achievement contest. Its rapid growth and splendid achievements have caused other communities to wonder how it has been done.

The answer is simple. It has been a tremendous lot of hard work by a large number of people plus a well organized plan of complete community cooperation.

An example of this hard work and cooperation was called to our attention again this week when the city named the executives of the Burkburnett Community Service Council. The council is one of the most efficient methods by which a whole community can work together.

The group is composed of representatives from each of the city's service clubs and other organizations. In operation the vice presidents are assigned definite community goals or problems. These include civic improvement, education, youth work, parks and recreation projects, welfare and other fields.

The chairmen pull together all of the elements and organizations

of the city to accomplish what needs to be done in the specific fields. This makes it possible to plan efficiently and execute the plans with plenty of personnel and backing.

The community surely deserves the compliments it has received for its progressive programs.

Respect for Authority

It was reported in the newspapers that this past summer, at the University of Texas, students cheered when a movie showed the police being outfoxed by criminals.

A poll of a freshman high school class revealed that 45 per cent of the boys and 31 per cent of the girls objected to parent's interference in their affairs.

Rap Brown and Stokely Carmichael and Dr. Martin Luther King are quoted every day with some statement to the effect that the only way to cope with the police and the law is to get a gun and start shooting.

Ever since the "freedom marchers" went into the South and defied state laws on segregation there has been a tendency to defy

law and order and go into mob rule. We see riots and demonstrations of all kinds, and the police are continually beset by new curbs on their authority.

What has happened to the traditional respect for law and authority?

People have to respect the law and obey it if a nation is to be a place where peaceful pursuits are found. Laws are enforced by force, of course, and the knowledge that violation of a law brings punishment is usually enough to make people stay in line.

But there is not enough force in this country, not enough police or armed men to make everybody obey laws if everybody suddenly decided not to obey laws. It takes respect for the laws in effect and respect for the authority of the police and the courts.

Loss of respect is a step backward.

Memphis Trail Riders Have Completed Banner Year; Won Numerous Awards

By VIRGINIA ROGERS
The Memphis Trail Riders have paraded, had "cook-outs," trail rides, and competed with some of the best riding clubs in the area in the Pony Express events the past year.

Organized in November, 1965, under the leadership of President Haskell Howell, who was replaced in July by Paul F. Smith, they have literally "ridden to glory" in 1967.

There have been several riding groups organized in past years in Memphis. They were active for a time, and dwindled into oblivion with one exception. In the 40's, there was a horseback square dance team of six couples which bid fair to success. They covered themselves with glory as they rode in the last two really good rodeos staged in Memphis; went on to ride in Amarillo and Shamrock. Another time, there was the "Bit & Spur" riding club. They even had a banner, and lasted for a while, but none can compare with the enthusiasm and activity of the present riders.

Boasting a membership of over 75 members, the Memphis Trail Riders have proven ambassadors of good will and a credit to their hometown as they appeared at the various celebrations in the Southern Panhandle of Texas.

They began updating their club with a change of costume early in the spring, from aqua and white to black and gold. Mrs. John McCauley, with some instructions from a member of the Childress Riding Club, made the black and gold "coronas" (saddle pads) for the club members of Memphis.

The regular meetings have been held in the VFW Hall, adjacent to the City Park, and their Play Day events were staged in the riding field nearby until the old rodeo arena was reactivated. Since that time, the Play Days and Pony Express rides have been there.

Headed by a competent group of executives: Jim Beeson, first vice president; Phaeton Alexander, second vice president; Thursa Mae Smith, treasurer; Jean Batson, secretary; Grady Worthington, junior director; and Loyd (Red) Ward, parade marshal, the riders have been out in all kinds of weather to keep up the spirit and enthusiasm which has made their club a "going organization."

The summer activities of the Memphis Trail Riders began with

Mr. and Mrs. Jim Walker and children of Morton brought Mrs. Walker's mother, Mrs. Frank Garrett, home Saturday and visited here over the weekend with relatives. Mrs. Garrett has spent last week visiting in Morton.

Mr. and Mrs. John Ward of San Angelo and Katherine Hawthorne of Abilene spent the weekend here with their mother, Mrs. Estelle Barber.

Billy Ed Thompson is now at home and is reported to be doing nicely. Billy Ed was injured recently when he fell from a ladder while winterizing an air conditioner.

Mrs. Felix Jarrell and daughter Patsy Jarrell visited in Amarillo Thursday night and Friday with Mr. and Mrs. W. W. Dunn and daughter.

a Play Day competition with the Childress Riding Club June 4 at which time Miss Murtie Patterson was crowned Trail Rider Queen. Through the month of November, the Trail Riders' activities schedule went like this:

June 2. Won first place trophy in Wellington FFA Rodeo, club division.

June 25. A trail ride to Phaeton Alexander's and cook-out.

July 13. Won their place in the riding club division at Childress Rodeo.

July 16. Play Day competition with Clarendon. Memphis won.

July 23. Participated in Canyon Rodeo parade and Pony Express ride.

July 27. Won third place in riding club division at Hollis rodeo.

Aug. 9. Participated in invitational Pony Express tourney at Plainview.

Aug. 13. Made a trail ride to Indian Creek.

Aug. 27. Play Day at Childress. Memphis won first place trophy.

Sept. 16. Sponsored Hall County Reunion Parade. Eight riding clubs invited to participate. Also staged a Pony Express tourney with Childress, Hollis, Lakeview, and Memphis competing. Childress won first place trophy.

Sept. 24. Made a 20-mile trail ride.

Oct. 14. Paraded in the Hedley Cotton Festival. Won second place trophy in riding club division.

Oct. 15. Invited Clarendon, Hollis and Childress on trail ride and picnic on Indian Creek.

Perhaps the "red letter" event of all the year's events was the Caprocco Pony Express tournament held in Memphis Nov. 4 with two teams of the Rolling Hills Club from Amarillo, two teams from the Plainview club, the Tullia Riding Club, and the champions from Canyon, the Randall County Sheriff's posse participating. First place trophy went to Plainview; second place to Canyon.

Thanks to Elmont Branigan, a nice showcase has been provided for the trophies won by the Memphis Trail Riders this year. The list of their activities is most impressive, and their record of winnings are enviable.

Certainly, these riders are to be congratulated on their team work. We wish them continued success in their equestrian endeavors.

Mrs. R. B. Benson of Benjamin and H. R. Young of Grand Prairie were visitors here on Thursday of last week in the home of Mr. and Mrs. Bill Cummings. Mrs. Wayne Young, who had visited here with her daughter and family for the past two months, accompanied them home to Benjamin.

Mrs. Robert Breedlove and granddaughter, Diana Breedlove, have recently returned home after spending the past three months vacationing at Dove Creek, Colo.

Mrs. C. D. Denny visited in Amarillo over the past weekend with her daughter and son-in-law, Mr. and Mrs. Frits Crisler.

Several Memphis merchants were in Amarillo over the past weekend attending the fashion market. Among those going were Mr. and Mrs. Les Sims and Donna and Gary, Mrs. Maudie Whitley, Mrs. Glenn Carlos, Gayle Greene, and Mr. and Mrs. Gerald Hickey.

WTSU Fraternity Members Visit In McKown Home

Lowell McKown was host to seven members of the Zeta Tau Chapter of Alpha Phi Omega in the home of his parents, Mr. and Mrs. Lynn McKown, Sunday evening.

His guests were Dennis Newberry, Jack McNeal and John Bedford of Amarillo; John Jackson of Midland; David Harmon of Pampa; Richard Archer of Shamrock; and Lt. John Adams of Texarkana who is a graduate of Louisiana State and serves as advisor of Zeta Tau.

The group had attended the Southern Sectional Convention of Alpha Phi Omega which convened at Arlington State University Saturday morning. After attending a banquet Saturday night, the group left Arlington Sunday at noon and arrived at the McKown home at 8:00 p. m. to enjoy barbecued chicken and ham with all the trimmings before returning to West Texas State University where they are students Sunday evening.

Mizpah Guild Meets in Home of Mrs. J. H. Morris

Ten members of The Mizpah Guild of The First Presbyterian Church met in the home of Mrs. J. H. Morris in regular session Wednesday evening, Nov. 8.

The president, Mrs. Allen Grundy called the meeting to order and presided over the business portion of the meeting. Mrs. Carl Harrison presented the meditation for the evening. Roll call was answered with scripture, verses and comments.

Mrs. C. W. Kinslow conducted the study of the final chapter in the study of the Book of Philippians entitled "Joy For an Anxious Age". Various members gave resumes of the study indicating what they individually had gained from the study.

Tasty refreshments were served and the meeting was adjourned.

Section 7. The Mayor shall file a statement of such expenses incurred under Section 5 or under Section 6 of this ordinance, as the case may be, giving the

amount of such expenses, the date on which said work was done or improvements made, with the County Clerk of Hall County, Texas; and the City shall have a privileged lien on such lot or lots or real estate upon which work was done or improvements made to secure the expenditures so made, in accordance with the provisions of Article 4436, Texas Revised Civil Statutes, which said lien shall be second only to tax liens and liens for street improvements; and said amount shall bear ten per cent interest from the date said statement was filed. vision, paragraph, sentence and clause of this ordinance has been separately considered and passed by the City Council, and each said provision would have been separately passed without any other provision, and if the provision hereof should be ineffective, invalid or unconstitutional for any cause, it shall not impair nor affect the remaining portion nor any part thereof, but the valid portion shall be enforced just as if it has been passed alone.

Section 10. The fact that there is property within the City on which there exists places where stagnant water may accumulate and the fact that car, filth, rubbish, weeds and other unsightly and unsanitary matter has accumulated on property within the City to such an extent that it

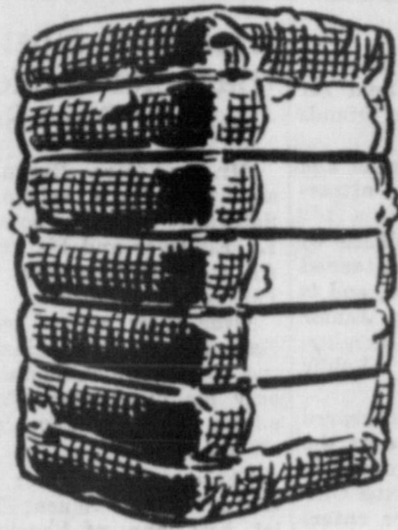

constitutes a nuisance and health hazard to the community creates a public emergency and an imperative necessity that the rule requiring ordinances to be read at more than one meeting of the City Council before final passage be suspended, and said rule is hereby suspended, and this ordinance shall take effect and be in full force and effect immediately from and after its passage at this meeting and publication as required by law.

H. Martinez, Well-Known Evangelist, To Hold Revival At Baptist Church

It isn't often a person prepares for the ministry by knocking out 21 people, but Homer Martinez did. Homer is an internationally known evangelist and gospel broadcaster.

Martinez can be heard at First Baptist Church during the week of Nov. 26 through Dec. 3.

Martinez entered organized boxing at age 16 and was also engaged in preaching youth revivals all over the United States. On one occasion he was scheduled to lead a crusade in Louisville, Ky., and at the same time scheduled to fight in the Louisville Golden Gloves. When the pastor of the church where he was scheduled to lead the Crusade heard he had entered in the Gloves, he cancelled the revival. Martinez called the local newspaper and told them it was an uncalculated-for-act because Luke 2:52 teaches that a person should grow in body, mind and spirit. He often says, "To me, boxing helped me grow because it taught me the real meaning of

self control."

Homer won 40 of his 47 fights, 21 by knockouts, and fought in the national finals in Chicago in 1949 and 1951. He turned down three offers to turn pro because he had already made up his mind about his profession. At age 17 he defeated the Flyweight Champion of Mexico. He carries his gloves with him. He recently told a group, "I keep my gloves greased and ready. I love to give pointers or find someone to work out with."

Martinez will be in Memphis for eight days leading the First Baptist Church in an evangelistic crusade. He can be heard each week night at 7:30 p.m. and each morning, Tuesday thru Friday, at 10 a.m. He will speak for both services on Sunday Nov. 23 and Sunday Dec. 3. Sunday services are at 11 a.m. and 7 p.m. The public is cordially invited to hear this outstanding preacher.

Funeral services for S. R. Cranberry, brother of Mrs. T. M. Harrison of Memphis, were held Tuesday, Nov. 7, in Celeste, Texas, where he had resided for many years. He passed away on Sunday.

Mr. Cranberry had been ill for several months and Mrs. Harrison had spent many weeks during the past year in Celeste with her brother.

Born in Cumby on April 26, 1880, Mr. Cranberry moved to White Rock in Hunt County at the age of 22 as owner of the Little Drug Store. Four years later he combined the pharmacy with a general merchandise store which he operated for an additional six years.

He married Miss Estelle Titus on May 6, 1907. In 1912 the family moved to Celeste where he became an executive of the First National Bank.

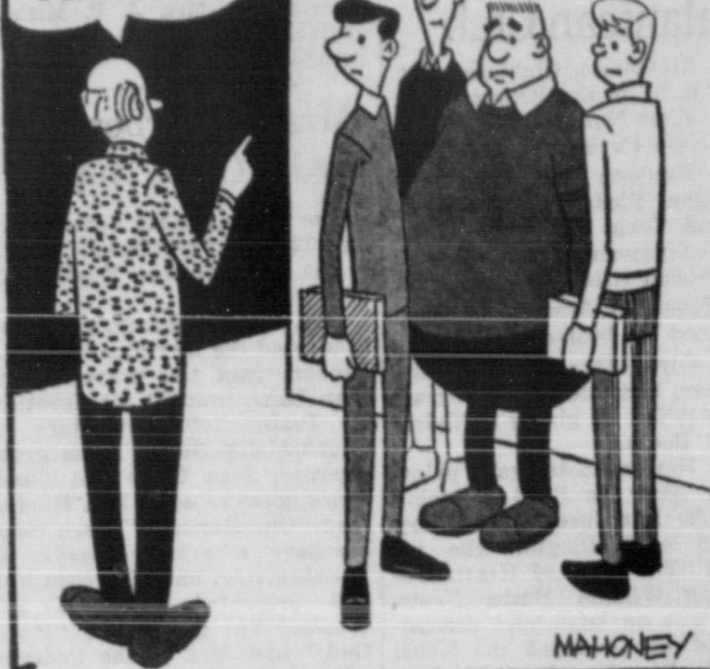

His business acumen was such that he soon became president of the bank, a position in which he remained active for 50 years, but only one of his many roles in the community.

He also held an interest in and managed the Celeste Coal and Feed business with the late J. A. Taylor for 14 years. He was a co-

New Contracts Under Great Plains Conservation Program Are Halted

"Interest in the Great Plains Conservation Program statewide has been so great that the Soil Conservation Service state office in Temple has called a halt to writing new contracts," reports Henry D. Gregory, Work Unit Conservationist in Memphis.

"It is possible that we may begin writing new GPCP contracts in March or April of 1968, depending on availability of funds."

"Landowners wishing to use the technical assistance of SCS personnel and GPCP cost share funds should make application for GPCP assistance as soon as possible."

"This will enable SCS personnel to assist you in preparing a Conservation Plan for your land that can be easily converted to GPCP when funds become available" he said.

"The practices most in demand under the Great Plains Program are parallel terraces, diversions, wells and facilities for livestock, brush control, range seeding and

waterways," Gregory further stated.

Approximately 72,000 feet parallel terraces have been completed this summer and fall. Buster Helm farm of Memphis and Euman Lyles farm of Turley.

The following members of Hall County Soil and Water Conservation District are planning start parallel terracing as soon as crops are harvested: G. W. Lohart, M. A. Beasley, Mack Richards, and Tom Eudy. The terrace systems are being constructed with cost-share assistance under the Great Plains Conservation Program.

"Farmers planning to construct parallel terraces this year should notify SCS personnel as soon as crops are harvested so that preliminary engineering work can be started. A detailed survey of land to be terraced must precede the layout and construction of parallel terraces," Gregory said.

Co-Ops Are As American As APPLE PIE

**AS WE STATED IN PAST YEARS:
FARMERS USE CO-OPS TO DO
TOGETHER JOBS THAT EACH ONE
CANNOT DO FOR HIMSELF**

As we are going all-out in harvesting the 1967 crop, we again invite all farmers in our area to take advantage of the services offered by this farmer-owned gin. It is a fine plant and is in first class condition. We are now turning out the kind of ginning we believe our friends want. Ask those neighbors of yours who are bringing their cotton to the Lakeview Farmers Cooperative Gin.

MORE IMPROVEMENTS IN OUR GIN PLANT

During past months we have added a new bur hopper and system. The filtering system is doing an excellent job for our community by eliminating air pollution. Also it is an aid to our customers who are returning the burs to their land. Also added is a new rock and green boll catcher, which means a better grade on every sample.

OUR BUR HAULING POLICY REMAINS THE SAME

It has been proven that the most equitable manner in handling your burs is the policy which is again in effect this year:

1. Cotton burs will be hauled to individual customers, and will be scattered for the reduced price of \$2.00 per ton.
2. Allocation of burs will be on the basis of the order in which applications are received from customers.
3. Individual customers will be allocated burs in proportion to the amount of cotton they gin as long as there is a waiting list of applicants.

WE WILL BUY YOUR COTTON AGAIN THIS YEAR

This gin will again offer a COTTON BUYING program as a service to our customers, through arrangements made with Plains Cotton Cooperative. Prices will be posted in our office each day. Checks will be handed each seller immediately. Ask us for full details.

When cotton has been sold by the association, profits made will be returned direct to each individual farmer.

A SINCERE THANKS TO OUR PATRONS

As we express our appreciation to every farmer who has ginned with us in the past, we want to remind everyone that this cooperation is not burdened by heavy indebtedness. Your support of your gin has paid off in prior years when dividend checks were passed out. If you are not ginning with us, ask your neighbor about this.

Our policy of offering no special service to one group of customers at the expense of others has become well known. It has eliminated any thought about lack of fairness to everyone. Remember: this is YOUR gin. The more bales we gin, the bigger your profits will be.

The meeting was called to order by the vice president, Mrs. Fred Stephens. During the business session, it was voted by group to donate \$25.00 to the recently initiated scholarship fund in memory of Mrs. Reba Strickland, who, during her lifetime, was a member of the Delphian Club. Members also were reminded to bring their gifts for patients to the state hospital to Selby Shop as soon as possible.

Final plans were discussed for the program in celebration of the 50th anniversary of the club which will be held Tuesday, Nov. 21, at 7:30 p. m. in the Community Center. The evening will be a guest night, and will feature a past history of the club, presidents appearing in costumes and other varied entertainments. Mrs. Henry Hays is the chairman of the program and Mrs. A. Anisman is chairman of the social committee, it was announced. Mrs. J. S. McMurry gave a meditation taken from Galatians 5:13 and entitled "God Create Me To Be Free." She pointed out man's freedom in spirit, in being able to see God in himself and in others, and in life itself. She reminded the group that due man's faith in God, he could never be bound. Mrs. R. H. Wheeler then led the group in prayer.

Mrs. Bill Combs and Mrs. D. Morris presented a discussion entitled "These Truths We Must Hold," in which Mrs. Combs gave the beliefs of Americans, in Mrs. Morris put forth the Communist answer to 12 questions in an effort to accent the greatness of the American way of life in direct contrast to the shades of Communism.

Mrs. Hindman concluded the program with "Let Freedom Be Truly," a sermon written by Presbyterian preacher about the signing of the Declaration of Independence, about the declaration itself, and about the men who signed it.

Delicious refreshments of pumpkin pie with whipped cream and coffee were served to Mmes. Eudora Stephens, Henry Hays, Betty Bice, Jack B. Boone, C. C. Hodges, Bill Combs, Neal Hindman, C. L. Cyclone Socks Chieftians In Last Game of Season

A fourth quarter rally by the offense squad and stubborn defense captured the 14-0 victory over Don Light's Chiefs, the first victory in the history of the two schools.

The game was one of the finest of the season as both teams pulled out all the stops to capture a victory.

On the home team, it appeared that the Cyclone offense would have a top effort from all the players on the field of battle.

For one senior lad, Roy Long, the Friona game stands out as the outstanding night of all.

Long has been a top performer in almost every game this season, the only exceptions being when he suffered with a knee injury. Long intercepted two of the Chiefs' passes and recovered one as well as catching seven yards for the home team.

The Friona Chiefs were slight favorites to win the game and captured a piece of the second place honors with Dimmitt, however, as the night's activities progressed, it was evident that the Cyclone had too much power and skill for the Chieftians.

The first quarter of the game saw the Chiefs open up with a war cry as they almost broke on the opening kickoff to get good field position. Then several running plays and a "go for broke" passing attack kept the local lads one their toes to stop them. The local lads finally put a halt to the situation and received the first punt of the game.

But the Cyclone's offense was just a light breeze, so the home team punted the ball back into Friona's end of the field.

The teams punted back and forth until Memphis took over the ball on the home 26-yd. line and got a drive going.

The spark was ignited when QB Tony Pounds fired a pass into the hands of End Roy Long who was in the midst of a trio of red-clad Chiefs 36 yards down the field and Long was downed on the visitors' 39-yd. line.

Pounds again passed to Long on the look-in and then, on the next play, after scrambling for his life, passed to HB Gary Rea, but Rea had to make the catch after the ball had gone in and out of the hands of a Chief defender first.

With a first down on the Friona

Pounds and TB Ronnie McFall, made a penetration to the 14-yd. line and a first down.

On the next three downs, the Cyclone mustered only one yard, so a pass play was called on the fourth. Pounds pass to End Allen Booth in the end zone was just off his finger tips so the ball went over.

After this, the half ended with neither team mounting a threat.

The Cyclone couldn't get rolling after the kickoff, so Parker punted to the Friona 29. The Chiefs, aided by a 15-yard penalty against Memphis, marched down the field to the home 24-yd. line, the deepest penetration of the night, before giving up the ball to Cyclone Linebacker Lanny Crow who recovered a fumble on the home 33. But the Cyclone returned the favor and Tony Perea of Friona pounced on a loose football on the home 35.

The Chiefs ran two plays, netting two yards, then fumbled the ball when a receiver was racked up on the sideline and Roy Long scooped it up for Memphis on the home 26.

The Cyclone offense, which had been slow to get rolling, began to come to life as HB Rea snagged a

pass from Pounds and went 12 yards for a first to the 38.

Then, TB McFall rolled for 12 yards on two carries to near the mid-field line. Here, however, penalties and missed passes stopped the drive so Richard Parker got his toe into the ball for 31 yards; however, much of this was lost on a 15-yard penalty against the Cyclone.

The Chiefs moved for one first down; then, the complexion of the game changed when Safety back Long intercepted a Barker pass and returned the ball to the home 37-yd. line.

QB Pounds engineered the first of two scoring drives from this point. It was a first down, 10-yd. pass from Pounds to Long to the home 47 which got the drive going.

Then, HB Rea scampered for five yards. On the next play, QB Pounds fired the ball deep to End Long, who was again surrounded by a host of defenders, but after the battle for the ball, it was No. 81 in the white jersey who had possession giving the home lads their second penetration to the Chiefs 13.

On the next play, TB Welch, who nursed an injured ankle throughout the contest, carried on a pitch out and blasted his way 12 hard yards to the one-yd. line before being stopped. A fine example of second and third effort by the 140-lb. senior, Welch left the field to grab a rest and it was TB McFall who got the call for the TD carry and into the end zone he plunged. Jerry Hall kicked his 16th field goal of the season to make the score 7-0.

The Chiefs took over the ball on the kickoff where Larry Graves returned it to the 27. The Chiefs got a first down on pass

plays to the 37, then were aided by a pass interference call for a first down to the visitors' 44.

Four more downs netted 13 yds. to the home 43. On the next two plays the Chiefs made two yards. A third down pass play was disastrous as Long intercepted the aerial giving Memphis the ball on the home 28.

This started the Cyclone's final scoring drive of the season as Gary Rea made nine yards in two carries and McFall added 10 more.

Welch went into the lineup and made five yards on a carry, followed by a 10-yd. gain around left end to the Chiefs 42 by Rea.

In the next series, Welch made one yard, and then McFall found clear sailing as he stepped off 26 yards to the Friona 15 before being brought down.

The Chiefs' defense stiffened as McFall and then Rea were stopped at the line of scrimmage. On the third down, MCFall made four tough yards. Facing a crucial 4th down, QB Pounds rolled out to his right, found an opening on the west sidelines and plowed his way for seven valuable yards to the Friona 4 and a first down.

On the next play, TB William Welch carried off right tackle and blasted his way into the endzone. Hall kicked his 17th extra point making the final score 14-0.

The Chiefs moved for one first down, but were then held and on the last play of the game, they punted the ball.

The victory over the Chiefs gave the Cyclone a 7-2-1 record for the season and the Chiefs a 7-3 record. Memphis ended the season in a second place tie at 5-2 with Dimmitt in the Dist. 3-AA race. Olton won the district.

LIBRARY LORE

By Jim Roark

"All the Little Live Things" by Wallace Stedner has a misleading title. This book is not about small creatures or insects.

We prefer not to tell the story or give our opinion of the books reviewed in this column. However, in this instance, we are going to forgo the customary.

Fine writer that he is, Mr. Stedner deserves to be down-graded after wasting his time and talents as well as that of ours on such a book.

According to the author, "All the Little Live Things" are the constant annoyances of our individual lives. We are sure each of us is well aware of them without having to have it so unmercifully pointed out by Mr. Stedner through long discussions with Peak, a Hippie character, who has little or no sense of values.

The author's generation was instilled with a strong sense of values, therefore he could not understand the hippies nor could they fathom his.

Besides Mr. Stedner takes us into the agonizing description of a horse falling through a plank bridge and being horribly maimed. Also, the reader is forced to suffer with concern in its ugliest stages.

The author says where there is a force of good there is also a strong force of evil. He writes too much of the evil and too little of the good in "All the Little Live Things," a novel now on the shelf at the Memphis Library.

Mrs. R. B. Baker of Waco spent last weekend in the home of her cousins, Mr. and Mrs. John Loury.

Visitors Sunday in the home of Mr. and Mrs. John Loury were her niece and family, the Bill Smiths of Shamrock, and Mrs. Loury's mother, sister and brother.

Mrs. Ralph Howard and sons and Mrs. Estelle Guthrie visited here over the weekend with relatives and friends.

FHA Club Plans Pre-Thanksgiving Bake Sale Sat.

By VICKI ROSE

The Memphis chapter of the Future Homemakers of America announces its Thanksgiving Bake Sale to be held Saturday, Nov. 17, in front of Branigan Jewelry and Fowler's Drug.

There will be a big variety of cakes, pies, and cookies; among these, lemon butter cake, oatmeal spice cake, German chocolate cake, banana nut cake, fruit drop cookies, peanut butter cookies, brownies, mince pies, pumpkin pies, and pecan pies.

The delicacies will be baked in class by the FHA girls under the supervision of Homemaking teacher, Mrs. Beasley.

Those desiring to have a pie, cake, or cookies delivered to their home, can do so by calling the local high school or one of the FHA members this week or Saturday.

The FHA would like also to thank all those who supported the chapter on their last project.

Carol Thompson, who is attending beauty college in Amarillo, spent the past weekend visiting here with her parents.

Texas' 48 refineries processed 907 million barrels of crude oil in 1966, an amount equal to 85 percent of state crude production.

Members of the freshman homemaking classes, who are now studying foods and nutrition, will be hostesses at a meeting Monday evening, Nov. 20, at 7:30 p. m. in the high school homemaking department for all students enrolled in homemaking, F. H. A. members, also any of their mothers who would like to attend, and Young Homemakers of Texas members.

The program for the evening

will be a demonstration of gas ranges by Miss Pat Harrington, Lone Star Gas Company home economist. The very seasonable title will be "Holiday Foods." The food she prepares will be used as door prizes.

Miss Harrington is well qualified for her position as home economist for this district with her office in Vernon. She travels extensively giving programs such as this, it was explained.

She has been employed by the gas company for three years, and prior to that she served as extension agent at Waurika, Okla., for several years. She holds a bachelor of science degree in home economics from Oklahoma College for Women, located in Chickasha, Okla.

A special invitation is extended to new young homemaker members and prospective members. Baby sitting will be provided for those members at Travis Baptist Church nursery by eight F. H. A. girls, two of whom are senior students.

"Mrs. Gus Orcutt is working with the 7th and 8th grade girls team and with this junior high program, this promises a bright future for girls basketball in Memphis," Lacy said.

Boys Team

Twelve boys are currently competing for 10 positions on the Cyclone squad, Coach Lacy stated. Ten will be selected for Friday night's opener, he said.

Among those competing are Tony Pounds, the only starter back from last season and lettermen Gary Rea and Judge Smith. Also being considered are Ronnte Bradshaw, Ronnie McFall, Charles Carroll, Otis Cooper, Danny Step-toe, David Smith, Merle Kilpatrick, James Fleeks, William Welch will play if his ankle heals, the coach said.

"Our aggressive defense promises exciting court action," Coach Lacy added. "The team lacks experience but has good shooting ability. It is almost unbelievable how fast they have adapted to basketball during the past three days."

There are 16 boys out for the B team under Coach George Berry, and these boys will have their first game Saturday night against Boys Ranch.
