Funeral services for Ernest Hood, 75, of Estelline were held at 10:30 a. m. Thursday, March 12, in the Estelline First Baptist Church with Rev. Elvis Pitts, pastor officiating.

Burial was in the Hulver Cemetery under the direction of Spicer Funeral Home.

Mr. Hood passed away at 10:15 p. m. Monday night in Richards Memorial Hospital in Paducah. He had been a patient in a Paducah nursing home.

Mr. Hood was born Feb. 10, 1895, in Estelline, Texas. He had been a life-long resident of that city. He was a member of World War I.

Survivors include: his wife, Roma; one son, Charles; one daughter, Mrs. Zack; one brother, Zack; one sister, Mrs. Rothwell of Turkey; and a number of grandchildren.

Funeral bearers were nephews: Bill Ferrel, Ollie Wynn and E. L. Cowan.

PRESENT PROGRAMS—Pictured above are Joyce Webster, (left) secretary of the Hall and Donley Counties Water Control and Imp. Dist., and Wayne Chapman, Area Conservationist of SCS, from Vernon, who presented programs on the Lakeview Watershed project this week.

Lakeview Watershed Is Topic Of Three Meetings

The \$3,000,000 Lakeview Watershed Project has been the topic of a series of meetings this week conducted by Wayne Chapman, Area Conservationist, Soil Conservation Service, Vernon.

Lakeview Loses To Bronte In Region Opener

The Lakeview Eagles lost out in the opening round of the Region 1-B basketball tournament to Bronte 71 to 50 last Friday at Levelland.

The game was carried live by KBGH and KCTX Radios of Memphis and Childress.

Bronte's Willie Zunig tossed in 31 points with side of his superior height which made the big difference in the contest.

Lakeview jumped out to an early lead, and led at the first quarter mark 18 to 17.

Richard Gilbreth and Pat Gowdy led the Lakeview team in scoring with 16 points and 15 points respectively.

Terry Wansley had 11 points and Lewis Richburg had 8 points.

Lakeview trailed 36 to 24 at halftime and 53 to 31 at the end of the third period.

Sands won the Regional crown by defeating Adrian in the finals of the tournament. Sands had previously defeated Quitaque 62 to 55.

Lakeview teams under Coach Cagle Davis captured two district crowns and a bi-district win this season to make it the most successful cager season in the school's history.

Hall and Donley Counties Water Control and Improvement District introduced Chapman who presented a slide program showing the steps in construction of dams similar to the ones planned for the Lakeview Watershed.

The slide program was presented to the Memphis Rotary Club Tuesday, to a group of interested landowners and farmers in the Lakeview community Wednesday morning, and to the Memphis Lions Club at noon Wednesday.

Chapman said that, "according to information he had received 70 new construction starts were in the budget estimated for the 1971 fiscal year." Chapman told the groups that Lakeview Watershed had been approved for operations and could be one of the 70 in the nation moved into the construction stage after July 1.

It was pointed out that the sponsors could greatly increase their chances of getting Lakeview Watershed funded if easements on all sites could be cleared. Chapman also stated that the competition from other watersheds have obtained all easements and are ready.

To date 130 easements have been given by landowners in the watershed. There is still 50 landowners that need to sign their easements.

Joyce Webster, told the groups that all easements had been prepared and that any one needing to sign their easement could contact him or other members of the WCID, or the County Judge's office.

The directors of the WCID are: Paul Montgomery, chairman, Joyce Webster, secretary, O. E. Gardenhire, Charlie Murff and J. B. Byars.

Soil Conservation service personnel located in Memphis assisting on the watershed are: Henry Gregory, Herb Evans and Royce Frisbie.

The Memphis School Board met in regular March session Monday night, and the chief topic before the board was the offering of teachers' contracts for 1970-71 school year.

It was announced to the board by Supt. C. L. Chambless that Mrs. Charlotte Smithee has received a full year fellowship from the University of Arkansas and she will not be with the school district next year.

Contracts were offered to teachers and assistant coaches by vote of the school board, after the board discussed the number of teachers needed. Supt. Chambless reported that at \$15, the enrollment in the local school system was the highest of the year, but the district could and possibly will lose teacher units because enrollment figures continue to decline from year to year.

The Memphis School Board approved the establishment of a public school kindergarten program for Memphis if enough students in the district qualify to attend the class. Supt. Chambless said later on this month, a census will be taken and regulations for entitlement to attend the public free school kindergarten will be released. The program has student eligibility limitations.

The Memphis Schools are making application under the State Foundation Program for two special education vocational units and a one-half time vocational counselor, all to be additional units to the program and all financed 100 per cent by State Foundation Program.

The board also approved the new State Approved Text Books for use in the Memphis Public Schools.

Memphis Teachers Contracts Are Renewed Monday

Volunteers Sought For L.L. Program

An important meeting of those interested in helping with the Memphis Little League Association's summer program has been scheduled for 7 p. m., Monday, March 16, in the American Legion Home here.

Royce Frisbie, president of the Little League Assn., announced the meeting date and encouraged all those interested in donating time and effort on the Little League program to be at the meeting.

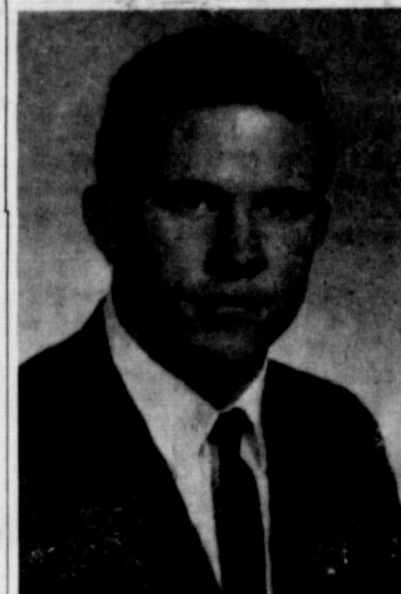

"We are in good shape, with some money in the bank, one of the best Little League fields in this area, and new uniforms for the teams, plus four returning managers, but we need farm team managers, eight men to be coaches, umpires, official book-keepers, and volunteers to put out bases, and handle the details of running the program," he said.

The Little League will need money to purchase needed equipment this season and handle regular expense of the program, but primarily volunteer workers are needed.

Boys ages nine to twelve play on the four Little League teams and boys ages seven and up play on the farm teams.

The teams are limited to a certain number of boys and each team has a player draft each year. Boys not drafted can play on the farm teams. Even 12 year olds are allowed on the farm teams with the exception they can not pitch for their team.

President Frisbie said that since daylight saving time has been in effect, most of the games are played before darkness which saves considerably on lighting costs. "We now have an all grass infield and outfield at the park which we are proud of," Frisbie said.

Morris Odom Is Census Crew Head For Hall, Motley

Morris Odom of Memphis has been appointed crew leader for the 1970 Census of Population and Housing for Hall and Motley counties, it was announced yesterday by Manager R. L. Butler of the Census Bureau's temporary census office in Amarillo. Odom resides at 921 North 17th street.

Each crew leader will supervise 15 to 20 enumerators in the census, which begins April 1. Butler stated. Crew leader training is now underway. Topics being covered in the training sessions include procedures for training, canvassing methods, preparation and submission of records, and supervision of enumerators to insure a complete and accurate count.

"The crew leader is one of the key people in the field operations of the 1970 census. It is his responsibility to train the enumerators; to assign each one to an enumeration district; to review the work of each and see that it is correct; and to handle problems of difficult enumeration," Manager Butler said.

The total annual cost for operating the program in the five-county area is estimated at \$13,315.00. Of this, the United States Department of Agriculture reimbursement will amount to \$5,845.00.

The other counties' portion will be:

- Armstrong, 7% or \$43.58.
- Briscoe, 12% or \$74.70.
- Donley, 12% or \$130.73.
- Collingsworth, 27% or \$168.07.

The Hall County Commissioners Court in regular session Monday gave official approval to the food stamp program for its needy in a cooperative effort with four other counties.

All five counties commissioners courts were meeting separately and each approved the program and notified the others of their decision to participate.

Judges and commissioners of five counties, Hall, Collingsworth, Donley, Armstrong and Briscoe, met in Memphis Feb. 26, and among themselves agreed they can live with the revised cost estimate submitted by the State Department of Public Welfare.

Formal action was postponed pending approval by the various commissioners courts at their regular March meetings.

The revised cost estimate was submitted after the different county officials wanted to assume the cost of selling the food stamps and bookkeeping on the program, which would reduce the monthly cost of administering the program to the counties.

The Department of Public Welfare is being notified immediately, said County Judge E. (Gip) McMurry, and the date to begin issuing the stamps will be set by it.

In the meantime, a welfare technician will be named to screen applicants for food stamps, the judge explained.

The cost estimate approved by the five counties is \$622.50 per month, or \$7,470 for a full year. Hall County's part will be \$205.42 under the plan.

Billy M. Easley Pleads Guilty To Rape Charges

Billy Mac Easley, 39, pled guilty to charges of rape and incest before District Judge Charles L. Reynolds in 100th Judicial Court this morning.

The district judge set sentence at 10 years in the penitentiary on the incest charge and 60 years on the forcible rape conviction.

Easley has been held without bond in Hall County Jail since he was apprehended by Hall County Sheriff Elmer Neel about 1 a. m. Wednesday, Jan. 21.

Easley waived right of trial by jury and entered a plea of guilty on both charges. Sentence was handed down before noon by Judge Reynolds.

Register Your Vehicles Now!

The deadline is past to order 1970 Texas motor vehicle registration plates by mail, but there still is time for motorists to register without a lot of bother if they will follow simple instructions.

The three-part computerized form which all Texas vehicle owners received after Jan. 1, 1970, will still save you time if you will take it to your county tax collector's office. There's still no guarantee there won't be long lines facing those who wait until the last few days before midnight, April 1, deadline. Every year, thousands of motorists put off registering their vehicles until the last minute.

Each year, the final days of the registration season find tax collectors' offices jammed with procrastinating drivers.

Don't throw away your registration application; don't write on it or mar it. If the address is incorrect, you should show your correct residence address in accordance with instructions on the form. Don't separate the three parts of the form; just take it to the county tax office.

If you are unfortunate enough to have lost the registration form or didn't get one in the first place, take your last year's motor vehicle registration receipt and your car title as you have in past years.

Speaking of cars, this editor was reading the March 1970 message sent out by John Edgar Hoover, Director of F. B. I., concerning the sizable increase in auto theft in 1969 over 1968. The figures are alarming.

The FBI chief asked, "Would you place a thousand dollars at the curb of a busy thoroughfare and walk away, leaving it unprotected?" That's what you do when you park your car and don't take the precaution of locking it and taking the ignition key with you, for the average value of stolen automobiles at the time of theft is approximately one thousand dollars.

In 1968, some 777,800 motor vehicles were reported stolen. The 1969 figure is not available as yet but it appears to be far greater and it is being estimated that the 1970 figure could go over the 1,000,000 mark.

Auto theft is called the crime of opportunity, particularly where young people are concerned. In 1968, 79 percent of all auto thefts were committed by persons under 21 years of age.

The car owner who has his car stolen, often has the attitude, "that's why I carry insurance." Such reasoning amounts to a delayed boomerang. When insurance companies pay for claims their customers necessarily pay higher premium rates. In addition, law enforcement agencies absorb untold expense in handling complaints, investigating charges, and processing recovered vehicles.

If all the 777,800 vehicles stolen in 1968 were not recovered, that would be an insurance loss of \$777,800,000. Add to this the cost of auto accessories, stereo equipment, radios, wheel discs, rear view mirrors, wheels, batteries and other equipment, and the loss could run well over a billion dollars.

Many stolen cars are disassembled, shipped out of the country as junk parts, reassembled in other countries and sold at handsome profits. Others are transported out of state and disguised, never to be returned to their rightful owners. Many taken by youngsters are wrecked or heavily damaged.

Register your car and then protect it from thieves.

Savings—Key to Buying

In an era of instant credit and installment buying, it may sound like heresy to say it, but the only way most people are going to be able to make a down payment on a house nowadays is to save up for it.

The credit crunch that has dried up home building to an alarming degree has caused big problems for those who need to buy a house, but can't dig up the down payment. Sometimes this down payment is 80 per cent of the total, sometimes 90 per cent, but the day when a borrower can borrow 100 per cent of the cost of a house is pretty well gone.

We are faced with a new problem. For the first time in history we have a generation of potential home buyers that never experienced a depression, never has known what it is to be out of work and is surrounded by social security safeguards that make the old saying for a rainy day seem foolish.

Combine this with a credit-oriented society, and a "now" generation that wants the kind of house its folks have, a new automobile, a new color television set and a trip around the world and it becomes easy to understand why a family making \$10,000 a year and up can't save anything.

They haven't been told a reason why they should, when they have a pocketful of credit cards that will buy almost anything, and a steady income that will pay their bills.

Most families could "take on another payment" of putting a sum into a savings account every month. All it takes is discipline and a willingness to postpone purchases for the time being until enough is accumulated to make a major purchase.

An older generation learned how to save. They bought and built their homes by pooling their savings and recent studies show the vast majority of deposits in savings and loan institutions are still held by people in the 46 years old and older bracket—the people

who still have a thrift habit. It is not that the young don't make good money, they are not in the habit of saving much of it.

An individual or a family that has made it a habit of living within its income, no matter how large or how small, has taken the first step toward financial security.

Those who say it is impossible to save don't know what they're talking about. If people could save in a depression they can save now.

Savings is the key to buying and a savings account may be the only way young Americans are going to have a down payment on that new house.

Narcotics in Our Community!

In the light of the heartbreaking news this week concerning the narcotics in our community we came across the following story which we picked out of The Carbon Copy, a college newspaper at Frank Phillips College at Borger:

A youth was stopped for a traffic violation. The Public Safety official recognized the odor in the violator's car. The defendant had a few joints with him.

He was convicted of possession, an automatic felony, and received a suspended sentence.

Did he lose anything?
All he lost was the right to vote, the right to own a gun and the right to run for public office.

resounding reasons why you should buy a new Chevrolet instead of a new something else:

- 1 Higher resale value.** Year after year. No other car in Chevrolet's field gives you as much back on your initial investment.
- 2 Deep down value.** Exclusives like flush-and-dry rocker panels and an extra set of fenders keep Chevrolet looking good longer.
- 3 Smooth, smooth ride.** Because of Chevrolet's computer selected springs, Full Coil suspension and advanced body mounting system.
- 4 Impressive styling.** The impression is that it's an expensive car, if you want to make an impression.
- 5 Massive interiors.** Result? Room to stretch out or to sit tall. Chevrolet has more front leg room than any other car in its field.
- 6 Side-guard beams.** Chevrolet puts more between you and the outside. Steel beams built into every door.
- 7 A finish that lasts.** It's unfortunate other cars in Chevy's field don't have a Magic-Mirror finish because it sure keeps its shine.
- 8 Exceptional engines.** Chevrolet's standard 350-cubic-inch V8 runs on regular fuel. Plus there are five more engines available.
- 9 Tremendous selection.** Of colors. Of accessories. Of engines. Of transmissions. Of fabrics. And of models. There are nine big Chevrolets alone.
- 10 America's favorite.** Something a new "something else" can't claim. If actions speak louder than words, doesn't this say something to you?

Womanless Wedding' Is Well Received; Nets \$186.10 For Carnegie Library

By VIRGINIA BROWDER
Only two complaints came in from the grapevine to the attention of the directors of the "Womanless Wedding" recently presented by the Memphis Community Center. The show didn't last long enough. 2. The viewers were unable to recognize all "the characters," so complete was the men's disguise as women. The directors considered both comments as compliments.

After all expenses were defrayed, \$186.10 was delivered to the treasurer of the Friends of the Carnegie Library, Gayle Greene. This money will be used for the benefit of the library when it is decided on the course of action to be taken toward updating our Carnegie Library.

The producers are gratified that all attending the "Womanless Wedding" thoroughly enjoyed the show and foolishness of the production. Bouquets of thanks are due the good sports who had parts in the cast.

World Day Of Prayer Service Held Here Fri.

By VIRGINIA BROWDER
This year's prayer service program for the World Day of Prayer was planned by representative women from the Philippines, Guyana, Israel, Germany, and India emphasizing the theme "Take Courage". With the distress and turmoil abroad in the world today, the words from the book of Haggai should bring comfort: "Take Courage, all the people of the land, says the Lord; Work for I am with you, says the Lord of Hosts. My spirit abides among you; fear not."

The service was conducted by Mrs. Ed Hutcherson as Leader and Virginia Browder as Reader. Mrs. Frank Foxhall led the Commitment with the audience answering responsively. The Lord has said, "Where three or more are gathered in my name, there I shall be also." Certainly ours was a small gathering of twenty sincere Christian women and the offering was only \$22.50 but the reverence of those present gave credence to the words of the Leader: "Now, we 'take courage' from our being together . . . courage to continue our work, courage to act, courage to believe, courage to love the Lord and one another". And those present departed with a renewed feeling of confidence in themselves, love for their neighbor, and faith in their Maker.

Shamrock To Hold Annual Event On March 16 And 17

SHAMROCK — The Irishmen of Shamrock stand ready to stage their 24th annual St. Patrick's Day Celebration. The theme is "Shamrock Under Seven Flags", the seventh banner, of course, being that of Ireland.

Highlighting this year's Festival will be the appearance of Doug McClure, who plays the role of Trampas on the weekly television series, "The Virginian". With him will be four other Hollywood personalities, Hi Busse with the Frontiersmen and Joanie, billed as America's No. 1 Western Vocal Group. They will present entertainment for the Pre-St. Patrick's Day Banquet at 7:30 p. m. Monday, March 16, and will appear in a show at 5 p. m. Tuesday, March 17. Both events will be in the National Guard Armory.

Highlighting the parade will be 25 or more colorful floats and a dozen or so bands, drill teams and other marching units. The parade is scheduled for 11 a. m. March 17.

An Old Settlers Reunion will be held with registration starting at 9 a. m. on the great day. The annual Old Fiddlers Contest, with \$200.00 in prizes going to the winners, will begin at 2:30 p. m. The coronation of Miss Irish Rose of 1970, selected from a bevy of beauties representing the various high schools of the Texas Pan-

handle and Western Oklahoma, will take place at 3 p. m.
The 1970 Irish Festival will end with two dances Tuesday night. Lou Hurt and The Westerns will furnish music for the regular St. Patrick's Day Dance at the Armory. Playing for a dance at the junior high school gymnasium will be The Press. Both bands are from Amarillo.

Mrs. John Woods, Former Resident, Dies In Calif.

Funeral services were held at Hillcrest Mortuary in Bakersfield, Calif., on January 5 for Mrs. John Woods, a former resident of Lakeview and Memphis.

Mrs. Woods passed away Jan. 1 at Mercy Hospital following surgery for a brain tumor. She was the niece of Hollis Boren and Mrs. W. D. Dickey, both of Memphis and Claude J. Reed of Lakeview.

The Rev. Mel G. Waltney of Panama Baptist Church and Rev. Roy Harvey of Kern Union Church officiated.

Bobby Nell was born at Lakeview Feb. 9, 1921, the daughter of the late Mr. and Mrs. J. Harlen (Happy) Boren. She was a graduate of Lakeview High School with the class of 1938.

Following graduation, she train-

ed as a nurse at the Memphis Hospital for three years. She was married to John J. Woods of Quitaque Dec. 28, 1941.

Mrs. Woods was an employee of Bakersfield schools for 21 years, and served as president of Cafeteria managers club of city schools.

She is survived by her husband, John, one son, John Eldon and one grandson, David, all of Bakersfield, Calif.

Mrs. Carl Williams Is Shower Honoree

Mrs. Carl Williams, the former Miss Renee Wood, was complimented with a lovely bridal shower on March 2 in the home of Mrs. J. F. Neel on West Harrison Street.

Guests who called at the home between the hours of 7:30 and 9 o'clock were greeted by Mrs. Neel the bride, Mrs. Williams; her mother, Mrs. Carl Wood; and grandmother, Mrs. Kate Parks.

The bride's chosen colors of olive green, gold, aqua and pink were noted in the party decorations. The serving table was laid with an ecru lace cloth and centered with a waterfall arrangement

Wesleyan Guild Meets For Study Monday Evening

The Wesleyan Service Guild of the First United Methodist Church met Monday, March 9, at 7 p. m. in the Victory Class Room.

The president, Mazine Phillips, opened the meeting. Ruby Compton gave the opening prayer and the meditation was brought by Ruth Fowler.

The program, "China in Change" which was a continuation of the study was introduced by Mildred Stephens, program leader.

Lucile Burnett discussed "Christianity in the life of the Chinese people". Mrs. Burnett asked several questions such as: Will Christianity disappear again in China as it did on two occasions? Or with the certainty of change, will public worship and a visible Church come to the surface again? What about the future?

Chapter 6 was reviewed by Annette Boswell. This chapter deals with the problems between North America and China before 1949.

Articles from newspapers concerning conditions in China today were read by Hester Bounds. A film "China the Social Revolution" was shown by Beth Lemons.

A life membership and pin from the Guild were presented Annette Boswell by Neville Wrenn.

Members present, other than those mentioned above were Mmes. Ora Ritchie, Pauline Wynn and Lenora Greenhaw.

Delicious refreshments were enjoyed by the group with Viola Morris as hostess.

Weekend Reunion Enjoyed By MHS Group In Wichita

The home of Mrs. Foster Watkins in Wichita Falls was the setting for the annual reunion of a group of Memphis High School friends over the past weekend.

The group gathered in Wichita Falls on Friday and stayed until Sunday. Visiting and catching up on news items of the past year was enjoyed by those attending. One of the highlights was a report by Mrs. Jerry Bevers of her visit to Cape Kennedy during the moon shot in July. Mrs. Bevers, who is editor of the Lorenzo paper, was a guest of Congressman George Mahon.

Going from here were Mmes. A. L. Galley, Lester Campbell, Homer Tucker, Billy Thompson, all of Memphis, Mrs. Don Lenry of Estelline. Others present were Mrs. Jerry Bevers of Lorenzo, Miss Tommie Noel of Denton, Mrs. Horace Tabor of Chillicothe and hostess, Mrs. Watkins.

Delphians Enjoy Texas Day Program Mar. 3

On Tuesday, March 3, Mrs. W. C. Dickey was hostess to members of the Delphian Club at the Big O Restaurant with President Mrs. Frank Finch, presiding and leading the pledge of the flag.

The program for Texas Day was introduced by Mrs. Bill Combs, program chairman saying, "Footprints of Explorers" is the study for today and Mrs. Reeves will give the meditation, "Unaware, We Pass Him By."

"On life's busy thoroughfares we meet with angels unawares but are much too busy to listen, hear, to stop and recognize that God is near, hurrying on to our next appointment fearing we might be late, too busy to do the things we should, telling ourselves we would if we could, telling ourselves there will come a day that we will have time to pause and share but hurrying on we passed our Savior unaware that within our very sight, unnoticed the Son of God passed by, we remained unaware."

From the Travel Trails of Texas, Mrs. Smith chose Texas Fort Trails beginning, "As settlers

Culture Club Enjoys Texas Day Program

Mrs. J. D. Baisden was hostess to the Woman's Culture Club March 4 at her home at 609 No. 12th. In keeping with Texas Independence Day, March 2, the hostess had a colorful display of the United States flag and the six flags of Texas with other very attractive decorations carrying out the Texas theme.

The meeting was called to order by Mrs. Clifford Farmer who presided at the business session. Mrs. Robert Moss, chairman, introduced the program "Facets of Our Beloved State—Texas."

Mrs. Irene Bradley discussed the early colonization of Texas and before leading the group in the pledge of allegiance to the United States flag and the Texas flag she asked: "Can we wave the flag too much? When you look at the flag can't you see the Alamo, Corregidor, Pearl Harbor, the Monitor, the Muvimac, Wake Island and Korea? Let us forget, isn't the flag Flanders Field, Bataan, Iwo Jima, Normandy, Babe Ruth and Davy Crockett? It is a symbol of this blessed nation, a giant in industry, education and commerce, the haven for the oppressed and the persecuted?"

Mrs. Ward Gurley gave "Texas—Our Texas." She cited some interesting facts of Texas' past and present. Her people pointed with pride of the six flags that have flown over her immense area. First in 1666 the flag of romantic Spain with her missionaries and explorers, then France, Mexico, then the Republic of Texas following the battle of San Jacinto April 21, 1836, then in 1845 Texas became a part of the United States. Later she was under the flag of the Confederacy—the Stars and Bars.

After her rightful flag, that of the United States, was restored Texas settled down to growing and taking her place in national affairs.

When Robert E. Lee visited Texas in 1852, he was asked what he saw in the great stretches of unsettled land and he answered, "I am listening to the footsteps of coming millions" — and they came.

Texas has wealth, industries of all kinds; she leads in numbers of acres farmed; she has great educational facilities, cultural achievements and religious fervor.

The speaker concluded with "Texas has men and women and young people who have quietly accepted the mantle of leadership and are worthy descendants of our great heroes and of their sacrifices at the Alamo and Goliad."

Delicious refreshments were served during the social hour to the following: Misses Sybil Gurley, Alma Bruce; Mmes. Theodore Swift, David May, Jim Lange, Clifford Farmer, R. E. Clark, Ward Gurley, Frank Ellis, Irene Bradley, Alvin Fayette, Bert Glascock, Robert Moss, L. A. Stilwell and the hostess, Mrs. Baisden and Dempsey.

THANK YOU

Of course you've heard these words before, but no one ever meant them more!

To the nurses and Dr. Stevenson at Hall County Hospital, a real big thank you. Also to the people who called, visited, sent flowers and cards, while I was there. Thanks again.

Cyclone Sports Column

The Memphis sports program started to spring sports not long ago. Coaches are busily preparing track, tennis, golf and volleyball teams. Participation is at an all-time high with 26 boys out for track, 11 boys in tennis and six girls in golf.

As has been the story in other parts this year, there are few girls involved (1) and the teams are composed mostly of freshmen and sophomores.

The track team has participated in one track meet so far this year at Boys Ranch on Feb. 28. In this meet we scored 16 points and gained much valuable experience. In the past week, because of the rain, the Vernon meet was canceled and the track team did not compete.

There has been considerable notice of the Memphis High school track records since they are posted on the athletic bulletin board recently. There were no school records upon my arrival in Memphis in 1963 so all school records have been compiled since then. If someone has any newspaper clippings or other evidence of any of the records being broken, I would appreciate you showing them to me as I would like to have school records to be up to date. The records are:

23.6—440 Relay (Danny Peters, Clyde Wilson, Gilbert

Devorce and William McFalls 1966) and (John Ferrel, Jimmy Sturdevant, Hoot Jones and Jack Stargel 1965)

158.8—880 dash, Roge Fowler, 1968.

9.7—100-yd. dash, Jack Stargel, 1965, and Loral Rogers, 1969.

49.4—440-yd. dash, Hoot Jones, 1965

42.9—330 Intermediate Hurdles, Merle Kilpatrick, 1969

15.9—120 High Hurdles, Merle Kilpatrick, 1969

22.0—220-yd. dash, William Welch, 1967

336.6—Mile Run, Gabriel Garza, 1969

320.9—Mile Relay (Judge Smith, Roy Long, Roge Fowler, William Welch, 1968)

21' 6 3/4"—Broad Jump, William McFalls, 1966

6'1"—High Jump, Tony Pounds 1968, Bunky Adcock 1960

48'6 3/4"—Shot Put, Johnny Scott, 1969

150' 3/4"—Discus, Willie Devorce 1967

13' 6 1/4"—Pole Vault, Tony Pounds, 1968

Prospects are encouraging for a good tennis and golf team even though these teams have not engaged in competition thus far.

I would like to thank the many people who helped in the volleyball tournament. The teams were excellent and their cooperation was tremendous. All of you who helped make a success of this tournament. Thanks Again — Bert Glascock.

Baptist Class Meets In Home Of Mrs. Hutcherson

The Fellowship Class of the First Baptist Church met Tuesday night, March 10, with Mrs. Sue Hutcherson.

Mrs. Kenneth Dale, president, called the meeting to order. Mrs. Jack Rose led in the opening prayer. Mrs. Dale presided during the business meeting and then gave the devotional using the theme "These Gateways Three."

Mrs. Kilpatrick led in the closing prayer. Delicious refreshments were served to the members by Mrs. Hutcherson and her cohostess Mrs. Phillips.

Those present were Mmes. Jack Rose, Bob Douthit, W. M. Kilpatrick, Benny Godfrey, C. D. Bradshaw, Cecil Phillips, E. L. McQueen, Jr., Bill Jones, Morris Davis, Lucy Taylor, Kenneth Dale, Sue Hutcherson and W. R. Parkers.

Delphians—

(Continued from Page 4)

poured west, a line of forts was established to secure and protect

the far flung frontier; more than thirty forts were established, the first being at Abilene, the home of the first purebred Hereford cattle imported which are still the main beef cattle of Texas. Thence to San Angelo and the world's largest wool producers and we find here Fort Concho established in 1867 and still standing made of pecan wood and stone."

On to Fort Mason, of which there is nothing left, then to Ft. Richardson, established in 1867, and the only wooden structure of its kind still standing in the U. S. today. From here to Fort New Castle, the only stop for the famous Butterfield Overland Mail Route; Fort Griffin—the headquarters for buffalo hunters," Mrs. Smith related.

The Lakes Trails were next studied. "There are many lakes in Texas and it would take all afternoon if we visited each one but we will begin at the Grapevine Reservoir with its sixty miles of shoreline, then to Whitney Lake boasting a shoreline of two hundred fifty miles, in which the lake has depths of 94 feet in places, where skin diving is enjoyed enthusiastically, the waters being very blue; then to Glen Rose once famed for its mineral water

ers and its many sanatoriums as health spas; Lake Texoma is one of the largest in Texas." Mrs. Smith concluded.

Other trails are the Mountain Trails, and the Plains Trails.

Mrs. McKown told of, "The Tropical Trail beginning at Corpus Christi, the city being a deep water port, an industrial and agricultural center, and is one of Texas most popular seacoast playgrounds, with its history dating back to 1519 when a Spanish explorer named Alonzo Alvarez de Pineda named it. The Corpus Christi Museum is a treasure house of natural history and Gulf Coast shells, artifacts, and documents. A nice side trip is to the legendary Padre Island, the nation's longest barrier-type sand island. It sweeps 115 miles south, yet is never more than four miles wide."

"The Hill Country Trail stretches for 578 miles through dude ranch domains. A good starting point is Austin, the Lone Star State's gracious capitol, on to Wimberly, to San Marcos, site of Southwest Texas College, alma mater of President Lyndon B. Johnson. The area also features Aquarena Springs with its submarine theatre and glass-bottom boat rides on the San Marcos River."

Mrs. McKown said. "The Independence Trail is 585 miles long observed or traveled in South Central Texas, starting at Houston, the nation's third largest seaport and the largest cotton port and visitors get a view of the shipping activities from an observation platform at the Turning Basin. Another of Houston's important claims is its proximity to San Jacinto, a bayou-etched expanse of coastal plain where Texas Independence became a fact," Mrs. McKown related.

"From here you go to Galveston, a city only 20 feet above sea level. An early white settlement of this island city was the 1817 headquarters of the pirate Jean Lafitte and the famous Pirate's Cove. On to Victoria where one may visit a number of old historical homes and then to Goliad where a number of missions still exist, namely, Fort La Bahia, the Mission Espiritu Santo; on the courthouse lawn is the old Hanging Tree, where it is said that five bodies hung at one time during the bloody 1857 Cart War on to Seguin and Palmetto State Park and the Warm Springs Foundation," Mrs. McKown said.

"The Brazos Trail runs 588 miles in Central Texas starting at Waco, a town inhabited by the Waco Indians who in turn were driven out by the Cherokees; at Mexia we find old Fort Parker, the saga of Cynthia Parker is told; another interesting trail is the Forest Trail," Mrs. McKown continued. "Starting at Tyler, on to Jefferson, Marshall, one of the state's outstanding museums, San Augustine with Sam Houston being a famous figure who spent time here on his way to the Alamo; and the Big Thicket that we are hearing so much about these days where we are cautioned never to enter the woods without a guide; and the last to visit on the Tropical Trail starting at Tyler with its famous Rose Gardens and its rose hushes sold all over the world."

A lovely refreshment plate was served to Mmes. Finch, McKown, Smith, Reeves, Combs, Robert Clark, Mildred Stephens, Robert L. Duncan, J. L. Barnes, Bill Lockhart, L. F. Jones, Kenneth Dale, Eddie Wecker, Henry Hays.

The next meeting will be with Mrs. L. F. Jones, March 17, in the Bronze Room of the First National Bank.

Memphis Young People Are Receiving Information On Narcotics At School

By BILL COMBS

Maybe the public is not aware, but our community, through action by its school system, has taken steps to acquaint our young people with the information concerning narcotics and their effects on the human body.

Our students have seen picture shows on the subject, which were then followed by open assembly programs where local medical doctors answered questions asked by the students. These programs covered the whole field of being "turned on," and the why, and the harmful effects thereof and have been presented before High School and Junior High students.

The session I attended, at the high school, ran almost an hour, with the medical doctor answering all questions to the point, also throwing in a little philosophy along with it. Nothing was missed by inquisitive students, as they asked about things as mild as drinking coffee to hard addictions of narcotics.

The doctor explained that "Junkies" are miserable people who band together in their misery . . . if these mind expanding drugs are so mind expanding, then why don't those with expanded minds do something great? . . . drug addiction has been a plague of mankind for centuries. The countries where marijuana is legal are the countries with the

highest poverty levels, the most backward in the world.

People who have problems turn to narcotics and alcohol to forget their problems, thus adding to their misery and hardships, it was pointed out. The doctor pointed out that a user of marijuana has a distorted sense of timing and a distorted vision making him a dangerous driver on the highways.

Included in several films seen by students have been those covering alcoholism as well as narcotics addiction made available for school use by the Texas Department of Public Safety.

Plans for further student programs concerning these subjects are being made by school officials.

School officials and Public Health Authorities feel that by educating students on alcoholism, and narcotic drug usage our young people will have a better understanding of the problem.

The doctor said that as long as people are willing to pay high prices for narcotics there will be those who will risk jail sentences to sell it illegally. "People will do anything to make a buck," it was explained.

Mrs. Crawford Is In Amarillo For Kindergarten Meet

Mrs. Jo Ann Crawford, Memphis kindergarten teacher, was in Amarillo Saturday to attend the Golden Spread Kindergarten Association meeting which was held at the First Christian Church in Wolflin Village.

An all day session, the meeting started at 8:30 a. m. and was concluded at 1 p. m.

Mrs. Crawford said the program was most informative. Four learning centers were featured including math, reading readiness, physical fitness and two science centers.

A highlight of the program was the part entitled "Monkey See, Monkey Do", an application of three-dimensional material in a kindergarten learning environment by Mr. Walt Hauffe, who is a representative of the Texas Association for Education for young children.

Mrs. Crawford said the entire program was presented in a most informative manner and offered some useful helps to teachers who attended from throughout this area.

Two Childress Women Injured In Wreck Mon.

Two Childress women were injured Monday afternoon when their automobile overturned about 4 miles north of Estelina on U. S. Hwy. 287 about 5:15 p. m., Highway Patrolman Don Collins reported.

The driver, Floreta Miller Gilley of Childress and the passenger, Betty Whitten of Childress received cuts, bruises and abrasions when the 1970 Buick apparently blew a tire, crossed over the median and overturned one and a quarter times in the northbound lane of traffic. The Gilley car was proceeding south at the time of the accident.

The car was heavily damaged, possibly totaled and was brought to Memphis. The two Childress women were taken to Childress for medical treatment.

Mr. and Mrs. Wayne Loury and Tanya of Ozona spent the weekend with his parents, Mr. and Mrs. John Loury.

Girl Scout Council Needs Trading Stamps

Quivira Girl Scout Council has launched a Trading Stamp Drive for the purpose of a bus for the use of the entire council. The slogan for the drive is, "Help Stamp Out Footloose Girl Scouts".

Plans for the drive were announced by Mrs. W. J. Felter, drive chairman. Also working closely with the Bus Drive plans are Mrs. Richard Stowers, Quivira Girl Scout Council President, and Mrs. J. B. Maguire, Jr., District II Chairman.

Mrs. Felter said, "We have set a goal of two books of trading stamps per Girl Scout in the council." For ease of redemption into cash, the Drive Chairman noted that she would prefer S&H Green Stamps or Gunn Brothers stamps. However, any stamps will be welcomed. Money may be donated in place of stamps.

The bus to be purchased will be a 54-passenger vehicle with three Girl Scouts to a seat or a 36-passenger bus with two adults to a seat. It will be used by individual troops for trips and camping, and in accordance with rules and regulations set us for its use.

A permanent honor roll will be formed from troops contributing two or more books per girl and adult leadership. Also included will be individuals contributing \$50.00 or more.

Girls should turn in their books of stamps to their leaders during Girl Scout Week. Leaders should turn in books to their Neighborhood Chairman, Field Directors or Mrs. Felter.

Either loose stamps or books of stamps may be contributed by the public. Containers for stamps will be placed in stores throughout the Ten-County Quivira Council.

"A great deal of enthusiasm has been generated for the project," said Mrs. Stowers. "A bus for council use is really needed at this point, and has been needed for many years," she continued. Day camp transportation would be principal use of the bus. Reservations for its use will be on a "First come, first serve" basis.

Mr. and Mrs. Regnal Greenhaw of Amarillo spent the weekend here with his mother, Mrs. Geo Greenhaw.

Another "Womanless" show has come and gone. Everyone seemed to enjoy this of fun and amusement. I think you would never know we should have one of these repeated every so often as each hidden talent is discovered. How to put this on every-thing will do their best on this occasion and it leaves an impression on the performer as to how much she is to dress like a lady with so many hooks and gadgets. As nearly 50 years ago I was in a part in this show along with Harry Delaney and others. It was a pretty big chore to dress for this. I learned the definition of the word "Rehearsal" was getting out of the costume with high heel shoes and staying. Congratulations to the who had a part in the last "Womanless Wedding" and will forward to the next one. This is the first show that has been at the community building. They had three plate glass doors out to save congestion in the door! Marion Voyles had the Rotary program for school week and the privilege of getting in and eating like the school in the cafeteria. A real good and from what they told me it was, it would be cheaper for the whole family to eat in of eating at home. Well, served and eaten by all made some of us older ones back when a lot of school was consisted of a biscuit with sausage or bacon inside and I heard Chas. Chambliss biscuit with butter and sugar dessert and for our drink get a tin cup of water and this meal down to keep you choking. After school how it was to get home and get old biscuit, punch your fin into the side, then pour molasses and that was equal candy bar. Main program the meeting was Mrs. Acey and her class of musicians, really had the rhythm. Closing program were Rotarians of a row, (high school boys), from the Rotary song book believe the ones of tomorrow could sing better than the Rotarians. These boys brought back memories over 50 years ago, when a

number of boys thought we could sing, and we did try and would go around to the girls' homes at night and serenade them. I think the girls liked it alright, but not some of the parents of the girls but we managed to dodge the bucket of cold water reception. Some of the boys I remember were Chas. Read, Otie Jones, Joe Thompson, Forrest Power, and others I can't recall right now, and some of the songs were, "Moonlight and Roses", "Sweet Adeline", "My Villiage Queen", "In the Gloaming" and "Trail of the Lonesome Pine" and "I'm Pining My Heart Away".

Atalantean Club latest club donor to Heritage Hall. Thanks for your cooperation. Hope you have a good style show. Other donors in memory of Maud Milam were Homer Tribble, Dr. Russell Baldwin, Mildred Stephens and Mary Lou Erwin. Charlie Williams will be in Heritage Hall each Friday afternoon in March and will sharpen scissors free of charge. If some of you want to "cut up" come in and see Charlie.

Rev. Royce Denton was speaker for the Baptist Church brotherhood meeting Thursday night. Denton had been pastor of the First Baptist Church in Estelline and Turkey. He has been in the eastern part of the United States doing mission work. This brought to mind several who have gone from here as missionaries, Mr. and Mrs. W. D. Oxner, Mr. and Mrs. Huckaby and Walter Moore who served in China. Joe J. Mickle, Jr., who served several years in Japan, Keith Parks in Pakistan and Betty Ewing who is now and has been in Nigeria for several years, niece of Mrs. Sam J. Hamilton.

Mr. and Mrs. Dale Vaughn of Big Springs were visitors past weekend. Mrs. Vaughn, former resident of Memphis, was Miss Mary Foreman and graduate of MHS in 1923. She taught school and was county superintendent here for several years. Her brother, Thresher Foreman, left here several years ago and moved to Kentucky and married a Kentucky "babe" and is now living in Redmond, Ill. Another brother Cloyd Foreman is now living in Warrasburg, Mo., and is supt. of the quarry. I think the reason Thresher left Ky. was he found out what a Georgia Stock was.

knew Bob would have enjoyed seeing. The Snowdens came over here from London, but a lot of those things were destroyed by fire several years ago. Blanket given Heritage Hall the past week by Mrs. J. E. Hughes, formerly Odie Stephens. The late Mrs. J. C. Finger gave this blanket to her son Peter and wife Odie for a wedding present in 1903. She spun the wool and wove the blanket. Odie and Peter helped hold the sheep while shearing them out near Leslie. I bet there was a lot of Baa, Baa!

Mrs. J. J. Feferman of Amarillo visited in Heritage Hall past Saturday with her two sons, Doug and David. They are the granddaughter and great-grandsons of Grace Duke and Grace was showing off what could come for her and she has something to be proud of as Grace was that 2 1/2 pound baby. The mother and grandmother of the above is the former Loree Duke, another Memphis High graduate.

Have noticed a few business changes. Mr. and Mrs. G. W. Lockhart bought out Mr. and Mrs. Henry Hays Western Wear and of course that pushed Henry further back in the building, but he broke out on the north side of the building with a neat front. Henry says he is making his week to have 7th and 8th day of rest. I imagine by Tuesday morning though he will be singing a blues song of "Oh how I hate to get up in the morning (after these two days of rest)."

Visiting in the building where the bowling alley had been for several months and found that Sylvia must have had the best game in there, as it would be called a complete "strike out", as there is not a ball or a pin to be found, but a long rack of dresses. Mr. and Mrs. T. E. Noel of Denton were visiting the past Sunday with Mr. and Mrs. Mac Tarver. Ewell called me in regard to a poem he had written about the "Gold Medal Band". In the conversation with Ewell he said he and his wife fixing to cross the pond. Leaving Dallas April 4th on a conducted tour of the Orient and back to Australia, a 6 or 7 week tour. Best wishes for a safe and sound trip, and a lot of good pictures and slides.

A wanted address handed us: Mrs. E. B. Henley of Como, Texas, Box 94. She is trying to find her nephew, Melson or Nelson Wright. There were 25 visitors registered in Heritage Hall last Saturday. Mrs. Gayle Johnson and son Greg and daughter Tribby. They are now living in Brownfield, another telephone family that left us. Mrs. David Wright of Landberg, Pa., was in. We all knew David, the son of Emma and the late Jerry Wright. David died about a year and a half ago after suffering a heart attack. Their daughter, Mrs. Noel Abbott of Goldsboro, N. C. was also here. They liked our Heritage Hall very much.

Jerry Lynn Hooser of Bowie checking Heritage Hall. He is a MHS graduate. J. L. Sanders of Wellington looking over Heritage Hall. He is the son of Luce Sanders and Elen Blades Sanders. Elen,

the daughter of the late T. H. Bales and sister of Mrs. A. B. Jones of Memphis.

Mrs. Jack Bumpass here visiting her sister, Mrs. D. A. Neely. I remember when Mrs. Bumpass was Omega Womble and was going to school here about 1912. With that black hair and her walk I thought she was a pretty Indian maid, and compared her to Hiawatha. She is now living at Farmersville. Herschel and Maurine Thompson Montgomery visiting here the past weekend with her mother, Mrs. E. P. Thompson. Herschel and Maurine are leaving this week on a two-week vacation visiting the southeastern states including the beautiful Bellingrath Gardens at Mobile, Ala.

CARD OF THANKS

We wish to take time to express our thanks and deep appreciation to everyone for their prayers, visits, flowers and especially for the food and the ladies that served it. Also thanks goes out to Dr. Clark for all he has done to help.

May God's blessings be upon all of you in our prayer.

Veterans To Get Free Admission At Capri To See 'The Bridge At Remagen'

Veterans of World War II in the Memphis area are invited to see the motion picture "The Bridge At Remagen" free of charge as guests of John Wolfe, owner of Capri Theatre, it was announced this week.

The show is playing Sunday, Monday and Tuesday, March 15, 16 and 17, and veterans are being invited to attend by the theatre owner due to this being the 25th anniversary of this important battle of World War II.

The Remagen crossing, made on March 7, 1945, is said by military historians to have shortened World War II by many weeks, and saved tens of thousands of lives. The war ended two months later with Germany's capitulation.

March 7, 1945, was a gray day coming up over the battlefronted Rhineland. A young West Point officer didn't feel particularly like changing the course of history. Neither did the frightened

people of Remagen, 10 miles to the east on the Rhine river bank. Nor did German army Capt. Willi Bratger and his security guard on Remager's Rhine bridge.

The events that threw them together that day marked a turning point in the Allied struggle to crush Hitler's Germany.

Against incredible odds, Karl Timmermann, 2nd Lieutenant, U. S. Army, led a company of the 27th Armored Infantry Battalion, 9th Armored Division, across the Ludendorff bridge at Remagen to establish the first Allied foothold east of the Rhine.

The Germans forgot one little bridge and 61 days later they lost the war.

Square Dance Club To Hold Reunion Friday

The County Squares will hold a square dance reunion at the Country Club on Friday night. Myrtle Helm announced this week.

The square dance will begin at 8 p. m. Milton Beasley will do the calling, and all selections will be old calls.

All former members of the square dance club here are urged to attend. And others who would like to come are also cordially invited, Mrs. Helm said.

Mr. and Mrs. James McAnear of Lubbock spent the past weekend with her parents, Mr. and Mrs. J. W. Hatley.

Mrs. Art Palmer, who has been visiting here for three weeks with her parents, Mr. and Mrs. Aubrey Martin, left Tuesday for her home in New Jersey.

MAJ. SIM W. GOODALL

Maj. Sim Goodall Gets Meritorious Service Medal

CHANDLER, Ariz. — U. S. Air Force Major Sim W. Goodall, son of Dr. O. R. Goodall of Memphis, has been decorated with the Meritorious Service Medal at Williams AFB, Ariz.

Major Goodall distinguished himself as an assistant staff judge advocate and deputy director of the directorate of international law at Headquarters, U. S. Air Forces in Europe, Wiesbaden AB, Germany. He was cited for his professional knowledge, initiative and devotion to duty which were instrumental in the successful conduct of the international legal affairs mission of the U. S. Air Forces in Europe.

He is now at Williams with the 3525th Air Base Group, a unit of the Air Training Command which provides flying, technical and basic military training, for U. S. Air Force personnel.

The major, who has 10 years military service, has served in Southeast Asia.

A 1949 graduate of Allen Military Academy, Bryan, Texas, he received his B.A. degree in 1956 from Baylor University. He was commissioned through the Air Force Reserve Officers Training Corps program. The major also earned his J. D. degree in 1958 at the university's Law School.

Major Goodall and his wife, the former Bobbie J. Wirth, have four children, Sharon Kaye, 10, Laura Anne, 9, Brenda Sue, 7, and Robert, 4.

Lesley N. Foxhall Awarded Navy Achievement Med

Lieutenant (junior grade) Lesley N. Foxhall of the United States Navy has been awarded the Navy Achievement Medal according to Vice Admiral W. F. Bringle.

The Citation stated: "For meritorious achievement while attached to and serving in USS Boston (CA-69) as Legal Officer and Administrative Assistant from 13 June to 18 October 1969 during combat operations."

"Lieutenant Foxhall, through his expert legal counseling and briefing of the crew concerning conduct ashore, was instrumental in establishing a ship's record of no serious legal or disciplinary problems during the deployment. "When thrust into the billet of Administrative Assistant, he continued the execution of the administrative functions in a manner far above the expected of an officer of his age and experience. Lieutenant Foxhall's leadership, professionalism, and devotion to duty reflected great credit upon himself and were in keeping with the highest traditions of the United States Naval Service."

county, born, March 20, 1945. He is a graduate from Panhandle High School and West Texas State University with a BA degree.

Larry and wife, Delia Kay, and daughter, Tonya, age 5, and son, Haydn Cudd, age 1, live at 312 Mesquite in Memphis. He has farming and ranching interests in the Hall County area.

Combest's name has been placed on the Republican Party primary ballot for election as County Chairman for 1970-71.

When contacted, Mr. Combest asked that the following statement be made public:

"I feel that our system of government is based on a two party system and we must have a balance of power to have a democratic system. I have never agreed fully and completely with either party but have convictions about both. However, I truly feel that young people should voice their opinions and stand up for their beliefs. It is the younger adults

who must fill the offices vacated by our elders and we have a place in politics. I feel it is a duty to do our part and we need to take a stand."

State of Texas, the coyote is the heaviest in a 20-year period. He said the monthly kill report from this area indicates the abundance of the predatory animals.

County officials sought the services of a Government Trapper last December and a trapper has been active for about two months, County Judge McMurry said.

Food Stamp —

assumption that the counties will be responsible for the cost of issuing the stamps.

The food stamp program was the choice of the five counties after a federal court judge in early January ordered all Texas counties not having a food pro-

gram for their needy to set up either a food stamp or commodities distribution program.

By joining together, the five counties are able to share personnel which reduces the expense of the program.

Mr. and Mrs. Merle Lemons visited over the weekend in Hereford with their son, Don Lemons and family.

Mr. and Mrs. Aubrey Martin and daughter, Shirley Palmer of New Jersey, visited at Plains over the weekend with Mr. and Mrs. Mack McWhorter and family.

Mr. and Mrs. Roland Salmon attended funeral services for a nephew in Silverton Tuesday. The nephew was killed in a car wreck.

Mrs. G. W. Selmon was in Dallas over the weekend to attend the boxing matches. Two nephews, Harold Wayne and Mike, participated in the boxing event.

Mrs. C. V. Murff, Mrs. J. C. Johnson and Mrs. Starr Johnson were Amarillo visitors Tuesday.

Mike Murff and daughters of Amarillo spent the weekend here with their parents and grandparents, Mr. and Mrs. C. V. Murff.

Mr. and Mrs. James McAnear of Lubbock spent the past weekend with her parents, Mr. and Mrs. J. W. Hatley.

Mrs. Art Palmer, who has been visiting here for three weeks with her parents, Mr. and Mrs. Aubrey Martin, left Tuesday for her home in New Jersey.

Moisture This Week Is First Of Year

Although moisture amounts were light from the rains last weekend and from the snow fall Wednesday, with 30 of an inch officially reported for the week, Hall County has finally received some 1970 moisture to put in the book.

January and February past without any moisture reported so the wet weather this week is important because it is the year's first.

Unseasonably warm weather the last of February and the first of March caused early blooming of fruit trees so the cold weather probably caused heavy damage to the fruit crop this year.

The snow Wednesday began in Memphis before 9 a. m. and continued into the early morning hours Thursday.

This is also the time to let us know if you want an additional listing in this year's directory. One for your wife. Or a separate listing for a newly-grown-up daughter. All it takes is a call.
