Hall County Picnic Kicks Off Saturday For Two Days Running

Patton Springs Next—

Estelline Bears Down Harrold 42-34 Friday

The Estelline Bears of Coach Don Adams rallied in the second half to capture a 42 to 34 victory over Harrold Friday night. Estelline's football team travels to Afton to play Patton Springs High Friday night. Game time is 8 p. m.

The Bears faced a 20-8 half-time deficit Friday night as Harrold took early command of the game. Coach Adams said the Bears this year are short on numbers, but the squad has been working real hard.

"I was pleased with the boys in the second half. We made the usual mistakes a team will make at the first of the season, but the overall effort was real fine," he said.

The Bears have Billy Easley and Steve Davis at left end, Ricky Pierce at left guard, Donald May at center, Gary Proffitt at right guard and Vernon Moore at right end. In the backfield are QB Glen Longbine, LHB Tommy Williams and RHB Rodan Trevino.

Substitutes include Steve Altman, Paul Contreras, Pat Hughes and Mike Kinard.

Coach Adams said Patton Springs, the Bears next opponent, lost in the opener to a good Woodson team last week. Patton Springs has 23 boys for football. The squad is young in experience but the Estelline coach said he understood they had a lot of talent on their ball club.

After Patton Springs, the Bears are open until Oct. 1 when they host Northside at Estelline. Then on Oct. 15, district play begins with Guthrie at Guthrie.

On Oct. 22, the Bears play a non-conference game with Smeyers at Smeyers. District play resumes at Darrrouzett on Oct. 29. On Nov. 5 the Bears play Miami at Estelline and will finish district play with Patton Springs on Nov. 12.

A special invitation is extended to everyone to attend the service.

Cyclone To Host Eagles Friday Night

After regrouping forces this week, the Memphis Cyclone will take on the visiting Chillicothe Eagles Friday night at Cyclone Stadium. Kickoff time will be at 8 p. m.

Last year, the Cyclone edged a one TD victory from the Eagles, and this year the team will probably get the favorite nod to defeat the visitors from area prognosticators.

The Eagles are in a rebuilding season, fielding a starting lineup on offense of two seniors, three juniors, two sophomores and four freshmen. Defensively, the Eagles also start four freshmen.

The Eagles, against Frederick, Okla., last week were defeated 62-0 in a one-sided contest. Frederick is a school equal to about a Class AAA school in Texas.

Although the Eagles are a young ball club, experience-wise, they have good size with defensive center guard, Lee Tucker, a 260-lb. junior tackle, and on offense, No. 79, Gary Barnes, 180, and No. 72, Randy Perkins, 200, both tackles.

Quarterbacking the Eagles will be No. 20, Eddy Turner, 140, a junior. Fullback is No. 30, Larry Bell, 170, a junior, and halfbacks are No. 31 Lorenzo Graves, 160, sophomore, and No. 81, Freddie Hunter, 135 lbs., freshman. Hunter is the fastest man in the Eagle backfield.

The Eagles run out of a Wishbone-T formation this season and utilize an Arkansas Monster-type defensive alignment. At least this is what the Eagles used against Frederick last week.

Memphis Coach Clyde McMurray said the Chillicothe team has good speed and size, and are a real hustling bunch on the football field.

Starters

A starting lineup for the Cyclone was announced Thursday morning by Coach McMurray.

Offensive line will see Larry Johnson at split end, Junior Kenon at left tackle, Chris Limer at left guard, Matt Thompson at center, Glen Miller at right guard, Donnie Carroll at right tackle and Terry Wynn at tight end.

Backfield will have Mike Browning, quarterbacking, John Carman at wingback, and Louis Davis and Tommy Johnson at halfbacks.

Defensively, linemen will be (Continued on Page 12)

Hall County Picnic Celebration

It's picnic time again and this weekend citizens will pitch in and carry on activities of the annual celebration, and an entertaining affair has been planned by President Elmer Lacy of Turkey and officials and committees of the celebration.

One of the major aspects of the Hall County Picnic is that the affair brings together Hall Countians working on a single project to promote cooperation and friendship, and to provide fun and entertainment of a wholesome nature. Officers and committees for the celebration are selected from all over the county, year after year, and the success of the picnic is largely made possible by the cooperation and hard work of these people.

The Memphis City Park is an ideal location for having the big picnic Sunday which will see five beebes being served along with all the trimmings which go with a Texas style barbecue. A parade, square dancing, art display, cotton trailer jail, barbecue picnic, family reunions, and about every other activity, like church homecoming services, are features of the celebration.

The Hall County Heritage Hall, now a permanent museum in Memphis, is a chief feature and had its birth from a special artifacts project during the 75th celebration in 1965. Since the Hall has been made into a museum, thousands of visitors view it annually. It is a showplace few rural communities have and one of which Memphis and Hall County can be justly proud.

The Hall County Picnic is financed by citizens and business institutions who contribute to meet expenses. The parade is again this year being put on by the Simmons-Noel Post of the American Legion, Jay Stone, commander, and J. R. Mitchell, parade chairman. The Post will also have flags waving all over Memphis during the celebration.

The Picnic is for all Hall Countians. Bus Service from the Memphis square to the Park is provided Sunday. This helps eliminate the huge traffic congestion in the Memphis City Park.

Make your plans now to attend both days of the celebration this year. If you want to help out, there are many things to be done. Just select what you want to do, contact the chairman and you'll certainly be welcome. Also, citizens are asked to bring sweets, pies, cakes, etc., to the park Sunday so they can be served as desserts.

If weather is "damp" Sunday, don't worry about the picnic not being held. It will go on as usual. Several times barbecue plates have been generously sprinkled with raindrops but this didn't dampen picnic goers one bit.

No Local Control?

The California method of financing public education is similar to that used in many other states. Each district raises most of the money for its schools within its own area by taxing its own inhabitants—state funds are added to this as needed, plus various types of federal aid.

But the California State Supreme Court has ruled that this system is unconstitutional. According to the court, the poor are discriminated against because the districts where they live have less taxable property and therefore cannot raise as much money for their schools.

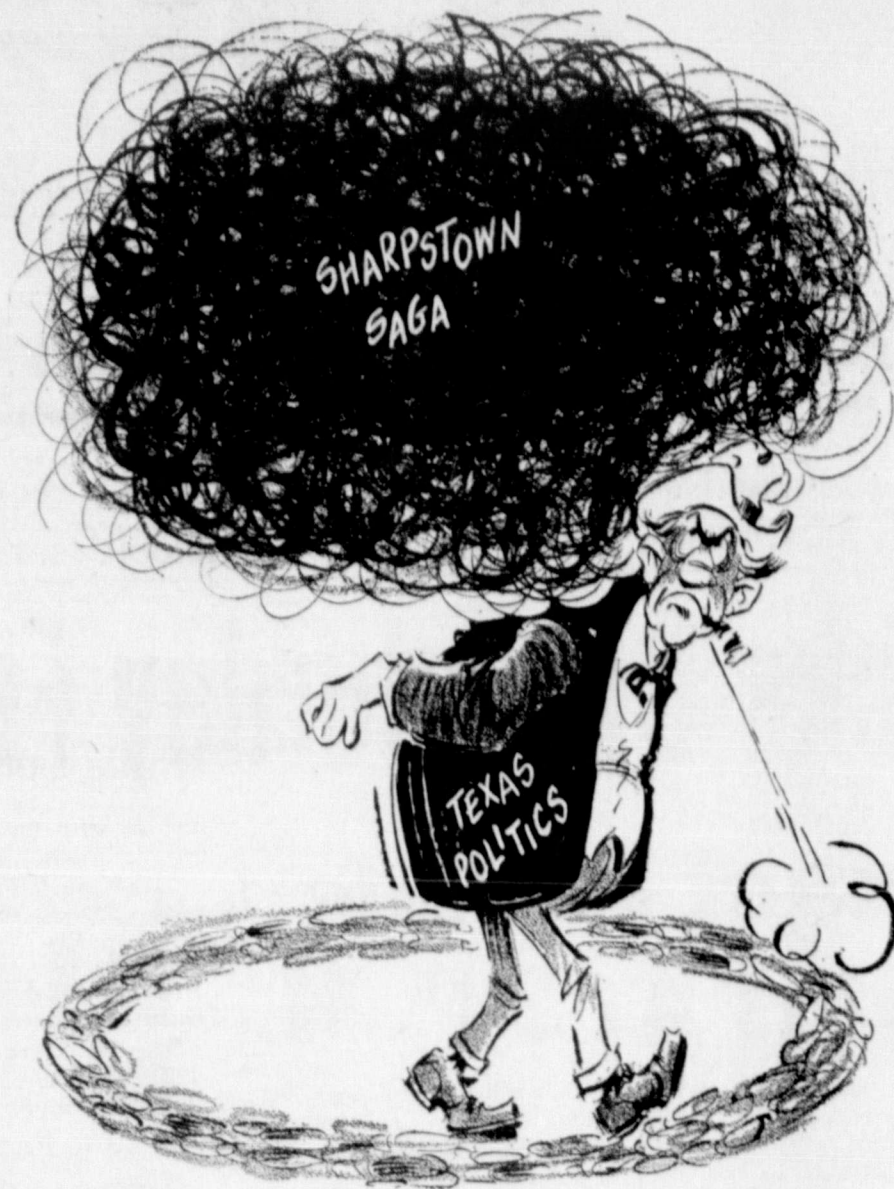

This denies the inhabitants of these districts equal protection of the laws, said the court.

It appears that this ruling opens the way for a statewide property tax in California to finance the local schools from the state level. But beyond the state lines, the decision may result in other such court decisions outlawing local financing of local school districts. Similar cases are pending in several other states, including Texas.

If the local financing system is thrown out, what happens to local control of the schools?

This control, admittedly, has been thoroughly undermined in recent years as seemingly every level of officialdom from local agency feds to the Supreme Court to the President has felt free to intervene and tell local districts how, when and where to run their schools. But it is difficult to see where this division of control has benefited the school children.

And they, after all, are presumably the reason for having a system of public education.

What Other Editors Say

Sleep Longer Than Rip Van Winkle

I know this sounds almost too good to be true, but this \$10 million industry will almost double the per capita income for everyone living in your county, up to par with the national average.

Thousands of communities are spending from thousands to hundreds of thousands of dollars trying to attract new industries with only a fraction of the rewards, this one will bring. You already have this industry, we call it The Sleeping Giant.

This mighty industry, the sleeping giant, is called Agriculture. It's that area outside your community that hasn't had a pay raise in the past fifteen years. It's the largest industry in the United States, but it's sick and dying, because rural businessmen, civic leaders, clergy, educators and labor has not realized it's the well that provides the community with its standard of living. We have ignored it.

As a result our own standard of living has reduced itself to about one-half of the national average.

Agriculture is being liquidated and our communities with it because we as businessmen have been sleeping longer than "Rip Van Winkle." If we as leaders of the community, don't wake up and support the largest industry in America, our life line to prosperity, rather than watch it die, we don't deserve to be called leaders. How can we call ourselves businessmen and at the same time sit idly by and watch the well run dry that provides our community with its wealth? We are all trying to attract new industry and yet let the largest industry in America liquidate itself. These is a \$10 million sleeping giant in our back yard—support it!

DIAMONDS WERE IMPORTANT IN 1890, TOO!

The modern jewelry store is a far cry from that in the early days of Hall County. But the demands of customers of today are similar to those of yester-years in that quality and dependability are a "must" in order to please.

Mrs. Walter Tibbets was in Heritage Hall a few days ago. She left here when one year old and was trying to find the exact place where she was born. We did run that in last week's "Shots" and early Friday morning Rhodie Davis called and said she had all the information and was writing her a letter.

Annual Hall County Picnic And 81st Birthday

Saturday and Sunday, Sept. 18-19

As the date arrives for our Picnic and Celebration, we salute all persons who have been responsible for the progress of this county and area during the past 81 years. Also, we commend those individuals who are making possible this picnic and celebration, by their individual efforts and donations to this worthy cause. They are among the number who are working today to give this city, county and area the progress which is being recorded.

While in Memphis, be sure and visit Heritage Hall, and take part in all the events which have been scheduled.

care of the honor that was bestowed on her a year ago. I think she has been a top representative of Texas with the talent and looks she has. I wish we could have kept her another year. We are wishing her a bright future without her crown and chaperones.

We will miss a good many of our Hall County friends who have passed away the past year. "It may be later than we think."

I can remember when we would read in our local paper of some of our families who were taking a vacation by taking a trip to Deep Lake or Lelia Lake for the week. This was some contrast to what travel and vacations are today, a little different. In talking to Mrs. Yarbrough a few days ago, she had visited in Detroit, Mich., Canada and St. Louis, Mo. Also, another one I talked to was Billie Faye Molloy, who had visited with her brother in St. Louis, attended "The Sound of Music" program where there were 10 thousand people. She also made the Excursion Boat trip down the Mississippi River which I remembered making about 50 years ago. In visiting out at Brookhollow on Labor Day Maudie Whitley was telling me about her extended trip through Denver Salt Lake City, Seattle, Wash., and over to British Columbia and back through California. I think she had about caught up on traveling for a while especially in the mountains. Another lady told me that her brother called and told her his wife was on a trip and he would be out to spend the week with her. She told me that she did not want to stay at home and cook all the week but told him to meet her and her husband in Vancouver and would take him on to Alaska and feed him some blubber. We are looking for John, Emma and Harold Foxhall back this weekend.

I understood indirectly that some more of our friends, Mr. and Mrs. Candler Hawkins, had been on one of the agriculture trips covering several countries including Russia, and I understood that is where their trouble began. Candler had a sick spell and had to fly into Houston on a stretcher and Ruth had fractured both arms. Last reports we had they were both improving and hope they can make it to the picnic. Here's wishing them an early recovery.

In all my scraps of paper with notes on them, for some reason,

some get misplaced. In fact, I have notes on two different families that I have not been able to locate but will find them in a corner some day where I put them. In some way I overlooked one of J. A. (Doc) Kutch's daughter whose mother was Winnie Hillyer. She is the sister of Mrs. Wayne Peabody, and also another sister, Mary, and brother, Wilson Kutch. This Kutch girl is now Mrs. (Imogene) Ray Bridges and is living in Morton. They have three children, Nelson Ray II, a senior, and Beverly Gay, a freshman in Morton High School. Anita Joy is in kindergarten where her mother assists in teaching. Mrs. Ray was named by her father for Imogene King who was a good friend of her mother. These children of J. A. Kutch were grandchildren of the late Mr. and Mrs. W. H. Hillyer who lived on the Friendship Road south of the P. O. Young place, Imogene Kutch Bridges married a veteran who was living in Hedley at the time. Hope this family is here for the picnic Sunday.

In watching and listening to the Billy Graham Crusade the past week, I was impressed with the crowd of 50 thousand people of all ages, sex and nationality. They gave me the impression that showed in their faces was one of anxiety of being hungry to satisfy their inward feeling of something they did not have and especially the night he preached on loneliness and it was gratifying to see the response as they all seemed to be lonely in that large crowd of people. It was very inspiring to that Roy Rogers and Dale Evans give their testimony of ups and downs of life and both still carrying on and trying to make this a better world to live in by helping others.

Mr. Graham's text was from Psalms 102:6. "I am like a pelican of the wilderness: I am like an owl of the desert." We had never heard a sermon on that scripture before that one.

Mrs. Lucy Phillips had as her guests in Hall County Heritage Hall two of her sisters, Myrtle (Jones) Cook of Louisville, Ky., and Rosie (Jones) Morrison of Lindsey, Calif. These three sis-

ters were all born in North Carolina. They are the daughters of the late Mr. and Mrs. Dan Jones who first moved to Hall County in 1906 and made two different moves back to North Carolina. Mr. Jones passed away in 1945 and Mrs. Jones in 1951. There were 12 children in this family and seven are now living. At one time, they lived on the Matt Lane place east of the McElreath place and also lived on the Tater Thomason place in the Indian Creek community where they attended school. They could remember one of their teachers was Tommie Thompson and some of their school mates were Peck, Sarah, Lewis and Dillard Morrison, and Dora Paschall. These three ladies said they had a lot of good neighbors while living in Hall County. They have a good visit together about every three years.

This copy was given me by Jim Garland which is very interesting of the different assets this man had.

An 1849 Sale Bill: Here's something we thought you'd especially enjoy sharing with us—a sale bill for a farm auction that took place in 1948. The farmer-seller was a Kentuckian.

"Having sold my farm, and as I am leaving for Oregon Territory by oxen team on March 1, 1849, I will sell all my personal property, except two oxen teams, Buck and Ben, and Lon and Jerry, consisted of the following:

- Two milk cows, one grey mare and colt, one pair of oxen, one yoke, one baby yoke, two ox carts, one iron plow with wood board, 800 feet of poplar weather boards, 1,000 three-foot clap boards, 1,500 ten-foot fence rails.
- Whiskey and Syrup
- One 60-gallon soap kettle, 85 sugar troughs made of white ash timber, 10 gallons of maple syrup, two spinning wheels, 30 pounds of mutton tallow, one large loom made by Jerry Wilson, 300 poles, 100 split hoops, 100 empty barrels, one 32-gallon barrel of Johnson Miller Whiskey 7 years old.
- Soft Mouthed Hounds
- 20 gallons of apple brandy, one 40-gallon copper still, four sides of oak tanned leather, one dozen

wooden pitchforks, a one-half interest in tan yards, one 32-caliber rifle, bullet molds and powder horn, rifle made by Ben Miller, 50 gallons of soft soap, ham, bacon and lard.

Congratulations to Jerry Montgomery on getting his appointment to make a trip to our national capitol working for the best interests of our agriculture. I think his wife Wanda is along with him on this trip and she will give him good backing in his work on this committee. But wishes to them!

Don't forget Hall County Picnic Parade and programs on Saturday, Sept. 18, and free barbecue on Sunday. Hall County Heritage Hall will be open Saturday morning as well as Saturday afternoon and it will also be open Sunday afternoon. We expect our home folks to be host and hostess in Heritage Hall for these out-of-county people that will be looking Hall County Heritage Hall over. Thanks to Homer Tribble, Elmont Branigan, Hubert Dennis and Chas. Williams for getting everything in good shape.

Attend the church of your choice and be at the picnic.

Local Housing Project Has Happy Tenants

By VIRGINIA BROWDER
If your "get-up-and-go" has got up and went, if you are physically incapacitated or just plain lonely and insecure, the efficiency apartments of the low-rent units for singles or couples prove an answer to prayer. At least that seems to be the consensus of opinion of those living in the units between Noel and Robertson Sts.

They were not all at home the afternoon we went visiting but the eleven doors we knocked on were answered by cheerful tenants who invited us in, were proud to show us their apartment, and at once began to explain how happy and secure they were in their new living quarters.

The reasons for their contentment are these. They are comfortably situated within short walking distance of the corner grocery to supply their needs. They know and appreciate their neighbors around the little quadrangle and, if one is ailing or even "puny", these neighbors are concerned and drop by with tasty goodies or to inquire about their welfare.

One of the most happy ladies is Mrs. Lee Elliott who, born in Cincinnati, Ohio, moved with her family to Eagle Lake in south Texas when she was 14. There Edna Heiney was married to Lee Elliott. The couple lived in Sweetwater and Canadian before coming to Memphis in Nov. 1928. Besides working for International Harvester for several years, Mr.

Elliott farmed until his death some years ago. They had no children so Edna Elliott sold her home and moved into her cozy unit mainly because she was lonely. Now she has thoughtful company.

Alvin Massey was two months old when his father, Albert, and wife came to Memphis in 1907 from Lamar County. Mr. Massey was an earlyday carpenter in Memphis and a good one. For 62 years, the Massey family had lived on North 9th Street. Thirty of the 62 years, Pearl Massey had lived by herself. With her children all married and flown from the nest, she was ready for a change when she moved into her tidy apartment.

Another happy widow is Rhodie Davis. . . happy and busy. She doesn't fritter away the time or waste time feeling sorry for herself. She makes pretty flowers and paints bottles. It's funny how people move away and, like the bad penny, come back to Memphis. Rhodie lived in the half-dug-out across the track for six months before moving to Colorado in 1915. They were there for nine years before coming back to settle on the old Galloway place near Plaska for 15 years. Six children blessed her marriage to Mr. Davis. The oldest son was killed in an automobile accident in 1940 but two daughters live in Memphis, a son in Panhandle, another in Littlefield, and her youngest boy in Alaska. She is as happy as a big sunflower in her quarters.

A maiden lady, Mae Paul, came with her family from Atlanta, Texas, to Memphis in 1919. Her father farmed south of Parnell in Hall County. For 13 years, she lived in Plainview as companion to an elderly woman. Since she moved back to Memphis in 1965, she had lived in Mrs. Lee Thornton's garage apartment. The apartment was fine but the stairs had become almost too much for her before they finally finished her lodging in the project.

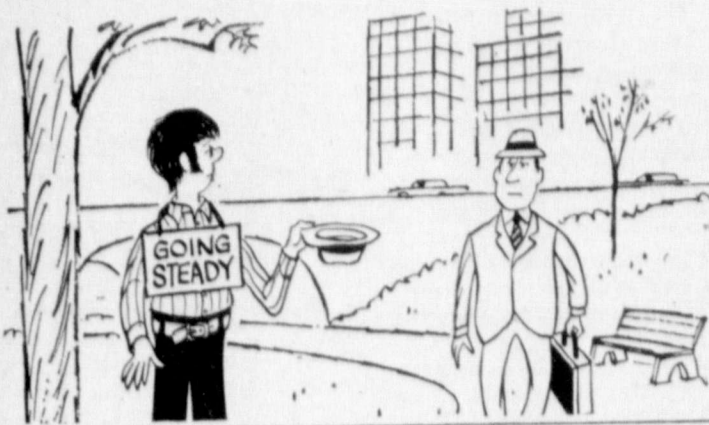

Cleo Bennett Nichols came to Hall County in 1904 from Gainesville, lived at Newlin until 1912 when he married and moved to Cook County. In 1926, like so many others, he returned to Hall County and bought a farm at Salisbury where he resided for 40 years before moving into Memphis in 1970. Mr. Nichols is badly crippled in his knees but he and his wife are comfortable and cozy in their apartment. Mrs. Nichols' father settled on Tom Rowell's place east of Newlin. (Tom was "Pistol Bill's" father). That's where Mr. Nichols met her and courted her for two years before she consented to marry him. They had one daughter who's husband has worked for the Santa Fe Railroad for 22 years.

Most of the tenants we visited that afternoon were Baptists but we did find one Episcopalian in Susie Mae (Shelton) Williams. She came with her family in 1908. She went to school at Lodge as her father had settled and farmed in that community. They moved to McLean where they lived for a time. Susie was married to James D. Redwine for seven months before he passed away. She later met and married Jordan Williams in Amarillo. She and her sister-in-law were shell-picking peas so we didn't tarry long for fear of getting a job.

Fred Brown and Eula King met and married in Belvue in Clay County in the fall of 1915. They moved to Quail in 1929 and farmed there for 16 years before going to Dimmitt where they remained for 22 years. They came to Memphis in 1971 and are happily situated where they are visited by their daughters, one who lives near Quail on the old Thorn Ranch, the other in Amarillo.

Stella (Clark) Jones passes the time piecing quilts. Since 1911, she has resided in Hall County. Her husband whom she married in 1912 was a farmer near Turkey on the Roy Cooper place and later for Charlie Meacham near Memphis. Between farming seasons, he worked at the gin. For 29 years, Stella Jones lived next door to Grace Duke before moving to her snug apartment.

Generation Gap U.S.A.

Mattie (Hammonds) McBee is a member of the Church of Christ and is the mother of Arlis McBee, three other boys and a girl. Arlis and family live in Andrews, Tex. Her daughter, Shirley Ann Chaney lives in Huntington Beach, Calif., and two sons live in Lubbock. For entertainment, crochets bead necklaces so popular now.

Last but not least for that day's round of visitations was Ethel Ivy who came for a sampling of the Hall County country in 1941 and returned to stay in 1942. With her husband and five children, they farmed the Ogden place. Later, they worked for D. A. Neeley but were thereafter farming for Elmer Prater for 15

years. Mrs. Ivy, like the others who have neighboring apartments, is as happy as "a rat in a shuck."

From time to time, we shall report on others of the contented dwellers in the housing project units. Suffice it to say that utter serenity and a feeling of security is evident in each apartment. They are comfortably located and their rents are in proportion to their incomes so there is no financial worry. Each tenant is snug in his or her own little bailiwick, safe and secure from harm or worry, pleased with their neighbors and glad to welcome visitors. If you don't believe it, go "calling" some day. You will be most welcome.

Citizens Questions On Wage-Price Are Answered At ASCS

Inquiries about the wage-price freeze and other aspects of the President's Executive Order on Economic Stabilization are being received in the Hall County Agricultural Stabilization and Conservation Services (ASCS) office, according to Larry B Rogers, County Executive Director.

He reminded Hall County residents that additional information is constantly coming to the ASCS Office, which is an official center for information concerning the Stabilization Program.

While the County ASCS Office is an official center for information on the wage-price freeze, it has no authority to act on complaints or handle requests for exceptions to the freeze, Mr. Rogers said. Such complaints or requests should go directly to the Internal Revenue Service district office at 317 Third Street, Amarillo, Texas 79015. If this is not convenient the County ASCS Office can provide forms, advice, and assistance to persons desiring to submit a complaint.

He also emphasized that the County ASCS Office is serving as an information center for all county residents.

Normally, the ASCS Office deals primarily with farmers par-

ticipating in farm action programs of the U. S. Department of Agriculture. However, the more-than-2800 ASCS County Offices throughout the Nation have been called upon to provide information service on Economic Stabilization to all citizens. Rogers reported, in order to give assurance that every citizen has direct access to official information.

Information received in the County ASCS Office is "across-the-board," he said. It deals with all aspects of the President's Executive Order on the economy. Information is included which relates to agriculture and agri-business but is not confined to this.

Persons seeking information may visit, write, or phone the Hall County ASCS Office. It is located at 600 Noel Street, Memphis, Texas. The mailing address is P. O. Box 640, Memphis, Texas 38101. The telephone number is 259-2534. Persons making telephone inquiries should ask for Mr. Rogers.

Don't fail to be in Memphis for the Annual Picnic and Celebration Saturday and Sunday. As events of the past are discussed, many will remember that the Memphis Compress Company was established here in 1921. From that date to the present, the "press" has served as headquarters for our friends and the ginning and cotton buying business not only in Hall County but in a vast area.

We're proud of our record in helping to promote the progress of this county. Also, our continuing aim is to cooperate in all things which will mean more to our friends in the cotton industry.

Be sure and help celebrate the occasion. Two big days have been planned, and the free barbecue at the City Park Sunday is a fitting climax.

Cyclone Falls To Bucks Fri. 43-8

The Memphis Cyclone took a hard trouncing by White Deer Friday night with a 43 to 8 victory. The Cyclone offense was left Memphis puzzled by the turn of events that went on the board.

The Cyclone offense was left Memphis puzzled by the turn of events that went on the board.

The Bucks played alert, smart football, as they took advantage of three Cyclone fumbles and grabbed off two pass interceptions, while they recovered all their own fumbles.

The Bucks' first TD came on fourth down and three situation, from the Memphis 47-yd. line, as Kim Slagle swept left end and went all the way. No. 15, Ricky Hoskins, the Bucks' do-everything quarterback, missed the PAT kick.

White Deer's second TD was set up by a pass interception when Pat Hudgins grabbed a Cyclone aerial and was downed on the 34-yd. line in Memphis territory.

The Bucks generated another drive by making a first down on the home 11-yd. line. It looked like Memphis might successfully defend the goalline, as White Deer had a third and 10 situation, but Hoskins passed to Hudgins for the TD. Hoskins kicked the point to make the score 13-0.

The Bucks were stopped on the Memphis 20, in the next exchange, but White Deer place kicker, Hoskins, booted a 37-yd. field goal (from tee to goal post) and gave the Bucks a 16-0 lead.

The Cyclone offense came alive after the kickoff following the field goal.

Beginning on the home 14, on the first down, QB Mike Browning found Ehd Larry Jeffers behind a Buck defender, and Jeffers stumbled as he caught the ball, lost stride and was caught from behind after a 43-yd. gain to the White Deer 43.

The Cyclone offensive line began asserting itself as Halfback Tommy Johnson and Louis Davis ripped in two plays for a first

down to the Bucks 11. The drive stalled at this point as a loose ball cost valuable yardage.

White Deer's next score came on a third down play, when QB Hoskins hit HB Slagle on a screen pass and the swift Slagle rambled for a 66-yd. touchdown. Hoskins' kick was good.

Memphis got another drive going, but Hudgins again came up with an interception, giving White Deer the ball near mid-field.

The Bucks scored eight plays later as FB Terry Sargent plowed over from the 1-yd. line. Hoskins' kick was again good, making the score 30-0.

With less than two minutes on the clock, the Cyclone offense moved the ball from the home 4 to the White Deer 30 before time ran out. Highlighting this drive were two carries by Paul Fowler for 22 yds. a 15-yd. carry by Tommy Johnson, and a 26-yd. pass from Browning to Split End Larry Don Johnson.

On one of Fowler's carries, the last Buck defender brought him down.

The Bucks rallied to score again as Jerry Urbanczyk rambled 28 yards for a TD. Hoskins kicked the point after, and a score of 37-8.

The Bucks scored again after taking over the ball on the Cyclone 10-yard line, when Slagle recovered a Memphis fumble. Slagle took the ball across after several plays and some penalties. The point after kick was wide.

From this point, the Cyclone offensive unit dominated the game, but could not manage to come up with a scoring effort.

The first drive ran out of steam on the White Deer 42.

The second drive began on the White Deer 47 after a punt return by Louis Davis. This drive ended when White Deer recovered a fumble on their 9-yd. line.

The third drive began on the home 15 after a 50-yd. punt, and ended on the White Deer 30, when another fumble was lost.

On the final play of the game, Tommy Johnson almost broke into the clear on a 30-yd. scamper, but Hoskins drove him out-of-bounds to save a touchdown.

the ball 20 times for 141 yards, averaging 7 yards per carry. Louis Davis carried 16 times for 144 yards, averaging 9 yards per carry. Paul Fowler carried 4 times for 27 yards, averaging 6.7 yards per carry; and Ronald Canida carried 2 times for 16 yards averaging 8 yards per carry.

Quarterback Mike Browning threw 6 completed passes for 113 yards, had 11 passes go incomplete and two were intercepted. He had three carries for zero

yardage.

Receivers were Larry Don Johnson with 4 catches for 59 yards and Larry Jeffers with two catches and 54 yards.

SPORTS CORNER

By BILL COMBS
Football got underway Friday and Saturday, and fans got their first look at high school and college teams across the area.

Here in Memphis, the game with White Deer had a lot of bright spots in it for local fans, despite the 43-8 score. The Memphis offensive line was really opening holes and the Cyclone backs had exceptionally high per carry averages, racking up 21 first downs and 434 total yards on offense. Against a team which is state-ranked, this is an impressive offensive showing for the local lads and all the offensive players are to be congratulated. Fans, naturally, would like to see bigger scores on the board, and fewer scores on the visitor's board.

Friday night, the Chillicothe Eagles will play Memphis here. The Eagles have several freshmen starting on their offensive and defensive units, and appear to be in a rebuilding year.

Merle Kilpatrick was selected to fly with the West Texas State Buffaloes to play Memphis State last weekend in Tennessee. Merle, a sophomore, has made the traveling squad with his punting ability, and is also playing in the defensive secondary. We're looking forward to time when Merle can take the field for the Buffaloes for we know he will do a good job.

Tony Pounds and his quarterbacking teammate, Brent Blackman, led the OSU Cowboys to

HALF-PAST TEEN

a 26-7 victory over Mississippi State Saturday. Tony's dad, T. O., said that Tony and Brent are two different types of quarterbacks. Tony, a passing quarterback, hit well over 50 per cent of his passes, 8 of 13, with one interception, for 144 yards and one touchdown. Tony only carried the ball once for one yard. Brent was the leading ground gainer for OSU with 13 carries and 55 yards. He hit three of nine with one intercepted for 50 yards. OSU Coach Floyd Cass said he will use both quarterbacks against Arkansas this weekend as the Cowboys try to pull an upset over the powerful Razorbacks at Little Rock's War Memorial Stadium.

In talking to Memphis coaches this week, following the grading of the White Deer film, several boys were mentioned as doing an outstanding job for the Cyclone. Offensively, on the line, Glen Miller, Matt Thompson, Donnie Carroll, Junior Kennon and Chris Liner were cited, as were all the Memphis running backs. Defensively, Memphis just didn't come up with the big ones, and the

coaches said that some positions on defense broke down in key situations.

A close examination of the game shows that White Deer scored two TDs following pass interceptions and one following a recovered Memphis fumble on the home 10-yd. line. Memphis began offensive drives on the home 7, 17, 14, 10, 4, 30, 10, the opponents 47, the home 15 and the home 21. With only one exception, Memphis had to move the ball 70 yards or more to score.

White Deer, on the other hand, took over possession on the home 45, home 34, Bucks 25, home 49, Bucks 47, home 10, Bucks 42, Bucks 9, Bucks 30. Considering this, White Deer was in four down territory five times when they came into possession, and they scored six times. Field po-

sition was a deciding factor in the contest.

Junior High School Names Cheerleaders

Cheerleaders for the Memphis Junior High School were elected last week.

Mike Helm was home over the weekend visiting with his parents, Mr. and Mrs. Leon Helm and John Paul, and with Miss Mylina Miller. Mike is a student at A&M College, College Station.

Quitauque-Turkey Vote Schools Consolidation

Turkey and Quitauque residents voted overwhelmingly to consolidate the two schools in an election held recently in the two school districts.

It was the second time that Turkey and Quitauque had voted to consolidate.

Turkey voted 226 for the merger and 15 against, while Quitauque voted 179 for with 14 against the consolidation.

In a previous election, Turkey, Quitauque and Flomot school patrons voted for a three-school district consolidation. Both Turkey and Quitauque approved this plan but Flomot citizens voted against it.

Next on the agenda will be an election on a bond issue to finance the building of a complete new school plant to be located approximately halfway between Turkey and Quitauque. The date of this election will be announced later.

The two boards of trustees have already met (separately) and determined who will remain on each board for the present. Turkey will have four members now and Quitauque three. This will alternate, with Quitauque having four members next term.

Remaining on the Quitauque board are Buster Chadwick, Jimmy Davidson and Glenn Ramsey. For Turkey the members are Jan Turner, Smitty Guest, Lewis Ferguson and Homer Hawkins.

Mrs. R. N. Francis of Austin is visiting here this week with Mrs. Johnny Martin, Mrs. O. D. Phillips and Mrs. Vernon Fowler.

selected this year, all entries are being asked to decorate in an appropriate motif by parade officials.

The American Legion Auxiliary is sponsoring a parade queens contest for three classifications this year: pre-school age, junior misses and high school misses. Winners in this contest will be crowned during the afternoon activities.

Saturday Activities

The American Cancer Society, local chapter will sponsor a Fun-Fund cotton trailer jail from 10 a. m. to 4 p. m. Saturday on the square.

At 7:30 p. m. Community Singing, free to the public, is planned at the Fellowship Hall of the First Methodist Church Saturday evening. All singers, groups and individuals are most welcome to come and enjoy participating in this singing. Ernest Lee and Mrs. J. F. McIntush have announced.

This singing is being held at the Methodist Church due to unavailability of the public facilities to hold the community singing.

The Turkey Trotters square dancers are to perform at 8 p. m. Saturday evening at the parking lot of the First State Bank with J. D. Wilbanks of Spearman as the caller, according to Jerry Morgan, president of the Turkey Trotters.

Other Games

The Memphis B team and the Memphis freshmen team will be idle today after games were cancelled on them by scheduled opponents. Paducah, then Silverton cancelled freshmen games and Wheeler cancelled a B team game.

The combined B team and freshmen ball team went to Clarendon last Thursday, but lost a 13-6 decision in a hard fought contest.

The Memphis junior high teams open schedules on the road this evening with the seventh graders traveling to Turkey and the eighth graders taking on Paducah at Paducah.

Memphis coaches expressed regret that B team and freshmen games could not be played this week.

"We want to give these lads all the experience we can," Coach McMurray said.

Fans are urged to see all the football games they can this season. Friday night's game should

be a thriller, if last year's Memphis-Chillicothe contest can be any indication.

toward paying for the beeves: First National Bank, First State Bank, Mrs. Vera Dial Dickey, Farmers Union Co-Op Gin, Memphis, Farmers Union Co-Op Gin, Plaska, Estelline Co-Op Gin, Farmers Co-Op Gin, Lakeview, Lesley Co-Op Gin, and Memphis Farmers Co-Op Gin.

Treasurer Dean expressed appreciation for these donations and asked that those having further donations can make them by contacting any of the officers or the members of the contributions committee.

Picnic President Elmer Lacy of Turkey has been in Memphis this week contacting committee chairmen and he reports that plans appear to be set for the annual affair.

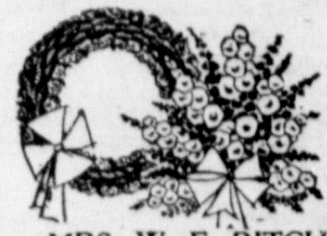

President Lacy said the success of the affair rests in the capable hands of the various committees

and their chairmen. The nominating committee has met to recommend a new slate of officers, he reports.

The serving committee will be composed of Lions Club members of Hall County's four Lions Clubs in Memphis, Estelline, Lakeview and Turkey.

The Memphis Rotary Club and the Memphis Boy Scout Troop is in charge of cleaning up after the picnic, the President said.

Coffee and tea will be served with the meal Sunday by the committees in charge of these activities.
