Dr. J. A. Odom Dies, Funeral Held Wed.

Funeral services for Dr. James Anderson Odom, 88, long time Memphis physician, were held Wednesday afternoon, Nov. 3, at 2 p. m. at the First Christian Church.

DR. J. A. ODOM

Last rites were conducted by Rev. Tom Posey and Min. Paul Hancock of Clarendon. Special music was supplied by Mrs. Vero Knight at the organ, playing some of Dr. Odom's favorite hymns, and Geary Brogden, music director of the First Baptist Church, playing "I Know Who Holds Tomorrow" and "An Empty Manse."

Interment was in Fairview cemetery under the direction of the funeral home. Dr. Odom passed away after a long illness at Turner's Nursing Home in Childress, where he had been confined since June. Born March 25, 1883, at Bryson Station in Milam County, Texas, Dr. Odom was married to Belle Nichols in Bell County, Texas, Aug. 22, 1901. To this union were born five children, two of whom preceded him in death. Mrs. Odom passed away April 9, 1967. After farming for three years, Dr. Odom entered the University of Texas School of Medicine in Houston, graduating in 1909. After practicing medicine in Ashokah and Rogers, Tex., for several years, he moved to Childress in 1916 and on to Memphis in 1919.

Farm Bureau Protests UN China Action

The Hall County Farm Bureau, led by U. S. Senator John Tower and U. S. Senator Lloyd H. Bentsen, as well as letters to the editor, strongly protested the action taken by the United Nations to expel the Nationalist Government of China from the United Nations. The letter stated: "The Hall County Farm Bureau has become increasingly concerned with the action taken by the United Nations to expel the Nationalist Government of China from the United Nations. The letters also asked the legislators to initiate actions to support the United States 're-assessment' of our role in the United Nations, in terms of our financial contributions and indeed our membership in the United Nations. Perhaps it would be more advisable to withdraw from the United Nations."

Estelline Bears Host Miami Friday Night

The Estelline Bears return to the field Friday night as they host the Miami Warriors in a 7 p. m. game. If the Bears want a shot at the district title, they must win. The Bears lost to Guthrie in the opener, and now Miami has taken a 38 to 8 lead in the district. Coach Adams said the Bears are going to have to make a good effort and take advantage of the breaks to win the game. "The Bears are going to have to do a better job of blocking up front if they are going to move the football game to Miami."

cold last week. They also use a zone pass defense, highly unusual in 8-man football, and picked off two or three of Guthrie's passes, he said. Coach Adams said the Bears are physically ready for the game. Estelline lost a non-conference game to Smeyer 32-14 in the last outing. Scoring for Estelline was Tommy Williams and Vernon Moore on passes from Glen Longbine, and Longbine scored the 2-point conversion. Should the Bears win this game the district would be in a three-way tie. Estelline plays Patton Springs at home next Friday night which is homecoming for EHS.

MHS Homecoming Activities Are Friday

Boy Scouts Are Planning Big Outing Nov. 13-14

Boy Scout Troop 35 is inviting all boys between the ages of 11 through 18 to attend the Scout Camporee and Court of Honor to be held on Nov. 13 and 14 on Indian Creek. The Camporee will be held at the Sim Reeves farm on Indian Creek. Those interested in attending the Camporee are asked to attend the troop's weekly Scout meeting on Tuesday night at the Carnegie Library building. Plans for the Camporee will be outlined that evening. The Camporee will feature Scout games of all kinds, demonstrations, and a big camp fire on Saturday night. Parents of the Scouts and visitors are also cordially invited to attend the Camporee and the Court of Honor.

Funeral Services Held Monday For Mrs. Saunders

Funeral services for Mrs. J. M. Saunders, 77, a longtime Memphis resident, were held at 2 p. m. Monday, Nov. 1, in the First Baptist Church with the Rev. C. H. Murphy, pastor, officiating. Burial was in Fairview Cemetery under the direction of Spicer Funeral Home. Mrs. Saunders passed away at 12:07 a. m. Sunday at Hall County Hospital following a brief illness. Bessie Mae Trosper was born Jan. 3, 1894, in Portland, Ore. (Continued on Page 10)

Memphis-Claude Tangle In MHS Homecoming Tilt

The Memphis Cyclone will play their last home game of the 1971 schedule against the Claude Mustangs Friday night in a Homecoming battle with kickoff set for 7:30 p. m. The Cyclone is 6-2 for the season while the Mustangs are 1-7. The Cyclone will open the contest with an all-senior offensive unit, Coach Clyde McMurray told local Boosters Tuesday night. This is the first change in starting lineup assignments for the Cyclone since early in the season. The Cyclone mentor, following Wednesday's workouts, released the following starting lineup for the Cyclone against Claude: Offensively—QB Mark Stevenson, HB Terry Wynn, HB Louis Davis, and Flanker John Carman, backfield; Mack Miller and Larry Jeffers, ends; Donnie Carroll and Lawrence (Junior) Kennon, tackles; Chris Linder and Glen Miller, guards; and Larry Simpson, center. All these starters are seniors. Defensively, the Cyclone will stay with about the same personnel, with some exceptions, the coach indicated. Linemen will be Donnie Carroll, Robert Snider, Chris Linder and Larry Jeffers. Linebackers will be Ronald Canida, Terry Wynn and Jim Dixon. Safeties will be John Carman, Mike Browning, Louis Davis and Charlie Slaughter.

About the Claude Mustangs, Coach McMurray told local fans that Claude has about the best 1-7 record team to be found anywhere. "Claude has a young team, and they run from a wide open offensive set and are very aggressive on defense." The Mustangs have only four seniors on their roster, and start two on offense and one on defense. The Mustangs' favorite offensive set utilizes two split ends, two slot backs, with the fullback lining up behind the quarterback. The Mustangs send their slot backs in motion on most of their plays. QB Greg Forbes throws the football well, runs the sprint out and bootleg pass and run options. FB Cory Loveday, 178, and halfbacks, Billy Merrill, 155, and Lin Cope, 157, make up the Mustangs. Field Day Planned For Nov. 11 At Badger Nest South Of Parnell

Interested ranchers, farmers and agriculture workers are invited to a field day showing the results of mesquite control followed by range seeding. The field day will be held on the Badger Nest Unit of the former Mill Iron Ranch on Thursday, Nov. 11. Lee Scrivner, chairman of the board of directors for the Hall-Childress Soil and Water Conservation District, in announcing the field day said the conservation district and Leonard Farms were co-sponsoring the event. According to Scrivner, a short tour showing the results of the brush control and range seeding work will start at 10:30 a. m. A free barbecue will be served at about 12:30 p. m. The barbecue will be served at the Badger Nest headquarters. The location for the range tour and barbecue can be reached by turning off Highway 86 Parnell on a county road and driving six miles south to the entrance of the Badger Nest Unit. The rangeland to be toured is in an area of about 49,000 continuous acres with more than a dozen operators, where more than 15,000 acres of upland rangeland has the mesquite dozed and side-odds gramma grass seeded on the dozed ground. From the Badger Nest headquarters the surrounding country must look like it did when the original settlers came to the Rolling Plains area in the 1870's and 1880's. The work by the ranchers has been done in cooperation with the Hall-Childress SCD, Scrivner said, assisted by technicians of the Soil Conservation Service. This type of mesquite control was started in 1965 by A. W. Johnson. Results were very encouraging and the practice has been spreading to his neighbors, it was reported.

Homecoming Activities Which Will Be Held Thursday and Friday Under the Direction of the Memphis High Seniors, Were Announced This Week.

The traditional bonfire is set for 5:30 p. m. this afternoon, before the Memphis-Childress junior high games which start at 6 p. m. and 7 p. m. The fire will be set on the parking lot east of the Little League Baseball Park and the pep rally for the upcoming Memphis-Claude district 2-A contest will be staged. The Cyclone Band, Cyclone cheerleaders, and the honorees, the 1971 Cyclone football team, will be on hand. At halftime, Friday night, one of the Homecoming Queen candidates will be crowned. Candidates and their escorts are: Ramona Ballew and Randy Whitten, Marsha Browning and Ben Ed Hillhouse, and Melissa Jones and David McKay. Drivers who will assist in the ceremonies are Joe Boney, Eddie Nelson and Tommy Hall. The central focus of the activities is the football game. The Cyclone is not mathematically out of the District 2-A race, with a 2-1 record, but the local team can't afford to lose another game if they want to get a piece of the title. The Bronchos of Clarendon and the Tigers of McLean must settle their undefeated standing Friday night at Clarendon. Should Clarendon defeat McLean, the Cyclone would have the opportunity to throw the title into a tie. McLean must also defeat Wheeler in their last district game. The only way Memphis could represent the district without a coin toss would be if both Clarendon and Wheeler defeated McLean, and Memphis defeated Claude and Clarendon. In the event of a three-way tie, a coin would be tossed. The Claude game is vital to the Cyclone squad, which must shake off last week's disappointing defeat, and capture a victory over an ever-improving Mustang team. Coach McMurray this week is looking to the MHS seniors to lead the Cyclone to a victory against Claude as he is starting an all-senior offensive unit.

Memphis Whirlwinds Win Dist. 2-A Title

The Memphis Whirlwinds (8th grade) football team under Coach Phillip Lillard, although they have two games remaining on the season schedule, have captured the District 2-A Junior High football crown. The championship was clinched last Thursday night at McLean when the Whirlwinds posted an 18-0 victory over McLean's Junior High team, making it a clean sweep of district opponents. Coach Lillard said, "we are real proud of the team for winning the district." The coach went on to say the Whirlwinds have two strong opponents to face, as Childress has one of the finest Junior High teams in the Panhandle. The Whirlwinds host the Childress 8th graders here tonight at 7 p. m. in a game immediately following the Memphis-Childress 7th grade game. "All of the Memphis coaches are hoping that this fine group of 8th graders will all stay together and participate in athletics during their four years in high school," Coach Lillard said. The Whirlwinds started off last year as the 7th grade team under Coach Lillard, and came up to the 8th grade team this year. District play began for the Whirlwinds with a 26-8 victory over Clarendon, after the local squad had lost a hard fought game to Paducah 12-6 in the non-conference opener. The same night the first unit of the Whirlwinds was playing Clarendon, the second unit was playing Wellington, which gave everyone on the squad an opportunity to play a complete football game. When the two units were brought together the next Thursday evening, Silverton fell 73-0, despite the fact that the second unit played much of the game on offense. The turning point of the season came when the Whirlwinds defeated Wheeler 14 to 12 in a hard fought game. The 21-0 victory over Claude and the 18-0 victory at McLean last Thursday brought about the championship. Members of the Whirlwinds include: QB Ricky Miller, QB Donald Steptoe, B Darv Smith, B Ricky Douthit, B Dick Hutcherson, E Earl Wright, B David Collins, B Charles Bryley, C Jose Reyes, C Clyde Smith, and G Fred Alexander. Also, G Randy Wilson, C Mike Richardson, G Wayne Riddles, G Matt Monzingo, T Gary Hall, T Kenneth Fields, T J. D. Evans, T Matthew Smith, G Glenn Johnson, T John Richardson, E and Def. B Ted Phillips, R Ricky Woodward, E Ricky Sprull, E Ronny Wilks and T Milton Cooper. Managers are Charles Phillips, Cliff Widener and Rex Brewer.

State Farm Economy Has Changed!

The agricultural economy in Texas has undergone some major changes during the past decade, and a reflection of some of these changes is fitting since Nov. 15-21 is Texas Food and Fiber Abundance Week.

Agricultural producers in Texas, as elsewhere, are caught up in the cost-price squeeze, Charles K. Baker, Texas AES agricultural economist points out in an article on the subject. Production expenses rose 62 percent during the 1960's while realized gross farm income rose only 56 percent. Current operating expenses such as feed, breeding stock, seed fertilizer, repairs, labor and operating capital accounted for 75 percent of the cost.

During the past five years, production costs have increased 26 percent to hold net income gains to 11.8 percent—about half of the five-year advance in inflation (21.6 percent).

As would be expected under these circumstances, changes have also taken place with regard to farm credit, explains the economist. Farm debt has increased sharply since World War II and was one of the factors required to bring about great changes in Texas agriculture. There has been a marked shift from farm tenancy to part ownership of farms, a notable increase in the number of larger farms, and a sharp decline in small farms.

With these changes have come an increase in the needs for farm credit and an increase in farm debts. Farm mortgage debt in Texas has risen from \$314 million in 1946 to \$2 billion in 1970. Non-real estate farm debt has also shown sharp increases, totaling \$1.24 billion in 1970 compared with \$261 million in 1950.

Farm and ranch assets continue to spiral upward and on Jan. 1, 1971, totaled \$29.2 billion, an increase of almost four percent from a year earlier. Increase in value of real estate accounted for most of the gains.

Examining these sobering facts about the farm economy of this state makes one wonder what will be the outcome if this trend toward greater and greater debt and greater and greater operating costs should continue.

We celebrate the abundance of food and fiber during the special week in November when harvest season is upon us. Let us be thankful for it now.

Revisiting An Entertainment Media!

Movie goers of today are primarily teenagers and younger, according to information gathered about this entertainment media today. Because of this, movies have naturally been slanted to the younger set.

Parents and adults are more inclined to lounge at home, watch a few "favorite" programs on television and do their chores before retiring. Because of this, many neighborhood movie houses have gone out-of-business, or have gone to movies which would attract the teenagers in droves in order to stay in business.

John Wolfe, who runs the Tower Drive-In during the summer-time, has taken a step which he admits may not be a sound financial proposition, but he has remodeled the old Ritz/Capri in-door theatre and has named it "Movie House." Movies will be shown during the winter months, beginning this Wednesday.

Extensive remodeling of the facilities, throughout the structure, has been done. Wolfe had a decision to make this past summer. He could either abandon the old theatre and let it become another old building, falling apart on the square, or to make a complete renovation. He chose the latter.

Now the work is completed, the opening set. What about movies in the 1970's. According to an article in Reader's Digest recently, movie distributors are demanding better pictures from movie-making companies. They staged a walk-out on one smut-laden film, and in general are demanding that sex shockers are not what their movie audiences want to see.

Maybe the sex saturation point has been reached and passed. Contrary to the belief of some older people, the movies remain our younger generation's favorite entertainment. Should local theatres be forced to close, our youngsters would be forced to take to many miles of dangerous night driving in search of amusement and risk ending up in less desirable places.

Also, movies with good stories, fine acting, or entertaining sound tracks, are more enjoyable indoors than at a drive-in. Music coming from a drive-in squawk box just doesn't sound as good as one coming from an in-door sound system.

The problem and hazards of operating a modern, remodeled movie house in a community like ours are obvious attracting enough movie goers to make the business profitable.

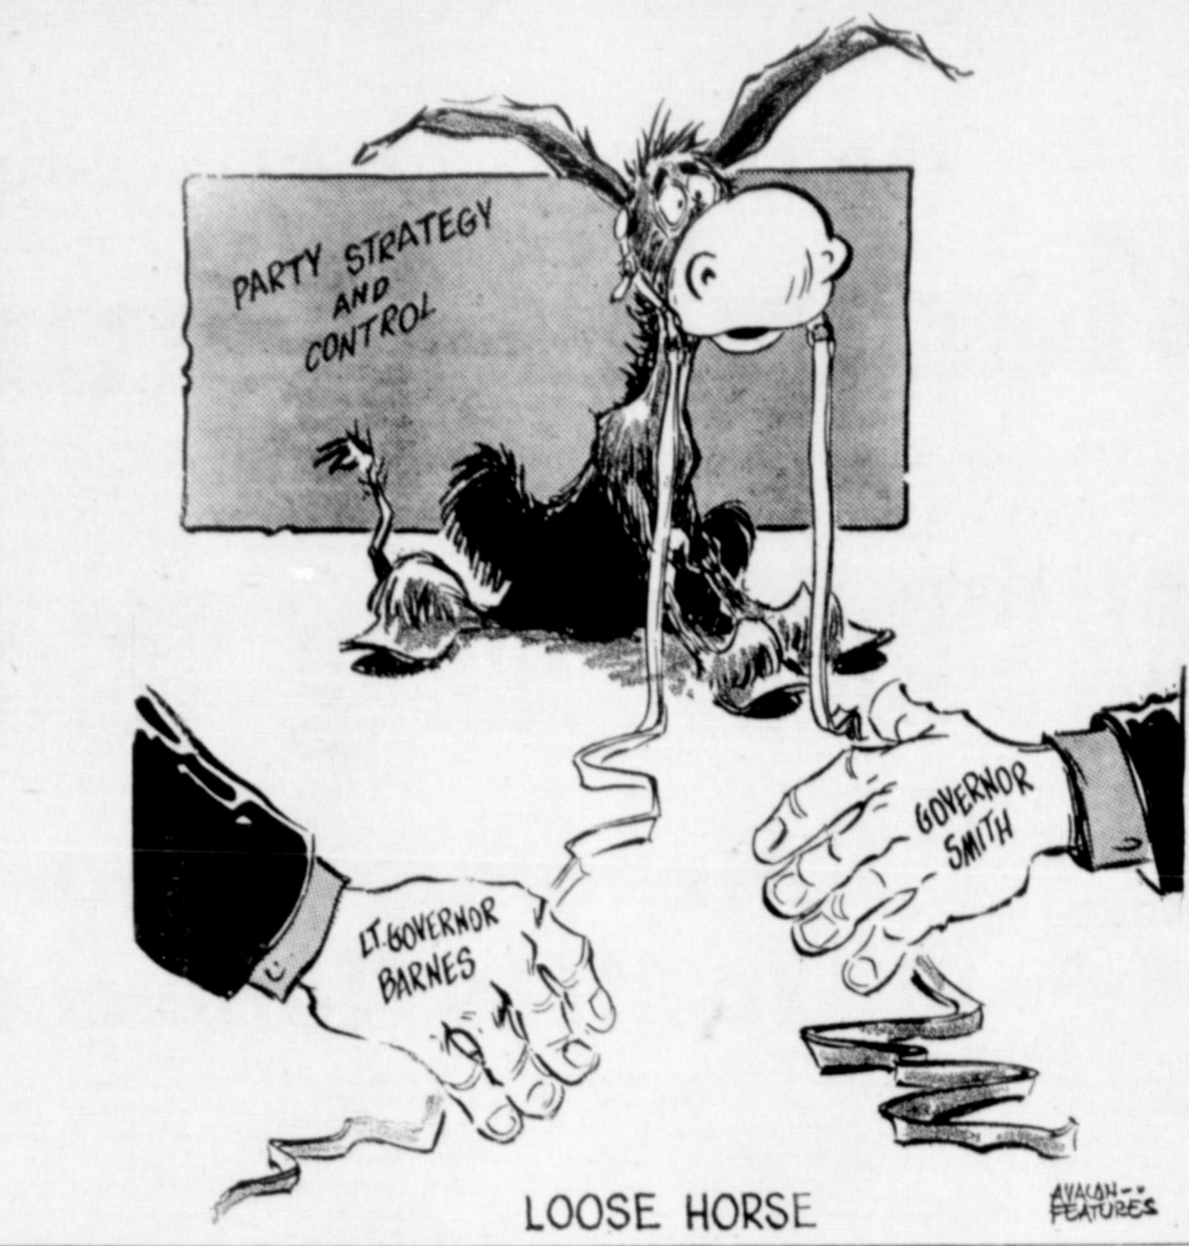

The young folks, no doubt, will appreciate and patronize the Movie House. In this day and time, it is even more important that parents and adults add their support in helping Memphis keep its only place of year-round entertainment.

What Other Editors Say

Federal Funds

We may not like it, and we may hate to admit it, but the federal government is closing in around all of us. We are going to see more regional and state control as well as federal control. We predict that the day is not too far off when our schools will exist entirely on federal money. The Perryton school system has not been in on the many federal programs. Until this past year, when a federal grant was accepted to set up the vocational programs, the only federal aid we got was in surplus foods for the school lunch program. When it became law that schools had to provide free lunches, the school had to take federal aid to help foot the bill. Over the years, the Perryton school system has funded its expense itself, with state funds added to local funds, but the results have merely meant an increase in expenses. Instead of being thanked for it, the school system has been criticized for spending money.

Our hospital cannot exist without federal controls because its patients are bound by federal regulations and there is a whole volume of federal regulations that govern hospitals. The hospital district joined the regional health council in order to be part of the system that handles federal funds for hospitals rather than be on the outside looking in. Farmers have to get federal aid because the entire farm program is set up so that those who try to go independent find that they can't even market their crops in a government managed system. There is really not much choice whether a farmer gets into the government program or not. He just about has to do so if he is to exist.

So the matter of taking or not taking federal aid is pretty much a moot point these days. Many a city department spends and its time seeking federal programs figuring out ways how to get in on them. It's nice to be independent but the day when this pendulum can be reversed as it

swings toward more and more federal control has long since passed.

Memphis Loses To McLean Friday 33-15

The McLean Tigers, after grabbing an early lead, riding on the momentum of the resulting momentum, captured a 33 to 15 District 2-A victory over the Memphis Cyclone.

The Cyclone, coming off a big victory over Wheeler the week before in which the defense shone, couldn't come up with the same aggressiveness against the Tigers. McLean made most of their yardage on the ground.

Also, it seemed that every break in the game went McLean's way as two roughing the kicker penalties gave the Tigers the opportunity to score twice, and a fumbled punt snap to Tommy Duniven just before the half, resulted in a 50-yd. scoring run, which gave McLean an important halftime edge of 20 to 8.

The Tigers, according to a report from a close fan, played their best game of the season against Memphis Friday night.

The Tigers took four plays to score after the opening kickoff with Tailback Randy Brown ripping off 66 yards on the first play from scrimmage and wasn't pulled down until he reached the Cyclone 11-yd. line.

The Cyclone's defense held for two plays, then, QB Duniven rolled out on the belly-option, kept the ball and went in for the score on the flag. David Haynes booted the point after and the score was 14 to 0.

Weather for the crucial district game was cold and foggy. The game was so heavy, fans on one side of the field could not see across the field. Even yard markers across the field were almost invisible.

Playing under these conditions, the Tigers defense concentrated on stopping the Cyclone's running game, giving up most of the passing zone, except the deep ones, but due to the wet football and foggy conditions, Memphis just couldn't establish a consistent passing attack to loosen up the Tigers defense.

Despite this, Cyclone HB Louis Davis racked up 202 yards rushing on 25 carries averaging 8 yards per carry and sent his season rushing mark to 1,070 yards. Another outstanding performance was turned in by split end Larry Johnson who grabbed five passes for 103 yards, and with the exception of a two point conversion catch by Tight End Terry Wynn, Johnson was Memphis' only receiver to hang onto a pass during the contest.

The Tigers scored again in the first quarter, after McLean marched on the ground to the Memphis 8. On the first play of the series, QB Duniven let the football loose from him, and after a chase and scramble, he recovered it back on the 18-yd. line.

FB George Danner made seven yards, the QB Duniven made four more. Attempting a field goal from about the 15-yd. line, the ball went wide of the goal post but a red flag was thrown and roughing the kicker was called, which gave McLean a fourth down inside the Memphis 5. On the final attempt, QB Duniven battled his way over for the score. The point after kick was good and the score was 14 to 0.

Memphis came back, as QB Browning lofted a pass deep to End Larry Johnson, and Johnson

made a fine catch as the ball came down out of the fog. Johnson battled his way and almost got into the endzone as the last Tiger defender tripped him up on the McLean 7.

It just wasn't the Cyclone night, as HB Davis hit a wall for two yards, and Tommy Johnson hit another wall for only one yard. Then, Davis found a hole knifed through and went down at the goal line. The officials spotted the ball on the one-yd. line. On the fourth down, HB Davis tried to score on the dive play but the Tigers line held.

This seemed to let some of the raging wind out of the Cyclone. For on their next offensive play, a fumble resulted and McLean had good field position at mid field.

The Cyclone defense held again, and QB Duniven punted the ball out-of-bounds on the Memphis 1-yd. line. The Tigers had moved the football almost 100 yards via two punts and a captured Memphis fumble.

With the Cyclone's back to the wall, QB Browning had to go back and punt from the endzone, and with a short runback the Tigers had good field position on the Memphis 25.

But again the Cyclone defense rose to the occasion, yielding only four yards on three running plays. Kicker Haynes tried a field goal but the kick was wide.

It took the Cyclone four plays to cover 80 yards to score their first TD at this point. HB Davis made two yards, then, QB Brown-

ing hit End Larry Johnson who made a 11-yd. grab and was hit immediately.

HB Johnson made three yards. On the second down, from the Memphis 36-yd. line, HB Davis took the handoff, found daylight as End Terry Wynn, Tackle Junior Kennon, Guards Glen Miller and Chris Limer sprung him at the line of scrimmage. HB Davis ran for daylight as Flanker John Carmen got a good block on the outside safety. McLean's Haynes tried to catch Davis by the jersey but Louis was long gone for the touchdown which covered 64 yards.

For the points after, QB Browning passed the ball to End Terry Wynn and the score was 14 to 8.

Memphis got the ensuing on-side kick, tried four passing plays, all with incomplete results, and McLean took over. The Tigers were held for three plays, then came Duniven's fumbled punt act which got him six more points and gave McLean a 20 to 8 halftime lead.

Memphis' first drive after the half ended with a fumble on the McLean 44. The Tigers made first downs to the Memphis 19, but fumbled the ball back.

In the next series, another unfortunate break went against the Cyclone, as QB Browning was hit as he was passing, the ball popped up, Tony Henley, a Tiger lineman, caught the ball and ran it over for a touchdown. Haynes kicked the point after and the score was 27 to 8.

Early in the fourth quarter, Memphis got a 63-yd. scoring drive going which took seven plays. HB Paul Fowler and Louis Davis alternated carries in this drive, and QB Browning connected with End Johnson for a first down on the McLean 18-yd. line. On the next play, HB Davis found running room around the right end and went over to score. QB Browning booted the point after and the score was 27 to 15.

The Tigers scored later in the period as George Danner carried over from the Memphis 9-yd. line.

Parnell Club Has Successful Halloween Social

The Parnell Community Club met Wednesday, Oct. 27, with 10 members and two visitors present. The meeting was opened with the Lord's Prayer repeated in unison. The devotional was given by Erlene Trapp. Roll call was answered with "A Riddle." Members reported six visits to the sick.

After a short business session, the discussion was about the carnival which was a great success. The club wants to thank everyone that had a part and helping in anyway, the reporter stated. The total for the project was \$-279.75. \$56.00 was donated to the Hall County Unit of the American Cancer Society from the sale of the fruit cake and coffee maker.

The club received \$31.50 in donations; \$105.05 from bingo; \$68.30 from kitchen and \$18.90 from other concessions. Expenses for the carnival were \$23.35 leaving a balance of \$200.40 to be shared with the Hulver Cemetery Fund. Nelda Ferrel offered the closing prayer.

Nell Burk and Georgia Bowman served refreshments to the following members: Erlene Trapp, Clessie Joutt, Cordye Hood, Roxie Orcutt Hazel Lambert, Lena Freeze, Bessie Lathram, Nelda Ferrel and visitors: Mrs. Winnie Mae Piper of Amarillo and Mrs. Pearlene Phillips of Childress.

Delphian Club Enjoys Program On Home Life

The Delphian Club met Tuesday, Nov. 2, in the Bronze Room of the First National Bank with Mrs. Wayne Sweatt as hostess. During the business session, conducted by the president Mrs. Jack B. Boone, plans were discussed for the Scholarship Luncheon to be held Nov. 7 and reports from the recent workshop in Childress were given.

The meditation, "Is Love Enough" was brought by Mrs. Kenneth Dale. It was a poem setting out some thought provoking questions that came to the mind of every homemaker.

A program on Home Life was brought in the form of a panel discussion by Mrs. L. F. Jones, Mrs. C. D. Morris, and Mrs. Gaylon Ariola. The topic was toward better home environment. In her discussion of the Family Environment, Mrs. Jones stressed a special contribution of each of the Divisions on the Home Life Department of the Federation of Women's Clubs: consumer, family economics, home environment and religion and ethics.

Mrs. Morris presented a very informative Family Fact Sheet, stating that the population of the U. S. is 203 million with the age group 46 percent under 25; 44 percent 25 to 64 and 19 percent over 65 years of age. There are 50.5 families with 75 percent of the men married and 67 percent of women. The income median is \$8,600.00; education median is 12.1 years.

Mrs. Ariola closed with a challenge to put the information received into worthwhile action. Gifts were collected for the Vernon Center.

The hostess, Mrs. Scott, served a lovely refreshment plate to Mmes. Jack B. Boone, Gaylon Ariola, J. L. Barnes, C. L. Chamberless, Kenneth Dale, Robert Duncan, F. A. Finch, Henry Hays, L. F. Pones, Jim Markgraf, C. D. Morris, Sim Reeves, C. L. Smith, Mildred Stephens, Mrs. W. D. Penny and one new member, Mrs. T. L. Davis.

Officers of Artist Studio Installed At Amarillo Meet

Four members of the Memphis Studio Club recently attended the Amarillo Palette Award banquet held at Chef Louise in Western Plaza. There was about 80 area members present.

Mary Hudgins, president, Ada Ruth Craghead, first vice president; Pearl Wecker, second vice president; Susie Kesterson, recording and corresponding secretary, were installed along with officers of Amarillo, Borger Pampa, Happy and Enid, Okla., chapters.

At the last regular meeting, the club was also privileged to have Mrs. Edith Wincompleck of Claude give a demonstration on découpage, tole painting and painting on glass.

Zette Baker will have charge of the next program.

Mr. and Mrs. John Deaver II were Dallas visitors over the past weekend.

Mrs. Robt. Sexauer Gives Program At Little Theater

Fourteen members of the Memphis Little Theatre met in the Bronze Room of The First National Bank the afternoon of October 20 for the regular session of the club. Co-hostesses for the occasion were Mmes. Roddy Bice and Bob Sexauer.

The business portion of the meeting was conducted by the president, Mrs. Herschel Combs. The minutes were read and the treasurer's report given. Mrs. Sexauer, as chairman of the committee to revamp the club's constitution and by-laws, read the deletions and additions and they were approved by the membership. Roll call was answered with bits of current theatre news.

Mrs. Sexauer gave an interesting talk on "Words" their derivation, quotation, and power as a key to character interpretation. As examples of the power and gentleness of words, she read Robert W. Service's "The Shooting of Dan Magrew" and an essay by Thurber. Her talk was cleverly finished with these lines, "When you speak words, remember to sweeten them so they won't taste so bad if you have to eat them."

Delicious refreshments were served to the following members: Mmes. D. L. C. Kinard, Jim Beeson, Johnny Farnsworth, T. M. Harrison, Jack Boone, Herschel Combs, Mildred Stephens, John Deaver II, Bob Douthit, John Deaver I, Hubert Jones, Virginia Browder; and the hostesses, Mary Helen Sexauer and Johnnie Bice.

Sec. Hardin Announces 72 Feed Grain Program

WASHINGTON—Secretary of Agriculture Clifford M. Hardin announced a feed grain program for 1972 designed to increase farm income and reduce carry-over stocks.

The new program raises the feed grain set-aside to 25 per cent of the base (20 per cent this year), boosts set-aside payments to 32 cents per bushel for corn (22 cents this year), brings the set-aside into the feed grain program, adjusts loan levels for sorghum and barley (concurrent with the feeding value of corn), extends farm stored grain provisions, and offers farmers two new options to set aside additional acreage beyond the minimum qualifying 25 per cent.

The program is designed to give a feed grain set-aside of at least 38 million acres in 1972 compared with 18.2 million acres in 1971.

The new program continues loan levels at \$1.08 (No. 2 soybean) and the guarantee at \$1.35 per bushel. The soybean loan level will be maintained at \$2.25 per bushel.

The feed grain program will be set up this way:

During sign-up, starting Jan. 1, a farmer can decide whether to set aside a minimum 25 per cent of his feed grain base acreage to qualify for loans and payments. Loans will be \$1.08 per bushel for corn (No. 2 basis), the same as in 1971; \$1.79 per hundredweight for grain sorghum (No. 1 in 1971); 86 per bushel for barley (81 cents in 1971); 54 cents and 89 cents per bushel, respectively, for oats and sorghum (the same as in 1971). Set-aside payments will be 40 cents per bushel for corn, 32 cents per bushel for barley, and 38 cents per bushel for grain sorghum. These are paid on the established yield times one-half the barley, corn, or grain sorghum base acreage in 1972 will again be set aside to farmers as soon as possible after July 1.

At sign-up time, the farmer can agree to set aside an additional amount of acreage, up to 20 per cent of his corn or grain sorghum base and up to 20 per cent of his barley base. The government will accept this additional acreage set-aside at sign-up time and will make set-aside payments for corn of 52 cents per bushel times the established farm yield on the additional voluntary set-aside acreage. Set-aside payments for barley will be 42 cents per bushel for grain sorghum 49 cents per bushel, also figured on the established farm yield times the additional voluntary set-aside acreage.

Also at sign-up time, the farmer may offer to set-aside another 5 per cent or 10 per cent of his corn or grain sorghum base acreage. The secretary will announce by mid-March, whether to accept any of the additional acreage. This will give the secretary greater flexibility in reducing acreage to make the program more effective. Set-aside payment rates will be the same for additional voluntary set-aside as under option No. 2 above. Payments to farmers under options No. 2 and No. 3 will be made as soon as possible after July 1.

The 1972 program offers flexibility greater than the 1971 program, both to the farmer and to the USDA, Secretary Hardin said.

The farmer is allowed to plant whatever crop he wishes on that part of his farm not in set-aside conserving base. Soybeans have been added to the list of crops which may be planted to protect the feed grain base or "heat allotment," he said.

The various options in the feed grain program for 1972 will help offset this year's record feed grain production, Secretary Hardin said.

"In 1971 farmers took advantage of exceptionally favorable early planting conditions, and increased their corn planting by 11 per cent in anticipation of heavy damage from Southern Corn Leaf Blight, which had cut 1970 corn production. Although the blight infection was widespread by mid-summer this year, one of the coolest and driest Augusts on record in the Corn Belt arrested the blight during the most critical growing period and turned a possible crop disaster into a record harvest," he said.

The feed grain program will give farmers maximum freedom to choose how much acreage they will plant in 1972 and what they plant. At the same time, it permits the Department of Agriculture to exercise a choice in adjusting the program ahead of planting to make it the most effective for farmers," the secretary pointed out.

Secy. Hardin further announced that again this year, farmers will receive set-aside payments as soon as possible after July 1, because early payments have become part and parcel of the farm programs.

"They have proved a benefit to the farmer and the agricultural economy by helping the farmer meet production expenses, and with the commodity loan, market his products in an orderly manner," he stated.

By making it possible for farmers to plant crops in terms of market potential and productive capacity, while retaining program benefits, producers are able to plan their farm operations for the best possible return on their investment, he pointed out.

Participants in the 1972 feed grain program will be guaranteed a national average of \$1.35 per bushel on the production from one-half of their corn base, the same as in 1971, and \$2.29 per hundredweight on one-half of the farm's grain sorghum base. Producers will be guaranteed \$1.10 per bushel on one-half their barley base.

Because of the close relationship between feed grains and soybeans the secretary also announced that the loan level for 1972 crop soy beans will be at a national average \$2.25 per bushel, No. 1 grade, 12.8-13.0 per cent moisture. Because of the limited supply of soybeans for the current 1971-72 marketing year and relatively strong prospective prices, there will be no reseed program for the 1971 crop soybeans.

Set-aside payments for a farm will be determined by multiplying one-half the feed grain base times the farm yield times the payment per bushel. As in 1971, participants in the 1972 set-aside program will receive the full payment regardless of what they plant on their acreage, except for quota crops. However, the 1970 Act provides that farmers who plant less than 45 per cent of their feed grain base in 1972 to feed grain, wheat or soybeans, will have their 1973 base reduced by the amount of the underplanting up to 20 per cent of the base. If no feed grain or authorized substitute crops are planted for three consecutive years, the entire base is removed from the farm. All base acreage lost by farms will be placed in a national pool for reallocation to other farms which plant feed grain.

Having met the set-aside and conserving base acreage requirements for feed grain, however, a producer may plant as much feed grain acreage as he wishes, or as much of any other crop not restricted by quota.

Acreage which is not planted due to a natural disaster, or a condition beyond the control of the producer, will be considered planted to feed grain to preserve the base, and any producer who makes a set-aside but elects to receive no payment will not suffer loss of base.

As in the 1971 program, a producer may participate in the 1972 feed grain program on any farm

LT. COL. AIPHONSO NILO

Funeral Services Held In Tucson For Col. Nilo

Funeral services for Lt. Col. Aiphonso Nilo, 55, son-in-law of Mrs. Bryan Adams, were held at 2 p. m. Tuesday, Oct. 26, at Fountain of Life Lutheran Church in Tucson, Ariz.

A resident of Tucson for the past eight years, Col. Nilo died Oct. 23 in the Veterans Administration Hospital in Tucson.

He was born in Somerville, Mass., but called Oneonta, N. Y. his home. He attended Hartwick College in Oneonta on an athletic scholarship. During World War II, he served in Africa, Sicily and Italy.

He came to Tucson in 1963, attended the University of Arizona and worked at Davis-Monthan AFB until he became ill.

He was the author of Sahuara High's alma mater song, was secretary-treasurer and first vice president of the Tucson Retired Officers Assn. He was the chairman of elders at the Fountain of Life Lutheran Church.

Col. Nilo is survived by his wife, Lou, and two daughters, Deborah and Nancy, all of Tucson. He has one brother and sister in New York and Europe.

Out of town relatives and friends attending funeral services included Lt. Col. Antony Nilo, USAF Wiesbaden, Germany; Mrs. Josephine Nilo Baker of Albany, N. Y.; Mrs. Annie Cramer of John Deaton of Bridgeport, Conn.; Bruce Baker of Albany, N. Y. Mr. and Mrs. Ted Sanders of San Bernardino, Calif.; Mr. and Mrs. Tom Morrez of San Bernardino, Calif.; Col. and Mrs. Lynn of Phoenix, Ariz.; Maj. and Mrs. Utton of Phoenix, Ariz.; Jane Krise of Tempe, Ariz.; Mr. and Mrs. Boone Adams and Jonnie of Floydada, Mrs. Bryan Adams of Memphis, Mr. and Mrs. Bob Honton of Wilcox, Ariz., and Mrs. Ozelle Elledge of Tulsa, Okla.

or all farms in which he has an interest.

The Agricultural Act of 1970 limits feed grain payments to any person to \$55,000. The limitation of payments provision does not apply to loans or to sales of eligible feed grains to Commodity Credit Corporation.

Simultaneously with his announcement of the 1972 feed grain program, Secretary Hardin also announced the upland cotton program for 1972. The secretary said farmers who take advantage of the management options offered under the 1972 feed grain and cotton programs should benefit from the anticipated effects of the Administration's economic stabilization program. This program, he pointed out, is designed to hold down inflation and stabilize production costs.

The feed grain and cotton programs for 1972 are being announced early this year to give farmers more time to make important decisions about planting and agricultural financing.

Mrs. Bonnie Tuffles of Amarillo visited in the home of her mother, Mrs. T. E. Davis, the past weekend. Also dinner guests people may be made aware of & land Coldiron and Dana and Mr. and Mrs. Jerry Anderson and Andy.

Many of the 200 companies established in Jamaica under tax incentive laws are U. S. Affiliates. They operate in fields such as data processing, electronics, office supplies, clocks and sports equipment.

Cancer Society Unit Meets In Regular Session

The regular monthly meeting of the Hall County Unit of the American Cancer Society was held in the home of Mrs. Roy L. Guthrie on Thursday evening, October 28 with Roy L. Coleman, vice-president; Tops Gilreath, Secretary; Tom Posey, Educational Chairman; Lorean Hart, Campaign Chairman; Mrs. Floyd McIntush, Service Chairman; and Floyd McIntush, visitor, in attendance.

The treasurer's report listed \$173.05 in the Research Fund, and \$43.50 in the Memorial Fund.

Contributions to the Memorial Fund were gratefully acknowledged. This month's offerings included gifts from: Mr. and Mrs. M. M. Kennard, Mr. and Mrs. M. D. Kennard, Mr. and Mrs. D. C. Hall, Mr. and Mrs. O. B. Rampey, Mr. and Mrs. Glenn Churchman, Mr. and Mrs. Cap Byars, Mr. and Mrs. Dock Fowler, Mr. and Mrs. Leon Fowler, Miss Mona Churchman, Mrs. Bryan Adams, Mrs. Goen Byars, Mrs. Zack Salmon, Mr. and Mrs. J. W. Hatley, Mr. and Mrs. Wherley Hughs, Mr. and Mrs. Kent Byars, and Mrs. Katie Scoggins. The names of two donors were not available.

E. E. Davenport gave a check to the Research Fund. The Parnell Club one of the oldest and most serviceable clubs in Hall County, contributed \$56.00 to the Research Fund. The women made this money by selling a percolator which was given to them by the Memphis Congress, and a cake baked by Mrs. Bruce Damron.

Mrs. McIntush reported that sick-room equipment, bandages, and limited medical supplies are available to home patients suffering from cancer.

Childress Art Club To Display Paintings Nov. 4-13

Memphis residents are cordially invited to attend the Le Atelier Club's Fall Festival of Paintings at the First National Bank in Childress.

The painting, a showing of members' works, will be on display in the bank lobby beginning Thursday, Nov. 4 and continuing through Nov. 13.

The Le Atelier group has recently reorganized in Childress, and this is the first show sponsored by the club, Mrs. Omer Johnsey stated.

PENAL CODE REVISION—District attorneys from all over the state met recently in Del Rio to propose revisions for the Texas Penal Code. A part of the group, pictured above shows District Attorney Jack B. Boone of Memphis, seated at the right.

Dist. Atty. Boone Attends Session On Penal Code

District Attorney Jack B. Boone recently attended a conference of district attorneys and assistant district attorneys in Del Rio, Tex. They are members of the Legislative committee of the Texas County and District Attorneys Association, and spent two days in session studying revisions of the Texas Penal Code.

They worked on revisions of the code aimed at updating and clarifying the present criminal law of Texas.

"One of the main goals of the conference was to tighten up the language of the code and bring to it an internal coherence and consistency that is now lacking," Boone stated.

The object of the work was to produce "not just a prosecutor's code but something the people can understand and use," he said. Recommendations were presented the first day of the conference on punishments, and on general provision and burden of proof, and on culpability. The second day the attorneys took up proposals on general defenses, and justification.

The committee will meet again in early December in Beaumont. At that session the attorneys will take up provisions of the code dealing with multiple prosecutions and double jeopardy, criminal responsibility for conduct of another, preparatory offenses, criminal instruments, and justification.

The completed revisions will be presented to the whole Association at its spring meeting. The revisions proposed will be presented to the next session of the Texas Legislature.

Many severely disabled World War II veterans apparently are not aware that VA provides funds for the purchase of automobiles, and for repair or replacement of special adaptive equipment for these vehicles.

Radio-Telethon To Raise Funds For Cancer Unit

On Sunday afternoon, November 14, from two until five o'clock, KBGH Radio will conduct a Radio-Telethon, the entire proceeds of which will be donated to the American Cancer Society, Hall County Unit, Mrs. Roy Guthrie, president has announced.

Radio listeners are invited to call KBGH Radio, Memphis phone 259-3511, give their names, addresses and the amounts of their pledges. Also, during the Radio-Telethon, only those persons pledging money to the Cancer Fund will be allowed to request music to be played over the radio. For those persons giving their permission, their telephone conversations will be broadcast live on the air.

All pledged contributions may be mailed or brought to KBGH Radio or mailed to Mrs. Roy L. Guthrie in Memphis, the Hall County Unit Chairman for the American Cancer Society.

Besides the money that it is hoped will be raised by the Radio-Telethon for Cancer, it is considered important, also, that more people may be made of and concerned for the research programs in progress to overcome the dreadful killer that afflicts so many tens of thousands of U. S. citizens each year. A desperate need exists for more volunteers in the organization, too.

Hall County Courthouse Record Compiled By Virginia Browder

History of hall county Gall? Editor's Note: Virginia Browder recently compiled a History of the Hall County Court House in the 1913 Study Club of which she is a member. The copy has been submitted to the club for publication in an historical book of county court houses of Texas. The history from 1889 to 1970 as compiled by Virginia Browder is published here for the enjoyment of Democrat readers.)

S. A. Simpson, a druggist of Salisbury, to procure the required 150 signatures necessary for county Organization. After some controversy between Salisbury and Memphis, the petition was granted and Hall County was duly organized June 17, 1890. The legal records of Hall County were kept in the Donley County Court House until proper arrangements were made for a temporary Court House in Memphis. Before Memphis was finally decided on as the County Seat of Hall County, there was considerable furor and near bloodshed several times. Each of the three communities employed lawyers to represent them. J. C. Sherwin was Salisbury's choice, Ben H. Kelly spoke for Memphis, and Jim Cecil pleaded Lakeview's cause. D. H. Davenport of Lakeview had in his possession a copy of The Hall County Record in which

J. C. Holmes, editor at that time, urged setting aside a park, near the mountain just west of town (Salisbury), for the Court House site, so sure was he that Salisbury would be selected as the County Seat. Inez Baker in her fine history of Hall County tells of the contention. "When it became evident that Memphis would control the greatest number of votes, the promoters of Salisbury's cause influenced a number of the Memphis signers to erase their names from the petition and thus delay the organization. Mr. J. C. Montgomery of Memphis accompanied by several others went to Salisbury and demanded the petition which Mr. Simpson was glad to deliver to them. Rangers were called from Quanah by a frightened citizen of Salisbury that day but no real trouble developed. "Another mass meeting was held at the old Shoe Bar head-

quarters on Oaks Creek May 4 at which time final details for organization were completed. However, for another month, the excitement continued as the Salisbury and Memphis papers took up the fight. Mrs. Baker continues to describe the 'touchy situation'. "Each town began a building program. Laborers were brought into Salisbury whose votes the promoters expected to control; Memphis issued town lots to all cowboys who would promise to vote for Memphis as the County Seat. Lakeview invited former citizens to return and participate in the election. The Lakeview community based its claim on location and it was nearest to Goat Island the geographical center of the County." "On election day, all voting boxes were closely guarded by representatives from each contending and great anxiety prevailed but the day passed without incident. The final tabulation of the votes revealed the following: Memphis 84; Lakeview 43, and Salisbury 19. Since Memphis was located in the northeast corner of the county special legislation was necessary to sustain the election." "At the time, Lawrence Sullivan Ross was governor of Texas which office he held from January 18, 1887 to January 20, 1891. Memphis now being legally the County Seat, a building for Cou-

nty business transactions was needed. So, as a temporary Court House, a frame building located on the north side of the town Square was rented from W. F. Batchelor for \$20 a month. In August 1890, the building was purchased by the city for \$1200. At the first meeting of the Commissioners' Court, the following officers were present; Judge J. H. Lafferty; Commissioners P. N. Wolfarth, J. B. Pope, P. M. Harrison, and J. H. Drury; County Clerk, S. A. Simpson and Sheriff C. A. Embree. At the above session, it was decided that all records pertaining to Hall County be procured and that all funds belonging to the county be obtained by Treasurer Wilburn. Also, it was decided that various firms be contacted relative to the purchase of record books and a safe. Furthermore, Sheriff Embree was instructed to board his prisoners with the Sheriff of Donley County until a proper jail could be provided in Memphis. In 1891, a two-story building of native brick was erected two blocks south of the Square to serve as the first county jail. This original building was replaced by a more modern structure in 1915. The Pauley Jail & Manufacturing Co. had the contract for both buildings. That same year, 1891, bonds

amounting to \$44,795 were voted for the erection of a Court House and a jail. J. H. White of Vernon was awarded the contract for the building May 15, 1891. The Court House was an old-fashioned structure three stories high, built with brick made at the Memphis kiln east of the town. The cost was to be \$34,500 and the corner stone was laid June 6, 1892 by the Masonic Lodge members of Memphis with the following officers officiating: J. N. Browning, Worship-

Glynn Thompsons Enjoy Tour Of Western States

Autumn is the most glorious season of the year. Golden, Indian summer days beckon one west where a riot of brilliant color greets the eye in all directions. Scarlet, orange, rusts and gold of the Aspen, mixed with the lush green of the Fir and Blue Spruce trees. Even the Mohave Desert greets you with its spectacular quiet Cactus beauty along with scenic mountains occasionally. To you who have gone the Northern Route to Las Vegas Nevada, you can understand what I am trying to put on paper.

Glynn and I left Memphis October 20 and drove from the Texas Panhandle thru Grants and Gallup, New Mexico. Around Grants are tall cathedral like peak mountains rich for mining coal, gold, lead and uranium. The largest uranium mine in the world is here and very interesting to take the time to see and listen to the story of uranium. Around Gallup is the home of the Navajo, Laguna and Hopi Indian Reservations. along this route one may stop at an Indian Village and watch the Indians, weaving rugs, making pottery, painting scenes on velvet, making squaw boots and moccasins, polishing and working with making Indian jewelry. Rely it is fascinating to observe the patience of the Indians at their work. Indians are a proud race of people and they love their families, tribes and work.

Finally we arrived in Las Vegas, Nevada. The city of Las Vegas has a population of 200,000 people; the whole state of Nevada has 600,000 so you see one third of the state's population live and work in Las Vegas. On the holiday week-end (Veterans Day) 48,000 people came to visit the city. "The Strip" is the main street which is about two miles long with gaudy, beautiful, fabulous, exciting hotels and motels which are open 24 hours. There is No Night In Las Vegas! Shops, stores, restaurants, shows run around the clock. Of course gambling, which is legal in the state of Nevada, is the main attraction where one may win a "little" or loose a "little" playing poker, black-jack, roulette, Keno and the slot machines. If one desires to learn how to play one of these games, someone is available to teach you for a price? At the better motels like The Flamingo, Caesar's Place, Tropicanna, Stardust, Sahara, Circus, Showboat, one may dine and see a show by some famous Hollywood movie actor or actress. One show we enjoyed at the Landmark a hotel owned by Howard Hughes was "The Jimmie Dean Show". It was a two hour show of singing, dancing and band music, very entertaining.

ough of that kind of night life to last one a life time. We visited and stayed at Don Sada's guest house. Mrs. Don Sada is the former Hazel (Brooxie) Owens and her mother, Mrs. Mary Owens who worked 31 years at the Memphis Post Office, now retired, makes her home with the Sads'. Mary said tell her Memphis friends, that she is in good health and enjoying the dry arid climate of Nevada, and occasionally spends a nickle to "maybe" win a Jack Pot at the slot machines.

We came the long way home. One day was spent at the Hoover Dam, near Boulder City, Arizona on the Colorado River. It is the seventh largest dam in the USA. It provides water and power for 10,000,000 people Per Day and makes Lake Meade the recreational center for Nevada, Arizona, Utah and Southern California. Stupendous, fascinating, unbelievable describes this wonderful great Hoover Dam. Phoenix, Arizona has "Sun City" which is a City within the city limits of Phoenix for retired people or adults only. It is ultra modern, featuring a Country Club with golf links, Churches, a movie house, convention center, swimming pools, lovely homes with landscaped yards. Sun City is unusual, beautiful and comfortable in every way for the Senior Citizen.

A day spent at Old Tucson is a day well spent. Old Tucson is about a 20 minute drive up in the mountains from the city of Tucson. In 1939, Old Tucson was constructed by Columbia Studio as a replica of early Tucson for the picture "Arizona". Over fifty picture and TV Shows, have used this location. Repeatedly many major Studio and TV Crews have photographed the natural wonders of this area for its majestic and contrasting back grounds. Such movies as Death Valley, Days High Chaparral, Tucson, Wagon Train, Have Gun will Travel, Rio Lobo, Bear Cats and now Nov 5th a new movie "Rivals" will begin making scenes there. At 10 A. M. and 2 P. M. daily one may see a real Western Gun Fight performed by real movie stars on the main streets of Old Tucson. We saw "The Big

Bank Robbery looked like the real thing for awhile with Ben Cooper and Sean Harrison the main actors.

In southern New Mexico one drives for miles thru the White Sands missile site and White Sands National Park. 11,000 people work at White Sands, which also has the tallest and largest observatory in America. Even scenic Cloudcroft, famous Ruidors with Hondo vally apple Trees, out in full fall color is like driving thru a fairyland. So Go West, on you next vacation in the fall and I promise you will see & have a thrilling Adventure.

ful Grand Master; J. W. Erice, Grand Senior Warden; Dr. S. McReynolds, Grand Junior Warden.

Though the old Court House was a beautiful and dignified edifice, it was the events connected with it and the decisions made within its walls through the years that give color and significance to its story.

The Memphis Court House had been built almost ten years before concern for the landscaping was evidenced. About that time, an entry in the Commissioners' Court records runs like this:

"It is ordered by the court that D. Browder, J. F. Bradley and W. M. Pardue be appointed a committee to have a fence constructed around the Court House and set out trees in the Court House yard, and report to this court with an itemized bill of expenses at the next regular term."

Accordingly these instructions were carried out and, for the next twenty odd years, the Court House grounds were enclosed with a cast iron fence and the trees grew large and furnished shade for the court yards. Teams and riding horses were tied to the fence while the drivers and riders visited and did their trading around the town Square.

When the old fence was taken down in the twenties, John Browder bought it. A part of it was

used to fence his mother and father's graves. Darius and Margaret Ann Browder, and his infant daughter, Lurline Browder in the old portion of the Fairview Cemetery east of Memphis. The greater part of the old fence was used to enclose the yard of the Diamond Tail Ranch headquarters house owned by the late John Browder. It still stands there today.

Another interesting, hair-raising and near disastrous happening with the Court House fence while it was still standing in place involved a runaway horse and a woman driver. At the time, the J. D. (Jim) Browder family resided at 501 South Sixth street. Because Mrs. Browder was not well, a girl named Jessie was keeping house for them.

John Gibson, brother-in-law of Jim Browder, was driving a good-looking bay horse named Dick to a brand-new Hinds buggy when he stopped by the Browder residence one fine day 1908. Jessie was a stout girl who loved good horses and liked to drive. So, on impulse, she asked John Gibson to let her drive the big bay and try out the new rig. John hesitated telling her the horse was skittish and she maybe couldn't handle him; she insisted and he let her go.

John Gibson had stopped at the rear of the house on the north side. Jessie got into the buggy, picked up the lines and clucked to the horse. He trotted off and all seemed well but as they started around the corner, north up Sixth Street, a dog jumped out and the horse bolted, and away they went flying toward the town Square.

Mr. Browder recalled seeing Jessie wrapping the lines around her hands in an effort to stop the runaway steed but to no avail. As they went sailing at a run north, men began to try to stop the horse but he was going too fast. By the time they reached the Square folks had gathered to see the excitement. The frightened animal jumped the Court House fence and stopped with Jessie and the buggy on the outside and old Dick on the inside of the iron fence. A runaway horse was not too unusual in those days but hung on the fence was a novelty happening.

The first murder trial held in the Hall County Court House was that of the State of Texas as Pat Wolfarth for the murder of Eugene de Bauerenfiend. Bauerenfiend, said to be an exiled Austrian nobleman, established The Hall County Herald in Memphis May 3, 1890. He was a brilliant writer, though bitter sarcasm flowed from his pen and he was no respecter of dignitaries.

For some reason, enmity arose between de Bauerenfiend and Pat Wolfarth who was sheriff of Hall County at that time and foreman of the Diamond Tail Ranch. Threats were made by both parties, friends interintervened but to no avail. On the morning of August 10, 1891, the two men met at the Post Office. Instantly, guns were drawn, shots rang out, and the bystanders fled with all haste. When the smoke cleared away, both men were down. Wolfarth was not seriously injured but Bauerenfiend died that night. Thus began Hall County's first major trial and it was continued through many court sessions.

The case came to trail November 23, 1891 and was continued to the spring term of court. In May 1892, the case was again called and a change of venue to

Willbarger Court was granted. During this Wolfarth was held in the Memphis jail without bail.

August 8, 1892 the case came to trial in Vernon at which time Pat Wolfarth was sentenced for second degree murder and his punishment set at fifteen years in the state penitentiary. The Hon. J. A. Brown was District Judge at the time and C. C. Wells District Attorney. Lawyers for the defence were: W. M. Pardue of Memphis; G. W. Walters of Quannah and the noted barrister, Temple Houston (youngest son of Gen. Sam Houston) from Mobeetie.

The sentence was affirmed by the General Court of Appeals, December 17, 1892 but W. R. (Bill) Curtis, owner of the Diamond Tail Ranch, never ceased to believe in his range boss, Pat Wolfarth, and finally secured his pardon. Signing that pardon was one of the last official acts of Governor Charles A. Culberson.

In May 1896, during the spring term of court, another murder was brought to the attention of the Grand Jury. Judge W. M. Pardue and W. F. Scarborough were arrested by S. S. (Scott) Montgomery who was Hall County Sheriff at the time and brought before the Grand Jury charged with the murder of John R. Jones. D. A. Grundy was County Clerk at that time and very carefully recorded the testimony of the various witnesses.

It seems there were several eye witnesses in The Wilkinson Saloon on a certain Sunday evening when John R. Jones was heard to make scurrilous remarks about Mrs. Pardue, the wife of the accused, and Mrs. Scarborough mother of W. F. Scarborough. Furthermore, Jones threatened to kill the two men. Being a man of a violent and dangerous character who might carry out these threats, Pardue and Scarborough thought to 'beat him to the draw, so to speak.

Jones was mortally wounded by three pistol shots and died ten hours later. There is no record of the trial of Pardue and Scarborough in the Hall County Court House because of a change of venue. The two men were tried in Hardeman County at Quannah. Also, there is no record of another Hall County murder which occurred around the turn of the cen-

tury with the killing of a farmer named Bull by a neighbor farmer named Belcher.

There was, however, one murder trail the preliminary proceedings of which were conducted in the Hall County Court House. It attracted more attention and caused more excitement even than the Pat Wolfarth trial. That one concerned the State of Texas vs. John Beal Sneed and B. B. Epting for the murder of Albert G. Boyce. The actual murder took place in Amarillo but because both the Boyce and Sneed families were socially prominent in Amarillo, the trail was transferred to Hall County.

B. B. Epting was implicated because he supposedly aided Sneed in setting up temporary residence in a vacant house so he could murder the intended victim on his way home in the evening. Beal Sneed claimed as his motive for the killing of Al Boyce had been the protection of the sanctity of his home implying that Al Boyce had been courting his wife.

The murder had been committed in the fall of 1912 on or about September 14. Beal Sneed was indicted by the District Court of Potter County September 26, 1912 but he was not tried in Hall County as was Epting. By further change of venue, Sneed's case was transferred to Wilbarger County and the trail held in Vernon. Sneed's allegation against Boyce was found to be true and Sneed was cleared of all charges.

B. B. Epting was, also freed of blame as a conspirator in the case. His most able battery of lawyers E. G. Fires & Diggs, Browne and Hawkins, J. M. Elliott, McLean, Scott, McLean and Bradley claimed that Epting had no knowledge of Sneed's intentions and that the indictment be "squashed and held for naught".

In 1922, the old Court House having served its intended purpose for thirty years was declared inadequate and unsafe and was torn down. That same year, on December 2, bonds were voted and a contract let for construction of a more modern structure to serve Hall County's needs. This august edifice was to occupy the same location as its predecessor at a

cost of \$150,000.00.

W. A. McInthush was County Judge at the time and C. H. Padgett and Brother of Austin were selected as the architects for the construction. Commissioners James D. Vardy, and S. A. Christian. By the time the new Court House was erected in 1923, C. Hoffman was County Judge and the commissioners had been replaced by W. H. Grundy, C. A. Barton, and U. F. Coker.

The Memorial Monument to Hall County men and boys killed in action during the Civil War and in World War I was erected and unveiled March 18, 1925 with a beautiful ceremony witnessed by some 5,000 people.

The designer and builder of the monument was G. W. Backus, Vernon, Texas but the figures of the Civil War and World War soldiers were hand carved in Italy Carrara marble. Funds for the statutory were raised and contributed by The Winnie Day Chapter of the United Daughters of the Confederacy and the Women's Auxiliary of The Sigma Post of The American Legion.

The torch with the eternal flame erected to the memory of the patriots whose names are engraved on the base of the monument was placed there by the members of The American Legion of Memphis in 1968.

Much water has gone down Parker creek and under the railroad bridge since the first bricks were fired on that creek bank to build the first Court House in Memphis, but, through the years, The Hall County Court House situated at the center of the Town Square has served the county well as a "seat" for the transaction of legal business on the city and county level.

The shot fired by the American colonists at Concord was "shot heard round the world."

of the members of the show enlisted in the Army. After his years in the show business, Harley Sadler entered politics. He was elected to the Texas legislature in 1943. She once asked him at one time why he was not in Hollywood in place of Austin and his reply was, "I like to be at home near friends where you do not have to hire pall bearers." He died at the age of 62. He lived an unselfish and colorful life.

A remembered quote, "It's hard to know just when one generation ends and the next one begins, but it is sometime around 9 p. m."

I noticed a statement a few days ago on "the new TV shows that half of them would be holding up X-ray film and the other half holding up banks."

Our ministers never know how many really hear their sermons with some of the congregation asleep and others thinking of something afar off from the church. After hearing some conversation a few days ago, I discovered that two men must have been awake and heard the sermon. I think these sermons were preached on the 24th of October as it was Monday morning of the 25th I heard this on these two men. Bro. Tom Posey, minister of the First Christian Church, must have preached on "Stewardship" as when the collection plates were passed, there were three pecan in one of the plates and Bro. Tom found out that the one that put the pecans in was a pecan producer who was a member of his church, so he commended Dick Flower for putting 50 percent in the offering that day.

The other man I heard of that heard his pastor's sermon that same day was a member of the Church of Christ and I guess Bro. Orr preached on the ten commandments that day as Monday morning Leonard Lusk was looking for some one he had overcharged a dollar a few days before and he was wanting to find this person and give him the dollar. So I think it proves that some of us stay awake and hear part of the sermons that our pastors preach.

A quote from "Barefoot Hollow", "Folks cud shore learn a lot from a dog He always wags his tail instead of his tongue."

This past week I have heard of others in my age group that thought they had bad mirrors early in the morning.

I visited in Cousins Home the past Sunday and met a good many old friends there. One of them I saw was Artie Davidson of Amarillo, now convalescing here with a broken hip. She was a resident of Hall County for a number of years. She is the mother of Willie Bob Davidson and sister of C. L. Sloan. Hope she is up and about soon. While visiting with

of America. In my recollections at one time, she was married to Douglas Fairbanks and they really made a perfect team in the films. We would always look forward to seeing pictures that this couple made as we called them "tops" of the movie profession. Their pictures did not stress violence or sex.

I noticed in last week's comment in one of the daily papers on Bettie Davis that she is now 63 years old and still has a lot of fire about her. After all these years in show business, she still carried the nickname of "Sweet Sue". She has had four husbands and says if she married again, she will wear back! I imagine one of her ex-husbands gave this quote, "If a man thinks for one minute he can understand women he has it timed about right." The way she received her nickname was because she sued so often. But with all of her fire and temper a quote says, "That she is not an old trouble-maker as she made trouble when she was young."

From Earl's Pearls: "The lusher idea of house-cleaning is fresh water in the ice cube trays."

In speaking of the movie stars, I had a tour of the remodeled picture show here with the owners, Mr. and Mrs. John Wolfe. I believed they told me they used about 700 yards of drapery material on the walls all around the inside which covered about 250 lineal feet. That took a lot of cutting and sewing for this operation and spraying the drapes to make them fire proof or rather flame proof was a job. I was impressed at how much had gone into the remodeling in every way, including carpets. I would call it a sanitary picture show building.

In thinking back over the early days of shows, a good many of you will remember when Harley Sadler would make our town with his tent stage-show and stay for a week. The place I remember where he pitched his tent was where the post office is now located. They had specialty shows in between acts while the scenery was being changed. Harley was usually one of the clowns in these specialty acts. At one time in 10 years, he had made a million dollars but lost his wad in the depression days. I remember between acts, they would sell boxes of candy kisses with a prize in each and every box. This show was a Texas institution and operated until World War II when 48

Henry Scott had as her daughter, Florence Battle of Rockport, Tex. She was a graduate of MHS in 1899. She and Jack Battle were married in 1939. Jack is the son of Danie Bernardin of Hedley. She was with Sears for about 20 years and they were located in many different towns during that time. At the time of Jack's death two years ago, they were in San Antonio. They are now in their own stores in Memphis. It looks like out of the picture they do have their own store in an island in the Gulf of Mexico. I ask Florence what they did when a storm was predicted and she went to the mainland. She has one daughter, who is 20. She attended state University and is working with Jack in their stores. Jack is the grandson of the late Mrs. Jack Maisterson who operated a dry goods store in Memphis for many years. The picture of the "Old Settlers" convention (painted on the cover) dated July, 1939. Florence did not see each one of the girls in the picture-Genevieve Prater, Mary Beth Williamson, Mary Beth Blackwell, Florence and Amelida Thomas who are the greatest distance and little girls drove this team from Red River hitched to this wagon and they won the Amelida Thomas, daughter of Mr. and Mrs. E. A. Thomas, is a professor at A & I College Kingsville, Texas. Marie Williamson is the wife of Dennis Wal- and they are now living in Christ. Dennis will be remembered as the son of the late Mrs. Billy Walker who early day residents here. Stage Hall brought a lot of stories back to Florence.

few days ago I was reading "Gossip" Column of the "West Scene". I found the story about Mary Pickford and also gave the answer to this 78-year-old actress. She is almost a recluse and only interviews over the telephone at times her husband, Buddy, speaks for her. She is one of the richest women in the world. Her Pickford films now own have a value of a million. She should be able to pay her telephone bill. She is the first big movie star and founder of the motion picture relief fund. We can remember when she was the sweetheart

Stadium was about tops, but I noticed a few days ago in Dallas News a few comments from Paul Crumme when he said, "It was 10 years out-of-date." He went on to say that it is an oval that contains a football field which stays firmly in place, even if the fans do not. The football stadiums of the future should be placed on a giant revolving stage, where everyone would be on a 50-yard-line seat part of the time and this would also eliminate changing goals at the end of every quarter. He also says they built this new stadium with seats when no one sits down at a football game and that a really modern stadium should be built in a series of standing runways. I do not think Paul had been out to check this new stadium but made his remarks from what he heard.

Mrs. Davidson, Willie Bob made a remark I had not heard for sometime. He said, "We have to get home and milk the cow." I asked him if his wife was cooperative and would milk the cow. He replied that she was very cooperative as she would strain the milk for him, and I also questioned him about the churning and he said they compromised as neither liked to churn so they just shake the milk and drink it.

I guess we are living in such a fast age it was pretty hard to keep everyone satisfied with progress. I thought the new Texas

500 Enter Cycle Endurance Race

The third annual Cottonboll Enduro motorcycle race attracted exactly 500 entries according to Eddie Chatten of Amarillo, with approximately 470 bikes and riders making it to the starting line Sunday morning.

This is by far the largest motorcycle race to be held in this area, as riders came from all over to test their riding skills against time, terrain, and cycle endurance over the wet and tricky 125 mile course.

Considering that 30 miles of the trip was across the Sam Vest Ranch and another 50 miles was in the ever difficult Prairie Dog Town Fork of Red River and through the salt cedar breaks, the course was made even more difficult due to the wet conditions.

Fred O. Barney, Jr., of Smithfield, Tex., was the overall top rider in the race, finishing the course with only 16 points cut, with a 984.

Husband and wife winner was Roy E. and Lynette Pool of Euless who had a combined score of 1763.

Glen and Mike Terry of Amarillo won the father-son class with 1955 points, while Beke and Randy Carthel of Amarillo placed second with 1934 and Joe and Mark Walters of Friona placed third with 1798.

Eddie Chatten of the Amarillo Track & Trail Riders Assn. said, "We do appreciate the land owners for letting us ride across their land, and a special thanks to Sam Vest for letting us use his ranch."

"We had about 470 bikes and riders leave the starting line out of the 500 entries, and as near as we can tell, 240 finished the course," Chatten said.

"We know all those who finished are anxious to find out how they did, and as soon as all tabulations are complete, we will mail out the results," he added.

Following are the top finishers in each of the classes:

Class A Riders

200cc—1. Mike Lewis, Lawton, Okla., 984; T. W. T. Cotton, Dallas, 971; J. R. Horne, Amarillo, 967.

250cc—1. David Brown, Amarillo, 964; 2. Foster Tanner, Amarillo, 959; 3. Vern Street, Bartlesville, Okla., 954.

Open—1. Charles Mangum, Smithfield, 968; 2. Troy E. Taylor, Austin, 962; Lloyd Triplett, Claude, 946.

Class B Riders

200cc—1. Charles E. White, Tulsa, Okla., 984; 2. Mike Terry, Amarillo, 982; 3. Clarence Seymour, Amarillo, 979; 4. Glen Terry, Amarillo, 973.

250cc—1. Bill Bentley, Amarillo, 981; 2. E. W. Bryan, Amarillo, 979; 3. Gerald Henderson, Amarillo, 965; 4. Tuck Archer, Bartlesville, Okla., 963.

Open—1. Bob Burks, Amarillo, 963; 2. W. O. Briscoe, Shawnee, Okla., 961; 3. Russell Clark, Amarillo, 958; 4. Rogers Hester, Amarillo, 957.

AREA RACERS—Pictured above are some of the cycle riders in this area who rode in the Cottonboll Enduro Sunday. Left to right are: Barry Ward, Joe Ed Godfrey, Bengy Godfrey, and on the far right is Danny Davidson of Estelline. Other riders included Mike Liner, Gary Gentry and Tom Cope of Estelline.

Controversy Is Seen After Tickets Issued To Cyclists

A side issue of the Cottonboll Enduro motorcycle race has developed into quite a controversy here this week, and Memphis and Hall County received adverse publicity in area news media.

The controversy arose over the issuing of over 50 tickets for failure to display tags or failure to have drivers licenses by entries in the Enduro while the riders were on the official race course.

Texas Highway Patrolman Tex Scates issued the tickets while the cyclists were on a farm-to-market road, a short portion of which was used as the race course.

A delegation of Memphis merchants and interested citizens met with Justice of Peace Roy L. Coleman Monday afternoon and expressed displeasure with the issuance of the tickets on the race course.

Cyclists receiving the tickets apparently felt it was unfair as 47 "not guilty" pleas have been received by the Justice of Peace Court here.

The Memphis City Council, meeting Tuesday, instructed City Secretary A. L. Gailey to write a letter to Col. Wilson E. Speir, director of the Texas Department of Public Safety, in which a request is made to authorize future travel on the roadways on the official course of the Enduro.

It is almost impossible to have any 125-mile course in which some small use of existing public roads is not made, it was pointed out.

It is being estimated the race attracted approximately 1500 riders and spectators to Memphis, and business here "boomed" during the weekend.

Agnes Oliver of Wichita Falls spent the weekend here visiting with her mother, Mrs. J. W. Oliver, and brother and wife, Mr. and Mrs. Guy Oliver of San Francisco. She returned to her home Sunday.

Lakeview Teams Split Games With Flomot

Lakeview Eagles will travel to Roaring Springs Friday, Nov. 5, for a game there, Coach Cagle Davis announced this week. This will be a boys game only, the coach said.

The Lakeview boys and girls teams will host teams from McAdoo at Lakeview Gymnasium on Friday, Nov. 12, the schedule shows.

In recent games, the Lakeview girls defeated Flomot 60 to 17, while the Lakeview boys lost to Flomot 39 to 32.

Lakeview's scoring by quarters included 3-9-25-32 in the boys game compared to Flomot's 8-16-27-39.

In the girls' game, Lakeview scoring went: 16-37-47-69 compared to Flomot's 9-13-13-17.

Leading scorer for the Eagles was Zane Gilbreath with 8 while Flomot's R. McFall had 15.

The Eaglettes' scoring went: Maria Gregory 21, Mary Ann Gilbreath 11, Carolyn Hughes 10, Sherry Proffitt 10 and Connie Fowler 8.
