Pentecostals To Have Revival Meeting Soon

A Revival Meeting will start Sunday, Oct. 18, at the United Pentecostal Church at 521 North 1st Street in Memphis, Rev. Gordon A. Pace, pastor, announced today this week. The services will start at 8:30 o'clock each evening. The Revival is "I Believe in Miracles."

Youth-Led Revival To Be At Estelline Baptist Church

A Youth-led Revival at the First Baptist Church of Estelline will begin Friday at 6 p. m. and continue through Sunday. Saturday services will be at 8 p. m. and Sunday evening services will be at 7:00 p. m. Bob Sarpolus of WTSU will be the speaker and "Soapy" Dollar will be the music director.

Estelline To Host Smyer Friday Night

The Estelline Bears will play hosts to the Smyer 8-man team Friday night at Estelline Field for an open week last Friday night.

Congressman Bob Price

County Farmers Urged To Harvest All Cotton

Congressman Bob Price, of Memphis, has urged cotton farmers to harvest all the cotton that they can profitably pick. Price said, "The Department of Agriculture assured me that those farmers who harvest their cotton in the face of adverse weather that future price payment rates will not be

Best Selected for MHS Jr. Class Play

MHS Junior play try-outs were held Monday, Oct. 12, for the play "Cheaper By The Dozen." The cast selected to play parts in the production include: Ed Hillhouse as Mr. Bill, Audrey Wolfe as Mrs. Gilchrist, Ramona Ballew as Eres, Randy Dale as Frank, Myrtle Miller as Lillian, Dena Gardner as Jackie, Terry Wynn as Mike Chappell as Bill, Mark Johnson as Fred, Carol Foxhall as Tanya Wood as Mrs. Fitzgibbon, Junior Kennon as Dr. Burdette, Wyley Davis as Joe Seales, and Brown as Miss Brill. Bruce Rose as Larry. "Cheaper By The Dozen" is a founded-on-fact comedy. The humor is genuine and delightful and the story has meaning and importance.

ALMOST SCORES—Pictured above is Louis Davis carrying the football on a 75-yd. run against Crowell Friday night. Davis had a 9.2-yard per carry average and made 191 yards rushing against Crowell. No. 74 is James Hansard leading the interference. Crowell's speed saved the touchdown as Davis was downed on the 7-yard line.

Memphis-Silverton Open District Play Here Friday

District 2-A wars begin at 7:30 Friday night and for the Memphis Cyclone the test will be with the visiting Silverton Owls here in Cyclone Stadium. In other important games, Wheeler will be visiting Clarendon in Broncho Stadium in Clarendon, and Claude will be visiting McLean. District 2-A appears at this point to be real close among all six of the competing teams. Wheeler is ranked 6th in Class A area teams, Silverton is ranked 8th and Memphis is ranked 9th. Claude has dropped from the ranking this week. McLean and Clarendon both appear to be coming on stronger. Silverton and Memphis both lost last week's games. Memphis lost to undefeated Crowell in a real thriller before local fans and Silverton lost to Lorenzo. What about the Silverton Owls? They are a large team with a lot

of seniors playing which indicates a lot of experience. No. 30, Bill Strange, at 203 pounds, is the Owls' hard running powerful halfback who likes to run over people. He also is a linebacker along with Center Alvin May 195-lbs. in the Owls' 5-4-2 defense. David Holt is the other senior halfback, at 156 pounds and the fullback-wingback is Thomas Self, 159 pounds, also a senior. Quarterbacking the Owls is No. 21 Dana Martin, 143-lb. junior who also plays a defensive cornerback for the Owls. Owls Coach Bill Stovall sets his offense in several formations from the straight T, winged T and a power set with HB Strange sitting behind the fullback. The Owls were one of the teams named early in the year to possibly win this district along with Claude or possibly Clarendon. The Memphis team was ranked last or near the bottom in early season rankings. Coach Clyde McMurray of the Cyclone said this week, "we are through experimenting now. We are going to put the best 11 boys on the field and try our best to win the game." The coach said that his team still has a few injuries which may keep it from having the best 11 on the field. Starting lineup has Ends Car-

roll and Jeffers, Tackles Kirkland and Miller, Guards Orr and Liner and Center Wynn. John Carmen will quarterback and Roger

David McKay Is Attending Nat'l FFA Convention

David McKay, a Memphis FFA lad, is attending the National FFA Convention in Kansas City, Mo., having left Monday with a Panhandle delegation under sponsorship of the Dumas FFA Advisor. David is the son of Mr. and Mrs. Argie Lee McKay of Memphis, formerly of Turkey, and won an expense paid trip for being the high scoring student at the Southwestern Public Service Electrical Workshop in Amarillo last summer. David was representing the Turkey FFA Chapter at this workshop, Memphis FFA Advisor Ronnie Morris reports. The National FFA Convention is running from Oct. 13 through 17 in Kansas City, Cr. "We know David will certainly enjoy this trip and the National Convention," Advisor Morris said. Defensively, Ends will be Car-

Two Games To Be Played Tonight At Cyclone Stadium By Junior Teams

The Schedule for Thursday night football games has two games scheduled for Cyclone Stadium tonight, with the Memphis 8th grade playing Wheeler at 6 p. m. This game will be followed by Memphis J-V's and the Childress Junior Varsity. Other games are scheduled between Memphis 7th and 8th graders and Childress 7th and 8th graders are to be held at Childress tonight. Last week, due to adverse weather conditions, the Memphis-Shamrock junior high games were called off. However, the Memphis 8th grade team went to Silverton to play the Silverton 8th graders in what proved to be a bad night for the local squad. The weather was bad and the 8th graders lost their first game of the season. Memphis had things going its way, leading 14-0 on touchdowns by McKay and an extra point by Beck, then fumbles turned the game into a nightmare. The local lads lost the ball five times inside their 20-yd. line and Silverton racked up 40 points. Memphis came back and scored again with McKay carrying over and then two points on a safety so the final score was 40 to 22 in Silverton's favor. The Junior Varsity team traveled to Shamrock and played a game in a snow storm last Thursday. High winds and blowing snow made playing conditions tough, but the talented bunch of J-Vs pulled a 16 to 12 victory out of the ice with last minute touchdowns. Memphis scored first with less than 4 minutes on the clock on a 35-yard pass from QB Browning to TB Ronald Canada. Canada added the two points and Memphis trailed 12 to 8. Then, with 20 seconds remaining, Canada took the ball on a quick pitch, spirited the end and Kehr will be fullback. Louis Davis and Mark Hundley will be the tailbacks.

Mr. McElwrath, Texas State Executive Director of the Agricultural Stabilization and Conservation Service, visited the Hall County area on Wednesday morning, October 14. Mr. McElwrath was accompanied by Leonard White, ASCS Program Specialist in charge of Defense, Rural Area Development and Emergency programs for the Texas State ASCS, and Albert Marshall, District Director, who supervises ASCS activities in twelve Panhandle counties including Hall County. The purpose of Mr. McElwrath's visit was to become better acquainted with farming conditions in the local area and to visit with local farmers and businessmen. A meeting was held with members of the Hall County ASCS Committee followed by a tour through the Lakeview and Plaska communities.

M. C. Allen, Jr. Is Honored At Childress Banquet

A Memphis citizen, M. C. Allen, Jr., was awarded the Community Service plaque at the Annual Banquet of the Childress Chamber of Commerce Monday night, Oct. 12, in the City Auditorium. The award was presented by George Morey, Station owner of Radio Station KCTX of Childress. The radio station gives the plaque award each year at the annual banquet. In making the presentation, Morey cited the service Mackie Allen gives to Childress in support of the Greenbelt Bowl football classic. Allen has served as a queen judge the past few years, and contributes to the classic each year in tickets purchased. Mr. and Mrs. Allen attended the banquet along with Mr. and Mrs. Clifford Farmer and Mr. and Mrs. Lester Campbell. Lester is the Vice President of the Memphis C of C. Lee D. Herring, vice president of the Grand Prairie State Bank, who spoke for the Memphis C. of C. Banquet two years ago, was the speaker for the Childress Banquet this year. John Forbis served as master of ceremonies and Don Johnston is the incoming president and Harold Kitchens the incoming vice president.

Taxpayers Can Save 3% By Paying In Oct.

Citizens of Hall County were reminded this week that a saving of three per cent can be obtained if taxes are paid during the month of October, by Melissa Anderson, tax assessor and collector. She pointed out that the Commissioners Court had again authorized her office to allow discounts for early payments of taxes. This is with the approval of the State of Texas. The discount schedule will be in effect during November and December, although it will be lower than in October, she said. November payments will be allowed a two per cent discount, and December payments will earn one per cent discount. "Pay your taxes early and save," Mrs. Anderson said. "The law requires a penalty to be assessed when taxes are paid after January 31 of the year due.

Fund Drive For M. Sclerosis To Be On Oct. 19

The Memphis Chapter of National Multiple Sclerosis Society will conduct a fund raising campaign on Monday afternoon and evening, Oct. 19, it was announced this week. A late afternoon canvass of business houses in Memphis is planned, to be followed by a house to house solicitation of funds for the Multiple Sclerosis, Miss Patsy Jarrell, local chairman announced. Miss Jarrell is seeking additional volunteer help to conduct the house to house portion of the drive at this time. She said she has several volunteers now, but the more there are the less work each one would have to do. Funds raised here will be sent to the Panhandle Chapter in Amarillo, Miss Jarrell said. Funds raised will be used in patient service activities for multiple sclerosis victims and their families and to advance the Society's research program. Multiple sclerosis is a disabling disease of the central nervous system—the brain and spinal cord. It distorts and sometimes blocks nerve impulses that control vital functions like walking, talking, seeing, hearing, and balance.

Blackout Is Caused By Malfunction

The longest blackout of the West Texas Utilities in memory resulted from a malfunction in the transformer-regulator in Childress Sunday night. Electrical power was off in Memphis about 45 minutes as the power failed about the time most church services were being dismissed. The malfunction blew some switches in the Lake Pauline plant and it was nearly 45 minutes before all service was restored. Towns affected were Quanah, Childress, Paducah, Memphis, Wellington, Clarendon and Shamrock. Service in Clarendon and Shamrock was restored almost immediately when the firm borrowed power from Southwestern Public Service in Amarillo. J. C. Randel, District Manager of WTU, reported that the regulator at Childress had been in operation about four months and that there was no explanation for the malfunction.

This Area Needs Bill Heatly

We endorse State Rep. W. S. (Bill) Heatly in his bid for reelection from the 80th District in the Texas House of Representatives.
Rep. Heatly offers all the qualities we need in Austin. He has experience; he listens to our problems and does something about them; he is the friend and servant to all the people of the district and has been a leader in such vital areas as farm, education, mental health, highway and economic legislation.
Hall County citizens should remember the help they have received in past years from Rep. Heatly. He is responsible for getting the boll weevil control program for the farmers. His help in Austin expedited the granting of Hill-Burton funds which helped pay for Hall County Hospital. Bill Heatly was instrumental in helping to get paved highways and farm-to-market roads for this county. His efforts to obtain part-time jobs for students in universities and colleges has made, and is making, it possible for better education. The list is long, but his influence has touched many lives and many facets of our economy.
Rep. Heatly has served 16 years in the Texas House and is recognized as a strong leader not only for his district, but throughout the state. He has served as chairman of the House Appropriations Committee, the most prestigious and respected committee assignment in the House, under four Speakers.
He is a full time member and works continually for the people of the 80th District.

Will You Protect Your Little Piece of America?

A reader of this newspaper handed us a clipping from another newspaper. The article is by an editorial columnist and gives us, each and every one of us, Americans today, a lesson in history that we had better not forget if we want to keep this nation running the way we want it to run, or change it if we feel it needs changing.
We stand up and applaud when we hear of the Captain of a ship, staying with the ship as it goes down. Capt. Kurt Carlson was honored years ago at a New York City banquet. "Quiet," he said with a frown, "I did nothing—except protect that little piece of America that I was responsible for."
The general election of 1970 is soon upon us. Some are predicting that as few as 50 per cent of the voters will stay at home in Texas, not caring enough to bother to go vote. Vital issues await answers at the polls, a big piece of this state and this nation is on the block. Who's going to defend your piece if you stay at home, go on a trip, or just neglect to go to the polls?
George Christian, a competent, conscientious press secretary under former President Lyndon Johnson lowered his head recently and said, "Never have I seen such tragic indifference, so few interested in voting, such complacency and cynicism."
Maybe Capt. Carlson would put it this way: "Never have I seen so few willing to protect that one little piece of America they are responsible for."
Here in America, it is estimated that 55 per cent of the qualified voters of this nation will go vote in the Nov. 3, 1970 election. In Switzerland, the figure is 90, to 95 per cent; in Sweden, it is 80 to 85; in Italy, 75 to 85. What is the difference?
What do you think the Communist world thinks of this? If 60 million Americans do not have enough interest in their freedom to defend it with a vote, which takes 15 minutes at most polls then do you think those same 60 million would defend it with their fists, or their lives?
Some answer: "How can my little vote count; so what difference does it make?" Contemplate these tid-bits from history.
Wig, Mugwump or Do Nothing. Populist or Socialist, Democrat or Republican, your vote historically has been very, very critical.
Tom Jefferson was elected president by one vote in the electoral college.
So were John Quincy Adams and Rutherford B. Hayes.
The Draft Act creating the manpower to defeat Hitler and Tojo passed the House of Representatives in Washington by one vote.
In 1884 James G. Blaine lost New York State by only 1,000 votes—less than one per precinct—and because he lost New York State he lost the presidency.
Twenty-two years ago the complacent Tom Dewey thought he had it made against the old battler, Harry Truman. So did his own supporters—because if just one more in each precinct or 3,000 counties had taken the trouble to vote, he—not Truman—would have been elected.
Ten years ago Dick Nixon would have defeated the late John F. Kennedy, if he had received just one more vote in each box—and two years ago, Hubert Humphrey would have defeated Mr. Nixon, if—
You're a Texan, and Texas is a state in the union. But consider what would have happened if—the senator from Indiana hadn't voted for Texas to be admitted to the union in the 1840's. In those days the legislatures of the states, not the people, elected senators to Washington. Ed Hannegan, thanks to a grain miller in De Kalb, Ind., who decided at the last minute he would take off 10 minutes to vote, was sent to the Indiana Legislature by only that one vote. Hannegan then was sent to the United States Senate. When the vote came up to admit Texas to the union, the result was a tie. Hannegan broke that tie. You might say that a grain miller, not Hannegan, put Texas in the union.
A farmer who belonged to the Federalist party, on the contrary, arrived at the polls too late to vote in Rhode Island. His candidate to the legislature lost by one vote. The man who won later went to the Senate and cast the deciding vote which started the Revolutionary War against England. The Rhode Island farmer intended to vote—he was late because he stop-

ped 20 minutes to free a pig whose head was caught in a fence.
Plato is quoted as saying, "The penalty good men pay for indifference to public affairs is to be ruled by evil men." What Plato is saying isn't that all who rule are evil men, he is saying that indifference allows some evil men to rule.
Americans and Texans are free men. The right to assemble, to worship, to acquire and keep, to talk without fear, to live without chains and to die with dignity depends in great part on 435 representatives and 100 senators who care.
If you don't care enough on election day about who they are and what they should do, will they care?
You as an American, have a little piece of America resting within your heart. When you vote, you protect your piece of America.

ed to lower it was the imposing figure of the college's football center, Bill Pierson. "I was born under that flag, I fought for that flag and I'm going to college today because of what it represents," he explained. Pierson stood his ground for three hours. The flag waved on. How sad it is that principles which mean so much to so many are defended by so few. Surely students who share Pierson's convictions will not let him stand alone.

What Other Editors Say

Right of free speech due officials
We agree with Gov. Preston Smith of Texas that "the time has come to put a stop to such foolishness" as the event which occurred in Houston when a small group forced the state's chief executive to cancel a scheduled speech in the auditorium of the University of Houston.
Although only a small number participated in the rally in behalf of Lee Otis Johnson, convicted in 1968 on a charge of selling marijuana and now serving a 30-year sentence, all Texans must hang their heads in shame to think that the governor of this great state cannot speak in a public meeting place because of rude interruption by a group of undisciplined young people.
The event to which we refer occurred when Governor Smith was forced by a group of demonstrators to leave the stage, and cancel his scheduled talk.
We believe in the right of free speech and express a sincere apology to the Governor because of this rude act by a few who apparently do not believe in free speech. This group evidently think that none but themselves have any rights under our present laws.
However, we join with Governor Smith when he said, following the event, that he still has great confidence in the vast majority of our young people.
He added that when a public official cannot appear on the campus of a state-supported university to deliver a talk without being subjected to "the rantings of a handful of intolerant and ill-informed students, the time has come to act."
The Chief Executive made these pointed observations, after the demonstration, and we endorse every one of them:
"If the students cannot behave themselves and live under the rules of the institution—just as private citizens are required to obey the law—then there is no place for them in our halls or learning."
We would like to commend Governor Smith for his firm stand in the matter when he said:
"I am on record many times as

YOUR COUNTY AGENT SAYS

County Agent Advises Use Of Tree Leaves in Compost
It's not too early for home gardeners to get things in readiness for the fall compost pile. Compost, explains County Agent W. E. Hooser, is very valuable as a soil conditioner for it improves the water holding capacity of soil supplies organic matter, helps to retain soil moisture and aids in keeping soil temperature at desirable levels.
A compost bed may be constructed out of scrap or rough lumber or with net wire. The enclosure should be large enough to hold the raw material needed to supply next year's compost needs advises the county agent.
Tree leaves will soon be falling cluttering up the lawn and flower beds and creating a disposal problem. You can improve environmental conditions by using them for compost. When placing leaves healthy plant material from the flower or vegetable garden or grass clippings in the compost heap, Hooser suggest you put down a layer of material then, sprinkle it with a complete fertilizer before adding another layer. The fertilizer will add plant food to the mixture and will also speed up decomposition.
Since moisture is needed for the decomposition process, the heap should be sprinkled with water to keep it moist when rainfall is not sufficient to do the job. By next spring you can have needed material for mulching the flower beds, the vegetable gardens and home shrubbery.

Pros And Cons Are Given On Seven Proposed Constitutional Amendments

Editor's Note: Below is the text of a series of weekly articles outlining the Constitutional amendments which will be voted on at the General Election, Nov. 3. The analysis was prepared by the Texas Legislative Council. Two amendments published last week.)

AMENDMENT NO. 6—S.J.R. No. 32

Amending Article XVI, Section 51, to increase the value of the homestead exemption from forced sale from \$5,000 to \$10,000.

The proposed amendment to Article XVI, Section 51, increases the exemption from forced sale of a homestead located in a city, town or village from \$5,000 to \$10,000.

Background: The precedent for the homestead exemption from forced sale was established by statute enacted by the Third Congress of the Republic of Texas in 1837. The Texas Constitution of 1845 continued the exemption, established it at 200 acres of land (included in town or city) or 400 acres of land in the country, or city lot or lots, in value not to exceed \$2,000.

Behind the exemption was the belief that the welfare of the family was dependent on protecting the family home and earning capacity and preventing the debtor from being forced to sell the family home. Also, as originally established, the exemption was needed in the early days of settlement. Directly, the reason for enacting the first depression law which Texas was in during which Texas was in economic peril, with many families losing homes and farms by

foreclosure.

The Fourth and Fifth Congresses of the Republic in 1840 first annulled and then reinstated the homestead exemption law, and it was in direct consequence that the convention which drew up the Constitution of 1845 determined to safeguard the homestead by incorporating the exemption in the constitution and thus putting it beyond the reach of legislators as well as creditors. In 1851 the Texas Supreme Court construed the maximum value provision to include the value of improvements on the lots and held that any excess value was subject to debt. A statute was enacted in 1860 which met the difficulties in the homestead by providing that the subsequent increase in value of the homestead by reason of improvements or otherwise did not subject the homestead to forced sale and that the value not to exceed \$2,000 at the time of the designation as a homestead controlled. Constitutions of 1861 and 1866 carried forward the same provisions. Then the Constitution of 1869 raised the amount of exemption for urban lots from \$2,000 to \$5,000 and incorporated the statutory provisions clarifying the maximum value.

The present constitution, adopted in 1876, enlarged the urban exemption to include a business homestead, but the maximum value of urban lots exempt from forced sale was continued at \$5,000, as in the Constitution of 1869. The Constitution of 1890 included the actual exemption of the homestead from forced sale in Article XVI, Section 50, but the

amounts to be exempted in both acres of land and value of the urban homestead were included in Article XVI, Section 51, which is the subject of the proposed Amendment No. 6.

Arguments For

Under present property values, a 200-acre exemption on rural land is a more favorable exemption than the \$5,000 now permitted by the constitution for an urban homestead of a business homestead. Also, since the exemption depends on value at the time of designation as a homestead, the rapid increase in values in recent years has created great inequities for comparable property of the same current value which would be alleviated by the adoption of the proposed amendment.

It has been 100 years since the homestead exemption was set at \$5,000, and conditions and economic demands have changed so greatly since that time that the intent of the constitution to protect the home and earning capacity of the citizen is no longer affected through this small exemption.

Arguments Against

Since homestead exemptions are often abused by violating the intent of the constitution and permitting the boarding of extensive assets beyond the reach of creditors with just debts, a larger exemption of \$10,000 as proposed by Amendment No. 6 could increase the opportunity for abuse.

The social security and welfare programs of today have lessened the need for protection of the family home.

AMENDMENT NO. 5—H.J.R. No. 28

(Authorizing any county to issue road bonds in an amount not to exceed one-fourth of the assessed valuation of the real property in the county under certain conditions.)

The proposed amendment revises Article III, Section 52, to authorize any county to issue bonds,

in an amount not to exceed one-fourth of the assessed valuation of real property in the county, for "the construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes, or in aid thereof, upon a vote of a majority of the resident property taxpayers voting thereon who are qualified electors of the county...."

Background: Article III, Section 52, often described as the cornerstone of constitutional provisions relating to the authority of counties, cities, towns, and other political corporations and subdivisions to lend credit, authorizes these entities to issue bonds for three purposes:

(1) The improvement of rivers, creeks, and streams to prevent overflows, and to permit of navigation or irrigation, or in aid of such purposes.

(2) The construction and maintenance of pools, lakes, reservoirs, dams, canals, and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof.

(3) The construction, maintenance, and operation of macadamized, graveled, or paved roads and turnpikes, or in aid thereof.

Under the existing provision total bonded indebtedness may never exceed one-fourth the assessed valuation of the real property of the district or territory issuing the bonds. Also bonds may be issued only on a vote of a two-thirds majority of resident property taxpayers voting thereon who are qualified electors of the district or territory to be affected.

In November, 1968, the Texas electorate approved Article III, Section 52e, to permit Dallas County to issue bonds without having to include the amount of bonds issued under (1) and (2), in determining the debt limit. The two-thirds majority required for approval of a bond issue under the

existing Article III, Section 52, was reduced to a simple majority with respect to the issuance of road bonds for Dallas County only under Article III, Section 52, to grant any county the same authority to issue road bonds as that granted to Dallas County under Article III, Section 52e, and would give to counties, but not other political subdivisions, the same debt limitation and simple majority vote for the issuance of road bonds.

Arguments For

Construction and maintenance of sufficient roads and turnpikes to meet the traffic needs of rapidly growing Texas have been hampered by the constitutional debt limit and the requirement of a two-thirds vote of the qualified electors. The proposed Amendment No. 5 would alleviate this situation.

The proposed amendment's requirement that bonds may be issued only on approval of a majority vote provides adequate assurance

ance that tax burdens cannot be increased without full knowledge and majority consent of the individuals to be affected. At the same time, the amendment modifies present requirements enabling a minority of only one-third of the voters to override wishes of the majority.

Arguments Against

The majority vote requirement of the proposed amendment would make it too easy for a bond election to pass. When bond elections are called with the timing selected to assure turnout of only those in favor of an issue, a majority of the voters could, in fact, be disenfranchised.

The liberalized debt limit in the proposed amendment is much broader than it appears, and the reduction in the number of voters required for approval of the extended indebtedness could open the door to the squandering of taxpayers' money.

Childress Old Settlers To Have Dance Oct. 24

The Old Settlers Association of Childress will sponsor a dance to be held Saturday, Oct. 24, in the Childress City Auditorium. The dance will begin at 9 p. m. with Dean Curtis and the Music Men of Fort Worth providing the musical entertainment.

W. E. Helms, Jr., president of the Childress association, said, "This is probably one of the best bands in this part of the country and we are proud to have the band here. We would like for everyone to come and bring a friend for a night of fun and good enjoyment."

Mr. and Mrs. Harvey McMurry of Fort Worth visited here over the weekend with his parents, Mr. and Mrs. Holland McMurry.

We Support Heatly "A DEMOCRAT"

Vote For Effective Representation:

The choice for Representative from the 80th Legislative District should be on the basis of knowledge of the State's needs and demonstrated ability to deal with them. The 62nd Legislature will be required to make an unusual number of critical decisions. Action at this session will affect the well being of the State of Texas and its people for the crucial years remaining of the 20th century.

A major responsibility has to do with creating new districts for members of Congress and both branches of the Legislature, which will remain in effect until 1981. Predominantly rural counties of the 80th Legislative District could be badly hurt, if absorbed into a district with a large city.

Other critical subjects include: long range plans for public education, conservation of water and other natural resources, protection of environment from pollution, adoption of tax policies which will provide adequate revenue for essential services and at the same time avoid injustice to any interest or group of taxpayers.

The issue in this campaign is whether the people of the 80th Legislative District will have a voice in state affairs, and will be certain their interests are protected. We are fortunate in having in Bill Heatly a Representative, who has the experience and influence necessary for effective service to his constituents. The next session of the Legislature will face many tough decisions that vitally affect the future of Texas. We need an experienced Representative, not a novice or a member of the minority who will be little more than an observer.

Bill Heatly has earned our gratitude for countless services rendered to Hall County and its citizens, especially in matters involving agriculture and conservation of water resources. We, the undersigned citizens of Hall County, ask our friends and neighbors throughout the 80th Legislative District, who appreciate capable representation in Austin, to join in giving him an overwhelming victory November 3.

Democratic Chili Rally To Be Held In Childress Next Tuesday

Childress — Childress County Democrats are inviting the whole State of Texas to a chili supper here on Tuesday, Oct. 20, for an old-fashioned, Democratic rally and to kick-off "Chili Week in Texas" as proclaimed by Governor Preston Smith.

Childress Democrats feel that since former President Lyndon B. Johnson substituted chili for cavivar in the White House that it is time to put chili back in the government.

Practically all state-wide Democratic candidates in Texas have accepted an invitation to the Childress grassroots Democratic rally with Gov. Preston Smith, senate nominee Lloyd Bentsen, and Congressman Graham Puroell heading the list. Governor Smith and Lloyd Bentsen will give short addresses and all candidates will mix and mingle with the crowd. To prove that this is a grass-roots Democratic rally, all the candidates will act as servers and husbands, including the governor and Bentsen.

H. B. Rhodes, of Tell, president of the Childress county Democratic Club, says the theme of the Childress rally is "Texans Remember." "Texans remember," Rhodes said, "when the Republicans had control of congress and the White House things couldn't have been much worse. The only thing that keeps the Nixon administration from following the same road is a Democratic congress."

Beginning at 5 p. m. in the Childress City Park, chili will be served to all comers, and Governor Smith will make the keynote address and extol the merits of the Democratic party and its long history of progress with legislation beneficial to all the people.

Senator Jack Hightower of Vernon and Representative W. S. (Bill) Healy of Paducah and most of the other state candidates will be on hand at the big rally.

If you think you've caught a large black bass, consider the known world's record of 22 pounds 4 oz. caught in 1932.

CHILI WEEK PROCLAIMED—Pictured above is Governor Preston Smith signing a proclamation declaring the week of October 20 to 27 as "Chili Week in Texas" as Childress County Judge Donald Black, Mayor C. J. Lyons and County Democratic Chairman John Robinson look on. Chili Week in Texas will be kicked off in Childress, Tuesday, Oct. 20 with a gigantic Democratic rally and chili supper. Gov. Smith will head a delegation of prominent Democrats who are to attend the rally.

Delta Kappa Gamma Holds Regional Meeting

Using a quotation from Ralph Waldo Emerson as the theme, this time, like all times, is a good one if we but know how to do with it, the regional meeting of Delta Kappa Gamma, an international honorary society for women educators, got under way in a lovely coffee in the south hall of the Fine Arts Building, Clarendon Junior College, Clarendon, Texas, on October 10, at 10 a. m.

Chapter scrapbooks from the participating chapters were all on display in the south hall. Mrs. Evelyn Laney of Amarillo, in her charming manner, presided over the general assembly. Mrs. Winnie Grady gave the invocation and Mrs. Velma Weaver, Alpha State Recording Secretary, led the group in singing Delta Kappa Gamma Song.

Kenneth D. Vaughan, president of Clarendon Junior College, welcomed everyone to the college campus.

Clara Everly of Theta Delta Chapter brought a report of the International Convention which was held in Portland, Oregon, August 10-12. Using the theme "... and we will be lifted by our dreams", Dorothy L. Johnson, president, presided over the proceedings of the convention. One of the highlights of the convention was the awarding of the Educator's Award to an outstanding woman author for her book on education. The winner this year is Lisa A. Ricketts, Philadelphia attorney and author of "Throw Away Children". Mrs. Patricia Ryan Nixon, First Lady, United States of America, and Virginia Merges Klitzer, nationally recognized humanitarian, were elected international honorary members of the Delta Kappa Gamma Society by the International Executive Board.

Gamma Theta Chapter presented "It's A Good Time" to learn more about consumer education. They urged everyone to read and learn guidelines for peace in the marketplace. Start a consumer library. A booklet that will help in Decision Aids."

Eta Alpha Chapter presented a play on "It's A Good Time" to learn more about wills and property rights of women. They asked each one to take an economic look on life.

Theta Delta Chapter, using "It's A Good Time" to become aware of the social problems of drug addiction as a topic, presented a skit, showing some of the hang-ups.

Velma Weaver led the group in singing several Delta Kappa Gamma songs as "It's A Grand Time for Singing".

"It's A Good Time For Music," arranged by Mildred Sullivan, arranger and director, was "Let There Be Peace on Earth" sung by the Beta Delta Chapter Trio.

In presenting "It's A Good Time" to become involved in the social problems of the handicapped, Beta Delta Chapter urged us to do more for them than just send a box at Christmas and make a donation of money.

Concluding the program, Gamma Xi, in developing "It's A Good Time" to become more knowledgeable about trends in education, presented a book review, "Three Heard the Bells".

Presiding at the luncheon in the lovely college cafeteria was Mrs. Audrey Tribble of Memphis, president of Gamma Kappa Chapter. Mrs. Flora Champion gave the grace.

Dr. Madge Davis of Wichita Falls, Past Alpha State President and chairman of the International Scholarship Committee, gave an inspiring and informative address on "Delta Kappa Gamma Lifts Its Eyes to the Hills and Moves 'on'". She urged each of us to look to the rock of heritage and renew our vows to the seven purposes of Delta Kappa Gamma. We must all be willing to accept change, overcome our prejudices, be jarr-ed out of our complacency, control our tongues, cultivate compassion, act with confidence, and take our citizenship seriously.

The regional closed with "What is Civilization?" Ralph Waldo Emerson asked, and answered his own question. "The power of good women."

One hundred and fourteen members were in attendance. Gamma Xi Chapter won the attendance award.

Members from Hall County attending were Marjorie Bain, Marjette Jones, Margaret McElreath, Audrey Tribble, Brunetta Morris,

Former Memphis Woman Honoree At Birthday Party

Mrs. Carl Merriott of Plainview, the former Mrs. H. C. Crow of Memphis, was honored with a birthday dinner and party in her home in Plainview Sunday, Oct. 4.

A turkey dinner with all the trimmings was prepared by her children and brought in.

Those attending were Mr. and Mrs. Weldon Crow and family of Denver City, Mr. and Mrs. M. L. Rogers (Alva) of Lubbock, Mrs. Norma Lebow of Memphis, Mr. and Mrs. Bob Douthit and family of Memphis, Mr. and Mrs. Clyde Fukercor (Waunona) and family of Plainview.

There were other relatives and friends that called during the day.

Lakeview Young Homemakers Enjoy Display

The Lakeview Young Homemakers met Tuesday, Oct. 13, in the homemaking cottage.

The guest speaker for the occasion was Virginia Browder, owner of the Golden Cobweb Antique Shoppe in Memphis.

She spoke to the group on the subject, "Know Your Antiques". An interesting display of antiques were shown and the history of each explained.

The hostess, Dixie Griffin, served pumpkin faced cake and orange punch from an attractively laid tea table. The table was centered with a green and orange scare crow leaning against a large pumpkin.

Following the program, a short business session was held at which time year books were distributed.

Attending the meeting were Mmes. A. A. Smith, Thollie Lindley, Larry Skinner, Sandy Smith, Sonny Byars, Junior Mestas, O. L. Favors, Ted Montgomery, James Clarke and Ed Griffin.

Baptist WMS Meets Tues. For Bible Study

The Women's Missionary Society met in the parlor of the First Baptist Church Tuesday, Oct. 13, for Bible Study.

The meeting opened with special prayer requests. Following this was the reading of the calendar of prayer by Mrs. Jack Rose. Mrs. Theodore Swift led the group in prayer.

Mrs. Kenneth Parker had charge of the study titled, "Women, Women and More Women in the New Testament". Mrs. Byron Baldwin led in the closing prayer.

Attending were Mmes. Jack Rose, Kenneth Parker, W. E. Billington, K. B. Chick, Ward Gurley, Byron Baldwin, H. H. Lindsey, J. W. Fitzjarrald, Minnie Voyles, Theo Swift, Ida Huetherston and W. M. Kilpatrick, Jr.

Church Of Christ Hosts Area Youth Rally Here Sat.

More than 170 attended a youth rally Saturday, October 10, at the Church of Christ.

The youth rally started with registration at 5:30 p. m. and followed with an hour devotional. Larry Marshall of Vernon spoke to the youth on facts which concerned everyone. There were seven towns represented. They were Vernon, Westview Boys Home of Hollis, Okla., Estelline, Hedley, Childress, White Deer, and Memphis.

After the devotional they enjoyed sandwiches, cokes, cookies, and potato chips in the Fellowship Hall. Then everyone went down to "The Place" where they enjoyed singing, playing ping-pong and other entertainment.

CARD OF THANKS

We wish to express our heartfelt thanks to our friends and neighbors for your kindness to us in our sad hour. We are indeed grateful for the beautiful floral offering and for the food that was served. May God bless each of you.

In reading the last week's issue of the Memphis Democrat I noticed the headline of the City Council buying a new fire truck and I read this it carried me back several years ago. While serving on the City Council, I believe was in the years 1928-1932, I know it when the dirty thirties came and all the city employees had to be reduced to keep operating city services, but I am getting off of subject. I started on J. M. Kelvey, Bascom Davenport and were on the fire committee and a new truck had to be purchased. I had a long deal of figuring with different companies, and getting many feet of new hose and an extra discount, the American Fire truck was purchased. I think this was the second or third fire truck the city had ever bought after the horse drawn fire engine. When this fire truck was delivered to us, they wanted the fire committee to check it out and give an OK on it to the City Council. The man that delivered the truck wanted us to take a little for speed, I guess. The man made driving out Main Street to about where Mrs. Ocie lives (and his was not paved) but I think he made record with McKelvey trying to keep foot on the Sirene, and Bascom and I with our 250 pounds in back of this truck bouncing and as there was just not enough load in the backend. I thought it was over when we arrived back at the City Hall, but so, this man wanted to make a run to the old railroad section and back. We were ready to give our OK, as it had speed over 40 years I think the truck still has the old truck and it serves in most of the Parades here.

Well, we can tell that fall of year is here as the past week people were trying to save their tomatoes before a freeze. I found a "Honey-Do" job last day morning staring me in the eye: green tomatoes, cabbage, green pepper, green pepper, green all to be ground up through food chopper that we used to a sausage mill. Any way we get it all ground up and with some and a few onion drops. I made what we used to call Chow Chow. There may be a name for this but regardless of the name is good. I guess Burl Hayes has patted his hamburgers in his life than one living now. I remember he had that wagon type hamburger stand on the east side of square when there were vacant lots. It was pulled up to the side of the sidewalk. That was in days that it would be hard for younger generation to believe. I did have crowds of people on streets of Memphis. I asked Hayes a few days ago how he made his hamburgers to sell and he said he had a stand order every day for 50 dozen and on Saturday and special would sell 75 to 80 dozen at 25 cents or 6 for 25 cents. He said he made money out of it after Mr. Lemons. Of course, he did not do all this during days as it was work until 11 o'clock every night before quit patting the hamburgers. Things have changed with television and other entertainment. I liked the square a few Saturdays ago at 8 p. m. and there was a total of 8 cars parked in the square next to the square. You can still buy a Coke in glass for 5 cents today. Visiting in Heritage Hall guests Lena Mae Adeock were Mr. Mrs. Don Clemons of Arcata, Wanda Hawkins Clemons, daughter of the late Mr. and

Mrs. W. Z. Hawkins and sister of Lena Mae. The Hawkins family first moved to Hall County in 1929 near Salisbury and later moved to Memphis where Wanda graduated from MHS in the 1942 class. Don worked for Harrison Hdw. Co. here and they moved from here to Pampa and in 1960 moved to California. They have one son Ray now 23 years old living in Arcata, Calif. They liked Heritage Hall very much and they presented the Hall with a picture of the earth that was photographed from the moon which is an unusual snap shot and it is appreciated very much.

W. Clay McElrath in Heritage Hall from Porterville, Calif. He is the son of the late Mr. and Mrs. William McElrath who owned a farm and lived in the Newlin area. Of the family of 8 children, five now living, Mae and Ester of Memphis, Mrs. Joe Powell of Childress, Emma of Orange, Calif., and Clay who said he attended school where Sam Rayburn taught in 1904 and 1905 at Llanus, Texas, near Bonham. Clay left here for California in 1930.

Visiting in Heritage Hall the past Saturday were Mr. and Mrs. H. D. Stringer of San Antonio. H. D. was one of those graduates of the 1924 MHS class that used white flannel trousers and dark coat. Some of his schoolmates he remembered were Dudge Harle, Ruby McCanne, Lemons, Glen Cope, John Forkner and Rabb Harrison. H. D. attended state university and later graduated from Cumberland Law School in Lahanon, Tenn., in 1930. Practiced law in El Paso 1931-1938 then back to Hall County where he served as county attorney in 1941 to Sept., 1943. Moved to Washington, D. C. in 1943 where he served with the Federal Trade Commission. He has been a director of one of the bureaus for the past eight years and retired May 1, 1970. He has 3 children, one son, H. S. Jr., who has been in the air force the past 17 years and is now stationed in Germany. Camille Bloom who is now living in Maro

Maronec, New York. The other daughter, Cynthia Robertson, is living in Hartford, Conn. He has 6 grandchildren. H. D. and his wife have just returned recently from a trip to the Scandinavian countries and Germany. They have now retired and are living in San Antonio. Mozelle Stringer, wife of H. D., was a Texas girl reared in Sulphur Springs. H. D. (after looking him over), I would say is well preserved and would still make a good football player. His height is 6 feet, 3 inches and weighs about 225 pounds. How time flies. I can remember when he was in the primary department at Sunday school. He is the brother of Ruby Lee Stringer Gentry. The Stringers moved to Memphis, I think about 1910 and operated the steam laundry for several years. I asked them what they thought about Heritage Hall. H. D. said, "It's great." Mozelle said, "It is a junior Smithsonian."

We had an old-timer in Heritage Hall the past week from Cotter County, Jim Harrison. He is now living on the place where he was born 80 years ago. He is selling prairie dogs and raising Shetland ponies. He said a dealer was selling pick-up trucks about 6 years ago and giving a Shetland pony with each sale. He did not buy the truck, but he bought the Shetland ponies and started raising them. I think he was looking for a pony cart. Internal Revenue returned his income tax last year because he turned in as selling \$125.00 worth of prairie dogs. They thought it should be expense and not profit. Zeb Moore of Amarillo visiting in Heritage Hall and his wife, Naoma sent in a plate for display. It has the picture of the old court house on it and it was given away as a souvenir from Lewis and Marsnal dry good merchants here in about 1910. I can remember the store which was later sold to F. E. Adams. I have it in mind now that the father of Mrs. W. E. (Attie Lewis) Gammage was the Lewis part of this company. I told Zeb the reason I could remember

this store so well was that they had a beautiful daughter in the Marshall family that attended school here and her name was Esther Marshall. She and I were about 15 years old when I knew her best, and I have often wondered whatever happened to her that she never made a return visit as far as I know.

I drove out to the west part of the county Saturday morning looking prospects over for crops this year. Well, I saw two or three coyotes from the breaks going through some of the farm land and they were like Mutt Wanceley said about the Billy goat crossing one of his places. They had to have a lunch box to make the trip. So our crops may be following the women's styles in clothes, going out. I thought about calling them mini crops like skirts (a little short) but before I arrived back in town I decided "Bikini" would be a better word. If that is what is effecting our crops, I hope the styles soon change, so we can raise better crops.

Well it is not what you know, but who you know sometimes is what counts. John Deaver No. 1 had Rotary program last week from Phillips College. "The Plainsman Orchestra" with 15 instruments and 9 singers and I personally thought they were great.

They made you feel something inside of you. I am glad John was that well acquainted to get them to perform for us. With Mr. Dillard there were 24 nice clean-cut young people. I would call them out-standing and the piano player I do not want to forget her as she could just about keep up with Joan Castle. If they are ever this way again be sure and hear this good program.

I do not believe there is another town in the U.S.A. the size of Hedley that can put on a show as big as the Hedley Cotton Carnival and get the recognition they do.

My observation is that the reason they can do this in such a big way is that they have the big work "co-operation", that is what it takes to put anything worth while on. In the church sermon last Sunday, the preacher gave a quotation that I thought was good food for thought "The Mule that is pulling never kicks."

Mrs. Gladys Smith returned home last Saturday from Amarillo where she spent several days last week due to the critical illness of her brother-in-law, Richard Smith. Mr. Smith was seriously injured in a car accident near Stinnett.
