EDITORIAL Thanksgiving Day, 1971!

Today is Thanksgiving Day, and in the Rolling Plains of the Texas Panhandle, our area has much for which to be thankful. The year 1970 was a poor year for agriculture in Hall County, as rainfall was so scarce in spots it was non-existent, and the early part of 1971 conditions were not favorable.

Considering that Hall County has made about half a crop on three of the past four years, the agriculture picture is certainly brighter now.

It is rare in this country when moisture is not a blessing, but for the next two months, farmers are hoping for dry weather so cotton strippers can get to rolling.

Thanksgiving is truly an American holiday. It was a day established by a group of people with a deep religious faith, who believed in giving thanks to a superior being for the blessings they received.

Today, Americans could easily forget the importance of giving thanks for blessings, with the high standard of living enjoyed by so many.

Giving thanks is a virtue, similar to charity, kindness, helpfulness and cheerfulness. It takes a special state of mind to be truly thankful, and a recognition of the needs of others to be charitable.

This nation has grown in strength and might because many Americans throughout history have not followed the idea that the only things that matter in life is wealth.

Enemies of this country are critical of our system and point to it as being capitalistic and Americans as being money-mad and without charity. If this were true, many Americans today who are devoting their lives in service pursuits would stop their activities.

Thanksgiving is a time to make trips to visit with family and friends in other communities. When we travel on our highways we should be eternally grateful for fine highways that are safe to travel, and especially for those safe drivers who are courteous, sober, and who observe the traffic laws.

Every day of our lives there are many, many things for which to be thankful. This Thanksgiving, let's pause to consider our blessings before we enjoy ourselves at the dinner table or before we spent the day in front of the television.

ACROSS & DISK What Other Editors Say

Ghost Riders Of The Past

We all know that some things are wrong with America: the message comes in clearly and emphatically every day on radio, TV, from commentators and in the press. If we do not know, it's because we have become so saturated with all of that stuff that we ignore most of it.

News Week recently carried just such an advertisement. Its sponsor was the Beech Aircraft Corporation and the title, "Ghost Riders." Most of the full page was taken up by an aerial shot of Kansas prairie and farm lands.

Here is the message which accompanied that picture: Look below. Scars on the plain. That's a piece of history hard to see unless you're in general aviation.

Those deep ruts are all that remain of wagon trains that snaked across Kansas on the first leg of the Santa Fe Trail.

We fly that trail in a couple of hours. It took the frontier people a couple seasons. Sometimes a year. Sometimes never. It all depended on the opposition. On what there was to eat. On the wild weather.

Yet their wagons rolled on—over strange, hostile terrain as foreign to them as the moon is to us.

What a breed they were. Romantic, inventive, adaptive and stubborn. Remembering our pion-

eers, we hope to meet their mighty tough standards.

They, too, were faced with frightening changes.

They had to help one another to survive. Barriers of reserve fell away. Indifference blanketed their hearts.

They took each other in. Protected children not their own. Shared scarce food with strangers. Bent their backs to build another man's cabin.

Among us there are only a few who are not proud of their American heritage; proud of this nation's progress, its prosperity and aware of its wide vista of opportunity. Little by little we are learning that we must express that pride, over and over again. More and more of us are doing just that: we know that we have a task ahead. It's our job to save our country.

—Eastern Idaho Farmer

The Alabama Space and Rocket Center, at Huntsville, is the world's largest space exhibit. Some 200,000 visitors were attracted during the first 10 months of operation, including visitors from all 50 states and 45 foreign countries.

30 YEARS AGO November 20, 1941

Shades of the fall days of 1928 lowered on Memphis last Saturday when 1 of the largest Shopping crowds since the predepression days wandered about the square, bought this and that, and then stayed until 10 or 11 o'clock at night.

Thanksgiving, like prosperity, is and was just around the corner—depending on whether you are siding in with the President and observing today, or with the old-line Americans and observing next Thursday. Memphis in general has decided upon next Thursday.

Mr. and Mrs. Perry Campbell of Estelline are the parents of a Baby born Nov. 13. She has been named Linda Lou.

Mr. and Mrs. David Hudgins are the parents of a boy, Gary Don, born Nov. 17. He weighed 6 pounds and 11 ounces.

The weather the past week has been somewhat varied—both warm and cold, and still and windy—with the high and low for the week, 82 degrees and 28 degrees, coming in a period of 24 hours.

# Cyclones Lose Bi-Dist. 48-7 To White Deer

The Memphis Cyclone fell before the might of the White Deer on Friday night in Bi-District play, but it was not until the fourth quarter the Bucks made the game open.

The Cyclone offense sputtered at times throughout the game, but could only manage to score one time despite making several penetrations inside the Bucks' 20-yard line.

Memphis put the first points on the scoreboard by taking the opening kickoff and driving 63 yards to paydirt, in eight plays.

QB Louis Davis got the drive going, by bouncing off a tackler and rushing eight yards off the left side. On the next play, Davis picked up a first down and made 14 yards on a hole open up.

From the White Deer 37-yd. line, Davis was stopped cold on his first down carry. Then, FB Al Fowler broke for 12-yards on the sweep around the left end.

From the White Deer 25, Davis carried twice and totaled 40 yards for his efforts. On the third down, a Browning pass was a little late in arriving to End Larry Johnson. Then, on the 4th down, the same pass combination continued and Johnson made a clutch catch of the football for the TD. The play went 21 yards.

Browning booted the point with kick Stevenson holding and it was Memphis 7, White Deer 0.

Larry Johnson kicked the football into the endzone and Pat Higgins, No. 33, fielded it about 96 yards from the goal line and ran it 96 yards to the Memphis 4 before Louis Davis could pull him down. Kim Rogers scored two plays later and Louis Hoskins tied the game up with a placekick.

Then remainder of the first quarter saw Memphis punting the football as they could manage only one first down and a White Deer drive die on the Memphis 29 when Jim Dixon alertly fell on a loose White Deer fumble.

Early in the Second period, White Deer elected to quick kick on third down, after QB Hoskins had drilled for a 10-yd. loss by Defensive End Ronald Canida on a pass play. From the 12-yd. line, the quick kick traveled 56 yards to the Memphis 32.

Then, after FB Fowler had made two yards, one of the Cyclone's five costly turnovers occurred, as WD's No. 80 Randy Blumer a def. end recovered a fumble giving the Bucks good field position on the Memphis 35.

The Bucks went ahead three plays later as QB Ricky Hoskins bootlegged the football 11 yards to score and kicked the point after.

There was no runback of the ensuing kickoff and Memphis took over from the Cyclone 20.

The Cyclone needed to move the football. QB Browning went back and passed the football to split end Larry Johnson, who was closely covered by Pat Hudgins. Johnson made an outstanding move to get in position to catch the pass, but the ball bounced off of him. This was one of several such incidents of the night, as two plays later, tight end Terry Wynn, who has been sure handed most of the season, dropped a perfect pass. Later it was Louis Davis, and then it was Otho Rogers who couldn't hold on to passes. As a result, the Cyclone completed two passes all night, one from QB Mark Steven-

## HALF-PAST TEEN

son to Flanker Mark Miller on the last play of the game. Of 15 passes thrown, Memphis caught two and White Deer intercepted three.

The Bucks scored again on a 15-yd. pass from QB Hoskins to End Hudgins just before the first ended and after Hoskins' kick, the score was 21-7 at halftime.

The third quarter was scoreless, but the Cyclone played well during this period. One outstanding play was a White Deer screen pass which was so well covered, Hoskins threw the football into the White Deer stands which resulted in an intentional grounding penalty and loss of down. The Bucks then punted the football out on the Memphis 3.

This started another fine drive by Memphis. Louis Davis got it rolling with carries of 5-yd. and 16yds, respectively.

Then Fowler made three yards to the Memphis 27. On the next play, a sweep around right end, HB Davis cut back, and raced 58 yards to the Buck's 15-yd. line.

From here, QB Browning picked up three yards, Fowler added five more, and Davis made it a first down to the Bucks' 5.

Davis and Browning on two car-

ries were stopped at the 5-yd. line. Then, on the third down, HB Davis found a hole and knifed into the endzone untouched, but the officials ruled clipping against Memphis and the football was taken back to the 20-yd. line. Two pass plays went incomplete from this point and the Bucks took over.

Early in the fourth period, after the Cyclone defense rose to stop one Buck drive on the Mem-

phis 34, the Cyclone was held for three downs, and Browning went back to punt. The kick was high and fielded by Hudgins on the White Deer 40. Hudgins slipped through the Cyclone's front wave and raced 60 yards for a touchdown.

With score 28 to 7, the Cyclone lost much of its momentum, and White Deer took command of the contest.

The Cyclone offense however, was still effective, but turnover after turnover was capitalized on by the Bucks.

First it was a fumble, as Browning was attempting to pass and the Bucks had the ball on the Memphis 27, and White Deer scored on a pass from Hoskins to Hudgins from the 8-yd. line.

Then it was a pass interception by Terry Rhoads to give the Bucks the ball on the Memphis 29. FB Sargent plowed over from the 12-yd. line.

Then Memphis got a drive going, as Tommy Johnson made three yards, and FB Fowler ripped for 10 more. Louis Davis broke loose and raced 44 yards to the Bucks' 18-yd. line.

But from here, a pass was grabbed by Hudgins giving White Deer the ball on their own 13. Then a fumble resulted in a Memphis recovery on the 14-yd. line. But again, the Bucks regained the football on a pass interception.

The Bucks scored their final TD a few plays later as Jerry Urbanczyk carried 39 yards for the TD. Hoskins kicked the point after and the score was 48 to 7.

Although the final score was one-sided, the Cyclone played the Bucks a hard-fought game, and were well within the contest until the final quarter.

Louis Davis and Linebacker Terry Sargent of White Deer

Memphis Democrat—Thurs., Nov. 25, 1971 Page 3

were meeting each other frequently during the night as both players turned in outstanding performances for their squads.

The Cyclone defensive secondary, despite giving up two TDs via passing, held the Bucks to only four pass completions of 10 attempts, and only 45 yards.

White Deer's Pat Hudgins was the Bucks outstanding player of the night, catching two TD passes, running a punt return back for 60 yards and a touchdown, and setting up their first TD with a 56-yard kickoff return, and intercepting one pass.

Statistics

Louis Davis was the leading ground gainer with 178 yards in 22 carries, while Paul Fowler had 78 yards in 14 carries.

Davis was cited by the White Deer Coach, J. T. King, as the finest running back the Bucks have faced all season, and King said Memphis played better football, both offensively and defensively in the Bi-District game than the local team did in the season opener.

Sunday visitors in the home of Mr. and Mrs. James Richbury were Mr. and Mrs. James Spencer and children, Linda, Connie and Gary of Amarillo, Mrs. Cecil Adams of Estelline and Mrs. and Mrs. W. M. Cowdy of Lakeview.

## These Two Farmer-Owned Gins Have Been Given A General Overhauling

WE ARE READY TO SERVE OUR  
CUSTOMERS

## 24 Hours a Day

UNTIL THIS CROP IS GINNED

Our policy has been, through all the years since these gins were built, to have the equipment and personnel to furnish our patrons the FINEST GINNING POSSIBLE. These plants are up-to-date in every respect. There are green boll catchers, trash and bur catchers to allow this material to be returned to farm land with a truck available.

Our aim is to empty the trailers at a fast rate, yet there will be careful ginning of every bale. We are now turning out cotton which shows a good grade and staple, and will continue to do our best to help local patrons receive the highest dollar for every bale ginned.

We have water tanks available to all our customers who want to haul water from our premises.

Remember the Facts of Past Years:

THE MORE YOU GIN AT THESE FARMER-OWNED GINS, THE BIGGER YOUR DIVIDEND CHECK WILL BE EARLY NEXT YEAR

## St. Andrews Ministry Members Enjoy Annual Thanksgiving Dinner Wed.

By VIRGINIA BROWDER  
The St. Andrews Ministry, a congenial combination of the Clarendon and Memphis Presbyterians, met together in the Fellowship Hall of the First Presbyterian Church in Memphis the evening of Nov. 17 for their annual Thanksgiving supper and Thank Offering contribution.

The highlight of the evening's assemblage was the talk and beautiful colored slides presented by Dr. J. Lawrence Driskill on a year's sabbatical leave in the States. Dr. Driskill has for 20 years been doing missionary work in Japan, principally in the Osaka area. He has devoted much time and energy to the Christian school work, organizing Sunday Schools, nursery, kindergarten as well as junior and senior high schools. All these are maintained and supervised by the United Church of Christ of Japan, serving hundreds of children. During this year in the states, Dr. Driskill will be a member of the UPC staff as mission interpreter for the Synod of Texas.

A native of Virginia, Dr. Driskill is married to Ethel Lillian Cassels of Baltimore, Maryland. They are the parents of two teenagers whom they were anxious to bring to this country so they could learn English. A year's study of Japanese gave him a working knowledge of their native tongue. His program of narration and pictures made his work come alive for his audience.

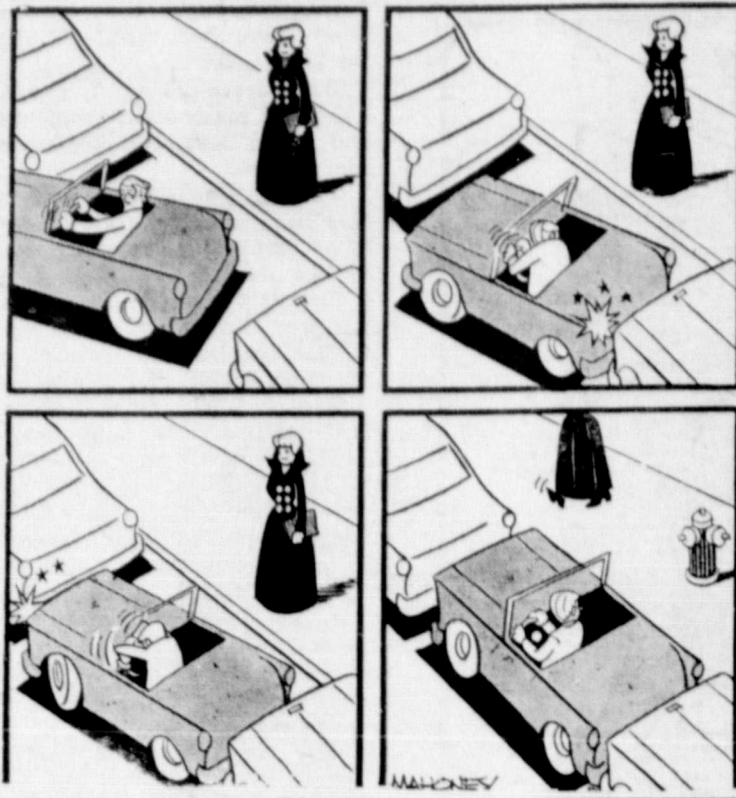

Following a delectable feast of good foods and a most interesting program, the group gathered for the occasion were dismissed by the speaker with a prayer in Japanese. Some 60 Presbyterians and one Episcopalian, Swede Rorark, were present. Swede made up for not being converted to Presbyterianism by washing the dishes after the meal. Of course, the Reverend Mr. McGarity and his family always add a cheerful note to the meetings.

## Lydia SS Class Meets In Home Of Mrs. Nonie Hinders

The Lydia Sunday School Class of the First Baptist Church met Wednesday, Nov. 10, in the home of Mrs. Nonie Hinders for the monthly meeting.

Mrs. H. H. Lindsey, president, presided. Minutes of the last meeting were read and approved. The treasurer's report was given after which Mrs. Byron Baldwin led the sentence prayer given by each one present.

Mrs. H. H. Lindsey read a poem, "Thanksgiving Spirit," and Mrs. Leta Ellis gave some highlights of the Baptist convention she attended recently.

The hostess served delicious refreshments to Mmes. J. W. Fitzjarrald, Byron Baldwin, Mary Bownds, Ocie Scott, J. W. Smith, Leta Ellis, Estelle Barber, H. H. Lindsey and hostess, Nonie Hinders.

## Quail Hunting To Begin Wed.

Quail season opens in all Texas Panhandle counties on Wednesday, Dec. 1, and will continue in Hall, Childress, Donley and Briscoe Counties through Feb. 15. Daily bag limit is 12 with 36 in possession.

Collingsworth and Wheeler counties have a season which opens Dec. 1 and closes Jan. 31.

According to Texas Parks and Wildlife Department supplement, a change has been made in the Hunting Digest, which states, "in all counties under regulation authority, except Dimmitt, Uvalde, and Zavata Counties, it is not unlawful to hunt on state owned river beds and railroad rights-of-ways in all counties."

Hunters are allowed to hunt non-migratory birds, such as quail, from a moving vehicle on property other than streets and roads, and it is not required this year that shotguns be plugged while hunting the non-migratory game birds.

Miles Standish was the captain of the Mayflower.

## Baptist Church Entertains Senior Class At Estelline

The First Baptist Church of Estelline entertained members of the Estelline Senior Class with a Thanksgiving dinner Monday evening, Nov. 16 at the church according to an announcement this week by Rev. Elvis Pitts pastor.

The evening's devotional was brought by Jack Johnson.

After the delicious holiday meal, the group enjoyed playing games.

Present from the school, other than members of the Senior Class were Supt. and Mrs. Chester Cunningham and Mr. and Mrs. Tom Seay.

Don't serve limp celery, says Gwendolyn Glyatt, consumer marketing specialist with Extension Service. Keep raw celery firm and free from dehydration by storing it in a plastic film bag in refrigerator. Celery is 94 per cent water, and one stalk of the vegetable has only 40 calories.

## Atalanteans Enjoy Pre-Thanksgiving Meeting Nov. 17

Mrs. Henry Foster and Mrs. H. B. Estes were hostesses to members of the Altalantean Club in the home of Mrs. Foster Wednesday, Nov. 17, at 3:30 p. m.

Thanksgiving decorations were featured throughout the entertaining rooms and in the delicious desert plate served before the call to order.

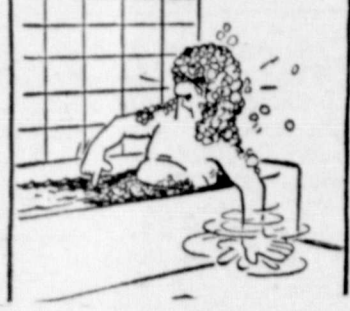

Miss Imogene King presided during the meeting. The death of Mrs. E. S. Foote, a former member and a past president of the club, was announced. The Club stood in silent prayer, following which, Mrs. Robert Spicer gave the invocation. Pledges to the Flage were led by Mrs. Don Cockrell.

Gifts for the State Hospital at Vernon were collected. Mrs. Jerry Montgomery, chairman for the Dinner and Style Show to be held Dec. 3, reported on the progress of the plans. Tickets are on sale and may be secured from members of the club or from Mrs. Glynn Thompson, chairman of tickets, she said.

Mrs. Bob Douthit introduced the program, "The Magic of Love in the Home." Mrs. Phillip Lillard read an inspiring story, "Youth—In the Heart of the Home." Mrs. Douthit gave a hilarious story entitled, "Is That You, Hilda?"

Present, other than those mentioned above, were: Mmes. Eddie Foxhall, Harold Gouge, Roy Jewel, Herlie Moreman, Dub Parker, Lloyd Riddles, W. R. Scott, Winfred Wilson, Don Moore and Raymond Hutcherson.

## The Lonely Heart

## 1913 Study Club Meets In Home Of Mrs. Hutcherson

Mrs. Bob Hutcherson was hostess to 18 members and one guest, Mrs. Mary Jameson, when the 1913 Study Club met the afternoon of Nov. 17. The meeting was called to order by the president, Mrs. Paul Montgomery, and matters of business dispensed with before the program began.

During the business portion, Mrs. Kinard read a letter from Attorney General Crawford Martin in answer to a previous letter with an enclosure of \$10 from the club to further the annihilation of "the smut merchants" and pornography in general. Mr. Martin outlined the program in progress to put down such obscenity and referred the members back to the local level. Suggestions were made that each representative, and even the governor in regard to this matter. The minutes were read and the treasurer's report given.

Another item on the agenda of business was the resignation of Mrs. Larry Votto from her office as vice president. The Vottos will be leaving Memphis in the near future. Mrs. Sherron Lee was elected to that office by unanimous vote. Also, unanimous agreement was reached that Mrs. Lee's name be submitted as the club's candidate for "Local Club Woman of the Year." Mrs. Clyde McMurray replaced Mrs. Lee as parliamentarian for the ensuing year.

Mrs. Votto introduced the program headed by the caption, "Preserving What Is Left To Us." Mrs. J. B. Lawson gave the meditation entitled, "The First Thanksgiving Proclamation, June 20, 1676." Mrs. F. W. Foxhall spoke on "Texas Parks and Recreation Areas" pointing out, as she went, the beauty spots in the Lone Star State.

A narrated series of colored slides telling of "The Vanishing Big Thicket" and emphasizing the horrible damage being done by the lumber companies and bulldozers by way of obliterating these beauty spots followed. Mrs. Votto manipulated the slides. The meeting was formally adjourned and delicious refreshments were served by the hostess.

## Mrs. Jim Stewart Is Honoree At Pink-Blue Shower

A lovely pink and blue shower was held at the Bronze Room of the first National Bank on the evening of Nov. 8 from 6:30 to 8 p. m. honoring Mrs. Jim Stewart.

The honoree was presented a yellow and white corsage made of baby booties, a rattle and a pacifier. The program consisted of a word scrambling game and was concluded with a poem entitled, "God's Masterpiece," read by Debbie Johnson.

Delicious refreshments consisting of coffee, nuts and cake squares, appropriately decorated for the occasion, were served to the guests. Bobbie Stewart presided at the guest book throughout the evening and Mrs. Robert Stewart assisted the honoree in opening the lovely array of gifts which decked the center table.

Hostesses for the occasion were Mmes. Robert Spicer, Martin Johnson, Jerry Burleson, J. M. Ferrel, Homer Burleson, Gerald Knight and Gerry Knight.

It is only 18 miles across the English Channel from Dover, England to Calais, France.

## Young Men and women YOUR ARMY REPRESENTATIVE WANTS TO TALK TO YOU ABOUT A TERRIFIC RAISE

The Army's getting a dramatic pay increase. At a minimum, the new starting salaries will be doubled, And you still get free meals, free housing, free clothing, free medical and dental care, free job-training and education, and 30 days' paid vacation a year. Today's Army wants to join you. At a much higher salary.

552-6762

to our many friends ...

# Thank you...

## You Have Helped To Make This Truly a Day of Thanksgiving for All of Us

The loyal patronage of our many friends has made the past year a prosperous one indeed. As we pause to count our blessings, we are filled with gratitude for that patronage.

We join with each of you as we give thanks for the good things of life which we have today, for the vision of the future of our country which will mean progress for one and all, and for the freedom in our nation that enables us to enjoy this richness.

**IRRIGATED GRASS**—Pictured above, Del Wells is shown his irrigated Midland Bermudagrass pasture which has brought on high beef yields on 32 acres of grass.

### Irrigated Midland Bermudagrass Does Bring High Beef Yields For D. Wells

An inspection of irrigated Midland Bermudagrass pastureland on the Del Wells farm recently by David Seitz of Memphis Conservation Service reveals intensive management has brought on high beef yields on 32 acres of grass.

Mr. Wells said that proper management (consisting of proper irrigation, high levels of fertilization, and regular rotation of the grass) was the key to receiving high yields from Midland Bermudagrass. This year the grass was fertilized in the spring with 150 lbs. anhydrous ammonia

### Aulis Ayers To Exhibit Art At Baker Hotel

Dr. B. Owen Oslin and wife, Barbara, formerly of Memphis, are the new owners of the Baker Hotel in Mineral Wells, according to an announcement made this week. Mrs. Oslin is the daughter of Mr. and Mrs. Aldon Edwards of Memphis.

The hotel is being refurbished and will hold its formal opening from 2 to 4 p. m. Sunday, Nov. 28. During the five-day opening activities, an art exhibit will be featured as one of the attractions. Aulis Ayers of Memphis one of the outstanding teachers and artists of this area, will show her painting in the exhibit. In addition to Mrs. Ayers' paintings, several Mineral Wells artists will also have paintings on display. The exhibit will be held from Wednesday through Sunday.

Future plans for the Baker include the reserving of one complete floor for apartments for members of the retired clergy as well as apartments for other retired people.

The famous Brazos Club in the hotel is under new management and is experiencing a fanstastic comeback in dining.

Other happenings at the Baker include the employment of Lloyd Adams, public relations director; Harriett Hall as personnel director; and Joan Lebow, who is a sister of Mrs. Oslin, as social director.

### Christmas Bazaar To Be held By Pathfinders

The Pathfinders Council will hold a bazaar on Dec. 3 and 4 at the West Texas Utilities Co. building on the west side of the square. Mrs. Brown Smith, president, announced this week.

For sale will be handmade items, home cooked goodies, etc.

The bazaar will be open from 10 a. m. until 5 p. m.

The use of coins in trade was begun around 730 B. C. according to Tufts University professor Dr. Miriam S. Balmuth, whose research recently set back the first known appearance of money by 100 years. Dr. Balmuth also disclosed that it was first used in Northern Syria, not Sardis, the area of origin formally considered.

PFC GAYLE WEDDEL

### PFC Gayle Weddel Completes Training In California

U. S. Marine PFC Monnie Gayle has completed ITR training in San Diego and will be stationed at Del Mar, Calif., for additional schooling and training in Amtrac operations.

PFC Daddel is the son of Mr. and Mrs. Keith Weddel of Odessa and grandson of Mr. and Mrs. Roy Grimes of Memphis and Mr. and Mrs. W. L. Weddel of Durant, Okla.

### CRADLE ROLL CALL

Mr. and Mrs. Terry Wayne LeGate of Amarillo are the parents of a daughter born Nov. 18. She has been named Amber Brandette and weighed 7 pounds, 1 ounce. Mrs. LeGate is the former Rita Graham.

Mr. and Mrs. James Robert Stewart, Jr., announce the arrival of a son on Nov. 18. Weighing 8 pounds, he has been named James Bradford.

Mr. and Mrs. Charles Nat McElroy of Claude are the parents of a son, Steven Kyle, born Nov. 18. He weighed 7 pounds, 5 ounces at birth.

Mr. and Mrs. Roy Don Powell of Amarillo announce the birth of a daughter on Nov. 21. She weighed 7 pounds, 10 ounces and has been named Stephani Kirstin. Maternal grandparents are Mr. and Mrs. Ed Hutcherson of Memphis.

Allen Lynn Nickerson, son of Mr. and Mrs. Ronnie L. Nickerson, was born Nov. 21. He weighed 6 pounds.

Mr. and Mrs. Dean Tooke of Houston announce the arrival of a son, Christopher Andrew, on Tuesday, Nov. 23. He weighed 6 pounds, 6 ounces. The paternal grandparents are Mr. and Mrs. H. T. Tooke of Memphis while the maternal grandparents are Mr. and Mrs. N. M. Gray of Daltart.

Mothers in Korea tell their small sons that if they persist in holding their chopsticks in the middle when eating, they will grow up to marry ugly girls.

### Sen. Hightower Is Appointed To Legislative Group

Lieutenant Governor Ben Barnes announced last week through his Austin office, the appointment of five members of the Texas Senate of the Texas Legislative Council. Those appointed are Senators Jack Hightower of Vernon, David Ratliff of Stamford, Don Kennard of Fort Worth, William N. "Bill" Patman of Ganado and Max Sherman of Amarillo.

The Texas Legislative Council directs the activities of a staff whose duties include the investigation of departments, agencies and officers of the state to study their functions and problems, the conducting of studies for the use of the legislative branch, the gathering of information for use by the Legislature and the reporting, to the Legislature, of its recommendations accompanied with such drafts of legislation as it deems proper.

These five Senators will join ten members of the House who have been appointed by the Speaker.

## A Thanksgiving Message To Our Patrons

We have much to be thankful for in this nation and this county every year, and 1971 is no exception, especially in this fine community in which we live. Here we have a clean and decent citizenship, fine churches, excellent schools, and businesses and industries that provide valuable services.

All of us are grateful for such a community and the residents who live here, and are thankful for the crops which are being gathered.

We appreciate your continued patronage, and the warm expressions of friendship we have received in the past. We sincerely hope this holiday will be a true American Thanksgiving for all of you.

# AMERICA GIVES THANKS

## This Thinksgiving

We are thankful for the manifold blessings that we as Americans are privileged to enjoy . . . Blessings for a bountiful nature which has given us food and fiber to meet our needs, and those of millions of others who live beyond our borders, and receive our agricultural and manufactured products.

It is right that we take time from our busy lives to recognize the source of all our blessings, our Creator. Let us join with our neighbors in praise and gratitude for the gifts bestowed upon this country . . . and give thanks for the freedom to worship as we please

## Louis Davis Shines in Examination of Cyclone Season Offensive Stats

The Memphis Cyclone finished the 1971 season with an 8-3 record, one of the finest in Memphis history, and captured the coveted 2-A championship and playoff birth.

An examination of offensive statistics of the season reveals that the local squad mounted approximately twice as much offense as their eleven opponents were able to mount against the Cyclone's defensive unit. This speaks well for both units.

Individually, Louis Davis holds the honor spots for the season, as the 150 lb. halfback scored 118 points, 34 per cent of team's total point production, and scored TDs at a ratio of 3 to 1 over other leading teammates.

While Davis was doing this, he led for a season record of 1,185 yards on 193 carries averaging a remarkable 8.2 yards per carry every time he ran with the ball. For Louis, this boosted his three-year career mark to 2,492 yards rushing from scrimmage on 408 carries for a career average of 7.05 yards per carry.

Considering that Louis had to overcome two ankle injuries and a shoulder injury which he suffered his sophomore season, and had to shake off an ankle injury which kept him out of action one entire year, it is truly a remarkable feat for Louis Davis.

Louis also missed one half of the season game due to the onesided injury. This was Louis' lowest percentage of his season.

Not figured in these statistics are the number of kickoff returns and punt return yards, or yardage Louis picked up as a receiver, during his career.

**Team Stats**  
The Cyclone averaged 18.8 points per game, 306.2 yards rushing, 388.0 yards passing during the season, while opponents averaged 12.3 first downs, 140.0 yards rushing and 52.0 yards passing.

Memphis completed an average of 3.5 passes a game, while throwing 3.36 incomplete passes and allowing one pass interception by opponents.

The opponents completed 3.4 passes, while throwing 6.5 incompletes and Memphis interception of a pass per game.

Memphis punted 33 times for an average of 30 yards per punt and lost an average of 2 fumbles a game. Opponents punted 55 times averaging 21 yards per kick and lost an average of 2.5 fumbles per game.

It is noted that the Cyclone's total offense averaged slightly over 400 yards per game while opponents' total offense averaged under 200 yards per game.

**Scoring**  
Second leading scorer, after Davis, was Ronald Canida with 42 points, followed by Mike Browning with 36 points, 24 of which were on point after place kicks. QB Browning also passed for 14 touchdowns and four, two point conversions during the season.

He and Mark Stevenson during the season passed for 61 completions, 103 incomplete and had 11 intercepted.

Larry Don Johnson was the leading receiver scoring with 34 points, but he was followed closely by Terry Wynn who had 32 points by catching passes.

FB Paul Fowler scored 30 points, Tommy Johnson scored 20 points, Larry Jeffers scored 18 points, John Carmen six points, Mark Stevenson six points and Otho Roger two points.

**Receivers**  
The leading receiver for the Cyclone was split end Larry Don Johnson who managed to catch a pass in every game and snagged 27 passes in all for the season for 492 yards and five TDs and two, two-point conversions.

Terry Wynn, tight end, was the second leading receiver as he caught 11 passes for 146 yards and five TDs and one two-point conversion.

Larry Jeffers caught 8 passes for 135 yards, while Otho Rogers caught six passes for 137 yards.

HB Tommy Johnson caught 4 passes for 77 yards and WB John Carmen caught three for 76 yd.

Louis Davis and Mike Miller each caught one pass for six yards.

## Telephone Co. Workers To Get Retroactive Pay

Employees of General Telephone Company of the Southwest will receive paychecks next week for retroactive pay due under terms of a new three year contract between the Communications Workers of America and General Telephone.

Owen N. Rabour, vice president—personnel, said that due to special efforts by the company's accounting department, checks for the retroactive pay period are now ready for distribution several weeks ahead of the time it was though the work would be completed.

The checks will be delivered beginning Monday. They will include retroactive wage increases provided by the new wage schedules of the contract for the period June 20 to October 23.

Rabour explained the retroactive pay increases were withheld awaiting a ruling by OEP on the effect of the freeze upon the contract. The wage—price freeze was announced August 15, shortly after the company and union announced tentative agreement on the contract August 6.

The ruling from OEP received early in November said that the portions of the contract that were to become effective prior to August 15 could be put into force since agreement was reached prior to August 15.

## Locals & Personals

Mrs. Odessa Crisman and Mrs. N. W. Altman visited in Hedley Sunday with Mr. and Mrs. Ray Altman.

Dick Fowler left Monday for Austin where he will attend a board meeting of the Texas Pharmaceutical Association.

Mr. and Mrs. Aldon Edwards and Mrs. Alva Johnson went to Sweetwater Sunday to visit with Clarence Vickers.

Capt. and Mrs. Dale Kilgore and daughter Tracey of Ki Sawyer Air Force Base, Mich., will arrive here this week for a visit with his parents, Mr. and Mrs. E. L. Kilgore. Capt. Kilgore is enjoying a 12 day leave before going to Thailand for an 8-week assignment. Prior to coming to Memphis

parents, Mr. and Mrs. Cecil Hadaway.

Mr. and Mrs. Elmont Branigan spent the past weekend in Granbury visiting their son and family, Mr. and Mrs. Mike Branigan and daughter. While there they also attended the clock market in Fort Worth.

Mrs. H. B. Gilmore of Dallas and Mrs. Gene Lindsey visited in Amarillo Sunday with Mrs. Pauline Gilmore of Turkey, who is a patient in High Plains Baptist Hospital.

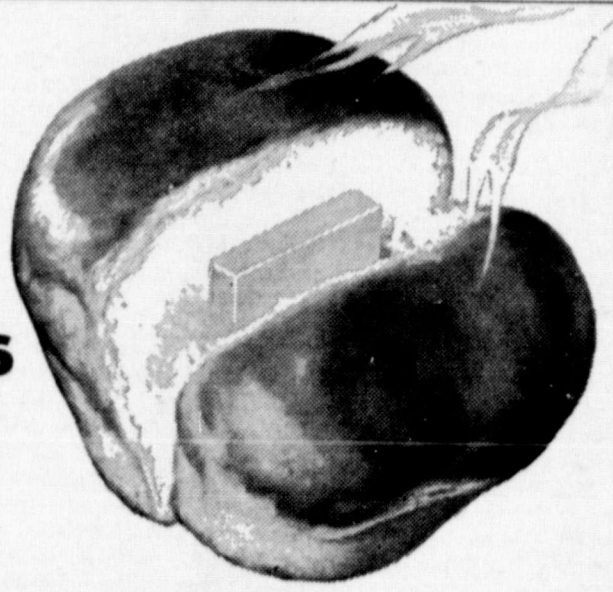

Mr. and Mrs. Al Dewlen of Amarillo visited here Saturday with her mother, Mrs. Jean Lamb, who is a patient in Hall County Hospital.

Mrs. Fred Clark of Lorenzo and Mrs. Jerry Beavers of Lubbock visited here Sunday with Mrs. Ottilie Jones and other relatives and friends.

Mr. and Mrs. E. L. Kilgore spent Thursday night in Plainview and went from there to Lubbock where they visited Friday in Cecil Hadaway home, with their son, Capt Dale Kilgore and family.

Oecipitofrontalis is the technical name of the scalp muscle.

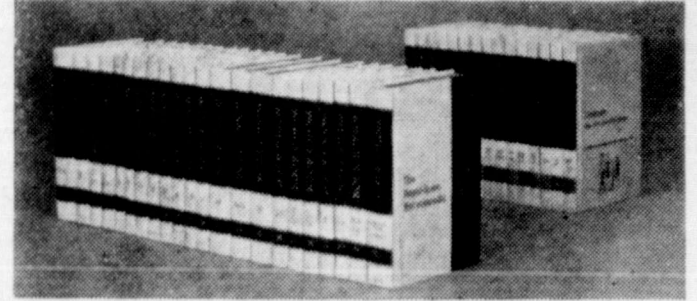

To get your second wind means that the body has become adjusted to the need for more oxygen.

## Cong. Purcell Says American Farmer Is Forgotten Man

AMARILLO— The only real "forgotten American" is the farmer changed U. S. Representative Graham Purcell (D—Tex.).

While every other trade and profession has benefited by increased earnings since the 1940's, only the farmer has lost ground. Factory workers' wages are up 136 per cent, the Texas Democrat said, while farmers' are down by 4 per cent.

Exploring the problem in an address before members of the Texas Farmers Union on Nov. 20 in Amarillo the veteran member of the House Agriculture Committee lamented the misconception of the American public about farm prosperity. "The Texas farmer is popularly viewed," Purcell said, "as a man with more acreage than he knows what to do with—with an oil well on the side—with those fat government checks rolling in every year."

The reality of the agriculture picture is very different, Purcell observed and cited the following statistics: "A plow which cost \$650 in 1948 now costs \$1,800. A bushel of wheat sold for \$2.29 in 1948 and was down to \$1.24 in 1970. A tractor which twenty years ago cost \$4,500 now sells for \$17,500." Purcell compared that increase to a decrease in the price of cotton: 32 cents per pound in 1948, but only 21 cents per pound in 1970.

On the brighter side, Congressman Purcell pointed out that political analysts are beginning to call the farm vote the decisive swing group in upcoming elections.

"I predict that the American farmer is going to vote primarily on the issue of whether or not his tremendous contribution to

## Income Level In County Moves Up During Past Year

NW YORK— To what extent have Hall County families moved upward on the income ladder in recent years by virtue of their increased earning capacity?

Where do they stand, as a result, in relation to families in other areas?

According to a nationwide survey of income distribution, a greater proportion of them are now to be found in the "over \$8,000" brackets and a smaller proportion in the lower brackets than ever before. There has been a progressive shift upward, from group to group.

The changes are detailed in a copyright report, covering the entire country, released by Sales Management, the marketing publication. It lists the percentage of households in each income category.

The purpose of the breakdown was to gain a better understanding of each community's purchasing power than was possible through its average income figure alone.

It shows whether there are a small number of high income families making up for a large number with low incomes or whether earnings are more equally distributed.

In Hall County, it appears, the averages high and the distribution relatively good.

Locally, during the past year, some 50.4 percent of all households had disposable cash of \$5,000 or more left out of their incomes after taking care of their personal taxes.

The proportion was larger than that reported for previous years. Three years ago it was 38.2 percent.

The welfare of this country has been recognized for what it is worth."

greater than in the United States as a whole, 6.1 per cent. In the State of Texas it was 9.0 per cent.

Because the figures refer to cash income only, they understate somewhat the situation in farm areas where, in lieu of cash, there are special advantages in the form of lower living costs.

With respect to other income groups in Hall County, the report shows that there are 24.1 per cent of the households in the \$5,000 to \$8,000 bracket and 9.3 per cent in the \$8,000 to \$10,000 group. Those with net incomes over \$10,000 total 17.0 per cent. The others have \$5,000 or less remaining after taxes.

Although incomes have been on the rise locally, a considerable part of the benefit has been lost, due to the steady rise in living costs.

### CARD OF THANKS

We wish to express our heartfelt thanks to our friends and neighbors for their kindness to us in our sad hour. Especially do we wish to express appreciation to the Hall County Hospital for all they did. May you be blessed and comforted as we were in the loss of our loved one.

The Family of Red Phillips  
The L. J. Phillips Family

Mrs. Edna Crowder had her daughters and families home over the weekend for an early Thanksgiving dinner on Sunday. Visiting with her were Mr. and Mrs. John Angove and Ray and Mr. and Mrs. Gene Park, all of Bowie.

## Jerri Rapp Named President Of Greenbelt Cotton Producers, Inc.

Jerri Rapp was elected president of the Greenbelt Cotton Producers, Inc. at their Annual Meeting on November 20, at the Memphis Cotton Classing Office. Mr. Rapp is a farmer-rancher from Estelline.

Other officers elected were Ernest Rea of Tell as Vice President and A. J. Garland of Goodnight as Secretary-Treasurer. Other directors currently serving are D. D. Pennington of McLean; J. R. Hefley of Twitty; H. S. Mahaffey of Clarendon; D. E. Brunson of Quitaque; Dudley Chewning of Cee Vee; L. B. Collins of White Deer; Joe Degan of Flomot and W. R. Breeding of Samnorwood. Mrs. Sue Hutcherson of Memphis is the Executive Secretary for the Greenbelt Cotton Producers, Inc.

V. C. Durrett of Lakeview has held the office of president since the beginning of the organization in 1959. The board expressed their regret at his resignation and also their appreciation for his many years of dedicated service. Mr. Durrett and the late O. E. Bevers of Lakeview were instrumental in establishing the Cotton Classing Office in Memphis.

O. M. Cosby presented the audit report and financial statement for the past year. It was the opinion of the directors that a collection program would be necessary on the 1972 cotton crop in order to maintain the classing office.

The Memphis Cotton Classing Office Serves Cotton Farmers in the 18 counties of Armstrong, Briscoe, Carson, Childress, Collingsworth, Cottle, Donley, Gray, Hall, Hansford, Hemphill, Hutchinson, King, Lipscomb, Montley, Ochiltree, Roberts and Wheeler. During the last ginning season, over 96,900 samples were classed. The Memphis office is considered one of the most modern and up-to-date in the cotton producing industry.

## Sandy McQueen Initiated Into Tau Beta Sigma

Tau Beta Sigma, National Homogony Band Sorority, has initiated Miss Sandy McQueen into its membership.

Miss McQueen is the daughter of Mr. and Mrs. Larry McQueen. She is a Music Education major and is classified as a junior at West Texas State University. Sandy was named as best pledge in her pledge class. She plays trombone as her major instrument.

The colors in the American flag stand for courage (red), liberty (white), and loyalty (blue).

took her mother and aunt, Mrs. L. A. Dickey and Mrs. L. W. McClure, both of Wellington, to Wichita Falls Sunday where they will spend the week visiting with Mr. and Mrs. Rudolph Miller.

of Mr. and Mrs. Thomas Rogers of Pampa and grandson of Mrs. T. B. Rogers of Memphis, was named to the All-District football team. He plays the Pampa High School team.

## Young Men and women YOUR ARMY REPRESENTATIVE WANTS TO TALK TO YOU ABOUT A TERRIFIC RAISE

The Army's getting a dramatic pay increase. At a minimum, the new starting salaries will be doubled, And you still get free meals, free housing, free clothing, free medical and dental care, free job-training and education, and 30 days' paid vacation a year. Today's Army wants to join you. At a much higher salary.

hair combed like that until after Thanksgiving. So, I guess he is looking for his daughter to come in for the holidays.

I read in some magazine a few days ago where the young man told his father that his pro-foot- ball hero recommended one razor blade as the best and his baseball hero said another kind of razor blade was the best. So he did not want to be partial with his heroes and he just would not shave.

From the article I read in the Memphis Democrat last week about ambulance service feing discontinued, it brought memories back to me of the ambulane service which we had here in the early days when it was a stretcher and its power was furnished by a man on each end of the stretcher. So it looks like we will have to dig up some of the old stretchers and recruit manpower. I guess that would be our local volunteer fire boys who render so much service to humanity that the average person does not know about in the community.

I had a short visit with Mary Jamison last week. She seemed to be pretty busy and in a hurry. She said she was down from Amarillo to serve on a reception committee with Mr. and Mrs. Ed Hutcherson to welcome a new grandchild for them and she hoped it would be a little niece. Lera Kate did present them with a little red-headed girl. Congratulations to Aunt Mary and all the family!

We do not know much about a lot of travel on our highways through town. A few days ago a trailer truck was on Highway 287 going through the town loaded with four missiles and when the driver of the truck went to use his air brakes, they would not work. But he did come to a stop and discovered that the hose to his air brakes had been cut.

I guess the man with the deer on his truck passing through a few days ago knew that his wife did not like to cook deer meat in

the home as it was cooking on the highway as he traveled along but someone turned in the fire alarm when they discovered the truck on fire. So with our fire boys' quick work, I guess he carried the meat home half cooked.

In the west part of Hall County I have heard that the crows are trying to take over. These crows must be pretty smart as they know when cotton is supposed to be picked and they have been flying over some of the cotton fields before it was ready to be mechanically picked. They fly down and pull the open cotton out of the bolls and leave it on the ground. These crows may be smart, but they must be lazy as they do not take the cotton to the gin after they pull it. Joe Montgomery reported that they had picked up two bales of cotton off the ground that the crows had pulled. If we can teach these crows to put it in the trailer and get it ginned, we would have it made.

I heard another story of another large insect that plays havoc with the green hills of rye, wheat and alfalfa. This story given me by Robert Hanvey who said he had about 600 sand cranes on one of his places this year and in other years there had been as many as 3,000 at one time. That is another one of the farmers' up and downs.

Guests of Mr. and Mrs. Marvin Duren in Hall County Heritage Hall the past week were Mr. and Mrs. Daniel Nightingale of Rockville, Md., which is in the suburbs of Washington, D. C. Mrs. Nightingale is the daughter of Mr. and Mrs. Duren. Joyce Duren graduated from MHS in 1941. She moved from Memphis in 1942. She married an Oklahoma boy, Daniel Nightingale, who served in the Navy several years. Daniel and Joyce both are working for the United States Health Dept. They liked Heritage Hall very much and said it did not take near the time to go through the displays as it did at the Smithsonian Institute! Mr. and Mrs. Duren have another daughter, Marion Ruth, who graduated from MHS in 1939. She is now Mrs. Woodrow Martin of Cedar Hill, Tenn. They have two sons. There were a good many school teachers who came West in the early days and most of them did not get away without hearing wedding bells ringing. Mrs. Duren, the former Dena Brown of Gorman, accepted a teaching position in our schools in 1919. Two years later Marvin

persuaded her to become his wife and she accepted this position, also trying to teach Marvin. I asked Mr. Duren what her success had been in this 50 years teaching Marvin. She said sometimes she thought she had been a failure at teaching him as he would not mind the teacher very well.

We received a card from Della Palmeyer a few days ago. She would be called on old-timer as she first arrived in Hall County in 1901 and likes to hear of her friends and neighbors that she has known through the years. "Miss Della", as we called her, is in Gainesville, Georgia, where she has been for the past few years. We are always glad to hear from these old-timers. Others visiting in Heritage Hall were Shirley, Dennis and Laecrecia Petty of Clarendon, Mrs. Tommy Leek, and along with her were Redell, Danny and Starley Leek, all of Clarendon.

Visiting in Hall County Heritage Hall last Saturday were Mr. and Mrs. Hays Wakefield and son Derek of Amarillo and also Mrs. Mattie Eastland of Amarillo, the mother of Mrs. Wakefield. Hays is the son of Mr. and Mrs. Ernest

Wakefield who operated a store at Plaska during a part of the "dirty 30's" when they were not very prosperous. This family moved to Amarillo in 1935. There are four more children of this family and they are all living in Amarillo. The mother and father are both also living in Amarillo. Hays said he left when pretty young and could not remember about very many happenings in Hall County. He was born here and he could remember when a school building burned at Plaska. He could remember that 2 or 3 times an airplane landed near their home. Hays married Jackie Eastland, daughter of Mattie (Smith) Eastland who is the daughter of Mr. and Mrs. W. S. (Bill) Smith, (now Memphis residents but lived in several parts of Hall County before retiring). The other two daughters of the Smiths are Vera (Smith) Jones of Amarillo and Ruby (Smith) Hancock of Lakeview, now Mrs. O. L. Hancock. Mattie Eastland has one son who is a minister in the state of Maine and her daughter is now living in California. The W. S. Smith family moved to Hall County in the early 1900's. Mr. and Hays Wakefield have two sons. One of them is 18 and the other 2 1/2 years old.

T. B. (Burly) Rogers is going around with his head in the air and his chest thrown out. You might wonder what had happened to him to put him in such a high-hatted mood. Well, I found out a few days ago what had happened in his life to make him this way. He is a proud grandpa with two grandsons on different winning teams in their districts. One grandson is Tibby Rogers of Pampa, son of Mr. and Mrs. Thomas Rogers. Tibby's team, the Harvesters, for the first time in 23 years were winners in their district. The other grandson, Paul Fowler, son of Mr. and Dick Fowler, is on the Memphis Cyclones who are winners in their district for the first time in 5 years. So Burly has a lot to cheer about with two grandsons on winning teams this year so go ahead and speak to him whether he notices you or not as he has a good reason.

The Cyclone had a little too much "White Deer" last week. I am still pulling for the Cyclone as I have been for the past 58 years.

for in Hall County, for all the blessings bestowed on us. You who did not attend the Thanksgiving program last Sunday night really missed a good Thanksgiving service.

The autumn leaves have just about all left the trees for the winter. It seems that in the last several months we have lost too many autumn leaves from the tree of life as so many have passed on that were in that age. At one time, they were fresh, green Eaves: they were very active in carrying on their problems and helping others when too soon they reached the autumn leaf age. They have passed on, but after that they will still live on in others who have been taught the true principals of life and also by living examples they set before us. Wishing all a happy Thanksgiving!
